## Legislative Information

### **Bills Currently Being Monitored**

**LB 1219 (Brandt)** is currently sitting on general file.

LB 1219 provides that, beginning January 1, 2027, and notwithstanding the Property Tax Growth Limitation Act and the School District Property Tax Limitation Act, the total amount of property taxes that may be levied by a political subdivision in any year may not exceed the total amount levied in the prior year by more than the allowable growth percentage.

The “allowable growth percentage” is defined as a percentage equal to the sum of:

- 2%, plus
- The political subdivision’s real growth percentage.

The “real growth percentage” is defined as the percentage obtained by dividing:

- The political subdivision’s real growth value by
- The political subdivision’s total property valuation from the prior year.

The “real growth value” is defined as the increase in a political subdivision’s total property valuation from the prior year to the current year due to:

- Improvements to real property as a result of new construction and additions to existing buildings,
- Any other improvements to real property which increase the value of such property,
- Annexation of real property by the political subdivision,
- A change in the use of real property, and
- Any increase in personal property valuation over the prior year.

East Butler’s “real growth percentage” for this current year was 1.21%, this is added onto the “allowable growth” percentage of 2%. Which means you were allowed to increase your tax asking by 3.21% before having to attend the joint hearing. In the last several years, the real growth percentage was less than 1%.

**LB 1050 (Murman, at the request of the Governor)** relates to 3rd grade reading proficiency.

- This bill is currently on select file, with amendments attached, which alters the original intent of the legislation.
- The amendment allows for:

**LB 803 (Revenue Committee)** makes changes to the joint public hearing. It moves the joint public hearing to July instead of September, allowing tax payers a greater opportunity to provide input during the budgeting process.

- Amendment 2651 states:
  - Creates a new section of law. It provides that each county and each city or school district levying a tax on property within a county must participate in a joint public hearing. Each political subdivision must designate one representative to attend the hearing on behalf of the political subdivision. If a political subdivision includes an area in more than one county, the political subdivision would be deemed to be within the county in which the political subdivision's principal headquarters are located.
  - At least one voting member of the governing body of each participating political subdivision must attend the hearing. The county assessor of the county in which the joint public hearing is being held must also attend the hearing.
  - The hearing must be held on or after July 1 and prior to July 15 and before any of the participating political subdivisions file their adopted budget, and the hearing must be held after 6:00 PM.
  - At the hearing the designated representative must give a brief presentation on:

## **Legislative Information**
