At the forefront of educational excellence

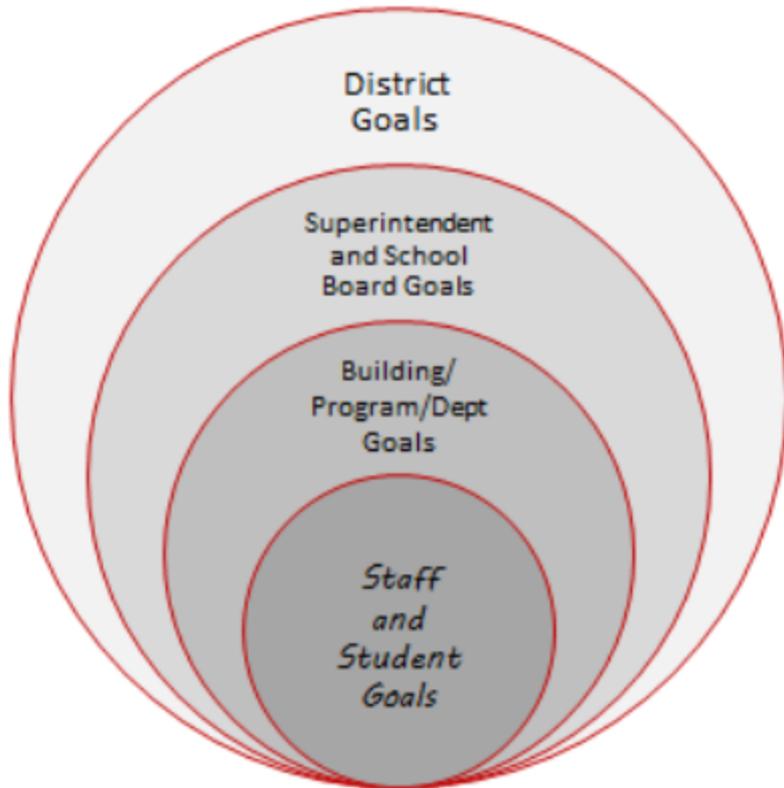

WHAT WE INTEND TO CREATE

Inspire dreams, build integrity and instill hope in our students, our staff, our families and our communities.

OUR PURPOSE

Partner with students, staff, families and communities to challenge all students to achieve their greatest potential and become informed and engaged citizens.

System Alignment

Why is this important?

Collective efficacy is achieved when the system is logically connected, and the people within the system share a unified focus and purpose

District Strategic Directions

GOAL 1: Prepare all learners for success in school and in life.

Why is this important?

Throughout their Viking journeys, students need to have clarity of what they need to know and be able to do. Confidence in academic skills promotes critical thinking, collaboration, effective communication, self-directed learning and an academic mindset.

District Strategic Directions

GOAL 2: *Ensure mutual accountability for measurable progress toward shared goals.*

Why is this important?

Trust is grounded in proactive communication, honesty, value for each others skill and competency, and how we work in partnership to achieve collective efficacy.

District Strategic Directions

Goal 3: Mobilize community engagement.

Why is this important?

Celebrating the success of staff and students is critical to a high functioning learning organization. Celebrating instills community pride, inspires others to do hard things. We also consistently look for ways to improve by seeking multiple perspectives to find solutions and use input as a source of innovation.

District Strategic Directions

Goal 4: Commit resources to District priorities.

Why is this important?

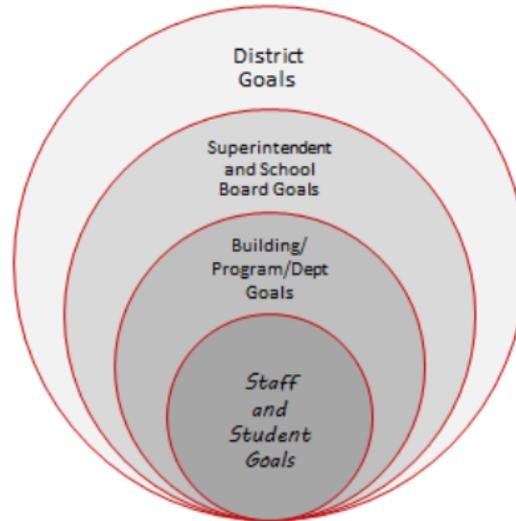

Being good stewards of public funding is critical for public support. Resource allocation must reflect our strategic priorities that impact student learning. Effective allocation of resources requires consideration of sources of funding in order to effectively provide programs and services for our students and families.

2024-25

School Board and Superintendent

Draft Goals

Goal Alignment: Next Steps
