7.1. Oakland Schools 26/27 Budget
Presenter: Kathy Abela

13

March 25, 2026

Dear Board of Education Designate:

The Oakland Schools Board of Education and I invite you to review the enclosed proposed Oakland Schools budget for FY 2026-27. Per the Michigan School Code, Section 380.624(2), the proposed FY 2026-27 **General Fund budget** is to be submitted to its constituent district Boards of Education for review. For transparency purposes, Oakland Schools has included the budgets for all of our funds in the enclosed document; however, it is only the **General Fund budget** upon which constituent districts vote. More details regarding the timing of the Designates meeting and your board resolution appear near the end of this transmittal letter.

As you know, Oakland Schools is primarily funded by property tax dollars, and we are projecting a growth factor in Oakland Schools' property tax revenues of 3.4%. Tax revenue projections are conservative compared to Oakland County taxable value increase projections as actual taxable value figures are not available during the preparation of this budget.

Please refer to the Enterprise-Wide Executive Summary for a discussion of key projects and initiatives contained in the 2026-27 budget, including but not limited to:

- Artificial Intelligence (AI) Strategy and Capacity Building
- Special Populations Continuum of Supports
- Social-Emotional Wellbeing and Mental Health Support
- Nanotechnology, Artificial Intelligence and Synthetic Biology (NAIS) Lab
- Oakland Schools Technical Campus Renovations
- Business Office Residency Program
- Human Resources Leadership Academy (HRLA)
- Essential Practices in Instruction ⇌ Capacity & Coherence (EPIC) Numeracy Project
- Literacy Essentials Oakland (LEO)

Subsidies

Oakland Schools provides over \$1.4 million in subsidies for software and other instructional tools in the areas of Career and Technical Education and curriculum and assessment. The subsidies provided in the 2026-27 budget are detailed within this document and are exclusive of pass-through grant funds, other district allocations and the cost of dedicated staff who support student and HR/Finance software and applications.

Personnel Costs

Step increases for those employees who are eligible are included in the 2026-27 budget along with a 2.0% salary increase for all staff. All union salary changes, including step adjustments, are subject to collective bargaining.

PA-18 Special Education Funding

Oakland Schools receives property tax revenue for support of Special Education programs. The base distribution of PA-18 funding to local school districts is budgeted to increase approximately \$5.2 million or 2.9%. Additionally, \$2.5 million is budgeted for other LEA distributions for group home expenditures,

reimbursements to districts for educating incarcerated youth, special education program startup and extraordinary expenditures and capital. The budget also contains \$5.0 million for the construction of an Autism Spectrum Disorder (ASD) Center Program in Oxford. In FY 2025-26, Oakland Schools distributed additional PA-18 funds totaling \$5.8 million above the base distribution.

Planning for the Future

Oakland Schools is dedicated to sound financial planning and preparing for economic uncertainties in the future. In that regard, we utilize a five-year forecast that is updated with each budget amendment and incorporates projections from Oakland County Equalization for taxable values. We also maintain a five-year capital plan that is updated annually to prepare for necessary improvements and upgrades to facilities and equipment.

Please be assured that we will continue to work hard to ensure that the budget reflects our continued commitment to increasing student achievement, using economies of scale to decrease operating costs for local districts, customizing and regionalizing programs and services to meet the diverse needs of our constituent school districts, and assisting schools and districts in meeting state and federal mandates.

Per the Michigan School Code, Section 380.624(2), the proposed FY 2026-27 **General Fund budget** is to be submitted to its constituent districts' Boards of Education for review by May 1. Not later than June 1, the board of each constituent district shall adopt a resolution of support or non-support of the **General Fund budget**. A presentation of the budget to our 28 local school district business managers is scheduled to occur at their meeting of the Oakland County School Business Officials on April 17, 2026. The Oakland Schools Board of Education will then hold a Designates Meeting on April 29 at 6:00 PM, providing local board designates and district administration an opportunity to review the General Fund budget prior to submitting their board's resolution to Oakland Schools on or before June 1, 2026. Please note that while Oakland Schools provides all our fund budgets to our constituent districts for review, LEA Designates are only voting on the General Fund budget.

The Oakland Schools Board of Education will hold a Truth in Budgeting hearing on June 1 and will consider the FY 2026-27 proposed budget documents for approval during its regular meeting that night. Should you have any questions regarding the budget, please contact my office at 248.209.2424. All questions will receive prompt replies.

Sincerely,

Kenneth Gutman
Superintendent
Oakland Schools

What's New or of Special Significance in the 2026-27 Oakland Schools Budget?

Revenues

Property tax revenue is budgeted to increase by 3.4%, or \$9.0 million. Taxable values have been increasing incrementally over the last twelve years and finally reached pre-recession levels in 2022-23. While taxable values in Oakland County are expected to increase just over 4.0%, the District is using a conservative estimate in the 2026-27 budget until actual taxable values are made available. Tax abatements leveled off significantly for several years after peaking in fiscal years 2012 and 2013, however an increase in tax tribunal challenges occurred in the last two years and the District carefully monitors open cases with the assistance of Oakland County Equalization. The District holds reserves for anticipated losses due to these abatements as all unfavorable judgments are the responsibility of the District.

Michigan Tax Tribunal Expense

Michigan Tax Tribunal (MTT) judgments regarding property tax assessments have a direct impact on the expenditures of Oakland Schools. Unfavorable judgments result in the return of funds to the taxing authority with no recoupment of funds from the State of Michigan. As such, the District evaluates the risk of MTT losses with the assistance of Oakland County Equalization. The MTT reserve percentage for FY 2026-27 is budgeted at .25% of tax revenues, which equates to approximately \$676,700 in expense.

PA-18 Special Education Funding

Oakland Schools receives property tax revenue for support of Special Education programs. In the last few years, the County has enjoyed healthy taxable value growth which correlates to increases in the amount that

can be provided to local districts via the PA-18 distribution. In FY 2026-27 there is growth projected in tax revenues of 3.4%. The base distribution of PA-18 funding to local school districts is budgeted to increase approximately \$5.2 million or 2.9% to \$189,106,200. Additional distributions may be made to local districts based on 2025-26 final audited financial results.

Employee Positions

There is a net 7.2 FTE increase in positions contained in the 2026-27 budget, including the following:

- (1.0) FTE – Human Resources Manager position has been eliminated
- (.5) FTE – Business Office Residency Program; reduction from four residents to three for a portion of 2026-27
- 1.0 FTE – Shipping/Receiving new Warehouse Supervisor position due to increased workload, replacing a position eliminated in 2024-25
- (.3) FTE –reduction in District & School Services Pupil Services part-time staff
- 6.0 FTE – Special Populations new unit, Continuum of Supports (see discussion below in this executive summary)
- 2.0 FTE – Technology Services Artificial Intelligence (see discussion below in this executive summary).

Personnel Costs

- Step increases for those employees who are eligible have been built into the 2026-27 budget; additionally, an across-the-board pay increase of 2.0% has been included in the proposed budget for all staff. This increase is consistent with union salary changes in the current collective bargaining agreement which expires June 30, 2027.
- Regarding the State-mandated retirement rate, there are 8 rates in effect, depending on the hire date of employees and their choices for eventual retirement benefits. The most common employee choice is for the Basic/MIP plan with Health Care Premium Subsidy. That rate is 29.91% through September 30, 2026, and will be reduced to 27.51% beginning October 1, 2026. Oakland Schools analyzed its own employee retirement elections and has projected an overall blended retirement rate of 26.53% for 2026-27, which includes employer contributions to Defined Contribution plans and the Personal Healthcare Fund.
- The “Hard Cap” for employee health care costs remains in effect for all labor groups. The hard cap dollar limits that employers may pay are subject to annual adjustment based on the medical consumer price index, over which the school district has no jurisdiction. Growth in the medical consumer price index of 4.0% has been budgeted for 2026-27. This projection results in the following dollar limits used in this budget:

	Plan year beginning after 1/1/26	Plan year beginning after 1/1/27*
Family	\$ 21,660.30	\$ 22,526.71
Individual plus one	\$ 16,609.38	\$ 17,273.76
Single	\$ 7,942.09	\$ 8,259.77

**projected, assuming growth in the Medical CPI of 4.0%*

Artificial Intelligence (AI) Strategy and Capacity Building

Since establishing the AI Strategy and Innovation function within Technology Services, Oakland Schools has moved from vision to execution. In September 2025, we hired the Director of AI Strategy and Innovation to lead a comprehensive AI strategy building upon the AI foundation that was laid, including

supporting the 28 districts we serve. This role delivered on the commitment in last year's budget narrative and positioned Oakland Schools to lead with clarity in a rapidly shifting environment.

This year's budget advances that strategy through two critical hires that complete the foundation of an operational AI team:

- **AI Solutions Architect**
Provides the technical backbone for vetting, evaluating, and developing AI solutions that improve internal operations and ensure responsible adoption.
- **AI Implementation Consultant**
Works directly with Oakland Schools staff, district leaders, and educators to deliver professional learning, cohort based programs, and hands on consultation that moves districts from awareness to sustainable implementation.

This budget investment is about protecting districts from unmanaged AI risk, accelerating responsible innovation, and ensuring Oakland Schools remains the indispensable partner districts rely on to navigate complexity and improve outcomes for every learner.

Planned initiatives include district embedded consultation, superintendent level briefings informed by needs assessment data, expanded cohort based learning aligned to national frameworks, and continued development of policy, procurement, and governance guidance as the AI landscape evolves.

Focus on Cybersecurity

The cybersecurity threat environment continues to intensify, and schools remain a high value target. Technology Services has made strategic, layered investments that reduce risk, strengthen resilience, and expand countywide protection.

Budget support sustains and expands protections already deployed, including:

- Managed mobile access through our mobile device management platform
- Cybersecurity awareness training through monthly staff training and phishing exercises, plus improved end user reporting and rapid quarantine workflows
- Enhanced server security tools to monitor and protect approximately 700 servers against data exfiltration and compromise
- Strengthened security posture across Oakland Schools supported applications and devices through vulnerability identification and remediation
- Multi factor authentication across critical systems to prevent unauthorized access
- Automated threat detection through a Security Information and Event Management platform, now extended as an option to local districts at no charge
- Endpoint Detection and Response capabilities to secure connected devices
- Network stability and continuity through mitigation of Distributed Denial of Service attacks
- Ongoing culture building to reduce human risk through awareness and simulation
- Expanded district security partnership programs:
 - Internal and external penetration testing services
 - Shared SIEM capabilities for improved threat visibility
 - Phishing simulation and cybersecurity awareness training platforms for field service districts

Special Populations Continuum of Supports

A new unit within Special Populations will be introduced for the 2026-27 school year. This unit was designed to address the varying levels of expertise, staffing, and resources among local education agencies; additional areas of support for districts that were identified by the center program workgroup. The ISD must play a stronger role in ensuring that students receive appropriate services in their least restrictive environment whenever possible. This new unit will provide dedicated, specialized support

focused on building local district capacity to serve complex students in their least restrictive environment. The unit will guide district teams in data-based decision-making and provide targeted consultation, professional learning, coaching, and direct problem-solving support. The unit will work collaboratively with local districts to:

- strengthen programming for students with complex needs
- support teachers and support staff through training, coaching and consultation
- reduce inappropriate referrals to center programs
- ensure students receive FAPE while remaining in local settings
- promote consistent, evidence-based practices across the county
- ensure fidelity of Leveled Program implementation in LEA's and PSA's.

Social-Emotional Wellbeing and Mental Health Support

Oakland Schools remains committed to supporting the social-emotional well-being and mental health needs of students and educators across our districts. As the demand for these services continues to grow, we are expanding our resources and partnerships to further strengthen mental health support at all levels.

In 2026-27, our mental health team will continue to provide critical support in key areas:

- *Expanding Tier 1 Supports* – Increasing access to Question, Persuade, Refer (QPR) training, Positive Behavioral Interventions and Supports (PBIS), Restorative Practices, and Social-Emotional Learning (SEL) strategies to promote student and staff wellbeing.
- *Enhancing School Safety* – Strengthening both physical and psychological safety through the PREPaRE curriculum, the I Love You Guys Foundation training, Behavioral Threat Assessment and Management, and additional crisis-response initiatives.
- *Advancing Suicide Prevention and Postvention* – Providing professional learning on updated suicide prevention strategies and postvention supports to respond effectively in times of crisis.
- *Improving Crisis Prevention and De-escalation* – Expanding training in Behavioral Supports, Nonviolent Crisis Intervention (CPI), and Life Space Crisis Intervention (LSCI) to equip school staff with strategies for preventing and safely managing crisis situations.
- *Developing School-Based Mental Health Systems* – Continuing to help districts build and sustain comprehensive mental health frameworks that integrate school, community, and state-level supports.

Additionally, we are working closely with districts to maximize the impact of state categorical funding, including:

- *31n Funding* – Supporting the continued expansion of licensed, school-based mental health professionals to increase Tier 2 and 3 interventions.
- *31p Funding* – Helping districts implement three-tiered SEL curricula to promote emotional resilience and wellbeing at all grade levels.

Crisis Response & Trauma Support

Oakland Schools remains a key partner in providing direct support to districts experiencing traumatic events. We continue to offer crisis response and recovery assistance, including ongoing consultation for districts and expanded support for districts impacted by trauma. In the 2026-27 school year, we will build on our crisis response efforts by strengthening trauma-informed and restorative approaches and increasing district capacity to address both immediate and long-term student and staff needs.

Comprehensive Safety & Threat Assessment Training

- *PREPaRE Training* – Oakland Schools continues to partner with the National Association of School Psychologists (NASP) to provide PREPaRE (Prevent, Reaffirm, Evaluate, Provide and Respond, Examine) training. Our team of PREPaRE trainers continue to expand their work with

districts to enhance school crisis prevention, response, and recovery planning. As of January 5, 2026, we have 695 Oakland County educators/professionals trained in workshop 1 with representation from 21 of our 28 districts. Workshop 2 has representation from 27 of 28 districts with 427 Oakland County educators/professionals trained.

- *I Love U Guys* - The “I Love U Guys” Foundation provides training for Pre-K through 12th grade schools, higher education, businesses, and municipal settings focused on standardized language for response to crisis situations. Additionally, they provide a standard method and all materials for locations to activate the reunification annex if necessary. As of February 1, 2026, Oakland Schools has provided four trainings for our county.
- *Behavioral Threat Assessment and Management (BTAM)* – In collaboration with the Michigan State Police, Oakland Community Health Network, and national experts, we are expanding access to countywide training on the BTAM model. Our in-house trainers will continue to build district capacity to assess and manage potential threats while strengthening relationships with community partners. In addition, we were able to offer Advanced BTAM this year and are offering eighteen districts the opportunity to participate in a Training of Trainers, as a means to quickly scale up district capacity in order to be prepared for compliance with the new legislative requirements that take effect October 1, 2026. As of February 25, 2026, we have 663 Oakland County educators from 23 of our 28 districts and 26 Oakland County resource officers participating in this training.
- *Comprehensive School Suicide Prevention* - In partnership with Dr. Steven Brock, we have expanded our offerings around comprehensive school suicide prevention to offer more in depth work around suicide assessment, prevention strategies, and postvention response. As of February 25, 2026, we have 313 Oakland County Educators that have taken part in this training, from 26 of our 28 districts in Oakland County.

Intensive Mental Health & Complex Behavior Support

Our mental health team will broaden access to specialized support services, including:

- *Life Space Crisis Intervention (LSCI)*, which is a set of strategic and tailored verbal intervention strategies to help staff prevent, defuse, and process "crisis" situations in schools involving dysfunctional thinking and student misbehavior, and to assist students in developing more usable self-management skills.
- *Non-violent Crisis Intervention (NCI)*, which provides professional staff with the skills to safely recognize and respond to students in crisis situations. This program promotes the philosophy of Care, Welfare, Safety, and Security, and may help to proactively deescalate students in crisis, reduce the risk of injury; and comply with legislative mandates.

As we look ahead to 2026-27, Oakland Schools remains dedicated to fostering safe, supportive learning environments and providing districts with the expertise, training, and resources they need to address the ever-evolving mental health needs.

Nanotechnology, Artificial Intelligence and Synthetic Biology (NAIS) Lab

Our Nanotechnology, Artificial Intelligence, and Synthetic Biology lab will serve our local districts and public school academies as a resource they can visit during the school year. In this lab, located at the Southeast Technical Campus, students and educators will explore cutting-edge technologies firsthand. Nanotechnology involves manipulating materials at the molecular level to create new substances and devices with unique properties. Artificial Intelligence encompasses developing intelligent systems capable of tasks typically requiring human intelligence, such as problem-solving and decision-making. Synthetic Biology integrates principles from biology and engineering to design and construct novel biological components and systems. Through visits to the lab, students will gain exposure to these exciting scientific fields, preparing them for future opportunities and technological advancements. The 2026-27 budget contains funding for 2.0 FTE for Nanotechnology Consultants (approved in 2024-25)

within the Career Focused Education Fund budget and capital budgets for equipment and lab buildout within the CFE Campus Renovations Capital Projects Fund. We anticipate districts will be able to fully access this service during the 2027-28 school year.

Mobile STEM Classroom (STEMi)

Oakland Schools Administration and Student Services deployed a mobile Science, Technology, Engineering & Math (STEM) classroom called “the STEMi” in 2021. FY 2026-27 Capital Projects Fund budgets include estimated costs for capital needs and the Career Focused Education Fund budget includes lease costs for the vehicle and estimated costs of operating the STEMi. We are approaching the end of our original lease period and are excited to introduce new activities and functionality in the updated STEMi beginning in the 2026-27 school year. New features include an interactive design wall, Drone Racing League (DRL) simulator, new robotics and AI interactive equipment, among others. The mobile classroom is utilized by Oakland Schools’ constituent districts to supplement and extend their existing career readiness curriculum, instruction and assessments. The STEMi is fully booked at all 28 school districts and public school academies for the 2025-26 school year. The Board of Education receives quarterly access and impact updates from Student Services.

Oakland Schools Technical Campus Renovations

Oakland Schools recently completed a two-year project to renovate and refresh our four technical campuses. Renovation work consisted of the following:

- Phase I – Construction of secured entrances for all four Oakland Schools Technical Campus (OSTC) buildings. The renovations improved safety/security infrastructure and enhanced the student and guest experience. Included in the secured entrances are Welcome Centers for visitors waiting to be screened for entry into the building. In addition to providing important security controls, the Welcome Centers highlight OSTC academic programs, events and awards.
- Phase II – Consisted of the OSTC corridor refresh projects and parking lot replacements at all campuses. Improvements included updating corridor lighting, flooring, wayfinding, and program identification for all four campuses. Also included were upgrades to student collaboration spaces in common areas of the building. The project also included replacement of all parking lots and drives along with security gates at strategic locations.

Technical campus planned improvements in the 2026-27 year include the replacement of Southeast Campus rooftop units and lighting controls upgrades at all campuses in addition to the Nanotechnology lab buildout.

Special Collaborative Projects

Business Office Residency Program

Oakland Schools Administration, in collaboration with local district stakeholders, developed a Business Office Residency Program that launched in June 2024. The program was created in response to significant turnover and retirements within local district business offices, coupled with the lack of a sustainable pipeline to fill these vacancies.

The residency is a two-year program in which a cohort of participants receives comprehensive technical training, leadership development, and preparation toward Michigan School Business Officials certification. Participants include individuals hired by Oakland Schools as well as staff currently employed in local district business offices. In addition to the training and certification components, Oakland School employees are placed as interns within local districts, providing them with valuable, real-world experience.

The inaugural cohort consists of four Oakland School employees and nine local district staff members. Upon completion of the program, participants are expected to be well prepared to assume leadership roles

within local district business offices. The program has experienced a highly successful first year, and the current cohort will continue its training through the 2025–26 school year. The 2026-27 budget contains funding for a second cohort, recruitment for which will begin in Spring 2026.

Human Resources Leadership Academy

Oakland Schools launched the Human Resources Leadership Academy (HRLA) in 2024-2025 as a two-year leadership development program designed to cultivate future human resource leaders across the county. The program blends training with hands-on experience, preparing participants to step into HR leadership roles in Oakland County.

In the first year, participants engaged in professional development, gaining foundational knowledge and skills. The second year focused on project-based learning within a district setting, where participants tackle real-world HR challenges. Year two includes a capstone project that focuses on critical HR areas, including recruitment, performance evaluations, employee training, and retention. Through these capstone projects, participants develop practical solutions that enhance HR practices, ensuring they are prepared to step confidently into a leadership role.

In the 2026-2027 school year, we will welcome our third cohort into the program.

The General Education Fund is fully funding both the Business Office Residency and HR Leadership Academy programs.

Literacy Essentials Oakland

The Literacy Essentials Oakland (LEO) project is a multi-year initiative aimed at ensuring early literacy success for children in Oakland County. Established in 2019-20, the project remains rooted in research and is grounded by these goals:

1. Enhanced, equitable instructional practices grounded in research
2. Increased effectiveness of instructional leaders
3. Increased system coherence

In 2025-26, we made significant progress in ensuring educational excellence via the following indicators:

- Metrics analytics indicate strength in coaches spending a majority of their time working directly with teachers to improve student learning.
- LEO leadership teams are adjusting services to strengthen the use of short-term data cycles to drive instructional decisions.
- Collaboration with state-funded literacy coaches continues, supporting full coaching cycles, evidence-based practices, and alignment with PA 146, K-12 Literacy and Dyslexia Law.

Looking ahead, Literacy Essentials Oakland will focus on strengthening the systems that sustain high-quality literacy instruction across districts. This includes enhanced and more coordinated support for literacy coaches, recognizing their critical role in building educator capacity and supporting implementation at the classroom level. The project will also prioritize stronger collaboration between the District and School Services (DSS) and Special Populations departments within Oakland Schools to ensure coherence, shared expertise, and aligned guidance for districts. Finally, continued emphasis will be placed on deepening Tier 1 instruction, supporting districts in strengthening their foundational literacy systems in ways that both meet the requirements of PA 146 and fully reflect the evidence-based instructional practices called for in the law—ensuring access and success for all students.

Oakland Schools is providing up to \$5 million for Literacy Essentials Oakland.

Numeracy Initiative (EPIC – Essential Practices in Instruction ⇌ Capacity & Coherence)

The Numeracy initiative was launched in the 2024-25 school year in response to declining performance from 3rd-6th grade on the Mathematics M-STEP. This project is designed to increase an organization's capacity to support effective mathematics practices leading to increased student outcomes in mathematics.

The program has three goals:

1. Increase and enhance teachers’ use of equitable research-informed tier 1 instructional practices that support student learning
2. Increase instructional leaders’ efficacy and effectiveness to support tier 1 instruction
3. Increased system coherence

Even though this initiative is in its early stages, good progress has already been made and will continue into 2026-27 with the following supportive data:

EPI⇌C² NAIL & Principal efficacy data received from a CCI Survey

Question (out of a 4.0 rating)	Fall 24-25	Fall 25-26	Change

2026-27 will focus on:

- Adding more non-administrative instructional leaders.
- Including more teachers in PDSA cycles.
- Extending PDSA cycles from 3rd through 8th grade.
- Serving more students.

HR/Finance Consortium

The HR/Finance Consortium Fund was established in FY 2012-13 as a result of a collaborative effort between Oakland County school districts to select a countywide Enterprise Resource Planning (ERP) system for HR and financial applications. The school districts formed a consortium called the Michigan Partnership for Essential Education Resources (MiPEER).

The MIPEER Consortium is a strategic alliance between Oakland Schools and 20 districts that streamlines ERP services through BusinessPlus. By centralizing systems and support for finance, HR, and payroll, the consortium delivers standardized software, high tier support, and improved compliance readiness.

This budget sustains the technical team and infrastructure that make the consortium viable, including database administration, system analysis, hosting, monitoring, upgrades, and user support. It also supports

proactive compliance work that keeps districts aligned with changing regulations and operational requirements.

Core value drivers include:

- A dedicated technical backbone that secures and manages software and hardware infrastructure
- Proactive compliance alignment through continuous process recalibration
- End to end lifecycle management including testing, upgrades, training, and advisory governance

This model protects district operations, reduces duplication, and provides a predictable cost structure for essential business systems.

MiServiceDesk

The Oakland Schools Service Desk oversees MiServiceDesk, which provides tier 1 support for essential statewide education systems. This service is a critical reliability layer for Michigan districts and stakeholders and operates as the technical support division of the Michigan Collaboration Hub, led by Intermediate School Districts and MAISA.

Funding in the upcoming year sustains the staffing and tools required to maintain consistent service levels, timely issue resolution, and strong customer experience for statewide solutions that districts depend on daily, including:

- MiStrategyBank
- MICIP
- MiRead
- EduPaths
- MiEarly Childhood Connect
- Michigan Data Hub
- MiEWIMS

This investment protects statewide continuity and reduces disruption in compliance reporting, instructional planning, and data access.

	TOTAL SUBSIDIES	\$ 1,417,700

Note: This reporting is required by Board Policy 3230. Subsidies do not include the cost of staff FTE providing direct district support.

In addition to the above financial subsidies, the District provides dedicated staff to support the MiStar student application and the PowerSchool application for the MiPEER consortium. Distributions are also made directly to districts for PA-18 special education funding, Career and Technical Education (CTE) transportation reimbursement and CTE regional programming funding. Details of those distributions can be found in those funds' specific budget sections of this document.

Student Services

The Student Services Department provides direct instructional programs for K-12 students and consulting services for local districts throughout Oakland County.

- Student Services provides consultation, professional development and employer-based experiences for the core content areas as well as CTE programming.
- Student Services has worked collaboratively with our 28 local districts to roll out a K-12 Career Readiness system in Oakland County. This system is guiding students, parents and educators to help students make informed career preparation decisions, developing the skills and knowledge needed to be successful in their chosen career and preparing them for post-secondary education or direct employment.
- Professional development and technical assistance (via a gradual release professional learning model) is provided to educators, parents and community members throughout Oakland County and beyond.

- Student Services provides leadership and support for a variety of student programs. This includes the ACE Program and the VLAC K-12 programs. In addition, Student Services operates the four technical campuses serving approximately 2,600 – 2,700 students each semester from all 28 constituent districts.

Special Populations

The Special Populations Department is dedicated to providing quality services and support intended to strengthen the capacity of Oakland County public school districts. In partnership with local districts and community agencies, the department strives to improve the educational achievement and well-being of all students with disabilities.

The Oakland Schools Special Populations Department provides services to all local districts, public school academies and nonpublic schools in Oakland County on behalf of the approximately 22,800 students with an Individualized Education Program (IEP) as well as students requiring community support programs.

Coordinated ISD services support districts by providing Educational Audiologists, Orientation and Mobility Specialists, and teacher consultants for students with low-incidence disabilities. These professionals deliver high-quality instruction, consultation, and evaluations, and ensure access to services that promote student achievement. Audiological services are available to support eligibility evaluations, provide hearing assistive technology, and conduct assessments for preschool-age students to rule out hearing loss. Additional supplemental and related supports, including specialized assistive equipment and services, are also available. The Materials Center coordinates the procurement, preparation, delivery, and ongoing support of assistive equipment and alternate format instructional materials for students with IEPs.

Professional learning opportunities are offered throughout the year and are designed to address the county's identified needs, using student achievement data, compliance indicators, district input, and current educational initiatives. These opportunities focus on strengthening instruction for students with disabilities with IEPs and improving student outcomes. Oakland Schools also offers an annual Special Populations Summer Conference to build the capacity of staff who support students in self-contained and center-based programs, serving our most complex learners. This multi-day conference offers foundational shared learning experiences and a variety of targeted sessions that participants can use to deepen their knowledge. Stipends and substitute reimbursement are available for eligible staff.

Technical assistance to meet mandatory compliance regulations occurs in many forms. The ISD has staff available by phone and email to assist parents and districts in creating a positive, supportive learning environment that meets the needs of students with IEPs.

Technology Services

Technology Services delivers enterprise grade systems, solutions, and support that enable teaching, learning, and operations across public and nonpublic schools throughout the region. Our work supports districts in running stable, secure, and compliant technology environments.

Our service portfolio includes integrated online applications that support student information, human resources, finance, payroll, and academic systems. We also provide technology planning, network infrastructure, telecommunications, ONE fiber network technical support, internet connectivity, audiovisual solutions, and general technology assistance. Districts continue to partner with Oakland Schools for technology services as a cost effective and high-quality alternative to commercial solutions. In addition, we offer end-to-end technology support to districts on a cost recovery basis, providing predictable access to premium IT capabilities.

This budget supports three primary outcomes:

1. Reliable operations for students, staff, and families
2. Stronger cybersecurity and risk reduction across the county
3. Scalable innovation and modernization, including artificial intelligence, without sacrificing safety or governance

Student Systems and Data Services

The Student Applications team provides comprehensive support through two models:

- **MISTAR Q** serving 15 local education agencies and seven public school academies
- **MISTAR Lite** supporting 13 local education agencies

MISTAR Q functions as a full student information system, centralizing data, streamlining compliance reporting, and integrating with platforms such as Canvas and Google Classroom. MISTAR Lite supports districts using alternative student information systems by providing student directory management and Medicaid billing support.

The MISTAR Q consortium, in partnership with Wayne RESA and Aequitas Solutions, includes a strong governance structure with a user group and steering committee that drives strategic direction. Current work focuses on student support and success tracking including MTSS and accommodations, and real time analytics.

The team is also exploring expansion of the support framework to accommodate additional student information platforms, with the goal of creating more consistent countywide application support services across districts.

Direct District Support through Field Services

Technology Services delivers comprehensive IT support to 15 local districts through a cost-effective service model. Field Services provides year-round onsite support with highly technical staff who combine strong customer service with deep infrastructure and systems expertise. This team also supports long range district initiatives, including bond implementation, capital refresh cycles, construction technology integration, and strategic technology planning.

The budget supports staffing, tools, training, and service capacity that districts rely on for continuity and for timely resolution of issues that would otherwise interrupt instruction and daily operations.

Production, Printing & Graphics

Production, Printing & Graphics (PP&G) was established to support the printing needs of Oakland Schools and its local districts. Since its inception, the program has consistently delivered high-quality materials including brochures, booklets, programs, business cards, calendars, newsletters, posters, and more, at rates below standard market pricing. Committed to growth and innovation, PP&G have recently expanded its capabilities and streamlined workflow with new equipment, enabling in-house production of lawn signs, acrylic signage, direct-to-foam core printing, and a variety of rigid and specialty substrates, including golf balls and baseballs, all while maintaining low costs.

- The Human Resources department administers the Oakland Human Resources Consortium (OHRC) providing recruitment and job posting services.
- Child Nutrition provides consulting services for all federal child nutrition programs operated in Oakland County including school lunch, breakfast, after-school snack/supper programs, Summer Food Service and special grant programs. Services provided to districts include USDA food purchasing cooperative, professional standards training, technical assistance and operations consulting services. Child Nutrition staff have been instrumental in leading the effort to get universal free meals in public schools permanently.
- Event Management organizes, hosts and services professional learning opportunities. The Oakland Schools conference center provides meeting, conference and training space for educational, community and special events.
- The Office of Procurement & Contracting coordinates the procurement process and provides links for our constituent districts to county, state, and national purchasing programs and cooperative purchasing opportunities.
- Pupil Transportation provides MDE school bus safety education training; efficiency reviews; implementation, training and support for transportation-related applications; consultation for MDE required reports; training and support for transportation staff and committees and cooperative purchasing support for transportation needs.

Collaborative Program Development Initiative

The Collaborative Program Development Initiative (CPDI) is a program designed to provide “seed funding” for new and innovative initiatives, programs and ideas among our constituent local districts. Most recently,

CPDI funds have been used for the Literacy Essentials Oakland (LEO) initiative and the EPIC Math initiative which kicked off in 2024-25.

Notable Fee-Based Programs

Virtual Learning Academy Consortium (VLAC) K-8

- The District's online educational program for K – 8th grade students is projecting an enrollment of 250 FTE. Tuition is projected at \$6,450 per pupil for Oakland County residents and \$6,650 for non-resident pupils, which represents no increase from 2025-26 rates.

Virtual Learning Academy Consortium (VLAC) 9-12

- In the VLAC 9-12 program, students previously participating in the K-8 program can continue their virtual educational program through high school. Enrollment is projected at 300 FTE and tuition is \$6,700 per pupil for Oakland County residents and \$6,900 for non-resident pupils, which represents no increase from 2025-26 rates.

Oakland Accelerated College Experience (ACE)

- In this program, students from Oakland Schools' constituent districts have the opportunity to attend their district's high school as well as Oakland Community College. This opportunity allows students to earn up to 60 transferable college credits, an associate degree or a certificate of completion while extending high school through year 13. The preliminary enrollment is estimated at 300 students. Tuition is \$4,900 per pupil, which represents no increase from 2025-26 rates.

Secondary Online Programs

- The District, in partnership with Graduation Alliance, offers a specialized educational program and support services to provide students who have dropped out of school with an opportunity to complete their coursework and graduate from high school. It also services students who have been expelled or placed on long-term suspension. This program is being offered to Oakland County students on a cost-recovery basis.

Foreign Exchange Programs

- This is a high school study abroad program in which students from other countries can spend a year in several Oakland County high schools. The District is partnering with KCK, Inc. to provide this experience and is budgeting for approximately 30 students to participate in FY 2026-27. Participating districts will also have the opportunity to apply for a mini-grant up to \$5,000 to support their foreign exchange enrichment activities.

Oakland Schools Economic Environment & Forward Planning

Oakland County remains one of Michigan's most significant economic centers, contributing more than 22 percent of the state's GDP and benefiting from a highly educated workforce, strong professional employment base, and relatively low poverty rate. Despite these long-term strengths, the local economy has experienced a recent slowdown. Employment growth weakened in 2024, with a modest decline in payroll jobs and a small rise in unemployment, reflecting broader economic headwinds affecting Michigan and the nation. Even so, Oakland County's labor market continues to perform comparatively well, with unemployment rates historically below the state average and a workforce characterized by high levels of educational attainment and professional occupations.

Looking ahead, economic growth in Oakland County is expected to remain modest but positive through 2027. Total employment is projected to grow at an average annual rate of approximately 0.5 percent—slower than the 2 percent growth experienced during the decade following the Great Recession. Several industries are expected to drive job gains, particularly private health and social services, finance and

insurance, and construction. However, employment in manufacturing and professional and technical services has declined in recent years and is expected to recover only gradually. The region's economy is also closely tied to the automotive industry, making it sensitive to global trade policies and tariffs that could raise production costs and slow vehicle sales in the short term.

Despite these near-term uncertainties, Oakland County's economic fundamentals remain strong and position the region for continued long-term prosperity. Small businesses play a critical role in the local economy, representing nearly 90 percent of all firms and paying wages that rank among the highest compared with similar counties nationwide. Real wages are projected to continue rising modestly through 2027, remaining above the statewide average. Combined with a highly skilled labor force and strong industry diversity, these factors support a stable economic environment and continued opportunities for employment and business growth across the county.

Oakland County takes education very seriously. The County's education initiative, Oakland80, sets a goal of 80% of county adults with a post-secondary degree or credential by 2030. In order to achieve this goal, the County is focused on ensuring high school students obtain the financial assistance available to them, students who start college finish with a degree, and industry-recognized credentials are widely available.

Our Board of Education and Administration consider many factors when setting the District's 2026-27 fiscal year budget. One of the most important factors affecting the budget is the economic condition of the state of Michigan. The fiscal year 2026-27 budgets will be adopted effective July 1, 2026, and are based on estimated property tax revenues, state aid, and grant funding. State law requires the District to amend the budget if actual District resources are not sufficient to fund original appropriations. The District amends its budgets at regular intervals during the year and also maintains a five-year forecast. This robust frequent analysis ensures the financial stability of the organization and that resources are available to fulfill the mission of Oakland Schools.

Oakland Schools' District Budget Policy, Development Process, Management & Internal Control

Oakland Schools' budgetary policies (3050, 3100, 3150, and 3170) direct, authorize and hold responsible the Superintendent for the planning, preparation, and execution of the District's annual operating budgets. The Board of Education authorizes and funds the operating budgets according to approved district policy, procedures and laws of the State of Michigan. The Board of Education conducts budget hearings and a budget adoption process in accordance with state law. Changes to the original annual operating budgets shall be documented to maintain accurate working budgets and shall be presented through the budget amendment process at least three (3) times each fiscal year for Board of Education review and approval.

Significant Budget Policy:

The district's significant budget policies and the complete policy citations are presented below:

Policy 3050 - Budget preparation:

The Superintendent shall be responsible for planning the District's budget. The budget shall be the numerical representations of the Board's and District's programs and operational priorities. The Superintendent shall keep the Board informed during the planning process and secure input from the Board through discussion or workshops. The Board may approve a special committee to work with the Superintendent in determining the budget priorities.

Policy 3100 - Annual operating budget and amendments:

The District's budget shall be prepared by the Superintendent and shall reflect the program and operational priorities of the District. The Superintendent shall follow the adopted budget. The Board shall fund the operating budget according to approved fiscal and budgetary procedures

adhered to and required by the State of Michigan. The Board, working with administration, shall establish priorities for the District. The budget shall contain a contingency appropriation within the General Education, Special Education, and the Vocational Education funds, to be used and transferred at the discretion of the Superintendent, for the express purpose of addressing unforeseen existing program and operational costs. The Board shall be notified of the use of such funds within the budget amendment process. In order for the District's budget preparation to proceed in an orderly fashion, the Superintendent shall establish deadlines and time schedules. The Board shall conduct hearings and budget approval in accordance with state law. Changes to the original operating annual budget shall be documented to maintain accurate working budgets. Changes shall be prepared through budget amendments at least three (3) times each fiscal year for Board review and approval. The Superintendent shall develop administrative rules to implement this policy.

Policy 3150 – Fund balance:

The Board realizes its responsibility under law to maintain a balanced, non-deficit, financial condition for the District. A fund balance provides flexibility in dealing with unanticipated budget emergencies such as mid-year reductions in state funding. In addition, a fund balance will help to avoid cash flow borrowing. To this end, the board will strive to maintain an appropriated and budgeted fund balance in each fund which appropriately considers known actual or estimated liabilities of each fund and the risk in the operating and state and local economic environment. The Board's goal is to maintain annual fund balances as set forth below:

1. The General Education Fund ending unassigned fund balance target shall be at least 15% of estimated operating expenditures.
2. The Career Focused Education Fund ending restricted fund balance target shall be equal to 15% of estimated operating expenditures.
3. The Special Education Fund ending restricted fund balance target shall be at least 5% of expected operating expenditures of the fund less payments (also referred to as transfers) to local school districts.
4. All other District ending fund balances shall be determined by the Superintendent who shall consider the financial environment and the associated risks to include actual or estimated liabilities.

The Board delegates to the Superintendent the authority to create assigned fund balances and to allocate amounts to such balances to be used for specific purposes. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. The Superintendent is directed to bring only those budget recommendations to the Board that comply with all laws and the intent of the policy.

Policy 3170 – Budget transfer authority:

The Superintendent is authorized to approve adjustments and/or transfers between line items within a fund of the Board adopted operating budget. Such adjustments and/or transfers shall be reported to the Board through the amendment process. Authorization for such adjustments and/or transfers shall be included in the general appropriations act amendments. Inter-fund transfers shall not be made without prior Board of Education approval.

Budget Development Process

The Oakland Schools' budget development process operates on a continuous improvement basis. In order for the District's budget preparation to proceed in an orderly fashion, the Superintendent annually establishes a budget development calendar. Budget documents, as released each year, will include presentation changes and improvements. Accordingly, the proposed budget documents reflect all changes made to our general ledger reporting structure done to maintain compliance with the Michigan Public Schools Accounting Manual (Bulletin 1022). Included in our budget document are all governmental fund types, proprietary fund types, and a summary of our grant and state funded projects. The District has

fiduciary type funds which are used to account for assets held by the school district in a trustee capacity or as an agent. These funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds are not presented in this document as the district is not required to formally adopt a budget for these funds; however, information on the Fiduciary funds can be found in the District's most recent Annual Comprehensive Financial Report.

District Cost Allocation Methodologies

During the normal course of conducting our business, Oakland Schools incurs costs that require a logical methodology to allocate between our three major operating funds: the General Education Fund (GEF), the Special Education Fund (SEF) and the Career Focused Education Fund (CFEF). The Michigan Department of Education's (MDE) "Accounting and Fiscal Reporting Requirements for Intermediate School District Use of Special Education Funds" rules identify allocation-eligible function-based costs as defined by the Michigan Department of Education's Bulletin 1022 Accounting Manual.

For the Special Education Fund, the primary controlling parameter is a 25% maximum allocation cap on each eligible function-based cost pool. The CFEF has no such limiting set of rules to date, but we treat the allocation of costs to the CFEF in the same manner as the SEF with respect to the application of our general allocation methodology process. The following function-based cost pools, as defined in the Michigan Department of Education's bulletin 1022 Accounting Manual, are eligible to be allocated:

- Truancy/Absenteeism Services – (211)
- Improvement of Instruction – (221)
- Board of Education – (231)
- Executive Administration – (232)
- Fiscal Services – (252)
- Internal Services – (257)
- Operating Building Services – (261)
- Building Security Services – (266)
- Student Transportation Services – (271)
- Planning, Research, Development and Evaluation Services – (281)
- Communication Services – (282)
- Human Resources Services – (283)
- Technology Support Services – (284)
- Pupil Accounting – (285)
- Other Central Services – (289)
- Other Support Services – (299)

Oakland Schools uses two basic cost allocation methodologies, the general allocation method and the activity based cost method. The application of the two allocation methodologies is limited to the allocation eligible function based cost pools as identified in the Special Education Fund rules referenced above and revised to reflect the most current issuance of the MDE Bulletin 1022 Accounting Manual definitions. The methodology used most by the District is the general allocation. The following is a synopsis of the general allocation methodology.

Most qualifying function-based gross budget cost pools not allocated using an activity based cost methodology are allocated 50% to the General Education Fund, 25% to the Special Education Fund and 25% to the Career Focused Education Fund with the exception of those departments that generate revenues and those for which a study has been done and another allocation method has been deemed more appropriate. For function based gross budget cost pools with departments that generate revenue (predominately Technology Services), the gross cost pool is decreased by the amount of related revenue to create a "net" budget cost pool. The remaining net budget cost pool is then subject to the general allocation

methodology (GEF 50% - SEF 25% - CFEF 25%). We reconcile budget to actual expenditures throughout the year and at year-end to ensure the costs allocated align to the appropriate percentages.

The activity based cost allocation – space utilization methodology is used for allocating capital, maintenance and operating costs associated with our facilities. The space utilization allocation methodology is predicated on square footage occupied or utilized by the District’s departments and programs. The activity based cost allocation – FTE based methodology is applied to the Financial Services, Human Resources, Office of Procurement & Contracting and the Enterprise Technical Services departments. The primary activity based cost driver of each department is the number of employees in the organization they serve therefore the allocation percentages are based on the full time equivalent employees of each fund. The activity based cost allocation – transportation miles is used for Pupil Transportation and is based on the cost of student miles transported for all constituent districts of the ISD.

The following schedules provide the fund level and departmental level allocation percentage utilized in the proposed budget.

Significant Legal Requirements

The State of Michigan requires Intermediate School Districts to comply with the following Public Acts and Michigan Compiled Laws:

1. The General Property Tax Act - Public Act 206 of 1893 (MCL 211.24e)
2. Uniform Budgeting and Accounting Act – Public Act 2 of 1968
3. The Revised School Code - Public Act 451 of 1976 (MCL 380.624)
4. The Revised School Code - Public Act 451 of 1976 (MCL 380.684)

These acts require all school districts to prepare budgets for their funds, which account for the day-to-day operations of the school district; however, fiduciary funds are not required to be budgeted. The budgets are prepared in accordance with generally accepted accounting principles and a specific uniform chart of accounts established by the State of Michigan. The Michigan School Accounting Manual (Bulletin 1022) serves as a mandatory guide to the uniform classification and recording of accounting transactions for Michigan public school districts. The ISD Board, not later than May 1st, must submit its proposed budget (the general fund is required but we provide budgets for all funds) for the next school fiscal year to the board of each constituent district for review and comment.

Budgets must be approved and adopted no later than June 30 for the fiscal year beginning July 1 and ending June 30 of the subsequent year. Prior to adoption, the Board must conduct a public hearing and make the budget available for review as well as provide notice of the hearing in accordance with the law. Formal adoption of the budget is accomplished through a general appropriations resolution approved by the Board which sets forth the amounts to defray the expenditures and meet the liabilities of the school district as well as a statement of estimated revenues and a statement of estimated expenditures, by function in each fund. Once approved expenditures cannot exceed the budget by function during the fiscal year without Board approval of amendments.

District Budget Management and Internal Controls:

The district maintains a system of budgetary and internal controls designed to assist management in meeting its responsibility for reporting reliable information. The system is designed to provide reasonable assurance that assets are safeguarded, and transactions are recorded correctly and executed with management's authorization. The financial software system will not allow funds to be encumbered or processed for payment that exceed the total of the budgetary control account. During the fiscal year, a quarterly financial reporting package is provided to the Board of Education. Included in the quarterly financial reporting package are "budget to actual" summary revenue and expenditure reports for all budgeted funds, cash and investment position information, check register by fund, procurement card activity report and biweekly employee expense reimbursement reports.

BUDGET DEVELOPMENT ASSUMPTIONS

Revenue Assumptions & Proposed Budgets

Property Tax Revenues

Property tax revenues drive the revenue budgets of Oakland Schools' General Education, Special Education and Career Focused Education Funds.

Oakland Schools' tax base is comprised of 70% principal residence and 30% non-principal residence taxable value classification property. Property taxes have been budgeted to increase by 3.4% over the prior year which is a conservative estimate based on current Oakland County Equalization projections. The

District experienced a Headlee rollback for ten of the last eleven years. Below are the property tax revenue expectations by fund for the proposed budget:

Property Taxes	2025-26	2026-27	\$ change	% change
General Education Fund	\$ 15,547,600	\$ 16,076,200	\$ 528,600	3.40%
Special Education Fund	197,835,800	204,562,200	6,726,400	3.40%
Career Focused Education Fund	48,379,700	50,024,600	1,644,900	3.40%
Total Property Tax Revenue	\$ 261,763,100	\$ 270,663,000	\$ 8,899,900	3.40%

Investment Revenues

Oakland Schools’ investment strategy is driven by its investment policy and is supplemented with the professional skills of an investment advisory firm. We expect the individual funds’ total actual investment revenue to reflect the available cash flow resources for investment and the length of the investment. Investment revenue began improving in 2023-24 after years of weak interest rates. Investment revenues for 2025-26 are projected to decrease approximately 11% and are budgeted to decline further in 2026-27 due to future economic uncertainties:

Investment Revenue	2025-26	2026-27	\$ change	% change
General Education Fund	\$ 1,500,000	\$ 1,200,000	\$ (300,000)	-20.0%
Special Education Fund	3,136,700	2,509,400	(627,300)	-20.0%
Career Focused Education Fund	1,220,000	976,000	(244,000)	-20.0%
Shared Services & Tuition Programs Fund 270	185,000	148,000	(37,000)	-20.0%

Capital Project Funds	1,280,000	1,024,000	(256,000)	-20.0%
Production Print Enterprise Fund	7,800	6,000	(1,800)	-23.1%
Total Investment Revenue	\$ 8,778,500	\$ 7,893,400	\$ (885,100)	-10.1%

Other Local Revenue

District wide, Other Local Revenue is projected to remain relatively flat in most funds, increasing by 4.0% in 2026-27. Significant changes include:

- decrease in total payments related to the Community Telecommunications Network due to an additional CTN distribution which occurred in 2025-26
- CFEF miscellaneous revenue is projected to decrease due to the receipt of public surplus auction revenue in 2025-26
- Net VLAC and ACE tuition revenue is projected to increase year to year due to refunds issued in 2025-26 in accordance with the District’s fund balance protocol
- Foreign Exchange Program revenue is projected to increase due to expected increased participation
- decrease in E-rate revenue in the ONE Fund due to a reduction in projects which qualify for the refund

The schedules below depict the changes by fund.

State Source Revenue

The majority of State Revenue is projected to stay flat across all funds for 2026-27, with some exceptions:

- Sec 81 ISD Operations revenue is budgeted to increase by 2.0%.
- Sec 147c(1) MPSERS UAAL Rate Stabilization revenue is budgeted to decrease but has a corresponding expenditure decrease as these funds are passed through to the Office of Retirement Services.
- Section 27L(4) Healthcare Offset revenue is projected to be one-time funding in 2025-26 and has been removed from the 2026-27 budget.
- Section 147a(2) MPSERS Normal Cost Offset revenue contained a one-time adjustment in 2025-26 that is not included in the 2026-27 budget, causing a reduction in that categorical.

The chart below identifies in dollars, by fund, the expectations contained in this budget document:

Other Financing Sources - Indirect Revenue

Oakland Schools' other financing sources - indirect revenue for the proposed fiscal year budget is associated with our grant management program and shared services engagements and are identified by fund below. Revenue budgets are based on current estimates of grant funding and intergovernmental agreements and are adjusted via the budget amendment process throughout the year as grant funds are expended.

Other Financing Sources

Oakland Schools' other financing source revenues are presented in the table below. Most revenue lines in this category are for interfund operating transfers. Operating transfers are made based on the availability of funds in any given year and current and anticipated needs of the District. Also included in Debt Service Funds is the interest subsidy received from the federal government for the Qualified School Construction Bonds (QSCB). Operating transfers show a significant decrease in 2026-27 as additional funds were available in 2025-26 to transfer for current and future capital projects. Additionally, transfers to the QSCB bonds that will become due in 2027 are reduced in 2026-27.

Grant Award Funding

Oakland Schools grant award funding includes formally awarded federal, state, and local grants plus Michigan Department of Education state aid funded projects. The “Other Financing Sources - Indirect Revenue” generated from the management of our grant program is assigned to the General Education, Special Education, and Career Focused Education Funds. The following schedule presents year-to-year new grant award and carryover award funding expectations and comparisons. Funding amounts as presented for fiscal year 2026-27 are estimates at the time of the writing of this document, therefore the actual award amounts will vary. Oakland Schools budgets grant revenue and expenditures based on the entire award; actual expenditures and reimbursements may be lower than awarded amounts. The proposed budget contains a 1.1% increase in grant revenues and expenditures due to anticipated growth of early childhood programs and the amount of carryover funds expected.

Salaries, Wages and Mandatory Benefits

Salaries, wages and mandatory benefits comprise the second largest expenditure category for Oakland Schools behind transfers to local districts (Other Financing Uses). Mandatory benefits are defined as employer FICA and employer Michigan Public School Employee Retirement System funding.

There is an across-the-board salary increase in the 2026-27 budget of 2.0% for all Oakland Schools staff. All union salary changes are subject to collective bargaining. The current collective bargaining agreement expires June 30, 2027. The growth rate assumption applied to the existing non-union salary/wage base for step increases in the three major funds for fiscal year 2026-27 is 1.3%. The union wage base will experience step increases resulting in a wage base cost growth rate estimated at .9%. As a cost efficiency measure, and

to continue to provide certain services, the district utilizes part time employees and contractors to provide certain services when possible.

The schedule below illustrates the salary and wage plus FICA (social security plus Medicare) changes by fund. All FY 2026-27 positions are assumed to be filled and fully funded for the entire year, whereas the FY 2025-26 budget takes current vacancies into consideration at the time of the 2nd budget amendment. All budget figures listed below are presented net of grant funded expenditures:

MPERS Retirement Costs

The district will pay, for most employees, an additional \$28.10 in retirement costs for every \$100 of wages it pays to our employees in fiscal year 2026-27. Since employees may participate in one of eight different plans, the District calculates a blended retirement rate based on plan participation. The blended retirement rate expectation for fiscal year 2026-27 is 26.53%. Please see the chart below for fund level budget information. All budget figures listed below are presented net of grant funded expenditures:

MPERS Retirement Costs	2025-26	2026-27	\$ change	% change

Healthcare Insurance

The “hard cap” on the dollar limits the district may pay due to legislative mandates and district implementation choice are adjusted annually on January 1. Collective bargaining may impact the current plans and the cost sharing arrangement that is projected in the proposed budget.

Employees are required to pay any and all costs of their individual plan choice that exceed these limits. According to the medical plans currently in place, it is expected that employees will contribute approximately 17% on average toward the cost of their health insurance, under the hard cap scenario. Future increases to the employer hard cap limits are subject to the medical consumer price index, over which the district has no jurisdiction.

Other Benefit Costs

Other benefit costs include the following benefits, both self-insured and premium-based insured programs:

- Premium-based dental, vision, life, short- and long-term disability insurance benefit programs
- Workers compensation as a member of the SET-SEG Self-Insurers Workers’ Compensation Fund pool
- Cash in lieu benefits to those opting out of employer-provided health insurance
- Miscellaneous benefits including career assistance/tuition reimbursement, unemployment and vacation sale.

The budgeted expenditures as presented do not include any one-time charges. The District is expecting a net increase of 7.5% for dental and 2% for life and disability programs. Budget increases are included for workers compensation insurance based on a slight increase in our experience modification combined with rate increases. Nominal changes to other insurance budgets are expected in 2026-27. Please see the chart below for fund level budget information. All budget figures listed below are presented net of grant funded expenditures and assume full staffing:

Purchased Services/Supplies/Other Expenditures

Oakland Schools’ goal is to manage the purchased services, supplies, and other expenditure budgets relative to the prior year through improved material and cost management practices and cooperative purchasing programs. Included in the proposed budgets for the General Education Fund, Special Education Fund and Career Focused Education Fund in the dues & fees line items are the property tax abatement expenditure budgets. The schedule below highlights fund comparative purchased services, materials and dues & fees budgets including utilities. Expenditure budgets in the General Education Fund in 2026-27 contain a shift in budgets for Artificial Intelligence from purchased services to the addition of 2.0 FTE as aforementioned in this executive summary, which is the primary driver for those budgets decreasing in 2026-27 by 4.5%. Professional services budgets in the capital projects funds are projected to decrease as the demand for services was higher in 2025-26 when the campus renovations projects were in their early stages. We will carefully monitor budgets and adjust them as necessary through the amendment process.

Capital Expenditures

The chart below depicts the planned capital outlay expenditures for all funds including the Capital Project Funds for the new fiscal year. Capital projects can vary significantly from year to year based on a needs assessment and the timing of furniture and equipment replacement. Amounts budgeted agree to the Board-approved 5-Year Capital Outlay Plan. Budget increases in the Special Education, Medicaid and Production Print Enterprise Funds are due to technology capital needs at the leased building housing those activities. Decreases in ONE Fund capital budgets are for the countywide fiber infrastructure project that will be completed in 2025-26.

Other Financing Uses

The chart below depicts outgoing transfers and other transactions not classified elsewhere. The General Education Fund other financing uses consist of substitute reimbursements to districts, funding for collaborative projects such as Literacy Essentials Oakland (LEO), along with operating transfers to fund capital projects and Oakland Schools' fees to the ONE Fund and HR/Finance Consortium. In 2025-26, the General Education Fund budget contains an additional \$1.0 million transfer to the Career Focused Education Fund to be used for the STEMi lease and operations. Special Education Fund budgets in this category consist primarily of the PA-18 base distribution, group home, extraordinary, startup and Section 24 (adjudicated youth) budgets, along with an operating transfer to fund capital projects. Career Focused Education Fund expenditure budgets are primarily to districts for transportation reimbursement and to reimburse districts for staffing and other costs of operating a Career and Technical Education program (regional allocation), along with debt service and capital projects related to the four technical campuses and administration building. Transfers from CFE to the Campus Renovations Capital Projects Fund were higher in 2025-26 as more funding was available for the aforementioned renovation projects. The Shared Services & Tuition Programs budgets contain payments to local districts for the foreign exchange program. In 2026-27, the District is increasing the payments to LEA's from \$4,000 per student to \$5,000 per student for participating in the program. This increase, combined with an anticipated increase in students and mini-

grant opportunities for participating districts results in an increased budget in this fund. Debt service fund transfers are expected to decrease in 2026-27 due to the payoff of the Qualified School Construction Bonds.

Debt Service Expenditures

Included in this budget document are the individual budgets for all three of our Debt Service funds. Principal payments in 2026-27 reflect the maturity of the Qualified School Construction Bonds in May 2027, totaling \$14.8 million. For additional debt service details, please reference the specific fund budget documents. At the time of the printing of this document, the District is in the process of doing a partial refunding of the 2016 Refunding Bonds. As it is too early to budget for the impact of the refunding, the budgets will be amended in the first budget amendment of 2026-27, after the refunding is complete. Below are the combined debt service budgeted expenditures:

General Education Fund Original Budget and Five-Year Forecast

Fiscal Year 2026-27

GENERAL EDUCATION FUND SPECIFIC ANALYSIS

FUND OVERVIEW

The Oakland Schools General Education Fund is projected to end FY 2026-27 with an unassigned year-end fund balance (at the time of this printing) of \$4,181,700. In 2025-26 and 2026-27, the Superintendent, in accordance with the District’s fund balance policy, assigned a portion of fund balance for certain planned projects to be completed in the subsequent fiscal year. Anticipated ending fund balances for FY 2025-26 and 2026-27 are detailed in the schedules below:

	FY 2025-26 Amend 2 Budget	FY 2026-27 Budget
Non-Spendable - Prepaids	\$ 66,400	\$ 66,400
Assigned	11,233,100	12,407,300
Unassigned	4,134,700	4,181,700
Total Budgeted Ending Fund Balance	\$ 15,434,200	\$ 16,655,400

FY 2026-27 revenues are projected to be \$28.6 million:

- Property taxes - \$16.1 million (56% of total revenue)
- Other local revenues - \$4.3 million
- State Source revenues - \$7.5 million
- Other Financing Source revenues - \$.7 million

FY 2026-27 expenditures are projected to be \$27.4 million:

- General Administration - \$3.4 million
- Finance and Operations - \$10.8 million
- Instructional Programs and Services - \$10.9 million
- Plant and Fixed charges - \$2.3 million

The proposed FY 2026-27 General Education Fund budget contains an operating surplus of \$1,221,200.

Revenue

The below represent significant assumptions and items of interest in the 2026-27 revenue budgets:

- Property taxes have been budgeted to increase by 3.4% based on our projections and supported by those of the Oakland County Equalization Division.
- Interest revenue is projected to decrease due to the uncertain economic forecast.
- Oakland Schools continues to offer a subsidy for a student assessment and data analysis system, called Illuminate DnA at 50% of the base product cost. Add-ons above the base product requested by districts are at the districts’ cost. Other instructional tools such as Atlas-Rubicon and Learn360 continue to be provided to LEA’s at a fraction of their cost. The revenue for these products represents the LEA portion of the cost of those tools.
- State source revenue is held flat for FY 2026-27 pending a new state aid budget, apart from Section 81 ISD Operations revenue which is budgeted to increase 2.0% and MPSERS categorical revenue. The District has adjusted the various MPSERS categoricals based on the most recent information available at the time of printing of this document.
- Other Financing Source revenues, which consist of indirect revenue on grants, are projected to remain constant in 2026-27 with just minor increases. Indirect revenue is directly correlated to direct grant spending and fluctuates annually based on the timing of expenditures.

Expenditures

The below represent significant assumptions and items of interest in the 2026-27 expenditure budgets:

- Salary and benefit budgets were forecasted in fiscal year 2026-27 to reflect a 2.0% across-the-board salary increase, plus step increases for staff not on the top step of their respective salary schedule. Budgets for 2026-27 assume all staff positions are filled for the entire fiscal year with no vacancies, whereas 2025-26 budgets have been adjusted for unfilled positions and vacancies through March 2026.
- Staffing changes contained in the General Education Fund budget include:
 - (.27) FTE reduction – HR Manager
 - (.50) FTE reduction – Business Office Residency Program
 - (.30) FTE reduction – District & School Services part-time staff
 - .50 FTE increase – Warehouse Supervisor
 - 2.0 FTE increase - Artificial Intelligence, representing a shift in funding from purchased services; no overall increase
- The 2026-27 General Education Fund budget includes a shift in funding some of our Early Childhood staff that were previously funded by grants due to the loss of Great Start Collaborative funding. These staff allocations will be re-evaluated with the release of the state's 2026-27 budget.
- Property tax abatements reflect a budget of .25% of the property tax revenue budget to address the Michigan Tax Tribunal unsettled claims.

Additional variances are included on the footnote pages.

FIVE-YEAR FORECAST OVERVIEW

Following the General Education Fund (GEF) budget is the GEF five-year operating forecast model. Significant assumptions utilized in the model are identified below:

Revenue

- Property tax revenues drive the revenue budget. Oakland Schools' property tax collection rate has been historically very high and stable. Oakland Schools utilizes projections obtained from Oakland County Equalization to create our taxable value forecasts. Based on the expectation of growth of the real-estate market, offset by the possibility of a Headlee rollback, property taxes are forecasted to increase by the following percentages:
 - 2027-28 2.7%
 - 2028-29 through 2031-32 2.6%
- The investment revenue forecast model uses a formula to generate the expected revenue figures for each fiscal year period based on projected cash flows and expected rate of return. The factors relied upon in this forecast for a reduction in investment income are based on economic uncertainty and the potential for another recession. All investments are managed within the district's investment policy and state law. The current state of economic affairs as of March 2026 makes investment income uncertain. The District will continue to monitor investment returns and modify forecasts as deemed necessary on an ongoing basis.
- Fee-based service revenues are budgeted at 1.5 million for 2026-27 and are expected to remain stable through the duration of the forecast.

- Technology application fees are budgeted at \$.7 million for 2026-27 and are expected to remain flat through 2032.
- State source revenues of \$7.5 million in 2026-27 for the General Education Fund are comprised primarily of Section 81 funds and Section 147 MPSERS revenue. Section 81 funds are projected to remain flat for the duration of the five-year forecast model. MPSERS 147c(1) revenues within State Revenues are projected to increase correspondingly to the expenditure increase for the same item, as 147c(1) is revenue/expenditure neutral. The final significant component of state source revenues is State Payment in Lieu of Taxes which represents reimbursement to the organization for personal property tax losses by the Local Community Stabilization Authority.
- Other Financing Sources consist of the indirect revenues associated with our grant management responsibilities and charges to Medicaid, tuition programs and the Print Production Enterprise Fund. This line item may fluctuate based on anticipated grant awards but is projected as flat in the forecast.

Expenditures

- Oakland Schools’ non-union personnel salary and wage cycle is fiscal year based with regards to step movement and salary schedule increases. The forecast includes a salary/growth rate of 1.3%, which would be indicative of step movement from year to year. The forecast includes a 2% base salary increase for every year of the forecast.
- The FICA rate is 7.65%. This rate is multiplied by the wage base (social security rate of 6.2% applied to individuals wages up to \$184,500 for calendar year 2026) to produce the FICA costs for the year.
- There are 8 different retirement rates for school district employees, based on their hire date and/or their personal choice for retirement benefits.

The rates that are effective from October 1, 2025 through September 30, 2026 are:

In order to project a budgeted rate overall for Oakland Schools for 2026-27, an analysis of how many employees we have on each of these plans was studied. A blended rate, exclusive of UAAL, for budgeting retirement costs for 2026-27 has been established at 26.53%. The blended rate exclusive of UAAL has been projected for the duration of the five-year forecast at a 1.0% rate of increase annually.

- The district provides health insurance to employees, adopting the “hard cap” on the dollar limits the district may pay for health insurance due to legislative mandates and district implementation choice. Future increases to the employer hard cap limits are subject to the medical consumer price index, which the district has no jurisdiction over. The forecast assumes an annual growth rate of 4.0% in the medical CPI for all five years of the forecast.
- Purchased services accounts are forecasted to increase 2% for all years of the forecast due to inflation.
- Supply and material budgets as well as dues and fees are projected to grow by 2-3% for the duration of the forecast.

Fund Balance

The Unassigned Fund Balance forecast shows an estimated fund balance of the following levels:

Special Education Fund Original Budget and Five-Year Forecast

Fiscal Year 2026-27

SPECIAL EDUCATION FUND SPECIFIC ANALYSIS

FUND OVERVIEW

The Oakland Schools Special Education Fund is projected to have a FY 2026-27 year-end restricted fund balance (at the time of this printing) of \$1,239,400. Anticipated ending fund balances for FY 2025-26 and 2026-27 are detailed in the schedule below:

	FY 2025-26 Amend 2 Budget	FY 2026-27 Budget
Non-Spendable Prepaids	\$ 39,200	\$ 39,200
Restricted for Center Facility Renovations	20,943,200	15,934,100
Restricted	1,167,200	1,239,400
Total Budgeted Ending Fund Balance	\$ 22,149,600	\$ 17,212,700

Included in the above fund balance summary, is an estimated \$15,934,100 to be restricted for future special education center facility renovations. This restricted fund balance component is available for center program operators to request funding for renovations. This component of restricted fund balance has been reduced in the 2026-27 budget due to Oxford Community Schools’ construction of an Autism Spectrum Disorder (ASD) Center Program, for which they have requested \$5.6 million over FY26 and FY27.

FY 2026-27 revenue is projected to be \$216.6 million:

- Property taxes - \$204.6 million (94% of total revenue)
- Other local revenues - \$2.5 million
- State Source revenues - \$9.2 million
- Other Financing Sources - \$0.3 million

FY 2026-27 expenditures are projected to be \$221.5 million:

- Special Education - Program Supervision and Direction - \$2.9 million
- Special Education - Program Operations – \$13.2 million
- Special Education - Plant and Fixed charges – \$8.7 million
- Special Education – PA-18 Distribution – \$189.1 million
- Special Education - LEA Transfers and Program Subsidies – \$7.6 million

The PA-18 distribution base funding for fiscal year 2026-27 has been budgeted at \$189,106,200. An additional \$2,450,000 is budgeted for group home and medical student support issues, incarcerated youth, startup assistance, extraordinary contingency, assistive technology equipment and Section 24 payments provided to the local districts that operate educational programs in juvenile detention facilities. The District’s Special Education Fund restricted fund balance is regulated by our fund balance target protocol. The protocol directs goal levels for the restricted fund balance of at least 5% of Oakland Schools operations. The Oakland Schools Board of Education has determined for the past several years that the District would budget for a 5% restricted fund balance. Our FY 2026-27 budget documents are developed, authorized and issued with fund balance expectations imbedded prior to the end of the current fiscal year using the current fiscal year revenue and expenditure budgets as a basis. Additional PA-18 funds may be released if the 2025-26 audited fund balance results are higher than the 5% target. The FY 2025 audited fund balance exceeded our current 5% target, and as such a supplemental PA-18 Distribution of \$5.8 million was distributed to the LEAs in FY 2026.

PROGRAM AND PERSONNEL

The Special Populations Department within the Special Education Fund has historically been organized into four service delivery areas that interface through the Special Populations Administration. The four service delivery areas are:

- Compliance Support
- Capacity Building
- Student Services for Low Incidence
- Materials Center, Braille & Large Print Library

As discussed in the enterprise-wide overview, a new unit, Continuum of Supports, will be added to Special Populations services to address additional areas of support identified by the center program workgroup. As such, in FY 2026-27 staffing is projected to increase by 6.0 FTE for this unit. New positions consist of the following:

- Supervisor
- Social Worker
- ASD Consultant
- School Psychologist
- Board Certified Behavior Analyst
- Speech and Language Pathologist

Other minor staffing changes are detailed in the Enterprise Wide Executive Summary & Budget Assumptions under Staffing Changes.

Revenue

The below represent significant assumptions and items of interest in the 2026-27 revenue budgets:

- Property taxes have been budgeted to increase by 3.4% based on our projections and supported by those of the Oakland County Equalization Division.
- Interest revenue is projected to decrease due to the uncertain economic forecast.
- State source revenue is held flat for FY 2026-27 pending a new state aid budget, apart from MPSERS categorical revenue. The District has adjusted the various MPSERS categoricals based on the most recent information available at the time of printing of this document.
- Other Financing Source revenues, which consist of indirect revenue on grants, are projected to remain consistent from 2025-26 to 2026-27. Indirect revenue is directly correlated to direct grant spending and fluctuates annually based on the timing of expenditures.

Expenditures

The below represent significant assumptions and items of interest in the 2026-27 expenditure budgets:

- The Special Education PA-18 base distribution (department 078) shows an increase of \$5.2 million or 2.9% from the FY 2025-26 Amendment 2 budget. The FY 2025-26 budget contains a supplemental distribution budget of \$6.9 million not budgeted in FY 2026-27, of which \$5.8 million was distributed to constituent districts in December 2025 and the remaining may be distributed pending finalization of the year end audit.
- Salary and benefit budgets were forecasted in fiscal year 2026-27 to reflect a 2.0% across-the-board salary increase, plus step increases for staff not on the top step of their respective salary schedule. Budgets for 2026-27 assume all staff positions are filled for the entire fiscal year with no vacancies, whereas 2025-26 budgets have been adjusted for unfilled positions and vacancies through March 2026.

- Property Tax abatements reflect a budget of .25% of the property tax revenue budget to address the Michigan Tax Tribunal unsettled claims.
- Oxford Community Schools has been approved to receive \$5.6 million in funding from Oakland Schools for the construction of an ASD Center Program. The funding is contingent upon Oxford using the facility for special education purposes for twenty-five (25) years.

Additional variances are included on the footnote pages.

FIVE-YEAR FORECAST OVERVIEW

Attached is the Special Education Fund (SEF) five-year operating forecast model. Significant assumptions utilized in the model are identified below:

REVENUE

- Property tax revenues drive the revenue budget. Oakland Schools’ property tax collection rate has been historically very high and stable. Oakland Schools utilizes projections obtained from Oakland County Equalization to create our taxable value forecasts. Based on the expectation of growth of the real-estate market, offset by the possibility of a Headlee rollback, property taxes are forecasted to increase by the following percentages:
 - 2027-28 2.7%
 - 2028-29 through 2031-32 2.6%
- The investment revenue forecast model uses a formula to generate the expected revenue figures for each fiscal year period based on projected cash flows and expected rate of return. The factors relied upon in this forecast for a reduction in investment income are based on economic uncertainty and the potential for another recession. All investments are managed within the district’s investment policy and state law. The current state of economic affairs as of March 2026 makes investment income uncertain. The District will continue to monitor investment returns and modify forecasts as deemed necessary on an ongoing basis.
- Fee-based service revenues are budgeted at \$70,000 for 2026-27 and are expected to remain stable through the duration of the forecast.
- State source revenues for the Special Education Fund, primarily Section 51, are projected to remain flat for the duration of the five-year forecast model. MPSERS 147c(1) revenues within State Revenues are projected to increase correspondingly to the expenditure increase for the same item, as 147c(1) is revenue/expenditure neutral. The final significant component of state source revenues is State Payment in Lieu of Taxes which represents reimbursement to the organization for personal property tax losses by the Local Community Stabilization Authority.
- Other Financing Sources consist of the indirect revenues associated with our grant management responsibilities. This line item may fluctuate based on anticipated grant awards but is forecasted to remain flat.

EXPENDITURES

- Oakland Schools’ non-union personnel salary and wage cycle is fiscal year based with regards to step movement and salary schedule increases. The forecast includes a salary/growth rate of 1.3%, which would be indicative of step movement from year to year. The forecast includes a 2% base salary increase for every year of the forecast.

- The FICA rate is 7.65%. This rate is multiplied by the wage base (social security rate of 6.2% applied to individuals wages up to \$184,500 for calendar year 2026) to produce the FICA costs for the year.
- There are 8 different retirement rates for school district employees, based on their hire date and/or their personal choice for retirement benefits.

The rates that are effective from October 1, 2025 through September 30, 2026 are:

In order to project a budgeted rate overall for Oakland Schools for 2026-27, an analysis of how many employees we have on each of these plans was studied. A blended rate, exclusive of UAAL, for budgeting retirement costs for 2026-27 has been established at 26.53%. The blended rate exclusive of UAAL has been projected for the duration of the five-year forecast at a 1.0% rate of increase annually.

- The district provides health insurance to employees, adopting the “hard cap” on the dollar limits the district may pay for health insurance due to legislative mandates and district implementation choice. Future increases to the employer hard cap limits are subject to the medical consumer price index, which the district has no jurisdiction over. The forecast assumes an annual growth rate of 4.0% in the medical CPI for all five years of the forecast.
- Purchased services accounts are forecasted to increase 2% for all years of the forecast due to inflation.
- Supply and material budgets as well as dues and fees are projected to grow by 2-3% for the duration of the forecast.

- Capital outlay costs are budgeted to stay flat at \$378,500 annually for the entire forecast. The Capital Outlay budget agrees to the 5-Year Capital Outlay Plan that is being presented to the School Board for first reading on March 24, 2026.
- The SEF distributes Public Act-18 funds to local districts to support new program start-up costs, extraordinary cost reimbursement and distributions calculated through the PA-18 funding distribution model (“LEA base distribution”). The largest component of funds distributed is the LEA base distribution. The start-up and extraordinary cost budgets, along with other budgets for assistive technology capital to be made available to the districts, along with other special education appropriations, is included in LEA support in the forecasts.

The LEA base distribution amounts projected are as follows:

• 2027-28	• \$194,028,200
• 2028-29	• \$198,582,100
• 2029-30	• \$203,278,700
• 2030-31	• \$208,171,400
• 2031-32	• \$213,183,800

- The property tax abatement budget is set at .25% of budgeted annual property tax revenue for all years of this forecast.

FUND BALANCE

The Fund Balance Target protocol per Oakland Schools Board policy is at least 5% of expenditures. The Oakland Schools Board of Education has determined that during these past several years of economic difficulties for our constituent districts, we would budget for a 5% restricted fund balance. The forecast shows an estimated Restricted – Special Education fund balance of the following levels:

2027-28	\$1.3 million	5.0%
2028-29	\$1.3 million	5.0%
2029-30	\$1.4 million	5.0%
2030-31	\$1.4 million	5.0%
2031-32	\$1.5 million	5.0%

The PA 18 distribution to local districts is adjusted to ensure that the fund only retains a fund balance of approximately 5% and therefore maximizes the amounts available to be distributed to the LEA’s.

FOOTNOTES

FISCAL YEAR 2026-2027

FOOTNOTES: Highlighting line items that are +/-25% and/or +/- \$100K from last year

- A The 3.4% increase in Property Tax Revenue reflects the tax base growth and its impact on the District's property tax revenues as forecasted by the Oakland County Equalization Department.
- B The decrease in Interest on Investments is a conservative projection due to forecasted economic uncertainties.
- C 2025-26 includes a one-time adjustment that is removed in FY27.
- D 2025-26 includes one-time funding that is removed in FY27.
- E 2026-27 includes a new Special Populations unit, Continuum of Supports, with 6.0 FTEs (see discussion in Executive Summary).
- F 2026-27 includes an increase in refresh technology and equipment needs.
- G The PA-18 base distribution increase is a result of property tax revenue growth, offset by changes in the OS operational accounts contained in this budget.
- H The decrease in the PA-18 Additional Distribution reflects the one time additional distribution in 2025-26 to align with the Special Education fund balance protocol which distributes additional funds in excess of a 5% fund balance to the LEAs upon completion of the annual audit. Any additional distribution available for 2026-27 will be determined upon completion of the FY26 audit.
- I This budget line is for Oxford's new center program construction costs and reflects the anticipated cash flow of the project.

PROGRAM AND PERSONNEL

The Career Focused Education (CFE) Fund budget provides leadership and support for a countywide K-12 Career Readiness System that guides students in making informed decisions about their career. The purpose of this funding is as follows:

- The CFE fund is directly responsible for operating four Oakland Schools Technical Campuses; promoting continuous improvement through quality initiatives; aligning instruction and curriculum with the Career Pathways and coordinating career development initiatives across Oakland County's 28 public school districts.
- K-12 Career Readiness Unit leads and coordinates career awareness, exploration, and preparation initiatives via direct services and indirect services to the 28 local districts. They oversee state and federal funding in Oakland County for career and technical education in local districts and OSTC campuses. They provide Education Development Plan (EDP) support and other career readiness resources as well. They create and support regional and local career readiness activities, events, and professional learning for students, parents, and educators.
- The CFE fund develops and coordinates models of teaching and learning for Career Technical Education (CTE), and oversees curriculum development, district coordination and accountability, online and electronic learning resources, Career Readiness summer offerings, integration of emerging technologies into career, post-secondary credit opportunities, business and community partnerships, support career and technical student organization competitions (CTSO), work-based learning opportunities, regional advisory committees, staff development, instruction and assessment.

In FY 2026-27 CTE staffing remains consistent. Details of other personnel changes can be found in the Enterprise Wide Executive Summary & Budget Assumptions under Staffing Changes.

Revenue

The below represent significant assumptions and items of interest in the 2026-27 revenue budgets:

- Property taxes have been budgeted to increase by 3.4% based on our projections and supported by those of the Oakland County Equalization Division.
- Interest revenue is projected to decrease due to the uncertain economic forecast.
- State source revenue is held flat for FY 2026-27 pending a new state aid budget, with the exception of MPERS categorical revenue. The District has adjusted the various MPERS categoricals based on the most recent information available at the time of printing of this document.
- Other Financing Source revenues, which consist of indirect revenue on grants, interfund transfers and funding from Wayne RESA for Section 107 Adult Education compliance and monitoring, are projected to remain consistent from 2025-26 to 2026-27 with the exception of operating transfers. In 2025-26, a one-time transfer from the General Education Fund totaling \$1 million was made to fund future STEMi operations. This transfer is not in the 2026-27 budget. Indirect revenue is directly correlated to direct grant spending and fluctuates annually based on the timing of expenditures.

Expenditures

- Campus program operations and their budgets have been aligned to meet the enrollment needs and maximize program offerings.
- Salary and benefit budgets were forecasted in fiscal year 2026-27 to reflect a 2.0% across-the-board salary increase for all staff, plus step increases for staff not on the top step of their respective salary schedule. All salary changes for union staff are subject to collective bargaining. The current collective bargaining agreement expires June 30, 2027. Budgets for 2026-27 assume all staff

positions are filled for the entire fiscal year with no vacancies, whereas 2025-26 budgets have been adjusted for unfilled positions and vacancies through March 2026.

- Property Tax abatements reflect a budget of .25% of the property tax revenue budget to address the Michigan Tax Tribunal unsettled claims.

Additional variances are included on the footnote pages.

FIVE-YEAR FORECAST OVERVIEW

Following the Career-Focused Education Fund (CFEF) budget, is the CFEF five-year operating forecast model. Significant assumptions utilized in the model are identified below:

REVENUE

- Property tax revenues drive the revenue budget. Oakland Schools' property tax collection rate has been historically very high and stable. Oakland Schools utilizes projections obtained from Oakland County Equalization to create our taxable value forecasts. Based on the expectation of growth of the real-estate market, offset by the possibility of a Headlee rollback, property taxes are forecasted to increase by the following percentages:
 - 2027-28 2.7%
 - 2028-29 through 2031-32 2.6%
- The investment revenue forecast model uses a formula to generate the expected revenue figures for each fiscal year period based on projected cash flows and expected rate of return. The factors relied upon in this forecast for a reduction in investment income are based on economic uncertainty and the potential for another recession. All investments are managed within the district's investment policy and state law. The current state of economic affairs as of March 2026 makes investment income uncertain. The District will continue to monitor investment returns and modify forecasts as deemed necessary on an ongoing basis.
- Miscellaneous and other revenues are projected to remain flat through the balance of the forecast.
- State source revenues of \$5.8 million in 2026-27 for the Career Focused Education Fund are comprised primarily of Section 61 and MPSERS Sec 147 funds. Section 61 funds are projected to remain flat for the duration of the five-year forecast model. MPSERS 147c(1) revenues within State Revenues are projected to increase correspondingly to the expenditure increase for the same item, as 147c(1) is revenue/expenditure neutral. The final significant component of state source revenues is State Payment in Lieu of Taxes which represents reimbursement to the organization for personal property tax losses by the Local Community Stabilization Authority.
- Other Financing Sources revenue are projected to remain flat for the duration of the forecast.

EXPENDITURES

- This fund's forecast utilizes two salary/wage growth rate assumptions. The first rate is representative of the fund's non-union personnel. Oakland Schools' non-union personnel salary and wage cycle is fiscal year based with regards to step movement and salary schedule increases, when applicable. The forecast includes a salary/growth rate of 1.3%, which would be indicative of step movement from year to year.

The union wage assumption rate is also fiscal year based. The rate is comprised of an average of .89% for step increases as based on the current union contract.

The forecast includes a 2% increase in base wages for every year of the forecast.

- The FICA rate is 7.65%. This rate is multiplied by the wage base (social security rate of 6.2% applied to individuals wages up to \$184,500 for calendar year 2026) to produce the FICA costs for the year.
- There are 8 different retirement rates for school district employees, based on their hire date and/or their personal choice for retirement benefits.

The rates that are effective from October 1, 2025 through September 30, 2026 are:

In order to project a budgeted rate overall for Oakland Schools for 2026-27, an analysis of how many employees we have on each of these plans was studied. A blended rate, exclusive of UAAL, for budgeting retirement costs for 2026-27 has been established at 26.53%. The blended rate exclusive of UAAL has been projected for the duration of the five-year forecast at a 1.0% rate of increase annually.

- The district provides health insurance to employees, adopting the “hard cap” on the dollar limits the district may pay for health insurance due to legislative mandates and district implementation choice. Future increases to the employer hard cap limits are subject to the medical consumer price index, which the district has no jurisdiction over. The forecast assumes an annual growth rate of 4.0% in the medical CPI for all five years of the forecast.

- Purchased services accounts are forecasted to increase 2% for all years of the forecast due to inflation and contain other year-to-year adjustments as necessary. In 2023-24, the district received funding for partial reimbursement of a School Resource Officer (SRO) through a Michigan State Police grant, with the balance funded through local revenues. The district has an arrangement with the Oakland County Sheriff's Department to provide one SRO for each of the four technical campuses. Beginning August 1, 2026, all SRO's will be 100% funded through local revenues.
- Supply and material budgets as well as dues and fees are projected to grow by 2-3% for the duration of the forecast.
- The Capital Outlay budget agrees to the Oakland Schools 5-year Capital Outlay Plan that is being presented to the School Board for first reading on April 1, 2025. Budgeted expenditures for instructional capital, I.T. refresh capital and facilities non-instructional capital fluctuate annually based on refresh cycles.

In addition, there are funds budgeted in the Campus Capital Projects Fund 404 for additional capital outlay needs. Operating transfers are budgeted to be made from the CFE Fund to the Campus Capital Projects Fund for renovation projects currently underway. Additional details can be found in the enterprise-wide executive summary.

- The Campus Renovations Debt Service obligations are funded by the related Debt Service Fund 311. To the extent possible, transfers out from the CFEF fund into debt service are established in the forecast. The forecast contains transfers out to debt service of \$2.0 - \$3.3 million annually from 2026-27 through 2030-32.

The annual debt service payments are \$2.5 million through 2036 under the existing debt service schedule. At the time of the printing of this document, the District is in the process of doing a partial refunding of the 2016 Refunding Bonds. As it is too early to budget for the impact of the refunding, the budgets will be amended in the first budget amendment of 2026-27, after the refunding is complete

- The property tax abatement budget is set at .25% of budgeted annual property tax revenue for all years of this forecast.
- Regional Programs consist of resource allocations designed to meet countywide regional plan priorities. Budgets also include early college/dual enrollment for students attending the Oakland Schools Technical Campuses and costs for students to obtain regional certifications or attend CTE competitions. Total funding for these programs is \$4.5 - \$4.6 million annually throughout the entire forecast.
- All years of the forecast include \$550,000 for lease and operating costs for the STEM mobile classroom.
- The Transportation Reimbursement Transfer to LEAs is set at \$1.8 million annually throughout the forecast.

FUND BALANCE

The forecast shows an estimated restricted fund balance of the following levels:

2027-28	\$9.4 million	16.1%
2028-29	\$10.2 million	17.0%
2029-30	\$11.0 million	18.0%
