- Final Bold Step One: ESU Standards approved by ESUCC Board

# ESU Standards (Pilot Draft 1) January 2020

## **Educational Service Unit Standards of Performance and Practice**

### **Context**

Educational service units (ESU) were established in 1965 by the Nebraska legislature to “provide for economy, efficiency, and cost-effectiveness in the cooperative delivery of educational services.” Nebraska State Statute (79-1204) particularly tasks service units with

- Provision of core services in the following service areas in order of priority:
  - Staff development
  - Technology, including distance education services
  - Instructional materials services
- Provision of other services as requested by member school districts
- Provision of educational services through leadership, research, and development in elementary and secondary education
- Take action in cooperation with and support of the State Department of Education

Rule 84 (79-318; 79-1204) further requires that each ESU be evaluated and accredited to assure a level of quality in the educational programs and services provided to school districts by the educational service units.

### **Purpose**

The purpose of the Educational Service Unit Standards of Performance and Practice is to define the knowledge, skills, practices and dispositions necessary for ESUs to provide quality programs and services to Nebraska schools (see Rule 84). The standards promote a common language that fosters an understanding of what it means to be a member of the ESU statewide network and can be used to inform the improvement efforts of individual agencies. The document contains four essential domains: purpose and leadership, programs and services, stakeholder relationships and communication, and resource capacity. The Bold Step 1 committee anticipates that either a rubric or a set of indicators will be developed subsequent to ESUCC approval of a final set of standards.

## **Process**

In February, 2018 the Educational Service Unit Coordinating Council (ESUCC) comprised of administrators from each of the 17 ESUs along with representatives from the Staff Development Affiliate, Teaching and Learning Team Affiliate, Network Operations Affiliate, ESU Special Education Directors Affiliate and the Nebraska Department of Education engaged in an ESUCC organizational redesign process facilitated by Dr. Susan Leddick. The redesign group identified Five Bold Action Steps necessary to enable ESUs to work together effectively, efficiently and equitably to accomplish common goals and deliver high value to the state's education system.

### Five Bold Steps: ESUCC

1. Develop ESU Standards
2. Develop joint decision-making parameters
3. Complete SIMPL inventory
4. Develop value-add metric
5. Develop ESUCC Value Proposition

The Coordinating Council appointed a Bold Step 1 ESU Standards committee of representative ESU administrators and affiliate membership to develop a draft set of standards of performance and practice specific to Nebraska's ESUs. The process included input from the entirety of the ESUCC, the ESU Affiliate leadership as well as the ESU Affiliate membership. This draft is intended for final review and approval by the ESUCC Board. During 2020-21, several ESUs will pilot the use of the newly created ESU Standards during their Continuous Improvement Process.

## **Guiding Framework**

The Educational Service Unit Standards of Performance and Practice are intended to fill a void. There are no state or national standards of performance for educational service units. They are provided as one definition of effective practice for Nebraska's service units. Use of these standards to guide the continuous improvement efforts of individual ESUs is voluntary. The ESUCC recognizes that while there are common components to providing regional programs and services, the implementation of those components will be specific to the needs of the member districts of each service unit.

## **Domain 1: Purpose and Leadership**

A1: The ESU commits to a vision, purpose, and a core set of beliefs about providing programs and services that meets the expectations of the ESU and its member districts.

A2: The ESU engages in a continuous improvement process that improves professional practice, effectiveness, and results.

A3: ESU leadership establishes a strategic plan, as well as processes, procedures and conditions to support agency effectiveness.

A4: The ESU establishes conditions to support the development of individual and collective knowledge, skills and professionalism.

A5: The ESU provides professional growth opportunities for internal and district staff in leadership positions.

A6: The ESU uses a comprehensive process for staff evaluation.

A7: The ESU demonstrates actions that ensure the achievement of the ESUCC's purpose.

A8: The ESU Board, through board policies, understands and practices its defined roles and responsibilities to maintain an effective agency.

A9: ESU programming and services fulfill the requirements of Rule 84.

## **Domain 2: Programs and Services**

B1: ESUs use a data-driven process to systematically identify the needs of districts to develop an agency service plan.

B2: The ESU ensures its services are developed and delivered, have clear and measurable outcomes, and are aligned with evidence-based practices.

B3: The ESU has established a process to assess implementation of targeted programs and services.

B4: Learning opportunities are provided to ESU staff in order to develop and enhance the skills necessary for delivering the agency service plan.

B5: The ESU fosters an innovative and collaborative culture to optimize program and service delivery.

### **Domain 3: Stakeholder Relationships and Communication**

C1: ESU staff provide internal and external stakeholders with opportunities to collaborate and inform the development of the agency's purpose, programs, and services.

C2: ESU staff communicate efficiently and effectively with internal and external stakeholders.

C3: The ESU provides an induction process to their service agency for new district leadership.

C4: The ESU is an active partner in activities and initiatives of the ESUCC, and formally engages with and collaborates with the Nebraska Department of Education.

### **Domain 4: Resource Capacity**

D1: The ESU utilizes strategic planning to align human, material, and fiscal resources to meet the short and long term goals of the agency.

D2: The ESU allocates human, material, and fiscal resources to optimize agency efficiency and effectiveness.

D3: The ESU recruits, employs and retains highly qualified staff.

D4: The ESU provides induction, mentoring, professional learning opportunities for staff to grow and improve.

July 31, 2019

Kraig Lofquist  
Executive Director  
Educational Service Unit Coordinating Council  
6949 South 110th Street  
LaVista, NE 68128

Dear Mr. Lofquist:

In accordance with Neb. Rev. Stat. Section 84-304, the Auditor of Public Accounts will conduct the fiscal year 2019 and the fiscal year 2020 Educational Service Unit Coordinating Council (ESUCC) audits. Neb. Rev. Stat. Section 84-304 states in part, "To examine or cause to be examined, at the expense of the political subdivision, when the Auditor of Public Accounts determines such examination necessary ..."

This letter will serve as official notice to ESUCC that the Auditor of Public Accounts will be conducting the ESUCC Audit for fiscal year 2019 and fiscal year 2020.

We will conduct our audit in accordance with generally accepted auditing standards United States of America and Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. It should be understood that the responsibility for the preparation of financial statements, including adequate disclosure, is that of the management of ESUCC. Our responsibility is to express an opinion on the financial statements based on our audit.

As part of our audit, we will make an assessment of control risk relating to your internal control structure to the extent we consider necessary as required by generally accepted auditing standards. Under these standards, the purpose of such assessment is to establish a basis for reliance on the internal control structure in determining the nature, timing and extent of auditing procedures that are necessary for expressing an opinion on the financial statements.

An audit includes procedures designed to provide reasonable assurance that errors and irregularities that would have a material effect on the financial statements would be detected. Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk exists that some material misstatements may not be detected, even though the audit is properly planned and performed in accordance with GAGAS. Accordingly, a material misstatement may remain undetected.

Likewise, in making our audit, we will be aware of the possibility that illegal acts may have occurred. However, it should be recognized such audit cannot be expected to provide assurance illegal acts will be detected.

The establishment of an internal control structure is an important responsibility of management. Appropriate supervisory review procedures are necessary to provide reasonable assurance that adopted policies and prescribed procedures are adhered to and to detect and correct errors and irregularities or illegal acts in a timely manner.

Our audit is not specifically designed and cannot be relied upon to disclose reportable conditions and/or material weaknesses in the internal control structure. However, during the audit, if we become aware of such reportable conditions and/or material weaknesses in the internal control structure, or ways that we believe management practices can be improved, we will communicate them to you.

May we remind you, the responsibility for the preparation of financial statements, including adequate disclosure, is that of the ESUCC's management. This includes adequate disclosures, the maintenance of adequate accounting policies, and the safeguarding of the assets of the State. As a part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit.

We understand that you will provide us with your financial statements, footnotes, and supporting documentation, which should include all journal entries, recorded. The financial statements and supporting documentation should be prepared in accordance with auditing standards.

At the conclusion of our audit or audits, we plan on issuing the following reports:

- a report on the financial statements of the ESUCC, on a cash basis;
- a report on the internal control structure based solely on our consideration of the structure made as a part of the audit of the financial statements; and
- a report on compliance with laws and regulations that may have a material effect on the financial statements.

The APA's fee for this service will be sufficient to cover the costs of our work (approximately \$76.00/hour for Managers and \$33.00/hour for audit staff). At this time, we anticipate the total fee will not exceed \$25,000.00 (approximately 700 hours). The APA will bill when the work is completed. The ESUCC will submit payments to the APA accordingly. No additional charges will be made for routine inquiries or requests for information. The fee quoted above is for a financial statement audit, and does not include any bookkeeping or special requests by ESUCC.

A copy of the latest quality control review for the Nebraska Auditor of Public Accounts can be found at: [http://www.auditors.nebraska.gov/About\\_Us/APA%20\\_Review\\_Files/2016\\_NSAA\\_APA\\_Peer\\_Review.pdf](http://www.auditors.nebraska.gov/About_Us/APA%20_Review_Files/2016_NSAA_APA_Peer_Review.pdf). We appreciate this opportunity to be of service and believe this letter accurately summarizes the scope of the audit services to be provided.

Sincerely,

Mary Avery
