Dr. Pillar reported the District's annual report will be launched in a week or two. It will be available online, with hard copies available upon request.

Dr. Pillar announced MEAP testing has begun, so staff and students will be working hard and under a bit of pressure and stress. Our schools will work with parents to insure students are ready for testing and will do their best.

Dr. Pillar reported we now have an automated email system. Parents or citizens can subscribe to the system (free) and automatically receive press releases and other information.

Dr. Pillar told Board members to watch for the next episode of the *Waverly Connection* featuring East Intermediate principal, Gloria Gonzalez.

Dr. Pillar reported our secondary staff continues to get acclimated to PowerSchool. We hope to open the parent portal in the next few weeks.

Dr. Pillar reported a new air conditioning system for our server room has been installed. The system that was installed several years ago is not adequate to keep the servers cool. As a result, there were system crashes. This is a big problem when we are asking our faculty to enter information in PowerSchool. Hopefully, the new air conditioning system will reduce or eliminate server failures due to overheating.

Dr. Pillar thanked staff, students, parents and citizens who participated in last weekend's Homecoming events. It was beautiful weather and everyone seemed to have a good time.

Dr. Pillar announced the high school academic breakfast is on Tuesday, October 9th at 7:30 a.m. in the high school cafeteria. This is a great opportunity for parents, students, and staff to celebrate academic achievement.

Subject: Extended Field Trips

Extended Field Proposal

David Rosin, David Gorbe, and Benjamin Knapp have planned an extended field trip for 7th and 8th grade band, orchestra, and choir students to Cedar Point. The trip serves as a year-end reward for students in these programs. Approximately 150 students and 15 chaperones will accompany the staff advisors to Cedar Point on Friday, May 30, 2008. They will travel by charter buses. The estimated cost of the trip per student is \$70.00. Students are responsible for providing the funds for their trip. Fundraising opportunities will be made available to help defray the cost. Students will be away from the traditional classroom setting one day.

David Rosin, high school orchestra teacher, has planned an extended field trip for orchestra students in grades 9-12 with good grades and behavior. It is estimated 40-43 students accompanied by 7-9 chaperones will travel to Chicago May 23-26, 2008 by charter bus and will stay at the Doubletree Hotel. They will have a performance opportunity, participate in the ETI Clinic at Northwestern University, and attend performances of the Chicago Symphony Orchestra, the Blue Man Group, and Wicked. Students will also have opportunities for shopping and enjoying the city. Cost of the trip is estimated at \$530.00 per individual. Students will be responsible for the cost of the trip; fundraising opportunities will be available to help defray expenses. Students will be away from the traditional classroom setting one day.

Holly LaPratt has planned an overnight field trip to the Impression 5 Museum for Waverly's Destination ImagiNation students. It is estimated 36-80 students and one or two parent chaperones per team will travel by car to the downtown Lansing Museum where students will have creative problem solving training and participate in "Instant Challenges" designed for the Waverly students. Participation in the overnight event will help better prepare the students to represent the district in upcoming competitions. The overnight field trip is scheduled for November 9th and 10th and will cost each participant \$20.

Benjamin Knapp, high school choir teacher, has planned an extended field trip to New York City for Waverly High School choir students in grades 9-12. Traveling by motor coaches, the group will depart on March 26 and return on March 30, 2008. While in New York, students will attend a Broadway workshop, a Broadway show, and a Gospel tour and concert, and will visit Carnegie Hall, Times Square, Ellis Island, Ground Zero, and the NBC studios. It is estimated 50-72 students, 4-7 adult chaperones, and staff members will participate in the trip. The estimated cost per student is \$684 if one bus is needed; if two buses are needed, the cost would be \$712. Each participant will be responsible for the costs associated with the trip. Fundraising opportunities will be available to help defray the cost. Students will be away from the traditional classroom setting two days.

FOR ACTION***

Subject: **Financial Recommendation**

Recommendation:

It is recommended the following be approved:

Approval of Treasurer's Report:

The General Fund Financial Report dated October 31, 2007 has been reviewed and it is recommended that the Report be approved. The cash balance as of September 30, 2007 was \$3,281,763.39. Report #07-33

FOR ACTION ***

Subject: Summer Tax Collection Resolution

Recommendation:

The Superintendent recommends the Board of Education adopt the Annual Summer Tax Resolution, invoking for 2008 its previously adopted, ongoing resolution imposing a summer tax levy of one-half (1/2) of school property taxes upon property located within the School District. A copy will be affixed to the official minutes of this meeting.

Budget Impact:

If the resolution is not adopted, the district will be unable to collect summer taxes. This would create cash flow problems and require borrowing to meet the district's financial obligations as well as added expense in interest and legal fees.

Background Information/Historical Perspective:

By December 31st of each year, the school district is required to notify the various taxing authorities of the intention to request collection of summer taxes.

Through correspondence from the school district's legal counsel, it has been suggested that the district adopt a resolution to meet legal requirements of School Code Section 1613, more particularly, 1982 P.A. 333 (Summer Tax Collection Statute).

A Michigan Court of Appeals decision has been issued "...Where a school board has adopted an ongoing resolution establishing summer tax collection, the board is required each year, before January 1, to take official action invoking the previously adopted resolution to collect the summer tax levy by requesting each township and city to collect. The ongoing resolution eliminates the yearly need to publish notice of a public meeting to institute a summer tax levy...".
