Secondary Principal/AD Report – Mr. Brenn

- Summer school was completed for students over 15 absences in the school year. Seven students completed the days that they owed by Friday, May 29, 2026.
- Since school was dismissed for the year, I have been working in the science room cleaning, organizing and planning for the four classes that I will be teaching next year. I have also looked through items in the handbook, activities manual and the coaches manual that need to be updated prior to the start of the 2026-27 school year.
- Power School incident reports have been completed for both the Elementary and the High School buildings. I have updated information regarding Office Referrals, number of OSS's during the school year, and chronic absenteeism rate per grade for the 25-26 school year in our Data Profile.

Director of Student Services Report – Mrs. Zach

- Whenever the board is ready to look at the perpetual data surveys, I would like to share the results.

Board Committee Reports

Board Policy – Sherri Lundahl

- After the legislative session ends, KSB gives us a list of required and recommended policy updates. Later on the agenda, we will begin approving a few of the required policy changes.

Building, Sites & Transportation – Erik Haglund

- The committee met with Dwight VanderVeen, Director of Transportation, last week to discuss our current bus situation. There is a recommendation later on the agenda to purchase a new bus.

Review, discuss and take appropriate action regarding offering Dr. Ted DeTurk an Interim Superintendent employment contract.

KSB Attorney Karen Haase has drawn up an Interim Superintendent contract for Dr. Ted DeTurk for July 1, 2026 through June 30, 2027

Yea: Dorcey, Driskell, Haglund, Keagle, Lundahl, Riewer

Yea: 6, Nay: 0

Consider, discuss, and take action to appoint Dr. Ted DeTurk the authorized representative for state and federal programs.

The State needs an official act of the board appointing someone to be the authorized representative of the District's State and Federal programs in order to approve required reports.

Motion to appoint Dr. Ted DeTurk the authorized representative of Wakefield Schools' state and federal programs passed with a motion by Riewer and a second by Haglund.

Yea: Dorcey, Driskell, Haglund, Keagle, Lundahl, Riewer

Yea: 6, Nay: 0

Consideration and possible approval of the purchase of a new school bus to replace the district's 2014 bus due to significant mechanical concerns and ongoing transportation needs.

The district's 2014 bus has recently experienced significant mechanical issues. The estimated cost to repair the bus is a minimum of \$16,500, with the potential for an additional \$9,000 in repairs. Importantly, the repair provider has indicated there is no guarantee that these repairs will resolve the issue or fully address the underlying problem. This creates a substantial financial risk of investing up to \$25,000 into a vehicle that may remain unreliable. In response, the Building, Sites & Transportation Committee looked at several options including new vs used, and outright purchasing vs financing. After comparing prices, the committee is recommending the purchase of a new 71-passenger bus to ensure safe, reliable, and consistent transportation for students.

Motion to approve the purchase of a new 71-passenger school bus with AC and luggage racks for the price of \$153,200 passed with a motion by Riewer and a second by Lundahl.

Yea: Dorcey, Driskell, Haglund, Keagle, Lundahl, Riewer

Yea: 6, Nay: 0

Take appropriate action to declare district transportation vehicles as surplus.

In accordance with Wakefield Community Schools Board Policy and Nebraska Revised Statutes, items owned by the District must be formally declared as *surplus property* by the Board of Education prior to

being sold, donated, or otherwise disposed of. This declaration ensures the District remains in compliance with statutory requirements for the management and disposition of public property.

The items listed for consideration have been identified by district staff as no longer needed for instructional or operational purposes, are outdated, nonfunctional, or have been replaced. Declaring these items surplus allows the District to sell them through a public silent auction, providing an opportunity for community members to purchase the items while allowing the District to recover a portion of their value.

All proceeds from the silent auction will be deposited into the appropriate District account in accordance with Board policy and state regulations.

Items are:

2009 Ford Van

2011 Ford Van

Compulsory Attendance and Excessive Absenteeism

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5-Year-Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to re-enroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides.

Excused Absences – Physical or Mental Illness

Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for discipline purposes.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

"Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 onto school grounds, into a vehicle owned, leased, or contracted by a school being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,

2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's Parent, describing:
 - a. The student's conduct, misconduct or violation of the rule or standard;
 - b. The reasons for the action taken;
 - c. The actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d. Resources the school is able to provide or recommend to assist the student; and
 - e. How the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
4. An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.
5. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's Parent. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a class, or program/plan and to other consequences which the district deems appropriate.

4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Emergency Removal. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district must dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district may dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide a written notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;
- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

Staff Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district’s policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district’s administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor’s privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

- A. Acceptable Use of AI Tools.** Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:
1. Drafting lesson plans, learning goals, and activities;
 2. Assisting in initial review and feedback of student work;
 3. Making reading passages or practice problems at different levels;
 4. Drafting general messages like newsletters or announcements;
 5. Finding resources or summarizing public information;
 6. Drafting routine communications.
- B. Protecting Student Information.** Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.
- C. Recording and Transcription Tools.** Staff may use AI recording or transcription tools only if:
1. The transcription tool has been approved by an administrator for use in the school context; and
 2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person, even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;
7. Upload materials to AI if the copyright or license does not allow it;
8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

**Emergency Response to Life Threatening Asthma or
Systemic Allergic Reactions (Anaphylaxis)**

School employees will comply with the requirements of the NDE Rule 59 protocol entitled, “Emergency Response to Life Threatening Asthma or Systemic Allergic Reactions (Anaphylaxis)” (Protocol) to address incidents of anaphylaxis involving students at school when those students do not have existing response plans. For students with individual self-management plans, Section 504 plans, or Individualized Education Programs (IEP) addressing asthma or anaphylaxis responses, school employees will comply with those plans. The district shall procure and maintain the equipment and medication necessary to implement the Protocol.

The superintendent or designee shall obtain the required signature(s) of one or more Prescribing Health Care Practitioners on the Protocol form. Publication of this policy and Protocol shall be included in each student and employee handbook.

The superintendent or designee shall arrange to have a qualified medical professional train employees, and for training updates as necessary. This may be a medical doctor, qualified school nurse, or other person qualified to train staff on the medication of students.

Student Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. These AI Tools may only be used by students in accordance with the following:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.
2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student’s work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;
 - d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if the IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student’s failure to meet the requirements stated in this policy will constitute a violation of the district’s prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

Opportunity for Notification. A Parent shall have the opportunity to be notified when the Parent’s student checks out a book from the school library, which notification shall include the title of the book, the author(s) of the book, and the date the book is due to be returned to the school library. The administration may elect to allow a Parent to exercise the opportunity to receive such notifications by means of a website, application notification, or by opting into email notifications.

Welcome to Wakefield Community Schools!

This handbook merely serves as a guide to employees. It is designed to provide practical information about the daily operations and procedures of the district. Each staff member should carefully review this handbook. The administration and the Board of Education continually review policies and procedures, so staff members should discuss comments, concerns, or suggestions about this handbook with their building principal.

This handbook does not create a “contract” of employment. Staff positions and assignments that do not require a teaching certificate or are not otherwise governed by the teacher tenure laws may be ended or changed on an at-will basis.

Many situations may arise that are not covered by this handbook. In those instances, staff members should use their own good judgment or consult with the administration. If any information contained in this handbook conflicts with board policy or state statute, the policy or statute will govern.

The provisions in this handbook are subject to change at the sole discretion of the Superintendent and the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that all procedures can be kept up to date. If you have any questions regarding this handbook, please ask your supervisor or the Superintendent for assistance. Your suggestions about ways to improve the school are welcome and will always be considered.

Mission, Vision, and Core Beliefs

At Wakefield Community Schools, our work is guided by our commitment to **embrace, educate, and empower** every learner. We strive to create a learning community where diversity is valued, meaningful relationships are fostered, and all students are supported in reaching their full potential.

Our mission is to embrace diversity, educate and support the whole learner, and empower students to become critical thinkers, lifelong learners, and responsible global citizens. Through collaboration with families and the community, we provide relevant learning opportunities that prepare students for success in school, in life, and in an ever-changing world.

As educators, support staff, and leaders, we share a responsibility to inspire learning, cultivate respectful relationships, promote effective communication, and empower students to think critically and solve problems. These beliefs guide our decisions, our interactions, and our continuous efforts to improve outcomes for all learners.

Continuous Improvement Framework

At WCS, continuous improvement is the responsibility of every staff member. Our district utilizes the Nebraska Multi-Tiered System of Supports (NeMTSS) Framework as the foundation for continuous improvement and decision-making. The framework guides our efforts to ensure equitable access, high expectations, quality instruction, and meaningful supports for all.

Continuous improvement is achieved through a collaborative problem-solving process that focuses on identifying student and system needs, analyzing data, selecting evidence-based solutions, implementing action plans, and monitoring results. This process is used at the classroom, team, building, and district levels to support academic, behavioral, and social-emotional success.

Through the NeMTSS Framework staff work together to continuously improve outcomes for students while strengthening instructional practices, systems, and supports across the district.

WCS values collaboration, shared ownership, and meaningful staff input. While some decisions must be made by administrators due to legal, operational, or time-sensitive considerations, the district seeks opportunities to involve staff in decisions that directly impact their work.

The district strives to foster trust, collaboration, and shared responsibility while maintaining the ability to make timely and effective decisions in support of students and our mission.

Instructional Model

WCS has a collective commitment to high-quality teaching and learning. The model serves as a common language for instructional practice and provides a framework for designing learning experiences that support student engagement, growth, and success. The model includes both student and teacher perspectives because effective instruction is a shared experience.

Multi-Tiered Systems of Support (MTSS)

Grade Level Collaborative Teams serve as the district's Student Assistance Teams and play an important role in identifying student needs, developing intervention plans, monitoring progress, and coordinating supports. To support consistency and effective implementation of the MTSS process, the district has developed a guidance document that serves as a practical playbook for team structures, problem-solving practices, intervention planning, and progress monitoring.

Staff members are expected to actively participate in the MTSS process by implementing interventions with fidelity, collecting and utilizing data, collaborating with colleagues, communicating with families, and contributing to all efforts focused on student success.

MTSS is not a separate initiative. It is the framework through which we support learners, improves systems, and empower every student. Staff should present information fairly and accurately, encourage students to consider a variety of viewpoints, and maintain a learning environment that supports thoughtful discussion. Employees who anticipate addressing particularly sensitive or controversial topics should consult with their building administrator and communicate with families as appropriate.

Student Discipline and Behavior

WCS is committed to creating safe, supportive, and productive learning environments that promote student success. Consistent with the district's Multi-Tiered System of Supports (MTSS) framework, student behavior is addressed through a continuum of supports that emphasizes prevention, relationship-building, skill development, problem-solving, and appropriate intervention. The district has established three school-wide behavior expectations for all students and staff:

Be Safe

Be Respectful

Be Responsible

These expectations provide a common language for behavior across all grade levels and settings. School-wide expectations are posted throughout the district. Teachers are expected to post classroom expectations and may further define those expectations to meet the unique needs of their class while remaining aligned with the district's behavior framework.

WCS utilizes a PK-12 Social, Emotional, and Behavioral Learning (SEBL) curriculum, Positivity Project (P2) within tier 1 core instruction. P2 promotes character development, positive relationships, and an "other people mindset" that supports student well-being and school culture.

Teachers and staff play an important role in establishing clear expectations, teaching and reinforcing appropriate behaviors, maintaining safe learning environments, and responding to student misconduct in a fair and consistent manner. Employees are expected to implement classroom management practices that maximize instructional time and support positive behavior. Office Referrals should only be made upon the teacher's inability to control the given situation.

All staff members are required to complete district-designated behavior training, including restorative practices training and other state-required behavior training. These practices support the district's commitment to building relationships, addressing behavior through problem-solving, and creating positive learning environments for all students.

Employees are responsible for maintaining appropriate supervision of students and for following district procedures regarding office referrals, safety concerns, student discipline, and emergency situations. Additional information regarding student discipline, suspension, expulsion, emergency exclusion, and behavioral procedures is available in Board Policy 5035, the Student Discipline Act, and building-specific procedures.

Consistent documentation of student behavior is an essential. Behavioral documentation provides valuable information regarding the frequency, intensity, duration, and patterns of student behavior and helps teams make informed decisions regarding student support.

Behavioral data is used to identify students who may require additional interventions, monitor the effectiveness of classroom and school-wide supports, and determine whether behavioral goals and intervention plans are producing the desired outcomes.

Employees are expected to document behavior incidents and office referrals in accordance with district procedures. Staff members responsible for implementing behavior intervention plans,

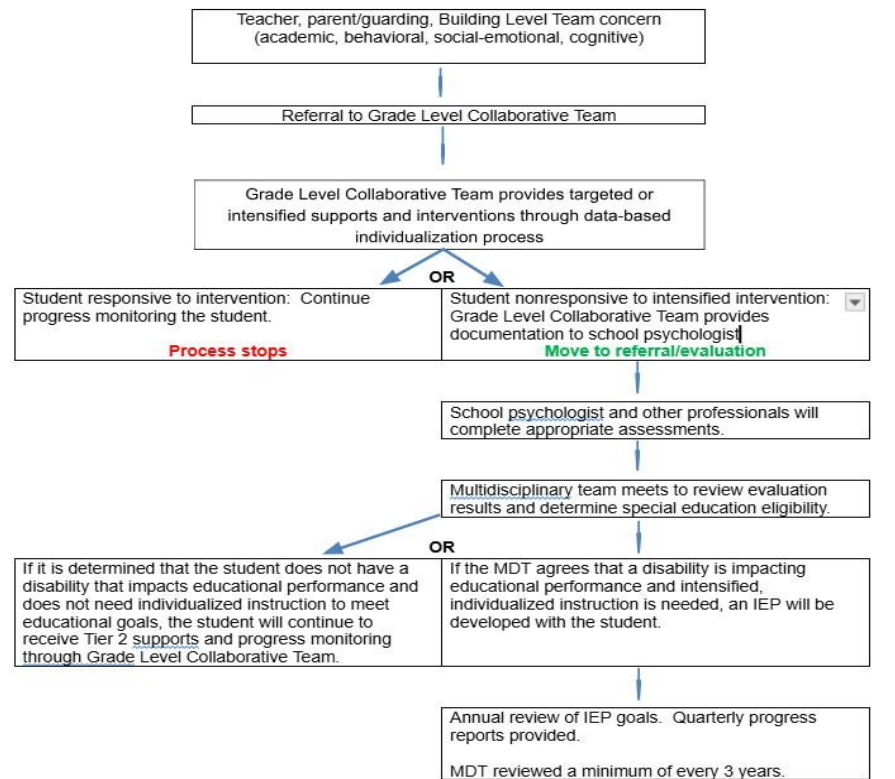

Individualized Education Programs (IEPs), 504 Plans, or other student support plans are expected to collect and report behavioral data as required. Ongoing progress monitoring helps determine whether interventions are effective and whether students are making progress toward established goals.

Behavior documentation should be objective, factual, and timely. Consistent data collection supports student success, decision-making, and the commitment to continuous improvement.

Student Support Services and Special Education

Our district is committed to ensuring that all students have access to the instruction, interventions, and supports necessary to succeed. Grade Level Collaborative Teams serve as the district's Student Assistance Teams and are responsible for reviewing student data, identifying barriers, developing intervention plans, monitoring progress, and coordinating support.

Special education is one component of the district's comprehensive system student support. When data indicates that a student may have a disability and require specially designed instruction, the district follows state and federal requirements evaluation, verification, and service delivery. This chart indicates the process.

of

for

Staff members are expected to actively participate in student support processes and implement accommodations, modifications, and services identified through IEPs, Section 504 Plans, English Learner (EL) plans, and other district-approved support plans.

Additional guidance regarding Grade Level Collaborative Teams, interventions, progress monitoring, referrals, and special education processes is available in the district's Grade Level Collaborative Team guidance document.

Notice of Nondiscrimination

The district does not discriminate based on race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to designated youth groups. The district prohibits sex discrimination in any program or activity that it operates.

Individuals who believe that they have been the subject of unlawful discrimination or harassment due to their disability, sex, race, color, or national origin, or that have other related concerns or questions, should contact the Coordinator of ADA, Title IX, and Title VI: Dean of Students at: phone 402-287-2012 or email mbrenn@wakefieldschools.org or mail 802 Highland St. Wakefield, NE 68784 or in person at school.

Individuals who believe that they have been the subject of any other unlawful discrimination or harassment should contact the Superintendent at 402-287-2012 or email tdeturk@wakefieldschools.org or in person at school. Students may report discrimination or harassment to any staff member who will

then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

DRUG-FREE WORKPLACE REQUIREMENTS

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of the policy in writing. All employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report a conviction will be grounds for dismissal. If the employee convicted of an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

Professional Expectations and Procedures

Accidents and Injuries

Staff must inform the building office immediately of all accidents and/or injuries to students or staff and complete the appropriate accident form that is available from the district office secretary. The accident form must be returned to the office within twenty-four hours.

Activity Accounts and Fundraising

Activity accounts are handled through the High School Activities office. No student or sponsor may make any purchase without a signed purchase order from the administration. **Purchases made without permission are the personal obligation and responsibility of the purchaser.**

The superintendent is responsible for authorizing any fundraising on the part of student activities. **No fundraising may occur without express administrative permission.**

Activity Tickets

All staff, spouses, and their school-age children will be admitted to home games free of charge. Activity tickets will be issued to staff through the building offices.

Agents, Salesmen and Other Business Representatives

All business representatives calling on school matters must obtain permission from the superintendent or building principal before conferring with staff. Staff must determine whether the business representative has been granted permission before discussing business matters. Classroom teachers may not interrupt class work to confer with such representatives.

Staff may not use school time or school facilities for any personal activity for personal financial gain or confer with any business representative for personal business during school time.

Announcements and Circulars

No announcements shall be made before any school group without authorization of the principal or superintendent. Circulars or advertising displayed within the school shall have the approval of the building principal or superintendent before posting.

Bell Schedules

Bell schedules will be provided by building principals annually.

Board Policies, Rules, and Directives

The board of education has adopted policies that govern the operation of the district. A complete policy manual is available on the district's website or in the main administrative office. These manuals will be updated as the board adopts new policies or modifies existing policies. Additionally, the Board has authorized the Superintendent or designee to adopt rules and directives regarding the conduct of students, staff, and other persons.

Child Abuse

School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.
2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.
4. Any doubt about reporting – report it. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment based on race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy. References to "coordinator" in this policy refer to the board-designated coordinator.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone questioning the appropriate person to speak with may contact the superintendent.
 - a) Complaints about operations, decisions, or personnel should start with the building principal.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent.
 - c) Complaints about the superintendent should be submitted in writing to the president of the board.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of

Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the respondent.
 - 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant and, if necessary, the respondent to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which may support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
4. If either the complainant or the respondent is not satisfied with the decision he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
 - e) The appeal must be in writing.
 - f) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - g) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as appropriate.
 - h) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after received. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.
4. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:
 - a) When the complaint is about a board policy, not implementation of the policy;
 - b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
 - c) When the board is required by law, policy, or contract to hear a complaint or appeal.

If a complaint involves those limited grounds and a party is not satisfied with the decision regarding the complaint or appeal, he or she may appeal the decision to the board.

 - d) This appeal must be in writing.
 - e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - f) This policy allows but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination

- or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.
- g) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
 - h) There is no appeal from any decision of the board unless authorized by law.
5. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:
- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
 - b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.
 - d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.
 - e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP or 504, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. He/She will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education or Notice of Section 504 Parental Rights adopted by the board.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing

final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Chain of Command – District Administration

A. The superintendent shall be in control of all school district operations except as provided by another policy or otherwise provided by law.

B. The following is the administrative chain of command working from the lowest level on the chain and moving upward. Examples include:

Student Discipline:	1. Classroom Teacher 2. Principal 3. Superintendent
SPED	1. Teacher 2. SPED Director 3. Principal 4. Superintendent
Instruction or Curriculum:	1. Teacher 2. Principal 3. Superintendent
Transportation:	1. Bus Driver 2. Principal 3. Superintendent
Athletics:	1. Coach 2. Athletic/Activities Director 3. Principal 4. Superintendent

Computers and the Internet: Acceptable Use by Staff

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. Staff members must refer to and comply with the board policy regarding

Staff Internet and Computer Use. A copy of this policy is attached below. Staff should also refer to and comply with the board policy regarding Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

A. Acceptable Use While on Duty or on School Property

1. Staff are restricted Internet use to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.
4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

B. Unacceptable Use While on Duty or on School Property

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.
4. The only political advocacy allowed by staff on school computers or district internet access is that which is permitted by the Political Accountability and Disclosure Act and complies with district policy.
5. Staff shall not share their passwords with anyone.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably

understood to be school-related. This includes any website which identifies the school district by name, or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy or rules may result in:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Conflict of Interest

All staff members are subject to the board's policy governing conflict of interest. That policy provides, in part, that no employee shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the employee would thereby be influenced.

Contact Information

Staff are required to keep the district informed of any change in their name, address, telephone or other contact information. Contact the building secretary to report a change.

Copyright and Fair Use

The school district complies with federal copyright laws. Staff members must comply with copyright laws when using school equipment or working on behalf of the district. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The “fair use” doctrine allows limited reproduction of copyrighted works for educational and research purposes. “Fair use” of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Staff who are unsure whether their proposed reproduction of copyrighted material constitutes “fair use” should consult with their building principal and review *Reproduction of Copyrighted Works by Educators and Librarians* from the U.S. Copyright Office found at <https://www.copyright.gov/circs/circ21.pdf> and *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>.

Corporal Punishment

Corporal punishment is the infliction of bodily pain as a penalty for disapproved behavior and is prohibited by law. Some physical contact is inevitable, and most of it is appropriate. Corporal punishment does not include the use of physical force that is reasonable and necessary to (1) protect school employees; (2) protect students or property; or (3) remove a student from a situation that endangers the student, persons, or property. Staff members should promptly report any event that required the use of physical force to their building principal.

Crisis Response Team

Any staff member may be appointed to serve on the Crisis Response Team. This team serves a vital role in supporting the district during emergencies. It is the responsibility of the appointed staff member to discuss any circumstances that may affect one’s abilities on the team.

Disability Leave (Long-Term)

Long-term disability leave will be treated in the manner required by state and federal law and consistent with the negotiated agreement with the school district’s local education association. Long-Term Disability leave will run concurrently with FMLA leave.

Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with an employee’s school performance, or (3) otherwise adversely affects an employee’s employment opportunities. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their disability or sex should contact the Section 504 Coordinator or Title IX Coordinator listed previously in this handbook.

Driving (both school and personal vehicles)

Staff members who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Staff members will be provided a Driver’s Certification form to verify this information. Staff members who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Staff members are not to use cell phones while driving a school vehicle or while transporting students. See the district’s policy on school vehicle use for further information.

Drivers for the school district must be free from drug and alcohol use or abuse. The school district will test drivers as permitted under state and federal law and in accordance with policy.

Dress Code

The attire worn by staff members conveys an important image to students and the general public. The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community.

A. General Expectations in Dress and Appearance

1. Certified staff, Para educators, and office staff should generally dress in business casual attire that is clean and professional.
2. Custodial, maintenance, and transportation staff should dress in attire appropriate to the work they are performing.

B. Unacceptable Forms of Dress and Appearance

1. The following are examples of unprofessional attire which should not be worn by classroom staff during the traditional school day or when the employee is supervising, directing, or coaching students when the public is in attendance:
 - For men: shirts without collars, unless the shirt is approved by administration.
 - Athletic wear, including sweat, jogging and wind suits, except when teaching a physical activity.
 - Shorts, except when teaching P.E. class or at athletic or other activity practices.
 - Blue jeans, except at athletic or other activity practices, or on days considered to be “dress down” days.
 - Hats, except when worn outside for sun coverage.
 - Rubber soled ‘flip flop’ thong sandals.
 - Any attire which is excessively wrinkled or torn, so that it is no longer neat and professional.
 - Any attire which is immodest or may distract other employees or students.

Custodial, maintenance, and transportation staff should dress appropriate for their work.

The superintendent or principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation (e.g., special “casual days” or field days). Any violation of school policy and rules may result in disciplinary action.

Drug and Alcohol Testing

School district administrators who suspect that drugs or alcohol may be present in a staff member’s system may require the staff member to provide a body fluid or breath sample as provided in Nebraska law. Staff members who refuse a lawful directive to provide a body fluid or breath sample may be subject to disciplinary or administrative action by the employer, including denial of continued employment.

Duty to Report

Personnel shall self-report any of the following to the superintendent within 24 hours of its occurrence or at the beginning of the next school day, whichever is earlier:

- Any criminal citation if the alleged offense is a misdemeanor or felony under federal or Nebraska law or in the state in which the alleged offense occurred;
- Any arrest for any reason; or criminal conviction; or a sentence of incarceration;
- Any criminal or civil filing or Department of Health and Human Services or law enforcement investigation against the employee for child abuse and/or neglect;
- Any complaint or other administrative filing against the employee that could impact any certificate or professional license held by the employee;
- Any action or threat of action by any entity against the employee’s driver’s license or ability or authority to operate vehicle if the employee’s job duties may require the operation of a vehicle.

The failure to make a report required by this section may result in disciplinary action up to and including cancellation, termination, and non-renewal.

Expenses

Staff should make arrangements to receive a school credit card whenever travel is necessary. Further, travel should be in a school vehicle whenever possible. Mileage reimbursement will be denied if a school vehicle was available. Reimbursement for any expense will only be made with administrative approval.

Family and Medical Leave (FMLA)

Qualified employees will be provided leave under the Family and Medical Leave Act (FMLA) as provided in board policy. The school district will utilize the “rolling” 12-month period measured backward from the date an employee uses any FMLA leave.

In-School Communication

Every staff member will be assigned a mailbox in the building where he or she works. Staff members are expected to check their mailboxes for messages in the morning upon arrival at school, at lunch time, and at the end of the day before departing.

A great deal of information is distributed to staff via the school’s e-mail system. Staff must check e-mail frequently throughout the school day. Staff members are allowed to use their school e-mail for a moderate amount of personal e-mail correspondence. However, sending or receiving personal e-mail during class time is prohibited, regardless of whether that personal e-mail is received on the staff member’s school e-mail account or a personal account.

Intellectual Property

All written or artistic works, instructional materials, inventions, procedures, ideas, innovations, systems, programs, or other work product created or developed by any employee in the course and scope of performance of his or her employment duties on behalf of the district, whether published or not, shall be the exclusive property of the district. The district has the sole right to sell, license, assign, or transfer any and all right, title, or interest in and to such property.

Jury and Witness Duty Leave

The district assumes no obligation beyond making such opportunities available.

While the District supports its employees by allowing them to exercise their rights, any impact on the employee's ability to perform his or her functions as required by the district is grounds for discipline. For further guidance regarding political conduct on school grounds, contact the superintendent and consult the board policies.

Professional Boundaries Between Staff and Students

All district employees must follow board policy when interacting with students in any way. District employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. District employees must be aware of professional boundaries between students and staff, and they must never blur the boundaries. These standards of behavior apply to social networking sites, such as Twitter, Instagram, etc., along with communications and interactions of any kind between staff and students.

Examples of unprofessional misconduct include: inappropriate sexual communications or interactions with students, meeting with students in private outside of school, and intruding on a student's personal space. These are a few examples of inappropriate behavior, not an exhaustive list. For further guidance, refer to the district's policies regarding professionalism and staff-student interactions.

Any teacher or student who witnesses or knows information about a district employee violating board policy should report the violation to the district administration *immediately*. Minor and/or questionable violations should be reported as soon as possible, but always within 24 hours.

A violation of board policies for professionalism will form the basis for employee discipline up to and including termination or cancellation of employment, filing a report with law enforcement officials, and filing a report with the Commissioner of Education.

Professional Growth

The district is committed to the improvement of instruction and invests in employees as needed.

Purchasing

District funds may only be used for authorized purchases that support the educational mission. Purchase requests shall be submitted through AptaFund and must be approved before an order is placed. Records and Reports

Staff members must refer to and comply with Board Policy No. 5016 regarding the management and maintenance of student records.

School Vehicle Use

The transportation of students in a pupil transportation vehicle is governed by the rules of the Nebraska Department of Education and the district's safe pupil transportation plan or safety and security plan. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

Threat Assessment Investigation and Response

When a threat is reported, the administrator shall initiate an initial inquiry and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat. The administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the behavior. The team may, but is not required to, review the following types of information:

However, if a certified staff member needs assistance with student discipline, they should seek the advice and counsel of the building principal.

Teachers should have a well-defined discipline plan that is known to the students. Rules and consequences should be stated clearly and posted where appropriate. Each building has its own specific procedures concerning student discipline. Teachers should consult with their building principal for more information. Teachers may remove a student from the classroom for failure to comply with established rules of conduct. Only an administrator can suspend or expel students from class or school, and procedures must be followed.

Classes should begin on time and end promptly. Work should continue throughout the period assigned for it. Teachers have no right to waste the pupils’ time. Classroom teachers may not dismiss classes early except by permission of the building principal.

Teachers may not leave their classrooms unless the students are supervised by a competent adult. Further, classroom doors need to be closed to allow the HVAC system to work efficiently. Doors should be locked at all time in case of a lockdown.

The superintendent and principals will call meetings as needed. Certified staff are required to be present at all faculty meetings unless excused by the administration.

Planning Time

Each classroom teacher may be provided with duty-free time for planning, preparation of school-related materials, and a brief respite from the duties of the day.

The Board defines planning time as time for educational planning and other task-related functions that cannot normally be accomplished during instructional periods. Planning time should not be confused with personal time. Planning time is not to be used for running personal errands, conducting personal business, or pursuing non-school hobbies and/or interests.

The AD has responsibility for all activities. Therefore, any ruling or handbook decision he/she makes will be school regulation in lieu of further board action.

No student may participate in a field trip off school property without written permission of his or her parent or guardian.

Emergencies

Early in the semester, classroom teachers should review instructions for leaving the classroom with all their students. Classroom teachers should also periodically review with each class what to do in case of fire, tornado or other emergencies.

Fire Drills

Fire drills will be held on a regular basis. Certified staff may or may not be notified in advance. These drills are important exercises that help ensure the safety of students in case of an emergency.

When the fire alarm is sounded, all students and staff immediately must cease the activity in which they are engaged and leave the building at once. Staff and students will move, in an orderly manner, far enough away from the building to avoid possible injury and remain clear of emergency vehicle traffic. Any additional instructions will be provided by building principals

When a tornado warning has been issued, the school will evacuate classrooms and move students to the designated tornado shelters. Tornado alerts will be given via the intercom system; at which time teachers should account for each student. Students should be sitting with his or her back to the wall, their knees up and their heads should be between their legs.

If a student fails the first semester and passes the second semester, a teacher may pass a student for the full year.

A student is to be graded on academic performance. **A student's grade is not to be reduced for discipline.** Prejudice or favoritism has no place in grading a student. All grading should be explained in simple, understandable terms to the student.

Teachers should provide students and parents with frequent updates regarding the student's progress during the quarter. At the end of each quarter, students will receive an end-of-quarter report card. The grading scale for each grade level will be provided by the building principal.

Homework should provide opportunities for students to practice acquired skills, develop initiative, form independent study habits, and use community resources.

Instructional Materials

Instructional materials are made available through the Education Service Unit. A catalog and order forms will be made available to all members. Films should be used as instructional materials. All media must be previewed for suitability by the classroom teacher before being shown to students.

Lesson Plans

Each teacher will prepare and complete a proper lesson plan as needed for each class. These lesson plans will be provided to building principals as prescribed. Further, these plans must be written so that they are clear to any substitute teacher and readily available to any teacher. In addition, an up-to-date seating chart of all classes should be readily accessible.

Media Center

The media center is set up to serve the needs of staff and students. The media specialist shall make create and maintain a catalog of all books in the school's library, categorized by building level, that shall be accessible by a Parent per Policy 6046.

Paraeducators

Paraeducators provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraeducator must not, however, assume teaching responsibilities. The classroom teacher must maintain the role of leadership and responsibility for the students, with the teacher aide in a supportive role. Paraeducators may be used to assist the classroom teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculating and recording grades. Paraeducators are to work only on and within their assigned workdays. If the classroom teacher desires the paraeducator to work hours other than the assigned work hours, he or she must contact the building principal for approval.

Parent-Teacher Communication

Students' academic success has been closely linked to parental involvement in school. Certified staff should strive to develop open and supportive relationships with parents and guardians. Each classroom teacher is responsible for keeping a student's parents informed about the student's progress. This may be done by letter, telephone, e-mail, or personal conference. Certified staff must attend parent teacher conferences, promptly return phone calls, participate in teacher events for students and parents, and where necessary utilize a planner as a communication tool. Certified staff who need additional support in communicating with parents should contact their building principal.

Parties/Non-Class Activities

No activities shall be held by an organization of the school without the presence of a sponsor. The number of activities and the closing hour for activities will be determined by the building principal and organization sponsor. In making arrangements for activities, staff must avoid disturbing the routine of the school. Cleaning up after the activity is the responsibility of the sponsor.

Passes

Passes function as students' pass out of class or to see another instructor. Students may not be in the hallways during class time without a pass. Every time a student leaves class during class time, they should have a pass; this way, other staff can ascertain where the student has permission to be.

Private Tutoring

Teachers must provide individual assistance to students as a part of their duties. Certified staff are prohibited from engaging in private tutoring for pay (compensation of any kind from a source other than the District). Doing so, may result in disciplinary action.

Projection Maps

The district will only use the Gall-Peters projection map or a similar cylindrical equal-area projection map or the AuthaGraph projection map for display or use in the classroom. Use of the Mercator projection map is prohibited unless:

- The Mercator projection map is used in conjunction with other projection maps in a teaching exercise to demonstrate that all maps are flawed in some way and different map projections serve different functions and may affect how individuals view the world; or
 - The Mercator projection map is part of any:
 - book or material obtained prior to July 19, 2024; and
 - a Gall-Peters projection map or similar cylindrical equal-area projection map or an AuthaGraph projection map is displayed in the classroom or shown to students during the lesson in which a Mercator projection map is used.

Pupils' Records

Teachers must keep accurate records of class tests, exams, daily work, etc. This serves as a justification of the final grade in case of disputes between teacher and pupil, or teacher and parent, and assists in completing final grades.

Report cards will be issued within one week following the end of the quarter unless otherwise announced.

- a) Reports should be conscientiously and accurately made because they are a serious estimate of the degree of success of the pupil.
- b) Each teacher should be prepared to defend all decisions given on the report card.
- c) Each classroom teacher is responsible for distribution of class cards on time.
- d) Classroom teachers must confer with the principal before recording any incomplete, failing, or conditional grades on report cards.

Rights of Certified and Probationary Teachers

Certified and probationary teachers are entitled to the legal and procedural rights outlined in policies and state and federal law with regard to the amendment, cancellation, or termination of employment. For specific questions relating to those procedural or legal rights, please refer to the district's board policies.

School Day

All certified staff must be at school or on duty between the hours of 7:45 A.M. and 4:00 P.M., Monday through Friday. Under special circumstances, certified staff may seek permission from their building principal to vary these duty hours. In addition, teachers may be assigned responsibilities at other hours by administration for supervising or directing school activities.

Each teacher will be in his or her classroom and ready to teach at 8:00 a.m. each day. Teachers will stand at their doors when class is dismissed and must be outside their classroom doors before each class period. Teachers must be physically present in their classrooms at all times during class periods and conference periods.

Personal work may not be done while you are supervising or are responsible for students.

Sponsors

Certified staff members are assigned by the superintendent as class and club sponsors. Sponsors must be present at all meetings and activities of the sponsored group. Purchasing of supplies must be approved by the AD.

Student Activities

Staff members who sponsor extracurricular activities such as athletics, class plays, and class activities may leave the school building only after making sure that all students and other individuals have left the building. No student is to be left unattended in the school building at any time.

School-owned clothing or equipment that is checked out to students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for its intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Certified staff will be held responsible for clothing and equipment that is not returned.

Student Aides

Student aides are to be directly supervised by the certified staff member and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the certified staff member by helping supervise another student, grade tests or class work,

calculate student grades, or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aide should not be present and assisting a certified staff member without another adult present after the end of regular teacher duty hours.

Student Attendance

Students are expected to arrive at each class, be seated and ready for instruction prior to the beginning of the class day or class period, as appropriate. Student tardiness is the classroom teacher's professional responsibility. Classroom teachers must insist that students be on time.

Staff are required to use PowerSchool. Attendance will be taken as follows:

Elementary at the beginning of the morning, and right after lunch;

5-12 – at the beginning of every period.

Lunch count will also be taken with the student record system.

Each teacher must maintain an accurate record of student attendance each day. Classroom teachers must carefully check and record attendance information at the beginning of each school day and, in upper grades, at the beginning of each period. Students and student assistants are not permitted to check attendance. Excessive absenteeism should be reported to the building principal or guidance counselor.

Students returning from an absence must report to the office prior to going to class. A returning absentee must have a pass that was issued by the school office. No student should be accepted back into class after an absence without this pass.

A student who departs school during the school day must report to the office and sign out before leaving the building. A student who returns during the school day must sign in at the building office before returning to class.

Student Attire

The responsibility for proper daily grooming and dress is primarily the responsibility of students and parents/guardians. However, certified staff members must insist that students do not remain in school while wearing attire that violates the dress code set forth in the Student Handbook.

Student Illness

In the event of student illness or injury, classroom teachers should notify the building nurse, principal or superintendent immediately. Staff should never send a pupil home without notifying school officials and checking to see if his/her parents are home.

Student Medication

Student medications should not be dispensed by staff members unless trained by the school nurse. Only these authorized personnel may dispense medications (prescription or over-the-counter). Students may, with written parental or guardian permission, self-administer medications such as aspirin and cough syrup or cough drops.

Student Searches

Certified staff members may not search students or their belongings. If a staff member suspects that a student is in possession of contraband, he/she should immediately contact a member of the administration and supervise the student until the administrator arrives.

Substitute Teaching During Planning Period

Certified staff may be required to substitute during their planning period. Compensation for In-house Substituting will be at a rate of **\$20.00/per class period**.

Teaching Controversial Issues

Teachers may lead discussions about controversial issues if they comply with the following:

- The issues must be relevant to the curriculum and be part of a planned educational program.

- Students must have access to materials and information for analysis and evaluation of the issues.
- The teacher must encourage students to consider and discuss a variety of viewpoints.
- The topic and materials must be within the range, knowledge, and maturity, of the students.
- The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
- The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
- Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda through any classroom or a school device; however, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Textbooks

Classroom teachers will issue textbooks to the pupils, keeping a record of the number and condition of the book assigned to each pupil. If the books are new, classroom teachers must make sure the books are stamped and numbered before distribution.

Textbooks are to be stored in the classroom or storeroom. Textbooks are to be checked out to the students with teachers keeping an accurate record of each book by number in the place provided in grade books. Pupils are to pay for lost or damaged books. Student textbooks must be covered with a book cover.

Workbooks do not become the property of the students and in most cases should be retained by the school.

Teacher Appraisal System

Purpose

Wakefield Community Schools believes that effective teacher evaluation should support continuous professional growth, recognize instructional excellence, and promote student success. Consistent with the principles of Universal Design for Learning (UDL), the district recognizes that educators may demonstrate proficiency through multiple forms of evidence while being evaluated against common performance standards.

The purpose of the appraisal system is growth, along with compliance. While the appraisal process includes performance ratings and accountability measures, its primary purpose is to strengthen instructional practice. It aligns with Nebraska Rule 10, the Nebraska Framework for Continuous Improvement, and AQuESTT.

Professional Growth Goals

Professional growth is a central component of this appraisal system. Rather than existing as a separate activity, the Professional Growth Goal serves as a foundation for reflection, feedback, and professional learning. At the beginning of the appraisal cycle, teachers identify a Professional Growth Goal aligned to student needs, instructional practice, district priorities, or professional responsibilities. The goal provides focus for continuous improvement and guides the evidence throughout the year.

As part of the appraisal process, teachers and evaluators use evidence, reflection, and professional practice data to monitor goal progress. Evidence collected throughout the appraisal cycle should demonstrate both professional growth and the impact of that growth on student learning, engagement, behavior, or relevant outcomes.

Professional Growth Goals are not intended to function as isolated projects or compliance tasks. Instead, they serve as a vehicle for continuous learning, reflection, and improvement within the broader appraisal system. Through ongoing feedback and collaboration, teachers are encouraged to refine their practice, evaluate the effectiveness of their efforts, and identify next steps for continued growth.

At the conclusion of the appraisal cycle, teachers reflect on progress toward their Professional Growth Goal and use that reflection to inform future professional learning and goal development. In this way, the process becomes a continuous cycle of growth rather than a single annual evaluation event.

Creating An Evidence-Based Professional Growth Goal

To support multiple means of action and expression, teachers may select evidence from an approved district evidence menu. If a teacher chooses to provide evidence not listed on the evidence menu, prior approval is needed. Evidence may include:

Teacher Evaluation and Reflection Conference Process

The teacher appraisal system utilizes the district's teacher evaluation rubric to assess professional practice across five domains: Planning & Preparation, Representation & Engagement, Expression & Assessment, Reflection, and Professional Growth & Community. While evidence sources may vary, performance expectations remain consistent. Evaluators will use observations, artifacts, student learning evidence, professional reflections, and other approved evidence sources to determine performance levels for each indicator using the district's four-point rating scale.

When a formal classroom observation is scheduled, the teacher must provide a detailed lesson plan, which includes components of the Planning and Preparation domain, two school days prior to the scheduled classroom observation. A formal classroom observation is a full class period or no less than 30 minutes of classroom instruction. Following the collection and review of evidence through a formal classroom observation, the evaluator will assign ratings for each rubric indicator and calculate domain scores. Domain scores are weighted to reflect the relative impact of each area on instructional practice and student learning: Planning & Preparation (20%), Representation & Engagement (25%), Expression & Assessment (25%), Reflection (15%), and Professional Growth & Community (15%). The weighted domain scores are combined to determine an overall summative rating.

During the reflection conference, the teacher and evaluator will engage in a collaborative discussion regarding instructional practice, evidence collected throughout the appraisal cycle, and progress toward the teacher's Professional Growth Goal. The teacher will provide an update on the implementation of the growth goal, evidence of progress, challenges encountered, adjustments made, and the impact of the goal on professional practice and student outcomes.

The reflection conference is intended to support professional growth through meaningful dialogue. At the conclusion of the appraisal cycle, the teacher and evaluator will review progress toward the Professional Growth Goal and identify potential areas of focus for future professional growth.

Performance Levels, Evaluation Frequency, and Outcomes

Probationary and New-to-District Teachers

Probationary teachers participate in an annual appraisal cycle designed to support onboarding, professional growth, and successful implementation of district expectations. The purpose of the increased observation and feedback cycle is to provide meaningful support, coaching, reflection as new teachers. These teachers will participate in:

- Two observations (one formal, one summative) annually
- Two reflection conferences annually
- Development and monitoring of a Professional Growth Goal
- Collection of evidence aligned to the evaluation rubric

Highly Effective (3.50–4.00)

Teachers who earn a Highly Effective rating consistently demonstrate exemplary professional practice and instructional effectiveness. To qualify for this level, teachers must earn an overall weighted score of 3.50 or higher, no domain score below 3.0, and no single domain component scored as a 1. Highly Effective teachers participate in one summative observation every three years and periodic informal walkthroughs.

Effective (3.00–3.49)

Teachers who earn an Effective rating consistently meet district expectations for professional practice and instructional effectiveness. Effective teachers participate in one summative observation every three years and periodic informal walkthroughs annually. Teachers engage in an annual reflection conference and continue to develop and monitor a Professional Growth Goal supported by teacher-selected evidence aligned to the evaluation rubric.

Developing (2.00–2.99)

Teachers who earn a Developing rating demonstrate areas of effective practice but require additional support and monitoring to strengthen instructional effectiveness. Developing teachers participate in two observations, one formal and one summative, and periodic informal walkthroughs annually. Teachers meet with their evaluator for three reflection conferences each year. Teachers collaboratively develop a Professional Growth Goal with their evaluator and collect evidence aligned to the evaluation rubric to demonstrate growth and progress throughout the appraisal cycle.

Needs Improvement (1.00–1.99)

Teachers who earn a Needs Improvement rating require intensive support to strengthen professional practice and improve performance. Teachers receiving a Needs Improvement rating are required to participate in a Targeted Growth Plan developed collaboratively with the evaluator. The plan identifies specific areas for improvement, support structures, timelines, and evidence of progress. Teachers participate in frequent informal observations, scheduled coaching and support meetings annually, as outlined in the Targeted Growth Plan. Teachers are expected to meet the requirements of the Targeted Growth Plan while continuing to monitor progress toward their Professional Growth Goal and submit evidence aligned to the evaluation rubric.

Targeted Growth Plan

A Targeted Growth Plan is required for any teacher who receives an overall summative rating of Needs Improvement. In addition, a Targeted Growth Plan may be required, at the evaluator's discretion, for any teacher who receives a rating of 1 (Needs Improvement) on an individual domain element, particularly when the identified area significantly impacts instructional effectiveness, student engagement, assessment practices, or student learning outcomes.

The intent of the Targeted Growth Plan is to provide meaningful support and opportunities for professional growth. However, teachers are expected to demonstrate progress toward identified areas of need. Failure to demonstrate sufficient improvement may result in additional personnel actions in accordance with district policy, negotiated agreements, and applicable law.

Administrative Discretion

The superintendent or designee may require additional observations, walkthroughs, conferences, or evidence when concerns regarding performance exist or when necessary to support professional growth. Nothing in this policy limits the district's authority to conduct additional evaluations as required by law, board policy, or administrative need.
