PUBLIC PARTICIPATION IN BOARD MEETINGS

1. Time is set aside on the Board's meeting agenda for Citizen Comments at Regular Board Business meetings. The purpose of this specified time frame is to encourage public involvement in its school district and at the same time allow enough time for the Board to conduct the necessary business for which it is legally responsible.
2. A group of visitors with a common purpose should designate a spokesperson for the group.
3. Discussion or presentation concerning a published agenda item, other than announced items, is limited to its designated place on the agenda, unless otherwise authorized by the chair.
4. A visitor may introduce a topic not on the published agenda. However, the Board of Education, at its discretion, may require that a proposal, inquiry, or request be submitted in writing and reserves the right to refer the matter to the administration for action or for study and to report at a subsequent meeting. The Board shall make a decision at the meeting where information is presented only if the issue is considered an emergency by the Board.
5. At the discretion of the Board chair, when meetings are large or controversial, anyone wishing to speak before the Board, either as an individual or as a member of a group, on any agenda item or other topic, may do so by providing information to the board secretary on a citizen comment card prior to the meeting. This will help the chair provide adequate time for each agenda item and remain within the established time frame.
6. Statements by members of the public should be brief and concise. The chair may, at his/her discretion, establish a time limit on discussion or oral presentation by a visitor on any topic to ensure compliance with the established time frame.
7. Speakers may offer objective criticism of school operations and programs but the Board will not hear complaints concerning specific school personnel. The chair will direct the visitor to the appropriate means for Board consideration and disposition of legitimate complaints involving individuals.
8. These procedures will be published on the back of every Board meeting agenda.

Public Complaints* (Version 4)

Board members recognize that complaints about schools will be voiced by employees, students and patrons from time-to-time. When such complaints are made to a Board member, the Board member shall refer the person making the complaint to the superintendent or designee. A Board member shall not attempt to respond, review, handle or resolve such complaints as the individual board member has no authority to do so.

A complaint of *retaliation* against a student or a student's parent who in good faith reported information that the student believes is evidence of a violation of state and federal law, rule or regulation, should be made to the superintendent. After exhausting the local complaint process, the complainant may file an appeal with the State Superintendent of Public Instruction under Oregon Administrative Rule (OAR) 581-022-1940.

If the person making the complaint discusses the matter with the appropriate administrator, that administrator shall attempt to resolve the complaint or identify the reasons for not resolving the issue. In the event a complaint is not resolved within 10 working days at the building level, the complainant may file a written complaint with the superintendent. The superintendent will attempt to resolve the complaint. If the complaint remains unresolved within 10 working days of receipt by the superintendent, the complainant may request to place the complaint on the Board agenda at the next regularly scheduled or special Board meeting. Any written complaint bearing the signature of a district patron, which is presented to the Board, may be considered by the entire Board. A final decision shall be made by the Board within 20 working days from receipt of the complaint. The written decision of the Board will include the legal basis for the decision, findings of facts and conclusions of law.

Complaints against the principal may be filed with the superintendent. Complaints against the superintendent should be referred to the Board chair. The Board may refer the investigation to a third party.

Complaints against the Board as a whole or individual Board members should be made to the Board chair and may be referred to district counsel. Complaints against the Board chair may be made directly to the Board vice chair.

Complaints alleging violation of state standards for public elementary and secondary schools shall be made in writing and presented to the superintendent. If a complaint alleging a violation of state standards or a violation of other statutory or administrative rule that the State Superintendent has appeal responsibilities, and is not resolved at the Board level, the district will supply the complainant with appropriate information in order to file a direct appeal to the State Superintendent as outlined in Oregon Administrative Rules (OAR 581-022-1940).
