WHEREAS, it is necessary for the school district to hold its general election for the purpose of electing three school board members for terms of four (4) years each.

THEREFORE, BE IT RESOLVED by the School Board of Independent School District No. 883 (Rockford Area Schools), State of Minnesota as follows:

The clerk shall include on the ballot the names of the individuals who file or have filed affidavits of candidacy during the period established for filing such affidavits, as though they had been included by name in this resolution. The clerk shall not include on the ballot the names of individuals who file timely affidavits of withdrawal in the manner specified by law.

The general election is hereby called and elected to be held in conjunction with the state general election on Tuesday, the 3rd day of November, 2026.

Pursuant to Minnesota Statutes, Section 205A.11, the precincts and polling places for this general election are those polling places and precincts or parts of precincts located within the boundaries of the school district and which have been established by the cities or towns located in whole or in part within the school district. The voting hours at those polling places shall be the same as for the state general election.

The clerk is hereby authorized and directed to cause written notice of said general election to be provided to the county auditor of each county in which the school district is located, in whole or in part, at least eighty-four (84) days before the date of said election. PURPOSE

Section 1. Parties: This agreement is entered into between Independent School District No. 883, Rockford, Minnesota, hereinafter referred to as the District or School District, and the Rockford Public Schools Principals' Association, hereinafter referred to as Exclusive Representative, pursuant to and in compliance with the Minnesota Public Employment Labor Relations Act of 1971, as amended, hereinafter referred to as PELRA, to provide the terms and conditions of employment for principals for the duration of this Agreement.

ARTICLE II

RECOGNITION OF EXCLUSIVE REPRESENTATIVE

Section 1. Recognition: In accordance with PELRA, the School District recognizes Rockford Public Schools Principals' Association as the Exclusive Representative of principals employed by the School District, which Exclusive Representative shall have those rights and duties as prescribed by PELRA and as described in this Agreement.

Section 2. Appropriate Unit: The Exclusive Representative shall represent all principals of the School District as defined in this Agreement and in PELRA.

ARTICLE III

DEFINITIONS

Section 1. Terms and Conditions of Employment: The term "terms and conditions of employment" means the hours of employment, the compensation therefore including fringe benefits except retirement contributions or benefits other than School District payment of, or contributions to, premiums for group insurance coverage of retired principals or severance pay, and the School District's personnel policies affecting the working conditions of the principals. The term does not mean educational policies of the School District. "Terms and conditions of employment" are subject to the provisions of PELRA.

Section 2. Principal: The term "principal" shall include all persons in the appropriate unit including principals on special assignment employed by the School Board in a position for which the person must be licensed by the State of Minnesota as a principal or associate principal and who devote more than fifty percent (50%) of their time to administrative and supervisory duties, excluding the following: Superintendent, assistant superintendent, confidential employees, supervisory employees, and such other employees excluded by law. Reference to "principal" in this Agreement shall mean principals and associate principals except in those cases in which a clear distinction between the two positions exists.

Section 3. District or School District: For purposes of administering this Agreement, the term "District/School District" shall mean the School Board or its designated representative(s).

Section 4. Other Terms: Terms not defined in this Agreement shall have those meanings as defined by PELRA.

ARTICLE IV

SCHOOL DISTRICT RIGHTS

Section 1. Inherent Managerial Rights: The Exclusive Representative recognizes that the School District is not required to meet and negotiate on matters of inherent managerial policy, which include, but are not limited to, such areas of discretion or policy as the functions and programs of the School District, its overall budget, utilization of technology, the organizational structure, selection of personnel, and direction and number of personnel.

Section 2. School Board Responsibilities: The Exclusive Representative recognizes the right and obligation of the School Board to efficiently manage and conduct the operation of the School District within its legal limitations and with its primary obligation being to provide educational opportunities for the students of the School District.

Section 3. Effect of Laws, Rules, Regulations, Directives, and Orders: The Exclusive Representative recognizes that all principals shall perform the services prescribed by the School District and shall be subject to School Board rules, regulations, directives, and orders issued by properly designated officials of the School District. The Exclusive Representative also recognizes the right, obligation, and duty of the School Board and its duly designated officials to promulgate rules, regulations, directives, and orders, from time to time, as deemed necessary by the School Board insofar as such rules, regulations, directives, and orders are not inconsistent with the terms of this Agreement. All employees covered by this Agreement and all provisions of this Agreement are subject to the laws of the State of Minnesota, Federal laws, rules and regulations of the State Board of Education, and valid rules, regulations and orders of State and Federal government agencies. Any provisions of this Agreement found to be in violation of any such laws, rules, regulations, directives or orders shall be null and void and without force and effect.

Section 4. Reservation of Managerial Rights: The foregoing enumeration of rights and duties shall not be deemed to exclude other inherent managerial rights and managerial functions not expressly included in this Agreement, and all managerial rights and managerial functions not specifically expressly in this Agreement are reserved to the School District.

ARTICLE V PRINCIPAL RIGHTS

Section 1. Right to Views: Pursuant to PELRA, nothing contained in this Agreement shall be construed to limit, impair or affect the right of any principal or their representative to the expression or communication of a view, grievance, complaint, or opinion regarding any matter related to the conditions or compensation of public employment or their betterment, so long as the same is not designed to and does not interfere with the full, faithful, and proper performance of the duties of employment or circumvent the rights of the Exclusive Representative; nor shall it be construed to require any employee to perform labor or services against their will.

Section 2. Right to Join: Pursuant to PELRA, employees shall have the right to form and join labor or employee organizations and shall have the right not to form and join such organizations. Employees in an appropriate unit shall have the right, by secret ballot, to designate an exclusive representative for the purpose of negotiating grievance procedures and the terms and conditions of employment for such employees.

Section 3. Personnel Files: Pursuant to M.S. 122A.40, all evaluations and files relating to individual principals shall be available during regular School District business hours to the particular principal upon their written request. The principal shall have the right to reproduce any of the contents of their file at the principal's expense and to submit for inclusion in the file written information in response to any material contained in it. However, the School District may destroy such files as provided by law.

ARTICLE VI DUTY YEAR

Section 1. Principal Duty Days: The School Board shall establish the calendar and principals' duty days for each school year, and the principals shall perform services on those days as determined by the School Board, including those legal holidays on which the School Board is authorized to conduct school and, pursuant to such authority, has determined to conduct school.

Section 2. Duty Year: The duty year for principals and associate principals shall be twelve (12) months and shall include 260 days. The duty year for principals shall include twelve (12) paid holidays and 45 days of Paid Time Off (PTO).

Section 5. School Closings: In the event a duty day(s) is lost for any reason, the principal shall perform duties on such other day(s) in lieu thereof as the School Board or designee shall determine. In the event that principal duty days are not rescheduled, the principal's compensation shall be reduced in the amount of 1/260 of the principal's basic salary, unless the principal is on a paid leave of absence.

Section 6. Absence for Professional Responsibilities: Principals who are selected or elected to serve on Regional and/or State, or National professional association committees, boards, or as officers, may be granted the necessary time to perform these duties without loss of pay, provided the Superintendent is notified at least one (1) week in advance of any contemplated absence from the School District for each purpose. The Superintendent shall have the authority to approve or disapprove the necessary time off to the maximum of seven (7) days per year.

ARTICLE VII **COMPENSATION**

Subd. 2. Notice: Principals placed on such leave shall receive notice by June 30th of the school year prior to the commencement of such leave with reasons for said placement.

Subd. 3. Placement: Principals shall be placed on ULA in inverse order of seniority in the position and grade level assignment employed with the following exception: no principal shall be placed on ULA if any other qualified principal employed in the same position and grade level assignment is on a "Principal Improvement Plan" as provided for in M.S. 123B.147.

Subd. 4. Affirmative Action Program: This section shall not apply if its application will result in any violation of the School District's affirmative action program which shall include ethnicity, race, color, or sex; and any principal employed in an affirmative action program may be retained in the category of a principal with greater seniority if such retention is necessary to effectuate the purposes of such affirmative action program.

Subd. 5. Tie-Breaker: In the event a reduction in number of principals creates a situation requiring that a choice be made among principals who have equal seniority, the selection of the principal(s) for purposes of reduction shall be at the discretion of the School District based on criteria including performance, training, experience, skills in special assignments, and other relevant factors.

Subd. 6. Years of Service: Any principal placed on such leave may engage in administrative work or any other occupation during such period and may be eligible for re-employment insurance if otherwise eligible for such compensation under that law, and such leave will not result in a loss of credit for years of service in the School District earned prior to the commencement of such leave.

Section 4. Realignment: For purposes of placement on ULA or reinstatement from ULA, nothing in this article shall require the School District to reassign a senior principal to a different position for which the principal is not qualified, as defined in Section 2. above, to accommodate the seniority claims of a junior principal.

Section 5. Reinstatement:

Subd. 1. Process: No new principal shall be employed by the School District while any qualified principal is on ULA. Principals placed on ULA shall be reinstated to the positions from which they have been placed on ULA or any other available positions in the School District in which they are qualified as such positions become available. The order of reinstatement shall be in inverse order in which principals were placed on ULA.

Subd. 2. Notices: When placed on ULA, a principal must file their name and address, to which any notice of reinstatement or availability of position shall be mailed, with the School District personnel office. Proof of service by the person in the School District depositing such notice to the principal at the last known address shall be sufficient. The principal on ULA shall be responsible to provide an address for forwarding of mail or for address changes. Failure of a notice to reach a principal shall not be the responsibility of the School District if any notice has been mailed as provided in this article.

Subd. 3. Acceptance of Re-Employment: If a position becomes available for a qualified principal on ULA, the School District shall mail the notice to such principal, who shall have ten (10) days from the date of such notice to accept the re-employment. Failure to accept re-employment, in writing, within such ten (10)-day period shall constitute a waiver on the part of the principal to any further rights of employment or reinstatement, and that principal shall forfeit any future reinstatement or employment rights.

Subd. 4. Reinstatement Rights: Reinstatement rights shall automatically cease five (5) years from the date ULA was commenced, and no further rights to reinstatement shall exist unless extended by written mutual consent of the School Board and the qualified principal.

Section 6. Establishment of Seniority List:

Subd. 1. Preparation: The School Board shall annually cause a seniority list (by name, date of employment, qualification, position, and grade level assignment) to be prepared from its records. This list shall be available to view in the School District office by January 20th.

Subd. 2: Request for Change: Any principal whose name appears on such list and who may disagree with the order of seniority in said list shall have ten (10) days from the date of the list's availability to supply written documentation, proof, and request for seniority change to the Superintendent.

Subd. 3. Final List: Within twenty (20) days from the date of the original list, the School District shall evaluate any and all such written communications regarding the order of seniority contained in said list and may make such changes the School District deems warranted. A final seniority list shall then be prepared by the School District, which list, as revised, shall be binding on the School District and any principal.

Section 7. Filing of Licenses: In any year that a reduction of principal positions is occurring and the School Board is placing principals on ULA, only those licenses actually received in the Superintendent's office for filing as of January 15th of such year shall be considered for purposes of determining ULA within areas of licensure for the following school year. A license filed after January 15th shall be considered for purposes of reinstatement but not for the current reduction.

Section 8. Effect: This article shall be effective at the beginning date of this Master Agreement and shall

be governed by its duration clause. This article shall govern all principals, as defined in Section 2., Subd. 1. above, and shall not be construed to limit the rights of any other licensed employee not covered by the Master Agreement or other Master Agreement affecting such licensed employee.

Section 9. Procedure: Any challenge by a principal who is proposed for placement on ULA or reinstatement therefrom shall be subject to the hearing and review procedures, as provided in M.S. 122A.40, Subd.14., and, therefore, shall not be subject to the grievance procedure.

421 GIFTS TO EMPLOYEES AND SCHOOL BOARD MEMBERS

I. PURPOSE

The purpose of this policy is to avoid the appearance of impropriety or the appearance of a conflict of interest with respect to gifts given to school district employees and school board members.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students, parents, and others may wish to show appreciation to school district employees. The policy of the school district, however, is to discourage gift-giving to employees and to encourage donors instead to write letters and notes of appreciation or to give small tokens of gratitude as memorabilia.
- B. A violation of this policy occurs when any employee solicits, accepts, or receives, either by direct or indirect means, a gift from a student, parent, or other individual or organization of greater than nominal value.
- C. A violation of this policy occurs when any employee solicits, accepts, or receives a gift from a person or entity doing business with or seeking to do business with the school district. Employees may accept items of insignificant value of a promotional or public relations nature or a plaque with a resale value of \$5 or less with an inscription recognizing an individual for an accomplishment. The superintendent has discretion to determine what value is "insignificant."
- D. Teachers may accept from publishers' free samples of textbooks and related teaching materials.
- E. This policy applies only to gifts given to employees where the donor's relationship with the employee arises out of the employee's employment with the school district. It does not apply to gifts given to employees by personal friends, family members, other employees, or others unconnected to the employee's employment with the school district.
- F. An elected or appointed member of a school board, a school superintendent, a school principal, or a district school officer, including the school business official, may not accept a gift from an interested person.

III. DEFINITIONS

- A. "Gift" means money, real or personal property, a service, a loan, a forbearance or forgiveness of indebtedness, or a promise of future employment that is given without something of equal or greater value being received in return.
- B. "Interested person" means a person or a representative of a person or association that has a direct financial interest in a decision that a school board member, a superintendent, a school principal, or a district school officer is authorized to make.
- C. "Financial interest" means any ownership or control in an asset which has the potential to produce a monetary return.

IV. PROCEDURES

Any employee considering the acceptance of a gift shall confer with the administration for guidance related to the interpretation and application of this policy.

V. VIOLATIONS

Employees who violate the provisions of this policy may be subject to discipline, which may include reprimand, suspension, and/or termination or discharge.

424 LICENSE STATUS

I. PURPOSE

The purpose of this policy is to ensure that qualified teachers are employed by the school district and to fulfill its duty to ascertain the licensure status of its teachers. A school board that employs a teacher who does not hold a valid teaching license or permit places itself at risk for a reduction in state aid. This policy does not negate a teacher's duty and responsibility to maintain a current and valid teaching license.

II. GENERAL STATEMENT OF POLICY

- A. A qualified teacher is one holding a valid license to perform the particular service for which the teacher is employed by the school district.
- B. No person shall be a qualified teacher until the school district verifies through the Minnesota education licensing system available on the Minnesota Professional Educator Licensing and Standards Board website that the person is a qualified teacher consistent with state law.
- C. The school district has a duty to ascertain the licensure status of its teachers and ensure that the school district's teacher license files are up to date. The school district shall establish a procedure for annually reviewing its teacher license files to verify that every teacher's license is current and appropriate to the particular service for which the teacher is employed by the school district.
- D. The school district must annually report to the Professional Educator Licensing and Standards Board: (1) all new teacher hires and terminations, including layoffs, by race and ethnicity; and (2) the reasons for all teacher resignations and requested leaves of absence. The report must not include data that would personally identify individuals.

III. PROCEDURE

- A. The superintendent or the superintendent's designee shall establish a schedule for the annual review of teacher licenses.
- B. Where it is discovered that a teacher's license will expire within one year from the date of the annual review, the superintendent or the superintendent's designee will advise the teacher in writing of the approaching expiration and that the teacher must complete the renewal process and file the license with the superintendent prior to the expiration of the current license. However, failure to provide this notice does not relieve a teacher from his/her duty and responsibility of ensuring that his/her teaching license is valid, current and appropriate to his/her teaching assignment.

- C. If it is discovered that a teacher's license has expired, the superintendent will immediately investigate the circumstances surrounding the lack of license and will take appropriate action. The teacher shall be advised that the teacher's failure to have the license reinstated will constitute gross insubordination, inefficiency and willful neglect of duty which are grounds for immediate discharge from employment.
- D. The duty and responsibility of maintaining a current and valid teaching license appropriate to the teaching assignment as required by this policy shall remain with the teacher, notwithstanding the superintendent's failure to discover a lapsed license or license that does not support the teaching assignment. A teacher's failure to comply with this policy may be grounds for the teacher's immediate discharge from employment.

B. Indirect Services

“Indirect services” means special education services which include ongoing progress reviews; cooperative planning; consultation; demonstration teaching; modification and adaptation of the environment, curriculum, materials, or equipment; and direct contact with the pupil to monitor and observe. III. GENERAL STATEMENT OF POLICY

- A. Workload limits for special education teachers shall be determined by the appropriate special education administrator, in consultation with the building principal and the superintendent.
- B. In determining workload limits for special education staff, the school district shall take into consideration the following factors: student contact minutes, evaluation and reevaluation time, indirect services, management of IEPs, travel time, and other services required in the IEPs of eligible students.

IV. COLLECTIVE BARGAINING AGREEMENT UNAFFECTED

This policy shall not be construed as a reopening of negotiations between the school district and the special education teachers' exclusive representative, nor shall it be construed to alter or limit in any way the managerial rights or other authority of the school district set forth in the Public Employment Labor Relations Act or in the collective bargaining agreement between the school district and the special education teachers' exclusive representative.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under [Minnesota Statutes](#), sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).
- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section [120B.02](#) and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and
 - 3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

V. AREAS OF RESPONSIBILITY

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

DE. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the ~~s~~School ~~b~~Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less, where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
- ~~32.~~ If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
- ~~43.~~ The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. ~~Each suspension action may include a readmission plan.~~ The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an

immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

54. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
65. ~~more than five (5) consecutive school days. The school administration shall implement alternative educational services when the suspension exceeds five (5) days.~~ Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.
76. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
87. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
- a. strongly encourage a parent or guardian of the student to attend school with the student for one day;

- b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
- c. petition the juvenile court that the student is in need of services under Minnesota Statutes, chapter 260C.

- 98. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
- 109. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
- 1110. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
- 1211. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

- 4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.

This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes, section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative

educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minnesota Statutes section 120B.232, subdivision 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

~~It is the~~ policy of the school district ~~is~~ that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary

modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline—up to and including expulsion—as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, Minn. Stat. Chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of-seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;

3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

721 PROCUREMENT POLICY

I. PURPOSE

The purpose of this policy is to ensure compliance with the requirements of the federal Uniform Grant Guidance regulations by establishing uniform administrative requirements, cost principles, and audit requirements for federal grant awards received by the school district. This policy also seeks to ensure compliance with Minnesota procurement laws governing school districts.

II. DEFINITIONS

- A. "Compensation for personal services" includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the federal award, including, but not necessarily limited to, wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in 2 Code of Federal Regulations, section 200.431 (Compensation - Fringe Benefits).
- B. "Competitive procurement process" means a process for procurement by sealed bids or by proposals under Minnesota Statutes, section 471.345.
- C. "Contract" means a legal instrument by which the school district purchases property or services needed to carry out the project or program under a federal award. The term, as used in 2 Code of Federal Regulations, Part 200, does not include a legal instrument, even if the school district considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward.
- D. "Direct costs" are those costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.
- E. "Equipment" means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which exceeds the lesser of the capitalization level established by the school district for financial statement purposes, or \$10,000.
- F. "Federal award" has the meaning, depending on the context, in either paragraph

1. or 2. below:

1.

a. The federal financial assistance that the school district receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations, section 200.101; or

b. The cost-reimbursement contract under the federal Acquisition Regulations that the school district receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations, section 200.101.

2. The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (2) of the definition of *Federal financial assistance* in 2 Code of Federal Regulations 200.1, or the cost-reimbursement contract awarded under the federal Acquisition Regulations.

3. “Federal award” does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal-government-owned, contractor-operated facilities.

G. “Grants” includes

1. “State-administered grants” are those grants that pass through a state agency such as the Minnesota Department of Education (MDE).

2. “Direct grants” are those grants that do not pass through another agency such as MDE and are awarded directly by the federal awarding agency to the grantee organization. These grants are usually discretionary grants that are awarded by the U.S. Department of Education (DOE) or by another federal awarding agency.

H. “Non-federal entity” means a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient.

I. “Post-retirement health plans” refer to costs of health insurance or health services not included in a pension plan covered by 2 Code of Federal Regulations, section 200.431(g) for retirees and their spouses, dependents, and survivors.

J. “Severance pay” is a payment in addition to regular salaries and wages by the school district to workers whose employment is being terminated.

K. "Travel costs" are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

III. PROCUREMENT METHOD OPTIONS

A. Procurement by micro-purchase

The acquisition of supplies or services when the aggregate dollar amount of the procurement transaction does not exceed the micro-purchase threshold (generally \$10,000, except as otherwise discussed in 48 Code of Federal Regulations, subpart 2.1 or as periodically adjusted for inflation).

B. Procurement by small purchase procedures

This procurement method may be used when the value of the procurement transaction does not exceed the federal simplified acquisition threshold and is within the state threshold of \$175,000. If a small purchase procedure is used, price or rate quotations must be obtained from an adequate number of qualified sources. Unless specified by the Federal agency, the school district may exercise judgment in determining what number is adequate.

C. Procurement by sealed bids (formal advertising)

This procurement method involves a publicly solicited and a firm, fixed-price contract (lump sum or unit price) awarded to the responsible bidder whose bid, conforming to all the material terms and conditions of the invitation for bids, is the lowest in price.

D. Procurement by competitive proposals

This procurement method is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. Competitive proposals are generally used when conditions are not appropriate for the use of sealed bids.

E. Procurement by noncompetitive proposals

This procurement method involves solicitation of a proposal from only one source.

IV. GENERAL PROCUREMENT STANDARDS

- A. The school district must use its own documented procurement procedures that reflect applicable state laws, provided that the procurements conform to the applicable federal law and the standards identified in the Uniform Grant Guidance.
- B. The school district must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
- C. The school district's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives and any other appropriate analysis to determine the most economical approach. Breaking up a procurement into smaller components to avoid the thresholds established in this policy is prohibited.
- D. The school district must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- E. The school district must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement; selection of the contract type; contractor selection or rejection; and the basis for the contract price.
- F. The school district alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the school district of any contractual responsibilities under its contracts.
- G. The school district must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are considered.
- H. Thresholds for Employee Purchases
 - 1. The superintendent and/or CFO, in conjunction with the school board, is responsible for overseeing the procurement process, including establishment of procedures, internal controls, quality assurance, methods of greatest economy, and compliance with all applicable laws. To be valid, all contracts must be approved by the board, except as otherwise provided in this policy. Nothing in this paragraph shall be construed to waive or supersede statutory requirements relating to public contracts, competitive bidding thresholds, or school board

oversight, except as expressly permitted by law.

2. Individual school district employees may incur expenditures in the following amounts without prior board approval so long as such expenditures are consistent with the school board-approved budget, provided that in all cases the school board retains authority to disapprove any expenditure for any reason at its sole discretion:

a. Any school district employee may make a purchase for use in connection with school district operations when the expenditure is less than \$1,000 and is consistent with this policy's requirements.

b. In addition to the foregoing, the following school district employees may execute a purchase or procurement that requires the expenditure of up to the following amounts:

(1). Superintendent: Up to **25,000**

(2). CFO: Up to **25,000**

3. Emergency expenditures and procurement authorization

Notwithstanding other provisions of this policy, including the threshold authorization above, the superintendent is authorized to approve emergency expenditures when the superintendent determines that a public exigency or emergency exists that threatens the health, safety, or welfare of students, staff, or school district property and that the expenditure cannot be delayed until the next regular or special meeting of the school board without material harm to the school district.

In an emergency, the Superintendent may authorize an expenditure in excess of the Superintendent's delegated purchasing authority, subject to the following conditions:

1. The procurement shall comply with applicable state and federal law, including the use of noncompetitive procurement when permitted by law;

2. The superintendent shall document the nature of the emergency, the basis for determining that immediate action was required, and the reason competitive procurement procedures were not used;

3. The expenditure shall be reported to the school board for ratification at the next regular or specially called school board meeting; and

4. Emergency authority under this paragraph is limited to the specific emergency circumstances and does not constitute a permanent increase in the superintendent's purchasing

authority.

V. PROCUREMENT METHODS WHEN USING STATE FUNDS

The school district must use one of the following methods of procurement when using state funds:

A. Procurements for \$25,000 or less

If the amount of the contract is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the school district's discretion. If the contract is made upon quotation it shall be based, so far as practicable, on at least two (2) quotations which shall be kept on file for a period of at least one (1) year after their receipt.

Alternatively, the school district may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals as described in Minnesota Statutes, section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

Procurements for \$25,000 or less also may be conducted by micro-purchase.

B. Procurements Exceeding \$25,000 but not \$175,000

1. Sealed Bids or Direct Negotiation

If the amount of the contract is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids or by direct negotiation, by obtaining two (2) or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding. All quotations obtained shall be kept on file for a period of at least one (1) year after receipt thereof.

2. Best Value Alternative

As an alternative to the procurement method described in Subparagraph B.1 above, the school district may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals as described in Minnesota Statutes, section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

C. Procurements Exceeding \$175,000

If the amount of the contract is estimated to exceed \$175,000, sealed bids shall be solicited by public notice in the manner and subject to the requirements of the law

governing school district contracts.

Procurement by Sealed Bids

Procurement by sealed bids means a process in which bids are publicly solicited and a firm fixed price contract by lump sum or unit price is awarded to the responsible bidder whose bid, conforming with all material terms and conditions of the invitation for bids, is the lowest in price. If sealed bids are used, the following requirements apply:

1. bids must be solicited from an adequate number of qualified sources, providing bidders sufficient response time prior to the date set for opening bids;
2. the invitation for bids, which includes any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. all bids will be opened at the time and place prescribed in the invitation for bids, and the bids must be opened publicly;
4. a firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that the discounts are usually taken advantage of;
5. any or all bids may be rejected if there is a sound documented reason; and
6. in order for a sealed bid to be feasible, the following conditions must be present:
 - a. a complete, adequate, and realistic specification or purchase description is available;
 - b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and
 - c. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the price.

D. Procurement by Proposals

"Procurement by proposals" means a process in which either a fixed price or

cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids. They are awarded in accordance with the following requirements:

1. requests for proposals must be publicized and identify all evaluation factors and their relative importance. Proposals must be solicited from an adequate number of qualified offerors. Any response to publicized requests for proposals must be considered to the maximum extent practical;
2. the school district must have a written method for conducting technical evaluations of the proposals received and for making selections; and
3. contracts must be awarded to the responsible offeror whose proposal is most advantageous to the school district, with price and other factors considered.

VI. PROCUREMENT METHODS WHEN USING FEDERAL FUNDS

A. Procurement by Competitive Proposals

This is a procurement method used when conditions are not appropriate for using sealed bids. This procurement method may result in either a fixed-price or cost-reimbursement contract. If this method is used, the following requirements apply:

1. Requests for proposals require public notice, and all evaluation factors and their relative importance must be identified. Proposals must be solicited from multiple qualified entities. To the maximum extent practicable, any proposals submitted in response to the public notice must be considered;
2. Proposals must be solicited from an adequate number of qualified sources;
3. The school district must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;
4. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
5. The school district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method where price is not used as a selection factor can only be used in procurement of A/E professional services; it cannot be used to purchase other types of services, though A/E firms are a potential source to

perform the proposed effort.

B. Procurement by Noncompetitive Proposals

Procurement by noncompetitive proposals may be used only when one (1) or more of the following circumstances apply:

1. The aggregate amount of the procurement transaction does not exceed the micro-purchase threshold;
2. The item is available only from a single source;
3. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
4. The DOE or MDE expressly authorizes noncompetitive proposals in response to a written request from the school district; or
5. After solicitation of a number of sources, competition is determined inadequate.

C. Competition

1. All procurement transactions under the Federal award must be conducted in a manner that provides full and open competition and is consistent with the standards of 2 Code of Federal Regulations, sections 200.319 and .320.
2. The school district must have written procedures for procurement transactions. These procedures must ensure that all solicitations:
 - a. are made in accordance with 2 Code of Federal Regulations, section 200.319(b);
 - b. incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When making a clear and accurate description of the technical requirements is impractical or uneconomical, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific

features of the named brand which must be met by offers must be clearly stated; and

c. identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

D. The school district must ensure that all prequalified lists of persons, firms, or products used in procurement transactions are current and include enough qualified sources to ensure maximum open competition. When establishing or amending prequalified lists, the school district must consider objective factors that evaluate price and cost to maximize competition. The school must not preclude potential bidders from qualifying during the solicitation period.

E. The school district is prohibited from contracting with or making subawards under "covered transactions" to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include procurement contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed \$25,000.

F. All nonprocurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 Code of Federal Regulations, section 180.215.

G. Managing Property and Equipment and Safeguarding Assets

1. Property Standards

The school district must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as provided to other property owned by the school district. Federally owned property need not be insured unless required by the terms and conditions of the federal award.

The school district must adhere to the requirements concerning real property, equipment, supplies, and intangible property set forth in 2 Code of Federal Regulations, sections 200.311, 200.314, and 200.315.

2. Managing Equipment

Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, at a minimum, meet the following requirements:

a. Property records must be maintained that include a description

of the property; a serial number or other identification number; the source of the funding for the property (including the federal award identification number (FAIN)); who holds title; the acquisition date; the cost of the property; the percentage of the federal participation in the project costs for the federal award under which the property was acquired; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposition and sale price of the property.

b. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.

c. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.

d. Adequate maintenance procedures must be developed to keep property in good condition.

e. If the school district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

H. Cybersecurity

The school district must take reasonable cybersecurity and other measures to safeguard

1. Personally identifiable information;
2. Information that the federal agency or pass-through entity designates as sensitive; and
3. other information that the school district considers sensitive and is consistent with applicable federal, state, local, and tribal laws regarding privacy and responsibility over confidentiality.

VII. FINANCIAL MANAGEMENT REQUIREMENTS

A. Financial Management

The school district's financial management systems, including records documenting compliance with federal statutes, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by general and

program-specific terms and conditions; and tracking expenditures to establish that funds have been used in accordance with federal statutes, regulations, and the terms and conditions of the federal award.

B. Payment

The school district must be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that minimize the time elapsing between the transfer of funds and disbursement between the school district and the financial management systems that meet the standards for fund control and accountability.

Advance payments to the school district must be limited to the minimum amounts needed and be timed with actual, immediate cash requirements of the school district in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the school district for direct program or project costs and the proportionate share of any allowable indirect costs. The school district must make timely payment to contractors in accordance with the contract provisions.

C. Internal Controls

The school district must establish and maintain effective internal control over the federal award that provides reasonable assurance that the school district is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should align with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States, or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The school district must comply with federal statutes, regulations, and the terms and conditions of the federal award.

The school district must evaluate and monitor the school district's compliance with statutes, regulations, and the terms and conditions of the federal award.

The school district must take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

The school district must take reasonable measures to safeguard protected personally identifiable information and other information considered sensitive consistent with applicable federal and state laws regarding privacy and obligations of confidentiality.

VIII. ALLOWABLE USE OF FUNDS AND COST PRINCIPLES

A. Allowable Use of Funds

The school district administration and school board will enforce appropriate procedures and penalties for program, compliance, and accounting staff responsible for the allocation of federal grant costs based on their allowability and their conformity with federal cost principles to determine the allowability of costs.

B. Definitions

1. "Advance payment" means a payment that a federal agency or pass-through entity makes by any appropriate payment mechanism and payment method before the school district disburses the funds for program purposes.
2. "Allowable cost" means a cost that complies with all legal requirements that apply to a particular federal education program, including statutes, regulations, guidance, applications, and approved grant awards.
3. "Education Department General Administrative Regulations (EDGAR)" means a compilation of regulations that apply to federal education programs. These regulations contain important rules governing the administration of federal education programs and include rules affecting the allowable use of federal funds (including rules regarding allowable costs, the period of availability of federal awards, documentation requirements, and grants management requirements).
4. "Omni Circular" also known as 2 Code of Federal Regulations, part 200, the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, or the Uniform Grant Guidance means federal cost principles that provide standards for determining whether costs may be charged to federal grants.

C. Allowable Costs

The following items are costs that may be allowable under the 2 Code of Federal Regulations, part 200, subpart E under specific conditions (review the specific part of 2 Code of Federal Regulations 200, subpart E for allowability requirements for the specific cost):

1. Advertising and public relations;
2. Advisory councils;
3. Audit costs and related services;

4. Bonding costs;
5. Compensation - personal services;
6. Compensation – fringe benefits;
7. Conferences;
8. Contingency provisions;
9. Depreciation;
10. Employee health and welfare costs;
11. Equipment and other capital expenditures;
12. Gains and losses on disposition of depreciable assets;
13. Insurance and indemnification;
14. Intellectual property;
15. Maintenance and repair costs;
16. Materials and supplies costs, including costs of computing devices;
17. Memberships, subscriptions, and professional activity costs;
18. Organization costs;
19. Participant costs;
20. Plant and security costs;
21. Pre-award costs;
22. Professional service costs;
23. Proposal costs;
24. Publication and printing costs;
25. Rearrangement and reconversion costs;
26. Recruiting costs;

27. Relocation costs of employees;
28. Rental costs of buildings and equipment;
29. Scholarships, student aid costs, and tuition remission;
30. Specialized service facilities;
31. Taxes;
32. Telecommunication and video surveillance costs;
33. Termination and standard closeout costs;
34. Training and education costs;
35. Transportation costs; and
36. Travel costs.

D. Costs Forbidden by Federal Law

2 Code of Federal Regulations, part 200 and EDGAR identify certain costs that may never be paid with federal funds. The list below provides examples of such costs. If a cost is on this list, it may not be supported with federal funds unless an exception exists (review the specific part of 2 Code of Federal Regulations 200, subpart E for possible exceptions to unallowable costs). The fact that a cost is not on this list does not mean it is necessarily permissible. Other important restrictions apply to federal funds, such as those items detailed in the 2 Code of Federal Regulations, part 200, subpart E; thus, the following list is not exhaustive:

1. Alcoholic beverages;
2. Bad debts;
3. Contingency provisions (with limited exceptions);
4. Contributions and donations
5. Entertainment (with limited exception);
6. Fines, penalties, damages, and other settlements;
7. Fundraising and investment management costs (with limited

exceptions);

8. General costs of government (with limited exceptions pertaining to Indian tribal governments and Councils of Government (COGs));
9. Goods or services for personal use;
10. Interest (except interest specifically stated in 2 Code of Federal Regulations, section 200.449 as allowable);
11. Lobbying;
12. Losses on other Federal awards or contracts;
13. Selling and marketing;
14. Student activity costs;
15. Religious use;
16. The acquisition of real property (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs);
17. Construction (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs); and
18. Tuition charged or fees collected from students applied toward meeting matching, cost sharing, or maintenance of effort requirements of a program.

E. Program Allowability

1. Any cost paid with federal education funds must be permissible under the federal program that would support the cost.
2. Many federal education programs detail specific required and/or allowable uses of funds for that program. Issues such as eligibility, program beneficiaries, caps or restrictions on certain types of program expenses, other program expenses, and other program specific requirements must be considered when performing the programmatic analysis.
3. The two largest federal K-12 programs, Title I, Part A, and the Individuals with Disabilities Education Act (IDEA), do not contain a use of funds section delineating the allowable uses of funds under those programs. In those cases, costs must be consistent with the purposes of the program in order to be

allowable.

F. Federal Cost Principles

The Omni Circular defines the parameters for the permissible uses of federal funds. While many requirements are contained in the Omni Circular, it includes core principles that serve as an important guide for effective grant management. These core principles require all costs to be:

1. Necessary for the proper and efficient performance or administration of the program.
2. Reasonable. An outside observer should clearly understand why a decision to spend money on a specific cost made sense in light of the cost, needs, and requirements of the program.
3. Allocable to the federal program that paid for the cost. A program must benefit in proportion to the amount charged to the federal program – for example, if a teacher is paid 50% with Title I funds, the teacher must work with the Title I program/students at least 50% of the time. Recipients also need to be able to track items or services purchased with federal funds so they can prove they were used for federal program purposes.
4. Authorized under state and local rules. All actions carried out with federal funds must be authorized and not prohibited by state and local laws and policies.
5. Adequately documented. A recipient must maintain proper documentation so as to provide evidence to monitors, auditors, or other oversight entities of how the funds were spent over the lifecycle of the grant.

G. Program Specific Fiscal Rules

The Omni Circular also contains specific rules on selected items of costs. Costs must comply with these rules in order to be paid with federal funds.

1. All federal education programs have certain program specific fiscal rules that apply. Determining which rules apply depends on the program; however, rules such as supplement, not supplant, maintenance of effort, comparability, caps on certain uses of funds, etc., have an important impact when analyzing whether a particular cost is permissible.
2. Many state-administered programs require school districts to use federal program funds to supplement the amount of state, local, and, in some cases, other federal funds they spend on education costs and not to supplant (or

replace) those funds. Generally, the “supplement, not supplant” provision means that federal funds must be used to supplement the level of funds from non-federal sources by providing additional services, staff, programs, or materials. In other words, federal funds normally cannot be used to pay for things that would otherwise be paid for with state or local funds (and, in some cases, with other federal funds).

3. Auditors generally presume supplanting has occurred in three (3) situations:

a. The school district uses federal funds to provide services that the school district is required to make available under other federal, state, or local laws.

b. The school district uses federal funds to provide services that the school district provided with state or local funds in the prior year.

c. The school district uses Title I, Part A, or Migrant Education Program funds to provide the same services to Title I or Migrant students that the school district provides with state or local funds to nonparticipating students.

4. These presumptions apply differently in different federal programs and also in schoolwide program schools. Staff should be familiar with the supplement not supplant provisions applicable to their program.

H. Approved Plans, Budgets, and Special Conditions

1. As required by the Omni Circular, all costs must be consistent with approved program plans and budgets.

2. Costs must also be consistent with all terms and conditions of federal awards, including any special conditions imposed on the school district’s grants.

I. Training

1. The school district will provide training on the allowable use of federal funds to all staff involved in federal programs.

2. The school district will promote coordination between all staff involved in federal programs through activities, such as routine staff meetings and training sessions.

J. Employee Sanctions

Any school district employee who violates this policy will be subject to discipline, as appropriate, up to and including the termination of employment.

K. Reduction in Aid

If the school district makes a purchase without a procurement policy adopted by the school board or makes a purchase not in conformity with the school district's procurement policy, the Commissioner may reduce that school district's state aid in an amount equal to the purchase.

L. Property, Financial Investments, and Contracting

The school district is subject to and must comply with Minnesota Statutes, sections 15.054 and 118A.01 to 118A.06 governing government property and financial investments and sections 471.38, 471.391, 471.392, and 471.425 governing municipal contracting.

M. Mandatory Disclosures

The school district must promptly disclose whenever, in connection with the federal award (including any activities or subawards thereunder), it has credible evidence of the commission of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in 18 United States Code or a violation of the civil False Claims Act (31 United States Code, sections 3729–3733).

The disclosure must be made in writing to the DOE, MDE, and the MDE Office of Inspector General (if applicable). School districts are also required to report matters related to school district integrity and performance in accordance with Appendix XII of 2 Code of Federal Regulations, part 200. Failure to make required disclosures can result in any of the remedies described in 2 Code of Federal Regulations, section 200.339.

IX. COMPENSATION – PERSONAL SERVICES EXPENSES AND REPORTING

A. Compensation – Personal Services

Costs of compensation are allowable to the extent that they satisfy the specific requirements of the Uniform Grant Guidance and that the total compensation for individual employees:

1. Is reasonable for the services rendered and conforms to the established written school district policy consistently applied to both federal and non-federal activities; and
2. Follows an appointment made in accordance with the school district's written policies and meets the requirements of federal statute, where

applicable.

Unless an arrangement is specifically authorized by a federal awarding agency, the school district must follow its written non-federal, entity wide policies and practices concerning the permissible extent of professional services that can be provided outside the school district for non-organizational compensation.

B. Compensation – Fringe Benefits

1. During leave

The costs of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

- a. They are provided under established written leave policies;
- b. The costs are equitably allocated to all related activities, including federal awards; and
- c. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the school district.

2. The costs of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in 2 Code of Federal Regulations, section 200.447(d)); pension plan costs; and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits must be allocated to federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such federal awards and other activities and charged as direct or indirect costs in accordance with the school district's accounting practices.

3. Actual claims paid to or on behalf of employees or former employees for workers' compensation, unemployment compensation, severance pay, and similar employee benefits (e.g., post-retirement health benefits) are allowable in the year of payment provided that the school district follows a consistent costing policy.

4. Pension plan costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with the school district's written policies.

5. Post-retirement costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established school district written policies.

6. Costs of severance pay are allowable only to the extent that, in each case, severance pay is required by law; employer-employee agreement; established policy that constitutes, in effect, an implied agreement on the school district's part; or circumstances of the particular employment.

C. Insurance and Indemnification

Types and extent and cost of coverage are in accordance with the school district's policy and sound business practice.

D. Recruiting Costs

Short-term, travel visa costs (as opposed to longer-term, immigration visas) may be directly charged to a federal award, so long as they are:

1. Critical and necessary for the conduct of the project;
2. Allowable under the cost principles set forth in the Uniform Grant Guidance;
3. Consistent with the school district's cost accounting practices and school district policy; and
4. Meeting the definition of "direct cost" in the applicable cost principles of the Uniform Grant Guidance.

E. Travel Costs

Under 2 Code of Federal Regulations, section 200.475, travel costs include the transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

Travel costs may be charged on an actual cost basis, on a per diem or mileage basis, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip. The method used must be consistent with those normally allowed in like circumstances in the school district's other activities and in accordance with the school district's established written policies.

Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise

allowable only to the extent such costs do not exceed charges normally allowed by the school district in its regular operations as a result of the school district's written policy.

In addition, when costs are charged directly to the federal award, documentation must justify that:

1. Participation of the individual is necessary to the federal award; and
2. The costs are reasonable and consistent with the school district's established written policy.

Temporary dependent care costs above and beyond regular dependent care are allowable provided that these costs are:

1. A direct result of the individual's travel for the federal award;
2. Consistent with the school district's established written policy for all school district travel; and
3. Only temporary during the travel period.

X. SUBRECIPIENT MONITORING

A. The school district will:

1. Verify that the subrecipient is not excluded or disqualified in accordance with 2 Code of Federal Regulations, section 180.300. Verification methods are provided in section 180.300, which include confirming in *SAM.gov* that a potential subrecipient is not suspended, debarred, or otherwise excluded from receiving federal funds.
2. Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the information provided below. A pass-through entity must provide the best available information when some of the information below is unavailable. A pass-through entity must provide the unavailable information when it is obtained.

a. Required information includes:

(1) Federal award identification

i. Subrecipient's name (must match the name associated with its unique entity identifier);

- ii. Subrecipient's unique entity identifier;
 - iii. Federal Award Identification Number (FAIN);
 - iv. Federal Award Date;
 - v. Subaward Period of Performance Start and End Date;
 - vi. Subaward Budget Period Start and End Date;
 - vii. Amount of Federal Funds Obligated in the subaward;
 - viii. Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity, including the current financial obligation;
 - ix. Total Amount of the Federal Award committed to the subrecipient by the pass-through entity;
 - x. Federal award project description, as required by the Federal Funding Accountability and Transparency Act (FFATA);
 - xi. Name of the Federal agency, pass-through entity, and contact information for awarding official of the pass-through entity;
 - xii. Assistance Listings title and number; the pass-through entity must identify the dollar amount made available under each Federal award and the Assistance Listings Number at the time of disbursement;
 - xiii. Identification of whether the federal award is for research and development; and
 - xiv. Indirect cost rate for the federal award (including if the de minimis rate is used in accordance with 2 Code of Federal Regulations, section 200.414).
- (2) All requirements of the subaward, including requirements imposed by Federal statutes, regulations, and the terms and conditions of the Federal award;

- (3) Any additional requirements that the pass-through entity imposes on the subrecipient for the pass-through entity to meet its responsibilities under the Federal award. This includes information and certifications (see 2 Code of Federal Regulations, section 200.415) required for submitting financial and performance reports that the pass-through entity must provide to the federal agency;
 - (4) Indirect cost rate:
 - (5) A requirement that the subrecipient permit the pass-through entity and auditors to access the subrecipient's records and financial statements for the pass-through entity to fulfill its monitoring requirements; and
 - (6) Appropriate terms and conditions concerning the closeout of the subaward.
3. Evaluate each subrecipient's fraud risk and risk of noncompliance with a subaward to determine the appropriate subrecipient monitoring described in 2 Code of Federal Regulations, section 200.332, paragraph (f). When evaluating a subrecipient's risk, a pass-through entity should consider the following:
 - a. The subrecipient's prior experience with the same or similar subawards;
 - b. The results of previous audits. This includes considering whether or not the subrecipient receives a Single Audit in accordance with 2 Code of Federal Regulations, part 200, subpart F and the extent to which the same or similar subawards have been audited as a major program;
 - c. Whether the subrecipient has new personnel or new or substantially changed systems; and
 - d. The extent and results of any federal agency monitoring (for example, if the subrecipient also receives federal awards directly from the federal agency).
4. If appropriate, consider implementing specific conditions in a subaward as described in 2 Code of Federal Regulations, section 200.208 and notify the Federal agency of the specific conditions.
5. Monitor the activities of a subrecipient as necessary to ensure that the subrecipient complies with Federal statutes, regulations, and the terms and conditions of the subaward. The pass-through entity is responsible for

monitoring the overall performance of a subrecipient to ensure that the goals and objectives of the subaward are achieved. In monitoring a subrecipient, a pass-through entity must:

- a. Review financial and performance reports.
- b. Ensure that the subrecipient takes corrective action on all significant developments that negatively affect the subaward. Significant developments include Single Audit findings related to the subaward, other audit findings, site visits, and written notifications from a subrecipient of adverse conditions which will impact their ability to meet the milestones or the objectives of a subaward. When significant developments negatively impact the subaward, a subrecipient must provide the pass-through entity with information on their plan for corrective action and any assistance needed to resolve the situation.
- c. Issue a management decision for audit findings pertaining only to the Federal award provided to the subrecipient from the pass-through entity as required by 2 Code of Federal Regulations, section 200.521.
- d. Resolve audit findings specifically related to the subaward. However, the pass-through entity is not responsible for resolving cross-cutting audit findings that apply to the subaward and other Federal awards or subawards. If a subrecipient has a current Single Audit report and has not been excluded from receiving Federal funding (meaning, has not been debarred or suspended), the pass-through entity may rely on the subrecipient's cognizant agency for audit or oversight agency for audit to perform audit follow-up and make management decisions related to cross-cutting audit findings in accordance with 2 Code of Federal Regulations, section 200.513(a)(4)(viii). Such reliance does not eliminate the responsibility of the pass-through entity to issue subawards that conform to agency and award-specific requirements, to manage risk through ongoing subaward monitoring, and to monitor the status of the findings that are specifically related to the subaward.

6. Depending upon the pass-through entity's assessment of the risk posed by the subrecipient (as described in 2 Code of Federal Regulations, section 200.332, paragraph (c)), the following monitoring tools may be useful for the pass-through entity to ensure proper accountability and compliance with program requirements and achievement of performance goals:

- a. Providing subrecipients with training and technical assistance on program-related matters;

b. Performing site visits to review the subrecipient's program operations; and

c. Arranging for agreed-upon-procedures engagements as described in 2 Code of Federal Regulations, section 200.425.

7. Verify that a subrecipient is audited as required by 2 Code of Federal Regulations, part 200, subpart F.

8. Consider whether the results of a subrecipient's audit, site visits, or other monitoring necessitate adjustments to the pass-through entity's records.

9. Consider taking enforcement action against noncompliant subrecipients as described in 2 Code of Federal Regulations, section 200.339 and in program regulations.

XI. CONFLICT OF INTEREST

A. Standards of Conduct

The school district will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts.

B. No employee, officer, agent, or board member may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, agent, or board member, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The employees, officers, agents, and board members of the school district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the school district may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by employees, officers, agents, or board members of the school district. Disciplinary actions may be undertaken pursuant to the school district's Discipline, Suspension, and Dismissal of School Employees policy.

The school district's Conflict of Interest policies and procedures provide additional measures regarding conflicts of interest.

C. Organizational Conflicts of Interest

If the school district has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the school district must maintain written standards concerning organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the school district is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization.

D. Disclosing Conflicts of Interest

The school district will disclose in writing any potential conflict of interest to MDE in accordance with established federal agency policies.

722 PUBLIC DATA AND DATA SUBJECT REQUESTS

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 (MGDPA), and Minnesota Rules parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

"Individual" means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.

I. Private Data on Individuals

Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.

J. Protected Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.

K. Public Data

All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

L. Public Data Not on Individuals

Data accessible to the public pursuant to Minnesota Statutes section 13.03.

M. Public Data on Individuals

Data accessible to the public in accordance with the provisions of section 13.03.

N. Responsible Authority

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

- A. All requests for public data must be made in writing directed to the responsible authority.
 1. A request for public data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact the requestor (such as phone number, address, or email address).
 2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
 3. The identity of the requestor is public, if provided, but cannot be required by the government entity.
 4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- B. The responsible authority will respond to a data request at reasonable times and places as follows:
 1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and

shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.

- (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.

~~c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed. ¶¶~~

2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.
3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

- C. If the school district notifies the requesting person that responsive data or copies are available for inspection or collection, and the requesting person does not inspect the data or collect the copies within five business days of the notification, the school district may suspend any further response to the request until the requesting person inspects the data that has been made available, or collects and pays for the copies that have been produced.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.

1. A request for the preparation of summary data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
 1. The estimated costs of preparing the summary data, if any; and
 2. The summary data requested; or
 3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.
- B. Private or confidential data on an individual shall not be collected, stored, used, or disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes section 13.05, subdivision 4.
- C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is

the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.

- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six (6) months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten (10) days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.
- H. The determination of the responsible authority may be appealed by a data subject pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the Commissioner of the Minnesota Department of Administration ("Commissioner") shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the Commissioner may refer the matter to mediation. Following these efforts, the Commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.

- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the Commissioner's order issued under Minnesota Statutes chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

- A. All requests for individual subject data must be made in writing directed to the responsible authority.
- B. A request for individual subject data must include the following information:
 - 1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;
 - 2. Date the request is made;
 - 3. A clear description of the data requested;
 - 4. Proof that the individual is the data subject or the data subject's parent or guardian;
 - 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

VIII. COSTS

- A. Public Data
 - 1. The school district will charge for copies provided as follows:
 - a. One hundred (100) or fewer pages of black and white, letter or legal sized paper copies will be charged at twenty-five (25) cents for a one-sided copy or fifty (50) cents for a two-sided copy.
 - b. More than one hundred (100) pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the

data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.

- (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
 - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for [in cash or by check] in advance of receiving the copies.

[Note: the district should identify the payment methods that it will accept.]

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
 - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
 - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines

that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX: Annual Review and Posting

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

806 CRISIS MANAGEMENT POLICY

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis

procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

Finally, all general crisis procedures will address specific procedures for children with special needs such as physical, sensory, motor, developmental, and mental health challenges.

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.
- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. This may include students who do not have a 504 plan or an individualized education program (IEP). The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.
- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters

are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.
3. School Emergency Response Teams
 - a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.
 - b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.
2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least **fifty (50)** feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. . The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for inform students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery
2. Fiscal recovery
3. Academic recovery
4. Social/emotional recovery.

IV. ACTIVE SHOOTER DRILL

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.
3. "Evidence-based" means a program or practice that demonstrates any of the following:

- a. a statistically significant effect on relevant outcomes based on any of the following:
 - i. strong evidence from one or more well designed and well implemented experimental studies;
 - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or
 - iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias; or
 - b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.
- 4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.
 - 5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

- 1. accessible;
- 2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
- 3. culturally aware;
- 4. trauma-informed; and
- 5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least **twenty-four (24)** hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.
2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The Commissioner of the Minnesota Department of Education must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one **(1)** hour, or one **(1)** standard class period, of violence prevention training annually.
2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
 - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
 - b. the importance of taking threats seriously and seeking help; and
 - c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity, including providing information about the Department of Public Safety's statewide anonymous threat reporting system and any local threat reporting systems.
3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:

- a. student opportunities for leadership related to prevention and safety;
- b. encouragement and support to students in establishing clubs and programs focused on safety; and
- c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

- 1. the effect of active shooter drills on the safety of students and staff; and
- 2. the effect of active shooter drills on the mental health and wellness of students and staff.

The school district shall implement procedures mandating visitor sign in and visitors in school buildings pursuant to the school district's ~~See Policy 903~~ (Visitors to School District Buildings and Sites policy).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.
