STAFF CONDUCT WITH STUDENTS

The Board expects all staff members, including teachers, coaches, counselors, administrators, and others to maintain the highest professional, moral, and ethical standards in their conduct with students. For the purposes of this policy, staff members also include school volunteers. The term “students” excludes a staff member’s immediate family members.

The interactions and relationships between staff members and students should be based upon mutual respect and trust; an understanding of the appropriate boundaries between adults and students in and outside of the educational setting; and consistency with the educational mission of the schools.

Staff members are expected to be sensitive to the appearance of impropriety in their conduct with students. Staff members are encouraged to discuss issues with their building administrator or supervisor whenever they are unsure whether particular conduct may constitute a violation of this policy.

Unacceptable Conduct

Examples of unacceptable conduct by staff members include but are not limited to the following:

- Any type of sexual or inappropriate physical contact with students or any other conduct that might be considered harassment under the Board's policy on Harassment By Employees;
- Singling out a particular student or students for personal attention and friendship beyond the normal teacher-student relationship;
- Associating with students in any situation or activity that includes the presence of alcohol, drugs, or tobacco or that could be considered sexually suggestive;
- For non-guidance/counseling staff, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to be supportive but to refer the student to appropriate guidance/counseling staff. In either case, staff involvement should be limited to a direct connection to the student's school performance;
- Sending students on personal errands;
- Sexual banter, allusions, jokes, or innuendos with students;
- Asking a student to keep a secret;

- Disclosing personal, sexual, family, employment concerns, or other private matters to one or more students;

- Permitting students to address you by your first name, nickname or otherwise in an overly familiar manner.
- Being alone with individual students by closing a room door except when dealing with issues of health by appropriate personnel, or being alone with individual students outside of normal school hours;

Students and/or their parents/guardians are strongly encouraged to notify the principal if they believe a teacher or other staff member may be engaging in conduct that violates this policy.

Staff members are required to notify promptly the principal or superintendent if they become aware of a situation that may constitute a violation of this policy.

Staff violations of this policy may result in disciplinary action up to and including dismissal. Violations involving sexual or other abuse will also result in referral to the Department of Health and Human Services and/or law enforcement in accordance with the Board's policy on Child Abuse Reporting.

Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing investigation of this policy, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of this policy.

This policy shall be included in future employee, student and volunteer handbooks.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The superintendent will appoint an investigator and alternate investigator of opposite sexes. The investigator will pass the findings on to the superintendent who will complete any further investigations as deemed necessary and take appropriate final action.

Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing abuse of students investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of this policy.

The superintendent is responsible for implementing this policy and for organizing employee training when needed relating to this policy. Procedures shall be reviewed periodically for adequacy and accuracy.

EMPLOYEE CONDUCT AND APPEARANCE

OBJECTIVES FOR EQUAL EDUCATIONAL OPPORTUNITIES FOR STUDENTS

This section of the board policy manual is devoted to the board's goals and objectives for assisting the students of the school district in obtaining an education. Each student shall have an opportunity to obtain an education in compliance with the policies in this series. It is the goal of the board to develop a healthy social, intellectual, emotional, and physical self-concept in the students enrolled in the school district. Each student attending school will have the opportunity to use it and its education program and services as a means for self-improvement and individual growth. In so doing, the students are expected to conduct themselves in a manner that assures each student the same opportunity.

The board supports the delivery of the education program and services to students free of discrimination on the basis of race, color, national origin, sex, disability, religion or marital status, sexual orientation or gender identity and provides equal access to the Boy Scouts and other designated youth groups. This concept of equal educational opportunity serves as a guide for the board and employees in making decisions relating to school district facilities, employment, selection of educational materials, equipment, curriculum, and regulations affecting students.

Board policies, rules and regulations affect students while they are on school district property or on property within the jurisdiction of the school district; while on school owned, operated, or chartered transportation; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and educational processes of the school district.

This section of the board policy refers to the term "parents" in many of the policies. The term parents for purposes of this policy manual shall mean the legal parents. It shall also mean the legal guardian or custodian of a student and students who have reached the age of majority or are otherwise considered an adult by law.

Inquiries by students regarding compliance with equal educational opportunity laws and policies, including but not limited to complaints of discrimination, shall be directed to the [Compliance Coordinators or the building principal](#) ~~superintendent or his or her designee.~~

Inquiries may also be directed in writing to the Director of the Kansas Office of Civil Rights, U.S. Department of Education, One Petticoat Lane, 1010 Walnut Street, Suite 320, Kansas City, MO 64106, (816) 268-0550, the Nebraska Equal Opportunity Commission, State Office Building, 301 Centennial Mall South, 5th floor, P.O. Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. STUDENT CONDUCT

The board believes inappropriate student conduct causes serious disruption to the learning environment, interferes with the rights of others, and threatens the health and safety of students, employees and the public. The Superintendent and staff will develop and implement age-appropriate student codes of conduct to facilitate the educational process.

Students shall conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district. This policy will also apply while on school owned, operated or chartered transportation; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and educational processes of the school district.

The codes of conduct will include measures to prevent or discourage behavior which interferes with the educational program, behavior which disrupts the orderly and efficient operation of the school or the functioning of school activities, behavior which interferes with the maintenance of a learning environment, behavior that is violent or destructive, or behavior which interferes with the rights of other students to pursue their education. Procedures will be available to allow rights of due process for all students.

If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

This disciplinary process is designed to create the expectation that the degree of discipline imposed by the school will be proportionate to the severity of the behavior of the particular student, the previous discipline history of the student and other relevant factors. It will also include parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance appropriate student behavior and academic performance. All student codes of conduct shall be submitted to the board for approval or review.

The Board of Education prohibits the organization of school-sponsored fraternities, sororities or secret organizations wherein membership is determined by members themselves rather than on the basis of free choice. The Board considers those organizations or memberships in those organizations detrimental to the good conduct and discipline of the school. Interference with the instructional program of the district by those groups will not be condoned, and no organizational activities are permitted under the sponsorship of the school district or its personnel.

In addition, the use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group, is disruptive of a positive learning environment and will not be tolerated.

The district will provide appropriate training to staff and incorporate within its educational program age-appropriate dating violence education that shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

Every report of alleged dating violence that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing dating violence investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged dating violence.

This policy shall be published in the student handbook.

SUSPENSION AND EXPULSION OF STUDENTS

The authority to suspend for a "short term" and to propose an "extended term" suspension and/or expulsion is delegated to the principal or his or her designee. A short-term suspension shall mean the exclusion of a student from school attendance for a period not to exceed five school days. A long-term suspension means the exclusion of a student from school attendance for a period exceeding five school days but less than twenty school days.

The provisions of this section apply to all pupils enrolled in the school district. When considering possible courses of action for special education students in regard to alleged violations of school rules, policies, and regulations, procedural due process rights guaranteed under applicable Federal and State statutes are applicable. The school district is obligated to see that every special education student is provided an appropriate educational program without cost to the parent. Conversely, schools are not required to maintain pupils who are a danger to themselves or others in regular attendance centers.

Suspension from classes or school will not be carried out unless the student while subject to school authority:

1. uses violence, force, threat or intimidation in a manner causing substantial interference with school purposes; or
2. causes or attempts to cause substantial damage to school or private property or steals or attempts to steal school or private property of substantial value; or
3. causes or attempts to cause physical injury to another person except in self-defense; or threatens or intimidates any student for the purpose or intent of obtaining something of value from the student; or
4. possesses or transmits any firearm, knife, explosive or other dangerous object that is ordinarily considered a weapon; or
5. engages in the unlawful possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in section 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in section 53-103 or being under the influence of a controlled substance or alcoholic liquor; or
6. commits public indecency as defined in Nebraska statute 28-806 if that student is at least twelve years of age but less than nineteen years of age; or
7. commits or attempts to commit sexual assault against any person if a complaint has been filed by a prosecutor alleging the incident as required in Nebraska statute 79-267.8; or
8. engages in bullying as defined in section 79-2,137; or
9. engages in any other illegal activity which constitutes a danger to other students or interferes with school purposes; or
10. repeatedly violates the policies, rules and standards of student conduct established by the district.

A given suspension will be for a period of time not to exceed 5 school days. A student will be informed of the charges against him or her and, if the student denies them, an explanation of the evidence will be given and the student will be given an opportunity to refute the charges. No time delay is necessary between the time a pupil is notified of the charges and the time of the hearing before the principal.

Guidelines to ensure that students are afforded due process during a suspension or proposed suspension from school will be developed. The procedural rules, regulations and guidelines will be approved by the Board of Education and made known to students, parents and school staff.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

Administrative procedures complying with the Student Discipline Act shall also be in place to ensure due process to the student should the principal decide to administer a long-term suspension, expulsion, or mandatory reassignment.

Emergency Exclusion: Any student may be excluded from school in the following circumstances:

- 1) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- 2) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266 to 287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

The principal should make a reasonable effort to contact the parent(s) or guardian(s) of a suspended student by telephone or to communicate to them directly regarding the specific

act(s) for which the suspension is ordered and the length of the suspension. If personal contact cannot be made then a notice will be mailed to parents within 24 hours stating the specific act(s) for which the suspension is ordered and the length of the suspension.

All records and documentation regarding suspension will be destroyed within three years of the student's continuous absence from school. No information regarding a suspension will be communicated to any person not directly involved in the disciplinary proceedings.

The right of appeal to the Board of Education in cases involving student suspension described in this policy does not extend to a suspension from a student extracurricular activities program or other disciplinary action affecting participation in an extracurricular activities program.

For the purposes of this policy and as defined in the Student Discipline Act, expulsion shall mean exclusion from attendance in all schools within the district for a period of time as defined in Nebraska statute 79-283.

Students may be expelled for violations of board policy, school rules or the law. It shall be within the discretion of the administrator to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

The superintendent will develop procedural rules, regulations and guidelines governing expulsions. These shall be approved by the Board of Education and made known to students, parents and school staff. The principal shall keep records of all expulsions.

All cases of expulsion shall be preceded by short-term suspension and its related procedures or by the condition of emergency exclusion which applies only when a student (a) has a dangerous communicable disease transmissible through normal school contacts and poses an immediate threat to the health and safety of the school community; or (b) exhibits conduct which presents a clear threat to the physical safety of himself/herself or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

When a student is expelled, the student shall be provided with:

1. Notice of the standard of conduct allegedly violated, acts the student is alleged to have committed and a summary of the evidence to be presented against the student;
2. The penalty, if any, which the principal has recommended in the charge and any other penalty to which the student may be subject;
3. A statement that the student has a right to a hearing, upon request, on the specified charges;

4. A description of the hearing procedures, along with procedures for appealing any decision rendered at the hearing;
5. A statement the principal, legal counsel for the school, the student, the student's parent or representative or guardian has the right;
 - A. to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and;
 - B. to know the identity of the witnesses to appear at the hearing and the substance of their testimony;
6. A form on which the student or the student's parent/guardian may request a hearing.

Violations of Law Relating to Suspensions or Expulsions

1. Student violations or suspected violations of Nebraska law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable.

On or before August 1 the school board will annually review the reporting guidelines above with the County Attorney. These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of enrollment if during the school year. The guidelines shall also be posted conspicuously in each school during the school year.

2. Except in instances of suspected child abuse, when a principal or designee releases a minor student to a law enforcement officer for the purpose of removing the minor from the school premises, immediate steps shall be taken to notify the parent, guardian, or other relative having control of the minor about the minor's release to the officer and about the place to which the minor is reportedly being taken. In cases of suspected child abuse, the principal or designee will provide the law enforcement officer with the address and telephone number of the minor's parents or guardian.

Supplemental to these procedures, a special education student must be provided with additional procedures. A determination should be made of whether the student is actually guilty of the misconduct. A staffing team should determine whether the student's behavior is caused by the student's disability and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded.

LIVE BROADCAST OR VIDEOTAPING

Within the limitations described below, Individuals may broadcast or videotape public school district events, including open board meetings, as long as it does not interfere with or disrupt the school district event and it does not create an undue burden in adapting the buildings and sites to accommodate the request.

It shall be within the discretion of the superintendent to determine whether the request is unduly burdensome and whether the broadcast or videotaping will interfere with or disrupt the school district event.

In addition to limitations on recording or transmitting image or sound in policy 504.12 referenced below, anyone recording or transmitting any sound or image of any person (including themselves) must have the prior consent of the person or persons being recorded or whose image or sound is being transmitted. This requirement applies to all persons, including staff, students, volunteers, and community members, at district facilities or attending district sponsored events. This policy does not apply to District-sponsored athletic events or activities where the focus of the recording or transmission is on the student performances or activity. Nothing in this policy shall prohibit the recording of an Individualized Education Program meeting when necessary to implement parental rights as guaranteed by the Individuals with Disabilities Education Act or in conducting meetings to implement Section 504.

News media coverage of sports and other special events is encouraged. Radio broadcasts of events will be arranged through the superintendent's office. Videotaping of classroom activities will be allowed at the discretion of the superintendent. Parents will be notified prior to videotaping of classroom activities.

It shall be the responsibility of the superintendent to implement this policy and for handling requests for other broadcasting or videotaping activities develop administrative regulations outlining the procedures for making the request and the rules for operation if the request is granted.
