## Budget Committee and Board Approved \_\_\_\_\_

### Corbett School District

A hybrid Budget Committee Meeting of the Board of Trustees and Budget Committee of Corbett School District was held Wednesday, April 22, 2026, beginning at 7:00 PM in the Corbett Middle School Cafeteria and via ZOOM-Owl. Board Members present in person were Leah Fredericks; Zachary Arndt; Sis Childs; Malinda Carlson and David Osborn. Ben Byers attended virtually and Dylan Rickert had an excused absence. Budget Committee members present in person were Krystina Robison, incoming Vice Presiding Officer; Patrick Murphy; Benno Lyon; Jennifer Bruton; Sara Grigsby and Amy Ciecko. Brad Hunter had an excused absence. Also present in person were Derek Fialkiewicz, Ed.D., Superintendent; Dennis Clague, CFO; Brie Windust, Business Office Assistant/ZOOM Moderator; and Robin Lindeen-Blakeley, Deputy Clerk/HR Lead. **NOTE:** The minutes are prepared to coincide with time scheduled matters and the numbering system of the agenda and is not necessarily the actual order of happenings at the meeting.

#### 1. CALL TO ORDER

Krystina Robison, Vice Presiding Officer, called the meeting to order at 7:01 p.m. and led the flag salute at 7:02 p.m. There were approximately 10 online attendees and two audience members.

#### 2. ELECTION OF OFFICERS

Krystina Robison, Vice Presiding Officer, opened the floor for nominations for Presiding Officer. At 7:03 p.m. this was repeated for online attendees.

Leah Fredericks reminded folks to use their microphones and if interested themselves to speak up.

Discussion about the experience of the budget committee members and processes.

Krystina Robison nominated herself for Presiding Officer and Leah Fredericks seconded.

The vote was unanimous.

Presiding Officer Robison opened nominations for Vice Presiding Officer.

Budget committee discussion on interest and role.

Benno Lyon nominated Amy Ciecko for Vice Presiding Officer and Leah Fredericks seconded.

The vote of the budget committee was unanimous.

#### 3. BUDGET CALENDAR REVIEW

Presiding Officer Robison brought attention to the budget calendar upcoming dates and timelines.

Questions regarding changes being incorporated from the Tax Supervising and Conservation Commission (TSCC) and deadlines.

Discussion regarding whether the committee attends the meeting on June 17 and Dr. Fialkiewicz suggested the budget committee be at that 7:00 p.m. meeting in the CMS cafeteria in case of any questions arising. The proposed document will be published on April 24 with Budget adoption by June 30 (hopefully before) to be in effect on July 1 and get final documentation to TSCC and the State by July 15.

Board discussion on website update for April 23 and future meetings/deadlines/timelines.

Dr. Fialkiewicz suggested there is one more Wednesday, May 13, if the proposed budget is still not approved.

**4. PRESENTATION OF BUDGET MESSAGE**

Dr. Fialkiewicz read the budget message in the agenda packet aloud and announced more detail regarding School Based Mental Health (SBMH) to follow.

7:26 p.m. Facilities and Maintenance - sentence deleted from document "An additional maintenance position will be added to assist with timely completion of facility maintenance."

7:32 p.m.

Dr. Fialkiewicz explained that the SBMH mental health grant was procured first year ahead and was to last through December 2027. Unfortunately, the federal government ended it without a lot of warning and it now is ending December 2026. So we are minimizing supplies to reallocate funds, so that the District can fund SBMH through all of next year.

Mr. Clague mentioned that documentation in the packet included last year's budget information and the one page summary for 2026-27 is based on SSF (State School Fund) is the primary source, Federal partner grants (both increases and decreases), Debt (principal and interest) from tax money collected, Capital Projects (keeping the \$250,000.00 from this year that was not used and budgeted for next year). Potential \$500,000.00 to BFB next year. Contingency can be used through resolution and UEFB is set in stone and takes a disaster to move out. Projected Special Revenue (RV) are grants projecting \$4.1 million with HS Success, Student Investment Account and PGE bus. Last year significantly more in Special RV because of a seismic grant that was a possibility, but we didn't get it, so it was taken out. It also included the bus grant. All Funds include salaries and benefits in the Requirements (mostly General Fund (GF) Instruction 1000). Dr. Fialkiewicz pointed out that estimates in the budget are based on low RV and high expenditures (XP).

Mr. Clague requested that questions be emailed to him to address is a whole and bring back next week.

8:12 p.m.

**5. BUDGET COMMITTEE DISCUSSION – Questions/Answers:**

What is the average class size?

Dr. Fialkiewicz said that K-1 in GS and K-2 at CAPS are around 24, lowest strategically. 3rd-8th about 32-33 and HS around 30. These are higher than what we would like but that is how we obtain revenue and hopefully class size will be gradually decreased.

\$350,000.- Beginning Fund Balance (BFB) but \$153,000. - current financial reporting?

Dr. Fialkiewicz answered that EFB doesn't include Contingency, so about \$275,000 difference, some of that in budget and expecting not to use through this school year given current projections.

What things could impact Contingency?

BFB is still an estimate and still no audit, payroll variance is also possible.

Mr. Clague is confident in BFB and fairly confident in Ending Fund Balance (EFB) from 2024-25. 2025-26 should hit the same.

Is there confidence in the BFB from the audit?

Mr. Clague replied yes.

Are there audit complications beyond the BFB?

Mr. Clague responded, not that he was aware of and no indication of issues, but should know by April 29.

No delays?

Mr. Clague assumed no anticipation. And we are current with PERS.

Dr. Fialkiewicz added that PERS reconciliation is up to date through February 2026 and now reconciling March 2026, which is normal processing.

Is audit separate from budget? Do we have to have a clean audit?

Dr. Fialkiewicz answered that it gives us a definite EFB for 2024-25 and BFB for 25-26.

Mr. Clague explained that ideally yes, we should have an audit done prior to the budget process.

Reiteration of the fact that the SBMH federal funds are threatened, and reminder for exposure for this year and next year's risk, and our ability to absorb into the GF.

Future considerations - do we cut supplies? Something else? Balancing to build EFB as well?

Dr. Fialkiewicz presumed we have to maintain the SBMH program from January 1-June 30, 2027, for priority to keep for the full year. Administrators agreed in their budget discussions to cut their supplies.

How does personnel issues with multiple full-time hires and rental of Corbett Commons fit in with the contract bargaining agreement (CBA) and facilities reconfiguration for SBMH? How will next year's CBA pressure the budget?

Dr. Fialkiewicz answered that the lease for Corbett Commons ended December 31, 2025. The CBA's for both unions end on June 30, 2026. We are negotiating one and starting the other, with up to three year terms. Best practice to have in place on July 1, but not necessarily so.

What is the "ask" for the basis for the negotiation?

Dr. Fialkiewicz said that COLA is allocated upwards in this document and that will be up to the Board for approval or find another way.. His focus is for next school year and the following year is for the new administration.

Any priorities for maintenance goals?

Dr. Fialkiewicz expressed that the back gym needs to be redone, so at this time a number one priority.

Is W-2/tax/PERS payroll department issues and how do they affect this budget process? Does it take into consideration the \$350,000.00 EFB?

Dr. Fialkiewicz said the business office is doing the work and the Superintendent has oversight. It didn't affect cashflow, as those funds were encumbered, but not reconciled. It is taken into consideration with the \$350,000.00 EFB.

Audit purpose? Look to see that our processes are meeting the law?

Mr. Clague said the audit looks at practices of the District, especially internal controls, how we manage dollars and the status of the District. The audit is the accounting key and rules used in bond financing approval.

Dr. Fialkiewicz added that audits are done yearly with suggested recommendations. It is hard to meet internal controls because of our small team.

Governor's Executive Order impact on instructional time considering our furlough days in 2024-25?

Dr. Fialkiewicz postured that as far as he can tell no. He will continue to look into it. Board/budget discussion on financial impacts.

Is our 1224 enrollment achieved? Anticipating for 26-27?

Dr. Fialkiewicz reported that at the beginning of this year we had 1212, and projected 1203 in our budget for 25-26. We are projecting 1200 for the beginning of next year.

Is the Capital Projects Fund used for the back gym project?

Dr. Fialkiewicz clarified that the Capital Projects Fund is not intended for maintenance but for renovation or new construction or a big project. Technology and facilities are up slightly in the General Fund (GF).

Board and budget discussion on particulars of sharing information and the reminder to not copy all in emails regarding further deliberations/questions. Send to Mr. Clague and Dr. Fialkiewicz.

6. AUDIENCE/PUBLIC COMMENTS – Suggestion to move this item before budget committee discussion for next week's meeting.

Tunie Betschart, Budget Analyst, contracted back to TSCC in 2025. She commented that they usually review the budget for errors and give feedback/correction. They oversee tax reviews and report to commissioners to certify budget law is being followed.

7:47 p.m.

Ms. Betschart added that the audit also makes sure that the actual state laws required for a budget are followed with a budget showing 23-24, 24-25 and current year for baselines.

Presiding officer Robison suggested reviewing and having questions for next week and helping spread the word.

6.1. Approval/Recommendations Action Item

Approve 2026-27 Budget and Appropriation of Funds as attached in the Budget Agenda Packet

Approve Levying Taxes as attached in the Budget Agenda Packet

No action was taken and no attachments in the Budget Agenda Packet.

7. ADJOURNMENT – The Budget Committee adjourned at 8:20 p.m.

7.1. Next Meetings: Wednesday, April 29 and May 6, 2026, if necessary

Wednesday, June 17, 2026, Public Hearing on the Budget

All meetings are at 7:00 p.m. in the CMS Cafeteria at Woodard Rd.

### Corbett School District

A hybrid Budget Committee Meeting of the Board of Trustees and Budget Committee of Corbett School District was held Wednesday, April 29, 2026, beginning at 7:00 PM in the Corbett Middle School Cafeteria and via ZOOM-Owl. Board Members present in person were Zachary Arndt; Sis Childs; Malinda Carlson; David Osborn and Ben Byers. Leah Fredericks had an excused absence and Dylan Rickert reported at 8:51 p.m. that he wasn't able to make it due to his return flight. Budget Committee members present in person were Krystina Robison, Presiding Officer; Patrick Murphy; Benno Lyon; Jennifer Bruton; Sara Grigsby; Amy Ciecko, Vice Presiding Officer and Brad Hunter. Also present in person were Derek Fialkiewicz, Ed.D., Superintendent; Dennis Clague, CFO; Brie Windust, Business Office Assistant/ZOOM Moderator; and Robin Lindeen-Blakeley, Deputy Clerk/HR Lead. **NOTE:** The minutes are prepared to coincide with time scheduled matters and the numbering system of the agenda and is not necessarily the actual order of happenings at the meeting.

1. Preliminary Business – The second meeting of the Budget Committee, a meeting to approve the budget which starts at 7:00 p.m. at CMS Cafeteria 31520 E Woodard Rd, Troutdale OR 97060

1.1. Call to Order/Flag Salute

Krystina Robison, Presiding Officer, called the meeting to order at 7:02 p.m. and led the pledge of allegiance to the flag. There were approximately 10 online attendees and two audience members.

2. Review and Acceptance of Agenda -Presiding Officer Robison went over the agenda order.

2.1. Approval for Extension of Minutes

Krystina Robison, Presiding Officer announced the approved extension of the Budget Committee Meeting minutes of April 22, 2026.

3. BUDGET REVIEW

Derek Fialkiewicz, Ed.D., Superintendent and Dennis Clague, CFO presented the Proposed Budget for 2026-27 and there was review/discussion on any changes identified through budget committee questions on April 22 or those arising from our internal review of the proposed document

Dr. Fialkiewicz and Mr. Clague had 16 questions that came in from budget committee members and the board. These were announced and answered in the meeting. Dr. Fialkiewicz answered 1-3, 5-6, 12-15 and Mr. Clague answered 4, 7-11. They both answered 16. The handout was attached as an extra to the meeting on BoardBook Premier as scanned pdf 3870.

Board discussion was done with clarification on needed corrections. Also other questions were asked and answered about the TAN borrowing to be projected out further or if that was a consideration; if the electric bus is operational yet; gains/losses; what happens after Mr. Clague leaves on Friday and budget transfers in and out.

**Attachments: (2)**

4. AUDIENCE COMMENTS - There were no audience comments in person or online.

5. Budget Committee Discussion

Benno Lyon asked if the MESD loan payment is \$290,000.00 every year and about transfer dollars.

Dr. Fialkiewicz answered yes and that the loan is for eight years. About \$1.1 million for our portion of the MESD Service plan yearly from the State budget. That leaves us with about \$800,000.00 remaining to spend on the school nurse, student information system (SIS), tech support, two psychologists, ELL help, and Physical Therapy. Funds leftover at the end of the year, about \$250,000.00 in case of a special student need or take the transit dollars. We are finalizing for next year now, and there is a cap and decisions around services with the principals and student services director.

Ben Byers noted that the Board first approves the services at a Board meeting prior to the budget committee meetings. His service on the MESD budget committee will be coming to an end after four years, so he would like to see someone else step up.

Brad Hunter verified that the \$250,000.00 in Capital Improvements this year were not spent, but will it remain the same for next year? What about a facility study?

Dr. Fialkiewicz said yes, and that the budget message was mistaken with language from last year's message that we would be hiring for a maintenance position. We are just adding that to the maintenance budget. The decision was to not increase Capital Improvement for next year. Our seismic grant through the State was denied, so that would have covered the cost of a facility plan.

7:48 p.m.

Amy Ciecko asked if there were any changes in FTE next year.

Dr. Fialkiewicz said an additional three classified positions, but no other changes. Vacant positions will be filled, not increasing the budget otherwise.

More board/budget discussion about encumbering a facility study and length of its shelf life.

Dr. Fialkiewicz said it would be required before going out for a bond.

Mr. Clague added that by Oregon State Statute (ORS) facility assessment should be done every 10 years.

Dr. Fialkiewicz said the last one was done eight years ago.

Sis Childs asked about a special assessment showing what needs to be done.

Dr. Fialkiewicz said a long-range plan would not give priorities but rather fixes. Priorities would come from the Board, Budget and community.

Sis Childs asked if the Board had acted on that in the last two years.

Dr. Fialkiewicz replied no.

Krystina Robison asked about a budget priority survey.

Dr. Fialkiewicz explained that there hasn't been a facilities survey since before the 2020 G.O. Bond was passed.

David Osborn suggested this could be a project for summer.

Dr. Fialkiewicz said that the bond sunsets in four to five years, so ideally a good time to start planning on going out for another.

Board/budget discussion on concerns in areas of budget, examples were SBMH, supplies, etc. and requests for feedback to weigh all these things in consideration around grant funding and what is sustainable.

Dr. Fialkiewicz reminded that supplies are also curriculum, workbooks, technology/computer programs, etc. and the limited amount of Revenue (RV). Buckets are staff and supplies.

Malinda Carlson suggested wish lists for community sharing.

Dr. Fialkiewicz expressed that the budget for supplies this year has not been cut.

Krystina Robison added that the teachers have "Donors Choose" for requests to be filled.

Sis Childs added that teachers also buy their own and CAPS uses and manages a Montessori type approach which is done well and a good model.

Dr. Fialkiewicz agreed that our parents are supporting teachers in every district as this nation is woefully underfunding schools.

Brad Hunter asked about our online program.

Dr. Fialkiewicz explained that we don't have proper staffing model to sustain it, so won't have it next year.

Sara Grigsby asked about the role for Board or lift to the legislature for advocacy or focus needed.

Dr. Fialkiewicz suggested the State would need to change the funding formula. We are the third lowest funded in the State.

Board/budget discussion about voting and future costs for planning..

#### 6. Approval/Recommendations Action Items

Approve 2026-27 Budget and Appropriation of Funds

Approve Levying of Taxes

Hope for approval on May 6, 2026 with clean up of proposed document by May 1, 2026.

7. Adjournment of the Budget Committee Meeting - the meeting was adjourned at 8:22 p.m.

**Description:** Next meeting May 6 if needed

Wednesday, June 17, Public Hearing on the Budget

All meetings at 7:00 p.m. in the CMS Cafeteria/Via ZOOM

## PROPOSED BUDGET

### 2026-2027

## CORBETT SCHOOL DISTRICT EXECUTIVE SUMMARY

The Executive Summary presents a comprehensive summary of required information from each section of the budget and could be presented separately from the budget document and still present a complete representation of the entity.

The primary purpose of this document is to provide timely and useful information concerning the past, current, and projected financial status of the District to facilitate financial decisions that support the educational goals of the District.

This budget document is the primary document used to present the financial plan of the District and to inform the reader about the demographics and operations of the District. The document was prepared in the format necessary to meet the requirements of the Association of School Business Officials International (ASBO) Meritorious Budget Award Program and the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

We are pleased to present the 2026-2027 budget for Corbett School District 39. The budget has been prepared in accordance with state regulations, local budget law, and policies covering the required twelve-month period from July 1 through June 30.

The goal of the Corbett School District is to foster intellectual development, social awareness and civic responsibility among the members of our school community.

# CORBETT SCHOOL DISTRICT BUDGET DOCUMENT FORMAT

Welcome to the Corbett School District's 2026-2027 Budget Document. The following section will guide you through the budget document format and organization, as well as the budget preparation process.

## **Budget Format**

The budget document is organized into four sections:

- Executive Summary
- Organizational Section
- Financial Section
- Informational Section

The **Table of Contents** leads the budget document. Summary information can be found in the first few pages of the budget document.

The **Executive Summary** includes the Budget Message from the Superintendent. The Budget Message is an introduction to the budget and is followed by a budget summary. The budget summary is a comprehensive narrative overview of the 2026-2027 budget and finance plan. In addition, summary budget information is presented in a tabular and graphic format as well as student enrollment history and projections, budget forecasts, and benchmark data.

The 2026-2027 Board Budget Goals and Budget Committee Membership information are included in this section. The Budget Committee and School Board are jointly responsible for oversight and approval of the budget, and the School Board makes appropriations and imposes taxes.

The Budget at a Glance highlights major budget changes for 2026-2027 with an emphasis on reorganization of funds and account to compile with Oregon Department of Education.

The **Organizational Section** is comprised of general information about the District and its budget, including the level of education provided, the geographic area served, and the number of schools and students. Also included in this section are significant budget and financial policies, procedures, and regulations,

as well as a detailed description of the budget process, measures and levies, and the history of Corbett School District.

The **Financial Section** contains required information for the District's funds and descriptions of significant revenue sources and expenditure categories.

The **Informational Section** includes detailed historical and projected personnel resource allocations, property tax information, and other performance measures used by the District.

**Introduction:**

This document will serve as a plan for both receipts and expenditures of funds for the period July 1, 2026 through June 30, 2027. The 2026 – 2027 Corbett School District Budget represents the collective efforts of many individuals working independently and collaboratively. The budget proposal presented here is, as in the past, focused on alignment with our district vision, values, budget goals, programming decisions, and student enrollment projections.

**Vision Statement:**

*The Corbett School community connects, engages, inspires, and collaborates to support every student.*

**Values:**

- Personal Responsibility
  - o Modeling personal responsibility, commitment, and ethical decision making.
- Advocacy
  - o Advocating for students so they learn to advocate for themselves.
- Resilience
  - o Personal development through resourcefulness and resilience.
- Inclusive, Collaborative Relationships
  - o Creating a community based on inclusiveness, equity, and building collaborative relationships.
- Innovation
  - o Nurturing curious, passionate, creative, and innovative minds.
- Continuous Learning
  - o Fostering student engagement in continuous learning, building on their personal strengths.

**District 2026 – 2027 Budget Goals:**

- Ensure a Fund Balance, Emergency Reserve, and Debt Management
- Maintain and improve facilities
- Retain qualified teachers for core subjects & qualified EAs for intervention, behavior, & mental health support including Special Education
- Maintain student safety
- Maintain CTE & extra-curricular programs

**Programming Decisions:**

- Continue to provide multi-age classrooms with place- and project-based learning opportunities for our K-5 students

- Continue to provide a well-rounded instructional program for our high school students, a part of which includes an opportunity for all students to have access to Advanced Placement (AP) and Career and Technical Education (CTE) courses
- Fund and facilitate extracurricular programs

**Student Enrollment Projection:**

In December 2024, Corbett School District Board of Directors agreed to increase enrollment for 2025 – 2026 to 1224 students, which was up from 1089 students at the beginning of the 2024 – 2025 school year. Enrollment is projected at just over 1200 for 2026 – 2027 and will be strategically decreased by 10-15 students each of the next ten years. Applications to attend the Corbett Charter District continue to increase from recent years.

**Budget Environment:**

- The Oregon Legislature approved education funding at \$11.3 billion for the 2025 – 2027 biennium. While this was a \$1.1 billion increase over the previous biennium, it falls short of the accepted level of funding necessary to maintain current funding levels with current inflation rates. Additionally, a biennium is funded at 49% for the first year and 51% for the second year. Therefore, the increase in funding from 2025 – 2026 to 2026 – 2027 is only \$226 million (\$5.537B - \$5.763B) or 4.1%. US inflation has increased over 25% since 2020, making the Oregon education funding increase insufficient to cover current inflation increases.
- The Oregon School Funding Formula is based on a weighted equity model resulting in the Corbett School District funded at the third lowest level out of the state’s 197 districts. It is important to note that the seven Multnomah County school districts West of the Sandy River receive at least 1.5 times Corbett’s per-pupil funding

**Overview**

- **Areas maintained in the 2026 – 2027 budget:**
  - o **Certified Staff** – The greatest determiner of student success is the teacher in the classroom. One of the greatest inhibitors of teacher effectiveness is increased class sizes. The District is committed to retaining high quality teachers and keeping class sizes at acceptable levels.
  - o **Classified Staff** – The retention of Educational Assistants is included in the 2026 – 2027 budget.
  - o **Mental Health** – The mental health and wellbeing of our students, staff, families, and community is the building block of success for the Corbett

School District. Necessary resources are often difficult to find or cost prohibitive for our families. Additional federal funds for our School-based Mental Health Department have been secured for mental health professionals and services.

- **Highly Qualified Staff** – We will continue the practice of hiring the most qualified individual for each open position. We are also committed to assisting all staff members in furthering their education and providing professional development targeted to our mission and goals.
- **Administration** – Three administrative positions were eliminated during the 2024 – 2025 budget reduction. Less than 4% of the 2026 – 2027 school district budget includes administrative salaries. The national average is 6.7%.
- **Athletics and Activities** – Student participation in extracurricular programs provides invaluable learning opportunities in leadership, teamwork, as well as increasing Cardinal Pride. We will continue to fund athletics and activities at the same level.
- **Areas receiving increased support in the 2026 – 2027 budget:**
  - **Facilities and Maintenance** – A significant portion of student and staff morale and pride begins with the facilities in which they are housed each day. Our facilities are in great need of repair and maintenance. Additional funding will be allocated to ensure all buildings have increased safety, sufficient heating and cooling, working restrooms, and cosmetic updates.
  - **Technology** – Outdated technology is on the verge of failure. To ensure the District is not left without heat, cooling, fire suppression, cyber security, security cameras, communication, etc., these systems need to be updated.
- **Areas being reduced or eliminated in the 2026 – 2027 budget:**
  - None
- **Areas to be addressed in the future:**
  - **Physical Education** – Physical health is a significant part of mental health. Physical Education provides students not only with fitness, but also lessons in leadership, teamwork, and sportsmanship. Additionally, students learn habits of a healthy lifestyle. Providing access to a licensed Physical Education teacher for all students K-12 can enhance student learning and promote the skills necessary for athletic success in high school.
  - **Music Education** – The ability to read music and play a musical instrument has proven to increase student problem solving and learning in all subject areas. The district is proud to be able to provide every K-12 student with the opportunity to learn music. A commitment to increasing the music education opportunities when feasible is acknowledged by the district.

## **Class Size**

Increasing student enrollment is the only way for a school district to increase revenue, outside of a tax levy. Therefore, the Corbett School District Board of Directors agreed to increase enrollment for 2025 – 2026 to 1224 students, which provided for approximately \$2M in additional revenue. When combined with current staffing levels, an increase in student enrollment supports rebuilding the General Fund Ending Fund Balance. Increased student enrollment at current staffing levels has resulted in increased class sizes of about 4-5 students in each classroom. This student enrollment number will be strategically reduced by about 10-15 students per year over the next ten years to bring class sizes back to current levels without drastically affecting revenue.

## **General Fund Ending Fund Balance**

A strong General Fund Ending Fund Balance is between 7%-10% of the total General Fund Budget. The General Fund Ending Fund Balance for the 2025 – 2026 fiscal year is projected to be approximately \$350,000.00. The main objective of this 2026 – 2027 Corbett School District Budget continues to be rebuilding a healthy General Fund Ending Fund Balance, which, based on current projections, could be obtained by the end of the 2027 – 2028 school year.

## **Variables That Affect Budget**

Building a School District Budget is not an exact science. There are many variables that need to be considered that are outside of the district's control. Revenue is a projection based on enrollment and state and federal funding levels. Neither enrollment nor funding are fixed values. Each May, school district funding levels across the state are adjusted based on enrollment levels in each district. Expenditures over the next year are greatly affected by inflation rates. The district's greatest expenditure is salaries. The certified and classified unions are beginning bargaining their next contract, which could include cost of living adjustments (COLA) and affect expenditures.

## **Conclusion**

The 2026 – 2027 budget represents one of the many ways in which we continually strive to shape the Corbett School District to meet our collaborative vision for our students. A special thanks to Mr. Dennis Clague, Chief Financial Officer, for his tireless contributions, and to the Budget Committee for their work on behalf of our scholars.

## Budget Summary

---

The Proposed Budget for the Corbett School District for the fiscal year 2026-2027 represents the financial plan to deliver services, utilizing the resources available to meet the Budget Priorities set by the School Board on behalf of our staff, students, and community, and totals \$22,342,881.

This budget proposal includes ongoing allocations for investments aligned with Budget Priorities, and leverages grant funds for labor, and facility improvements wherever possible.

The proposed budget is balanced and maintains programs and staffing, while realigning grants to Oregon Department of Education coding requirements and establishing a Capital Project Fund, and Risk Management within Special Revenue Funds.

### **Budgeting a Plan for 2026-2027**

The Proposed Budget is based on the \$11.3 billion biennial State School Fund which is the Governor's proposed budget for 2025-2027.

The district will be working, over the next 3 years, toward having a 5% Fund Balance.

### **2026-2027 Budget Outlook**

Oregon's economic forecast released February 19, 2026 indicates that Oregon's economy has stabilized over the last year due to leveling of population growth and other factors among core industrial entities. Quarters 3 and 4 of the calendar year saw bounce back which is foretasted to create robust hiring in 2025.

The 2025-2027 biennium PERS rates increased due to wages across the state increasing at a higher rate than forecasted. We are projecting payroll costs to increase 4.50% for 2026-2027 with payroll and employer cost totaling \$15.2 million. This includes General Fund payroll cost of \$12.1 million.

The District has engaged the district and community stakeholders about how to best prioritize our 2026-2027 budget. The district staff is proposing a budget that allows the District to maintain current level of services to students, establishes an unappropriated ending fund balance, a Capital Project fund and a Risk Management reserve.

Special revenue funds, particularly in Student Investment Account which is funded by Corporate Activity Tax (CAT) collection, are expecting an increase in funding. In Federal funds, the District has carryover projected for School Based Mental Health grant although for Title funds the District projected a 5% decrease. District staff will make the necessary adjustments when funding levels are finalized.

### **Student Investment Account**

The Student Investment Account (SIA) comes from the Student Success Act, House Bill 3427 signed into law in May 2019. The purpose of the Student Success Act was to correct underinvestment in our schools and our children and includes provisions for new and improved services for children and families. The Act funds three accounts:

- The Early Learning Account (at least 20%)
- The Student Investment Account (at least 50%)
- Statewide Education Initiatives (up to 30%)

There are two stated purposes for the distributed funds under SIA:

- Meet students' mental or behavioral health needs, and
- Increase academic achievement for students, including reducing academic disparities for:
  - Economically disadvantaged students;
  - Students from racial or ethnic groups that have historically experienced academic disparities;
  - Students with disabilities;
  - Students who are English language learners;
  - Students who are homeless; and
  - Any other student groups that have historically experienced academic disparities, as determined by the State Board of Education.

The SIA spending plan has to be focused on any, some, or all of the allowable uses that are detailed in HB 3427. Based on staff and community input, Corbett School District is using the SIA allocation in Special Revenue Fund to support students' mental or behavioral health needs by funding our counselors. The District has a total of 8.04 FTE in SIA.

### **High School Success and Career & Technical Education (Measure 98)**

In November 2016, Oregon voters approved Measure 98 which dedicated funding to improving graduation rates through proven practices such as Career & Technical Education (CTE). The Proposed Budget continues existing Measure 98 investments for High School Career & Technical Education programs, attendance monitoring to reduce absenteeism, and counseling supports with an emphasis on graduation.

Continued funding of Measure 98 programs from the State will provide opportunities for students to connect with staff and programs of study that will keep them in school through graduation and prepare them for higher education or careers with relevant trade skills. The District has a total of 2.12 FTE in High School Success.

### **School-Based Mental Health (SBMH)**

The District received 5 year grant beginning on January 1, 2023 to December 31, 2027 to provided credentialed mental health providers in schools. The benefit is better outcomes for student, including improved attendance, academic performance and fewer disruptions to learning. The District has a total of 5.10 FTE in SBMH.

### **BUDGETING A PLAN**

---

#### **Corbett School Board Adopted Budget Priorities**

The District produced an informational video and online survey to gather input for the 2026-2027 budget priorities. During January 2026, the Board met and discussed the staff and community input and priorities for the 2026-2027 budget. The Board formally approved the priorities to provide guidance and direction to the Superintendent and Chief Financial Officer in the preparation of the annual proposed budget.

The Board set the following budget priorities to guide the 2026-2027 program delivery planning work completed by the District's Budget Team.

- Ensure a Fund Balance, Emergency Reserve and Debt Management. The financial impact is \$250 thousand
- Retain Qualified Teachers for core subjects & Educational Assistants for Intervention, Behavior & Mental health supports including Special Education. The financial impact is \$11.8 million.
- Maintain Student Safety. The financial impact is \$354 thousand.
- Maintain CTE & Extra Curricular Programs. The financial impact is \$1.6 million.

The Administrative Team met with the Internal Budget Team to discuss the priorities and review budget allocations, and staffing. Once allocation sheets were returned the budget was prepared in such a way as to fund the plan's implementation utilizing available resources.

## BUDGET DEVELOPMENT

---

### General Fund Resources

The District's 2026-2027 service plan is based on a number of revenue assumptions. The largest source of District revenue comes from the State School Fund and is determined using projected student enrollment in the District and projected transportation expenditures. These resources are budgeted within the District's General Fund.

The District's estimate of revenue and resources that will be available for District use in 2026-2027 is based upon the following revenue assumptions:

- State School Fund of \$11.3 Billion at 49/51 funding for 2025-27 biennium.
- Increased federal poverty estimates leading to an increase in State School Fund poverty weight funding.

State School Fund Comparision

### General Fund Expenditures & Requirements

The District’s 2026-2027 service plan is based on a number of expenditure assumptions. The proposed staffing framework is based upon a comprehensive evaluation of staffing across all labor groups, departments, and buildings to align to the 2026-2027 plan with emphasis on the Board Budget Goals and Priorities. Additionally, the staffing level review created the basis for any staff position adjustments as a result of projected enrollment. The proposed budget assumes a full school year.

The 2026-2027 Proposed Budget roll-up costs include adjustments according to labor agreements with CEA in a negotiating year for Licensed staff, OSEA, and Administrative, Supervisors, Confidential staff.

The District has fully utilized all of its fund balance reserve and projected to expend less and revenue receipts in order to replenish the fund balance over the next 3 years.

	2022-23	2023-24	2024-2025	2025-2026	2026-2027
	Actual	Actual	Actual	Projected	Budgeted
Beginning Fund Balance	3,658,983	435,446	(219,062)	-	153,133
Budgeted Contingency					250,000
Budgeted Ending Fund Balance					250,000
Ending Fund Balance	435,446	(219,062)	-	153,133	500,000
(Spend Down)/Add Back	(3,223,537)	(654,508)	219,062	153,133	346,867

It is important to note the committed contingency amounts identified in the budget are to cover a variety of items, such as:

- Carry forward resources for the upcoming budget year; and
- Uncommitted amounts for unforeseen expenses.

**Contingency and Ending Fund Balance Policy**

As outlined in the Board policy for the District, the General Fund estimated ending fund cash balance is to be managed at a level that represents 5% of the total adopted General Fund budget revenues. The proposed budget includes contingency and unappropriated ending fund balance amounts that together total \$500,000 which is not 5% of budgeted revenues. The District has a 3-year plan to reach 5% Fund Balance.

General Fund Ending Fund Balance	
Beginning Fund Balance	153,133
Budget Contingency	250,000
Budgeted Ending Fund Balance	250,000
Projected Ending Fund Balance	500,000
<b>Annual Revenue Budget</b>	
(Excludes Beginning Balance)	17,287,542
5% of Revenues	864,377

## BUDGET CHANGES

---

There are several changes to note this year due to implementation of a new accounting system for 2025-26. The District had adjusted the Funds to be in compliance with state reporting requirements. The Proposed Budget includes appropriations for the General Fund, Special Revenue Fund, Debt fund and a Capital Project Fund.

In addition, grants that were accounted for in the General Fund previously are now projected to be accounted for in the Special Revenue Fund which is in compliance with Oregon Department of Education.

The 2026-2027 Proposed Budget totals \$22,342,881 for all funds. This represents a \$3,102,936 decrease over 2025-2026 Adopted Budget due to the District not receiving a \$2,500,000 Seismic Rehabilitation Grant included in the 2025-2026 budget and the School Based Mental Health grant ending in December 2026.. The increase in the State School Fund is also due to a higher allocation in the second year of the biennium.

Change anticipated for non-charter enrollment and proposed staffing for 2026-2027 as compared to the 2025-2026 adopted budget are summarized below.

	2025-2026	2026-2027

## MISSION AND VISION STATEMENT

---

### MISSION:

The goal of the Corbett School District is to foster intellectual development, social awareness, and civic responsibility among the members of our school community.

---

### VISION:

The Corbett School community connects, engages, inspires, and collaborates to support every student.

## CORBETT SCHOOL DISTRICT VALUES

- Personal Responsibility – Modeling personal responsibility, commitment, and ethical decision-making.
- Advocacy – Advocating for students so they learn to advocate for themselves.
- Resilience – Personal development through resourcefulness and resilience.
- Inclusive, Collaborative Relationships – Creating a community based on inclusiveness, equity, and building collaborative relationships.
- Innovation – Nurturing curious, passionate, creative, and innovative minds.
- Continuous Learning – Fostering student engagement in continuous learning, building on their personal strengths.

Values are the districts long range objectives whereas the Budget Priorities are the annual objective developed to ensure the district is making steps to achieve District values.

## CORBETT SCHOOL DISTRICT BUDGET PRIORITIES SUMMARY

In January, the Corbett School Board met for a Budget Priorities Work Session. The Superintendent and the Chief Finance Officer presented the input results for the Board's discussion of budget priorities for the 2026-2027 school year.

The Board was presented information received from the public. Key priorities from that input were determined. The Board deliberated all community and staff input priorities and then prioritized them to give the administration guidance for the development of the 2026-2027 budget.

### BUDGET PRIORITIES:

The School Board has instructed the Superintendent and administration to use the priorities below to develop the 2026-2027 budget. The budget priorities are to:

- Ensure a Fund Balance, Emergency Reserve and Debt Management. The financial impact is \$500 thousand.
- Maintain and Improve Facilities. The financial impact \$250,000 thousand which includes anticipated grants not yet awarded.
- Retain Qualified Teachers for core subjects & Educational Assistants for Intervention, Behavior & Mental health supports including Special Education. The financial impact is \$11.7 million.
- Maintain Student Safety. The financial impact is \$334 thousand.
- Maintain CTE & Extra Curricular Programs. The financial impact is \$1.75 million.

**CORBETT SCHOOL DISTRICT  
STUDENT ENROLLMENT & PROJECTIONS  
BY GRADE LEVEL**

**Enrollment Projection Methodology:**

The District develops annual enrollment projections for grades K-12 using four types of information: birth rates, cohort history, current and projected housing development, and overall economic picture. Cohort history is a commonly used demographic technique that looks at the number of students in a given grade or series of grades (called a “cohort”) and determines how many of those students will move up to the next grade or school level. Cohort history in a given area is affected by in-and-out-migration of families in response to the economic climate, the type of housing available (i.e., single-family units vs. multiple-family units), and general mobility of the population. Because there are no previous years’ “cohorts” to compare classes with, kindergarten projections are generated using information from Principals and Teachers on class size.

As a charter District, Corbett School District has strategically increased enrollment for 2025-2026, then decreased annually to address enrollment declines. The District had a significant drop in enrollment in 2021-22 and due to federal funding didn’t make the adjustment to staff. The plan to increase enrollment will allow the District to make adjustments strategically.

CORBETT SCHOOL DISTRICT  
STATE SCHOOL FUNDING FORMULA

State School Fund Grants and Property Tax Revenues  
(Funding Per Student)

State School Funds and Property Taxes are the primary sources of Corbett School District’s operating fund, the General Fund. The legislature determines how much money is available from both State sources, such as income taxes, and local sources, primarily property taxes.

**State School Fund (SSF)**

State School Fund is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average daily

membership, resident (ADMr), and average daily membership, weighted (ADMw). The ADMr number represents the average number of students enrolled at Corbett School District on a daily basis. The ADMw is an adjusted number to compensate for the high cost of educating certain groups of students, such as English Language Learners/English as a Second Language, special education, pregnant or parenting, income at or below poverty, and students in foster care.

## State and Property Tax Funding Revenue

### Property Taxes

Property taxes from each school district’s permanent rates are deducted from the General-Purpose Grant to determine the amount the school district will receive from the State School Fund Grant.

Property Owners are taxed on the combined rates of education and debt service to repay bonds exempt from Measure 5. The Permanent Property Tax Rate for Baker School District is \$4.5941 per \$1,000 per assessed value.

In 1990, when Measure 5 passed, the amount of property taxes education districts can collect was limited to \$5 per \$1,000 of real market value. At the same time, Measure 8 requires the State to replace property tax revenue lost due to the measure’s limitations. In 1997, Measure 50 separated assessed value from real market value.

Assessed values are limited to 3% increases per year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. Once the assessed value “catches up” to market value, it can only go up if the market value goes up.

Assessed Value of Taxabl Property  
(in billions)

CORBETT SCHOOL DISTRICT  
STATE SCHOOL FUNDING FORMULA

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Rates for debt services are set based on each year's requirements. The district permanent tax rate is 4.5941 per \$1,000 of assessed value.

DEBT SERVICE SUMMARY**

Corbett School District Debt Service Overview

Corbett School District's bond debt consists of 2012B OSBA Flex Fund (QSCB), 2012C OSBA Flex Fund and General Obligation (GO). The General Obligation (GO) is paid with revenues generated through voter-approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2021 GO Bond funded the District's ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. The 2012B OSBA Flex Fund (QSCB) and 2012C OSBA Flex Fund provided fund to renovate the Springdale school.

Corbett School District's loans and contracts are funded in part by the 70% reimbursement of transportation expenses through the State Funding Formula to support the District Bus Fleet. The 2011 SELP Loan and the 2024 MESD Loan were used to make energy updates throughout the District and support general operations, respectively.

# CORBETT SCHOOL DISTRICT HISTORY OF THE DISTRICT

## History of Corbett School District

The Corbett community, named after Senator Henry Winslow Corbett, traces its origins to the late 19th century when Corbett purchased a farm in the area in 1885. Over time, this rural settlement grew into a close-knit community, eventually establishing a school system to serve its residents.

Corbett School District #39 was founded in the early 20th century, reflecting the community's commitment to education. From its inception, the district prioritized academic excellence while preserving local traditions. What began as a small rural school has since evolved into a nationally recognized institution known for its rigorous academic programs and innovative teaching practices.

## Growth and Development

In its early years, the district consisted of a single schoolhouse serving multiple grade levels. As the population grew, additional schools were constructed to accommodate students at different educational stages. Today, Corbett School District maintains a high school, an alternative school, an elementary school, and a middle school, serving approximately 1,057 students.

Throughout its history, the district has adapted to changes in education while maintaining a strong sense of community. The transition to a charter district allowed for greater flexibility in curriculum design and instructional methods, fostering an environment where students are encouraged to excel.

Corbett School District gained national recognition for its commitment to academic rigor. One of its defining initiatives, "**AP for ALL**," ensures that every high school student has access to Advanced Placement courses. This program has placed Corbett High School among the top-ranked schools in the nation, earning praise from publications such as *Newsweek* and *The Washington Post*.

Additionally, the district has embraced progressive educational models, including:

- **Multi-age instruction** to encourage mentorship and peer learning.
- **Place-based education** to connect students with their environment and community.
- **A continuous progress model** that allows students to advance at their own pace.

## A Rural Community with a National Impact

Despite its small size and rural setting, Corbett School District has consistently ranked among the highest-performing districts in Oregon. Located just 20 miles east of Portland, it offers students the benefits of both a close-knit community and access to urban opportunities.

As Corbett continues to grow, the district remains dedicated to its founding mission—providing challenging and enriching educational experiences while honoring the traditions of the past.

CORBETT SCHOOL DISTRICT  
FINANCIAL REPORTING AND BUDGET PROCESS

**REPORTING ENTITY**

Corbett School District (the District) was organized under provisions of Oregon Statutes pursuant to ORS Chapter 332 for the purpose of operating elementary and secondary schools serving grades K-12. The District is governed by a separately elected seven-member Board which approves the Superintendent and Board Policies. The daily operations of the District are under the supervision of the Superintendent. As required by generally accepted accounting principles (GAAP), all activities of the District are included in the basic financial statements.

The District qualifies as a primary government since it has a separately elected governing body, is a legally separate entity, and is fiscally independent.

The following is an overview of the District's funds:

**GENERAL FUND**

The General Fund is the District's primary operating fund.

Expenditure categories include salaries and associated payroll costs, purchased services, supplies and materials, capital outlay, and other general expenses. Expenditures are presented by major function categories which contain program descriptions, budgeted positions, and program and services analysis. In addition, explanations are available for significant variances which exist between the 2023-24 and 2024-25 budgets.

Revenues come from two main sources: state funding and local property taxes. The state revenue and local property taxes are components of the State School Fund (SSF).

The SSF is allocated through a school equalization formula that includes initial weighting for the number of students and extra weightings for students eligible for additional services such as special education, English Language development, students experiencing poverty, students in foster care, and students who are pregnant and parenting. The calculation

consists of four grants including: general purpose, transportation, high-cost disability, and facility grants.

**SPECIAL REVENUE FUND**

Accounts for revenues and expenditures of funds restricted for a specific purpose, from the federal or state governments as well as local sources i.e. Title IA, IDEA, Student Activities, Student Investment Account, and Food Service.

**DEBT SERVICE FUND**

Accounts for the District's payment of principal and interest on long-term obligations, consisting of General Obligation (GO) bonds. GO bonds allowed the District to finance capital projects such as to ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. Voters must approve the sale of these bond funds.

**CAPITAL PROJECTS FUND**

Accounts for activities related to the capital project improvement and construction of District facilities.

Revenue sources are the transfers from the General fund and donations.

**MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

The budgetary basis of accounting is the same as accounting principles generally accepted in the United States of America for the governmental fund types, and private purpose trust funds are budgeted by major functions in the governmental fund types.

Government-wide, internal service, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis

**CORBETT SCHOOL DISTRICT  
FINANCIAL REPORTING AND BUDGET PROCESS**

of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and accrued vacation which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported expenditures in the governmental funds and proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

**DISTRICT FINANCIAL GOALS** The District will develop a budget to align with statutory and policy requirements, and community priorities with particular attention to:

1. Ensure a Fund Balance, Emergency Reserve and Debt Management
2. Maintain and Improve Facilities
3. Retain Qualified Teachers for core subjects & qualified EA's for Intervention, Behavior & Mental health support including Special Education
4. Maintain Student Safety
5. Maintain CTE & Extra Curricular programs
6. Additional investment in K-12 core subject including curriculum and supplies.

The District has made significant budget cuts to staffing in 2024-25, thus stabilization and risk management along with re-establishing a 5% ending fund cash balance in General Fund in accordance with Board Policy will be key to support our staff.

**KEY FACTORS IN BUDGET DEVELOPMENT**

The overarching factors affecting the development of the 2025-26 budget are the

Oregon economic outlook, State School Fund funding, enrollment, and contractual obligations.

The General Fund is the operating fund for the District. The following highlights factors in budget development for the General Fund. The Corbett Education Association collective bargaining agreement is currently in negotiations. The 2025-2625 salary schedule has not yet been approved by the association and the Board. The Oregon School Employees Association collective bargaining agreement expires in June 2026.

**Revenues:** Based upon the Governor's proposed budget of \$11.36 billion statewide for the biennium, with a 49/51 split between the two fiscal years. Corbett School District's portion based on projected enrollment for 2025-26 is estimated to be \$13,838,257.

Estimated Common School Fund revenues for 2025-26 are \$144,000.

Estimated property tax revenue of \$2,138,000 is based upon a 3.0% growth factor and collections are estimated to be at 97% based on the Oregon Department of Revenue's published estimates for Multnomah County.

Student enrollment is based on Average Daily Membership Resident (ADM<sub>r</sub>) projections and is based on data collected from each building, and has been estimated at 1,242. This level of slots has been board approved for 2025-26.

General Fund revenues and resources are projected to be \$16,631,055, with 100% being current year revenues as the District is projecting a zero beginning fund balance.

CORBETT SCHOOL DISTRICT  
FINANCIAL REPORTING AND BUDGET PROCESS

**Expenditures:** Program costs for instruction, support, and administrative functions primarily consist of personnel-related expenses. The budget is based upon negotiated collective bargaining agreements with licensed and classified groups and a non-bargained agreement with administrative employees. These agreements determine expenditures for wages and insurance benefits and are the basis for calculations of required personnel costs. District personnel costs include:

- PERS Employer Rate – 29.70% for Tier 1 and Tier 2 Employees and 26.52% for OPSRP Employees.
- FICA – 7.65% employer match
- Workers Compensation – ranging from .38% to 3.99%
- Oregon Paid Medical Family Leave - .4%
- Insurance – 100% District paid

All other costs, such as purchased services, supplies, and materials, and other objects are based on projected plans for service delivery during the fiscal year.

The General Fund expenditures are projected to be \$16,631,055. The budget is balanced with a contingency and Unappropriated Ending Fund Balance amount that does not yet comply with the Board Policy of ending each year with a 5% ending fund balance in the General Fund.

Property taxes are levied by the District on the assessed valuation of real and personal property

located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes. State School Funds and property taxes are the two largest funding sources in the General Fund.

In addition to local property tax, the local revenue is comprised of the following: Transportation Grant, Interest on Investments, Admissions & Fees, Rentals, and Indirect Rate charged to Grants. The District does not have alternative revenue or an operating levy.

### **THE BUDGET PROCESS**

The District prepares its annual budget in accordance with Oregon Local Budget Law (ORS 294), which provides standard procedures for the preparation, presentation, and administration of budgets. Public involvement in budget preparation is mandated by the law. Oregon Local Budget Law also requires that the budget be balanced – projected resources must equal projected requirements in each fund. Preparation of the budget involves many steps and months of collaborative work by District staff and stakeholders.

Notice of the first budget meeting is published in the local newspaper, five to thirty days before the first budget meeting, and posted on the District's website.

Once a proposed budget is developed, the Superintendent presents the budget and Budget Message to the Budget Committee, which then reviews, asks questions, and receives public comment. The Budget Committee approves a budget and tax levy and recommends adoption to the School Board.

Once a proposed budget document is provided to the Budget Committee it is available to the general public and citizens may obtain a copy by calling (503) 261-4200 or downloading a copy from the District's website at <https://corbett.k12.or.us/about/business-services/budget/>

### **HOW THE BUDGET IS ADOPTED**

CORBETT SCHOOL DISTRICT  
FINANCIAL REPORTING AND BUDGET PROCESS

In addition to the seven-member School Board, the Budget Committee is comprised of seven additional members appointed by the board. The Budget Committee's duties are to hear and receive the Superintendent's Proposed Budget, ask questions and receive public testimony, approve a budget, and levy taxes on the approved budget. After the Budget Committee approves a budget, the budget is forwarded to the School Board for further public testimony and review. A summary of the approved budget and notice of budget hearing is published in the local newspaper, five to thirty days in advance of the hearing. The notice indicates where the complete budget document is available for review.

After a budget hearing and consideration of public testimony, the School Board will then adopt the annual budget and the tax levy prior to June 30. See the chart on the next page for an illustration of the process.

**SUPPLEMENTAL BUDGETS**

If the school district receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within the fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The Board of Directors may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than 10 percent of the annual budget of the fund being adjusted. If the expenditures are greater than 10 percent, the School Board must first publish the supplemental budget and hold a special hearing.

## MISSION AND VISION STATEMENT

---

### MISSION:

The goal of the Corbett School District is to foster intellectual development, social awareness, and civic responsibility among the members of our school community.

---

### VISION:

The Corbett School community connects, engages, inspires, and collaborates to support every student.

## CORBETT SCHOOL DISTRICT VALUES

- Personal Responsibility – Modeling personal responsibility, commitment, and ethical decision-making.
- Advocacy – Advocating for students so they learn to advocate for themselves.
- Resilience – Personal development through resourcefulness and resilience.
- Inclusive, Collaborative Relationships – Creating a community based on inclusiveness, equity, and building collaborative relationships.
- Innovation – Nurturing curious, passionate, creative, and innovative minds.
- Continuous Learning – Fostering student engagement in continuous learning, building on their personal strengths.

Values are the districts long range objectives whereas the Budget Priorities are the annual objective developed to ensure the district is making steps to achieve District values.

## CORBETT SCHOOL DISTRICT BUDGET PRIORITIES SUMMARY

In January, the Corbett School Board met for a Budget Priorities Work Session. The Superintendent and the Chief Finance Officer presented the input results for the Board's discussion of budget priorities for the 2026-2027 school year.

The Board was presented information received from the public. Key priorities from that input were determined. The Board deliberated all community and staff input priorities and then prioritized them to give the administration guidance for the development of the 2026-2027 budget.

### BUDGET PRIORITIES:

The School Board has instructed the Superintendent and administration to use the priorities below to develop the 2026-2027 budget. The budget priorities are to:

- Ensure a Fund Balance, Emergency Reserve and Debt Management. The financial impact is \$500 thousand.
- Maintain and Improve Facilities. The financial impact \$250,000 thousand which includes anticipated grants not yet awarded.
- Retain Qualified Teachers for core subjects & Educational Assistants for Intervention, Behavior & Mental health supports including Special Education. The financial impact is \$11.7 million.
- Maintain Student Safety. The financial impact is \$334 thousand.
- Maintain CTE & Extra Curricular Programs. The financial impact is \$1.75 million.

CORBETT SCHOOL DISTRICT  
MEASURES AND LEVIES

**MEASURE 5**

In November 1990, Oregon voters approved Measure 5, a citizen's initiative limiting total taxes on each property in the state to 1.5 percent of the property's real market value and shifting responsibility for funding public education to the state from the local level.

Measure 5, a constitutional amendment, phased in the tax limit for schools over a five-year period, beginning with a limit of \$15 per \$1,000 of property value in 1991-92 and decreasing to a permanent limit of \$5 per \$1,000 of value in the 1995-96 fiscal year. Tax limitations do not apply to bonded debt for capital construction.

In response to the requirement that the state replace school tax revenue lost under Measure 5, the legislature created the State School Fund (SSF) and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

Since Measure 5 was passed, the state's share of funding to schools increased from about 30% to about 70%.

**MEASURE 50**

In 1997, Oregon voters approved Measure 50, an initiative referred by the legislature to implement the provisions of Measure 47. The purpose of Measure 50 was to clarify legal ambiguities in the original measure and change the property tax system from a tax base system (where a dollar rate is levied) to a tax rate system (where a permanent rate is levied). As a result, in 1997-98, assessed values were rolled back to 1995-96 values minus 10% and future assessed value increases were capped at 3% per year plus exceptions such as the value of new construction. The district's permanent rate was set at \$4.5941 per \$1,000 of assessed value. Other provisions limited the use of the bonded debt and required a 50% voter turnout for property tax elections except at general elections (November of even-numbered years).

**MEASURE 56**

In November 2008, voters amended the state constitution to require that all local property tax measures on May and November elections be decided by majority vote, overturning the "double majority" requirement of Measure 50.

**MEASURES 66 AND 67**

In January 2010, Oregon voters upheld two tax increases approved by the 2009 legislature. Measure 66 increased personal income tax rates for high-income individuals, and Measure 67 increased corporate taxes by raising the \$10 corporate minimum tax to \$150, raising the corporate profits tax, and increasing certain business filing fees.

**MEASURE 98**

In November 2016, Oregon voters approved Measure 98, a dropout prevention and college readiness initiative. Measure 98 requires state funds to be distributed to public school districts for approved plans to establish or expand career and technical education programs, to establish or expand college-level educational opportunities for students, and to establish or expand dropout prevention strategies in high schools.

**MEASURE 99**

In November 2016, Oregon voters approved Measure 99 using Oregon Lottery funds to create the Oregon Outdoor School Education Fund. The program dedicates funds to provide every student in the fifth or sixth grade the opportunity to attend a week-long outdoor school program.

**LOCAL OPTION LEVY**

Since 1999, school districts have been allowed to request voter approval for local property tax levies to support operations and/or capital needs. This represents the only opportunity for district voters to increase revenue for district operations since Measure 5 passed in 1990. Local option capacity represents the "tax gap" between the Measure 5 tax rate limit based on real market value and the Measure 50 tax rate based on assessed value.

## CORBETT SCHOOL DISTRICT MEASURES AND LEVIES

As revised by the 2007 legislature, the amount a district can receive under a local option levy is restricted to the least of:

- Measure 5 limit: revenue received by the district from local option taxes imposed;  
or
- Dollars per student: \$1,000 per average daily membership, weighted (ADMs), growing by 3% per year as of 2008-09;  
or
- Percent of state resources: 20% of the combined total of the state general purpose grant, transportation grant, facility grant, and high-cost disability grant.

Operating levies cannot exceed five years. Capital levies cannot exceed the lesser of ten years or the expected useful life of the asset(s).

Local option levies for more than a year may be filed as either a fixed dollar amount per year or a tax rate. Local option revenue is excluded from the state funding formula.

Corbett School District does not currently have a local option tax.

### **GENERAL OBLIGATIONS BONDS**

Districts may levy taxes for the repayment of bonded debt upon voter approval. Tax levies or bonded debt fall outside the limits of Measure 5.

Measure 50 limited the use of bonded debt to fund capital construction and improvements and prohibited using bonds to finance the purchase of equipment or maintenance and routine repairs.

The 2009 state legislature approved a provision of the Oregon Constitution that effectively expanded the range of the qualifying uses of bond proceeds by re-defining “capital costs” as costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Bonds may

not be used to pay for the costs of routine maintenance or supplies.

Voters approved a \$4 million bond measure on the November 3, 2020 ballot to provide funds to construct, renovate, and improve District facilities. See Financial Section, Debt Service Fund for further details.

### **STUDENT INVESTMENT ACCOUNT**

The Student Investment Account (SIA) comes from the Student Success Act. Oregon Governor Kate Brown signed House Bill 3427, the Student Success Act, into law on May 2019. The purpose of the Student Success Act was to correct underinvestment in our schools and our children and includes sweeping provisions for new and improved services for children and families. The Act funds three accounts:

- The Early Learning Account (at least 20 percent)
- Student Investment Account (at least 50 percent)
- Statewide Education Initiatives (up to 30 percent)

There are two stated purposes for the funds distributed under the SIA:

- Meet students’ mental or behavioral health needs, and
- Increase academic achievement for students, including reducing academic disparities for:
  - Economically disadvantaged students;
  - Students from racial or ethnic groups that have historically experienced academic disparities;
  - Students with disabilities;
  - Students who are English language learners;
  - Students who are foster children;
  - Students who are homeless; and
  - Any other student groups that have historically experienced academic disparities, as determined by the State Board of Education

## CORBETT SCHOOL DISTRICT MEASURES AND LEVIES

The SIA spending plan had to be focused in any, some or all of the allowable uses that were detailed in HB 3427. Corbett School District used the allowable uses as they engaged with

their students and families from the priority populations and staff to discuss, inform and develop their SIA plan and application to ensure it meets the spirit and intent of the law.

# FINANCIAL SECTION

## PROPOSED BUDGET

CORBETT SCHOOL DISTRICT  
FINANCIAL OVERVIEW

The Financial section contains detailed information on Corbett School District revenues and expenditures in the 2026-2027 budget. The initial part of this section is a summary of all funds. The remaining portion of this section includes more detail with narratives and financial reports for revenues and expenditures.

Revenue trends have improved as the State government has increased funding for education. The State School Fund (SSF) funding in the Governor’s proposed 2025-2027 Budget is \$11.3 billion. Property tax-assessed values and collections continue to increase. The Board has also approved additional enrollment slots which increases funding over previous years.

Summary of Revenues & Resources  
All Funds 2026-2027

**Revenues & Resources**

The 2026-2027 proposed budget revenues for all funds total \$22,403,584, a decrease of \$3,192,233, or approximately 13 %, compared to the 2025-2026 adopted budget.

The 2026-2027 revenue budget includes federal, state, local, intermediate and beginning fund balance as sources. Other sources include inter-fund transfers.

The primary source of revenue for all funds is State Sources totaling \$16.37 million or 73% of all sources. Additional major sources of funding for the District are Local Sources (including property taxes) totaling \$3.15 million or 14.10% of overall 2026-2027 funding, Federal Sources of \$1.26 million or 5.64% of overall 2026-2027 funding. The Beginning fund balance is that portion of the budget carried forward from reserves and prior year savings and is projected to be \$1,002,851 or 4.49% of the overall 2026-2027 proposed resources.

CORBETT SCHOOL DISTRICT  
FINANCIAL OVERVIEW

Summary of Expenditures

**Expenditures**

In the 2026-2027 proposed budget expenditures for all funds have also decreased by \$3,192,233 or approximately 13%, compared to the 2025-2026 adopted budget in order to present a balanced budget.

Expenditures in all fund graphs are categorized by salaries, payroll-related costs, employee benefits, purchased services, supplies and materials, capital outlay, other objects, transfers, and reserves. Wages and benefits are the largest expense making up 68% for all funds.

# GENERAL FUND

## PROPOSED BUDGET

2026-2027

Accounts for revenues and expenditures for instructional programs, daily operations of schools and general functions of the school district. The revenues primarily come from State School Fund and Property Taxes. Accounted for using the modified accrual method of accounting.

CORBETT SCHOOL DISTRICT  
GENERAL FUND FUNCTIONS & DESCRIPTIONS

Functions describe the type of activity program that is carried out. The five major functional areas are: 1000- Instruction, 2000- Support Services, 3000- Enterprise and Community Services, 4000- Facilities Acquisition and Construction, and 5000- Other Uses. Functions in the 6000 functional area are for budget purposes only. The functions associated with these areas are presented below. Specific costs associated with each function can be found on the corresponding fund financial pages. The Baker School District does not have 4000- Facilities Acquisition and Construction in the General Fund.

**1000- Instruction** - Activities dealing directly with the teaching of students, or the interaction between teacher and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as computer instruction applications, television, radio, telephone, and correspondence. Included here are the activities of instructional assistants of any type that assist in the instructional process. Expenditures for teachers' travel within the district in connection with teaching assignments are considered costs of instruction.

**1111 Elementary, K-5 or K-6**

Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics are considered to be needed by all students in terms of their awareness of life within our culture and the world of work and which normally may be achieved during the elementary school years.

**1112 Intermediate, 4-6**

Retired function, now rolled into 1111

**1121 Middle/Junior High Programs**

Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics are considered to be needed by all students in terms of understanding themselves and their relationships with society and various career clusters, and which normally may be achieved during the middle and/or junior high school years

**1131 High School Programs**

Learning experiences are concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students as they achieve graduation requirements.

**1132 High School Extracurricular**

School-sponsored activities, under the guidance and supervision of district staff, are designed to provide students with such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program and include such activities as athletics, band, chorus, choir speech, and debate

**1140 Pre-kindergarten Programs**

Educational programs that are designed for the education and training of children, who are enrolled in prekindergarten programs.

**1210 Programs for the Talented and Gifted**

Special learning experiences for students identified as gifted or talented.

CORBETT SCHOOL DISTRICT

# SPECIAL REVENUE FUND

## PROPOSED BUDGET

2026-2027

## **Federal, State, and Local Programs Funds**

Accounts for revenues and expenditures of grants that are generally restricted for specific educational projects. Principal revenue sources are federal, state, and local grants, donations, and general fund transfers.

### **Title I-A**

Accounts for revenues and expenditures received from the federal government are passed on to the state to ensure children from low-income families meet challenging state academic standards.

### **IDEA (Individuals with Disabilities Education Act) Part B, Sec 611**

Accounts for revenues and expenditures received from the federal government are passed on to the state for the purpose of providing education and services to students with a disability, strengthening education, driving reforms, and improving results.

### **Title II-A Teacher Quality**

Accounts for revenues and expenditures from the federal government are passed on to the state for the purpose of increasing student academic achievement by increasing the number of highly qualified teachers, paraprofessionals, and administrators in schools and classrooms.

### **IDEA (Individuals with Disabilities Education Act) Part B, Section 619**

Accounts for revenues and expenditures received from the federal government are passed on to the state for the purpose of providing education and services to students ages 3-5 with a disability, strengthening education, driving reforms, and improving results.

### **ESSA Partnership - Every Student Succeeds Act**

# DEBT SERVICE FUND

## PROPOSED BUDGET

2026-2027

CORBETT SCHOOL DISTRICT  
DEBT SERVICE FUND  
PROGRAM DESCRIPTIONS

**2021 General Obligation Bond**

Provides for the payment of principal and interest on long-term general obligation debt of governmental funds. The principal revenue source is property taxes.

**CORBETT SCHOOL DISTRICT  
DEBT SERVICE SUMMARY**

Corbett School District Debt Service Overview

Corbett School District's bond debt consists of 2012B OSBA Flex Fund (QSCB), 2012C OSBA Flex Fund and General Obligation (GO). The General Obligation (GO) is paid with revenues generated through voter-approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2021 GO Bond funded the District's ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. The 2012B OSBA Flex Fund (QSCB) and 2012C OSBA Flex Fund provided fund to renovate the Springdale school.

Corbett School District's loans and contracts are funded in part by the 70% reimbursement of transportation expenses through the State Funding Formula to support the District Bus Fleet. The 2011 SELP Loan and the 2024 MESD Loan were used to make energy updates throughout the District and support general operations, respectively.

# INFORMATIONAL SECTION

## PROPOSED BUDGET

2026-27

CORBETT SCHOOL DISTRICT  
STATE SCHOOL FUNDING FORMULA

State School Fund Grants and Property Tax Revenues  
(Funding Per Student)

State School Funds and Property Taxes are the primary sources of Corbett School District’s operating fund, the General Fund. The legislature determines how much money is available from both State sources, such as income taxes, and local sources, primarily property taxes.

**State School Fund (SSF)**

State School Fund is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average daily

membership, resident (ADMr), and average daily membership, weighted (ADMw). The ADMr number represents the average number of students enrolled at Corbett School District on a daily basis. The ADMw is an adjusted number to compensate for the high cost of educating certain groups of students, such as English Language Learners/English as a Second Language, special education, pregnant or parenting, income at or below poverty, and students in foster care.

### Property Taxes

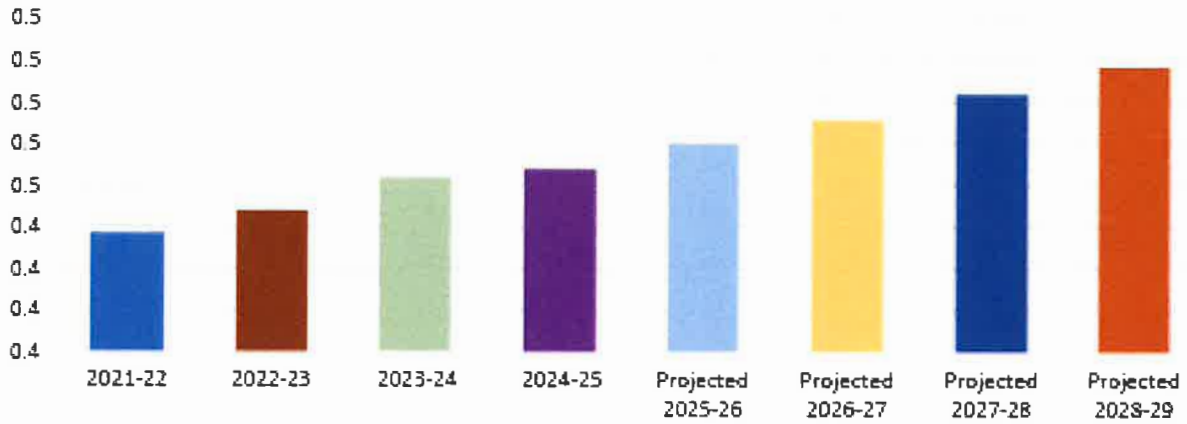

Property taxes from each school district’s permanent rates are deducted from the General-Purpose Grant to determine the amount the school district will receive from the State School Fund Grant.

Property Owners are taxed on the combined rates of education and debt service to repay bonds exempt from Measure 5. The Permanent Property Tax Rate for Corbett School District is \$4.5941 per \$1,000 per assessed value.

In 1990, when Measure 5 passed, the amount of property taxes education districts can collect was limited to \$5 per \$1,000 of real market value. At the same time, Measure 8 requires the State to replace property tax revenue lost due to the measure’s limitations. In 1997, Measure 50 separated assessed value from real market value.

Assessed values are limited to 3% increases per year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. Once the assessed value “catches up” to market value, it can only go up if the market value goes up.

### Assessed Value of Taxabl Property (in billions)

### Effect on Taxpayers (4.5941 per \$1,000 of Assested Value)

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Rates for debt services are set based on each year's requirements. The district permanent tax rate is 4.5941 per \$1,000 of assessed value.

--------------------------------	--------------------------------	-------------------------------

**2026-2027 General Purpose Grant**

Multiply the Teacher Experience Adjustment of -1.4 by \$25 then add \$4500 to the result = \$4,465.00  
Then multiply \$4,465.00 by the Extended ADMw 1390 and then by the funding ratio 2.5922539943 = \$16,088,435.58

**2026-2027 Total Formula Revenue**

Add the General Purpose Grant \$16,088,435.58 to the Transportation Grant \$462,901.60 = \$16,551,337.18

**2026-2027 State School Fund Grant**

Subtract the Local Revenue \$2,377,716.93 from the Total Formula Revenue \$16,551,337.18 = \$14,173,620.25

**CORBETT SCHOOL DISTRICT  
STUDENT ENROLLMENT & PROJECTIONS  
BY GRADE LEVEL**

**Enrollment Projection Methodology:**

The District develops annual enrollment projections for grades K-12 using four types of information: birth rates, cohort history, current and projected housing development, and overall economic picture. Cohort history is a commonly used demographic technique that looks at the number of students in a given grade or series of grades (called a “cohort”) and determines how many of those students will move up to the next grade or school level. Cohort history in a given area is affected by in-and-out-migration of families in response to the economic climate, the type of housing available (i.e., single-family units vs. multiple-family units), and general mobility of the population. Because there are no previous years’ “cohorts” to compare classes with, kindergarten projections are generated using information from Principals and Teachers on class size.

As a charter District, Corbett School District has strategically planned to increase enrollment for 25-26, then decrease annually. The District had a significant drop in enrollment in 2021-22 but due to federal funding didn’t make the adjustment to staff. The plan to increase enrollment will allow the District to make adjustments strategically.

**CORBETT SCHOOL DISTRICT  
DEBT SERVICE SUMMARY**

**Corbett School District Debt Service Overview**

Corbett School District's bond debt consists of 2012B OSBA Flex Fund (QSCB), 2012C OSBA Flex Fund and General Obligation (GO). The General Obligation (GO) is paid with revenues generated through voter-approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2021 GO Bond funded the District's ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. The 2012B OSBA Flex Fund (QSCB) and 2012C OSBA Flex Fund provided fund to renovate the Springdale school.

Corbett School District's loans and contracts are funded in part by the 70% reimbursement of transportation expenses through the State Funding Formula to support the District Bus Fleet. The 2011 SELP Loan and the 2024 MESD Loan were used to make energy updates throughout the District and support general operations, respectively.

TO: BUDGET COMMITTEE  
FROM: NANCY HALL  
DATE: 5/06/2026  
TOPIC: PROPOSED FY25/26 BUDGET

In response to comments about errors discovered on the 2026-2027 Proposed Budget, I have done a thorough review of the document. I used the comments from TSCC, as well as comments from members of the Budget Committee, and other errors that I found. To correct historical numbers, I referred to audits for each of those years.

Following are the changes I have made to the most recent Revised Proposed FY26/27 Budget:

- Page 49-50 Correct to show revenues and expenditures decreasing by the same amount.
- Page 55-57 Correct FY2025/26 Adopted to match budget resolution 6.151.25

# “The best parts about having a college/career program and counselor are...”

“Being able to receive one on one feedback, and knowing that someone at school really does care about your future. We were also provided with amazing opportunities all around, which was super helpful.”

“I think all seniors feel the pressure of having to decide/not knowing what there life is gonna look like after high school, being able to have programs like college/career and a wonderful counselor really brings a form of comfort out by helping us see all these different opportunities and options to guide us on our journey.”

“It helps kids find opportunities that can help them open doors that were not open to them before, especially with financial problems, it also helps kids figure out what they might want to study.”

“Was able to get extra help w applying to colleges that my parents couldn't help me w, and being able to have an additional opinion on schools and options”

191

“All the resources that are more readily available, being guided through the process, and having someone to rely on.”

“As someone who cares a lot about my future and school, having guidance about these sorts of things is a huge help.”

“Feeling more secure about my next steps”

“Having reassurance that there's a way forward in the college process. Like, I was always worried I was doing things wrong but having 1:1 meetings helped me figure out exactly what it was I could still do to make sure I was ready for what I needed to do.”

“Being able to go to someone who encourages and has information about different paths I can take, having new opportunities that would not have otherwise been there if we didn't have a college/career program. That support and advice is invaluable.”

# “Some areas of improvement for the college/career program and counselor might be...”

“they can help students in understanding why college is important. But for me the college/career program counselor has helped me in many ways and she was very reliable.”

“Consistency mostly”

“helping students in bad situations”

“more pressure to do things”

“more frequent check ins with seniors maybe? other than that it was fine”

“longer appointments maybe?”

“I think, given the funds we had, it was very well done. Maybe with more funds, we could have set up some days where people would go on a trip to actually see what workers in different areas do on the job? That might be a little bit too much, though, and it's not really necessary; it's just something that could be nice to have if it was possible.”

“More variation of speakers“

# “What might be helpful next semester from teachers, admin, etc., when there is not a college and career counseling position? (optional)

“Having set aside time each week to meet with whoever to have the questions answered that we need, that we would normally get to Ms. Folen for. Maybe even two times a week, one on A day and one on B day, so all students have an opportunity to get the support they need and deserve.”

“Talking a lot in homeroom about commonapp and encouraging people to fill out their info there every week so they're prepared to apply to colleges on time. Meeting with my teachers 1 on 1.”

“Having more open information about programs available for all.”

“I believe in meeting students and talking to them the same way the counselor had done.”

“cut another program or raise money for the position. There is nothing more helpful than a good counselor!!”

“Me personally I know that I get nervous reaching out to people about college stuff so I guess it would be helpful if teachers and administrators made it to where students feel like they can reach out.”

“More conversations about things like college applications, applying for jobs, and any advice that is useful for adulthood.”

“Providing extra help and keep doing college and career events, still plan field trips”

“helping us and checking on us about how college applications are going and if things were done correctly and on time”

“Something that might be helpful next semester (and beyond) would be for teachers of any class to give small, relevant tips on college essays or other college/ career tidbits whenever they find it relevant.”

# “Any additional comments or concerns? (optional)”

“The school should consider giving her a permanent opportunity to continue working at Corbett”

“We appreciate you so much Ms.Folen, you made a really big difference for every student at Corbett”

“I just really hope the admin and teachers can keep this progress going and continue to help students the best way they can, even with their insanely busy schedules. Just know having someone to go to about all of this makes it feel so much less overwhelming and actually do-able.”

“Ms.Folen was wonderful and I'm sad she's leaving”

“I got what I needed out of that but I feel bad for the juniors who are not gonna have her next year”

“this really sucks:(“

“Ms. Folen has done a great job as a career counselor, really sad to see her leave.”

Thank you, Corbett High School, for a wonderful 4 months. I am grateful to have been a part of this school and I am hopeful for what the future holds for our students.
