Oregon School Board Association and National School Board Association Updates

NO ACTION REQUIRED

Background

This report provides recent updates from the Oregon School Board Association and the National School Board Association. The report includes highlights from both associations about professional development, advocacy, and leadership opportunities in public education and school boardsmanship across the state and nation.

Involvement

Director [Sami Al-Abdrabbuh](#), Corvallis School Board Member, OSBA President, and NSBA Director representing the Pacific Region.
OSBA and NSBA staff.

National updates

NSBA in partnership with Go Green Initiative, [received funding from the EPA](#) to monitor and reduce greenhouse gas emissions and indoor air pollution at schools from kindergarten through grade 12 in low-income, disadvantaged, and Tribal communities across the country. The grant comes from the Biden-Harris administration through the Inflation Reduction Act. This will include partnering with state associations and district affiliates to provide school boards and school leaders with information, training, and education on how to get involved in improving air quality and reducing climate pollution across all 50 states.

Some of our local districts have already made some strides on this front; I am checking with my local district about what we have done. I would love to see how we can partner with NSBA and our local districts to bring this grant's benefits to our schools, especially with Oregon's increasing facilities and air quality needs. If you have any questions, feel free to reach out to either myself, Haley, who is also on the NSBA board, or NSBA's CEO Verjeana McCotter-Jacobs via VJacobs@nsba.org.

OSBA Updates

OSBA Board of Directors Aug. 29 meeting summary

OSBA Board ready to negotiate hiring of permanent executive director

The OSBA Board of Directors met online Thursday morning to take the next steps in filling the association's executive director position. The conclusion is in sight now.

Board President Sami Al-Abdrabbuh noted it has been an unusual year for the number of Board meetings and thanked people for their time. The Board is doing important work for OSBA's future while carefully following a considered and methodical process.

The Board ended the two-hour meeting by passing a motion to begin negotiations with Interim Executive Director Emielle Nischik to become the permanent executive director. But it took a lot of explanation, a bit of discussion and a planned executive session to get there.

Bob Steringer, outside legal counsel, brought everyone up to date on the "very deliberate" process so far. At the July 11 meeting, the Board approved considering a direct appointment process while advertising the opening. It also asked for an outside review of the job description and salary range.

With careful deliberation, the Board took three official actions Thursday related to the executive director position:

- Members adopted a resolution for the Board to be able to directly appoint an executive director without a search.
- They updated the executive director's job description based on the role's current realities and a salary range based on outside analysis of similar positions.
- They authorized Board President Al-Abdrabbuh and President-elect Chris Cronin with outside counsel to negotiate employment terms with Nischik.

Steringer as well as Haley Percell, OSBA's chief legal officer and interim deputy executive director, confirmed the legal requirements for a public process had been met.

Al-Abdrabbuh said the executive director job description has been long overdue for an update and the review was done with OSBA's strategic needs in mind, adding such things as PACE services. Nischik said the description "concisely outlines the duties of the job in a clear way, which I appreciate."

The Board discussed salary in detail, looking at OSBA's recent history, other school board associations' salaries and data from similar organizations. Members wanted more time to consider the potential pay range for an executive director, and Al-Abdrabbuh and Cronin will continue to take input.

The process could finish in a little less than two weeks. If a final agreement is reached with Nischik, it will be put before the Board for consideration at a meeting at 3 p.m. Sept. 11.

She has worked in education for 23 years.
- **Angie LaGue** - Angie LaGue will serve as the interim assistant principal for the 2024-25 school year. Angie has spent the last year as the Cheldelin dean of students and served as the interim assistant principal at the end of last school year. She holds a Bachelor of Arts Degree in Criminal Justice with a teaching certificate and an endorsement in Middle School Science and a Master of Science Degree in Educational Leadership and Policy and Administrative License from Portland State University.

I am pleased to welcome these new administrators to our team!

Legislative Visit

In July, I represented Oregon Superintendents by visiting our legislators in Washington D.C. Our Oregon team was able to discuss important federal topics impacting public schools with five out of six Representatives and both Oregon Senators.

Members of the team met with: Representative Salinas (OR-6), Representative Chavez-DeRemer (OR-5), Representative Bentz (OR-2), Representative Hoyle (OR-4), staff from Representative Bonamici's office (OR-1), Senator Wyden, and Senator Merkley.

During the visits, Oregon team members expressed the importance of fully funding Title I, Title I, II, and IDEA. We also discussed the importance of reauthorizing Secure Rural Schools funding, which provides critical resources for Oregon schools and timber communities. Team members also advocated for the CARE for Student Mental Health Act and discussed challenges and benefits related to draft language in the Kids Online Safety Act, Children and Teens' Online Privacy Protection Act, Kids Off Social Media Act, and the Eyes on the Board Act.

Overall, the visits were very successful. In fact, one of our conversations resulted in important language changes to the Kids Online Safety Act! I truly felt that Oregon's Representatives and Senators listened to our feedback related to important federal topics and appreciated hearing our perspectives.

Health & Resource Fair

Our fourth annual Health & Resource fair on August 23 at Linus Pauling was our most successful event to date. We partnered with Casa Latinos Unidos, Samaritan Health Services, Benton County Health Services, and InterCommunity Health Network - Coordinated Care Organization. Through this event, we were able to serve over 550 people.

- Over 300 children were measured for Operation School Bell
- 70 dental screenings
- 32 medical appointments
 - 21 sports physicals/Well Child checks
 - 11 vaccinations
- 27 hearing screenings
- 70 kids at CLU activity table
- 96 verifications
- 12 new registrations/enrollments
- 25 families received support with bus & MyRide K-12 registration

We also provided access to prescheduled language testing, school registration, and bus registration and had over 25 community agencies table to provide local resources for families. This year's event allowed us to serve even more linguistically and culturally diverse families. We had multilingual families attend who expressed interest in working for the district, and we are currently working with them through the process.

Changes to District Office Reception Area

You are all aware of the reductions we were required to make moving into this school year. One of the reductions was the reception area position as folks enter the district office. We are currently in the process of adding a wall and doors to create a separation from the majority of our workspaces. When staff and community members visit the district office, they can call our departments to connect with a staff member who can come up to the reception area and assist.

Welcome Back Rally

We hosted our annual back-to-school rally on Wednesday, August 28. Thank you to the members of the school board who were able to attend. We used the morning time together as a district to celebrate the Olympic spirit of unity and spoke about the Olympic values of excellence, respect, determination, inspiration, courage, and friendship.

We also shared video vignettes from our students and families highlighting the assets of their school communities.

Welcome to 2024-25 School Year

The district returned to school successfully this week. Some highlights from this week include:

- Kindergartners enjoyed free choice time by making acorn and shiny gem soup and beaded necklaces and learned how to follow directions with musical instruments.
- 2nd graders did number corner, working around combinations to 20 and how to use the number 3 in an equation to 20.
- 5th graders stacked Smartie candy and tried to improve their strategies, discussing what they learned each time and the ways trying different strategies helps you be more successful.
- Middle school students greeted each other after a long summer away by connecting outside of the building before school started.
- High school students in a Health 2 class shared information with the teacher about things they like, don't like, that they want, places they have been, places they want to go, and things they need, have, and hope for. They also discussed with the teacher the connection between the teacher knowing these things and their successful experience in the classroom.

Board Retreat Next Steps

I appreciated all of your discussions and insights during our recent board retreat. My goal was to highlight the value of using YouthTruth. Based on the conversation I participated in and heard, I felt like we achieved the goal.

I am looking forward to elevating the use of our YouthTruth results as we begin Youth Truth Student Workshops this school year.

ACTION REQUESTED

Background

Pursuant to board policy DBEA, "Budget Committee," and prior to October 1 each year, the board will identify vacant budget committee positions that must be filled by board appointment.

- Two (2) three-year term appointments, due to the completion of a three year term by Bill Dougherty and Penny York.

Openings on the Budget Committee will be advertised through customary district communication channels; committee members completing terms are eligible for re-appointment should they apply. The recruitment schedule for these budget committee vacancies is proposed as follows:

- September 5, 2024– publicly identify vacant budget committee positions and approve recruitment calendar
- Mid-September to mid-October 2024 – advertise budget committee vacancies and solicit applications
- October 25, 2024 – deadline for first review of applications (positions are open until filled)
- November 5, 2024 – appoint budget committee members during board meeting

ACTION REQUESTED:

Corvallis

SCHOOL DISTRICT

Code: DJ
Adopted: 4/04/05
Readopted: 5/09/16
Orig. Code(s): 6610

Purchasing Standards

The function of district purchasing is to serve the educational program by providing the necessary supplies, equipment, and services. Items commonly used in the various schools and their subdivisions will be standardized whenever consistent with educational goals and in the interest of efficiency or economy.

The finance ~~and operations~~ director is appointed by the Board to serve as purchasing agent. He/she will be responsible for developing and administering the district's purchasing program.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget or by Board action and/or Board policy. In all cases calling for the expenditure of district money, except payrolls, a requisition and purchase order system must be used unless an alternative purchasing method is authorized by the finance ~~and operations~~ director. This policy extends to and includes all district-controlled funds.

No purchase with the exception of a petty cash purchase will be authorized unless covered by an approved purchase order. No bills will be approved for payment unless purchases were made with an approved purchase order or alternative purchasing method as approved by the finance ~~and operations~~ director.

The superintendent or designee is authorized to enter into and approve payment on contracts obligating district funds not to exceed \$150,000 the intermediate procurement limit, as defined by ORS 279B.070, for products, materials, supplies, capital outlay, and services that are within current budget appropriations. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service, and transportation services.

The finance ~~and operations~~ director will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, the finance ~~and operations~~ director will direct payment of the just claims against the district. The superintendent and finance ~~and operations~~ director are responsible for the accuracy of all bills and vouchers.

No Board member, officer, employee, or agent of this district shall use or attempt to use his/her official position to obtain financial gain or for avoidance of financial detriment for himself/herself, a relative, or for any business with which the Board member or a relative is associated. Acceptance of any gratuities, gifts, items of value, financial or otherwise, totaling over \$50 in a fiscal year, from any supplier of materials or services to the district by any Board member, officer, or employee of the district is prohibited.

It is recognized that district staff members and their immediate families may operate private businesses that offer goods and services which the district may require. In order to avoid violations of conflict of interest, appearance of favoritism, or unethical procedures the following policy applies to these purchases:

1. A purchase of any amount from a district employee must be approved by the finance and operations director or designee. Purchases exceeding \$200 per fiscal year must be made based on a minimum of three written competitive quotations received before the purchase is made and attached to the purchase order forwarded to the business services office. If three quotations are not available, a written request to make the purchase must be submitted to and approved by the finance and operations director or designee.
2. Further, employees shall not conduct any private business activity while on duty or otherwise use district property for personal gain.

XIV. CONSOLIDATED INFORMATION

XIV.A. Pre-Audit Report: FY 2023-24 Financial
Statements (Unaudited)

Corvallis

SCHOOL DISTRICT

Prepared for: Corvallis School Board
Prepared by: Lauren Wolfe, Finance Director
Meeting Date: September 5, 2024

Pre-Audit Report: **FY 2023-24 Financial Statements (Unaudited) NO ACTION REQUIRED**

Background

Per policy [DIC](#), the Board will receive a pre-audit report from the business manager recapping the year-end closure of financial statements prior to the annual audit. The Schedule of Revenues, Expenditures and Changes in Fund Balance for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Internal Service Funds for the period ending June 30, 2024 (Unaudited) follow this report.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The district uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

General Fund

The General Fund is the chief operating fund of the district and accounts for all financial resources of the district except those required to be accounted for in another fund. Revenues in the General Fund are primarily from local property taxes and the State School Fund.

Revenues through the end of the fiscal year totaled \$97.01 million and exceeded the final budget by \$5.96 million, or 6.5%, primarily from local sources. Expenditures through the end of the fiscal year totaled \$92.36 million and excluding contingency, actual spending totaled 92.1% of the final budget. At fiscal year end, the ending fund balance was \$19.14 million, an increase of \$4.65 million from the prior year. The ending fund balance represents 19.7% of total revenues.

Special Revenue Fund

The Special Revenue Fund accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Revenues in the Special Revenue Fund are primarily state and federal grants.

Revenues through the end of the fiscal year totaled \$24.21 million, while expenditures totaled \$24.59 million. Other financing sources, which account for incoming interfund transfers, amounted to \$1.47 million. Overall, the Special Revenue Fund decreased \$1.90 million in fund balance.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.

This fund is used for the collection of property taxes for voter-approved construction bond levies to pay the associated scheduled debt service. This fund includes debt service related to the \$200 million bond measure approved by voters in 2018 to provide funds for repairs, construction, and improvements over a projected 20-year period.

The PERS Bond Debt Service Fund is used to repay the debt service resulting from the issuance of bonds in 2002 to reduce the district's PERS unfunded liability to aid in reducing long-term costs. Revenue is provided by assessing a percentage against employee salaries from all district funds.

This fund sets aside funds for payment of debt service. The Debt Service ending fund balance is \$1.72 million, no change from the prior year. Tax levies are adjusted annually to meet debt service needs.

Capital Projects Fund

The Capital Projects Fund accounts for financial resources used to acquire or construct major capital facilities. The most common source of revenue in this fund would be the sale of bonds.

Two issuances of general obligation bonds are allocated in this section: Series 2018 and Series 2020. A schedule of redemption and interest requirements related to these bonds can be found in the Informational Section of this document.

The Capital Projects Fund houses bond proceeds for capital construction. All funds are legally obligated for voter approved capital improvements. The ending fund balance reflects a decrease of \$9.27 million from the prior year due to the third full year of expenditures of the general obligation bonds. Nearly all funds were spent by June 30, 2024, the Capital Projects Fund ended with a \$484 fund balance.

Internal Service Fund

The Internal Service Fund accounts for the operation of district functions that provide services to other district functions on a cost-reimbursable basis.

Insurance Fund

Risk management and employee benefits programs for the district are budgeted within the Insurance Funds. Property and liability premiums are funded by the General Fund. Health benefit premiums are charged as a benefit expenditure on a per-covered-employee basis to other funds. The offset is revenue to the Insurance Fund, out of which the insurance premiums are paid to the insurance carriers. The remaining fund balance is available to cover deductibles on district plans. Overall, the Insurance Fund decreased \$1.70 million in fund balance.

Board Policy AC—Nondiscrimination—Revision—First Read

Background

House Bill 2281 (2023), effective January 1, 2024, requires a district school board to designate one or more civil rights coordinators for the district. According to HB 2281, the civil rights coordinator may be an employee of the district or the district may contract with an ESD for the services of a civil rights coordinator.

The role of the civil rights coordinator is detailed in OAR 581-021-0660 and includes overseeing district compliance with state and federal laws prohibiting discrimination in public education and ensuring the resolution of district investigations of complaints alleging and substantiating discrimination.

There is no current requirement for language to be added to board policy or administrative regulation. However, based on a recommendation from OSBA, our district is choosing to add the proposed language to policy AC – Nondiscrimination regarding the designation of a civil rights coordinator by the superintendent.

The district will provide a notice of the designated civil rights coordinator and contact information on the district's website for all staff, students, and families.

Workplace Harassment Reporting and Procedure

Any district employee who believes they have been a victim of workplace harassment may file an oral or written report to the Human Resources Director or to the Assistant Superintendent if the alleged harassment involves the Human Resources Director. A district employee may also file a report through the Bureau of Labor and Industries' (BOLI) complaint resolution process, or under any other available law.

Additional information regarding the filing of a report may be obtained through the principal, compliance officer or superintendent.

A complaint alleging an unlawful employment practice as described in ORS 659A.030, 659A.082 or 659A.112 or section 4 of Senate Bill 479 (2019) must be filed no later than five years after the occurrence of the alleged unlawful employment practice.

All documentation related to workplace harassment complaints may become part of the personnel file of the employee who is the alleged harasser, as appropriate. Additionally, a copy of all workplace harassment reports, complaints, and documentation will be maintained by the district as a separate confidential file and stored in the district office.

Investigation Procedure

The Human Resources Director is responsible for investigating reports concerning workplace harassment. The investigator(s) shall be a neutral party having had no involvement in the report presented. If the alleged workplace harassment involves the Human Resources Director, the employee may report to Assistant Superintendent. All reports of alleged workplace harassment behavior shall be investigated.

The investigator shall:

1. Document the alleged, reported incident of workplace harassment;
2. Provide information about legal resources and counseling and support services, which may include district-provided assistance services available to the district employee;
3. Provide a copy of the district's Board policy GBEA - Workplace Harassment and this administrative regulation to the district employee; and

4. Complete the following steps:

Step 1 Promptly initiate an investigation. The investigator will arrange such meetings as may be necessary to discuss the issue with all concerned parties within 10 working days after receipt of the report. The parties will have an opportunity to submit evidence and a list of witnesses. All findings of the investigation, including the response of the alleged harasser, shall be reduced to writing. The investigator shall notify the complainant in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

A copy of the report, complaint, or other documentation about the incident, and the date and details of notification to the complainant of the results of the investigation, together with any other documentation related to the workplace harassment incident, including disciplinary action taken or recommended, shall be forwarded to the superintendent's office.

Step 2 If a complainant is not satisfied with the decision at Step 1, the complainant may submit a written appeal to the superintendent. Such appeal must be filed within 10 working days after receipt of the Step 1 decision. The superintendent shall review the investigator's report and findings. The superintendent will arrange such meetings with the complainant and other affected parties as deemed necessary by the superintendent to discuss the appeal. The superintendent shall provide a written decision to the complainant within 10 working days after receipt of the appeal.

Step 3 If a complainant is not satisfied with the decision at Step 2, the complainant may submit a written appeal to the Board. Such appeal must be filed within 10 working days after receipt of the Step 2 decision. The Board will review the findings and conclusion of the superintendent in a public meeting to determine what action is appropriate. Appropriate action may include, but is not limited to, holding a hearing, requesting additional information, and adopting the superintendent's decision as the district's final decision.

If the Board conducts a hearing, the complainant shall be given an opportunity to present the appeal at a Board meeting. The Board may hold the hearing in executive session if the subject matter qualifies under Oregon law. The parties involved may be asked to attend such hearing for the purposes of making further explanations and clarifying the issues. The Board shall decide, within 20 days, in open session what action, if any, is warranted. The Board shall provide a written decision to the complainant within 10 working days following completion of the hearing.

If the Board chooses not to hear the appeal, the superintendent's decision in Step 2 is final.]

Reports involving the superintendent should be referred to the Board chair on behalf of the Board. The Board chair will cause the information¹ required to be issued to the complainant as described in this

If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. The Board chair shall notify the complainant in writing within 10 days that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

Follow-up Procedures

The Human Resources Director will follow up with the district employee of the alleged harassment once every three months for the calendar year following the date on which the Human Resources Director received a report of harassment, to determine whether the alleged harassment has stopped or if the employee has experienced retaliation. The Human Resources Director will document the record of this follow-up. The Human Resources Director will continue follow-up in this manner until and unless the employee directs the Human Resources Director in writing to stop.

Suspected Sexual Conduct Report Procedures and Form

When the designee receives a report of suspected sexual conduct that may have been committed by a person licensed¹ through Teacher Standards and Practices Commission (TSPC), the designee shall notify TSPC as soon as possible. When the designee receives a report of suspected sexual conduct that may have been committed by a person who is not licensed through TSPC, the designee shall notify the Oregon Department of Education (ODE) as soon as possible.

The district posts in each school building the names and contact information of the employees in each school building designated to receive reports of suspected sexual conduct and the procedures the designee will follow upon receipt of the report.

If the superintendent is the alleged perpetrator the report shall be submitted to the Human Resources Director who shall refer the report to the Board chair.

When the designee receives a report of suspected sexual conduct by a district employee, and there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave² and take necessary actions to ensure the student's safety. The employee shall remain on leave until TSPC or ODE determines that the report is substantiated and the district takes appropriate employment action against the employee, or cannot be substantiated or is not a report of sexual conduct and the district determines either: 1) an employment policy was violated and the district will take appropriate employment action against the employee; or 2) an employment policy has not been violated and an employment action against the employee is not required. The district will investigate all reports of suspected sexual conduct by persons who are licensed by the TSPC, unless otherwise requested by TSPC, and all reports of suspected sexual conduct by persons who are not licensed by TSPC, unless otherwise requested by ODE.

When the designee receives a report of suspected sexual conduct by a contractor, an agent or a volunteer, the district shall prohibit the contractor, agent or volunteer from providing services to the district. If the district determines there is reasonable cause to support a report of suspected sexual conduct, the district shall prohibit the contractor, agent or volunteer from providing services. The district may reinstate the contractor, agent or volunteer, and such reinstatement

¹ "License" includes a license, registration or certificate issued by the Teacher Standards and Practices Commission.

² The district employee cannot be required to use any accrued leave during the imposed paid administrative leave.

may not occur until such time as a report of suspected sexual conduct has been investigated and a determination has been made by TSPC or ODE that the report is unsubstantiated.

Upon request from ODE or TSPC the district will provide requested documents or materials to the extent allowed by state and federal law.

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

An “investigation” means a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the person who initiated the report, the person who may have been subjected to sexual conduct, witnesses and the person who is the subject of the report, and results in a finding that the report is a substantiated report, cannot be substantiated, or is not a report of sexual conduct. If the subject of the report is a district employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.

Nothing prevents the district from conducting its own investigation, unless another agency requests to lead the investigation or requests the district to suspend the investigation, or taking an employment action based on information available to the district before an investigation conducted by another agency is completed. The district will cooperate with agencies assigned to conduct such investigations.

A “substantiated report” means a report of sexual conduct that TSPC or ODE determines is founded.

If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement.

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, the district shall create a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

Training

The district shall provide training each school year to district employees on the following:

1. Prevention and identification of sexual conduct;
2. Obligations of district employees under ORS 339.388 and 419B.005 - 419B.050 and under adopted board policies to report suspected sexual conduct; and

3. Appropriate electronic communications with students.

The district shall make available each school year the training described above to contractors, agents, volunteers and to parents and legal guardians of students attending district-operated schools, and will be made available separately from the training provided to district employees. The district shall provide to contractors, agents and volunteers each school year information on the following:

1. Prevention and identification of sexual conduct;
4. Obligations of district employees under adopted board policies to report suspected sexual conduct; and
5. Appropriate electronic communications with students.

The district shall make available each school year training that is designed to prevent sexual conduct to students attending district-operated schools.

The parties will have an opportunity to submit evidence and a list of witnesses. All findings of the investigation shall be reduced to writing. The official conducting the investigation shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law within 30 days of receipt of the report or complaint.

Appropriate action may include, but is not limited to, holding a hearing, requesting additional information, and adopting the superintendent's or designee's decision. All parties involved, including the school administration, may be asked to attend a hearing for the purposes of making further explanations and clarifying the issues. The Board shall provide a written decision to the complainant within 30 working days following receipt of the appeal.

If the Board chooses not to hear the complaint, the superintendent's or designee's decision in Step 2 is final¹.

The superintendent is authorized to amend these procedures (including timelines) when the superintendent feels it is necessary for the efficient handling of the complaint. Notice of any amendments will be promptly provided to the parties.

Complaints against the principal may start at Step 2 and may be filed with the superintendent or designee. The superintendent or designee will cause the required notices to be provided. The superintendent or designee will investigate the complaint and will notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law. If the complaint remains unresolved within 10 working days of receipt by the superintendent or designee, the complainant may appeal to the Board in Step 3.

Suspected Sexual Conduct Report Procedures and Form

When the designee receives a report of suspected sexual conduct that may have been committed by a person licensed¹ through Teacher Standards and Practices Commission (TSPC), the designee shall notify TSPC as soon as possible. When the designee receives a report of suspected sexual conduct that may have been committed by a person who is not licensed through TSPC, the designee shall notify the Oregon Department of Education (ODE) as soon as possible.

The district posts in each school building the names and contact information of the employees in each school building designated to receive reports of suspected sexual conduct and the procedures the designee will follow upon receipt of the report.

If the superintendent is the alleged perpetrator the report shall be submitted to the Human Resources Director who shall refer the report to the Board chair.

When the designee receives a report of suspected sexual conduct by a district employee, and there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave² and take necessary actions to ensure the student's safety. The employee shall remain on leave until TSPC or ODE determines that the report is substantiated and the district takes appropriate employment action against the employee, or cannot be substantiated or is not a report of sexual conduct and the district determines either: 1) an employment policy was violated and the district will take appropriate employment action against the employee; or 2) an employment policy has not been violated and an employment action against the employee is not required. The district will investigate all reports of suspected sexual conduct by persons who are licensed by the TSPC, unless otherwise requested by TSPC, and all reports of suspected sexual conduct by persons who are not licensed by TSPC, unless otherwise requested by ODE.

When the designee receives a report of suspected sexual conduct by a contractor, an agent or a volunteer, the district shall prohibit the contractor, agent or volunteer from providing services to the district. If the district determines there is reasonable cause to support a report of suspected sexual conduct, the district shall prohibit the contractor, agent or volunteer from providing services. The district may reinstate the contractor, agent or volunteer, and such reinstatement

¹ "License" includes a license, registration or certificate issued by the Teacher Standards and Practices Commission.

² The district employee cannot be required to use any accrued leave during the imposed paid administrative leave.

may not occur until such time as a report of suspected sexual conduct has been investigated and a determination has been made by TSPC or ODE that the report is unsubstantiated.

Upon request from ODE or TSPC the district will provide requested documents or materials to the extent allowed by state and federal law.

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

An “investigation” means a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the person who initiated the report, the person who may have been subjected to sexual conduct, witnesses and the person who is the subject of the report, and results in a finding that the report is a substantiated report, cannot be substantiated, or is not a report of sexual conduct. If the subject of the report is a district employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.

Nothing prevents the district from conducting its own investigation, unless another agency requests to lead the investigation or requests the district to suspend the investigation, or taking an employment action based on information available to the district before an investigation conducted by another agency is completed. The district will cooperate with agencies assigned to conduct such investigations.

A “substantiated report” means a report of sexual conduct that TSPC or ODE determines is founded.

If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement.

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, the district shall create a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

Training

The district shall provide training each school year to district employees on the following:

1. Prevention and identification of sexual conduct;
2. Obligations of district employees under ORS 339.388 and 419B.005 - 419B.050 and under adopted board policies to report suspected sexual conduct; and

3. Appropriate electronic communications with students.

The district shall make available each school year the training described above to contractors, agents, volunteers and to parents and legal guardians of students attending district-operated schools, and will be made available separately from the training provided to district employees. The district shall provide to contractors, agents and volunteers each school year information on the following:

1. Prevention and identification of sexual conduct;
4. Obligations of district employees under adopted board policies to report suspected sexual conduct; and
5. Appropriate electronic communications with students.
