**Record Management and Retention**

The school district will comply with all federal record retention requirements, the Nebraska Records Management Act, and with Schedules 10 and 24 of the Nebraska Secretary of State's Records Management Division. These requirements apply to both physical and digital records. When permitted by Schedule 10 and Schedule 24 of the Nebraska Secretary of State's Office, records will be transferred to durable electronic media for long-term storage.

**Special Rules Related to Electronic Forms of Communication.**

Electronically stored information such as e-mail, instant messaging, and other electronic communication are important to the district's overall operation. E-mail and other forms of electronic communication which is subject to retention under the Nebraska Records Management Act may be moved to a storage method other than their original format. Each individual who creates or receives electronic communications that belong to or pertain to the operation of the district is responsible for determining whether and in what format those records must be maintained. Duplicate records may be destroyed at any time prior to the approved retention period. Staff members who are uncertain about whether a record should be retained should consult with their supervising administrator.

If the district has a Subscription to Google Apps with Vault activated: The district will archive all Google Apps data with metadata intact, except for instant messaging which users determine to be transitory. Only the domain administrator or other designated individual will be able to retrieve electronic communication and other electronically stored information which has been vaulted.

**School-affiliated Social Media Posts.** Communication on school-affiliated social media accounts are considered short-term communications pursuant to the Records Management Act. As such, they will be retained in their original form on the vendor's system and will not be deleted by the user for at least 6 months. Individuals who are uncertain as to whether a specific social media account is "school-affiliated" should refer to the Board's policy on Staff and District Social Media Use contained elsewhere in these policies.

**Special Rules Related to Security Camera Footage.** Video footage from security cameras is generally considered working papers under the Records Management Act, and will be overwritten consistent with the district’s audio and video recording policy. Video footage which captures an event of educational or behavioral significance and contains personally-identifiable information will be maintained by the school district pursuant to its policy on student records.

**Student Records.** The retention of student records is also governed by the board’s policy on student records.

**Records Regarding Pending or Threatened Litigation.** When litigation against the district or its employees is filed or threatened, the district will take all reasonable action to preserve all documents and records that pertain to the issue. When the district is made aware of pending or threatened litigation, a litigation hold directive will be issued by the superintendent or his/her designee. The directive will be given to all persons suspected of having records that may pertain to the potential issues in the litigation. The litigation hold directive overrides any records retention schedule that may otherwise call for the disposition or destruction of the records until the litigation hold has been lifted.

**Federal Award Records.** The district will retain federal award records as required by 2 C.F.R. § 200.334. This includes retaining all federal award records for three years from the date of submission of their final financial report. For awards that are renewed quarterly or annually, the district will retain records for three years from the date of submission of their quarterly or annual financial report, respectively. Records to be retained include but are not limited to, financial records, supporting documentation, and statistical records.
