Cloquet Area Alternative Education Programs:

This quarter, we have been so happy to welcome teacher Angela Lennartson back again. Angela's daughter was born almost a year ago already! Angela was out on leave 1st and 3rd quarters, and is raising one happy, smiley, engaging little girl! Angela's positive presence makes a big impact on our staff and students.

I got to observe one of our chemistry classes the other day as Mr. Maltrud took his students outside to show the chemical reaction between aluminum and iron oxide (rust!). It was fascinating! It was a fun lesson and Paul is such an engaging teacher. Every student was involved in the lesson and was able to describe as part of the exit what happened and what part they played. It was pretty fascinating and the students and teacher were great!

Students and staff are all aware that we are moving to the high school space next year, and they are becoming aware of the possibility of other changes as well. It is a unique and challenging time, though it does

give us the opportunity to model tackling life's challenges with an open mind and meeting adversity with positivity. The most important work we do is to model good relationships, a hopeful outlook, good conflict resolution skills, and a clean and positive way of life. Meeting a challenge is a great opportunity to practice what we preach and find the good in the situation.

We are also moving very quickly toward the end of the school year and we are carefully planning our end of the year symposium and all-school trip. Stay tuned for our upcoming adventures!

Thanks for your dedication to kids. We appreciate you!

Community Education

We are pleased to share highlights from two recent celebrations that recognize the vital role of those who support our youngest learners and school-age students.

During the Week of the Young Child, our Foundational Childhood Education programs engaged students and families in a variety of meaningful, hands-on activities that emphasize the importance of early learning. Classrooms were filled with creativity, exploration, and joyful learning experiences designed to support the development of foundational skills. We appreciate the dedication of our early childhood educators, whose work helps set the stage for lifelong success.

We also proudly recognized Afterschool Professionals Appreciation Week, honoring the staff who provide safe, enriching, and supportive environments for students beyond the school day. Their commitment helps extend learning opportunities, build relationships, and support working families in our community.

We thank all of our staff for their continued dedication to students and families. These celebrations serve as an important reminder of the impact our educators and support professionals have every day.

Business Department:

The Business Office is hard at work on getting set up to do end of year payoffs. With that in mind and transitions happening, they are also working on getting ready for audit and having a new staff in the office. It is hard to believe that it is already the end of April and that we are thinking about payoffs, audit, and next school year, since it seems like not too long ago, all those items happened. I will be working in the office 2 full days per week during the transition time to hopefully give the district time to find someone and have them in place going forward. The final budget report and Long-Term Facilities Maintenance plan will be coming to the board for approval at the first June meeting. We are waiting on some final spreadsheets for the Long-Term Facilities Maintenance plan before we can present them for approval.

American Indian Education Department:

Greetings School Board,

There are two grants on the agenda tonight for acceptance. Both of these are grants were written to help enrich and directly support our Indigenous students and incorporate community. The MDE Native Language Revitalization grant is a two-year award that will fund an additional 1.0FTE Ojibwe Language Teacher and the startup of a robust elementary language program. The Northland grant to support the building of Ojibwe drums for our elementary schools is a one-time award that will reinforce our youth's cultural identity while incorporating multi-generations to participate in the drum-making process and deepen the impact of our American Indian Education Programming. A combined total award of over \$312,000 is very exciting for our schools and program.

The OIE Title VI Formula Grant for FY 2026-2027 Part II is due May 11th. A public hearing a requirement of Part II. The Title VI Presentation will be on the agenda for the April LIEC (Local Indian Education Committee) meeting 4/29 hosted at Churchill Elementary. Any updates to the location or time will be posted on the AIE website.

The powwow is Saturday May 2nd. Stop by CMS Gymnasium and check out grand entry at 1pm, royalty specials shortly after and grab B&B lunch from 2-4pm on the lawn.

WAIVER OF TENURE CONTRACT

WHEREAS, (hereinafter referred to as "Teacher"), was initially employed by the Cloquet Independent School District No. 0094 in the State of Minnesota (hereinafter referred to as "School District") for the 2025-26 school year; and

WHEREAS, pursuant to Minnesota Statutes Section 122A.40, Subdivision 5, the teacher has had a three-year probationary period (2023-2026) in the School District; and

WHEREAS, the Teacher's probationary period with the School District will be completed at the end of the 2025-26 school year; and

WHEREAS, the School District has complete discretion to terminate and not to renew the Teacher's contract at the end of the 2025-26 school year pursuant to Minnesota Statutes Section 122A.40, Subdivision 5; and

WHEREAS, the Teacher and the school district have mutually agreed that the probationary period be extended by one year, through the end of the 2026-27 school year.

NOW THEREFORE, IT IS HEREBY AGREED by the School District and the Teacher as follows:

1. The Teacher agrees to extend his probationary period with the School District through the 2026-27 school year. In doing so, the Teacher knowingly and voluntarily waives the right afforded to tenured teachers under Minnesota Statutes Section 122A.40 for the 2026-2027 school year. If the Teacher's employment is continued for the 2027-28 school year, the Teacher will be entitled to the rights of tenured teachers under Minnesota Statutes Section 122A.40. The Teacher expressly acknowledges that for the 2026-27 school year, the School District will have full discretion in determining whether to renew his contract with the district for the 2027-28 school year as provided by Minnesota Statutes Section 122A.40, Subdivision 5. The Teacher does not, however, waive his rights as a probationary teacher under Minnesota Statutes Section 122A.40, Subdivision 5.
2. In consideration for the Teacher's extension of his probationary period and waiver of continuing contract rights, the School District agrees to employ the Teacher for the 2026-27 school year. The Teacher will be a probationary teacher under Minnesota Statute S122A.40 for the 2026-27 school year.
3. There are no covenants, promises, undertaking or understanding outside this Agreement other than those specifically set forth.

4. By execution of this agreement, Teacher acknowledges that the School District has recommended that he consult with his union and seek his own legal advice in regard to this agreement and the express waiver of continuing contract rights contained in this agreement. Teacher represents that he has been advised and afforded the opportunity to consult with a union representative and an attorney regarding this agreement. Teacher represents that he entered this contract knowingly and voluntarily and that he has not relied on any advice from the School District in regard to entering this agreement.
5. This contract may not be changed or modified orally. Any modification of this agreement must be by mutual consent of the School Board and Teacher and must be in writing.

I have read the following agreement and by signing hereby affirm that I understand and agree to its terms and application.

Memo to the School Board

Date: 4/22/26

RE: Athletic Department Cooperative Agreements with Carlton

From: District Activity Subcommittee

Reason for the this Memo:

- With Carlton and Wrenshall making progress towards consolidation, we feel it is important to clarify our cooperative agreements. We have gotten a number of questions about how a consolidation between Carlton and Wrenshall would affect our current cooperative agreements with Carlton.

Proposal/Recommendation:

- Upon a Carlton and Wrenshall consolidation, all cooperative agreements with Carlton will dissolve. We do not recommend extending our cooperative agreements to a combined Carlton and Wrenshall district.

Rationale:

- Most years we have families, sometimes school personnel, reaching out to us from many of our smaller neighboring districts wanting us to form an agreement with their school so that their student(s) can participate in the activity of their interest. We always say no. We are not interested in expanding our cooperative agreements.
- Our athletic activities exist to serve Cloquet students. We only look to form cooperative agreements when it is in the best interest of maintaining or expanding our offerings for students.
- A couple of years ago, Carlton asked us about a tuition agreement that would send their high school students to Cloquet. Under this scenario, Carlton High School students would, in effect, become Cloquet High School students and have access to all of our College and CTE course offerings, athletic programs, and fine arts programming. As was their right, their school board voted against that plan.
- We are also in a budget crunch - we have cut over \$1 million each year over the last two years and are facing a similar budget deficit this year. Our extracurricular activities tend to run at a deficit and are subsidized through general fund dollars. Expanding access to these programs comes at a cost for the students who attend our district.
- Transportation - our local transportation provider has worked hard to accommodate expanding extracurricular programs and educational transportation requirements. We're concerned adding another district may complicate an already stressed transportation system.

Final Memo Summary:

- We do not support a cooperative agreement with a combined Carlton and Wrenshall district.

Should the program significantly change in scope, either party may request, following provisions in the AGREEMENT, that appropriate pricing adjustments be considered.

5. PERFORMANCE SECURITY

In consideration of the Contractor's experience and DISTRICT references, DISTRICT waives SECTION 6.2, Performance Security, of the SPECIFICATION at this time. The DISTRICT reserves the right, at its sole discretion, to cancel or modify this waiver should conditions occur during the initial term or extension of term of this AGREEMENT, and require Contractor to provide performance security, at the Contractor's cost, in the form of a bond or irrevocable letter of credit equal to 100% of the estimated annual services then remaining to be performed under this AGREEMENT.

The provisions of this SECTION shall not replace the provision for performance security as outlined in SECTION 6.2. of the SPECIFICATION.

10. OTHER PROVISIONS

Contractor agrees to comply with the following:

a. Governing Law

This AGREEMENT shall be deemed to be made in and shall be construed in accordance with the laws of the State of Minnesota. All references in this AGREEMENT to the "State" shall mean the State of Minnesota.

b. Data Privacy

Contractor agrees and understands that certain student information and data will be provided to the Contractor as required to provide the services required in this AGREEMENT. Parties further agree that the Contractor and its employees will fully comply with the provisions of Minnesota Statute Chapter 13, also known as "Minnesota Government Data Practices Act", and in particular the following section as it applies to contracts for services with units of government:

Subd. 6. Contracts. Except as provided in section 13.46, subdivision 5, in any contract between a governmental unit subject to this chapter and any person, when the contract requires that data on individuals be made available to the contracting parties by the governmental unit, that data shall be administered consistent with this chapter. A contracting party shall maintain the data on individuals which it received according to the statutory provisions applicable to the data.

c. Student Records/Confidentiality

Pursuant to the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g ("FERPA") and its regulations 34 CFR §99.31, et. Seq., the DISTRICT is permitted to disclose, without the prior consent of a student's parent (or an eligible student over 18 years of age), personally identifiable information from education records to 1) a party to whom the DISTRICT has outsourced institutional services or functions it would normally be required to perform with DISTRICT employees and 2) a party whose employees, acting in the course of their employment and performance of services pursuant to a contracted AGREEMENT with the DISTRICT are deemed to have a legitimate educational interest or need to access student educational records.

The DISTRICT has outsourced its school transportation obligations to Contractor and has determined that Contractor is an entity with a legitimate educational interest or need to access certain educational records related to student transportation needs.

Accordingly, the DISTRICT shall determine, consistent with state and federal law, what educational data to share with Contractor to enable Contractor to fulfill its obligations under this Agreement. Such educational data will be used by Contractor for routing purposes only and for no other reason. DISTRICT information acquired as a result of these services is confidential and shall not be disclosed unless required by law. The only

person at Contractor to have direct access to this confidential information will be identified and communicated by the DISTRICT.

In the event that any disclosure of any documentation/information acquired by Contractor under this AGREEMENT is required by law, Contractor will notify the DISTRICT of such obligation prior to such disclosure. Notwithstanding the above, Contractor shall be in full compliance with all non-disclosure and other requirements of FERPA and its regulations as well as laws of the State of Minnesota regarding educational records. Further, any documentation or information obtained pursuant to this AGREEMENT will only be used for the limited purpose in which it was disclosed and will be destroyed or returned to the DISTRICT, at the sole discretion of the DISTRICT, upon termination of this AGREEMENT.

d. Force Majeure

In the event Contractor is unable to provide the transportation services herein specified because of any act of God, civil disturbance, fire, flood, war, governmental action, labor dispute, including picketing, strike, or lockout, or any condition or cause beyond Contractor's control, DISTRICT may excuse Contractor from performance under this AGREEMENT. For the reasons identified, the DISTRICT shall also have the right to terminate this AGREEMENT or assume responsibility for providing the services required under this AGREEMENT. The DISTRICT shall also have the right to operate the buses provided by the Contractor under this AGREEMENT and employ such employees as the DISTRICT deems appropriate and necessary to provide the regular services and operations contemplated by this AGREEMENT.

Under the latter circumstance above, DISTRICT shall pay the Contractor for the use of such buses used by the DISTRICT consistent with the rates and provisions in this AGREEMENT that applied to the Contractor and the DISTRICT minus all expenses and costs incurred by the DISTRICT as reasonably necessary to secure the services of drivers and other hourly employees to provide the services. The DISTRICT deduction of reasonable expenses and costs shall not exceed the difference between the total compensation paid the Contractor for such buses less the Contractor's fixed costs of operation for this AGREEMENT. If the DISTRICT agrees to use and operate the Contractor's buses, the DISTRICT will provide the Contractor with a lease agreement, along with insurance and compliance matters, consistent with that required of the Contractor under this AGREEMENT.

e. Indemnity

The Contractor agrees to indemnify and save the DISTRICT harmless from any claims involving personal injury or property damage arising out of, or in the course of, providing transportation of assigned students. Notwithstanding the foregoing, Contractor will not indemnify and save the DISTRICT harmless from any claims arising out of or in connection with the negligent acts or willful misconduct of the DISTRICT.

f. Assignment

The services contemplated under this AGREEMENT are deemed to be in the nature of personal services. The Contractor, without the prior written consent of the DISTRICT, shall not assign this AGREEMENT. The Parties agree that assignment by Contractor of

any sums due and owing Contractor under this AGREEMENT shall not constitute an assignment of the AGREEMENT.

g. Subcontract

The Contractor shall not subcontract any of the services required to be performed in this AGREEMENT, unless the Contractor has received the full prior written consent of DISTRICT.

- ± LCS Coaches Inc. The Parties agree that LCS Coaches, Inc. may provide coach bus services at the request of the DISTRICT or its administrators.

h. Termination for Cause

If either party shall violate any of the covenants or duties imposed upon it by this AGREEMENT, such violation shall entitle the other party to terminate this AGREEMENT. The party desiring to terminate for such cause shall give the offending party thirty (30) days written notice to remedy the violation. If at the end of such time the party notified has not removed the cause of complaint or remedied the purported violation, then this AGREEMENT shall be deemed terminated.

i. Severability

In the event any provision specified herein is held or determined by a court of competent jurisdiction to be illegal, void or in contravention of any applicable law, the remainder of this AGREEMENT shall remain in full force and effect.

j. Survival

The mutual obligations described in this AGREEMENT shall survive the termination or expiration of this AGREEMENT.

k. Modification

DISTRICT and Contractor may modify the terms of this AGREEMENT in whole or in part as circumstances may justify by mutual written agreement executed by the duly authorized representatives of the Parties. All other terms and conditions will remain as described in this AGREEMENT.

l. Notices To Parties

Statement of Work - Audit Services

This agreement constitutes a statement of work ("SOW") under the master service agreement ("MSA") dated May 28, 2025, or superseding MSA, made by and between CliftonLarsonAllen LLP ("CLA," "we," "us," and "our") and Cloquet Public Schools ("you," "your," or "the entity"). We are pleased to confirm our understanding of the terms and objectives of our engagement and the nature and limitations of the services CLA will provide for the entity as of and for the year ended June 30, 2026.

Luke Greden is responsible for the performance of the audit engagement.

Scope of audit services

We will audit the financial statements of the the governmental activities, each major fund and the aggregate remaining fund information., which collectively comprise the basic financial statements of Cloquet Public Schools, and the related notes to the financial statements as of and for the year ended June 30, 2026.

The Governmental Accounting Standards Board (GASB) provides for certain required supplementary information (RSI) to accompany the entity's basic financial statements.

The RSI will be subjected to certain limited procedures, but will not be audited.

We will also evaluate and report on the presentation of the supplementary information other than RSI accompanying the financial statements in relation to the financial statements as a whole.

Nonaudit services

We will also provide the following nonaudit services:

- Preparation of data collection form
- Preparation of your financial statements and the related notes.
- Preparation of the required supplementary information (RSI).
- Preparation of the supplementary information.
- Preparation of schedule of expenditures of federal awards.
- Preparation of adjusting entries, if necessary

Audit objectives

The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Our audit will be conducted in accordance with U.S. GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards require us to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Our audit will include tests of your accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express opinions and render the required reports.

We will also perform procedures to enable us to express an opinion on whether the supplementary information (as identified above) accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

We will apply certain limited procedures to the RSI in accordance with U.S. GAAS. However, we will not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. We will also perform procedures to enable us to express an opinion on whether the supplementary information (as identified above) other than RSI accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

The objectives of our audit also include:

- Reporting on internal control over financial reporting and on compliance with the provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Reporting on internal control over compliance related to major programs and expressing an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe

the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We will issue written reports upon completion of our audit of your financial statements and compliance with requirements applicable to major programs.

Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph to our auditors' report, or if necessary, withdraw from the engagement. If our opinions on the financial statements or compliance are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements or material noncompliance caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion on the financial statements or an opinion on compliance, we retain the right to take any course of action permitted by professional standards, including declining to express opinions or issue reports, or withdrawing from the engagement.

As part of our audit, we will also perform the procedures and provide the report required by the Minnesota Legal Compliance Audit Guide for Political Subdivisions.

It is our understanding that our auditors' report will be included in your annual report which is comprised of the introductory section and that your annual report will be issued the date of our reports on your financial statements. Our responsibility for other information included in your annual report does not extend beyond the financial information identified in our opinion on the financial statements. We have no responsibility for determining whether such other information is properly stated and do not have an obligation to perform any procedures to corroborate other information contained in your annual report. We are required by professional standards to read the other information and consider whether a material inconsistency exists between the other information and the financial statements because the credibility of the financial statements and our auditors' report thereon may be undermined by material inconsistencies between the audited financial statements and other information. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Auditor responsibilities, procedures, and limitations

We will conduct our audit in accordance with U.S. GAAS, the standards for financial audits contained in *Government Auditing Standards*, and the Uniform Guidance.

Those standards require that we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit. As part of our audit, we will:

- Identify and assess the risks of material misstatement of the financial statements and material noncompliance, whether due to fraud or error, design and perform audit procedures responsive to those risks, and evaluate whether audit evidence obtained is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement or a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the entity and its environment, including the system of internal control, relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the amounts and disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on our evaluation of audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

Although our audit planning has not been concluded and modifications may be made, we have identified the following significant risk(s) of material misstatement as part of our audit planning:

- Management override of controls
- Revenue recognition

There is an unavoidable risk, because of the inherent limitations of an audit, together with the inherent limitations of internal control, that some material misstatements or noncompliance may not be detected, even though the audit is properly planned and performed in accordance with U.S. GAAS, *Government Auditing Standards*, and the Uniform Guidance. Because we will not perform a detailed examination of all transactions, material misstatements, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity, may not be detected. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not require auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on

major programs. However, we will inform the appropriate level of management and those charged with governance of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management and those charged with governance of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a single audit.

Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting fraud or errors that are material to the financial statements and to preventing and detecting misstatements resulting from noncompliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify deficiencies, significant deficiencies, or material weaknesses in internal control. However, we will communicate to you in writing significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the entity's compliance with the provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

We will include in our report on internal control over financial reporting and on compliance relevant information about any identified or suspected instances of fraud and any identified or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements that may have occurred that are required to be communicated under *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards that may have a direct and material effect on each of the entity's major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs. The purpose of these procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

We will evaluate the presentation of the schedule of expenditures of federal awards accompanying the financial statements in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the schedule to determine whether the information complies with U.S. GAAP and the Uniform Guidance, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the schedule to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Management responsibilities

Our audit will be conducted on the basis that you (management and, when appropriate, those charged with governance) acknowledge and understand that you have certain responsibilities that are fundamental to the conduct of an audit.

You are responsible for the preparation and fair presentation of the financial statements, RSI, and the schedule of expenditures of federal awards in accordance with U.S. GAAP. Management is also responsible for identifying all federal awards received, understanding and complying with the compliance requirements, and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the requirements of the Uniform Guidance.

Management's responsibilities include the selection and application of accounting principles; recording and reflecting all transactions in the financial statements; determining the reasonableness of significant accounting estimates included in the financial statements; adjusting the financial statements to correct material misstatements; and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for 12 months beyond the financial statement date.

Management is responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are responsible for the design, implementation, and maintenance of effective internal control, including internal control over compliance, relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including evaluating and monitoring ongoing activities and safeguarding assets to help ensure that appropriate goals and objectives are met; and that there is reasonable assurance that government programs are administered in compliance with compliance requirements.

You are responsible for the design, implementation, and maintenance of internal controls to prevent and detect fraud; assessing the risk that the financial statements may be materially misstated as a result of fraud; and for informing us about all known or suspected fraud affecting the entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for implementing systems designed to achieve compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; identifying and ensuring that the entity complies with applicable laws, regulations, contracts, and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; and informing us of all instances of identified or suspected noncompliance whose effects on the financial statements should be considered.

You are responsible for taking timely and appropriate steps to remedy any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that we may report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings; and to follow up and take prompt corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review.

You are responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, including amounts and disclosures, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters, and for the accuracy and completeness of that information (including information from within and outside of the general and subsidiary ledgers), and for ensuring management information and financial information is reliable and properly reported; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance; (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

You agree to inform us of events occurring or facts discovered subsequent to the date of the financial statements that may affect the financial statements.

You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include

acknowledging to us in the representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

Management is responsible for the preparation and fair presentation of other supplementary information in accordance with U.S. GAAP. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. You agree to provide us written representations related to the presentation of the supplementary information.

Management is responsible for the preparation of other information included in your annual report. You agree to provide the final version of such information to us in a timely manner, and if possible, prior to the date of our auditors' report. If the other information included in your annual report will not be available until after the date of our auditors' report on the financial statements, you agree to provide written representations indicating that (1) the information is consistent with the financial statements, (2) the other information does not contain material misstatements, and (3) the final version of the documents will be provided to us when available, and prior to issuance of the annual report by the entity, so that we can complete the procedures required by professional standards. Management agrees to correct material inconsistencies that we may identify. You agree to include our auditors' report in any document containing financial statements that indicates that such financial statements have been audited by us.

Management is responsible for providing us with a written confirmation concerning representations made by you and your staff to us in connection with the audit and the presentation of the basic financial statements and RSI. During our engagement, we will request information and explanations from you regarding, among other matters, the entity's activities, internal control, future plans, specific transactions, and accounting systems and procedures. The procedures we will perform during our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the representations that we receive in the representation letter and otherwise from you. Accordingly, inaccurate, incomplete, or false representations could cause us to expend unnecessary effort or could cause a material fraud or error to go undetected by our procedures. In view of the foregoing, you agree that we shall not be responsible for any misstatements in the entity's financial statements that we may fail to detect as a result of misrepresentations made to us by you.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies to us of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the "Audit objectives" section of this letter. This responsibility includes relaying

to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Responsibilities and limitations related to nonaudit services

For all nonaudit services we may provide to you, management agrees to assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience to understand and oversee the services; evaluate the adequacy and results of the services; and accept responsibility for the results of the services. Management is also responsible for ensuring that your data and records are complete and that you have received sufficient information to oversee the services.

Use of financial statements

Should you decide to include or incorporate by reference these financial statements and our auditors' report(s) thereon in a future private placement or other offering of equity or debt securities, you agree that we are under no obligation to re-issue our report or provide consent for the use of our report in such a registration or offering document. We will determine, at our sole discretion, whether we will re-issue our report or provide consent for the use of our report only after we have performed the procedures we consider necessary in the circumstances. If we decide to re-issue our report or consent to the use of our report, we will be required to perform certain procedures including, but not limited to, (a) reading other information incorporated by reference in the registration statement or other offering document and (b) subsequent event procedures. These procedures will be considered an engagement separate and distinct from our audit engagement, and we will bill you separately. If we decide to re-issue our report or consent to the use of our report, you agree that we will be included on each distribution of draft offering materials and we will receive a complete set of final documents. If we decide not to re-issue our report or decide to withhold our consent to the use of our report, you may be required to engage another firm to audit periods covered by our audit reports, and that firm will likely bill you for its services. While the successor auditor may request access to our workpapers for those periods, we are under no obligation to permit such access.

If the parties (i.e., you and CLA) agree that CLA will not be involved with your official statements related to municipal securities filings or other offering documents, we will require that any official statements or other offering documents issued by you with which we are not involved clearly indicate that CLA is not involved with the contents of such documents. Such disclosure should read as follows:

CliftonLarsonAllen LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. CliftonLarsonAllen LLP also has not performed any procedures relating to this offering document.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website or submitted on a regulator website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information in the electronic

site with the original document.

We may issue preliminary draft financial statements to you for your review. Any preliminary draft financial statements should not be relied on or distributed.

Engagement administration and other matters

We understand that your employees will prepare all confirmations, account analyses, and audit schedules we request and will locate any documents or invoices selected by us for testing. A list of information we expect to need for our audit and the dates required will be provided in a separate communication.

At the conclusion of the engagement, we will complete the auditor sections of the electronic Data Collection Form SF-SAC and perform the steps to certify the Form SF-SAC and single audit reporting package. It is management's responsibility to complete the auditee sections of the Data Collection Form. We will create the single audit reporting package PDF file for submission; however, it is management's responsibility to review for completeness and accuracy and electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be electronically submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the entity; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing confidential or sensitive information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of CLA and constitutes confidential information. However, we may be requested to make certain audit documentation available to regulatory bodies pursuant to authority given to it by law or regulation. If requested, access to such audit documentation will be provided under the supervision of CLA's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to those regulators. The regulators may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by a regulator. If we are aware that a federal or state awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Professional standards require us to be independent with respect to you in the performance of these services. Any discussion that you have with our personnel regarding potential employment with you could impair our independence with respect to this engagement. Therefore, we request that you inform us prior to any such discussions so that we can implement appropriate safeguards to maintain our independence and objectivity. Further, any employment offers to any staff members working on this engagement without our prior knowledge may require substantial additional procedures to ensure our independence. You will be

responsible for any additional costs incurred to perform these procedures.

Our audit engagement ends on delivery of our signed report. Any additional services that might be requested will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a new, specific SOW for that service.

Government Auditing Standards require that we make our most recent external peer review report publicly available. The report is posted on our website at www.CLAconnect.com/Aboutus/.

APPLICATION NARRATIVE

Project or Program Title: Building Ojibwe Drums for Elementary Schools

Total Funding Request: \$10,000

Please describe the activities this funding would support:

Two of our elementary schools currently offer Ojibwe drumming programs. One program has been established for nearly two years, while the other is just beginning. Neither school has its own traditional drum; they must either borrow drums from other sites or use non-traditional drums for practice.

As these programs continue to grow, we want to strengthen support for our youth's cultural identity by ensuring each elementary school has its own drum. By purchasing materials, working with a drum maker, and creating opportunities for multiple generations to participate in the drum-making process, we can enhance and deepen the impact of our American Indian Education Programing.

Also to hear the sound of the drum consistently in all our schools has been a priority and focus of our parent committees.

How would these activities support the mental health and/or wellness of Native students and families?

We could go out and buy a drum or just have someone make them for us. By incorporating a drum making event, this will strengthen identity and belonging. Activities like these support mental health and intergenerational engagement supports healing.

How have the perspectives and needs of Native American students informed the proposed activities?

Students have expressed the desire for stronger connections and show up every time drum practice is scheduled. The students and instructors show dedication. Having a lack of traditional drums as an identified barrier does not stop them. As a response though we want to not only add two additional drums but include

students, staff, and community in making them. Afterwords we would celebrate and feast the drums in a good way.

Project Budget

Application Title: Building Ojibwe Drums for Elementary Schools

Grant Expenses	Northland Foundation Funding Request	Other Funding (Optional)	Please provide comments to explain each line item
\$520.00	Yes		Hide for Drumheads (x2)
\$970.00	Yes		Drum Frame (x2)
\$130.00	Yes		Rawhide Lacing (x2) 60ft.
\$400.00	yes		Drumsticks Supplies x20
\$500.00	Yes		Contract for Drumstick Maker
\$2000.00	Yes		Contracts for Drum Maker(s)
\$3000.00	Yes		Catering of Feast
\$1980.00	Yes		Rental of space for drum Making and Feasting
\$500.00	Yes		Other Supplies for Drum & Feast
Totals			

Please use this space to provide a brief budget narrative:

I hope you find the budget reflective and modest to build two traditional drums and the meaningful community practices that accompany them. Funding will cover essential materials, including hides for drumheads, drum frames, rawhide lacing, and supplies for crafting drumsticks.

We must recognize the importance of cultural knowledge and craftsmanship, the budget also includes contracts for experienced drum makers and a drumstick maker to guide and support the process, ensuring the drums are made in a good and respectful way.

Resources are also allocated for a community meal to honor and “feast” the drums once they are completed. This is an important cultural practice that brings people together in gratitude and connection all while acknowledging the spirit of the drum. This includes catering and rental of a suitable space for both the drum-making process and the feast.

State Assurances

1. Survival of Terms

The following clauses below survive the expiration or cancellation of this award: 4D) State and Federal Audits; 5) Liability; 6) Ownership of Materials and Intellectual Property Rights; 7) Publicity and Endorsement; 8) Government Data Practices and Disclosure of Breach in Security; 9) Data Disclosure; and 12) Governing Law, Jurisdiction and Venue.

2. Use of Funds

The use of funds shall be limited to that portion identified in the application materials and the attached application and by any applicable state or federal laws. Funds may not be used for gifts or novelty items (unless individually and specifically approved by the state of Minnesota) or for payments to vendors displaying exhibits for their profit. Funds should support the purpose and activities approved in the application. Funds must not be used to benefit state employees, or to reimburse them for any of their expenditures, including travel expenses, alcohol purchases, costs of registration fees for training sessions or educational courses presented or arranged, payments to state employees for presentations at workshops, seminars, etc., whether on state time, vacation time, leave of absence or any other non-work time.

- A. The grantee, in the conduct of activities under this award, shall submit such reports as may be required by written instructions of the state of Minnesota within the times required by it. The state of Minnesota reserves the right to withhold funding if reporting requirements are not met. The grantee must promptly return to the state of Minnesota any unexpended funds not accounted for in the financial report due to the state of Minnesota at grant closeout.
- B. The grantee shall present reports to the Commissioner of the Department of Education or the state of Minnesota's Authorized Representative. At the Commissioner's discretion, these reports may be presented at departmental, legislative, other state agency or public meetings where the grantee shall be available to explain the project and respond to questions.
- C. Reimbursement for travel and subsistence expenses actually and necessarily incurred by grantee in performance of this project will be paid if allowed in the approved budget, provided that the grantee shall be reimbursed for travel and subsistence expenses in the same manner and in no greater amount than in the current "Commissioner's Plan," promulgated by the Commissioner of Minnesota Management and Budget (MMB). The grantee will only be reimbursed for travel and subsistence outside Minnesota if it has received prior written approval for such out-of-state travel from the State of Minnesota. The current [Commissioner's Plan](#) can be viewed to obtain current maximum expense reimbursement rates. Exceptions to these travel rates are those that may be negotiated with the University of Minnesota.

3. Equipment

Upon termination of the award, the State of Minnesota shall have the right to require transfer or return of any equipment purchased during the award grant period using these grant funds.

4. Financial and Administrative Provisions

A. Allowability of Costs

The allowability of costs for federal funding incurred under this award shall be determined in accordance with the procedures and principles given in the federal Office of Management and Budget (OMB) circulars located in [2 Code of Federal Regulations \(CFR\), Part 200](#) and/or as in the approved budget and/or specific legislation.

For all funds, no claim for materials purchased in excess of budget categories or program services not specifically provided for in this award by the grantee will be allowed by the state of Minnesota unless approved in writing by the state. Such approval shall be considered to be a modification of the award. There may be additional limitations on allowable costs, which shall be noted in the award.

A grantee hosting a meeting or conference may not use federal grant funds to pay for food for attendees unless it is necessary and reasonable to accomplish a legitimate meeting, conference business for approved grant activities. Budget allocations for food must be approved by the Minnesota Department of Education (MDE). Example: A working lunch might be allowable to ensure full participation by attendees and if training continues during the lunch. Funds may not be used for entertainment, alcohol purchases or gifts. Refer to the applicable federal uniform guidance for cost principle information.

A meeting or conference hosted by a grantee and charged to the grant must not be promoted as a U.S. Department of Education conference.

B. Records

The grantee shall maintain books, records, documents and other evidence pertaining to the costs and expenses of implementing this application to the extent and in such detail as will accurately reflect all gross costs, direct and indirect, of labor materials, equipment, supplies, services and other costs and expenses of whatever nature. The grantee shall use generally accepted accounting principles. The grantee shall preserve all financial and cost reports, books of account and supporting documents and other data evidencing costs allowable and revenues and other applicable credits under this award which are in the possession of the grantee and relate to this award, for a period of no less than six years and the respective federal requirements where applicable.

All pertinent records and books of accounts related to this award and subsequent awards shall be preserved by the grantee for a period of six years subject to the following criteria:

1. The six-year retention period shall commence from the date of submission of the final expenditure report.
2. If any litigation, claim or audit is started before the expiration of the six-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
3. The grantee agrees to cooperate in any examination and audit under the provisions of this paragraph.

C. Examination

The State of Minnesota or its representative or the federal administering department (when applicable) shall have the right to examine books, records, documents and other evidence and accounting procedures and

practices, sufficient to reflect properly all direct and indirect costs and the method of implementing the award. The grantee shall make available at its office and at all reasonable times before and during the period of record retention, proper facilities for such examination and audit.

D. State and Federal Audits

Under [Minnesota Statutes 2024, section 16B.98, subdivision 8](#), the grantee's books, records, document, and accounting procedures and practices relevant to this grant are subject to examination by the Commissioner, , the state granting agency, the State Auditor, the Attorney General, and the Legislative Auditor, as appropriate, for a minimum of six years from the end of this grant, receipt and approval of all final reports, or the required period of time to satisfy all state retention requirements, whichever is later. If federal funding, all grantees are subject to retention requirements related to audits.

If the grantee (in federal Office of Management and Budget (OMB) Circular language known as "subrecipient") receives federal assistance from the state of Minnesota, it will comply with the applicable single audit requirements. The grantee will provide copies of the single audit reporting package upon request.

E. Subcontracting and Subcontract Payment

1. A subrecipient is a person or entity that has been awarded a portion of the work authorized by a Grant Award Notification and Application by grantee. The grantee must document any subaward through a formal legal agreement. The grantee must provide timely notice to the State of any subrecipient(s) prior to the subrecipient(s) performing work for the Grant Award Notification and Application.
2. The grantee must monitor the activities of the subrecipient(s) to ensure the subaward is used for authorized purposes; is in compliance with the terms and conditions of the subaward, [Minnesota Statutes 2024, section 16B.97, subdivision 4 \(a\) \(1\)](#), and other relevant statutes and regulations; and that subaward performance goals are achieved.
3. During a grant award period, if a subrecipient is determined to be performing unsatisfactorily by the State's Authorized Representative, the grantee will receive written notification that the subrecipient can no longer be used.
4. No subagreement shall serve to terminate or in any way affect the primary legal responsibility of the Grantee for timely and satisfactory performances of the obligations contemplated by the Grant Award Notification.
5. The grantee must pay any subcontractor in accordance with [Minnesota Statutes 2024, section 16A.1245](#).
6. The grantee and any subrecipients must not contract with vendors who are [suspended or debarred by the State of Minnesota or the federal government](#).

5. Liability

Grantee agrees to indemnify and save and hold the state of Minnesota, its agents and employees harmless from any and all claims or causes of action, including all attorneys' fees incurred by the state arising from the performance of the award by grantees, agents or employees. This clause shall not be construed to bar any legal remedies grantee may have for the State of Minnesota's failure to fulfill its obligations pursuant to the award and subsequent awards.

6. Ownership of Materials and Intellectual Property Rights

A. Intellectual Property Rights

The State of Minnesota shall own all rights, title and interest in all the intellectual property rights, including copyrights, patents, trade secrets, trademarks and service marks in the works and documents created and paid for under the award. Works means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes and disks conceived, reduced to practice, created or originated by the grantee, its employees, agents and subcontractors, either individually or jointly with others in the performance of this award. Works includes “Documents.” Documents are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks or other materials, whether in tangible or electronic forms, prepared by the grantee, its employees, agents or subcontractors in the performance of this award. The documents will be the exclusive property of the State of Minnesota and all such documents must be immediately returned to the state by the grantee upon completion or cancellation of the award. To the extent possible, those works eligible for copyright protection under the United States Copyright Act will be deemed to be “works for hire.” The grantee assigns all right, title and interest it may have in the works and the documents to the State of Minnesota. The grantee, at the request of the state of Minnesota, shall execute all papers and perform all other acts necessary to transfer or record the State of Minnesota’s ownership interest in the works and documents.

B. Notification

Whenever any invention, improvement or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the grantee, including its employees and subcontractors, in the performance of the award, the grantee will immediately give the State of Minnesota’s authorized representative written notice thereof, and must promptly furnish the authorized representative with complete information and/or disclosure thereon.

C. Representation

The grantee must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the works and documents are the sole property of the state of Minnesota, and that neither the grantee nor its employees, agents, or subcontractors retain any interest in and to the works and documents. The grantee represents and warrants that the works and documents do not and will not infringe upon any intellectual property of other persons or entities.

Notwithstanding Liability clause 5, the grantee will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the state of Minnesota, at the grantee’s expense, from any action or claim brought against the state of Minnesota to the extent that it is based on a claim that all or part of the works or documents infringe upon the intellectual property rights of others.

The grantee will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs and damages, including but not limited to, attorney fees. If such a claim or action arises, or in the grantee’s or the state of Minnesota’s opinion is likely to arise, the grantee, must at the state of Minnesota’s discretion, either

procure for the state of Minnesota the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or documents as necessary and appropriate to obviate the infringement claim. This remedy of the state of Minnesota will be in addition and not exclusive of other remedies provided by law.

7. Publicity and Endorsement

Any publicity given to the program on, publications or services provided resulting from the award, including, but not limited to, notices, informational pamphlets, press releases, research, website pages, reports, signs and similar public notices prepared for the grantee or its employees individually or jointly with others or any subrecipients, shall publicly identify the state of Minnesota as the sponsoring agency and identify the source of funding. The publicity described may only be released with the prior approval of the state of Minnesota's authorized representative.

The applicant/awardee must **not** claim that the state of Minnesota or the federal Department of Education **endorses** its products or services. See a sample statement below:

Example: The contents of this publication, film, or conference do not necessarily represent the policy of the U.S. Department of Education or the Minnesota Department of Education and you should not assume endorsement by the federal or state government.

See the sample publicity statement below for citing the funding source below:

Example: This training is partially funded with a grant from the Minnesota Department of Education using federal funding, CFDA 84.027A, Special Education - Grants to States.

The civil remedies of [Minnesota Statutes 2024, section 13.08](#) apply to the release of the data referred to in this paragraph by either the grantee or the state of Minnesota.

If the grantee receives a request to release the data referred to in this paragraph, the grantee must immediately notify the state of Minnesota. The state of Minnesota will give the grantee instructions concerning the release of the data to the requesting party before the data is released.

These numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the grantee to file state tax returns and pay delinquent state tax liabilities, if any.

10. Worker's Compensation

Grantee certifies that it is in compliance with [Minnesota Statutes 2024, section 176.181, subdivision 2](#), pertaining to workers' compensation insurance coverage. The grantee's employees and agents will not be considered state employees. Any claims that may arise under the Minnesota Workers' Compensation Act on behalf of these employees and any claims made by any third party as a consequence of any act or omission on the part of these employees are in no way the state of Minnesota's obligation or responsibility. (Exemption/Waiver as allowed under law.)

6. [Minnesota Statutes 2024, chapter 363A, Human Rights](#).

19. Pre-Award Work and Pre-Award Costs

The grantee understands that no work should begin, and no pre-award costs would be covered under this award until all required signatures have been obtained, an Official Grant Award Notification (OGAN) has been issued, or other award documentation has been received and the grantee is notified to begin work by the state's program authorized representative or their designee. If an exception to this is determined necessary by MDE, the grantee would be informed in writing or email by the state of Minnesota's program authorized representative or designee.

However, the grantee will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that dedicated funds are available.

In the event of temporary lack of funding or appropriation, the State may pause its obligations under a grant award without terminating it. This pause will be for the duration of the lack of funding or appropriation and shall not be considered a termination of the Official Grant Award Notification and Application. The grantee will be notified in writing of the temporary pause, and the grantee's ability to provide services may be temporarily suspended during this period. The State will provide reasonable notice to the grantee of the lack of funding or appropriation and shall notify the grantee once funding is restored or appropriated, at which point the provision of services under the Official Grant Award Notification and Application may resume.

The State will not be assessed any penalty if the grant is terminated due to insufficient funding. The State must provide the grantee notice of the lack of funding within a reasonable time of the State's receiving notice.

25. Termination of Grant Agreements

The State may take action to protect the interests of the State of Minnesota, including the refusal to disburse additional funds and requiring the return of all or part of the funds already disbursed.

Application Narrative

Cloquet Public Schools serves 2,343 students, and 625 of those students identify as American Indian, making up more than one quarter of the district's enrollment. This large population creates both an opportunity and a responsibility for the district to provide meaningful, culturally responsive education, especially in supporting the revitalization of the Ojibwe language. Ojibwe is central to cultural identity, community connection, and intergenerational knowledge for the Ojibwe people, yet it remains an endangered language due to historical disruptions and declining numbers of fluent speakers. Schools play a vital role in reversing this trend by providing early, consistent, and high-quality language instruction. Cloquet Schools has Ojibwe language programming at multiple levels, but gaps in access and consistency, especially at the elementary level, limit the district's ability to fully support language revitalization efforts.

We currently offer Ojibwe Language as an elective course for students in grades 9–12 at Cloquet High School and within the Area Alternative Learning Program, and Middle School students in grades 7 and 8 are introduced to Ojibwe through a rotational model that includes drum instruction. Beginning this school year, 5th and 6th grade students gained access to Ojibwe language learning through the purchase of Rosetta Stone licenses, allowing for self-paced instruction with staff monitoring progress and offering incentives for milestone completion. At the elementary level, there are no dedicated Ojibwe language teachers; however, American Indian Education classrooms work to weave Ojibwe language into daily instruction through conversations, signage, literature, games, and culturally relevant activities. While these efforts reflect strong commitment, they do not provide equitable or systematic language instruction for all students.

The absence of a licensed Ojibwe language teacher at the elementary level has been raised during parent committee meetings and has also been identified by parents and guardians on American Indian Education Program language assessments. Early childhood and elementary should be investment years for language learning and it should be a shared commitment among our schools, families, and tribal communities; however, most students do not receive structured Ojibwe instruction during this time, and there are currently no community-based Ojibwe language offerings that specifically serve elementary-aged students.

For 5th and 6th graders, reliance on self-paced digital tools without consistent guidance from a fluent speaker limits opportunities for oral language development, cultural context, and meaningful engagement. The absence of a cohesive K–12 scope and sequence results in students entering middle and high school Ojibwe courses with varying levels of exposure and confidence, which affects overall program effectiveness.

Cloquet Public Schools is seeking funding through the Native Language Revitalization Grant Competitive Opportunity Application to secure a 1.0 FTE licensed Ojibwe Language Teacher who would be shared between the district's two elementary schools and provide direct instruction to students in grades 5 and 6. At the elementary level, this teacher would function within the existing specialist rotation model, similar to the media specialist. By embedding Ojibwe language instruction into the elementary rotation schedule, all students, regardless of background, would have regular, equitable opportunities to learn Ojibwe as part of their core educational experience at Cloquet Schools. This approach both normalizes Indigenous language learning and affirms the cultural significance of Ojibwe within the school community.

Grant funds would also support the development and purchase of culturally and linguistically appropriate curriculum materials, as well as the costs associated with recruiting and licensing a qualified Ojibwe language teacher. Due to the limited number of licensed Ojibwe language educators statewide, intentional recruitment efforts and licensure support are essential to securing a highly qualified candidate. Because there are very few licensed Ojibwe language teachers statewide focused recruitment and licensure support are needed to hire a qualified teacher. With these supports the district can provide instruction that is age-appropriate, culturally grounded and aligned with learning standards.

Adding a dedicated Ojibwe Language Teacher would strengthen Cloquet Schools' language revitalization efforts by creating a clear and consistent learning path that begins in elementary school. Students would build basic speaking skills, feel more confident using the language, and develop a stronger understanding of the cultural meaning behind the words.

For Native students, this programming supports identity development, belonging, and academic engagement, while for all students it reinforces respect for Indigenous culture and diversity. By expanding access through the elementary rotation model and strengthening instruction in grades 5 and 6, Cloquet Schools will create a more cohesive, equitable, and sustainable Ojibwe language program that honors community heritage and supports the preservation of the Ojibwe language for future generations.

Capacity of the Applicant

Cloquet Public Schools has a strong and longstanding commitment to supporting Native language revitalization and is well-positioned to expand these efforts if awarded the Native Language Revitalization Grant. Cloquet Schools has taken deliberate steps over the years to integrate Ojibwe language instruction into multiple settings. It was once only offered in the high school and our teacher was only a .4FTE. Over the past 6 years we have been able to increase class rosters to grow from Ojibwe 1- Ojibwe 3 and now our teacher is a 1.0FTE .This grant will provide the necessary resources to strengthen a district-wide sequential approach to Ojibwe language instruction.

Currently as noted in the narrative, Cloquet Schools offers Ojibwe language instruction through multiple programs, demonstrating both experience and commitment. At the high school level, students in grades 9–12 have the opportunity to take Ojibwe as an elective course. Students in the Alternative Education program for grades 9–12 also receive Ojibwe instruction, ensuring that multiple pathways exist for high school students to engage with the language. At the middle school level, 7th and 8th grade students participate in a rotational program that integrates Ojibwe language learning alongside other cultural experiences, including drum instruction. This rotation model introduces students to the language in a developmentally appropriate and culturally meaningful way, allowing them to build both oral skills and cultural understanding. For upper elementary students, grades 5 and 6 currently have access to Ojibwe language learning through Rosetta Stone licenses, which are provided specifically for Native students. While this platform allows students to practice vocabulary, pronunciation, and basic conversational skills in a self-paced environment, it is not a substitute for instruction from a fluent, licensed teacher who can contextualize language within culture, provide interactive practice, and guide students toward proficiency.

Despite these existing programs we are looking to strengthen in the areas of elementary grades. Early childhood and elementary years are essential and represent a key period for language investment in our youth. Elementary students are most receptive to learning new languages and can establish foundational skills that support continued language growth in later grades. Our American Indian Education classrooms at the elementary level incorporate Ojibwe language through signage, literature, games, and conversations, exposure is limited.

The absence of a licensed Ojibwe language teacher has been raised repeatedly in parent committee meetings and has been identified by parents and guardians on American Indian Education Program language assessments, demonstrating a clear need within the community. The district recognizes that meeting this need requires both dedicated instructional time and qualified staff who are fluent in the language and trained in culturally responsive pedagogy.

If awarded this grant, Cloquet Schools will hire a 1.0 FTE Ojibwe Language Teacher to provide dedicated instruction to students at the elementary level as well as 5th and 6th graders, ensuring that early learners do not rely solely on digital resources for language acquisition. The elementary-level instruction will be structured as part of the school's specialist rotation model, similar to the media specialist. All students will have equitable access to Ojibwe language learning and that instruction is delivered consistently across classrooms. Including Ojibwe language in the rotation schedule, all students will get regular, age-appropriate exposure to the language while also learning its cultural importance. This approach will also let the teacher give direct instruction to upper elementary students, supporting their learning with guided practice, speaking skills, and lessons connected to Ojibwe culture, instead of relying only on Rosetta Stone.

Grant-funded activities will be led and supported by a team of qualified staff with experience in language instruction, cultural education, and program administration. The team will include the American Indian Education Program Director, the current Ojibwe Language Teacher, newly hired Ojibwe Language Teacher, American Indian Education teachers in the elementary schools, and the elementary principals. The AIE Program Director will oversee program implementation, curriculum alignment, and monitoring of student progress, while the Ojibwe Language Teacher will design and deliver instruction tailored to each grade level. Elementary principals and AIE teachers will provide classroom support, facilitate scheduling within the rotation model, and help create a learning environment that values language development and cultural understanding. For any new hires, the district will conduct a thorough recruitment process focused on candidates with a current teaching license in American Indian Language, History, and Culture, high proficiency in Ojibwe, demonstrated experience in language instruction, and the ability to create culturally responsive lessons. Candidates will be assessed for language proficiency and fluency through verification of licensure, interviews, sample teaching demonstrations, and ongoing evaluation of instructional effectiveness.

Cloquet Schools is committed to ensuring that Ojibwe language instructional staff are compensated appropriately for their expertise, language proficiency, and experience. Salary and benefits for the Ojibwe Language Teacher will be determined according to placement on the district's teacher contract, which recognizes licensure level, proficiency, and relevant teaching experience. This ensures that highly qualified staff are fairly compensated and that their skills and cultural knowledge are valued. Additionally, the district will provide ongoing professional development opportunities to support instructional staff in maintaining and improving their language proficiency, developing new instructional strategies, and engaging with best practices in Native language education. This may include attendance at professional learning communities, workshops,

conferences, or other trainings focused on language revitalization, culturally responsive pedagogy, and curriculum development.

The addition of a dedicated Ojibwe Language Teacher will have a profound impact on students and the community. Elementary students will gain a solid foundation in oral language skills, pronunciation, conversational ability, and cultural understanding, preparing them for continued study in middle and high school.

Cloquet Schools has the capacity, expertise, and commitment to implement this program successfully. The district has a history of providing Ojibwe language instruction across multiple grade levels and learning environments and has demonstrated an ability to coordinate among classroom teachers, program directors, and school leadership to meet student needs. With the support of the Native Language Revitalization Grant, Cloquet Schools will address existing gaps, provide equitable access for all elementary students, and strengthen the continuity and quality of Ojibwe language instruction district-wide. This effort represents a meaningful investment in our youth, our community, and the preservation of the Ojibwe language for generations to come.

Community Equity and/or Family Engagement and Outreach:

Cloquet Schools and the American Indian Education Program values its strong partnerships with families and the community in supporting Ojibwe language programs. Parent and community input has been a critical part of planning our language programs currently and in the past. The district regularly engages with the American Indian Education Parent Committee to ensure initiatives meet the needs of students and families. The parent committee has expressed a strong desire to see two full-time Ojibwe language teachers, one at each elementary school, to provide maximum access for all students. While this reflects the community's commitment to language preservation, the district recognizes practical limitations. Finding a licensed Ojibwe language teacher has proven challenging; our current teacher was difficult to recruit, and identifying a second licensed teacher would be just as difficult, if not more so, and finding two could be impossible. In addition, sustaining two full-time positions beyond grant funding, as well as managing classroom space, scheduling, and equitable student access, would present further obstacles. To balance community priorities with these realities, we are proposing to hire one full-time Ojibwe Language Teacher who will rotate between the two elementary schools. This approach ensures all students receive regular, developmentally appropriate instruction and that the teacher's time and expertise are used effectively.

Community and family engagement will remain central to the program. Families will be invited to participate in cultural events, classroom activities, and language celebrations, creating opportunities for intergenerational learning and reinforcing the importance of Ojibwe language outside the classroom. Ongoing communication with families ensures that instruction reflects community values and supports cultural identity. By involving parents and community members in planning, implementation, and celebration of student progress, Cloquet Schools ensures that Ojibwe language instruction is inclusive, culturally grounded, and responsive to the needs of the students it serves, building shared ownership and pride in revitalizing the Ojibwe language.

Work Plan: Goal, Strategies and Estimated Timelines

Goal #1: Closing the Achievement Gap for American Indian Students

The first goal that aligns similar to our Comprehensive Achievement and Civic Readiness (CACR) district goals is to close the achievement gaps for our American Indian students. Among the significance closing these gaps have academically, they also improve cultural identity and this one specifically has educational outcomes for our American Indian students by expanding equitable access to quality, culturally responsive Ojibwe language instruction beginning in elementary school.

Strategy #1: Provide early and consistent Ojibwe Language Instruction. (Year 1) Hire 1.0FTE licensed Ojibwe Language Teacher to deliver instruction at the elementary level, including grades 5 & 6, ensuring students do not rely solely on digital resources. (Year 2) Retain staff and refine instructional practices based on student engagement and progress data.

Strategy #2: Embed culturally responsive instruction into the school day. (Year 1) By integrating Ojibwe language into the elementary specialist rotation model, guaranteeing consistent instructional time and access for all students. (Year 2) Expand and adjust based on student needs and feedback.

Strategy #3: Monitor and Support Progress. (Year 1) Through collaboration between the AIE Program Director, Ojibwe Language Teacher, AIE Elementary Teachers, Elementary Administrations and other Elementary staff to align instruction and respond to student needs. (Year 2) Review data with AIE staff and principals to adjust to support continuous improvement.

Goal #2: Preparing Students to Be Lifelong Learners

This is a natural and powerful alignment with our CACR district goal: preparing students to be lifelong learners by igniting curiosity, cultural pride, and strong language foundations through a district-wide, sequential Ojibwe language program that grows with students from elementary school through high school.

Strategy #4: Establish a K-12 Ojibwe language pathway. (Year 1) By aligning elementary instruction with existing middle school and high school Ojibwe courses to create continuity and long-term language development. (Year 2) Refine alignment and transitions between grade levels to support continued language growth and student readiness.

Strategy #5: Support instructional quality and growth. (Year 1) Through ongoing professional development in Native language revitalization, culturally responsive pedagogy, and best practices in language instruction. (Year 2) Continue professional learning and collaborative planning to sustain high-quality instruction beyond the grant period.

Assessment Plan

Assessments will be developed with the Ojibwe Language Teacher to teach proficiency and fluency gains among students participating in grand funded Ojibwe Language Instruction. An example of what those assessments could look like would be; regular oral language checks, conversational practice, presentations, and/or storytelling. Benchmarks will be aligned to grade-level expectations.

For the 5th & 6th grade students who are currently using Rosetta stone self-paced digital programs, the Ojibwe Language Teacher, will track student progress through completion of lessons, mastery of vocabulary, and demonstrated ability to use the language in context. Data will be collected and reviewed regularly to inform instruction, provide targeted support and celebrate student milestones. Dedicated language class time will be a priority.

If awarded, the new Ojibwe Language Teacher will work under the guidance of the more senior Ojibwe Language Teacher, who will provide mentorship and participate in classroom observations. Language proficiency and fluency will be confirmed through licensure, oral demonstrations, and classroom observation. Performance evaluations will also include reviews of lesson plans and how well instruction incorporates culturally responsive practices. The teacher will engage in self-reflection and maintain PD logs to track growth in teaching strategies and cultural integration.
