PUBLIC PARTICIPATION IN BOARD MEETINGS

1. Time is set aside on the Board's meeting agenda for Citizen Comments at Regular Board Business meetings. The purpose of this specified time frame is to encourage public involvement in its school district and at the same time allow enough time for the Board to conduct the necessary business for which it is legally responsible.
2. A group of visitors with a common purpose should designate a spokesperson for the group.
3. Discussion or presentation concerning a published agenda item, other than announced items, is limited to its designated place on the agenda, unless otherwise authorized by the chair.
4. A visitor may introduce a topic not on the published agenda. However, the Board of Education, at its discretion, may require that a proposal, inquiry, or request be submitted in writing and reserves the right to refer the matter to the administration for action or for study and to report at a subsequent meeting. The Board shall make a decision at the meeting where information is presented only if the issue is considered an emergency by the Board.
5. At the discretion of the Board chair, when meetings are large or controversial, anyone wishing to speak before the Board, either as an individual or as a member of a group, on any agenda item or other topic, may do so by providing information to the board secretary on a citizen comment card prior to the meeting. This will help the chair provide adequate time for each agenda item and remain within the established time frame.
6. Statements by members of the public should be brief and concise. The chair may, at his/her discretion, establish a time limit on discussion or oral presentation by a visitor on any topic to ensure compliance with the established time frame.
7. Speakers may offer objective criticism of school operations and programs but the Board will not hear complaints concerning specific school personnel. The chair will direct the visitor to the appropriate means for Board consideration and disposition of legitimate complaints involving individuals.
8. These procedures will be published on the back of every Board meeting agenda.

PUBLIC COMPLAINTS AND COMPLAINTS AGAINST EMPLOYEES

Complaints are handled and resolved as close to their origin as possible.

Although no community member will be denied the right to petition the Board of Education for redress of a grievance, complaints will be referred through the proper administrative channels for solution before investigation or action by the Board. Exceptions are complaints that concern Board actions or Board operations.

The Board advises the public that the proper channeling of complaints involving instruction, discipline or learning materials is as follows:

1. Teacher;
2. Building principal;
3. Assistant superintendent;
4. Superintendent;
5. Board.

Any complaint about school personnel shall be submitted in writing to the employee's supervisor and will be investigated by the administration before consideration and action by the Board. The Board will not hear charges against employees in open session unless an employee requests an open session.

While speakers may offer objective criticism of operations and programs, the Board will not hear personal complaints concerning district personnel nor against any person connected with the school system. To do so could expose the Board to a charge of being party to slander and would prejudice any necessity to act as the final review of administrative recommendations regarding the matter. The Board chairman will direct the patron to the appropriate means for Board consideration and disposition of legitimate complaints involving individuals. When the complaint involves the superintendent, that complaint will be submitted in writing to the Board Chair and will be investigated by the Board.
