Public Participation at Board Meetings

The Brandon Board of Education recognizes the value of public comments and the importance of expressing yourselves to us on district matters.

PUBLIC COMMENT GUIDELINES

IN PERSON: You must sign in with your name, email address or phone number, home address, group affiliation (if any) and the topic you are going to speak on. Sign In sheet is on the table with agendas.

1. When addressing the Board please recognize yourself by stating your name.

2. Each statement shall be limited to THREE (3) minutes: you can only speak once.

3. The statements shall be directed at the board only.

4. Generally, the board will not respond to public comments during the meeting.

5. Speakers are asked to express themselves in a civil manner, with due respect for the dignity and privacy of others who may be affected by your comments.

To ensure due process and respect of individual rights, the district maintains a formal process for handling complaints against individuals. A problem involving an individual or specific incident is best handled through administrative channels. Such matter should be reduced to writing and sent to the superintendent or the board president.

While it is not our intent to stifle public comment, speakers should be aware that if your statements violate the rights of others under the law of defamation or invasion of privacy, you may be held legally responsible. If you are unsure of the legal ramifications of what you are about to say, we urge you to consult first with your legal advisor.

The board wants to hear what people want to say. We expect each speaker will model for our students and others in the audience on how one can respectfully disagree with others' views or voice an opinion or ask questions.

SUPERINTENDENT EVALUATION TOOL TRAINING EVALUATION PROCESS AND RATER RELIABILITY

Meets the 2024-25 Law Requirements

Any Feelings About Evaluation?

When I think about evaluating the superintendent, I feel . . .

- Uncertain of how to evaluate a trained, professional educator
- Concerned about open, honest dialogue
- Don't like conflict
- I'm fine with it!

The Superintendent Evaluation Process
Strengthening the Board-Superintendent Relationship
Illinois School Board Association, 2014

Relevance to You

- **Reduce confusion and tension** among board members and with the superintendent
- **Keep the focus on what is most important** for your students in your district
- **Be confident** that you are executing your duties properly and living up to the trust your community has placed in you
- **Limit the risk of lawsuit** to the school district

3

Evaluation Should be Developmental

- A good evaluation process will help to further develop knowledge and skills of the Superintendent
- Performance expectations can be clarified and prioritized
- It provides mechanism for feedback, which is both appreciated and valuable
- It links superintendent's work to district goals

MICHIGAN ASSOCIATION of SCHOOL BOARDS

Learning Targets

- Understand Board requirements and requirements in the law
- Describe indicators of superintendent job performance
- Identify possible artifacts and evidence
- Establish and plan for a rational cycle and check points
- Understanding of how to collectively rate the performance of a superintendent using the MASB Superintendent Evaluation Tool
- Practice using the evaluation criteria to establish consistency in evaluators to satisfy the calibration requirement for board members

MICHIGAN ASSOCIATION of SCHOOL BOARDS

Board Requirements

- The Board as a whole, provides oversight and governance to the District, generally speaking as ONE VOICE.
- The Board evaluates only ONE employee
- The Board evaluates the superintendent's performance annually using a research-based tool and it is reported in the REP (Register of Educational Personnel)
- The Board is required to have TRAINING on this process and rater reliability
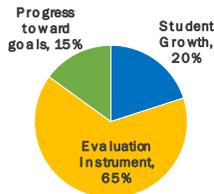

MICHIGAN ASSOCIATION of SCHOOL BOARDS

4

The Law

- Evaluate superintendent **annually**
- **Assign a rating** of effective, developing, or needing support
- Hold a **Mid-Year Progress Report Review** each year the superintendent is evaluated

---

Composition of the MASB Tool

- The law specifies that 20% of the tool is student growth and assessment data or student learning objectives metrics
- The rest of the tool must be "objective criteria"
- The MASB tool specifies that 65% is professional practice (research based)
- The MASB tool specifies that 15% is progress on goals (defined by the district and superintendent)

Progress toward goals, 15%
Student Growth, 20%
Evaluation Instrument, 65%

MICHIGAN ASSOCIATION of SCHOOL BOARDS

Student Growth and Assessment Data

- Must include multiple rating categories with student growth and assessment data, or student learning objectives metrics, or combination of both

- Decided locally

- It may be appropriate to aggregate from building/teacher level to district level (utilize teacher measures aggregated up to the superintendent)

MICHIGAN ASSOCIATION of SCHOOL BOARDS

5

Student Growth

- Student growth measures the amount of student academic progress between two points in time.
- The data considered must be from a single group of students:
  Last year's 4th graders ►
  This year's 5th graders
- Student Growth is different than Student Proficiency

Student Learning Objectives

- Measurable, long-term academic goals

- Informed by available data

- Teacher or teacher team sets at the beginning of the year for all students

Legal Requirement - Mid-Year Progress Report

- Superintendent is provided a midyear progress report each year that they are evaluated to gauge improvement from the preceding evaluation and to assist with improvement.
- The midyear progress report must include:
  - Specific performance goals for the remainder of the calendar year
  - Goals should be developed consulting with the Superintendent
  - Include any recommended training identified that would assist in meeting these goals.
- A written improvement plan is provided that includes these goals and training and is designed to assist in improving performance

6

Legal Requirement - Training

- All evaluators of administrators are to be provided **Rater Reliability Training** by September 1, 2024 and every 3 years thereafter that includes:
  - Clear and consistent set of evaluation criteria that all evaluators can use when assessing performance.
  - Clear expectations for what evaluators should look for when assessing performance, including identifying key behaviors and practices that are associated with effectiveness.
  - Training on the evaluation process itself
  - Calibration exercises that help evaluators practice using the evaluation criteria and establish consistency in the evaluator's evaluations.
  - Ongoing support for evaluators, including feedback and coaching to help the evaluators improve their skills and ensure they are consistently applying the evaluation criteria

Legal Requirement - Unevaluated

Designated as **UNEVALUATED**:
- The Superintendent worked less than 60 days in that year.
- The Superintendent's evaluation results were vacated through the appeal process.
- There are extenuating circumstances and the Superintendent, and the school district agree to designate the Superintendent as unevaluated because of the extenuating circumstances.

If a Superintendent is designated as **UNEVALUATED,** the Superintendent's **rating from the year immediately before** that designation **must be used** if both of the following are met:
- The Superintendent is in the same position in the year before the Superintendent received the unevaluated designation.
- The Superintendent continues to be employed by the same school district as the year before

Legal Requirements

Rated effective (or HE) on three consecutive annual evaluations:
- Board may choose to conduct an evaluation **biennially instead of annually**
  - Off years still report as effective in the REP
  - If evaluation slips below effective, or if evaluator changes, the evaluation must be conducted annually

Rated as Developing or Needing Support:
- Board must develop and require the Superintendent to **implement an Improvement Plan** to correct deficiencies
  - The improvement plan must recommend professional development opportunities and other actions designed to improve the rating of the Superintendent on the Superintendent's next evaluation

Legal Requirements

• The **CONTRACT** governing the employment of a superintendent must include an appeal process concerning the evaluation process and rating received

<u>DON'T FORGET that the evaluation process also must comply with:</u>

• The **Open Meetings Act** – the evaluation can be done in closed session at the superintendent's request

• The **Freedom of Information Act** – the final evaluation approved in open session will be subject to FOIA

Required Postings on District Website

✓The research base for the evaluation system
✓The identity and qualifications of the author or authors
✓Either evidence of reliability, validity and efficacy or a plan for developing that evidence
✓The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators
✓A description of the processes for collecting evidence, conducting evaluation conferences, developing performance ratings and developing performance improvement plans
✓A description of the plan for providing evaluators with training

Second Study - School District Leadership That Works

Mid-Continent Research for Education and Learning
- Meta-analysis (research on the research)
- 27 studies - 2,817 districts and 3.4 million students

KEY FINDING
District-level leadership and length of superintendent tenure has an impact on student achievement

Key Finding - Collaborative Goal-Setting

- Effective superintendents include all relevant stakeholders, staff, board, and administrators in establishing district goals, achievement and instructional goals and monitoring these goals to ensure that they are the driving force behind district actions.

Key Finding - Board Alignment & Support

In districts with higher levels of student achievement, the local board of education is aligned with and supportive of the goals.
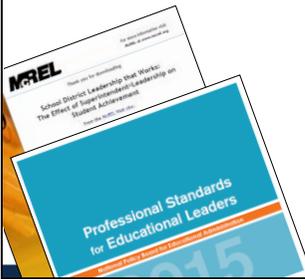

Key Finding - Use of Resources

Effective superintendents ensure that the necessary resources, including time, money, personnel and materials, are allocated to accomplish district goals.
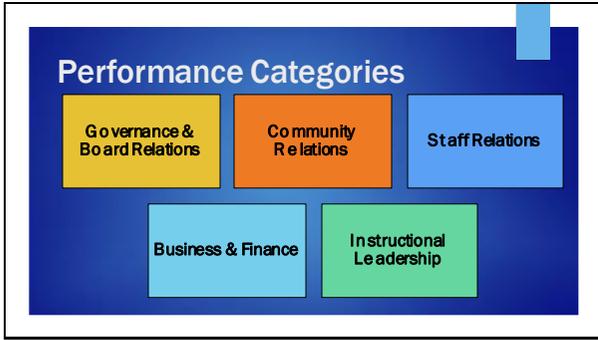

Research Base

- 30 years of research on the practices and behaviors of superintendents
- MASB's evaluation instrument is based on what we know effective superintendents do

Understanding & Using the Instrument

12

Performance Categories

- Governance & Board Relations
- Community Relations
- Staff Relations
- Business & Finance
- Instructional Leadership

Rubrics

- Lists a set of criteria, which defines and describes the important components of the work being evaluated
- Each specific indicator of performance is in each box
- The evaluation process is more objective with defined rubrics
- Provides a road map for the superintendent

MICHIGAN ASSOCIATION of SCHOOL BOARDS

13

Rubric Exploration - A

- Review the subcategories in A. Governance & Board Relations
  - Policy Involvement, Goal Development, Information
  - Materials and Background, Board Questions, Board Development
- Review the progressive performance language.
- The Board Relations category is more familiar to Board members regarding performance and evidence
- What are some examples of evidence indicating performance for any of the areas?

Rubric Exploration - B

- Review the subcategories in B. Community Relations
  - Communication with Community/Parents,
  - Community/Parent Input, Media Relations, District Image,
  - Approachability
- Review the descriptors for each rating.
- Again, notice the progressive performance language.
- What are some examples of evidence indicating performance for any of the areas?

Rubric Exploration - C

- Review the subcategories in C. Staff Relations
  - Staff Input, Staff Communication, Delegation of Duties,
  - Personnel Matters, Recruitment, Labor Relations,
  - Visibility in District
- Review the descriptors for each rating.
- What are some examples of evidence indicating performance for any of the areas?

14

Rubric Exploration - D

- Review the subcategories in **D. Business & Finance**
  - Budget Development, Budget Reporting, Financial Controls
  - Facility Management, Resource Allocation
- Review the descriptors for each rating.
- What are some examples of evidence indicating performance for some of the areas?

Rubric Exploration - E

- Review the subcategories in **E. Instructional Leadership**
  - Performance Evaluation System, Building Level Leadership
  - Staff Development, Curriculum, School Improvement
  - Instruction, Student Voice, Support for Students
  - Professional Knowledge
- Review the descriptors for each rating.
- What are some examples of evidence indicating performance for any of the areas?

The Importance of Evidence

15

Evidence

- Evidence and artifacts can be used to illustrate performance
- Helps to reduce bias and subjectivity in performance evaluation

Evidence

- Items generated by the superintendent can provide evidence of meeting the goals and objectives
- The Board can work with the superintendent to determine the amount of evidence and sources of data to be used
- Multiple styles of reporting and sources of data can be used

Calibration Exercise – Policy Involvement

- Evidence provided includes:
  - Attendance at policy committee meetings
  - Proactive regarding certain new issues to develop into policies
  - Holds meetings for adjusted and new policies due to law changes
  - Policy approval process is thorough and timely
  - Reviews new/adjusted policies with board and administration
  - Effective dissemination of policies to staff
- Review the descriptors for each rating in "policy involvement".
- What does the evidence along with the rubric indicate the rating should be?

16

Calibration Exercise – Budget Reporting

- Evidence provided includes:
  - No regular budget reporting is done at the board level
  - "Budget to actual" reports are not readily available
  - Audit has issues and management concerns
  - Unsure of status of finances when requested by Board
- Review the descriptors for each rating in "Budget Reporting".
- What does the evidence along with the rubric indicate the rating should be?
- Ongoing support for evaluators, including feedback and coaching to help the evaluators improve their skills and ensure they are consistently applying the evaluation criteria

Calibration Exercise – Staff Input

- Evidence provided includes:
  - Staff perception survey is sent out, but results are not consistently utilized to adjust any practices
  - Staff meetings are held on a regular basis
  - Curriculum review process includes staff members, but their ideas are utilized inconsistently
- Review the descriptors for each rating in "staff input".
- What does the evidence along with the rubric indicate the rating should be?

Aspects of the Evaluation Cycle

Planning

Mutually agree upon:
- Evaluation timeline and key dates
- Performance expectations, district goals, priorities
- Checkpoints (formal and informal) **MID YEAR REQUIRED**
- Evidence and any artifacts to indicate superintendent performance
- Review the process for completing the year-end evaluation

MICHIGAN ASSOCIATION of SCHOOL BOARDS

Evaluation Cycle

5. Formal Evaluation and Professional Growth Plan

1. Define Performance Expectations

2. Monitor for Progress

3. Provide Regular 2-way Feedback

4. Self-Evaluation and Portfolio Creation
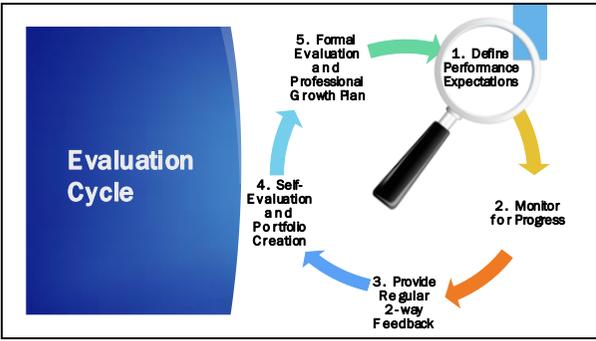

Performance Expectations

- Clarify Board expectations for the Superintendent
- Review district goals and priorities for the work
- Review any benchmarks anticipated or desired
- Review the MASB tool for any clarifications on the various areas
- Document the artifacts/evidence/agreements as discussed

Performance Expectations

Superintendents and Boards must ensure they have
clarity on the following:

1. Performance Indicators in the Rubrics (Categories A-E)
2. Student Growth and Assessment (Category G)
   • *How will you measure student growth and assessment or Student Learning Objectives? (Hint: How is your district measuring this for teacher evaluations?)*
3. Progress on Goals (Category G)
   • *How will you measure progress towards goals?*

4. Self-Evaluation and Portfolio Creation
5. Formal Evaluation and Professional Growth Plan

19

Monitoring for Progress

- Have logical checkpoints been identified? Quarterly?
- Conversation about performance – closed session at request
- How will progress be measured?
- What is the baseline (starting point) measurement?
- When will data be available to check on progress?
- What is the expected change?
- Midyear Progress Report is required

MICHIGAN ASSOCIATION of SCHOOL BOARDS

Mid-Year Progress Report

- Schedule this meeting date about halfway through the evaluation year
  - Gauge improvement from the preceding evaluation and assist with improvement going forward
- Discussion of progress toward goals and superintendent performance can be done in closed session at request
- Discussion of GOALS must be done in open session and you can include what evidence will be used to measure progress

- Written improvement plan required:
  - Specific performance goals for the remainder of the calendar year
  - Include any recommended training identified that would assist in meeting these goals
  - Consider what evidence will be used to measure progress

2. Monitor for Progress

3. Provide Regular 2-way Feedback

4. Self-Evaluation and Portfolio Creation

20

Superintendent Self-Evaluation

- The superintendent evaluates themselves using the evaluation instrument.
- They compile data related to and evidence of performance.
- The superintendent shares this information with the board prior to the board beginning to work on the year-end evaluation.

MICHIGAN ASSOCIATION of SCHOOL BOARDS

How to Process a Self-Evaluation

- Be open to the information being shared.
- Provide the information and superintendent the regard appropriate for an evaluation.
- Read through the evaluation, comments and the evidence provided.
- Ask questions about any items that require clarification.

MICHIGAN ASSOCIATION of SCHOOL BOARDS
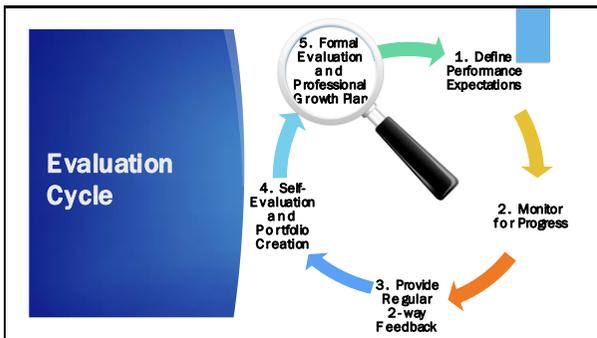

Evaluation Cycle

- 5. Formal Evaluation and Professional Growth Plan
- 1. Define Performance Expectations
- 2. Monitor for Progress
- 3. Provide Regular 2-way Feedback

21

Formal Final Year-End Evaluation

MASB

The Board completes the final year-end evaluation of the superintendent speaking as ONE VOICE to the superintendent regarding their performance using a consensus model.

MICHIGAN ASSOCIATION of SCHOOL BOARDS

Evaluation Process Summary

- Superintendent prepares self-evaluation and evidence
- The Board holds a self-evaluation meeting
- The Board holds the final evaluation consensus meeting
- The Board approves the completed evaluation in open session
- The District reports the rating in the Register of Educational Personnel (REP)

Self-Evaluation and Evidence Meeting

- This meeting can be held in closed session by request of superintendent
- Superintendent prepares self-evaluation, compiles evidence and provides to Board of Education.
- Board members seek clarity as needed regarding self-evaluation or evidence provided.
- Board of Education members receive blank evaluation instrument and make individual notes about their observations.
- After reflection, board members fill out their own ratings on the evaluation instrument to prepare for consensus meeting

22

Consensus Meeting

Note: MASB recommends the superintendent remain in the room while the board discusses their performance.

- This meeting can be held in closed session by request of superintendent
- Board president or facilitator reviews with Board members their ratings in each area along with the self-evaluation and evidence provided and facilitates conversation with members about their ratings of performance in each area.
- After discussion and consensus, a score is assigned for each area. A rating is required in all areas.

Closed Meeting Exception

- "A public body may meet in a closed session...to consider a periodic personnel evaluation of a... staff member...if the named person requests a closed hearing."
- "Person requesting a closed hearing may rescind the request at any time, in which case the matter at issue shall be considered after the rescission only in open session."
MCL 15.268(a)

Closed Meeting Exception

OPEN PHASE
- Scheduling the evaluation
- Choosing and modifying the evaluation instrument
- Establishing performance goals or expectations
- Determining process for the evaluation
- Adoption of the completed evaluation
- Voting to go into closed sessions
- Training on the evaluation tool
- Related board actions and discussions

CLOSED PHASE
*** if requested by employee***
- ▶ Discuss & deliberate about the evaluation/performance of the superintendent

Consensus

- Boards should use a consensus model for completing the summative evaluation.
- Board members discuss each performance indicator and settle on a score they can all *live with*.
- Each consensus score is entered on the form and then those scores form the calculation of each domain.
- Each domain score transfers to the final calculation page.

The Problem with Averaging

- MASB cannot ensure reliability of the instrument when scores are averaged.
- Averaging 5/7/9 board member scores does not reflect the view of the Board of Education.
- Averaging does not provide clear direction to the superintendent.

Consensus Meeting Continued

- Upon completion of a score in each area of the five domains, the excel instrument will calculate an overall professional practice score.
- Board reviews evidence provided related to student growth and assessment and assigns score via consensus
- Board reviews progress toward district-wide goals and assigns score via consensus.

24

Calculation and Comments

The excel instrument will calculate the **overall evaluation score** including professional practice, student growth and assessment, and progress toward district-wide improvement goals.

Comments can be included in each section and any themes/trends identified by the Board may be added to the summary page

---

Approving the Evaluation

Board needs to leave closed session and reconvene in open session:
- The board president comments:
  - A motion is needed to approve the superintendent evaluation as presented (or as completed in closed session).
- After receiving motion and support, board president calls for a vote to adopt the completed year-end evaluation for the superintendent.
- After approval, the board president can announce the overall rating earned by the superintendent.
- The Board president can work with the superintendent to coordinate public statement about the superintendent evaluation.

After the Approval in Open Session

After the meeting:
- After approval of the evaluation, the superintendent may add comments if desired (this is allowable, not necessarily recommended)
- Two copies are made of the evaluation, the superintendent and board president sign the evaluation copies
- One copy goes into the personnel file and the other copy goes to superintendent
- The evaluation rating is reported by the District in the REP (Register of Educational Personnel). The REP opens in January and closes on June 30.

Advantage: Aligns with election cycle. Board members who establish goals are generally the same board members evaluating performance.		Advantage: Aligns with the school year. Is compatible with natural flow of the school year as well as evaluation cycle for other employees.		Advantage: Aligns with contract renewal cycle in many cases. Boards of Education must provide superintendents 90 days' notice in the event of nonrenewal of contract.

SUPERINTENDENT
EVALUATION INSTRUMENT

/MISchoolBoards   /company/mischoolboards   @MASB

Revised for 2024-25

Introduction

The Revised School Code requires school boards to evaluate their superintendent's job performance annually as part of a comprehensive performance evaluation system that takes into account student growth and assessment data. MASB is pleased to provide this superintendent evaluation instrument based on the requirements of the Revised School Code. The instrument provides school districts a straightforward option for superintendent evaluation. It may be used alone or in conjunction with a facilitated evaluation.

Professional Standards for Educational Leaders

This evaluation instrument is based in part on two bodies of research: *The Professional Standards for Educational Leaders,* which were reviewed and published by the National Policy Board for Educational Administration in 2015 and *School District Leadership that Works: The Effect of Superintendent Leadership on Student Achievement* which was conducted by Mid-continent Research for Education and Learning (McREL) in 2006. For detailed information on the research base, please consult the appendixes of this document.

Requirements, Process, Timeline and Resources

Please consult the appendixes of this document for considerable supplementary information and guidance on superintendent evaluation.

Scoring

MASB recommends scoring on the rubric be limited to whole numbers (1, 2, 3) and half numbers (0.5, 1.5, 2.5). Scoring in lesser increments undermine the reliability of the evaluation instrument.

Training

The Revised School Code requires Board of Education members to receive training on the evaluation instrument to be used for the superintendent and rater reliability training. Training must also be provided to the superintendent regarding the measures used in the evaluation system and how each measure will be used.

Posting Requirements

Districts must post comprehensive information on their websites in regards to the evaluation instrument being used. For details in regards to the MASB Superintendent Evaluation instrument's posting requirements, please visit **masb.org/postingrequirements.**

A2	**Goal Development** Professional Standards for Educational Leaders: 1, 9, 10	Goals are not developed.	Goals are defined by implementing state curriculum and seeking to maximize student scores.	Facilitates the development of short-term goals for the district and reports goal progress to board. Provides the necessary financial strategies to meet those goals. Budget practices help to ensure alignment of resources to goals.	
A3	**Information** Professional Standards for Educational Leaders: 2, 7, 9	Does not provide the information the board needs to perform its responsibilities.	Keeps only some members informed, making it difficult for the board to perform its responsibilities.	Has established mutually agreed upon protocols that consistently keeps all board members informed with appropriate information as needed so the Board may perform its responsibilities.	
A4	**Materials and Background** Professional Standards for Educational Leaders: 7, 9	Meeting materials aren't readily available. Members arrive at meetings without enough prior information regarding agenda or background information.	Meeting materials are incomplete, and don't include adequate background information or historical perspective.	Meeting materials are provided with adequate background and historical perspective included. Recommendations are well thought out.	
A5	**Board Questions** Professional Standards for Educational Leaders: 2, 7, 9	Board questions aren't answered fully nor in a timely manner.	Most board questions are answered. All members aren't apprised of all relevant questions/answers.	Board questions are addressed with follow-up to all board members.	
A6	**Board Development** Professional Standards for Educational Leaders: 6	Doesn't promote and does not budget for board development.	When prompted, provides members with information about board development.	Actively encourages board development by providing board members with information regarding board development opportunities when they arise. Ensures funding is available and aligned to board development plan.

National Policy Board for Educational Administration (2015). Professional Standards for Educational Leaders 2015. Reston, VA: Author.

The 2015 Standards are the result of an extensive process that took an in-depth look at the new education leadership landscape. It involved a thorough review of empirical research (see the Bibliography for a selection of supporting sources) and sought the input of researchers and more than 1,000 school and district leaders through surveys and focus groups to identify gaps among the 2008 Standards, the day-to-day work of education leaders and leadership demands of the future. The National Association of Elementary School Principals, National Association of Secondary School Principals and American Association of School Administrators were instrumental to this work. The public was also invited to comment on two drafts of the Standards, which contributed to the final product. The National Policy Board for Education Administration, a consortium of professional organizations committed to advancing school leadership (including those named above), has assumed leadership of the 2015 Standards in recognition of their significance to the profession and will be their steward going forward.

Mid-continent Research for Education and Learning (2006). School District Leadership that Works: The Effect of Superintendent Leadership on Student Achievement. Denver, CO: Author.

To determine the influence of district superintendents on student achievement and the characteristics of effective superintendents, McREL, a Denver-based education research organization, conducted a meta-analysis of research—a sophisticated research technique that combines data from separate studies into a single sample of research—on the influence of school district leaders on student performance. This study is the latest in a series of meta-analyses that McREL has conducted over the past several years to determine the characteristics of effective schools, leaders and teachers. This most recent meta-analysis examines findings from 27 studies conducted since 1970 that used rigorous, quantitative methods to study the influence of school district leaders on student achievement. Altogether, these studies involved 2,817 districts and the achievement scores of 3.4 million students, resulting in what McREL researchers believe to be the largest-ever quantitative examination of research on superintendents.

Appendix B – *Process for Completing Year-End Evaluation for Superintendent*

Planning: At the beginning of the year in which the evaluation is to occur, the Board of Education and superintendent convene a meeting in public and agree upon the following items:

- Evaluation instrument
- Evaluation timeline and key dates
- Performance goals (if necessary beyond performance indicators outlined in rubric, district-wide improvement goals and student growth model)
- Appropriate benchmarks and checkpoints (formal and informal) throughout year
- Artifacts to be used to evidence superintendent performance
- Process for compiling the year-end evaluation
- Process and individual(s) responsible for conducting the evaluation conference with the superintendent
- Process and individual(s) responsible for establishing a performance improvement plan for the superintendent, if needed
- Process and individual(s) responsible for sharing the evaluation results with the community

Checkpoints: The Board of Education and superintendent meet at key points in the evaluation year as follows:

- **Three months in – *Informal update* –** Superintendent provides written update to the board. Board president shares with the superintendent any specific concerns/questions from the board. 47
- **Six months in – *Mid-Year Progress Report* – Superintendent provides update on progress along with available evidence prior to convening a meeting in public. Board president collects questions from the board and provides to superintendent prior to meeting. Board and superintendent discuss progress and make adjustments to course or goals, if needed. THIS MID-YEAR PROGRESS REPORT IS A REQUIREMENT**
- **Nine months in – *Informal update* –** Superintendent provides written update to the board. Board president shares with the superintendent any specific concerns/questions from the board.
- **11-12 months in – *Formal evaluation* –** Superintendent conducts self-evaluation; presents portfolio with evidence to Board of Education (made available prior to meeting). Board members review portfolio prior to evaluation meeting; seek clarification as needed. Board president (or consultant) facilitates evaluation. Formal evaluation is adopted by Board of Education.

Appendix C – *Conducting the Formal Evaluation & Conference*

Prior to meeting:

1) Superintendent prepares self-evaluation, compiles evidence and provides to Board of Education.
2) Board members seek clarity, as needed, regarding self-evaluation or evidence provided.
3) Board of Education members receive blank evaluation instrument and make individual notes about their observations.

During meeting:

4) Superintendent presents self-evaluation and evidence. Superintendent remains present throughout the meeting.
5) Board president or Facilitator reviews with Board of Education superintendent's self-evaluation and evidence provided for each domain and facilitates conversation about performance.
6) Score is assigned for each performance indicator via consensus of the Board of Education.
7) Upon completion of all performance indicators within all domains, the tool will calculate the overall professional practice score and identify the correlating rating.
8) The Board of Education reviews evidence provided related to progress toward district-wide goals and assigns a score via consensus.
9) The Board of Education reviews evidence provided related to the District Student Growth Model and assigns a score via consensus.
10) The tool will calculate the overall evaluation score based on professional practice, progress toward district-wide improvement goals and student growth ratings.
11) The Board President or Facilitator makes note of themes/trends identified by the Board of Education during the evaluation.
12) The Board reconvenes in open session if they have done the evaluation in closed session
13) Board president calls for vote to adopt completed year-end evaluation for superintendent.
14) After approval of the evaluation, the Superintendent notes their comments on evaluation if desired.
15) Board president and superintendent sign completed evaluation form and it goes into the personnel file and the overall rating is reported in the REP.

48

Appendix D – *Considerations Related to the Closed Meeting*

The Board of Education may go into closed session for certain aspects of the superintendent's evaluation but ONLY at the request of the superintendent. A superintendent who has requested a closed session may rescind the request at any time. The following table identifies which aspects of the process need to be in open and closed session:

OPEN PHASE
Scheduling the evaluation
Choosing and modifying the evaluation instrument
Establishing performance goals or expectations
Determining process for the evaluation
Voting to go into closed session

CLOSED PHASE ***only if requested by employee***
Discuss & deliberate about evaluation/performance of the superintendent

OPEN PHASE
Adoption of the evaluation
Related board actions and discussions

Consensus That Involves a Closed Session

1. Superintendent requests a closed session for the purpose of their evaluation.
2. Board of Education votes to go into closed session.
3. Board of Education moves into closed session: the superintendent remains present throughout the session unless they choose to excuse themself.
4. Board president or facilitator reviews with the Board of Education the superintendent's self-evaluation and evidence provided for each domain and facilitates a conversation about performance. A consensus of the Board of Education is identified for each domain score. 49
5. Board president reviews with Board of Education evidence provided related to progress towards district-wide goals. A consensus of the Board of Education is identified for progress towards district-wide goals via consensus of Board of Education.
6. Board president reviews with Board of Education evidence provided related to district's student growth model. A consensus of the Board of Education is identified for student growth.
7. Upon completion of all areas, the tool will calculate the overall score and identify the correlating rating.
8. Board president or facilitator makes a note of themes that were identified by the Board of Education during the evaluation.
9. **Board of Education comes out of Closed Session and returns to an Open Meeting.**
10. Board president asks for a motion to approve the evaluation (since the work was completed in closed session, it is confidential until approved by the Board). Once approved by the Board:
    • The consensus score/rating for the overall evaluation can be identified and a public statement can be announced.
11. Superintendent notes their comments on the evaluation, if desired.
12. Board president and superintendent sign the completed evaluation form.
13. Board president works with the superintendent to coordinate further public statement about the superintendent's performance if needed.

The completed evaluation form reflects the Board of Education's assessment of the superintendent's performance and is subject to FOIA.
The forms used by individual board members for notes are not subject to FOIA providing they are not calculated into an average score.

Appendix E – *Possible Timelines for Evaluation of the Superintendent*

Key dates and deliverables for superintendent evaluation should be mutually agreed upon by the Board of Education and the superintendent at the *beginning* of the evaluation cycle. Timeline scenarios and key benchmark descriptions are provided below.

January – December		June – July		March – April	
Activity	**Month**	**Activity**	**Month**	**Activity**	**Month**
Tool, process, timeline and goals mutually established	January	Tool, process, timeline and goals mutually established	July	Tool, process, timeline and goals mutually established	May
Informal update	April	Informal update	October	Informal update	August
Mandatory Mid-year Progress Report	June	Mandatory Mid-year Progress Report	December	Mandatory Mid-year Progress Report	October
Informal update	August	Informal update	February	Informal update	December
Annual evaluation	November	Annual evaluation	May	Annual evaluation	March
Advantage: Aligns with election cycle. Board members who establish goals are likely the same board members evaluating performance.		**Advantage:** Aligns with the school year. Is compatible with natural flow of the school year as well as hiring cycle for most superintendents.		**Advantage:** Aligns with contract renewal cycle in many cases. Boards of Education must provide superintendents 90 days' notice in the event of nonrenewal of contract.	

50

Beginning of Cycle	Informal Update	Mid-cycle Formal Update	Annual Evaluation
Board of Education and superintendent mutually agree upon: • System (tool) to be used • Timeline and key dates • Goals, benchmarks and evidence • How evaluation will be compiled • How evaluation will be shared with superintendent • How evaluation will be shared with the community	• Board president shares any specific questions or concerns from board members • Superintendent provides a written update to the board on goals, expectations and indicators of success • Board offers input on status/progress to-date	• Board president provides questions from the board prior to meeting • Superintendent provides update on progress with available evidence • Board seeks clarification if needed • Discussion on progress and growth • Adjustments to course or goals are discussed	• Superintendent performs self-evaluation; presents portfolio with evidence to Board of Education • Board members review portfolio prior to evaluation, seek clarification as needed • Board president or consultant facilitate evaluation • Formal evaluation is presented to and adopted by Board of Education • Board president and superintendent coordinate public statement regarding superintendent performance

Appendix F – *Establishing Performance Goals for the Superintendent*

The MASB Superintendent Evaluation instrument provides a framework for evaluating the superintendent in critical areas of professional practice as well as the state-required components of student growth and progress towards district-wide goals. Additional performance goals should be established in exceptional circumstances to clarify the board's expectations and give priority to the work being done. For this reason, performance goals should be limited in number, aligned to district goals and assist in clarifying accountability.

Superintendent performance goals may be developed from:
• A specific district goal
• A job performance indicator within an evaluation instrument
• Student performance data

When establishing performance goals, the following guidelines should be considered:
• Involve all board members and superintendent
• Decide on desired results
• Develop performance indicators
• Identify supporting documentation (evidence)
• Review and approve final performance goals, indicators and evidence
• Monitor progress at scheduled checkpoints

Performance Goal Fundamentals

Performance goals should be S-M-A-R-T:
Specific – Goals should be simplistically written and clearly define what is expected.
Measurable – Goals should be measurable and their attainment evidenced in some tangible way.
Achievable – Goals should be achievable given the circumstances and resources at hand.
Results-focused – Goals should measure outcomes not activities.
Time-related – Goals should be linked to a specific timeframe.

SMART — Specific | Measurable | Attainable | Relevant | Time Based

Process for Goal Development

1. Identify the district goal/priority/indicator/student performance data the superintendent's goal is intended to support
2. Ask the superintendent:
   a. What will we see next year toward the accomplishment of this that we don't see now?
   b. What measure will we use to know that the difference represents meaningful progress?
3. Allow superintendent time to craft a response
4. Once agreed upon, board and superintendent develop SMART goal statements

Appendix G – *Evidence*

Validity, reliability and efficacy of the MASB Superintendent Evaluation Instrument relies upon board members using evidence to score superintendent performance.

- Artifacts to serve as evidence of superintendent performance should be identified at the beginning of the evaluation cycle and mutually agreed upon by the Board of Education and the superintendent.
- Artifacts should be limited to only what is needed to inform scoring superintendent performance. Excessive artifacts cloud the evaluation process and waste precious time and resources.
- Boards of Education and superintendents should establish when artifacts are to be provided, i.e., as they originate, at designated checkpoints, during self-evaluation, etc.

A list of possible artifacts that may be used as evidence is provided at the end of each professional practice domain rubric. See the appendixes of this document for additional artifacts that may serve as evidence of performance.

52

Appendix H – *Possible Evidence of Performance*

Evidence helps to demonstrate performance of the superintendent and remove guess work and subjectivity from evaluation. The following artifacts may be used as evidence of performance. This list is not comprehensive.

1 Administrative "calendar" – critical dates calendar (RE: due dates, etc.) and board presentation cycle/annual reports
2 Administrative team book study (agendas and minutes)
3 Administrative team meeting agendas
4 Affirmative action plan
5 Agendas and/or minutes from community planning meetings, including key communicators meetings

Appendix I – *Contingencies*

If a superintendent receives a rating of **developing** or **needing support**, the Board of Education must develop and require the superintendent to implement an improvement plan to correct the deficiencies. The improvement plan must recommend professional development opportunities and other actions designed to improve the rating of the superintendent on their next annual evaluation. See the appendixes of this document for more information on developing an Individual Improvement Plan for the superintendent.

If a superintendent receives a rating of **effective** on three consecutive annual evaluations, the Board of Education may choose to conduct an evaluation biennially instead of annually. However, if a superintendent is not rated as effective on one of these biennial evaluations, the superintendent must again be evaluated annually.

Appendix J – *Student growth and assessment data or student learning objectives metrics*

For all superintendents, the evaluation system has to take into account multiple measures of student growth and assessment data. For superintendents who are *regularly involved in instructional matters* —and this includes all but the most exceptional situations—the following specific expectations must be met with regard to student growth and assessment data or student learning objectives metrics :

> **Beginning in the 2024-2025 school year, 20% of the year-end evaluation must be based on student growth and assessment data or student learning objectives metrics.**

Student growth and assessment data used for superintendent evaluation may be the combined student growth and assessment data used in teacher annual year-end evaluations for the entire district.

Student Growth Versus Student Achievement

Student growth and student achievement are not the same measurement. Student achievement is a single measurement of student performance while student growth measures the amount of students' academic progress between two points in time. [1]

> Student Achievement Example: A student could score 350 on a math assessment.

> Student Growth Example: A student could show a 50-point growth by improving their math score from 300 last year in the fourth grade to 350 on this year's fifth grade exam.

It's important to note that, in order to measure student growth, the data considered must be from a single group of students, i.e., this year's fourth graders and next year's fifth graders.

What is a Student Growth Model?

School districts should establish a student growth model to be used in educator and administrator evaluations. A growth model is a collection of definitions, calculations or rules that summarizes student performance over two or more time points and supports interpretations about students, their classrooms, their educators or their schools. [2]

Michigan law requires that multiple research-based growth and assessment or student learning objective metrics be used in student growth models that are used for evaluation purposes. This may include state assessments, alternative assessments, student learning objectives, nationally normed or locally adopted assessments that are aligned to state standards or based on individualized program goals.

Appendix K – *Developing an Individual Improvement Plan for the Superintendent*

Individual Improvement Plans are an excellent way of helping employees develop their skills. Boards of education should encourage superintendents to develop an IIP in order to foster professional development.

In the event that a superintendent receives a rating that is less than effective, the law requires the creation of an IIP. The following process is a framework for creating and implementing an IIP for the superintendent.

- During the evaluation conference, the Board of Education provides clear feedback to the superintendent in the domain(s) in which they received a less than effective rating.
- A committee of the Board of Education is established to support and monitor the superintendent's development.
- The superintendent drafts an Improvement Plan and presents it to the committee for feedback and approval. The Improvement Plan outlines clear growth objectives, as well as the training and development activities in which the superintendent will engage to accomplish objectives. The committee reviews, provides feedback and approves the Improvement Plan.
- The committee meets quarterly with the superintendent to monitor and discuss progress.
- The superintendent reports progress on their Improvement Plan with their self-evaluation prior to the formal annual evaluation.

Appendix L – *Training*

MASB provides training on its Superintendent Evaluation instrument to board members and superintendents via a cadre of certified trainers. Training is as follows:

Instrument-Specific Training/Rater Reliability Training

This training covers the use of the MASB Superintendent Evaluation instrument including the cycle and processes of evaluation, rating superintendent performance on the rubric, rater reliability training, as well as the use of evidence to evaluate superintendent performance. This training fulfills the requirement of evaluator training for board members as well as evaluatee training for superintendents whose districts are evaluating their superintendent with the MASB Superintendent Evaluation instrument. It is conducted on-location in districts with board members and superintendent present.

Authors

The Michigan Association of School Boards has served boards of education since its inception in 1949. In the decades since, MASB has worked hands-on with tens of thousands of school board members and superintendents throughout the state. Evaluation of the superintendent has been a key aspect of that work – MASB developed superintendent evaluation instruments and trained board members in their use nearly half a century before the requirements.

MASB staff and faculty involved in creating the MASB Superintendent Evaluation instrument Include:

- Rodney Green, Ph.D., Superintendent of Schools (retired), East China School District
- Olga Holden, Ph.D., Director of Leadership Services (retired), MASB
- Donna Oser, CAE, Director of Executive Search and Leadership Development, MASB
- Debbie Stair, M.N.M.L., former school board member, Assistant Director of Leadership Development, MASB
- Jay Bennett, M.A., former school board member, Assistant Director of Executive Search Services, MASB

New York Council of School Superintendents staff and leadership involved in creating the Council's Superintendent Model Evaluation (which significantly influenced MASB's instrument):

- Jacinda H. Conboy, Esq., New York State Council of School Superintendents
- Sharon L. Contreras, Ph.D., Superintendent of Schools, Syracuse City SD
- Chad C. Groff, Superintendent of Schools
- Robert J. Reidy, Executive Director, New York State Council of School Superintendents
- Maria C. Rice, Superintendent of Schools, New Paltz CSD
