Discipline and Attendance

Biggest infractions this month would be cell phones, but they are starting to level out as students are understanding that our teachers and staff are becoming more observant and much more consistent of the problem. We saw an early rise when we first had the discussion and now it is starting to get better.

SUPERINTENDENT REPORT

DECEMBER 14, 2022

Being happy, but not satisfied

"Satisfaction lies in the effort, not in attainment, full effort is full victory."

Effort is what is what we look for in all of our students and our staff. It isn't always about the publicity, the trophies or the recognition. It is about how much we see each other put into our passions and the growth we make from that effort. I am proud of our student and our staff for the tremendous gains that we have made this semester. There were a lot of questions on how the heck things would look but as you look back, we have had many step up and show what they can do. As we look forward, I am excited to carry this momentum into the new year and how we can continue to improve as a staff, a student body and as a district.

Goals for finishing the 2nd quarter:

A school can be designated as CSI if it receives Title I funding and the scores at the school pass through all three stages of the designation filter, or if the school has a 4-year cohort graduation rate less than 67%. Please see <https://aquestt.com/resources/> for additional details of the CSI rules. Districts are not eligible for CSI.

Furthest Progress in CSI Designation: Stage 0

RECOMMENDATIONS

1. Regular meetings of the Crisis Team and Safety Team could be held. A review checklist for safety walk-throughs has been provided to the District as a template for future use.
2. Monthly fire extinguisher inspections should be documented on the tag on each extinguisher.
3. Identifying interior and exterior doors from the inside could be useful. In a stress situation, people don't always remember basic information, so these aids can be helpful.

Subject: Salt spreader

Steve,

I have a John Deere 10 cubic foot in bed spreader at our Elkhorn store. It runs \$6,995.00 The only thing it might need is a harness to the dash. Here is the info on it. I sent you a text of the picture of it. I also asked about it doing sidewalks and all they said is that you can turn the motor down and drive slow but wouldn't tell me how narrow of a path it would cover. You could probably modify it with a shield but they don't make one. They do make a hitch one that's only 3 cubic feet. Let me know if you have any questions.

Modern Controls Meet More Capacity

The 10 cu ft In-Bed Spreader easily expands the capabilities and productivity of operators with John Deere Full-Size Crossover Gators™ (XUV835 and XUV865). Featuring exclusive controls and ample hopper capacity, these spreaders are the ideal spreading solution to partner with a Gator to help operators quickly apply large amounts of ice melt materials.

Controlling the spreader is simple with the 3.5-in. (9-cm) weatherproof, color display that conveniently mounts to the Gator's dash. Four push buttons are used to navigate functions that include independent adjustment of the auger and spinner speeds, selecting a vibratory motor setting, and even reversing the auger to quickly clear jammed material. Intuitive features are also programmed, like an unload mode to completely empty the hopper and automatic jam clearing, which quickly reverses the auger. After initial setup, routine attachment of the display is fast and tidy as pre-installed wiring and existing holes are utilized for convenience.

A Gator-specific frame and mounting hardware provide a dedicated, secure fit to the vehicle's cargo box. Two stainless steel tie-down rods are used to secure the spreader to the tie-down hooks in the bed. Once securely mounted in the cargo box, filling the spreader is easy. Made from 5/16-in. rod, the top screen helps prevent clumped material from entering the hopper. After the hopper is full, a fitted tarp (included) easily slips over the top of the hopper to protect material from the elements.

During operation, a direct-drive transmission powers the horizontally-mounted 3-in. (7.6-cm) steel auger. Above the auger is a steel "V"-shaped baffle, which keeps weight off the auger and also assists with material flow. A vibratory motor featuring four modes (low, high, pulse, ramp) is connected to this baffle to help eliminate bridged material inside the hopper.

As material exits the hopper, it drops onto the 12-in. (30-cm) steel spinner pan. This spinner spreads material up to 30 ft (9.1 m) wide, helping operators quickly cover large surface areas. Conveniently, this entire spinner assembly can be disconnected to give operators access to the vehicle's hitch and minimize the spreader's footprint for storage.

Key Features

- **3.5-in. (9-cm) weatherproof, color display** – was designed exclusively to make controlling a Gator-mounted spreader easy. Four push buttons are used to navigate functions including independent adjustment of the auger and spinner speeds, vibratory motor settings, and even reverse on the auger to clear out jammed material. This display mounts to the vehicle's dash by utilizing existing holes
- **10 cu ft poly hopper** – offers ample volume for long periods of spreading ice melt materials
- **3-in. (7.6-cm) diameter steel auger** – is powered by a direct-drive motor and features variable speed control, automatic jam clearing, and reverse to clear jammed material
- **12-in. (31-cm) diameter steel spinner** – has independent speed control and can spread material up to 30 ft (9.1 m) wide. This entire assembly can be quickly disconnected to access the vehicle's hitch and reduce the spreader's overall footprint for storage
- **Vibratory motor** – features four modes (pulse, low, high, ramp) to help eliminate bridged material inside the hopper
- **Top screen and fitted tarp** – are included to help with material handling. The top screen prevents clumped material from entering the hopper, while the fitted tarp helps keep material dry

Subject: Drop spreader option

he Professional Choice for Precision Spreading

Whether you're a snow removal contractor, part of a grounds crew at a college campus, or a downtown municipality, a John Deere Drop Spreader is the professional choice for precision spreading. The 5-cubic-foot Gator Drop Spreader combines large material capacity with a precise 43 in (109 cm) spread width that is ideal for salting sidewalks. Heavy-gauge stainless steel construction, simple drives, and an industry-exclusive removable rotor tray make this attachment your ultimate spreading solution. Even better, when paired with a Gator Hitch and control solution (listed below), operation of spreader functions are done easily, right at your fingertips.

When using the Gator Drop Spreader with a compatible John Deere hitch, controlling the spreader is easy with the 2.4-inch OLED display that conveniently mounts within arm's reach. Push buttons are used to turn the auger on/off, adjust the auger speed, turn the vibratory motor on/off, and navigate the menu. The drop spreader even features a maintenance mode that can pulse the auger in reverse to help clear jammed material. If necessary, the display can be quickly and easily removed by disconnecting the extension cable and pulling the display bracket out of the slide bracket (except for the XUV835/865 Gators). After the initial installation, removal and subsequent installation is fast and tidy because the chassis wiring harness remains on the Gator.

Snow Problem? No Problem.

The 3-cubic-foot Gator Salt Spreader is the perfect solution for applying ice-melt materials in winter weather. These spreaders feature a poly hopper that can hold up to 240 lb (109 kg) of material to help you keep spreading and minimize your time spent refilling. After pairing with a Gator Hitch and an easy-to-use control solution (listed below), spread width adjustments can be made up to 25 ft (7.6 m).

When using the Gator Salt Spreader with a compatible John Deere hitch, controlling the spreader is easy with the 2.4-inch OLED display that conveniently mounts within arm's reach. Push buttons are used to turn the auger on/off, adjust the auger speed, and navigate the menu. If necessary, the display can be quickly and easily removed by disconnecting the extension cable and pulling the display bracket out of the slide bracket (except for the XUV835/865 Gators). After the initial installation, removal and subsequent installation is fast and tidy because the chassis wiring harness remains on the Gator.

*When an employee chooses the HSA, the District will deposit the difference between the \$1200 annual premium and the \$3800 HSA annual premium into each employee's HSA account on January 1.

*EHA PPO 100% A, 75% B, 50% C Coverage – Option 2

*District pays 100% of the premium

C. Tax Shelter

The staff may choose to participate in a supplemental retirement option or 403b plan

that is managed by 403b Consultants, LLC in Norfolk, NE. Staff may choose to use another investment/management firm with some limitations to the District's ability to offer as a pre-tax option.

D. Complete Annual Coverage

ARTICLE V

Leaves

A. Leave Days

At the beginning of each school year, each teacher will be credited with 11 paid leave days. The unused portion of such allowance shall be accumulated from year to year to a total of 30 days.

These accumulated days will be designated as sick days. Each school year, each teacher shall use the 11 paid leave days before being allowed to use the accumulated 30 sick days. The Board shall furnish to each teacher a written statement at the beginning of each school year setting forth the total of sick leave credit.

When using the accumulated 30 sick days and after five days of consecutive absence, the Board of Education through the Superintendent, may request a doctor's written statement outlining any continued need for time off, including the probable time of return to work.

After an absence, due to illness, the employee may be asked to sign a statement saying that the absence was due to illness.

Employees will be able to use their accumulated sick leave for illness and/or doctor's appointments in their immediate family. Immediate family shall include spouse, children, mother, father, mother-in-law, father-in-law, grandparents, and grandchildren and anyone living in the household under your care.

B. Emergency Leave Bank

The parties agree that it is in the best interests of the school district's students that certificated staff members miss work only when absolutely necessary. This Emergency Leave Bank is created to address instances in which employees are so ill that they cannot work due to a serious health condition and the employee has accrued inadequate paid sick leave to cover all of his/her absences. Participation in the Emergency Leave Bank is completely voluntary.

Eligibility for Emergency Leave Bank Days

Emergency Leave Bank participants are only eligible to withdraw days from the Emergency Leave Bank if they meet all of the following criteria. Employees must:

1. Be full-time certificated employees.
2. Employed by the school district at the start of the school year. Employees who begin

- employment in the middle of a school year will not be eligible to participate until they have completed that school year.
3. Have a "serious health condition" as defined under the Family and Medical Leave Act (FMLA) and regulations interpreting the FMLA. Emergency Leave Bank days will not be provided for the serious health condition of family members or for other circumstances qualifying for FMLA protection.
 4. Have requested leave through the FMLA/school district's FMLA policy.
 5. Have exhausted all applicable paid leave days and used all accumulated compensatory time.
 6. Not receive Workers' Compensation wage benefits for the days missed. Employees who dispute the denial of Workers' Compensation wage benefits and are ultimately awarded wage benefits will be required to assign back to the district any benefits received equal to the amounts received from the Emergency Leave Bank.
 7. Be deemed ineligible for any short- or long-term disability insurance coverage for which the employee is eligible, regardless of whether that coverage is obtained through the school district or from some other source.
 8. Provide the district with adequate medical certification, from a health care provider supporting the absence. The district may require recertification of the condition in accordance with FMLA recertification procedures. The adequacy of medical certification will be determined in the sole and unfettered discretion of the Committee identified below. All documentation of a serious health condition will be maintained confidentially and separately from the regular personnel file.
 9. Have contributed one day in each consecutive year of employment in order to be eligible for available days over 10 days.
 10. Submit a written application for benefits in writing to the Committee.

Number of Emergency Leave Bank Days

The maximum number of leave bank days employees may receive in any school year is limited in accordance with the chart below:

School Years Completed with District	Emergency Leave Bank Days Available
0-5 years	10 days
6-10 years	15 days
11-20 years	20 days
20 years or more	25 days

Employees who become eligible for Emergency Leave Bank days after the days in the bank have been exhausted will not receive Emergency Leave Bank days. Employees who have received the maximum number of Emergency Leave Bank days in a school year are ineligible for additional Emergency Leave Bank days for the next full school year.

Contributions

1. Donated leave days are irrevocable and nonrefundable.
2. Employees cannot designate the recipient of the donated days.
3. Each employee may donate a maximum of 1 day of accumulated leave to the bank per year.
4. Employees must have a minimum of 10 days of leave available for their own use after their donation to the bank.

Administration

1. The Emergency Leave Bank shall be administered by the Emergency Leave Bank Committee which shall consist of the Shelby-Rising City Superintendent and the President of the SRCEA.
2. Requests for leave will be reviewed by the Committee. The Committee's approval or denial of any Emergency Leave Bank request shall be final and shall not be subject to any grievance procedure or appeal process.
3. The Committee shall be responsible for keeping all records related to the bank, including participants, requests, approvals and denials, account balance, usage, etc. All documentation of a serious health condition will be maintained confidentially and separately from the regular personnel file.
4. The Committee may distribute Emergency Leave days from the bank until it is depleted. In no event may the Committee distribute days in excess of the number available in the Emergency Leave Bank.
Any unused leave days in the bank at the end of the school year will be carried over to the next school year.

Termination or Dissolution of the Bank

In the event that the Emergency Leave Bank is terminated, dissolved, or otherwise discontinued, any days remaining in the bank will be distributed equally among all employees who have contributed Emergency Leave days to the bank to the extent that full days, rather than fractions of days, may be distributed. Any remaining days will be assumed by the district. Participating employees do not have a property right to Emergency Leave Bank days.

C. Bereavement

Bereavement Leave: All regular full-time employees will be eligible for bereavement leave in the event of a death in your or your spouse's immediate family. Immediate family is defined as: Spouse, Children, Parents, Brothers, Sisters, Aunts, Uncles, Grandparents, Grandchildren, Parents-in-law, Son-in-law, Daughter-in-law, Brothers-in-law, Sisters-in-law, Grandparents-in-law, Stepchildren

The maximum bereavement leave will be three (3) days, including travel time, per occurrence. If additional time is needed or requested, PTO leave or leave without pay may be used with your supervisor's approval.

D. Professional

Teachers shall be granted professional leave as approved by administration.

ARTICLE VI

Professional Growth

A. Policy

Professional Growth: In accordance with Nebraska state statute 79-830, all permanent certificated employees shall be required, every six years, to give evidence of professional growth. Six semester hours of college credit shall be accepted by the Board of Education as evidence of professional growth, or in the alternative, a point system devised by and jointly administered by the Shelby-Rising City Education Association and the administration will be utilized to show evidence of professional growth. Standards for the point system shall be set and communicated annually to all certificated staff.

B. Professional Growth Chart

Teachers on probationary contracts do not need to work at gaining growth hours. However, probationary teachers will be given credit for all college credit. Tenured (permanent) teachers must begin meeting the requirements established through negotiations for professional growth procedures.

Professional growth activity will be documented by completing a Professional Growth Activity Form (found as a Google document). Administration approval will be required for all activities and a request substantiating evidence of the completion of the activity may, with discretion, be required.

Professional growth may be gained in a variety of ways. Points for college credit and/or meetings, workshops, or other professional hours are totaled. The required six (6) points may be earned in a single year or throughout the reporting period.

C. Professional Growth Period

The Professional Growth Period refers to each six (6) year period during which permanent certificated employees are required to give evidence of professional growth. A permanent certificated employee begins his/her initial six (6) year growth period on September 1 in the year that he/she becomes a permanent certificated (tenured) employee, and ends August 31, six (6) years later. The beginning of the seventh year as a permanent certificated (tenured) employee starts the second six (6) year period.

D. Professional Growth Activities

- b. Auditing Courses – ½ point per college semester hour, undergraduate (approved) or graduate, completed through an accredited college or university
- c. Supervising Student Teachers – One point for having a student teacher. If the student teacher is assigned to more than one cooperating teacher, the points will be assigned on a proportional basis (three point maximum per six-year period)

Secondary Math Curriculum

Approved the adoption/purchase of Reveal Math through McGraw Hill for materials Math 6 through Alg. 2 and will also include materials needing to be purchased for the new Business Math course approved above. This is Math's year to purchase new curriculum in the rotation. Curriculum will next be reviewed for the 28-29 school year

K-5 Writing

Failed to pass due to questions about whether or not the Wonders curriculum will be the chosen curriculum to update in their rotation for the 24-25 school year. Questions about the ability to deliver even the writing components with fidelity were brought up as the lessons are a bit longer than the time period to deliver. Need to propose this addition in the year it is ELA's year to update curriculum : 2023 for the 24-25 school year.

IT Fundamentals

Approved as the course that will be required of all students in the Class of 2027. This information was released from the Department of Education in early December, 2022. This course will cover the content and be coded appropriately to meet the requirements sent out under the Computer Science and Technology Act.

Elementary Math Curriculum

Approved as the curriculum was purchased for the 22-23 school year to replace Go Math with the understanding that this curriculum would have to be sufficient for a 7 year cycle. Curriculum will next be reviewed for the 28-29 school year.

SUPERINTENDENT REPORT

JANUARY 16, 2023

Being happy, but not satisfied

"Without continual growth and progress, such words as improvement achievement, and success have no meaning." - Ben Franklin

We are hitting the ground running this second semester and after the first two days of brain fog, we have had a great week! Students are understanding the expectations and the standards of our classrooms and things have been going pretty darn good. Excited to see what great things we can do not only within the classroom and on the academic testing but with our activities as well. We have many students out for not only MS/HS events but our elementary students are out in droves with wrestling and basketball leagues as well! It is great to see!

Goals for starting the 3rd quarter:

1. Reboot, Reset and Reenergize for the beginning of this quarter/semester
2. Focusing on our Continuous Improvement Goals as a school
3. Added focus to students and staff on upcoming State Assessments (NSCAS, MAP, ACT)

BOARD MEMBER CODE OF CONDUCT

NEBRASKA ASSOCIATION OF SCHOOL BOARDS

MARCIA R. HERRING
DIRECTOR OF BOARD LEADERSHIP

BOARD MEMBER CODE OF CONDUCT

The Association advocates that each board adopt and adhere to a Code of Conduct policy. This aids in the board's responsibility to carry out the important education decision-making role while maintaining effective relationships with school administrators, staff, and community members. Given the complexity of the education governance structure, nothing is more important than clarifying appropriate roles and responsibilities for the school board, superintendent, and principal(s).

A school board member has no legal powers unless participating at a meeting that complies with the Nebraska Open Meetings Law, or acting on behalf of the school board after the board formally grants authority to do so. Thus, it is essential that every school board member work as a member of the broader leadership team to perform board duties and act in a manner consistent with the Code.

Note: Board members can demonstrate personal commitment to the Code by signing this document signifying agreement to uphold the principles of the Code, both, in letter and spirit.

Many school boards post a copy of the signed Code in the front entrance of the school(s). This public display of school leadership team commitment sends a powerful message and sets the tone for how the business of education will be conducted in the schools and community.

As citizens of the United States, board members have certain Constitutional rights, including freedom of speech that cannot be taken away, whether or not you choose to sign this document. The only sections of this Code that require legal compliance are the "*conflict of interest*" and "*act only as a member of the board.*" All other sections represent best practice.

Board members' actions, verbal and nonverbal, reflect the attitude and the beliefs of the school district. Therefore, board members must conduct themselves professionally and in a manner fitting to the responsibility of duty.

Each board member shall follow the code of conduct:

As a Board Member

- I will listen.
- I will respect the opinion of others.
- I will recognize the integrity of my predecessors and the merit of their work.
- I will be motivated only by an earnest desire to serve the school district and the students in the best possible way.
- I will not use the school district or any part of the school district program for my own personal advantage or for the advantage of my friends or supporters.
- I will vote for a closed session of the board if the situation requires it, but I will consider "secret" sessions of board members unethical.

- I will recognize that to promise in advance of a meeting how I will vote on any proposition which is to be considered is to close my mind and agree not to think through other facts and points of view which may be presented in the meeting.
- I will expect, in board meetings, to spend more time on education programs and procedures than on business details.
- I will recognize that authority rests with the board in legal session and not with individual members of the board, except as authorized by law.
- I will make no disparaging remarks, in or out of the board meeting, about other members of the board or their opinions.
- I will express my honest and most thoughtful opinions in board meetings in an effort to have decisions made for the best interest of the students and the education program.
- I will abide by majority decisions of the board.
- I will carefully consider petitions, resolutions, and complaints and will act in the best interest of the school district.
- I will not discuss the confidential business of the board.
- I will endeavor to keep informed on local, state, and national educational developments of significance.

Board Governance

- Attend all regularly scheduled board meetings, insofar as possible, and review advance materials provided.
- Respect the confidentiality of privileged information and make no individual decisions or commitments that would compromise the board or administration.
- Work with other board members to establish effective board policies and to delegate authority for the administration of the schools to the superintendent.
- Maintain a priority board focus on policymaking, goal setting, planning process, and evaluation. Most importantly increasing student learning and achievement and ensuring efficient use of education resources.
- Comply with Board policy, all applicable local, state and federal laws and regulations and guidance from the superintendent, when making board decisions.

BOARD MEMBER CONFLICT OF INTEREST

It shall be the responsibility of each board member to be aware of an actual or potential conflict of interest. It shall also be the responsibility of each board member to take the action necessary to eliminate such a conflict of interest. Should a conflict of interest arise, a board member should not participate in any action relating to the issue from which the conflict arose.

No voting board member may have an interest in any contract to which the district, or anyone for its benefit, is party. The prohibition applies when the board member or the board member's immediate family is a partner, director, officer, or is a stockholder of closed corporation stock worth one thousand dollars or more at fair market value or which represents more than a five per cent equity interest, or is a stockholder of publicly traded stock worth ten thousand dollars or more at fair market value or which represents more than ten percent equity interest. An individual who occupies a confidential professional relationship protected by law is exempt from this policy. This policy does not apply to publicly traded stock under a trading account.

The above prohibition does not apply if the voting board member:

1. Supplies a written statement describing the matter up for decision and the nature of the conflict to the Nebraska Accountability and Disclosure Commission and to the board secretary. The secretary shall enter the statement onto the public records of the district.
2. The board member must take such action as the Commission advises to remove himself or herself from influence over the decision.
3. Does not vote on the matter of granting the contract, except if the number of members of the board declaring an interest in the contract would prevent the board, with all members present, from securing a quorum on the issue, then all members may vote on the matter and this action will be reported to the commission; and
4. Does not act for the district to inspect, supervise or determine the performance of contracts under which he or she has an interest.

A board member who is an employee of a business involved in a contract with the district and who has no ownership interest or will receive no direct fee or commission shall not be deemed to have an interest within the meaning of this policy. The receiving of deposits, cashing of checks and buying and selling of warrants and bonds of indebtedness of any school district by a financial institution will not be considered an interest in the contract under this policy.

Approved _____ Reviewed _____ Revised _____

If a board member's immediate family member is an employee of the school district, the member may vote on all issues of the contract which are generally applicable to all employees or all employees within a classification and do not single out his or her family member for special action.

Any contract entered into with an interested board member shall be subject to applicable competitive bidding requirements and shall be fair and reasonable to the school district.

A voting board member or district employee may employ, recommend the employment of, or supervise the employment of an immediate family member if he or she does not abuse his or her official position and makes a full disclosure of the relationship to the board and a written disclosure of the relationship to the board secretary. No board member or administrator shall employ an immediate family member without first having made a reasonable solicitation and consideration of applications for such employment. The family member must be qualified for, able to perform, and required to perform the duties of the position. The family member must not be paid an unreasonably high salary. No existing employee may be terminated for the purpose of making a position available to such a family member.

Any newly elected or appointed board member or administrator shall make a full disclosure of any immediate family member employed in a position subject to this policy as soon as reasonably possible after the date of taking office.

No board member or district employee shall use their position or any confidential information received through their position to obtain financial gain, other than compensation provided by law, for himself or herself, an immediate family member, or a business with which the individual is associated. No board member shall use or authorize the use of personnel, property, resources or funds under his or her official care for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage or defeat of a ballot question.

The superintendent shall keep a record for the district for every contract entered into by the district in which a board member has an interest. This information shall be kept for five years from the date of the board member's last day in office and will include the following:

1. Names of contracting parties;
2. The nature of the interest of the board member in question;
3. The date that the contract was approved by the district;
4. The amount of the contract; and
5. Basic terms of the contract.

The record kept by the superintendent shall be available for public inspection during the normal working hours of the superintendent's office.

All board members and district employees are responsible for obeying all final rulings or appeals of the Accountability and Disclosure Commission. If a case is contested before the Commission by the district, the superintendent shall ensure that the district is represented at the hearing. If a case is contested by a board member, that member shall be responsible for his/her own representation and shall be responsible for any Commission fines or penalties.

An open account established by the district with a business in which a board member has an interest, shall be deemed a contract subject to the provisions of this policy. The superintendent shall maintain a running account of all amounts purchased in open accounts.

Contracts involving one hundred dollars or less in which a board member may have an interest are excluded from the provisions of this policy.

Section I: A Safe Return Plan

General Information (Pursuant to the Federal American Rescue Plan)

On March 11, 2021, President Biden signed the American Rescue Plan (ARP) Act of 2021, Public Law. The ARP Act includes nearly \$122 billion for the Elementary and Secondary School Emergency Relief (ESSER III) Fund that allows state and local education agencies (LEAs) to take additional steps for continued safe in-person instruction and to address unfinished teaching and learning to mitigate the COVID-19 pandemic. The ARP Act requires each school district that receives ARP ESSER funds to develop and make publicly available on the school district's website, no later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction, and continuity of services for all schools (Safe Return Plan). The ARP Act further requires that the district seek public comment on the Safe Return Plan and take those comments into account in finalization of the Safe Return Plan. A school district must periodically, but no less frequently than every six months through September 30, 2023, review and, as appropriate, revise its Safe Return Plan.

***Please Note:** The district plans to operate in a traditional learning environment during the 2021-2022 school year unless there is a state or federal mandate that requires school districts to implement the protocols listed below or if there is a COVID-19 outbreak (10% or more of the student/staff population testing positive for COVID-19 or 50 individuals total). If a COVID-19 outbreak were to occur, the district would look to implement some or all of the safety protocols listed below for a short timeframe (1 to 10 consecutive days that school is in session).*

Universal & Correct Wearing of Masks

Actions occurring during a COVID-19 outbreak: The district will look to implement universal wearing of masks for all students in grades K-12 for a short timeframe including in school vehicles, during class, during passing periods, in lunch lines, and during any other times that social distancing is not possible. Exceptions may be made only as required by law, such as based upon the decisions of a student's IEP or 504 teams, or as otherwise necessary such as while eating or drinking.

Masks must be worn over both the nose and mouth at all times, and students and staff will be instructed not to touch the outside of the mask as well as how to safely and effectively put on and take off the mask. School staff shall model correct and consistent mask use. Students who refuse to wear masks will face consequences consistent with the district's student discipline policies. Parents may provide an approved face covering for their children, but the district will have them available at no cost to the student.

Staff may also be required to wear approved masks when not teaching, and to the extent possible when teaching. Special circumstances may constitute not wearing a mask during the school day. Students will also be required to wear masks on school buses.

Modifying Facilities to Allow for Physical Distancing (e.g., Cohorts or Podding)

Actions occurring during a COVID-19 outbreak: Physical distancing will be maximized to the greatest extent possible and with a goal of achieving 3 feet of distance between students while seated in classrooms. If 3 feet of physical distancing is not possible, in some circumstances, students may be assigned to cohort groups to minimize interaction with students in other groups (e.g., Students may be assigned seats during lunch or assigned to play groups during recess). In large classroom environments, students may be required to maintain 6 feet of distance from one another if possible. Large group assemblies and unnecessary trips will be eliminated in the event of an outbreak. Students will be spaced as far apart as possible in school vehicles or buses with ideally one student assigned per row. Windows may be opened, if safe and weather permitting, to improve circulation of fresh air. Students may be required to enter their school buildings through an assigned door and stay in an assigned area after school to reduce interaction and possible transmission.

Handwashing & Respiratory Etiquette

Actions occurring during a COVID-19 outbreak:

Elementary School (PK-5):

Students will be required to wash their hands 3-4 times a day. Each self-contained classroom teacher will set up a time in the morning and a time in the afternoon for their class to wash their hands. Students will also wash their hands before lunch every day.

Middle & High School (6-12):

Students will be required to wash their hands 3-4 times a day. Each class will take five minutes during second period to wash hands and a schedule will be set up by each second period teacher. Students will wash their hands on their way to get their lunches. Each class will take five minutes to wash hands during seventh period and a schedule will be set up by each seventh period teacher.

In addition, the district will post signage about frequent hand washing, cough etiquette, and nose blowing. Signage will be widely posted, disseminated, and encouraged through various methods of communication.

Cleaning & Maintaining Healthy Facilities (Including Improving Ventilation)

Actions occurring during a COVID-19 outbreak: The following essential actions will be taken to ensure that the facilities are safe for students and staff to inhabit. The district will:

- Change air filters regularly.
- Distribute wastebaskets, tissues, and CDC approved soap to every office and classroom so that these materials can be used upon entry and exit into any discrete location and during transition between classrooms (Pending availability).

- Post signage about frequent hand washing, cough etiquette, and nose blowing. Signage will be widely posted, disseminated, and encouraged through various methods of communication.
- Follow guidance from the CDC when performing all cleaning related duties.

Contact Tracing (Isolation & Quarantine)

The district will follow the contact tracing (Isolation & Quarantine) guidelines from both the CDC and Public Health Solutions during the 2021-2022 school year and the district will comply with all privacy laws. An internal tracking document has been created to record the dates, medical orders, and isolation or quarantine requirements for students and staff across the district. This document is accessible only to authorized district personnel and our local public health department. Our local public health department will be contacted when the district becomes aware of a potential exposure requiring their assistance in contact tracing, and the district will assist the department in contacting close contacts. The district will use its website to publish the most current health department recommendations concerning quarantine and isolation.

Students and staff who show symptoms of COVID will be encouraged to stay home. Those symptoms will be communicated to students, their families, and staff using the district's website, social media platforms, and communications system. Sick leave policies and practices may need to be modified during an outbreak to accommodate this expectation. Available substitute teachers will be identified and principals will assist in developing staffing plans to cover the classrooms of quarantined or isolated staff members.

Diagnostic & Screening Testing

Actions occurring during a COVID-19 outbreak: The district shall refer students and staff having COVID symptoms to local diagnostic testing locations. If diagnostic or screening testing is recommended and becomes available in schools, the district will make its facilities available to students and staff who provide informed consent. Rate of community transmission will be monitored to determine whether asymptomatic screening is warranted through temperature checks or other means as directed from the local health officials.

Efforts to Provide Vaccinations to School Communities

The district will continue to work collaboratively with our local public health department, local medical providers, and community leaders to promote and disseminate information on vaccinations to students, staff, and the community at large. The district will allow Public Health Solutions to use our facilities to provide free vaccinations to all eligible students and patrons in our community.

Accommodations for Children with Disabilities

Students qualifying for extra support through an IEP or through a 504 plan will continue to receive services and support according to their plans throughout the 2021-2022 school year. Accommodations,

modifications, and related services will be provided as outlined in a student's plan during in-person learning.

Coordination with State & Local Health Officials

District personnel will continue to participate in weekly information-sharing sessions with local health care providers, public health department personnel, and other ESU 5 school district leaders. In addition, District administrators will continue to participate in regular Nebraska Department of Education and governor briefings.

Continuity of Services

The district has invested in iPads/laptops/Chromebooks for all PK-12 students and provided our teachers with remote learning trainings to ensure continuity of instruction will still occur should in-person learning not be possible due to a COVID-19 outbreak. In addition, students will continue to be provided accommodations as stated in their IEP or 504 plans during remote learning. Parent input will be sought to develop a plan for the provision of remote IEP services and student progress will be reviewed by the student's team when in-person learning resumes.

The district is continuing to implement a PK-6 social and emotional learning curriculum during the 2022-2023 school year called Second Step. In the event of a COVID-19 outbreak, regular communication, using all available modalities, with students will be required of administrators and teachers to ensure the safety, academic engagement, and wellness of students. If in-person instruction is not possible, breakfasts and lunches may be provided to students through a USDA approved system. School counselors and mental health support staff will be available online by appointment for any students or staff in need of assistance.

Closures

The district would like to personally thank all Shelby-Rising City staff members, students, and parents for your dedication and efforts during the 2020-2021 school year. Everyone worked tirelessly to ensure that students were being educated in-person again during a global pandemic. The district has appreciated everyone's flexibility and patience. We all know that there will be some uncertainty of what lies ahead this school year regarding the COVID-19 pandemic, but the district's plan is to operate in a more traditional learning environment during the 2021-2022 school year.

Please Note: The district's A Safe Return Plan may change as new guidance becomes available from the Nebraska Department of Education, the CDC, and other state or local public health agencies.

Emergency Action Plan

SHELBY-RISING CITY PUBLIC SCHOOLS

650 N WALNUT ST SHELBY, NE 68662

Purpose of EAP:

To provide Shelby-Rising City (SRC) Public School Athletics & Activities with an emergency action plan (EAP) in case of a serious or life-threatening condition that arises during practice or competitions at facilities used by SRC teams. Athletic Trainer (AT), coaches, and others involved in athletics & activities must constantly be on guard for potential injuries, and although the occurrence of limb-threatening or life-threatening emergencies is not common, the potential exists. Therefore, prepared emergency responders must have planned in advance for the action to be taken in the event of such an emergency.

Emergency Contacts:

A phone is available inside the Middle School or High School office during school hours. In the instance that a fixed phone line is not available, cell phones are carried by AT, coaches, and athletic staff and even spectators if necessary. The following is a list of important phone numbers needed in case of emergency:

Ambulance/Fire/Police	911
Jordan Stithem, ATC	(308) 390-9992
Denise Humlicek	(402) 527-5946 EXT. 5721
Turner Trofholz, AD	(402) 615-2361
Tucker Tejkl, Superintendent , HS Principal	(402) 841-2208
Heather Thompson, Elem. Principal	
Steve Stewart, Head Custodian/EMT	(402) 366-7429
Poison Control Center	1-800-222-1222

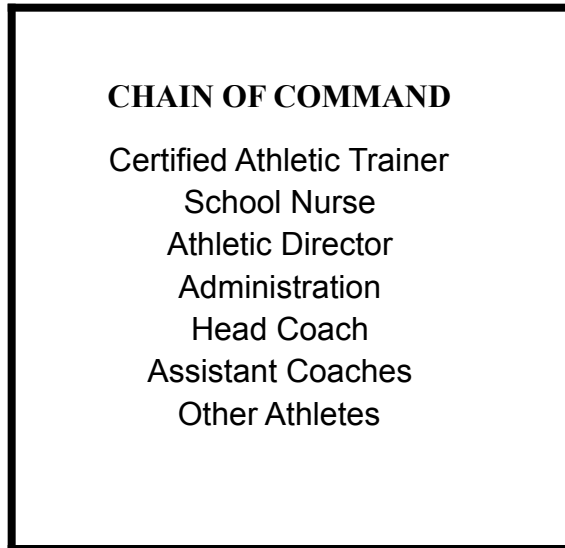

Information to be provided over the phone in case of emergency:

1. Name and phone number you are calling from
2. Exact location of emergency and directions (street names, buildings, landmarks, entry into building, specific areas, etc.)
3. Type of injury or illness
4. Condition of patient(s) and type of aid being provided
5. Number of people injured
6. Other information as requested and be the last one to hang up

AT/Admin/Coach will make the decision to call EMS and will personally make the call or they may assign a responsible person to call. Local EMS should also have a map of campus to aid in the response of an emergency. A map is located at the end of this document.

Chain of Command:

The Athletic Trainer or on site trained medical professional is in charge of the emergency until EMS arrives. Coaches, athletes, and are also available to assist. In the absence of the AT or medical personnel, the head coach is responsible for decision making.

Emergency Qualifications:

It is required that the AT, coaches, and administration are all trained in CPR and first aid. Coaches are to assist in providing emergency first aid as the AT sees fit during practices and/or competition. New staff involved in athletic activities should comply with this rule within six months of employment. It is recommended that all personnel also be trained in the prevention of disease transmission. EMS will only be on site for HOME football games. Visiting teams should also be informed of EAP procedures.

EAP Training and Personnel:

Once the importance of the emergency plan is realized and the plan has been developed, the plan must be implemented. Education and rehearsal are necessary for EAP to be successful. Personnel involved in EAP training should include, but are not limited to, Athletic Trainer for the school, all coaches, school administrators/game supervisors, school doctor(s), emergency room doctor(s), paramedics and other EMS responders. The Athletic Trainer and/or designated school medical personnel will be in charge of annual training and will meet with coaches before each season begins to rehearse EAP for each sport that season. Training will involve a review of EAP, a presentation of expectations and standards that each person will be held accountable for, assignments of responsibilities, and rehearsal EAP. Doctors should be at these meetings but if a conflict arises, AT or a school medical representative will meet with doctors as soon as time permits. A thorough understanding of the procedures associated with the emergency care

plan is required to ensure quick and successful care. Training and review is required each time a member joins the personnel involved in an emergency situation.

Responsibilities of Emergency Team Members:

During home games, the home team AT and the visiting AT are responsible for their own teams but may assist the other, if needed. Since there is only one AT on campus, *all coaches are responsible for emergencies during practice and games until AT, EMS, or doctor arrives on scene.* As insurance coverage varies among athletes, parents may decide how their athlete is cared for and where they are cared for. Parents/guardians are the primary person to accompany students to hospital. If parents/guardians are not around, a coach, AT or administrator will accompany the athlete to hospital.

Equipment and Supplies:

All available supplies and equipment are stored in the AT room. The AT room is located in the southeast corner of the Middle School (South) gymnasium. All available equipment will be on site for games and quickly accessible including a fully stocked and complete medical kit for all games and competitions the AT attends. The athletic trainer is not required to bring the main bag to practice, but sport coaches are responsible to have their team medical kit available at all practices. Equipment should be in good condition and personnel must be trained, in advance, to use it properly. Keys for the AT room are held by AT, head coaches, athletic director, and physical education teachers. To ensure that emergency equipment is in working order, all equipment should be checked on a regular basis. In addition, medical records and emergency contacts for all athletes should be available both at the school and on the road.

Environmental Conditions:

LIGHTNING - The referee, athletic director and/or administration on duty is responsible for the decision to stop the game. However, AT can inform the referee and/or athletic director of possible hazards. Coaches are responsible for making these decisions at practice if an AT or administrator is not present.

HEAT - Heat issues can be a problem during summer/pre-season/early fall practices/competitions and late spring practices/competitions. Outdoor sports coaches for football, softball, golf, and track should keep a close eye on these conditions and follow the heat guidelines set forth by the NSAA (see attached documents).

COLD - Cold conditions are also a possibility in this area. Please be alert of these and make appropriate adjustments to practice or games.

Athletic Trainer and Coaches should be current on both heat and cold injuries signs and symptoms and be able to treat ill or injured athlete(s) accordingly. If the situation does arise where weather conditions might affect athletes, AT or administrator will keep track of weather conditions via wet bulb thermometer, or if one is not available AT or administrator will refer to weather conditions by use of internet websites such as weather.com or local news websites. The school should also follow the NATA Position Statement: Exertional Heat Illnesses as a reference for determining attire, extent of practices, signs and symptoms, prevention, and treatment of heat injuries and illnesses.

FIRE - In case of a fire, everyone inside the building will proceed to the nearest exit and remain outside and away from the building. Someone should also call 911 to inform them of the situation. If possible, have someone give directions over the PA system.

TORNADO - In case of a tornado, move into the designated shelter areas. If possible, have someone give directions over the PA system to help people to the designated shelter area.

SHELTER AREAS FOR SEVERE WEATHER - See attached Maps

Emergency Care:

Apply basic emergency care as the situation requires. Care might include:

1. Check life threatening conditions
 1. Level of consciousness – if unconscious call 911 immediately
 2. Airway – is airway blocked
 3. Breathing – is person breathing
 4. Circulation – does person have pulse
 5. Bleeding – is person bleeding severely
2. Call 911 now if necessary
3. Emergency equipment
 1. AED and First Aid Kit
4. Apply basic first aid as situation requires
 1. Adult CPR: 30 compressions followed by 2 breaths
 2. Bleeding: direct pressure over injury; elevate injury over heart if possible; apply sterile dressing over injury
 3. Splint fractures
 4. Treat for Shock – if necessary
5. Any other emergency procedures as necessary
6. Other things to consider during emergency situation:
 1. Reassure and calm athlete
 2. Don't move severely injured athlete unless he/she is in danger
 3. Don't reduce fractures or dislocations
 4. Sufficient lines of vision between the medical staff and all available emergency personnel should be established and maintained
 5. Once the medical staff begins to work on an injured player, they should be allowed to perform services without interruption or interference

6. Keep players, coaches, spectators away and prevent them from helping injured athlete

START Triage Plan:

The concept of triage is simply a method of quickly identifying victims who have immediately life-threatening injuries and who have the best chance of surviving so that when additional rescuers arrive on scene, they are directed first to those patients. When a situation arises where there is a need to treat multiple victims, the head AT or administrator at the site will be in charge of determining the order of care for the victims. All victims will be identified using athletic tape as follows:

- *IMMEDIATE* – These are life-threatening injuries that need *IMMEDIATE* care. These patients are at risk for early death - usually due to shock or a severe head injury. They should be stabilized and transported as soon as possible.
- *DELAYED* – These injuries are not immediately life-threatening. Patients who have been categorized as *DELAYED* are still injured and these injuries may be serious. They were placed in the *DELAYED* category because they were alert and could follow simple commands. But they could deteriorate. They should be reassessed when possible and those with the most serious injuries or any who have deteriorated should be top priorities for transport. Also, there may be vast differences between the conditions of these patients. Consider, for example, the difference between a patient with a broken leg and one with multiple internal injuries. The second patient will need much more frequent re-assessment.
- *MINOR* – These are *MILD* injuries that require the least amount of emergency care. Ask those who are not injured or who have only minor injuries to identify themselves. Categorize those with minor injuries as *MINOR*. Patients with *MINOR* injuries are still patients. Some of them may be frightened and in pain. Reassure them as much as you can that they will get help and transport as soon as the more severely injured patients have been transported. Any of these patients also could deteriorate if they had more serious injuries than originally suspected. They should be reassessed when possible.

As the first one on the scene, not starting CPR may be the hardest thing you must do at a multiple casualty scene. Be sure to fully assess the scene before committing to one victim of a multiple injury situation. AT will assign doctors, AT students, or coaches to assist in care until AT or EMS can attend to the athlete.

Documentation:

All actions and treatments pertaining to the emergency situation should be recorded on a standardized form. This is important for future reference for the EAP personnel. They need to be able to look back at the situation and response and improve or revise the EAP as they see fit. This will ensure better reactions and effectiveness for potential emergencies. Doctors may assist as they provide care or treatment.

Documentation should include the following:

1. Documentation of response and actions during emergency situation
2. Follow-up documentation on evaluation of response to emergency situation

3. Documentation of personnel training and rehearsals

All medical records should be kept at the school and copies made to be brought along when traveling. Records left at school are kept in the AD office and keys are held by custodians and AD.

Cold Water Immersion Guidelines

Cold Water Immersion Tub

When treating a potential Exertional Heat Stroke (EHS), schools shall be properly *prepared and equipped* to initiate Cold Water Immersion (CWI) or other best practice cooling technique. Cooling techniques must be implemented immediately, and EMS should be contacted concurrently. This must be followed during all NSAA sanctioned events when the temperature is at the WBGT is a Yellow flag alert level or higher.

WBGT READING Flag	COLD WATER IMMERSION TUB GUIDELINES
Green	Green: Access to alternative cooling measures (cooler with ice, water, and towels, or tarp) are readily available at the practice and competition sites.
Yellow	Yellow through Black: A cold-water immersion tub of approximately 150 gallons shall be partially filled with water or a tarp (taco/burrito method) for cooling is accessible within 5-10 minutes of the practice/competition site. Ice shall also be readily available. Remove necessary external clothing/equipment prior to cooling. Aggressively stir water during cooling process.

TREATMENT OF EXERTIONAL HEAT STROKE

If an athletic trainer/medical provider is onsite, utilize the principle of **Cool First, Transport Second**. When cooling, use CWI or other best practice cooling method, until a core temperature at or below 102F is reached.

If the athletic trainer/medical provider is not present or not onsite and EHS is suspected, cool immediately for a minimum of 20 minutes based upon the average estimated cooling rate of 1 degree per 3 minutes. Continue cooling until either an athletic trainer or other appropriate medical providers, EMS assumes control of the EHS patient and determines if additional cooling is needed based on core temperature.

Taco/Burrito Method

Tarp Assisted Cooling Oscillation (TACO) is a method in which a combination of ice and cold water are added to an athlete once they have been placed on a tarp with the edges held up by clinicians to create a physical "taco" for the patient to be encased inside.

NSAA Wet Bulb Globe Thermometer (WBGT) Heat Modification Guidelines

The NSAA Board of Directors approved the Wet Bulb Globe Thermometer (WBGT) as the recommended measurement practice and device for measuring acceptable heat / humidity levels for practices and contests. The use of WBGT is recommended throughout the calendar year when the ambient temperature is above 80 degrees.

If a legal action, including a professional practice complaint, is threatened or filed against the Principal as a result of his performance of his duties or his position as Principal of the district, the Board will provide him with a legal defense to the maximum extent permitted by law so long as he acted in good faith and in a manner which he reasonably believes to be in or not opposed to the best interests of the district and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was unlawful.

Section 16. Physical or Mental Examination. The Principal agrees that, at the request of the Board or Superintendent, he will have a comprehensive physical and/or mental examination performed by one or more licensed physicians or psychologists of the Board's choosing during the term of this Contract. In deference to the requirements of the Americans with Disabilities Act and HIPAA, the physician's report to the Board and/or Superintendent must address whether the Principal is able to perform the "essential functions" of his position.

Section 17. Governing Laws. The parties shall be governed by all applicable state and federal laws, rules, and regulations in performance of their respective duties and obligations under this contact.

Section 18. Amendments to be in Writing. This contract may be modified or amended only by a writing duly authorized and executed by the Principal and the Board.

Section 19. Severability. If any portion of this contract is declared invalid or unenforceable by a court of competent jurisdiction, such declaration shall not affect the validity or enforcement of the remaining provisions of this contract.
