Middle School: We believe all students will grow as mathematicians in a collaborative, safe, and inclusive learning environment that fosters exploration, perseverance, curiosity, and flexible problem solving. Through shared experiences and supportive instruction, we will build confidence and a strong foundation of conceptual understanding, enabling students to make meaningful connections between math, and the world around them.

High School: The Wayzata High School Math Department commits to inspiring students to own their learning through collaboration, deep thinking, and flexible problem-solving. We strive to create learning spaces for all students to thrive as mathematicians: to be curious, grow through feedback, and persist through struggle. Confidence and competence in mathematics are essential for making sense of the¹⁸ world and open pathways for students to achieve their aspirations.
