109TH LEGISLATURE, 1ST SESSION

WHAT IS YOUR ROLE?

Over the past few years, the Legislature has increasingly inserted itself into both the boardroom and the classroom. Decisions that have traditionally been left to local boards or the State Board of Education have been centralized at the State Capitol. In addition, the past years have seen an increase in efforts to divide public K-12 education and foster distrust between local boards and their constituents. There are things you can do:

- **Advocate for Local Control:** Talk to lawmakers about impactful decisions and how important it is that decisions remain local. Continue advocating for local control over local decisions. Let us help you!
- **Build Trust:** Share your decisions with your constituents. Celebrate your successes! Show lawmakers and constituents your commitment to transparency. Use your meetings to educate your public on the decisions you are making.
- **Share Your Story:** No one is more qualified to talk about your school district, your community, and your needs related to providing a quality education than you!

DID YOU KNOW: 79% of Nebraska's 1,700 locally elected school board members serve at or within 100 miles of where they graduated ... with 51% serving IN the district they graduated from. As a school board member and community leader, you are in an excellent position to educate and influence the legislative process and are seen as a key resource on education policy for your district.

We encourage all boards to include a legislative update as part of each meeting and to discuss/share key legislative information within your community. Advocacy is year-round, not just during the session. The Nebraska Association of School Boards is the only state organization created by school board members to represent the interests of school board members.

Your Association's legislative agenda is initiated each year with the submission of local board proposals.

The NASB Legislation Committee reviews all proposals, and then submits its recommendations to the NASB Board of Directors.

The Board can then review and amend the submissions before presenting them to the NASB Delegate Assembly.

The Delegate Assembly gives each member school district a voice in shaping the agenda of NASB.

Standing Positions remain in effect until they are repealed by the Assembly.

WHAT DOES THIS REPRESENT?

The narrative you read inside the pages of this book represents a set of belief statements which direct NASB's government relations efforts. These words guide our lobbying efforts at the State Capitol and the State Board of Education, as well as with our representatives in Washington, D.C.

While this work characterizes an effort to describe an issue or condition to be addressed, rarely is a bill written in such plain language. Legislative bills are a blend of several ideas (or perhaps a promising idea and a substantial price tag). NASB determines its stance on a bill with the Legislation Committee who offers guidance taking into consideration the technical and political aspects of a bill needed to navigate the turbulent amendment process.

BELIEF STATEMENTS FOR
AN EFFECTIVE BOARD

S-1 — Board Development - NASB encourages boards of education to take part in board in-service and development programs and to budget funds for such programs. (1995)

S-2 — Board Recognition - NASB believes the service of school boardsmanship is fundamental to participatory democracy and deserves recognition collectively and individually from state and local communities. (prior to 1995)

S-3 — Business and Education Partnerships - NASB encourages boards of education to develop mutually beneficial partnerships with business to ensure mutual understanding and cooperation. (1995)

S-4 — Collaborative Services to Youth - NASB urges collaborative linkages between schools and other public and private agencies that serve children. (prior to 1995)

S-5 — Leadership Team - NASB believes that each board of education should create an administrative leadership team, which should include all supervisory and managerial employees including the superintendent and board members. (prior to 1995, amended 2007)

S-6 — Parent Involvement - NASB urges boards of education to support partnerships between parents and schools that encourage parent involvement in the education process. (1997)

S-7 — Policy - NASB considers it imperative that boards of education adopt clearly defined, flexible policies after input from the administration, parents, employees, and other interested parties. Policies, based on a clear understanding of the education process, should be thoroughly reviewed annually. The execution of policy is the responsibility of professional administrators and staff. (prior to 1995)

S-8 — Use of Accountability Data for School Improvement - NASB supports using school accountability data to determine potential strategies/resources for helping schools improve. We support the concept of growth or learning mindset which suggests that school effectiveness is assessed as an improvement process. Our perspective is that all schools in Nebraska are important and have opportunities to become more effective as quality educational systems. (2020)

CONDITIONS OF CHILDREN

S-9 — Abuse of Alcohol, Tobacco, & Other Drugs - NASB supports efforts by boards of education and state and national officials to strictly enforce policies regarding the sale, use or possession of illegal drugs including methamphetamine, marijuana, THC products and synthetic equivalents of THC and marijuana, alcohol, tobacco, nicotine products, vapor products (including e-cigarettes), and any products intended by appearance or effect to replicate tobacco products on school property. The designation of "drug free zones" near schools is also urged. (prior to 1995, amended 2015)

S-10 — At-Risk Students and the Achievement Gap - NASB recognizes that there are many children and youth who are experiencing special difficulties in achieving high education standards. NASB supports increased funding to help close the gap in educational opportunity and educational achievement, and urges boards of education to work with, and obtain increased funding from the state Legislature, as well as state and federal education agencies to assist at-risk children and youth in making adequate educational progress. S-12 — Early Childhood Education - NASB supports quality early childhood education programs accessible to all children and advocates programs that provide age-appropriate activities to prepare children for school. (prior to 1995)

S-13 — Enrollment Option; Homebound Students - NASB supports legislation stating that when an option student becomes homebound, the school district in which the student resides assumes full responsibility for educating the student. (1998, amended 2016)

S-14 — Enrollment Option Limitation - NASB supports legislation returning option students to the resident school district if the option district must contract with another school district or agency for the educational services needed by the student. (1996, amended 2016)

S-15 — Liability for Medication Administration - NASB supports legislation that would limit the liability of a school district and school district representatives for the administering of prescription medication to students. (1999, amended 2013, 2016)

S-16 — Mental & Behavioral Health - NASB will support legislative efforts to provide services related to mental and behavioral health to school-age children across Nebraska. (2018)

S-19 — Statewide Poverty/Trauma Funding - NASB recognizes the growing number of public school students across the state that are living in impoverished conditions and/or with traumatic experiences. NASB supports the use of research-based science to strengthen policy, program design and funding that targets those impacted by persistent poverty and/or trauma. (2017)

S-20 — Student Discipline - NASB opposes legislative mandates related to student discipline. NASB supports student discipline as an essential, mutual responsibility of parents, teachers, and administrators, with final responsibility resting with school boards. (1999, amended 2019)

CURRICULUM & INSTRUCTION

S-21 — Access to Equal Education Opportunities - NASB supports equal educational opportunities for all students, regardless of their race, wealth or family circumstance, and urges the Legislature, the State Department of Education, and boards of education to remove all barriers that may prevent any child from having full access to such education opportunities. (1995, amended 2009)

S-22 — Achievement Test Score Use - NASB opposes the use of test scores for the comparison of school districts or for the ranking of schools. (1998)

S-28 — Student Expression - NASB supports the authority of the local boards of education and school administration to regulate the content of school-sponsored publications and curriculum. (1997, amended 2009)

S-29 — Support of Early Childhood Programs in the Community - NASB will support early childhood education programs at the community level, which may include redefining economic development programs to include early childhood infrastructure development for communities and will support early childhood programs as an element in community comprehensive plans. (2018)

S-30 — Technology - NASB supports equal access to current technology for all school districts so they may engage all students in the curriculum, to equip them for an increasingly technological society and job market, and to provide them greater access to education services. (prior to 1995)

FUNDING & FINANCE

S-31 — Accounting of Funds - NASB supports transparent accounting and full disclosure of all funds received and expended for public education consistent with federal regulations. (2005)

S-32 — Budget Lid: Growth Factor - NASB supports legislation which would establish an education expenditures “growth factor” which reflects the actual cost of providing a public education for school districts, learning communities, and ESUs. (2001, amended 2008)

S-33 — Compensation for Statewide Standards & Assessments - NASB supports adequate funding to compensate school districts/ESUs for the cost of implementing and managing the statewide learning standards and assessments. (2008, amended 2009, 2013)

S-35 — Elimination of Expenditure Limitation - NASB supports legislation eliminating the limitation on general fund expenditures. (2000, amended 2011)

S-36 — ESU Core Services Funding - NASB supports legislation to adequately fund Educational Service Units in a manner that allows successful implementation of statewide educational initiatives that are developed by law in conjunction with the Nebraska Department of Education. (2009, amended 2015)

S-37 — Expand use of Qualified Capital Purpose Undertaking Fund - NASB supports the expansion of the Qualified Capital Purpose Undertaking Fund to include modifications for student and staff security including cyber security. (2015)

S-38 — Financing Capital Improvements - NASB supports adequate funding for school districts and ESUs for maintenance or replacement of our rapidly deteriorating facilities. (1997, amended 2015)

S-39 — Fiscal Policy - NASB believes the Governor and Legislature must work together to create fiscal policy that will adequately fund public education statewide based upon the needs of students and not driven by a pre-set allocation of funds for education regardless of need. Nebraska demographics and student needs are dynamic, as are the changing education standards required to be competitive nationally and internationally. To meet this challenge, fiscal policy would be built upon a broad base with the lowest possible rates to provide stability in the tax base and revenue stream, provide local government with the tools to generate adequate financial resources, yet equalize financial support

among taxpayers, and assure the principle of uniform assessment. (prior to 1995, amended 2009)

S-40 — For-Profit Entities Operating in Tax-Exempt Zones - NASB supports legislation to ensure equitable tax payments by for-profit business ventures operating on publicly owned or otherwise exempt property. (2003)

S-41 — Funding of Mandated Programs - NASB urges full funding by the state and federal governments at statutory levels of all programs, standards, activities, and services mandated to public schools and ESUs by the Legislature and Congress, and further urges that any unfunded mandates allow authority for supplementary appropriations or outside levy lid funding. (1997, amended 2012, 2017, 2019)

S-42 — Funding: School District Infrastructure, Site Purchases and Building Operating Expenses - NASB supports legislation that would provide an alternative to property taxes for financing facility development, maintenance, and operation. (2003)

S-43 — General Fund Reserve Limit Exception - NASB supports legislation that would not allow school districts to be penalized or state aid to be adjusted, to a school disadvantage, when any type of error or correction is made in calculating the state aid formula. (1999, amended 2016)

S-44 — Including Gifts, Donations, or Foundation Funds as Receivables - NASB opposes the inclusion of gifts, endorsements, donations, or foundation expenditures that are not regular operating expenses in the calculation of receivables in the state aid formula. (2000)

S-45 — K-12 School Trust Land and Permanent School Fund - NASB opposes any action that would reduce the assets, or the value thereof, of the school land trust or diversion of the Permanent School Fund. (prior to 1995, amended 2010, 2024)

S-46 — Legislation Implementation - NASB supports the concept that any legislative bill that limits financial resources, or requires additional financial resources, is done within a timeframe that will not negatively affect the school's ability to prepare their budget. (1997, amended 2015, 2017, 2019)

S-47 — Legislative Review of Statutory Deadlines - NASB urges legislative review of the conflicting mandatory deadlines that affect school revenues and expenditures. (2011)

S-49 — Property Tax Reform/Relief - Any legislative discussion on property tax and distribution of state aid should include participation from school board and ESU board members. (2015)

S-50 — Reset the Revenue Lid - NASB supports legislation requiring the Nebraska Department of Education to recalculate the revenue lid to add the amount of the special education reimbursement, or alternatively, to not include the special education reimbursement in the revenue restricted by the lid. (2024)

S-51 — Revenue Reductions for School Districts Affected by Property Valuation Losses - NASB supports legislation that would create a hold harmless effect for districts which experience a decrease in valuation. (2004)

S-52 — School District Options in Dealing with Large, Unanticipated Revenues - NASB supports legislation giving school boards options in dealing with large, unanticipated revenue increases in order to minimize fluctuations in state aid. (2000)

S-53 — School and ESU Funding Must Be Predictable and Sustainable - Notwithstanding any current standing position or resolution, the NASB would consider the support of a school/ESU funding proposal only if it could be demonstrated to be predictable, sustainable, and it does not encroach on local control as defined by the locally elected school board or ESU members. (2024)

S-54 — Special Building Fund Tax Levy Exclusion - NASB supports amending the Nebraska Statutes that address budgeting and spending lid restrictions to allow school districts the ability to utilize up to fourteen cents of the Special Building Fund tax levy outside of the budgeting and spending lid restriction so that districts can plan for and fund capital improvement projects, building repairs and upgrades, and school district infrastructure needs. (2007, amended 2020)

S-55 — State Funding System - NASB supports a stable, predictable, equitable, and adequate statewide education funding system that honors the Legislature's commitment to provide for free instruction in the common schools of this state, as guaranteed by the Nebraska Constitution, by prioritizing education funding in the state budget, and that:

- Invests in the education of all Nebraska public school children;
- Establishes a state fund or funding mechanism that assists Nebraska public schools with the costs of maintaining and constructing facilities;
- Reduces our dependence on local property taxes by drawing revenue from multiple funding sources;
- Promotes the responsibility of locally elected school boards to make sound, transparent school budget decisions;
- Provides funding in a timely and predictable manner;

- Includes the principle of equalization;
- Funds the total excess allowable costs for special education and support services; and
- Recognizes that a long-term solution to education funding will require an ongoing, collaborative effort to execute a vision and strategic plan to grow and diversify our economy. (1997, amended 2009, 2018)

S-56 — Use of a Uniform Valuation Calculation to Determine Local Resources and State Aid - NASB supports a property tax assessment system that utilizes uniform accounting practices to determine the property valuation number from which local and state officials can calculate both the local resources available to fund schools from property taxes, and the resulting calculation of state aid payments to school districts. (2003)

S-57 — Vouchers and Tax Credits - NASB opposes any attempt to amend or circumvent the Nebraska and United States Constitutions to permit the use of public funds for the support, either direct or indirect, of schools not controlled by the public at large. NASB opposes any state or federal legislation allowing either tax credits or vouchers for children, or the parents or guardians of children attending nonpublic schools, or donors to scholarship funds for non-public education. (prior to 1995, amended 2020)

GOVERNANCE & STRUCTURE

S-58 — Accountability - NASB believes that boards of education are accountable to students, parents, taxpayers, and employees for providing education programs, striving for education excellence, identifying education needs, adopting clearly defined written policies, measuring the success of instruction programs, and interpreting and disseminating information to the public through a public relations plan. S-62 — Charter Schools - NASB believes that any charter schools, or the like, involved with any aspect of K-12 education be authorized by a public school district, be located within the boundaries of such public school district and be accountable to the authorizing district for their student achievement, finances and operations. (1998, amended 2015)

S-63 — Duties of Schools - NASB believes that the primary function of Nebraska schools should be the education of students and that the Legislature should be discouraged from placing duties on school districts which are not directly related to education. (prior to 1995)

S-64 — E-meetings - Fully-Implemented or Partial Allowable Attendance - NASB supports legislation which allows for school board members to participate in school board meetings via electronic means while still maintaining a quorum when necessitated for the health and safety of the board and public. Virtual meetings cannot impede the public's ability to participate. (2020)

S-65 — Educational Service Unit Governance - NASB supports governance of ESUs by elected boards and supports local determination of specific mechanisms of that governance. (2005)

S-66 — Educational Service Unit Reorganization - NASB supports the continuation of ESUs as an effective means of delivering educational services to school districts and their students. Any reforms would provide for a statutory hold harmless provision in the distribution formula for Core Service funding when an Equity Unit reorganizes with any other ESU, and must be mindful of ESUs' essential role of delivering direct services and being responsible to the local school districts they serve. (2004, amended 2005)

S-67 — Interactive Remote Communication Technology (Televideo) - NASB urges the legislature to provide updated rules and procedures so patrons are able to readily testify at legislative hearings via televideo (interactive remote communication technology) on a regular, ongoing basis to allow for a more equitable opportunity for the public to participate in the legislative process. (2017)

(2023)

NASB favors cooperation between school districts as well as ESUs to remove all barriers and penalties to promote orderly and voluntary reorganization into more efficient governing and administrative units to best serve the educational needs of Nebraska's children. (prior to 1995, amended 2008, 2015, 2017, amended 2019)

S-70 — Personal Liability - NASB opposes unnecessary laws which make individual members of a governing board of a political subdivision personally liable for damage judgements which result from lawsuits filed against the political subdivision. (prior to 1995, amended 2015)

S-77 — Compensation - NASB will support a concept of compensation for teachers which is not based solely upon the experience and education attainment of teachers as found on standard salary schedules. (1995)

S-78 — Criminal Background Checks - NASB supports legislation which would aid public schools and ESUs in obtaining criminal background history information on prospective and current employees, and personnel provided through any contract service provider or anyone working on school property. (1999, amended 2006)

S-79 — Employee Bonuses and Incentives - NASB supports legislation creating a comprehensive plan to recruit, retain and reward highly qualified individuals for teaching professions throughout the state, including offering incentives to encourage employees to sign a contract of employment. S-81 — Medical Insurance - NASB supports the concept of exploring alternatives to the costs of health insurance for the purpose of assuring the greatest allocation of our financial resources to education programs and services for children. (prior to 1995, amended 2003)

S-85 — Staff Development and Evaluation - NASB supports in-service training, enrichment programs, and continuing education for professional staff. Regular evaluations of performance, competency in the subject areas, and demonstrated ability to instruct or manage, in part as shown through student performance, should be conducted to promote professional growth. (1995)

STATE POLICY

S-86 — Advisory Groups - NASB requests that there be board of education representatives on all government commissions, councils, and committees which could have an impact on local school district policy or finance. (1995)

S-87 — Choice and Affiliation - NASB supports the concepts of choice and affiliation among public schools as a means to maximize education opportunity. NASB believes any such program should result in the least amount of disruption and uncertainty for the affected school districts. (1995)

S-88 — Constitutional Rights & Responsibilities - NASB, and school board members, fully supports the U.S. Constitution and the rights and responsibilities embodied within it. NASB therefore supports education and behavior that teaches and models expression of these rights and responsibilities. (2009, amended 2015)

S-89 — Corporate Sponsorships in Schools - NASB opposes restrictions on school districts' ability to exercise their best judgment in entering into corporate sponsorship agreements. (2004)

S-90 — Educational Service Units - NASB supports Educational Service Units as an effective and efficient means to provide educational services to local school districts. ESUs should be responsible to the local school boards they serve. (1997)

S-91 — Guiding the P-16 Effort: 21st Century Skills - NASB urges state and local policymakers to forge a new working relationship in redesigning Nebraska's public education system for the 21st century, with a focus on improving student achievement and holding each level of the system accountable, from preschool through post-secondary education or training, in a manner that:

- Promotes multi-level communication and interaction between all P-16 partners to enhance student academic success;
- Offers all students a rigorous developmentally-appropriate curriculum designed to opportunities and choice, regardless of the post-secondary path they choose;
- Engages the assets of the full community;
- Utilizes data and technology to individualize education for students and to incorporate new learning into the design;
- Closes the achievement gap by focusing on quality teaching and learning opportunities;
- Implements standards-based education fully in a seamless curriculum, so one level of the system builds on the next and the end result is known and understood from the beginning;
- Provides sufficient resources that are adequate and sustainable at every level of the system to meet the challenge, resisting unfunded or underfunded mandates; and
- Preserves the ability of local school boards and their communities to address local needs and challenges in a flexible manner using a variety of options. (2009, amended 2016)

S-92 — Independent School Districts - NASB supports the independence of established PK-12 school districts and also supports the cooperation and equalization of opportunity among school districts within learning communities. NASB believes that any legislation introduced impacting school districts or learning communities should seek to give districts and learning communities equalized resources. Any legislation should also allow these independent districts to maintain their right to governance, district curriculum, and the allocation of resources. (2006, amended 2013)

109TH LEGISLATURE, 1ST SESSION

S-93 — Local Control for Public PK-12 Schools - NASB believes public PK-12 systems should be organized to serve communities throughout Nebraska without arbitrary size limits or a single model, which would not fit our state's varied communities. NASB opposes legislating arbitrary size limits and will work to remedy such limits currently in statute. (2006, amended 2013)

S-94 — Local District Advocacy - NASB supports the right and obligation of local school districts to advocate for legislative action that impacts their individual interests. (1996)

S-96 — Nonpublic Schools Standards - NASB believes that nonpublic schools should have the same state standards as the public schools, including school approval, accreditation, teacher certification and endorsement, and safety standards. (prior to 1995)

S-97 — Policy Leadership & Vision on the Future of Nebraska's PK-12 Schools - NASB supports efforts to bring policy makers of the executive and legislative branches, educators, school boards, learning community coordinating councils, and ESU boards, and citizens together to determine the best course for the future delivery of PK-12 education to the students of the state. NASB boards emphasize increasing student achievement through governance structures that are clear, efficient, and controlled by the local district. (2003, amended 2008, 2010, 2013)

S-98 — Voting Higher Than a Simple Majority - The NASB firmly opposes any legislation that mandates a voting threshold higher than a simple majority for passing any issue presented to voters by a school district or ESU. We believe that requiring anything more than a majority vote undermines the democratic process and places undue barriers on the ability of school districts or ESUs to address critical needs and make decisions that reflect the will of the community. Reunification Flow Chart

Reunification Plan

In the event that we should have to evacuate one or more of our buildings, and will be unable to reunite students with parents on school grounds, we will use the following plan to facilitate reunification.

The following procedures can be used regardless of our reunification site.

Prior to beginning evacuation and reunification:

Approval given by Central Office, either Superintendent or Asst. Supt.
Notification made to communications and transportation if applicable

Process for reunification:

- Parents will follow signage directing them to the parent entrance (East main entrance) of the reunification facility, parents will be met by greeters who will explain the reunification process, distribute reunification cards, and direct parents to the check in table.
- Parents will bring their completed cards to the check in table (banquet hall) and will be informed if their child has arrived at the site, parents of children not yet at the reunification site will be sent to a waiting area, separate from the reunification entrance until their children have arrived. For parents whose children have arrived at the site, they will be directed to the reunification area (North end of Banquet Hall). Checkers should keep the forms of the parents in the waiting area and match them up each time a new set of students reaches the reunification site.
- Runners will take the top portion of their reunification card and will take the child from the student holding site to the banquet hall, NE entrance.
- The runner reunites the parent and the child, completes the bottom of the card and will return the card to the IT personnel logging information at the reunification exit.

Process for checking in:

- Spreadsheet to be created to log check in/check out process. Fields to include student last name, first name, parent check in, and parent check out.
- Check in desk will be notified of all students and staff upon arrival to the reunification site. It is the responsibility of the adult (teacher) to have their attendance on paper so that it may be sent directly to the front desk upon arrival.

- Label check in lines at the desk along with Reunification area and checkout area.
- Have a location for parents to wait as their students may have not yet arrived
- Greeters will help to organize lines and distribute reunification cards.
- Parents check in and either move to the waiting area.
- Runners will get students and return them to parents.
- Portable PA system may be used by announcer to inform parents of latest developments

PA system set up if appropriate

Counselors and first aid will be available as needed

Designate crisis response room (conference room off of main entrance)

Work with site director to designate a room staffed by members of CRT

Send parents who need extra attention to the designated response room (Side Room)

Reunification kit to include:

Pens

Signs for Check In, Waiting Area, Reunification Exit, Parking

Responsible for collecting the student and staff attendance sheets as the students enter the holding area. Sheets should be sent to the check in table immediately.

Student Organizers(Teachers)- Teachers will have students organized and placed as directed by the Student Holding Site Coordinator (principal). Teachers should have their written attendance available as they enter the reunification site and should give that attendance to the Student Holding Coordinator immediately upon arrival at the reunification site. Students should remain with their teacher until reunified, if a student is in distress or has reason to leave the line, they should be escorted by additional staff.

IT- Responsible for setting up spreadsheet and helping to log in information about check in and reunification.

Screen/Assess Gather Initial Information

Preliminary Considerations

Assessment of Immediacy of Threat and Accessibility of Person/Object of Focus

- Nature and intensity of threat posed.
- Nature of the contact behavior
- Is the subject identifiable? Subject factors.
- How is the subject acting now?
- Is there a presence of precipitating stressors for the subject?
- Does the subject have the means to carry out the threats?
- What is the subject's proximity to the person/object of focus?
- What information is still required to properly assess the situation?
- What other agencies should be made aware of this situation?
- Initial steps for protective actions.

Screening Considerations:

- Behavior of concern is isolated and not part of a pattern of behavior.
- Behavior of concern is a nuisance activity in nature with no threatening or intimidating activity.
- Threatened behavior or behavior of concern is vague and indirect.
- Information contained with the communicated threat is inconsistent, implausible, or lacks detail.
- Content related to the behavior of concern suggest the person is unlikely to carry it out.

Risk Factors

Patterns of contacts

- Indicators of Intensity of Effort, (i.e. multiple prior contacts).
- Escalation of behavior or language

Expression of Violent Intention

- Leaking (telling friends, family, etc. about plans to attack)
- Threats expressed or simulated in written, electronic, audio, or video form announcing threats or plans to hurt others.
- Rehearsal of fantasy activity (journal, social media, drawings, video)
- Hit list?
- Details provided, how will act be accomplished?
- Recruiting others to assist with the act.
- Evidence of attack-related behaviors.
- Capacity to carry out the threat.

Mention/Presence of Weapons

- Carrying a weapon (real or fake)
- Access to weapons
- Reported to have brought a weapon to schools

- Motives driven by mental health
- Seeking revenge for a perceived injustice
- Communication of desire for revenge

Contextual Factors

- Why now? Anniversary of an event
- Copycat effect

References to Prior Violence

- Unusual interest in targeted violence
- Research of prior acts of violence

Key Communication Content

- Describes/presents feelings of hopelessness or despair (including suicidal ideation or attempts)
- Losses, real or perceived
- Asserts that violence is a solution to his/her problems
- Reflects anger, frustration in school essays or writing projects

Threatening Language

- Nature of the threat (Direct vs. indirect vs. conditional)

Assigning Level of Concern/Risk

Low Level-Behavior poses a minimal risk to the victim and school safety. Investigation suggest low potential for harm to the targeted individual, group or institution. No inappropriate approach to behaviors has been exhibited. Subject's interest can generally be considered a nuisance, non-threatening and non-dangerous.

- A non-threatening or nuisance statement found to pose minimal risk to the victim or public
- Threatened behavior or behavior of concern is vague and indirect
- Information contained within the communicated threat is inconsistent, implausible, or lacks detail.
- Threatened behavior not realistic or plausible.
- Content related to the behavior of concern suggest the person is unlikely to carry it out

Investigation suggests a moderate potential for harm or serious disruption to a targeted individual, group or institution. The subject can be considered to have threatening, inappropriate, or otherwise unusual interest toward a targeted person, and has exhibited the ability or interest to harm such person. Though immediate risk of harm or serious disruption is not likely after initial investigation management strategies are in place along with future monitoring.

- Subject suffers from mental illness and has a persistent grievance.
- Threatened behavior is more direct and more concrete than low level threat
- Communications suggest that the subject has given some thought to how the act will be carried out.
- There is no strong indication that the subject has taken preparatory steps
- Indications that the subject has demonstrated planning for carrying out the act
- Other behaviors of concern exist to suggest that the threatening statements or behaviors of concern are not in isolation.

High Level-Investigation indicates a likelihood of harm or serious disruption toward a targeted individual, group or institution. Further investigation is required. Imminent harm is possible. Immediate investigation is initiated with focus on obtaining collaborative data concern the subject's location, behavior and lethality. Additional steps necessary (contact law enforcement) to initiate safety measures.

Proclamation of September 2025 as Attendance Awareness Month

WHEREAS the nation is experiencing a school absenteeism crisis, brought on by the Covid-19 pandemic and other challenges that have eroded positive conditions for learning at school, including physical and emotional health and safety; a sense of belonging, connection and support; academic challenges and engagement; and adults and peers with social emotional competency, which motivate students and families to show up and engage,

WHEREAS reducing chronic absence (missing 10% or more of school for any reason) requires taking a comprehensive approach that starts with prevention and early intervention, including developing routines and trusting relationships that create a sense of belonging,

WHEREAS improving attendance and engagement takes schools, families, elected leaders and other community partners working together to rebuild regular and trusting communications and to identify and address barriers to being in school,

WHEREAS taking attendance daily in a caring, consistent manner is essential to identifying when students begin to miss too much school, and for engaging students and families, as early as possible, with needed support and resources,

NOW, THEREFORE BE IT RESOLVED that the Board of Education for the Ralston Public Schools recognizes September as "Attendance Awareness Month." We hereby commit to focusing on reducing absenteeism and addressing the factors that cause students to miss school in order to ensure all children an equitable opportunity to learn, grow and thrive academically, emotionally, and socially. We recognize that we must work together to build an engaging school environment that motivates attendance and sends the message that learning can and must continue.

Specifically, we will:

Engage students, their families, educators and the broader community in working together to identify and remove barriers to getting to school in our community and develop meaningful solutions that ensure all children and youth keep learning despite today's many challenges.

- 1. Continue to provide information and data to our families and students regarding the correlation between regular consistent attendance and academic success.*
- 2. Affirm the importance of showing up and engaging in school and discuss with students and families what is needed to make showing up to school worthwhile.*
- 3. Advocate for the monitoring and intervention for students identified as being chronically absent from school. This includes supporting our student services department and specifically our social worker, counselors, principals and staff in contacting families with chronically absent students and providing the resources available to improve attendance.*

EVERY DAY COUNTS IN RAM NATION *ATTENDANCE TOOLKIT*

Welcome to the "Every Day Counts, In Ram Nation" Toolkit!

This toolkit is designed to provide you with everything you need to communicate the value of good attendance to our families. As a district, this is a unified effort. The Communications Team is providing the materials, but it's the collective voice of our teachers, secretaries, administrators, and staff that will truly make this message resonate. We want our families to know that every day a student is in school, it's an opportunity to learn, grow, build relationships and access support.

The toolkit below contains:

Building specific social media graphics.	Customized attendance certificates
Print-ready 11 x 17 posters	Handouts and newsletter scripts
Graphics for social media with pre-written captions.	

All of these resources are designed to help you and your school team easily and effectively share our campaign's message with families.

[Every \(Mascot\) Every Day! \(Spanish Version\)](#) - We are stronger together! Share your building's graphic on social media and in newsletters with a message that Every Day Counts, In Ram Nation!

[Awesome Attendance Award Certificate](#) - These can be used to celebrate students who have achieved perfect attendance, significantly improved their attendance, or consistently demonstrated their commitment to being in school.

[11 x 17 Posters](#) - We encourage you to place these posters in high-traffic areas like front offices, hallways, and near entrances.

Handouts & Newsletter Scripts

1. [Pay Attention to Attendance \(Spanish Version\)](#)- (For Elementary) Let's Build a Habit of Good Attendance! Did you know that building the habit of good attendance starts in preschool and kindergarten? Missing too many school days early on can make it harder for children to catch up. In fact, missing just two days each month can make it harder for a child to learn to read. Attending school regularly helps children feel better about school and themselves.
Being in school every day gives your child the opportunity to learn, make friends, and get the support they need. You are a crucial partner in this effort! A few simple things can make a big difference: set a regular bedtime and morning routine, pack backpacks the night before, and try to schedule appointments for times when school is not in session.
Together, we can ensure every day counts for your student!
2. [Pay Attention to Attendance \(Spanish Version\)](#) - (For Secondary) As your students get older, their attendance is still incredibly important. Even in middle and high school, families play a key role in making sure students access learning opportunities and understand why attendance is so important for success in school and on the job. Frequent absences can be a sign that a student is struggling with schoolwork, or dealing with other difficulties.
We encourage you to make school attendance a priority by talking to your teen about the importance of being in school and helping them maintain daily routines. Together, we can ensure every day counts for your student!
3. [Parent Flyer \(Spanish version\)](#) - Attending school every day is important for building good habits that will last a lifetime. It allows a student to be part of a community, learn and grow with friends, and build connections with teachers and other trusted adults.
We understand that everyone misses school sometimes, but regular attendance should be the goal. Missing even two days of school a month can disrupt routines and create a habit of missing school. Send your child to school every day so they get the full benefits of learning.
You can help by scheduling appointments and vacations when school is not in session, and by developing regular family habits to get your child to school on time.
Make EVERY day count!
4. [Wellness Checklist \(Spanish\)](#) - Sometimes it can be tough to know whether to send your child to school when they have a few symptoms. To help, we've

created a simple Wellness Checklist to guide you. Every day a student is in school is an opportunity to learn, build relationships, and access support—and we want to help you make the best decision for your child's health and their attendance.

When your student must stay home, please notify your school's attendance office by 8:00 a.m. We're here to help, and we hope they feel better soon!

5. [Why Attendance Matters \(Spanish Version\)](#) - We believe that every day a student is in school is a chance for them to succeed. This year, we're working together to help our families understand why attendance is so important for student success.

Missing even two days of school a month can create significant gaps in a student's learning and impact their success. Regular attendance also helps students feel connected to friends and teachers, which builds confidence and prevents feelings of isolation.

#EveryDayCounts

Build good habits, achieve greatness: Habits are the foundation of success!
Getting to school on time every day builds the consistency students need to
succeed, now and in the future. In fact, students who graduate from high school
have a higher earning potential, an increased likelihood of retaining employment,
and an increased likelihood of pursuing higher education. Small daily actions
lead to big achievements. #WeAreRamNation #EveryDayCounts

Stay on track, reach new heights: Regular attendance helps students learn
and grow academically to reach their goals. By staying on track now, they set
themselves up for success in high school, building a strong foundation and
avoiding the stress of catching up. The habits they build today are the skills they'll
use tomorrow, preparing them for the rigor of college and the expectations of a
career. #WeAreRamNation #EveryDayCounts

Prepared: Every class is an opportunity for your student to learn, grow, and
avoid falling behind. Missing class creates gaps in learning that affect grades and
long-term success. Students fall behind in reading and math, making it harder to
catch up. #WeAreRamNation #EveryDayCounts

Success: Your success is our priority in Ram Nation! Being in school regularly helps students build confidence and reach out for help when needed. Our teachers and counselors are here to support every student. #WeAreRamNation #EveryDayCounts

You Belong Here: School is more than just attending class. It's where students connect with friends, receive support from their teachers, and build their futures. School Day and Attendance on Days of Scheduled Activities

The school day schedule will be established on an annual basis by the Superintendent. No one shall deviate from this schedule without prior consent of the Superintendent. Please refer to student handbooks for official schedules. The time allotments for the various courses of study will be the responsibility of the principal.

Please refer to student handbooks for official requirements related to attendance and activity participation.

Where a school has a published time schedule for pupils' arrival and departure from school, neither the school district nor the teacher will assume responsibility for the welfare and safety of pupils who come to school before the beginning of the time limit set for arrival without special permission to do so. Likewise, the school district will not assume responsibility for the safety and welfare of students who return to the school site after being dismissed to go home, if the activity or play is not under supervision or direction of the school.

Wednesday nights have been set aside as home and family night. This action has been supported by parents and administrators over a period of several years. Whenever possible no major local school events are to be scheduled on Wednesday nights in school buildings other than those on Wednesday nights preceding recesses or vacations. Night sessions are to be interpreted as events which begin after 6:00 p.m. or which extend beyond 7:00 p.m.

Decisions on early dismissals shall be made by the Superintendent, or their designee. Most of these dismissals reduce the amount of time that pupils are engaged in educational activities and are, therefore, to be discouraged.

Parents should make arrangements for the care of their children in case of pre-announced early dismissals.

Teaching Controversial Issues

The ability to discuss, listen, and dissent are essential elements of responsible citizenship. The school district encourages students to develop skills in analyzing issues, respecting the opinion of others, distinguishing between fact and opinion, considering all pertinent factors in reaching decisions, and arriving at group decisions.

The definition of a controversial issue is any topic or problem on which there may be differences of opinion. Teachers may teach or lead discussions about controversial issues if they comply with the following criteria:

1. The issues discussed must be relevant to the curriculum and be part of a planned educational program.
2. Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
