- Patrons will be allowed five (5) minutes to express their view. As a meeting of the Gothenburg Board of Education is a meeting held in public and not a public meeting, visitors should refrain from comments unless recognized by the chair.

4. Business Items

4.1. Action Items

4.1.1. Consent Agenda

Rationale:

1. Approval of Previous Minutes
2. Approval of the Treasurer's Report
3. Approval of the Warrants / Bills
 - a. Petty Cash
 - b. Student Activity
 - c. Hot Lunch
 - d. Bank Statement
 - e. Summary of Accounts and Receipts
 - f. Monthly Expenditure Report
 - g. Check Journal
4. Excuse Absent Board Members
5. Consider Option Enrollment Requests

4.1.2. Set substitute salaries for the 2019-2020 school year.

Rationale: Substitute salaries will remain at \$110 per day. The rate for substitutes working in the same position for ten consecutive days will also remain at \$140 per day. The proposed rates are competitive with schools within the Southwest Conference and within Dawson and Lincoln Counties.

- 4.1.3. Discuss, consider and approve transfers to Depreciation Fund, Activities Fund, School Nutrition Fund and the Employee Benefit Fund.

Rationale:

Money was budgeted in the Depreciation Fund and is reserved for eventual capital outlay such as the purchase of vehicles, a roof, or instructional equipment. The Superintendent recommends a transfer of \$50,000 at this time.

Money is budgeted for general operating expenses in the Activities Fund. The activities director and business manager determine the short-term and long-term needs of the program and determine when and how the funds are to be utilized. The superintendent recommends a transfer of \$25,000 at this time.

Money has been transferred into the lunch fund in previous years due to increased costs and our move to a food court concept. A fairly dramatic reduction in Federal and State Reimbursement, as well as a slight reduction in the sale of meals, will require a transfer of \$50,000 into the School Nutrition Fund.

The Board approved two years of single insurance as part of a temporary early retirement incentive. It is recommended that we transfer \$50,000 into the fund to handle part of the first year costs.

There are sufficient resources in the budget to allow for transfers at this time.

- 4.1.4. Policies

- 4.1.4.1. 4.1.4.1. Discuss, consider and approve amended policies or reaffirm existing policies.

Rationale:

1. Policy 5416 - Student Fees

The hearing on Student Fees was held in June.

Lunch prices were increased at the May board meeting.

There are no other fee increases for the 2019-2020 school year.

2. Policy 6400 - Parent Involvement in Schools

Hearing held in June. No changes proposed.

3. Policy 6370 - Multicultural Education

Brief review of the multicultural education policy as required. No changes proposed.

4.1.4.2. Consideration of proposed policies and revisions to existing policies.

Rationale: Dawson County School District #20, Gothenburg Public Schools, participates in a policy update and revision process with the Perry Law Firm through Educational Service Unit #10. Mr. Perry typically sends proposed revisions upon completion of the legislative session so policies may or may not be available for the June meeting. According to the bylaws of the board, while policies may typically be introduced in one meeting and approved at a second meeting, policies may be approved in a single meeting if necessary. This may become applicable if policies are proposed which impact handbooks and are not received until after the June meeting.

Internal Board Policies

Policy 8310-Formulation of Policies

Policy 8320-Adoption, Amendment, or Suspension of Policies

Bylaws of the Board

Policy 9200-Formulation, Adoption, Amendment of Policies

Introduce new policies and revisions to existing Board Policy.

The policies were introduced during the June meetings and have been reviewed prior to the July meeting by the Policy Committee (Mr. Brundage, Mrs. Jobman, and Mr. Fornoff)

Policies 1120, 5101, 5103, 5104 and 5305: LBs 149 and 397 targeted the use and possession of vaping products (including Juuling) by minors under Nebraska's criminal statutes. In so doing, the Legislature included the term "electronic nicotine delivery systems" in these statutes. To maintain consistency, we have revised Policies 1120, 5101, 5103, 5104 and 5305 to reflect this same terminology.

Policy 3130: The Nebraska Department of Administrative Services competitively bids and purchases various property for the benefit of political subdivisions. We understand that this service is becoming more popular with school districts. In turn, we have updated Policy 3130 to exempt the purchasing requirements for schools that purchase through the Nebraska Department of Administrative Services.

Policy 3131: There are a few minor edits to Policy 3131 to comply with federal purchasing requirements.

Policy 4030: LB 217 prohibits discrimination against an employee who "has inquired about, discussed, or disclosed information regarding employee wages, benefits, or other compensation." In other words, if employees discuss their pay, they cannot be terminated on that basis. In the public employment setting (where most employee pay information may be a matter of public record), this may not seem like a big deal. However, there are aspects of employee compensation that should remain confidential. As a result, Policy 4030 establishes criteria for distributing employee pay information and LB 217's discrimination prohibitions.

Policy 5001: LB 115 requires school districts to enroll students in military families with military orders to be stationed in Nebraska. Policy 5001 incorporates this new requirement.

Policy 5012: LB 575 requires that each school district adopt a policy to provide access to military recruiters. Policy 5012 satisfies this new requirement and includes the bill's provisions. LB 575 also requires that, "within thirty days prior to or following the commencement of each school year and, for a new student who enrolls after the commencement of a school year, within thirty days following such enrollment," each school district must notify parents and guardians of high school students of their ability to withhold information from military recruiters. As such, we recommend that you include a provision in your student handbook that notifies parents of the ability to opt out of military recruiters receiving information about their student.

Policy 6410: In 2015, we provided a "Parental and Family Engagement Policy" pursuant to the Every Student Succeeds Act. Since then, NDE has been rejecting virtually all of these policies except for their own version. It has become easier for schools to simply adopt NDE's version.

Policy 8151 and 8153: We previously distributed a memo on LB 399. Policies 8151 and 8153 have been revised to reflect that the Americanism Committee is now referred to as the Committee on American Civics.

- 4.1.5. Authorize Nathan Wyatt - Board President, Jon Hudson - Board Vice President, Jeremy Sitorius - Board Secretary, Todd Rhodes - Superintendent and Kay Streeter - District Business Manager as signing agents for the following accounts with First State Bank: General Fund-checking, General Fund-money market, Special Building Fund-checking, Special Building Fund-money market, Employee Benefit Fund, and Bond Fund.

Rationale: Signature cards for the selected funds need updated for the 2019-2020 school year.

- 4.1.6. Authorize Nathan Wyatt - Board President, Jon Hudson - Board Vice President, Jeremy Sitorius - Board Secretary, Todd Rhodes - Superintendent and Kay Streeter - District Business Manager as signing agents for the following account with Flatwater Bank: Depreciation Fund.

Rationale: Signature cards for the selected fund need updated for the 2019-2020 school year.

- 4.1.7. Authorize Todd Rhodes - Superintendent, Kay Streeter - District Business Manager and Lori Verster - District/Activity Director Secretary as signing agents for the following accounts with Flatwater Bank: Hot Lunch Fund, Student Activity Fund, Student Fees Fund and Petty Cash Fund.

Rationale: Signature cards for the selected funds need updated for the 2019-2020 school year.

Rationale:

The Board of Education may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. Closed sessions may be held for, but shall not be limited to, such reasons as: (a) strategy sessions with respect to collective bargaining, real estate purchases, or litigation; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations or misconduct; or (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person.

The vote to hold a closed session shall be taken in open session. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The Board shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken.

Meeting: July Board Meeting

Date: 7/15/19

Mrs. Angie Richeson

Summer School: Summer School for out-going Kindergarten through 6th graders and Jump Start for incoming Kindergarteners officially started this week. We have 54 students signed up for Summer School and we have 55 students signed up for Jump Start which is 100% of our students who are currently signed up for Kindergarten! Both Summer School and Jump Start run for three weeks (July 8th - July 26th) from 8:00 a.m. - 11:00 / 11:30 a.m. We have an incredible team of educators teaching this summer and it is so nice to see the kids working hard and to hear both laughter and learning taking place, after a quiet month of June.

Thank You to the Custodial Staff and Painting Crew: A huge thank you to the custodial and painting crew for working so hard during the month of June to get our elementary building ready for the start of Summer School and Jump Start. The carpets are clean, things have been wiped down, several rooms have a fresh coat of paint on the walls, and we can literally see our reflection in the newly waxed floors.

Meeting: July Board Meeting

Date: 7/15/19

Mrs. Allison Jonas

Pk Programs: Jump Start began today and will run through July 26th. We have about 90% of our enrolled kindergarteners attending Jump Start. Mrs. Michelle Stienike and Mrs. Anne Ostendorf have spent a lot of time at school this summer ensuring a great program. Swede Preschool Academy is currently full and has a waiting list.

Curriculum:

Math: We have an opportunity to send new teachers to training provided by Eureka at ESU 10. We're hoping this is a service they'll continue to provide.

Language Arts: We'll begin evaluating options this fall.

Science – Materials have arrived and training is scheduled for Friday, August 7th.

Mentor Program: Mentors have made contact with their mentees and everyone is excited for the new year! Board members are invited to join us for lunch on July 31st at the Barn N Grill. Please let me know if you plan to attend.

- Swede Orientation – A week with new teachers to prepare them for their life as a Swede! A little more complex this year than in years past but we have a good plan!

Professional Development:

- Assessment Manual - No major changes.
- Continuous Improvement Manual – Updated teams and process.
- Weekly Learning Team Agendas – Updated weekly with upcoming agenda items
- Back to School In-service – A working document with professional development opportunities offered in the days leading up to school starting.

Meeting: July Board Meeting

Date: 7/15/19

Dr. Todd Rhodes, Superintendent

=====

Summer: Preparation continues to ready for the start of the 2019-2020 school year.

Administrator Retreat: The administrative team met on Thursday July 11th to get to know one another and plan for the upcoming school year.

Administrator Days: Due to Swede Orientation scheduled on Wednesday July 31st the administrative team will not be attending the Nebraska Department of Education portion of Administrator Days. The team will be traveling to Kearney on Thursday August 1st and Friday August 2nd for the rest of the program.

Superintendent Evaluation: I am in the process of collecting Superintendent Evaluations for the Board of Education to Review. Currently, I have an evaluation from the Nebraska Council of School Administrators and two from the Nebraska Association of School Boards. I will have copies of Superintendent evaluations to peruse at the Retreat on the 24th.

Planning and Goal-setting Retreat: Initially when we scheduled the Retreat on the 24th we were looking at it being primarily a Finance retreat which, in July, is relatively early. I am wondering if it would be more beneficial and time efficient to center our work on the 24th around Planning and Goal-setting?

NASB Correspondence: Interim Studies to keep an eye on ...

- LR63 - Interim study to examine educational service units
- LR151 - Interim study to examine the financing of public education and develop recommendations for improving school funding

Internal Board Policies - Methods of OperationOpportunity for Public Expression

The Board of Education as a representative body, recognizes the importance of the public's viewpoint relative to the direction of the educational programs in Gothenburg Public Schools. Therefore, the following guidelines have been established for patrons to efficiently and effectively give expression to their suggestions, concerns, and grievances:

- A. Public Forum - Each Board meeting shall have on its agenda a specific time entitled Public Forum, during which patrons may address the Board on matters of general concern. Patrons wishing to address the Board during the Public Forum will be allowed five (5) minutes to express their view. Board of Education members will refrain from expressing personal opinions during the Public Forum unless asked a direct question by a patron recognized by the Board President as having the floor. The Board imposed time limit may be extended by a majority vote of the Board following a request to do so. Board action may not be taken on matters discussed during the Public Forum unless the matter specifically appears on the prepared agenda. In the discretion of the Board President, the Public Forum may be omitted or bypassed at some, but not all, meetings of the Board of Education.
- B. Concerns and Complaints - Board action shall not be taken regarding a concern or complaint unless the following procedure has been followed:
 - Step 1. All Complaints concerning a particular school situation shall be submitted to the Principal of the building. They should be submitted in writing when practical. If the party involved is other than an individual, then the organization or persons represented shall be identified. If the problem involves other than an individual building, then the matter shall be directed to the Superintendent.
 - Step 2. Should the matter not be resolved to the satisfaction of the parties involved, they may appeal to the Superintendent.
 - Step 3. If the initiating party is not satisfied with the response of the Superintendent, said party may address a written appeal to the Board of Education through the Secretary of the Board.
- C. Speak to Agenda Item - Patrons or visitors who desire to have an item placed on the monthly Board meeting agenda and speak on that item should make their wishes known to the Superintendent prior to the distribution of the meeting agenda. Upon receipt of a request to be heard the Superintendent may, in the discretion of the Superintendent, place the item on the agenda. The Board President shall then allow the patron or visitors to address the Board at the appropriate time. The length of this presentation will be determined at the discretion of the Board President. STUDENT FEES POLICY

The Board of Education adopts the following student fees policy in accordance with the Nebraska Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for free instruction in accordance with the Nebraska State Constitution. The District also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the District is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or Board regulations. Students are encouraged to contact their building administration, their teachers or their coaches and sponsors for further specifics.

A. Definitions.

1. "Students" shall mean students, their parents, guardians or other legal representatives.
2. "Extracurricular activities" shall mean student activities or organizations that (1) are supervised or administered by the District; (2) do not count toward graduation or advancement between grades; and (3) are not otherwise required by the District.
3. "Postsecondary education costs" shall mean tuition and other fees associated with obtaining credit from a postsecondary educational institution.

B. Listing of Fees Charged by this District.1. Guidelines for Clothing Required for Specified Courses and Activities.

Students are responsible for complying with the District's grooming and attire guidelines. They are also responsible for furnishing all clothing required for any special programs, courses or activities in which they participate. The teacher, coach, or sponsor of the activity will provide students with written guidelines that will detail any special clothing requirements and explain why the special clothing is required for the specific program, course or activity.

2. Safety Equipment and Attire.

The District will provide students with all safety equipment and attire that is required by law. Building administrators will assure that (a) such equipment is available in the appropriate classes and areas of the school buildings, (b) teachers are directed to instruct students in the use of such devices, and (c) students use the devices as required. Students are responsible for using the devices safely and as instructed.

3. Personal or Consumable Items.

The District will provide students with facilities, equipment, materials and supplies, including books. *Personal consumable items may be suggested but will not be required.* Students are responsible for the careful and appropriate use of such property. Students will be charged for damage to school property caused by the student and will be held responsible for the reasonable replacement cost of any school property that was lost by the student.

4. Materials Required for Course Projects.

Students in some courses produce a project that becomes their property at the end of the course. In those circumstances, students must either furnish or pay for the reasonable cost of any materials required for the course project.

5. Extracurricular Activities.

The District may charge students a fee to participate in extracurricular activities to cover the District's reasonable costs in offering such activities. The District may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of District-owned equipment or attire. The coach or sponsor will provide students with written guidelines detailing the fees charged, the equipment and/or clothing required, or the usage fee charged. The guidelines will explain the reasons that fees, equipment and/or clothing are required for the activity.

6. Postsecondary Education Costs.

Some students enroll in postsecondary courses while still enrolled in the District's high school. As a general rule, students must pay all costs associated with such postsecondary courses. However, for a course in which students receive both high school and postsecondary education credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the District shall offer the course without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

7. Transportation Costs.

The District will charge students reasonable fees for transportation services provided by the District to the extent permitted by federal and state statutes and regulations.

8. Copies of Student Files or Records.

The District will charge a fee for making copies of a student's files or records for the parents or guardians of such student. The Superintendent or the Superintendent's designee shall establish a schedule of student record fees. Parents of students have the right to inspect and review the students' files or records without the payment of a fee, and no fee shall be charged to search for or retrieve any student's files or records.

9. Participation in Before-and-After-School or Pre-kindergarten Services.

The District will charge reasonable fees for participation in before-and-after-school or prekindergarten services offered by the District pursuant to statute.

10. Participation in Summer School or Night School.

The District will charge reasonable fees for participation in summer school or night school, and may charge reasonable fees for correspondence courses.

The fees charged for these items will be set according to applicable federal and state statutes and regulations. The District will charge students for the cost of food, beverages, and the like that students purchase from a school store, a vending machine, a booster club or from similar sources. Students may be required to bring money or food for field trip lunches and similar activities.

C. Waiver Policy.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) admission fees and transportation charges for student spectators attending extracurricular activities, (3) materials for course projects, and (4) the use of a musical instrument in optional music courses that are not extracurricular activities. Actual participation in the free or reduced-price lunch program is not required to qualify for the waivers provided in this section. The District is not obligated to provide any particular type or quality of equipment or other material to eligible students.

D. Distribution of Policy.

This policy will be published in the Student Handbook or its equivalent that will be provided to students at no cost.

It shall further be the policy of the District to upon reasonable advance request by a parent to attend and monitor courses, assemblies, counseling sessions, and other instructional activities, to permit such parent to be in attendance at such activities unless such attendance would substantially interfere with a legitimate school interest.

It shall further be the policy of the district to encourage communications from the parents concerning when a parent believes it to be appropriate for his/her student to be excused from testing, classroom instruction, and other school experiences that the parent may find objectionable. The superintendent or his/her designee shall make a provision on the complaint form hereinabove referred to for receiving information from a parent concerning what specific testing, classroom instruction, or other school experience the parent finds objectionable, the basis for the parent's objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

It shall further be the policy of the District to provide full access to the records of the students to a parent or guardian all as set forth in Section 79-2,104, the Federal Education Right To Privacy Act, and other applicable law during regular business hours of the school at the school headquarters or wherever the student's records may regularly be maintained by the District.

It is the further policy of the District to notify a parent or parents of any student who may be subjected to a standard norm referenced or criterion referenced test or standard tests such as but not limited to the Iowa Test of Basic Skills or the California Achievement Test, to notify the parent when reasonable to do so, where a sample of such test might be observed and the date upon which such test will be administered. As to all testing by the District, experimental evaluation methodologies, experimental testing instruments and any testing instrument which would tend to inquire into the values, beliefs, or privacy rights of any student, or parent or guardian of such student shall be prohibited unless a parent requests in writing that such tests be administered to his/her resident student.

Prior to any school sponsored survey being administered to the students of the District, it shall be the duty of the superintendent or his/her designee to notify the parent or parents of each student involved in the survey of the nature of the survey, the date and time when such survey shall be administered, and the purpose for which and the uses of which survey exist from the school's perspective.

It shall be the policy of the District as a general matter to leave substantive decision making processes to the professional staff, administration and Board of Education, subject to an effort to receive information from parents as to any concerns, objections, or other information such parents would wish to provide to the school district concerning a parent's access, involvement, and participation in all activities of the school as it relates to the student of the District.

Business OperationsPurchasing Policies

The Superintendent shall ensure that all purchases are made in the interest of economy and efficiency. Where necessary, standards and procedures shall be established to accomplish the following policies of the Board of Education:

1. Purchases up to \$5,000. For the greatest efficiency in expediting purchases, the administration shall be authorized to purchase any item specifically budgeted which has a sale price within the established limit.
2. Purchases from \$5,000 up to \$90,000. The Superintendent shall request the submission of proposals for purchases which have a sale price within the established limit. The Superintendent shall receive and evaluate all proposals in making a recommendation to the Board of Education for acceptance. The Board of Education may review all proposals submitted relating to the recommended purchase. Since this is a proposal system, not a bidding process, the school district in no way shall be obligated to arbitrarily award the contract to the lowest proposal, but shall reserve the right to reject any and all proposals or to waive any informality in any proposal it deems advisable, and to award to the proposer which, in its opinion, is most desirable.
3. Purchases of \$90,000 and above. The Superintendent shall advertise for sealed bids which shall be opened in conformity with any applicable laws and in compliance with any procedures established by the Superintendent. The Board retains the right to determine the responsibility of the bidders, and shall award the contract to the lowest responsible bidder meeting specifications, be the bidder a member or apart from the local community.
4. Any school employee who orders any supplies or equipment outside of that which has been included in the annual budget and without written authorization of the principal or superintendent shall be personally liable for payment for the supplies or equipment purchased.
5. School employees or students purchasing supplies and equipment out of an activity account must first secure a purchase order from the principal authorizing the purchase. Failure to do so will cause the person to be personally liable for payment for the supplies or equipment purchased.
6. The District need not comply with the bidding requirements if the District purchases property from the Nebraska State Purchasing Bureau, so long as the Nebraska State Purchasing Bureau competitively bid the purchase of property.

Credit Card Purchasing Program

1. The Board of Education authorizes the Superintendent or designee to contract with one or more financial institutions, card-issuing banks, credit card companies, charge card companies, debit card companies, or third-party merchant banks capable of operating a purchasing card program on behalf of the District.
2. The Board of Education delegates to the Superintendent or designee: (a) the determination of the type of purchasing card or cards to be utilized in the District's purchasing card program; and (b) the determination of which employees shall be approved or disapproved to be assigned a purchasing card in the District's purchasing card program. The Superintendent shall submit the approved names to the Board, from time to time.
3. The District's purchasing card program may only be utilized for the purchase of goods and services for and on behalf of the District. No officer or employee of the District shall use a purchasing card for any unauthorized use.
4. An itemized receipt for purposes of tracking expenditures shall accompany all purchasing card purchases. In the event that a receipt does not accompany an authorized cardholder's purchase, the Superintendent or designee shall temporarily or permanently suspend said cardholder's purchasing card privileges.
5. Upon the termination or suspension of employment of an individual using a purchasing card, the Superintendent or designee shall immediately close such individual's purchasing card account and said employee shall immediately return the purchasing card.

Prices will be reviewed for reasonableness [2 CFR 200.320(a)].

Purchases will be spread equitably among all qualified sources [2 CFR 200.320(a)].

 - b. At least two weeks before program operations begin
 - c. If a protest is received, it must be handled in accordance with 7 CFR 210.21
5. Retain all records pertaining to the formal competitive bid process for a period of five years plus the current year

(Note: If the small purchase threshold established in the sponsor’s procurement policy statement is less than \$150,000, the smaller bid threshold will govern.)

StudentsAdmission RequirementsMinimum Age:

A child shall be eligible for admission into kindergarten at the beginning of the school year if the child is five years of age or will be five years of age on or before July 31 of the calendar year in which the school year for which the child is seeking admission begins. The School Board shall admit a child who will reach the age of five years on or after August 1 and on or before October 15 of such school year if the parent or guardian requests such entrance and provides an affidavit stating that (i) the child attended kindergarten in another jurisdiction in the current school year; (ii) the family anticipates a relocation to another jurisdiction that would allow admission within the current year; or (iii) the child is capable of carrying the work of kindergarten which can be demonstrated through a recognized assessment procedure approved by the Board.

Early Admission to Kindergarten:

The following assessment procedure for determining if a child is capable of carrying the work of kindergarten is approved and shall be made available to interested persons:

Early kindergarten enrollment exceptions may be made for younger children who are intellectually advanced. At a minimum, eligibility for the admission shall be based upon an analysis of the child's: (1) mental ability, (2) emotional/social development, (3) pre academic skills, and (4) fine motor skills.

The kindergarten early entrance assessment procedures are designed to identify and place in kindergarten those children who:

- a. will turn 5 years of age between August 1 and October 15;
- b. are deemed by parents or guardians as being intellectually advanced and likely to benefit from advanced grade placement; and
- c. are selected on the basis of testing by professionals trained and certified to administer the assessments that will produce evidence of strength in:
 1. mental ability defined as scoring 84th percentile or above on a standardized assessment of cognitive ability such as the Wechsler Pre Primary Scale of Intelligence III, or the Stanford-Binet V;
 2. a test of emotional/social development such as the Behavior Assessment System for Children, Second Edition (BASC-2);
 3. 75th percentile or greater on a test of pre academic skills such as the Woodcock Johnson III; and
 4. a test of fine motor ability, scoring 75th percentile or above on a standardized measurement such as the Beery VMI.

In the discretion of the Superintendent or designee, the assessments may be administered by the School District's professional staff, or the parents or guardians may be required, at their own expense, to have all or some of the required assessments completed by

reputable professionals and to submit the results of such assessments to the School District.

The decision regarding early entrance to kindergarten requires careful consideration of all factors that affect kindergarten success with final determination to be made based on the recommendation of the District Evaluation Team, to be composed of such individuals as the Superintendent or designee determine appropriate. The academic, social, and emotional readiness, as well as the student's physical development and well-being, must be weighed with institutional factors also considered. Sound decision making in the area of early entrance to kindergarten is dependent upon reliable information regarding a student's readiness and a thoughtful balancing of the myriad of factors implicated by the decision. Parents will be notified in writing of the results of the Early Kindergarten Entrance assessment and the determination of the District Evaluation Team in a timely fashion; not to exceed three weeks after the assessments are completed.

Families who seek early admission of their child into kindergarten must obtain an *Early Entrance to Kindergarten Packet* from the School District Administrative.

Parents must fill out the early entrance application forms, which include a parent questionnaire and obtain and attach a reference letter from someone who is well acquainted with the child but not a relative of the child. The person providing this reference should know the child well enough that they can speak with some expertise about the child's attributes and abilities. The reference letter should indicate whether this person recommends the child be schooled with children who will be a year older than the child and, if so, the evidence this person has concerning the child's mental ability, fine and gross motor ability, visual and auditory discrimination, emotional/social development, and communication skills. Suggestions for this reference letter are a preschool teacher, a Sunday school teacher, a day-care provider, or a physician.

The assessment request, reference letter and parent questionnaire must be completed and returned to the District no later than May 25th of the spring before fall enrollment to allow summer assessment to be completed.

Decisions regarding early kindergarten entrance must include consideration of the above and shall not be made based on race, color, gender, religion, ancestry, national origin, marital status, age, disability, or sexual orientation of the child or the child's parents or guardians. Institutional factors, such as capacity, may also be considered.

Admission to First Grade:

A child may be eligible to enter first grade, even if the child has not attended kindergarten, if the child is six years of age or will be six years of age on or before October 15 of the current school year and school officials determine that first grade is the appropriate placement for the child.

Graduates:

A student who has received a high school diploma or received a General Equivalency Diploma shall not be eligible for admission or continued enrollment.

Age 21:

A student shall not be admitted or continued in enrollment after the end of the school year in which the student reaches the age of 21. The school year for this purpose ends at the last day of instruction for graduating seniors.

Birth Certificate, Physical, Visual Evaluation and Immunization:

The parents or legal guardian shall furnish:

- (1) A certified copy of the student's birth certificate issued by the state in which the child was born, upon admission of a child for the first time, shall be provided within 30 days of enrollment. Other reliable proof of the child's identify and age, accompanied by an affidavit explaining the inability to produce a copy of the birth certificate, may be used in lieu of a birth certificate. An affidavit is defined as a notarized statement by an individual who can verify the reason a copy of the birth certificate cannot be produced. (Failure to provide the birth certificate does not result in non-enrollment or disenrollment, but does result in a referral to local law enforcement for investigation).
- (2) Evidence of a physical examination by a physician, physician assistant, or nurse practitioner, within six months prior to the entrance of the child into the beginner grade and the seventh grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a physical examination.
- (3) Evidence of a visual evaluation by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, within six months prior to the entrance of the child into the beginner grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a visual evaluation. The visual evaluation is to consist of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity.
- (4) Evidence of protection against diphtheria, tetanus, pertussis, polio, measles, mumps, and rubella, Hepatitis B, Varicella (chicken pox), Haemophilus Influenzae type b (Hib), invasive pneumococcal disease and other diseases as required by applicable law, by immunization, prior to enrollment, unless the parent or legal guardian submits a written statement that establishes than an exception to the immunization requirements are met.
- (5) Every student entering the seventh grade shall have a booster immunization containing diphtheria and tetanus toxoids and an acellular pertussis vaccine which meets the standards approved by the United States Public Health Service for such biological products, as such standards existed on January 1, 2009.

The Superintendent or Superintendent's designee shall notify the parent or guardian in writing of the foregoing requirements and of the right to submit affidavits or statements to object to the requirements, as applicable. The Superintendent or Superintendent's designee shall also provide a telephone number or other contact information to assist the parent or guardian in receiving information regarding free or reduced-cost visual evaluations for low-income families who qualify.

A student who fails to meet the foregoing requirements shall not be permitted to enroll or to enter school, or if provisionally enrolled or enrolled without compliance, shall not be permitted to continue in school until evidence of compliance or an exemption from compliance is given.

Enrollment of Expelled Students

If a student has been expelled from any public school district in any state, or from a private, denominational, or parochial school in any state, and the student has not completed the terms or time period of the expulsion, the student shall not be permitted to enroll in this school district until the expulsion period from such other school has expired, unless the School Board of this school district in its sole and absolute discretion upon a proper application approves by a majority vote the enrollment of such student prior to expiration of the expulsion period. As a condition of enrollment, the School Board may require attendance in an alternative school, class or educational program pursuant to Nebraska law until the terms or time period of the original underlying expulsion are completed. A student expelled from a private, denominational, or parochial school or from any public school in another state, will not be prohibited from enrolling in the public school district in which the student resides or in which the student has been accepted pursuant to the enrollment option program for any period of time beyond the time limits placed on expulsion, pursuant to the Student Discipline Act, or for any expulsion for an offense for which expulsion is not authorized for a public school student under such Act. For purposes of this policy, the term expulsion or expelled includes any removal from any school for a period in excess of twenty (20) school days.

Military Families

If a parent presents evidence to the District of military orders that military family will be stationed in the State of Nebraska during the current or following school year, the District will enroll preliminarily the parent's students.

The District will provide military recruiters with the same access to a student in a high school grade as the District provides to postsecondary educational institutions or to prospective employers of such students.

If a parent or guardian does not want his or her student's information to be provided to a military recruiter, the parent must submit a written request to the Superintendent.

StudentsStudent Discipline

A. Development of Uniform Discipline System. It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.

1. Short-Term Suspension: Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

- a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
- b. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a. The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- b. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
- c. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
- d. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering

the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.

- e. A student who is on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.
2. Long-Term Suspension: A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who is on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.
 3. Expulsion:
 - a. Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.
 - b. Suspensions Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a

personal injury to the student himself or herself, other students, school employees, or school volunteers.

- c. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.
 - d. Alternative Education: Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.
 - e. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
 - f. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal’s designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.
4. Emergency Exclusion: A student may be excluded from school in the following circumstances:

- a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion, and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

5. Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.
- B. Student Conduct Expectations. Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well being or rights of other students, staff or visitors.
 - C. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the

consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that a reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.
8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school

- employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
 11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
 12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
 13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
 14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
 15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
 16. Willfully violating the behavioral expectations for riding school buses or vehicles.
 17. A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
 18. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational

function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

D. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

1. Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:
 - a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material

- that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
- b. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
 - c. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
 - d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play” or that would damage property (e.g. cleats).
 - e. Head wear including hats, caps, bandannas, and scarves.
 - f. Clothing or jewelry which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar double meaning.
 - g. Clothing or jewelry that is gang related.
 - h. Visible body piercing (other than ears).

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school’s guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal’s office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

2. Academic Integrity.

- a. Policy Statement: Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student’s level of learning and progress, to

provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

- b. Definitions: The following definitions provide a guide to the standards of academic integrity:
- (1) “Cheating” means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:
 - (a) Tests (includes tests, quizzes and other examinations or academic performances):
 - (i) Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
 - (ii) Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
 - (iii) Use of Other Student Answers: Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student’s answers on the test paper.
 - (iv) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.

- (v) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student's real reason for missing class was because the student was not prepared for the test.

- (b) Papers (includes papers, essays, lab projects, and other similar academic work):
 - i) Use of Another's Paper: Copying another student's paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - (ii) Re-use of One's Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 - (iii) Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.
 - (iv) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
 - (v) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.

- (c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.

- (2) “Plagiarism” means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:
- (a) Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.
 - (b) Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.
- (3) “Contributing” to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.
- c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:
- (1) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.
 - (2) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
 - (3) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

3. Electronic Devices

- a. Philosophy and Purpose. The District strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
- b. Definitions.
- (1) “Electronic devices” include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, lap top computers, and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
 - (2) “Sexting” means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
 - (i) Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or
 - (ii) Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,
 - (iii) Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.
- c. Possession and Use of Electronic Devices.
- (1) Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.
 - (2) Students are permitted to possess and use electronic devices before school hours, at lunch time, and after school hours, provided that the student not commit any abusive use of the device (see paragraph (d)(1). Administrators have the discretion to prohibit

student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.

- (3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).
- (4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).

d. Violations

- (1) Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) or otherwise transmitting images and/or sounds of another person or persons without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.
- (2) Disposition of Confiscated Electronic Devices: Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.
 - (i) First Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action,

consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student personally comes to the school's main office and retrieves the electronic device.

- (ii) **Second Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.
 - (iii) **Third Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.
- (3) Penalties for Prohibited Use of Electronic Devices: Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:
- (i) Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.
 - (ii) Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

- (4) Reporting to Law Enforcement: Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.
- e. Responsibility for Electronic Devices. Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students' electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.
- E. Inappropriate Public Displays of Affection (IPDA): Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:
1. 1st Offense: Student will be confronted and directed to cease.
 2. 2nd Offense: Student will be confronted, directed to cease, and parents will be notified.
 3. 3rd Offense: Student will be suspended from school for a minimum of 1 day, and parents and student will need to meet with Administrator(s) and/or counselor.
- If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.
- F. Specific Rule Items: The following conduct may result in disciplinary action which, in the repeated violations, may result in discipline up to expulsion:
1. Students are not given locker passes, restroom passes or telephone passes to leave a classroom or study hall unless special circumstances arise.
 2. Students in the hallway during class time must have a pass with them.
 3. Gum, candy, seeds, etc. are not allowed in the school building or classrooms. The pop machine is closed until after school and pop is to be drunk outside.
 4. Students are expected to bring all books and necessary materials to class. This includes study halls.
 5. Assignments for all classes are due as assigned by the teacher.
 6. Students are not to operate the mini-blinds or the windows.
 7. Classes are ended by the teacher. Students are not to begin to pack up or leave the class until the dismissal bell has rung or the teacher has dismissed the class.
 8. Students are to be in their seats and ready for class on the tardy bell.

9. Special classes such as Industrial Technology, Art, P.E., and computer courses will have other safety or clean-up rules that will be explained to students by that teacher which must be followed.
10. Students are not to bring “nuisance items” to school. A nuisance item is something that is not required for educational purposes and which would cause a distraction to the student or others.
11. Students are to stand back from the entry steps and doors in the mornings before school and at noon before the bell so that others may pass in and out of the entry doors.
12. Snow handling is prohibited.

G. Law Violations

1. Any act of a student which is a basis for expulsion and which the principal or designee knows or suspects is a violation of the Nebraska Criminal Code will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Conduct that does not need to be reported for law enforcement referral includes typical adolescent behavior that can be addressed by school administrators without the involvement of law enforcement. In making the decision of whether to report, consideration should be given to the student’s maturity, mental capacity, and behavioral disorders, where applicable. When appropriate, it shall be the responsibility of the referring administrator to contact the student’s parent of the fact that the referral to legal authorities has been or will be made.
The foregoing reporting standards shall be reviewed annually by the school board on or before August 1 of each year, be annually reviewed in collaboration with the County Attorney each year, be distributed to each student and his or her parent or guardian at the beginning of each school year, or at the time of enrollment if during the school year, and shall be posted in conspicuous places in each school during the school year.
2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

ANY NON-COMPLIANCE WITH THESE STANDARDS CAN AND WILL RESULT IN PUNITIVE MEASURES BEING TAKEN AGAINST ANY STUDENT FAILING TO COMPLY WITH THESE

STANDARDS."

Drug and Alcohol Education and Prevention Program of the District Pursuant to the Safe and Drug-Free Schools and Communities Laws and Regulations

Students are to be provided an age appropriate, developmentally based drug and alcohol education and prevention program. The program educates on the adverse effects of the use of illicit drugs and alcohol, with the primary objective being the prevention of illicit drug and alcohol use by students.

In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent or parents or guardian.

Safe and Drug-Free Schools-- Parental Notice of Right to Withdraw

Parents will be notified that, if upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

Standards of Student Conduct Pertaining to the Possession, Use, or Distribution of Illicit Drugs, Alcohol or Tobacco.

These standards are in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation. The District's standards prohibit the possession, use, or distribution of illicit drugs, alcohol or tobacco (including electronic nicotine delivery systems) on school premises, in school vehicles, or as a part of any of the school's activities on or off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

In particular, students should be aware that:

1. Violation of these standards may result in suspension or expulsion.
2. Prohibited substances will be confiscated and turned over to law enforcement authorities.

However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

InstructionCombined District and School Title I Parent and Family Engagement Policy

Gothenburg Public Schools intends to follow the Title I Parent and Family Engagement Policy guidelines in accordance with federal law, *Section 1116(a -f) ESSA, (Every Student Succeeds Act) of 2015.*

In General

The written District parent and family engagement policy has been developed jointly with, updated periodically and distributed to parents and family members of participating children and the local community in an understandable and uniform format. This policy agreed on by such parents describes the means for carrying out the requirements as listed below.

- Parents and family members of all students are welcomed and encouraged to become involved with their child's school and education; this includes parents and family members that have limited English proficiency, limited literacy, are economically disadvantaged, have disabilities, racial or ethnic minority background or are migratory children. Information related to school and parent programs, meetings, school reports and other activities are sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand.
- Parents are involved in the planning, review, evaluation and improvement of the Title I program, Parent and Family Engagement Policy and the School-Parent Compact at an annual parent meeting scheduled at a convenient time. This would include the planning and implementation of effective parent and family involvement activities.
- Conduct, with meaningful parent and family involvement, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Use the evaluation findings to design evidence-based strategies for more effective parental involvement, and to revise the Parent and Family Engagement Policy.
- Opportunities are provided for parents and family members to participate in decisions related to the education of their child/children. The school and local educational agency shall provide other reasonable support for parental involvement activities.
- Parents of participating children will be provided timely information about programs under this part, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards. The school will provide assistance, opportunities, and/or materials and training to help parents work with their children to improve their children's academic achievement in a format, and when feasible, in a language the parents and family members can understand.
- Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.
- Coordinate and integrate parental involvement programs and activities with other Federal, State and local programs, including preschool programs that encourage and support parents in more fully participating in the education of their children.

Mrs. Angie Richeson

Summer School: Summer School for out-going Kindergarten through 6th graders and Jump Start for incoming Kindergarteners officially started this week. We have 54 students signed up for Summer School and we have 55 students signed up for Jump Start which is 100% of our students who are currently signed up for Kindergarten! Both Summer School and Jump Start run for three weeks (July 8th - July 26th) from 8:00 a.m. - 11:00 / 11:30 a.m. We have an incredible team of educators teaching this summer and it is so nice to see the kids working hard and to hear both laughter and learning taking place, after a quiet month of June.

Thank You to the Custodial Staff and Painting Crew: A huge thank you to the custodial and painting crew for working so hard during the month of June to get our elementary building ready for the start of Summer School and Jump Start. The carpets are clean, things have been wiped down, several rooms have a fresh coat of paint on the walls, and we can literally see our reflection in the newly waxed floors.

=====

Summer: Preparation continues to ready for the start of the 2019-2020 school year.

Administrator Retreat: The administrative team met on Thursday July 11th to get to know one another and plan for the upcoming school year.

Administrator Days: Due to Swede Orientation scheduled on Wednesday July 31st the administrative team will not be attending the Nebraska Department of Education portion of Administrator Days. The team will be traveling to Kearney on Thursday August 1st and Friday August 2nd for the rest of the program.

Superintendent Evaluation: I am in the process of collecting Superintendent Evaluations for the Board of Education to Review. Currently, I have an evaluation from the Nebraska Council of School Administrators and two from the Nebraska Association of School Boards. I will have copies of Superintendent evaluations to peruse at the Retreat on the 24th.

Planning and Goal-setting Retreat: Initially when we scheduled the Retreat on the 24th we were looking at it being primarily a Finance retreat which, in July, is relatively early. I am wondering if it would be more beneficial and time efficient to center our work on the 24th around Planning and Goal-setting?

Bylaws of the Board - MeetingsClosed Sessions

The Board of Education may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. Closed sessions may be held for, but shall not be limited to, such reasons as: (a) strategy sessions with respect to collective bargaining, real estate purchases, or litigation; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations or misconduct; or (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; provided, however a closed meeting shall never be held for the purpose of discussing the appointment or election of a new member to the Board of Education.

The vote to hold a closed session shall be taken in open session. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The Board shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken.

Any member of the Board shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reasons stated in the original motion to hold a closed session. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

The term "closed session" as used in the policies, regulations and Bylaws of the District shall include within its meaning any "executive session" or "executive meeting" authorized or prescribed by said policies, regulations and Bylaws, all of said terms being interchangeable.
