Mr. Rother
January 2023
Superintendent & Tecumseh Site Elementary Board Report

1. I continue to work on transportation options for the 2023-2024 school year. As we are not getting more drivers with CDLs, I have begun to look at options for increased use of vans and 14 passenger buses (these do not require a CDL).
 - An order for two all-wheel drive vans was submitted to Field Ford in Tecumseh. Randy Field has informed me that, even with the order, they may be hard to come by. I will begin looking into used vans.
 - I made the decision to begin paying coaches/sponsors for drive time if they are required to drive the student transportation to the event (\$17.50/hour).
 - I have increased bus driver activity pay to \$20/hour for those possessing a CDL and driving a bus to the event.
 - I look to increase pay for CDL drivers for the 2023-2024 school year, as opposed to those with vans.
 - We are still slated to receive two new activity buses this late spring. One white and the other yellow. The yellow bus could then be used for routes as well, if needed.
2. The principals, counselors and potentially other staff will be discussing staffing options for the 2023-2024 school year. As staff retire/resign we will look at responsibilities, the potential re-assigning of responsibilities or the absorption of the position.
3. A preschool playground between the Tecumseh Site high school and elementary is still planned to be built. This was to happen in the late fall, however it will now wait until spring. This is due to questions I had about whether or not a construction manager was required. A construction manager is not required, however by the time I acquired this information winter had set in.
4. Mrs. Lisa Fricke, Nebraska State School Board member, called to discuss NSCAS testing and Nebraska schools in general. She wants to set up a time to visit our school district.
5. There has been some turnover at the state board of education. Some of the topics at the forefront of discussion are state standards (particularly health standards), school funding and state testing.

6. The search for a State Commissioner of Education has begun for the 2023-2024 school year as Dr. Matt Blomstdet had resigned. His last day in office was in December.

2012 Board Code of Ethics

The board recognizes that collectively and individually, all members of the board must adhere to an accepted code of ethics in order to improve public education. Board members must conduct themselves professionally and in a manner fitting of their position.

Each board member shall:

1. Attend all regularly scheduled board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings;
2. Endeavor to make policy decisions only after full discussion at publicly held board meetings;
3. Render all decisions based on the available facts and his or her independent judgment, and refuse to surrender that judgment to individuals or special interest groups;
4. Encourage the free expression of opinion by all board members, and seek systematic communication between the board and students, staff and all elements of the community;
5. Work with other board members to establish effective board policies and to delegate authority to the superintendent to administer the school district;
6. Communicate expressions of public reaction to the board policies and school program to other board members and the superintendent;
7. Learn about current educational issues by individual study and through participation in seminars and programs, such as those sponsored by the state and national school board associations;
8. Support the employment of those persons best qualified to serve as school staff, and insist on a regular and impartial evaluation of all staff;
9. Avoid being placed in a position of conflict of interest, and refrain from using the board member's position on the board for personal or political gain;

10. Refrain from discussing the confidential business of the board in any setting except a board meeting;
11. Refrain from micro-managing the affairs of the school district;
12. Recognize the superintendent as the executive officer of the board;
13. Work constructively and collegially with the other members of the board, students, staff and patrons.
14. Refer complaints to the superintendent or building principal, as appropriate;
15. Always be mindful of his/her fiduciary obligation to the school district, including duties of loyalty and care, by placing the interests of the district above the board member's personal interests.
16. Remember that a board member's first and greatest concern must be the educational welfare of the students attending this district's schools.

1001 General Policy Statement

The organization, management, and control of this school district is vested in its board of education ("board"). To guide the board and school district operations, and to assist it and its designees in carrying out duties, the board will establish, maintain, and amend a set of policies.

Written board policies serve the following purposes:

1. Formally articulating the board's goals and long-term objectives.
2. Providing district administrators and staff with guidance in making decisions that affect students, employees and patrons of the district.
3. Informing the public of the manner that the board and district will conduct its business and its relationships with staff, pupils, parents and patrons.

To avoid unnecessary rigidity, these policies are stated in general terms. With the exception of statutory requirements or instances when the specific application of a policy is essential to the long-term welfare of the district, these policies are intended to provide administrators with the flexibility to apply them to a wide range of situations.

The policies are not the only guidelines for district operations. Specific regulations, procedures, and practices also help guide and govern actions and decisions. They must be consistent with policies, but serve a different purpose.

Exceptional Circumstances

The board cannot foresee every situation that may arise, and circumstances will occur when these policies provide inadequate guidance. In such circumstances, the superintendent should use his or her best judgment, and communicate with the board about the situation as soon as is convenient.

Validity of Policies

Each policy and its provision should be interpreted so that it is valid under applicable law. If a court determines that a provision of a policy is invalid, such invalidity shall not affect the remaining provisions of that policy.

Creation, Amendment, and Distribution of Board of Education Policies

Each of these policies shall become the official policy of the school district when the board has approved it by majority vote of the members present at any lawfully convened meeting of the board.

It shall generally be the practice of the board to adopt or amend any policy after a single reading at any regular or special board meeting. However, the board may, in its discretion, review policies at multiple meetings prior to taking action.

Each policy shall bear the date when it was adopted, revised or reviewed.

The superintendent shall distribute copies of these policies to all members of the board, maintain a master copy in the central office, and see to it that the policies are maintained on the school district's web site.

Annual Review

The board shall review all policies at least once every three years. Nebraska statutes require an annual review and/or hearing to solicit public comment on these specific policies:

Parental Involvement Policy

Title I Parental Involvement Policy

(NOTE: These first two are distinct parental involvement policies, and both must be reviewed annually.)

Student Fees Policy

Bullying

Multicultural Education

Student Assessment

Teacher Evaluation

Student Academic Performance

Safety and Security Committee

Attendance and Excessive Absenteeism

The board may update or add policies as needed. The board shall determine the number of copies of policies to be made and their distribution. The superintendent shall maintain an up-to-date master copy of the policies in the main administrative office. Unless otherwise directed by the board, the master copy shall be considered the official district policy manual.

2001 Role of the Board of Education

The board of education (board) is charged by the Legislature with the duty of providing public elementary and secondary education to the citizens of the district. The Legislature has also created the State Board of Education and the State Department of Education, and has delegated certain regulatory and advisory functions to them. The board is responsible to these agencies as specified by law.

The board's primary duties are: (1) to establish a mission, goals, and policies; (2) to establish and maintain school facilities; (3) to select a superintendent; (4) to adopt a fiscally responsible budget; and (5) to evaluate programs.

1. Establishment of Mission, Goals and Policies

The board shall concern itself with broad questions of mission, goals and policy, rather than administrative details. The application of policies is an administrative task to be performed by the superintendent of schools and his or her administrative staff, who shall be held responsible for the effective administration and supervision of the entire school district.

2. Establishment and Maintenance of School Facilities and Other Resources

The board is the legal agency through which the community works to provide the physical facilities, curriculum, instructional supplies and staff to enable the district's mission and objectives to be carried out. The board will establish and maintain school facilities necessary to educate the students of the district.

3. Selection of the Superintendent of Schools

The board will employ a superintendent of schools as the chief executive to whom it will delegate the administration of the school program. As the chief administrator for the board, the superintendent will implement board policies and supervise the day-to-day operation of the school system. The superintendent will keep the board informed of the implementation of the plans and policies, and will recommend changes to policies as necessary. The superintendent will furnish educational leadership to the board, the school staff, and the community.

4. Fiscally Responsible Budget

The board will annually adopt a fiscally responsible budget that will permit the district to accomplish its goals and objectives. The management of the financial program and the development of the proposed budget for the district is delegated to the superintendent.

The board will work for adequate and dependable financial support of the public schools, promotion of effective and efficient organization, and administration of the district.

5. Evaluation of Program

The board will evaluate, or cause to be evaluated, the progress and results of the educational program on a continuous basis. In making these evaluations, the board will seek and give appropriate weight to the superintendent's analysis and recommendations.

I, ..., do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Nebraska, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion; and that I will faithfully and impartially perform the duties of the office of member of the board of education, according to law, and to the best of my ability. And I do further swear that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence; and that during such time as I am in this position I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence. 2005 Conflict of Interest

Any member of the board of education who meets the conditions set forth in this policy shall be deemed to have a business or financial conflict of interest.

1. Definitions. For purposes of this policy:

a. Business with which a board member is associated shall include the following:

- (1) A business in which the board member or a member of his or her immediate family is a partner, a limited liability company, or serves as a director or an officer.
- (2) A business in which the board member or a member of his or her immediate family is a stockholder in a closed corporation with stock worth one thousand dollars or more, or the board member or his or her immediate family owns more than a five percent equity interest or is a stockholder of publicly traded stock worth more than ten thousand dollars or more at fair market value, or which represents more than ten percent equity interest. This shall not apply to publicly traded stock under a trading account if the board member reports the name and address of the company and stockbroker.

b. A business association shall be defined to include an individual as a partner, limited liability company member, director or officer, or a business in which the individual or member of the immediate family is a stockholder.

c. Immediate family member or member of the immediate family shall mean a child residing in an individual's household, a spouse of an individual, or an individual claimed by that individual or that individual's spouse as a dependent for federal income tax purposes.

2. Contracts with the School District.

a. No board member or member of his or her immediate family shall enter into a contract valued at two thousand dollars or more, in

- any one year, with this school district unless the contract is awarded through an open and public process that (1) includes prior public notice and (2) allows the public to inspect during the school district's regular office hours the proposals considered and the contract awarded. Board members who enter into employment contracts with the school district must also comply with the board's policy on the employment of board members.
- b. The existence of any conflict of interest in any contract in which the board member has an interest and in which the school district is a party, or the failure to make public the board member's interest known, may render a contract null and void.
 - c. The prohibition of a conflict of interest or requirement for the board member to make public notice shall apply when the board member, or his or her parent, spouse, or child has a business association with the business involved in the contract or will receive a payment, fee, or commission as a result of the contract.
 - d. The prohibition in this section does not apply if the contract is an agenda item approved at a board meeting and the board member:
 - (1) Makes a declaration on the record to the school board regarding the nature and extent of his or her interest prior to official consideration of the contract;
 - (2) Does not vote on the matters of granting the contract, making payments pursuant to the contract, or accepting performance of work under the contract, or similar matters relating to the contract, except that if the number of members of the school board declaring an interest in the contract would prevent the board with all members present from securing a quorum on the issue, then all members may vote on the matters; and
 - (3) Does not act for the school board as to inspection or performance under the contract in which he or she has an interest.

3. Contracts with Board Member's Immediate Family.

- a. If a person in a board member's immediate family is an employee of this school district, the board member may vote on all issues of a contract which are generally applicable to:
 - (1) All district employees.
 - (2) All employees within a specific classification but which does not single out the member of his or her immediate family.

4. Employing Members of the Immediate Family.

- a. A board member may recommend for employment or supervise the employment of an immediate family member if:
 - (1) The board member does not abuse his or her position.
 - (2) Abuse of official position shall include, but not be limited to, employing an immediate family member:
 - (i) who is not qualified for and able to perform the duties of the position;
 - (ii) for any unreasonably high salary;
 - (iii) who is not required to perform the duties of the position.
 - (3) The board makes a reasonable solicitation and consideration of applications for employment.
 - (4) The board member makes a full disclosure on the record to the governing body of the school district and to the secretary of the board. If the secretary of the board of education would be the individual filing the disclosure statement, the statement shall be filed with the president of the board of education.
 - (5) The board approves the employment or supervisory position.

- b. The board has not terminated the employment of another employee so as to make funds or a position available for the purpose of hiring an immediate family member.

5. Gifts, Loans, Contributions, Rewards, or Promises of Future Employment

- a. No board member shall offer or give to the following persons anything of value, including a gift, loan, contribution, reward, or promise of future employment, based upon an agreement that a vote, official action, or judgment would be influenced thereby:

- (1) a public official, public employee, or candidate.
- (2) a member of the immediate family of an individual listed in Subparagraph 'a' above.
- (3) a business with which an individual listed in Subparagraph (1) or (2) above is associated.

- b. No board member shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the board member would thereby be influenced.

- c. A board member shall not use or authorize the use of his or her public office or any confidential information received through the holding of a public office to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which he or she is associated.

- d. A board member shall not use personnel, resources, property, or funds under his or her official care and control other than in accordance with prescribed constitutional, statutory, and regulatory procedures or use such items, other than compensation provided by law, for personal financial gain.

6. Conflict of Interest Relating to Campaigning or Political Issues

- a. Except as provided below, the board shall not authorize the use of personnel, property, resources, or funds under its jurisdiction for the purpose of campaigning for or against the nomination or

election of a candidate or the qualification, passage, or defeat of a ballot question.

- b. This does not prohibit the board from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
- c. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
- d. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
 - (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
 - (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the board. However, this shall not be done during a time that the individual is engaged in his or her official duties.

7. Conflict of Interest Statement

- a. Any board member who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public, shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

- (1) Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict;
 - (2) Deliver a copy of the statement to the school board secretary who shall enter the statement onto the school district's public records; and
 - (3) Abstain from participating or voting on the matter in which he or she has a conflict of interest.
- b. If the board member would like a formal opinion from the NADC as to whether there is an actual conflict of interest, he/she shall deliver a copy of the statement to the NADC.

8. Recordkeeping

- a. The board secretary shall maintain a separate record of the following information for every contract entered into by the school board in which a board member has an interest and for which disclosure was made pursuant to section 2d of this policy:
 - (1) The names of the contracting parties.
 - (2) The nature of the interest of the board member in question.
 - (3) The date that the contract was approved.
 - (4) The amount of the contract.
 - (5) The basic terms of the contract.
 - b. The information supplied relative to the contract shall be provided no later than ten (10) days after the contract has been signed by both parties. The ledger kept by the board secretary shall be available for public inspection during normal working hours of the office in which it is kept.
9. Conflict. To the extent that there is a conflict between this policy and the Nebraska Political Accountability and Disclosure Act ("Act"), the Act shall control.

General Information - Filing Requirements

I. What is a Potential Conflict of Interest? - A public official has a potential conflict of interest if he or she is faced with taking an official action or making an official decision which may result in a financial benefit or a financial detriment to the public official; a member of his or her immediate family; or a business with which he or she is associated. The financial effect of the action or decision must be distinguishable from the financial effect on the general public or a broad segment of it.

II. Who Must File:

- A. An official of a city or village holding elective office who has a potential conflict of interest. An official of the cities of Lincoln or Omaha holding elective office who has a potential conflict of interest should not file this form, but instead should use Form C-2.
- B. An official of a school district holding elective office who has a potential conflict of interest.
- C. An elective office is a public office normally filled by an election. A person appointed to fill a vacancy in a public office normally filled by election holds an elective office.

III. When and Where to File:

- A. This form should be filed as soon as the person holding elective office is aware that he or she may have a potential conflict of interest and prior to the time that the action is to be taken or the decision made.

- B. This form should be filed with the person who normally keeps records for the governing body of the official holding elective office. For example, the person who keeps records for a city or village may be the city clerk or village clerk. **This form does not need to be filed with the Commission.**
- C. The person filing the form should abstain from participating in or voting on the matter in which he or she has a potential conflict of interest. However, if the person wants an opinion from the Commission as to whether he or she has an actual conflict of interest requiring abstention or non-participation, he or she may send a copy of the form to the Commission along with request for an opinion.

Disclosure of Contractual Interests by Local Officers. If you are a local elected official disclosing an interest in a contract or an open account in which a local governing body on which you serve is a party, use NADC Form C-3, Contractual Interest Statement.

Disclosure of the Employment of Immediate Family Members. If you are disclosing the employment of an immediate family member, use NADC Form C-4, Employment of Immediate Family Members Disclosure Statement.

Susie Lacey
Elementary Secretary
Johnson County Central Schools
358 N 6th St
Tecumseh, NE 68450

Dear Board Members and Administrators,

I would like to notify you that I will be retiring from my position as elementary secretary here at JCCentral effective May 31, 2023.

Thank you very much for the opportunity to work in the school setting and being with the little children. I have really enjoyed working under Mr. Rother who has taught me so very much.

I plan to still be around to help or sub and may take in some babysitting to occupy my time.

Sincerely,

A handwritten signature in cursive script that reads "Susie Lacey".
