- VI. Public Comment
- VII. Other Board Business
- VIII. Adjournment

**WAVERLY COMMUNITY SCHOOLS
BOARD OF EDUCATION
SPECIAL BOARD MEETING
June 30, 2009**

Report #08-65

FOR ACTION

Subject: Fence Project – Safe Routes to School Grant

Recommendation:

The Superintendent recommends the Board of Education approve a motion to not install a fence along the west side of the secondary athletic complex.

Statement of Purpose/Issue:

The fence project is one of several included in the Safe Routes to School Grant.

Budget Impact:

The cost of installation of the fence is covered by the Safe Routes to School Grant.

Historical Perspective:

The installation of a fence along the west side of the secondary athletic complex is one of the projects approved in the Safe Routes to School Grant. The purpose of the fence is to prevent unauthorized access to district property. Facilities & Policy Advisory Committee members met with the neighbors who are impacted by the fence. Following that meeting, the committee recommended that the Board schedule a special meeting regarding the installation of the fence. The committee does not recommend installation of the fence. The special meeting will allow for discussion prior to a decision by the full Board whether to proceed with the installation.

Discussion of Options:

The Board may chose to either continue with installation of the fence or remove it from the list of projects approved under the Safe Routes to School Grant.

Rationale for Proposal:

After a lengthy discussion with citizens whose property would be impacted by the fence, the advisory committee saw the value of the fence, however, it felt the fence installation should not be a priority at this time.
