well-functioning school district where children and staff are
thriving!**

Board of Trustees

Yvonne Wagstaff, President

Melinda Gneiting, Vice President

Erinn Miller, Legislative Representative

David Brady, Member

Heather Jackson, Member

Susan Jansen, Member

Markus Zinke, Member

DOUGLAS COUNTY SCHOOL DISTRICT
Information Concerning Board Policy and Procedures
For Communication with the Board of Trustees

The Douglas County School District ("DCSD") welcomes visitors at our meetings and appreciate constructive suggestions and comments, which help to meet the educational needs of the District. The Board has a scheduled order of business to follow. The agenda has been available for study by the Members of the Board since published. The Board may only take action items agendized for possible action, unless it finds that the need to discuss or act upon an un-agendized item was truly unforeseen at the time the meeting agenda was posted, the matter requires immediate action, and is to be an emergency as defined by Nevada Revised Statutes.

The Board may act on the consent items with one motion unless a Trustee requests that a consent item be pulled for individual consideration, in which case the Chairperson of the Board will defer action on the particular consent item or items to the regular agenda for consideration separately.

Although each Trustee represents a geographical area of the District, Trustees are elected at large and, as such, represent all citizens of Douglas County. It is the desire of the Board to make decisions that in the best interests of the District. In making decisions, Members of the Board strive to meet the needs of every student enrolled in DCSD schools and will best serve the interests of the entire District.

Members of the Board of Trustees are responsible for exercising their public function in accordance with the requirements of applicable law and regulations, as well as Board Policies adopted by the Board of Trustees of DCSD.

If copies of the complete agenda (and supporting materials) are desired in advance, they may be obtained at the District Office on the Monday preceding a regular meeting of the Board. Please contact DCSD at 775-782-5134 or suptoffice@dcsd.k12.nv.us. Communication with the Board of Trustees as a unit may be either in writing, by personal appearance at a meeting of the Board, or by verbal communication through the District Superintendent.

Public Comment: During regular Board meetings, there will be a general period of public comment for any matter that is not specifically agendized for possible action, and on each item listed on the agenda for possible action.

The Board limits public comment to three minutes per commenter.

Written Communication: Written communication to the Board of Trustees, related to an action item on the agenda, can be emailed to the Board, the District Superintendent, or the Board Secretary, prior to the meeting. Although this communication will not be read during the meeting, it will be added to the minutes of the meeting upon request.

Personal Appearance at a Board Meeting: When an individual or group desires to communicate with the Board of Trustees by means of placing an item on the agenda, at a meeting of the Board, the District Superintendent shall be notified no later than 12:00 noon two weeks prior to the scheduled regular meeting, and the Board President and Superintendent, in their discretion, will determine whether the subject of the communication will be placed on the agenda. When a holiday observed by the District falls on a meeting date, the deadline shall be two weeks prior to the meeting.

- At the time of the meeting, the public can add their name to a sign-up sheet and they will be called upon during the allocated public comment time.
- The Board may set a reasonable time limit for each speaker and for answering questions.
- Extensive formal statements addressing specific items for consideration by the Board should be submitted in writing.

Although the Board may impose reasonable restrictions on the time, place and manner of public comments, it may not restrict comments based on viewpoint. No action may be taken on a matter raised during public comment that is unrelated to any agenda item.

Non-discrimination/Notice to Individuals with Disabilities: The Douglas County School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Members of the public who require special assistance or accommodations at a meeting of the Board of Trustees are asked to notify the District Administration at 1638 Mono Ave., Minden, Nevada 89423, or by calling 775-782-5134, so that such notification is received at least twenty-four hours prior to the meeting.

Revised 11/6/2025

Douglas County School District
Regular Board Meeting

4:00 PM

AGENDA

Please click the link below to join the webinar: <https://dcsd-k12.zoom.us/j/84039576283> Passcode: OCT2026 Or Telephone: +1 669 900 6833 US Webinar ID: 840 3957 6283 Telephone Passcode: 1213159

1. Call to Order

A. Adoption of the Agenda, as submitted (*For Possible Action*) (*Public Comment will be taken prior to any action*)

Please Note: The Board reserves the right to (1) take items in a different order, (2) combine two or more Agenda items for consideration, and (3) to remove an item from the Agenda or delay discussion relating to an item on the Agenda at any time, in order to accomplish the business on the Agenda in the most efficient manner.

B. Pledge of Allegiance

DHS JROTC will be presenting colors and leading the pledge.

2. Public Comment (*For Discussion Only*)

Comments will be accepted in person, or through virtual participation via email; suptoffice@dcsd.k12.nv.us no later than 12:30 p.m. the day of the meeting. Email for public comment must include the submitting party's full name. Email for public comment will be posted as a supplemental document and copies will be provided to the board members. The names of those who have provided virtual public comment will be read during public comment and the emails will be included in the record, but the virtual public comment will not be read during the meeting. Comments may be made by members of the public on any matter within the authority of this Board. Please note that public comment will be taken on items marked "for possible action" before action is taken on such items, and members of the public are encouraged to comment on such items at the time they are being considered. Although members of the Board may respond to questions and discuss issues raised during public comment, no action may be taken on such a matter until the matter is placed on an agenda for action at a meeting of the Board. In making public comment, speakers are asked to come to the table or podium, sign in, speak into the microphone, and identify themselves for the record. Commenters are instructed to limit their comments to no more than three (3) minutes, and not simply repeat comments made by others.

3. Consent Items (*For Possible Action*)

Information concerning the following consent items has been forwarded to each Board Member for study prior to this meeting. Unless a Trustee or individual organization interested in one or more consent items has any questions concerning a particular item, the items are approved at one time by the Board of Trustees. The Board President may defer action on such a particular matter or matters at his or her discretion, and may choose to place the same at the end of the regular agenda for separate consideration.

A. Minutes of the Regular Board Meeting of September 17, 2026.

8

Attached are Minutes of the Regular Board Meeting of September 17, 2026, for review and approval.

B. Accounts Payable Special and Regular Run Vouchers

21

A complete list of payments contained in Accounts Payable Special Vouchers numbers 2724, 2725, 2726, 2726, 2727, 2728, 2729, and Regular Run Voucher numbers 2730, 2731, and 2732 are attached. Vouchers

have been prepared in accordance to state law and copies of the Vouchers are available for review by the public at the Superintendent's office prior to the meeting.

C. Budget Voucher Adjustments 219

A complete list of budget adjustments made by the Director of Business Services during the recent course of business is provided for review and approval by the Board of Trustees as required by NRS 354.598005.

D. Required Submission - Department of Taxation 230

On May 19, 2026, the Nevada Department of Taxation placed Douglas County School District on "Fiscal Watch". Under Nevada law, Fiscal Watch is defined as the monitoring of a local government by the Department of Taxation after the Department determines certain financial risk conditions exist. After an agency is placed on Fiscal Watch, the

Department of Taxation and the Committee on Local Government Finance (CLGF) increase their oversight of the organization. At this time, the following items are required to be submitted by the District to the Department on an ongoing basis, along with proof of submission to this Board and their approval and acceptance of the items.

- Monthly Bank Reconciliations
- Monthly Treasurer's Report
- Cash Balances of All Funds
- Written status report on how fiscal practices or budgetary conditions have been corrected and/or improved.

E. Personnel Report No. 26-10 318

Listed on the Personnel Report No. 26-10 are personnel actions presented for consideration by the Board of Trustees. Salaries for individuals employed will be determined in accordance with salary regulations of the District.

F. AB 168 Annual Progressive Discipline Plan 320

DCSD Assistant Director of Educational Services, Leslie Peters, has provided the Progressive Discipline Plan for the Board's annual review and approval.

G. Annual Northwest Regional Professional Development Program (NWRPDP) Report 340

The Board is presented with the annual NWRPDP report on professional development support for approval.

H. Approval of English Language Development Program Manual 416

The DCSD K-12 English Language Development Program Manual provides explanation and guidance for administrators, staff, and parents for the EL program in Douglas County Schools. The manual outlines how students are identified and what instruction, support, assessment, and monitoring look like for the EL students.

I. District Performance Plan (DPP) 445

The Board is presented with the required annual District Performance Plan. DCSD has goals focused on K-3 reading, 4-8 math, MTSS fidelity, College and Career Readiness diplomas, Chronic Absenteeism, Emotional Safety of students, and language acquisition progress of English Learners.

J. School Performance Plans (SPP) 475

Each school site has provided a performance plan for review.

K. Board Policy 546 - Personal Technology and Communication Devices (2nd Reading) 669

The Board will review and discuss proposed revisions to Board Policy 546 - Personal Technology and Communication Devices, which is governed under Students. The Board may provide direction to staff, request additional information, or take formal action to approve, modify, or deny the proposed revisions.

L. Board Policy 603 - Budget Preparation, Fund Balances, and Reserves (2nd Reading) 671

The Board will review previously presented BP 603, which governs finances. The Board may provide direction to staff, request additional information, or take formal action to approve, modify, or deny the proposed revisions.

4. Closed Session (For Discussion Only)

The Board will recess to closed session in order to discuss matters with its management representatives pursuant to NRS 288.220(4). No action will be taken during closed session.

5. Elementary Schools' School Performance Plan Presentations (*For Discussion Only*) **679**

The Principal of each school site will present their School Performance Plan to the Board.

- Veronica Griffith - GES
- Blaine Spires - GSES
- Heather Duncan - JVES
- Andrew Fromdahl - MES
- Jason Reid - PHES
- Sean Ryan - ZCES

6. Gifted and Talented (GT) Overview and Presentation (*Information Only*) Presenter: **694**

Judith Lombard Currier

This item provides the Board with an informational overview of the district's Gifted and Talented Program. The presentation will highlight key program components, instructional goals, and the specific services provided to eligible students.

7. Academic Achievement Data (*For Discussion Only*) Presenter: Ashley Mitchell, Assistant **700**

Director of AGPM

The Board is presented with the 2025-26 achievement data.

8. Sanctioning of Boys Lacrosse at designated DCSD school (*For Discussion and Possible* **916**

Action) Presenter: Terri Willoughby, CFO, and Frankie Alvarado, Superintendent

This agenda item brings forward the proposal to officially sanction Boys Lacrosse at designated high schools within the Douglas County School District (DCSD). Following the Nevada Interscholastic Activities Association (NIAA) decision to recognize lacrosse as a spring varsity sport starting in the 2026-2027 school year, the Board will review the operational and financial requirements for local implementation. Discussion will center on necessary resource allocation, including facility access, uniform funding, coaching stipends, and transportation needs for the programs. Finally, the Board may take action to approve, modify, or delay the transition of these programs from club status into fully school-sponsored athletics.

9. Sanctioning of Girls Lacrosse at designated DCSD school (*For Discussion and Possible* **921**

Action) Presenter: Terri Willoughby, CFO, and Frankie Alvarado, Superintendent

This agenda item brings forward the proposal to officially sanction Girls Lacrosse at designated high schools within the Douglas County School District (DCSD). Following the Nevada Interscholastic Activities Association (NIAA) decision to recognize lacrosse as a spring varsity sport starting in the 2026-2027 school year, the Board will review the operational and financial requirements for local implementation. Discussion will center on necessary resource allocation, including facility access, uniform funding, coaching stipends, and transportation needs for the programs. Finally, the Board may take action to approve, modify, or delay the transition of these programs from club status into fully school-sponsored athletics.

10. Monthly Financial Close and Reporting (*For Discussion Only*) Presenter: Terri **926**

Willoughby, CFO

The Board is presented with a continued commitment to sound fiscal stewardship and transparent financial reporting. The Business Services Department is implementing a structured monthly close process that will establish consistent procedures for recording financial transactions, reconciling accounts, reviewing financial activity, and producing management reports.

11. Preliminary FY 2026-27 General Fund Forecast and Potential Budget Adjustments (*For* **953**

Discussion and Possible Action) Presenter: Terri Willoughby, CFO

Presentation and discussion of revised FY 2026-27 General Fund revenue and expenditure projections, estimated savings, and the projected fund balance deficit. The Board will consider direction to staff on additional corrective actions and potential budget amendments or augmentation, subject to available resources and statutory requirements.

- 12. Introduction of the First Quarter Cash Report (*For Discussion and Possible Action*)** **960**
Presenter: Terri Willoughby, CFO
Presentation and possible action to receive and accept the District's First Quarter Cash Report for July-September 2026, including cash balances by fund, liquidity concerns, and reconciliation status.
- 13. NEW Board Policy #622 - Position Authorization and Budget Control (*1st Reading*)** **976**
(*For Discussion Only*) Presenter: Terri Willoughby
The Board is presented with a new policy and related administrative regulations managed under finances for review and possible modification.
- 14. NEW Board Policy #623 - Health Fund Reserves Funding and Recovery (*1st Reading*)** **985**
(*For Discussion Only*) Presenter: Terri Willoughby
The Board is presented with a new policy and related administrative regulations managed under finances for review and possible modification.
- 15. NEW Board Policy #624 - Cash Management and Interfund Financing (*1st Reading*)** **992**
(*For Discussion Only*) Presenter: Terri Willoughby, CFO
The Board is presented with a new policy and related administrative regulations managed under finances for review and possible modification.
- 16. DCSD Self-Insured Health Insurance Plan - Proposed Benefit Revisions for Plan Year 2027 (*For Discussion Only*)** **1002**
Presenter: Jeannie Dwyer, Executive Director of Human Resources
Member(s) of the DCSD Health Advisory Committee will present proposed revisions to the district's Self-Insured Health Insurance Plan to the Board. The Board will discuss the proposed benefit changes for the 2027 plan year.
- 17. Acceptance of Leave of Absence from Erinn Miller (*For Discussion and Possible Action*)** **1008**
Presenter: Frankie Alvarado, Superintendent
Review and possible action to formally accept the requested leave of absence from Trustee Erinn Miller. Approval of this item will officially acknowledge the request for the Board's administrative record.
- 18. Temporary Board Officer Assignment of Legislative Repersentative Officer to Replace Erinn Miller (*For Discussion and Possible Action*)** Presenter: Frankie Alvarado, Superintendent
This item requests board approval to appoint a temporary Legislative Representative Officer to replace Erinn Miller. The appointed board member will fulfill these duties in an interim capacity to ensure uninterrupted legislative advocacy and representation. This temporary officer assignment will remain in effect until the standard Board Reorganization occurs in January 2027.
- 19. Temporary Board Committee Assignment(s) to Replace Erinn Miller (*For Discussion and Possible Action*)** **1009**
Presenter: Frankie Alvarado, Superintendent
This item requests board approval to appoint a temporary replacement for Erinn Miller's current committee assignments. The appointed board member will serve in this interim capacity to ensure full representation and uninterrupted committee operations. This temporary assignment will remain in effect only until the standard Board Reorganization occurs in January 2027.
- 20. Student Representative Report (*For Discussion Only*)**
Our Student Board Representative will give a report to the Board of Trustees.
- 21. Board Reports (*For Discussion Only*)**
Brief updates from the Board regarding District committees to which they are assigned.
- 22. Future Board Agenda Items (*For Discussion Only*)** **1010**
Future Agenda Items will provide trustees an opportunity to identify topics for upcoming board meetings that support strategic planning, policy review, and district improvement efforts. This item allows board members to request reports, propose new initiatives, or flag emerging issues that may require discussion or action. Suggested items will be prioritized by the Board Officers and Superintendent based on urgency, alignment with district goals, and available resources. No action will be taken during this meeting, as this item is intended solely for planning and direction-setting.

23. Superintendent Report (*For Discussion Only*)

Superintendent, Frankie Alvarado, will report to the Board regarding activities of the past month and upcoming District events that may be of interest to them.

24. Informational Items (*For Discussion Only*)

ALL MATTERS LISTED UNDER INFORMATIONAL ITEMS ARE CONSIDERED ROUTINE NON-ACTION ITEMS.

A. School Events

1011

Information provided by schools on their site events for October 15–November 19, 2026.

B. Summary of Donations

Donations received by school sites over the last month. The District wishes to acknowledge and thank the generosity of all donors on behalf of the students we serve;

- Eric Wilson donated a 2005 Ford F-150 valued at \$4,500 to the DHS Automotive Program
- Ryan Wagoner donated \$815 to various DHS Athletic Programs
- Douglas County Rodeo donated \$1,000 to GES
- Nutrition Angel Account Donations:
 - Janet Elizabeth Rivett-Carnac \$300 to JVES
 - Whitney Robinson-Fine \$185 to JVES
 - Anonymous \$2,400 split between schools

C. Monthly Update of Enrollment Counts

1012

Monthly update on enrollment numbers for each school site is provided to the Board.

D. DCSD Employee Health Benefits Open Enrollment

Open enrollment is November 2–30, 2026 and is required for anyone enrolled in the DCSD insurance benefit plan.

25. Adjournment

(*) Times are estimated. Items on the Agenda may be taken out of order. The Board of Trustees may combine two or more agenda items for consideration, and may remove an item from the agenda or delay discussion relating to an item on the agenda at any time. Generally speaking, the item will be heard no earlier than the time indicated.

If copies of the complete agenda (and supporting materials) are desired in advance, they may be obtained at the District Office on the Monday preceding a regular meeting of the Board. Please contact the District Office at 775-782-5134 or Suptoffice@dcsc.k12.nv.us.

Notice to Individuals with Disabilities: Members of the public who require special assistance or accommodations are asked to notify the District Administration at 1638 Mono Avenue, Minden, Nevada, 89423, or by calling 782-5134, so that such notification is received at least twenty-four (24) hours prior to the meeting. In conformance with the Open Meeting Law, it is hereby noted that the agenda for the meeting of the Douglas County School Board of Trustees has been posted at the following locations:

Douglas County School District, Minden, NV

District website: www.dcsd.k12.nv.us

State of Nevada website: <https://notice.nv.gov>

DRAFT

Minutes

Present:

Trustees

Yvonne Wagstaff, President

Melinda Gneiting, Vice President

Erinn Miller, Legislative Representative (**ABSENT**)

David Brady, Member

Heather Jackson, Member

Susan Jansen, Member

Markus Zinke, Member

District Office Administrators:

Frankie Alvarado, Superintendent

Jeannie Dwyer, Executive Director of Human Resources

Terri Willoughby, Chief Financial Officer

Ashley Mitchell, Assistant Director of AGMP

Leslie Peters, Assistant Director of Ed Services

Others Present:

Keith Ketola, Legal Counsel

Meeting minutes are created and provided to the public in accordance with NRS 241.035. They are not a word-for-word transcript of the meeting. Audio and video of some meetings are maintained on the district website for public review.

**1. Call to Order
(For Possible Action)**

Trustee Wagstaff called the meeting to order at 4:00 p.m. and provided the expectations for behavior during the meeting. She turned the meeting over to legal counsel, Mr. Ketola.

Mr. Ketola directed the attention to a statement issued by the District this week regarding Trustee Erinn Miller. The statement provides that Trustee Miller is taking a leave of absence from her duties as a member of the Board effective immediately pending the resolution of personal legal matters. Additionally, because board members are elected officials, the Board does not have the legal authority to compel the removal of a sitting board member. That is all the information that the District is able to share at this time regarding that matter.

Mr. Alvarado brings the lacrosse sanctioning item to the Board's attention, there has been new information gathered by athletic director, Dan Senger. Initially the girls' interest was about five athletes, as of last Friday it was approximately seven athletes. Over the weekend, Mr. Senger received over 30 survey responses, he did an audit of those responses and we are now up to 15 athletes that are interested in girls' lacrosse, which is NIAA's minimum standard. He recommends to the Board that they postpone this item to the next meeting to allow Mr. Senger to meet with the female athletes and give them the opportunity to fundraise and bring in additional revenue. He reminds them that this is an item that is not budgeted and DCSD is on fiscal watch and cannot commit an expenditure that is not budgeted as we have been warned by CFO, Terri Willoughby, it could be a

misdemeanor offense.

MOTION: Trustee Jackson moves to remove the sanctioning of lacrosse, item #9, from today's agenda. Seconded by Trustee Jansen.

PUBLIC COMMENT: None

VOTE: 6-0

Trustee Jackson comments on her gratefulness to the community for donating to lacrosse.

MOTION: Trustee Gneiting motions to accept a flexible agenda. Seconded by Trustee Zinke.

PUBLIC COMMENT: None

VOTE: 6-0

DHS JROTC presented colors and led the Pledge of Allegiance.

2. Public Comment (For Discussion Only)

Item taken out of order

Comments will be accepted in person, or through virtual participation via email; suptoffice@dcsd.k12.nv.us no later than 12:30 p.m. the day of the meeting. Email for public comment must include the submitting party's full name. Email for public comment will be posted as a supplemental document and copies will be provided to the board members. The names of those who have provided virtual public comment will be read during public comment and the emails will be included in the record, but the virtual public comment will not be read during the meeting.

PUBLIC COMMENT: Marty Swisher, Gardnerville resident, concerned of allegations against Trustee Miller as he supported her candidacy. In that process he spoke to many parents, staff, and community members that reported her as a loving and dedicated parent, a committed and involved volunteer, and there was never any possibility of criminal activity. That aside he is very concerned for our school district, he has emailed Mrs. Miller and asked her to resign as Douglas County can't afford to lack representation for the Lake and all constituents. The reputation of Douglas County in recent years and this particular event is hurting our students, staff, parents, and community. He is making a public call for Mrs. Miller to resign her position. The legal process she will go through is going to take far too much time for her to be able to dedicate time to this Board and school district.

Stephanie Christiansen, thanks the District for listening to her complaint about chromebook settings and is very impressed with the solution of Q-Studio, it is a wonderful program and now the chromebook is an education tool. She gives a shout-out to Scarselli administration and staff, they are doing a phenomenal job. A special shout out to the facilities crew, they pulled off a miracle with the move. She shares a statement from her senior daughter on lacrosse.

ONLINE: Melissa Rousse, resident in the Lake area and President of the ZCES Parent Club, respectfully but very clearly asks Trustee Erinn Miller to resign from the DC School Board immediately. A leave of absence does not help the Lake community, there is a significant lack of trust, and the Lake community deserves a representative that can be present to represent their community and schools.

Eric Obermeyer, Silver City, Assembly candidate that would like 3 minutes to speak about himself. Trustee Wagstaff states if it has to do with Douglas County he can. He is shocked and saddened by the situation the District is in. With Mr. Swisher coming to the Board, he feels there will be change. The Legislature does not appropriate enough money for the schools to do what they require of them. He will fight for this in the future if he is elected.

Brian Patrick speaks on JVES being a 3-star school and the loss of students. Do we know what age group the 200 less students left from? Are they elementary, middle, or high school students? It is appropriate to look at to be fair to the schools that are considered for consolidation.

3. Closed Session (*For Discussion Only*)

Item taken out of order

Closed Session 6:05pm to 6:10pm ~ Reconvened 6:15pm

Trustee Wagstaff states that closed session was in regard to legal matters.

4. Special Recognition (*For Discussion Only*)

Item taken out of order

Mrs. Dwyer asks Sue Estes to please come sit at the table one more time. She acknowledges Sue's 46+ years of service to DCSD and shares our gratitude. Mrs. Estes was recently honored as a distinguished classified supervisor. She is a great historian of our district and has impacted many people in her time here. Trustee Wagstaff thanks her for her hard work.

Mr. Alvarado shares his appreciation for her and her dedication. Mrs. Estes shares her joy in her work and how hard it will be to retire.

Leslie Peters presents Heather Duncan (JVES), Andrew Fromdahl and Molly Ravenscroft (MES), Amy Carter and Jen Worthington (PWLMS), and Blaine Spires (formerly CCMES) and their support of MTSS which is part of the strategic plan for student success and opportunity. These schools did exceptionally well with their Tier 1 interventions, particularly around behavior.

5. Consent Items (*For Possible Action*)

A. Minutes of the Regular Board Meeting of August 20, 2026.

B. Accounts Payable Special and Regular Run Vouchers

A complete list of payments contained in Accounts Payable Special Vouchers numbers 2715, 2716, 2717, 2718, 2719, 2720, 8856, and Regular Run Voucher numbers 2721, 2722, and 2723 are attached. Vouchers have been prepared in accordance to state law and copies of the Vouchers are available for review by the public at the Superintendent's office prior to the meeting.

C. Budget Voucher Adjustments

A complete list of budget adjustments made by the Director of Business Services during the recent course of business is provided for review and approval by the Board of Trustees as required by NRS 354.598005.

D. Required Submission - Department of Taxation

On May 19, 2026, the Nevada Department of Taxation placed Douglas County School District on "Fiscal Watch". Under Nevada law, Fiscal Watch is defined as the monitoring of a local government by the Department of Taxation after the Department determines certain financial risk conditions exist. After an agency is placed on Fiscal Watch, the

Department of Taxation and the Committee on Local Government Finance (CLGF) increase their oversight of the organization. At this time, the following items are required to be submitted by the District to the Department on an ongoing basis, along with proof of submission to this Board and their approval and acceptance of the items.

- Monthly Bank Reconciliations
- Monthly Treasurer's Report
- Cash Balances of All Funds
- Written status report on how fiscal practices or budgetary conditions have been corrected and/or improved.

E. Personnel Report No. 26-09

Listed on the Personnel Report No. 26-09 are personnel actions presented for consideration by the Board of Trustees. Salaries for individuals employed will be determined in accordance with salary regulations of the District.

F. Class Size Reduction (CSR) - Alternative Plan for 2027-28

Description:

To approve the Douglas County School District's application for the Class Size Reduction Program for the 2027-28 fiscal year. Per NRS 388.720 The Class Size Reduction Program aims to reduce the number of students in classrooms to provide a more effective learning environment. The program has been proven to improve student performance and increase teacher retention. The board is requested to review and approve the district's application for the Class Size Reduction Program, which outlines the proposed use of funds and strategies for reducing class sizes.

Nevada Revised Statutes (NRS) 388.720 pertains to the development of a plan by school districts in Nevada to reduce pupil-teacher ratios. The key points include:

- School districts, in consultation with recognized associations representing licensed educational personnel, must develop a plan to reduce pupil-teacher ratios in kindergarten and grades 1, 2, and 3 within the limits of available financial support.
- In counties with a population of less than 100,000, school districts may develop alternative pupil-teacher ratios per class for specified grade levels in elementary schools, with some conditions and limitations.
- The State Board of Education is responsible for reviewing and approving plans submitted by school districts.

G. Board Policy 546 - Personal Technology and Communication Devices (2nd Reading)

Description: The Board will consider a 2nd reading of Board Policy No. 546 to align district policies with the statewide mandates of Nevada Senate Bill 444.

H. Board Policy 552 - Intra-District Open Enrollment and Transportation Assistance

Description: The Board will consider a 1st reading revision to Board Policy No. 552 to align district policies with recommendations by the Nevada Department of Education (NDE).

Trustee Gneiting would like to pull item 5.G, Board Policy 546.

PUBLIC COMMENT: None

Trustee Jackson asks about 5.F. wording 2026-27 throughout the documents, but the agenda item states 2027-28. Mrs. Dwyer states that was an error.

MOTION: Trustee Brady makes a motion to approve the consent items, absent 5G. Seconded by Trustee Jansen.

VOTE: 6-0

Trustee Gneiting asks if item 5.G. had any changes since the last discussion. Mr. Alvarado stated Ms. Bidart has mentioned some issues with BoardBook, she is not here tonight to speak on it. Any changes will include new information in blue and removed information in red strikethroughs and will be brought back to the Board next month.

6. DCSO SRO Report (For Discussion Only)

Deputies Brent Koontz and Kevin Karosich presented an overview of the SRO incident report data for the 2025-26 school year district wide and clarify what they do on campus for our schools during each day. They are fully fledged police officers that fall under the administrative division of the Sheriff's office that is headed by Captain Rick Koontz and Supervisor Bruce Jacobson, who are very engaged and excited to work with the SROs. They are excited to welcome Deputy Kevin Lewis on board and he is just as excited to be part of this group. They will be providing additional assistance for traffic issues through school areas during the morning and afternoon commutes.

Trustee Zinke questioned what cases don't have a report. Trustee Wagstaff stated that information was already given. Deputy Koontz reiterated the information, these would be school issues that are not law enforcement issues.

Trustee Brady asks about the role of canine use in the school program. Deputy Koontz states there are no school canines at this time and the biggest concerning trend is marijuana dab pens. The new detectors are helping catch the use of these devices and hopes this will be a deterrent and lower the use at schools.

At the end of the presentation Mr. Alvarado introduces Taskar Zane, the new Student Representative. Since 7th grade he has dedicated countless hours to coaching and officiating youth basketball and flag football games throughout the community. He is actively involved in school culture serving as an ASB Commissioner, Vice President of Block D Letterman's club, a Skills USA social media manager, and a member of the National Honor Society. He has athletic dedication which he demonstrated perseverance and strong work ethic on the basketball court, now the varsity captain. Principal Rech praises Taskar for his maturity, integrity, and composure, he was named the DHS student of the year for the 2025-26 junior class.

7. Monthly Financial Close and Reporting (*For Discussion Only*)

Terri Willoughby speaks on the fund balance through August being updated and the deficit is greater than anticipated, expenditures are on target, fuel costs have increased, and property/casualty insurance will impact the end fund balance. She will be bringing some adjustments in October.

Mr. Alvarado provided additional updates on immediate cost containment measures: pulling back 10% of every discretionary budget across the district and we are looking at the workers comp fund. We currently put 0.9% into the fund and will cut that back by half because the fund is healthy at this time. This will give Terri time to do a thorough review of every discretionary budget and find additional savings and continue to provide monthly reports. Terri adds that she is looking into every fund not just the discretionary portion, it will be very thorough and look at things people didn't know to look at. It will help move forward into a new budget year and a new budget process.

Trustee Jackson asks for explanation on what review timing, coding, and fiscal impact is. Terri explains that some items are paid at the beginning of the year for the entire year or paid for a certain period, it is not a month-by-month expenditure, it's paid in a lump sum at one time. So, if you are seeing 90% of a budget has been used by August, but they paid for the whole budget upfront that's not a problem. If they're at 90% of their budget and they keep spending that budget, it is a problem. This is what Terri is determining and will address it as needed.

Trustee Wagstaff questions when expenses are paid, the beginning of the year (one time) or over time?

Trustee Brady asks Terri to speak on the timing of the revenue receipts. In particular, there is one month of revenue from the state, but two months of expenditures on the report. Terri explains that in the last fiscal year, the first month of PCFP funding was received in July, so there was two months and now we only have one month. We are on track, we will still get the entire year, and she has added the enrollment on the key performance indicators that will continue to be updated every month. She is forecasting PCFP receipts to have accurate revenue pictures, which she will show any changes in the revenue throughout the year.

Trustee Jackson asks for clarification on the process for PCFP forecasting every month. Every month Terri will look at the enrollment and PCFP receipt so that we see the actual amount that should be received in funding. The forecast model should work to forecast what will be received for the whole year. She spoke to the State to make sure she understands their model and it matches up with hers. If she forecasts and the revenue reduces expenditures will be adjusted as well.

8. Finance Committee Applicant Pool and Selection of Finalists (*For Discussion and Possible Action*)

Terri Willoughby states that (4) applicants and (1) board member will need to be selected for the committee.

Trustee Gneiting disclosed that (2) applicants contributed to her campaign, but legal has informed her that it is not necessary to abstain.

Trustee Brady nominations: Diane Yopps, Linda Fields, Kevin Jansen, Heather Field

Trustee Jackson nominations: Kathleen DeSocio, Gavin Clark, Ross Chichester, Diane Yopps

Trustee Zinke nominations: Yopps, Fields – with an (s), Clark, DeSocio

Trustee Gneiting nominations: Kathleen DeSocio, Kevin Jansen, Gavin Clark, Linda Fields

Trustee Jansen nominations: Jon Crawford, Jason Reid, Diane Yopps (correction Mr. Reid abstained as he is an employee) Linda Fields, Kevin Jansen

Trustee Wagstaff nominations: Ross Chichester, Diane Yopps, Linda Fields, Gavin Clark

Tally: 1. Diane Yopps, 2. Linda Fields, 3. Gavin Clark, 4. tied between Kevin Jansen and Kathleen DeSocio

Trustee Zinke asks if they can keep all five to which Terri states would be on odd number for a committee. He then asks about selecting one more and making it seven. With that it would be Yopps, Fields, Clark, Jansen

Final Tally: Heather Field, Diane Yopps, Linda Fields, Gavin Clark, Kevin Jansen, Kathleen DeSocio, and Ross Chichester

PUBLIC COMMENT on trustee nomination: None

MOTION: Trustee Zinke nominates Trustee Jackson for this committee. Seconded by Trustee Wagstaff.

PUBLIC COMMENT on suggested committee: Gavin Clark came to make his presence known and to put a face to the name.

There was confusion with Field and Fields last names during the tally. Trustee Zinke clarifies that he did state Field (no S) which changes the nomination numbers for a tie between Ross Chichester and Heather Field. The Board tie breaker selection:

Trustee Jansen - Heather Field

Trustee Gneiting – Heather Field

Trustee Zinke – Heather Field

Trustee Jackson – Ross Chichester

Trustee Brady – Heather Field

Trustee Wagstaff – Ross Chichester

Revised final tally: Diane Yopps, Gavin Clark, Linda Fields, Kevin Jansen, Kathleen DeSocio, and Heather Field

MOTION: Trustee Jackson motions to approve those listed to be on the finance committee. Seconded by Trustee Jansen.

VOTE: 6-0

9. Sanctioning of Lacrosse at designated DCSD schools *(For Discussion and Possible Action)*
This item was removed from the agenda at the start of the meeting. It will come back in October.

9.A. Scarselli Elementary School Playground Replacement Project *(For Discussion and Possible Action)*

Terri Willoughby gives an overview of the playground equipment at Scarselli Elementary and funding will be coming from the sale of the “dog park”. After contacting several vendors we are piggybacking on a bid with this

vendor to get a better price.

Trustee Jackson questions why this is needed and why did you choose the equipment you did. Mr. Spires speaks on the dated equipment at Scarselli. They are looking at one piece of equipment for the Kinder, 1st, and 2nd grade playground. He has been working with the grounds personnel about getting that area of the playground taken care of so that it does not flood anymore.

Trustee Zinke comments on the number of kids using the equipment and clarifies that this expenditure does not come from the general fund it comes from a bucket of money from a sale and this is absolutely needed. Mrs. Willoughby also clarifies that there are very strict allowable uses for this money and this improvement at a site is one of them.

Trustee Wagstaff asks if the funds from the “dog park” sale are restricted.

Trustee Jansen comments about the safety of the equipment and the kids will have fun on it.

Trustee Jackson thanks the finance department for figuring out how to move salary into this CIP category as well to cover the cost of work to install this equipment.

PUBLIC COMMENT: None

MOTION: Trustee Brady moves to approve the Scarselli Elementary School replacement project as presented, including the cooperative purchase from Big T Recreation under Sourcewell Cooperative purchasing agreement #101625, for \$173,568: authorization for staff to finalize and execute the related contract and purchasing documents, an increase of \$420,000 in capital fund revenues from the sale of “dog park” property; creation of the Scarselli Elementary playground equipment project in the capital fund, and a project appropriation of \$188,568, including \$15,000 for district staff time attributable to the capital project. Seconded by Trustee Gneiting.

VOTE: 6-0

10. Summer School and ESY Reports (*For Discussion Only*)

Leslie Peters presents the DCSD summer school and ESY data.

Trustee Jackson asks how many students are invited to summer school or ESY compared to how many actually register. Mrs. Peters didn't have specific numbers, but will email the numbers to the Board. Trustee Jackson asks how summer sessions are funded and are they required by law? Mrs. Peters explains that students use the online program Edmentum, which is paid for with DCSD software budget out of capital funds and she is not sure it is required by law. Terri Willoughby adds that the staff cost from the general fund is approximately \$58,000.

Trustee Gneiting asks if attendees pay. Mrs. Peters replied that she wasn't certain on the cost, but will find out and email the Board about the cost and whether it is required.

Trustee Zinke asked how it compared to years past. Mrs. Peters stated she will run a comparison and email the information. Trustee Zinke questioned if there is a policy or administrative regulation to allow students to take a portion of summer school to gain credit. Mrs. Peters explains that if a student finishes a course in a week, then they are done, they do not to attend the remainder of time.

Trustee Jackson inquires if transportation is provided. Mrs. Peters replies, yes.

Leslie Peters presents on ESY on behalf of Amy Kidman-Delaney.

Trustee Jackson has the same questions as summer school. Mrs. Peters will ask Mrs. Kidman-Delaney and email the Board.

11. Financial Literacy (*For Information Only*)

Mrs. Peters brings back in formation to the Board in regard to a future agenda item requested by Trustee Zinke. She explains that SB249 sets the requirements. She reviewed the standards by grade: 3rd, 4th, 5th, 6th-8th, and 9th-12th and how the standards are addressed.

Trustee Zinke thanked her for the information.

12. Suspension of BP 803 and Calendar Development Workgroup (*For Discussion and Possible Action*)

Ashley Mitchell presents a summary of the first Calendar Workgroup meeting and a recommendation to suspend BP 803 while the workgroup develops DCSD's 2027-28 district calendar. She shares results from two surveys given November 2025 and December 2025 that had two major items: the majority want to keep both breaks and end semester at Christmas break. DRAFT has these two items included and adding 5 reduction days back in. DRAFT 3 ends semester at Christmas break with semester being unbalanced (allowable) and days taken away from October break.

Trustee Zinke agrees that suspending BP 803 is a good idea. He suggests removing 11/22 and 11/23 as days off, start the year 2 days earlier, and add days off to October break. Then in the spring end 3 days later and add 3 days to February break.

Trustee Gneiting asks how many classes at high school are semester classes (health, econ)

Trustee Jackson agrees to suspend Board policy.

PUBLIC COMMENT: ONLINE Terilyn Marino would like the Board to consider Lake schools lack of representation with these decisions.

Brian Patrick asks if semesters are "lopsided" due to the split at Christmas.

ONLINE Melissa Rouse comments that Lake schools are connected to South Lake Tahoe area and the February and October breaks are important to families, please preserve them and consider an early August start.

Trustee Jackson states that she has received several emails from Lake constituents and reminds people that they can reach out to any Board member as they represent all schools, kids, and families.

Student Representative, Taskar Zane agrees that October break is important.

Trustee Wagstaff asks Taskar if he knew how students feel about ending semester at break vs after? He commented that it could be better to start earlier in August, ending semester at break.

Trustee Gneiting agrees to suspend policy and gives information on the calendar workgroup ideas.

MOTION: Trustee Zinke motions to suspend Board Policy 803. Seconded by Trustee Jackson.

VOTE: 6-0

13. Board Policy 603 Update (*1st Reading*) (*For Discussion Only*)

Item taken out of order

Terri Willoughby presents an overview of updated BP 603 which states guidelines for future and best practices, which will guide fiscal recovery. Not to use reserves to fund operating costs and include a contingency within the budget each year.

Trustee Brady asks if it is part of the budget process itself. She replies, yes.

14. Board Reports

Trustee Jansen – has been out of town and has nothing to share

Trustee Gneiting – HAC Committee (proposals presented in Sept and Oct to make up 8%)

Trustee Zinke – went to sporting events, coached girls golf

Trustee Jackson – visited SES, NASB training in Lovelock, went to football games, and tutors at DHS

Trustee Brady – attended the Chamber board meeting and the CLGF meeting

Trustee Wagstaff – has been out of town and has nothing to share

Taskar Zane, Student Representative – reports sporting events and Homecoming week is 9/28 -10/2

15. Future Board Agenda Items

Trustee Gneiting – asks to redo leadership team for the 3rd officer position – Legislative Representative and any committee Trustee Miller is assigned to.

Trustee Jackson would like reports from schools and asks Mr. Alvarado to have the focus around school performance plans (SPP).

Trustee Zinke asks about athletic finances, activity accounts, where the money comes from, where it goes, how it's spent, how it's accumulated, how decisions are made

Trustee Brady asks that Trustee Zinke's request wait until the audit is done.

16. Superintendent Report

- Student achievement data has been released and will be presented in October, it shows steady growth
- Visited ZCES Boys and Girls Club (12-14 students), the lease is paid in full
- Met with Amy Southerland in regard to the NASS iNVEST resolution
- DETR Grant received: \$70k reimbursable for 2 years
- NASB webinar for Trustees regarding NEFP, DCSD is a level 2 district
- Monthly NASS meeting – led to Principal meeting
- Governance training in Pershing County – 1, 2, 3 meeting cycle; recommend governance meetings in small groups on a 2-week cycle
- CLGF meeting regarding recovery plan
- Attended variance meeting with Trustee Brady
- Addressed written public comment provided to CLGF
- Mr. Spires attended Cabinet in regard to consolidation
- Mr. Reid attended Cabinet on 9/16 in regard to consolidation
- Visited EDU101 course with Mr. Rechs
- Attended Tahoe Chamber meeting

17. Informational Items

- Summary of Donations
- School Events
- Monthly Update of Enrollment Counts – changes on report: August – 4 categories: full enrollment, pre-k SPED, part-time enrollment (no funding), and other (no funding).

18. Adjournment

Meeting adjourned at 6:49 p.m.

Approved:

Submitted by,

Melinda Gneiting
Board Vice President

Renee Bidart
Executive Secretary

Upon approval by the Board of Trustees in a public meeting, these minutes become the official minutes of the meeting held on the above date. Board minutes are kept on a permanent basis and are available for public review in the office of the Superintendent.

Thank you for sharing your thoughts and concerns about our calendar.

On Wed, Sep 16, 2026, 9:26AM[com](#)> wrote:
Good morning Trustees,

I am a parent of two students at Whittell High School and I am strongly opposed to the proposed draft of the 2027-2028 school calendar.

Not only would suspending board policy 803 be necessary in order for this school calendar to get approved, but this proposed calendar goes against was the majority of the staff and families voted for. Majority voted to keep both the fall and February break in place.

I also feel that starting school earlier in August is a safety issue. The school is located directly across the street from one of the busiest beaches in the basin. Especially now that all the highway parking has been eliminated for Zephyr Cove Resort, parking at our school is needed more than ever. It's unsafe to have beach goers parking in our school parking lots while school is in session.

The other concern is that there is no air conditioning at Whittell. Being in class mid-August with intense sun on those buildings makes for a very uncomfortable classroom situation.

I would prefer to have another survey sent out to staff and parents about the calendar and suggest starting LATER in August, preferably after Labor Day. The crowds will have passed by then, temperatures are cooler and us locals can enjoy the two best summer months in Tahoe. It's a unique situation living in Tahoe and late spring/summer isn't always warm and enjoyable temperatures. August is a wonderful month to enjoy up here. Let's focus on more of August being included in summer break. I'd be open to the idea of removing ONE of the breaks to accommodate this, but only one of them.

Thank
you!

Kindly,

Sheila Reichle

Public Comment for the Record – September Board Meeting

External

Inbox

A S [REDACTED] .com>

Wed, Sep 16, 5:32 PM (4 days ago)

to me, Yvonne, Melinda, dbrady, hjackson, Markus
Good morning Renee,

I was hoping to get this could be attached as to the minutes of the September 17th Board meeting as public comment. I CC's the Trustees so they would have a copy before the meeting.

Thank you very much!

Have a great week,

-Adrienne Sawyer

Good afternoon Trustees,

I am unable to attend Thursday's meeting as I will be taking my oldest to college in Oregon, but I respectfully request that the following be included as public comment for the record.

****Consent Item 5.G – Policy 546****

The posted version appears unchanged from August and does not include the two Board-directed edits (middle school phone use on buses; removal of video-consent language). Clarification on why these edits were not incorporated—and how the decision was made—would be appreciated.

****Item 7 – PCFP Payments, Cash Flow, and Transfers****

Not receiving a July 2026 PCFP payment raises cash-flow concerns, particularly given CLGF guidance on restricted funds. Last year's missing August payment was resolved by two payments in June; is the same pattern expected?

The variance report acknowledges the spike in school-site expenditures. Additional details on what "review timing and coding" means—and how it produced such a large increase—would be helpful.

On enrollment: Should PCFP enrollment be included, since it drives revenue? The new enrollment report breaks out enrollment subsections but does not include the number used for monthly PCFP funding. If declines are occurring in non-PCFP-funded subsections, that would be helpful to know.

****Item 8 – Finance Committee Applicants****

I am very pleased to see such strong and engaged applicants. The agenda description does not clearly state what action the Board may take (selecting finalists, appointing members, adopting criteria), which is required under NRS 241.020. The only documented process appears on the optional rubric; if it is intended to guide selection, the agenda should state that.

It is also unclear how Trustees can objectively score the rubric categories—Governance and Advisory Experience, Communication Skills, and Collaboration/Districtwide Perspective—based solely on the staff summary. Several listed criteria (advisory-role understanding, plain-language communication, constructive engagement, willingness to ask difficult questions, ability to work across differing viewpoints, districtwide focus) are not addressed in the summaries. Because Trustees did not receive the full applications, what evidence is expected to support scoring? Nothing in the agenda mentions interviews, so reading applicants' own words would add an important personal element to the process.

The applications should be provided to the Board and the public to ensure consistent and fair evaluation.

****Item 9A – Capital Project Staff Time****

Will the \$15,000 in staff time be reflected as a General Fund savings?

****Item 18 – Enrollment Report****

The new table is helpful. Clarification on PKSE, PKEC, and NR!PK would be appreciated. Including PCFP enrollment—either here or in the monthly financial report—would significantly improve the public's understanding of enrollment throughout the district and how revenue fluctuates with enrollment.

Thank you for all that you do for the students of DCSD. Respectfully,
Adrienne Sawyer

To: Board Members, Cabinet

From: Susan Estes, Director of Business Services

Re: FY26-27 Budget Adjustment Vouchers

The majority of budget adjustment submittals are due to grant budgets that are adjusted outside of the normal budget submittals to the board due to changes in grant funding (e.g., by state or federal agencies), request by responsible grantee to move budget categories, etc. Additionally, many of the grant submittals do not run on the same budget cycle as the district, and funding allocations are revised as approved by grantor.

All budget journal entries are completed by the Director of Business Services upon the approval of the Administrator that is responsible for that budget. This aligns with our purchasing policy adopted by the Board of Trustees.

Budget journal entries #29-37 are included for FY26-27.

Douglas County School District Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Terri Willoughby, Chief Financial Officer
Susan Estes, Director of Business Services

Re: Required Submission-Department of Taxation

Requested Action: Accept the attached documents and approve submission to the Department of Taxation.

Background Information: On May 19, 2026, the Nevada Department of Taxation placed Douglas County School District on “Fiscal Watch”. Under Nevada law, Fiscal Watch is defined as the monitoring of a local government by the Department of Taxation after the Department determines certain financial risk conditions exist. After an agency is placed on Fiscal Watch, the Department of Taxation and the Committee on Local Government Finance (CLGF) increase their oversight of the organization. At this time, the following items are required to be submitted by the District to the Department on an ongoing basis, along with proof of submission to this Board and their approval and acceptance of the items.

- Monthly Bank Reconciliations
- Monthly Treasurer’s Report
- Cash Balances of All Funds
- Written status report on how fiscal practices or budgetary conditions have been corrected and/or improved.

These items are attached to this report for the Board’s review and consideration.

Budget Considerations and Impact: None.

Recommendation: Accept this report and the attached documents.

Key issues for Board Discussion: Discussion of the effects of Fiscal Watch and the recovery process. The proposed response to Fiscal Watch would be for the District to:

- Acknowledge the findings
- Develop a written corrective action plan
- Establish monthly financial reporting
- Strengthen internal controls
- Complete all audits and filings on time
- Provide regular updates to the Board and State officials
- Demonstrate measurable progress within 6-12 months

Attachment(s):

1. Bank Statements and Reconciliations: September 2026
2. Cashbooks: 25-26
3. Cashbook 26-27
4. GL Cash Reports: September 2026
5. Fiscal Practices and Budgetary Conditions Corrective Action Plan Report

*Our mission is to ensure that all students achieve excellence in education, character and citizenship,
in partnership with parents and community.*

Fiscal Practices and Budgetary Conditions Corrective Action Plan Report: September 2026

Executive Summary

This report updates the District's corrective actions in response to Fiscal Watch by the Nevada Department of Taxation. It covers September 2026 progress and subsequent updates known through October 6, 2026, for the October 15 Board meeting. Work focuses on establishing a reliable financial baseline, strengthening controls, improving forecasts, and providing transparent reporting. Draft policies and procedures are identified separately from implemented actions; projected savings remain subject to verification.

Budget Development and Monitoring

Implement monthly budget-to-actual reviews, department accountability, multi-year forecasting, and expenditure trend analysis.

Update: Monthly budget-to-actual reviews and enrollment, revenue, and expenditure forecasts continue. General Fund and Special Education Fund analyses compare FY 2025–26 expenditures with FY 2026–27 budgets by location, function, and object to identify savings, potential shortfalls, and unbudgeted spending. Administrators have been asked to review personnel budgets and grant-funded coding. Early revenue reductions and a deficit elimination plan have been developed; expenditure review continues. Meetings with school site administrators and department heads have large been complete. Fiscal Year 2026-27 projections are primarily complete.

Financial Reporting and Transparency

Establish monthly closing procedures, reporting calendars, standardized Board reports, and improved budget reporting.

Update: PCFP monitoring and monthly revenue reconciliation procedures have been developed, and reconciliation work has begun. Monthly General Fund reports include prior-year comparisons, enrollment trends, variance explanations, and updated projections. The September report incorporates revenue reductions for amounts not expected to be realized and a \$100,000 increase in transfers out to align with the Special Education Fund budget. An audit issues tracker has been drafted. Next steps include completing outstanding reconciliations, documenting reviewer sign-off, and establishing consistent closing and reporting deadlines.

Procurement and Expenditure Controls

Modernize procurement practices, strengthen purchasing compliance, evaluate purchasing cards, and improve vendor management.

Update: The procurement assessment approved by the Board in June remains in progress; completion has not been confirmed. Current processes are being mapped, and contract approval authority remains under review. Simple maintenance contract forms and

procedures have been distributed. Contract approval checklists and supporting-documentation guidance have been developed. Allovue Budget Suite is scheduled for October 15 Board consideration to support budget development and monitoring. Next steps include completing the assessment and prioritizing changes to approvals, purchasing compliance, and vendor management.

Cash Flow and Fund Balance Management

Implement cash flow forecasting, reserve targets, and ongoing monitoring of cash position and fund balances.

Update: A General Fund cash flow model has been developed and updated with July and August actuals. Cash management and interfund loan policy/procedure drafts have been prepared; the Cash Management policy is on the October 15 Board agenda for consideration. Fund balance targets and a deficit elimination framework have been developed. Proposed interest revenue reductions reflect negative cash balances. Next steps include updating cash forecasts monthly, reconciling cash by fund, documenting any interfund support, and tracking recovery against fund balance targets.

Payroll and Staffing Cost Management

Improve position control, staffing analysis, vacancy monitoring, and personnel cost forecasting.

Update: Staffing and salary analyses have been prepared to identify budget pressures, vacancies, extra-duty costs, and positions created or filled outside the approved budget. A Position Control policy, administrative regulation, shared HR/Business Services manual, and introductory guide have been drafted. The policy is on the October 15 Board agenda for consideration. Guidance addresses transfers, FTE changes, job progression, and promotions. Payroll documentation for retroactive and one-time pay has been developed, and labor agreement provisions have been reviewed. Next steps include establishing authorized position records, reconciling them with HR and payroll, and documenting budget approval before staffing changes.

Internal Controls and Compliance

Update procedures, strengthen segregation of duties, improve documentation standards, and conduct compliance reviews.

Update: Work continues to strengthen segregation of duties and documented approvals. Draft tools include a bank reconciliation form with preparer/reviewer sign-off, a financial review approval stamp, and a wire transfer form with requester and approver signatures and GL coding. Health Fund payment and monthly reconciliation procedures have been drafted, including reconciliation of TPA enrollment to payroll and deductions to approved plan rates. Next steps include assigning responsibility, training staff, implementing

approved procedures, and retaining evidence that reconciliations and independent reviews occur consistently.

Key Performance Indicators

Track month-end close timelines, budget variances, procurement compliance, reporting timeliness, fund balance levels, and audit findings.

Update: KPIs are included in monthly financial reports. Next steps include establishing a consistent baseline and targets for close completion, reconciliation completion and review, significant budget variances, enrollment, projected operating results, cash position, fund balance recovery, and audit issue resolution. Each corrective action should identify its responsible owner, target date, and evidence of completion. Financial results and control implementation should both be tracked; preparation of a procedure alone does not demonstrate that it is operating effectively.

Risks and Challenges

Monitor enrollment trends, inflation, staffing challenges, funding uncertainty, and rising benefit costs.

Update: Enrollment decline, PCFP funding uncertainty, negative cash balances, staffing capacity, benefit costs, and self-funded health claims remain significant risks. Enrollment models and ongoing financial reviews support monitoring. The Health Fund Reserve policy has been drafted and is on the October 15 Board agenda for consideration; Health Fund liquidity and potential General Fund support remain under review. Temporary state funding relief should be evaluated separately from recurring revenues and savings in recovery forecasts. Next steps include updating revenue assumptions, monitoring utility and benefit costs, and assessing the sustainability of expenditure reductions.

Conclusion

Continue implementation of corrective actions, with priority on completed reconciliations, verified forecasts, position control, cash management, and documented independent review. Following October 15 Board consideration, implement adopted policies and report progress, unresolved risks, responsible owners, and target dates monthly. Policy drafts, proposed savings, and projected surpluses do not establish that the accumulated deficit has been eliminated or that Fiscal Watch requirements have been satisfied.

- # of deposits/credits: 32
- # of withdrawals/debits: 249
- # of days in cycle: 30
- Average ledger balance: \$2,218,781.25

IMPORTANT INFORMATION: BANK DEPOSIT ACCOUNTS

How to Contact Us - You may call us at the telephone number listed on the front of this statement.

Updating your contact information - We encourage you to keep your contact information up-to-date. This includes address, email and phone number. If your information has changed, the easiest way to update it is by visiting the Help & Support tab of Online Banking.

Deposit agreement - When you opened your account, you received a deposit agreement and fee schedule and agreed that your account would be governed by the terms of these documents, as we may amend them from time to time. These documents are part of the contract for your deposit account and govern all transactions relating to your account, including all deposits and withdrawals. Copies of both the deposit agreement and fee schedule which contain the current version of the terms and conditions of your account relationship may be obtained at our financial centers.

Electronic transfers: In case of errors or questions about your electronic transfers - If you think your statement or receipt is wrong or you need more information about an electronic transfer (e.g., ATM transactions, direct deposits or withdrawals, point-of-sale transactions) on the statement or receipt, telephone or write us at the address and number listed on the front of this statement as soon as you can. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- Tell us your name and account number.
- Describe the error or transfer you are unsure about, and explain as clearly as you can why you believe there is an error or why you need more information.
- Tell us the dollar amount of the suspected error.

For consumer accounts used primarily for personal, family or household purposes, we will investigate your complaint and will correct any error promptly. If we take more than 10 business days (10 calendar days if you are a Massachusetts customer) (20 business days if you are a new customer, for electronic transfers occurring during the first 30 days after the first deposit is made to your account) to do this, we will provisionally credit your account for the amount you think is in error, so that you will have use of the money during the time it will take to complete our investigation.

For other accounts, we investigate, and if we find we have made an error, we credit your account at the conclusion of our investigation.

Reporting other problems - You must examine your statement carefully and promptly. You are in the best position to discover errors and unauthorized transactions on your account. If you fail to notify us in writing of suspected problems or an unauthorized transaction within the time period specified in the deposit agreement (which periods are no more than 60 days after we make the statement available to you and in some cases are 30 days or less), we are not liable to you and you agree to not make a claim against us, for the problems or unauthorized transactions.

Direct deposits - If you have arranged to have direct deposits made to your account at least once every 60 days from the same person or company, you may call us to find out if the deposit was made as scheduled. You may also review your activity online or visit a financial center for information.

Ending balance on September 30, 2026	\$80,572.47	

Annual Percentage Yield Earned this statement period: 1.56%.
Interest Paid Year To Date: \$767.55.

IMPORTANT INFORMATION: BANK DEPOSIT ACCOUNTS

How to Contact Us - You may call us at the telephone number listed on the front of this statement.

Updating your contact information - We encourage you to keep your contact information up-to-date. This includes address, email and phone number. If your information has changed, the easiest way to update it is by visiting the Help & Support tab of Online Banking.

Deposit agreement - When you opened your account, you received a deposit agreement and fee schedule and agreed that your account would be governed by the terms of these documents, as we may amend them from time to time. These documents are part of the contract for your deposit account and govern all transactions relating to your account, including all deposits and withdrawals. Copies of both the deposit agreement and fee schedule which contain the current version of the terms and conditions of your account relationship may be obtained at our financial centers.

Electronic transfers: In case of errors or questions about your electronic transfers - If you think your statement or receipt is wrong or you need more information about an electronic transfer (e.g., ATM transactions, direct deposits or withdrawals, point-of-sale transactions) on the statement or receipt, telephone or write us at the address and number listed on the front of this statement as soon as you can. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- Tell us your name and account number.
- Describe the error or transfer you are unsure about, and explain as clearly as you can why you believe there is an error or why you need more information.
- Tell us the dollar amount of the suspected error.

For consumer accounts used primarily for personal, family or household purposes, we will investigate your complaint and will correct any error promptly. If we take more than 10 business days (10 calendar days if you are a Massachusetts customer) (20 business days if you are a new customer, for electronic transfers occurring during the first 30 days after the first deposit is made to your account) to do this, we will provisionally credit your account for the amount you think is in error, so that you will have use of the money during the time it will take to complete our investigation.

For other accounts, we investigate, and if we find we have made an error, we credit your account at the conclusion of our investigation.

Reporting other problems - You must examine your statement carefully and promptly. You are in the best position to discover errors and unauthorized transactions on your account. If you fail to notify us in writing of suspected problems or an unauthorized transaction within the time period specified in the deposit agreement (which periods are no more than 60 days after we make the statement available to you and in some cases are 30 days or less), we are not liable to you and you agree to not make a claim against us, for the problems or unauthorized transactions.

Direct deposits - If you have arranged to have direct deposits made to your account at least once every 60 days from the same person or company, you may call us to find out if the deposit was made as scheduled. You may also review your activity online or visit a financial center for information.

IMPORTANT INFORMATION: BANK DEPOSIT ACCOUNTS

How to Contact Us - You may call us at the telephone number listed on the front of this statement.

Updating your contact information - We encourage you to keep your contact information up-to-date. This includes address, email and phone number. If your information has changed, the easiest way to update it is by visiting the Help & Support tab of Online Banking.

Deposit agreement - When you opened your account, you received a deposit agreement and fee schedule and agreed that your account would be governed by the terms of these documents, as we may amend them from time to time. These documents are part of the contract for your deposit account and govern all transactions relating to your account, including all deposits and withdrawals. Copies of both the deposit agreement and fee schedule which contain the current version of the terms and conditions of your account relationship may be obtained at our financial centers.

Electronic transfers: In case of errors or questions about your electronic transfers - If you think your statement or receipt is wrong or you need more information about an electronic transfer (e.g., ATM transactions, direct deposits or withdrawals, point-of-sale transactions) on the statement or receipt, telephone or write us at the address and number listed on the front of this statement as soon as you can. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- Tell us your name and account number.
- Describe the error or transfer you are unsure about, and explain as clearly as you can why you believe there is an error or why you need more information.
- Tell us the dollar amount of the suspected error.

For consumer accounts used primarily for personal, family or household purposes, we will investigate your complaint and will correct any error promptly. If we take more than 10 business days (10 calendar days if you are a Massachusetts customer) (20 business days if you are a new customer, for electronic transfers occurring during the first 30 days after the first deposit is made to your account) to do this, we will provisionally credit your account for the amount you think is in error, so that you will have use of the money during the time it will take to complete our investigation.

For other accounts, we investigate, and if we find we have made an error, we credit your account at the conclusion of our investigation.

Reporting other problems - You must examine your statement carefully and promptly. You are in the best position to discover errors and unauthorized transactions on your account. If you fail to notify us in writing of suspected problems or an unauthorized transaction within the time period specified in the deposit agreement (which periods are no more than 60 days after we make the statement available to you and in some cases are 30 days or less), we are not liable to you and you agree to not make a claim against us, for the problems or unauthorized transactions.

Direct deposits - If you have arranged to have direct deposits made to your account at least once every 60 days from the same person or company, you may call us to find out if the deposit was made as scheduled. You may also review your activity online or visit a financial center for information.

Douglas County School District

District Level Progressive Discipline Plan

2026 - 2027

This progressive discipline plan was reviewed by school teams according to AB 285. It reflects the comments provided by “teachers, school administrators, school counselors, school social workers, school psychologists, behavior analysts, other educational personnel and support personnel, the parents and guardians of pupils, the pupils who are enrolled in the school, and, if applicable, organizational teams established pursuant to NRS 388G.700.” It includes recommendations and guidance from the Nevada Department of Education’s Office of Safe and Respectful Learning Environment. The plan was then modified by the district personnel to reflect the comments and recommendations from the school teams.

Restorative Questions I & II

Prior to implementing consequences and restorative supports all schools will develop and maintain a positive school climate and safe and respectful learning environment. This will be achieved through a focus on making connections with students, building relationships, and facilitating family and community engagement. In addition, all schools will have a Multi-Tiered Systems of Support team that will facilitate the development of individual behavior plans that include restorative strategies including but not limited to those mentioned in the interventions and best practices section of this document to change the inappropriate behaviors of the student.

Restorative Questions I¹

To respond to challenging behavior

- ★ What happened?
- ★ What were you thinking of or feeling at the time?
- ★ Who has been affected by what you have done?
- ★ In what way?
- ★ Why did this happen?
- ★ What do you think you need to do to make things right?

Restorative Questions II²

To help those harmed by another's actions.

- ★ What did you think when you realized what had happened?
- ★ What impact did this incident have on you and others?
- ★ How are you doing?
- ★ What has been the hardest thing for you?
- ★ What do you think needs to happen to make things right?

All restorative justice plans developed to support students should address the following:

1. Holding the pupil accountable for their behavior;
2. Restoration or Remedies related to their behavior;
3. Relief for the victim;
4. Intervention for changing their behavior

Three Tier Pyramid of Support

Tier One Supports (School-wide):

Tier One Supports are proactive and preventative in nature. Since Tier One (school-wide) supports are built into the structure of the school, all students may benefit from these academic and behavioral supports.

School-wide behavior supports include:

- explicit teaching of expected behaviors
- consistent acknowledgement and correction of student behavior
- data-based decision making
- active supervision
- safe and welcoming culture

Tier Two Supports (Targeted):

Tier Two supports (academic / behavioral) are short-term, scientifically-based interventions which are highly efficient and provide rapid response for students who are not making adequate progress with Tier One supports alone.

Targeted behavior supports include:

- targeted skill development
- function-based interventions
- increased support and feedback
- increased progress monitoring

Tier Three Supports (Individual):

Tier Three supports (academic / behavioral) are long-term, intensive interventions which focus on individual students.

Tier Three supports are appropriate for students identified, through the systematic review of data, as unable to make adequate progress with Tier One and Two supports alone. Tier Three supports may or may not include special education identification and placement.

Adapted from LCSD

Interventions and Best Practices

- **Clearly define/post** the behavioral expectations.
- **Implement procedures** for all class routines - entering the room, handing in assignments, sharpening the pencil, welcoming a guest, etc.
- **TEACH and ROLE-PLAY** the behavioral expectations, classroom procedures, use of materials, etc. Demonstrate what the expected behavior “looks like” (positive example) as well as what it “does not look like” (non-example).
- **Pre-correct.** Prior to directing students to perform a task, provide a description of what the expected behavior will look like. “Lunch will be in two minutes. At that time, everyone will put away all the materials, push in all the chairs and line up.”
- **Cue/Prompt/Remind.** Provide a pre-arranged / previously taught cue to remind specific students to engage in the appropriate behavior.
- **Acknowledge students** who appropriately demonstrate the expected behavior.
- **Specifically explain** HOW the behavior did not meet the stated / taught expectation. “It is disrespectful to other students when you _____.”
- **Provide a warning.** “Respect a school rule. All students are expected to talk respectfully to staff and students here at ABC School. This is your official warning.”
- **Check for student understanding of the behavioral expectations.** “Please summarize what we discussed so I ensure there is no confusion.”
- **Evaluate the student’s skill repertoire.** Determining if the student is capable of demonstrating the behavioral expectation. Evaluate behavior & academic domains.
- **Determine the FUNCTION** of the misbehavior. All behaviors serve a purpose (function). Determine what the student is gaining or avoiding by misbehaving?
- **Provide a structured choice.** Clearly offer a choice between two alternatives and state the consequence for each. “You can work quietly on your assignment now and leave with the class or work with me during lunch.”
- **Evaluate ENVIRONMENTAL factors** within the classroom which may be contributing to the misbehavior: Space, Time, Materials, Interactions.
- **Collaborate with colleagues** to identify behavior patterns and trends (class to class, year to year, etc.).
- **Use a variety of consequences:** Positive Reinforcement, Negative Reinforcement, Penalties and Punishments. Remember, punishment is the least effective consequence for students with antisocial behaviors.
- **Evaluate the effectiveness of consequences.** Ineffective consequences must be analyzed and modified. Seek assistance for “out of the box” ideas.
- **Involve a problem-solving team**
- **Peer Mediation/Restorative Circles**

*Tier 1, Tier 2, and Tier 3 Strategies from the Multi-Tiered System of Support, which include Social Emotional Academic Learning Strategies, Restorative Justice Strategies, Positive Behavioral Intervention Supports, etc., can be used individually or woven together to provide the level of support the pattern of behavior warrants.

CAMPUS Resolution Menu

If a student is issued a suspension of 3 or more days or has reached a cumulative 5 days or has been expelled the team is required to create a plan based on Restorative Justice.

In accordance with BP529 (e) and NRS 392.4612 to 392.472 Parents/guardians or students, if the student is of the age of 18, has 5 (five) days from the date of the issuance to appeal any suspension or expulsion.

When developing individual plans for students based on restorative practices, relief for the victim should be considered as part of the plan.

Level 1 Discipline Menu

- Warning - Restorative Conference (communication with family, supervised meeting with affected individual)
- Restorative Practice Strategies (Possible strategies: Repair harm, school beautification, volunteer, etc.)
- Lunch Detention (LD)
- Combo of LD/After School Detention (ASD) and mandated parent conference/plan of action based on restorative justice

Level 2 Discipline Menu

- Restorative Practice Strategies (Possible strategies: Repair harm, school beautification, volunteer, etc.) Teacher communicates concerns with guardian.
- Lunch Detention (LD)
- Combo of LD/After School Detention (ASD) and mandated parent conference/plan of action based on restorative justice
- In School Support (ISS)
- Out of School Suspension (OSS)

Level 3 Discipline Menu

- Restorative Practice Strategies (Possible strategies: Repair harm, school beautification, volunteer, etc.) Teacher communicates concerns with guardian.
- Lunch Detention (LD)
- Combo of LD/After School Detention (ASD) and mandated parent conference/plan of action based on restorative justice
- In School Support (ISS)
- Out of School Suspension (OSS)
- Expulsion (if offenses meet criteria established in NRS 392.466 and Board Policy 529(a))

Level 4 Discipline Menu

- Restorative Practice Strategies (Possible strategies: Repair harm, school beautification, volunteer, etc.) Teacher communicates concerns with guardian.
- Lunch Detention (LD)
- Combo of LD/After School Detention (ASD) and mandated parent conference/plan of action based on restorative justice
- In School Support (ISS)
- Out of School Suspension (OSS)
- Expulsion (Refer to NRS 392.466 and Board Policy 529(a))

Process for Appealing a Suspension or Expulsion

NRS 392.461 to 392.472

This regulation shall provide for the implementation of Board Policy 529, Suspensions and Expulsions. It incorporates amendments to NRS Chapter 392 enacted by the 2021 Legislature under Assembly Bill 194 which creates a requirement for the board of trustees of school districts to adopt a policy for appealing a suspension or expulsion.

Please refer to Appendix C: AR 529(e) [Suspension Expulsion Appeal Form](#)

Students that are suspended or expelled will be offered the opportunity to communicate with their teachers or school personnel to continue their coursework and receive educational services so as to prevent loss of academic credit during the period of suspension or expulsion (NRS 392.4673)

Student that are expelled or permanently expelled will be offered in person instruction in an alternative placement.

Temporary Alternative Placement

This is a plan for the temporary removal of a pupil from the classroom in accordance with NRS 392.4645:

When a student engages in behavior that seriously interferes with the ability of the teacher to teach the other students in the classroom and with the ability of the other students to learn, the student may be removed from the classroom pursuant to NRS 392.4645. School administration shall provide an explanation of the reason for the removal of the student to the student and offer the student an opportunity to respond. Within twenty-four (24) hours after the removal of a student, the principal's office shall notify the parent or legal guardian of the student.

The student will be assigned to In-School Suspension (ISS), which is separated, to the extent practicable, from students who are not assigned to a temporary alternative placement for up to three (3) days. The student will study under the supervision of appropriate personnel of the school and will be prohibited from engaging in any extracurricular activity sponsored by the school during the term of placement in the alternative learning environment.

Additional supports/services are provided to students with Individualized Educational Plans while in the temporary alternative placement. Students will also be provided their procedural safeguards in this disciplinary change of placement as put forth in the IDEA. These rights include manifestation and due process rights as placement in this setting will count as a suspension. Parents are informed within 24 hours of the temporary removal of the student and a conference is scheduled. During the conference, the principal/designee will notify the student and their parent/guardian that if the behavior continues upon return to the classroom that the Temporary Alternative Placement (TAP) listed below will be conducting a meeting to review the circumstances of the student's removal from the classroom and the student's behavior that caused the removal from the classroom. Based upon its review, the Committee shall make a recommendation to the principal on placement of the student that will benefit the student and the teacher.

Temporary Alternative Placement (TAP) Members: Administrator, 2 teachers, 1 alt teacher, 1 staff, 1 alt staff (teachers and staff members to be selected by peers and serve two-year terms).

Disclosures

Please note the following disclosures in regards to the DCSD Progressive Discipline Plan:

- The severity of some discipline infractions may dictate more serious consequences
- All consequences are administered at the discretion of the DCSD designated administrator
- Criminal offenses will be reported to the Douglas County Sheriff's Office (DCSO)
- The School and/or District is not responsible for lost or stolen items
- Bus/transportation -student may not be removed from bus on the same trip of infraction
- The School and District implement several proactive measures to support student success including Positive Behavior Intervention Supports (PBIS), Social Emotional Learning (SEL), and a Multi-Tiered System of Supports (MTSS)
- The School and District promote a learning approach regarding disciplinary infractions & exercise restorative justice opportunities, when applicable
- School's progressive discipline plan addresses all incidents as outlined in DCSD Board Policy 525 and 529
- Please note that this is a supplementary document to DCSD Board Policy 525
- For specific information about discipline infractions and applicable NRS, including that for alternative placement and transportation, refer to DCSD Board Policy 529, 529(a), 529(b), and 543
- All infractions and consequences require parent/guardian notification
- All consequences are administered at the discretion of the school administrator(s) and in accordance with DCSD Board Policy
- Should a student reach the end of the classroom discipline ladder and in the judgment of the teacher engaged in behavior that seriously interferes with teaching and learning, the student shall be sent to the Principal with a written referral indicating that the student has been removed from class pursuant to NRS 392.4645. Once this point is reached, all steps outlined in NRS 392.4645 dealing with temporary removal from the classroom will be specifically followed. Restorative practices AND instructional interventions must be used here and for all progressive discipline tiers (Temporary Alternative Placement)
- As outlined in NRS 392.4647, selected certified staff will review an alternative placement and plan with administration should a teacher request temporary removal of a student
- Once a suspension is assigned, the student is not allowed back on campus until the suspension is fulfilled. This includes all school related activities: dances, athletic events, etc.
- This plan utilizes behavior categories recognized by the state
 - ISS = In School Suspension / OSS = Out of School Suspension / APEP = Alternative Placement Education Program
 - Alternative Placement (AP) = ISS/APEP/OSS (administrator discretion)
- Early out may be revoked in addition to other consequences

Addressing/Protecting those who are recipients of infractions and to whom harm has been done

- Recipients will be treated with compassion and respect for their dignity
- Steps will be taken to minimize re-traumatization
- They are entitled to redress for the harm that they may have suffered
- They will have access to school counselors and other professionals as needed and available
- They will be given the opportunity to participate in restorative conferences

DOCUMENTATION

Accurate documentation of student behavior within Infinite Campus is mandatory. Documentation allows schools and the school district to track trends and behaviors to provide focused supports, interventions and training. Documentation of events and use of the associated data is required under federal regulations and civil rights laws.

DATA COLLECTION AND REPORTING

In accordance with NRS 392.4644(1)(h) Each school will collect, report and review data on the occurrences of the suspension, expulsion, or removal from school that disproportionately affect students who belong to a group listed in NRS 385A.250.2.

These reports will include data on: the implementation of the plan, number of student suspensions and expulsions, number of vacant positions, average class size for each grade in the school, training received by teachers and administrators regarding each plan, number of placement of pupils in another school, and the ratio of pupils to school counselors, school psychologists, and school social workers.

After each quarterly review of the above data school administration and staff will work with District administration to design and implement training for teachers , administrators and staff to address the occurrences of the suspension, expulsion, or removal of students from school that disproportionately affect students who belong to a group of pupils listed in NRS 385A.250.2.

DISCRETION FOR RESOLVING INCIDENT

This guidance provides administrators options for resolving incidences. The choice for discipline is based on the current situation, its perceived severity, and past similar or other disruptive behavior. Administrators are ultimately responsible for chosen disciplinary action and have discretion in the choices they make in accordance with Douglas County School District Board Policies and Administrative Regulations related to:

- Tobacco Free Schools – Board Policy [106](#)
- Use of Medications – Board Policy [508](#)
- Drug-Alcohol Abuse - Board Policy [523](#)
- Student Discipline - Board Policy [525](#)
- Suspension and Expulsion - Board Policy [529](#)
- Safe Schools Weapons-Fighting-Intimidation – Board Policy [529\(a\)](#)
- Safe and Drug Free Environment - Board Policy [529\(b\)](#)
- Gang Affiliation and Activity – Board Policy [540](#)
- Safe and Respectful Learning Environments – Bullying - Board Policy [543](#)

Appendix A: Examples of School Sites Written Rules of Behavior

Examples of school sites “Written Rules of Behavior.” NRS 392.463 These are examples as every school modifies them to meet the unique needs of the specific school site.

Douglas High School (DHS) Behavior Expectations

We all make decisions about our behavior on a daily basis. The choices we make have consequences. Because we have high expectations for DHS students, we support all healthy and positive choices you make about your behavior. Students demonstrating inappropriate behavior will be referred by staff to administration. These students will receive due process and a consequence determined through the school’s progressive discipline policies, district policies, and state laws. It is important that you know you are accountable for your behavior. Listed below are some basic rules to guide Douglas High School students. Violations of any of the following school rules will result in disciplinary action:

1. Students are expected to treat members of the school staff with respect.
2. Students must carry and provide proper identification to school personnel upon request.
3. Visitors are not allowed to attend classes without prior approval. No visitors will be allowed during the week of finals. Only staff, parents/guardians, and enrolled students attending scheduled classes are allowed on school grounds. A trespass warning will be issued to unauthorized individuals on a first offense; on a second offense individuals will be subject to arrest per NRS 207.200.
4. Students must obtain administrative approval for any meeting or assembly held on school property and any printed matter they wish to distribute or post on school property.
5. No student may leave a classroom without the permission of the teacher.
6. No student may leave the campus for any reason during the school day without obtaining a pass from the attendance office. Permission from a teacher to leave is not sufficient.
7. Leaving campus at lunch is a privilege granted to most juniors and seniors. Upperclassmen may have their privilege revoked based on grades or behavior.
8. Eighteen-year-old students must conform to the same requirements as all other students if they attend the regular day classes.
9. The school does not assume responsibility for lost, stolen, or confiscated items, which may include money, electronic equipment, PE clothes, or school-issued supplies.
10. Students representing the school in school-affiliated groups or clubs, co-curricular activities, and extracurricular activities must conform to the standards established by the coaches or sponsors of the activities, district policy and by the Nevada Interscholastic Activities Association, as applicable.
11. Items that can affect student and staff safety are prohibited. Prohibited items will be confiscated. This includes any inhalants that cause a mind altered state.
12. Unless a student has permission from a staff member, cell phones and all other electronic devices must be turned off and put away (not visible) during instructional time, including in hallways and in restrooms. This includes but is not limited to cell phones, iPods, earphones/earbuds, and gaming devices.
13. Skateboards, skate shoes, and roller blades may not be ridden on school property except as part of club activities.
14. Acceptable Use Policy (AUP): In order to use any school computer, students must have on file an AUP agreement signed by both the student and his/her parent or guardian.
15. Food and drink are not permitted in any of the school’s computer labs.
16. Lockers are school property and may be searched at any time. School officials may search students, their backpacks, purses, and vehicles if there is reasonable suspicion that the student has violated school rules or civil laws.
17. Douglas County School District prohibits behavior that is bullying, intimidating, harassing, hazing, threatening, or disruptive. It also prohibits behavior associated with gang activity or affiliation. This also includes texting and social media that affects students’ ability to function and be safe at school.
18. Students are expected to clean up any messes they create. We expect our campus to stay clean.
19. It is inappropriate for students to gather in a manner that obstructs the orderly movement of pupils and staff.
20. Couples should demonstrate proper respect for each other by avoiding excessive and/or offensive displays of affection on school property or at school-sponsored activities.
21. Students should not engage in any behavior that threatens the safety or welfare of themselves or others. 17 22. Douglas High School’s campus will be closed for all Freshmen, Sophomores, and any students determined to not be in good standing. Juniors and Seniors must have a parent/guardian signed consent form to be allowed to leave campus and remain in good standing.

Gardnerville Elementary School (GES) PBIX Expectation Matrix

	All Areas	Restrooms	MPR	Arrival/ Departure	Hall	Recess/ Playground
BE Safe	Body to self Eyes forward Don't open doors to strangers	Keep feet on floor Wash hands after use Keep water & soap in sink	Walk, use proper doors when entering/ leaving Sit on bottom facing table	Stay on sidewalks and crosswalks Walk scooters, bikes, etc. Avoid parking lots	Walk on right side of hall in line Calm body to self	Body to self Use equipment correctly
BE Respectful	Use kind words Quiet Feet Follow adult directions	Give people privacy Use posted voice level	Include others Use your manners Use quiet voice	Be courteous Obey adults on duty and bus drivers	Silent voice Quiet feet	Follow adult directions Use kind words Wait your turn
BE Responsible	Follow adult directions Take care of your belongings Be honest	Put paper towels in garbage can Return to room promptly	Get all utensils, milk, etc. when first going through the line Clear table and wait to be excused Pick up trash	Leave immediately after the bell rings Arrive and leave on time Go directly to where you belong	Don't open outside doors Keep hallways clear	Put equipment away Follow playground rules
STAFF Expectations	Have high expectations for ALL students Refrain from using anger or sarcasm Model positive behavior using the matrix and carry blue tickets at ALL times	Use a positive approach to discipline Have a routine for bathroom usage	Walk students to the lunch line at your assigned time. Circulate and help students as needed.	Arrive on time and pick your students up on time Make yourself present in hallways after school Arrive to duty location at 8:30 or 3:10	WALK class to recess and lunch the entire way STAY with class as you travel	Pick up class on time Reinforce positive expectations prior to recess/lunch Communicate with all adults about behaviors/concerns

Appendix C: Process for Appealing a Suspension or Expulsion

ADMINISTRATIVE REGULATION

No. 529 (e)

Board of Trustees

Douglas County School District

STUDENTS

Process for Appealing a Suspension or Expulsion

NRS 392.461 to 392.472

This regulation shall provide for the implementation of Board Policy 529, Suspensions and Expulsions. It incorporates amendments to NRS Chapter 392 enacted by the 2021 Legislature under Assembly Bill 194 which creates a requirement for the board of trustees of school districts to adopt a policy for appealing a suspension or expulsion. The following is the Douglas County School District process for appealing a suspension or expulsion:

Initial notification of right to appeal: Information on the right to appeal a suspension or expulsion and the current process for doing so must be provided to the parent or guardian of the pupil on the same day that the suspension or expulsion is issued.

Filing of the appeal: The student, or, if the pupil is under 18 years of age, the parent or legal guardian of the pupil, may file an appeal within five (5) days of the suspension or expulsion.

Hearing the appeal: The board of trustees of a school district, the governing body or a charter school or university school for profoundly gifted pupils or the designee of the board of trustees of governing body, as applicable, shall schedule a hearing on an appeal of suspension or expulsion of a pupil within five (5) days of the appeal being filed.

Level 1) Parent/guardian meeting with the administrator whom assigned the suspension/expulsion MUST occur prior to the formal filing of an "Disciplinary Appeal."

Level 2) Parent/guardian must complete DCSD Disciplinary Appeal Form and submit to the site principal within (5) five days of the date the suspension/expulsion was issued. The principal, immediate supervisor of the Principal, or designee will schedule a hearing on the appeal within (5) five days of the receipt of the appeal.

Results of the appeal: The determination upon the hearing of the appeal shall be final and no further appeal shall be granted. Furthermore, the length of the initial suspension or expulsion may not be increased as a result of the hearing of the appeal.

INTRODUCTION:

The 70th Session (1999) of the Nevada State Legislature passed Senate Bill 555, which, under Sections 16 and 17, authorized the establishment of four Regional Professional Development Programs (RPDPs) in the state. Since that 1999 session, the four programs have been reduced to three. Their collective charge is to support the state's teachers and administrators in implementing Nevada's Academic Content Standards (NVACS) through regionally determined professional development activities. Although the essential mission has remained unchanged, legislative mandates and the pedagogical needs of teachers continue to broaden the program's scope and responsibilities; the programs' expertise is called upon to assist with district and statewide educational committees and assist in statewide efforts to improve instruction through the Nevada Educator Performance Framework (NEPF).

The planning and implementation of professional development services in each region is overseen by a governing body consisting of superintendents in the respective regions, master teachers appointed by the superintendents, representatives of Nevada's higher education system, and the State Department of Education. A nine-member Statewide Coordinating Council, consisting of members appointed by the Governor or legislators, the Superintendent of Public Instruction, and one member from each of the RPDP governing boards oversees the three regional programs.

As outlined in Standards for Professional Learning (Learning Forward, 2011), there is a relationship between professional learning and student results:

1. When professional learning is standards-based, it has greater potential to change what educators know, are able to do, and believe.
2. When educators' knowledge, skills, and dispositions change, they have a broader repertoire of effective strategies to use to adapt their practices to meet performance expectations and student learning needs.
3. When educator practice improves, students have a greater likelihood of achieving results.
4. When student results improve, the cycle repeats for continuous improvement (p. 16).

Figure 1. below is a visual representation of the relationship between professional learning based on the Professional Learning Standards and improved student learning. (Desimone, 2009).

Figure 1. Conceptual Framework for Studying Effects of Professional Development on Teachers and Students

The updated Standards for Professional Learning from the national professional development organization, Learning Forward, were adopted by the Regional Professional Development Programs in 2011. In 2017, Nevada included two additional standards to address equity and cultural competency to become the Nevada Professional Development Standards. These nine standards are used synergistically in order to increase educator effectiveness thereby improving students learning. The standards provide a framework for planning and leading professional learning opportunities.

PART 1: 2025 – 2026 EVALUATION OF REGIONAL TRAINING PROGRAM

Part One: NRS 391A.190 1c

Evaluation of Regional Training Program

1.The priorities for training adopted by the governing body pursuant to NRS 391A.175 [391A.175 (a) Adopt a Training Model, taking into consideration other model programs, including, without limitation, the program used by the Geographic Alliance in Nevada.]

After conversations with our service requestor to establish the outcome(s) of the professional learning and alignment with the standards for professional development adopted by the State Board, a training model that is best matched to the work is chosen. Training models may include, without limitation, action research, critical friends/professional learning communities, personal learning networks, coaching, mentoring, instructional rounds, lesson study, and educational courses.

391A.175 (b) Assess the training needs of teachers and administrators who are employed by the school districts within the primary jurisdiction of the regional training program and adopt priorities of training for the program based upon the assessment of needs. The board of trustees of each school district may submit recommendations to the appropriate governing body for the types of training that should be offered by the regional training program.

391A.175 (c) In making the assessment required by paragraph (b) and as deemed necessary by the governing body, review the plans to improve the achievement of pupils prepared pursuant to NRS 385A.650 for individual schools within the primary jurisdiction of the regional training program.

The assessment of training needs of teachers and administrators is determined through a request for service model. This model takes into consideration the needs of our districts and includes a combination of planning tools and strategies, including but not limited to the following:

- Request for services from district personnel or principals based on School Performance Plans (SPP) and needs of teachers on staff;
- Collaborative meetings with superintendents and/or key district personnel to identify priorities and needs on an annual basis guided by District Performance Plans (DPP);
- Collaborative planning meetings with principals and leadership teams to determine goals and objectives for designing a professional development plan;
- Formal and informal needs assessments as needed with districts, departments, and/or schools;
- Input from the RPDP Governing Boards; and/or
- Collaborative work with the Nevada Department of Education on initiatives to design and implement support or roll-out plans for the NVACS as well as other state initiatives.

Table 1: 391A.190 1c (8)

An evaluation of the effectiveness of the regional training program, including, without limitation, the Nevada Early Literacy Intervention Program, in accordance with the method established pursuant to paragraph (a), and (10) An evaluation of the effectiveness of training on improving the quality of instruction and the achievement of pupils

NWRPDP EVALUATION QUESTIONS (5-point scale)	Average 25/26
1. The training matched my needs.	4.66
2. The training provided opportunities for interactions and reflections.	4.83
3. The presenter's/facilitator's experience and expertise enhanced the quality of the training.	4.81
4. The presenter/facilitator efficiently managed time and pacing of activities.	4.76
5. The presenter/facilitator modeled effective teaching strategies.	4.73
6: This training added to my knowledge of standards and/or my subject matter content.	4.65
7. This training will improve my teaching skills.	4.63
8. I will use the knowledge and skills from this training in my classroom or professional duties.	4.70
9. This training will help me meet the needs of diverse student populations.	4.67

FIVE YEAR PLAN

The three Regional Professional Development Programs (RPDPs) were established during the 70th Session (1999) of the Nevada State Legislature upon passage of Senate Bill 555, which, under Sections 16 and 17, authorized the establishment of four Regional Professional Development Programs (RPDPs) in the state. Since that 1999 session, the four programs have been reduced to three. Their collective charge is to support the state's teachers and administrators in implementing Nevada's Academic Content Standards (NVACS) through regionally determined professional learning activities. The planning and implementation of professional learning services in each region is overseen by a governing body consisting of superintendents in the respective regions, master teachers appointed by the superintendents, and representatives of Nevada's higher education system and the State Department of Education (Section 16.1–16.8). A Statewide Council for the Coordination of the Regional Training Programs provides oversight statewide and includes members from each regional governing body, the Superintendent of Public Instruction or their designee, and several legislatively appointed members. The RPDPs target three broad categories of professional learning: 1) Meeting district requests for services (e.g., NVACS, differentiation, student engagement), 2) Fulfilling legislated mandates (e.g., NVACS, NEPF, Parent Engagement), and 3) Supporting individual teachers (e.g., coaching, credit classes, modeling, instructional rounds).

Service Areas of Each Region

The **Northeastern Nevada Regional Professional Development Program (NRPDP)** serves approximately 1,200 teachers and administrators in schools across six counties in northeastern Nevada, an area of 51,385 square miles. Districts range in size from 300 students in Eureka County to over 9,000 students in Elko County; schools range in size from fewer than 10 students to over 1,600 students. The NRPDP serves Elko, Eureka, Humboldt, Pershing, Lander, and White Pine School Districts, as well as schools governed by the State Public Charter School Authority.

The **Northwest Regional Professional Development Program (NWRPDP)** serves over 4,900 teachers and administrators in schools across six counties in northwestern Nevada, an area of 14,489 square miles. Districts range in size from 445 in Storey County to over 61,000 in Washoe County; schools range in size from 203 students to over 2,200 students. The NWRPDP serves Carson City, Churchill, Douglas, Lyon, Storey, and Washoe County School Districts, as well as schools governed by the State Public Charter School Authority.

The **Southern Nevada Regional Professional Development Program (SNRPDP)** serves approximately 18,250 teachers and administrators in schools across five counties in southern Nevada, an area of 44,299 square miles. Districts range in size from 85 students in Esmeralda County to over 310,000 in Clark County; schools range in size from fewer than 10 students to over 3,500 students. The SNRPDP serves educators in Clark, Nye, Lincoln, Esmeralda, and Mineral County School Districts, as well as schools governed by the State Public Charter School Authority.

Figure 2. Map of counties serviced by each regional program.

Mission

The RPDPs provide high-quality professional learning opportunities to enhance student learning within the context of Nevada Professional Development Standards by recognizing and supporting research-based instruction and by facilitating instructional leadership.

Professional Learning Standards

Professional learning opportunities with RPDP align to the Standards for Professional Learning as outlined by the national association of professional learning, Learning Forward, as well as the Nevada's Professional Learning Standards recognized by Nevada Department of Education.

Statewide RPDP Goals

The mission and governance structure of the RPDPs guide the goals of the organization by providing a framework around which services are provided. The goals meet the broad organizations' directives while continuing to honor and respect the individual regional districts' initiatives, strategic plans, and identities.

- Provide professional learning opportunities for teachers to strengthen pedagogical content knowledge.
 - Develop and maintain positive relationships and trust with teachers
 - Create robust professional learning opportunities with specific outcomes
 - Communicate opportunities for professional learning to teachers
- Partner with administrators to improve instructional leadership and support teacher pedagogical content knowledge.
 - Develop positive relationships and trust with administrators
 - Create robust professional learning opportunities with specific outcomes
 - Participate in district level planning as appropriate
 - Communicate opportunities for professional learning to administrators
- Partner with stakeholders in Nevada
 - Collaborate with organizations and businesses wherein partnerships benefit educators in Nevada
 - Exchange resources and services within and across RPDPs statewide
 - Create and maintain programs with the Nevada System of Higher Education
 - Liaise with Nevada Department of Education
- Sustain and Continue Growth as a Learning Organization
 - Provide professional learning opportunities for RPDP professional learning leaders in order to maintain a high level of expertise
 - Undertake rigorous review of research to drive best practices and continuous improvement
- Provide leadership in national and statewide educational priorities
 - Develop and provide professional learning including, but not limited to, interactive and integrative technology, equity and diversity, and science of reading

Measurement

In order to demonstrate progress of the five-year plan, multiple measures will be applied. The NRS-mandated statewide RPDP evaluation form will be collected and reported in Part I of each RPDP's annual report. Additional means to demonstrate effectiveness of goals within this plan can be found in Part II of each RPDP's annual report. These measures may include educator and/or student assessments aligned to professional learning outcomes, surveys, alignment to the five-level evaluation of professional development framework (Guskey, 2002), impact reports of professional learning provided, and/or in-depth case studies of specific projects. The measurements in Part II are not mandatory, but provide stakeholders a more robust description of the return on investment.

Assessment of Training Needs

The assessment of training needs of teachers and administrators is determined through a request for service model. This model takes into consideration the needs of the districts and includes a combination of planning tools and strategies, including but not limited to the following:

- Request for services from district personnel based on School Performance Plans (SPP) and needs of teachers on staff;
- Collaborative meetings with superintendents and/or key district personnel to identify priorities and needs on an annual basis guided by District Performance Plans (DPP);
- Collaborative planning meetings with principals and leadership teams to determine goals and objectives for designing a professional learning plan;
- Formal and informal needs assessments as needed with districts, departments, and/or schools;
- Input from the RPDP Governing Boards; and/or
- Collaborative work with the Nevada Department of Education to design, implement, support, or roll-out plans for state initiatives.

Two-Year Focus and Budgets

Each RPDP provides professional learning opportunities to districts and schools within their respective regions and works collaboratively statewide to provide consistent and equitable opportunities for educators in Nevada. Training programs offered each year vary depending upon the needs and requests of the districts each RPDP serves; RPDPs do not solely determine those training programs without significant input from respective stakeholders. The RPDPs collectively provide learning opportunities across the state and current opportunities can be found online at rpdp.net, nwrpd.com, and nnrpd.com.

Total Biennial Budget FY25 & FY26 Collective RPDP Budget – \$15,134,786

- SNRPDP \$8,060,814.00
- NWRPDP \$4,542,684.00
- NNRPDP \$2,531,288.00

Figure 3. Pie chart showing percentages of the total RPDP budget allocated to each region

PART 2: INDIVIDUAL RPDP INFORMATION

Dear Educators,

The Northwest Nevada Regional Professional Development Program (NWRPDP) is incredibly proud to share the impact we have had with educators across our region and the state of Nevada over the 2025/2026 school year.

In today's rapidly evolving world, your role as an educator is more critical than ever and our organization exists entirely to support you in this vital endeavor.

Exceptional teaching is the foundation of a thriving community. At NWRPDP, our core purpose is to ensure that all educators have the tools, resources, and support they need to be their absolute best. We understand the unique challenges you face daily: navigating evolving curricula, meeting the diverse needs of your students, and constantly innovating under pressure.

With these realities in mind, our professional learning events this past year were intentionally designed to offer practical strategies, cutting-edge research, and collaborative spaces that ignite passion and enhance your craft.

We see ourselves as partners in your professional journey. We are committed to fostering a community where knowledge is shared, best practices are celebrated, and every educator feels supported, inspired, and valued. When you grow, your students flourish, and ultimately, our communities thrive. This ripple effect is what fuels our passion and defines our purpose.

Thank you for your unwavering commitment to education. We are deeply honored to be a part of your professional growth, and we look forward to continuing to serve you with integrity, innovation, and an steadfast belief in the power of every educator.

NWRPDP Staff

NWRPDP Sponsored Training Programs

The Northwest Regional Professional Development Program (NWRPDP) is a service organization providing professional learning opportunities to districts and schools within our region. Training programs offered each year vary depending upon the needs and requests of the districts we serve; the NWRPDP does not solely determine those training programs without significant input from our stakeholders.

In addition to serving the requests of our districts and schools, the NWRPDP has developed and provided training for teachers and administrators during the 2024-26 biennium. These professional learning opportunities have consisted of year long endorsement courses, year long school wide professional development, legislative mandates and our first ever AI conference.

Below is a sample of those trainings provided to Nevada educators this year.

Teacher Academy

YEAR-END REVIEW & IMPACT REPORT

**Douglas County
School District**
EMPOWER • PREPARE • INSPIRE • CONNECT

What is Teacher Academy?

Teacher Academy is a two-year professional learning group in Douglas County School District designed to support educators through coaching, collaboration, and ongoing professional growth. Participants engage in a cohort model, meeting throughout the year with fellow teachers supported by Professional Learning Facilitators to deepen their instructional practice and strengthen their impact on student learning. Teacher Academy focuses on key areas such as effective classroom instruction, classroom management, the Nevada Educator Performance Framework (NEPF), and collaboration. The graph below represents the participants in Teacher Academy 1 for the 25-26 school year.

What is your role?

18 responses

- elementary teacher-regular education or special education
- middle school teacher-regular education or special education
- high school teacher-regular education or special education
- other-counselors, librarians, speech paths, etc

Impact

Teacher Academy Focus Areas	Growth of Knowledge
DCSD Instructional Model	Beginning of Year: 55.6% End of Year: 94.4%
Nevada Educator Performance Framework (NEPF)	Beginning of Year: 55.5% End of Year: 88.9%
Thinking Maps	Beginning of Year: 28% End of Year: 83%
Levels of Engagement	Beginning of Year: 33% End of Year: 89%

Feedback

Representative Comments:

- "Thank you so much for all the information and fun! You are all amazing."
- "I absolutely loved this and the relationship that I was able to build and connect with. Thank you for all of the help and all of the insight and I am sure that I will still need and have questions for next year. Thank YOU!"
- "Thank you for making teacher academy fun."
- "The mentorship has been great."

Top Rated Components:

- Receiving coaching and feedback from Professional Learning Facilitators
- Peer observations and building relationships with peers
- August training days prior to the start of the school year
- Access to resources and support

Summary of Project:

The *We Can Do EPIC Things* podcast was created as an innovative approach to professional learning, designed to reimagine traditional in-service classes. When the first episode launched in August of 2023, the goal was to provide educators with a flexible and engaging way to learn about Douglas County School District, hear from educational leaders and innovators, while earning salary credit advancement through podcast participation. Season three brought listeners 30+ episodes filled with students, teachers, best selling educational authors, and practical classroom strategies to use with students kindergarten through 12th grade.

By offering professional learning in an on-demand format, the podcast allows educators to engage with content when it is most convenient, which is essential for teachers and their busy lives.

Results:

Over the past year, the podcast has experienced tremendous growth and educator engagement. The audience increased by 442% compared to the previous year and followers grew by 20%. This demonstrates a strong demand for accessible, on-demand professional learning. We have reached 8,616 downloads across 107 episodes spanning three seasons (with season 4 on the way in August). The podcast has provided a wealth of professional learning content for 100 teachers in our district and has become the number one podcast for 32 of our listeners!

We have had the opportunity to speak with many educational celebrities such as Catlin Tucker, Katie Martin, A.J. Juliani, but our biggest highlight of season 3 was Grace Dearborn. We spoke with Grace at the Learning and the Brain conference in New York City about her new book release, how to get students engaged, and practical strategies for classroom management. She shared a wealth of knowledge and the feedback we received from listeners about purchasing her new book was overwhelming!

Conclusion:

The success of *We Can Do EPIC Things* demonstrates that professional learning can be both meaningful and accessible when delivered through innovative formats. The substantial increase in audience engagement, continued growth in listeners, and positive feedback from educators indicate the podcast is successfully meeting its goal of providing flexible, relevant, and impactful learning experiences. We have just wrapped Season 3 and will continue with Season 4 at the start of the 26-27 school year in August. Our goals for season 4 is to expand our audience, continue providing educators with diverse educational perspectives, and hopefully more educational celebrities!

INNOVATIVE LEADERSHIP INSTITUTE

2025-2026

Program Objective

The goal of this course is to build collective efficacy and expand the leadership capacity of educators in Northwest Nevada. The course is designed for classroom teachers, TOSAs, and new deans.

Three-Phase Leadership Model

Module 1: You As a Leader

Focus on identity, core values, leadership styles.

Module 2: Leading Others

Focus on navigating team dynamics, psychological safety, and building trust.

Module 3: Policy & Advocacy

Focus on educational systems, problems of practice, and building and presenting policy solutions.

95%
Felt more confident
in their leadership
strengths and
capabilities!

The Transformative Shift

- **From Logistical to Root Cause:** Participants noted a shift in problem analysis from identifying surface-level issues to diagnosing deep “problems of practice.”
- **From Reluctant to Empowered:** Participants moved from being intimidated by leadership to feeling “excited and motivated” to drive change.
- **Value-Driven Leadership:** Participants moved from reactive decision-making to intentional actions grounded in a clear “why”.

Leading from Within: Expanding Educator Capacity with ILI

Project Overview

The Innovative Leadership Institute (ILI) is a rigorous, year-long professional learning program now in its third consecutive cohort year. ILI emphasizes collaborative discourse, peer learning, and the direct application of concepts to participants' own school sites — bridging theory and practice in every session in order to expand educator leadership capacity and build collective efficacy.

Project Design

The 2025-2026 ILI cohort design was structured around three interconnected leadership modules, each culminating in a capstone project that required participants to apply learning directly to their school context:

In the first module, *You as a Leader*, participants explored models of effective leadership, identified core values, learned how credibility is built (and lost), and engaged in reflective practice. The module was focused on leading with vulnerability and empathy, anchored by an Ignite-style presentation in which participants articulate their leadership identity and purpose.

The second module, *Leading Others*, equipped participants to navigate complex interpersonal and organizational dynamics, including dealing with resistance, holding difficult conversations, coaching and mentoring colleagues, building psychologically safe collaborative environments, and recognizing and challenging systemic inequities. The capstone for this module was a School Improvement Plan (SIP) case study that required participants to identify and analyze a real problem of practice at their site.

Participants developed the skills to communicate and implement a vision with authentic stakeholders in the third and final module, *Policy and Advocacy*. The culminating panel presentation required participants to present a compelling policy proposal to a live audience of educational leaders and community partners, including members of the Washoe County School District Board of Trustees.

Results and Impact

Twenty-two participants completed an end-of-program survey rating their growth across twelve outcome indicators on a 4-point scale. Results reflect strong and consistent impact across all areas of leadership development. Average scores across all twelve indicators ranged from 3.73 to 3.91 out of 4.0.

Table 1. Participant Outcome Ratings (% Strongly Agree, n=22)

% Strongly Agree	Outcome Indicator
91%	Gained clarity on core leadership values and guiding "Why"
95%	More confident identifying leadership strengths and growth areas

% Strongly Agree	Outcome Indicator
95%	Better prepared to analyze problems of practice beneath school-wide goals
82%	Better equipped to observe and analyze team dynamics and psychological safety
95%	Developed strategic thinking skills to move SIP goals forward
86%	More comfortable going against the grain to initiate positive change
95%	Overall, ILI significantly expanded capacity to lead and support school change

Participant reflections further illustrate the depth of impact:

"I was not confident talking about struggles I have as an educator. I have been able to implement an attendance communication program at my school. This class gave me the confidence to speak to my principal and talk about real issues in my classroom."

"Even though I have my doctorate in Education, I learned a lot more about myself as a leader and what good leadership looks like in practice."

"At the start of this course I would describe my approach as prepared to be a coach. Now, after taking this course I have decided to get my credential in Educational Leadership through WGU — something I did not have the confidence to do before."

"I have been a Department Leader for ten years. This class taught me valuable lessons that would have dramatically increased my efficacy had I known it a decade ago."

Participants also described concrete leadership actions taken at their school sites as a direct result of the program, including:

- Developing and presenting a data-informed proposal to address chronic absenteeism in an EL program
- Leading teacher professional development at staff meetings using course frameworks
- Guiding school administration through a master schedule review process by designing an all-staff survey
- Coaching an assistant principal on credibility and communication strategies to secure school-wide buy-in
- Implementing collaborative walk-through observation protocols that shifted evaluative conversations to instructional coaching dialogues

Conclusion and Path Forward

The 2025–2026 cohort marked the third consecutive year of the Innovative Leadership Institute, and survey results affirmed the program’s sustained impact on educator leadership capacity across Washoe County. Participants consistently reported not only increased confidence and

skill, but meaningful, site-level action. Providing evidence that ILI produces leaders who are ready to drive change now, not just in future formal roles.

The program's design, which is grounded in authentic application, peer collaboration, and progressive capstone projects, continues to distinguish ILI as a high-quality, relevant leadership pipeline for educators at all career stages. Participant testimonials from this cohort reflected transformational shifts in leadership identity, professional confidence, and commitment to equity and advocacy within their schools.

Given the demonstrated outcomes and continued demand from educators across the region, NWRPDP intends to proceed with a fourth cohort in the 2026–2027 school year.

TEACHER CLARITY MEETS REVEAL MATH

Jesse Hall Elementary School
WCSD

PROJECT OBJECTIVES

- *Bridge Theory & Practice:* Pair the 9 modules of Teacher Clarity directly with the Reveal Math concepts.
- *Establish Instructional Consistency:* Empower teachers to consistently develop and share learning intentions and success criteria so students clearly understand their learning goals.
- *Deepen Standards Alignment:* Help teachers gain a more profound understanding of math standards by identifying necessary concepts and skills.
- *Foster Data-Driven Growth:* Use collaborative planning and learning walks to observe these practices and refine connections between clarity and math instruction.

THE MODEL

- Seven Hour-Long Deep-Dive Sessions: Focused on pairing the guiding principles of Fisher and Frey's Teacher Clarity Playbook directly with the specific components of the Reveal Math curriculum.
- Two 2-hour Planning Intensives: Provided dedicated time for content exploration and collaborative planning empowering teachers to build their Teacher Clarity-driven Reveal lessons.
- Two Learning Walk Rounds: Facilitators visited classrooms to gather real time data on the professional learning in action.

RESULTS

- Teachers reported having a clearer understanding of how Teacher Clarity supports effective implementation of Reveal Math.
- Teachers now consistently share learning intentions and success criteria during math lessons.
- Teachers identified positive impacts on student learning as a result of their clear communication.
- 100% of teachers agreed that the PL helped them grow in their ability to connect TC practices with their math instruction.

Teacher Clarity Meets Reveal Math

Project Overview

The 2025-2026 school year initiative focused on the intentional integration of Teacher Clarity frameworks with the Reveal Math curriculum at a K-5 elementary school in Washoe County School District. Recognizing that high-quality materials are most effective when paired with clear instructional intentions, the project aimed to empower educators to dismantle complex standards into manageable, transparent learning pathways for students. By fostering a culture of "knowing where we are going," the school sought to improve student agency and mathematical proficiency across all grade levels.

Why this Project

Teacher Clarity is the practice of explicitly communicating learning intentions, success criteria, and expectations to students. The research behind this approach is compelling: John Hattie (2023) identified teacher clarity as having an effect size of 0.84, making it one of the highest-impact instructional strategies available. When students understand both the "what" and the "why" of their learning, they engage more deeply and retain information better. To leverage this impact alongside the new Reveal Math curriculum, the Site-Level Curriculum Team chose to implement Teacher Clarity. This year-long project also honored the schoolwide Math Path Agreements established during the previous school year. Through collaborative professional development, teachers co-designed learning intentions and success criteria, ensuring explicit math instruction was consistent schoolwide.

Results & Impact

The implementation of the Teacher Clarity Project at Jesse Hall Elementary resulted in a measurable shift in both instructional precision and student performance. Post-implementation survey data revealed a 100% consensus among participating educators that the clear definition of learning intentions and success criteria directly improved student learning outcomes. Teachers reported this framework allowed them to be more "intentional with planning and teaching," moving away from broad activities toward targeted, goal-oriented instruction. This clarity extended to the students as well; qualitative feedback highlighted that learners now have a "better understanding of what they are learning and why," leading to increased engagement and mastery. Furthermore, the project's integration with the Reveal Math curriculum has been described as a "game-changer," with 94% of staff expressing high confidence in their ability to lead and sustain these practices, ensuring long-term impact on the school's pedagogical culture.

Conclusion

This 2025-2026 project has demonstrated that when Teacher Clarity is treated as the "engine" and Reveal Math as the "vehicle," student outcomes accelerate. The project successfully shifted the classroom dynamic from passive receiving to active, goal-oriented learning. Moving forward, the school remains committed to refining these practices, ensuring that every student has a clear map to mathematical success.

FINAL RECOMMENDATION

COMMITTEE FORMALLY RECOMMENDS
DISTRICT-WIDE ADOPTION
FOR THE 2026-2027 SCHOOL YEAR

NEXT STEPS

ROLLOUT
PLAN

FULL
IMPLEMENTATION

Summary of Project

Our committee was tasked with creating a statewide framework for middle school career exploration in partnership with the Carson, Elko, Lyon, and Clark school districts. Previously, existing middle school standards restricted alignment with high school Career and Technical Education (CTE) pathways to just six specific areas: Agriculture, Business and Marketing, Education/Family Consumer Sciences, Health Science and Public Safety, Media Technologies, and Skilled and Technical Sciences. This constraint excluded many other valuable CTE programs, significantly limiting students' opportunities to explore diverse careers and develop relevant early skills. To eliminate these barriers, we designed a dynamic framework that enhances flexibility and opens the door to a much wider variety of CTE pathways. Importantly, this new framework is applicable across all academic content areas, rather than being confined to specific subjects.

The framework is intentionally designed to help middle school students build their occupational identity and confidently choose and complete high school programs. It provides actionable guidance on engaging with Career and Technical Student Organizations (CTSOs), exploring post-secondary education and training options, understanding industry-recognized certifications, and accessing work-based learning opportunities. Designed to introduce these high school pathways, the repeatable course teaches essential concepts and skills for career readiness across various fields through four foundational pillars: Understanding Careers and the Nature of Work, Safety and Best Practices, Employability Skills, and 4PBL (Phenomenon, Place, Project, Problem).

Impact/Next Steps

Between August 2025 and May 2026, our committee successfully tested this framework in a comprehensive pilot program. The pilot yielded excellent engagement, directly impacting 3,212 students across 14 participating schools. The initiative was championed by 26 dedicated educators, each of whom completed 10 hours of targeted professional learning to effectively deliver the new curriculum. The curriculum emphasizes critical thinking, collaboration, and real-world applications, allowing students to deepen their knowledge and expand their skills annually with age-appropriate experiences and increasing responsibility. To accommodate varying district scheduling needs, the course duration is highly flexible, ranging from 9 weeks to 3 years.

Following this highly successful testing phase, the committee formally recommends district-wide and statewide adoption, with full implementation slated for the 2026–2027 school year. To ensure a smooth and successful transition, statewide professional development will take place during the 2026–2027 school year and be offered to educators across all counties to support rollout. Additionally, the Northwest Regional Professional Development Program (NWRPDP), which provided vital assistance to teachers during the pilot, will continue to provide comprehensive support and resources throughout the statewide launch.

Building Thinking Classrooms

Summary

- **The Problem:** 80% of math students engage in "non-thinking" (mimicking/stalling).
- **The Goal:** Use 14 research-based practices to foster deep cognitive engagement.
- **The Shift:** Move from teacher-led lectures to student-centered problem-solving.

Introduction

- **Objective:** Disrupt passive learning norms through monthly professional development.
- **Key Drivers for Change:** Thinking tasks, Vertical Non-Permanent Surfaces (VNPS), and random grouping showed the strongest impact on student thinking.

43 Teachers

43 teachers and administrators from kindergarten through fifth grade participated in the six session training. Teachers were guided through the practices of the book as if they were students then reflected as teachers on the process.

2 Schools

Two schools requested the Building Thinking Classrooms in Mathematics practices to be brought to their staff as part of their professional learning for the year.

10 Hours

Schools used early release days to complete the sessions. Sessions were held once per month at each school site to allow for teachers to integrate practices into their instruction.

Result

Successes: High engagement with random grouping and vertical spaces; increased teacher confidence in implementing thinking tasks.

Growth Area: Teachers need further support in navigating student questioning and managing "keep-thinking" prompts.

Strongly Agree

Agree

Disagree

Strongly Disagree

I can develop or identify thinking tasks

I feel confident using random grouping

I feel confident using vertical spaces

I can distinguish between proximity and thinking questions

I can facilitate consolidation

Building Thinking Classrooms in Mathematics

Project Overview

The Building Thinking Classrooms (BTC) project was a targeted professional development initiative designed to disrupt passive learning norms in mathematics. Implementation focused on transitioning from traditional teacher-led lectures, where an estimated 80% of students engage in "non-thinking" behaviors like mimicking or stalling, to student-centered problem-solving. By utilizing 14 research-based practices from Peter Liljedahl's framework, the project sought to foster deep cognitive engagement and among students across kindergarten to fifth grades.

Project Design and Analysis

The project was structured as a comprehensive six-session training program involving 43 teachers and administrators from K-5 grade levels across two elementary schools. To ensure a practical understanding of the pedagogy, participants were guided through the BTC practices first as students before reflecting on the implementation from a teaching perspective. The sessions were held once per month on early release days, providing a deliberate cadence that allowed educators to integrate specific practices into their instruction between meetings. Post training data were collected anonymously to determine strengths and areas for growth across the 14 practices, which were identified as the primary drivers for shifting classroom culture and increasing student cognitive stamina.

Results

Data indicate significant increases in teacher confidence and student participation. The most substantial successes were seen in the use of visibly random grouping, where 83.3% of teachers reported high confidence, and vertical spaces, which saw 62.5% strong confidence. While 46.2% of teachers felt capable of identifying or developing effective thinking tasks, the results also highlighted specific areas for continued professional growth. Specifically, while teachers showed progress in distinguishing between proximity and thinking questions, there remains a documented need for further support in navigating complex student questioning and effectively managing "keep-thinking" prompts to maintain student momentum without giving away answers.

Conclusion

The Building Thinking Classrooms initiative successfully established a foundation for active mathematical thinking across the participating schools. By delivering 10 hours of professional learning across the identified schools, the project moved the needle from passive observation to active problem-solving. While the initial "Toolkit" practices have been largely mastered, the conclusion of this study suggests that future efforts should focus on the refinement of consolidation techniques and the nuances of student interaction to ensure the "thinking" culture remains a permanent fixture of the mathematics classroom.

CROSSINGS

Summary

This book club investigated the immediate, high-impact visible disruptions that roads introduce to ecosystems, by exploring the hidden, systemic, and long-term consequences that roads have on natural environments.

Objective

- Identify and analyze Nevada-centric landscapes, priorities, and tradeoffs of engineering roadways
- Determine pathways from awareness to action in engineering design features

Washoe Lyon
Carson Clark

11 teachers participated in the book club

Sessions were held virtually with whole and small group discussions

Participants

- Participants reported developing a broader, fuller view of ecology in relation to roads
- Participants appreciated the Nevada focus, finding how these ideas are currently being addressed in their own back yards

Results

Use of Nevada specific phenomena and scenarios to tie into instructional sequences

Communication and awareness through various strategies - bumper sticker

Identification of GIS aligned to road ecology in Nevada. Used to identify animal crossings, herds, and migration corridors across the state.

Crossings Science Book Club

Course Overview

The professional development course, Crossings: How Road Ecology is Shaping the Future of Our Planet, was a virtual book club tailored for K-12 educators through the Northwest Regional Professional Development Program (NWRPDP). Moving past the traditional view of roadways as static infrastructure, the course guided participants to analyze roads as dominant, high-impact forces causing severe structural and ecological disruptions. The program empowered teachers to identify Nevada-centric ecological priorities, evaluate modern roadway engineering tradeoffs, and establish actionable instructional pathways to elevate student environmental awareness.

Project Design and Analysis

The initiative featured synchronous virtual seminars paired with interactive, small-group breakout sessions and collaborative whole-group discussions. To anchor the analysis in localized, place-based ecology, the course specifically investigated the distinct territorial and infrastructure challenges within Nevada. A central analytical component involved utilizing Geographic Information Systems (GIS) mapping data aligned with regional road networks. Educators applied these tools to identify critical animal crossings, resident herds, and seasonal migration corridors intersecting major state transit routes. By evaluating these specialized mapping frameworks alongside regional engineering demands, participating educators successfully deconstructed the complex tradeoffs required to balance human transportation needs with crucial habitat preservation.

Results

A cohort of 11 professional educators successfully completed the virtual book club. Post-coursework feedback indicated that participants developed a significantly broader understanding of how human infrastructure interfaces with ecology. Teachers highly valued the deliberate focus on Nevada's geography, noting it allowed them to see complex ecological concepts playing out directly in their own communities. In terms of classroom application, the educators successfully formulated targeted strategies to integrate Nevada-centric environmental phenomena into their upcoming instructional units.

Conclusion

The Crossings book club successfully demonstrated the profound impact that place-based professional development can have on environmental literacy and curriculum design. By re-evaluating the footprint of human transit systems through the lens of road ecology, the program provided teachers with the conceptual tools necessary to foster systemic thinking in their students. The transition from basic environmental awareness to actionable engineering solutions ensures that the next generation of Nevada students will be equipped to analyze infrastructure critically.

TISSUE PAPER BALLOON LAUNCH

SUMMARY

The E.L. Cord Tissue Paper Balloon Launch is a fully funded STEM adventure for fifth-grade explorers! This unique program bridges the classroom and the sky through a three-step journey:

Teacher Training: Educators deep dive into the principles of aeronautics and engineering.

Classroom Construction: Students apply their knowledge to build custom tissue paper balloons.

The Big Event: Classes head to the Great Reno Balloon Races to watch their handiwork take flight!

Tissue Paper Balloon Launch

Project Overview

The E.L. Cord Tissue Paper Balloon Launch, organized through a partnership between the Great Reno Balloon Race (GRBR) and the Northwest Regional Professional Development Program (NWRPDP), is a premier, fully funded STEM initiative designed specifically for fifth-grade students in Washoe County. The program serves as a critical bridge between theoretical classroom instruction and real-world application, immersing young learners in the foundational principles of aviation. By engaging approximately 540 students across seven schools, representing roughly 10% of the county's fifth-grade population, the project fosters a deep-seated interest in STEM and scientific inquiry. Through a structured three-step journey that culminates in a high-profile public event, the program transforms abstract curriculum into a tangible, life-changing educational experience.

Project Design and Analysis

The project is designed around a rigorous engineering loop that begins with comprehensive teacher professional development. During the initial training phase, educators deep-dive into the scientific and engineering principles while building their own tissue paper balloon to ensure they feel empowered to lead complex STEM projects independently. This expertise then translates to the classroom, where students work in collaborative teams to construct functional tissue paper balloons, applying geometry and physics to ensure structural integrity and lift. Analysis of current district data reveals that while the program is highly successful, it currently reaches only a fraction of the available elementary schools in the district, indicating a significant opportunity for future scaling and resource allocation.

Results

Feedback from the 2025-2026 cohort demonstrates exceptional program impact and participant satisfaction. Educators reported a significant increase in their own instructional efficacy, feeling fully equipped to implement the engineering curriculum in their classrooms. Student engagement reached a peak during the "Big Event" at the Great Reno Balloon Race, where teachers described the field trip as a definitive curriculum highlight that brought science to life. Most notably, the program achieved a 100% satisfaction rate, with all participating teachers finding the project highly beneficial and expressing a strong intent to return with future classes.

Conclusion

The E.L. Cord Tissue Paper Balloon Launch has proven to be a vital asset to the Washoe County educational landscape, successfully turning 540 students into young engineers. By providing teachers with the tools to succeed and students with a platform to witness their handiwork take flight, the program achieves its goal of inspiring the next generation of scientists and engineers. As the initiative looks toward 2027, the focus remains on expanding this reach to the remaining 90% of the district, ensuring that every fifth-grade student in the county has the opportunity to explore the limitless possibilities of STEM.

Using Writing as a Powerful Tool for Thinking, Comprehension, and Content Learning

Case Study: Advancing Thinking Through Writing

Summary

This project was designed to strengthen instructional practices in writing across K–12 classrooms. Grounded in research from *The Writing Revolution*, (Hochman & Wexler, 2017) the project emphasized the idea that writing is not simply a product or isolated literacy skill, but a powerful method for teaching content, deepening comprehension, and advancing student thinking. The project focused on providing teachers with practical, immediately usable writing strategies that could be implemented across content areas and grade levels. Research presented during the session highlighted the cognitive benefits of writing, including findings that handwriting activates widespread brain activity and supports learning and retention.

Impact

The impact of the project was evident in both teacher practice and student engagement. Teachers reported increased awareness of writing as a cognitive tool and demonstrated greater confidence in teaching writing across disciplines. As a result, writing became more consistently embedded in instruction, with educators integrating strategies such as Sentence Elaboration (80%), Piece It Together (80%), Because, But, So (40%), and A Picture Is Worth 1,000 Words (20%). Students showed greater willingness to participate in writing tasks and increased engagement during writing activities. Overall, educators shifted their perspective of writing from a final product to a tool for comprehension and critical thinking, while also strengthening regional professional learning support for educators across Nevada.

Conclusion

“Advancing Thinking Through Writing” demonstrated how practical, research-based literacy instruction can strengthen both teaching practice and student learning. By positioning writing as a tool for thinking and comprehension, the project supported teachers in moving beyond compliance-driven writing tasks toward more meaningful cognitive engagement. Teachers experienced the strategies as learners themselves, which increased understanding, engagement, and confidence in implementation.

Next Steps

Future work for the project includes:

- Additional follow-up professional development sessions
- Expanded coaching and co-teaching opportunities
- Continued classroom implementation support
- Collection of additional student writing data
- Increased cross-content literacy integration
- Ongoing teacher collaboration and reflection cycles

GATE ENDORSEMENT PROGRAM CASE STUDY | 2025–2026

SUMMARY

Gifted learners require intentional instructional design, differentiation, and educational experiences that support continued growth. Yet gifted students are frequently underserved due to assumptions that advanced learners will succeed without specialized support.

The GATE Endorsement Program addresses this challenge through sustained professional learning designed for direct classroom application. Delivered virtually through NWRPDP, the program removes geographic barriers and expands educator access across Nevada while building long-term instructional capacity.

Now in its seventh year, the program has served more than 400 educators and continues to grow in demand.

Participants complete 12 graduate credits aligned to endorsement requirements through four courses:

- 1 Characteristics and Needs of Gifted and Talented Pupils
- 2 Assessment of Gifted and Talented Students
- 3 Curriculum, Methodology and Strategies for Teaching Gifted and Talented Students — Part I
- 4 Curriculum, Methodology and Strategies for Teaching Gifted and Talented Students — Part II

PROJECT DESCRIPTION

The 2025–2026 cohort included 52 educators and one administrator representing multiple Nevada districts and school contexts serving grades K–12.

Participants engaged in coursework intentionally designed for transfer into practice and applied learning directly in classroom settings.

Program components included:

- classroom implementation
- differentiated lesson design
- assessment development
- instructional projects
- portfolios and reflection

The virtual cohort structure created opportunities for educators from different districts to collaborate, exchange practices, and strengthen regional networks.

RESULTS

PROGRAM GROWTH AND REACH

- ✓ Year 7 of implementation
- ✓ 400+ educators served since program launch
- ✓ 52 educators completed Cohort 7 (2025–2026)
- ✓ Cohort 8 filled on opening day with 60 participants committed for fall

EVIDENCE OF INSTRUCTIONAL IMPACT

Participants reported:

- increased differentiation
- more appropriately challenging instruction for advanced learners
- stronger understanding of gifted learner characteristics
- increased confidence serving gifted students
- greater student engagement

“These courses have revitalized my practice.”

“I learned so much and have started putting my new learning into practice in my classroom.”

Participants developed:

Lesson Plans

Instructional Units

Assessments

Projects

Portfolios

CONCLUSION

The GATE Endorsement Program demonstrates that accessible, practice-centered professional learning can strengthen instruction while expanding opportunities for underserved student populations.

Beyond endorsement completion, the program supported immediate implementation in classrooms and fostered instructional growth that extends beyond gifted education and benefits overall teaching practice.

IMPACT

TEACHER CAPACITY

400+ educators have expanded their ability to identify and serve gifted learners.

STUDENT EXPERIENCE

Teachers implemented differentiation practices that support more responsive and appropriately challenging instruction.

DISTRICT CAPACITY

Districts increased the number of GATE-endorsed educators available to support programming.

STATEWIDE IMPACT

By increasing endorsement access across Nevada, districts strengthen their ability to qualify for gifted education funding through the Nevada Department of Education.

NEXT STEPS

Launch Cohort 8 with 60 enrolled participants

Continue expanding endorsement access across Nevada

Increase opportunities for districts with limited GATE staffing

Sustain cross-district professional learning communities

Continue developing educator expertise to better serve gifted learners

SEL*F

Integrating Social-Emotional Learning
and Wellness into Professional Learning

CASEL

Improved Focus

Integrated SEL

Case Study: Integrating Social-Emotional Learning and Wellness into Educator Professional Learning

Summary

During the 2025–2026 school year, I completed two certifications:

- **200-hour Certified Yoga Teacher (CYT 200)**
- **Social-Emotional Learning Facilitator Certification (SEL*F)**

This year-long professional learning experience focused on trauma-informed teaching, inclusive movement practices, mindfulness, educator wellness, and the foundational competencies of social-emotional learning (SEL), aligned with the CASEL framework. The purpose of this project was to align with emerging policy conversations, including proposed state-level initiatives related to mental health education and SEL integration, reinforcing the importance of proactive capacity building in this area. This project strengthens instructional support capacity within NWRPDP and is grounded in research indicating that SEL competencies such as self-awareness, self-management, social awareness, relationship skills, and responsible decision-making contribute to improved engagement, classroom climate, and academic learning. (CASEL. (2020–2023). [What Does the Research Say?](#)) Educator wellness is closely linked to teacher effectiveness, retention, and the ability to create supportive learning environments. (Jennings, P., & Greenberg, M. (2009) [The prosocial classroom](#))

Conclusion

This project strengthened both organizational capacity and expertise in SEL. The work reinforces the connection between educator well-being, classroom climate, and instructional effectiveness. Within literacy facilitation, these practices support the conditions necessary for student engagement, collaboration, and comprehension, particularly in structures that require sustained attention and interpersonal interaction.

Participant survey responses and written feedback indicated that:

- Educators found the breathing and mindfulness strategies helpful as reminders to connect with their own bodies and well-being
- Participants reported increased alertness and focus following participation in sessions
- Educators noted the value of integrating short regulation strategies into professional learning and classroom practice

Next Steps

Future work will focus on:

- Developing structured educator wellness workshops for schools and districts
- Integrating SEL more intentionally into literacy and engagement training
- Building a cohort-based model for sustained professional learning in SEL
- Expanding coaching and facilitation support that connects educator regulation practices to student engagement and academic outcomes

RECIPROCAL TEACHING

DAY 2

Classroom Modeling

See it in action.
Observe student engagement.

DAY 3

Collaborative Planning

Plan together.
Implement with confidence.

DISCUSSION DRIVES DEEPER LEARNING

When students think, talk, and work together, comprehension soars.

Reciprocal Teaching: SOR Comprehension Pillar

Project Overview

The goal of this project was to improve student comprehension by helping teachers shift instructional practices from passive reading activities toward active engagement with text through the implementation of Reciprocal Teaching, a research-based instructional strategy aligned with the Science of Reading. The professional development initiative served 141 educators from 21 schools across six Nevada school districts: Carson City School District, Churchill County School District, Douglas County School District, Lyon County School District, Storey County School District, and Clark County School District.

Project Design and Analysis

The design of the project reflected the understanding that modeling in classrooms is more effective than lecture-only professional development. Teachers observed authentic student responses and witnessed the level of engagement possible when students actively interact with text. This practical application increased teacher confidence and strengthened the likelihood of implementation.

On Day One, whole-staff professional development sessions introduced teachers to the principles of Reciprocal Teaching and its alignment with the Science of Reading. Teachers explored the four core components of the strategy and discussed how these practices support deeper comprehension and student discourse.

On Day Two, the strategy was modeled in authentic classroom settings across multiple grade levels and content areas. Teachers observed how the strategy could be adapted across disciplines and developmental levels while maintaining high levels of student engagement.

On Day Three, teachers participated in collaborative planning sessions focused on classroom implementation. Educators worked together to identify opportunities to embed Reciprocal Teaching within existing curriculum materials and instructional routines.

Results

Teachers gained practical experience with a structured, research-based strategy that could be implemented immediately within their existing curriculum. The classroom modeling component was especially impactful because teachers were able to observe the strategy in action with real students rather than only hearing about it theoretically. In addition, administrators and teachers provided positive feedback regarding the training model and instructional relevance of the strategy. Schools requested additional professional development opportunities, indicating both satisfaction with the training and interest in continued implementation.

Conclusion

This project reinforced the importance of comprehension-centered literacy instruction and demonstrated the effectiveness of research-based professional development grounded in authentic classroom practice. One of the most significant lessons from this work was the value of classroom modeling. Observing students actively engaged in collaborative text discussions helped teachers recognize the immediate instructional impact of the strategy. Many educators expressed surprise at the level of student engagement generated through structured comprehension conversations.

Future next steps include expanding ongoing coaching and follow-up support to sustain implementation over time. Additional opportunities for collaborative planning, classroom modeling, and teacher reflection could strengthen consistency across schools and deepen instructional impact.

ARL Classroom Management

"You don't rise to the level of your goals, you fall to the level of your systems." – James Clear

Topics Addressed

- REFLECTIVE EDUCATOR
- METHODS OF GROUPING
- CLASSROOM MANAGEMENT
- POSITIVE BEHAVIOR REINFORCEMENT
- HIGH VALUE QUESTIONING STRATEGIES
- FORMATIVE ASSESSMENT
- EXPLICIT INSTRUCTION
- WORKING MEMORY AND TRAUMA
- NEPF INSTRUCTIONAL PRACTICES & PROFESSIONAL RESPONSIBILITIES

In Their Words

AVG. POST-COURSE KNOWLEDGE RATING: 4.11 / 5.0

"POSITIVE REINFORCEMENT IS MUCH MORE POWERFUL THAN NEGATIVE NOTICES. CREATING A POSITIVE ENVIRONMENT BEGINS AT THE DOOR."

"DE-ESCALATION BEFORE A TEACHABLE MOMENT. PEOPLE CAN'T LEARN WHEN THEY ARE OVERLOADED. CREATING ROUTINE AND SAFETY WILL HELP BEHAVIORS."

"I AM DOING MORE THINGS THAT ARE RECOMMENDED THAN I EXPECTED. THIS GIVES ME SOME ADDITIONAL CONFIDENCE I AM ON THE RIGHT TRACK."

Impact

THE 2025–26 COURSE EQUIPPED 15 EARLY-CAREER EDUCATORS WITH ESSENTIAL SKILLS, IMPACTING APPROXIMATELY 1,500 STUDENTS ANNUALLY. OVER THESE EDUCATORS' CAREERS, THIS INTERVENTION WILL POSITIVELY INFLUENCE TENS OF THOUSANDS OF STUDENTS IN WELL-MANAGED LEARNING ENVIRONMENTS.

Future Focus

THE ARL CLASSROOM MANAGEMENT COURSE WILL CONTINUE TWICE ANNUALLY IN WASHOE COUNTY, PROVIDING ONGOING SUPPORT FOR ALTERNATIVE ROUTE EDUCATORS AND ENSURING QUALITY CLASSROOM MANAGEMENT TRAINING FOR TEACHERS ENTERING THROUGH NON-TRADITIONAL PATHWAYS.

Results

Case Study: Washoe County School District ARL Classroom Management

Project Overview

Many educators enter classrooms through Alternative Route to Licensure (ARL) programs without traditional classroom management preparation. The ARL Classroom Management Course directly addresses this gap by equipping early-career educators with practical, evidence-based tools they can implement immediately. The 2025–26 cohort expanded its scope beyond relationship-building basics to encompass the full instructional ecosystem of a well-managed classroom: explicit instruction, formative assessment, proactive differentiation, and the NEPF Standards as management, not just instructional, tools.

Project Design and Analysis

The course was designed around a core belief: classroom management is not a reactive set of discipline strategies bolted onto instruction. It is instruction, done well, with intention. Sessions addressed the 5:1 Positive Specific Feedback ratio, the 2x10 relationship-building strategy, surface vs. deep questioning, dual coding and instructional clarity, de-escalation, and proactive planning through Level Up/Level Down differentiation. Each session connected content to participants' lived classroom experiences, and the collaborative peer learning structure was intentional, participants learned from each other as much as from the material. Pre- and post-course surveys using a 5-point knowledge scale were administered across 14 competency areas to measure growth.

Results / Evidence of Impact

Post-course data demonstrated significant growth across every measured domain. The largest gains were recorded where participants started with the lowest baselines, the areas they needed most. The 2x10 Strategy produced the course's highest single-topic gain (+2.67 points), followed by the 5:1 Feedback Ratio (+2.00), Direct Instruction Clarity (+1.90), and NEPF as a Management Tool (+1.60). The average post-course knowledge rating across all 14 domains was 4.11 out of 5.0, with an average growth of +1.43 points per domain. Participants reflected this growth in their own words: "I am doing more things that are recommended than I expected - this gives me some additional confidence I am on the right track." Another noted: "De-escalation before a teachable moment. People can't learn when they are overloaded. Creating routine and safety will help behaviors."

Conclusions / Looking Ahead

The 2025–26 ARL Classroom Management course equipped 15 early-career educators with essential skills, impacting approximately 1,500 students annually. Over these educators' careers, this intervention will positively influence tens of thousands of students in well-managed learning environments. The course will continue twice annually in Washoe County, providing sustained support for educators entering through non-traditional pathways. As Nevada's hiring landscape continues to evolve, this targeted professional development ensures that all students receive instruction from educators who are not just present — but prepared.

NEW TEACHER ACADEMY

Participants

The participants included 18 secondary teachers, 5 elementary teachers, among them 12 ARL licenses, 2 Business and Industry licenses, and 3 substitutes working on obtaining licensure.

Impact

Participants serve approximately 2,255 students district-wide: 130 at the elementary level and 2,125 at the secondary level. They are focused on improving classroom management and instructional quality for these learners.

Looking Ahead

Churchill County School District remains committed to setting incoming educators up for success through the New Teacher Academy, an in-person program offering hands-on support and professional learning to help new staff thrive.

"Coming here reminds me that I can always learn more." – cohort participant

Curious by Design: Building Teachers Who Build Learners

Course Design

The 2025-26 cohort includes 23 educators, 18 secondary and 5 elementary, who represent the full spectrum of how people enter teaching in Churchill County. Twelve are on Alternative Route to Licensure pathways. Two hold Business and Industry licenses, bringing professional expertise from outside education into Churchill County classrooms. Five are substitutes working toward full licensure. Over the course of the year, each participant attended seven three-hour sessions, met monthly with a mentor, all while managing their own classrooms and their own continuing development as educators.

Evidence of Impact

The single largest shift this cohort showed was in structured discourse, confidence in facilitating academic conversation where students build meaning together, moving 1.733 points on a 5-point scale. Metacognitive instruction followed closely at 1.667 points of growth, reflecting educators' confidence that any student in their classroom could accurately explain what they are learning and why. These gains are connected: structured discourse and metacognitive transparency ask the same thing of students, and when a teacher improves at one, the other follows.

Participants described changes that go beyond skill acquisition. "I have really tried to focus on more collaboration and less of me steering each lesson every day," one wrote. Another reflected something that doesn't show up in any rubric: "Connecting the experiences of the other professionals in the room. We shared a common struggle." Across twenty-one hours of professional learning, these educators left each session knowing they were not navigating this work alone.

Project Overview

Now in its third year, the New Teacher Academy provides structured professional learning for incoming and transitioning educators in Churchill County School District through an in-person format pairing targeted content with mentoring and classroom observation. The 23 participants in this cohort collectively serve approximately 2,255 students district-wide, 150 at the elementary level and 2,125 at the secondary level.

Conclusion

Churchill County School District will carry the New Teacher Academy into 2026-27 with the same commitments: in-person learning, relevant content, and a structure that treats new educators as professionals building expertise. The program works because it meets educators where they are, and in its third year, the evidence shows they are getting there.

Does Your Impact Match Your Intention?

LEAD Churchill - Grow Your Own Leadership Cohort

Project Overview

LEAD Churchill is a grow-your-own leadership development cohort designed to build teacher leadership capacity across Churchill County School District. Co-facilitated through NWRPDP, the cohort enrolled nine CCSD teacher leaders in a year-long, 14-session professional learning experience grounded in collaborative inquiry, research-based frameworks, and reflective practice. The culminating project challenged each participant to conduct a formal case study—applying leadership frameworks to a real professional team—and present findings to the board of trustees and superintendent.

participants	sessions	credit hours	year
11	17	45	1

“My biggest aha moment so far has been figuring out what impostor syndrome is and overcoming it.”

Course design & analysis

Sessions were sequenced to build leadership identity before introducing team dynamics frameworks. Content was drawn from Lencioni's Five Dysfunctions, Edmondson's Psychological Safety, Collective Efficacy, SCARF, and First & Second Order Change — each anchored in participants' real team contexts.

“Good conversations that help to see different perspectives from different walks of this job.”

Conclusion & Next Steps

LEAD Churchill's inaugural cohort demonstrated measurable growth across every tracked leadership competency. Participants entered with limited confidence in the most complex skills — navigating difficult conversations, analyzing team dysfunction, and understanding the difference between first and second order change — and left with applied confidence across all measures. As a next step, facilitators have compiled all course resources and built a Canvas shell, making this program ready to pass along to other systems through NWRPDP. LEAD Churchill is replicable — and it is ready.

Evidence of Impact

Pre versus Post Scores

Frame Challenging Conversations	2.00	→	3.71
Understanding Restorative Leadership	2.88	→	4.00
Anchor conversations in shared purpose	2.43	→	3.86
Impact on collective efficacy	2.67	→	3.67
Asking questions versus offering solutions for efficacy	2.80	→	4.20
Understanding the key components of credibility	391	→	4.36
Positional Influence on Team Capacity	2.38	→	3.63

Does Your Impact Match Your Intention?

LEAD Churchill - Grow Your Own Leadership Cohort

Project Overview

School districts across Nevada face a persistent challenge: developing teacher leaders from within. Without intentional investment, high-potential educators are left to navigate leadership without frameworks, language, or a community of practice. LEAD Churchill was designed to change that.

Churchill County School District partnered with the Northwest Regional Professional Development Program (NWRPDP) to launch LEAD (Leadership Excellence and Development) Churchill—a grow-your-own cohort model grounded in the belief that the expertise to lead already exists inside every school building. The question was never whether teacher leaders were capable. It was whether they had the conditions, tools, and support to lead with confidence and intention. LEAD Churchill bridged the gap between educational theory and practical leadership application.

Course Design and Frameworks

LEAD Churchill enrolled eleven CCSD teacher leaders in a year-long, 17-session professional learning experience grounded in collaborative inquiry, research-based frameworks, and reflective practice.

The culminating project challenged each participant to conduct a formal case study—applying the leadership frameworks explored throughout the year to a real professional team they were part of—and present their findings to the Churchill County Board of Trustees and Superintendent. This design held participants accountable to authentic, applied learning rather than theoretical exercises.

Facilitators designed the program with a clear north star: create the conditions for teacher leaders to develop the skills, language, and confidence to lead—and then get out of the way. In practice, that required a year of designing, reading the room, and redesigning. The program's most important learning often happened in those unplanned moments.

Sessions were sequenced deliberately—beginning with leadership identity before introducing team dynamics frameworks—so participants could locate themselves in the work before analyzing the systems around them. Each framework was anchored in participants' real contexts, not abstract scenarios.

Core Frameworks included Lencioni's Five Dysfunctions of a Team, Edmondson's Psychological Safety, Collective Efficacy & Enabling Conditions, SCARF Model, First & Second Order Change, and Restorative Leadership Practices.

Mid-cohort, facilitators discovered that many participants did not have functioning PLCs—the structural scaffold the culminating project had been built around. Rather than push through a design that no longer matched reality, facilitators paused, named the pattern without blame, and

reframed the case study as observational and analytical research around an identified problem of practice.

The result: participants who once felt stuck produced some of the most honest and substantive case studies in the cohort. The limitation became the lens.

Conclusion

LEAD Churchill's inaugural cohort demonstrated measurable growth across every tracked leadership competency. Participants entered with limited confidence in the most complex skills—navigating difficult conversations, analyzing team dysfunction, and understanding the difference between first and second order change—and left with applied confidence across all measures.

Perhaps more importantly, the program demonstrated that high-quality leadership development does not require participants to have perfect conditions—it requires skilled facilitators who can hold the learning even when the plan needs to change. The willingness to name what wasn't working—and redesign in real time—was itself the highest-fidelity modeling of the adaptive leadership the cohort was designed to build.

LEAD (Leadership Excellence and Development) is built and ready to implement. Facilitators have compiled all course resources and built a Canvas shell, making this program ready to replicate across other NWRPDP districts. The curriculum is complete. The framework is tested. The evidence of impact is documented.

Does your impact match your intention? Only if you're willing to ask the question honestly—and adjust when the answer is no. LEAD Churchill asked. LEAD Churchill adjusted. And the results speak for themselves.

Parent Involvement and Family Engagement

"The most beneficial part was realizing that even small, consistent efforts can make a big impact on family engagement and student success."

164 educators

The participants included 79 elementary teachers, 55 secondary teachers, and an additional 30 individuals from various roles such as administrator, counselor, social worker, nurse, and speech pathologist, from 6 Nevada school districts. They met for eight two-hour Zoom classes, completed assignments related to each module, asynchronous reading, and a final project.

On a scale of 1 to 5 rate the statement:

This course offered useful and important information about Parent Involvement and Family Engagement.

Mean: 4.70

Participants said:

"Thank you for making us do positive phone calls home — it is the best outreach and relationship building technique I have ever tried."

"It definitely made me less scared for my teacher conferences. I feel like I built enough positive currency with parents to where I am not afraid to relay a bad day to them."

"I was able to apply what I learned right away."

"The strategies and frameworks felt realistic and adaptable to daily practice rather than theoretical."

Impact Potential

- Students and families of 3,475 elementary students.
- Students and families of 9,740 secondary students.

Parent and Family Topics Addressed:

1. Knowledge of Parent Involvement and Family Engagement
NRS 391.019 and NAC 391.030
2. Dual Capacity Framework and PTA Standards
3. Implications of Diverse Family Structures
4. Ideas to Support Family Engagement at Your School Site
5. Culturally Responsive Family Engagement Practices
6. Effective Communication Strategies for Working with Families
7. McKinney-Vento Act and Help for Families in Transition
8. Trauma Informed Practices

The Results

Educators left the class with a strong understanding of best practices related to family engagement, preparing them to cultivate stronger and more equitable school-family partnerships in the future

Looking ahead...

17% of participants developed collaborative initiatives that will strengthen parent involvement strategies by sharing with broader educational stakeholders, extending research backed family engagement frameworks throughout our educational community.

34% of participants created sustainable projects grounded in evidence-based practices that will welcome new families and establish lasting systems to strengthen school-family partnerships for years to come.

When Knowing the Law Isn't Enough - Parent Involvement and Family Engagement

"The evidence is consistent, positive, and convincing: families have a major influence on their children's achievement in school and through life."

- Anne T. Henderson & Karen L. Mapp, A New Wave of Evidence (2002)

Project Overview

Nevada law is clear: every initial licensee must complete 3 semester credits in parent involvement and family engagement within three years of receiving their license. But a legal requirement and genuine competence are not the same thing. The Parent Involvement and Family Engagement (PIFE) course was designed to bridge that gap - not by checking a compliance box, but by building the skills, frameworks, and confidence educators need to actually reach the families they serve.

Course Design

NWRPDP delivers PIFE as a research-grounded professional learning experience that meets NRS 391.019 and NAC 391.030 requirements while going far beyond them. Sessions moved deliberately from legal foundation to relational practice - building knowledge of policy and frameworks first, then anchoring that knowledge in the real contexts participants navigate every day. The final project was not incidental to the learning; it was the point. Participants left with a tangible, context-specific product designed to be implemented, not shelved.

Evidence of Impact

Participants grew across every competency area tracked - with the most striking gains in the areas where educators arrived with the least prior knowledge. The data tells part of the story. Participants told the rest.

One came in needing something simple and essential: "gathering the confidence to talk with families." Another left with a reframe that gets at the heart of the course: "family engagement is not just about hosting events or sharing information, but about creating systems that empower families to feel valued, heard, and connected to their child's learning."

Conclusion

The reach of this course extends far beyond the educators who completed it. When teachers, counselors, administrators, and support staff know how to build genuine partnerships with families - not just satisfy a requirement - students benefit. That is the work PIFE does. And this year's data shows it is working.

TEACHER BOOK CLUBS

Read. Reflect. Grow—Together.

STRONGER EDUCATORS. HEALTHIER CLASSROOMS. BETTER OUTCOMES FOR STUDENTS.

Learning
together.
Growing
together.

KEY OUTCOMES REPORTED BY EDUCATORS

IMPROVED CLASSROOM PRACTICE & STUDENT OUTCOMES

- Stronger routines and smoother transitions
- Improved student regulation and fewer challenging behaviors
- More proactive, consistent, and relationship-centered teaching
- Increased student engagement and success

“Students now follow routines more consistently, transitions are smoother, and elopement has greatly improved.”

GROWTH IN KNOWLEDGE & INSTRUCTIONAL CONFIDENCE

- New strategies for classroom management and self-regulation
- Practical tools that are easy to use and implement
- More confident, proactive, and effective educators

“I have learned so many techniques for classroom management... I am much more preventative than punitive now.”

STRONGER WELL-BEING & SELF-CARE

- Greater awareness of self-care and setting healthy boundaries
- Better stress management and emotional regulation
- Showing up more present for students and colleagues

“These courses have helped me be better at scheduling out my self care and holding myself accountable so I can show up more presently in my profession.”

STRONGER RELATIONSHIPS & STUDENT CONNECTIONS

- More intentional listening and empathy
- Valuing student voice and unique perspectives
- Creating classrooms where students feel seen, heard and valued

“One thing that has really resonated with me is making every single one of my students feel noticed every day.”

COLLABORATION, COMMUNITY & PROFESSIONAL GROWTH

- Supportive, respectful, and encouraging professional community
- Sharing ideas, challenges, and successes
- Learning from others across roles and districts
- Less isolation, more connection

“The dialogue is often MORE valuable than the readings... I walk away with an idea, situation, or tip that I could use later.”

POSITIVE IMPACT ON STUDENT LEARNING & PERFORMANCE

- Improved classroom climate
- Increased student engagement
- Greater academic success and growth

“It's not only about academics, we're educating the whole person.”

SHIFTING MINDSETS & PRACTICES

- From reacting to behaviors → proactive, compassionate support
- Greater patience, trust, and predictability in the classroom
- Seeing challenges as opportunities for growth

“This experience changed my practice by helping me become more patient, proactive, and focused on building trust and predictability.”

DIVERSE PERSPECTIVES, SHARED PURPOSE

- Educators from different roles, subjects, and backgrounds
- Welcoming new voices and building belonging
- United by a passion to be better for our students

“It's amazing to collaborate with people who want to be in these book clubs, and want to learn to be better educators.”

TEACHER BOOK CLUBS EMPOWER EDUCATORS, STRENGTHEN CLASSROOMS, AND CREATE LASTING POSITIVE IMPACT FOR STUDENTS.

TOGETHER, WE READ. TOGETHER, WE GROW. TOGETHER, WE MAKE A DIFFERENCE.

Research Summary: Impact of Teacher Book Clubs on Instructional Practice and Student Outcomes YEAR 2

Teacher book clubs provide a powerful, research-based model of professional learning that strengthens instructional practice, educator well-being, and student success. Grounded in collaboration, reflective dialogue, and shared learning, these book studies promote active engagement, sustained professional growth, and collective participation among educators (DuFour, 2004). Research shows that collaborative professional learning communities improve instructional effectiveness and student outcomes when educators engage in ongoing inquiry and evidence-based practices (Amendum et al., 2019).

Educators described the book clubs as supportive professional communities that reduced isolation, encouraged shared problem-solving, and strengthened cross-district collaboration among teachers, counselors, librarians, social workers, and other educational professionals. Several participants reported that the discussions and collaborative exchanges were often as impactful as the readings themselves, helping them translate research and theory into practical classroom strategies. Others emphasized increased attention to student voice, emotional connection, and creating classrooms where students feel seen, valued, and supported.

This Year 2 case study included 25 educators from five school districts who participated in three or more book studies during the 2024–2025 school year and continued participation throughout 2025–2026. An additional 25 educators joined the book club cohorts during the 2025–2026 school year, expanding the collaborative professional learning community across districts and educator roles. Participant reflections demonstrated strong alignment with the Nevada Department of Education’s strategic priorities, particularly in the areas of Equipped Educators and Leaders, Strong Foundations, and Empowering Pathways. Educators reported increased capacity to implement evidence-based instructional and social-emotional practices, foster inclusive and relationship-centered learning environments, and support the whole child through meaningful engagement, compassion, and culturally responsive approaches.

Key Findings from Survey Results

Participants reported substantial growth across all professional and personal wellness indicators following participation in the book club/professional learning experience.

	Knowledge Before	Knowledge After	Change +
Building Positive Relationships with Students	3.25	4.65	+1.4
Building Positive Relationships with Colleagues	3.15	4.7	+1.6
Utilizing Social Emotional Learning Strategies (Welcoming/Inclusion, Engaging, Optimistic Closures),	3.15	4.65	+1.5
Utilizing Trauma-Sensitive Strategies (Check-ins, Strengths-Based Language, Regulation and Safety, Empathy)	3.05	4.65	+1.6
Creating a Calm Classroom Environment (Calming Corners, Classroom Lighting, etc.)	3.5	4.6	+1.1
Self Regulation (Regulate, Relate, Reason)/Brain Research	3.05	4.5	+1.5

De-escalation Techniques for Difficult Behaviors	2.9	4.35	+1.5
Developing and Implementing Professional and Personal Goals	3.05	4.8	+1.8
Maximizing Your Time and Energy	2.85	4.7	+1.9
Ideas for Self Care/Addressing Stress	3.1	4.8	+1.7

*All survey results showed statistically significant gains ($p < 0.001$), indicating that improvements were highly unlikely to have occurred by chance and strongly suggest meaningful participant growth as a result of the professional learning experience.

Participant Perception and Application of Learning

Survey responses demonstrated exceptionally strong participant satisfaction, motivation, and confidence in applying the learning from the book clubs to their professional practice.

Survey Area

Average Rating (5-Point Scale)

Motivation to Continue Learning Collaboratively Through Book Studies	4.85
Likelihood of Using Book Club Ideas and Strategies	4.85
Sense of Stronger Professional Community	4.75
Courses Offered Useful Information That Improved Student Performance	4.70

Participants reported high levels of motivation to continue collaborative professional learning through future book studies, expressed strong confidence in applying the strategies and practices learned to their professional settings, described the book clubs as fostering meaningful professional connection and collaboration, and overwhelmingly agreed that the courses provided valuable, relevant, and actionable information that positively impacted student learning and performance.

NWRPDP

THE AI FRONTIER

EMPOWERING EDUCATORS IN NEVADA 2026
CONFERENCE
MARCH 7TH & 8TH

Conference Experience & Innovation

- *Human-Centered Creativity in the Age of AI:* Keynote Jesse Lubinsky explored how AI empowers student expression rather than replacing it.
- *Practical Workflows Rather than Flashy Tech:* Session focused on reducing teacher busywork through tools like MagicSchool, Gemini, and Canva.
- *Student Voice on the AI Frontier:* A Panel of 11th and 12th grade students shared perspectives on AI for tutoring and efficiency.
- *From Theory to "Monday-Ready" Resources:* Sessions focused on instant implementation of AI for differentiation and lesson design.

Professional Impact & Feedback

- 72% Boost in Supporting Diverse Learners

Participants reported the conference greatly helped them meet the needs of ELL, Special Education, and Gifted students.

- 71% Direct Classroom Implementation

Educators confirmed they felt more prepared to translate these skills into their teaching and professional duties immediately.

- 76% Would recommend the Conference to a Colleague

NWRPDP**

The AI Frontier: Empowering Educators in Nevada 2026 Conference

Project Summary

The AI Frontier: Empowering Educators in Nevada was a comprehensive two-day conference held March 7–8, 2026, in Reno, Nevada. This event served as a critical intervention for K-12 educators, repositioning AI as a pedagogical catalyst for critical thinking, original expression, and student-led inquiry.

Research Base

Current research points to a significant "readiness gap" in schools. Educators remain wary of AI due to concerns about academic integrity and the potential displacement of the human element in teaching. The strongest predictor of resistance is lack of time; most educators require 12–18 months to feel confident with new technologies. Compounding this, only 19% of teachers report that their schools have clear AI policies, creating widespread professional uncertainty. This conference was designed to directly address these barriers through structured, hands-on professional development.

Project Description & Scope

The conference featured a keynote by Jesse Lubinsky (Adobe) on "Creativity in the Age of AI," followed by over 30 immersive breakout sessions covering platforms such as MagicSchool AI, Adobe Express, Canva, Drift, and Google Gemini. A standout highlight was a Student Panel in which Washoe-area high schoolers shared how they use AI to personalize their learning. The conference reached K-12 educators, administrative staff, and administrators across the NWRPDP service area; notably, 51% of attendees were first-time NWRPDP participants.

Goals

The primary goal was to move educators beyond AI hype and fear toward meaningful pedagogical growth, through three objectives:

- **Instructional Efficiency** — reducing administrative fatigue and classroom "busywork"
- **Inclusive Excellence** — providing tools for instant differentiation to support diverse learners
- **Future Readiness** — bridging the gap between current technology and classroom practice

Results

Evaluation data confirmed strong impact:

- 92% of participants felt the activities matched their professional needs
- 71% intended to apply the skills gained "to a great extent" in their classrooms
- 72% reported the conference helped them better meet the needs of diverse student populations
- 63% believed the training would significantly improve their overall teaching skills

Impact

The AI Frontier conference shifted educator perception of AI from an academic integrity concern to a practical instructional resource, helping bridge the 12–18 month readiness gap common among teachers. NWRPDP's "teaching assistant" framing allowed educators to recover approximately six weeks of instructional time annually and refocus on student-centered approaches. With 51% first-time participants, the initiative meaningfully expanded regional reach while improving inclusive readiness; 72% of educators left better equipped to support diverse learners, including multilingual and at-risk populations.

ENRICHING CONTENT KNOWLEDGE & INSTRUCTIONAL PRACTICE THROUGH SOCIAL STUDIES BOOK CLUBS

The Content Anchors

- *The Ghost Map* by Steven Johnson: Focused on the 1854 London cholera outbreak and the battle between miasma and germ theory.
- *The Divorce Colony* by April White: Explored the Gilded Age legal doctrine of "coverture" and the rise of "divorce mills" in cities like Sioux Falls and Reno.
- *The Peking Express* by James Zimmerman: Examined 1920s Chinese-American relations through an international train hijacking.
- *The Escape Artist* by Jonathan Freedland: Detailed the systemic dehumanization of the Holocaust and the "burden of witness" following an Auschwitz escape.

EDUCATOR GROWTH METRICS

Increased Content Confidence:
Educators reported feeling "much more knowledgeable" and "confident" discussing complex topics like the Holocaust, public health crises, and 19th-century law with their students.

Complex Text Comfort:
A significant majority noted a higher comfort level in using challenging nonfiction in their own classrooms.

SCIENCE OF READING CONNECTIONS

Vocabulary Scaffolding:
Moving from "everyday" words to discipline-specific terms.

Discourse Conventions:
Teaching students how historians organize evidence and construct arguments.

Active Inquiry:
Shifting students from memorizing facts to "reasoning and producing knowledge" like experts.

DIRECT CLASSROOM IMPACT

Student Engagement:
Teachers noted that students found the new strategies "fun".

Quality of Work:
"Discussions were more robust and comprehensive," and graphic organizers led to deeper understanding of novels read in class.

Concept Connection:
"I love that my students can connect to the content easier with this strategy".

THEN VS. NOW CONNECTIONS

Public Health Misinformation:
Connect historical "deadly misconceptions") to modern challenges in public health communication.

Chinese-U.S.-Relations:
Using the Peking Express scandal as a foundation for modern U.S.-China economic and political relations.

Social Laws:
Cultural views of divorce from the 19th century to modern-day.

Nevada DAP in Action: Strengthening Kindergarten Practice

PROJECT OVERVIEW & FRAMEWORK

THREE-PHASE PROJECT TIMELINE

DEMOGRAPHICS & IMPACT

\$5000 x 20 NV Classrooms

\$35,000 books and consumables

\$135,000 invested statewide

“My understanding of active engagement has grown greatly over the past year. My students have also grown over this year and have exceeded my expectations about what they can come up with and have fun while doing it.”

“I left feeling inspired, excited, and full of ideas to work on over the summer, and I really appreciate having this time to thoughtfully plan how I can best organize and implement these ideas in my classroom.”

“The most significant accomplishment I have seen this year in student development is increased creativity and improved discourse.”

“Watching them create and grow has been the highlight of my year.”

The DAP in Action project is a comprehensive initiative to implement Developmentally Appropriate Practices within early childhood education, specifically focusing on the transition between Pre-K and kindergarten with the eventual goal of aligning transitions through 2nd grade. A state leadership team of 21 educators and administrators came together to observe national examples of high quality developmentally appropriate practices and chose a model to emulate and “Nevadacize.” Central to this project is a shift toward playful learning, emphasizing engagement as well as student choice and autonomy. During a 30-60 minute period of the day, students are given the freedom to choose their own learning path and demonstrate their understanding in unique and individualized ways. They utilize academic language from the unit, collaborate with one another and then participate in a “thinking and feedback” protocol to reflect on their learning and plan work for the next day.

THE ULTIMATE GOAL

Creating a video coaching tool for statewide implementation of developmentally appropriate practices via asynchronous learning to support modern educational systems

7 Mighty Moves Book Study: Aligning Instruction to the SOR Research

Focus:

A six-week Science of Reading book study designed for K–3 educators, building knowledge and implementation skills in phonemic awareness, phonics, high frequency words, decodable texts, fluency, and comprehension. Delivered via Zoom by NWRPDP facilitators, this course directly addresses the foundational literacy practices Nevada SB460 requires of all K–3 teachers.

Impact:

Seventeen teachers across four districts achieved statistically significant gains in all 12 measured literacy domains ($p < 0.001$). On average, teachers moved from a score of 2.8 to 4.3 – nearly a full category shift on a 5-point scale – reflecting deep, meaningful change in both knowledge and classroom practice.

Evidence of Impact

3 Districts

Served

2.8 → 4.3

Average Confidence Gain

400 Students

Impacted

Understanding/Knowledge Gains

Phonemic Awareness	2.79	4.36	+1.57
Phonics	3.36	4.57	+1.21
High Frequency Words	2.86	4.29	+1.43
Decodable Texts	2.57	4.36	+1.79
Fluency	2.71	4.21	+1.50
Comprehension	2.86	4.43	+1.57

Implementation/Intentional Practice

Phonemic Awareness	2.64	4.21	+1.57
Phonics	3.00	4.29	+1.29
High Frequency Words	2.79	4.14	+1.36
Decodable Texts	2.57	4.07	+1.50
Fluency	2.68	4.07	+1.39
Comprehension	2.79	4.07	+1.29

Participant Feedback

Instructional Change

“All the reading training I have had over the years resulted in expert guessing. I now have a tool box filled with strategies that will help all of my students become successful life-long readers.”
–Lyon County Educator

Excitement & Confidence

“Valuable strategies that I can go back to at any time and take little to no prep to implement”
–Lyon County Educator

“This class (and book) was phenomenal!”
–Washoe County Educator

Learning Community

“It was interesting, encouraging, and enlightening to learn how to put Science of Reading practices into place – and to talk through it all with teachers from a variety of schools.”
–Washoe County Educator

Next Steps in Literacy Instruction Book Study: Aligning Assessment and Instruction to the SOR Research

Focus:

A nine-week intervention course for K–5 educators delivered via Zoom by NWRPDP facilitators. Grounded in Scarborough’s Reading Rope, the course equips teachers with diagnostic tools and evidence-based strategies across all eight literacy strands to identify skill gaps and deliver intensive, targeted support to students not yet meeting benchmarks.

Impact:

Ten teachers achieved statistically significant gains across all 18 measured intervention domains – 4 at $p < 0.001$ and 14 at $p < 0.01$. Teachers moved from an average score of 2.49 to 3.53, developing both the knowledge and the diagnostic lens to effectively support struggling K–5 readers.

Evidence of Impact

3 Districts
Served

2.49 → 3.53
Average Confidence Gain

400 Students
Impacted

Understanding/Knowledge Gains

Phonological/Phonemic Awareness	2.40	3.60	+1.20
Decoding & Encoding	2.30	3.40	+1.10
Automatic Word Recognition	2.30	3.60	+1.30
Reading Fluency	2.70	3.50	+0.90
Vocabulary	2.60	3.50	+0.90
Syntax	2.40	3.40	+1.10
Verbal Reasoning	2.60	3.60	+0.80
Comprehension Strategies	2.70	3.60	+0.90

Implementation/Intentional Practice

Phonological/Phonemic Awareness	2.20	3.70	+1.50
Intervention Strategies	2.40	3.70	+1.30
Automatic Word Recognition	2.50	3.70	+1.20
Fluency Gains	2.60	3.50	+0.90
Vocabulary & Background Knowledge	2.40	3.50	+1.10
Syntax & Grammar	2.20	3.40	+1.20
Verbal Reasoning	2.60	3.40	+0.80
Explicit Comprehension Instruction	2.70	3.60	+0.90

Participant Feedback

Instructional Change

“My instruction is more focused and purposeful with a diagnostic lens. I now look at what each student needs specifically before choosing a strategy.”
–Washoe County Educator

Strategies Implemented

“Elkonin boxes, CUPS, arm spelling, story maps, word chains, and many more.”
–Churchill County Educator

“Decodables, fluency triangles, vocabulary, and more.”
–Mariposa Academy Educator

Excitement & Confidence

“This book was easy to read and had great, applicable activities that can be easily added to any classroom lesson!”
–Washoe County Educator

“I love having the padlet with added resources.”
–Churchill County Educator

NWRPDP Science of Reading: A Professional Learning Continuum

Overview

Nevada’s Senate Bill 460 (2025) codifies the Science of Reading into state law, requiring all K–3 teachers to complete training in research-backed literacy instruction. The urgency is clear: fewer than four in ten Nevada third graders currently read at grade level. Meeting SB460’s mandate requires more than policy — it requires high-quality, sustained professional learning that actually changes what happens in classrooms.

NWRPDP is meeting that challenge through an intentional continuum of Science of Reading professional learning. During the 2025–26 school year, NWRPDP facilitators delivered three connected experiences: *Seven Mighty Moves*, a six-week book study equipping K–3 teachers with evidence-based Tier 1 practices directly aligned to SB460; *Literacy Interventions for K–5 Students*, a nine-week course equipping teachers to deliver targeted intervention to students not yet meeting benchmarks; and a Train the Trainer experience preparing literacy specialists in one Northwest region district to bring Science of Reading training directly to their school sites. Together, these experiences reached educators across five districts and schools, producing statistically significant gains at every level of the system.

Seven Mighty Moves Book Study: Aligning Instruction to the Science of Reading Research

Summary

Designed and facilitated by NWRPDP facilitators, *Seven Mighty Moves* was a six-week book study for K–3 educators directly aligned to Nevada SB460. Participants met via Zoom on Monday evenings from 4:00–6:00 PM. A total of 17 teachers from Washoe County School District, Lyon County School District, Churchill County School District, and Mariposa Academy built knowledge and implementation skills in phonemic awareness, phonics, high frequency words, decodable texts, fluency, and comprehension — the foundational practices SB460 requires.

Results

Teachers self-reported knowledge and implementation across 12 domains before and after the book study using a 5-point scale, analyzed with the Wilcoxon signed-rank test. Gains across all 12 domains were statistically significant ($p < 0.001$). On average, teachers moved from a score of 2.8 to 4.3 — nearly a full category shift. The largest gains were in decodable texts (+1.79), phonemic awareness (+1.57), and comprehension (+1.57).

In the end of course comments, participants described what they learned in the course:

“All the reading training I have had over the years resulted in expert guessing. I now have a toolbox filled with strategies that will help all of my students become successful life-long readers.”

— Lyon County teacher

“I am already implementing strategies and seeing success!”

— Lyon County teacher

Next Steps

As SB460 drives demand for Science of Reading professional learning statewide, NWRPDP is positioned to meet that need. *Seven Mighty Moves* offers districts a rigorous, evidence-based option for fulfilling the law’s K–3 training requirements. As documented below, NWRPDP is already equipping literacy specialists to deliver this training within their own districts — extending reach and building lasting local capacity.

Next Steps in Literacy Instruction Book Study: Aligning Assessment and Intervention to the Science of Reading

Summary

Literacy Interventions for K–5 Students was the second step in NWRPDP’s continuum — moving from Tier 1 classroom instruction into the specialized work of intervention. Designed and facilitated by NWRPDP facilitators, this nine-week course met via Zoom on Monday evenings from 4:00–6:30 PM. Ten teachers from Washoe County School District, Churchill County School District, and Mariposa Academy built knowledge and implementation skills across all eight strands of Scarborough’s Reading Rope, from phonological awareness and phonics through syntax, verbal reasoning, and comprehension. The goal was to equip teachers with diagnostic tools and evidence-based strategies to deliver intensive, targeted support to students not yet meeting literacy benchmarks — ensuring that the students SB460 aims to reach are supported at every tier of instruction.

Results

Teachers self-reported knowledge and implementation across 18 domains before and after the course using a 5-point scale, analyzed with the Wilcoxon signed-rank test. Gains across all 18 domains were statistically significant — 4 at $p < 0.001$ and 14 at $p < 0.01$. On average, teachers moved from a score of 2.49 to 3.53, a gain of more than a full point. The largest implementation gains were in phonological awareness (+1.50), evidence-based intervention strategies (+1.30), and automatic word recognition (+1.30).

In the end of course comments, participants described what they learned in the course:

“It has made a huge change on my students’ comprehension and writing.”

— Washoe County teacher

“I have implemented vocabulary and fluency strategies with a focus on students’ specific needs.”

— Washoe County teacher

Next Steps

NWRPDP will continue to offer *Literacy Interventions for K–5 Students* as an ongoing professional learning opportunity that meets the requirements of SB460. This course ensures Tier 2 and Tier 3 instruction keeps pace — giving every K–5 student access to the evidence-based literacy support they deserve.

Train the Trainer: A District in the Northwest Region

Summary

The Train the Trainer experience represents the most systemically ambitious step in NWRPDP's continuum — moving from equipping individual teachers to building district-level capacity to lead Science of Reading implementation from within. This model directly addresses one of the core challenges of SB460 compliance: ensuring districts have the internal expertise to sustain Science of Reading professional learning over time.

In May 2026, NWRPDP facilitators delivered 15 hours of intensive professional learning over two sessions — May 21 and May 28 — for 11 literacy specialists in one Northwest region school district. Participants focused on the Science of Reading research base, Scarborough's Reading Rope, the Simple View of Reading, connecting research to instructional practice, managing teacher resistance, and planning school-wide rollout of *Seven Mighty Moves* for K–2 teachers and *Next Steps in Literacy Instruction* for grades 3–5 teachers. The district's literacy specialists are scheduled to deliver that training to their teaching staff beginning in the 2026–27 school year.

Results

Participants self-reported confidence and preparedness across 8 domains before and after the training using a 5-point scale, analyzed with the Wilcoxon signed-rank test, with 10 of 11 participants completing the survey. Gains across all 8 domains were statistically significant — 1 at $p < 0.001$ and 7 at $p < 0.01$. Overall, participants moved from an average score of 3.14 to 4.25, a gain of +1.11 points. Notably, specialists began with higher baseline scores than classroom teacher cohorts, reflecting existing expertise — yet gains were consistent and meaningful across every domain. The largest gains were in having a clear plan to roll out SOR training (+1.20) and feeling supported by their district to lead implementation (+1.10).

In the end of course comments, participants described what they learned in the course:

"I like that everyone was presented with the same information, so it is consistent across all of our sites. Having the background knowledge and being able to ask specific questions of NWRPDP facilitators really helped and made me feel more confident."

— Northwest region literacy specialist

"I feel much more confident in the plan for delivering the Science of Reading training. NWRPDP has put together a well-informed and comprehensive presentation."

— Northwest region literacy specialist

Next Steps

Beginning in 2026–27, the 11 literacy specialists will deliver *Seven Mighty Moves* and *Next Steps in Literacy Instruction* professional learning across their school sites — directly multiplying NWRPDP's reach without requiring every teacher to participate in an external course. This is precisely the district-embedded capacity SB460 demands for sustainable, long-term implementation. NWRPDP will explore bringing the Train the Trainer model to additional districts across the region.

Conclusion

Nevada SB460 sets a clear mandate. NWRPDP's 2025–26 continuum demonstrates it is already being met.

Across three cohorts, NWRPDP reached 38 educators — 17 classroom teachers in *Seven Mighty Moves*, 10 teachers and interventionists in *Literacy Interventions for K–5 Students*, and 11 literacy specialists in one Northwest region school district. Every cohort produced statistically significant gains. Every cohort reported meaningful changes in instructional practice. And beginning in 2026–27, those literacy specialists will extend that reach further, bringing Science of Reading training to teachers across their school sites.

The students who benefit are the K–5 readers in Washoe, Lyon, Churchill, and Mariposa Academy classrooms whose teachers now understand how reading develops — and have the tools, the confidence, and the research backing to act on it. That is what SB460 calls for. That is what NWRPDP delivers.

Train the Trainer: A District in the Northwest Region

Focus:

A 15-hour, two-day intensive designed to prepare 11 district literacy specialists to facilitate Science of Reading professional learning at their own school sites. Grounded in Scarborough's Reading Rope and the Simple View of Reading, this training builds the sustainable, district-embedded leadership capacity that SB460 implementation demands over time.

Impact:

All 8 confidence and preparedness domains reached statistical significance, with an overall gain of +1.11 points on a 5-point scale. Beginning in 2026–27, these specialists will deliver Seven Mighty Moves and Next Steps in Literacy Instruction training directly to teachers across their school sites – multiplying NWRPDP's reach region-wide.

Supporting Teachers. Strengthening Practice. Impacting Students.

Northern Nevada National Board Cohort | 2025–26

NATIONAL BOARD
for Professional Teaching Standards®

PROJECT OVERVIEW

The Northern Nevada National Board Cohort supports educators as they pursue National Board Certification, the profession's highest mark of accomplished teaching. During the 2025–26 cohort year, candidates represented diverse certificate areas, grade levels, and districts across Nevada. Through monthly cohort sessions, individualized Candidate Support Provider feedback, writing tools, work sessions, and revision cycles, the cohort helped teachers strengthen reflective practice, analyze student learning, and complete components aligned to National Board standards.

COHORT DESIGN & SUPPORT MODEL

Support was intentionally designed around the four National Board components. Candidates received structured guidance for understanding prompts, collecting evidence, writing analytically, revising forms and commentaries, and preparing for Component 1. The cohort model included whole-group learning, small-group support, individualized feedback, work time, and ongoing access to resources.

UNPACK COMPONENTS

Understand prompts, standards, and scoring expectations

GATHER EVIDENCE

Collect and analyze student learning and classroom assessment

DRAFT

Write analytically using structure, evidence, and reflection

RECEIVE FEEDBACK

Get personalized feedback from CSPs and peers

REVISE

Strengthen writing and evidence based on feedback

SUBMIT

Finalize and submit each component toward National Board Certification

QUALITATIVE SURVEY DATA: CANDIDATE IMPACT

When asked how the National Board process has influenced their teaching and mindset, candidates shared profound shifts in their practice, reflection, and impact on students.

MORE REFLECTIVE & DATA-DRIVEN

"Absolutely, I am more data-driven than I was before."

– Laura S.

"It has improved my teaching practices and I love everything I have learned through the process."

– Megan C.

IMPROVED PRACTICES & INSTRUCTIONAL IMPACT

"This experience has helped me review and refine a lot of practices that had become a natural."

– Amanda A.

"My biggest shift comes with seeking more student input through survey, self-assessment, and self-reflection."

– Adrienne B.

FOCUS ON STUDENT VOICE & FEEDBACK

"Yes! I feel so much more confident and knowledgeable as an educator."

– Justine C.

"I'm definitely more invested in my feedback to students, teammate feedback, and feedback from myself."

– Conrad P.

GROWTH, CONFIDENCE & MINDSET SHIFT

"Growth mindset for me. I feel like I'm learning a lot about myself as a teacher."

– Jen W.

"This has impacted me so much. I feel like it has rejuvenated my instruction and my love for teaching."

– Jen W.

LASTING IMPACT ON STUDENTS & FUTURE PRACTICE

"Kids deserve this level of education. Teachers need time to teach this way."

– Paul G.

"I promise your hard work is going to impact on hundreds of students and their lives."

– Ilissa F.

Candidate comments are drawn from exit tickets.

Certificate areas represented across 97 candidates.

CONCLUSION & NEXT STEPS

The Northern Nevada National Board Cohort demonstrated measurable impact by helping candidates complete components, certify, and continue progressing toward National Board Certification. Candidates reported that structured sessions, individualized feedback, writing supports, and Candidate Support Provider guidance made the process clearer, more manageable, and more supportive.

NEXT STEPS

Targeted support for the candidates completing Component 2 and 3 next year.

Recruit school groups to participate in the 2026–27 cohort together.

Expanded opportunities for certified teachers to serve as mentors and teacher leaders across the region.

Project Overview

The Northern Nevada National Board Cohort supports educators as they pursue National Board Certification, the profession's highest recognition of accomplished teaching. During the 2025–26 cohort year, 97 candidates in Preschool through 12th grade represented a wide range of certificate areas, grade levels, and districts across Northern Nevada. Eight Candidate Support Providers facilitated classes at Sparks High School, provided feedback, and supported candidates throughout the process. The cohort provided structured support through monthly cohort sessions, weekly work sessions at WCSD schools, Zoom sessions for rural candidates, individualized feedback, Component 1 study sessions, written commentary guides, component tip sheets, revision cycles, and a pacing calendar with suggested due dates. Candidates also unpacked rubrics, studied the Architecture of Accomplished Teaching Helix, and examined how National Board expectations aligned to each component.

Why the Project

National Board Certification is a rigorous process that requires teachers to examine their practice, collect evidence of student learning, analyze instructional decisions, and communicate the impact of their teaching. Many candidates begin with strong instructional skills, but need support understanding component expectations, organizing evidence, writing analytically, and maintaining momentum. The cohort was created so candidates would not complete this work in isolation but would instead collaborate with and learn alongside other accomplished teachers across the region. Through consistent guidance, individualized feedback, practical resources, collaboration, and accountability, the cohort made the process more manageable and meaningful. Although the process is designed to take 2–3 years, a larger group of candidates completed all four components in one year because December 2026 will be the last year WCSD offers the 8% National Board incentive before it decreases to 5% in December 2027.

Results and Impact

The 2025–26 Northern Nevada National Board Cohort demonstrated measurable impact across candidate progress, certification outcomes, teacher leadership, and student reach. In December 2025, 40 candidates earned National Board Certification for the 2024–2025 school year, resulting in a 91% pass rate for our cohort. For the 2025–2026 school year, 61 candidates submitted all four components, and 39 candidates will continue working on Components 2 and 3 next year. The cohort was supported by 8 Candidate Support Providers and impacted an estimated 5,560 students. Candidates reported becoming more data-driven, intentional, and student-centered in their instructional decisions, strengthening classroom practice beyond the certification process. The cohort also reflects Nevada's broader commitment to growing accomplished teachers and expanding National Board Certification across the state. Nevada ranks 11th nationally, with 3.80% of educators holding active National Board Certification. According to the National Board-Certified Teacher Directory, Nevada has 1,547 active NBCTs, including 932 in Clark County, 462 in Washoe County, 23 in Carson City, 23 in Douglas, 23 in Lyon, and 9 in Churchill. Candidate feedback provided strong evidence of impact. Candidates described the cohort as supportive, structured, and essential to their success. They highlighted the value of unpacking components, receiving feedback, using writing guides and tip sheets, attending support sessions, and working with knowledgeable Candidate Support Providers. One candidate shared, "The feedback was spot on, constructive, and useful." Another wrote, "I couldn't have done it without you all." These comments show that the cohort provided clarity, encouragement, accountability, and professional growth.

Conclusion

The Northern Nevada National Board Cohort helped educators make progress toward certification, complete components, certify, and grow as reflective practitioners and teacher leaders. The cohort model was effective because it addressed both the technical and emotional demands of National Board Certification. Next steps include supporting candidates completing Components 2 and 3, recruiting school groups for the 2026–27 cohort, preparing NBCTs for Maintenance of Certification, and expanding opportunities for certified teachers to serve as mentors and teacher leaders. This work continues to strengthen accomplished teaching⁴¹⁵ across Nevada and extend that impact to thousands of students.

INTRODUCTION

DCSD Mission Statement

The DCSD mission is to continually grow as an innovative educational community committed to the learning of all.

DCSD Vision Statement

We will inspire, empower, and prepare each learner to achieve his/her life aspirations.

Plan Process

To review the EL Policy and Plan, 7 EL Specialists reviewed the plan in September, 2026. The plan will be shared for approval through the consent agenda with the DCSD School Board in October, 2026.

English Learner specialists who participated in the EL Policy and Plan review:

Rebecca Allen, teacher
Rebecca Linford, teacher
Lissette Hammond, teacher
Natalie Cazares, teacher
Tara Nixon, teacher
Anita Swearingen, teacher
Xochitl Espinoza, teacher
Lauren Spires, PDC facilitator
Leslie Peters, Assistant Director of Education Services

GLOSSARY

Basic Interpersonal Communication Skills (BICS)

Everyday oral skills necessary for survival.

Caseload

Caseloads are the total number of EL students being provided services by a single licensed EL teacher.

Cognitive Academic Language Proficiency (CALP)

Language necessary to read and understand textbooks and core curriculum.

Cooperative Learning

The classroom structure is modified so students work together in small cooperative teams. It is very structured when used in the Johnson and Johnson Model, as measured in T4S.

English Language Development (ELD)

English language development includes instruction that is designed for students whose primary language is other than English. The instructional techniques, assessments, materials and approaches are directed toward communicative competence and academic achievement in listening, speaking, reading and writing in the core and elective curricula. An EL program incorporates the cultural aspects of the student's experiences in the instruction. Students receiving these services are referred to as an EL Student.

English Learners (EL)

An English learner is a student who has a language background other than English, and his/her proficiency in English is such that the probability of the student's academic success in an English only classroom is below that of an academically successful peer with an English language background. The term is employed by Title III as a student age 3 - 21 enrolled in school whose primary or home language is not English and who does not meet proficiency on a state approved language proficiency assessment.

English Language Proficiency

Mastery of reading, writing, speaking and listening in English as demonstrated on the English Language Proficiency Assessment (WIDA Access.)

Exited EL

A student who has demonstrated proficiency in English on the English Language Proficiency Assessment.

Inclusion

Assuring students have access to core curriculum and equal opportunity to participate in district programs and activities.

Incoming EL

An out of state student transferring into the district as an EL. It may also be a student incoming to middle school from elementary school or incoming to high school from middle school.

Language Experience

A method to teach reading using the children's own language in written form. The children learn to recognize and read the vocabulary they speak. Concepts of written language and phonics are also taught through this process.

Long-term English Learners

Students who have had six years or more of formal education in the U.S. Students approach oral fluency criteria in English, but they are not yet proficient in all four domains (reading, writing, speaking, and listening).

Monitor Status

A student who has demonstrated proficiency in English on the English Language Proficiency Assessment and whose academic success is monitored by the English Learner Specialist for four years following exit.

Newcomer EL

A new arrival to the country (less than 2 years) whose primary or home language is not English and who does not meet proficiency criteria on a state approved language proficiency assessment.

Pullout

A pullout program is defined as removing students from a portion of their regular school day in order to attend to some particular English or academic need. It can sometimes be the most appropriate and effective service, especially when students are new to the country and to the English language. There are instances where EL Students need individualized attention away from their regular classroom.

Regularly Scheduled EL Class

A regularly scheduled EL class is one which is held at the secondary level where the EL class is on the student's schedule. EL English may be taken for English credit or Study Skills and Strategies are taken as an elective.

Sheltered English Instruction

Sheltered instruction represents a visual, hands-on approach to teaching in the content areas using a modified vocabulary. Sheltered instruction does not reduce

or eliminate the content area curriculum; instead, it tailors the curriculum to English Learners' proficiency in English. In the sheltered class the teacher uses subject matter as a tool for language acquisition.

Short-term English Learner

Students who are new to the country or have attended U.S. schools for fewer than six years or less. Short-term EL's are typically Limited English Proficient in comprehension/speaking as well as in reading/writing.

Total Physical Response (TPR)

Students are required only to respond physically to commands. Through this approach the students develop high levels of listening skills so that they will be ready to make a non-stressful transition to speaking the language.

EL DEVELOPMENT (ELD) PROGRAM PHILOSOPHY

The Douglas County School District's (DCSD) English Language Development (ELD) program focuses its human and funding resources on assisting students who are learning English as a new language as they learn the language sufficient for academic success. Specifically, the focal point of the ELD program is to increase the proficiency levels of English learners (ELs) in the language proficiencies of listening, speaking, reading, and writing so that they acquire the academic language and social/cultural skills to function in the regular education setting and successfully graduate from high school.

The district is accountable for increasing the English proficiency and core academic content knowledge of ELs as mandated by the state and federal governments under Every Student Succeeds Act (ESSA). The Assistant Director of Education Services provides data which is used to monitor student achievement and support educational decisions.

DCSD's ELD program manages the administration and reporting of the state mandated WIDA assessment. The WIDA determines the English language proficiency levels of the students, shows growth and provides data for program development and evaluation. These academic goals require collaborative efforts between the EL program specialists and regular education programs.

The ELD program is a tiered system requiring more targeted support for students who are not proficient in English and less support for those approaching proficiency. This philosophy may be illustrated as a gradual release of responsibility. The levels of support vary depending on the age and time in the program for each student. A description of services is included in the table on page 10. These services include pulling the student out of the regular classroom, providing ELD support within the regular education context, and a consultative role for the EL specialist once the student demonstrates proficiency with the English language.

Douglas County School District (DCSD) prescribes to the WIDA Guiding Principles of Language Development in its programming and support of students in their language development:

1. Students' languages and cultures are valuable resources to be tapped and incorporated into schooling.

Escamilla & Hopewell (2010); Goldenberg & Coleman (2010); Garcia (2005); Freeman, Freeman, & Mercuri (2002); González, Moll, & Amanti (2005); Scarcella (1990)

2. Students' home, school, and community experiences influence their language development.

Nieto (2008); Collier (1995); California State Department of Education (1986)

3. Students draw on their metacognitive, metalinguistic, and metacultural awareness to develop proficiency in additional languages.
Cloud, Genesee, & Hamayan (2009); Bialystok (2007); Chamot & O'Malley (1994); Bialystok (1991)
4. Students' academic language development in their native language facilitates their academic language development in English. Conversely, students' academic language development in English informs their academic language development in their native language.
Escamilla & Hopewell (2010); Gottlieb, Katz, & Ernst-Slavit (2009); Tabors (2008); Espinosa (2009); August; Genesee, Paradis, & Crago (2004); August & Shanahan (2006); Riches & Genesee (2006); Gottlieb (2003 & Shanahan (2006); Genesee, Lindholm-Leary, Saunders, & Christian (2006); Snow (2005); Schlepppegrell & Colombi (2002); Lindholm & Molina (2000); Pardo & Tinajero (1993)
5. Students learn language and culture through meaningful use and interaction.
Brown (2007); Garcia & Hamayan, (2006); Garcia (2005); Kramsch (2003); Díaz-Rico & Weed (1995)
6. Students use language in functional and communicative ways that vary according to context.
Schlepppegrell (2004); Halliday (1976); Finocchiaro & Brumfit (1983)
7. Students develop language proficiency in listening, speaking, reading, and writing interdependently, but at different rates and in different ways.
Gottlieb & Hamayan (2007); Spolsky (1989); Vygotsky (1962)
8. Students' development of academic language and academic content knowledge are inter-related processes.
Gibbons (2009); Collier & Thomas (2009); Gottlieb, Katz, & Ernst-Slavit (2009); Echevarria, Vogt, & Short (2008); Zwiers (2008); Gee (2007); Bailey (2007); Mohan (1986)
9. Students' development of social, instructional, and academic language, a complex and long-term process, is the foundation for their success in school.
Anstrom, et.al. (2010); Francis, Lesaux, Kieffer, & Rivera (2006); Bailey & Butler (2002); Cummins (1979)
10. Students' access to instructional tasks requiring complex thinking is enhanced when linguistic complexity and instructional support match their levels of language proficiency.
Gottlieb, Katz, & Ernst-Slavit (2009); Gibbons (2009, 2002); Vygotsky (1962)

Douglas County School District (DCSD) further prescribes to the WIDA Standards Framework and its Theoretical Foundations and its description of language development.

“Language development occurs over time and depends on many factors. Second language and literacy skills develop interdependently but at different rates and in different sequences (Araujo, 2002; Fitzgerald & Noble, 2000; Pérez, 1994). A variety of individual and environmental factors impact second language

acquisition, including age, time in the country, and educational background (*Lightbown & Spada, 2006, Spolsky, 1989; Collier, 1987*). Children's varied experiences and backgrounds in addition to program type, curriculum, and the number and quality of opportunities for learning in and out of school, shape their entry points into language development. Recent research shows that language growth occurs more slowly at intermediate levels of proficiency than at beginning levels of proficiency (*Cook, Boals, & Lundberg, 2011*). All of these factors result in a wide range of language proficiencies and a number of paths toward progress among language learners" (p 3).

The table below describes the language services students may receive in this model based on language development:

Pull out/Push In Services	General Ed with EL Specialist Consultation and Tracking
<ul style="list-style-type: none"> -Non-English Speakers -A week or two upon arrival, as needed thereafter for intensive intervention -A temporary orientation program -Individualized -Customized -Focus on listening, speaking, reading, and writing -Regularly monitor progress with various data points -Pull out during ELA and Math classes kept to minimum -May include after-school program - May include time on computer using high quality educational software -Provide help with homework and explanation of the American school system - Helps classroom teachers modify homework assignments and provides testing support. -The focus should be on pre-teaching vocabulary, concepts, and procedures; scaffolding with comprehensible input; and teaching of language objectives using SIOP and/or HQSI strategies. 	<ul style="list-style-type: none"> -The EL Specialist will track language and core content area (ELA and Math) progress of all students in Levels 4 and 5, and consult with general education teachers. Direct teaching by the EL specialist will be at a minimum. -Will provide monitoring support and services for students who have exited for the following classifications: Monitor Year 1, Monitor Year 2, Monitor Year 3, Monitor Year 4.

IN CLASS SERVICES PROTOCOL FOR EL SPECIALISTS/EL AIDE

These guidelines will assist the EL Specialist/EL Aide and general education teacher with possible roles while the Specialist/Aide is supporting student learning within the content area classroom.

Preparation:

- Know language needs of students (communicate English proficiency levels and details)
- Know lesson objective/unit based on prior communication between teachers
- EL Specialist/Aide has a written plan for English language teaching/support ready when working in the content classroom including specific related language objectives
- EL Specialist/Aide arrives to class on time (early when possible)
- Ask student(s) to articulate the learning objective (without interrupting the lesson)
- Use formative assessment to determine if students are learning the content objective and language objective (informal checks for understanding)
- Predetermine acceptable classroom role of EL Specialist/Aide (i.e., acceptable scaffolding to whole class)
- EL Specialist/Aide should be prepared by knowing current content and language objectives to support learning and for teachable moments

EL Specialist/EL Aide Provides Scaffolding:

- While observing the content lesson, develop a study guide, graphic organizer, advanced organizer, homework guide, take notes for later tutoring, create visuals or flash cards, etc., as needed or translated as needed
- Direct students' attention to task (monitor behavior and attention)
- All actions should relate to content and language objectives
- Monitor and adjust (note progress of student and reteach/intervene when appropriate)
- Ask teacher and student how you can better assist
- Consistently communicate with regular education teacher
- Move around room, eye contact with students – help teachers rephrase toward comprehensible input
- Facilitate opportunities for the students to use the language, not just hear it
- Facilitate lesson closure when possible (emphasizing objectives, summary, key vocabulary and concepts, predicting next steps, directions for homework, etc.)
- When direct teaching to the whole class, focus attention to ELs

EL DEVELOPMENT PROGRAM GOALS

The Douglas County School District provides a special instructional program for all students who have a primary or home language other than English and who are identified as *English Learners (ELs)* and qualify for services based upon placement assessment. Our instructional program is based on the *English Language Development (ELD)* models of instruction. The goals of the *ELD* program are to:

1. Provide a comprehensive English language development program aimed at assisting EL students in achieving competence in listening, speaking, reading and writing English.
2. Assist all EL students in making annual, measurable academic progress toward English proficiency.
3. Assist English learners as they learn reading, writing, speaking, listening, math, social studies and science standards.

In order to achieve these goals, the ELD program will make continuous progress toward:

1. Use of district approved resources and supplemental material, proven instructional practices, and an ongoing review of students' progress.
2. Continual professional development opportunities for all teaching and support staff about effective instruction and data analysis.
3. A culture of collaboration that expects every adult to take responsibility for the achievement of every student. *
4. Efforts to reach out to the families of ELs and include them in the education process.

* Some goals were adapted from the work of WestEd (a nonprofit research, development, and service agency).

EL PROGRAM INITIAL IDENTIFICATION CHECKLIST

To accurately identify and track the language proficiency and academic advancement of EL students within the Douglas County School District the following **Title III Data Management Procedures** are used:

- ❑ Students whose home language is other than English are identified by the Home Language Survey through the Infinite Campus Online Registration (OLR) with a language other than English listed in any of the three state mandated areas on the form (native or first language of the student, languages spoken at home and language with peers).
- ❑ The **school secretary** or **registrar** where the child is registering receives a notification that there is another language used **and refers the child to the EL teacher within one day of registration**, providing the student name and school ID number, so that the ELS can view the Home Language Survey and Immigrant Form. The ELS and Title III secretary share any follow up information, testing and surveys for tracking. Immigrant data (if applicable) is entered on the **State/Province-NV** page by adding the Title III Immigrant Program (Pgm 13) to the student's records.
- ❑ On the **State/Province-NV** page select from the drop down menu: Primary Language, Date Entered into the U.S., Date Entered into District, Data Entered into School, Birth Country, and New in Country (if applicable).
- ❑ The EL teacher administers the initial placement test within 30 days of the start of the school year or within two weeks if the child enters after the first 30 days of the school year (per federal regulation).
- ❑ If there is written evidence from the previous school that the student was in the program, there is no need to administer the WIDA screener.

The following are guidelines and cut scores for identification of a student as an English Learner (EL).

Scores/Levels for Identification of English Learners (EL) using WIDA Screener	
Kindergarten: First Semester Speaking and Listening	Kindergarten: Second Semester Speaking, Listening, Reading, and Writing
<p>Administer only Oral domains (Speaking and Listening) of the Kindergarten WIDA ACCESS Is the:</p> <ul style="list-style-type: none"> ▪ WIDA calculator 4.5 or higher ✓ YES: Student meets requirement for proficiency and may not be eligible for EL programming. ✓ NO: If the student does not meet the minimum raw score for proficiency on the Oral portion of the test the student is eligible for EL programming 	<p>Administer all four domains (Speaking, Listening, Reading, and Writing) of the Kindergarten WIDA ACCESS Is the:</p> <ul style="list-style-type: none"> ▪ WIDA calculator 4.5 or higher, and ✓ YES: Student meets requirements for proficiency and may not be eligible for EL programming. The student must meet the minimum raw score on all three portions of the test. ✓ NO: If the student does not meet the minimum raw score for proficiency on all portions of the test, (1. Oral, 2. Reading, and 3. Writing) the student is eligible for EL programming.
Grade 1: First Semester Speaking, Listening, Reading, and Writing	Grade 1: Second Semester Grades 2-12: First and Second Semester* Speaking, Listening, Reading, and Writing
<p>Administer all four domains (Speaking, Listening, Reading, and Writing) of the Kindergarten WIDA ACCESS Is the:</p> <ul style="list-style-type: none"> ▪ WIDA calculator 4.5 or higher, and ✓ YES: Student meets requirements for proficiency and may not be eligible for EL programming. The student must meet the minimum raw score on all three portions of the test. ✓ NO: If the student does not meet the minimum raw score for proficiency on all portions of the test, (1. Oral, 2. Reading, and 3. Writing) the student is eligible for EL programming. 	<p>Administer all four domains of the appropriate grade level WIDA ACCESS <i>*Students entering Grades 3, 6, and 9 during the first semester take the W-APT for the grade they have just completed (e.g. a first semester 3rd grader will take the 1-2 grade test, a first semester 6th grader will take the 3-5 grade test, and a first semester 9th grader will take the 6-8 grade test). Students entering during the second semester take the WIDA ACCESS for their current grade level.</i></p> <p>Is the:</p> <ul style="list-style-type: none"> ▪ Grade level adjusted composite score: 4.5 or higher ✓ YES: Student meets requirements for proficiency and may not be eligible for EL programming. ✓ NO: Student does not meet minimum proficiency requirements and is eligible for EL programming.

□ Following administration of the placement test, regardless of whether

the student qualifies or not, the EL Specialist completes the **EL Student Information sheet for Infinite Campus** and provides a copy to Education Services. Education Services will enter the English Proficiency Level as well as place the student in Program 11.

- The initial placement letter is sent to parents by the EL teacher. ***Note: If the parents opt out of services, the student must be given the WIDA Access every year until he or she exits the ELD program, graduates from high school, or withdraws from school.***
- The EL specialist creates a file for the student and determines services based on the student's English proficiency level. Ongoing communication begins between the EL specialist and the general education teacher(s) with whom the student will work.

Data Upkeep and Management

Records of the student's WIDA proficiency level, SBAC scores and ACT scores must be kept up to date in Infinite Campus. Those data are needed for annual reports and will help teachers determine the instructional needs of the student. Data management and updates will be maintained by Education Services and the AGPM office.

IDENTIFICATION OF *EL STUDENTS*

Initial Identification of *English Learners (EL)*

In accordance with AB 195, Douglas County School District is required to provide for the identification of the primary language of each student enrolled in the school district at the beginning of each school year to assist in the identification of pupils who are English learners. The home language survey is given to every student enrolling in the district as part of the online enrollment process. It is the initial identification of potential students for the *EL* program. When in doubt about a student's English language proficiency, faculty and staff members refer students to the *English Learner Specialist(ELS)* for formal and informal assessment. This situation can occur when the student shows evidence of non-native speaker problems when doing academic work.

Common examples might include:

- Inability to answer simple questions
- Lack of participation or non-completion of work
- Poor oral or written expression
- Sentence structure problems in speaking and/ or writing
- Indication that family is non-English proficient

Responsibilities

The school registrar has the initial responsibility of reviewing the online application and specifically reading over the Home Language Survey (*HLS*) portion. If any language other than English is identified on the *HLS*, the school registrar forwards the survey to the *ELS* for further review and possible assessment. Faculty and staff members are responsible for making referrals to the *ELS* when there is doubt about a student's English language proficiency. The *ELS* will share this information with the Title III Secretary for tracking purposes.

Timeframe

Within one working day of completion of the online registration and Home Language Survey, forms indicating any home language other than English are forwarded to the *ELS*. It is recommended that the *ELS* be consulted before student placement in regular classes to assist in this process. Itinerant EL teachers would be contacted within five school days of the student's enrollment. **All new students with a language other than English listed on the Home Language Survey (native or first language of the student, languages spoken at home and language with peers), must be tested for English language proficiency within 30 school days of the beginning of the school year or within 14 calendar days if they enter school after the first 30 days. Parent notification, in the language parents will understand, of a student's initial eligibility or eligibility for continuing services is sent home within 15 school days.**

Interpreters

No staff with special skills is required for completing the Home Language Survey in the initial identification process. Principals should be contacted for scheduling translators and principals send requests to the Educational Services office for budget approval. Some translation services are available on an as-needed basis.

Documentation of Identification Process

In order to document the identification process, the Home Language Survey online indicates any home language other than English by flagging and emailing the *EL Specialist (ELS)* and Title III secretary. *ELS* document formal assessment (currently the WIDA screener) used in determining the need of *EL* services. The *ELS* sends a copy of the **EL Student Information sheet for Infinite Campus** to Education Services where the appropriate data will be entered in Infinite Campus. When a student is placed in the district EL program for the first time, an “Initial Placement” letter is sent home within 15 calendar days. “Continuing Placement” letters notifying the existing student’s parents that services will continue into the school year are sent within 15 calendar days from the first day of school to all eligible students. (Appendix A: Parent Notifications) Each school site keeps a copy of any letters that have been sent to parents in their accumulative file.

Continuous communication begins between the *ELS* and regular education teachers about the language needs of identified students.

TIMELINE FOR DATA MANAGEMENT

Review of timeline for data management:

Student Services	Time Frame
New student with language other than English arriving on the 1 st day of school	Tested within 30 days from beginning of school
New student with language other than English arriving after the 1 st thirty days of school	Tested within 14 calendar days after student's arrival
New Qualifying EL Student	Parent notification is sent within 14 calendar days of student's initial eligibility (Placement test)
Continuing EL Students	Parent notification is sent within 30 calendar days of the start of school
Exited EL Student	Parent notification is sent at the beginning of the following school year
EL Student Information Sheet for Infinite Campus	This form must be filled out within 30 days for new students. The form's accuracy is essential and must be forwarded to the Title III office as soon as possible.
Testing Accommodation Form for any student in the program as needed; optional for former EL	Place form in student's EL folder at least 1 month prior to first state assessment. Give a copy to the testing administrator for the site.
Monitor Placement Form	Mailed annually to the parents until after year 4 screening is complete.

ASSESSMENT OF *EL* STUDENTS

Procedures for Assessing Potential *EL* Students

Once identification of a potential *EL* student takes place, *EL* teachers utilize the WIDA Screener test as the formal language placement assessment for all *EL* students in Douglas County. The WIDA screener test is used for classification, placement, and specific diagnosis. For primary students in grades K-1, the K WIDA screener is used for this placement purpose. A state approved English language proficiency assessment is used to measure annual student progress during the annual state appointed testing window. The current Nevada assessment is the WIDA ACCESS.

Language Skill Areas Assessed

The WIDA screener measures ability in the four language modalities of speaking, listening, reading, and writing, giving a holistic assessment of potential social and academic functioning in basic English. The WIDA screener is a comprehensive assessment designed to provide complete information about a student's language proficiency.

Annual Formal Language Assessment Instrument

As mandated by Title III guidelines, the District utilizes the State approved assessment, which is currently the WIDA ACCESS, to determine students' annual progress toward English proficiency. These annual measures are given during a testing window each year following strict testing procedures and test security guidelines. Student results are reported in three ways: as raw scores, scale scores, and English language proficiency (ELP) levels. Scores are reported for each of the four language domains and in several composites as follows:

- Listening
- Speaking
- Reading
- Writing
- Oral Language (Listening 50%, Speaking 50%)
- Literacy (Reading 50%, Writing 50%)
- Comprehension (Listening 30%, Reading 70%)
- Overall (Listening 15%, Speaking 15%, Reading 35%, Writing 35%)

Persons Responsible

Currently, all *EL* Specialists in Douglas County are highly qualified. These *EL* staff members, trained in WIDA testing procedures and proficient in English, administer the examination. This exam is administered on an online platform during the online registration process. Because the WIDA is high-stakes, the site administrator is responsible for secure storage, signing out the test

booklets and log in tickets, collecting completed tests, and returning the materials.

Documentation of English Language Proficiency Assessment Results

The annual WIDA is administered in-district but scored by the testing publisher. The results are sent directly to the Title III office at the State. District reports are then sent to the Education Services office and are distributed to individual schools. The EL Specialist is responsible for maintaining a database of their EL students listing their current language proficiency levels in all four domains (reading, writing, listening, and speaking). A copy is then placed into the student's cumulative file.

Academic Achievement Assessments and Tracking

Students may not be exited from the ELD program until they reach an overall Level 4.5 or higher on both the overall composite as well as literacy composite on the ELPA. Once a student meets the criteria, he or she is exited from the program. As of 2021, students who meet the following scores may be eligible for the Alternate English Proficiency pathway.

- Grade 3-8 student received 3's or higher on the SBAC ELA and Math assessments for corresponding year AND overall WIDA ACCESS score of 4.0-4.4
- Grade 9-10 student received 3's or higher on 8th grade SBAC ELA and Math assessments AND overall WIDA ACCESS score of 4.0-4.4.
- Grade 11 student received a 17 on ACT ELA and a 20 on ACT Math AND overall WIDA ACCESS score of 4.0-4.4.
- Grade 12 student received a 17 on the 11th grade ACT ELA and a 20 on ACT Math assessments AND overall WIDA ACCESS score of 4.0-4.4.

*Reclassification determinations must be made and communicated to parents within 30 days of the beginning of the school year/ Changes in EL status must be made in Infinite Campus prior to October 1st.

The EL Specialist and Education Services must keep current records of the following information in Infinite Campus and in the student's green EL folder:

- Student name
- Grade level
- Ethnicity
- Year the student was enrolled in the ELD program
- English language proficiency level upon entry
- Current English language proficiency level
- Exit date

The student green EL folder must be kept in the student cumulative file.

The district's Educational Services office will run periodic Infinite Campus queries to determine quality of data input and upkeep. The EL and Immigrant data must be kept current for reporting and test purchasing purposes as several state reports are required for both EL and Immigrant students.

ALTERNATIVE PROGRAM OF SERVICES FOR *EL STUDENTS*

Match of Services to Educational Theory

The DCSD *EL* program has two instructional components. First is the direct teaching of the English language skills of speaking, listening, reading, and writing. The second component is assisting *EL Students* with skills needed to succeed in learning the general education curricula. Instruction is provided both within the regular classroom and the *EL* classroom environments by balancing structured immersion (in-class) and minimal pull out services based upon the needs of each student.

Models of Instruction

EL services in Douglas County School District are delivered through a variety of configurations using regularly scheduled *EL* classes, pull out sessions, and in-class services (inclusive practices):

- Push-In language instruction
- Pull-Out language instruction

EL students are to be provided services in facilities comparable to those of mainstreamed students, in accordance with Office of Civil Rights guidelines. *EL* students are to be given an equal opportunity to reach the same high standards as other students and their education is the shared responsibility of the entire school community.

Specific instructional services include combinations of the following based on the needs of the student:

- Intensive English Instruction - is provided to *EL* students by the *EL* Specialist. Intensive language instruction is most often delivered through a pull out model, small group format in the regular classroom, or separate *EL* classes. There must be an effort to reach out to families to involve them in the child's education. This may require *EL* family nights or meetings with an interpreter in attendance.
- Sheltered Instruction or Structured Immersion- is provided to *EL* students by regular classroom teachers and the *EL* Specialist. *EL* students are placed in the general education classrooms, but the teachers and *EL* Specialists use scaffolding practices such as communicating academic language objectives, consciously making input comprehensible, and the use of pre-teaching of key vocabulary and modeling, cooperative learning, supplementary materials, showing explicit links to background knowledge, and ample practice opportunities.
- Transition Services – are provided in the regular classroom by the *EL* teacher or aide. Students at the higher English proficiency levels are transitioning from content support to

full classroom participation. Students at the secondary level are scheduled into the full range of academic courses, with content support available as needed from the EL Specialist, aide, or content area teacher. EL students will be placed in classrooms that are supported by the EL Specialist and regular education teacher whenever possible. Elementary students receive content support by the EL Specialist in consultation with the classroom teacher.

- **Monitor Services** – The EL Specialist will monitor for four years, and then as needed, the progress of ELs who have reached proficiency in English (as determined by a Level 4.5 on the WIDA Access in both overall composite as well as literacy composite) and will be available for consultation about continued student progress with the regular classroom teacher.

Support provided to EL students by aides is always under the direction of an EL Specialist. Teachers in the regular classroom, in consultation with the EL teacher, will need to modify and adapt their course work to meet the special needs of EL students as needed.

Variations in Services

Although a consistent, district-wide program of services is provided for EL Students, the EL specialist is the case manager, determining the amount and type of service that an individual EL student receives within the district-wide program. WIDA results, state tests, benchmarks, classroom grades, and communication with other teachers are some of the factors to be taken into account in determining individual services.

Transition of Services

To ensure consistency of program, transition meetings will be held at the end of each school year between EL teachers for EL students transitioning from elementary school to middle school or middle school to high school.

Notification of Parents

The Home Language Survey informs all enrolling families about the provision of a program of *English Language* Development for those students who qualify (Appendix A: Parent Notifications). Spanish is currently the home language of the vast majority of the EL students in Douglas County. Calendars of events and school schedules will include Spanish translated information and a note to call the school if additional information is needed. Translation services are utilized on an as-needed basis for parents who speak a language other than Spanish or English.

STAFFING AND RESOURCES

Staffing

EL Specialists must have an endorsement to teach English as a second language, in accordance with NRS 391.237, which includes having a valid elementary or secondary license and additional course work in the acquisition of a second language. All teachers currently employed in the EL program hold appropriate endorsements. EL aides are hired in accordance with the Douglas County School District EL Aide Position Description, which includes having a high school diploma or equivalent, ability to work cooperatively with others, and a thorough knowledge of the English language.

All of the teachers and aides in Douglas are considered “Highly Qualified”. The district offers teacher training to enable general education teachers to meet the educational needs of limited English proficient students, including strategies listed in Nevada Educator Performance Framework.

The Assistant Director of Education Services oversees all aspects of the instructional program of EL services. EL Specialists are the teachers who provide intensive English instruction and consult with regular classroom teachers. EL aides may assist in the provision of these services, including those EL services provided in the regular classroom under the supervision of the classroom teacher. School administrators are responsible for overall EL program support and supervision at individual sites, coordinating state testing efforts, and ensuring the provision of necessary data to the district for state reporting purposes through Infinite Campus upkeep. The English Language Development Program provides adequate numbers of licensed EL staff to all schools. Caseloads are the total number of EL students being provided services by a single licensed EL teacher. It should be noted that the EL specialist does not instruct all students in the *caseload* at one time. As part of a yearly review, the Assistant Director of Education Services considers whether or not to increase or decrease licensed EL staff and program aides based upon the same criteria for the staffing of other instructional programs. Mid-year adjustments may be made in accordance with need and available resources.

Resources and Curriculum Materials

An effort is made through coordination by Education Services to provide a consistent curriculum. EL specialists may also select instructional materials as appropriate for the levels of language proficiency and the ages of their students. Resources and materials used may include:

- leveled guided reading books
- content area glossaries and supplemental textbooks
- elementary and secondary district curriculum resources
- multicultural/ multilingual text and materials
- visual vocabulary supports
- listening centers
- computers and electronic translators

- a variety of dictionaries, including picture dictionaries
- current maps and globes
- graphic organizers
- iLit ELL
- Reading A-Z

All DCSD classroom teachers and specialists utilize high quality rigorous instructional materials and practices that align with the Nevada Academic Content Standards and receive ongoing professional development and coaching in the implementation of high quality instructional strategies that integrate multi-cultural relevance, building of background knowledge and the acquisition of academic language into all content area and language development instruction. DCSD teachers use learning progressions to monitor student classroom progress toward proficiency on priority standards. Elementary (K-5) teachers also give Common Formative Assessments for ELA and Math priority standards to all students to show evidence of learning and give direction in next steps for instruction. DCSD Administrators have also been trained in the coaching and support of teachers in these strategies.

Through Professional Development, DCSD teachers have opportunities to learn more about effective strategies to use with EL students. DCSD employs a PDC trainer who has an ELAD endorsement and who offers multiple professional learning opportunities throughout the year for both EL specialists as well as general education teachers.

While WIDA screen testing materials will be used in initial placement, the WIDA ACCESS will be used to measure annual student progress in language acquisition. The WIDA MODEL is used as an interim assessment to document language development progress. District and grant resources will be committed as needed for the purchase and scoring of mandated test materials. In accordance with the district's Strategic Plan, as new textbooks are adopted, a set of materials is purchased for the EL specialists.

EL PROGRAM EXIT CRITERIA

Formal Exit Criteria

English learners who are placed in an English language program will remain in the program until the student obtains language proficiency based on an appropriate assessment of students who are English learners, unless the parent or legal guardian of the student declines for the student to remain placed in a program for English learners. Students will be exited from direct language services and supports when the following formal assessment criteria are met:

1. Achieving Overall Composite of 4.5 as well as the “Literacy Composite” column of the WIDA Access, or following the alternate exit criteria that can be found on page 19.

Once a student meets the criteria above, the student is exited from the program. The EL specialist will continue to monitor the students for four years and consult with the regular education teachers about student progress and appropriate instructional methods and materials.

Documentation

A report of the final WIDA Access scores, Language Proficiency level, required state assessments for English/Language Arts and math, and pertinent classroom data are placed in the *EL Student’s Record* file. This file is stored in the student's permanent cumulative record folder. All scores, levels, and records must be kept current in Infinite Campus by Education Services. Additionally, Initial Placement, Continuing Placement, and Testing Accommodation forms need to be included in the Student’s EL Record File. After one year of continuing placement and documentation, it is not necessary to include a copy of the letter if there is documentation of when and to whom the letter was sent.

The WIDA Access results are sent to the district’s Educational Services office from the Nevada Department of Education and those results will be used to help determine the school’s rating in the Nevada School Performance Framework (NSPF).

MONITORING THE ALTERNATIVE PROGRAM OF SERVICES

The DCSD Education Services will monitor students' progress on standardized WIDA Access and state academic tests on an annual basis for district improvement planning purposes. EL Specialists will use the same data to inform instructional practice and for communicating with the student, parents, and teachers.

1. Monitoring Progress of Former EL Students

Student Success Data

The EL Specialist will monitor the progress of ELs who have reached proficiency in English and will be available for consultation about continued student progress with the regular classroom teacher. The EL specialist will keep a database of former ELs and monitor their academic progress and at the secondary level, specifically focus on requirements to graduate, performance on state assessments as well as credit acquisition.

Re-Identification of Former *EL* students

If exit criteria are met and, subsequently, the student experiences academic failure, other possible factors must be researched. The student should be interviewed and counseled by the regular teacher, EL specialist, or counselor. A student's English proficiency may be reassessed using the screener, staff observations, and the student's work portfolio, as well as district and state assessments results. If there is evidence that the problem is lack of English proficiency, the student may re-enter the *ELD* Program with approval from Education Services and the student's parents. If the evidence shows that the student is failing due to other factors, the student will not re-enter the *ELD* program but other interventions will be considered within the regular instructional program.

2. Program Evaluation

Persons Responsible

EL specialists and site administrators must closely monitor the effectiveness of their school's *ELD* program by studying student achievement data on formal and informal measures of academic progress and English acquisition. This is a part of the annual school performance planning process. Interim assessments in the form of the MAP are available for use up to three times per year and those data will help to predict student growth on the annual WIDA Access.

The DCSD Education Services will also monitor program effectiveness based upon the annual WIDA Access reports and proficiency levels will be reported to schools annually.

Some of the factors that may be used to examine effectiveness of the EL program are:

- School NSPF data and designations
- Number of English learners who have been reclassified/exited from the EL program

- Initial and continuing placement notification
- State Proficiency Test results, and standardized test scores of EL students compared with the performance of their non-English learning peers
- District assessment results of EL students compared with the performance of their non-English learning peers
- Graduation and drop-out rates of English Learners
- Credit acquisition of English Learners
- Former EL status follows with the student until graduation.

ADDITIONAL DISTRICT SERVICES

Among the district services for which *EL Students* may qualify are: Reading Specialist interventions, Speech, Special Education, and Gifted and Talented. DCSD relies on multiple measures to assess students for Gifted and Talented services, including the Naglieri Nonverbal Ability Test specifically to assess English Learners. For multiple services offered during the school day, student placement is decided by the appropriate legal and district procedures.

Assigning *EL Students* to Special Education

Decisions about Special Education services must be based on solid testing practices, and involve careful examination by a specialized team that is competent in designing student interventions including guidance provided by the EL Specialist.

Those EL students suspected of having a disability will be referred and identified consistent with IDEA, with particular attention given to those aspects germane to second language learners.

Compliance with all current district and federal guidelines regarding Special Education placement includes adhering to all regulations regarding limited English-speaking students. This includes the translation of materials and communications with the family into the native language. Interpreters will also be available as needed.

Qualification for Special Education services will not exit a student from the EL program. If stated in the Individual Education Plan, WIDA Access testing in the form of the Alternate ACCESS may be administered. A statement similar to the following must be recorded in the child's IEP to be included in the Alternate ACCESS Test: "Because of this child's significant cognitive impairment, this child's special education eligibility precludes the ELPA from functioning as an appropriate measure of his/her language acquisition."

Douglas County School District Board Agenda Item Memo

Date: 9/3/26

To: DCSD Board of Trustees

From: Leslie Peters, Assistant Director of Education Services

Re: 26-27 District Performance Plan (DPP)

Requested Action: Approve the 26-27 District Performance Plan

Background Information: Nevada Department of Education requires local education agencies to submit a yearly District Performance Plan. Our plan has goals focused on K-3 reading, 4-8 math, MTSS fidelity, College and Career Readiness diplomas, Chronic Absenteeism, Emotional Safety of students and language acquisition progress of our English Learners.

Budget Considerations and Impact: N/A

Recommendation: Approve the 26-27 District Performance Plan.

Discussed at Previous Meeting: N/A

Key issues for Board Discussion:

Attachment(s):

26-27 District Performance Plan

Douglas County School District

2026-2027 District Improvement Plan

District Approval Date:
June 23, 2026

Mission Statement

Ensure that all students achieve excellence in education, character and citizenship, in partnership with parents and the community.

Vision

We will Inspire, empower and prepare each learner to achieve his/her life aspirations. We will continually grow as an innovative educational community committed to learning of all.

Stakeholder Engagement

Prompt	Response
In 2-3 sentences, describe how the district engages required stakeholder groups in the needs assessment and decision making processes including: Parents and families, students at risk of failure and dropping out, educators and school leaders, community groups, historically underrepresented groups (ELs and MLs, racially & ethnically diverse stakeholders, indigenous populations, economically disadvantaged, transient populations), private and charter schools, and other hard-to-reach groups.	All families in DCSD are invited to attend quarterly District Parent Advisory Council (DPAC) meetings. Information is shared and stakeholder feedback is requested for various topics. District survey are also conducted when requesting specific information.
What lessons did you learn from your stakeholder groups that are informing your improvement priorities for the upcoming school year?	Parents in our district want to get back to discussing students and h we are helping them grow and make progress. This information has been important in selecting goals for our district performance plan a where to put our resources and energy.
What has worked well in your previous engagement efforts?	Our number of parents who attend the DPAC meeting is very limited We have discussed having each department including Education Services, Inclusive Education, Human Resources and Superintenden each facilitate one meeting per year in order to share specific information related to specific student groups.
What might you do differently to increase or improve engagement moving forward?

Comprehensive Needs Assessment

Student Success

Areas of Strength

- All K-8 teachers have completed professional development lesson studies for the Mathematical Practices through Routines for Reasoning. This has allowed for vertical alignment of practices and strategies.
- Increase in literacy foundational skills professional development to elementary staff through literacy specialists.
- 24/25 Acing Accountability data showed an increase in the number of K-3 students who showed grade level proficiency on Reading MAP assessment.
- 24/25 Acing Accountability data showed an increase in the number of 4-8 students who were proficient on the SBAC Math assessment.
- 24/25 Acing Accountability data shows 78% of high school students are enrolled in at least one course unique to the College and Career Ready Diploma.
- 24/25 Acing Accountability data shows 86.3% of students demonstrated proficiency on courses unique to the College and Career Ready Diploma.

Areas for Growth

- We have 24% of students who are dually qualified for English Language services as well as special education services.
- 24/25 Acing Accountability data shows 57.8% of students in grades K-3 met or exceeded their personalized learning growth goal in Reading as measured by MAP Growth. This was a decrease from the 23/24 data.
- 24/25 Acing Accountability data shows 45.9% of students in grades K-3 demonstrated proficiency in Reading as measured by MAP Growth. This did not meet the 5% increase threshold set by the state.
- 24/25 Acing Accountability data shows 15.4% of students in grades 4-8 were on track to be proficient within 3 years or by 8th grade in Math based on SBAC scores. This did not meet the 5% increase threshold set by the state.
- 24/25 Acing Accountability data shows only 25% of students graduated with a College and Career Ready Diploma. This is a decrease from the previous year.

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
<div>1</div> <div>★</div> <div>DCSD decreased the percentage of students (25%) who graduated with a College and Career Ready Diploma during the 24/25 school year.</div>	Limited discussion with students about requirement of a CCR Diploma and helping them to select that pathway, even in 8th grade.
<div>2</div> <div>★</div> <div>57.8% of K-3 students met or exceeded their personalized growth goal as measured by the Reading MAP Growth assessment.</div>	Lack of consistent K-5 ELA curriculum Inconsistent implementation of foundational literacy strategies Some upper elementary teachers (4th/5th) lack sufficient understanding of foundational literacy skills and how best to support struggling readers
<div>3</div> <div>★</div> <div>35.4% of 4-8 grade students demonstrated proficiency in Math based on the SBAC assessment.</div>	Difficulty finding an access point for the math problems to read and understand what they are asking Difficulty in responding and showing mathematical thinking through modeling and writing Lack of perseverance in working through more rigorous math problems

★ = Priority

Connectedness

Areas of Strength

- Chronic Absenteeism for the district continues to show a downward trend. As of April 2026, chronic absenteeism is at 18.25%. This is a decrease from the 24/25 Acing Accountability data of 19.8%.
- DCSD saw a positive increase across most domains on the NV School Climate Survey for students between the 23/24 and 24/25 school years. Physical Safety saw a district-wide increase of 10 points.

Areas for Growth

- Although DCSD has seen improvement with chronic absenteeism, there is still room for improvement at all sites across the district.
- NV School Climate survey data indicates that although there has been growth, Emotional Safety falls in the area of "needs improvement."

★ = Priority

Instructional Practices and Supports

Areas of Strength

- SIOP training offered to EL Specialists and general education teachers.
- UFLI literacy training for elementary staff provided by literacy specialists.
- DCSD continued support for teachers in their first two years of employment in the district through Academy 1 and Academy 2 professional development support and mentoring. 24/25 Acing Accountability data shows an increase in the percentage of classrooms with a licensed teacher. This speaks to the importance of professional development to support and retain educators in our district.
- All school sites in Douglas County were trained in collaboration with UNR Technical Assistance Center in PBIS and Tier I MTSS during the 25/26 school year. In the Fall of the 25/26 school year, 55% of school sites were implementing Tier I with fidelity. We are hoping for 100% of schools with Tier I fidelity by June 2026.

Areas for Growth

- Science of Reading training for ALL K-5 teachers, paraprofessionals, administrators and administrator supervisors.
- Secondary literacy training to support PreK-12 grade literacy.
- Additional instructional support for EL specialists to support newcomers as well as long-term learners.
- K-5 curriculum adoption.
- Continued work with UNR Technical Assistance through an integrated training model for behavior and academic supports for all sties in DCSD so that ALL sites are implementing Tier I with fidelity and some sites are moving toward Tier II fidelity implementation.

Equity Resource Supports

Problem Statements Identifying Instructional Practices and Supports Needs

Problem Statement	Critical Root Cause
<div>1</div> <div>★</div> <div>Lack of research-based district resources for newcomers and long-term English Learners</div>	<div>Instructional resources for newcomers and long-term English Learners has not been a priority</div>

★ = Priority

Priority Problem Statements

Problem Statement

Critical Root Cause

1
★

DCSD decreased the percentage of students (25%) who graduated with a College and Career Ready Diploma during the 24/25 school year.

Limited discussion with students about requirement of a CCR Diploma and helping them to select that pathway, even in 8th grade.

2
★

57.8% of K-3 students met or exceeded their personalized growth goal as measured by the Reading MAP Growth assessment.

Lack of consistent K-5 ELA curriculum Inconsistent implementation of foundational literacy strategies Some upper elementary teachers (4th/5th) lack sufficient understanding of foundational literacy skills and how best to support struggling readers

3
★

35.4% of 4-8 grade students demonstrated proficiency in Math based on the SBAC assessment.

Difficulty finding an access point for the math problems to read and understand what they are asking Difficulty in responding and showing mathematical thinking through modeling and writing Lack of perseverance in working through more rigorous math problems

4
★

Lack of research-based district resources for newcomers and long-term English Learners

Instructional resources for newcomers and long-term English Learners has not been a priority

5
★

Lack of consistent system for data analysis, intervention selection and implementation and progress monitoring for students across all school sites.

Not all schools have had MTSS training for academics yet Some school sites still require additional coaching support with MTSS data decision rules and implementation fidelity

6
★

Overall, students' feeling of Emotional Safety needs improvement.

Increase in mental health challenges for students across all schools Decrease in number of social workers in DCSD Most schools started their MTSS work this year and are initial stages of implementation

Inquiry Areas

Inquiry Area 1

Student Success

SMART Goal 1

In grades K-3, at least 65% of students will meet or exceed their individual growth goal AND in grades K-3 students will have an annual increase of at least 5 points in the percentage of students who demonstrate proficiency scoring at or above the 65th percentile as measured from Fall 2026 to Spring 2027 Reading MAPs.

State Priorities: Implementing reading & math resources, Literacy in K-3

Improvement Strategy 1

Provide all K-5 teachers, paraprofessionals and site administrators with Science of Reading professional development.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Science of Reading PD plan created and submitted to NDE	DCSD Office of Teaching and Learning DCSD Professional Development Center facilitators	May 2026	
2	Coordination of training dates for literacy specialists with NWRPDP	DCSD Office of Teaching and Learning DCSD Professional Development Center facilitators	May 2026	
3	Schedule 2026 PD training dates for all elementary sites with NWRPDP staff and DCSD PDC trainers	DCSD Office of Teaching and Learning DCSD Professional Development Center facilitators	May 2026	
4	Provide Science of Reading professional development across DCSD between August 2026 and March 2027.	DCSD Office of Teaching and Learning DCSD Professional Development Center facilitators NWRPDP trainers Site Literacy Specialists	August 2026-March 2027	

Resources Needed: 7 Might Moves book for all K-2 teachers, paraprofessionals, support staff and site administrators

Instructional resources for newcomers and long-term English Learners has not been a priority

SMART Goal 2

Decrease the percentage from 21 % to 18% of students who are qualified for both EL and IEP services by using the EL Critical Data Matrix with MTSS teams when discussing additional services for EL students.

Douglas County School District

Carson Valley Middle School

2026-2027 School Improvement Plan

District Approval Date:
September 11, 2026

Mission Statement

CVMS will inspire and prepare students to be independent life-long learners and empower them to make connections and have a positive impact in a diverse, ever-changing world.

Vision

We teach because we love watching students grow into the best versions of themselves. Our goal is for every student to feel a sense of purpose and agency, to make meaningful connections with others, and to become safe, respectful, and responsible citizens who positively impact our community."

Comprehensive Needs Assessment

Student Success

Areas of Strength

- Improved mathematics achievement, demonstrated by increased SBAC performance.
- Significant improvement in student behavior, demonstrated by the reduction in office discipline referrals.
- Strong access to student achievement data, including MAP Reading and i-Ready Mathematics administered three times annually.
- Increased teacher collaboration, supported by the implementation of common plan time for core content teachers.
- A growing culture of student ownership and leadership, supported by advisory, Leader in Me, and the "Own Your Journey: Lead the Way" schoolwide focus.

Areas for Growth

- ELA Achievement and Growth
 - Strengthen reading comprehension, writing, vocabulary, and literacy across content areas following the slight decline in ELA SBAC performance.
- Consistent Tier 1 Instruction
 - Increase consistency in differentiation, rigor, engagement, and instructional strategies across classrooms.
- Data-Driven Instruction
 - More consistently use MAP Reading and i-Ready Mathematics data to identify needs, adjust instruction, and monitor student growth.
- Intervention and Enrichment
 - Strengthen systems to provide timely intervention for students needing additional support and enrichment or acceleration for students ready for greater challenge.
- Student Ownership and Engagement
 - Increase students' ability to understand their academic data, set goals, monitor progress, and take ownership of their learning.
- PLC and Common Planning
 - Maximize new common planning time so teacher collaboration results in measurable changes in instruction and improved student outcomes.

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
<div data-bbox="151 268 194 359">1</div> <p>Although CVMS has made meaningful progress in student behavior and mathematics achievement, continued gaps remain in ensuring all students consistently demonstrate grade-level mastery and make appropriate academic growth. Office discipline referrals have decreased, reflecting stronger behavioral systems and student expectations, while SBAC mathematics performance has improved. However, ELA achievement declined slightly, indicating a need to strengthen literacy instruction and student engagement across all grade levels. Additionally, differences in student readiness, skill levels, and learning needs require more consistent differentiation, intervention, enrichment, and opportunities for students to take ownership of their learning.</p>	<p>Inconsistent Differentiation and Tier 1 Instruction Students enter CVMS with a wide range of academic skills and readiness levels. While advanced opportunities such as GT and accelerated coursework are available, core instruction must consistently provide appropriate challenge, scaffolding, and support for all learners. Inconsistent Use of Student Data to Drive Instruction CVMS has access to MAP, SBAC, i-Ready, Accelerated Reader, and classroom assessment data. However, the use of this data to identify specific learning gaps, adjust instruction, provide targeted intervention, and monitor student growth is not yet fully consistent across classrooms and grade levels. ELA Achievement and Literacy Growth The decline in ELA SBAC performance demonstrates a need for a stronger schoolwide focus on literacy, including reading comprehension, academic vocabulary, writing, and students' ability to apply literacy skills across content areas. Student Ownership and Engagement CVMS has strengthened behavioral systems and reduced discipline referrals, but academic ownership must continue to grow. Students need consistent opportunities to understand their academic data, set goals, monitor progress, and take responsibility for their learning. Ensuring Access to Support and Challenge for All Students Student success cannot be limited to students enrolled in accelerated or GT programs. All students need access to appropriate intervention, enrichment, and rigorous instruction based on their individual needs. A stronger MTSS approach, combined with effective Tier 1 instruction and targeted interventions, will help ensure students receive the support or challenge necessary to reach their potential.</p>

 = Priority

Adult Learning Culture

Areas of Strength

Common Planning Time

Implementation of common plan time for core content teachers provides a strong structure for collaboration and shared instructional planning.

Collaborative Teacher Culture

Teachers are increasingly working together to discuss student needs, share strategies, and develop consistent approaches to instruction.

Access to Meaningful Student Data

MAP, i-Ready, SBAC, common assessments, and classroom data provide teachers with multiple sources of information to guide instructional decisions.

Willingness to Reflect and Improve

Staff demonstrate a willingness to examine student outcomes, identify areas of need, and adjust instructional practices.

Focus on Student Outcomes

Professional conversations are increasingly centered on student achievement, growth, engagement, and identifying ways to better support individual learners.

Areas for Growth

Maximize Common Planning Time

- Ensure common plan time consistently focuses on student learning, instructional strategies, and measurable outcomes.

Strengthen Data-Driven Collaboration

- Increase consistent use of MAP, i-Ready, common assessments, and student work to guide instructional decisions.

Increase Consistency in Tier 1 Instruction

- Strengthen differentiation, engagement, rigor, and evidence-based instructional practices across classrooms.

Strengthen PLC Effectiveness

- Move PLCs from primarily sharing information to a consistent cycle of assess, analyze, plan, implement, and adjust.

Increase Collective Teacher Ownership

- Continue building a culture where teachers share effective practices, learn from one another, and see student success as a collective responsibility.

Problem Statements Identifying Adult Learning Culture Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>CVMS will develop a consistent, collaborative culture of adult learning in which educators use student data, evidence-based instructional practices, and professional collaboration to improve outcomes for every student. Through purposeful PLCs, common assessments, data analysis, and professional learning, teachers will strengthen Tier 1 instruction, differentiation, literacy practices, and targeted interventions while sharing effective strategies and monitoring their impact on student learning.</p>	<p>Inconsistent Use of Data to Drive Instruction Although CVMS has access to multiple sources of student data, including SBAC, MAP, i-Ready, common assessments, and classroom data, teachers do not yet consistently use data to identify specific skill gaps, adjust instruction, and monitor the effectiveness of interventions. Inconsistent Tier 1 Differentiation and Instructional Practices Students enter CVMS with a wide range of academic readiness and learning needs. Differentiation, scaffolding, enrichment, and opportunities for increased rigor are not yet consistently implemented across classrooms, resulting in some students receiving instruction that is not appropriately matched to their individual needs. PLCs Focus More on Collaboration Than on Instructional Response While teachers collaborate through PLCs, the work is not yet consistently focused on the cycle of identifying a learning standard, analyzing evidence of student learning, determining instructional responses, implementing those responses, and measuring whether the response resulted in improved student outcomes. Limited Collective Ownership of Student Outcomes There is an opportunity to strengthen the belief that student achievement and growth are a shared responsibility across the entire school. Teachers need consistent structures and expectations for sharing effective practices, examining student work, learning from colleagues, and collectively responding when students are not making expected progress. Need for Stronger Schoolwide Literacy Practices The decline in ELA SBAC performance indicates a need for greater consistency in literacy instruction across all content areas. Teachers need shared strategies for reading comprehension, academic vocabulary, writing, and helping students engage with increasingly complex texts.</p>

 = Priority

Connectedness

Areas of Strength

Strong Adult-Student Relationships

- Staff prioritize relationships and work to create a supportive environment where students feel known and cared for.

Improved School Climate

- The significant reduction in discipline referrals reflects stronger relationships, clearer expectations, and a more positive school environment.

Student Leadership Opportunities

- The “**Own Your Journey: Lead the Way**” focus provides a strong foundation for developing student voice, leadership, and ownership.

Multiple Opportunities for Involvement

- Athletics, clubs, electives, leadership, and enrichment programs provide students with multiple ways to connect with peers, staff, and the school.

Areas for Growth

Increase Student Sense of Belonging

- Ensure more students feel known, valued, and connected to CVMS.

Strengthen Adult-Student Connections

- Ensure every student has a trusted adult at school who knows them, supports them, and regularly checks in with them.

Increase Student Voice and Leadership

- Provide more meaningful opportunities for students to contribute ideas, make decisions, and lead within the school.

Expand Student Involvement

- Increase participation in athletics, clubs, activities, and other opportunities, particularly for students who may not currently feel connected to school.

Strengthen Advisory

- Use advisory more intentionally for relationship-building, student goal-setting, reflection, and developing a stronger sense of belonging.

Use Student Feedback to Drive Improvement

- Regularly gather and analyze student voice and connectedness data to identify gaps and make adjustments to the student experience.

Problem Statements Identifying Connectedness Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>Although CVMS has made progress in strengthening student behavior, relationships, and schoolwide expectations, opportunities remain to increase students' sense of belonging, connection, and ownership of their school experience. With a growing and diverse student population, some students may not yet feel consistently known, valued, or connected to an adult, peer group, activity, or meaningful aspect of school. Students need increased opportunities to build positive relationships, develop their voice and leadership skills, and see themselves as an important part of the CVMS community. Strengthening connectedness will help support student engagement, academic success, positive behavior, and the development of confident student leaders.</p>	<p>Inconsistent Adult-Student Connections While many CVMS staff members build strong relationships with students, not every student has a consistent connection with a trusted adult who knows them well, understands their strengths and needs, and intentionally checks in with them. A more systematic approach is needed to ensure that students who are less engaged or more disconnected are identified and connected to supportive adults. Limited Student Voice, Leadership, and Ownership CVMS is beginning to place greater emphasis on leadership and the theme "Own Your Journey: Lead the Way," but students need more consistent opportunities to have a voice in their school, contribute to decision-making, lead activities, and take meaningful ownership of their learning and school community.</p> <p>Uneven Sense of Belonging Across Student Groups Students connect to school in different ways. While athletics, electives, clubs, leadership opportunities, and other activities provide important connections, not all students participate in these experiences. Some students may need additional entry points to find a group, activity, interest, or adult connection that makes school meaningful to them.</p> <p>Transition and Developmental Needs of Middle School Students CVMS serves students during a significant developmental transition from elementary school toward high school. Students are developing their identity, independence, and peer relationships while navigating increased academic and social expectations. Without intentional structures for connection, some students can become disengaged or feel that they do not have a meaningful place within the school community.</p> <p>Need for Consistent Schoolwide Structures for Belonging CVMS has several positive structures--including advisory, PBIS, Student-Led Conferences, leadership opportunities, clubs, athletics, and enrichment--but these systems are not yet fully connected into a cohesive schoolwide approach to student belonging. The next step is creating consistent opportunities for every student to be known, heard, supported, and involved.</p>

Inquiry Areas

Inquiry Area 1 Student Success

SMART Goal 1

By May 2027, CVMS will increase the percentage of students demonstrating expected academic growth in mathematics by using Ready Mathematics data three times throughout the school year to identify student needs, adjust Tier 1 instruction, provide targeted interventions, and monitor progress.

Specifically, CVMS will increase the percentage of students meeting or exceeding their i-Ready Mathematics growth target from the 2026-2027 baseline by 10 percentage points.

Formative Measures: CVMS will monitor progress toward the annual academic growth goal through three formal i-Ready Mathematics data-analysis cycles; common formative assessment results aligned to priority standards; monthly/interim monitoring of students' progress toward individual growth targets; progress-monitoring data for students receiving targeted interventions; PLC documentation of instructional adjustments based on student data; and classroom walkthrough evidence of responsive Tier 1 instruction. Students identified as not demonstrating adequate progress will be provided targeted support and monitored at regular intervals to determine response to intervention.

Improvement Strategy 1

CVMS will establish a consistent, data-driven cycle of assessment, analysis, instructional adjustment, intervention, and progress monitoring using i-Ready Mathematics data. Teachers and PLCs will use assessment results at least three times throughout the school year to identify individual student needs, strengthen Tier 1 instruction, provide targeted interventions, and monitor student progress toward established growth targets. This process will ensure that instructional decisions are based on current student data and that students who are not demonstrating expected growth receive timely and targeted support.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish Baseline and Growth Targets	CVMS Math Department	Week 4 of the school year.	
2	Conduct Three Data Cycles Throughout the Year	School wide through advisory classes.	Late May will be the last cycle.	
3	Strengthen Tier 1 Instruction	Math department with administration.	Ongoing throughout the school year.	
4	Provide Targeted Interventions	Math PLC's	On-going after analysis'.	
5	Build Staff Capacity Through PLCs	Math PLC's	Ongoing as we work through the MTSS process.	

Position Responsible: Sarah Sparhawk

Resources Needed: Data from each iReady assessment.

Status Checks

November

February

June

Inquiry Area

2

Adult Learning Culture

SMART Goal 1

By May 2027, CVMS will establish a consistent culture of collaborative adult learning through common plan time for core content teachers, using collaborative planning, common assessments, student work, MAP Reading, and i-Ready Mathematics data to strengthen Tier 1 instruction and respond to student learning needs.

By the end of the 2026-2027 school year, 100% of core content PLC teams will participate in common planning and document evidence of the instructional cycle: identify student needs, plan a common instructional response, assess student learning, analyze results, and adjust instruction. At least 80% of core content teams will demonstrate evidence of improved student performance following an instructional adjustment or intervention identified through their collaborative planning process.

Formative Measures: CVMS will monitor implementation of collaborative adult learning through monthly PLC documentation, common planning agendas, common assessment results, student work analysis, and evidence of instructional adjustments. PLC teams will document each step of the instructional cycle--identify student needs, plan a common response, assess learning, analyze results, and adjust instruction. Progress will be monitored through quarterly reviews of PLC evidence and student performance data to determine whether instructional adjustments are resulting in improved student learning.

Improvement Strategy 1

CVMS will establish a consistent culture of collaborative adult learning through protected common planning time for core content teachers. PLC teams will use a common instructional cycle. The cycle will consist of: Identify Student Needs - Plan - Teach - Assess - Analyze - Adjust, to collaboratively examine common assessments, student work, MAP Reading, i-Ready Mathematics, and other relevant student data. Departments will use this information to strengthen Tier 1 instruction, provide targeted support, and monitor the impact of instructional adjustments on student learning.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish Common Planning Structures	Admin	Beginnin g of the school year.	
2	Implement a Consistent PLC Instructional Cycle	Admin and Department Leads	Ongoing througho ut the year.	
3	Monitor Implementation and Student Impact	Admin, Department Leads, and all teachers.	Ongoing througho ut the year.	

Position Responsible: Admin

Resources Needed: Time

Status Checks

November

February

June

Inquiry Area

3

Connectedness

SMART Goal 1

By May 2027, CVMS will strengthen student connectedness and sense of belonging by increasing opportunities for students to build meaningful relationships with adults and peers, participate in leadership and school activities, and take ownership of their school experience.

CVMS will use student connectedness surveys, participation data, advisory activities, and student voice opportunities to identify areas of need and monitor progress. By the end of the 2026-2027 school year, CVMS will increase the percentage of students reporting that they feel connected to at least one trusted adult and feel that they belong at CVMS by 10 percentage points from the fall baseline.

Formative Measures: CVMS will monitor student connectedness through student survey data, advisory participation and implementation, student leadership and activity participation, student voice opportunities, and evidence of intentional connections between students and trusted adults. Data will be reviewed at least quarterly to identify student groups and areas of need, adjust relationship-building and engagement strategies, and monitor progress toward increasing the percentage of students reporting that they feel connected to a trusted adult and that they belong at CVMS.

Improvement Strategy 1

CVMS will strengthen student connectedness and sense of belonging by intentionally creating opportunities for every student to develop meaningful relationships with trusted adults and peers, participate in leadership and school activities, and have a voice in their school experience. CVMS will use student connectedness survey data, advisory activities, participation data, and student voice feedback to identify students and groups experiencing lower levels of connectedness and to guide targeted strategies. Staff will intentionally build relationships with students through advisory, classroom interactions, extracurricular activities, student leadership, and other school-wide opportunities that help students feel known, valued, and connected to CVMS.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish Intentional Trusted Adult Connections	Advisory Teachers	Beginning of the school year.	
2	Strengthen Advisory as a Connection and Belonging Structure	Advisory Teachers	Ongoing throughout the school year.	
3	Increase Student Leadership and Participation	Admin and All Staff	Ongoing throughout the school year.	

Position Responsible: Greg Thetford

Status Checks

November

February

June

SMART Goal 2

By the end of the 2027 school year, CVMS will increase its NV-SCSEL Emotional Safety score from the 2025-2026 baseline of 340 to at least 360, moving the school from the "Needs Improvement" range to a level at or above the current state average of 357. CVMS will accomplish this by strengthening students' sense of emotional safety through consistent relationship-building practices, explicit social-emotional learning, student voice opportunities, predictable schoolwide expectations, and timely adult response to student concerns. Progress will be monitored through NV-SCSEL data, student feedback, discipline/incident trends, and implementation of schoolwide emotional-safety strategies throughout the 2026-2027 school year.

Formative Measures: CVMS will monitor progress toward the Emotional Safety goal through student pulse surveys, trusted-adult connection data, Advisory/SEL implementation, student voice and feedback opportunities, behavior and discipline data, counselor/support referrals, and schoolwide implementation walkthroughs. Data will be reviewed at least quarterly to identify trends, student groups, or settings requiring additional support and to adjust emotional-safety strategies. Progress will be evaluated by comparing interim student feedback and implementation data to the 2025-2026 NV-SCSEL baseline of 340, with the ultimate goal of increasing the NV-SCSEL Emotional Safety score to 357 or higher by May 2027.

Improvement Strategy 1

By May 2027, CVMS will increase its NV-SCSEL Emotional Safety score from 340 to at least 357, reaching or exceeding the current state average and demonstrating measurable improvement in students' perceptions of emotional safety at CVMS.

Comprehensive Needs Assessment

Student Success

Areas of Strength

Douglas High School has demonstrated a consistent, multi-year decline in course failure rates across both fall and spring semesters:

- **Fall semester failure rate** dropped from 6.18% (Fall 2022) to 5.44% (Fall 2025) — a decrease of 0.31 percentage points, with steady improvement each year
- **Spring semester failure rate** dropped from 6.90% (Spring 2023) to 5.78% (Spring 2026) — a decrease of 0.23 percentage points, also trending downward every year
- The decline has held even as total enrollment/course-taking volume has decreased (Fall total N fell from 10,820 to 8,240; Spring total N fell from 10,664 to 8,717), indicating the improvement isn't simply an artifact of a shrinking student body — the *rate*, not just the raw count, has improved
- This sustained downward trend reflects effective early-intervention and credit-recovery efforts and supports the school's continued emphasis on credit sufficiency, particularly in historically high D/F courses like required math courses

Areas for Growth

- **Spring rates consistently run higher than fall rates every year** (e.g., Spring 2026 at 5.78% vs. Fall 2025 at 5.44%) — this pattern holds across all four years, suggesting cumulative fatigue, course rigor timing, or exam/final weighting is driving more failures by year's end; earlier intervention before spring may be warranted
- **The improvement trend hasn't been fully linear** — Fall failure rate rose from 5.47% (2023) to 5.75% (2024) before resuming its decline in 2025, showing gains aren't yet consistent year-over-year and current strategies may need reinforcement to hold
- **No course- or subject-level breakdown yet** — the SMART goal specifically targets courses with historically high D/F rates, particularly required math courses, but the data currently available is schoolwide only; disaggregating by course/department is needed to confirm math is still the priority area and to target interventions precisely
- **Failure rate, while declining, is not yet at target** — roughly 1 in 18 course enrollments still ends in failure each semester; continued focus on credit recovery and on-track monitoring for underclassmen remains necessary to sustain momentum toward zero-gap credit sufficiency

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	<ul style="list-style-type: none">• Academic language demands in content-area courses (especially math/science vocabulary) can drive higher failure rates independent of content mastery• Course placement/scheduling constraints (EL support blocks) can limit access to on-level or accelerated coursework needed for credit pacing.	<ul style="list-style-type: none">• Embed explicit academic vocabulary instruction into content-area lesson planning (e.g., sentence frames, word walls) in high D/F courses, particularly math• Provide content-area teachers with EL-specific PD or coaching on scaffolding strategies (e.g., WIDA-aligned strategies) so language support isn't siloed to EL staff alone• Continue reviewing master schedule to identify and reduce conflicts between EL support blocks and on-level/accelerated

		<p>course access</p> <ul style="list-style-type: none"> Continue providing a case-review process (EL staff + counselors) at scheduling time each year to proactively place EL students in courses aligned with their needs.
Foster/Homeless		
Free and Reduced Lunch		
Migrant/Title1-C Eligible		
Racial/Ethnic Minorities		
Students with IEPs	<ul style="list-style-type: none"> Gap between accommodations specified in the IEP and consistent implementation across all content-area teachers, particularly in high D/F courses like required math Credit accrual pace can lag if intervention/support periods pull from elective or core instructional time Transition points (e.g., 9th grade entry, course-level changes) are common risk points for failure without proactive progress monitoring 	<ul style="list-style-type: none"> Continue providing teachers with a streamlined, accessible accommodations reference (e.g., quick-view sheet per student) at the start of each semester, particularly for high D/F courses like required math Continually conduct periodic accommodation-fidelity checks (admin or case manager walkthroughs) to confirm accommodations are being implemented as written, not just documented Continue reviewing IEP student schedules to identify and minimize cases where intervention blocks displace core credit-bearing instruction

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
<div>1★</div> <p>Despite steady multi-year declines in course failure rates (fall: 6.18%-5.44%; spring: 6.90%-5.78%), gains have been inconsistent year-over-year and spring rates remain higher than fall rates every year. ★ = Priority

Adult Learning Culture

Areas of Strength

- Priority standards have been outlined schoolwide, providing a foundation for aligned instructional planning
- Scope, sequence, and pacing consistency is a growing strength, supporting more coherent instruction across sections and courses
- PLCs are familiar with the DuFour guiding questions, giving teams a shared structural framework for collaborative work
- Common final exams are beginning to take hold, reflecting early movement toward assessment consistency
- The school actively reviews and analyzes ACT data and has already developed targeted strategies to improve ACT and college/career readiness outcomes, demonstrating existing capacity to translate data into action

Areas for Growth

- While PLCs know the DuFour guiding questions, teams are not yet strong at analyzing student data and using it to readjust instruction in real time — the structure exists, but the data-to-instruction feedback loop needs strengthening
- Common assessment creation is inconsistent; beyond emerging common finals, most common assessments are not yet built or implemented with fidelity across departments
- Teachers need explicit training on how to create effective common assessments — this is a prerequisite for the broader goal of PLCs analyzing meaningful, comparable data
- Formalized PLC agendas and data templates are not yet in place, which limits the consistency and depth of data-driven discussion across teams

Problem Statements Identifying Adult Learning Culture Needs

Problem Statement	Critical Root Cause
<div>1★</div> <p>PLCs share a common structural framework and are growing in scope/sequence/pacing, but data-driven instructional adjustment and consistent, fidelity-built common assessments are still developing. Without common assessments and data-focused PLC protocols, teachers lack the shared data needed to identify and respond to instructional gaps in real time.</p>	<p>PLCs have a shared discussion framework but lack structured protocols, templates, and training in common assessment creation and data analysis -- so PLC time defaults to general discussion rather than a consistent assess-analyze-adjust cycle.</p>

★ = Priority

Connectedness

Areas of Strength

- Douglas High School has already built strong Tier 1 fidelity, raising TFI scores from a 16% baseline to 53% — a substantial, verified gain confirmed through 3 TFI walkthroughs
- Core Tier 1 systems are established and functioning: defined behavioral expectations (Douglas Way Matrix), a teaching matrix, an acknowledgment system, and data-based decision-making structures
- The school has a clear, structured monitoring process already in place (TFI walkthroughs at set intervals, MTSS team review) to sustain fidelity going forward
- There is existing momentum and infrastructure to build on — this goal isn't starting Tier 1 from scratch, it's protecting a proven system while extending into Tier 2

Areas for Growth

- Tier 2 intervention structures do not yet exist — students not responding to Tier 1 supports currently have no formalized next level of support
- A universal screening process to identify Tier 2 candidates (behavioral and/or academic) is not yet established or refined
- Clear data decision rules (e.g., office referrals, attendance, grades) for flagging students needing Tier 2 support have not yet been set
- Staff have not yet been trained to use data systems to identify and refer students for Tier 2, or to deliver Tier 2 interventions once selected
- No Tier 2 interventions have been piloted; entry/exit criteria and progress-monitoring schedules for Tier 2 students still need to be defined

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Universal screening and data decision rules for Tier 2 may not account for language acquisition factors, risking EL students being over- or under-identified for behavioral/academic intervention based on data that doesn't distinguish language needs from skill gaps	Include EL staff in developing data decision rules and screening criteria, and ensure Tier 2 progress-monitoring considers language proficiency stage alongside behavioral/academic data
Foster/Homeless		
Free and Reduced Lunch	Data decision rules relying on attendance or office referrals may reflect underlying barriers (transportation, housing instability, work obligations) rather than a need for behavioral intervention, risking mis-targeted Tier 2 placement	Pair data decision rules with a brief context check (e.g., counselor consult) before Tier 2 placement for FRL-flagged students, and ensure Tier 2 options include supports that address access barriers, not just behavior/academic skill-building
Migrant/Title1-C Eligible		

Racial/Ethnic Minorities		
Students with IEPs	Without clear coordination, Tier 2 intervention selection and entry/exit criteria could overlap or conflict with existing IEP goals and services, creating redundant or misaligned support	Involve special education staff/case managers in Tier 2 planning so interventions complement (not duplicate) IEP services, with shared data systems flagging when Tier 2 referral may signal an IEP review is needed instead

Problem Statements Identifying Connectedness Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>Douglas High School has built strong Tier 1 fidelity (53%, up from a 16% baseline), but no Tier 2 intervention structure currently exists for students who don't respond to Tier 1 supports. Without a universal screening process, clear data decision rules, or trained staff to identify and serve these students, students needing additional support have no formalized next level of intervention -- limiting the school's ability to fully meet student behavioral and academic needs.</p>	<p>MTSS work to date has focused on establishing and stabilizing Tier 1 systemwide, which has not yet been paired with the data infrastructure (screening, decision rules, staff training) needed to identify and route non-responsive students into Tier 2. As a result, Tier 2 has not been built or piloted, even though Tier 1 foundations are now solid enough to support that next step.</p>

 = Priority

Priority Problem Statements

Problem Statement

Critical Root Cause

1★

Despite steady multi-year declines in course failure rates (fall: 6.18%-5.44%; spring: 6.90%-5.78%), gains have been inconsistent year-over-year and spring rates remain higher than fall rates every year. Continued focus is needed to protect this trend and lower failure rates in high-D/F courses, especially required math, to keep underclassmen on track for graduation.

The gap between fall and spring failure rates, along with an inconsistent year-over-year trend, suggests that early-year supports (e.g., initial credit-check monitoring, first-semester intervention structures) are not sustained with the same intensity through the second semester. Without consistent, embedded systems for identifying and supporting struggling students throughout the entire year -- not just at the start -- students who begin to fall behind in spring have fewer structured opportunities to recover before the semester ends.

2★

PLCs share a common structural framework and are growing in scope/sequence/pacing, but data-driven instructional adjustment and consistent, fidelity-built common assessments are still developing. Without common assessments and data-focused PLC protocols, teachers lack the shared data needed to identify and respond to instructional gaps in real time.

PLCs have a shared discussion framework but lack structured protocols, templates, and training in common assessment creation and data analysis -- so PLC time defaults to general discussion rather than a consistent assess-analyze-adjust cycle.

Inquiry Areas

Inquiry Area 1

Student Success

SMART Goal 1

To maintain our current rates of credit sufficiency and lowered failure rates in courses with historically high D/F rates, particularly math courses required for graduation. Emphasis will be placed on ensuring underclassmen stay on track toward earning sufficient credits for graduation.

Improvement Strategy 1

Continue to utilize formative assessments and early progress indicators to trigger supports earlier in the semester.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Offer extended learning opportunities (maath labs, tutoring, Saturday school) specifically for high-failure-rate courses.	Department Leads	On-Going	
2	Provide monthly data review meetings for teachers (PLC) to adjust instruction based on assessment trends.	Department Leads and Admin	On-Going	
3	Identify students with multiple D/F grades at each grading period and assign targeted academic supports.	Admin Team and Teachers	On-Going	

Status Checks

November

February

June

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

To strengthen the school's professional learning culture through structured PLCs that analyze student growth data, evaluate the effectiveness of interventions, and align instructional practices with college and career readiness standards.

Improvement Strategy 1

Continued work on PLC protocols focused on common assessment creation, data analysis, and instructional planning that aligns with student data trends and instructional gaps.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Facilitate professional development focused on formative assessment practices and responses to intervention.	Admin Team	Fall 2026 and on-going PLC	
2	Align observation and feedback cycle aligned to NEPF standards and student outcomes.	Admin Team	On-Going	
3	Facilitate professional development focused on common Scope, Sequence, Pacing, and Assessments	Admin & Department Leads	Fall 2026 & On-Going	
4	Create structured agendas and data templates for PLC discussions	Department Leads	On-Going	

Status Checks

3

Connectedness

SMART Goal 1

Douglas High School will maintain Tier 1 fidelity at or above 53%, as measured by the MTSS Tiered Fidelity Inventory (TFI) across 3 walkthroughs, while implementing and building capacity for Tier 2 intervention strategies for students not responding to Tier 1 supports, by the end of the 2026-27 school year.

Improvement Strategy 1

Maintain Tier 1 core fidelity

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Conduct the first TFI walkthrough early in the year to confirm current Tier 1 practices remain intact (defined expectations, teaching matrix, acknowledgment system, data-based decision making)	MTSS Team	Fall 2026	
2	Schedule walkthroughs 2 and 3 at planned intervals (e.g., winter and spring) to confirm fidelity is sustained at 53% or higher	MTSS Team	Fall 2026 and Spring 2027	
3	Review TFI results with the MTSS team after each walkthrough and address any area that dips below current levels	MTSS Team and Admin	Spring 2027	

Status Checks

November

February

June

Improvement Strategy 2

Build the MTSS data infrastructure needed to identify Tier 2 candidates

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish or refine a universal screening process (behavior and/or academic) to flag students not responding to Tier 1	Admin and MTSS Team	Fall 2026	
2	Set clear data decision rules (e.g., office referrals, attendance, grades) for identifying students who need Tier 2 support	Admin and MTSS Team	Fall 2026	
3	Train staff on how to use existing data systems to flag and refer students for Tier 2 consideration	Admin and MTSS Team	Spring 2027	

Status Checks

November

February

June

Improvement Strategy 3

Launch initial Tier 2 intervention structures

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Select 1-2 evidence-based Tier 2 interventions to pilot (e.g., Check-In/Check-Out, small-group skill instruction)	MTSS Team	Fall 2026	
2	Identify and train staff who will deliver the Tier 2 intervention(s)	MTSS Team	Winter 2026	
3	Define entry/exit criteria and a progress-monitoring schedule for students placed in Tier 2	MTSS Team	Fall 2026	
4	Begin piloting Tier 2 with a small student cohort before a full-scale rollout	MTSS Team	Spring 2027	

Status Checks

November

February

June

SMART Goal 2

Based on the results of the NV-SCSEL staff survey, Douglas High School will focus on improving staff perception and experience with physical safety while on campus by communicating our safety efforts and progress, and will measure this through a locally-administered staff safety survey given to the entire staff, with the goal of increasing positive responses on key safety indicators (measured against the Fall 2025 baseline) by the end of the 2026-27 school year.

Improvement Strategy 1

Reduce vandalism (Baseline: 53% report occurs often)

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Conduct a walkthrough with custodial/security staff to map current vandalism hotspots (restrooms, stairwells, parking lots)	Admin and Head Custodian	Fall 2026	
2	Increase staff supervision presence in identified hotspots during passing periods, lunch & after school.	Admin, Deans, and Safety Monitors	On-Going	
3	With new cameras, admin can more closely review and expand camera coverage where gaps previously existed in hotspot areas	Admins and Deans	On-Going	
4	Continue track vandalism incidents by location to measure change against baseline	Admins and Deans	On-Going	

Status Checks

November

February

June

Improvement Strategy 2

Communicate safety efforts to the staff.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Share a semester safety update with staff summarizing actions taken on vandalism and verbal abuse, plus data on physical conflicts, theft, weapons, and other lower-frequency but high-severity concerns	Admin	Fall and Spring Semesters	
2	Administer the full locally-created safety survey each semester to track against the Fall 2025 baseline	Admin	Spring Semester	
3	Present survey results transparently to staff, including what's improved and what hasn't	Admin	End of Spring Semester

Comprehensive Needs Assessment

Student Success

Areas of Strength

We have continued to see growth in student writing now that we have implemented Write Score for two years.

Our primary grades have been utilizing UFLI with fidelity and we have seen growth with their reading scores.

Our Kindergarten math MAP scores show high levels of proficiency.

We have implemented PBIS and MTSS for our students showing an improvement in expected behaviors.

Areas for Growth

We still have students who are not proficient writers. SBAC no longer separates writing for ELA as they have done historically. We will use Write Score to measure student writing growth.

All staff will be attending the Science of Reading trainings so that everyone understands the research and instructional practices instead of the small pockets of teachers who currently have this training.

There has been a decline in math proficiency in grade 1 - 5. We need to work on improving math instruction as new programs are piloted throughout the district.

With the merger of two schools, who are in different spots of the MTSS process, we will need to align the staff with the same expectations through the MTSS trainings with UNR.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	We now have more students receiving EL services than previously.	We now have a full time EL teacher supporting this population, as well as an instructional aide.
Foster/Homeless	We have a few students that are SIT and this occurs at different points in the year.	We have a full time counselor, a part time counselor and a social worker to support these students. We will continue to build strong relationships with families and continuing to foster trust.
Free and Reduced Lunch	We are designated a Title 1 school due to our population of FRL students.	We receive additional funding that allows us to have a reading interventionist, a math interventionist and the funds support online learning resources.
Migrant/Title1-C Eligible	NA	

Racial/Ethnic Minorities	We have a larger population of Native Americans that have historically been disadvantaged.	We work with the local Tribal community to coordinate resources in the school. Students receive tutoring outside of school.
Students with IEPs	Students that exhibit challenging behaviors impact and impede their learning and the learning of others.	We receive support from our BCBA, RBT's, case managers and administration to best support these students. The goal is to decrease behaviors using the MTSS and PTR process.

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
1 We have varying levels of writing proficiency.	Writing is challenging and students struggle with organization and stamina. Writing instruction and student practice is labor intensive consuming large amounts of time.
2 Reading scores show various levels toward meeting proficiency.	We have not had a dedicated ELA program so there has been inconsistency with reading instruction.
3 Math scores show various levels toward meeting proficiency.	We have not had a dedicated Math program so there has been inconsistency with math instruction.

★ = Priority

Adult Learning Culture

Areas of Strength

As the two schools come together, we have a very strong teaching staff with many years of experience. We will all be working through the Science of Reading training through the state. The staff brings a great deal of background knowledge to reading. This will also enhance our MTSS process as we determine how best to support students with reading interventions.

Areas for Growth

It is too early to be specific on this area, but based upon a global view and feedback from our core MTSS team, we need to ensure high quality Tier 1 instruction, effective PLCs that use data to drive instruction, and accurately identifying and implementing Tier 2 interventions for students. We need more accurate data tracking.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Can sometime be misdiagnosed.	Student study teams and more conversations with parents and the team.
Foster/Homeless	Can be transient and we see them come and go from our school.	Keep up to date information on students and the work we have been doing for them. MTSS data trackers.
Free and Reduced Lunch	These students may have other challenges and are an important sub population to monitor.	This confidential information for staff, so finding other ways to address student needs through the MTSS process.
Migrant/Title1-C Eligible	NA	NA
Racial/Ethnic Minorities	We have a large population of Native Americans and each family has unique challenges.	Communicate frequently and attend events at the tribe.
Students with IEPs	More students are coming to use with needs. Ensure all interventions have been tried prior to testing.	Student study teams and following the MTSS process.

Problem Statements Identifying Adult Learning Culture Needs

Problem Statement	Critical Root Cause
1 We have a large number of problem behaviors at our school. Based on the Nevada Working Conditions Survey and and internal staff survey presented by the principal at the end of the last school year, it was determined that student behavior concerns needed to be addressed, thus these behavior goals.	How students communicate their needs can often be challenging for them and this results in inappropriate behaviors. Students struggle with code switching and being emotionally resilient when faced with a challenge.
2 Staff are at various levels of understanding MTSS processes. This is critical since the staff of two schools are merging. It is an opportunity to reboot and get everyone trained. Our school will be utilizing Compass Curriculum for SEL lessons to support positive student behaviors.	How students communicate their needs can often be challenging for them and this results in inappropriate behaviors. Students struggle with code switching and being emotionally resilient when faced with a challenge.
3 There has been inconsistency with reading instruction.	We have been working without a dedicated ELA program.

★ = Priority

Connectedness

Areas of Strength

Many students already know each other because of sports and close proximity to each other. We have two veteran staffs coming together. We know what is good for kids and have already started to work together on the needs of students. We have family evening events planned for each month of the year. We have implemented PBIS effectively and will use data to adjust support and training.

Areas for Growth

We have to use data to monitor our school culture throughout the year. Since we are new, we are using best practices to build a positive culture for all students, staff and families.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Not all teachers are certified in language acquisition instruction methods yet.	ELL teacher and support staff for language acquisition. The stat will be requiring this training for all teachers in the years to come.
Foster/Homeless	We have (?) students who are supported by McKinney Vento who may need SEL support	Counselors and SSW will check in on students regularly
Free and Reduced Lunch	The merger of two schools will show an increase of students receiving FRL.	Students are offered breakfast and lunch at the school and more lunch staff will be available to support the need.
Migrant/Title1-C Eligible	NA	NA
Racial/Ethnic Minorities	More Native American students will be joining the school.	Tribal supports will be offered at the school and a relationship has been built with tribal services.
Students with IEPs	We have a CLS/Autism program, resource program, SLP program, OT and Pt at the school.	Coordination will have to be precise to ensure student receive the services needed.

4.2 Offer flexible number of parent involvement meetings	26
5.1 Determine which students will be served by following local policy	26

Comprehensive Needs Assessment

Student Success

Areas of Strength

GES Recent Data

- Grades 1–5 reading achievement increased from 46.8% in fall to 55.0% in spring at or above the 65th percentile.
- In reading, 73.7% of students in Grades 1–5 met or exceeded their individual MAP growth projections, and 86.6% demonstrated positive growth.
- Second grade demonstrated strong achievement and growth in both reading and math, with observed growth exceeding MAP projections.
- Kindergarten reading achievement increased from 64.9% in winter to 70.3% in spring at or above the 65th percentile.
- SBAC results showed areas of strength across ELA and mathematics, providing evidence of effective instruction and a foundation for continued improvement.

Areas for Growth

- Strengthen kindergarten math growth, particularly in Measurement and Data, as fewer students met their winter-to-spring MAP growth projections.
- Improve first-grade reading achievement while continuing to maintain the strong individual growth demonstrated by students.
- Increase upper-elementary math achievement, particularly in fourth grade, with an emphasis on Concepts and Procedures.
- Strengthen ELA performance in Writing and Research, including selecting evidence, organizing responses, and explaining thinking.
- Continue addressing opportunity gaps for students receiving special education, English learner, and economically disadvantaged services.
- Reduce chronic absenteeism and increase the percentage of students attending school consistently.
- Strengthen consistent implementation of the Cougar Way and schoolwide expectations to support student belonging, positive behavior, and a safe learning environment.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	English learners may need additional support with academic vocabulary, oral language, comprehension, and explaining their thinking in reading, writing, and mathematics. The small number of English learners at GES can also make schoolwide percentages unstable and may result in individual needs being overlooked.	Provide targeted support from the ESL teacher; incorporate explicit vocabulary and language-development strategies into Tier 1 instruction; use visuals, modeling, sentence frames, and structured academic conversations; monitor each student's MAP, classroom, and language-development data during PLCs; and provide timely, skill-specific intervention without removing students from essential core instruction.
	Students may experience changes in housing or caregivers, inconsistent	Coordinate with the district liaison, caregivers, counselor, and teachers to ensure immediate enrollment, transportation, meals, supplies, and

Foster/Homeless	attendance, transportation barriers, interrupted learning, limited access to school supplies, and increased social-emotional needs.	access to school services; provide a consistent, trusted adult at school; monitor attendance, achievement, behavior, and well-being; and offer flexible, targeted academic support to address interrupted learning.
Free and Reduced Lunch	Students may experience barriers related to attendance, access to learning materials and enrichment opportunities, unfinished learning, and limited academic support outside of school.	Provide equitable access to instructional materials, technology, intervention, enrichment, meals, and school activities; use PLCs to monitor achievement, growth, and attendance at the student level; provide targeted support during the school day without removing students from core instruction; and connect families with available school and community resources.
Migrant/Title1-C Eligible	Students may experience interrupted schooling, mobility, attendance barriers, gaps in academic records, language needs, and difficulty accessing consistent instructional programs and school services.	
Racial/Ethnic Minorities	Students may experience opportunity gaps, cultural or language barriers, limited representation in instructional materials, or a reduced sense of belonging and connection to school.	
Students with IEPs		

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>GES does not yet have a consistent schoolwide system for disaggregating and routinely monitoring achievement, growth, attendance, and behavioral data for English learners, students experiencing foster care or homelessness, students receiving free or reduced-price lunch, migrant students, racial or ethnic minority students, and students with IEPs. As a result, individual opportunity gaps and needs are not always identified early enough to ensure timely and equitable access to grade-level instruction, intervention, enrichment, and social-emotional support.</p>	<p>Grade-level teams have not consistently used a common PLC and MTSS process, common formative assessments, short-cycle progress monitoring, and disaggregated student data to identify needs, select targeted instructional responses, and evaluate whether those responses are working. Limited staff time, small subgroup sizes, inconsistent attendance, and varying access to specialized personnel and intervention further affect the school's ability to respond consistently.</p>

★ = Priority

Adult Learning Culture

Areas of Strength

- Staff members are dedicated, hardworking, and willing to take on challenges.
- Teachers actively pursue professional learning and look for ways to strengthen their instructional practices.
- Staff members are willing to pilot new programs, strategies, and resources to support student learning.
- Teachers demonstrate leadership by volunteering to chair committees, lead departments, and support schoolwide initiatives.
- Staff members collaborate well, support one another, and demonstrate a strong team-oriented mindset.
- Teachers are excited to engage in meaningful PLCs focused on collaboration, student data, instruction, and shared responsibility for student success.

Areas for Growth

- Continue developing a shared openness to change as staff members implement new practices, programs, and schoolwide systems.
- Strengthen flexibility and a solution-focused mindset when plans, schedules, or student needs require adjustments.
- Build greater consistency in the implementation of agreed-upon instructional practices and schoolwide expectations.
- Use PLC time to move beyond sharing information toward examining student evidence, making instructional decisions, and monitoring the impact.
- Increase staff members' comfort with receiving feedback, reflecting on practice, and adjusting instruction when student results indicate a need.
- Strengthen collective responsibility by viewing all GES students, not only those assigned to an individual classroom, as shared learners.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Teachers have varying levels of training, resources, and collaborative planning time to effectively integrate academic vocabulary, oral language development, and language supports into grade-level instruction.	Provide professional learning and coaching from the ESL teacher; dedicate PLC time to reviewing English learner data and planning instruction; and consistently use explicit vocabulary instruction, visuals, modeling, sentence frames, and structured academic conversations across content areas.
Foster/Homeless	Teachers have limited information, training, and planning time to respond consistently to interrupted learning, attendance challenges, transitions, and trauma-related social-emotional	Provide staff training in trauma-responsive practices; establish timely communication among teachers, the counselor, administration, caregivers, and the district liaison; assign each student a trusted adult; and use PLC

	needs.	and MTSS time to monitor attendance, academics, behavior and needed supports.
Free and Reduced Lunch	Teachers have limited time and resources to address differences in students' access to academic support, materials, technology, enrichment, and learning opportunities outside the school day.	Use PLC and MTSS time to monitor achievement, growth, attendance, and participation; provide needed materials, technology, intervention, and enrichment during the school day; connect families with available resources; and ensure financial barriers do not prevent students from participating in school activities.
Migrant/Title1-C Eligible	Teachers have limited time, information, and specialized training to respond to interrupted schooling, student mobility, language needs, incomplete records, and differences in curriculum between schools.	Coordinate with the district Migrant Education Program and families to obtain records and identify student needs promptly; provide teachers with relevant student information and instructional support; use PLC and MTSS time to monitor achievement, growth, and attendance; and provide targeted instruction and transition support while maintaining access to grade-level learning.
Racial/Ethnic Minorities	Staff have varying levels of training and collaborative time to examine disaggregated data, recognize potential bias, provide culturally responsive instruction, and ensure students see their identities and experiences represented in school.	Provide professional learning in culturally responsive and inclusive practices; use PLCs to review achievement, growth, attendance, behavior, and participation data by student group; incorporate diverse perspectives and materials into instruction; strengthen communication with families; and ensure equitable access to leadership, enrichment, intervention, and advanced learning opportunities.
Students with IEPs	GES has a strong special education team; however, limited collaborative planning time can make it challenging for general education teachers, special education teachers, and specialists to consistently align accommodations, specially designed instruction, interventions, and grade-level learning.	Protect collaboration time for the strong special education and general education teams to review student progress, align instruction, and share effective practices; provide training and support on accommodations and inclusive instruction; and use PLC and MTSS processes to monitor each student's achievement, growth, and access to rigorous grade-level learning.

Problem Statements Identifying Adult Learning Culture Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>GES staff are committed to learning and supporting students; however, professional learning, collaborative planning time, and implementation of inclusive instructional practices are not yet consistent across all grade levels. This limits the school's ability to provide a coordinated response to the academic, language, attendance, transition, cultural, and social-emotional needs of English learners, foster/homeless students, students receiving free or reduced-price lunch, migrant students, racial/ethnic minority students, and students with IEPs.</p>	<p>Protected collaboration time, specialized training, and structured opportunities for classroom teachers, special education staff, the ESL teacher, interventionists, and other specialists to plan and monitor student progress have been limited or inconsistent.</p>

 = Priority

Connectedness

Areas of Strength

- GES has a strong sense of community among students, staff, families, and community partners.
- Staff members work as a team and are willing to support one another and the needs of all students.
- The Cougar Way provides shared expectations for being safe, respectful, and responsible.
- The school's PTO is highly involved and provides meaningful support for students, staff, activities, and schoolwide events.
- Staff members volunteer for committees, leadership roles, and family events, demonstrating ownership and commitment to the school community.
- Schoolwide traditions, celebrations, and recognition systems help students and families feel welcomed, valued, and connected to GES.

Areas for Growth

- Dedicate staff time to monitor student belonging, attendance, behavior, and participation through PLC and MTSS processes.
- Ensure every student, particularly those in identified student groups, has a consistent and trusted adult at school.
- Provide translation and interpretation so families can access school communication, events, and decision-making opportunities.
- Use the counselor, ESL teacher, special education team, district liaisons, and community partners to connect students and families with academic, social-emotional, attendance, and basic-needs supports.
- Remove financial, transportation, language, and accessibility barriers that could prevent students or families from participating in school activities and enrichment opportunities.
- Provide staff learning in culturally responsive, trauma-responsive, and inclusive practices to strengthen students' sense of safety, representation, and belonging.

Equity Resource Supports

English Learners	Language differences can limit students' and families' access to school communication, events, relationships, and opportunities to participate fully in the school community.	Provide translated communication and interpretation when needed; use visuals and accessible language; intentionally connect students with peers and trusted adults; invite families to participate in school events and decision-making; and use the ESL teacher as a bridge among students, families, teachers, and school resources.
Foster/ Homeless	Changes in housing, caregivers, transportation, or school placement can disrupt attendance, relationships, routines, and students' sense of safety and belonging.	Assign each student a consistent, trusted adult; coordinate with caregivers, the counselor, and the district liaison; provide immediate access to meals, transportation, supplies, activities, and other services; monitor attendance and well-being; and maintain predictable, welcoming school routines.
Free and Reduced Lunch	Financial barriers can limit students' access to school activities, enrichment opportunities, supplies, technology, and other experiences that strengthen their connection to school.	Ensure students have equitable access to supplies, technology, clubs, field trips, and school events regardless of ability to pay; connect families with available school and community resources; provide welcoming, accessible family events; and ensure each student develops a meaningful connection with a trusted adult at school.
547		

Migrant/ Title1-C Eligible	Mobility and interrupted enrollment can make it difficult for students and families to develop consistent relationships, participate in school activities, and feel connected to the school community.	Coordinate with the district Migrant Education Program to welcome students and connect families with services; assign each student a trusted adult and peer connection; provide translated communication and interpretation when needed; remove barriers to activities and events; and maintain communication during transitions to promote continuity and belonging.
Racial/ Ethnic Minorities	Students and families may feel less connected when their cultures, identities, and experiences are not consistently represented in instruction, school activities, communication, and decision-making.	Use culturally responsive and inclusive materials and practices; include diverse perspectives in instruction and school activities; strengthen two-way communication with families; intentionally invite families to participate in events and decision-making; monitor belonging, behavior, and participation data; and ensure every student h
Students with IEPs	Students may experience barriers to fully participating in general education classrooms, school activities, peer relationships, and leadership opportunities because of individual learning, communication, behavioral, sensory, or accessibility needs.	Use the strength of GES's special education team to coordinate inclusive supports with general education staff; provide accommodations and accessible opportunities across school settings; intentionally support peer relationships and student voice; ensure participation in activities and leadership opportunities; and connect each students with a trusted adult.

Problem Statements Identifying Connectedness Needs

Problem Statement	Critical Root Cause
1GES has a strong school community; however, systems for monitoring and responding to student belonging, attendance, participation, behavior, and family engagement are not yet implemented consistently across all grade levels. English learners, foster/homeless students, students receiving free or reduced-price lunch, migrant students, racial/ethnic minority students, and students with IEPs face barriers that can limit full participation and connection to the school community.	GES has not consistently used disaggregated attendance, behavior, participation, and school-climate data to identify barriers and coordinate timely support among staff, families, specialists, and community partners.

Inquiry Areas

Inquiry Area 1

Student Success

SMART Goal 1

By Spring 2027, the percentage of students in Grades 1-5 scoring at or above the 65th percentile on MAP Math will increase from 47.9% to at least 55%, as measured by the Spring 2027 MAP assessment. Progress will be monitored through fall, winter, and spring MAP data, common formative assessments, and PLC progress-monitoring cycles.

Formative Measures: Fall, winter, and spring MAP Math achievement and growth data
Grade-level common formative assessments and exit tickets
i-Ready diagnostic and lesson-passage data
Student work aligned to priority math standards
PLC records showing instructional responses and progress-monitoring results

Improvement Strategy 1

Strengthen standards-aligned Tier 1 math instruction

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Identify 3-4 priority standards per grade level; use common instructional routines, manipulatives, and frequent checks for understanding.	Principal, assistant principal, classroom teachers, math interventionist, instructional specialists	August-May	

Status Checks

November

February

June

Improvement Strategy 2

Use PLC data cycles to respond to student needs

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Administer common formative assessments, examine student work, identify specific skill needs, implement a shared instructional response, and reassess within 2-4 weeks.	Grade-level teams, specialists, principal, assistant principal	Twice monthly, September-May	

Status Checks

November

February

June

Improvement Strategy 3

Provide targeted math intervention without replacing core instruction

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Use MAP, i-Ready, and classroom data to create temporary, responsive WIN/intervention groups; monitor progress and adjust groups regularly.	Classroom teachers, math interventionist, special education staff, ESL Teacher	September-May; reviewed every 4-6 weeks	

Status Checks

November

February

June

Improvement Strategy 4

Monitor achievement and growth

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Review MAP achievement, projected growth, and subgroup data after each testing window; identify students needing additional support or enrichment.	Principal, assistant principal, teachers, MTSS team	Fall, Winter, Spring	

Status Checks

Schoolwide and Targeted Assistance Title I Element Summary

Schoolwide and Targeted Assistance Title I Elements

1.1 Comprehensive Needs Assessment

The GES leadership team, including administrators, grade-level teachers, special education staff, specialists, and support staff, reviewed MAP, SBAC, attendance, behavior, school-climate, and subgroup data during beginning-of-year planning. The team will revisit these data through twice-monthly PLCs, MTSS meetings, and quarterly schoolwide progress reviews throughout the 2026–27 school year.

2.1 School Performance Plan (SPP) developed with appropriate stakeholders

The GES Site-Based Committee, which includes administrators, staff, parents, and community representatives, will review the School Performance Plan and provide feedback and recommendations for revisions. Additional input will be gathered from staff through PLCs and staff meetings and from families through ParentSquare, surveys, and school events.

2.2 Regular monitoring and revision

The GES leadership team will conduct quarterly status checks with the staff members responsible for each strategy and review formative measures to determine progress toward the SMART goals. Progress, lessons learned, necessary revisions, and next steps will be documented in Plan4Learning and shared with staff and the Site-Based Committee.

2.3 Available to parents and community in an understandable format and language

The GES leadership team will conduct quarterly status checks with staff responsible for each strategy and review formative data to monitor progress toward the SMART goals. Progress, lessons learned, revisions, and next steps will be documented in Plan4Learning and shared with staff and the Site-Based Committee.

2.4 Opportunities for all children to meet State standards

Title I funding will support a math interventionist who provides supplemental, targeted instruction, primarily for students in Grades 4–5, without replacing core instruction. Funds will also support evidence-based math fact-fluency resources in the primary grades, with students identified through MAP, classroom assessments, and PLC/MTSS progress monitoring to ensure equitable opportunities to meet Nevada Academic Content Standards.

2.5 Increased learning time and well-rounded education

Title I funding provides additional learning time through supplemental math intervention and targeted WIN instruction during

the school day, without replacing core instruction or enrichment opportunities. Flexible groups will be based on current student data and adjusted regularly so students receive the additional time and intensity needed while continuing to participate in a well-rounded educational program.

2.6 Address needs of all students, particularly at-risk

Title I funding will support supplemental math intervention, evidence-based instructional resources, and targeted WIN instruction for students identified through MAP, classroom assessments, attendance, and PLC/MTSS data. Priority will be given to students who are not yet meeting grade-level standards or growth expectations, while flexible grouping and regular progress monitoring ensure support is timely, responsive, and available to any student who demonstrates a need.

3.1 Annually evaluate the schoolwide plan

At the end of each school year, the GES leadership team and Site-Based Committee will evaluate the effectiveness of the School Performance Plan by reviewing progress toward each SMART goal, formative measures, and student achievement, growth, attendance, behavior, and connectedness data. The team will identify successful strategies, unmet needs, and resource adjustments to guide revisions for the following year's plan.

4.1 Develop and distribute Parent Involvement and Family Engagement Policy

The GES Parent Involvement and Family Engagement Policy is reviewed and developed annually with input from administrators, staff, parents, the PTO, and the Site-Based Committee. The policy is distributed through ParentSquare, the school website, the student handbook, and the annual Title I meeting, with translated or printed copies available upon request.

4.2 Offer flexible number of parent involvement meetings

GES provides multiple family involvement opportunities throughout the year, including orientations, conferences, PTO and Site-Based Committee meetings, family events, and the annual Title I meeting. Events are offered on different days and at varied times, with virtual participation, translated communication, and individual meeting options available when needed.

5.1 Determine which students will be served by following local policy

Not applicable. GES operates a Title I schoolwide program rather than a Targeted Assistance School program; therefore, Title I services may support all students, with additional assistance prioritized according to identified academic needs.

Douglas County School District

Jacks Valley Elementary School

Classification: 1 Star School

Accreditation Status:
Accredited

Title I

2026-2027 School Improvement Plan

District Approval Date:
September 11, 2026

Mission Statement

The Jacks Valley Elementary School community will ensure each student a path to a bright future through continuous academic improvement in a safe, kind, motivating, and positive environment.

Vision

Staff Shared Vision

We teach at Jacks Valley to have a positive impact and empower students to be their best self, so they may live a happy and productive life with self-worth and purpose. As a result, they will have a beneficial influence on themselves and those around them.

Comprehensive Needs Assessment

Student Success

Areas of Strength

- A higher percentage of students school-wide achieved schoolwide Smarter Balance proficiency in ELA than in math (45.9% in ELA to 36.6 in math)
- Students have decreased in chronic absenteeism from 14.77% to 13.44%

Areas for Growth

- Increase percentage of non-proficient students making adequate growth in ELA on Smarter Balanced ELA assessment by 4% (currently 54.61%)
- Increase percentage of non-proficient students making adequate growth in math on Smarter Balanced ELA assessment by 3% (currently 30.8%)

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Language Barrier that results in math & ELA deficiency.	EL Interventions built into the scedule
Foster/Homeless	N/A	
Free and Reduced Lunch	Socioeconomic barriers that result in math & ELA deficiency's amongst some students.	Ongoing interventions built into the schedule.
Migrant/Title1-C Eligible	N/A	
Racial/Ethnic Minorities	Some students have vocabulary & fluency barriers that result in math & ELA deficiency.	Ongoing interventions built into the schedule.
Students with IEPs	Some students struggle with grade level material.	Special education teachers and aides help with our students IEP goals.

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
<div>1</div> <div>★</div> <div>Lack of fluency in academic vocabulary results in barriers amongst some student subgroups that affects speaking, listening, reading, and writing comprehension, which results in lower math and ELA proficiency rates.</div>	<div>The use of materials that represent diverse populations limits academic vocabulary exposure that allows for practice and fluency.</div>

★ = Priority

Adult Learning Culture

Areas of Strength

- 94% of staff feel that JVES provides opportunity for them to do their very best at their jobs.
- 100% of staff feel that they do their very best at helping students learn at home.

Areas for Growth

- Grade level PLC's will be new to teachers this year
- Grade level MTSS meetings will be new to teacher this year
- All teachers are not trained in the science of reading.

★ = Priority

Connectedness

Areas of Strength

- Family engagement is strong with a Parent Teacher Student Organization that meets regularly.
- According to the Staff School Climate Survey Data, 100% of staff agree with or strongly agree with:
 - All students are treated equally, regardless of whether their parents are rich or poor.
 - This school emphasizes showing respect for all students' cultural beliefs and practices.

Areas for Growth

- Families of EL learners/low socioeconomic status do not attend family engagement events as regularly as their counterparts.
- According to the Staff School Climate Survey Data, 23% of staff disagree or strongly disagree that this school provides instructional materials (e.g., textbooks, handouts) that reflect diverse students' cultural background, ethnicity, and identity.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Higher rates of chronic absenteeism during holiday periods for some.	Interventions built into the schedule. Continue reaching out through resources with translation.
Foster/Homeless	N/A	
Free and Reduced Lunch	N/A	
Migrant/Title1-C Eligible	N/A	
Racial/Ethnic Minorities	N/A	
Students with IEPs	N/A

SMART Goal 1 Problem Statements Identifying Student Success

Problem Statement	Root Cause
1 Lack of fluency in academic vocabulary results in barriers amongst some student subgroups that affects speaking, listening, reading, and writing comprehension, which results in lower math and ELA proficiency rates.	The use of materials that represent diverse populations limits academic vocabulary exposure that allows for practice and fluency.

SMART Goal 1 Problem Statements Identifying Adult Learning Culture

Problem Statement	Root Cause
1 All teachers are not trained in the science of reading.	In the past, teacher training revolved around whole language and balanced literacy.

SMART Goal 1 Problem Statements Identifying Connectedness

Problem Statement	Root Cause
1 JVES school could provide more instructional materials (e.g., textbooks, handouts) that reflect students' cultural background, ethnicity, and identity.	Need more ways to relate to and connect with students from diverse backgrounds, as current materials are not targeted for various groups.

Inquiry Area

3

Connectedness

SMART Goal 1

Student chronic absenteeism will decrease by 10% (from 13.44%) by the end of the 2026-2027 school year. to less than 12.09% overall.

Formative Measures: IC data will be used weekly to monitor and track absenteeism rates.

Improvement Strategy 1

By supplementing current curriculum with materials that encourage diversity and taking schoolwide steps for inclusiveness in the culture, overall student attendance will improve by 10% from 13.44% to 12%.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Using 2024-2025 data and ongoing IC data, at risk students will be identified early on where Tier 2-3 interventions can be implemented as appropriate. Tier 1 strategies will incorporate PBIS to encourage ongoing attendance goals.	Jacqueline Hostler	June 2027	

Position Responsible: School counselor

Resources Needed: Access to IC, PBIS materials, time for interventions.

Schoolwide and Targeted Assistance Title I Element Summary

Schoolwide and Targeted Assistance Title I Elements

1.1 Comprehensive Needs Assessment

The comprehensive needs assessment includes the Teacher Leadership team who meets every month to review data and discusses school culture. Strengths are celebrated and areas of growth are determined with a plan for improvement.

2.1 School Performance Plan (SPP) developed with appropriate stakeholders

Staff, families, and the community will be invited to the Teacher Leadership meeting on September 1st, 2026 to review and offer feedback on the SPP.

On May 4, 2026 the Teacher Leadership committee will meet again to address the SPP and prepare it for the 2027-2028 school year.

The SPP will be posted online and families will be urged to review it and offer insight on ParentSquare.

Student Success

Areas of Strength

Minden Elementary School areas of strength:

Raw SBAC data for 3rd, 4th, and 5th grades:

3.6% increase in ELA proficiency

1.4% increase in math proficiency

Over 50% proficiency in both (+17% in 24-25)

Growth calculations TBD

Areas for Growth

Chronic absenteeism is an identified area of needed growth (current data points will be added when available).

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Small enrollment and limited staffing	Increase the amount of ELAD certified teachers
Foster/Homeless	High absenteeism	Reduce barriers, promote stability and provide support through school and community resources
Free and Reduced Lunch	Do not know which students these are	Support all students
Migrant/Title1-C Eligible	Small enrollment and limited staffing	Learn about the students' educational history; build background for the students and connect with ELAD supports
Racial/Ethnic Minorities	Often times very small enrollment	Build background with families and make solid connections with the school
Students with IEPs	Changing staffing and close to the maximum caseloads	Cross train certified and classified staff to work with all students with IEPs.

Problem Statements Identifying Student Success Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>Students identified as chronically absent (missing 10% or more of the school year) increased (exact data to be added when available). Students who are absent or frequently tardy are missing considerable amounts of instruction and may be developing holes in their learning skills because of the absenteeism.</p>	<p>There may be a misconception about attendance coding and absence verification. Families are consistent in reporting and verifying absences, but may be under the impression that a verified or excused absence means the absence does not count. All absences (pre-arranged, illness, appointment, family event) count as an absence. Additionally, Minden's school zone is a mix of nearby neighborhoods, residences in the towns of Minden and Gardnerville, and 20+ miles south in the Topaz area. This means that transportation methods vary: a portion of the school is in the required walk-zone (no bus); a portion have a bus ride under 5 miles; and about 60 students have a bus ride that is over an hour long each way.</p>

★ = Priority

Adult Learning Culture

Areas of Strength

Minden's staff have high expectations of themselves and strive to be successful in all areas of school. MES teachers and support staff are helpful to each other. Minden is purposeful in its use of professional development days, professional learning community time (early student release), and mornings before school to implement adult learning opportunities and programs.

Areas for Growth

A major priority this year is to continue to improve implementing the MTSS framework. Tier development and resources, along with defined interventions and data tracking systems are a must. The school has a wide range of experience and time as a teacher so there is not always a common background, understanding, or experience; additionally no grade level from kindergarten through 5th grade has the same structure and teachers from last year. Mainly due to the enrollment trends, this has been a recurring theme the past few school years.

Problem Statements Identifying Adult Learning Culture Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>Minden Elementary School is committed to a collaborative and reflective adult learning culture. While staff demonstrate a strong willingness to support all learners, there is a need to strengthen shared understanding and implementation of Multi-Tiered System of Supports (MTSS), especially Tier 1 practices. This aligns with the district's MTSS Tier 1 priority. Spring 2026 MTSS TFI 3.0 baseline data is 60/80. Targeted professional learning will build staff capacity to implement Tier 1 practices with greater consistency and effectiveness.</p>	<p>While our MTSS team is established and meets regularly, the team's operating procedures and communication systems are not yet fully developed to ensure consistent, schoolwide understanding and implementation of MTSS Tier 1 practices. Strengthening both team processes and staff-wide professional learning (adult learning culture) will support more consistent and effective Tier 1 implementation leading to improved outcomes for all students.</p>

★ = Priority

Connectedness

Areas of Strength

Minden Elementary strives to connect with families and students in a variety of ways. One focus this year is to establish grade-level traditions and experiences so that students know about their grade level and can look forward to future years. MES has a mix of family nights (one a month) and engagement opportunities both instructional and fun throughout the year. The school has successfully transitioned to the new ParentSquare app for communication. The school has re-set homework expectations and resources to be consistent across the school and to promote a positive experience at home. The school administrators are connecting in different ways in person and electronically with families. This year there was a principals' message to kick-off back to school night. The administrators will use different methods each quarter to communication with families. Minden is responding to parent feedback about conferences and making adjustments to the conference schedule and format to better connect with families.

Areas for Growth

Generating feedback can often be challenging or unsure of even where to start for the school to collect data and receive feedback from families. With all the changes happening, surveys and family feedback would be powerful to help with our attempts at connecting with families.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Home language communication	Human translation or App help
Foster/Homeless	Inconsistent school enrollment and school learning opportunities	Connect with community resources and organizations; provide supports at school.
Free and Reduced Lunch	Not all students eligible have completed paperwork	Offer multiple opportunities and build background; 2nd year without universal FRL
Migrant/Title1-C Eligible	Home language communication	Human translation or APP help
Racial/Ethnic Minorities	School traditions and experience may differ	Develop consistent traditions across grade levels at school
Students with IEPs	May have communication coming from a variety of sources and supports	Centralize and identify a lead person to support communication

Problem Statements Identifying Connectedness Needs

Problem Statement	Critical Root Cause
<div>1</div> <div>School communication systems or efforts to connect with families at home are inconsistent, not developed, and cause confusion or missed information for families.</div>	<div>The school communication systems previously in place were inconsistent and often dependent on position: administrators utilized Infinite Campus while classroom teachers utilized Remind. There were also different understandings and follow-through for paper communication. The homework expectations were inconsistent and confusing throughout the school.</div>

 = Priority

Inquiry Areas

Inquiry Area 1 Student Success

SMART Goal 1

By the end of the school year, June 2027, the chronic absenteeism rate at Minden Elementary School will reduce from (add 25-26 % when available) to below 12.5% for the 2026-27 school year as calculated by the NSPF (released mid-September, 2027).

Formative Measures: Quarterly attendance updates; family communication and required notices; admin and teacher info shares for clarification and improved understanding.

Improvement Strategy 1

Quarterly attendance reporting (outside of state and district required notifications)

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Quarterly attendance reporting (outside of state and district required notifications)	Administrators and registrar	October; January; April	
2	Administration informational share outs with families	Administrators	Fall, Winter; Spring

June

SMART Goal 2

Minden Elementary School will have a five-point increase in our percentage of K-5 students demonstrating progress toward mastery in literacy by meeting their individual growth goal in Reading as measured by Fall 2026 to Spring 2027 (Winter 2026 to Spring 2027 for K) MAP Reading growth.

600

Improvement Strategy 1

Increase K-5 teacher knowledge of Science of Reading pillars and effective instructional strategies

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Science of Reading training	Literacy Specialist	August 2026, March 2027, August 2027	

Position Responsible: Administrator

Resources Needed: 7 Mighty Moves (K-2) and Next Steps in Literacy Instruction Connecting Assessments to Effective Interventions (3-5)

Status Checks

November

February

June

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

By June 2027, Minden Elementary School will strengthen MTSS Tier 1 implementation by increasing its MTSS/PBIS Tiered Fidelity Inventory (TFI) 3.0 score from 60/80 (Fall 2026) to at least 68/80 (Spring 2027) through targeted professional learning and collaboration.

Formative Measures: MTSS Team Meetings (agendas, notes and action plan; 2x month)
Staff professional development (with learning reflections and feedback)
PLC Meetings (agendas, notes and action plan; approximately 2x/month)
TFI 3.0 + Walkthroughs (formal with external coach and core MTSS site team 2x/year; informal with core MTSS site team 1-2x/year)

Improvement Strategy 1

Strengthen MTSS Team Functioning

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Define and document team roles, responsibilities, and operating procedures.	Administrators & MTSS Site Liaison (Counselor); MTSS Team Members	September 2026	
2	Ensure a communication system to share MTSS updates and data with all staff.	Administrators & MTSS Site Liaison (Counselor); MTSS Team Members	September 2026	
3	Use MTSS Team Meetings to review Tier 1 data and guide site action plan.	Administrators & MTSS Site Liaison (Counselor); MTSS Team Members	September 2026 - June 2027	

Position Responsible: Administrators & MTSS Site Liaison (Counselor)

Resources Needed: Allocate time to complete the above actions; use Google Suite to support documentation and communication

Status Checks

Comprehensive Needs Assessment

Student Success

Areas of Strength

Even though we did not meet our goal of 100% of students making growth on Reading MAP. We did increase our At/Above 65%tile from 34.34% overall in the fall to 35.22% in the spring. Our teachers were trained on evidence-based reading strategies which we observed in classrooms throughout the year. Continuation of training and use of science of learning will continue to raise student MAP and SBAC scores for this school year.

Areas for Growth

Our goal for 25-26 was for 100% of students to make growth on Reading MAP. Even though we had many students make growth, it was difficult to track each student and their scores from assessment to assessment. This year, our goal is to have an increase of 5% of our students become proficient on Reading SBAC going from a 31% to a 36% by spring of 2027. Areas for growth that staff identified are with 8th grade because their scores have dropped the past two years in 8th grade. We would like to reward students who are profient in SBAC even if it is the following school year. Staff brainstormed ideas for enouragement and positively promoting the SBAC test. We want students to feel empowered and support one another to improve each year.

Problem Statements Identifying Student Success Needs

	Problem Statement	Critical Root Cause
1	Students are not meeting proficiency targets on the state Reading SBAC assessments.	Students need more independent reading while also having systematic reading instruction that meets students needs. By middle school, students have gaps in their foundation learning about phonemic awareness and phonics.
2	Professional learning for middle school staff who teach many different subjects can be difficult for all staff. Professional learning needs to be a collaborative process for all learners. We are lacking teacher efficacy across all content areas and grade levels.	There have been inconsistent expectations around professional learning in the past.

 = Priority

Adult Learning Culture

Areas of Strength

All teachers were trained during the 25-26 school year on Science of Learning and other evidence-based reading strategies including reciprocal teaching, close reading, and notice & note. Administration observed these taught in many classrooms. Students were engaging with reading more often because of these reading strategies that were required across all content areas including electives.

Areas for Growth

This year, we will continue to have professional learning on the the same strategies while building more independence and ownership from students. We will also begin professional learning with The Writing Revolution to increase our writing practices and build stronger passages in order to create stronger writers.

Problem Statements Identifying Adult Learning Culture Needs

	Problem Statement	Critical Root Cause
1	Professional learning for middle school staff who teach many different subjects can be difficult for all staff. Professional learning needs to be a collaborative process for all learners. We are lacking teacher efficacy across all content areas and grade levels.	There have been inconsistent expectations around professional learning in the past.
2	Students are not meeting proficiency targets on the state Reading SBAC assessments.	Students need more independent reading while also having systematic reading instruction that meets students needs. By middle school, students have gaps in their foundation learning about phonemic awareness and phonics.

★ = Priority

Connectedness

Areas of Strength

We had about 38% of our students involved in extra-curricular activities on campus. We also had 41% of our students attend events on campus. On the NVSEL Survey in the Fall of 2025, our students Engagement-Relationships scores raised in every category from Fall 2024 with American Indian/Alaska Native Students being the highest score at 353. We are proud of the connections our students make with each other and with our staff members.

Areas for Growth

An area for growth this year is to collect better data at events and clubs. We want to make sure that each student who attends something outside of the classroom is accounted for. We would also like to help the students who are not connected yet to find some connection point by attending clubs, athletics, or participating at lunchtime activities.

Problem Statements Identifying Connectedness Needs

Problem Statement	Critical Root Cause
<div>1</div> <div>We don't have enough connection options for all students. Some students cannot stay after school for a club or sports.</div>	<div>We have a large zone of students who need bus transportation and cannot stay for after school activities.</div>

 = Priority

Inquiry Area 1

Student Success

SMART Goal 1

Students will increase proficiency on Reading SBAC by 5%. In 2026, the school proficiency rate was 31.85%. By June 2027, our percentage of students proficient in Reading will be at 36.85%.

Formative Measures: We will use Reading MAP data to discuss our progress throughout the year in fall, winter, and spring.

Improvement Strategy 1

Professional learning is scheduled for the year with NVRPDP trainers in order to improve our reading instructional practice. This professional learning will make staff feel more confident in teaching reading strategies and giving interventions within their classroom which will in turn improve reading scores.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Professional Learning for Reciprocal Teaching part 1	Admin with Rachel Croft from NVRPDP	August 28 for PD Day	
2	Continued work with English Dept in fall during PLC days	Admin with Rachel Croft from NVRPDP	Sept 14, Oct 5, Dec 7	

Position Responsible: Administration to schedule and plan with trainer.

Resources Needed: Staff, reading and writing materials

Status Checks

Connectedness

SMART Goal 1

We will increase student participation in school activities by 5% in all areas which include extracurriculars (athletics, leadership, NJHS), clubs, and event attendance (dances or games).

Formative Measures: We will collect attendance data by quarter in these three areas.

Improvement Strategy 1

Increase opportunities for students to engage in activities during the day to be available for all students.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	We received a grant to purchase large outdoor games that students can play at lunch time.	Admin	All year	
2	We had outside consultant training for Leadership students during the summer to teach them to engage with all students on campus better.	Admin & Leadership teacher, leadership students	Training on August 10, ongoing resources and support throughout the year	

Position Responsible: Administration and Leadership teacher

Resources Needed: Large games for courtyard activities

Status Checks

November

February

June

SMART Goal 2

Based on our Staff NVSEL Survey from Fall 2025, 41% of the 27 staff who took the survey agreed that "the following types of problems occur at this school often: student verbal abuse of teachers". We had 37% disagree and 22% strongly disagree. Our goal is for that problem behavior to decrease by half and for staff to feel more physically safe on campus.

Formative Measures: We will monitor PBIS minor and major referrals for disrespect to staff each quarter. We will have discussions with staff about how to support them better with these classroom behaviors.

Douglas County School District

Pinon Hills Elementary School

2026-2027 School Improvement Plan

District Approval Date:
August 13, 2026

Mission Statement

The Piñon Hills Elementary School students, parents, staff, and community encourage the use of active minds and bodies in striving for excellence in academics and citizenship.

Vision

Piñon Hills Staff believes EPIC Learning provides every student a Learner Centered environment that builds self-confidence, and develops problem solving skills to help learners become successful.

Piñon Hills Staff ensure our students feel loved so they can learn to love others and themselves, and they will therefore maintain healthy relationships throughout their lives.

Comprehensive Needs Assessment

Student Success

Areas of Strength

Our core values and essential practices that we believe provide students an opportunity to thrive are as follow:

- 1. Every child matters and every moment counts to make a difference.
- 2. Authentic and organic relationships are critical. They will never care how much we know until they know how much we care about them. (students and families)
- 3. Instructional learning time that maximizes student cognition at their zone of proximal development.
- 4. We utilize formative assessment to make instructional adjustments during the learning. Additionally, we teach students how to self-monitor and make learning adjustments.

Areas for Growth

Due to a focus on responsive instruction, we experienced an 8.3% increase in the percentage of students scoring a 3 or 4 in Reading and 5.7% decrease in Math on SBAC assessments from 2024-2025 to 2025-2026 in grades 3 through 5. Additionally, as evidenced by our 2024-25 School Climate Survey our students reported the following results.

431 Engagement – Relationships – 2024- 403 increased to 2025- 452

500 Safety – Physical Safety – 2024- 500 2025- 500

Safety – Emotional Safety – 2024- 415 increased to 2025- 454

Social and Emotional Competence – 2024- 86/100 increased to 2025- 97/100

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Language acquisition	Use best practices and strategies.
Foster/Homeless	Sense of belonging and Social emotional learning	provide a family environment filled with love and nurturing
Free and Reduced Lunch	Sense of belonging and Social emotional learning	provide a family environment filled with love and nurturing
Migrant/Title1-C Eligible	None	

Racial/Ethnic Minorities	None	
Students with IEPs	Learning challenges	Provide support by implementing their Individualized plans, partnering with families and working as a team.

Problem Statements Identifying Student Success Needs

	Problem Statement	Critical Root Cause
1	With regards to English Learners, we dropped from 4 students in this program to 2 from 2024-2025 to 2025-2026. Those 2 students did not earn a proficient score on the SBAC ELA component. One of the students grew from a 1 to a 2 in ELA and scored a 1 gain on Math. Both students showed growth on the WIDA access measurement.	The causes are language acquisition continues to be a barrier and therefore we need to build capacity by providing more consultation regarding strategies with our general education teachers.
2	Our percentage of students on IEP's who scored a 3 or a 4 on the Math SBAC decreased from 40.7% in 2025 to 21.1% in 2026.	In 2026 our district emphasized 3 Reads as a strategy when attacking mathematical problem solving. Reading is a primary reason these students qualified for the program, we did not attend to those reading deficits when implementing these strategies.

ASPIRE Academy High School

2026-2027 School Improvement Plan

Mission Statement

ASPIRE Academy High School's mission statement was found quite simply in our acronym: All Students Pursuing Integrity, Responsibility and Education. This mission exemplifies our vision for this program as we challenge young people to attain these qualities. Our vision statement is- "Our ASPIRE family's education will be achieved through the passionate pursuit of personal growth and independence." Our students actively pursue responsibility as they begin to learn the importance of and apply healthy behavior choices, accountability, and community service. Finally, our staff intends to not only educate our students academically but, additionally inspire in them an intrinsic desire to grow and learn.

Vision

Our ASPIRE family's education will be achieved through the passionate pursuit of personal growth and independence.

Comprehensive Needs Assessment

Student Success

Areas of Strength

- ASPIRE's small size allows staff to know students well and provide individualized support. The school's family-like culture and emphasis on second chances can help students reconnect with school.
- The Edmentum model allows students to work at an appropriate pace and gives staff the ability to monitor individual progress closely. Students have a clear pathway through courses rather than simply moving at the pace of an entire class.
- With about 80 to 100 students and a relatively small staff, students can receive frequent adult attention. Staff can identify concerns quickly and intervene before students become completely disconnected.

Areas for Growth

- Attendance and student engagement: ASPIRE will continue to strengthen consistent attendance and active engagement in learning. Because students have significant independence within our instructional model, regular attendance and productive use of instructional time are essential to maintaining academic progress.
- Academic progress: ASPIRE will strengthen systems for monitoring student progress and identifying students who are not making adequate progress toward course completion. Staff will use student progress data to provide targeted support and intervention before students fall significantly behind.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	The independent/self-paced Edmentum model may create an additional challenge for students who are still developing academic English, particularly when directions, readings, or assessments rely heavily on language. Staff have limited time to provide individualized language support.	Identify EL students who are not making expected progress and provide additional staff check-ins, clarification of directions, scaffolding, and appropriate instructional accommodations. Coordinate with district EL staff as needed.
Foster/Homeless	Students experiencing housing instability or foster-care transitions may have inconsistent attendance, transportation challenges, changes in guardianship, or disruptions to their ability to focus on school.	Establish consistent adult check-ins, monitor attendance and academic progress closely, communicate with appropriate support personnel/guardians, and connect students with available district/community resources. Provide flexibility and a predictable school environment when circumstances interfere with learning.
Free and Reduced Lunch	Financial circumstances may create barriers outside of school that affect attendance, access to technology/internet, transportation, food security,	Ensure students have reliable access to meals and necessary technology/resources at school. Monitor students who demonstrate attendance or engagement concerns and connect

	or ability to fully engage in school.	families with available school/district/ community resources.
Migrant/Title1-C Eligible		
Racial/Ethnic Minorities	Because ASPIRE has a small student population, individual students from racial/ethnic minority groups may have limited opportunities to see their backgrounds and experiences represented in the school environment. Students may also enter ASPIRE after experiencing challenges in other educational settings.	Continue building an inclusive school culture in which every student is known, respected, and supported. Incorporate diverse perspectives and experiences into instruction and FOCUS activities and monitor student engagement and academic outcomes by student group to identify emerging disparities.
Students with IEPs	Students with IEPs may require more frequent individualized support than the self-paced model naturally provides. Limited staffing and the small-school setting can make it challenging to provide specialized support while maintaining access to the general curriculum.	Strengthen collaboration between general education and special education staff, regularly monitor IEP goals and course progress, provide accommodations consistently, and use progress data to identify students needing additional intervention or support.

Problem Statements Identifying Student Success Needs

	Problem Statement	Critical Root Cause
1	ASPIRE students experience attendance challenges that can interfere with consistent engagement in instruction, academic progress, and timely course completion. Because ASPIRE's instructional model relies heavily on individualized, self-paced learning, consistent attendance is particularly important for students to receive the academic and social-emotional support necessary to remain on track. Students experiencing additional barriers, including students with IEPs, students experiencing housing instability, students from economically disadvantaged backgrounds, English Learners, and students from racial/ethnic minority groups, may require additional support to overcome barriers that affect regular school attendance.	A critical root cause is the need for a more consistent, proactive system for identifying and addressing the individual barriers contributing to student absences. ASPIRE has historically relied heavily on the small-school relationships between staff and students to address attendance concerns, but a more systematic approach to monitoring attendance, identifying patterns early, communicating with families, and connecting students with appropriate supports is needed to ensure students receive timely intervention.

★ = Priority

Adult Learning Culture

Areas of Strength

- Strong staff relationships and collaboration: ASPIRE's small staff allows teachers and support staff to communicate frequently, know students well, and share information about individual student needs.
- Commitment to student-centered support: Staff understand that ASPIRE students don't all follow the same path to success. The individualized nature of the school requires adults to adjust their support based on student needs rather than relying on a one-size-fits-all approach.
- Staff knowledge of the ASPIRE model: Many staff members have experience working within ASPIRE's unique environment and understand that success involves more than simply completing coursework. The culture emphasizes relationships, responsibility, and helping students develop independence.

Areas for Growth

ASPIRE has a strong foundation of staff collaboration and individual expertise, but opportunities to make adult learning more intentional and systematic can be strengthened. Because ASPIRE has a small staff and typically has one teacher per content area, traditional content-area PLC structures are not always applicable. ASPIRE will continue developing collaborative learning opportunities focused on examining student data, identifying students in need of additional support, sharing effective practices, and learning from one another's experiences working within the ASPIRE model. Strengthening these structures will help ensure that effective individual practices become shared school-wide practices.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Staff may have varying levels of training and experience in supporting English Learners within a self-paced online curriculum. Limited staff time can make it difficult to collaborate around language-specific strategies.	Provide targeted professional learning on scaffolding, language supports, and accommodations for EL students. Use PLC time to share effective strategies and collaborate with district EL personnel when needed.
Foster/Homeless	Staff may not always have the specialized knowledge or consistent systems needed to recognize and respond to barriers associated with housing instability or foster-care transitions.	Provide staff with information about available district/community resources and appropriate supports. Use PLC/ collaborative time to identify barriers affecting individual students and coordinate appropriate interventions.
Free and Reduced Lunch	Staff may not always be aware of the outside-of-school factors affecting students' attendance, engagement, and academic progress. Limited time can make it difficult to coordinate supports beyond the classroom.	Increase staff awareness of available resources and establish a process for identifying students experiencing barriers related to basic needs. Use collaboration time to connect students and families with appropriate school, district, and community supports.

Migrant/Title1-C Eligible		
Racial/Ethnic Minorities	Staff may have limited opportunities to examine whether instructional practices, expectations, and school systems are equally effective for students from different racial/ethnic backgrounds, particularly given ASPIRE's small enrollment.	Use disaggregated student data during PLCs to monitor attendance, academic progress, and engagement across student groups. Provide opportunities for staff to discuss culturally responsive practices and ensure that expectations and supports are equitable.
Students with IEPs	Staff need consistent understanding of IEP accommodations and effective strategies for supporting students with disabilities within ASPIRE's self-paced model. Limited special education staffing/time can make collaboration more difficult.	Strengthen collaboration between general education and special education staff, review accommodations and student needs regularly, and use PLC time to discuss strategies and monitor progress of students with IEPs.

Problem Statements Identifying Adult Learning Culture Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>ASPIRE staff need a more consistent and systematic approach to identifying and addressing the individual barriers that contribute to student absenteeism. While staff have strong relationships with students and frequently respond to attendance concerns, opportunities to collaboratively analyze attendance patterns, identify barriers among student groups, and develop targeted interventions can be strengthened. Students experiencing additional barriers, including those who are English Learners, experiencing foster care or homelessness, economically disadvantaged, from racial/ethnic minority groups, or receiving special education services, may require staff to have specialized knowledge and coordinated supports to address factors affecting their attendance.</p>	<p>A critical root cause is limited structures and dedicated time for staff to collaboratively analyze attendance data and build shared knowledge around the specific barriers affecting different student groups. ASPIRE staff often address attendance concerns individually and through established relationships with students, but a more consistent school-wide process is needed to identify patterns early, understand the underlying causes of absences, and coordinate appropriate interventions and resources.</p>

★ = Priority

Connectedness

Areas of Strength

ASPIRE's small-school environment provides a strong foundation for student connectedness. Staff are able to develop meaningful relationships with students and provide individualized attention and support. ASPIRE also promotes a sense of belonging through its emphasis on family, fresh starts, student responsibility, and positive relationships. Programs such as FOCUS, service projects, whole-school activities, and other community-building opportunities give students opportunities to connect with peers and staff beyond their individual coursework. The school's supportive environment allows students to be known as individuals and provides opportunities for students to rebuild positive connections with school and adults.

Areas for Growth

ASPIRE has historically benefited from a strong sense of community and meaningful relationships between students and staff. The transition to a new campus has created an opportunity to intentionally rebuild and strengthen these connections. Because ASPIRE's instructional model is largely individualized and self-paced, students can spend significant portions of the school day working independently. ASPIRE will continue to create intentional opportunities for positive peer interaction, whole-school experiences, student voice, and shared traditions that strengthen students' sense of belonging and connection to the school community.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Language barriers may make it more difficult for students to fully participate in whole-school activities, FOCUS, or informal peer interactions. Staff may also need additional strategies and time to ensure EL students are meaningfully included.	Provide intentional staff check-ins, ensure activities and communication are accessible, and use FOCUS/whole-school activities to create structured opportunities for EL students to participate and build relationships. Collaborate with EL support staff when additional resources are needed.
Foster/Homeless	Changes in housing, caregivers, transportation, or other life circumstances may make it difficult for students to establish and maintain consistent relationships with peers and adults.	Assign a consistent adult point of contact, provide predictable check-ins, monitor participation and attendance, and connect students with school/district/community resources that can reduce barriers to participation.
Free and Reduced Lunch	Lunch Financial circumstances may limit students' ability to participate in activities that require money,	Ensure school-sponsored activities are accessible regardless of a student's financial circumstances. Provide necessary materials and transportation when possible and identify community/

660

	transportation, supplies, or other resources.	district resources that can remove financial barriers to participation.
Migrant/Title1-C Eligible		
Racial/Ethnic Minorities	Students may not always see their backgrounds, experiences, or perspectives reflected in school activities and may need intentional opportunities to develop a sense of belonging.	Build an inclusive school culture, incorporate diverse perspectives into activities and FOCUS, and provide opportunities for students to share their experiences and contribute to the school community. Monitor participation and connectedness data by subgroup when available.
Students with IEPs	Some students with disabilities may experience barriers to participating fully in group activities or may require additional adult support, accommodations, or modifications to engage successfully with peers and the school community.	Plan activities with accessibility in mind, provide required accommodations, and collaborate between general education and special education staff to identify and remove participation barriers. Provide additional adult support when needed.

Problem Statements Identifying Connectedness Needs

Problem Statement	Critical Root Cause
<div>1</div> <p>ASPIRE students who experience barriers to feeling connected to school, peers, and trusted adults may be less likely to attend consistently. While ASPIRE's small-school environment provides strong opportunities for meaningful relationships, some students--particularly those experiencing additional academic, economic, social, or personal barriers--may require more intentional opportunities and support to develop a strong sense of belonging. Strengthening student connectedness can help students see themselves as valued members of the ASPIRE community and increase their motivation to attend regularly.</p>	<p>A critical root cause is the need for more intentional and consistent opportunities for students to develop meaningful connections with adults, peers, and the ASPIRE community. Although strong relationships are a foundation of ASPIRE, the individualized nature of the instructional model and the transition to a new campus can limit natural opportunities for students to connect. Staff need shared strategies and dedicated opportunities to identify students who are becoming disconnected and intentionally reconnect them to the school community.</p>

Data Documentation for CNA

Data Documentation for CNA

The following data were used to verify the comprehensive needs assessment analysis:

Student Success

- ☒ Grades
- ☒ Nevada State Performance Framework (NSPF)
- ☒ Student Climate Survey, Student Voice

Adult Learning Culture

- ☒ Master schedule
- ☒ Student Climate Survey

Connectedness

- ☒ Attendance
- ☒ Behavior
- ☒ Enrollment

Inquiry Areas

Inquiry Area 1

Student Success

SMART Goal 1

By May 2027, ASPIRE will increase its overall student attendance rate by 5 percentage points from the baseline established through the 2026-27 Data Dive, with progress monitored monthly and targeted supports provided to students demonstrating attendance concerns.

Formative Measures: Staff will review attendance data monthly to identify students with concerning attendance patterns. For identified students, staff will document barriers, interventions, family communication, and changes in attendance. Progress will be reviewed during PLC/collaborative meetings and interventions adjusted as needed.

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

By May 2027, 100% of ASPIRE instructional staff will participate in a minimum of one collaborative attendance-data review each month and document at least one strategy or intervention used to address identified attendance barriers.

Formative Measures: Meeting agendas/minutes will document monthly attendance-data reviews, students identified for support, barriers discussed, and strategies selected. Staff will periodically share the effectiveness of attendance strategies and adjust practices based on student response.

Inquiry Area

3

Connectedness

SMART Goal 1

By May 2027, ASPIRE will increase the percentage of students who report feeling connected to at least one trusted adult and to the ASPIRE school community by 5 percentage points from the baseline established through the 2026-27 NDE student climate survey.

Formative Measures: Staff will conduct periodic student check-ins/surveys to monitor students' sense of belonging and connection. Staff will identify students reporting low connectedness and provide intentional adult check-ins and opportunities for meaningful participation in FOCUS, service projects, and whole-school activities.

Board of Trustees Douglas County School District

STUDENTS

Personal Technology and Communication Devices

Nevada law requires the Douglas County School District Board of Trustees ("the Board") to adopt a policy concerning the use and possession by students of electronic communication devices, including, without limitation, mobile phones, tablets, and wearable smart devices such as smart watches and glasses, etc.

1. Students may possess electronic devices, provided that such devices do not disrupt the educational program or school activity. Any disruptive, inappropriate or illegal usage of any electronic devices may result in disciplinary consequences as set forth below.
2. During instructional time, electronic communication devices must be turned off and stored out of sight so as not to interfere with or disrupt instruction (This excludes smart watches).
3. Middle and Elementary School students may not use electronic communication devices during scheduled nutrition or lunch periods and at school-sponsored activities during the regular school day, [but may use them on district buses](#).
4. High School students may use electronic communication devices during scheduled nutrition or lunch periods, at school-sponsored activities, and while on district buses.
5. The use of electronic devices capable of capturing audio or video recordings is strictly prohibited in restrooms, locker rooms, student clinics or health offices of any school buildings, whether or not such event or activity is located on the premises of the District.

~~5. When under the direct supervision of DCSD staff during instructional time, the use of electronic communication devices to record audio or visual content of another individual on campus or during district transportation, including other students, DCSD staff, or visitors, without that person's consent is strictly prohibited. The use of electronic communication devices to share personally identifiable information of other individuals without their consent is strictly prohibited.~~

6. Wearable devices capable of audio or video recording, such as smart glasses, must be powered off and stored during the school day unless specifically authorized for instructional, accessibility, or health purposes.
7. During state or other high-stakes testing, personal electronic devices must not be in a student's possession. Should any electronic device cause a disruption during an assessment, the student's test will be invalidated, and the student will be subject to discipline.

Board of Trustees Douglas County School District

STUDENTS

8. This policy shall be included within each copy of the rules of behavior for pupils.
9. This policy does not apply to electronic devices issued to students by DCSD for instructional purposes.

Disciplinary Action

In the event that a student violates the provisions of this policy, consequences will be implemented based on the number and severity of the violation. The following will serve as a guideline, and more severe consequences may be issued based on the seriousness of the infraction.

First Infraction: Warning and confiscation of the device for the remainder of the school day.

Second Infraction: Confiscation of the device for the remainder of the school day, and a parent must meet with a school official to claim the device.

Additional Infractions: Repeated violations may result in disciplinary action under Board Policy No. 525 and Administrative Regulation No. 529 and may include suspension.

Exceptions

Electronic communication devices may be used in the following circumstances:

- i. During an emergency, crisis, or as needed to manage the health of a pupil;
- ii. If a teacher allows for the use of an electronic communication device for instructional purposes; and
- iii. If the use of an electronic communication device is included as part of an individualized education program or a plan developed in accordance with section 504 of the Rehabilitation Act of 1973, 29 USC § 794.

Board of Trustees Douglas County School District

FINANCES

BUDGET PREPARATION, FUND BALANCE, AND RESERVES

The Board of Trustees considers the preparation, adoption, and monitoring of the annual budget to be among its most important responsibilities. The budget shall reflect the District's educational priorities, provide for the maintenance of District facilities and operations, honor the District's obligations, and comply with all applicable federal and state laws, regulations, accounting standards, and reporting requirements.¹

The District shall prepare its budget using reasonable and supportable estimates of revenues, enrollment, expenditures, and other financing sources and uses. Revenue estimates shall be appropriately conservative, particularly when revenues are dependent upon enrollment, average daily enrollment, legislative appropriations, economic conditions, or other factors outside the District's control.

1. Purpose of Fund Balance and Reserves

The District shall maintain prudent fund balance and reserve levels to:

1. Provide sufficient working capital and liquidity;
2. Address temporary revenue interruptions or unanticipated revenue losses;
3. Respond to emergencies and significant unforeseen expenditures;
4. Avoid unnecessary borrowing and related interest costs;
5. Protect the District's creditworthiness;
6. Support continuity of essential educational and operational services;
7. Provide time to respond responsibly to material changes in enrollment, funding, or economic conditions; and
8. Facilitate stable, long-term financial planning.

Fund balance is not intended to serve as an ongoing funding source for expenditures that are recurring, predictable, or structurally unsupported by recurring revenues.

2. Fund Balance Classifications

The District shall classify governmental fund balances in accordance with Governmental Accounting Standards Board Statement No. 54, or its successor standards, as follows:

- Non-spendable;
- Restricted;
- Committed;

¹ Nothing in this policy shall be construed to authorize, require, or permit any action that is inconsistent with applicable federal or state law, administrative regulation, or other legally binding requirement. Where a statute, regulation, or other applicable legal authority establishes a more restrictive or heightened requirement than that provided for in this policy, the more restrictive, stringent, or heightened requirement shall govern and shall be followed by the District. In the event of any conflict between this policy and applicable law, the applicable law shall control, and this policy shall be interpreted and applied to the maximum extent permitted by law.

Board of Trustees Douglas County School District

FINANCES

- Assigned; and
- Unassigned.

The Board may commit fund balance for a specific purpose through formal Board action. The same level of formal action shall be required to modify or remove a commitment.

The Board delegates to the Superintendent and Chief Financial Officer the authority to assign fund balance for specific purposes consistent with Board policy, the adopted budget, applicable law, and generally accepted accounting principles. An assignment shall not reduce unassigned fund balance below an applicable minimum established by this policy without express Board approval.

3. General Fund Reserve Levels

For purposes of this policy, **unrestricted fund balance** consists of committed, assigned, and unassigned fund balance that is not subject to an external legal or contractual restriction.

The District shall use the following standards when preparing and administering the General Fund budget:

A. Minimum Budgeted Ending Fund Balance

The legally adopted General Fund budget shall contain an ending fund balance of no less than **4% of annual General Fund expenditures and other financing uses, excluding capital outlay**, or such greater amount as may be required by Nevada law or regulation.

The 4% amount is a minimum budget threshold and shall not be considered the District's preferred or sufficient operating reserve. In no event shall the Board adopt any budget which appropriates for any fund any amount in excess of the budget resources of that fund. NRS 288.150 separately uses a budgeted unreserved General Fund ending balance of 4% or less of prior-year actual expenditures as one collective-bargaining fiscal-emergency criterion, subject to statutory explanation and recovery-plan requirements. It is not the source of the District's Board-established minimum.

B. Board Operating Reserve Floor

The District shall seek to maintain unrestricted General Fund balance of no less than **8.3% of annual General Fund expenditures and other financing uses, excluding capital outlay**, equivalent to approximately one month of operations.

Except in the circumstances authorized by this policy, the District shall not adopt a budget that reduces projected unrestricted General Fund balance below 8.3%.

C. Long-Term Target

The Board establishes a long-term target unrestricted General Fund balance of **12% of annual General Fund expenditures and other financing uses, excluding capital outlay**.

Board of Trustees Douglas County School District

FINANCES

The target is intended to support liquidity, financial stability, continuity of operations, and the District's ability to respond to economic, legislative, enrollment, and operational uncertainty.

Achievement of the 12% target shall be balanced with the District's obligation to provide appropriate educational programs and services. Progress toward the target may occur over multiple fiscal years. NRS 354.6241 separately provides that, for Chapter 288 purposes, a school district budgeted ending fund balance of not more than 12% of total budgeted expenditures is excluded from negotiation and fact-finder or arbitrator consideration. The District's 12% target remains a Board financial-stability objective.

D. Measurement

Reserve percentages shall ordinarily be calculated using the greater of:

1. Actual General Fund expenditures and other financing uses for the most recently completed fiscal year; or
2. Budgeted General Fund expenditures and other financing uses for the applicable fiscal year,

excluding capital outlay and extraordinary accounting transactions that do not represent normal operating costs.

The Chief Financial Officer may recommend an alternative calculation when necessary to provide a more accurate measure of operating requirements, subject to disclosure to and approval by the Board.

4. Annual Contingency

As authorized by law, the adopted General Fund budget shall ordinarily include a contingency appropriation equal to at least **1% of appropriations**, excluding transfers to other funds.

The Board may approve a contingency greater than 1%, but not exceeding the maximum allowed by Nevada law, when justified by identified risks, including:

- Enrollment or funding uncertainty;
- Pending legislative or regulatory changes;
- Collective bargaining uncertainty;
- Insurance or litigation exposure;
- Emergency facility or transportation needs;
- Significant price volatility;
- Unfunded mandates; or
- Other material financial risks.

Contingency is an appropriation within the current-year budget and is separate from ending fund balance. Unspent contingency shall remain in fund balance at year-end.

Transfers from contingency shall be reported to the Board through periodic financial reports and processed in accordance with applicable Nevada budget law and District policy.

Board of Trustees Douglas County School District

FINANCES

5. Permitted Uses of Unrestricted Fund Balance

Unrestricted fund balance above the 8.3% operating reserve floor may be considered for the following purposes:

1. Unanticipated or emergency expenditures;
2. Temporary and material revenue shortfalls;
3. One-time expenditures that do not create an ongoing financial obligation;
4. Matching funds required to secure grants or other external funding;
5. One-time investments that produce measurable operating savings or cost avoidance;
6. Urgent health, safety, security, technology, transportation, or facility needs;
7. Early repayment or defeasance of debt when supported by a documented financial benefit;
8. Temporary stabilization of operations during an economic downturn, enrollment decline, legislative funding reduction, or other material disruption; or
9. Other extraordinary circumstances specifically identified and approved by the Board.

Whenever practical, planned one-time expenditures shall be funded from amounts formally committed or assigned for that purpose rather than from the District's operating reserve.

6. Restricted and Prohibited Uses

Except as part of a Board-approved financial recovery or transition plan, unrestricted fund balance shall not be used to:

1. Support permanent salaries, benefits, positions, programs, or other recurring expenditures without an identified recurring revenue source;
2. Balance an ongoing structural deficit without corrective action;
3. Fund continuing compensation increases that cannot be sustained from ongoing revenues;
4. Avoid necessary operating reductions when recurring expenditures exceed recurring revenues;
5. Establish a new program or service that creates future-year obligations without a sustainable funding plan;
6. Replace restricted revenues that have expired when the related expenditures will continue indefinitely;
7. Provide routine departmental budget enhancements that should be considered through the normal budget-prioritization process; or
8. Circumvent competitive procurement, budget augmentation, public-meeting, or other legal requirements.

Reserves shall not be treated as excess cash merely because the balance exceeds the statutory minimum.

7. Use Below the 8.3% Operating Reserve Floor

Use of unrestricted General Fund balance that is projected to reduce the balance below 8.3% shall require formal Board approval.

Board of Trustees Douglas County School District

FINANCES

Before approving such use, the Board shall receive a written recommendation from the Superintendent and Chief Financial Officer addressing:

1. The amount and purpose of the proposed use;
2. Why the expenditure or revenue loss cannot reasonably be addressed through current-year appropriations, contingency, expenditure reductions, or another lawful funding source;
3. The projected effect on cash flow, liquidity, creditworthiness, and future budgets;
4. Whether the proposed use supports a recurring or nonrecurring expenditure;
5. Alternatives considered;
6. The projected unrestricted fund balance after the proposed use;
7. The risks of approving and not approving the use; and
8. A proposed replenishment plan and timeline.

Use of reserves below the 4% minimum shall occur only when legally permissible and necessary to address an emergency or severe fiscal condition, and shall require express Board action following consultation with legal counsel and applicable state agencies.

8. Temporary Use for Structural Transition

The Board may authorize temporary use of fund balance for recurring expenditures when a material decline in enrollment, revenue, or other economic condition makes immediate reductions impracticable or unnecessarily disruptive.

Such use shall be approved only as part of a written multi-year financial stabilization plan that:

1. Identifies the structural imbalance;
2. Establishes specific expenditure reductions, revenue measures, or operational changes;
3. Demonstrates how recurring expenditures will be brought into alignment with recurring revenues;
4. Limits the duration and annual amount of reserve use;
5. Includes measurable milestones and regular Board reporting; and
6. Restores reserves within the timeframe required by this policy.

Fund balance shall not be used indefinitely to postpone resolution of a structural deficit.

9. Replenishment of Reserves

When unrestricted General Fund balance is projected to fall below 8.3%, the Superintendent and Chief Financial Officer shall present a reserve-replenishment plan to the Board no later than adoption of the next tentative budget, or sooner when directed by the Board.

The plan shall ordinarily restore unrestricted General Fund balance to:

- At least 8.3% within no more than **three fiscal years**; and
- The 12% target over a reasonable period established by the Board.

Board of Trustees Douglas County School District

FINANCES

The replenishment plan may include:

- Expenditure reductions;
- Application of one-time revenues;
- Revenue enhancements;
- Transfer of eligible year-end savings;
- Disposition of surplus property;
- Vacancy management;
- Program restructuring;
- Redirection of future budget surpluses; or
- Other lawful corrective measures.

At least **50% of any unplanned General Fund year-end operating surplus** should ordinarily be applied toward reserve replenishment until the 12% target is achieved, unless the Board expressly authorizes another use after considering the District's financial condition and long-term obligations.

10. Use of Amounts Above the Target

When unrestricted General Fund balance exceeds 12%, the excess shall not automatically be available for recurring expenditures.

The Superintendent and Chief Financial Officer shall evaluate and may recommend that amounts above the target be used for:

- One-time capital or technology needs;
- Deferred maintenance;
- Vehicle or equipment replacement;
- Debt reduction;
- Pension, insurance, or other long-term obligations;
- One-time strategic investments;
- Stabilization of other operating funds;
- Additional reserves for identified risks; or
- Other one-time Board priorities.

Any recommendation shall consider current economic conditions, enrollment trends, deferred obligations, five-year projections, cash-flow needs, and known financial risks. NRS 387.1213 generally requires transfer to the State Education Stabilization Account of actual ending fund balance exceeding 16.6% of actual expenditures, subject to statutory exclusions and exceptions.

11. Monitoring and Reporting

The Chief Financial Officer shall report projected and actual fund balance and contingency levels to the Board as part of:

1. The tentative and final budget;

Board of Trustees Douglas County School District

FINANCES

2. Any amended budget;
3. Regular General Fund financial reports;
4. The annual audit presentation; and
5. The District's long-range financial forecast.

Reports shall distinguish between:

- Total fund balance;
- Restricted fund balance;
- Committed fund balance;
- Assigned fund balance;
- Unassigned fund balance;
- Total unrestricted fund balance;
- Budgeted contingency;
- The 4% minimum;
- The 8.3% operating reserve floor; and
- The 12% long-term target.

The Superintendent and Chief Financial Officer shall advise the Board promptly when projections indicate that the District may fall below a reserve standard or may need to use reserves for operating purposes. Under NRS 387.3045, the Chief Financial Officer shall submit the required written explanation if the General Fund ending balance declines for three consecutive years.

12. Spending Order

When expenditures qualify for payment from more than one fund-balance classification, the District shall ordinarily consider resources spent in the following order:

1. Restricted;
2. Committed;
3. Assigned; and
4. Unassigned.

The Board may establish a different order for a particular transaction when consistent with applicable law, contractual restrictions, accounting standards, and sound financial management.

School Performance Plans & School Highlights

October 2026

Gardnerville Elementary Highlights

Star Rating Progress

Moving Up Fast!

GES moved up a full **STAR rating** and is now just **3.5 points away** from becoming a 4-Star School.

Current Status

3+ Star School ★★★★★

Target: 4-Star (3.5 pts away)

Key Growth Achievements

1. Remarkable Overall Growth

GES increased its School Performance Index from **35 to 63.5** — a **28.5-point gain** in one year.

2. Student Growth Accelerated

Growth Indicator jumped from **6.5 to 21.5 points (+15 points)**, with Math median growth rising from **36 to 47**.

3. Closing Opportunity Gaps

Score increased from **3 to 12 points** — quadrupling our score and demonstrating stronger outcomes for students who need us most.

680

Gardnerville Elementary School Performance Plan

Student Success

Goal

By Spring 2027, the percentage of students in Grades 1-5 scoring at or above the 65th percentile on MAP Math will increase from 49.82% to at least 57%, as measured by the Spring 2027 MAP assessment. Progress will be monitored through fall, winter, and spring MAP data, common formative assessments, and PLC progress-monitoring cycles.

Improvement Strategy

Strengthen PLC data cycles to identify student needs, provide targeted math instruction and intervention, and continually regroup and adjust instruction based on student progress.

Adult

Learning Culture

Goal

By May 2027, 100% of grade-level teams will participate in at least two structured PLC meetings each month, and at least 90% of reviewed PLC cycles will include analysis of student evidence, a common instructional response, and documented progress monitoring.

Improvement Strategy

Strengthen PLC cycles through consistent analysis of student evidence, shared instructional responses, progress monitoring, and ongoing administrative feedback and support.

Connectedness

Goal

By the end of the 2026–27 school year, GES will reduce chronic absenteeism by at least 10% through consistent attendance monitoring, individual and grade-level recognition, and targeted PBIS supports.

Improvement Strategy

Use attendance data, targeted interventions, and PBIS-based individual and grade-level recognition to increase student engagement and improve daily attendance.

681

Jacks Valley Elementary Highlights

1. Enrollment Growth

Enrollment is higher than expected!

Approaching 350 Students

- 3 Pre-K classes are almost full
- Large, robust Kindergarten classes
- Three 1st Grade classes are all thriving

2. NEPF Tremendous Growth

★ JVES gained a Star!

Read by Grade 3 Proficiency

41.8% → 59.5% +17.7%

Math Median Growth

25.5% → 47.0% +21.5%

EL Adequate Growth Target Met

44.8% → 61.5% +16.7%

Jacks Valley Elementary School Performance Plan

Student Success

Goal

By the end of the school year, SBAC scores in reading & math will indicate a growth rate of 5%. At least 48% (currently 45%) will demonstrate proficiency on the ELA SBAC and at least 33% (currently 32%) will demonstrate math proficiency.

Improvement Strategy

Science of reading emphasizes decoding words and emphasizing vocabulary to convey meaning. These concepts will be integrated

Adult

Learning Culture

Goal

100% of staff will participate in district Science of Reading (SOR) trainings and will take the information to work on collaboratively to integrate into the curriculum.

Improvement Strategy

During PLC time, SOR concepts and how it will be integrated into curriculum will take place.

Connectedness

Goal

Student chronic absenteeism will decrease by 10% (from 13.44%) by the end of the 2026-2027 school year to less than 12.09% overall.

Improvement Strategy

With PBIS, family communication and engagement, and early identification to offer interventions, attendance will be a priority to families and students.

Minden Elementary Highlights

Minden Elementary School Performance Plan

Student Success Goals:

- The chronic absenteeism rate at Minden Elementary School will reduce from 9.4% to below 7.5% for the 2026-27 school year as calculated by the NSPF (released mid-September, 2027).
 - *Improvement Strategy:* Quarterly attendance reporting (outside of state and district required notifications; adjusted to 17 days for 26-27 calendar)
- Minden Elementary School will have a five-point increase in our percentage of K-5 students demonstrating progress toward mastery in literacy by meeting their individual growth goal in Reading as measured by Fall 2026 to Spring 2027 (Winter 2026 to Spring 2027 for K) MAP Reading growth.
 - *Improvement Strategy:* Increase K-5 teacher knowledge of Science of Reading pillars and effective instructional strategies

Minden Elementary School Performance Plan

Adult Learning Culture Goals:

- By June 2027, Minden Elementary School will strengthen MTSS Tier 1 implementation by increasing its MTSS/PBIS Tiered Fidelity Inventory (TFI) 3.0 score from 60/80 (Fall 2026) to at least 68/80 (Spring 2027) through targeted professional learning and collaboration.
 - *Improvement Strategies:* Strengthen MTSS Team Functioning; Improve Adult Learning of MTSS Through Professional Learning; Use Data to Drive Continuous Improvement
- By June 2027, increase staff emotional safety from 363 to 400 out of 500 on the Nevada School Climate / Social Emotional Learning (NV-SCSEL) staff survey by fostering a supportive, trusting school environment where staff feel valued, heard, and confident in addressing challenges.
 - *Improvement Strategy:* Provide regular staff check-ins, recognition, and opportunities for open communication to strengthen trust, support, and emotional safety.

Minden Elementary School Performance Plan

Connectedness Goals:

- By June 2027, Minden Elementary School will have 100% of families connected with the ParentSquare app.
 - *Improvement Strategy:* Connect all families with the new app
- By June 2027, Minden Elementary will have 90%+ families participate in at least one in-person conference.
 - *Improvement Strategy:* Offer flexible conference times and schedule well in advance

Pinon Hills Elementary Highlights

- ★ Positive Climate for all stakeholders!
- ★ Amazing Parent Volunteers every week!
- ★ Cohesive and Dedicated Staff!

Pinon Hills Elementary School Performance Plan

Student Success Goal: PHES students will meet or exceed their individual expected growth goals in reading and math as measured by MAPS assessment.

Improvement Strategy: All students will be provided responsive individualized instruction, opportunities for additional skill practice, content understanding through small groups and targeted instruction.

Adult Learning Culture Goal: We will ensure that our staff are valued, supported and empowered.

Improvement Strategy: Support all teachers with honesty, transparency, care, additional time, specific feedback, coaching and support. We will allocate time for teachers to observe each other and share their learning.

Connectedness Goal: We will ensure a positive culture and climate for all stakeholders.

Improvement Strategy: Engage in positive⁶⁸⁹ relationships, facilitate classroom communities, student centered environments, and we strongly encourage active family involvement.

Scarselli Elementary Highlights

- ★ Home to over 500 “Wildcats” as Scarselli and C.C. Meneley come together.
- ★ Strong start to the year as our staff focuses on building our new culture. Held our first Bingo of the year and had a great turnout for Back to School Night. We are excited for our upcoming school - wide Nevada Day community partners event.
- ★ 5th graders will be attending Science Camp at the Great Basin Outdoor School. Not only is this a great experience for our students it will also help build a cohesive fifth grade student body.

Scarselli Elementary School Performance Plan

Student Success Goal: We will have a five-point increase in our percentage of K-5 students demonstrating progress toward mastery in literacy by meeting their individual growth goal in Reading as measured by Fall 2026 to Spring 2027 (Winter 2026 to Spring 2027 for K) MAP Reading growth.

Improvement Strategy: We will utilize Title I funding to pay for a math tutor for the first time and a reading interventionist..

Adult Learning Culture Goal: We will increase K-5 teacher knowledge of the *Science of Reading* pillars and effective instructional strategies by having all K-5 teachers complete 15 hours of *Science of Reading* training during the 2026/27 and 2027/28 school years.

Improvement Strategy: Train all certified K-5 teachers on the Science of Reading.

Connectedness Goal: Increase strong and effective MTSS practices and increase our fidelity score from 60% to 65% as measured by Fall 2026 to Spring 2027 Tiered Fidelity Inventory 3.0 schoolwide data. A specific area to focus is having established procedures for responding to behaviors.

Improvement Strategy: Will increase the fidelity of our MTSS processes as measured by the Tiered Fidelity Inventory.

Zephyr Cove Elementary Highlights

- ★ **Made almost 8 points of growth on Nevada School Framework Report (Star Report) from previous year and just over 42 points since 2023-2024 school year. (We are just 7 points away from being a 4 star school.)**
- ★ **Continue to have close partnership with Parent's Club to promote engaging activities for students and families.**
- ★ **NR!PK has 10 students enrolled.**

Zephyr Cove Elementary School

Zephyr Cove Elementary School Performance Plan

Student Success Goal: At least 65% of students will meet or exceed their individual growth goal as measured by fall to spring reading MAP assessment. (Winter to spring assessment for Kindergarten.)

Improvement Strategy: Use student data to identify specific student interventions and provide supports to increase reading growth for students.

Adult Learning Culture Goal: Based upon the Nevada Workplace Conditions Survey, the staff identified that they need more instructional resources and support.

Improvement Strategy: Coordinate with District's Professional Development team to identify and provide trainings for staff that improve instruction in their classrooms.

Connectedness Goal: Increase the daily attendance rate.

693

Improvement Strategy: Increase communications with families of students that have multiple absences to provide support.

DOUGLAS COUNTY SCHOOL DISTRICT • BOARD UPDATE

GATE Program Overview

Gifted and Talented Education: our service models, enrollment trends, and the road ahead

Judith Lombard District GT Coordinator 10/15/2026

Empowering exceptional thinkers, creators, innovators, and problem-solvers.

Identification & Testing Process

EVALUATION RUBRIC

Multiple Measures

NDE Criteria

Nevada Department of Education eligibility rubric uses multiple measures to ensure equitable access:

- Cognitive ability
- Academic achievement
- Additional equitable access factors

2ND GRADE SCREENING

Spring Semester

Universal Gateway

Testing occurs in the spring semester for all 2nd grade students to identify eligibility early.

Serves as the primary entry point for the elementary Discovery Model pull-out program.

ANNUAL CYCLE

Fall & Spring

Ongoing Evaluation

Testing will occur in the fall and spring of every year, following MAPs assessments.

Ensures ongoing opportunities for student identification across all grade levels.

695

Douglas County School District follows the state eligibility rubric.

Four Years of Enrollment Growth

4.4×
students served vs. 2022-23 (+160)

+140%
largest single-year jump (2022-23 to 2023-24)

+20
more expected in 2nd semester

696

DCSD GATE Program Models

ELEMENTARY · GRADES 3–5

Discovery Model

Pull-out program

Specialized enrichment outside the regular classroom with a GATE-endorsed teacher: inquiry, STEAM, and project-based learning. Identification begins in 2nd grade.

MIDDLE · GRADES 6–8

Scholar Cluster Model

Cluster grouping

Identified students are grouped together in core classes taught by GATE-endorsed teachers, with challenge built into daily instruction.

HIGH · GRADES 9–12

Advanced Scholar Pathway

Advanced coursework

Honors, AP, Dual Credit, CTE pathways, independent study, and leadership opportunities matched to student goals.

697

Our Hurdles

Budget constraints

GATE-endorsed teacher professional development, testing materials and classroom supplies

Elementary pull-out is nearing its cap

The Discovery Model will soon reach the maximum number of students current staffing can serve.

698

Response: extend the Cluster Model to elementary

Cluster grouping serves more students within core classes and builds on what works in grades 6–8.

Next Steps

NOVEMBER 2026

Family information night, after fall testing

Help families understand:

- GT services at each grade level
- Resources for supporting gifted learners at home
- Social-emotional needs of gifted students

GT Course Planning

- Design and pilot cluster grouping in grades 3–5, starting with GATE endorsement and training for more teachers.
- Continued work with Administrative team on GT course planning.

Sustainable funding plan

- Align staffing and training budgets with projected growth in identified students.
- Continued strategic funding to increase GT licensed teachers (3 year commitment)

699

“Because gifted learners still need to grow, not simply wait.”

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Pooled Proficiency Points Earned: 9/20

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

10/10

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year’s state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Two-Star school: Identifies a school that has **partially met** the state's standard for performance. Students and subgroups often meet expectations for academic performance or growth but may have multiple areas that require improvement. Areas requiring significant improvement are uncommon. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

**Student Growth**

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

N/A

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: NA/10

ELPA	-	-	59.4	-	-	51.6

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year’s state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

**Student Growth**

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

10/10

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year's state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Five-Star school: Recognizes a **superior** school that exceeds expectations for all students and subgroups on every indicator category with little or no exception. A five star school demonstrates superior academic performance and growth with no opportunity gaps. The school does not fail to meet expectations for any group on any indicator. These schools are recognized for distinguished performance.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Participation on State Assessments
At least 95% of all students and 95% of students in each subgroup must participate in the state Math and ELA assessments. Any group or subgroup that does not meet 95% participation on each assessment will be flagged.

Yellow indicates 95% participation requirement not met.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

N/A

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: NA/10

ELPA	-	-	59.4	-	-	51.6

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year’s state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

6/10

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Participation on State Assessments
At least 95% of all students and 95% of students in each subgroup must participate in the state Math and ELA assessments. Any group or subgroup that does not meet 95% participation on each assessment will be flagged.

Yellow indicates 95% participation requirement not met.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

N/A

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: NA/10

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year’s state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

School Designation	NSPF Baseline Year	Exit Evaluation
Additional TSI	2023-2024	Summer 2027

What is an Additional Targeted Support and Improvement (ATSI) Designation?

- Schools with a ATSI designation meet the following criteria:
- Not designated for Comprehensive Support and Improvement (CSI)
 - Significant subgroup performance challenges that would, on their own, lead to a CSI designation. The NDE has calculated an adjusted NSPF index score for each subgroup at each school, awarding points for each Measure where the subgroup n-size ≥ 25, and following applicable rules regarding Measures required for rating. If one or more subgroups had an adjusted NSPF score that is at or below the calculated bottom 5th percentile used for CSI Designations for the relevant school level, then the school is designated as ATSI.

A school designated as ATSI must work with their LEA to develop a plan to exit the ATSI designation within three years. The school is evaluated for exit at the end of this three-year period.

Why did this school receive an ATSI Designation, what is required for exit from an ATSI designation, and how is the school progressing toward exit?

The table below shows the populations that were flagged for ATSI designation based on the specific population’s adjusted index score (refer to the Baseline Year column). Highlighted populations in the Baseline Year column are the populations that caused the school to receive the ATSI designation. ATSI schools will be evaluated for exit after a three-year designation period. Schools are exited if the student group(s), for which they were originally identified ATSI, no longer meet ATSI designation criteria in either the most recent NSPF or the year they were designated (whichever cut score is higher). If the school picks up additional flags (student groups that meet ATSI Criteria) during the designation period (highlighted populations in Years 1 and/or 2), those flags do not reset the designation timeline, nor do they need to be cleared to exit the original ATSI designation. However, if these new flag(s) are present upon exit from the original ATSI designation (highlighted populations in Year 3), the school will be redesignated as ATSI with the new student group flag(s) with a new three-year ATSI timeline. During the ATSI designation period, if a school meets CSI criteria (bottom 5th percentile for school’s adjusted index score or 4-year ACGR <67%), the school will be redesignated as CSI and receive a new designation timeline and report.

ES CSI Cut Scores	10.7	15	13.1	
Populations	Baseline NSPF Index Score (2023-2024)	NSPF Index Score (2024-2025)	NSPF Index Score (2025-2026)	NSPF Index Score (2026-2027)

Economically Disadvantaged	9.4	15.2	33.5	

* = insufficient n-size (n < 25) to receive an NSPF index score.

Title I schools that do not meet the requirements for exiting the ATSI designation after implementing the three-year improvement plan will be designated a Comprehensive Support and Improvement (CSI) school. Non-Title I schools that do not meet the requirements for exiting the ATSI designation after implementing the three-year improvement plan will be evaluated for exit annually.

Blank cells within this table for the English Learner (EL) population are a result of revised Nevada School Performance Framework (NSPF) business rules for the 2023-24 school year. Because the identification criteria for EL students has been updated, data for this population before the 2024-25 school year can not be provided.

For a complete and comprehensive list of the annual school designations, please reference the Nevada Comprehensive Support and Improvement (CSI) Schools report, the Nevada Targeted Support and Improvement (TSI) Schools report, and the Nevada Additional Targeted Support and Improvement (ATSI) Schools report in the NSPF/APF resources under Help & Resources on the Nevada Report Card website.

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year's state assessment and determines if those students in the current assessment administration succeeded in meeting their AGP. This is a measure of gap between proficient and non-proficient students. Schools need to have ten records in the all-students subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic Absenteeism, Academic Learning Plans, and NAC 389.445 8th Grade Credit Requirements are Measures of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Academic Learning Plans reflect the percent of students at the school with an academic learning plan. Public schools, under NRS 388.165 and 388.205, are required to develop an academic learning plan for each student. The NAC 389.445 8th Grade Credit Requirements measure highlights the percent of grade eight students completing the required number of units for promotion to high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator, with the exception of the NAC 389.445 8th Grade Credit Requirements. Since this is a cohort calculation, all students are included in this Measure for accountability.

What does my school rating mean?

Two-Star school: Identifies a school that has **partially met** the state's standard for performance. Students and subgroups often meet expectations for academic performance or growth but may have multiple areas that require improvement. Areas requiring significant improvement are uncommon. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

ATSI designation: This school has an underperforming subgroup that, on its own, would result in a CSI designation. See the ATSI designation report for more information.

2025-2026 School Performance

Measure	School Rate	District Rate

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Participation on State Assessments

At least 95% of all students and 95% of students in each subgroup must participate in the state Math and ELA assessments. Any group or subgroup that does not meet 95% participation on each assessment will be flagged.

Yellow indicates 95% participation requirement not met.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

School Designation	NSPF Baseline Year	Exit Evaluation
Additional TSI	2025-2026	Summer 2029

What is an Additional Targeted Support and Improvement (ATSI) Designation?

- Schools with a ATSI designation meet the following criteria:
- Not designated for Comprehensive Support and Improvement (CSI)
 - Significant subgroup performance challenges that would, on their own, lead to a CSI designation. The NDE has calculated an adjusted NSPF index score for each subgroup at each school, awarding points for each Measure where the subgroup n-size ≥ 25, and following applicable rules regarding Measures required for rating. If one or more subgroups had an adjusted NSPF score that is at or below the calculated bottom 5th percentile used for CSI Designations for the relevant school level, then the school is designated as ATSI.

A school designated as ATSI must work with their LEA to develop a plan to exit the ATSI designation within three years. The school is evaluated for exit at the end of this three-year period.

Why did this school receive an ATSI Designation, what is required for exit from an ATSI designation, and how is the school progressing toward exit?

The table below shows the populations that were flagged for ATSI designation based on the specific population’s adjusted index score (refer to the Baseline Year column). Highlighted populations in the Baseline Year column are the populations that caused the school to receive the ATSI designation. ATSI schools will be evaluated for exit after a three-year designation period. Schools are exited if the student group(s), for which they were originally identified ATSI, no longer meet ATSI designation criteria in either the most recent NSPF or the year they were designated (whichever cut score is higher). If the school picks up additional flags (student groups that meet ATSI Criteria) during the designation period (highlighted populations in Years 1 and/or 2), those flags do not reset the designation timeline, nor do they need to be cleared to exit the original ATSI designation. However, if these new flag(s) are present upon exit from the original ATSI designation (highlighted populations in Year 3), the school will be redesignated as ATSI with the new student group flag(s) with a new three-year ATSI timeline. During the ATSI designation period, if a school meets CSI criteria (bottom 5th percentile for school’s adjusted index score or 4-year ACGR <67%), the school will be redesignated as CSI and receive a new designation timeline and report.

* = insufficient n-size (n < 25) to receive an NSPF index score.

Title I schools that do not meet the requirements for exiting the ATSI designation after implementing the three-year improvement plan will be designated a Comprehensive Support and Improvement (CSI) school. Non-Title I schools that do not meet the requirements for exiting the ATSI designation after implementing the three-year improvement plan will be evaluated for exit annually.

Blank cells within this table for the English Learner (EL) population are a result of revised Nevada School Performance Framework (NSPF) business rules for the 2023-24 school year. Because the identification criteria for EL students has been updated, data for this population before the 2024-25 school year can not be provided.

For a complete and comprehensive list of the annual school designations, please reference the Nevada Comprehensive Support and Improvement (CSI) Schools report, the Nevada Targeted Support and Improvement (TSI) Schools report, and the Nevada Additional Targeted Support and Improvement (ATSI) Schools report in the NSPF/APF resources under Help & Resources on the Nevada Report Card website.

What does my school rating mean?

Five-Star school: Recognizes a **superior** school that exceeds expectations for all students and subgroups on every indicator category with little or no exception. A five star school demonstrates superior academic performance and a superior graduation rate. The school does not fail to meet expectations for any group on any indicator. These schools are recognized for distinguished performance.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set to determine the achievement level needed to be proficient on the assessment. Points are earned based on the percent of students proficient in the areas of English Language Arts (ELA), Math and Science based on the ACT, Nevada Science, and Nevada Alternate assessments.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

30/30

Graduation Rates

The cohort graduation rate is determined through the adjusted cohort graduation rate (ACGR) process and follows federal guidelines for computing the rate. This process usually results in preliminary graduation rates in October, with disaggregated rates determined in December. Because these dates are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given measures. Any student who ever belonged to any special population subgroup (IEP, EL, or FRL) during their high school career are included in the subgroup rates.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: 8/10

24/25

College and Career Readiness

The College and Career Readiness Indicator is made up of three measures. These include the percent of students:

- Participating in post-secondary preparation programs including Advanced Placement (AP), International Baccalaureate (IB), Dual Credit/Dual Enrollment (DC/DE) and Career and Technical Education (CTE).
- Completing post-secondary preparation programs including AP, IB, DC/DE, and CTE.
- Earning an Advanced or College and Career Ready (CCR) Diploma.

Since dates for Advanced and CCR Diploma are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given measures.

This table shows the breakdown of the percentage of students, by subgroup, who participated and completed college and career readiness program coursework. The four programs that are used in Nevada are Advanced Placement (AP), International Baccalaureate (IB), DualCredit/Dual Enrollment (DC/DE), and Career and Technical Education (CTE). The AP is a program created by the College Board offering college-level curriculum and examinations to high school students. Colleges often grant placement and credit to students who obtain high scores on the examinations. The IB Diploma Program is a two-year comprehensive and rigorous pre-university curriculum leading to an IB diploma. The IB Program was designed through an international cooperative effort and is based in Geneva, Switzerland. Both the Advanced Placement and International Baccalaureate Programs give high school students an opportunity to pursue college-level studies while still in high school. DC/DE allows students to take college courses while still in high school. Students can earn college credits upon successful completion of the coursework. CTE provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers by introducing them to workplace competencies, and makes academic content accessible to students by providing it in a hands-on context. Note that not all schools in Nevada have all these programs available. For example, only a few schools in the state offer an IB program.

Student Engagement

Chronic Absenteeism and 9th Grade Credit Sufficiency are Measures of Student Engagement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Research shows that attendance is tied to student achievement. 9th Grade Credit Sufficiency represents the percent of students earning at least five (5) credits by the end of the first year of high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

What does my school rating mean?

Four-Star school: Recognizes a **commendable** school that has performed well for all students and subgroups. A four star school demonstrates satisfactory to strong academic performance for all students. Further, the school is successfully promoting academic progress for all student groups as reflected in closing opportunity gaps. The school does not fail to meet expectations for any group on any indicator.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

2025-2026 School Performance

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Participation on State Assessments

At least 95% of all students and 95% of students in each subgroup must participate in the state Math and ELA assessments. Any group or subgroup that does not meet 95% participation on each assessment will be flagged.

Yellow indicates 95% participation requirement not met.

**Student Growth**

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year’s state assessment and determines if those students in the current assessment administration succeeded in meeting their AGP. This is a measure of gap between proficient and non-proficient students. Schools need to have ten records in the all-students subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic Absenteeism, Academic Learning Plans, and NAC 389.445 8th Grade Credit Requirements are Measures of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Academic Learning Plans reflect the percent of students at the school with an academic learning plan. Public schools, under NRS 388.165 and 388.205, are required to develop an academic learning plan for each student. The NAC 389.445 8th Grade Credit Requirements measure highlights the percent of grade eight students completing the required number of units for promotion to high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator, with the exception of the NAC 389.445 8th Grade Credit Requirements. Since this is a cohort calculation, all students are included in this Measure for accountability.

What does my school rating mean?

Five-Star school: Recognizes a **superior** school that exceeds expectations for all students and subgroups on every indicator category with little or no exception. A five star school demonstrates superior academic performance and a superior graduation rate. The school does not fail to meet expectations for any group on any indicator. These schools are recognized for distinguished performance.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set to determine the achievement level needed to be proficient on the assessment. Points are earned based on the percent of students proficient in the areas of English Language Arts (ELA), Math and Science based on the ACT, Nevada Science, and Nevada Alternate assessments.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Graduation Rates

The cohort graduation rate is determined through the adjusted cohort graduation rate (ACGR) process and follows federal guidelines for computing the rate. This process usually results in preliminary graduation rates in October, with disaggregated rates determined in December. Because these dates are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given measures. Any student who ever belonged to any special population subgroup (IEP, EL, or FRL) during their high school career are included in the subgroup rates.

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: NA/10

	2026 number of ELs With AGP Target	2026 % of EL Meeting AGP	2026 % District	2025 number of ELs With AGP Target	2025 % of EL Meeting AGP	2025 % District
ELPA	N/A	N/A	15.7	-	-	15.3

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

College and Career Readiness

The College and Career Readiness Indicator is made up of three measures. These include the percent of students:

- Participating in post-secondary preparation programs including Advanced Placement (AP), International Baccalaureate (IB), Dual Credit/Dual Enrollment (DC/DE) and Career and Technical Education (CTE).
- Completing post-secondary preparation programs including AP, IB, DC/DE, and CTE.
- Earning an Advanced or College and Career Ready (CCR) Diploma.

Since dates for Advanced and CCR Diploma are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the "all students" group to receive points. Any subgroup with a population less than ten will not be reported on the given measures.

Post-Secondary Preparation Participation

Post-Secondary Preparation Participation Points Earned: NA/10

This table shows the breakdown of the percentage of students, by subgroup, who participated and completed college and career readiness program coursework. The four programs that are used in Nevada are Advanced Placement (AP), International Baccalaureate (IB), DualCredit/Dual Enrollment (DC/DE), and Career and Technical Education (CTE). The AP is a program created by the College Board offering college-level curriculum and examinations to high school students. Colleges often grant placement and credit to students who obtain high scores on the examinations. The IB Diploma Program is a two-year comprehensive and rigorous pre-university curriculum leading to an IB diploma. The IB Program was designed through an international cooperative effort and is based in Geneva, Switzerland. Both the Advanced Placement and International Baccalaureate Programs give high school students an opportunity to pursue college-level studies while still in high school. DC/DE allows students to take college courses while still in high school. Students can earn college credits upon successful completion of the coursework. CTE provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers by introducing them to workplace competencies, and makes academic content accessible to students by providing it in a hands-on context. Note that not all schools in Nevada have all these programs available. For example, only a few schools in the state offer an IB program.

Student Engagement

Chronic Absenteeism and 9th Grade Credit Sufficiency are Measures of Student Engagement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Research shows that attendance is tied to student achievement. 9th Grade Credit Sufficiency represents the percent of students earning at least five (5) credits by the end of the first year of high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

2025-2026 George Whittell High School 2025-2026 District

Nevada Alternative Performance Framework

Jacobsen High School

School Level: Middle School
Grade Level: 07-12
District: Douglas

School APF Category: Juvenile Detention
School Type: Juvenile Correctional
School NSPF Designation: CSI-MRI

About the Alternative Performance Framework

The APF is intended to collect and report additional performance data for alternative schools where at least 75% of the enrollment is comprised of students with unique needs. Schools usually fall into one of four categories: schools offering credit recovery programs; schools offering behavioral/continuation programs; Juvenile Detention Facilities providing services to adjudicated youth; and Special Education schools serving students identified as having significant cognitive disabilities. Some APF schools include grade levels that cross the typical elementary, middle, and/or high school configurations. The APF Report compiles data for all grade levels represented in the school.

School Performance SY2025-2026

School Mission

School Mission: Provide academic support and credit recovery opportunities to adjudicated youth. One measure of student progress is the Goal of the school: Students will grow one grade level in four months in Reading, Math, and Science as measured by pre-post MAP assessments while at JHS.

Continuum of Performance

Schools approved under the APF are rated based on a continuum of performance. The school is rated as Improving, Maintaining, Declining, or Not Applicable (N/A) on each applicable APF Measure. Some Measures included in the APF are not relevant to certain categories of schools. The rating compares the school's performance in the current school year to that of the prior year for each applicable APF Measure.

Notice Regarding 2025-2026 APF Reporting Revisions

Following recommendations from the APF Workgroup, which met from fall 2024 through spring 2026, several modifications were made to the framework's business rules and rating methodologies for the 2025-2026 school year. These changes, designed to better reflect the unique characteristics and outcomes of alternative schools, include the expansion of the Opportunity-to-Engage (OTE) threshold to additional measures and a shift in the OTE definition from 30 consecutive days to 30 total days. Furthermore, updates were implemented for the calculation of Attendance and Credit Earning rates, moving from an average of each student's rate to a total student population calculation. Due to these revised methodologies, stakeholders should exercise interpretive consideration when evaluating school performance or comparing current results to prior years. Detailed information on all workgroup updates can be found in the Guide to the Nevada Alternative Performance Framework School Year 2025-2026 Document.

 Academic Achievement Indicator

School Narrative: At Jacobson High, we use MAPS testing, student goal-setting, and individualized plans to drive growth in core subjects. Progress is tracked regularly, aligning with Nevada's APF focus on academic improvement, student engagement, and readiness for reintegration or further education.

	2024-2025	2025-2026	Continuum of Performance
Math Pooled Average	0	0	Maintaining
ELA Pooled Average	10	8.3	Maintaining
Science Pooled Average	-	16.6	-

This Indicator reports academic proficiency for students enrolled for at least 30 days for the following measures: Attendance rate, Chronic absenteeism, Grad attainment, and Student engagement. Results are based on administration of the state mandated assessments including criterion-referenced English Language Arts (ELA) and Math assessments in grades 3-8; Science assessments in grades 5, 8 and high school; the Nevada Alternative Assessment (NAA); and a college and career readiness assessment for grade 11. Rates are determined through a pooled average of all students who assessed in the content area regardless of grade level.

Academic Progress Indicator

School Narrative: At Jacobson High, we track academic progress weekly, using team reviews, individualized pacing, and a computer-based platform. Our incentive system promotes engagement and course completion. Through collaboration and targeted support, students earn credits and build skills for success, aligned with Nevada's APF goals.

	2024-2025	2025-2026	Continuum of Performance
Credit Earning Rate	91.2	99.5	Improving
Academic IEP Math Goals	N/A	N/A	-
Academic IEP ELA Goals	N/A	N/A	-

Performance on this Indicator reflects student academic progress for students enrolled in the current school year for at least 30 days. For the Credit Earning Rate Measure, the school's credit earning rate is calculated in grades 9-12 based on the total number of credits earned divided by the total number of credits attempted. The Academic IEP Math and ELA Goal Measures reflect the progress of students with an Individualized Education Program (IEP). A school IEP Goal rate is based on the school-wide percentage of IEP goals (Math and ELA) identified as having Satisfactory Progress or Goal Met on student fourth quarter of final progress reports from the last annual IEPs.

Graduation Indicator

School Narrative: At Jacobson High, we review transcripts on entry to create personalized plans for credit recovery and academic success. Students set daily goals, track progress, and receive targeted support. Academic effort is tied to overall program advancement, promoting ownership, engagement, and measurable growth.

	2024-2025	2025-2026	Continuum of Performance
4-Year ACGR	-	-	-
5-Year ACGR	-	-	-
Graduation Attainment	7.2	-	-

The Graduation Indicator reports the extent to which students successfully complete or make substantial progress toward completing high school. Data for the 4-and 5-year cohort graduation rates (ACGRs) lag by one year due to the cohort collection and data validation process. The Graduation Attainment Measure is determined by mapping high school completion status or exit codes to a ten-point scale for students with an Original Year of Graduation (OYOG) for the current year or earlier. The reported rate is the average of all points earned for qualifying students.

Attendance Indicator

School Narrative: At Jacobson High, education is integrated into a 24/7 residential program. School staff coordinate with counselors, medical, and court teams to support student success. Individualized plans, daily goal-setting, and real-time communication ensure academic progress and alignment with all treatment goals.

	2024-2025	2025-2026	Continuum of Performance
Attendance Rate	95.1	99.3	Maintaining
Chronic Absenteeism	8.3	0	Improving

The Attendance Indicator reports school-wide performance on attendance and absenteeism rates for students enrolled in the current school year for at least 30 days. For the Attendance Rate Measure, a school attendance rate is calculated based on the total number of days enrolled divided by the total number of days attended. For the Chronic Absenteeism Measure, the percentage of chronically absent students is determined. Chronically absent students are those enrolled for 10 or more school days and absent for 10% or more of the days for any reason (e.g., illness, suspension, the need to care for a family), regardless of whether absences are excused or unexcused. A student is considered absent if they are not physically on school grounds and not participating in instruction or instruction-related activities at an approved off-grounds location for at least 50% of the school day.

Student Engagement Indicator

	2024-2025	2025-2026	Continuum of Performance
Transferred to Traditional School	25	24.3	Maintaining
Persisted at Traditional School	-	-	-
Transferred to or Stayed at Alternative School	75	75.6	Maintaining
Persisted at Alternative School	100	88.2	Declining
Student Participation	N/A	N/A	-

The Student Engagement Indicator reports the extent to which students are engaged in the educational process. The Student Persistence data reveal the percentage of students who remained enrolled in the current alternative setting, transferred to another alternative setting, or transferred to a traditional school within the school year. A further calculation is done to determine how many of these students ended the current year at that setting. The Student Participation Measure is specific to Special Education schools and reflects the percentage of students participating in a purposeful learning activity. Calculations are based on the number of students observed and the number of students engaged over the span of the current school year.

 Planning for Success Indicator

At Jacobson High, student success is measured through credit recovery, MAPS growth, and renewed engagement in learning. Many earn key credits or even graduate. Progress in skills, confidence, and mindset reflects a deeper shift—students leave with purpose, goals, and belief in their future.

	2024-2025	2025-2026	Continuum of Performance
Academic Learning Plans	100	98.5	Maintaining
Life Skills IEP Goals	N/A	N/A	-

Performance on the Planning for Success Indicator reflects student success towards career, college, and life pathways. Academic Learning Plans (ALPs) are mandated by NRS 388.205 and must set forth specific education goals that the pupil intends to achieve before graduation from high school; the rate shown is the percentage of students with an ALP. Life Readiness Skills IEP Goals are based on the progress found on a student's fourth quarter or final progress report from the last annual IEP.

'N/A' indicates that this population was not present. '*' indicates that the data was not available. '-' indicates data not presented for groups fewer than 10. Some APF schools include grade levels that cross the typical elementary, middle and/or high school configurations. The APF report includes compiled data for all grade levels represented in that school

What does my school rating mean?

In order for an elementary or middle school to be rated, it must meet the minimum n-size requirements and earn points in at least the following indicators: Student Achievement, Growth. For this school, the minimum requirements have not been met.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

N/A

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: NA/10

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year's state assessment and determines if those students in the current assessment administration succeeded in meeting their AGP. This is a measure of gap between proficient and non-proficient students. Schools need to have ten records in the all-students subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic Absenteeism, Academic Learning Plans, and NAC 389.445 8th Grade Credit Requirements are Measures of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Academic Learning Plans reflect the percent of students at the school with an academic learning plan. Public schools, under NRS 388.165 and 388.205, are required to develop an academic learning plan for each student. The NAC 389.445 8th Grade Credit Requirements measure highlights the percent of grade eight students completing the required number of units for promotion to high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator, with the exception of the NAC 389.445 8th Grade Credit Requirements. Since this is a cohort calculation, all students are included in this Measure for accountability.

Nevada Alternative Performance Framework

Jacobsen High School

School Level: High School
Grade Level: 07-12
District: Douglas

School APF Category: Juvenile Detention
School Type: Juvenile Correctional
School NSPF Designation: CSI-MRI

About the Alternative Performance Framework

The APF is intended to collect and report additional performance data for alternative schools where at least 75% of the enrollment is comprised of students with unique needs. Schools usually fall into one of four categories: schools offering credit recovery programs; schools offering behavioral/continuation programs; Juvenile Detention Facilities providing services to adjudicated youth; and Special Education schools serving students identified as having significant cognitive disabilities. Some APF schools include grade levels that cross the typical elementary, middle, and/or high school configurations. The APF Report compiles data for all grade levels represented in the school.

School Performance SY2025-2026

School Mission

School Mission: Provide academic support and credit recovery opportunities to adjudicated youth. One measure of student progress is the Goal of the school: Students will grow one grade level in four months in Reading, Math, and Science as measured by pre-post MAP assessments while at JHS.

Continuum of Performance

Schools approved under the APF are rated based on a continuum of performance. The school is rated as Improving, Maintaining, Declining, or Not Applicable (N/A) on each applicable APF Measure. Some Measures included in the APF are not relevant to certain categories of schools. The rating compares the school's performance in the current school year to that of the prior year for each applicable APF Measure.

Notice Regarding 2025-2026 APF Reporting Revisions

Following recommendations from the APF Workgroup, which met from fall 2024 through spring 2026, several modifications were made to the framework's business rules and rating methodologies for the 2025-2026 school year. These changes, designed to better reflect the unique characteristics and outcomes of alternative schools, include the expansion of the Opportunity-to-Engage (OTE) threshold to additional measures and a shift in the OTE definition from 30 consecutive days to 30 total days. Furthermore, updates were implemented for the calculation of Attendance and Credit Earning rates, moving from an average of each student's rate to a total student population calculation. Due to these revised methodologies, stakeholders should exercise interpretive consideration when evaluating school performance or comparing current results to prior years. Detailed information on all workgroup updates can be found in the Guide to the Nevada Alternative Performance Framework School Year 2025-2026 Document.

Academic Achievement Indicator

School Narrative: At Jacobson High, we use MAPS testing, student goal-setting, and individualized plans to drive growth in core subjects. Progress is tracked regularly, aligning with Nevada's APF focus on academic improvement, student engagement, and readiness for reintegration or further education.

	2024-2025	2025-2026	Continuum of Performance
Math Pooled Average	0	0	Maintaining
ELA Pooled Average	10	8.3	Maintaining
Science Pooled Average	-	16.6	-

This Indicator reports academic proficiency for students enrolled for at least 30 days for the following measures: Attendance rate, Chronic absenteeism, Grad attainment, and Student engagement. Results are based on administration of the state mandated assessments including criterion-referenced English Language Arts (ELA) and Math assessments in grades 3-8; Science assessments in grades 5, 8 and high school; the Nevada Alternative Assessment (NAA); and a college and career readiness assessment for grade 11. Rates are determined through a pooled average of all students who assessed in the content area regardless of grade level.

Academic Progress Indicator

School Narrative: At Jacobson High, we track academic progress weekly, using team reviews, individualized pacing, and a computer-based platform. Our incentive system promotes engagement and course completion. Through collaboration and targeted support, students earn credits and build skills for success, aligned with Nevada's APF goals.

	2024-2025	2025-2026	Continuum of Performance
Credit Earning Rate	91.2	99.5	Improving
Academic IEP Math Goals	N/A	N/A	-
Academic IEP ELA Goals	N/A	N/A	-

Performance on this Indicator reflects student academic progress for students enrolled in the current school year for at least 30 days. For the Credit Earning Rate Measure, the school's credit earning rate is calculated in grades 9-12 based on the total number of credits earned divided by the total number of credits attempted. The Academic IEP Math and ELA Goal Measures reflect the progress of students with an Individualized Education Program (IEP). A school IEP Goal rate is based on the school-wide percentage of IEP goals (Math and ELA) identified as having Satisfactory Progress or Goal Met on student fourth quarter of final progress reports from the last annual IEPs.

Graduation Indicator

School Narrative: At Jacobson High, we review transcripts on entry to create personalized plans for credit recovery and academic success. Students set daily goals, track progress, and receive targeted support. Academic effort is tied to overall program advancement, promoting ownership, engagement, and measurable growth.

	2024-2025	2025-2026	Continuum of Performance
4-Year ACGR	-	-	-
5-Year ACGR	-	-	-
Graduation Attainment	7.2	-	-

The Graduation Indicator reports the extent to which students successfully complete or make substantial progress toward completing high school. Data for the 4-and 5-year cohort graduation rates (ACGRs) lag by one year due to the cohort collection and data validation process. The Graduation Attainment Measure is determined by mapping high school completion status or exit codes to a ten-point scale for students with an Original Year of Graduation (OYOG) for the current year or earlier. The reported rate is the average of all points earned for qualifying students.

Attendance Indicator

School Narrative: At Jacobson High, education is integrated into a 24/7 residential program. School staff coordinate with counselors, medical, and court teams to support student success. Individualized plans, daily goal-setting, and real-time communication ensure academic progress and alignment with all treatment goals.

	2024-2025	2025-2026	Continuum of Performance
Attendance Rate	95.1	99.3	Maintaining
Chronic Absenteeism	8.3	0	Improving

The Attendance Indicator reports school-wide performance on attendance and absenteeism rates for students enrolled in the current school year for at least 30 days. For the Attendance Rate Measure, a school attendance rate is calculated based on the total number of days enrolled divided by the total number of days attended. For the Chronic Absenteeism Measure, the percentage of chronically absent students is determined. Chronically absent students are those enrolled for 10 or more school days and absent for 10% or more of the days for any reason (e.g., illness, suspension, the need to care for a family), regardless of whether absences are excused or unexcused. A student is considered absent if they are not physically on school grounds and not participating in instruction or instruction-related activities at an approved off-grounds location for at least 50% of the school day.

Student Engagement Indicator

	2024-2025	2025-2026	Continuum of Performance
Transferred to Traditional School	25	24.3	Maintaining
Persisted at Traditional School	-	-	-
Transferred to or Stayed at Alternative School	75	75.6	Maintaining
Persisted at Alternative School	100	88.2	Declining
Student Participation	N/A	N/A	-

The Student Engagement Indicator reports the extent to which students are engaged in the educational process. The Student Persistence data reveal the percentage of students who remained enrolled in the current alternative setting, transferred to another alternative setting, or transferred to a traditional school within the school year. A further calculation is done to determine how many of these students ended the current year at that setting. The Student Participation Measure is specific to Special Education schools and reflects the percentage of students participating in a purposeful learning activity. Calculations are based on the number of students observed and the number of students engaged over the span of the current school year.

 Planning for Success Indicator

At Jacobson High, student success is measured through credit recovery, MAPS growth, and renewed engagement in learning. Many earn key credits or even graduate. Progress in skills, confidence, and mindset reflects a deeper shift—students leave with purpose, goals, and belief in their future.

	2024-2025	2025-2026	Continuum of Performance
Academic Learning Plans	100	98.5	Maintaining
Life Skills IEP Goals	N/A	N/A	-

Performance on the Planning for Success Indicator reflects student success towards career, college, and life pathways. Academic Learning Plans (ALPs) are mandated by NRS 388.205 and must set forth specific education goals that the pupil intends to achieve before graduation from high school; the rate shown is the percentage of students with an ALP. Life Readiness Skills IEP Goals are based on the progress found on a student's fourth quarter or final progress report from the last annual IEP.

'N/A' indicates that this population was not present. '*' indicates that the data was not available. '-' indicates data not presented for groups fewer than 10. Some APF schools include grade levels that cross the typical elementary, middle and/or high school configurations. The APF report includes compiled data for all grade levels represented in that school

What does my school rating mean?

In order for a high school to be rated, it must meet the minimum n-size requirements and earn points in at least the following indicators and/or measures: Student Achievement, Graduation. For this school, the minimum requirement have not been met.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

CSI-MRI designation: This school is one of the lowest performing schools in the state. See the CSI-MRI report for more information.

N/A

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set to determine the achievement level needed to be proficient on the assessment. Points are earned based on the percent of students proficient in the areas of English Language Arts (ELA), Math and Science based on the ACT, Nevada Science, and Nevada Alternate assessments.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Graduation Rates

The cohort graduation rate is determined through the adjusted cohort graduation rate (ACGR) process and follows federal guidelines for computing the rate. This process usually results in preliminary graduation rates in October, with disaggregated rates determined in December. Because these dates are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given measures. Any student who ever belonged to any special population subgroup (IEP, EL, or FRL) during their high school career are included in the subgroup rates.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

College and Career Readiness

The College and Career Readiness Indicator is made up of three measures. These include the percent of students:

- Participating in post-secondary preparation programs including Advanced Placement (AP), International Baccalaureate (IB), Dual Credit/Dual Enrollment (DC/DE) and Career and Technical Education (CTE).
- Completing post-secondary preparation programs including AP, IB, DC/DE, and CTE.
- Earning an Advanced or College and Career Ready (CCR) Diploma.

Since dates for Advanced and CCR Diploma are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the "all students" group to receive points. Any subgroup with a population less than ten will not be reported on the given measures.

This table shows the breakdown of the percentage of students, by subgroup, who participated and completed college and career readiness program coursework. The four programs that are used in Nevada are Advanced Placement (AP), International Baccalaureate (IB), DualCredit/Dual Enrollment (DC/DE), and Career and Technical Education (CTE). The AP is a program created by the College Board offering college-level curriculum and examinations to high school students. Colleges often grant placement and credit to students who obtain high scores on the examinations. The IB Diploma Program is a two-year comprehensive and rigorous pre-university curriculum leading to an IB diploma. The IB Program was designed through an international cooperative effort and is based in Geneva, Switzerland. Both the Advanced Placement and International Baccalaureate Programs give high school students an opportunity to pursue college-level studies while still in high school. DC/DE allows students to take college courses while still in high school. Students can earn college credits upon successful completion of the coursework. CTE provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers by introducing them to workplace competencies, and makes academic content accessible to students by providing it in a hands-on context. Note that not all schools in Nevada have all these programs available. For example, only a few schools in the state offer an IB program.

Student Engagement

Chronic Absenteeism and 9th Grade Credit Sufficiency are Measures of Student Engagement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Research shows that attendance is tied to student achievement. 9th Grade Credit Sufficiency represents the percent of students earning at least five (5) credits by the end of the first year of high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

School Designation	NSPF Designation Year	Exit Evaluation
CSI-MRI	2017-2018	Summer 2027

What is a Comprehensive Support and Improvement with More Rigorous Interventions (CSI-MRI) Designation?

Schools with a CSI-MRI designation meet the following criteria:

- CSI schools that do not exit within three years.

CSI-MRI designation necessitates heightened state intervention and focused support from NDE and LEAs.

Why did this school receive a CSI Designation?

CSI Criteria Met in Designation Year	HS Grad Rate <67%
--------------------------------------	-------------------

What is required for exit from the CSI-MRI designation, and how is the school progressing toward exit?

CSI-MRI schools are evaluated annually for exit based on the CSI exit criteria. To exit, schools must:

- No longer meet CSI Criteria.
- For schools designated because they were among the lowest performing Title I schools or because they were a Title I ATSI school that did not exit, the total adjusted NSPF index score in the most recent NSPF must be 10 or more points above the score received in the year the school was identified as CSI.

The table below displays the school's progress toward achieving exit from CSI-MRI.

Criteria	Baseline (2017-2018)	Improvement Year (2023-2024)	Improvement Year (2024-2025)	Improvement Year (2025-2026)
Star Rating	NR	NR	NR	NR
Index Score	2.8	16.6	0	16.6
Graduation Rate	41.6	18.1	20	12.5

For a complete and comprehensive list of the annual school designations, please reference the Nevada Comprehensive Support and Improvement (CSI) Schools report, the Nevada Targeted Support and Improvement (TSI) Schools report, and the Nevada Additional Targeted Support and Improvement (ATSI) Schools report in the NSPF/APF resources under Help & Resources on the Nevada Report Card website.

What does my school rating mean?

In order for an elementary or middle school to be rated, it must meet the minimum n-size requirements and earn points in at least the following indicators: Student Achievement, Growth. For this school, the minimum requirements have not been met.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

N/A

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year’s state assessment and determines if those students in the current assessment administration succeeded in meeting their AGP. This is a measure of gap between proficient and non-proficient students. Schools need to have ten records in the all-students subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic Absenteeism, Academic Learning Plans, and NAC 389.445 8th Grade Credit Requirements are Measures of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Academic Learning Plans reflect the percent of students at the school with an academic learning plan. Public schools, under NRS 388.165 and 388.205, are required to develop an academic learning plan for each student. The NAC 389.445 8th Grade Credit Requirements measure highlights the percent of grade eight students completing the required number of units for promotion to high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator, with the exception of the NAC 389.445 8th Grade Credit Requirements. Since this is a cohort calculation, all students are included in this Measure for accountability.

What does my school rating mean?

One-Star school: Identifies a school that has **not met** the state's standard for performance. Students and subgroups are inconsistent in achieving performance standards. A one-star school has multiple areas that require improvement including an urgent need to address areas that are significantly below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard. The school is subject to state inventions.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

CSI-MRI designation: This school is one of the lowest performing schools in the state. See the CSI-MRI report for more information.

2025-2026 School Performance

Academic Achievement Indicator

Measure	School Rate	District Rate
Math Proficiency	7.5	34.4

5/25

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set to determine the achievement level needed to be proficient on the assessment. Points are earned based on the percent of students proficient in the areas of English Language Arts (ELA), Math and Science based on the ACT, Nevada Science, and Nevada Alternate assessments.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year ill be included in the Measures in this Indicator.

1/30

Graduation Rates

The cohort graduation rate is determined through the adjusted cohort graduation rate (ACGR) process and follows federal guidelines for computing the rate. This process usually results in preliminary graduation rates in October, with disaggregated rates determined in December. Because these dates are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given measures. Any student who ever belonged to any special population subgroup (IEP, EL, or FRL) during their high school career are included in the subgroup rates.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: NA/10

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

College and Career Readiness

The College and Career Readiness Indicator is made up of three measures. These include the percent of students:

- Participating in post-secondary preparation programs including Advanced Placement (AP), International Baccalaureate (IB), Dual Credit/Dual Enrollment (DC/DE) and Career and Technical Education (CTE).
- Completing post-secondary preparation programs including AP, IB, DC/DE, and CTE.
- Earning an Advanced or College and Career Ready (CCR) Diploma.

Since dates for Advanced and CCR Diploma are past the required State accountability reporting date of September 15th, the cohort rates used for this indicator lag one year behind the other accountability data in the school rating system. Schools need to have ten records in the "all students" group to receive points. Any subgroup with a population less than ten will not be reported on the given measures.

This table shows the breakdown of the percentage of students, by subgroup, who participated and completed college and career readiness program coursework. The four programs that are used in Nevada are Advanced Placement (AP), International Baccalaureate (IB), DualCredit/Dual Enrollment (DC/DE), and Career and Technical Education (CTE). The AP is a program created by the College Board offering college-level curriculum and examinations to high school students. Colleges often grant placement and credit to students who obtain high scores on the examinations. The IB Diploma Program is a two-year comprehensive and rigorous pre-university curriculum leading to an IB diploma. The IB Program was designed through an international cooperative effort and is based in Geneva, Switzerland. Both the Advanced Placement and International Baccalaureate Programs give high school students an opportunity to pursue college-level studies while still in high school. DC/DE allows students to take college courses while still in high school. Students can earn college credits upon successful completion of the coursework. CTE provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers by introducing them to workplace competencies, and makes academic content accessible to students by providing it in a hands-on context. Note that not all schools in Nevada have all these programs available. For example, only a few schools in the state offer an IB program.

1/10

Student Engagement

Chronic Absenteeism and 9th Grade Credit Sufficiency are Measures of Student Engagement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Research shows that attendance is tied to student achievement. 9th Grade Credit Sufficiency represents the percent of students earning at least five (5) credits by the end of the first year of high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

School Designation	NSPF Designation Year	Exit Evaluation
CSI-MRI	2018-2019	Summer 2027

What is a Comprehensive Support and Improvement with More Rigorous Interventions (CSI-MRI) Designation?

Schools with a CSI-MRI designation meet the following criteria:

- CSI schools that do not exit within three years.

CSI-MRI designation necessitates heightened state intervention and focused support from NDE and LEAs.

Why did this school receive a CSI Designation?

CSI Criteria Met in Designation Year	One-Star School HS Grad Rate <67%
--------------------------------------	--------------------------------------

What is required for exit from the CSI-MRI designation, and how is the school progressing toward exit?

CSI-MRI schools are evaluated annually for exit based on the CSI exit criteria. To exit, schools must:

- No longer meet CSI Criteria.
- For schools designated because they were among the lowest performing Title I schools or because they were a Title I ATSI school that did not exit, the total adjusted NSPF index score in the most recent NSPF must be 10 or more points above the score received in the year the school was identified as CSI.

The table below displays the school's progress toward achieving exit from CSI-MRI.

Criteria	Baseline (2018-2019)	Improvement Year (2023-2024)	Improvement Year (2024-2025)	Improvement Year (2025-2026)
Star Rating	1	1	1	1
Index Score	11.8	7.3	14.7	12.2
Graduation Rate	53.8	30.7	55.1	48.6

For a complete and comprehensive list of the annual school designations, please reference the Nevada Comprehensive Support and Improvement (CSI) Schools report, the Nevada Targeted Support and Improvement (TSI) Schools report, and the Nevada Additional Targeted Support and Improvement (ATSI) Schools report in the NSPF/APF resources under Help & Resources on the Nevada Report Card website.

What does my school rating mean?

Three-Star school: Identifies an **adequate** school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement or growth. Subgroups meet expectations for academic achievement or growth with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Below 29 ★

At or above 29 but less than 50 ★★

At or above 50 and less than 70 ★★★

At or above 70 and less than 80 ★★★★

At or above 80 ★★★★★

23/25

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

**Student Growth**

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year's state assessment and determines if those students in the current assessment administration succeeded in meeting their AGP. This is a measure of gap between proficient and non-proficient students. Schools need to have ten records in the all-students subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic Absenteeism, Academic Learning Plans, and NAC 389.445 8th Grade Credit Requirements are Measures of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Academic Learning Plans reflect the percent of students at the school with an academic learning plan. Public schools, under NRS 388.165 and 388.205, are required to develop an academic learning plan for each student. The NAC 389.445 8th Grade Credit Requirements measure highlights the percent of grade eight students completing the required number of units for promotion to high school. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator, with the exception of the NAC 389.445 8th Grade Credit Requirements. Since this is a cohort calculation, all students are included in this Measure for accountability.

2025-2026 District Accountability Report

For more information visit www.nevadareportcard.nv.gov

Mission Statement

Our mission is to ensure that all students achieve excellence in education, character and citizenship, in partnership with parents and community.

Superintendent's Highlights

Our commitment to student success is guided by our comprehensive Strategic Plan, which outlines four key goals:

1. **Student Success with Opportunity & Access:** We are dedicated to ensuring every classroom provides equitable access to rigorous, relevant, and personalized learning opportunities. Our aim is for every DCSD graduate to be fully prepared for their life aspirations, whether that's a college pathway or a career.
2. **Highly Qualified Personnel:** We actively work to recruit, retain, and develop highly qualified personnel who are passionate about education and dedicated to our students.
3. **Operations Management:** We strive to create responsive, effective, and integrated operations that sustain district initiatives, enable continuous improvement of educational programs, and achieve overall organizational success.
4. **Community Engagement:** We strengthen family, school, and community partnerships through clear and consistent communication. We provide meaningful opportunities for feedback and input, fostering a collaborative environment for continuous improvement.

At DCSD, we deeply value our strong relationships with families and the wider community. We warmly encourage volunteers in our schools and invite all stakeholders to play an active role in our students' educational journey. Through this collaborative spirit, every DCSD student will achieve success, now and in the future.

Our students, educators, and families entered the school year with tremendous academic achievement gains. The District achievement results indicate positive growth in achievement results across all subject areas and grade levels with exception to 11th grade science. Students and Teachers in grades 6-12th implemented a new English Language Arts Curriculum this year. Additional curriculum adoptions remain a priority for the District.

Goals and Objectives

Goal 1: Student Success with Opportunity and Access: Every classroom will provide equitable access to rigorous, relevant, and personalized learning opportunities. Each Douglas County School District graduate will be prepared for their life aspirations to include a college or career pathway.

- Objective 1: Set high expectations and challenge students with rigorous, personalized, inclusive, and blended learning opportunities.
- Objective 2: Foster a safe, positive, and trusting learner-centered environment.
- Objective 3: Increase student preparation for college and/or career pathways.

Goal 2: Recruit, retain and develop high-qualified personnel

- Objective 1: Provide a compensation package that is competitive with other school districts in the region.
- Objective 2: Recruit and retain skilled and qualified candidates.
- Objective 3: Provide support for new staff through a comprehensive induction program.
- Objective 4: Provide professional learning opportunities tied directly to school and district improvement plans.

Goal 3: Create responsive, effective, and integrated operations to sustain district initiatives, enable continuous improvement of educational programs, and achieve organizational success. 894

- Objective 1: Provide sound, responsible financial stewardship through the management and maintenance of adequate financial reserves.
- Objective 2: Ensure the alignment of resources to meet district strategic goals.
- Objective 3: Increase support for educational programs and strategic goals by leveraging community and fiscal partnerships.
- Objective 4: Create effective and efficient operational procedures and systems responsive to the needs of our students, staff and stakeholders.
- Objective 5: Maintain and improve facilities to provide high-quality and safe learning environments.

Goal 4: Strengthen family, school, and community partnerships through clear and consistent communication. Provide meaningful feedback and input opportunities toward continuous improvement efforts.

- Objective 1: Schools and facilities will be safe and inviting places for families, staff, and the community.
- Objective 2: Build relationships with families to strengthen understanding of state standards, student progress, and the importance of teachers and families working together.
- Objective 3: Coordinate with community stakeholders to support student growth and development.
- Objective 4: Highlight student achievements and school events through a multitude of media outlets.
- Objective 5: Create additional opportunities for students and staff to make a positive impact on the community.

District Communication Efforts

Douglas County School District (DCSD) considers parent communication essential to student academic and social emotional growth. Recognizing the importance of maintaining open two-way communication with our parents and community, we have the following in place:

- District and School websites
- Social Media (Facebook, Twitter, Instagram)
- Website pop ups and news stories
- District app and athletic management
- Messages through Infinite Campus (IC)
- School Newsletters
- District-wide Monthly newsletter
- District Parent Advisory Council (DPAC)
- Parent Square Application
- On-line access to student information in IC for parents, student progress reports, district and site parent advisory councils
- Parent-teacher conferences
- Student-led conferences
- Food for Thought Family Instruction and Social Emotional Learning nights
- Family involvement nights which target Nevada Academic Content Standards in addition to math, science, reading, and language arts, career technical education, gifted and talented education, and English language learners.
- Parent/community volunteers and tutors
- Back to School Nights
- Parent resource guides
- Community partnerships
- Wrap-Around Services
- Parent and community surveys
- Translation services as needed
- Parent representation on Strategic Plan, School Performance Plans (SPPs), and District Performance Plan (DPP) teams
- Safe School Volunteers at PHES

Discipline

School safety is a priority in Douglas County Schools. All educational stakeholders work together to create school climates which are inviting, supportive and hold high expectations for appropriate behavior. Site principals work with their Multi-Tiered System of Support Team to align expectations and corrective actions across the system. The following list is a compilation of practices offered at various schools within our district consistent with ensuring a safe, respectful, and responsible learning environment in our schools:

- Positive Behavior Intervention and Supports (PBIS) including opportunities for restorative practices
- Partnership with UNR Technical Assistance Center with all schools receiving formal training and currently implementing MTSS
- Positive Student Behavior Intervention Plans
- Civility Policy
- Safe and Respectful Learning Environments Policy
- Social Emotional Learning support
- District and Site Behavioral Threat Assessment Teams Team and Board Policy (for students presenting safety concerns to self or others)

- District Safety Manual and drill protocols
- Four School Resource Officers
- District Safety Task Force
- School Social Workers
- Character Strong
- Counselor implementing social emotional learning curriculums
- Random Acts of Kindness
- Anti-bullying training and reporting
- Safe Voice anonymous tip line
- Handle With Care
- Community partnerships to support Trauma, SEL, etc.
- OpenGate Weapons detection system
- Health and Wellness resources on District website

Access to Menstrual Products

Douglas County School District (DCSD) is committed to supporting the health and well-being of all students by ensuring consistent access to essential hygiene items, including menstrual products. The district recognizes that lack of access to such products can negatively impact student attendance, comfort, and participation in school.

To address this need, DCSD provides menstrual products—pads and tampons—in all secondary school girls' restrooms. This ensures students have timely and discreet access to necessary supplies throughout the school day. By placing products directly in restrooms, the district reduces potential embarrassment or disruption caused by needing to visit another location or request assistance.

In addition to secondary schools, menstrual products are available in the health office of every school across the district, including primary schools. While elementary-aged students may be less likely to need such products, access at these sites ensures that all students—regardless of age—have appropriate support. This system allows students experiencing early menstruation, emergencies, or irregular cycles to receive needed items in a private and respectful manner.

DCSD has also prioritized access for students facing significant challenges, including those identified as students in transition. These students may be experiencing homelessness or unstable living situations and are more likely to encounter barriers to basic hygiene supplies. The district uses grant funds to provide menstrual products as needed to these students, ensuring equity and continuity of care regardless of their housing status.

This approach is aligned with DCSD's broader efforts to support the whole child and eliminate non-academic barriers to learning. Lack of menstrual products can lead to missed class time, increased anxiety, and negative impacts on physical health. By making menstrual hygiene support a part of standard school health services, the district promotes consistent attendance, participation, and student confidence.

Distribution of menstrual products is handled in a way that maintains student privacy and dignity. At the secondary level, restroom-based access minimizes disruptions and avoids the need for students to seek out staff or nurses during instructional time. At all grade levels, the health office serves as a safe and confidential resource for students who may need supplies on a case-by-case basis.

Grant funding is an important element of the district's strategy. By leveraging external resources, DCSD ensures that students in the most vulnerable circumstances receive targeted support without depleting general school resources. This targeted use of funds supports equity, aligning with the district's responsibilities to meet the needs of all student populations.

Access to menstrual products also supports a healthy school environment by reinforcing the importance of hygiene and normalizing menstruation as a part of adolescent development. It allows school health staff and educators to integrate basic health education and reduce stigma associated with menstruation. This helps build a climate of understanding and support among students and staff.

DCSD's current practice reflects national trends and public health recommendations that call for increased menstrual equity in schools. By implementing a structured and sustainable system for access to menstrual products, the district demonstrates a practical, student-centered approach to addressing this basic need.

In summary, Douglas County School District has implemented a clear, tiered system to provide menstrual products for students. All secondary schools offer products in girls' restrooms. All schools—primary and secondary—provide access through their health offices. Students in transition receive additional support through grant-funded resources. These efforts ensure that menstrual hygiene is not a barrier to education and that all students are supported with dignity and consistency across the district.

Technology

Online Curriculum & Platforms (Single Sign-On)

- Strategic Collaboration: The technology team collaborates closely with Administrative Staff to ensure all online platforms are thoroughly vetted and approved for instructional use, prioritizing student safety.
- Platform Focus: The district maintains a primary focus on online curriculum and platforms, particularly those utilizing

Single Sign-On (SSO) to streamline access.

- Screen Monitoring & Security: A comprehensive online filter and firewall service, consisting of multiple software packages, empowers instructors to monitor student screens and block individual sites to maintain a secure, focused learning environment.

Chromebooks & Device Management

- Device Maintenance: The technology department ensures all student Chromebooks and computer lab PCs receive timely automatic updates to remain secure and current.
- Support Volume: The department is replacing all student devices for grades K-5 for the start of the 26/27 school year. Additionally we repair devices onsite to maintain continuous learning device access for all students.
- Defined Mobile Devices: As defined by the Nevada Department of Education, mobile learning devices supported across the district include laptops (HP, Dell, Chromebook, MacBooks) and tablets (iPads, Android, Lenovo).

Supporting Computer-Based Testing & Data-Driven Instruction

- Technical Readiness: The technology department ensures all deployed Chromebooks feature current Kiosk-mode and test-specific applications to guarantee a seamless testing environment.
- State & National Assessments: This critical support enables essential state-level data collection through tests like WIDA and NWEA, as well as other vital assessments like the ACT and AP exams.
- Data Utilization: The curriculum department and district administration use this testing data to inform instructional initiatives and evaluate whether to adopt or discontinue specific online platforms throughout the school year.

Classroom Technology & Infrastructure Upgrades

- Interactive Displays: Classrooms throughout the district are heavily equipped with interactive touchscreens, including new-model Newline panels and Promethean boards.
- Instructional Tools: Document cameras issued to every teacher during the COVID-19 pandemic continue to serve as highly valuable instructional tools in the classroom.
- Behind-the-Scenes Maintenance: The team continually drives infrastructure projects to ensure seamless daily classroom operations. This includes vital upgrades to network switches, wireless access points, bell and emergency systems, and student/instructor workstations. These ongoing efforts are critical to maintaining a robust and reliable environment.
- E-Rate - The district is fully utilizing available funding and is replacing all Wireless Access Points across our campuses and completing the replacement of all switches.
- Server - Servers have been replaced with a central server for the entire district and a failover site.

Student Information Systems & Communication

- Real-Time Portals: The widely utilized Infinite Campus student and parent portals provide real-time tracking of individual grades and academic progress. This transparency boosts student engagement and aligns with DCSD's comprehensive instructional goals.
- Dedicated Management: A dedicated Student Information Systems Specialist administers the Infinite Campus platform to ensure its continuous operational health.
- Community Outreach: The district utilizes Parent Square to facilitate safe, efficient, and streamlined communication among staff, parents, and students.

Support Operations & Assistive Technology

- FMX: To minimize classroom downtime, the department is implementing the FMX system to track and resolve teacher-reported issues like Wi-Fi connectivity, device malfunctions, or login troubles.
- Inclusive Education: Adhering to individual IEP requirements, the inclusive education department leverages specialized technology (such as iPads and custom software) to meet diverse student needs. Specialists work directly with these students to monitor progress.
- MDM Management: The technology department manages and supports these inclusive education devices and software installations using JAMF, a Mobile Device Management (MDM) tool.

Key Technical Achievements & Milestone Projects

The technology department consistently addresses unique and varied technological needs across campuses to support student success:

- Implemented standardized communication software district-wide.
- Deployed robust cyber filtering software to establish a safer internet environment for students.
- Deploying new Verkada cloud based camera system across the district to include vape sensors and main entry door access.
- Redesign of Phone System,
- Replacement of Servers and establishment of failover site.
- Upgrade of network switches.

Curriculum Details

The Douglas County School Board of Trustees recognizes the responsibility for the quality of the educational program of the schools in Douglas County School District and directs the district curriculum and assessments be evaluated, adapted,

developed and revised on a continuing basis to ensure a rigorous academic experience for all students. The standards, curriculum, and assessments of the Douglas County School District are to remain consistent with the written Strategic Plan Goals and objectives. They are designed to develop individual talents and interests and provide for continuous learning through effective articulation and encourage the utilization of community resources.

The Douglas County School District standard core academic curriculum consists of English language arts, mathematics, science, social studies, and computer science. Curricular and instructional support is also provided in the areas of technology, fine arts, career and technical education, world languages, health, and physical education providing students with a well-rounded, full curriculum. The foundation of the curriculum in Douglas County School District is on Nevada Academic Content Standards in all content areas. Curriculum documents are currently in various states of development to reflect the ongoing revisions for each grade level and subject area based upon state standards. Each content area is systematically reviewed and revised as needed to align with the rigor demanded by the Nevada Academic Content Standards.

The curriculum includes:

- Alignment to the Nevada Academic Content Standards
- Educational programs and services for all students with differing abilities
- Compensatory and remedial education programs for students
- College and Career Readiness and career/technical education
- Educational opportunities for academically talented students
- Opportunities for dual credit with state community colleges
- Programs and services of school-level library/media facilities and class text collections which support the educational program
- Kindergarten through 5th grade District-wide common assessments in ELA and Math

The Douglas County School District has adopted a literacy plan which addresses literacy instruction from birth to graduation. At the heart of literacy instruction is the strong-held belief that all students can become independent readers and writers. Douglas County School District's commitment to literacy begins before kindergarten and offers support for students in all content areas through their senior year of high school. The Nevada Academic Content Standards provide the framework for "what" students need to be able to demonstrate and the Douglas County School District Literacy Plan explains "how" the teachers will ensure instruction meets the needs of all students. Teachers in the Douglas County School District are expected to follow a balanced literacy approach to literacy instruction that is rooted in years of research across all grade levels and all content areas.

Student progress toward achievement is continually assessed in a variety of ways. Teachers are expected to use a wide range of data and student benchmark expectations to determine appropriate interventions when differentiating instruction, providing remediation, and extending learning opportunities for our students. Additional learning opportunities for students include summer school, alternative education, on-line course work and site tutoring to provide enrichment and remediation opportunities.

Demographics and Student Information

Data are provided by the Nevada Department of Education from the state student information system. Gender, race/ethnicity, and special student populations are reported as of validation day.

Gender and Ethnicity

No Data Available

Data as of Validation Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

| means these schools are CEP or Provision 2 Schools and officials do not track who eats breakfast or lunch.

Adult Education is not included in the totals.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

Special Populations

No Data Available

Data as of Validation Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

IEP= Students with disabilities

EL= Students who are English Learners

FRL= Students qualifying for Free/Reduced Price Lunch

District totals do not include state or district sponsored charter school data. (2008-Current)

| means these schools are CEP or Provision 2 Schools and officials do not track who eats breakfast or lunch.

Adult Education is not included in the totals.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

Continuously enrolled tracks English Learner enrollment from the beginning of the school year (validation day count) to the end of the school year.

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

Student Average Daily Attendance (ADA)

Student Average Daily Attendance (ADA) is the percentage of the school enrollment in attendance on an "average school day" as of the 100th day of school.

2025-2026 District Accountability Report

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

'**' indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

NSHE discontinued remedial courses beginning in Fall 2021 due to a policy and legislative change. As a result, the data currently displayed on the portal under the "Remedial Report" starting with Accountability Year 2021-2022 will show as Not Applicable or N/A

Student/Teacher Ratio

Student/Teacher Ratio is listed for all classes whose students do not rotate to different teachers.

	All Schools	Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade	5th Grade	6th Grade	7th Grade	8th Grade

Data as a of: Previous School Year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

Data in grade 9-12 excludes pupils:

who successfully completed HSE assessment,

who are enrolled in approved courses for an adult standard diploma, withdrew from school to attend another school.

Data is not displayed for a group where enrollment information is missing.

Negative value indicates rate cannot be calculated due to zero enrollment.

FRB Eligible and FRB/FRL Receivers are no longer required to be reported starting with 2023-2024.

'-' indicates data not presented for groups greater than 10 but suppressed in order to protect the student privacy under FERPA.

Nevada System of Higher Education Remedial Data

Students enrolled in remedial courses within the Nevada System of Higher Education (NSHE) do not reflect all graduates. Some graduates do not attend college or they attend college out of state.

*** indicates that the data was not available.

Cohort Graduation Rate is lagging data, which means that for 2012-2013 Report Card, data from 2011-2012 school year (class of 2012) is being reflected. Likewise, in the 2011-2012 Report Card, data from 2010-2011 (class of 2011) school year is reflected.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

High School Completion Indicators: Class of 2025

2025-2026 District Accountability Report

Group	Graduating Class of	Completion Indicators - Graduates					Completion Indicators - Non-Graduates
		# Adult Diploma	# Advanced Diploma	# Alternative Diploma	# College and Career Ready Diploma	# Standard Diploma	# Adjusted Diploma
State	2024-2025	243	4665	173	9746	19591	191
Douglas	2024-2025	-	98	-	92	175	-

Douglas Nevada Online	2024-2025	-	-	-	-	-	-
Douglas County Adult School	2024-2025	-	-	-	-	-	-

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

Adjusted Diploma receivers and HSE Earners are not considered Graduates in the ACGR calculations.

Although Adult Diploma receivers are considered as graduates in Nevada, per the federal regulations they are not considered as graduates in the ACGR calculations starting with the 4-year class of 2021-22.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

Cohort graduation rate data is lagging data.

[Progress toward meeting long-term goals and measures of interim progress for 4- and 5-year ACGR \(per section 1111\(h\)\(1\)\(C\)\(vi\)\) is available]({root}/Resources)

'-' indicates data not presented for groups greater than 10 but suppressed in order to protect the student privacy under FERPA.

Beginning with the 2016-17 school year, Nevada transitioned away from the High School Proficiency Exam (HSPE) as a graduation requirement. This policy change may contribute to higher 4-year and 5-year Adjusted Cohort Graduation Rates (ACGR) compared to prior years.

Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to www.nevadareportcard.nv.gov.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the "Approaches Standards" range of achievement

MS = Percentage of students performing in the "Meets Standards" range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Teacher Data as of: May 1st (2008-Current)

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

Schools under PovertyLevel with a 'N/A' designation indicates that there was no student enrollment on Validation Day.

(H) = High Poverty School - defined as being within the bottom quartile throughout the state of percentages of students who qualify for free or reduced-price lunch

(L) = Low Poverty School - defined as being within the top quartile throughout the state of percentages of students who qualify for free or reduced-price lunch

□ Indicates data is reported on a separate report. Starting in 2024-25, Professional Qualifications data is reported here.

DCSD Boys and Girls Lacrosse - Board Fiscal Summary

Key Metric	Value	Planning Note
Boys Planning Participation	33	User-confirmed
Girls Planning Participation	20	Updated from 6 to 20
Year 1 Combined Cash Cost	\$47,356	Before cash funding
Five-Year Combined Cash Cost	\$196,412	Includes replacement-year costs
Five-Year Cash Funding	\$68,467	Allocated by program per Donations spreadsheet
Year 1 Boys Ending Carryover	\$19,806	Restricted to future boys program costs
Year 1 Girls District Contribution	(\$4,695)	Boys-designated surplus is not applied to girls
Five-Year Boys District Contribution	(\$60,022)	After boys funding and carryover
Five-Year Girls District Contribution	(\$67,923)	After girls funding and carryover
Five-Year Combined District Contribution	(\$127,945)	Program allocations preserved
In-Kind Equipment Support - Boys Only	\$33,355	Existing surpluses plus helmet grants, girls

Metric	2027	2028	2029	2030	2031
Combined Cash Cost	\$47,356	\$29,685	\$30,622	\$33,819	\$54,930
Combined Cash Funding	\$62,467	\$3,000	\$3,000	-	-
Combined Ending Carryover	\$19,806	\$6,319	-	-	-
District Contribution	(\$4,695)	(\$13,196)	(\$21,303)	(\$33,819)	(\$54,930)

Five-Year Cash Cost, Funding, Carryover and District Contribution

Year	Combined (	Combined (	Combined (	District Contribution
2027	47356	62467	19806.5	4694.5
2028	29684.6	3000	6319	13198.1
2029	30622.27	3000	0	21303.27
2030	33819.12	0	0	33819.12
2031	54929.98	0	0	54929.98

Key Modeling Observations

1. The model uses 33 boys and 20 girls, with one program for each gender.
2. Cash allocations follow the Donations spreadsheet exactly. Booster Club and miscellaneous donations are assigned to boys; High Sierra, Douglas Lacrosse Board, and the DCSD fundraising goal are divided as shown.
3. The \$20,000 DCSD fundraising amount is a goal and should not be treated as collected cash until received.
4. Existing donated equipment (\$32,055) and the USA Lacrosse helmet grant (\$1,300) benefit only the boys program. The helmet grant reduces the boys Year 1 equipment cash requirement by \$1,300.
5. Program-designated carryover remains with the applicable program. Therefore, a boys surplus does not offset a girls funding shortfall in this model.

DCSD Boys and Girls Lacrosse - Board Fiscal Summary

Key Metric	Value	Planning Note
Boys Planning Participation	33	User-confirmed
Girls Planning Participation	20	Updated from 6 to 20
Year 1 Combined Cash Cost	\$47,356	Before cash funding
Five-Year Combined Cash Cost	\$196,412	Includes replacement-year costs
Five-Year Cash Funding	\$68,467	Allocated by program per Donations spreadsheet
Year 1 Boys Ending Carryover	\$19,806	Restricted to future boys program costs
Year 1 Girls District Contribution	(\$4,695)	Boys-designated surplus is not applied to girls
Five-Year Boys District Contribution	(\$60,022)	After boys funding and carryover
Five-Year Girls District Contribution	(\$67,923)	After girls funding and carryover
Five-Year Combined District Contribution	(\$127,945)	Program allocations preserved
In-Kind Equipment Support - Boys Only	\$33,355	Existing surpluses plus helmet grants, girls

Metric	2027	2028	2029	2030	2031
Combined Cash Cost	\$47,356	\$29,685	\$30,622	\$33,819	\$54,930
Combined Cash Funding	\$62,467	\$3,000	\$3,000	-	-
Combined Ending Carryover	\$19,806	\$6,319	-	-	-
District Contribution	(\$4,695)	(\$13,196)	(\$21,303)	(\$33,819)	(\$54,930)

Five-Year Cash Cost, Funding, Carryover and District Contribution

Year	Combined (	Combined (	Combined (	District Contribution
2027	47356	62467	19805.5	4694.5
2028	29684.6	3000	6319	13198.1
2029	30622.27	3000	0	21303.27
2030	33819.12	0	0	33819.12
2031	54929.98	0	0	54929.98

Key Modeling Observations

1. The model uses 33 boys and 20 girls, with one program for each gender.
2. Cash allocations follow the Donations spreadsheet exactly. Booster Club and miscellaneous donations are assigned to boys; High Sierra, Douglas Lacrosse Board, and the DCSD fundraising goal are divided as shown.
3. The \$20,000 DCSD fundraising amount is a goal and should not be treated as collected cash until received.
4. Existing donated equipment (\$32,055) and the USA Lacrosse helmet grant (\$1,300) benefit only the boys program. The helmet grant reduces the boys Year 1 equipment cash requirement by \$1,300.
5. Program-designated carryover remains with the applicable program. Therefore, a boys surplus does not offset a girls funding shortfall in this model.

Douglas County School District

Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Terri Willoughby, Chief Financial Officer

Re: September 2026 General Fund Monthly Financial Report

Requested Action

Review and accept the September 2026 General Fund Monthly Financial Report.

Background Information

The attached report presents General Fund activity for July through September 2026, compares it with the same period of fiscal year 2025-26, and evaluates results against the 25.0% of the fiscal year elapsed.

Through September 30, the District recognized \$9,791,211 in revenue, or 16.7% of the revised projection, and recorded \$13,165,481 in expenditures, or 22.8% of the amended budget. The \$3,374,271 year-to-date operating deficit reflects payment and expenditure timing and is not the projected year-end result.

Budget Considerations and Impact

Projected revenue is \$58,594,113 after a \$61,247 reduction for amounts not expected to be realized. Budgeted expenditures are \$57,797,712 after increasing Transfers Out by \$100,000 to agree with the Special Education Fund transfers-in budget.

The revised projected operating surplus is \$796,401. After the \$2,521,716 beginning fund balance deficit, the projected ending fund balance is a \$1,725,315 deficit.

Recommendation

Staff recommends that the Board accept the report and continue monthly monitoring of budget performance, enrollment, cash reconciliation, and the year-end forecast.

Discussed at Previous Meeting

The Board received the August 2026 report on September 15, 2026. This report continues the monthly financial reporting and variance-analysis process.

Key Issues for Board Discussion

1. September enrollment was 4,683 students, a decrease of 142 students, or 2.9%, from September 2025. Enrollment totals include students who are not funded through the Pupil-Centered Funding Plan.
2. Revenue and expenditure projections incorporate the \$61,247 revenue reduction and the \$100,000 increase in Transfers Out described above.
3. Staff is continuing expenditure-coding review, position-budget review, payroll and benefit trend analysis, and reconciliation of General Fund cash and revenue. Insurance and non-student vehicle fuel remain areas for monitoring.

September 2026 General Fund Monthly Financial Report

GENERAL FUND MONTHLY FINANCIAL REPORT

Year to Date as of September 30, 2026

Board and Public Reporting

Purpose of This Report

The purpose of this report is to provide the Board of Trustees, District leadership, and the public with a clear, timely, and transparent overview of the General Fund's financial position and operating results. The report compares current-year revenues and expenditures with the amended budget and the comparable July-September period of the prior year, evaluates activity against the portion of the fiscal year completed, and highlights matters requiring continued monitoring or management action.

EXECUTIVE SUMMARY

AMENDED EXPENDITURES	JULY-SEPTEMBER ACTIVITY	BUDGET EXPENDED	YEAR ELAPSED
\$57,797,712	\$13,165,481	22.8%	25.0%
FY 2026-27 budget	FY27 expenditures	Benchmark: 25.0%	3 of 12 months

Executive Observations

Overall spending pace: Expenditures are at 22.8% of the amended budget after three months, below the 25.0% straight-line benchmark.

Prior-year comparison: FY27 expenditures are \$705,120, or 5.7%, above the comparable FY26 period.

Revenue: FY27 revenue totals \$9,791,211, representing two monthly PCFP payments through September. The annual projection has been reduced by \$61,247 for revenues not expected to be realized.

Fund balance: The calculated September 30 fund balance is (\$5,895,987); this is a point-in-time accounting result, not a year-end forecast.

Items Requiring Monitoring

- P & C Insurance - 100.4% of budget expended.
- Student Transportation Insurance - 98.5% of budget expended.
- Vehicle Operations & Maintenance (Non-Student) - 40.1% of budget expended.
- Administrative Technology Services - 35.6% of budget expended.
- Aspire Academy - 31.1% of budget expended.

Total Revenues	58,594,113	9,939,418	9,791,211	48,802,902	16.7%

Revenue Projection Adjustments

Revenue Account	FY27 Budget	Projected	Reduction
Investment interest	35,000	-	(35,000)
Miscellaneous	6,000	3,629	(2,371)
Environmental fines	1,000	-	(1,000)
Indirect costs	75,000	69,851	(5,149)
JROTC	75,000	65,273	(9,727)
Asset disposals	8,000	-	(8,000)
Total Adjustments	200,000	138,753	(61,247)

Revenue Commentary

The FY 2026-27 revenue projection has been reduced by \$61,247, from \$58,655,360 to \$58,594,113, because the affected revenues are not expected to be realized. FY27 year-to-date revenue is \$148,208, or 1.5%, below the comparable prior-year period, primarily reflecting lower PCFP base funding. Revenue recognition is 16.7% of the revised projection.

EXPENDITURE DETAIL - INSTRUCTION & STUDENT SUPPORT

VARIANCE ANALYSIS

Above-Benchmark Expenditure Lines

Line Item	Percent Expended	July-September Activity	Management Explanation / Follow-up
P & C Insurance	100.4%	1,024,774	Annual premium has substantially used the budget; confirm the final cost and required budget adjustment.
Student Transportation Insurance	98.5%	81,755	Annual premium is front-loaded; confirm the remaining annual requirement.
Alternative School	72.1%	72	The ratio reflects \$72 of activity against a \$100 budget; review the position and operating budget.
Vehicle Operations & Maintenance (Non-Student)	40.1%	75,135	Fuel represents most year-to-date activity; review coding and the full-year forecast.
Administrative Technology Services	35.6%	265,989	Software and hardware purchases are front-loaded; continue timing and coding review.
Douglas Nevada Online	35.3%	1,447	Annual membership was paid early in the fiscal year.
Aspire Academy	31.1%	170,099	Reviewing position budget for the current year.
Board of Education	30.7%	29,565	Includes annual memberships and other front-loaded costs.
Carson Valley Middle School	28.9%	1,234,061	Review payroll, benefits, and start-of-year spending against the position budget.
Gardnerville Elementary	27.2%	771,883	Review payroll, benefits, and start-of-year spending against the position budget.
Fiscal Services	27.0%	159,723	Review payroll and professional-service timing against the full-year forecast.
Gene Scarselli Elementary	26.8%	1,061,336	Review payroll, benefits, and consolidated site budget assumptions.
Minden Elementary	26.4%	739,148	Review payroll, benefits, and start-of-year spending against the position budget.
Instruction and Curriculum Development	26.2%	37,628	Review timing of salaries, books, software, and supplies.
Warehouse/Purchasing	25.0%	63,782	Spending is approximately at the elapsed-year benchmark; continue monitoring payroll.
Benchmark	25.0%		Three of twelve months elapsed.

BUDGET BY FUNCTION

Direct School Expenses	\$39,176,586	67.8%
Districtwide & Support	\$18,621,126	32.2%

Functional Analysis

Direct school expenses - elementary, middle, high, and other schools - comprise approximately 68% of budgeted expenditures. The remaining 32% supports districtwide instruction, student support, administration, operations, transportation, transfers, and other central services.

FUND BALANCE & BUDGET POSITION

PROJECTED REVENUE	BUDGETED EXPENDITURES	PROJECTED OPERATING RESULT	PROJECTED ENDING BALANCE
\$58,594,113	\$57,797,712	\$796,401	(\$1,725,315)
Revised projection	Amended budget	Revenue over expenditures	After beginning deficit

Measure	FY27 Budget / Projection	FY26 July-September Activity	FY27 July-September Activity
Excess/(Deficiency) Revenues over Expenditures	\$796,401	(\$2,520,943)	(\$3,374,271)
Fund Balance, Beginning of Year	(\$2,521,716)	(\$948,912)	(\$2,521,716)
Fund Balance, End of Period	(\$1,725,315)	(\$3,469,855)	(\$5,895,987)

Projection Adjustments

Measure	Original Budget	Adjustment	Revised Budget / Projection
Revenue	58,655,360	(61,247)	58,594,113
Expenditures	57,697,712	100,000	57,797,712
Operating Result	957,648	(161,247)	796,401
Ending Fund Balance	(1,564,068)	(161,247)	(1,725,315)

Fund Balance Narrative

The projection reflects \$61,247 in revenue reductions for amounts not expected to be realized and a \$100,000 increase in Transfers Out to agree with the transfers-in budget in the Special Education Fund. Monthly fund balance fluctuates due to the timing of state funding, property tax collections, payroll cycles, and other seasonal activity. The September balance should be viewed as a point-in-time accounting result rather than an indicator of the District's year-end position. It is not the reconciled month-end cash balance.

KEY PERFORMANCE INDICATORS

The following KPIs provide a concise view of budget performance, reserve strength, enrollment, and the District's projected year-end position.

REVENUE RECOGNIZED 16.7% YTD revenue / revised projection	BUDGET EXPENDED 22.8% YTD expenditures / amended budget	YEAR ELAPSED 25.0% 3 of 12 months
PROJECTED YEAR-END FUND BALANCE (\$1,725,315) Projection; not month-end cash	FUND BALANCE AS % OF EXPENDITURES -3.0% Projected ending balance / expenditures	PROJECTED OPERATING RESULT \$796,401 Projected revenue less amended expenditures

Monthly Enrollment

Month	FY 2025-26	FY 2026-27	Change	Percent Change
August	4,962	4,745	(217)	(4.4%)
September	4,825	4,683	(142)	(2.9%)

* Enrollment represents all students and includes students who are not funded through the Pupil-Centered Funding Plan (PCFP).

Monthly KPI Interpretation

Use these measures together. A single period may be affected by payment timing, annual invoices, payroll cycles, enrollment, or other seasonal activity. Explain material deviations from the year-elapsed benchmark and identify any management action or forecast change.

MANAGEMENT OUTLOOK & NEXT STEPS

Management Assessment

Through three months, General Fund expenditures are below the straight-line benchmark at 22.8% of budget. Expenditures are \$705,120, or 5.7%, above the comparable prior-year period. September enrollment is 4,683 students, 142 students or 2.9% below September 2025. The insurance lines and non-student vehicle fuel require continued monitoring. Revenue is consistent with two PCFP payments through September, and the annual revenue projection has been reduced by \$61,247 for amounts not expected to be realized. The year-end forecast should be updated after enrollment-driven PCFP adjustments, recurring payroll costs, expenditure coding, and cash reconciliation are validated.

Next Month Focus

Focus Area	Owner	Status / Due Date
Revenue reconciliation	Finance	October close
Payroll and benefits trend	Payroll / Finance	October close
Insurance budget alignment	Finance	October budget review
School and department forecasts	Department leaders / Finance	Within 30 days
Fund balance and cash forecast	CFO	October 31, 2026

Notes

- Amounts may not sum due to rounding.
- July, August, and September are presented as one combined year-to-date period.
- FY 2026-27 projected revenue includes \$61,247 of reductions for revenues not expected to be realized.
- Budgeted expenditures include a \$100,000 increase in Transfers Out to agree with the Special Education Fund transfers-in budget.
- The report preserves the source schedule terminology and classifications.
- Percent-of-budget comparisons should be interpreted with seasonal and annual payment timing in mind.
- Month-end cash remains pending completion of the reconciled cash report.
- The FY 2026-27 beginning fund balance used in this report is \$(2,521,716).

GENERAL FUND MONTHLY FINANCIAL REPORT

Year to Date as of September 30, 2026

Board and Public Reporting

Purpose of This Report

The purpose of this report is to provide the Board of Trustees, District leadership, and the public with a clear, timely, and transparent overview of the General Fund's financial position and operating results. The report compares current-year revenues and expenditures with the amended budget and the comparable July-September period of the prior year, evaluates activity against the portion of the fiscal year completed, and highlights matters requiring continued monitoring or management action.

EXECUTIVE SUMMARY

AMENDED EXPENDITURES	JULY-SEPTEMBER ACTIVITY	BUDGET EXPENDED	YEAR ELAPSED
\$57,797,712	\$13,165,481	22.8%	25.0%
FY 2026-27 budget	FY27 expenditures	Benchmark: 25.0%	3 of 12 months

Executive Observations

Overall spending pace: Expenditures are at 22.8% of the amended budget after three months, below the 25.0% straight-line benchmark.

Prior-year comparison: FY27 expenditures are \$705,120, or 5.7%, above the comparable FY26 period.

Revenue: FY27 revenue totals \$9,791,211, representing two monthly PCFP payments through September. The annual projection has been reduced by \$61,247 for revenues not expected to be realized.

Fund balance: The calculated September 30 fund balance is (\$5,895,987); this is a point-in-time accounting result, not a year-end forecast.

Items Requiring Monitoring

- P & C Insurance - 100.4% of budget expended.
- Student Transportation Insurance - 98.5% of budget expended.
- Vehicle Operations & Maintenance (Non-Student) - 40.1% of budget expended.
- Administrative Technology Services - 35.6% of budget expended.
- Aspire Academy - 31.1% of budget expended.

REVENUE ANALYSIS

PROJECTED REVENUE	FY26 JULY-SEPTEMBER ACTIVITY	FY27 JULY-SEPTEMBER ACTIVITY	PROJECTION RECOGNIZED
\$58,655,360	\$9,939,418	\$9,791,211	16.7%
FY 2026-27	Prior-year comparison	Current year	As presented

Detailed Revenue Schedule

Account / Function	FY27 Projected Revenue	FY26 Jul-Sep Activity	FY27 Jul-Sep Activity	Variance with Projected	Percent of Projection

Asset disposals	8,000	-	(8,000)
Total Adjustments	200,000	138,753	(61,247)

Revenue Commentary

The FY 2026-27 revenue projection has been reduced by \$61,247, from \$58,716,607 to \$58,655,360, because the affected revenues are not expected to be realized. FY27 year-to-date revenue is \$148,208, or 1.5%, below the comparable prior-year period, primarily reflecting lower PCFP base funding. Revenue recognition is 16.7% of the revised projection.

EXPENDITURE DETAIL - INSTRUCTION & STUDENT SUPPORT

VARIANCE ANALYSIS

Above-Benchmark Expenditure Lines

Line Item	Percent Expended	July-September Activity	Management Explanation / Follow-up
P & C Insurance	100.4%	1,024,774	Annual premium has substantially used the budget; confirm the final cost and required budget adjustment.
Student Transportation Insurance	98.5%	81,755	Annual premium is front-loaded; confirm the remaining annual requirement.
Alternative School	72.1%	72	The ratio reflects \$72 of activity against a \$100 budget; review the position and operating budget.
Vehicle Operations & Maintenance (Non-Student)	40.1%	75,135	Fuel represents most year-to-date activity; review coding and the full-year forecast.
Administrative Technology Services	35.6%	265,989	Software and hardware purchases are front-loaded; continue timing and coding review.
Douglas Nevada Online	35.3%	1,447	Annual membership was paid early in the fiscal year.
Aspire Academy	31.1%	170,099	Reviewing position budget for the current year.
Board of Education	30.7%	29,565	Includes annual memberships and other front-loaded costs.
Carson Valley Middle School	28.9%	1,234,061	Review payroll, benefits, and start-of-year spending against the position budget.
Gardnerville Elementary	27.2%	771,883	Review payroll, benefits, and start-of-year spending against the position budget.
Fiscal Services	27.0%	159,723	Review payroll and professional-service timing against the full-year forecast.
Gene Scarselli Elementary	26.8%	1,061,336	Review payroll, benefits, and consolidated site budget assumptions.
Minden Elementary	26.4%	739,148	Review payroll, benefits, and start-of-year spending against the position budget.
Instruction and Curriculum Development	26.2%	37,628	Review timing of salaries, books, software, and supplies.
Warehouse/Purchasing	25.0%	63,782	Spending is approximately at the elapsed-year benchmark; continue monitoring payroll.
Benchmark	25.0%		Three of twelve months elapsed.

BUDGET BY FUNCTION

Direct School Expenses	\$39,176,586	67.8%
Districtwide & Support	\$18,621,126	32.2%

Functional Analysis

Direct school expenses - elementary, middle, high, and other schools - comprise approximately 68% of budgeted expenditures. The remaining 32% supports districtwide instruction, student support, administration, operations, transportation, transfers, and other central services.

FUND BALANCE & BUDGET POSITION

PROJECTED REVENUE	BUDGETED EXPENDITURES	PROJECTED OPERATING RESULT	PROJECTED ENDING BALANCE
\$58,655,360	\$57,797,712	\$857,648	(\$1,664,068)
Revised projection	Amended budget	Revenue over expenditures	After beginning deficit

Measure	FY27 Budget / Projection	FY26 July-September Activity	FY27 July-September Activity
Excess/(Deficiency) Revenues over Expenditures	\$857,648	(\$2,520,943)	(\$3,374,271)
Fund Balance, Beginning of Year	(\$2,521,716)	(\$948,912)	(\$2,521,716)
Fund Balance, End of Period	(\$1,664,068)	(\$3,469,855)	(\$5,895,987)

Projection Adjustments

Measure	Original Budget	Adjustment	Revised Budget / Projection
Revenue	58,716,607	(61,247)	58,655,360
Expenditures	57,697,712	100,000	57,797,712
Operating Result	1,018,895	(161,247)	857,648
Ending Fund Balance	(1,502,821)	(161,247)	(1,664,068)

Fund Balance Narrative

The projection reflects \$61,247 in revenue reductions for amounts not expected to be realized and a \$100,000 increase in Transfers Out to agree with the transfers-in budget in the Special Education Fund. Monthly fund balance fluctuates due to the timing of state funding, property tax collections, payroll cycles, and other seasonal activity. The September balance should be viewed as a point-in-time accounting result rather than an indicator of the District's year-end position. It is not the reconciled month-end cash balance.

KEY PERFORMANCE INDICATORS

The following KPIs provide a concise view of budget performance, reserve strength, enrollment, and the District's projected year-end position.

REVENUE RECOGNIZED 16.7% YTD revenue / revised projection	BUDGET EXPENDED 22.8% YTD expenditures / amended budget	YEAR ELAPSED 25.0% 3 of 12 months
PROJECTED YEAR-END FUND BALANCE (\$1,664,068) Projection; not month-end cash	FUND BALANCE AS % OF EXPENDITURES -2.9% Projected ending balance / expenditures	PROJECTED OPERATING RESULT \$857,648 Projected revenue less amended expenditures

Monthly Enrollment

Month	FY 2025-26	FY 2026-27	Change	Percent Change
August	4,962	4,745	(217)	(4.4%)
September	4,825	4,683	(142)	(2.9%)

* Enrollment represents all students and includes students who are not funded through the Pupil-Centered Funding Plan (PCFP).

Monthly KPI Interpretation

Use these measures together. A single period may be affected by payment timing, annual invoices, payroll cycles, enrollment, or other seasonal activity. Explain material deviations from the year-elapsed benchmark and identify any management action or forecast change.

MANAGEMENT OUTLOOK & NEXT STEPS

Management Assessment

Through three months, General Fund expenditures are below the straight-line benchmark at 22.8% of budget. Expenditures are \$705,120, or 5.7%, above the comparable prior-year period. September enrollment is 4,683 students, 142 students or 2.9% below September 2025. The insurance lines and non-student vehicle fuel require continued monitoring. Revenue is consistent with two PCFP payments through September, and the annual revenue projection has been reduced by \$61,247 for amounts not expected to be realized. The year-end forecast should be updated after enrollment-driven PCFP adjustments, recurring payroll costs, expenditure coding, and cash reconciliation are validated.

Next Month Focus

Focus Area	Owner	Status / Due Date
Revenue reconciliation	Finance	October close
Payroll and benefits trend	Payroll / Finance	October close
Insurance budget alignment	Finance	October budget review
School and department forecasts	Department leaders / Finance	Within 30 days
Fund balance and cash forecast	CFO	October 31, 2026
Cash reconciliation	Finance	Upon completion

BUDGETARY COMPARISON SUMMARY

Summary Totals

Category	FY27 Budget / Projection	FY26 July-September Activity	FY27 July-September Activity	Variance with Budget / Projection	Percent
Total Revenues	58,655,360	9,939,418	9,791,211	48,864,149	16.7%
Total Expenditures	57,797,712	12,460,361	13,165,481	44,632,231	22.8%

Beginning Fund Balance	(2,521,716)	(948,912)	(2,521,716)	-	-
Ending Fund Balance	(1,664,068)	(3,469,855)	(5,895,987)	-	-

Notes

- Amounts may not sum due to rounding.
- July, August, and September are presented as one combined year-to-date period.
- FY 2026-27 projected revenue includes \$61,247 of reductions for revenues not expected to be realized.
- Budgeted expenditures include a \$100,000 increase in Transfers Out to agree with the Special Education Fund transfers-in budget.
- The report preserves the source schedule terminology and classifications.
- Percent-of-budget comparisons should be interpreted with seasonal and annual payment timing in mind.
- Month-end cash remains pending completion of the reconciled cash report.
- The FY 2026-27 beginning fund balance used in this report is \$(2,521,716).

Douglas County School District Board Agenda Item Memo

Date: October 8, 2026

To: DCSD Board of Trustees

From: Terri Willoughby, Chief Financial Officer

Re: Preliminary FY 2026–27 General Fund forecast and potential budget adjustments

Requested Action:

Receive the preliminary General Fund forecast and direct the Superintendent and Chief Financial Officer to validate the projected adjustments, develop additional reductions, and return with a legally supportable budget amendment and deficit recovery plan. No augmentation or increase in appropriation authority is recommended for approval through this memo.

Background Information:

At the October 7, 2026 CLGF subcommittee meeting, the CFO discussed revised revenue projections but did not address revised expenditure projections. This memo presents the complete preliminary forecast and proposed response.

Budget Considerations and Impact:

The current working forecast projects expenditures and transfers out of \$58,753,178, approximately \$1,055,466 above the adopted amount of \$57,697,712. It includes \$1,354,641 of projected increases and \$299,175 of estimated offsets. Regular revenue is projected at \$58,655,360, a reduction of \$61,247 from the adopted budget. The combined effect worsens the recurring operating outlook by approximately \$1,116,713.

Before one-time PCFP support, the projected operating result is a deficit of \$97,818. Including the assumed \$731,000 PCFP adjustment produces a current-year surplus of \$633,182. Applied against the preliminary beginning deficit of \$2,643,398, that leaves a projected ending total fund balance deficit of approximately \$2,010,217, before any separate reservation adjustment. The one-time adjustment therefore reduces the accumulated deficit but does not establish recurring operating balance.

The projected increases are \$958,649 for salaries, \$167,407 for restoration of the Business Services personnel budget, \$100,000 for transfers out, and \$128,585 for property and casualty insurance. Estimated offsets relate to transportation vacancies, transportation appropriations, fuel, fire protection, and allocation of eligible HR salary costs to the Workers' Compensation Fund. Attachment A presents the full reconciliation.

Before finalizing the forecast, staff should reconcile the beginning deficit to year-end records, confirm salary and benefit coverage and possible overlap with the Business Services adjustment, verify PCFP funding, confirm reserve treatment, and validate each offset. The HR allocation is a shift between funds rather than a districtwide cost reduction. It requires support for allowable costs and receiving-fund capacity.

The forecast does not amend the adopted budget or authorize additional expenditures. Staff should evaluate appropriation transfers and required Board actions while developing the school-district amendment due on or before January 1 following the applicable average daily enrollment report.

An augmentation is conditional on qualifying additional resources. The preliminary resource comparison shows total revised resources approximately \$1,124,557 below the adopted estimate. It therefore does not currently demonstrate ordinary General Fund augmentation capacity under NAC 354.410. Staff should obtain Taxation's guidance on the PCFP adjustment and the revised beginning deficit before recommending an augmentation or other amendment mechanism. A formal budget cannot appropriate more than the fund's budget resources under NRS 354.598(5).

Recommendation:

- Validate the forecast and the \$299,175 in offsets within 30 days, identifying implemented, approved and estimated amounts separately.
- Develop additional reductions sufficient to address the \$1,055,466 expenditure pressure if additional authority cannot lawfully be obtained; separately address the \$97,818 recurring operating gap and accumulated deficit. These amounts are different measures and must not be added together as separate savings targets.
- Review new discretionary commitments and position changes before approval, and track actuals, encumbrances and remaining appropriation authority at applicable budget-control levels.
- Prepare a monthly cash forecast, an appropriation compliance schedule, and Board and CLGF updates showing forecast changes and realized savings.
- Return with specific amendments, transfers or augmentation documents only when the resource basis, approvals and filing requirements are established.

Suggested motion:

I move that the Board receive the preliminary FY 2026–27 General Fund forecast and direct the Superintendent and Chief Financial Officer to validate the forecast and proposed offsets, develop additional corrective actions, consult the Department of Taxation on a compliant budget amendment, and report progress monthly. Any increase in appropriations requiring Board action shall return for separate consideration through the applicable statutory process.

Discussed at Previous Meeting:

The October 7 CLGF subcommittee discussion addressed revised revenues. Prior Board consideration of this complete forecast has not been established for this draft. Staff proposes validating adjustments within 30 days, reporting progress monthly, and preparing the required enrollment-related amendment for the December Board meeting before the January 1 deadline.

Key issues for Board Discussion:

Ability to meet the adopted expenditure total; validation of the \$299,175 in offsets; additional reductions; one-time versus recurring PCFP support; the accumulated deficit and cash outlook; and the legal resource basis for any augmentation. The \$1,055,466 expenditure variance and \$97,818 operating gap are separate measures and should not be added together as independent savings targets.

Attachment(s):

- A — Financial reconciliation
- B — Proposed corrective actions
- C — Budget amendment and augmentation review

The proposed direction remains subject to proper agenda notice and does not approve individual expenditure changes or offsets.

Attachment A financial reconciliation

FY 2026–27 General Fund • Preliminary forecast as of October 8, 2026

Amounts rounded to whole dollars. Parentheses indicate deficits or reductions.

Measure	Adopted	Projected	Change
Beginning total fund balance	(\$849,088)	(\$2,643,398)	(\$1,794,310)
Regular revenues	\$58,716,607	\$58,655,360	(\$61,247)
One-time PCFP adjustment	\$0	\$731,000	\$731,000
Expenditures and transfers out	\$57,697,712	\$58,753,178	\$1,055,466
Operating result before one-time PCFP	\$1,018,895	(\$97,818)	(\$1,116,713)
Current-year result including one-time PCFP	\$1,018,895	\$633,182	(\$385,713)
Ending total fund balance before reservation	\$169,807	(\$2,010,217)	(\$2,180,024)

Projected expenditure changes

Item	Increase or reduction
Salary adjustments	\$958,649
Business Services personnel budget restoration	\$167,407
Transfers out	\$100,000
Property and casualty insurance	\$128,585
Total projected increases	\$1,354,641
Transportation bus driver vacancies	(\$50,000)
Transportation account 2650–732	(\$64,175)
Transportation fuel	(\$100,000)
Maintenance fire protection	(\$50,000)
HR salaries allocated to Workers' Compensation Fund	(\$35,000)
Total estimated offsets	(\$299,175)
Net expenditure increase	\$1,055,466

Calculation: $\$57,697,712 + \$1,354,641 - \$299,175 = \$58,753,178$. Offsets are included in the working forecast but their approval and implementation status has not been established by the source worksheet.

Attachment A reconciliation notes

Source: DCSD Shortfall Summary.xlsx, Summary and Sheet2, supplied October 8, 2026. This attachment is a planning reconciliation, not a filed budget schedule or audit conclusion.

Beginning balance

The projected beginning deficit is \$2,643,398.33. Its audited or final status is not established by the worksheet. Reconcile it to FY 2025–26 closing records before final adoption.

Reserved fund balance

The adopted calculation deducts \$121,797 from ending total fund balance of \$169,807 to report \$48,010. The projected formula references a blank reservation cell. Accordingly, this attachment reports projected total fund balance before any separate reservation adjustment. If the same reservation remains applicable, the comparable available balance would be approximately negative \$2,132,014. Confirm classification and treatment before publication.

Rounding

Summary uses \$128,585 for insurance; Sheet2 uses \$128,584.92. This attachment follows Summary, which produces projected expenditures of \$58,753,178.20 and a combined recurring deterioration of \$1,116,713.20.

Discretionary estimate

The worksheet has a \$1,750 calculation outside the expenditure adjustment range. It is excluded here pending clarification of its purpose and support.

Personnel and cost allocation

Confirm whether the \$958,649 salary adjustment includes benefits and whether it overlaps the \$167,407 Business Services restoration. Validate the \$35,000 HR allocation against allowable work and receiving-fund resources.

PCFP funding

The \$731,000 is an assumption included in the supplied forecast. Confirm the amount, eligibility, restrictions and recognition timing with the State before treating it as budget resources.

Illustrative downside if all offsets are unavailable

If none of the \$299,175 offsets is realized and all other assumptions remain unchanged, projected expenditures rise to \$59,052,353 and the current-year result including one-time PCFP falls to a surplus of approximately \$334,007. The ending total deficit would be approximately \$2,309,392. This illustration shows the need to validate savings rather than assume implementation.

Attachment B proposed corrective actions

These are proposed assignments and target dates for management approval. No action is represented as completed or approved by the source worksheet.

Action	Proposed lead	Target
Reconcile beginning deficit, reserve and source totals	CFO and accounting staff	October 12
Confirm salary and benefit forecast and Business Services overlap	CFO and HR	October 16
Verify PCFP amount and restrictions and request Taxation guidance	CFO	October 16
Validate transportation offsets and service effects	Transportation and CFO	October 23
Validate fire protection offset against safety and contract needs	Facilities and CFO	October 23
Document eligible HR cost allocation and fund capacity	HR and CFO	October 23
Identify additional recurring reductions and approval needs	Cabinet and department leaders	November 6
Prepare monthly cash and appropriation compliance schedules	CFO and accounting staff	November 6
Present validated forecast and recovery actions	Superintendent and CFO	Earliest properly noticed Board meeting
Prepare required enrollment-related amendment	CFO	December Board meeting
Report forecast changes and realized savings	CFO	Monthly

Savings documentation and monitoring

For each offset or additional reduction, retain the amount, supporting calculation, affected fund and account, owner, approval status, implementation date, service effect, and actual savings realized. Separate reductions in districtwide costs from reallocations between funds. Do not count the same reduction twice.

The \$1,055,466 difference from adopted expenditures is the additional reduction needed to meet that original total if the existing offsets are realized and no additional authority is obtained. The \$97,818 recurring operating deficit is a separate annual-balance measure. The accumulated deficit requires a multiyear recovery plan. Track these measures separately.

Before new commitments, review remaining appropriation authority, existing encumbrances, necessary operating costs and cash availability. The supplied summary alone does not establish the timing or existence of an actual statutory overexpenditure.

Attachment C budget amendment and augmentation review

The following review applies Form 4413 to the preliminary forecast. It is not a resolution, publication notice, or request to approve an augmentation.

Resource comparison	Amount
Adopted beginning balance plus regular revenues	\$57,867,519
Projected beginning balance plus regular revenues and one-time PCFP	\$56,742,962
Net change in total resources	(\$1,124,557)

Based on these figures, ordinary General Fund augmentation capacity has not been demonstrated. Confirm the appropriate treatment with Taxation. Expenditure increases do not themselves provide a resource basis; the assumed one-time payment must be evaluated alongside the other resource changes.

Applicable requirements

- Available resources: NAC 354.410 identifies larger opening balances, revenues above budget, previously unbudgeted revenue sources and certain capital-project fund ending balances; total revised resources are compared with original resources.
- Budget limits: NRS 354.598(5) prohibits appropriating more than a fund's budget resources. A forecast showing a deficit does not establish a lawful basis to adopt increased appropriations.
- Transfers: NRS 354.598005(5) provides procedures for transfers within functions, between functions or programs, and between funds or from contingency, without increasing the total fiscal-year appropriation and subject to other statutory provisions.
- School-district amendment: NRS 354.598005(9) requires adoption on or before January 1 following the preceding quarter's average daily enrollment report. The 2016 packet's pupil-count reference is outdated.
- Augmentation procedure: If qualifying resources are established, identify each affected fund, resource and appropriation in the resolution and schedules. For a fund receiving ad valorem taxes, publish the newspaper notice and wait at least three days before the vote. The notice must identify the hearing time and place, appropriations and resource nature.
- Adoption and effectiveness: Obtain a majority vote of all Board members and deliver the executed resolution to Taxation. Augmentation becomes effective upon delivery. Submit revised revenue schedules for each affected fund and supporting expenditure schedules consistent with the resolution and notice. Complete augmentation before June 30, 2027.

Douglas County School District Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Terri Willoughby, Chief Financial Officer

Re: Introduction of the First Quarter Cash Report

Requested Action:

Receive and accept the First Quarter Cash Report for July 1 through September 30, 2026, with reconciliation to bank and investment statements pending confirmation.

Background Information:

Business & Financial Services is introducing a cash report to give the Board and public a clearer view of cash activity and balances by fund. The report complements the General Fund monthly financial report by focusing on liquidity and the timing of cash activity. This first report covers the combined July through September period and uses the same District branding.

Reported districtwide cash declined from \$13,132,341 to \$7,057,587 during the quarter, a decrease of \$6,074,755, or 46.3%. Cash increases totaled \$17,186,635, and decreases totaled \$23,261,389. Eight of the 16 reported funds ended the quarter with negative cash balances.

The General Fund reported cash of (\$5,944,927), and Special Education reported (\$2,095,238), a combined deficit of (\$8,040,165). Debt Service reported positive cash of \$6,507,358. Positive balances in other funds do not establish that cash is available for general operations; restrictions and any authorized interfund arrangements require separate review.

Budget Considerations and Impact:

Receiving this report does not change the adopted budget or authorize expenditures, transfers, or interfund loans. Cash balances differ from fund balance and should not be interpreted as a year-end forecast. The source schedule agrees arithmetically, but reconciliation to bank and investment statements has not been confirmed.

Recommendation:

Receive and accept the report with its stated reconciliation status. Acceptance acknowledges receipt of the information and does not certify that the balances have been reconciled. Staff recommends continuing cash reporting alongside the monthly General Fund report, adding monthly trends as those schedules become available.

Discussed at Previous Meeting:

This item introduces the new cash report format to the Board.

Key issues for Board Discussion:

The districtwide positive cash total should be considered alongside the General Fund and Special Education deficits. Management priorities are to complete fund-level cash reconciliation, confirm expected receipts and payment timing, and update a near-term cash forecast for payroll and other obligations.

Attachment(s):

DCSD First Quarter Cash Report for July 1 through September 30, 2026.

Our mission is to ensure that all students achieve excellence in education, character and citizenship, in partnership with parents and community.

FIRST QUARTER CASH REPORT

July 1 - September 30, 2026

Board and Public Reporting

Purpose of This Report

Provide the Board of Trustees, District leadership, and the public with a clear view of reported cash by fund, first-quarter cash activity, and liquidity matters requiring management attention.

Reporting status: Balances are presented as reported in the source cash schedule. Reconciliation to bank and investment statements has not been confirmed. This report is not a year-end cash forecast.

EXECUTIVE SUMMARY

BEGINNING CASH	ENDING CASH	NET CASH DECREASE	NEGATIVE FUNDS
\$13,132,341	\$7,057,587	(\$6,074,755)	8 of 16
July 1, 2026	September 30, 2026	First-quarter activity	Reported ending balances

Executive Observations

Districtwide trend: Reported cash decreased 46.3% during the quarter. Increases totaled \$17,186,635 and decreases totaled \$23,261,389.

Operating liquidity: General Fund cash was (\$5,944,927), and Special Education cash was (\$2,095,238). Their combined reported deficit was (\$8,040,165).

Positive balances require context: Debt Service had the largest positive balance, \$6,507,358. Positive cash in other funds does not establish that it is available for General Fund operations; applicable restrictions and any authorized interfund arrangements require separate review.

Other negative balances: Federal Funds, State Grants, ELL, Gifted & Talented, At-Risk, and Adult Education together reported (\$508,083). Receipt timing, reimbursement claims, transfers, and coding should be reviewed before assigning a cause.

Reporting limitation: The source provides one combined July-September period. Separate monthly trends, bank balances, investment detail, and a cash forecast are not available in this workbook.

Management Priority

Complete fund-level cash reconciliation and a near-term cash forecast, with particular attention to General Fund and Special Education funding needs. Confirm the timing of expected receipts and upcoming payroll, vendor, and debt-service payments.

CASH ACTIVITY BY FUND

Fund / Description	Beginning	Increases	Decreases	Ending
100 - GENERAL FUND	(2,572,057)	10,248,120	13,620,990	(5,944,927)
110 - REVOLVING	5,000	0	0	5,000
206 - ELL - PCFP Funding	0	112,057	161,044	(48,987)
207 - Gifted & Talented - PCFP Funding	0	22,578	26,997	(4,420)
208 - At-Risk - PCFP Funding	0	94,626	100,606	(5,980)
230 - ADULT EDUCATION	0	0	4,850	(4,850)
240 - STATE GRANTS	1	40,574	247,157	(206,583)
250 - SPECIAL EDUCATION	(940,552)	1,084,634	2,239,319	(2,095,238)
270 - OTHER SPECIAL FUNDS/MISCELLANEOUS	185,480	20,218	13,230	192,468
280 - FEDERAL FUNDS	34,947	825,502	1,097,713	(237,264)
300 - CAPITAL PROJECTS	3,942,390	515,116	2,059,896	2,397,610
330 - BUILDING & SITES	743,664	46,870	1,920	788,614
400 - DEBT SERVICE FUNDS	4,987,571	1,795,087	275,300	6,507,358
600 - FOOD SERVICE/ENTERPRISE FUNDS	2,882,827	106,021	436,643	2,552,205
702 - HEALTH INSURANCE	1,657,903	2,182,442	2,807,199	1,033,146
703 - WORKERS COMPENSATION	2,205,168	92,790	168,526	2,129,433
TOTAL	13,132,341	17,186,635	23,261,389	7,057,587

Amounts are rounded to whole dollars for presentation; calculations use source cents. Parentheses indicate negative balances. Increases and decreases retain source terminology and are not classified here as revenues and expenditures.

LIQUIDITY & CASH CHANGE

Cash roll-forward	Amount
Beginning reported cash	\$13,132,341
Add: increases	17,186,635
Less: decreases	(23,261,389)
Ending reported cash	\$7,057,587

Largest Contributors to the Cash Decrease

Fund	Net cash change	Interpretation
GENERAL FUND	(3,372,870)	Decreases exceeded increases during the quarter.
CAPITAL PROJECTS	(1,544,780)	Decreases exceeded increases during the quarter.
SPECIAL EDUCATION	(1,154,686)	Decreases exceeded increases during the quarter.
HEALTH INSURANCE	(624,757)	Decreases exceeded increases during the quarter.
FOOD SERVICE/ENTERPRISE FUNDS	(330,622)	Decreases exceeded increases during the quarter.

Offsetting activity: Debt Service cash increased \$1,519,787 during the quarter. The remaining funds collectively decreased \$566,827. These changes explain the net districtwide decrease of \$6,074,755.

What the Districtwide Total Does and Does Not Show

Positive fund balances totaled \$15,605,834; negative fund balances totaled (\$8,548,248), producing net reported cash of \$7,057,587. This net position does not measure unrestricted operating liquidity or demonstrate bank overdrafts. Fund cash allocations must be reconciled to the underlying bank and investment accounts, and restrictions must be identified before assessing available cash.

REPORTING CONTEXT & NEXT STEPS

Cash Compared with General Fund Balance

Measure at September 30, 2026	Amount	Basis
General Fund reported cash	(\$5,944,927)	Cash workbook
General Fund calculated fund balance	(\$5,895,987)	General Fund monthly financial report
Cash less calculated fund balance	(\$48,940)	Comparison; not a reconciled difference

Cash and fund balance measure different things. Fund balance may include receivables, liabilities, and other accounting items. The \$48,940 difference requires an accounting bridge; it should not be treated as a cash error or assumed to be explained by any specific item.

Recommended Follow-up

Focus area	Suggested owner	Target
Reconcile cash by fund to bank and investment statements; resolve differences.	Finance	Before final issuance
Confirm expected state receipts, grant reimbursements, and transfer timing.	Finance / Grants	October close
Update a weekly near-term cash forecast for payroll and other obligations.	CFO / Finance	October review
Identify restricted balances and document any authorized interfund cash arrangements.	CFO / Finance	October review
Add July, August, and September ending balances for monthly trend reporting.	Finance	Next report

Source & Methodology

Primary source: DCSD Cash Report_Q1.xlsx, Sheet1, rows 7-23; period July 1-September 30, 2026. All 16 fund roll-forwards and the districtwide totals agree arithmetically using source cents. Arithmetic agreement does not establish bank reconciliation. Branding and the fund-balance comparison are drawn from the September 2026 General Fund monthly financial report. No unsupported monthly activity, forecast, or unrestricted-cash calculation has been added. Suggested owners and targets are recommendations.

Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Frankie Alvarado, Superintendent; Terri Willoughby, Chief Financial Officer

Re: First Reading of Board Policy and Review of Administrative Regulation – Position Authorization and Budget Control

Requested Action:

Conduct a first reading of the proposed Board Policy, Position Authorization and Budget Control, and review the accompanying Administrative Regulation. Provide direction regarding any revisions and direct staff to return the Board Policy for a second reading and final adoption after remaining legal and administrative edits are incorporated. The Administrative Regulation will be finalized under the Superintendent's authority consistent with the adopted policy.

Proposed motion: I move that the Board accept the proposed Board Policy, Position Authorization and Budget Control, for first reading; review the accompanying Administrative Regulation; and direct staff to incorporate Board and legal comments and return the Board Policy for second reading and final adoption.

Background Information:

DCSD has identified instances in which positions or personnel commitments were created or filled without being included in the adopted budget or without a complete fiscal review. Some positions may have addressed legitimate student, safety, compliance, workload, or operational needs. However, operational need does not by itself establish authority to incur an expenditure or liability.

NRS 354.626 prohibits a local government from expending, contracting to expend, or incurring a liability above the amount appropriated for the applicable function. NRS 354.598005 provides procedures for lawful appropriation transfers and budget augmentations. The proposed policy and regulation establish a preventive control so personnel decisions are reviewed before the District makes a commitment.

The policy establishes the Board's fiscal guardrails and delegation of authority. The regulation provides the operating process: administrator request; HR validation; full-cost and funding analysis by Business Services; CFO fiscal certification; Superintendent and Board approval when required; HR and Payroll activation controls; and monthly reconciliation of positions, employees, payroll, funding, and budget forecasts.

Budget Considerations and Impact:

Adoption of the policy does not itself authorize a new position, increase an appropriation, or approve a personnel expenditure. Initial implementation will require staff time to finalize forms and system workflow, establish a verified position-control baseline, train administrators and staff, and conduct monthly HR–Payroll–Business Services reconciliation.

Each future personnel action will require documentation of its current-year and annualized cost, including salary, PERS, payroll taxes, benefits, stipends, overtime or substitute effects, and other reasonably anticipated costs. Finance must verify that funding is allowable, available for the required period, supported by adequate appropriation, and incorporated into the forecast. Temporary, grant, categorical, or one-time funding will require an end or continuation plan.

The control is expected to improve budget accuracy, protect fund balance, reduce unsupported commitments, and provide earlier warning when a staffing request would require an offsetting reduction, transfer, augmentation, use of contingency or fund balance, or Board action.

Recommendation:

Staff recommends that the Board complete the first reading and direct the policy to return for second reading and adoption after final edits. Staff further recommends that the Board review the Administrative Regulation as the implementation companion to the policy. Following adoption, the Superintendent will finalize the regulation and staff will implement the shared HR and Business Services Position Review Manual, authorization form, training, baseline reconciliation, and monthly exception reporting.

The recommended framework permits expedited review for an immediate and material student-safety, legal-compliance, essential-service, or District-property risk. The exception does not authorize the District to exceed an appropriation. When a position is necessary but funding is unavailable or undetermined, the normal response is to acknowledge the need and require staff to return with a lawful funding plan before recruitment or hiring.

Approval of the policy and review of the regulation do not retroactively approve any previously created position. Existing exceptions will be reviewed individually for employment, funding, appropriation, grant, payroll, and corrective-action requirements.

Discussed at Previous Meeting:

The Board has received ongoing information regarding DCSD's budget condition, staffing costs, financial controls, and recovery work. [Insert the date of any prior Board or committee discussion of this specific policy, or state 'This specific policy has not previously been presented to the Board.']

Key Issues for Board Discussion:

1. Governance roles: the Board establishes fiscal authority and approval triggers; the Superintendent administers the operating regulation.
2. Pre-commitment control: HR review and CFO fiscal certification must occur before posting, recruitment, offer, start date, FTE increase, extension, reclassification, overlap, or funding change.
3. Board triggers: Board action is required when the request involves a reserved transfer or augmentation, contingency or fund balance, a material program expansion, significant ongoing General Fund exposure, an increase in total authorized positions or FTE beyond delegation, or another legal or policy requirement.
4. Temporary funding: grant and categorical positions do not automatically transfer to the General Fund when funding ends.
5. Accountability: after-the-fact approval is corrective and does not validate the original failure to follow the process.
6. Implementation: establish the position-control baseline, shared form and workflow, training, monthly reconciliation, exception reporting, and periodic quality review.

Attachment(s):

1. Proposed Board Policy – Position Authorization and Budget Control
2. Proposed Administrative Regulation – Position Authorization and Budget Control
3. 4. Board presentation, if included in the agenda packet

Our mission is to ensure that all students achieve excellence in education, character and citizenship, in partnership with parents and community.

Board of Trustees Douglas County School District

FINANCES

POSITION AUTHORIZATION AND BUDGET CONTROL

Purpose

The Board of Trustees establishes this policy to ensure that every District position and personnel commitment is necessary, properly authorized, fully funded, and administered within the Board-adopted budget and Nevada law. A demonstrated operational need does not, by itself, constitute authority to incur an expenditure or liability.

Policy

1. The Board-adopted budget, together with any lawful amendment, augmentation, or appropriation transfer, establishes the District's spending authority. The District shall not expend or contract to expend money, or incur a liability, in excess of the amount appropriated for the applicable function.
2. No position may be created, posted, recruited for, offered, filled, increased in full-time equivalent status, extended, reclassified, or moved to another funding source until the position has been reviewed by Human Resources and the Chief Financial Officer has certified the availability and allowability of funding.
3. Fiscal certification must include the full current-year and annualized cost of salary, benefits, retirement contributions, payroll taxes, stipends, negotiated increases, and other reasonably anticipated costs. The review must also identify whether the funding is recurring, restricted, temporary, or dependent on a grant or categorical allocation.
4. The Superintendent may authorize personnel actions within the Board-adopted budget and delegated authority only after completion of the required Human Resources and fiscal reviews. The Superintendent shall establish administrative procedures and position controls sufficient to prevent a personnel commitment before approval.
5. Board approval is required before a personnel action is implemented when the action requires a budget augmentation or an appropriation transfer reserved to the Board; uses contingency or fund balance; materially expands a program; creates a significant ongoing General Fund obligation outside the approved staffing plan; increases total authorized positions or full-time equivalents beyond delegated authority; or is otherwise required by law or Board policy.
6. A position supported by a grant, categorical allocation, donation, or other temporary revenue shall not be continued with unrestricted General Fund resources when the funding ends unless the continuation is separately evaluated, funded, and approved. Employment notices for such positions must disclose the funding limitation when permitted by law.
7. Vacancy, turnover, or salary savings are not available to fund another position unless the Chief Financial Officer verifies the savings, determines that other approved obligations will not be displaced, and authorizes the proposed use.

Board of Trustees Douglas County School District

FINANCES

8. When an unbudgeted position is necessary to meet an urgent student, safety, legal, or essential operational need, the District shall use the exception process in the Administrative Regulation. The need must be documented, a lawful funding plan must be approved, and any required Board action must occur before the District incurs the obligation whenever practicable.
9. The Chief Financial Officer and the chief Human Resources administrator shall maintain a unified position-control system and reconcile authorized positions, active employees, payroll records, funding sources, vacancies, and budget projections at least monthly.
10. The Superintendent shall promptly notify the Board of material exceptions, projected appropriation overruns, and corrective actions. Budget transfers and augmentations shall be processed and reported in accordance with NRS 354.598005 and other applicable requirements.
11. No employee may evade this policy by changing account codes, dividing duties among multiple assignments, using temporary or contracted personnel in place of an employee, allowing work to begin before approval, or otherwise committing District resources outside the established process.

Responsibility

The Superintendent is responsible for implementation. The Chief Financial Officer is responsible for fiscal certification, appropriation monitoring, and financial reporting. Human Resources is responsible for position authority and employment processing. Administrators are responsible for obtaining approval before making or communicating a personnel commitment.

Legal Compliance

This Board Policy shall be interpreted in a manner that is consistent with all applicable laws and regulations, including federal, state, and local laws. Nothing in this policy shall be construed to require or allow any act contrary to any applicable provision of law, and, in the event that any provision within this policy is found to conflict with any applicable law, the law shall control, and the contrary provision shall be deemed null and void.

ADMINISTRATIVE REGULATION

No. 622

Board of Trustees Douglas County School District

FINANCES

POSITION AUTHORIZATION AND BUDGET CONTROL

Purpose and Scope

This regulation implements the Board Policy on Position Authorization and Budget Control. It applies to all employee groups, funds, locations, programs, and departments and to every request to create, recruit for, fill, extend, reclassify, transfer, or change a position or personnel commitment.

Definitions

Fiscal certification

Written confirmation by the Chief Financial Officer or designee that a personnel action has an allowable funding source and adequate budget authority and has been incorporated into the District's financial forecast.

Personnel commitment

Any action or representation that may reasonably obligate the District to pay salary, benefits, stipends, overtime, additional days, contracted staffing costs, or related expenses.

Position control

The integrated record connecting each authorized position number to its classification, FTE, work calendar, funding, budget, incumbent, and approval history.

Unbudgeted position

A position or increase in personnel cost that was not included in the adopted staffing plan or for which the approved budget does not provide sufficient funding for the proposed action.

Roles and Responsibilities

Role	Responsibility
Requesting administrator	Documents the operational need, proposed effective date, alternatives considered, funding proposal, and service impact.
Human Resources	Confirms classification, FTE, work calendar, bargaining-unit requirements, position number, organizational authority, and employment terms.
Finance	Calculates the full cost, validates the funding source, tests appropriation capacity, identifies required budget action, and updates the forecast.
Chief Financial Officer	Issues or denies fiscal certification and recommends any transfer, augmentation, offset, or other corrective action.
Superintendent	Approves or denies the operational request after HR and fiscal review and refers matters requiring Board action.
Payroll	Activates or changes pay only after receiving the complete approved authorization and verifies coding against the position record.
Board of Trustees	Acts on matters outside delegated authority and receives required transfer, augmentation, and exception reporting.

ADMINISTRATIVE REGULATION

No. 622

Board of Trustees Douglas County School District

FINANCES

Required Approval Sequence

1. Request - Before recruitment or commitment, the requesting administrator submits a Personnel Position and Budget Authorization form. The request must state the need, service impact, effective date, FTE, work calendar, proposed classification, location, anticipated duration, proposed funding, and alternatives considered.
2. Human Resources Review - Human Resources verifies the job description, classification, salary placement assumptions, FTE, calendar, bargaining-unit provisions, reporting relationship, organizational need, and availability or creation of a unique position-control number.
3. Fiscal Analysis - Finance calculates the current-year and full-year cost, including salary, PERS, payroll taxes, health and other benefits, stipends, negotiated or scheduled increases, substitute or overtime effects, and material equipment or workspace costs. For a material continuing commitment, Finance will evaluate the multiyear effect.
4. Funding Certification - The Chief Financial Officer approves, conditionally approves, or denies the funding plan in writing. Conditional approval must state the conditions that must be completed before recruitment, offer, start date, or payroll activation.
5. Fiscal Certification - The Chief Financial Officer approves, conditionally approves, or denies the funding plan in writing. Conditional approval must state the conditions that must be completed before recruitment, offer, start date, or payroll activation.
6. Superintendent Decision - After HR review and fiscal certification, the Superintendent or authorized designee approves or denies the personnel action. Requests requiring Board action may not proceed beyond any expressly authorized preliminary step until the Board acts.
7. Recruitment and Offer - Human Resources may post, recruit, or issue an offer only after the required approvals. Every offer must match the approved position number, classification, FTE, calendar, funding limitation, salary authority, and effective date.
8. Payroll Activation - Payroll must receive the completed authorization and compare it with the employee record before activating or changing pay. A coding change may not be used to cure or conceal an unauthorized personnel action.
9. Budget and Position Update - Finance and Human Resources update the budget forecast, staffing plan, position-control record, and ERP coding promptly after final approval.

Required Fiscal Documentation

- Current-year cost from the proposed effective date through June 30
- Full-year annualized cost and, when material, a multiyear projection
- Salary, benefits, PERS, payroll taxes, stipends, overtime, and related costs
- Fund, function, program, object, location, position number, and grant or project code
- Identification of recurring, one-time, restricted, categorical, or grant funding
- Grant award, period of performance, allowability, matching requirement, and sustainability plan, when applicable.

ADMINISTRATIVE REGULATION

No. 622

Board of Trustees Douglas County School District

FINANCES

- Specific vacancy, reduction, transfer, augmentation, or other source proposed to support the action
- Effect on the applicable function's appropriation and on the District's current forecast
- Disposition of the position when temporary funding expires

Unbudgeted but Necessary Positions

A requesting administrator may propose an unbudgeted position when the administrator demonstrates a student-service, safety, legal, compliance, or essential operational need. The request must not be treated as approved merely because the need is compelling. Before the District incurs a liability, the following steps are required:

1. Document the need, consequences of delay, alternatives considered, and why reassignment, vacancy management, temporary scheduling, or another lower-cost option is insufficient.
2. Identify the complete current-year and annualized cost and whether the obligation is expected to continue in later years.
3. Identify a lawful funding plan, including an appropriation transfer, budget augmentation, offsetting reduction, grant, categorical resource, or other available authority.
4. Obtain CFO fiscal certification and Superintendent approval.
5. Obtain Board approval before implementation when required by policy, law, the nature of the budget action, or the Superintendent's delegation.

Urgent Exception

When delay would create an immediate and material risk to student safety, legal compliance, continuity of an essential service, or protection of District property, the Superintendent may authorize expedited review. Human Resources and the CFO must document the personnel authority, estimated cost, available appropriation, and funding plan before the commitment whenever practicable. If advance documentation is not practicable, the Superintendent must notify the CFO and Board President promptly, and the complete authorization and any required Board or budget action must be presented at the earliest lawful opportunity. This exception does not authorize expenditures or liabilities in excess of an appropriation.

Special Funding Rules

1. Grant and categorical positions. Finance must confirm that the cost is allowable, the award or allocation is sufficiently assured, the period of performance covers the anticipated cost, and a closeout or continuation plan exists. Expiration of funding does not authorize transfer to the General Fund.
2. Vacancy savings. Savings may be recognized only after Finance validates the vacancy period, salary and benefit assumptions, recruitment plans, substitute or overtime costs, and other commitments. The underlying position remains authorized unless separately abolished or modified.

ADMINISTRATIVE REGULATION

No. 622

Board of Trustees Douglas County School District

FINANCES

3. Transfers and reclassifications. A transfer, reclassification, promotion, change in calendar, increase in FTE, or funding-source change requires review when it changes cost, appropriation, allowability, or future-year obligations.
4. Temporary and contracted staffing. A department may not bypass position control by using temporary employees, independent contractors, staffing agencies, stipends, additional-duty agreements, or split assignments. Procurement and worker-classification requirements also apply.
5. Overlap and transition periods. Dual occupancy or overlap for training requires express approval, a stated end date, and funding for the full overlap cost.

Monthly Reconciliation and Monitoring

No later than a date established by the CFO each month, Human Resources, Payroll, and Finance will reconcile:

- Authorized position-control records and the Board-approved staffing plan
- Active employees, vacancies, leaves, substitutes, and temporary assignments
- FTE, work calendars, pay rates, additional days, and stipends
- Payroll distributions and budget account coding
- Grant and categorical funding periods and available balances
- Actual salary and benefit expenditures and projected year-end costs
- Positions without incumbents, incumbents without valid positions, duplicate occupancy, and positions exceeding authorized FTE

Finance will investigate exceptions, quantify the current-year and annualized effect, assign an owner and correction date, and update the forecast. Material exceptions and projected appropriation overruns must be reported promptly to the Superintendent and, when appropriate or legally required, to the Board.

Budget Corrections and Reporting

1. A correction must not be limited to moving an expense to another account. Finance must confirm that the receiving funding source is allowable and that the applicable appropriation remains sufficient.
2. Transfers within or between functions, programs, funds, or contingency accounts and budget augmentations must follow NRS 354.598005, the Board Policy, and the District's budget-administration procedures.
3. When a personnel commitment has already been made without authorization, Human Resources and Finance must notify the Superintendent and CFO immediately; preserve all relevant records; determine the legal, employment, budget, grant, and payroll implications; and prepare a documented corrective-action plan. Legal counsel will be consulted when warranted.

ADMINISTRATIVE REGULATION

No. 622

Board of Trustees Douglas County School District

FINANCES

4. Retrospective approval is corrective and does not validate the original failure to follow procedure. The responsible administrator will receive direction or training, and repeated or willful noncompliance may result in corrective or disciplinary action consistent with law, policy, and applicable agreements.

Records

Human Resources and Finance shall retain the request, cost analysis, approvals, funding documentation, budget action, position-control record, offer terms, and any exception or corrective-action materials in accordance with the District's records-retention requirements. Electronic approvals must identify the approver and date and must be reproducible for audit.

Minimum Form Fields

- Requesting department, location, administrator, and date
- Position number, title, classification, FTE, calendar, and supervisor
- New, replacement, transfer, reclassification, extension, overlap, or funding change
- Need, alternatives, service impact, and proposed effective date
- Current-year, annualized, and applicable multiyear cost
- Complete account coding and funding duration
- Appropriation test and required budget action
- HR review, CFO certification, Superintendent decision, and Board action if required
- Conditions, expiration date, and position disposition

Legal Compliance

This Administrative Regulation shall be interpreted in a manner that is consistent with all applicable laws and regulations, whether federal, state, or local. Nothing in this regulation shall be deemed to require or allow any act contrary to law, and, in the event that any provision within this regulation is found to require or allow any act contrary to law, the law shall control, and the contrary provision shall be deemed null and void.

Douglas County School District

Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Terri Willoughby, Chief Financial Officer

Re: First Reading of Health Fund Reserves Funding and Recovery Policy

Requested Action:

Receive the proposed Health Fund Reserves Funding and Recovery Policy for first reading, provide direction, and advance it to a subsequent meeting for second reading and consideration of adoption. The Health Advisory Committee recommended approval at its September 29, 2026 meeting.

Background Information:

DCSD's self-funded health plan pays covered claims from employee and District contributions. The District bears the claims risk retained under the plan and its stop-loss contracts. Reserves provide a cushion when claims exceed expectations and help pay obligations while contributions or reimbursements are pending.

The draft unaudited FY 2025–26 trial balance reports estimated ending net position of \$167,073.89, or approximately \$167,000, at June 30, 2026. This follows beginning fund balance of \$609,406.03 and an annual loss of \$442,332.14. Revenues were \$9,726,083.19 and expenses were \$10,168,415.33. The trial balance records \$1,040,807 of incurred but not reported claims (IBNR) as a liability. Those claims have already been incurred even though they have not yet been reported or fully processed; that liability is separate from the reserve cushion.

The proposed policy measures reserves as net position after all liabilities, including IBNR. It establishes a minimum of two months of projected annual plan costs (16.7%), a target of three months (25%), and an upper evaluation range of four months (33.3%). These are proposed District standards, not statutory reserve percentages. Adequate cash to pay claims is also required.

For scale only, using FY 2025–26 expenses as a historical benchmark, two months equals approximately \$1,694,736 and three months equals \$2,542,104. The estimated \$167,074 balance represents about 1.6% of annual expenses, or roughly six days of expenses. The gap to the two-month benchmark is approximately \$1,527,662. Actual policy thresholds must use updated projected plan costs, net of reasonably collectible reimbursements and rebates.

The policy requires a corrective plan within 90 days when reserves are below the minimum. Below one month, or when inability to pay claims is projected, Board action must be sought within 30 days or sooner as circumstances require. Initial recovery goals are the two-month minimum by June 30, 2029 and the three-month target by June 30, 2031. Quarterly reporting and annual stop-loss review support that recovery.

Budget Considerations and Impact:

First reading does not approve a transfer, contribution increase, benefit change, or insurance contract. Implementation will require an updated funding and recovery plan. Recurring contributions must cover expected annual costs before reserves can be rebuilt. One-time support alone will not correct an ongoing operating deficit.

What “one big claim away from insolvency” means. With only about \$167,000 of estimated net position, an unexpected claim cost retained by the District could exhaust the reserve cushion. For example, an additional \$200,000 cost above amounts already estimated, after applicable recoveries and without offsetting revenue or savings, would reduce net position to approximately negative \$32,926. This is an illustration, not a prediction or a statement of DCSD’s stop-loss deductible. Payment of a claim already included in IBNR generally settles a recorded liability rather than causing a second expense, but it still uses cash.

Stop-loss insurance can limit covered exposure, but its deductibles, exclusions, claim deadlines, coverage limits, and reimbursement timing determine the protection actually available. The relevant risk is the amount DCSD must retain and finance. A large claim or cluster of claims can also create a cash shortfall before reimbursement arrives. The current stop-loss terms must be confirmed before treating the “one big claim” phrase as a quantified assessment.

What happens if the fund becomes insolvent. Negative net position means recorded liabilities exceed assets. Cash insolvency means the fund cannot pay obligations when due. Either condition requires urgent correction, although they may occur at different times. Running out of reserves does not cancel valid covered claims or transfer them automatically to the claims administrator or stop-loss carrier. DCSD would need to arrange lawful funding and manage its obligations under the plan documents and contracts with legal counsel, the benefits consultant, and the administrator.

Without timely funding, claim payments could be delayed. Employees and dependents could experience unpaid provider bills, billing disputes, and disruptions in access to care, depending on provider and plan arrangements. The District could face contractual disputes and legal claims. Management should immediately update the cash forecast, verify unpaid claims and collectible recoveries, notify the Board, and present funding and coverage options before payments fail. The policy’s response deadlines are outer limits, not reasons to delay urgent action.

Potential General Fund support. The Board may need to consider additional employer contributions or another legally permissible form of temporary support. Any proposal must identify available resources, budget authority, cash timing, and the effect on District operations, with legal review and separate disclosure. A loan, if legally permissible, must have Board-approved repayment terms and a credible repayment source. Support is not automatic. With the General Fund already under fiscal pressure, assistance could deepen its deficit or require spending reductions. Health plan money remains restricted to lawful plan purposes under NRS 287.029.

Budget Considerations and Impact continued:

Potential transition to a fully insured plan. If DCSD cannot sustainably fund the retained claims risk, the Board may need to consider purchasing fully insured coverage. This is a potential corrective option, not an automatic consequence of insolvency. Under a fully insured contract, the insurer assumes covered claims risk for the new coverage period in return for premiums. Pricing, availability, benefits, provider networks, bargaining obligations, and transition timing require evaluation.

A transition does not erase the self-funded plan's prior obligations. Unless a separate enforceable arrangement explicitly assumes them, DCSD remains responsible for covered claims incurred before the transition, including claims reported or paid afterward. These are commonly called run-out claims. The District would therefore need to pay new insurance premiums while also funding the former plan's remaining claims, administrator fees, and other closing costs. Existing IBNR provides a liability estimate, not a separate pot of cash.

Before any transition, staff must obtain an updated run-out estimate and cash schedule, confirm administrator services and claim-submission deadlines, and review stop-loss protection for claims incurred before termination but paid afterward. Any extended run-out coverage must be confirmed in writing. The financial comparison must include both new premiums and legacy obligations so the Board can assess the full transition cost.

Recommendation:

Advance the policy to second reading and consideration of adoption. Direct staff to prepare an updated recovery and liquidity plan using reconciled year-end net position, current claims and IBNR estimates, projected costs, and confirmed stop-loss terms. The plan should identify recurring funding needed, annual reserve milestones, an adverse claims scenario, and contingency options for temporary support or a coverage transition. Contribution and benefit changes remain subject to applicable law, plan documents, and collective bargaining obligations.

Discussed at Previous Meeting:

The Health Advisory Committee recommended approval on September 29, 2026. This memo presents the policy for Board first reading on October 15, 2026. A second-reading date will be scheduled following Board direction.

Key issues for Board Discussion:

The adequacy of current cash and reserves; the District's actual retained stop-loss exposure; affordable recurring funding and recovery milestones; the General Fund's capacity to provide temporary support; and the combined cost of fully insured premiums and self-funded run-out claims.

Attachment(s):

1. Proposed Health Fund Reserves Funding and Recovery Policy after legal review.

Source note: Financial figures are preliminary and subject to reconciliation and audit. Ending net position is calculated as beginning balance plus revenues less expenses. The draft trial balance's balance-sheet section also contains an additional formula at L31 equal to 8% of annual expenses; its purpose and effect on that section must be reconciled before final reporting. Policy thresholds above are illustrative historical comparisons. Legal reference: NRS 287.029, <https://www.leg.state.nv.us/nrs/nrs-287.html#NRS287Sec029>. Coverage and transition obligations require review of DCSD's actual contracts.

Our mission is to ensure that all students achieve excellence in education, character and citizenship, in partnership with parents and community.

Board of Trustees Douglas County School District

FINANCES

HEALTH FUND RESERVES FUNDING AND RECOVERY

Purpose and scope

The Board shall maintain the financial capacity of the District's self-funded employee health plan to pay benefits when due, absorb reasonable claims volatility, and protect District operations. This policy governs the Self-Insurance Health Fund, including medical, prescription, dental, and vision benefits and related plan costs.

Fund stewardship and reserve measurement

The District shall account for the self-funded plan as an internal service fund. Employee deductions and District contributions shall be deposited in a trust fund or otherwise held in trust and used only for the purposes permitted by NRS 287.029. Amounts held for the health plan shall not be treated as available General Fund resources.

The Chief Financial Officer (CFO) shall recognize unpaid claims, including incurred but not reported claims (IBNR), using a documented annual actuarial or professionally supported estimate. IBNR is a liability and shall not be counted toward the reserve cushion. For this policy, reserve net position means Health Fund net position after recognition of all liabilities. Annual plan costs means projected claims and plan administration, stop-loss and other related costs, net of reasonably collectible reimbursements and rebates.

The minimum reserve is reserve net position equal to two months (16.7%) of projected annual plan costs. The target reserve is three months (25%). Four months (33.3%) is the upper range for evaluating prospective plan-related uses. The CFO shall recalculate dollar thresholds at least annually and after the year-end liability estimate. The District shall also maintain adequate liquidity to pay claims and other obligations as they come due.

Annual funding and risk management

Before the Board acts on the annual budget and health plan funding, the Superintendent shall present a forward-looking analysis of claims, enrollment, plan costs, stop-loss terms, unpaid-claim liabilities, contribution levels, cash flow, and an adverse claims scenario. Recommended funding shall cover projected annual plan costs and, while below target, include an identified reserve-recovery component. One-time resources may stabilize the plan temporarily but shall be accompanied by recurring corrective measures. All contribution and benefit changes remain subject to applicable law, plan documents, and collective bargaining obligations.

The District shall annually evaluate specific and aggregate stop-loss options, including coverage terms, premiums, deductibles, exclusions, reimbursement timing, and the financial exposure retained without coverage. The Superintendent shall document the recommendation.

Board of Trustees Douglas County School District

FINANCES

Corrective action and recovery

When reserve net position is below the target but at or above the minimum, the Superintendent shall include a defined recovery contribution in the next budget and rate cycle. When it falls below the minimum, the Superintendent shall present a written corrective plan to the Board within 90 days. The plan shall address rates and contributions, plan cost and procurement actions, liquidity, stop-loss coverage, temporary support, and projected annual reserve milestones. If reserves fall below one month of annual plan costs or the District projects inability to pay claims when due, the Superintendent shall seek Board action within 30 days or sooner as circumstances require.

The District shall first restore recurring operating balance, then rebuild the minimum reserve as soon as practicable and ordinarily within three fiscal years of adoption of a corrective plan. It shall ordinarily restore the target within five to seven fiscal years. The Board may approve a revised schedule upon written findings explaining updated forecasts, affordability, bargaining constraints, and the actions needed to protect claims payment. Temporary General Fund support shall be separately disclosed and legally reviewed; any repayment terms shall be approved by the Board.

Use of reserve balances

The Health Fund may pay lawful plan claims and expenses, including unexpected claim costs and vendor transition costs. Any discretionary use of the reserve cushion below the minimum requires a Board approved finding of necessity and a replenishment plan. While below target, the District shall not adopt an unfunded benefit expansion or contribution holiday. A risk-reducing or verified cost-saving action may be approved by the Board after review of its effect on recovery.

A balance above the target shall ordinarily be retained for claim volatility and rate stability. Before approving a discretionary use above target, the Board shall receive a CFO certification of liabilities and reasonably collectible receivables, a three-year expected and adverse forecast, the participant impact, and a description of the proposed use. The projected reserve must remain at or above target under the expected case and at or above minimum under the adverse case. Uses above the upper range may include prospective contribution stabilization, additional risk protection, or lawful one-time health plan investments. Recurring benefit or contribution changes require a recurring funding source. No Health Fund balance shall be transferred for an unrelated District purpose.

Reporting and review

The CFO shall report quarterly to the Board on cash, receivables, unpaid claims and IBNR, reserve net position and months of cost coverage, contributions and claims compared with budget, stop-loss recoveries, projected year-end results, and progress against any recovery plan. Reports shall omit personally identifiable health information. The Board shall review this policy at least every three years and sooner after a material change in funding, benefits, enrollment, or financial condition.

Board of Trustees Douglas County School District

FINANCES

Initial recovery direction

For the initial recovery period, the Superintendent shall bring an annually updated five-year plan to the Board, with a goal of reaching the two-month minimum by June 30, 2029, and the three-month target by June 30, 2031. The plan shall use audited beginning net position, current claims and IBNR estimates, and updated cost projections; illustrative dollar amounts in planning materials are not adopted appropriations. If the annual forecast is more than 10% below an approved milestone, the Superintendent shall present a catch-up plan within 60 days.

Compliance with law

This Board Policy and the adoption of the self-funded employee health plan shall be interpreted in accordance with all applicable provisions of law and regulation, including without limitation NRS 287.010-.040, and any other applicable statutes, regulations, and legally binding requirements pertaining to self-insured health plans provided by the District. In no event shall any provision of this Board Policy be construed to require the occurrence of any act that is prohibited by or that would be in violation of any provision of applicable federal, state, or local law or regulation. To the extent that any provision of this Board Policy is determined to conflict with applicable law, the applicable law shall control, and the conflicting provision shall be construed, limited, or disregarded to the extent necessary to achieve compliance with such law or regulation.

Date Adopted: TBD

Douglas County School District

Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Chief Financial Officer

Re: Cash Management and Interfund Financing Policy and Administrative Regulation

Requested Action:

Approve the proposed Board Policy on Cash Management and Interfund Financing. Review the accompanying Administrative Regulation, which establishes the staff process for reconciliation, cash forecasting, loan approvals, accounting, and reporting. The Board's action on the policy would establish prospective controls; it would not approve a particular interfund loan or determine the legal status of any prior transaction.

Background Information:

The District's monthly cash reports show negative fund-level cash activity in several funds. The existing deficit tracker carries FY 2025–26 negative balances into FY 2026–27, while the FY 2026–27 cash report begins at zero. The FY 2025–26 13th-period postings also materially change the reported year-end positions. These views must be bridged before the District identifies any actual interfund balance or proposes a lender. The August 2026 cash report lists negative balances in the General Fund and Special Education Fund as well as in funds identified as potential sources of coverage in the tracker.

The proposed documents require separate accounting for each fund's pooled cash, a reviewed bridge between fiscal years, a rolling cash forecast, and a transaction-level register. They require a restriction and liquidity assessment before any loan proposal and prompt reporting of negative positions and repayment risk. Both documents direct staff to follow applicable law if a conflict arises.

Legal framework. NRS 354.6118 requires a public hearing and findings that sufficient unrestricted money is available and that lending will not compromise the lending fund's economic viability. The Board must establish the loan term, repayment conditions, and interest rate, if any. NAC 354.290 imposes additional conditions on a temporary interfund loan, including a written agreement for repayment within one year, filing of the authorizing resolution with the Department of Taxation, and notice when repaid. Debt service funds and funds dedicated to bonded debt may not serve as temporary lenders. Enterprise, food service, capital, grant, and self-insurance resources warrant separate restriction reviews. These requirements apply to each proposed loan; adopting the policy alone does not satisfy them.

Implementation and oversight. Business Services will reconcile FY 2025–26 year-end and 13th-period cash to FY 2026–27 opening entries, July and August activity, bank balances, and interfund ledger accounts. The CFO will identify unresolved differences and consult district counsel and the independent auditor before characterizing historic coverage as a loan. The District will then present monthly cash and loan status with its fiscal recovery reporting. The separate Cash Receipts and Deposits Administrative Regulation governs how collections are safeguarded and deposited.

Budget Considerations and Impact:

Adopting the policy and regulation does not itself appropriate money, transfer resources, or authorize borrowing. Staff time will be required to reconcile the fiscal-year bridge, maintain forecasts and loan records, and report monthly. Any proposed advance will return to the Board with its own fund-specific analysis, public hearing, and resolution.

Recommendation:

Adopt the proposed Board Policy. Receive the accompanying Administrative Regulation for implementation by the Superintendent. Direct staff to return with a reconciled fund-level cash report and bring each proposed interfund loan to the Board separately under applicable law.

Discussed at Previous Meeting:

Prior Board discussion and the meeting date should be confirmed before agenda publication.

Key issues for Board Discussion:

The FY 2025–26 13th-period balances must be bridged to FY 2026–27 opening entries. The District must verify whether historic pooled-cash coverage represents posted interfund loans. Food Service, capital, and self-insurance resources require fund-specific restriction review before they are proposed as lenders. Any future loan needs its own public hearing, findings, terms, and resolution.

Attachment(s):

1. Proposed Board Policy Cash Management and Interfund Financing
2. Proposed Administrative Regulation Cash Reconciliation and Interfund Loan Administration

Our mission is to ensure that all students achieve excellence in education, character and citizenship, in partnership with parents and community.

Board of Trustees Douglas County School District

FINANCES

CASH MANAGEMENT AND INTERFUND FINANCING

The Board directs the District to safeguard cash belonging to each fund, identify shortages promptly, and use temporary interfund financing only when lawful, documented, and repayable. A negative cash position requires a reconciliation and corrective plan. An interfund loan does not create revenue, increase an appropriation, or resolve a recurring operating deficit.

Purpose and scope

This policy applies to all District funds, bank accounts, investments, pooled cash, interfund receivables and payables, and proposed advances between funds. The Superintendent shall maintain implementing procedures and present material exceptions to the Board.

Fund ownership and cash controls

The District shall account for each fund's share of pooled cash separately. Staff shall reconcile banks, investments, pooled cash, and interfund balances at least monthly and monitor near-term liquidity more frequently. Each fund's cash, fund balance or net position, legally restricted resources, and appropriations shall be reported as distinct measures. The District shall maintain a rolling cash forecast by major fund and identify payroll, benefit, debt, grant, capital, and other material payment dates.

The District shall separately reconcile final prior-year balances, including 13th-period adjustments, to current-year opening entries. A fiscal-year cash report beginning at zero shall not be treated as evidence that an earlier deficit or interfund obligation was extinguished.

Restrictions on financing

No employee may initiate or characterize a transfer or pooled-cash use as an interfund loan merely because one fund shows a negative cash balance. Before proposing a loan, staff shall identify the actual transaction, assess the source and legal restrictions of the lender's resources, document the lender's obligations and forecast liquidity, and identify the borrower's specific repayment source and date.

Debt service funds and funds dedicated to bonded debt shall not be used for temporary interfund loans. Bond proceeds shall be used only for authorized bond purposes. Food service revenues, grants, capital revenues, insurance and self-insurance reserves, fiduciary resources, and other restricted money require fund-specific legal and program review; the existence of a cash balance alone does not establish lending authority.

Board authorization

Before a temporary interfund loan is made, the Board shall hold the public hearing required by NRS 354.6118 and determine that sufficient unrestricted money is available and that the loan will not compromise the lending fund's economic viability. At the hearing the Board shall establish the

Board of Trustees Douglas County School District

FINANCES

term, repayment conditions, and interest rate, if any. The authorizing resolution shall identify the lending and borrowing funds, maximum principal, purpose, maturity, repayment source, and interest decision.

Temporary loans shall meet NAC 354.290, including without limitation and subject to applicable law, a written agreement for repayment within one year after the advance, filing of the resolution with the Nevada Department of Taxation, and notice to the Department upon repayment. Enterprise fund transactions shall meet any additional requirements of NRS 354.613 and applicable federal and program restrictions. The Board may impose shorter terms or more stringent limits.

Reporting and corrective action

During fiscal watch, the Superintendent or designee shall provide the Board a monthly report of fund-level cash and forecasts, negative positions, each actual outstanding loan, repayments, maturities, and exceptions. Any projected inability to repay on time, material deterioration of the lender's liquidity, or recurring borrowing need shall be escalated promptly with a corrective operating plan. New borrowing shall not be used to conceal an operating shortfall.

Legal Compliance

This Policy shall be interpreted and administered in a manner consistent with all applicable federal, state, and local laws, regulations, and other legal requirements. Nothing in this Policy shall be construed to require, authorize, or permit the District, its Board of Trustees, or any employee or representative thereof to take any action, or refrain from taking any action, in violation of applicable law. In the event of any conflict between this Policy and applicable law, applicable law shall control, and this Policy shall be construed to the extent reasonably possible to avoid such conflict.

Authority and review

The Superintendent shall review this policy with district counsel and the independent auditor before adoption and periodically thereafter.

Reference: NRS 354.6118, 354.612, 354.613, 354.6215, 354.626; NAC 354.290; 7 CFR 210.14, as applicable.

Date Adopted: TBD

ADMINISTRATIVE REGULATION

No. 624(a)

Board of Trustees Douglas County School District

FINANCES

CASH RECONCILIATION AND INTERFUND LOAN ADMINISTRATION

This regulation implements the Board policy by establishing the evidence required before an interfund loan, the records for each advance and repayment, and the reconciliation of fund cash across fiscal years. The Chief Financial Officer is responsible for administration and may assign preparation and independent review to separate staff.

1. Daily and monthly cash control

- Record receipts and disbursements to the correct fund and account. Monitor bank and pooled cash daily, with priority for payroll, benefits, debt, and large vendor payments.
- At month-end reconcile each bank and investment account to the ledger; reconcile each fund's equity in pooled cash to the pool total; match due-to and due-from accounts and resolve unmatched items. A preparer and an independent reviewer shall sign and date the reconciliation.
- Investigate each negative fund cash position and record its cause, supporting transaction, expected cure date, owner, and whether an approved loan exists. Do not assign a lender by formula solely to force the schedule to zero.

2. Fiscal-year and 13th-period bridge

For every fund, reconcile June 30 cash, each subsequent prior-year adjustment, final prior-year cash, current-year opening entries, current-year monthly debits and credits, and current-year reported cash. Identify each corresponding interfund receivable or payable. Preserve the journal-entry numbers, dates, descriptions, approvals, and effect on both fiscal years. Obtain Controller review and consult the auditor on unresolved cut-off or classification questions before presenting a definitive year-end position.

3. Rolling forecast and lender eligibility

Prepare a 13-week forecast updated at least weekly for the General Fund, Special Education Fund, and any fund with a negative balance or proposed loan. Maintain a monthly forecast through fiscal year-end for all material funds. Include known receipt dates, PCFP adjustments, payroll and benefits, grant reimbursements, capital commitments, claims, debt service, and the anticipated repayment.

Before recommending any lender, document the legal source and restrictions of its cash, outstanding obligations and encumbrances, planned projects or claims, any required reserve, and its lowest projected cash balance both before and after lending. Obtain counsel and program-administrator review for food service and restricted grants, and counsel and actuarial or claims review for self-insurance funds. Do not propose debt service funds or funds dedicated to bonded debt as temporary lenders.

4. Loan proposal and approval file

The CFO shall prepare a separate file for each lender and borrower pair. The file shall contain the temporary need and alternatives considered; actual and forecast cash; lender viability analysis;

legal restriction review; specific repayment source and schedule; proposed maximum, term and interest; and draft resolution and written agreement. If the need reflects a continuing operating gap or repayment within the required term is unsupported, present a corrective budget and operating plan instead of relying on another short-term advance.

Schedule the NRS 354.6118 public hearing before any advance. Record the Board's findings and terms in the minutes and resolution. File the executed resolution with the Nevada Department of Taxation. Apply any

ADMINISTRATIVE REGULATION

No. 624(a)

Board of Trustees Douglas County School District

FINANCES

additional enterprise-fund or federal restrictions. Staff shall not disburse funds until the required approvals and written agreement are complete.

5. Accounting and transaction register

Post each authorized advance on its actual date with corresponding entries in the lender and borrower; record repayments and any authorized interest separately. Keep the loan separate from revenue, expenditures, and permanent transfers. The loan register shall show the resolution and agreement, each advance, repayment, interest amount, outstanding principal, maturity, and Department filing and repayment-notice dates. Reconcile it monthly to both funds' ledgers and pooled cash. Notify the Department of Taxation when a temporary loan is fully repaid.

6. Exceptions and reporting

The CFO shall report monthly to the Superintendent and Board the verified cash by fund, 13-week low point, loans outstanding and due dates, negative positions without approved financing, and corrective actions with owners and deadlines. Escalate a missed repayment, projected lender impairment, material unreconciled cash difference, or potentially restricted-fund use immediately to the Superintendent, counsel, and auditor, and bring corrective action to the Board as appropriate. Do not backdate an approval or reclassify a prior use as an authorized loan without legal and audit review.

Initial implementation

Reconstruct the FY 2025–26 13th-period to FY 2026–27 bridge and reconcile July and August 2026 for all funds. Verify whether the allocations in the existing deficit tracker correspond to actual entries. Suspend reliance on its forecast loan totals until the roll-forward formulas and blank forecast receipts and payments are corrected. Identify any prior transactions requiring legal or audit remediation separately from prospective Board-approved financing.

Legal Compliance

This Regulation shall be interpreted and administered in a manner consistent with all applicable federal, state, and local laws, regulations, and other legal requirements. Nothing in this Regulation shall be construed to require, authorize, or permit the District, its Board of Trustees, or any employee or representative thereof to take any action, or refrain from taking any action, in violation of applicable law. In the event of any conflict between this Regulation and applicable law, applicable law shall control, and this Regulation shall be construed to the extent reasonably possible to avoid such conflict.

ADMINISTRATIVE REGULATION

No. 624(b)

Board of Trustees Douglas County School District

CASH RECEIPTS AND DEPOSITS

This regulation establishes a consistent process for receiving, safeguarding, depositing, recording, and reconciling District money. It applies to all schools, departments, programs, student activity accounts, food service, events, and employees or volunteers authorized to receive money on behalf of Douglas County School District. The Chief Financial Officer administers this regulation and issues the forms and site instructions needed to carry it out.

1. Receipt and immediate custody

Only authorized personnel may collect District money. At the time of receipt, issue a prenumbered receipt or retain a system-generated transaction record showing the date, amount, payer or transaction identifier, purpose, and receiving site. For mail, two employees shall open or log remittances when staffing permits; otherwise an independent employee shall compare the mail log with the deposit and ledger. Endorse checks restrictively upon receipt. Never leave money unattended or take District money home.

Keep cash and checks in a locked, access-controlled location until transfer or deposit. Limit keys, combinations, and payment-system access to assigned staff. Document each handoff with the amount, date, time, and signatures or electronic acknowledgments of both parties. Do not exchange personal checks for cash, borrow from collections, use collections for purchases or refunds, or net expenses against receipts.

2. Deposit deadline and exceptions

Prepare and deposit receipts intact each business day when banking or approved remote deposit is available. Money received after the daily cutoff shall be secured and deposited on the next business day. A school or department that cannot deposit daily shall transmit collections to the District cashier or bank no later than the next business day unless the CFO approves a written exception in advance. An exception must state the reason, alternate custody controls, responsible employee, and deposit date; ordinarily no later than two business days after receipt. A weekend, holiday, or closure extends the business-day count, but money must remain secured and logged.

The CFO may require same-day courier or bank deposit for a large event or unusual collection and may set a lower cash-on-hand threshold by site. No site may delay a deposit to accumulate a larger amount. If safety, weather, bank closure, or staffing prevents the scheduled deposit, notify Business Services promptly and document the actual deposit date and reason. These deadlines are District internal-control standards and yield to a stricter applicable law, grant term, contract, or program rule.

3 Deposit preparation and posting

The collector shall balance daily cash, checks, and electronic settlement records to receipt numbers or point-of-sale totals. A second employee shall verify the count and deposit documentation when staffing permits. Record the gross amount by proper fund, revenue account, location, program, and date received; identify and resolve overages or shortages without altering the source record.

ADMINISTRATIVE REGULATION

No. 624(b)

Board of Trustees Douglas County School District

The preparer shall retain a deposit log, itemized receipts or batch report, bank deposit confirmation, and any variance explanation. Do not include personal funds or unrelated receipts in the deposit.

Business Services shall post each deposit to the general ledger promptly, using the bank deposit date and the correct accounting period. Near fiscal year-end, document receipts in transit and any required year-end accounting entry. A deposit appearing in the bank but not yet assigned to a fund shall be researched promptly; it shall not be used to conceal or offset another fund's negative cash position.

4. Electronic, remote, and program receipts

For ACH, wires, online payments, card processors, and remote check deposits, retain settlement and remittance reports, identify gross receipts, separately record processor fees and refunds, and reconcile expected settlements to bank credits and the ledger. Use District-approved merchant accounts and systems. Employees must not collect District payments through personal accounts or unapproved payment applications.

School sites shall submit student activity and event receipts with ticket, registration, inventory, or point-of-sale counts where applicable. Food service receipts shall be identified and retained for food service purposes in accordance with program requirements. Grant or restricted receipts shall be coded to the correct fund and award. The applicable program manager shall review unusual or unidentified receipts with Business Services.

5. Segregation, reconciliation, and oversight

Separate collection, deposit preparation, ledger posting, refund approval, and bank reconciliation among different employees whenever practicable. Where staffing makes full separation impossible, the principal or department head shall independently compare the receipt log, deposit confirmation, bank activity, and ledger posting at least monthly and sign the review. A person who receives money should not be the sole reviewer of its deposit and reconciliation.

Business Services shall reconcile deposits in transit, bank credits, merchant settlements, and ledger receipts monthly. Review gaps in receipt numbers, late deposits, unexplained variances, returned payments, and old unidentified items. Keep an exception log showing the owner, resolution, and date. The CFO shall report material or repeated exceptions to the Superintendent and incorporate their cash impact in the rolling forecast.

6. Refunds, returned items, and losses

Issue refunds only through an approved District payment process with evidence of the original receipt and an independent approval. Record returned checks and chargebacks to the original fund and investigate them promptly. Preserve records and notify the CFO immediately of missing money, suspected theft, altered records, or a material discrepancy. The CFO shall secure evidence, coordinate with the Superintendent and appropriate officials, and determine required insurance,

ADMINISTRATIVE REGULATION

No. 624(b)

Board of Trustees Douglas County School District

law enforcement, audit, or Board notifications. Do not silently replace missing money or alter the original receipt record.

7. Records and implementation

Retain receipt records, logs, deposit slips and confirmations, batch reports, reconciliations, exception approvals, and review sign-offs under the District records retention schedule. Business Services shall train collectors and reviewers annually and when duties change. The CFO may issue forms and site-specific instructions consistent with this regulation and shall review deposit exceptions periodically to improve banking access and staffing coverage.

8. Legal Compliance

This Regulation shall be interpreted and administered in a manner consistent with all applicable federal, state, and local laws, regulations, and other legal requirements. Nothing in this Regulation shall be construed to require, authorize, or permit the District, its Board of Trustees, or any employee or representative thereof to take any action, or refrain from taking any action, in violation of applicable law. In the event of any conflict between this Regulation and applicable law, applicable law shall control, and this Regulation shall be construed to the extent reasonably possible to avoid such conflict.

**Board of Trustees
Douglas County School District**

Douglas County School District Board Agenda Item Memo

Date: October 15, 2026

To: DCSD Board of Trustees

From: Jeannie Dwyer, Executive Director of Human Resources

**Re: Approval of Proposed Health Insurance Plan Design Changes and
Premium Adjustment for January 1, 2027**

Requested Action:

To approve the proposed health insurance plan design changes and dependent premium tier adjustments for the PPO and HSA plans effective January 1, 2027, as recommended by the Health Advisory Committee.

Background Information:

As part of ongoing fiduciary management and plan cost-containment strategy for Douglas County School District's self-funded health insurance plan, the Health Advisory Committee and LP Insurance Services evaluated benefit design modifications and revenue enhancements for the upcoming 2027 plan year.

Due to rising claims trends and cost convergence within the self-funded plan, plan adjustments are necessary to maintain the financial stability of the health insurance fund while preserving competitive benefits for employees. The proposed changes modify deductibles, out-of-pocket maximums, co-insurance, office visit co-pays, pharmacy cost-sharing, and dependent premium contributions.

Budget Considerations and Impact:

The combined proposed plan design changes and revenue adjustments generate total projected savings/revenue of \$1,085,118 for the 2027 plan year:

1. Benefit Plan Design Changes (Estimated Savings: \$870,318)
 - PPO Plan Adjustments (\$659,183 Total Savings):

- Deductible (In/Out): Increase from \$1,000 / \$2,000 to \$2,000 / \$4,000 (*Savings: \$234,546*)

- Out-of-Pocket Maximum (In/Out): Increase from \$6,000 / \$12,000 to \$7,500 / \$15,000 (*Savings: \$115,585*)

- Co-Insurance (In/Out): Adjust from 80%/60% to 70%/50% (*Savings: \$179,007*)

- Primary Physician Co-pay: Increase from \$55 to \$60 (*Savings: \$66,158*)

- Specialist Office Visit Co-pay: Increase from \$60 to \$70 (*Savings: \$60,877*)

- Urgent Care Co-pay: Increase from \$55 to \$70 (*Savings: \$3,710*)

- HSA Plan Adjustments (\$47,436 Total Savings):

- Deductible (In/Out): Increase from \$2,425 / \$4,850 (Ind) & \$4,850 / \$9,700 (Fam) to \$3,000 / \$6,000 (Ind) & \$6,000 / \$12,000 (Fam)

- Out-of-Pocket Maximum (In/Out): Increase from \$7,210 / \$14,420 (Ind) & \$14,420 / \$28,820 (Fam) to \$8,000 / \$16,000 (Ind) & \$16,000 / \$32,000 (Fam) (*Combined HSA Savings: \$47,436*)

- Co-Insurance (In/Out): Adjust from 80%/60% to 70%/50%

- Pharmacy Changes (\$163,000 Total Savings):

- Greater of Copay vs. Coinsurance (In/Out): Adjust cost-share structure from 80%/60% to 70%/50% (*Savings: \$163,000*)

2. Dependent Tier Revenue Enhancement (\$214,800 Annual Revenue):

- Employee Only (534 Avg Enrollment): \$0 monthly increase
- Employee & Spouse (63 Avg Enrollment): +\$100/month (*Monthly: \$6,300*)
- Employee & Child (28 Avg Enrollment): +\$100/month (*Monthly: \$2,800*)

- Employee + 2 or More (88 Avg Enrollment): +\$100/month (*Monthly: \$8,800*)
- Total Monthly Increase: \$17,900 / Annual Total: \$214,800

All savings and revenues accrue directly to the DCSD Self-Funded Health Insurance Fund.

Recommendation:

The Health Advisory Committee recommends that the Board of Trustees approve the proposed 2027 plan design changes and tier rate adjustments as presented.

Discussed at Previous Meeting:

June 25, 2026 Board Meeting: Board review of the Self-Insured & Fully Insured Marketing Analysis and TPA selection presentation by LP Insurance.

April 7, 2026 Board Workshop: Initial Insurance Workshop with LP Insurance Services discussing long-term self-funded plan trends and preliminary cost-containment options.

Key issues for Board Discussion:

Fiscal Responsibility & Reserve Protection: Achieving \$1,085,118 in total plan savings and increased revenue directly mitigates rising medical/Rx claims trends and strengthens self-funded reserve levels for 2027.

Employee Impact & Equity: Maintaining a \$0 contribution increase for the "Employee Only" tier minimizes financial impact on individual employees (534 enrollees), while applying a modest \$100/month increase to dependent coverage tiers.

Alignment with Benefit Strategy: The shift in co-insurance (80%/60% to 70%/50%) and co-pays aligns employee cost-sharing with surrounding regional market benchmarks while maintaining essential benefit coverage.

DOUGLAS COUNTY SCHOOL DISTRICT MEDICAL, DENTAL, RX AND VISION PLAN

January 1, 2026

The Douglas County School District contributes **\$950.00** towards the employee-only premium for insurance eligible employees.

Employees who add dependents to their coverage pay the full monthly premium (listed below).

	\$1,000 Deductible Traditional PPO	\$2,425 Deductible QHDHP w/HSA
Employee Only	\$950.00	\$825.00 (\$125.00 to HSA)
One dependent – child	\$540.00	\$480.00
One dependent – spouse	\$595.00	\$530.00
Two or more dependents	\$1005.00	\$875.00

Medicare Eligible Retirees

Medicare Eligible - Former Employee	\$725.00
Medicare Eligible - One Dependent/Spouse	\$460.00

FOR DETAILED INFORMATION ABOUT YOUR COVERAGE, please refer to your Plan Summary Document which can be found on the DCSD Human Resources web site (paper copies are available upon request). If you need a new ID card or have any questions regarding claims and benefits you may contact Hometown Health.

Hometown Health's business hours are from 8:00 a.m. to 5:00 p.m. Monday through Friday.

Revised 10/2/2026

This table shows ALL enrollments including PKEC, NR!PK, Grade 13 (UG), Adults, and those students taking a class enrolled in homeschool, private school, or charter school. PCFP is based on average daily enrollment, not on this snapshot data.

*Other category includes enrollment codes such as PK students without IEP, adult education students, students taking less than a full academic load, CA students attending DCSD
