Hello, Brian:

Thank you for your message. MSBA changed this sentence following its law firm's advice. The concern was that this sentence could be read to mean that the school board/district has plans to record in bathrooms. Indeed, this concern arose in one community last month. Deletion of the sentence does not negate the general statutory authority that the school board retains.

The school board can determine who would be authorized to approve such recordings. Authority would likely defer to the superintendent unless the school board determines that it wishes to exercise approval.

I hope this information is helpful. Please contact me if I can assist.

Thank you,

Terry

Subject: 712 question

Hi, Terry.

I hope you are doing well and fully recovered from the great MSBA conference. I always enjoy your sessions and thoughtful insights.

I know my admin Jessica reached out on another policy, and sorry for the dual conversation threads from Waconia. We had a policy committee meeting on Monday so it's fresh for us. One of the MSBA proposed changes got me thinking, so I wanted to reach out directly. We can jump on a call if this is not clear, as email might be hard, though perhaps I'm not the first to ask, and a copy-paste of a previous response is all you need to do.

I'm curious about the logic behind changes to 712 related to video surveillance. Specifically II. A. 3. As I read this, previously recoding in bathrooms and locker rooms was so "abnormal" or limited that it required superintendent approval. Now I feel like it's so subjective that anyone could do it, including a principal, teacher, coach, etc., as long as it's not "normal".

What am I missing? If we locally decided to keep the language "video in bathrooms or locker rooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent," what am I opening myself up to locally?

II. GENERAL STATEMENT OF POLICY

A. Placement

1. School district buildings and grounds may be equipped with video cameras.
2. Video ~~surveillance-recording~~ may occur in any school district building or on any school district property.
3. Video ~~surveillance-recording~~ will normally not be used in bathrooms or locker rooms, although these areas may be ~~monitored placed under surveillance~~ by individuals of the same sex as the occupants of the bathrooms or locker rooms. ~~Video surveillance in bathrooms or locker rooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.~~

Hello, Brian:

The issue was that one school board (and then a second school board) were pressed by the community and then local media regarding this policy. Specifically, the questions asked why the school was installing cameras in bathrooms for video surveillance, even though the schools had not installed cameras and had no plan to do so. MSBA's lawyers reported that they were aware of similar questions and recommended that MSBA remove the sentence because it could be susceptible to misunderstanding.

Your board can choose to retain the sentence or rewrite it to fit your district's context.

Thank you,

Terry

It's kind of helpful, but I'm not sure I see the "issue" raised has been resolved, since when I read it, it seems to make it easier under policy to actually do it, given no one has to ask any authority for permission. They just have to prove in some unknown manner that it's not "normal." I'm sure lawyers have their reasons, though.

Thanks for the response.

1.B. 503 Student Attendance

503 STUDENT ATTENDANCE

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with the parent or guardian and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.
- c. The district must count a student as in attendance on each day the student receives supervision, instruction, or services from school staff during scheduled school hours. Minnesota Statutes, section 120A.22 does not remove the school district's responsibility to continue to comply with reporting requirements in Minnesota Statutes, section 126C.05 for the purposes of funding.
- d. The principal must issue and keep a record of attendance, under rules established by the school board.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to ~~any member of the board,~~ a truant officer, or the school official designated by the a principal, ~~or the superintendent~~. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a

valid excuse.

[NOTE: ~~This paragraph quotes~~ The 2025 Minnesota legislature amended Minnesota Statutes, section 120A.22 as indicated above.]

- b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.

[NOTE: The school district may choose to include subparagraph (b).]

- c. The school board of the district in which the child resides may approve the application under subparagraph (a) above upon legitimate exception being demonstrated to the satisfaction of that board.

- d. Legitimate Exceptions

The following reasons shall be sufficient to constitute excused absences:

- (1) that the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:
 - (a) child illness, medical, dental, orthodontic or counseling appointments, including appointments conducted through telehealth;
 - (b) family emergencies;
 - (c) the death or serious illness or funeral of an immediate family member;
 - (d) active duty in any military branch of the United States;
 - (e) the child has a condition that requires ongoing treatment for a mental health diagnosis; or
 - (f) other exemptions included in this attendance policy.
- (2) that the child has already completed state and district standards required for graduation from high school; or

- (3) that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding in the aggregate three hours in any week, instruction conducted by a Tribal spiritual or cultural advisor, or a school for religious instruction conducted and maintained by a church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This instruction must be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.

[NOTE: Subparagraph 3 above incorporates the 2024 amendment to Minnesota Statutes, section 120A.22, subdivision 12.]

[Note: In 2024, the Minnesota legislature amended Minnesota Statutes, section 120A.22, subdivision 12. The legitimate exceptions set forth above quote this statute. Minnesota law provides that a school board may include other exemptions in the school district’s attendance policy. See Minnesota Statutes section 120A.22, subdivision 12. When considering whether to add other exemptions, school boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within a minimum of 2 days from the date of the student’s return to school. Any work not completed within this period shall result in “no credit” for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

- a. The following are examples of absences which will not be excused:

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56. Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
- (2) Truancy Pre-Diversion
 - (a) After 5 Unexcused Absences
 - Send 2nd notification to parent/guardian **AND**
 - The school will contact Carver County Truancy to schedule a pre-diversion
 - The school will also contact the parent/legal guardian regarding the truancy pre-diversion meeting.
- (3) Truancy Diversion
 - (a) After 7 Unexcused Absences:
 - The school files the truancy paperwork with intake at Carver County Social Services

- Once the referral has been made, the school and the assigned Social Worker will be in contact to schedule a Truancy Contract Meeting.
- (4) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
 - (5) Students with unexcused absences will also be subject to discipline in the following manner:
 - (a) Students with unexcused absences are expected to make up missed work in the same timeline as excused absences. When a student that has repeated absences that are unexcused, the building administrator can determine that the student is not eligible to make up the missed work.

[NOTE: MSBA encourages school boards to consider whether imposition of academic penalties for unexcused absences is consistent with the district's mission and pedagogical approach. If a school board determines that academic penalties should not be imposed, section 2(b) should be deleted or rewritten]

C. Tardiness

1. Definition: Students are expected to be in the student's assigned area at designated times. Failure to do so constitutes tardiness.

1. Three (3) days if the child is in elementary school; or
2. Three (3) or more class periods on three (3) days if the child is in middle school, junior high school, or high school.

B. Reporting Responsibility

When a student is initially classified as a continuing truant, Minnesota Statute section 260A.03 provides that the school attendance officer or other designated school official shall notify the student's parent or legal guardian, by first class mail or other reasonable means, of the following:

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes section 120A.34;
4. That this notification serves as the notification required by Minnesota Statutes section 120A.34;

5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes Chapter 260;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes section 260C.201; and
9. That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one (1) day.

[Note: When truancy services and programs under Minnesota Statutes Chapter 260A are available within the school district, the following provisions should also be included in the policy.]

C. Habitual Truant

1. A habitual truant is a child ~~under the age of 17 years who is at least twelve (12) years old and less than eighteen (18) years old~~ who is absent from attendance at school without lawful excuse ~~for seven school days per school year if the child is in elementary school or~~ for one or more class periods on seven (7) school days per school year if the child is in middle school, junior high school, or high school, or a child who is seventeen (17) years of age who is absent from attendance at school without lawful excuse for one (1) or more class periods on seven (7) school days per school year and who has not lawfully withdrawn from school under Minnesota Statutes, section 120A.22, subdivision 8.

Pursuant to section 260C.163, subdivision 11, habitual truant also means a child under age twelve (12) who has been absent from school for seven (7) school days without lawful excuse, based on a showing by clear and convincing evidence that the child's absence is not due to the failure of the child's parent, guardian, or custodian to comply with compulsory instruction laws.

2. A school district attendance officer shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minnesota Statutes Chapter 260A.

1.C. 514 Bullying Prohibition

514 BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying.]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 1. on school premises, ~~on school district property,~~ at school functions or activities, ~~or on school transportation;~~
 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.

Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. ~~Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.~~

The school district shall not exclude or otherwise deny equal jobs or job benefits to a qualified individual because of the known disability of an individual with whom the qualified individual is known to have a relationship or association.

404 EMPLOYMENT BACKGROUND CHECKS

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to maintain a safe and healthful environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, or such other background checks as provided by this policy. The school district may also elect to do background checks of other volunteers, independent contractors, and student employees in the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, service providers, independent contractors, and student employees.

III. PROCEDURES

- A. Normally an individual will not commence employment or provide services until the school district receives the results of the criminal history background check. The school district may conditionally hire an applicant or allow an individual to provide services pending completion of the background check but shall notify the individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be performed by the Minnesota Bureau of Criminal Apprehension (BCA). The BCA shall conduct the background check by retrieving criminal history data as defined in Minnesota Statutes section 13.87. The school district reserves the right to also have criminal history background checks conducted by other organizations or agencies.
- B. In order for an individual to be eligible for employment or to provide athletic coaching services or other extracurricular academic coaching services to the school district,

except for an enrolled student volunteer, the individual must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide a money order or check payable to either the BCA or to the school district, at the election of the school district, in an amount equal to the actual cost to the BCA and the school district of conducting the criminal history background check. The cost of the criminal history background check is the responsibility of the individual, unless the school district decides to pay the costs for a volunteer, an independent contractor, or a student employee. If the individual fails to provide the school district with a signed Informed Consent Form and fee at the time the individual receives a job offer, or permission to provide services, the individual will be considered to have voluntarily withdrawn the application for employment or request to provide services.

[Note: If the school district elects to receive payment, it may, at its discretion, accept payment in the form of a negotiable instrument other than a money order or check and then pay the superintendent of the BCA directly to conduct the background check.]

- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the Minnesota Professional Educator Licensing and Standards Board or the Minnesota Commissioner of Education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
 - 1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
 - 2. the other school hiring authority conducted a criminal background check within the previous 12 months;
 - 3. the individual executes a written consent form giving the school district access to the results of the check; and
 - 4. there is no reason to believe that the individual has committed an act subsequent to the check that would disqualify the individual for employment or provision of services.
- E. For all nonstate residents who are offered employment with or the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. Such individuals must provide an executed criminal history consent form.
- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.

- G. Copies of this policy shall be available in the school district’s employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, or student employees.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district’s discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication. A form notice for this purpose is included with this policy.

IV. CRIMINAL HISTORY CONSENT FORM

A form to obtain consent for a criminal history background check is included with this policy.

408 SUBPOENA OF A SCHOOL DISTRICT EMPLOYEE

I. PURPOSE

The purpose of this policy is to protect the privacy rights of school district employees and students under both state and federal law when requested to testify or provide educational records for a judicial or administrative proceeding.

II. GENERAL STATEMENT OF POLICY

This policy is to provide guidance and direction for school district employees who may be subpoenaed to testify and/or provide educational records for a judicial or administrative proceeding.

III. DATA CLASSIFICATION

A. Educational Data

1. State Law

The Minnesota Government Data Practices Act (MGDPA), Minnesota Statutes 13, classifies all educational data, except for directory information as chapter designated by the school district, as private data on individuals. The state statute provides that private data on individuals may not be released, except pursuant to a valid court order or informed consent by the subject of the data or a parent if the subject of the data is a minor.

2. Federal Law

The Family Educational Rights and Privacy Act (FERPA), 20 United States Code section 1232g, provides that educational data may not be released, except pursuant to informed consent by the individual subject of the data or any lawfully issued subpoena. Regulations promulgated under the federal law require that the school district must first make a reasonable effort to notify the parent of the student, or the student if the student is 18 years of age or older, of the subpoena in advance of releasing the information pursuant to the subpoena.

B. Personnel Data

The MGDPA also classifies all personnel data, except for certain data specifically classified as public, as private data on individuals. The state statute provides that private data on individuals may not be released, except pursuant to a valid court order or informed consent by the subject of the data.

IV. APPLICATION AND PROCEDURES

- A.** Any employee who receives a subpoena for any purpose related to employment is to inform the building administrator or designated supervisor when the employee receives the subpoena. The building administrator or designated supervisor shall immediately inform the superintendent that the employee has received a subpoena.
- B.** No employee may release educational data, personnel data, or any other data of any

kind without consultation in advance with the school district official who is designated as the authority responsible for the collection, use and dissemination of data.

- C. Payment for attendance at judicial or administrative proceedings and the retention of witness and mileage fees is to be determined in accordance with the applicable school board policies and collective bargaining agreements.

7. **412 Expense Reimbursement**

Presenter: Jeni
Super, Human
Resources Director

412 EXPENSE REIMBURSEMENT

[Note: School districts are required by law to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to identify school district business expenses that involve initial payment by an employee and qualify for reimbursement from the school district, and to specify the manner by which the employee seeks reimbursement.

II. AUTHORIZATION

All school district business expenses to be reimbursed must be approved by the supervising administrator. Such expenses to be reimbursed may include transportation, meals, lodging, registration fees, required materials, parking fees, tips, and other reasonable and necessary school district business-related expenses.

III. REIMBURSEMENT

- A. Requests for reimbursement must be itemized on the official school district form and are to be submitted to the designated administrator. Receipts for lodging, commercial transportation, registration, and other reasonable and necessary expenses must be attached to the reimbursement form.
- B. Automobile travel shall be reimbursed at the mileage rate set by the school board. Commercial transportation shall reflect economy fares and shall be reimbursed only for the actual cost of the trip.

IV. AIRLINE TRAVEL CREDIT

- A. Employees utilizing school district funds to pay for airline travel are required to ensure that any credits or other benefits issued by any airline accrue to the benefit of the school district rather than the employee.
 - 1. To the extent an airline will not honor a transfer or assignment of credit or benefit from the employee to the school district, the employee shall report receipt of the credit or benefit to the designated administrator within 90 days of receipt of the credit or benefit.
 - 2. Reports of the receipt of an airline credit or benefit shall be made in writing and shall include verification from the airline as to the credit or benefit received. Reimbursement for airline travel expenses will not be made until such documentation is provided.
- B. Employees who have existing credits or benefits issued by an airline based upon previously reimbursed airline travel for school district purposes will be required to

utilize those credits or benefits toward any subsequent airline travel related to school district purposes, prior to reimbursement for such travel, to the extent permitted and/or feasible.

- C. The requirements of this section apply to all airline travel, regardless of where or how the tickets are purchased.

V. ESTABLISHMENT OF DIRECTIVES AND GUIDELINES

The superintendent shall develop a schedule of reimbursement rates for school district business expenses, including those expenses requiring advance approval and specific rates of reimbursement. The superintendent shall also develop directives and guidelines to address methods and times for submission of requests for reimbursement.

8. 210 Conflict of Interest - School Board Members

210 CONFLICT OF INTEREST – SCHOOL BOARD MEMBERS

[Note: The provisions of this policy substantially reflect legal requirements.]

I. PURPOSE

The purpose of this policy is to observe state statutes regarding conflicts of interest and to engage in school district business activities in a fashion designed to avoid any conflict of interest or the appearance of impropriety.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school board to contract for goods and services in conformance with statutory conflict of interest laws and in a manner that will avoid any conflict of interest or the appearance thereof. Accordingly, the school board will contract under the statutory exception provisions only when it is clearly in the best interest of the school district because of limitations that may exist on goods or services otherwise available to the school district.

III. GENERAL PROHIBITIONS AND RECOGNIZED STATUTORY EXCEPTIONS

- A. A school board member who is authorized to take part in any manner in making any sale, lease, or contract in ~~his or her~~ [the school board member's](#) official capacity shall not voluntarily have a personal financial interest in that sale, lease, or contract or personally benefit financially therefrom.
- B. In the following circumstances, however, the school board may as an exception, by unanimous vote, contract for goods or services with a school board member of the school district:
 1. In the designation of a bank or savings association, in which a school board member is interested, as an authorized depository for school district funds and as a source of borrowing, provided such deposited funds are protected in accordance with Minnesota Statutes chapter 118A. Any school board member having said interest shall disclose that interest and the interest shall be entered upon the school board minutes. Disclosure shall be made when such bank or savings association is first designated as a depository or source of borrowing, or when such school board member is elected, whichever is later. Disclosure serves as notice of the interest and need only be made once;
 2. The designation of an official newspaper, or publication of official matters therein, in which the school board member is interested when it is the only newspaper complying with statutory requirements relating to the designation or publication;
 3. A contract with a cooperative association of which the school board member is a shareholder or stockholder but not an officer or manager;
 4. A contract for which competitive bids are not required by law. A contract made under this exception will be void unless the following procedures are observed:
 - a. The school board shall authorize the contract in advance of its performance by adopting a resolution setting out the essential facts and determining that the contract price is as low as or lower than the price at which the goods or services could be obtained elsewhere.

- b. In the case of an emergency when the contract cannot be authorized in advance, payment of the claims must be authorized by a like resolution wherein the facts of the emergency are also stated.
- c. Before a claim is paid, the interested school board member shall file with the clerk of the school board an affidavit stating:
 - (1) The name of the school board member and the office held;
 - (2) An itemization of the goods or services furnished;
 - (3) The contract price;
 - (4) The reasonable value;
 - (5) The interest of the school board member in the contract; and
 - (6) That to the best of the school board member's knowledge and belief, the contract price is as low as, or lower than, the price at which the goods or services could be obtained from other sources.
- 5. A school board member may contract with the school district to provide construction materials or services, or both, when the sealed bid process is used. When the contract comes before the school board for consideration, the interested school board member may not vote on the contract. (**Note:** *This section applies only when the school district has a population of 1,000 or less according to the last federal census.*)
- 6. A school board member may rent space in a public facility at a rate commensurate with that paid by other members of the public.
- C. In the following circumstances, the school board may as an exception, by majority vote at a meeting at which all school board members are present, contract for services with a school board member of the school district: A school board member may be newly employed or may continue to be employed by the school district as an employee only if there is a reasonable expectation on July 1, or at the time the contract is entered into or extended, that the amount to be earned by that school board member under that contract or employment relationship, will not exceed \$20,000 in that fiscal year. If the school board member does not receive majority approval to be initially employed or to continue in employment at a meeting at which all school board members are present, that employment is immediately terminated and that school board member has no further rights to employment while serving as a school board member in the school district.

[Note: The \$8,000 figure increased to \$20,000 effective July 1, 2022]
- D. The school board may contract with a class of school district employees, such as teachers or custodians, when the spouse of a school board member is a member of the class of employees contracting with the school board and the employee spouse receives no special monetary or other benefit that is substantially different from the benefits that other members of the class receive under the employment contract. For the school board to invoke this exception, it must have a majority of disinterested school board members vote to approve the contract, direct the school board member spouse to

abstain from voting to approve the contract, and publicly set out the essential facts of the contract at the meeting in which the contract is approved.

IV. LIMITATIONS ON RELATED EMPLOYEES

- A. The school board must hire or dismiss teachers only at duly called meetings. When a husband and wife, brother and sister, or two brothers or sisters, constitute a quorum, no contract employing a teacher may be made or authorized except upon the unanimous vote of the full school board.
- B. The school board may not employ any teacher related by blood or marriage to a school board member, within the fourth degree as computed by the civil law, except by a unanimous vote of the full school board.

V. CONFLICTS PRIOR TO TAKING OFFICE

A school board member with personal financial interest in a sale, lease, or contract with the school district which was entered before the school board member took office and presents an actual or potential conflict of interest, shall immediately notify the school board of such interest. It shall thereafter be the responsibility of the school board member to refrain from participating in any action relating to the sale, lease, or contract. At the time of renewal of any such sale, lease, or contract, the school board may enter into or renew such sale, lease, or contract only if it falls within one of the enumerated exceptions for contracts relating to goods or services provided above and if the procedures provided in this policy are followed.

VI. DETERMINATION AS TO WHETHER A CONFLICT OF INTEREST EXISTS

The determination as to whether a conflict of interest exists is to be made by the school board. Any school board member who has an actual or potential conflict shall notify the school board of such conflict immediately. The school board member shall thereafter cooperate with the school board as necessary for the school board to make its determination.

9. 213 School Board Committees

213 SCHOOL BOARD COMMITTEES

[Note: Many school boards utilize either standing or ad hoc committees, or both. On the other hand, some school boards avoid the use of committees for the most part because of the danger of fragmentation of the governance process. The objective of this policy is to provide a framework for those school boards which elect to utilize committees or subcommittees. Further, this policy is designed to apply only to committees or subcommittees made up of elected school board members. Other considerations will apply to committees established by the school board involving members of the public, employees, students, parents, etc.]

I. PURPOSE

The purpose of this policy is to provide for the structure and the operation of committees or subcommittees of the school board.

II. GENERAL STATEMENT OF POLICY

- A. It is the policy of the school board to designate school board committees or subcommittees when it is determined that a committee process facilitates the mission of the school board.
- B. The school board has determined that certain permanent standing committees, as described in this policy, do facilitate the operation of the school board and the school district.
- C. A school board committee or subcommittee will be formed by school board resolution which shall outline the duties and purpose of the committee or subcommittee.
- D. A committee or subcommittee is advisory in nature and has only such authority as specified by the school board.
- E. The school board will receive reports or recommendations from a committee or subcommittee for consideration. The school board, however, retains the right and has the duty to make all final decisions related to such reports or recommendations.
- F. The school board also may establish such ad hoc committees for specific purposes as it deems appropriate.
- G. The school board reserves the right to limit, create or abolish any standing or ad hoc committee as it deems appropriate.
- H. A committee of the school board shall not appoint a subcommittee of that committee without approval of the school board.

III. APPOINTMENT OF COMMITTEES

- A. The school board hereby appoints the following standing committees:
1. Finance and Facilities
 2. Policy and Advocacy
 3. Negotiations Committee(s) for various employee groups (as needed).
 4. Governance (Chair, Vice-Chair/Clerk, and Treasurer) (as needed)
 5. Grievance (as needed)

[Note: Each school district should determine which, if any, standing committees the school board wishes to establish.]

- B. The school board will establish, by resolution, for each standing or ad hoc committee, the number of members, the term, and the charge or mission of each such committee. Standing committee members will be assigned in January of each calendar year. Ad-hoc committees will be formed as needed.
- C. The school board chair shall appoint the members of each standing or ad hoc committee and designate the chair thereof. While not required, the standard composition of the standing committees is:
1. The Finance and Facilities Committee includes the Board Treasurer and 2 other members.
 2. The Policy and Advocacy Committee includes the Vice Chair and 2 other members.
 3. The Governance Committee includes the 3 Board officers
 4. The Grievance Committee includes the Board Chair and negotiations committee. If the Board chair is also on the negotiations committee, the next two representatives in order would include the vice chair and then the treasurer.

IV. PROCEDURES FOR SCHOOL BOARD COMMITTEES

- A. All meetings of committees or subcommittees shall be open to the public in compliance with the Open Meeting Law, and notice shall be given as prescribed by law.
- B. A committee or subcommittee shall act only within the guidelines and mission

established for that committee or subcommittee by the school board.

- C. Actions of a committee or subcommittee shall be by majority vote and be consistent with the governing rules of the school board.
- D. The committee or subcommittee shall designate a secretary who will record the minutes of actions of the school board committee.
- E. The power of a committee or subcommittee of the school board is advisory only and is limited to making recommendations to the school board.
- F. A committee or subcommittee of the school board shall, when appropriate, clarify in any dealings with the public that its powers are only advisory to the school board.

10. **517 Student Recruiting**

517 STUDENT RECRUITING

I. PURPOSE

The purpose of this policy is to prevent school district employees from exerting undue influence for purposes of securing or retaining the attendance of a student in a school.

II. GENERAL STATEMENT OF POLICY

- A. It is the policy of the school district to encourage employees to make available to all interested people information regarding the school district, its schools, programs, policies, and procedures. The purpose of such activity is to assist in the process of fully informed decision making regarding school enrollment and to enhance the visibility and image of the school district.
- B. At the same time, the school district recognizes that the scope of such activity is limited by statutory authority and bylaws of the Minnesota State High School League. Accordingly, it shall be a violation of this policy for employees to exert undue influence for purposes of securing or retaining the attendance of a student in a school or to compete with another school district for the enrollment of students.
- C. Employees are further prohibited from encouraging others to engage in such conduct on behalf of the school district.

III. DEFINITION

- A. The terms "undue influence" or "competing for enrollment" shall include initiating any oral or written contact with a student from another school district who participates in a school-sponsored sport or activity which solicits the student's transfer to participate in a sport or activity.
- B. The terms shall also include the awarding of tuition, allowance for board and/or room, allowance for transportation, priority in assignments of jobs, cash or gifts in any form, or any other privilege or consideration if not similarly available to all students.

IV. PROCEDURES

- A. The school board shall adopt, by resolution, specific standards for acceptance and rejection of applications for open enrollment. Standards may include the capacity of a program, class, school building, or the statutory limits to nonresident enrollment in a particular grade level, or whether the student is currently expelled for (1) possessing a dangerous weapon, as defined under federal law, at a school or school function; (2) possession or using an illegal drug at school or at a school function; (3) selling or soliciting the sale of a controlled substance while at school or a school function; or committing a first, second or third degree assault as described in state law. Standards for acceptance and rejection of open-enrollment applications are subject to the Graduation Incentives Program and may not include previous academic achievement, athletic or other extracurricular ability, disabling conditions, proficiency in the English language, previous disciplinary proceedings, or the student's district of residence.
- B. Employees who violate the provisions of the policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements, school district policies, and the bylaws of the Minnesota High School League, as

applicable.

11. 526 Hazing Prohibition

526 HAZING PROHIBITION

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of hazing is prohibited.
- E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.
- F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures. Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge. 526-2 Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.
- G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.
- H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the

student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Immediately" means as soon as possible but in no event longer than 24 hours. 526-3
- C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.
- E. "Student" means a student enrolled in a public school or a charter school.
- F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy, which can include self-reporting from a potential target or victim of hazing. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. 526-4 The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.
- C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.
- D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.
- E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.
- F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at ~~their~~ the building report taker's discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.
- C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe 526-5 to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to

appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

[Note: Proper reference should be made to the appropriate handbooks in each school district.]

- A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.
- B. The school district will develop a method of discussing this policy with students and employees.

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to allow the limited use and parking of motor vehicles by students in school district locations. The position of the school district is that a fair and equitable district-wide student motor vehicle policy will contribute to the quality of the student's educational experience, will maintain order and discipline in the schools, and will protect the health, safety, and welfare of students and school personnel. This policy applies to all students in the school district.

III. DEFINITIONS

- A. "Contraband" means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes, but is not limited to, weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," and other materials belonging to the school district, and stolen property.
- B. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent, or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- C. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g., to prevent violence, serious and immediate risk of harm, or destruction of evidence), and the age of the student.
- D. "School district location" means property that is owned, rented, leased, or borrowed by the school district for school purposes, as well as property immediately adjacent to such property that may be used for parking or gaining access to such property. A school district location also shall include off school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

IV. STUDENT USE OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

Students generally are not permitted to use motor vehicles during the school day in any school district location. Students may use motor vehicles on the high school campus[es] during the school day only if there is an emergency and permission has been granted to the student by a building administrator to use a motor vehicle. Students are permitted to use motor vehicles in school district locations outside of the school day only on the high school campus[es].

V. STUDENT PARKING OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

- A. Students are permitted to park in a school district location as a matter of privilege, not of right. Students driving a motor vehicle to a high school campus may park the motor vehicle in the parking lot designated for student parking only. Students will not park vehicles in driveways, on private property, or visitor parking stalls.
- B. Students are required to purchase a parking permit and register (make/model/color/license plate) all vehicles with the high school office. Parking permit must be hanging on rear view mirror and visible during school hours.
- C. When there are unauthorized vehicles parked on school district property, school officials may:
 - 1. move the vehicle or require the driver or other person in charge of the vehicle to move it off school district property; or
 - 2. if unattended, provide for the removal of the vehicle, at the expense of the owner or operator, to the nearest convenient garage or other place of safety off of school district property.

VI. PATROLS, INSPECTIONS, AND SEARCHES

School officials may conduct routine patrols of school district locations and routine inspections of the exteriors of the motor vehicles of students. In addition, the interiors of motor vehicles of students in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule.

A. Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

B. Search of Interior of Student Motor Vehicle

The interiors of motor vehicles of students in school district locations, including glove or trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle under the student's control or its compartments upon the request of a school official.

C. Prohibition of Contraband and Interference with Patrols, Inspections, Searches, and/or Seizures

A violation of this policy occurs when students store or carry contraband in motor vehicles in a school district location or interfere with patrols, inspections, searches, and/or seizures as provided by this policy.

D. Seizure of Contraband

If a search yields contraband, school officials will seize the item and may turn it over to legal officials for ultimate disposition when appropriate.

E. Dissemination of Policy

A copy of this policy will be available in the student handbook or disseminated in any other way which school officials deem appropriate.

VII. DIRECTIVES AND GUIDELINES

The superintendent is granted authority to develop and present for school board review and approval reasonable directives and guidelines which address specific needs of the school district related to student use and parking of motor vehicles in school district locations, such as a permit system and parking regulations. Approved directives and guidelines shall be attached as an addendum to this policy.

[Note: Some school districts may choose to allow students to parking their cars in school district locations, such as designated student parking lots, by permit only. Such a permit system can be used to assist in the dissemination and enforcement of the motor vehicle policy. For example, school districts instituting a permit system can advise students who apply for a permit that the motor vehicle policy exists and that their student motor vehicles are subject to inspection and search by school officials. An acknowledgment form, such as the sample attached to this policy, can then be utilized to document the notice given and the student's receipt of the policy.]

[Note: If a school district institutes a permit system and intends to charge students a fee for parking permits, the procedures in Minnesota Statutes section 123B.38 must be followed before the fees are implemented.]

VIII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to withdrawal of parking privileges and/or to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion. In addition, the student may be referred to legal officials when appropriate.

Repeated violations are subject to vehicle being immobilized/use of a car boot. Additional fees will be required to remove car boot. Vehicle may also be towed at the owners expense.
