ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS (School Districts Only)

(For Local Use Only)

This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2021 budgeted expenditures over FY2020 actual expenditures. Budget information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and may be submitted in conjunction with that report.

An official Limitation of Administrative Costs Worksheet can also be found on the ISBE website at: [Limitation of Administrative Costs](#)

Resolution Supporting In-Person Instruction

Questions and Answers

Updated: May 24, 2021

On May 19, 2021, the Illinois State Board of Education unanimously adopted a [Resolution Supporting In-Person Learning](#) that supports the Illinois State Superintendent of Education Dr. Carmen I. Ayala in making the following declaration after the conclusion of the current academic school year, subject to favorable public health conditions at that time: Beginning with the 2021-22 school year, all schools must resume fully in-person learning for all student attendance days, provided that, pursuant to [105 ILCS 5/10-30](#) and [105 ILCS 5/34-18.66](#), remote instruction be made available for students who are not eligible for a COVID-19 vaccine and are under a quarantine order by a local public health department or the Illinois Department of Public Health.

This document is intended to provide additional guidance and support pertaining to this resolution for the 2021-22 school year.

Q-1 Is this resolution currently in effect?

No. This resolution expresses support for the State Superintendent and does not itself have any effect on policy. The policy will change when the State Superintendent makes the declaration requiring in-person learning. The State Superintendent currently is planning to finalize this declaration after the conclusion of the current academic school year, subject to favorable public health conditions at that time.

Q-2 When would the declaration take effect?

The State Superintendent's declaration, which has not yet occurred, would take effect at the beginning of the 2021-22 school year. It would not apply to this year's summer school programs.

Q-3 If a student is fully vaccinated and does not exhibit any symptoms, would they be required to quarantine if they are identified as a close contact to a known case of COVID-19?

Fully vaccinated and asymptomatic persons are not required to quarantine if named as a close contact to a known case of COVID-19, which is consistent with Centers for Disease Control and Prevention (CDC) and Illinois Department of Public Health (IDPH) guidance. Individuals should self-monitor for symptoms for 14 days after their last exposure to the case during the case's infectious period. [Refer to the IDPH decision tree for further guidance.](#)

Q-4 Once the declaration takes effect, under what circumstances would a student receive remote instruction under Sections [10-30](#) or [34-18.66](#) of the School Code?

Sections [10-30](#) and [34-18.66](#) of the School Code state that "[i]f the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, the State Superintendent of Education may declare a requirement

to use remote learning days or blended remote learning days for a school district, multiple school districts, a region, or the entire State.”

Once the Superintendent makes the declaration and it takes effect, school districts would only be required to provide remote learning to students who meet both of the following conditions:

1. Are not eligible for the COVID-19 vaccine; **and**
2. Are under a quarantine order by a local public health department or the Illinois Department of Public Health.

School districts would be required to provide remote learning to students who meet both of those conditions. The bulk of this population would be students under age 12.

Q-5 What qualifies as a “quarantine order by a local public health department or the Illinois Department of Public Health”?

A quarantine order means that the student meets the requirements for quarantining under guidance from IDPH or the appropriate public health department that is in effect at that time.

Q-6 For purposes of this resolution, when is a student considered “eligible” for the COVID-19 vaccine?

Students are eligible for a COVID-19 vaccine pursuant to CDC guidance at that time. Please see the [CDC website for the most updated eligibility guidance](#).

Q-7 Once the declaration takes effect, would a school district be able to offer remote learning pursuant to Sections [10-30](#) or [34-18.66](#) of the School Code to students who do not meet the criteria in the declaration?

No. Remote learning under Sections [10-30](#) or [34-18.66](#) of the School Code must only be provided as detailed in the declaration. (See Q-4.)

However, flexibility exists in other parts of the law for school districts to provide remote learning to students whom the school district determines will best be served through remote learning. (See Q-8.)

Q-8 Are there other provisions of law that allow for remote instruction of students?

Yes. Flexibility exists in other parts of the law for school districts to continue to provide remote learning to individual students beyond those required in the Superintendent’s declaration, if that best meets the student’s learning needs. For example, districts could permit remote learning for families that include students who are ineligible to be vaccinated and live in a household with an immunocompromised individual.

School districts may choose to create local policies to provide remote learning to individual students beyond those required in the Superintendent’s declaration, if that best meets the student’s learning needs, through [105 ILCS 5/10-29](#) or create blended programs consisting of a combination of face-to-face and online learning through [105 ILCS 5/10-19.05\(k\)\(4\)](#).

Additionally, depending on the circumstances, students who do not meet the criteria for remote learning in the declaration may meet the criteria for home/hospital instruction

pursuant to [105 ILCS 5/14-13.01](#), [23 Ill Admin. Code 1.520](#), and [23 Ill Admin. Code 226.300](#). Please see [ISBE's Home and Hospital Q and A Document](#) for additional assistance.

Q-9 Are children of parents who choose to keep them home from school when those children do not meet the criteria for remote learning in the declaration – and the district has not established a remote learning policy under another section of the School Code – considered truant?

The Board of Education of each district may determine whether a child in this situation has “valid cause” for not attending school. A “truant” is defined in [105 ILCS 5/26-2a](#) as “a child who is subject to compulsory school attendance and who is absent without valid cause, as defined under this Section, from such attendance for more than 1% but less than 5% of the past 180 school days. ‘Valid cause’ for absence shall be illness, observance of a religious holiday, death in the immediate family, family emergency, and shall include such other situations beyond the control of the student as determined by the board of education in each district, or such other circumstances which cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student.”

Q-10 Are students required to receive the COVID-19 vaccination?

No. Students are not currently required to receive the COVID-19 vaccine.

ISBE encourages families to use the summer months to ensure that eligible children get vaccinated. The vaccines are safe, effective, and proven to protect recipients from getting sick. Vaccines are widely available throughout the state. ISBE is also encouraging school districts to host vaccination clinics for eligible students and families. Find information and resources for hosting a vaccination event at www.isbe.net/covid19 under the Back to School tab.

Q-11 May a student who is eligible for the vaccination – but has not received it – still attend school in-person?

Yes. Students are not currently required to receive the COVID-19 vaccine; therefore, students who do not receive the vaccine are not required to be excluded. Students may be required to quarantine. Once the Superintendent makes the declaration and it takes effect, only students who are not eligible for the vaccine would be provided remote learning during a quarantine, unless the school district has established a remote learning policy under another part of the School Code or the student qualifies for hospital/homebound instruction. (See Q-8.)

Q-12 Are masks still required for the 2021-22 school year?

Yes. As stated in the Governor’s [announcement](#) on May 17, “In line with CDC guidance, the Illinois State Board of Education and Illinois Department of Public Health require masks in schools. The Illinois Department of Children and Family Services requires masks in daycare.”

ISBE will continue to work closely with the Governor’s Office and the Illinois Department of Public Health to stay consistent with CDC guidance.
