Board Report

4/27/26

Summer Concerts

We met with M.A.G.I.C. last week to discuss the summer concerts in light of the construction projects. We determined that our campus was not an ideal location this year. We will continue to be the rain location. We will meet again next March to determine the long-term plan for the concerts. It is our intent to be the rain location in the new PAC for the foreseeable future.

Progress Lakeshore Board Update

We are preparing for our spring Awards Breakfast, and continue to explore ways to support local businesses and municipalities, including our school-based businesses.

WASDA Board Update

The WASDA board continues to work through our transition to a new Executive Director. Additionally, we are focusing on our approach to legislative advocacy, specifically working to increase and improve funding for our district. The conference itself was focused on professional development around budgets, student learning, technology, and leadership development. We also honored our award winners and retiring leaders.

CESA 7 PAC Executive Committee Update

We are finishing up our school year of PAC meetings, which was filled with productive sessions with local legislators, meetings with the DPI, including Sec. Underly, and legal updates from school attorneys. These sessions provide excellent support for local superintendents, and I will continue to serve in a leadership capacity next year.

Superintendent Evaluation

Next month will include a closed session to begin our superintendent evaluation process. I moved it due to the predicted low attendance tonight. I have completed a self-evaluation, and I will share it with you at that time. Then, you will have the opportunity to share your feedback with me via an online survey tool by June 15.

High School and Middle School Art Teacher

Dear Mr. Gerlach,

Please accept this letter as my formal resignation from my position as the High School and Middle School Art Teacher. My time at Mishicot has been incredibly meaningful both personally and professionally.

Mishicot has played such an important role in shaping me into the teacher I always hoped to become. Through the support of colleagues, and the daily interactions with students, I have grown in ways I could not have imagined when I first began. I am deeply grateful for the opportunities I have been given to learn, create, and connect within this community.

It has been a true privilege to work with such thoughtful, talented, and inspiring students. Watching them develop their creativity, confidence, and individuality has been one of the most rewarding parts of my career. I will carry those experiences and the relationships I've built here with me moving forward.

Thank you for the opportunity to serve in this role and to be part of such an incredible and dedicated school community. Mishicot will always hold a special place in my heart.

Sincerely,

Bryn Sikora
