Subject: **September Update**

Executive Summary:

This is an overview of the work that the Student Advisory Representatives have done this month.

HHS Monthly Admin Meetings:

Last Wednesday, we met with Principals Danyce Letkewicz and Shaina Poczowski to brainstorm for the principal's leadership team at the high school. We decided that we will help facilitate monthly HHS student forums on late-start Wednesdays.

HHS Student Feedback Sessions:

We will come up with a name and dates for these meetings. Possible topics to collect feedback will be addressing some changes/miscommunications at the high school, blended learning, AI use, and cafeteria hours.

Elementary and Middle School Student Feedback Sessions:

TBA; We are currently working and planning to communicate with middle school and elementary school representatives.

Monthly Highlights for Board Memo:

HHS Students have spoken about their dissatisfaction with the current state of GPA display in PowerSchool. Staff at HHS are currently working to fix this, and we have communicated what students are thinking. There has been an update to the GPA displayed, however, some students are still unsatisfied, and we are working towards finding another improvement for those students.

The Huntley Hootenanny on 9/12 was a success! Students from all across the district participated in packing and handing out bags, setting up and cleaning the event, and even running in it themselves! We look forward to another successful run next year.

Next SAR meeting with Superintendent/Comms:

Our last meeting with Mrs. Lombard and Mrs. Barr was on the 14th of September, where we exchanged information about what our plans were for the high school and potential plans for the Late Start Meetings. Our next meeting will be the 19th of October.

At the September 3, 2026 Committee of the Whole, the Board of Education approved moving the National Level professional development requests forward to the September 17, 2026 Board of Education meeting for approval.

Executive Summary

In accordance with administrative contracts, administrators (and staff) are expected to participate in professional development that advances district goals at the building, departmental, and system levels. While most opportunities occur at the local and state levels, select national conferences provide valuable learning aligned to district priorities and require prior Board approval.

Consistent with the process used for overnight or out-of-state field trips, administration is presenting a consolidated list of national conferences and meetings for the 2026–27 school year for Board consideration.

All requests have been reviewed by direct supervisors and vetted for alignment to individual professional goals, district Key Performance Indicators, and their potential to advance district work. Fiscal responsibility, time away from the district, and overall organizational value have also been considered.

Below are the national conferences and meetings for the 2026–27 school year that are being requested for prior approval:

ERDI National Council for Innovative Instructional Leaders	Jackie Allen	California- February 9-12, 2027	Participation in the ERDI National Conference provides an important professional learning opportunity directly aligned with the Special Education Director's district-wide leadership responsibilities. While her area of expertise is special education, her role extends beyond compliance and individual student programming to the development, implementation, and continuous improvement of systems that support students with disabilities across the district. ERDI convenes national education leaders to examine emerging practices, engage in collaborative problem-solving around complex district challenges, and explore innovative approaches to teaching, learning, technology, program design, and organizational leadership. This broader systems-level perspective is particularly relevant as we continue to strengthen our continuum of special education services, expand inclusive practices and access to high-quality Tier 1 instruction, develop specialized programming, and ensure that special education initiatives remain connected to the District's overall instructional priorities to inform future program development.	ERDI Covers all costs
Glazier Clinics	Football Coaches	Nevada- February 2027	Attending clinics from different areas of the US provides the coaches an opportunity to learn from coaches that we never get a chance to see in person. Seeing how football strategies change from different areas of the US have made the staff more diverse in the everchanging sport of football. Ultimately the goal is to improve as coaches and clinic talk is the best way to do this.	Lodging- approximate \$500 Travel-Coaches cover on their own

Public Participation at Board Meetings and Petitions to the Board

During each regular and special open meeting of the Board or Board Committee, any person may comment on or ask questions of the Board (*public participation*), subject to the reasonable constraints established and recorded in this policy. The Board listens to comments or questions during public participation; responses to comments or questions of the Board are most often managed through Board policy 3:30, *Chain of Command*.

Constraints include: (a) Personal attacks will not be tolerated, and (b) Information regarding specific personnel will not be discussed in public forum, and the person should follow protocol for discussion with the Principal or Superintendent on a private basis.

To preserve sufficient time for the Board to conduct its business, any person appearing before the Board is expected to follow these guidelines:

1. Address the Board only at the appropriate time as indicated on the agenda and when recognized by the Board President. This includes following directives of the Board President to maintain order and decorum for all.
2. Use a sign-in sheet, if requested.
3. Identify oneself and be brief. Ordinarily, the time for any one person to address the Board during public participation shall be limited to three minutes. In extenuating circumstances, e.g., to accommodate a person's disability or language interpreter, and when the person has made a request to speak for a longer period of time, the Board President may allow a person to speak for more than three minutes. If multiple individuals wish to address the Board on the same subject, the group is encouraged to appoint a spokesperson.
4. Observe, when necessary and appropriate, the Board President's authority to:
 - a. Shorten the time for each person to address the Board during public participation to conserve time and give the maximum number of people an opportunity to speak and/or;
 - b. Determine procedural matters regarding public participation not otherwise covered in Board policy.
5. Conduct oneself with respect and civility toward others and otherwise abide by Board policy 8:30, *Visitors to and Conduct on School Property*.

Petitions or written correspondence to the Board shall be presented to the Board in the next regular Board packet.

General Personnel

Communicable and Chronic Infectious Disease

The Superintendent or designee shall develop and implement procedures for managing known or suspected cases of a communicable and chronic infectious disease involving District employees that are consistent with State and federal law, Ill. Dept. of Public Health rules, and Board policies.

An employee with a communicable or chronic infectious disease is encouraged to self-report to the Superintendent immediately and grant consent to being monitored by a District representative. The District representative provides information and recommendations to the Superintendent concerning the employee's conditions of employment and necessary accommodations. The District representative shall hold the employee's medical condition and records in strictest confidence, except to the extent allowed to be disclosed by law.

An employee with a communicable or chronic infectious disease will be permitted to retain his or her position whenever, after reasonable accommodations and without undue hardship, there is no substantial risk of transmission of the disease to others, provided an employee is able to continue to perform the position's essential functions. An employee with a communicable and chronic infectious disease remains subject to the Board's employment policies including sick and/or other leave, physical examinations, temporary and permanent disability, and termination.

Professional Personnel

Suspension

Suspension Without Pay

The Board may suspend a professional employee without pay: (1) pending a dismissal hearing, or (2) as a disciplinary measure for up to 30 employment days for misconduct that is detrimental to the District. A *professional employee* means a non-administrator employee who holds a professional educator license. Administrative staff members may not be suspended without pay as a disciplinary measure.

Misconduct that is detrimental to the District includes:

- Insubordination, including any failure to follow an oral or written directive from a supervisor;
- Violation of Board policy or administrative procedure;
- Conduct that disrupts or may disrupt the educational program or process;
- Conduct that violates any State or federal law that relates to the employee's duties; and
- Other sufficient causes.

The Superintendent or designee is authorized to issue a pre-suspension notification to a professional employee. This notification shall include the length and reason for the suspension as well as the deadline for the employee to exercise his or her right to appeal the suspension to the Board or Board-appointed hearing examiner before it is imposed. At the request of the professional employee within five calendar days of receipt of a pre-suspension notification, the Board or Board-appointed hearing examiner will conduct a pre-suspension hearing. The Board or its designee shall notify the professional employee of the date and time of the hearing. At the pre-suspension hearing, the professional employee or his/her representative may present evidence. If the employee does not appeal the pre-suspension notification, the Superintendent or designee shall report the action to the Board at its next regularly scheduled meeting.

Suspension With Pay

The Board or Superintendent may suspend a professional employee with pay: (1) during an investigation into allegations of disobedience or misconduct whenever the employee's continued presence in his or her position would not be in the District's best interests, (2) as a disciplinary measure for misconduct that is detrimental to the District as defined above, or (3) pending a Board hearing to suspend a professional employee without pay.

The Superintendent shall meet with the employee to present the allegations and give the employee an opportunity to refute the charges. The employee will be told the dates and times the suspension will begin and end.

Employees Under Investigation by Illinois Dept. of Children and Family Services (DCFS)

Upon receipt of a DCFS recommendation that the District remove an employee from his or her position when he or she is the subject of a pending DCFS investigation, the Board or Superintendent or designee, in consultation with the Board Attorney, will determine whether to:

1. Let the employee remain in his or her position pending the outcome of the investigation; or
2. Remove the employee as recommended by DCFS, proceeding with:
 - a. A suspension with pay; or
 - b. A suspension without pay.

Repayment of Compensation and Benefits

If a professional employee is suspended with pay, either voluntarily or involuntarily, pending the outcome of a criminal investigation or prosecution, and the employee is later dismissed as a result of his or her criminal conviction, then the employee must repay to the District all compensation and the value of all benefits received by him or her during the suspension. The Superintendent will notify the employee of this requirement when the employee is suspended.

Student Assignment and Intra-District Transfer

Attendance Areas

The District is divided into school attendance areas. The Superintendent will:

1. Review the boundary lines annually and recommend any changes or revisions for existing units to the Board; or
2. Create new units using a lens that considers preventing segregation and the elimination of separating students in the District's schools because of color, race, or nationality.

The Superintendent or designee shall maintain a map of the District showing current school attendance areas. All records pertaining to the creation, alteration, or revision of attendance units are open to the public. Students living in a given school attendance area shall attend that school. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

Transfers within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for their own transportation unless otherwise approved by the Board. The provisions in this section have no applicability to transfers pursuant to the Unsafe School Choice Option covered in Board policy 4:170, *Safety*.

Class Assignments

The Building Principal shall assign students to classes.

Student Rights and Responsibilities

All students are entitled to enjoy the rights protected by the Federal and State Constitutions and laws for persons of their age and maturity in a school setting. Students should exercise these rights reasonably and avoid violating the rights of others. Students who violate the rights of others or violate District policies or rules will be subject to disciplinary measures.

Students may, during the school day, during non-instructional time, voluntarily engage in individually or collectively initiated, non-disruptive prayer or religious-based meetings that, consistent with the Free Exercise and Establishment Clauses of the U.S. and Illinois Constitutions, are not sponsored, promoted, or endorsed in any manner by the school or any school employee. *Non-instructional time* means time set aside by a school before actual classroom instruction begins or after actual classroom instruction ends.

Crowdfunding

Purpose

The Board of Education recognizes that teachers, coaches, or club sponsors may choose to conduct crowdfunding campaigns to provide additional resources to enhance the District's or school's educational, extracurricular, athletic, or student-centered purpose. This policy serves:

1. To regulate and provide guidelines to ensure the proper usage of crowdfunding as it pertains to District schools.
2. As a guide for teachers who want to publish an online campaign to raise funds for specific projects in District schools in the form of in-kind or monetary donations.

Definitions

Crowdfunding is the practice of funding a project or idea by raising small donations from a large number of people through an approved Internet-based platform to support activities or projects that enhance the educational program.

In-Kind Goods and Services are donations in the form of goods and services, rather than cash. Donated items become property of the District.

All crowdfunding projects must:

1. Be pre-approved by completing and submitting a Fundraising Authorization form in its entirety, along with applicable contracts or agreements, to the Athletic/Activities Director (as applicable) and Building Principal a minimum of 45 days before the desired starting date of the event.
2. Include a complete and detailed description that clearly identifies the purpose of the crowdfunding project and explains how the funds will be used.
3. Ensure that the percentage of funds remitted to the District exceeds 70% of the total revenue generated.
4. Ensure delivery of materials, equipment, and resources purchased or provided through the crowdfunding project are delivered directly to the school site.
5. Ensure all contracts and agreements are governed by the laws in the State of Illinois.
6. Comply with applicable federal and State student privacy laws.

Crowdfunding Services

To be approved for use by the District, a crowdfunding service must:

1. Allow only currently employed eligible staff to create crowdfunding projects.
2. Prohibit direct cash payments to District personnel, except for reimbursement to teachers, coaches, or club sponsors for reasonable project-related expenses verified by itemized receipts submitted to the crowdfunding service.
3. Protect the privacy of students in accordance with applicable federal and State laws and District policy.
4. Provide individual unit/item cost and inventory reporting on the materials and supplies shipped to District schools.

5. Track the shipment and delivery of materials to the verified school(s).
6. Require that all materials and supplies received through the crowdfunding project become the property of the District or school in accordance with District policy.
7. Provide District and school administrators with dedicated reporting on the status of each crowdfunding project and the materials delivered to the verified school(s).

Responsibilities of Eligible Staff

1. Eligible staff are teachers, coaches, and club sponsors currently employed by Huntley Community School District 158.
2. Ensure postings describe the purpose and rationale for conducting the crowdfunding campaign, comply with applicable federal and State student privacy laws, including FERPA, IDEA, and applicable laws and regulations, and do not negatively reflect upon the District, its programs and services, its staff, or its students. Additionally, postings may not include identifiable student images without prior parental permission.
3. Where crowdfunding proceeds are in the form of funds, such funds must be sent to building administration, as applicable, who shall ensure the appropriate accounting and holding of such funds until they are used for their stated purpose.
4. Funds for crowdfunding, rather than items, are preferred. Where items are received from a crowdfunding project instead of monetary funds, all items become the District's property and must be delivered directly to the building administration of the school in which they will be used.

Additional Requirements and Regulations

1. The District reserves the right to refuse funds that have been raised through a crowdfunding campaign if it discovers that the project violated this policy or was in violation of the crowdfunding site's requirements, policies, and/or regulations.
2. The District reserves the right to terminate any crowdfunding campaign for any reason or withhold approval for any crowdfunding campaign project for any reason.
3. It shall be the responsibility of the individual whose crowdfunding campaign is approved by building administration, as applicable, to ensure that all applicable laws and rules, including requirements established by the crowdfunding site, are followed.
4. Crowdfunding projects may NOT be contingent on additional District spending or require "matching" funds from the District or another organization.

Student Use Of Buildings - Equal Access

For purposes of this Board policy, the District has established a *limited open forum* for high school students enrolled in the District. Each District high school shall offer an opportunity for student-led *noncurriculum related student groups* to meet on school premises during *noninstructional time*. Noncurriculum related student groups are those student groups, clubs, or organizations that do not directly relate to the curriculum. For purposes of this Board policy, a *non-school sponsored* noncurriculum related student group is a noncurriculum related student group that is student led.

A student group or club is *school sponsored* if the District approves the student group or club to have a paid adult sponsor to promote, participate, and/or lead its activities. However, assigning a teacher, administrator, or other school employee to supervise a meeting for custodial purposes, allowing groups to promote meetings, and providing access to resources as determined by the District do not constitute sponsorship of the student group or club, nor does it constitute the District's endorsement or agreement with the activity or the speech of the students who participate in the activity.

Extracurricular and co-curricular student groups or clubs that are school sponsored are governed by Board policy 6:190, *Extracurricular and Co-Curricular Activities*.

Student groups or clubs directed and controlled by non-school persons are governed by Board policy 8:20, *Community Use of School Facilities*.

Student-led noncurriculum related student groups or clubs that are not school sponsored are granted free use of school premises and/or access to school resources for a meeting or series of meetings under the following conditions:

1. The meeting is held during those noninstructional times identified by the Superintendent or designee for noncurriculum related student groups, clubs, or organizations to meet. *Noninstructional time* means time set aside by the school before actual classroom instruction begins or after actual classroom instruction ends.
2. All *noncurriculum related student groups* that are not *school sponsored* receive substantially the same treatment.
3. The student group or club and the meeting are student-initiated, meaning that the request is made by a student, and the group or club is led by a student.
4. Student attendance at the meeting is voluntary.
5. The school and school employees will not promote, lead, participate in, or otherwise sponsor the meeting.
6. School employees are present at religious meetings only in a nonparticipatory capacity.
7. The meeting and/or any activities engaged in by the student group or club do not materially or substantially interfere with the orderly conduct of educational activities.
8. Non-school persons do not direct, conduct, control, or regularly attend the meetings.
9. The school retains its authority to maintain order and discipline.
10. A school staff member is present in a supervisory capacity.
11. The Superintendent or designee approves the use of school premises and/or access to school resources for a meeting or series of meetings.

12. The school requires neutral content generally limited to club/group name, meeting time(s), and location(s) as well as the approval of the Building Principal or designee for all advertisements, wall postings, or flyers.

The Superintendent or designee shall develop administrative procedures to implement this policy.

Accommodating Individuals with Disabilities

Individuals with disabilities shall be provided an opportunity to participate in all school-sponsored services, programs, or activities and will not be subject to illegal discrimination. When appropriate, the District may provide to persons with disabilities aids, benefits, or services that are separate or different from, but as effective as, those provided to others.

The District will provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

Each service, program, website, or activity operated in existing facilities shall be readily accessible to, and usable by, individuals with disabilities. New construction and alterations to facilities existing before January 26, 1992, will be accessible when viewed in their entirety.

The Superintendent or designee is designated the Title II Coordinator and shall:

1. Oversee the District's compliance efforts and recommend necessary modifications to the Board.
2. Institute plans to make information regarding Title II's protection available to any interested party.

Individuals with disabilities should notify the Superintendent or Building Principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Superintendent or designated Title II Coordinator, or by filing a grievance under Board policy 2:260, *Uniform Grievance Procedure*.

Special Mention

We are heartbroken and deeply saddened about the loss of Heidi Fish. Mrs. Fish was a part of the Huntley 158 community for 12 years as a school nurse. Heidi's strength, her friendship, her compassion, and the genuine care she showed to students, staff, and families characterized who she was. Her smile and positive spirit were a constant at Martin and across our district, and the impact she made on so many will not be forgotten.

Members of the Board of Education:

Introduction

We are pleased to present the Budget for Huntley Community School District 158 (the District) for fiscal year 2027. The 2027 Proposed Operating Budget represents the financial blueprint of the educational, strategic and financial objectives set by the Huntley Community School District 158's Board of Education. Responsibility for both the accuracy of the data and the completeness of the presentation rests with the District. We believe the data, as presented, to be materially accurate; that it is presented in a manner designed to fairly set forth the financial position and the projected results of operations of the District.

The District's Budget is a comprehensive financial plan for achieving our financial and operational goals; it is the map of the District's strategic plan. On an annual basis, the District reviews the Budget alongside of our 5 Year Plan, allowing us to inject as much reality into the decisions and actions we make today for the future.

The fiscal year 2027 Proposed Budget continues to reflect the strategic plan of the District. This Budget includes funds to cover the replacement of student technology, curriculum needs and adoptions, ongoing maintenance/capital projects in line with the District's Deferred Maintenance Plan and technology infrastructure upgrades and replacement.

Budget Report Presentation

The Budget Report is presented in three primary sections: Budget Summary, Budget Detail and the State Budget Forms. The Budget Summary provides a high-level narrative summary of the projected operating results of the District by fund as well as depicting all fund budgets of the District. The Budget Summary also includes a summary of the 2027 budget, highlights by fund, and charts and graphs providing a visual perspective of the Operating Budget. The Budget Detail includes the 2027 budgeted expenditures by account.

The State Budget Forms are the forms required to be reviewed and signed by the members of the Board of Education and filed with the State and County Clerk within 30 days of adoption.

Subject: **FY27 Budget Proposed Budget**
Board of Education Meeting, September 17, 2026

Attached is the FY27 Proposed Budget as well as the related 5-Year Plan. Over the last 9 months, several drafts of the FY27 Budget have been presented.

This budget continues to reflect the focus and commitment to our staff and students. Over the next several years, as reflected within the 5-Year Plan, the District will be faced with many difficult financial decisions as State funding is anticipated to be short of anticipated needs.

The FY27 Budget includes all material modifications to Property Taxes, including CPI and an updated New Construction estimate. In addition, State Revenues have been adjusted to reflect the State's final Evidence Based Funding formula as well as updated estimates for the District's reimbursement grants, such as the Transportation and Private Facility grants. Other material adjustments in the areas of Interest Earnings, Salaries & Benefits and adjustments related to operational efficiencies have been recognized. Material adjustments by draft are noted below.

Please note, operational efficiencies continue to be a focus throughout the District. In this budget, several of those operational efficiencies implemented in prior year have resulted in expense reduction and have been reflected. The District remains committed to this culture of operational efficiency.

For your review, outlined below is a summary of the FY27 Budget as well as several attachments that will help guide you through the document.

The following documents supporting the District's FY27 Budget are as follows:

- I. Budget Assumptions & Summary – Below
- II. Material Modifications
- III. The FY27 Proposed Budget by Fund – This document includes aggregate reports for all funds and operating funds, summaries of each fund, historical summaries of each fund as well as charts and graphs providing a visual perspective of the FY27 Budget.
- IV. FY27 Proposed Budget Expenditure Detail

Budget Assumptions & Summary

As with prior years, the FY27 Budget reflects the strategic plan of the District. The Budget includes annual funds to cover the replacement of Chromebooks, additional resources as a result of increased needs in Curriculum and Special Education, ongoing maintenance projects in line with the District's Deferred Maintenance Plan as well as technology infrastructure upgrades and replacement.

The FY27 Budget reflects the following material assumptions:

Revenue Assumptions

- ✓ The final 2025 Levy has been approved by the Board as well as finalized by Kane & McHenry Counties. As such, the levy has been extended at CPI, 2.9%, with New Construction at \$60.0M. For Levy Year 2026, CPI is final at 2.7% with New Construction updated to reflect updated county estimates of \$40M.

- ✓ As part of the 2025 Levy, and the legislative bill that was past a few years ago, the Revenue Recapture for Levy Year 2025 has been determined to be \$252,810, and this adjustment has been reflected in this Proposed Budget.
- ✓ Evidence Based State funding – **During the month the State finalized its calculations. Unfortunately, the District will be receiving approximately (\$75k) less than prior year, going from an additional \$305k to \$230k. See Modifications below.**
- ✓ State Categorical Funding currently remains relatively flat with the FY26 Budget, with the District budgeting the receipt of all four payments and continuing this trend through the forecast years.
- ✓ FY27 Operational Interest Earnings are currently budgeted to decrease with the FY26 Budget at approximately \$1.5 based upon current market conditions.

Expenditure Assumptions

- ✓ ***Salaries reflect the District's collective bargaining agreements (CBA). Non-union employees are budgeted to follow the HESPA CBA.***
- ✓ Health Insurance is currently budgeted to increase approximately 23.3% from last year's \$16.25M. This line item was adjusted to reflect current year's trended claims plus the estimated amount from the Northern Illinois Health Insurance Plan (NIHIP), as a result of the District joining tat COOP. See Modifications below.
- ✓ Property & Liability and Workers Compensation Insurance has been adjusted to actual for FY27, see modifications below.
- ✓ Technology Equipment and Curriculum Materials and Adoptions reflect each department's 5-Year Plan forecast based on anticipated needs such as technology infrastructure replacement and/or curriculum needs and adoptions.
- ✓ Capital Expenditures for Operations and Maintenance are budgeted at \$2.9M and approximates an \$284k increase from prior year. Large capital projects expected for FY27 primarily includes the DX Cooling replacement at Heineman of approximately \$2.8M and camera replacements at various buildings and carpet replacement at various buildings throughout the district. See Capital Projects below for additional budget information.
- ✓ Enrollment – See below

Enrollment

Enrollment is anticipated to decrease over the next several years primarily due to large exiting classes at the high school versus projected incoming kindergartners. This draft includes reductions in headcount for FY27 (see Modifications below). The District is committed to continue this effort, and may have to make difficult decisions regarding headcount as a result of the District's future financial forecast. As such, future adjustments will be made within the salary line item. In addition, offsetting the increase in inflation for supply purchases, building budgets are currently projected to stay flat over the same period of time.

Capital Projects and the use of the Capital Project Fund

Under the Governmental Accounting Standards Board (GASB), the primary intent of a Capital Projects Fund is to account for and report financial resources that are restricted, committed, or

assigned for the acquisition or construction of major, long-term capital assets. This fund ensures legal and budgetary compliance by separating these large projects from daily operating expenses.

Historically, the District has used the Capital Projects Fund to pay down District debt associated with the Marlowe Middle School Addition from 2006. At that time, the Board of Education did not want to Levy this construction project, rather, it was decided that the District would pay for the construction and debt payment via incoming Impact Fee Revenue. In addition, as a result of limited revenues in the Capital Projects Fund, all major operational capital projects have been paid out of the Operation's & Maintenance Fund.

In Fiscal Year 2025, the District made its final payment against the Marlowe addition. At the end of fiscal year 2026, the Capital Projects Fund is expected to have a Fund Balance of approximately \$3.9M. Thus, at this time, it is Administration's recommendation to begin using this fund as outlined by GASB, and separate material capital projects from the District's operating funds. As a result, approximately \$2.8M for the DX Cooling project at Heineman has been moved from the Operation's & Maintenance Fund to the Capital Project Fund.

Material Modifications to Date

Draft I

- Updated the estimated Levy Year 2026 from Consumer Price Index from 2.3% to the actual of 2.7%
- Updated the Levy Year 2025 New Construction from the initial estimate of \$45M to the actual of \$60M
- Lowered the capital Bus Purchases expense by (\$550k) due to reduced bus needs within Transportation, from \$1.1M to \$550k.
- HESPA and Non-union salaries were recognized at 3% per the Collective Bargaining Agreement
- Lowered Interest Revenue from last year's estimate of \$2.1M to \$1.5M due to lower investment interest rates

Draft II

- Reduced New Adoptions expense by (\$500k) for FY27
- Increased Health ins by \$900k based on FY26 trended actuals and increased by 7% to \$18.25M. This amount may need to be adjusted again.
- Reduced Categorical State revenue in Transportation by (\$700k) due to estimated increased proration at the State level. This amount will be adjusted again at a later date, based on estimated actuals.

Draft III

- As a result of retirements, resignations and un-filled positions, the District reduced Salaries by approximately (\$1.2M). Retirement and resignation savings approximate \$874k, and un-filled positions approximate \$323k of savings.
- In an effort to reduce FY27 expense, the District opted to lease it's FY27 Bus Purchases, resulting in a savings approximating (\$382k).
- Increased Athletic Participation Fee revenue by 35k

Tentative Draft – Draft IV

- As noted above, approximately \$2.8M for the DX Cooling project at Heineman out of the Operation's & Maintenance Fund to the Capital Project Fund.
- Added \$661k of Revenue to Capital Projects Fund, Other Income as a result of the expected ComEd rebate on the HMS \$2.8M Chiller.
- Recognized the final Revenue Recapture for Levy Year 2025 as this has increased to approximately \$253k
- Adjust Workers Comp (WC) and Property and Liability Insurance to actual, based upon final premiums. WC decreased by approximately (3.6%) resulting in savings of \$57.7k from what was originally budgeted, while Property & Liability Insurance came in with a 3.2% increase, resulting in budgeted favorability approximating \$13k.

Display Draft

- Evidence Based State funding decreased approximately (\$75k) less than prior year, going from \$305k to \$230k. The District remains at the Tier 2 Adequacy Level.
- Health Insurance expense was increased by \$1.749M to approximately \$20.0M. Health Insurance Expense for FY26 ended the year at approximately \$19.06M. The increase represents an approximate 4.8% increase from the FY26 actuals.
- Title Grants and the IDEA Grant revenues and expenses adjusted to actual

Proposed Final Draft Revenues

- **CPPRT** booked to ISBE Estimate \$830k, a \$30k favorable adjustment was made increasing Revenue.
- **The State Transportation Reimbursement** was finalized; however, the State has not yet determined the final payout. Using last year's proration percentages, there was a favorable \$92k adjustment increasing that line item.
- **The Levy Year 2026 New Construction** estimate was increased from the original estimate of \$20M to that of \$40M. The increase is a result of information received by both counties regarding our current estimated New Construction as of the middle of August 2026. As a result, there is a \$390k favorable impact to the Property Tax Revenue line item for FY27.
- **IDEA Room & Board State Revenue** – Reduced this revenue line item by approximately (\$51k) to the anticipated reimbursement of \$31k.
- **The States Private Facility Reimbursement** was finalized; however, the State has not yet determined the final payout. Using last year's proration percentages, there was a unfavorable (\$121k) adjustment decreasing that line item.

Expenses

- **Room & Board Expense** was increased by \$211k based upon current placements.

Revenues

FY27 Operating Revenues are budgeted to increase approximately \$3.1M or 2.3%.

Local Revenues are expected to increase by \$4.08M, primarily the result of an increase in levy dollars, offset by a decrease in Interest Earnings.

Property Tax Revenues are budgeted to increase \$4.1M primarily the result of the 2025 and 2026 Levy combined with the revenue assumption inputs above for CPI and New Construction.

State Revenues are decreasing by approximately (\$647k) or (1.7%) driven by the result of the annual decrease in the State's Evidence Based Funding (EBF) formula (\$75k), and the estimated decrease in Categorical funding of (\$572k)

Federal Revenues are currently budgeted to decrease (\$297k) with the FY26 Budget at \$3.6M. The decrease is primarily driven by the decrease in the IDEA grant, due to less rollover versus what was carried over in prior year.

Expenses

Operating Expenditures are budgeted to increase approximately \$2.9M or 2.1% versus the FY26 Budget, primarily driven by the increase in Salaries & Benefits offset by the reclass of Capital Projects to the Capital Projects Fund. Please see below:

Salaries and Benefits within the FY27 Budget increased \$6.0M to \$117.6M due to the following:

- ✓ HEA, HESPA and Non-Union salary increases of approximately \$3.0M.
- ✓ Benefits increased \$4.1M primarily due to the estimated \$3.75M increase in Health Insurance as well as the increase in TRS and IMRF related to the salary increase.

Purchased Services is currently budgeted to decrease approximately (\$317k) to \$11.6M driven by the implementation and anticipated savings associated with Skyward. Please note that the balance in this account for FY26 included the one-time upfront payment of approximately \$240k for the implementation and software. Material items in this grouping include: Contract Custodial \$2.47M, Property, Liability and Workers Comp Insurance \$1.4M, Contracted Transportation \$500k, Repair & Maintenance Buildings \$575k and Snow Removal \$218k.

Supplies & Materials is budgeted to decrease by approximately (\$638k) to \$7.7M, driven by a (\$200k) decrease in New Adoption, a decrease in the IDEA Grant Supplies of (\$254k) and a (\$120k) decrease in Inventoriable Equipment Technology. Material items in this grouping include: Cafeteria Food, Technology Inventoriable Supplies (laptops and Chromebooks) \$1.1M, New Adoptions \$300k, Electricity \$750k, Diesel Gasoline & Propane \$400k and Natural Gas \$360k.

Total Capital Outlay is currently budgeted to increase \$354k versus the FY26 Budget to \$3.3M. See above. Of this amount, \$597k is considered operating, while \$2.8M is non-operating in the Capital Projects Fund.

Other Objects is currently budgeted to increase \$199k to \$4.0M versus the FY26 Budget, primarily driven by the increase in Room & Board expense. Other Objects cover expenses such as Private Facility, Room & Board and Out of District Tuition (Private facility Expense).

As a result, the current FY27 Budget reflects a current Operating surplus of \$831k. Please know that this amount will change as a result of future unknowns and adjustments. Please see below.

Continued Unknowns and Risks with the FY27 Budget:

- State revenues (Categoricals) have been estimated, however have not been finalized by ISBE.
- Special education costs associated with Private Tuition and Room & Board are variable in nature.
- Health Insurance and the related risks associated with being self-insured are always uncertain.
- The overall health of the economy and the related financial impact (supply chain, next year's CPI, interest earnings, new construction, etc.)

Recommendation

Administration recommends approving the Proposed FY27 Budget at the September 17th Board of Education Meeting.

If you have any questions, comments and/or suggestions, please feel free to reach out to me before the upcoming meeting.

Subject: Intergovernmental Agreement with Woodstock CUSD 200

Executive Summary

IDEA mandates that a school district provide a Free and Appropriate Education (FAPE) in the Least Restrictive Environment (LRE). When a student is deemed eligible to receive special education services, a special education team determines how to best provide services for the student, at no cost to the family.

Special education encompasses a wide range of program settings, instructional strategies and educational interventions. IDEA requires school districts to provide students with planned educational programs which account for the students' disabilities, offer the opportunity for significant learning and allow the students to make meaningful educational progress.

IDEA recognizes that every child is able to learn, and requires educational opportunities to be provided for all. District 158 is proud to offer a continuum of special education services offered for all students in special education based on needs identified by the IEP team. The continuum is fluid and programming options are highly individualized for each student based on their unique strengths and areas of need. Students are educated in the least restrictive environment (LRE) in which they will be able to progress toward their IEP goals. An out-of-district placement is a step along this continuum.

Woodstock Community Unit School District 200 provides special education and related services to eligible students whose needs require more intensive support than can be provided within the district. Placement requires an IEP team meeting, recommendation and consideration of the least restrictive educational environment. The Woodstock Community Unit School District 200 program is located in Woodstock, IL.

Recommendation

Administration and the Special Services Department recommend that the attached Intergovernmental Agreement between Huntley Community School District 158 and Woodstock CUSD 200 be approved as presented.
