MSBA/MASA Model Policy 413

Orig. 1995

Revised: _____

Rev. 2025

413 HARASSMENT AND VIOLENCE

[NOTE: State law (Minnesota Statutes, section 121A.03) requires that school districts adopt a sexual, religious, and racial harassment and violence policy that conforms with the Minnesota Human Rights Act, Minnesota Statutes, chapter 363A (MHRA). This policy complies with that statutory requirement and addresses the other classifications protected by the MHRA and/or federal law. While the recommendation is that school districts incorporate the other protected classifications, in addition to sex, religion, and race, into this policy, they are not specifically required to do so by Minnesota Statutes, section 121A.03. The Minnesota Department of Education (MDE) is required to maintain and make available a model sexual, religious, and racial harassment policy in accordance with Minnesota Statutes, section 121A.03. MDE's policy differs from that of MSBA and imposes greater requirements upon school districts than required by law. For that reason, MSBA recommends the adoption of its model policy by school districts. Each school board must submit a copy of the policy the board has adopted to the Commissioner of MDE.]

- D. A person may report conduct that may constitute harassment or violence anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

D. In Each School Building

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

E. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include acts of harassment or violence. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.

F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.

G. In the District

The school board hereby designates _____ as the school district human rights officer(s) to receive reports or complaints of harassment or violence prohibited by this policy. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.¹

H. The school district shall conspicuously post the name of the human rights officer(s), including mailing addresses and telephone numbers.

I. Submission of a good faith complaint or report of harassment or violence prohibited by this policy will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.

J. Use of formal reporting forms is not mandatory.

K. Reports of harassment or violence prohibited by this policy are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

L. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

¹ In some school districts the superintendent may be the human rights officer. If so, an alternative individual should be designated by the school board.

- M. Retaliation against a victim, good faith reporter, or a witness of violence or harassment is prohibited.
- N. False accusations or reports of violence or harassment against another person are prohibited.
- O. A person who engages in an act of violence or harassment, reprisal, retaliation, or false reporting of violence or harassment, or permits, condones, or tolerates violence or harassment shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate violence or harassment or engage in an act of reprisal or intentional false reporting of violence or harassment may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of violence or harassment may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

V. INVESTIGATION

- A. By authority of the school district, the human rights officer, within three (3) days of the receipt of a report or complaint alleging harassment or violence prohibited by this policy, shall undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.
- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators, or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.
- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

- A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.
- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

IX. HARASSMENT OR VIOLENCE AS ABUSE

- A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes, chapter 260E may be applicable.
- B. Nothing in this policy will prohibit the school district from taking immediate action to protect victims of alleged harassment, violence, or abuse.

- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. 414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE

[NOTE: This policy reflects the mandatory law regarding reporting of maltreatment of minors and is not discretionary in nature.]

I. PURPOSE

The purpose of this policy is to make clear the statutory requirements of school personnel to report suspected child neglect or physical or sexual abuse.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to fully comply with Minnesota Statutes chapter 260E requiring school personnel to report suspected child neglect or physical or sexual abuse.
- B. A violation of this policy occurs when any school personnel fails to immediately report instances of child neglect or physical or sexual abuse when the school personnel knows or has reason to believe a child is being neglected or physically or sexually abused or has been neglected or physically or sexually abused within the preceding three years.

III. DEFINITIONS

- A. "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event that:
 - 1. is not likely to occur and could not have been prevented by exercise of due care; and
 - 2. if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence of event.
- B. "Child" means one under age 18 and, for purposes of Minnesota Statutes, chapter 260C (Juvenile Safety and Placement) and Minnesota Statutes, chapter 260D (Child in Voluntary Foster Care for Treatment), includes an individual under age 21 who is in foster care pursuant to Minnesota Statutes, chapter 260C.451 (Foster Care Benefits Past Age 18).
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Mandated reporter" means any school personnel who knows or has reason to believe a child is being maltreated or has been maltreated within the preceding three years.
- E. "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.
- F. "Neglect" means the commission or omission of any of the acts specified below, other than by accidental means:
 - 1. failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health care, medical, or other care required for the child's physical or mental health when reasonably able to do so;

2. failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;
3. failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in his or her care;
4. failure to ensure that a child is educated in accordance with state law, which does not include a parent's refusal to provide his or her child with sympathomimetic medications;
5. prenatal exposure to a controlled substance as defined in state law used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child's birth, medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance, or the presence of a fetal alcohol spectrum disorder;
6. medical neglect as defined by Minnesota Statutes, section 260C.007, subdivision 6, clause (5);
7. chronic and severe use of alcohol or a controlled substance by a person responsible for the care of the child that adversely affects the child's basic needs and safety; or
8. emotional harm from a pattern of behavior that contributes to impaired emotional functioning of the child, which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

Neglect does not occur solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.

- G. "Nonmaltreatment mistake" occurs when: (1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minnesota Rules, part 9503.0045; (2) the individual has not been determined responsible for a similar incident that resulted in a finding of maltreatment for at least seven years; (3) the individual has not been determined to have committed a similar nonmaltreatment mistake under this paragraph for at least four years; (4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and (5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident. This definition only applies to child care centers licensed under Minnesota Rules, chapter 9503.
- H. "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employee or agent, or other lawful custodian of a child having either full-time or short-term care responsibilities including,

but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

- I. "Physical abuse" means any physical injury, mental injury (under subdivision 13), or threatened injury (under subdivision 23), inflicted by a person responsible for the child's care on a child other than by accidental means; or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized by Minnesota Statutes, section 125A.0942 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian that does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by Minnesota Statutes, section 121A.582.

Actions that are not reasonable and moderate include, but are not limited to, any of the following: (1) throwing, kicking, burning, biting, or cutting a child; (2) striking a child with a closed fist; (3) shaking a child under age three; (4) striking or other actions that result in any nonaccidental injury to a child under 18 months of age; (5) unreasonable interference with a child's breathing; (6) threatening a child with a weapon, as defined in Minnesota Statutes, section 609.02, subdivision 6; (7) striking a child under age one on the face or head; (8) striking a child who is at least age one but under age four on the face or head, which results in an injury; (9) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances that were not prescribed for the child by a practitioner, in order to control or punish the child, or other substances that substantially affect the child's behavior, motor coordination, or judgment, or that result in sickness or internal injury, or that subject the child to medical procedures that would be unnecessary if the child were not exposed to the substances; (10) unreasonable physical confinement or restraint not permitted under Minnesota Statutes, section 609.379, including, but not limited to, tying, caging, or chaining; or (11) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under Minnesota Statutes, section 121A.58.

- J. "Report" means any communication received by the local welfare agency, police department, county sheriff, or agency responsible for child protection pursuant to this section that describes maltreatment of a child and contains sufficient content to identify the child and any person believed to be responsible for the maltreatment, if known.
- K. "School personnel" means professional employee or professional's delegate of the school district who provides health, educational, social, psychological, law enforcement, or child care services.
- L. "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child (as defined in Minnesota Statutes, section 609.341, subdivision 15), or by a person in a current or recent position of authority (as defined in Minnesota Statutes, section 609.341, subdivision 10) to any act which constitutes a violation of Minnesota statutes prohibiting criminal sexual conduct. Such acts include sexual penetration, sexual contact, solicitation of children to engage in sexual conduct, and communication of sexually explicit materials to children. Sexual abuse also includes any act involving a minor that constitutes a violation of Minnesota statutes prohibiting prostitution or use of a minor in a sexual performance. Sexual abuse includes all reports of known or suspected child sex trafficking involving a child who is identified as a victim of sex trafficking. IV. REPORTING PROCEDURES

- A. A mandated reporter shall immediately report the information to the local welfare agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department. The reporter will include his or her name and address in the report.
- B. An oral report shall be made immediately by telephone or otherwise. The oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff, local welfare agency, or agency responsible for assessing or investigating the report. Any report shall be of sufficient content to identify the child, any person believed to be responsible for the maltreatment of the child if the person is known, the nature and extent of the maltreatment, and the name and address of the reporter.
- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.
- D. A mandated reporter who knows or has reason to know of the deprivation of custodial or parental rights or the kidnapping of a child shall report the information to the local police department or the county sheriff.
- E. With the exception of a health care professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to, tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.
- F. A person mandated by Minnesota law and this policy to report who fails to report may be subject to criminal penalties and/or discipline, up to and including termination of employment.

- H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, plus costs and reasonable attorney fees. Knowingly or recklessly making a false report also may result in discipline.

[NOTE: The Minnesota Department of Education (MDE) is responsible for assessing or investigating allegations of child maltreatment in schools. Although a report may be

made to any of the agencies listed in Section IV. A., above, and there is no requirement to file more than one report, if the initial report is not made to MDE, it would be helpful to MDE if schools also report to MDE.]

V. INVESTIGATION

- A. The responsibility for assessing or investigating reports of suspected maltreatment rests with the appropriate state, county, or local agency or agencies. The agency responsible for assessing or investigating reports of maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of the maltreatment for the purpose of gathering facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of the alleged offender or parent, legal guardian, or school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian, or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.
- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable, and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged offender is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13, and the Family Educational Rights and Privacy Act, 20 United States Code, section 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local

welfare or law enforcement agency that the investigation has been concluded.

- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

1. failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health care, medical, or other care required for the child's physical or mental health when reasonably able to do so;
2. failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

4. failure to ensure that a child is educated in accordance with state law, which does not include a parent's refusal to provide his or her child with sympathomimetic medications;
5. prenatal exposure to a controlled substance as defined in state law used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child's birth, medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance, or the presence of a fetal alcohol spectrum disorder;
6. medical neglect as defined by Minnesota Statutes section 260C.007, subdivision. 6, clause (5);
7. chronic and severe use of alcohol or a controlled substance by a person responsible for the care of the child that adversely affects the child's basic needs and safety; or

Neglect does not occur solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.

416 DRUG, ALCOHOL, AND CANNABIS TESTING

[NOTE: Drug, alcohol, and cannabis testing of school bus drivers and driver applicants is mandatory under federal law. The mandatory testing is described under Part III. of the policy. Drug and alcohol testing of other employees or drug and alcohol testing of school bus drivers beyond that mandated by federal law is optional and can be done under state law only if a policy containing provisions, such as the provisions of Part IV. of this policy, is adopted. Cannabis testing of school employees and school bus drivers shall conform to federal and Minnesota law. To preserve the right to request or require school district employees who are not bus drivers and applicants to undergo cannabis testing or drug and/or alcohol testing or to require bus drivers to submit to testing that is not federally mandated, a school district should adopt Part IV. as part of its drug and alcohol testing policy.]

I. PURPOSE

- A. The school board recognizes the significant problems created by drug, alcohol, and cannabis use in society in general, and the public schools in particular. The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The school board believes that a work environment free of drug, alcohol, and cannabis use will be not only safer, healthier, and more productive but also more conducive to effective learning. To provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

II. GENERAL STATEMENT OF POLICY

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing and cannabis testing in accordance with federal law and the applicable provisions of this policy. The school district also may request or require that drivers submit to drug and alcohol testing and cannabis testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- B. The school district may request or require that any school district employee or job applicant, other than an employee or applicant whose position requires a commercial driver's license, submit to drug and alcohol testing and cannabis testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs that are not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs that are not medically prescribed are prohibited from entering or remaining on school district property.

- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol or cannabis is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol or cannabis is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol or cannabis are prohibited from entering or remaining on school district property.
- E. Any employee who violates this section shall be subject to discipline that includes, but is not limited to, immediate suspension without pay and immediate discharge.
- F. The school district may discipline, discharge, or take other adverse personnel action against an employee for cannabis flower, cannabis product, lower-potency hemp edible, or hemp-derived consumer product use, possession, impairment, sale, or transfer while an employee is working, on school district premises, or operating a school district vehicle, machinery, or equipment as follows:
 - 1. if, as the result of consuming cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product, the employee does not possess that clearness of intellect and control of self that the employee otherwise would have;
 - 2. if cannabis testing verifies the presence of cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product following a confirmatory test;
 - 3. as provided in the school district's written work rules for cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products and cannabis testing, provided that the rules are in writing and in a written policy that contains the minimum information required by Minnesota Statutes, section 181.952; or
 - 4. as otherwise authorized or required under state or federal law or regulations, or if a failure to do so would cause the school district to lose a monetary or licensing-related benefit under federal law or regulations.

III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

A. General Statement of Policy

All persons subject to commercial driver's license requirements shall be tested for alcohol, cannabis (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. C. Policy and Educational Materials

[NOTE: Federal regulations require that school districts provide materials to bus drivers explaining the school district's policies and procedures and the federal requirements with respect to the mandatory drug and alcohol testing of bus drivers (49 Code of Federal Regulations, section 382.601). Most of the required information is contained within this model policy. Additional materials to be provided to employees are described in Paragraph 2. of Section C.]

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem (the driver's or a coworker's); and available methods of intervening when an alcohol or controlled substance problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

[NOTE: The federal regulations require a school district to obtain a signed statement from each driver certifying that he or she received a copy of these

materials (49 Code of Federal Regulations, section 382.601(d)). The original signed certificate must be maintained by the school district and a copy may be provided to the driver.]

D. Alcohol and Controlled Substances Testing Program Manager

[NOTE: School districts are required by federal regulations to designate a person to answer driver questions about the policy and the education materials described in Section C. above and to notify the drivers of the designation (49 Code of Federal Regulations, section 382.601(b)(1)).]

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

[NOTE: The specific prohibitions for drivers are contained, in large part, in 49 Code of Federal Regulations, sections 382.201-382.215.]

1. Alcohol Concentration

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.

2. Alcohol Possession

No driver shall be on duty or operate a CMV while the driver possesses alcohol.

3. On-Duty Use

No driver shall use alcohol while performing safety-sensitive functions.

4. Pre-Duty Use

No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.

5. Use Following an Accident

No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.

6. Refusal to Submit to a Required Test

No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.

7. Use of Controlled Substances

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.

8. Positive, Adulterated, or Substituted Test for Controlled Substance

No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.

9. General Prohibition

Drivers are also subject to the general policies and procedures of the school district that prohibit possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

[NOTE: Consequences for drivers engaging in alcohol-related conduct are described in the federal regulations (49 Code of Federal Regulations, section 382.505).]

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

[NOTE: School districts must utilize the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") to conduct pre-employment queries, annual queries, and reports regarding CDL holders who operate CMVs on public roads (including school bus drivers) and who are covered by the Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Testing Program. In addition to utilizing the Clearinghouse, school districts must continue to comply with the alcohol and controlled substance testing required under Title 49 of the Federal

Regulations.]

1. Pre-Employment Testing

[NOTE: 49 Code of Federal Regulations, section 382.301 details the requirements for pre-employment testing.]

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.

[NOTE: A school district is permitted, but not required, to conduct pre-employment testing for the use of alcohol. If a school district elects to require pre-employment testing for alcohol, it should include the bracketed text in Subparagraph a., above, and test all applicants uniformly.]

- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.

[NOTE: Federal regulations require school districts to inquire about, obtain, and review alcohol and controlled substances information from prior employers pursuant to a driver's written authorization, prior to the time a driver performs safety-sensitive functions, if feasible (49 Code of Federal Regulations, section 382.413, and 49 Code of Federal Regulations, section 40.25). If not feasible, school districts must not permit the employee to perform safety-sensitive functions for more than thirty (30) days from the date a safety-sensitive function was performed unless the school districts make good faith efforts to obtain the information and to make a record of those efforts to be retained in the driver's qualification file.]

- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled

substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query (see Attachment C to this policy). The school district shall retain the consent for three (3) years from the date of the query.

2. Post-Accident Testing

[NOTE: 49 Code of Federal Regulations, section 382.303, governs post-accident testing of drivers.]

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

3. Random Testing

[NOTE: 49 Code of Federal Regulations, section 382.305 governs random testing of drivers.]

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.

[NOTE: The Federal Highway Administration (FHWA) set the random alcohol selection and testing rate at 10% of the average number of driver positions and evaluates this minimum percentage each year. School districts can elect to stay at the 1998 level of 25% (or a higher percentage) if they do not want to monitor the minimum annual percentage rate set by the FHWA. The random controlled substances selection and testing rate has remained at 50% each year and has not been lowered to 25% as is possible under the regulations.]

- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

[NOTE: 49 Code of Federal Regulations, section 382.307 governs reasonable suspicion testing of drivers.]

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
- d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

[NOTE: 49 Code of Federal Regulations, sections 382.309, 40.23(d), and

40.305 govern return-to-duty testing.]

5. Return-To-Duty Testing

A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.

[NOTE: 49 Code of Federal Regulations, sections 382.311, 40.307, and 40.309 govern follow-up testing.]

6. Follow-Up Testing

When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.

7. Refusal to Submit and Attendant Consequences

[NOTE: Consequences for refusals to submit to required drug and alcohol tests are addressed generally in 49 Code of Federal Regulations, sections 40.191, 40.261, and 382.211. They are more specifically addressed in 49 Code of Federal Regulations, sections 382.501-382.507 and in 49 United States Code, section 521(b).]

- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
- b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code, section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment D to this policy.

I. Testing Procedures

1. Drug Testing

[NOTE: The Federal Drug Testing Custody and Control Form (CCF) must be used to document every urine collection required by the DOT drug testing program (49 Code of Federal Regulations, section 40.45).]

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.
- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.

- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

[NOTE: The DOT Alcohol Testing Form (ATF) must be used for every DOT alcohol test. 49 Code of Federal Regulations, section 40.225.]

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a "negative" test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor's inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

- 1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver's or driver applicant's expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.

[NOTE: The limitation on discharge in Paragraph 2., below, is contained solely in Minnesota law. State law is preempted by federal laws and regulations as it relates to drivers of commercial motor vehicles (such as bus drivers). See Minnesota Statutes, section 221.031, subdivision 10. Nevertheless, school districts may decide to comply with the state law requirements for various reasons (such as to treat all school district employees equally since employees subject to testing only under state law are accorded these additional rights). Consultation with the school district's legal counsel is recommended.]

2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
 - c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [***name, address, telephone number***], which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, chapter 13. Any information concerning the individual's test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

[NOTE: The federal recordkeeping requirements for school districts are detailed in the federal regulations, 49 Code of Federal Regulations, sections 382.401 et seq. and 40.331. The DOT publishes a guide to the recordkeeping requirements of mandatory drug and alcohol testing for persons with a commercial driver's license as part of its Alcohol & Drugs: DOT Compliance Manual.]

2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

"Basic records" includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures	2

years	
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse (“Clearinghouse”) as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
 - (1) Any on-duty alcohol use;
 - (2) Any pre-duty alcohol use;
 - (3) Any alcohol use following an accident; and
 - (4) Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and
- h. Any employer’s report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal

The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.

2. Referral, Evaluation, and Treatment

- a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.

[NOTE: Subparagraphs b. and c., below, are based on the provisions of 49 Code of Federal Regulations, section 40.289.]

- b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.

[NOTE: School districts are not required to comply with state law governing drug and alcohol testing when the individuals are subject to the federal laws and regulations (i.e., bus drivers). If a school district, after consultation with legal counsel, chooses to comply voluntarily with these requirements, Subparagraph b., above, can be modified as follows:

- b. The school district will offer a driver an opportunity to return to a DOT safety-sensitive duty following an employee's first positive test result on a confirmatory test if no reasons independent of the first test result for discharge exist. Otherwise, the school district may choose, but is not required, to provide an SAP evaluation or any subsequent recommended education or treatment.]**

- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to cannabis testing or

drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo cannabis testing or drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Section IV. of this policy.

[NOTE: When the testing of drivers complies with federal testing requirements and procedures, school districts clearly are exempt from the state drug and alcohol testing requirements in Minnesota Statutes, sections 181.950-181.957. See Minnesota Statutes, section 221.031, subdivision 10. When testing beyond the federally mandated requirements, however, school districts still must comply with state law.]

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver's Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations, section 382.701.
2. The school district may not access an individual's Clearinghouse record unless the school district (1) obtains the individual's prior written or electronic consent for access to the record; and (2) submits proof of the individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.
3. The school district shall protect the individual's privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.

4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

IV. CANNABIS TESTING OR DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing or cannabis testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing or cannabis testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Definitions

1. "Cannabis testing" means the analysis of a body component sample according to the standards established under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of cannabis flower, as defined in Minnesota Statutes, section 342.01, subdivision 16, cannabis products, as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, hemp-derived consumer products as defined in section 342.01, subdivision 37, or cannabis metabolites in the sample tested. The definitions in this section apply to cannabis testing unless stated otherwise.
2. "Confirmatory test" and "confirmatory retest" mean a drug or alcohol test that uses a method of analysis allowed under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
3. "Drug" means a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, but does not include marijuana, tetrahydrocannabinols, cannabis flower as defined in section 342.01, subdivision 16, cannabis products as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, and hemp-derived consumer products as defined in section 342.01, subdivision 37.
4. "Drug and Alcohol Testing," "Drug or Alcohol Testing," and "Drug or Alcohol Test" mean analysis of a body component sample by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested. "Drug and alcohol testing," "drug or alcohol testing," and "drug or alcohol test" do not include cannabis or cannabis testing, unless stated otherwise.
5. "Employee" means a person, independent contractor, or person working for an independent contractor who performs services for compensation, in whatever form, for an employer.
6. "Initial screening test" means a drug or alcohol test or cannabis test which uses a method of analysis under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
7. "Job Applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the school district in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a commercial driver's license are governed by the provisions of the school

district's drug and alcohol testing policy relating to school bus drivers (Section III).

8. "Oral fluid test" means analysis of a saliva sample for the purpose of measuring the presence of the same substances as drug and alcohol testing and cannabis testing that:
 - a. can detect drugs, alcohol, cannabis, or their metabolites in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1; and
 - b. does not require the services of a testing laboratory under section 181.953, subdivision 1.

[NOTE: The 2024 Minnesota legislature added oral fluid tests.]

9. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the school district for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the district's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
10. "Positive Test Result" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
11. "Random Selection Basis" means a mechanism for selection of employees that:
 - a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
 - b. does not give the school district discretion to waive the selection of any employee selected under the mechanism.
12. "Reasonable Suspicion" means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
13. "Safety-Sensitive Position" means a job, including any supervisory or management position, in which an impairment caused by drug, alcohol, or cannabis usage would threaten the health or safety of any person.

B. Circumstances Under Which Cannabis Testing or Drug or Alcohol Testing May Be Requested or Required; Exceptions

1. General Limitations

- a. The school district may not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or cannabis testing, unless the testing is done pursuant to this policy; and either (1) is conducted by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1; or (2) complies with the oral fluid test

procedures under section 181.953, subdivision 5a.

[NOTE: The 2024 Minnesota legislature amended this provision.]

- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing or cannabis testing on an arbitrary and capricious basis.

2. Cannabis Testing Exceptions

For the following positions, cannabis and its metabolites are considered a drug and subject to the drug and alcohol testing provisions in Minnesota Statutes, sections 181.950 to 181.957:

- a. a safety-sensitive position, as defined in Minnesota Statutes, section 181.950, subdivision 13;
- b. a position requiring face-to-face care, training, education, supervision, counseling, consultation, or medical assistance to children;
- c. a position requiring a commercial driver's license or requiring an employee to operate a motor vehicle for which state or federal law requires drug or alcohol testing of a job applicant or an employee;
- d. a position of employment funded by a federal grant; or
- e. any other position for which state or federal law requires testing of a job applicant or an employee for cannabis.

3. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

- a. The school district must not request or require a job applicant to undergo cannabis testing solely for the purpose of determining the presence or absence of cannabis as a condition of employment unless otherwise required by state or federal law.
- b. Unless otherwise required by state or federal law, the school district must not refuse to hire a job applicant solely because the job applicant submits to a cannabis test or a drug and alcohol test authorized by Minnesota law and the results of the test indicate the presence of cannabis.
- c. The school district must not request or require an employee or job applicant to undergo cannabis testing on an arbitrary or capricious basis.
- d. Cannabis testing authorized under paragraph (d) must comply with the safeguards for testing employees provided in Minnesota Statutes, sections 181.953 and 181.954.

4. Oral fluid testing

- a. When drug and alcohol testing or cannabis testing is otherwise authorized under Minnesota Statutes, section 181.951, the school district may request an employee or job applicant to undergo oral fluid testing according to the procedures under Minnesota Statutes, section 181.953, subdivision 5a as an alternative to using the services of a testing laboratory under Minnesota Statutes, section 181.953, subdivision 1.
- b. The employee must be informed of the test result at the time of the oral fluid test. Within 48 hours of an oral fluid test that indicates a positive test result or that is inconclusive or invalid, the employee or job applicant may request drug or alcohol testing or cannabis testing at no cost to the employee or job applicant using the services of a testing laboratory under Minnesota Statutes, section 181.953, subdivision 1, and according to the existing laboratory testing standards in subdivisions 1 to 5. The rights, notice, and limitations in Minnesota Statutes, section 181.953, subdivision 6, paragraph (b), and subdivisions 7 to 8 and 10 to 11 apply to an employee or job applicant and a laboratory test conducted pursuant to this paragraph.
- c. If the laboratory test under paragraph (b) above indicates a positive result, any subsequent confirmatory retest, if requested by the employee or job applicant, must be conducted following the retest procedures provided in Minnesota Statutes, section 181.953, subdivision 6, paragraph (c), and subdivision 9 at the employee's or job applicant's own expense.
- d. Nothing in this subdivision is intended to modify the existing requirements for drug and alcohol testing or cannabis testing in the workplace under Minnesota Statutes, sections 181.950 to 181.957, unless stated otherwise.

[NOTE: The 2024 Minnesota legislature enacted this provision.]

5. Random Testing

The school district may request or require "other employees" to undergo cannabis testing or drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

6. Reasonable Suspicion Testing

The school district may request or require any employee to undergo cannabis testing or drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of cannabis, drugs, or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol, cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, subdivision 16, or has caused another

employee to sustain a personal injury; or

- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

7. Treatment Program Testing

The school district may request or require any employee to undergo cannabis testing and drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo cannabis testing and drug and alcohol testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

8. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

C. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing

Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of Section IV.D.

2. Consequences of an Employee's Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require

a commercial driver's license to undergo drug or alcohol testing or requesting cannabis testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing or cannabis testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing or cannabis testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test or cannabis test.

4. Notice of and Right to Explain Positive Test Result

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information (see Attachment G to this policy).
- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry or of enrollment in a Tribal medical cannabis program as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.
- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the

original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments F and G to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test or cannabis test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the

confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.

5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.
7. An employee must be given access to information in the individual's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process or cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;
2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes, chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug, alcohol, and cannabis testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug and alcohol testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment H to this policy.

V. POSTING

The school district shall post notice in an appropriate and conspicuous location on its premises that it has adopted a drug and alcohol testing policy and that copies of the policy are available for inspection during regular business hours by its employees or job applicants in its personnel office or other suitable locations.

I. PURPOSE

- A. The school board recognizes the significant problems created by drug, alcohol, and cannabis use in society in general, and the public schools in particular. The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The school board believes that a work environment free of drug, alcohol, and cannabis use will be not only safer, healthier, and more productive but also more conducive to effective learning. To provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

II. GENERAL STATEMENT OF POLICY

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing and cannabis testing in accordance with federal law and the applicable provisions of this policy. - C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs that are not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs that are not medically prescribed are prohibited from entering or remaining on school district property.
- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol or cannabis is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol or cannabis is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol or cannabis are prohibited from entering or remaining on school district property.
- E. Any employee who violates this section shall be subject to discipline that includes, but is not limited to, immediate suspension without pay and immediate discharge.
- F. The school district may discipline, discharge, or take other adverse personnel action against an employee for cannabis flower, cannabis product, lower-potency hemp edible, or hemp-derived consumer product use, possession, impairment, sale, or transfer while an employee is working, on school district premises, or operating a school district vehicle, machinery, or equipment as follows:
 - 1. if, as the result of consuming cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product, the employee does not possess that clearness of intellect and control of self that the employee otherwise would have;
 - 2. if cannabis testing verifies the presence of cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product following a confirmatory test;

3. as provided in the school district's written work rules for cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products and cannabis testing, provided that the rules are in writing and in a written policy that contains the minimum information required by section 181.952; or
4. as otherwise authorized or required under state or federal law or regulations, or if a failure to do so would cause the school district to lose a monetary or licensing-related benefit under federal law or regulations.

III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

A. General Statement of Policy

All persons subject to commercial driver's license requirements shall be tested for alcohol, cannabis (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. 11. "Medical Review Officer" (MRO) means a licensed physician responsible for receiving and reviewing laboratory results generated by the school district's drug testing program and for evaluating medical explanations for certain drug tests.
12. "Refusal to Submit" (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver's provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed by the school district or the collector; (g) fails to undergo a medical examination or evaluation, as directed by the MRO or the DER; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector, fails to sign the certification on the forms); (i) fails to follow the observer's instructions, in an observed collection, to raise the driver's clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process; (j) possesses or wears a prosthetic or other device that could be used to interfere with the collection process; (k) admits to the collector or MRO that the driver adulterated or substituted the specimen; or (l) is reported by the MRO as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to testing.
13. "Safety-Sensitive Functions" are on-duty functions from the time the driver begins work or is required to be in readiness to work until relieved from work and all responsibility for performing work, and include such functions as driving, loading and unloading vehicles, or supervising or assisting in the loading or unloading of vehicles, servicing, repairing, obtaining assistance to repair, or remaining in attendance during the repair of a disabled vehicle.
14. "Screening Test Technician" (STT) means anyone who instructs and assists individuals in the alcohol testing process and operates an ASD.
15. "Stand Down" means the practice of temporarily removing an employee from performing safety-sensitive functions based only upon a laboratory report to the MRO of a confirmed positive test for a drug or drug metabolite, an adulterated test, or a substituted test before the MRO completes the verification process.
16. "Substance Abuse Professional" (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or controlled substance

problem (the driver's or a coworker's); and available methods of intervening when an alcohol or controlled substance problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.

3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

D. Alcohol and Controlled Substances Testing Program Manager

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.
6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.

9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district that prohibit possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.
- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that

North Branch Independent School District No. 138: Policy #416

Adopted: 7/10/14

Replaced: Policy #416.1 and Policy #416.2

Revised: 11/10/16, 4/13/23, 4/11/24

Effective: 7/10/14, 11/10/16, 4/13/23, 4/11/24

the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query (see Attachment C to this policy). The school district shall retain the consent for three (3) years from the date of the query.

2. Post-Accident Testing

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

3. Random Testing

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.
- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided,

however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing
 - a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
 - b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
 - c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
 - d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.
6. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.
7. Refusal to Submit and Attendant Consequences
 - a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
 - b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code, section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.

- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
 - d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
 - e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment D to this policy.
- I. Testing Procedures
- 1. Drug Testing
 - a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
 - b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
 - c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.
 - d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.

- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

- 1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.
- 2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee’s own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully

complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.

- c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be Occupational Medicine Consultants, 6515 Barrie Road, Suite 150, Edina, MN 55435, 952-920-5663, which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, chapter 13. Any information concerning the individual's test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

- 1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

- 2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

"Basic records" includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures	2 years
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

"Education and training records" must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

- 3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;

- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
 - i. Any on-duty alcohol use;
 - ii. Any pre-duty alcohol use;
 - iii. Any alcohol use following an accident; and
 - iv. Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and
- h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
 - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.
 - b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.
 - c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
 - d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.
3. Disciplinary Action
 - a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.

- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to cannabis testing or drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo cannabis testing or drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Section IV. of this policy

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver's Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations 382.701.
2. The school district may not access an individual's Clearinghouse record unless the school district (1) obtains the individual's prior written or electronic consent for access to the record; and (2) submits proof of the individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.
3. The school district shall protect the individual's privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.
4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

IV. CANNABIS TESTING OR DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing or cannabis testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing or cannabis testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

8. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the school district for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. B. Circumstances Under Which Cannabis Testing or Drug or Alcohol Testing May Be Requested or Required; Exceptions

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or cannabis testing, unless the testing is done pursuant to this policy; and is conducted by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1.
- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing or cannabis testing on an arbitrary and capricious basis.

2. Cannabis Testing Exceptions

For the following positions, cannabis and its metabolites are considered a drug and subject to the drug and alcohol testing provisions in Minnesota Statutes, sections 181.950 to 181.957:

- a. a safety-sensitive position, as defined in Minnesota Statutes, section 181.950, subdivision 13;
- b. a position requiring face-to-face care, training, education, supervision, counseling, consultation, or medical assistance to children;

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

- a. The school district must not request or require a job applicant to undergo cannabis testing solely for the purpose of determining the presence or absence of cannabis as a condition of employment unless otherwise required by state or federal law.
- b. Unless otherwise required by state or federal law, the school district must not refuse to hire a job applicant solely because the job applicant submits to a cannabis test or a drug and alcohol test authorized by Minnesota law and the results of the test indicate the presence of cannabis.
- c. The school district must not request or require an employee or job applicant to undergo cannabis testing on an arbitrary or capricious basis.
- d. Cannabis testing authorized under paragraph (d) must comply with the safeguards for testing employees provided in Minnesota Statutes, sections 181.953 and 181.954.

4. Random Testing

- a. is under the influence of cannabis, drugs, or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol, cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, subdivision 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

6. Treatment Program Testing

The school district may request or require any employee to undergo cannabis testing and drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo cannabis testing and drug and alcohol

testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

7. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

C. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing

Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of Section IV.D.

2. Consequences of an Employee's Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or requesting cannabis testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing or cannabis testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing or cannabis testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test or cannabis test.

4. Notice of and Right to Explain Positive Test Result

a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information (see Attachment G to this policy).

b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.

c. The employee may present verification of enrollment in the medical cannabis patient registry or of enrollment in a Tribal medical cannabis program as part of the employee's explanation.

d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.

b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments F and G to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test or cannabis test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.
7. An employee must be given access to information in the individual's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process or cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;
2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes, chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug, alcohol, and cannabis testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position

**— DRIVER ACKNOWLEDGMENT —
DRUG AND ALCOHOL TESTING POLICY AND MATERIALS**

I have received a copy of the Drug, Alcohol, and Cannabis Testing Policy of Independent School District No. 138, North Branch, Minnesota and have read it in its entirety. I understand that I am subject to the provisions of Article III of the policy, entitled Federally Mandated Drug and Alcohol Testing for School Bus Drivers, because the position involves operating a commercial motor vehicle and requires a commercial driver's license.

The District's policy was provided to me:

- Upon adoption of the policy (employee).
- Upon my hire (job applicant/new employee).
- After receipt of my conditional job offer, before any testing if my job offer is contingent upon my passing of drug and alcohol testing (job applicant).

I also received materials concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem; and available methods of intervening when an alcohol or drug problem is suspected.

I have been advised that the Alcohol and Controlled Substances Testing Program Manager is _____ and that any questions I may have concerning the Policy should be directed to the Program Manager.

CONSENT TO SCHOOL DISTRICT CONDUCT
OF CLEARINGHOUSE FULL QUERY**

Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver’s License (CDL) Drug and Alcohol Clearinghouse (“Clearinghouse”) to obtain information about whether the driver

- (1) has a verified positive, adulterated, or substituted controlled substances test result;
- (2) has an alcohol confirmation test with a concentration of 0.04 or higher;
- (3) has refused to submit to a test in violation of federal law; or
- (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law.

The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

**— BUS DRIVER OR DRIVER APPLICANT —
REFUSAL TO SUBMIT TO TESTING**

I hereby refuse to submit to drug/alcohol testing by doing the following:

- Failing to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so;
- Failing to remain at the testing site until the testing process is complete;
- Failing to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test;
- Failing to permit the observation or monitoring of any provision of a specimen in the case of a directly observed or monitored collection in a drug test;
- Failing to provide a sufficient breath specimen or sufficient amount of urine when directed and it has been determined that there was no adequate medical explanation for the failure;
- Failing or declining to take a second test as directed;
- Failing to undergo a medical examination or evaluation, as directed by the Medical Review Officer (MRO) or the Designated Employer Representative (DER);
- Failing to cooperate with any part of the testing process (e.g., refusing to empty pockets when so directed by the collector, behaving in a confrontational way that disrupts the collection process, failing to wash hands after being directed to do so by the collector, failing to sign the certification on the form;
- Failing to follow the observer's instructions, in an observed collection, to raise the driver's clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process;
- Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process;
- Admitting to the collector or MRO that the driver adulterated or substituted the specimen; or
- Having a verified adulterated or substituted test as reported by the MRO.

[An applicant who fails to appear for a preemployment test, who leaves the testing site before the preemployment testing process commences, or who does not provide a urine specimen because he or she left before it commences, is not deemed to have refused to submit to testing.]

I recognize that my refusal subjects me to the consequences specified in federal law and regulations. It also constitutes a presumption of a positive result. I further recognize that if I am an applicant, I will be disqualified from consideration for the conditionally-offered position. If I am an employee, I will not be permitted to perform safety-sensitive functions, and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If the school district offers me an opportunity to return to a DOT safety-sensitive function, I understand I will be evaluated by a substance abuse professional, and will be required to submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.

NOTICE OF TEST RESULTS AND VARIOUS RIGHTS

Test Results:

Independent School District No. 138, North Branch, Minnesota has received the test result report from the testing laboratory:

- Your initial screening test result was negative.
- Your confirmatory test result was negative.
- Your confirmatory test result was positive.

Test Result Report:

You have the right to request and receive from the school district a copy of the test result on any drug or alcohol test or cannabis test.

Right to Explain Positive Test Result:

In the case of a positive test result on a confirmatory test, you have the right to explain the results. You may, within three (3) working days after notice of a positive test result on a confirmatory test, submit information to the school district, in addition to any information already submitted, to explain that result. Attached to this Notice is a document entitled "Explanation of Positive Test Result" for this purpose.

Right to Request Confirmatory Retests:

In the case of a positive test result on a confirmatory test, you have the right to request a confirmatory retest of the original sample at your own expense.

Within five (5) working days after notice of the confirmatory test result, you must notify the school district in writing of your intention to obtain a confirmatory retest.

Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that you have requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minn. Stat. § 181.953, Subd. 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against you.

Other Rights:

In the case of a positive test result on a confirmatory test, you may have other rights provided under the sections detailed below.

A. Employee Discharge and Discipline

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee whose position does not require a commercial driver's license on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.

In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.

2. The school district may not discharge an employee whose position does not require a commercial driver's license for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical use counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
3. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
4. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire.
5. An employee must be given access to information in the employee's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing or cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

B. Withdrawal of Applicant's Job Offer

If a job applicant for a position that does not require a commercial driver's license has received a job offer made contingent on the applicant passing drug, alcohol, and/or cannabis testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a

confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.
