PRESENTATIONS

Student Assessment Data - End of Year Review

Mr. Cunningham introduced the presentation and gave a brief overview. He thanked the BOE for their support this year as we transitioned to STAR testing and the eduCLIMBER data warehouse. He also commented that, as the data is presented, SPED students can be found anywhere in the tiers. SPED students in Tiers II and III have their progress monitored every 6 weeks.

Diamond Lake School

Dr. Berger presented the data for Diamond Lake School. She was proud to share that there was tremendous growth in both literacy and math for the 1st and 2nd grade levels. There was a significant decline in the number of students in the early literacy assessment. This is due to students being able to participate in the full reading STAR assessment as their skills develop. Dr. Berger also reported significant growth in Math skills for the 1st and 2nd grade students. In the areas that there was some slight regression, further analysis of the data will be needed to address the matter. She also shared that Kindergarten students participated in the STAR reading assessment this spring to provide a baseline. Dr. Berger shared data on Math assessments for Kindergarten which was extrapolated from the testing as there is no foundational information for Kindergarten.

Dr. Berger presented the changes that will be upcoming to address the needs identified with the data: Kindergarten will participate fully in the STAR assessments next school year; classrooms will be balanced academically so there is a healthy mix of all three tiers of students in each room; building schedule is being adjusted to accommodate phonics and writing time and increase coaching opportunities for students and staff; the WIN (What I Need) block will be continued; push-in services will be continued with the interventionists and the special education staff.

West Oak Intermediate School

Mr. Preble reported that there was very good growth in ELA across all 3 grade levels. There was an increase in Tier II for 5th grade but there was also a significant decrease in Tier III - which indicates that students from Tier III were moving into Tier II. In Math, WOIS saw great growth in 3rd grade with more modest growth in 4th and 5th grades with a slight increase in Tier III for 4th grade. To address the concerns with the data, WOIS will continue with supporting Tier II and Tier III instruction within Tier I instruction, in class interventions and extended day opportunities. Resources will be re-allocated to provide math intervention at all grade levels. The addition of the K-5 math coach will be beneficial to both students and staff. The building schedule will be adjusted to accommodate interventions in the classroom during literacy and math blocks.

West Oak Middle School

Mr. Pedersen reported that the spring testing for West Oak Middle School was conducted the week before school ended and upon review, this was not an optimal time to get the best read on student progress. Mr. Pedersen reported that the results from fall to spring were very similar with some slight movement between Tier II and Tier III in 6th grade. 7th and 8th grade numbers stayed consistent. Although this was a little discouraging, the consistency was partially attributed to the timing of the assessment. There was good growth in math between fall and spring assessments, especially in 6th and 8th grades. Mr. Pedersen felt the numbers are trending in the right direction, especially in Tier III. Moving forward, adjustments will be made in Tier I reading and math to give more opportunities to increase skills. In Tiers II & III, interventions and support will continue. ELL and SPED students will have dedicated resources and progress monitoring to better assess needs.

Mr. Cunningham wrapped up the presentation with comments on our after school intervention programs, the instructional coaching efforts and utilization of the eduCLIMBER data system.

Questions/Comments

Is there a mechanism for looking at how D76 students are doing in HS after they graduate? Both Stevenson and Mundelein High Schools provide feedback to us. Stevenson, in particular, does a good job of providing feedback which is used by the staff to assess our programs. Some programs that have been added from this feedback are the COMM arts program and the Spanish language arts program.

For the Kindergarten STAR math numbers, there was some discussion about how the percentiles were determined for Above average/below average. Dr. Berger explained that the numbers were just an average of all our student's scores. Just because a student was "below average" does not mean that student is performing below kindergarten level. The numbers are not any kind of a local or national average.

What does STAR look like for Kindergarten students? Students have questions read to them - there are a lot of visual cues. Testing is done in small groups with the teacher - almost all students were able to finish the testing in the allotted time.

Do we have placement information for 8th graders going into High School? Yes, we already have that data. It will be provided at an upcoming meeting.

The Board asked for more data in the following areas:

- RTI percentiles broken down by grade level. That information will be provided and will be included in future data reporting.
- Assessment numbers for dual language students will be provided in the future as well.
- Data on performance of students as they transition between 5th-6th grades

How many students were invited to Summer School? The number will be provided once it is confirmed. Participation this year is 150 students in general education - with a 78% attendance rate.

21-22 Goals and Priorities: End of Year Review

Dr. Sharma-Lewis introduced the Goals and Priorities review with an overview of the 5 priority areas.

Mr. Cunningham addressed Priority 1: Academic Excellence

We continue to see growth in ELA and Math as was presented in the previous presentation. Our median scores are higher than the national averages with students falling in the 44th-67th percentiles.

SEL data was shared for both Diamond Lake School and the West Oak Campus. The DLS survey illustrated that the students for the most part have a positive view of school and the support they receive from their teachers and the staff. West Oak Campus used the Humanex Student Engagement Survey, based on Maslow's Hierarchy of Needs. Mr. Cunningham reported that the students tend to rate their self esteem higher than their basic needs and that the perceptions of the teachers were very different than the student perception. Exploring the meaning behind the responses to many of the questions will be necessary to respond appropriately to the students.

Dr. Sharma-Lewis addressed Priority 2: Professional Excellence

It was evident from the surveys that the staff found value in the instructional walkthroughs that were conducted this year and this will continue to be a focus and priority moving forward. The instructional coaching program is also very well utilized and will continue to be valued as an additional K-5 math coach has been added for the upcoming school year. The staff feels very well supported by their principals and their peers. There was a request from the Board to have the responses in the Staff Support and Success Survey to be broken down by school and also by certified/classified staff members. That information will be provided to the Board.

Mr. Hansen addressed Priority 3: Operational Excellence

The eduCLIMBER Data Warehouse system was introduced this year and an inventory system of instructional resources was developed. The majority of the staff can access and use both systems effectively.

Mr. Rogers addressed Priority 4: Financial Excellence

A new financial reporting system was introduced this year "Forecast 5" which allows the district to better understand where we are in terms of meeting annual goals. We are currently on pace to pass our surplus goal of \$350,000 in the Operating Fund. The district has maintained its good Financial Profile rating and the staff indicates that the district has been able to meet their needs and requests for supplies and materials.

Mr. Hansen addressed Priority 5: Excellence in Communications

Our parents and families feel that the district does an excellent job of communicating regarding their students. Parent University participation continues to increase and the library of topics available on our YouTube channel continues to see increased numbers of views.

Dr. Sharma-Lewis reviewed the overriding purpose for everything the district does, which is to Improve Student Academic Growth and Achievement. Several areas were highlighted that contribute to student growth and achievement.

Next steps will be to review and reflect on this year and then draft goals for 22-23 with the various leadership teams throughout the district.

Questions/Comments:

There was much discussion around the Humanex Survey results for the West Oak Campus. The board felt that it would be helpful to qualitatively analyze the data. Mr. Cunningham commented that the student's perceptions of choice are different than the teacher's, for example. The Board asked for a breakdown of the survey results so they can better understand the results. It was agreed that leadership needs to have a better understanding of what we want to be asking and to make sure the questions are structured appropriately to communicate the intent. The board does appreciate the focus the district has placed on Social Emotional Learning.

A more detailed report of the Humanex Survey will be provided to the Board.

BOARD DISCUSSION**Dual Language Programming Update**

Mr. Cunningham presented the update regarding changes to the Dual Language Program. The current program delivery was outlined and explained. We have been utilizing a graduated model with emphasis on Spanish delivery in grades K-3, with the model becoming a 50/50 delivery by 4th grade. The proposed shift in programming will be to a 50/50 model for grades K-5. Mathematics will be taught in English instead of Spanish in grades K-5. The rationale for this change is to provide students with strong teachers, sustain the longevity of the dual language program, continue to accept all kindergarten enrollees, and protect foundational linguistics time. Educational research has demonstrated that the 50/50 model is effective for both English and Spanish speaking populations. To achieve this change, math instruction in grades K-3 will switch from Spanish to English instruction. Mr. Cunningham also reported that each building has two Spanish language interventionists on staff to provide support, if necessary, in math instruction. This change also aligns us better with our neighboring districts and the dual language instruction they provide. We will still be able to accommodate any Kindergarten student coming into the district that is interested in our dual language program.

BOARD OF EDUCATION
COMBINED MEETING
Tuesday, July 12, 2022

The resolution is being submitted for approval at the Combined Meeting on July 12, 2022.

SECTION IV-C

Administrative: Resolution to Approve Tentative Budget and Set Budget Hearing Date *Action*

WHEREAS, ILSC 105 5/17-1 directs the Board to provide at least 1 public hearing prior to final action on the budget; and

WHEREAS, notice of the public hearing must be published in a local newspaper at least 30 days prior to the time of the hearing,

THEREFORE BE IT RESOLVED, the Diamond Lake School District Board of Education approves the 2022/23 Tentative Budget as presented and sets September 20, 2022 at 7:00 PM as the date for a public hearing on the 2022/23 Budget.

July 12, 2022

TO: Board of Education
FROM: Eric Rogers
SUBJECT: FY23 Tentative Budget

Please find attached the tentative draft FY23 budget. The tentative budget contains estimates of revenues and expenditures.

Attached you will find the summary and the detail for each fund. At this time there are several items that may have an impact on the budget. Some of these more significant items include the following:

1. State and Federal funding – The Covid-19 pandemic has brought about many uncertainties surrounding continued payment for EBF funding and state and federal categorical grants. Currently, payments are expected to be flat but be disbursed on-time.
2. Potential property tax freeze.
3. Potential shift of TRS costs from the State to the District.
4. 5-year facility plan projects.

As information is received, the budget will be updated and presented to the Board. The Board will be presented a tentative budget on July 12th to approve and set the budget hearing in September. The Board will be presented the final budget for approval at the September 20, 2022 board meeting.

Key Performance Indicator (KPI)

Source: 5Sight AFR Data

Diamond Lake SD 76	2016	2017	2018	2019	2020	2021
Property Taxes + EBF	\$12,629,750.00	\$13,278,721.00	\$14,324,681.00	\$13,612,461.00	\$13,402,376.00	\$15,356,631.00
Salaries + Benefits	\$9,120,183.00	\$10,133,759.00	\$10,277,904.00	\$10,897,692.00	\$10,699,057.00	\$11,429,080.00
Structural Health	138%	131%	139%	125%	125%	134%

Explanation of the KPI: The KPI is a comparison of our 4 largest budget line items: Property Taxes, EBF, Salaries, and Benefits. The comparison only includes operating funds 10, 20, 40, 50, 70, 80.

Relevance of the KPI: Structural deficits in school districts are usually the result of salary and benefit growth outpacing the growth of the two most significant and reliable sources of funding. The KPI is intended to serve as an early warning indicator of a structural deficit or structural surplus.

1. When analyzing all school district finances in the aggregate:
 1. Property taxes and evidence based funding account for 85% of total operating revenues.
 2. Salaries and benefits account for 72% of total operating expenses.
2. This means that, as a benchmark, a school district's property tax and EBF revenue should be around 111% of salaries and benefits.
 1. A declining ratio could signal a future structural budget problem.
 2. A ratio close to or less than 100% likely means a school district is operating at a structural deficit.
 3. A ratio greater than 111% likely means a school district is accumulating fund balance.

Why a Fund Balance? | ¿Por qué un Saldo de Fondos?

- Provides a cushion when:
 - Taxes not paid until December or January
 - State payments
 - Uncertainty surrounding evidence based funding formula
 - Payment have often been delayed by months
 - Proposals for Districts to pay State's share of pension contribution and restructuring state funding formula
 - Tax collections vary from 96% to 99%. Could be lower in 2023 vs. prior years.
 - Taxes based on Consumer Price Index
 - CPI at 2.3% for 2020 Tax Levy
 - CPI at 1.4% for 2021 Tax Levy
 - CPI at 5.0% for 2022 Tax Levy (PTELL Limit)
 - CPI unsure for future years but potentially higher for next several years
- Proporciona espacio cuando:
 - Impuestos no pagados hasta diciembre o enero
 - Pagos Estatales
 - Incertidumbre sobre el fórmula de financiamiento basada en evidencia
 - Pagos se han retrasado por meses
 - Propuestas para que los distritos paguen la parte de la contribución del estado a la pensión y la fórmula de reestructuración de financiamiento estatal
 - La recaudación de impuestos varía de 96% a 99%. Podría ser menos en 2023 en comparación con años anteriores.
 - Impuestos basados en el Índice de Precios al consumidor
 - IPC al 2.3% para la tasa de impuestos de 2020
 - IPC al 1.4% para la tasa de impuestos de 2021
 - IPC al 5.0 % para el gravamen fiscal de 2022 (límite PTELL)
 - IPC incierto para años futuros pero potencialmente más alto para los próximos años
