Rules For High School Wrestling

There shall be three two-minute periods unless one wrestler secures a fall before termination of any two-minute period.

FIRST PERIOD-Both wrestlers start from a standing position. Each wrestler tries to gain control of the other by taking him down and maintaining a position of advantage.

SECOND PERIOD-Wrestlers start from referee's position. Offensive wrestler is on the top and has position of advantage. He attempts to break down defensive wrestler and secure a fall. Defensive wrestler attempts to gain position of advantage or a reversal or to excape from underneath and gain a neutral position.

THIRD PERIOD-This period also starts from referee's position. The wrestler who was in defensive position at the beginning of the second period is now placed in position of advantage and vice-versa.

SCORING - The Point System

Part 1 - "Mat" Points

TAKE DOWN-2 points: When a wrestler takes his opponent to the mat from a standing or neutral position and is able to maintain position of advantage.

REVERSAL-2 points: When the defensive wrestler comes from underneath to the position of advantage.

ESCAPE-1 point: When the defensive wrestler manages to free himself and get into a neutral position.

NEAR FALL-2 points: Offensive wrestler has control of his opponent in a pinning situation and (1) both shoulders of the defensive wrestler are held within four inches of the mat or less for one full second, or (2) when one shoulder is touching the mat, and the other shoulder is held at an angle of 45 degrees of less for one second.

3 points: When the criteria for a 2-point near fall has been met uninterrupted for five seconds.

FOUL-1 or 2 points: To the offended wrestler when its opponent uses illegal hold, unnecessary roughness or abusive language.

Mr. Price,

The wrestlers from your school that we had here last weekend were certainly a nice bunch of kids. Thier demeanor was polite, mature and respectful of the management and the other guests. I wish I could say that about all the groups of kids (teams, cheerleaders etc.) that stay with us.

These young men and thier coaches deserve a pat on the back, for the things they have done off the mats as well as on them.

We wish the best of luck to the CCHS wrestling squad for the rest of the year. We sure hope they come home with some state tournament medals.

Your young ambassidors speak well for your school system and for your community. We hope to have occasion to serve you again soon. Thank you very much.

Kent D. Dixson
Manager

Henderson noted Cheylin should have a quick team capable of playing a running game and pressure defense.

Three of the leading offensive players return from last year's team including 5-7 senior Vickie Peters who was All-Liberty League and honorable mention All-State; Jennifer Dorsch, a 5-4 senior, who was second team All-League last year; and Jeanette Voorhies, a 5-6 junior.

As for the question mark areas, Henderson said some good rebounders and people who can play the interior defense will have to surface.

Among the strongest teams Cheylin will face, Henderson said, are Wheatland, Wray, Brewster and Grinnell.

IRISH INVITATIONAL 1987

Welcome to the 1987 Irish Invitational Wrestling Tournament! We are most pleased to be the host, for the 13th year, to these fine wrestlers, coaches, fans and the schools they represent.

Republican Valley returns to defend the crown they earned last winter--but this years competition may very well be the most balanced field of challengers ever seen at this meet. Bertrand, Oshkosh and Cambridge have had good years thus far, and first time participant Imperial has perhaps their best team in a number of years. Mullen has consistently been in the top two or three at each meet this year, while the host Irish seem to always fare well on their home mats. Additionally, Cozad and North Platte High send a number of quality wrestlers to this gathering to strengthen an already strong field.

Three State Champions, numerous state qualifiers, and seven defending Irish Invite champs are back--so wrestling fans should really see some great action! Enjoy!

The Hershey Athletic Department strives for good sportsmanship at all of our athletic contests both at home and away. We offer these thoughts and suggestions as ways to meet our goal of "Good Sportsmanship".

Fundamentals of Sportsmanship

1. Show Respect For The Opponent. The opponent should be treated as a guest; greeted cordially on arriving; given the best accommodations; and accorded the tolerence, honesty, and generosity all human beings deserve.

2. Show Respect For The Officials. The officials should be recognized as impartial arbitrators who are trained to do their job and who can be expected to do it to the best of their ability. Good sportsmanship implies the willingness to accept and abide by the decisions of the officials.

3. Know, Understand And Appreciate The Rules Of The Contest. A familiarity with the current rules of the game and the recognition of their necessity for a fair contest is essential. Good sportsmanship suggests the importance of conforming to the spirit as well as the letter of the rules.

4. Maintain Self Control At All Times. A prerequisite of good sportsmanship requires one to understand his own bias or prejudice and the ability to prevent the desire to win from overcoming rational behavior. A proper perspective must be maintained if the potential educational values of athletic competition are to be realized. Good sportsmanship is concerned with the behavior of all involved in the game.

5. Recognize and Appreciate Skill In Performance Regardless Of Affiliation. Applause for an opponent's good performance is a demonstration of generosity and good will that should not be looked upon as teasing. The ability to recognize quality in performance and the willingness to acknowledge it without regard to team membership is one of the most highly commendable gestures of good sportsmanship. With the fundamentals of sportsmanship as the point of departure, specific responsibilities and expected modes of behavior can be defined.

Participant Code of Conduct

1) To always play hard, but according to the rules realizing a championship won unfairly would be tarnished forever.

2) To abide by officials' decisions knowing it's easy to be a good sport when winning, but the truest test of an athletes's character is to overcome adversity by trying even harder.

3) To respect my opponent as a worthy adversary; to realize that he or she is simply another teenager who happens to live in another town.

4) To bring pride to myself, my teammates, my family, my school and my community.

5) To display the principles of good sportsmanship: Courtesy, humility, self-esteem, because true champions earn more than just a trophy.

Spectator Code of Conduct

1) To cheer for my team, not against my opponent.

2) To be ever mindful that high school athletics are played basically for the enjoyment of the players.

3) To respect the decisions of game officials, realizing that their job is extremely difficult.

4) To withhold caustic criticism of players and coaches that would later be embarrassing to both yourself and the person criticized.

5) To be the kind of fan who leaves the opposing crowd with a feeling of envy: envious of enthusiasm and class.

6) To appreciate the efforts of the boys and girls that have worked many hours before the actual contests; to understand that their involvement in the activity is their most important accomplishment.

Good Job Guys.

February 1, 1988

Dear Coach:

Enclosed please find the final results of the 1988 Irish Invitational Wrestling Tournament. We feel badly about not having them available immediately following the tournament. It really makes us appreciate it when the computer and copy machine "are" functioning properly.

Thanks for your patience with our young people at the score tables. They are pretty knowledgeable, but get distracted occasionally. We really want to run a good tournament and are striving to achieve that goal.

Below is a corrected copy of the team score. It is essentially the same as originally announced--we reworked the tournament to correct an error or two and have double-checked as well. It should be right.

You have probably noted that our tournament contract is for two years (88 & 89), so mention to your AD that we are already lined up for next year. We really appreciate meeting the quality opposition that our eight visiting teams provided--thanks for attending and good luck at district.

Sincerely,

Terry K. Schmit

IRISH INVITATIONAL 1988

Welcome to the 1988 Irish Invitational Wrestling Tournament! We are most blessed to serve as host, for the 14th year, to these fine wrestlers, coaches, fans and the schools they represent.

Bertrand has a deserved ranking of #2 in the state and should challenge host St. Patrick for the team title. Mullen, also rated in the top ten, has shown itself to have good depth while 1987 Class D District Champ Oshkosh should be able to score in alot of weights. Imperial and Cambridge have a number of individuals who will compete with anyone. Traditional power Republican Valley has always wrestled well in this meet, while North Platte and Cozad reserves have been molded by Class A & B competition. We think this is one of the best meets of the year--and we hope you do to! Enjoy your day!

IRISH INVITATIONAL 1989

Welcome to the 1989 Irish Invitational Wrestling Tournament! We are most pleased to serve as host, for the 15th year, to these fine wrestlers, coaches, fans and the schools they represent.

Mullen, scoring impressively all season long, figures to be the favorite for the 1989 Irish title. St. Pat's, winners the last two years, will need a solid team effort to stay close. Imperial and Cambridge will score alot of points, while '88 runnerup Bertrand is still strong despite graduating a talented senior class. Both purple teams, Rep. Valley and Oshkosh, add some gifted athletes to the meet, while the three JV teams (No. Platte, Cozad, & McCook) bring wrestlers toughened by Class A & B competition. Enjoy today's action!

Go For The Gold

I'd rather see a sermon
than hear one any day;

I'd rather one should walk with me
than merely show the way.

The eye's a better pupil,
and more willing than the ear;

Fine counsel is confusing,
but example's always clear.

I soon can learn to do it,
if you'll let me see it done;

I can see your hands in action,
but your tongue too fast may run;

And the lectures you deliver
may be very fine and true,

But I'd rather get my lesson
by observing what you do.

For I may misunderstand you
and the high advice you give,

But there's no misunderstanding
how you act and how you live.

GOOD SPORTSMANSHIP, ETHICS & INTEGRITY!

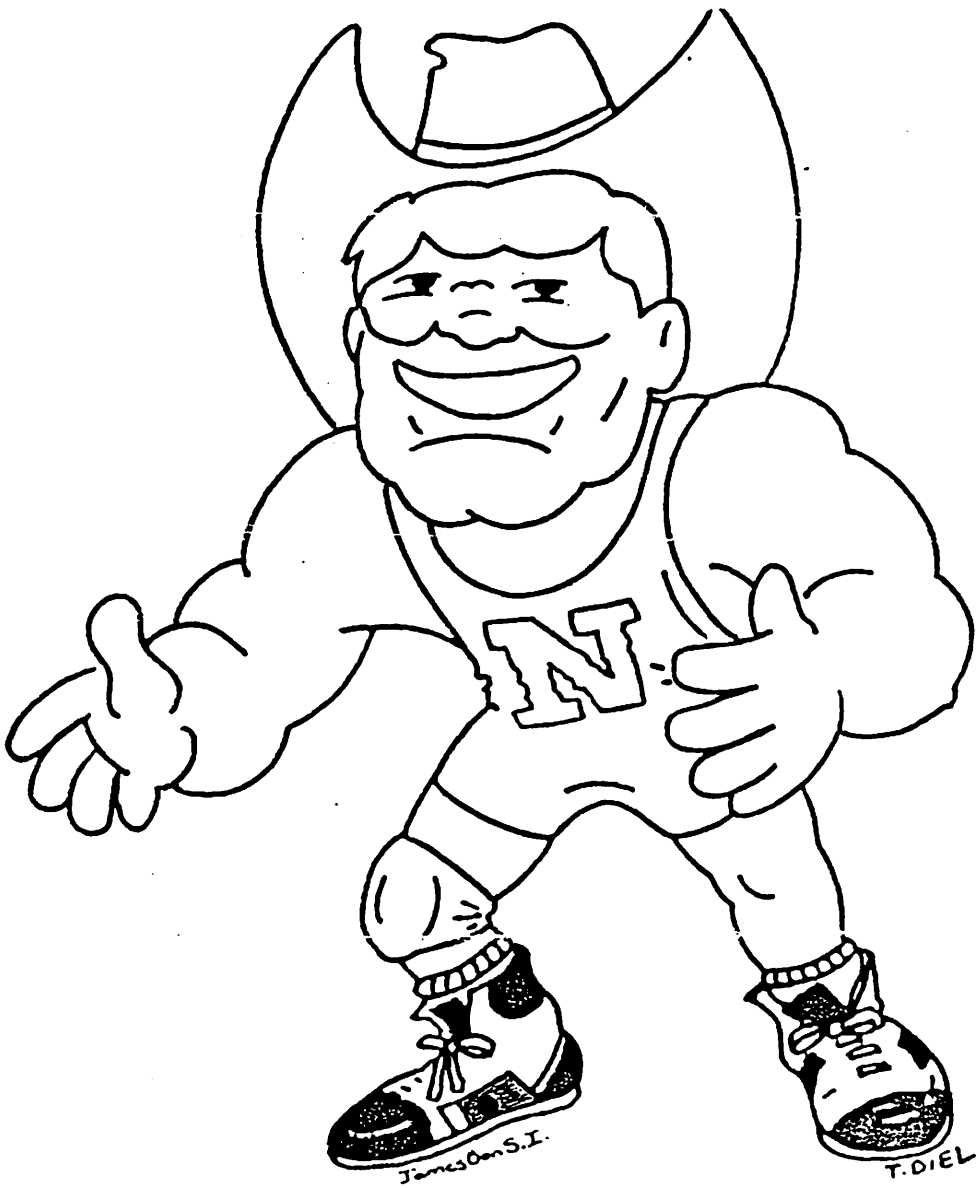

"YOU MAKE THE DIFFERENCE!"

All fans viewing high school sports should continually be remindful of the following points:

1. Show respect for the opponent at all times. The opponent should be treated as a guest, greeted cordially on arriving, given the best accommodations and accorded the tolerance, honesty and generosity which all human beings deserve. Good sportsmanship is the Golden Rule in action.
2. Show respect for the officials. Officials should be recognized as partial arbitrators who are trained to do their job and who can be expected to do it to the best of their ability. Good sportsmanship implies the willingness to accept and abide by the decision of the officials.
3. Know, understand and appreciate the rules of the contest. A familiarity with the current rules of the game in recognition of their necessity for a fair contest are essential. Good sportsmanship suggests the importance of conforming to the spirit as well as the letter of the rules.
4. Maintain self-control at all times. A prerequisite of good sportsmanship requires one to understand his own bias or prejudice and to have the ability to recognize that rational behavior is more important than the desire to win. A proper perspective must be maintained if the potential educational values of athletic competition are to be realized. Good sportsmanship is concerned with the behavior of all involved in the game.
5. Recognize and appreciate skill and performance regardless of affiliation. Applause for an opponent's good performance is a demonstration of generosity and good will that should not be looked upon as treason. The ability to recognize quality and performance and the willingness to acknowledge it without regard to team membership is one of the most highly commendable gestures of good sportsmanship. With the fundamentals of good sportsmanship as the point of departure, the specific responsibilities and expected modes of behavior can be defined.

ENTRIES: All coaches are to return by mail the enclosed sheet listing their entries by Wednesday, January 19, 1994. These will be used for weigh-ins and so that Varsity entries may be typed for the coaches meeting. The Reserve Meet will be set up on Wednesday evening from these entries.

MATCH REGULATIONS AND TEAM SCORING: All matches will be conducted under the regulations as set up by the N.S.A.A. and the National Federation. Cross bracketing as specified in the rule book will be used in the wrestlebacks. All final decisions will be up to the meet director. Team score will be kept for both the reserve and varsity meet. Specific regulations for both the varsity and the reserve meet are listed below.

RESERVE MEET & VARSITY MEET

1. A school must have a wrestler entered in the preceding division in order to enter a wrestler in the next division. (Involves all schools except Elm Creek, Overton and Cozad, which are not entered in the varsity division) Example: a school must have a varsity 103# before they can enter a reserve 103#. (Unless by special permission of the Meet Director)

2. Both the reserve and varsity meet will run from a regular eight-team bracket. In weight classes where there are more than eight wrestlers per class, non-seeded wrestlers will wrestle at the start of the meet to determine the eight wrestlers to fill the eight brackets. These will be non-scoring team matches and the losers will not have the opportunity to come back in the wrestlebacks.

RESERVE MEET ONLY

1. Time periods of all reserve wrestling will be 1-2-2 in length.

PAIRINGS - VARSITY MEET

1. A seed can not be refused.
2. At least four wrestlers will be seeded per weight class. (more than four wrestlers may be seeded per weight class)
3. A wrestler must have wrestled five matches in order to be seeded.
4. Only varsity competition will count towards a wrestlers record.
5. Procedures for establishing the bunny bracket for qualifying and its location will be established by the coaches before any seeding is completed.
6. Criteria for seeding
   a. Varsity record to date and common opponent
   b. Placing in the 1993 Lexington Invite (any weight class)
   c. Placing in the 1993 District and State Competition (any weight class)

PAIRINGS - RESERVE MEET

All reserve wrestlers will be seeded and bracketed by the host school on Wednesday evening. If substitutions are made on the day of the meet, they will take the corresponding spot on the bracket.

1. An attempt will be made to seed four wrestlers per weight class, no more than four wrestlers will be seeded.
2. A wrestler must have wrestled three matches in order to be seeded.
3. Over-all record will count towards a wrestlers record.
4. Wrestlers will be seeded according to winning percentage.

AWARDS - RESERVES

The championship trophy in the reserve division will be awarded at the conclusion of the reserve consolation finals and finals. Medals for the top four individual place winners and brackets for the winners should be picked up by the wrestlers immediately after the consolation finals and finals in each weight division. All medals and trophies for reserve competition will be awarded at the Junior High.

AWARDS - VARSITY

The championship and a runner-up trophy in the varsity division will be awarded at the conclusion of the meet. Medals for the top four individual place winners and brackets for the winners will be awarded after the following weight class.

"JOHN HIGGINS" OUTSTANDING WRESTLER AWARD

At the conclusion of the Varsity meet, in honor of the late John Higgins, an outstanding varsity wrestler will be chosen by the coaches. The procedure will be as follows:

1. Before the finals, all coaches will be asked to nominate anyone from their team who they believe should be considered at that point of the tournament. (maximum of 2 per team) They will also be asked to point out the individuals accomplishments thus far.
2. Immediately after the final 275# match, all coaches will be asked to designate their choice of wrestlers on a ballot provided them listing those wrestlers which were nominated.

LOCKER SPACE

Locker room assignments will be made at both sites when the teams arrive. Each school is to keep track of their own valuables and equipment while in Lexington for the meet. Some lockers will be available, but we ask that you furnish your own locks. Waste baskets will be available in the locker rooms, please use them.

MEALS

Meal arrangements will be the responsibility of each school. Light lunches will be served all day, as part of concessions at both sites. Schools may charge these lunches and pay for them at the conclusion of the tournament or we will bill your school after the tournament.

PASSES

12 passes for each school have been included with this mailing. Each school will determine the distribution of these tickets. Possible distribution could be: cheerleaders - 4, administrators - 2, extra (where needed) - 6 = 12. Coaches, wrestlers, managers, and drivers will be admitted between 7:00 and 8:00 am when identified by the coaches. No other passes will be honored.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

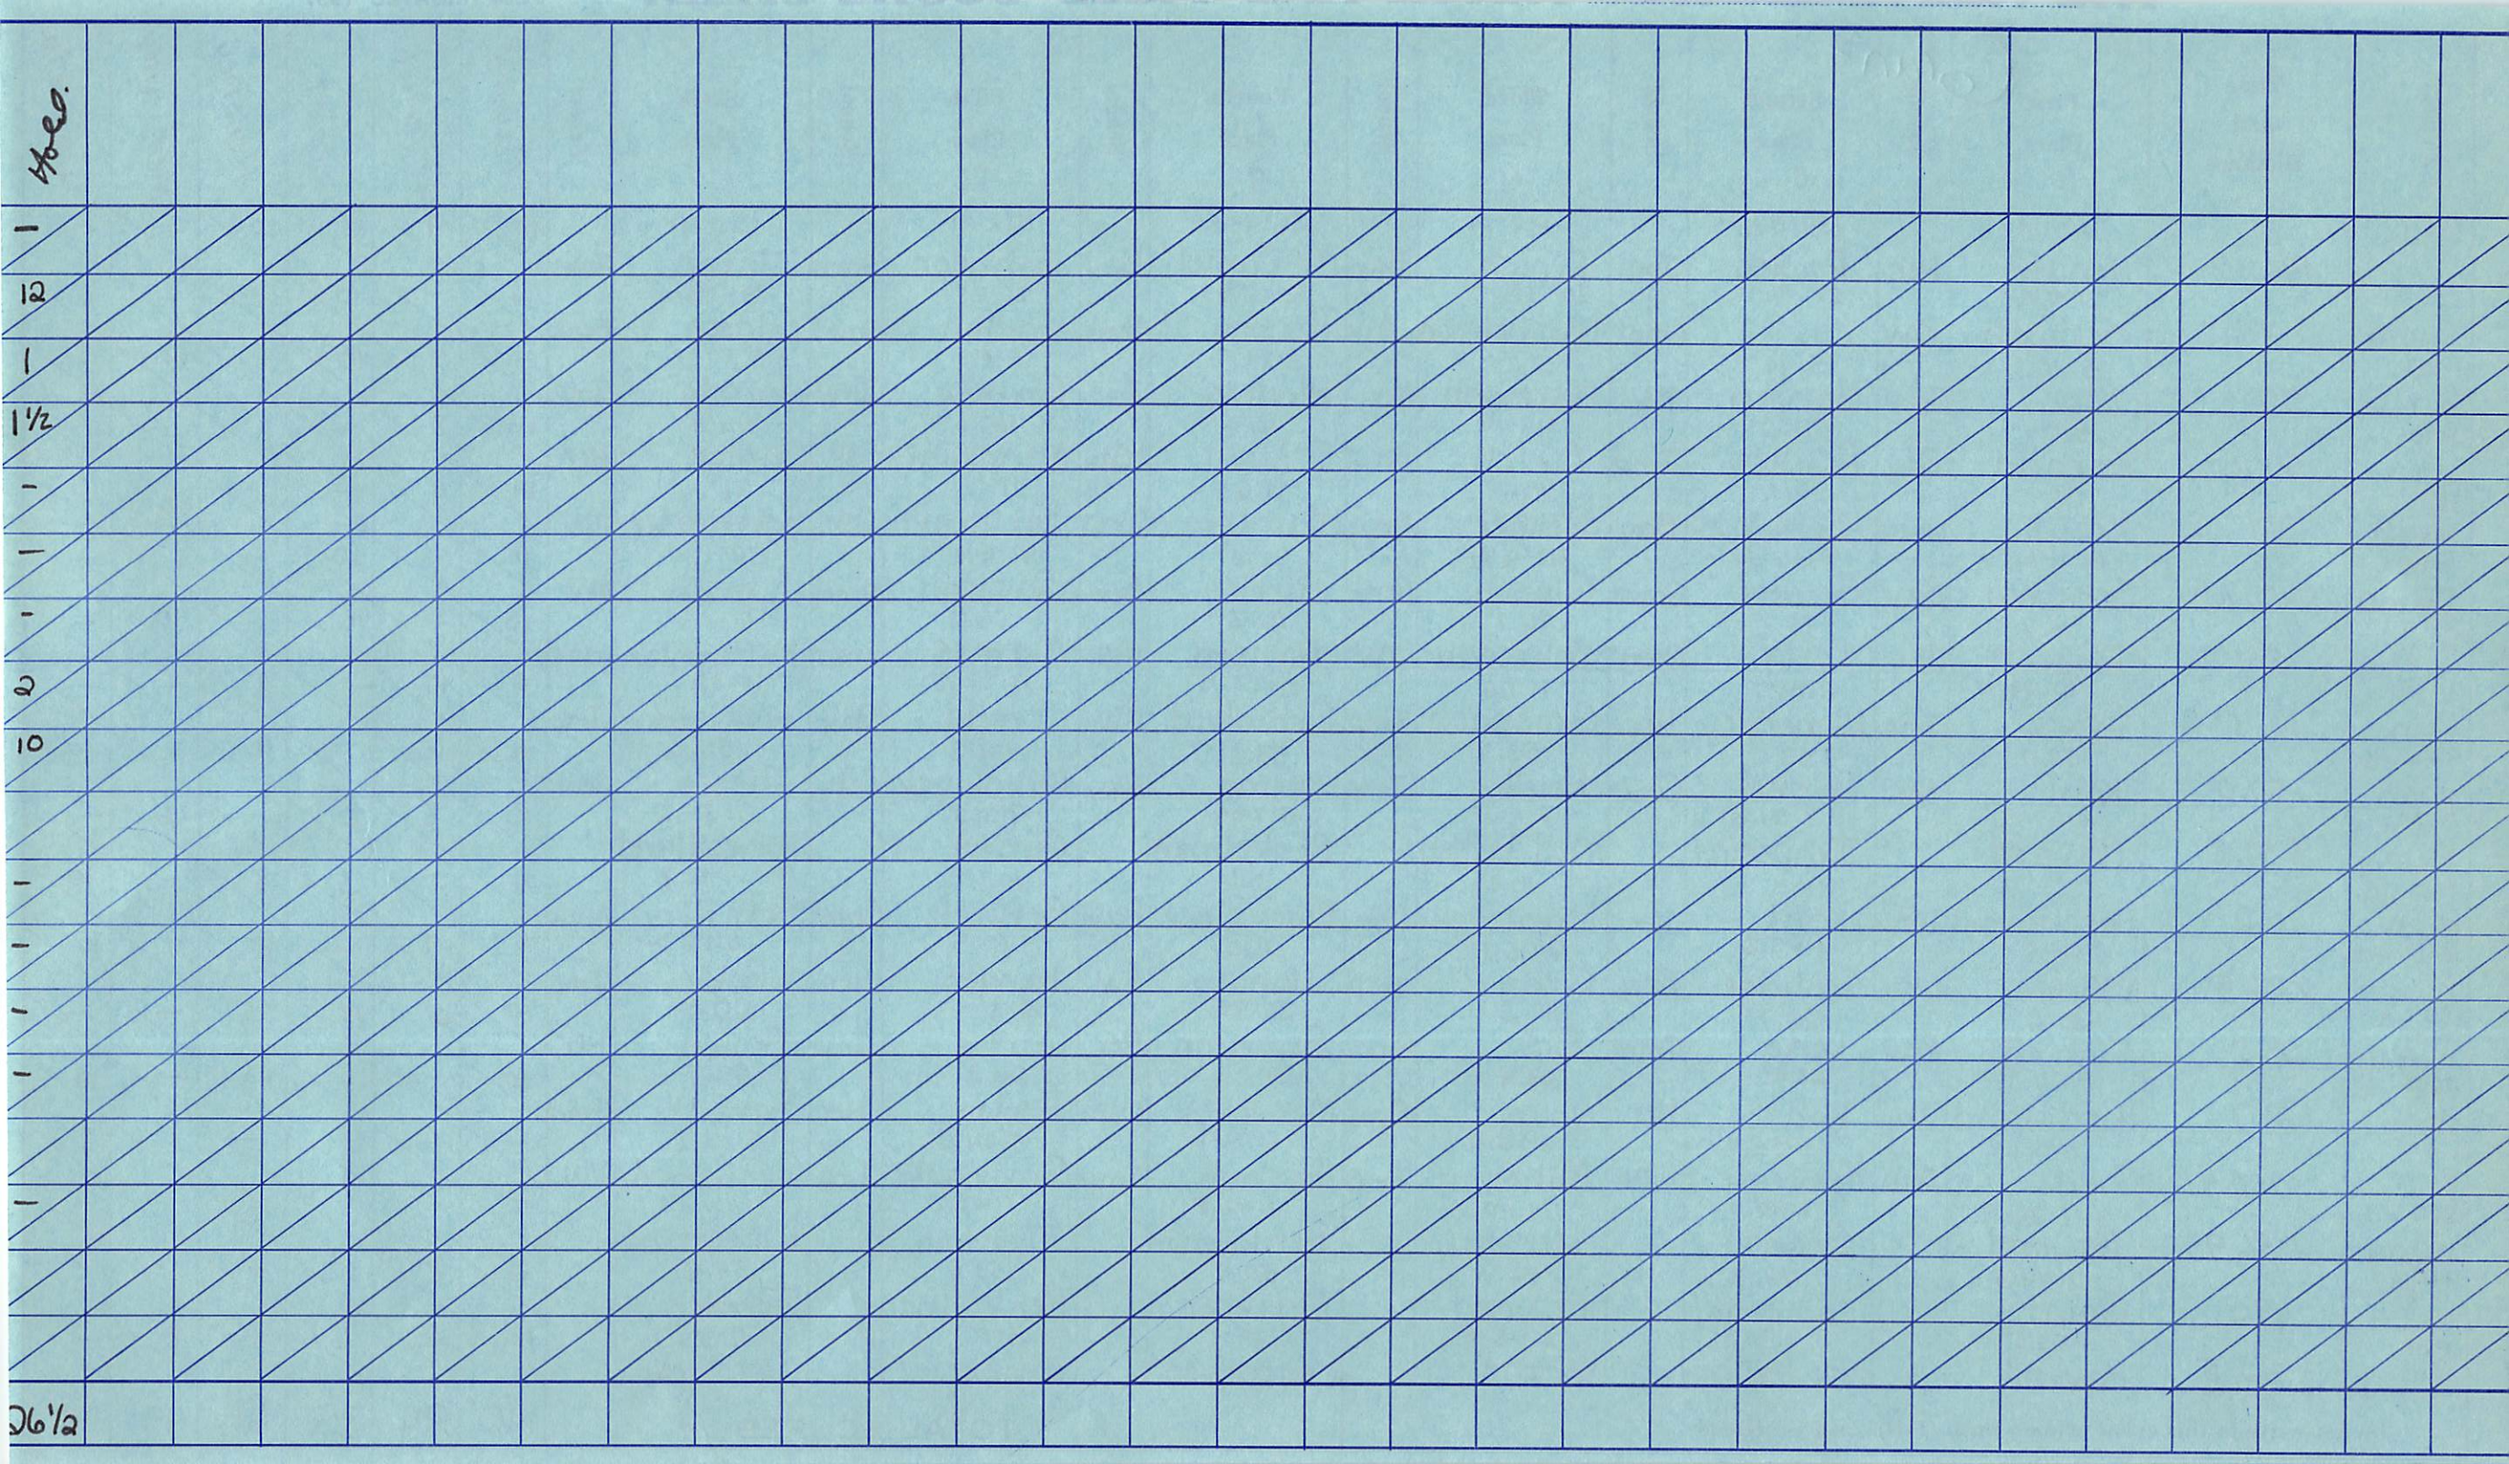

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

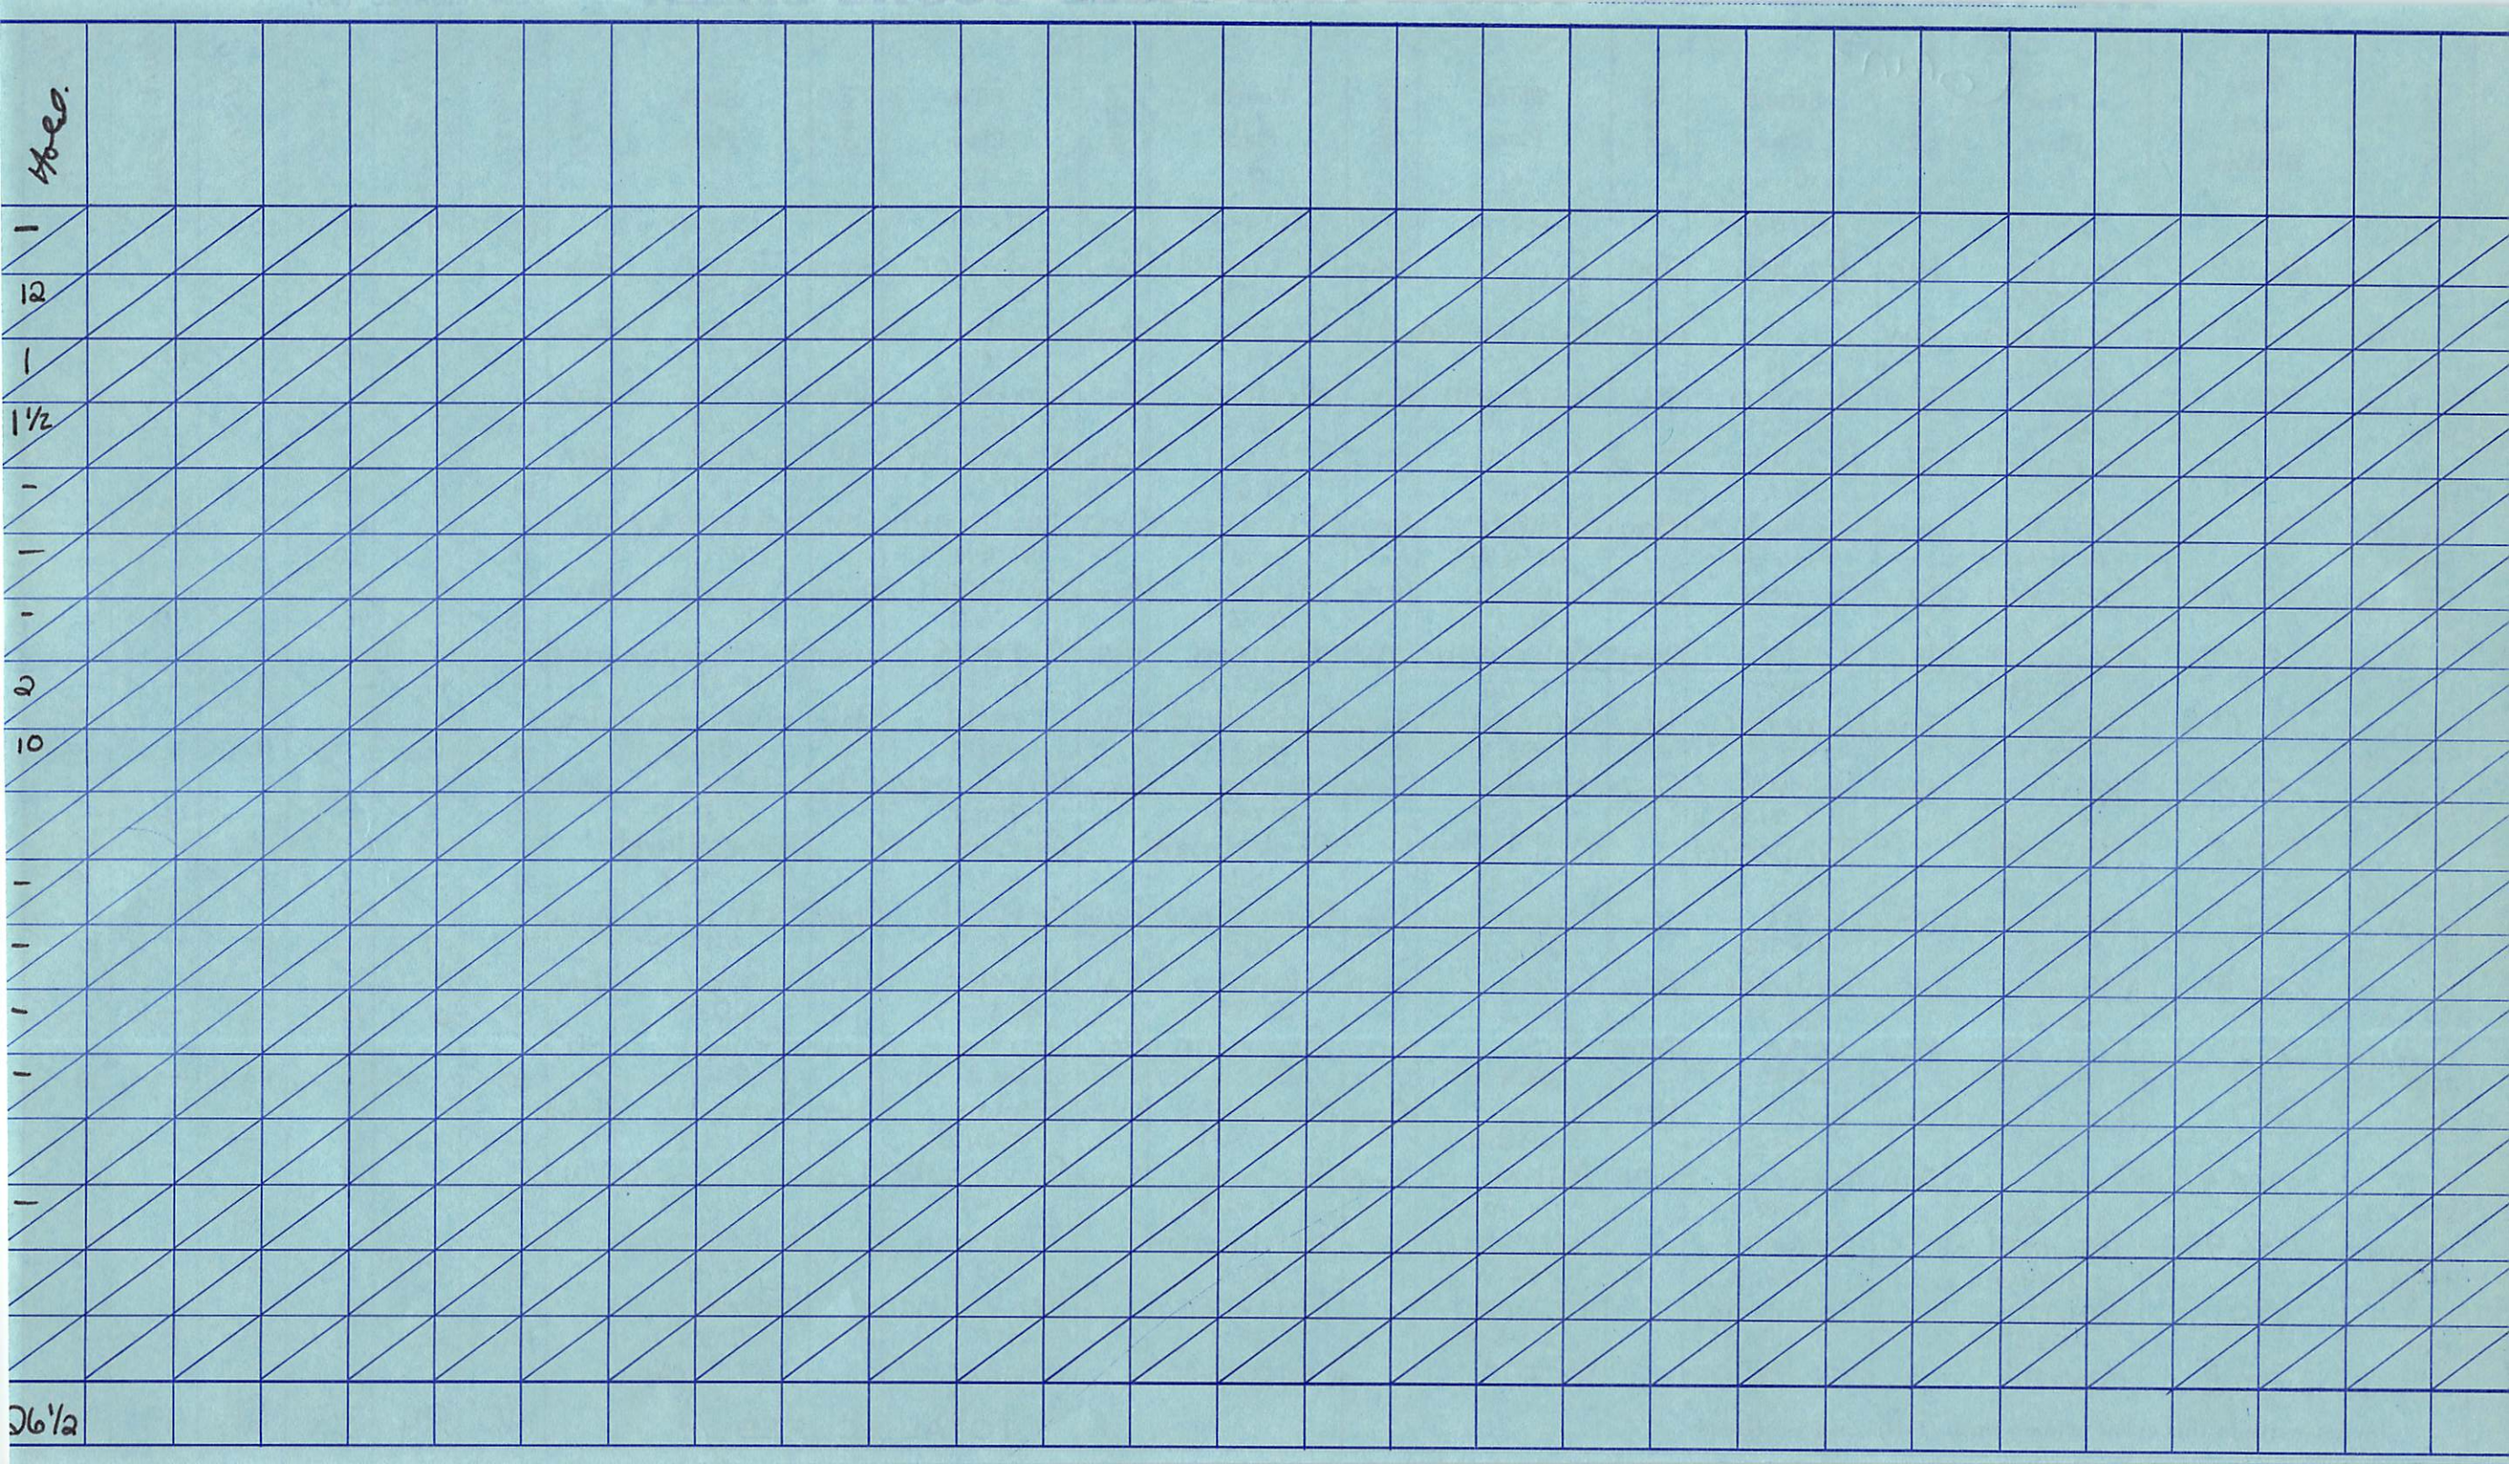

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and school in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event colum but enter the events as they are completed and reported by the head judg of finish. After recording the places in their respective columns the point are placed in the upper half of the scoring space. The running score is kep in lower half of the scoring space, usually in different color pencil. Thi enables the scorer to announce the exact score after each and every even

These additional suggestions are offered to aid the scorer in keeping a efficient record: (1) In cases of ties write all names in the one spac (2) In case of a new school or meet record, circle the winning height, tim or distance. (3) In case of a new school record in a field event scored by place winner, the distance or height may be written in above the plac winner's name.

The following suggestions may be helpful to the coaches in using thi score sheet: (1) There is room to put in above a name the time, distanc or height of the individual, if desired. Thus a season record of individua members of a team may be kept. (2) The names of the members of wi ning relay team may be written in the 4th and 5th spaces opposite the rela event. (3) The coach may encircle new school, district or League record

Finally, this sheet will score any meet from a dual or triangle meet to League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well a high schools as there is room for eighteen events to be scored which i ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and school in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

SCORING DIRECTIONS

The following suggestions are made to the scorer, coach and schools in using the All-American Track and Field score sheet.

The scorer should not write in the order of events in the event column but enter the events as they are completed and reported by the head judge of finish. After recording the places in their respective columns the points are placed in the upper half of the scoring space. The running score is kept in lower half of the scoring space, usually in different color pencil. This enables the scorer to announce the exact score after each and every event.

These additional suggestions are offered to aid the scorer in keeping an efficient record: (1) In cases of ties write all names in the one space. (2) In case of a new school or meet record, circle the winning height, time or distance. (3) In case of a new school record in a field event scored by a place winner, the distance or height may be written in above the place winner's name.

The following suggestions may be helpful to the coaches in using this score sheet: (1) There is room to put in above a name the time, distance or height of the individual, if desired. Thus a season record of individual members of a team may be kept. (2) The names of the members of winning relay team may be written in the 4th and 5th spaces opposite the relay event. (3) The coach may encircle new school, district or League records.

Finally, this sheet will score any meet from a dual or triangle meet to a League or district meet with any number of schools competing.

Junior colleges, colleges and universities can use the sheet as well as high schools as there is room for eighteen events to be scored which is ample to include all college events.

BETTY JOHNSON MEMORIAL HURDLING TROPHY

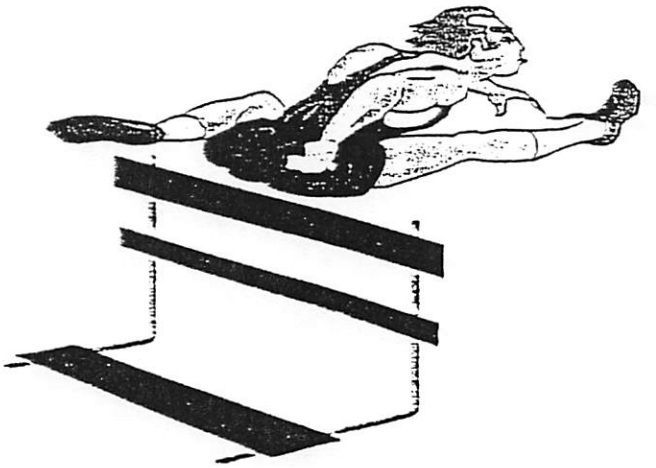

Trophies will be presented to the top male and top female hurdler according to the point schedule below. Athletes that receive the most total points will win the trophy

Betty Johnson was a long time supporter of track and field in Nebraska. She firmly believed that there are few things in the world as beautiful as a good hurdle race. Betty and her husband, Harold, loved attending track meets and encouraging the athletes, whether they had children or grandchildren competing or not. A tear of joy could often be seen in Betty's eye at the conclusion of a good hurdle race, especially the high hurdles.

Betty passed away the week of the Nebraska State Track meet in 1999. These trophies are being presented in loving memory of a real ambassador of the sport of Track and Field – Betty Z Johnson.

BETTY JOHNSON MEMORIAL HURDLING TROPHY

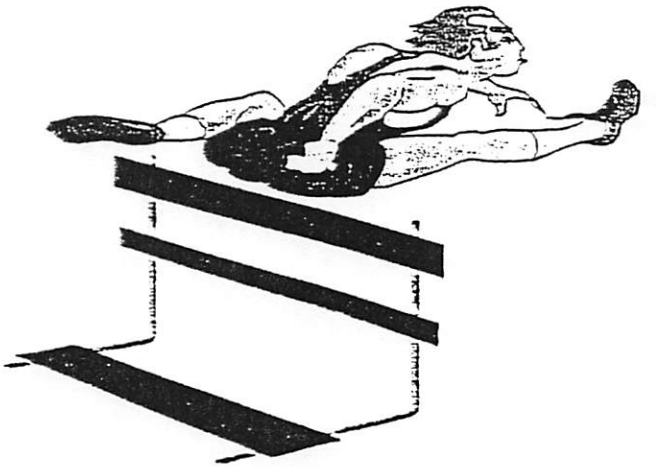

Trophies will be presented to the top male and top female hurdler according to the point schedule below. Athletes that receive the most total points will win the trophy

Betty Johnson was a long time supporter of track and field in Nebraska. She firmly believed that there are few things in the world as beautiful as a good hurdle race. Betty and her husband, Harold, loved attending track meets and encouraging the athletes, whether they had children or grandchildren competing or not. A tear of joy could often be seen in Betty's eye at the conclusion of a good hurdle race, especially the high hurdles.

Betty passed away the week of the Nebraska State Track meet in 1999. These trophies are being presented in loving memory of a real ambassador of the sport of Track and Field – Betty Z Johnson.
