What suggestions do you have that would improve New Teacher Orientation?

- I don't have any suggestions. During the orientation I was blown away at how welcoming everyone was during both days.
- Thank you for your time, I look forward to being a part of the River Falls School District
- I honestly loved it! I felt extremely loved and supported by the community of River Falls. Having the opportunity to meet so many people was really valuable to me. I appreciate the work and effort that goes into this event to seamlessly welcome everyone to the district:) Thanks!
- Thank you for having us! It was a nice couple of days and I enjoyed getting to know everyone.
- It was a wonderful two days. I really think there was a nice balance of "heavy" and "light" topics that were presented in a very accessible way. I don't think I have any specific suggestions for improvement. Thank you!
- Overall I thought it was well done and great way to warmly welcome new employees. Some small areas of feedback would be to possibly have a district wide tour to be able to see all elements of the district and feel comfortable stopping into different buildings. Also, having work time both afternoons would be beneficial for feeling more prepared going into the following week.
- Possible mentor with a PLC member
- At the Junior's breakfast with staff please have a prize for the team that won the dice game! Seriously, I'm so excited to be here in RF!
- Improvements are tough to find. I really appreciated the variety of approaches that were given to us in the information. It was nice to have paper hand outs of the materials presented. Maybe with the presentations we could have printouts of the presentations with the note taking format so we can work alongside the presentations.
- Nothing at this time
- Maybe a few more movement breaks on day 2. Thank you for everything!
- There was a push for community involvement and connections, but I feel that they were not made. Having more time to talk with community stakeholders would be helpful.
- None - thorough and well paced!
- It covered a wide variety of information that will assist in the beginning of the year going smoothly! Thank you for everything!
- I can't think of anything. I felt valued and appreciated as an educator during this orientation.

What suggestions do you have that would improve New Para Orientation?

- It might save time if paras can access their district technology and get logged in to the necessary accounts with our mentors' help.
- More in depth regarding benefits
- N/a
- I thought it was great overall! We did have a lot of extra time towards the end of the day though. It wasn't a bad thing by any means because it was nice to talk and chat with our new co-workers but there was a lot of extra time!
- Maybe an overall walk through with Technology
- Perhaps put school on a nametag, so people can easily identify where people will be at
- It was great!

School District of River Falls
Job Description
SCHOOL COUNSELOR

MINIMUM QUALIFICATIONS:

1. Hold or obtain Wisconsin Department of Public Instruction School Counselor licensure.
2. Demonstrate strong leadership, organizational and interpersonal skills, with the ability to communicate and collaborate effectively with students, parents, and colleagues.
3. Maintain strict confidentiality at all times.

POSITION SUMMARY:

The School Counselor will incorporate the elements of the Wisconsin Comprehensive School Counseling Model and the American School Counselor Association National Model in order to promote student success, provide preventive services, and respond to identified student needs. The School Counselor will address academic, career, and personal/social development for all students.

REPORTS TO: Building Principal

PERFORMANCE RESPONSIBILITIES:

1. Develop and Manage a Comprehensive School Counseling Program
 - a. Maintain and execute a written plan for effective delivery of a comprehensive school counseling program based on the American School Counselor Association's (ASCA) National Model, the ASCA Mindsets and Behaviors for Student Success, and school data.
 - b. Use the ASCA National Model to allocate appropriate time and resources for direct and indirect student services. These services could include: whole and small group instruction; individual student planning and guidance; crisis and responsive services; consultation and collaboration with staff and families; academic and career planning; system evaluation and support; and referrals for resources and support.
 - c. Review the goals and outcomes of the comprehensive school counseling program with administration, staff, and community stakeholders on a regular basis.
 - d. Partner with administration and other staff to ensure integration of School Counseling content standards and Social Emotional Learning competencies across the curriculum.
2. Deliver a Comprehensive School Counseling Program
 - a. Deliver classroom and school wide programming for all students, with a focus on promoting academic success, social emotional skills, and postsecondary awareness through Academic and Career Planning (ACP).
 - b. Consult and collaborate effectively with parents/guardians, teachers, administrators, and other educational/community resources regarding students with identified concerns and needs.
 - c. Provide individual and group counseling to students with identified concerns in the areas of attendance, social emotional skills, behavior, or mental health, and regularly utilize data to evaluate effectiveness and outcomes.
 - d. Recognize and respond to student mental health needs and safety concerns through individual and small-group counseling, crisis response, consultation, collaboration, and referrals to appropriate school and community resources.
 - e. Serve on building and/or district level teams to provide support and assistance to students and families navigating crisis or emergency situations.
 - f. Keep building administration and support personnel informed regarding situations that may warrant their attention.
