She exemplifies the Birchview core values of Commitment, Community, Compassion and Curiosity while also providing excellence for each and every child – including those outside of her program.

Commitment: Mrs. Miller’s commitment to students can be better described as tenacity. Her deep desire to serve students drives her to find ways to make things happen. We are continually impressed with her ability to work around any barriers that get in the way of her mission to serve students. Not enough money in the budget? She finds donors. Not enough time in the day? She prioritizes her work to find the time.

Community: Mrs. Miller has done much to build the community at Birchview. One area to highlight is her designing, and bringing to fruition, a school-wide STEM Day. STEM Day involves each class having a speaker who works in a STEM related field followed by three hands-on STEM challenges. Over the last three years, this has become many students’ favorite day of the year. Additionally, she has organized a Maker Faire. This annual event lets students play to their passions while showcasing their strengths. We have had students make everything from cupcakes to LEGO models of our school; from abstract paintings to functional roller coasters.

Compassion: Although Mrs. Miller has deep compassion for students, her compassion shines just as brightly for her colleagues. Having been a classroom teacher, she is keenly aware of the stress and work load involved in running a classroom. Because of this, she has taken time to develop extension lessons for teachers to use in their classrooms. In addition, she is our school assessment coordinator. She works tirelessly to make sure standardize testing is a “grab and go” model for teachers with all of the background work organized and completed prior to testing. She also regularly brings in homemade chocolate chip cookies – her secret recipe is astounding.

Curiosity: “How can we better serve students?” is the cornerstone of Mrs. Miller’s curiosity. This question has driven her development of the programs mentioned above in addition to creating the *Pathway for Academic Talent and Higher Learning* (PATH) Program. PATH is a program designed to serve more second graders in enrichment activities while also giving more opportunities to highlight student strengths and passions. Not only is this exemplary curiosity, it also is a shining example of meeting the Wayzata Public Schools’ mission of “Each and Every.”

Danielle Miller is highly motivated, passionately devoted and decidedly appreciated. In many ways, she is over qualified to receive this honor. But that is exactly what we want to see in our Employees of the Month. Congratulations, Danielle, educator extraordinaire!

COMMENTS BY: Chace B. Anderson

Thank you to the Lions Clubs of Plymouth and Wayzata for their generous combined donation of \$7,600 for the purchase of a Welch Allyn® Spot™ Vision Screener for the Health Services Vision Screening program in 1st, 3rd, 5th and 8th grades.

The Spot™ Vision Screener handheld device is designed to quickly and easily detect vision issues for infants through adults.

Vision screenings are an important and effective method to identify potential vision concerns. Since learning is mostly accomplished through the senses of vision and hearing, early identification and treatment can prevent or alleviate potential problems that result from vision impairments.

613 INSTRUCTIONAL CURRICULUM - DEVELOPMENT AND CURRICULUM ADOPTION

I. PURPOSE

The purpose of this policy is to provide direction for continuous review and improvement of the school curriculum.

II: GENERAL STATEMENT OF POLICY

The School Board recognizes that a well-articulated, excellent, challenging curriculum is a cornerstone to the maximization of learning. The development, maintenance, and improvement of an effective and demanding instructional program involves the contributions of professional staff, parents and other community members.

The Superintendent is directed to facilitate the development of an articulated preK-12+ curriculum which is consistent with School Board policy in general and the intent of current District objectives in particular. The curriculum will specify in reasonable detail the instructional content appropriate to given grades and subjects. Plans for dissemination of and compliance with said curriculum will also be developed and maintained.

Curriculum developed in the Wayzata School District should provide student learning experiences designed to reduce and/or eliminate stereotyping, prejudice, and discrimination in group activities. Such experiences ought to encourage appreciation of cultural heritages, human dignity, cultural pluralism, and continued growth of individual self-worth for students. The curriculum should also promote multicultural and gender-fair activities which will prepare students to live in a pluralistic society.

While ultimate responsibility for determination of instructional programs, compliant with state law and regulation, rests with the School Board, related authority is delegated to the Superintendent or Superintendent's designee. The School Board shall regularly look to the Superintendent for an accounting of the application of that authority.

ANALYSIS OF FINANCIAL REPORTS For the month ended March 31, 2018

Statement of Revenues:

This report reflects revenue received by the month end noted above. Overall revenues are consistent with prior years with the exception of the following items:

- Federal Programs Fund as a percent of budget is lower due to a timing difference on submitting reimbursements and the receipt of the state held dollars.
- The Community Service Fund is lower in Fiscal 2018 mainly due to two items including a timing difference in adult basic education aid payment and a delay in anticipated revenue for the rental of district spaces.

Statement of Expenses:

This report reflects actual expenditures paid and does not include outstanding encumbrance balances. Overall expenditures are in line with prior years with the exception of the following:

- General Fund benefits in Fiscal 2017 were lower due to the implementation of TRA direct subsidy. Near the end of 2017, TRA provided an updated estimate which was significantly lower than anticipated. Capital expenditures fluctuate from year to year based on a project's timing of work completion and the District's capital equipment needs. General fund capital expenditures also includes a significant portion of the long-term facility maintenance costs. In prior years, these costs were recorded in the Alt. Facility, Construction, and Tech Fund. This change, required by the Minnesota Department of Education, took effect during Fiscal 2017.
- Alt Facility, Construction, and Tech Fund fluctuation is due to the timing of projects which vary from year to year. Also, as noted above, a significant portion of long-term facility maintenance costs are now recorded in the General Fund.
- The Building Construction Fund accounts for all activity related to the \$109.6 million bond issuance in May 2014 and the \$66.9 million bond issuance in February 2018. Current expenses are mainly due to the purchase of land for the new elementary school. Since construction projects span over multiple fiscal years a multi-year comparison is not presented.

BOARD OF EDUCATION
Board Meeting – May 14, 2018

AGENDA SECTION: 6. SUPERINTENDENT’S REPORTS AND RECOMMENDATIONS

ITEM: D. Human Resource Services

COMMENTS BY: Ms. Vos

1. Authorization of Life and Long-Term Disability RFP process

National Insurance Services, on behalf of Wayzata Public Schools, conducted a formal Request for Proposal for group life and long-term disability insurance to remain in compliance with MN statute 471.6161. The RFP was released in February and distributed to thirteen carriers with responses received in March.

Evaluation of these proposals took into account (but was not limited to) the following criteria:

- • Compliance with bid specifications
- • Contract provisions
- • Premium rates and guarantee periods
- • Proposer’s ability to adequately service the Group’s employees
- • Ease, cost and effectiveness of transition from current carrier

After providing “last look” and negotiating with the incumbent carrier Cigna, National Insurance Services recommended district administration remain with CIGNA as the Life carrier and transition to Madison National Life as the Long-Term Disability carrier effective July 1, 2018.

The final negotiated rates for Cigna’s Life insurance proposal were \$.04/\$1000 Basic Life and \$.012/\$1000 for AD&D (accidental death & dismemberment). (Current .00077)

The final negotiated rate for Madison National Life’s Long-Term Disability insurance was \$.232 per \$100 of covered payroll. (Current LTD .0029)

Both carriers have confirmed to matching all current benefits and guaranteeing their proposed rates for a period of three years.

The annual Life Insurance district savings will be approximately \$27,000, while the annual LTD Insurance district savings will be approximately \$48,000.

The approximate total annual district premium savings will be \$75,000 as a result of this RFP process.

RECOMMENDED ACTION: District administration recommends the school board accept Cigna as the life insurance provider and Madison National Life as the district's LTD insurance provider effective 7/1/18.
