## TEACHING & LEARNING BOARD REPORT

June 2026

Dr. Heidi Weeks  
Deputy Superintendent

### Curriculum Highlights:

- **Literacy** - We are now in our fourth year of implementing our literacy curriculum, and we continue to see district-wide growth as reflected in both i-Ready data and preliminary IAR results. A special thank you to Stacey McCarthy and Kathy Bruni for their leadership of the Literacy Committee. This team will continue its work next year, analyzing student achievement data and supporting curriculum implementation across the district to ensure continued success.
- **Mathematics** - This year marked the successful second year of implementation of our Into Math curriculum for students in grades 6–8. Additionally, we celebrated the first successful year of our Algebra for All initiative, which provided every eighth-grade student with the opportunity to build a strong foundation in algebraic concepts. Geometry will continue to be offered to a select group of students, ensuring differentiated learning opportunities based on student readiness and achievement.
- **Science** - A new Science Curriculum Committee was formed this year to explore options for updated instructional resources. Previously, grades K–5 utilized STEMscopes, while grades 6–8 used IQWST. The committee is currently researching potential K–8 science curriculum solutions that will provide greater alignment and consistency across grade levels.
- **Social Studies** - Our social studies curriculum, Teachers' Curriculum Institute (TCI), continues to support grade-level standards while reinforcing key literacy skills. This integration has proven effective in providing students with rigorous, engaging, and relevant learning experiences across all grades.
- **Social-Emotional Learning (SEL) & Digital Citizenship** - Second Step, our SEL curriculum, continues to be a valuable resource for teachers and students. It aligns well with our Quantum Learning strategies and the 8 Keys of Excellence, providing consistent support for students' social-emotional development throughout the school year. In addition, digital citizenship lessons are integrated into instruction to help students develop responsible online behaviors, understand digital safety, and build the skills needed to be respectful and ethical digital citizens in an increasingly connected world.

### Professional Learning & Continuous Improvement

- Professional Learning: Focused on strengthening instructional practices, classroom management, and student engagement through district-wide training and job-embedded support.
- Quantum Coaching: Continued implementation of Quantum Coaching to support teacher growth, enhance instructional effectiveness, and promote student engagement.
- High Reliability Schools (HRS): Advanced work on Levels 1 and 2 of the HRS Framework, emphasizing safe, supportive learning environments and effective teaching practices.

## MEMORANDUM

TO: Superintendent Benes      Members of the Board of Education

RE: **Business Office Monthly Report - June 2026**

FROM: Dr. Bein

---

### **1. Fund Balance Report for the month of April 2026**

The detailed fund balances of all funds for the months of April 2026 can be seen on **page 2**.

This report shows what current fund balances are in each fund and where our funds are invested as of the end of April 2026.

### **2. Revenue and Expenditure Variance Report for Operating Funds as of April 2026**

The 2025-2026 Revenue and Expenditure Report for all funds for the **month of April 2026** can be seen on **page 3**.

### **3. Cash and Investment Report**

The detailed cash and investment reports are on **pages 4-6**. They itemize out each investment, maturity date, interest rate and anticipated interest income.

### **4. B&G Staffing and JCI Contract**

District 10 currently has a contract with Johnson Controls (JCI) for preventative maintenance of the heating, ventilation, and air conditioning (HVAC) systems. JCI primarily maintains the boilers, chillers and rooftop units, with most equipment at Benson and Franzen. The District paid JCI \$155,000 for the 2025-26 contract. Given the magnitude of the cost, especially in light of the fact that the District does not have a dedicated maintenance staff member, we have evaluated adding a full-time maintenance person who will perform some of the work done by JCI (and other work as well) thereby allowing the District to reduce the JCI contract by approximately \$100,000. The reduced JCI contract, at approximately \$60,000, will be focused on maintaining critical pieces of HVAC equipment such as chillers, boilers, and rooftop units at all three schools. We believe that this will improve the overall maintenance of the facilities and allow the the Director of Buildings and Grounds (who currently is responsible for much of the maintenance around the District) to focus on key responsibilities including construction planning/monitoring, HVAC monitoring, school code compliance, scheduling contractors, and managing custodians. The proposed full time position will be responsible for basic HVAC maintenance and repairs, building repairs, and responding to other building maintenance needs, and will give the B&G department more flexibility and allow it to become more proactive and responsive to the needs of our facilities.

We believe that bringing in a qualified maintenance mechanic can be accomplished at a near breakeven cost to the reduction in the JCI contract.

## **5. Business Office Transition**

Thank you for your confidence and support over the past school year. It has been an honor to serve as the Treasurer and Business Manager. My last day in that capacity is June 30, 2026, and beginning July 1, Tamara Mitchell will serve as the District's Chief School Business Official and Treasurer. I have regularly been in contact with Tamara and have been keeping her apprised of activities and decisions, including consulting with her on strategic and related decisions. With the experience that she has, she will quickly be fully engaged after she starts. While I will not have a completed tentative budget ready for her, many budget lines will be completed including preliminary salary and benefit lines. Tamara has been set up with access to key systems, and main third party contacts that have not already been notified will get details on the transition and Tamara's contact information before July 1. Tamara also has my personal contact information and knows that I will answer her calls and/or meet with her at any time to support her as she gets up to speed on the District. I am confident that the transition will be smooth for the benefit of the District and community.

## **6. Over \$35,000 Items**

I have been asked to include a recap of non-recurring purchases that exceed \$35,000 and that are not Capital Projects related in the Treasurer's Report. For the month of April there were no applicable items.

CASEY AMAYUN, Secretary

JAMES BARTHEL, PRESIDENT

Dear Mr. Benes, Dr. Weeks, and the District #10 School Board,

It is with a heavy heart that I, Sarah Olsen, submit my letter of resignation, effective June 30th, 2026, to Itasca District #10.

For my entire life, Itasca has been my home, and for thirteen years, I was fortunate to be able to work in this incredible school district. To have been able to serve the members of our community by teaching and supporting their children is an experience of which I am most grateful and proud.

I have continuously been supported by the District #10 administration, Mr. Craig Benes and Dr. Heidi Weeks, the Itasca Education Association, my co-workers at Benson, Franzen, and Peacock, and the Board of Education in all of my endeavors and growth as an educator, and for that I give my most heartfelt thanks and admiration.

I am also grateful that my own children will be in the very capable hands of Mr. Jason Taylor and the staff at Peacock Middle School— individuals who work tirelessly to support our middle school students in their learning as students and as young adults.

While I will be moving on professionally, I will happily remain as an Itasca resident, proud Peacock Charger parent, and dedicated supporter of School District #10.

You have all meant so much to me, and I am forever thankful for my time alongside you in Itasca.

Sincerely,

Sarah Olsen

5/14/26

June 2, 2026

Dear Mr. Benes and Itasca School Board of Education,

After 25 years in Itasca School District 10, I will be moving onto a new opportunity in another school district. While I have enjoyed my time here, the students, community and colleagues I know that this is what is best for me.

I appreciate the opportunities I have been given, the friendships and the privilege of working with the numerous students and their families over the years.

With gratitude,

Stacey McCarthy

## **BOE Action Memorandum FY26-#48**

### **Authorization to Hire Staff**

**June 10, 2026**

Staffing within the school district is a dynamic and ongoing process. Unexpected resignations can occur, requiring timely action to ensure continuity of operations. Given that the Board of Education will not meet again until August, it is appropriate to authorize the Superintendent to hire staff for existing, Board-approved positions as needed during this period. This practice has been utilized in District 10 and is a common practice with school districts in Illinois.

The Superintendent recommends that the Board authorize the Superintendent of Itasca School District to hire staff as necessary into existing, approved positions for the 2026-2027 school year.

## **BOE Action Memorandum FY26 - #49**

### **Approval of Hazardous Bus Areas**

**June 10, 2026**

Each year the Board of Education is required to affirm hazardous bus areas. Students who live in these areas are entitled to free bussing even though they may live less than 1.5 miles from school. The hazardous areas were established and approved by the department of transportation. Resolution Certifying Hazardous Bus Areas: Be it resolved that the Board of Education certifies that four areas remain hazardous bus areas. These four areas were identified at (1) 10-95-1; (2) 10-95-2; (3) 10-95-3; and (4) 10-95-4 in serious Safety Hazard Finding Applications approved by the Illinois Department of Transportation.

The four designated hazardous bus areas are:

- Irving Park Road
- Bloomingdale/Nordic Road (north between Nordic Road and Irving Park Road) and west of Walnut Street for Raymond Benson Primary School
- Arlington Heights Road/Division Street (this includes all the area east of Arlington Heights Road and south of Division Street – but only east of Walnut Street). Division Street west of Walnut Street is not considered hazardous
- Rohlwing Road (includes all of Eaglewood/Nordic area)

The Superintendent recommends approval of the resolution certifying hazardous bus areas.

**BOE Action Memorandum FY26 - #50**

**Approval of 2026-2027 Non-Union Staff Salaries**

**June 10, 2026**

For those employees whose salary is not determined through a collective bargaining agreement, salary increases are recommended by the Superintendent and Deputy Superintendent and reviewed by the Salary Committee. These employees operate on a continuing contract basis. Below are the recommended salary increases for the employees during the 2026-2027 school year.

<b>Last Name</b>	<b>First Name</b>	<b>FTE</b>	<b>Position</b>	<b>2026-2027 Salary</b>

## **BOE Action Memorandum FY26-#53**

### **Approval of Project Amendments to Master Architect Contract with FGM Architects, Ltd. for Entryway Improvements, District Office Planning and District Office Design**

**June 10, 2026**

The administration requests Board of Education approval of three Project Amendment Exhibits (PAEs) to the existing Master Architect Agreement with FGM Architects, Ltd. PAE 1 authorizes FGMA to provide design services, including Schematic Design (SD) Documents, Design Development (DD) Documents, Construction Documents, Competitive Bidding Documents and Contract Administration Services, for secure entry remodeling work at Benson, Franzen and Peacock schools. Costs for the SD and DD phases total \$36,219.54, with the remaining work to be cost consistent with the master agreement and dependent on final design and bidding. Designs will be reviewed with the Board of Education prior to finalization and bidding.

PAE 2 authorizes FGMA to work with the District to develop space programs and concept designs for a possible new district office on the 733 N. Catalpa site. The scope of this effort includes a programming meeting to capture needs, three (3) initial concept plan diagrams, a meeting to review, and a final concept plan for pricing. FGMA will do this concept planning work at no charge based on an agreement made during original contract negotiations. If needed, consulting engineers will be billed on a time and material effort basis. PAE 2 also contemplates gym planning to be billed on a time and materials basis. FGMA was advised following the facilities presentation to the board that the direction is to not pursue any other work on gyms at this time.

PAE 3 authorizes FGMA to provide design services, including Schematic Design Documents, Design Development Documents, Construction Documents, Competitive Bidding Documents and Contract Administration Services, for a new district office at the 733 N Catalpa site. The SD phase cost is \$42,161.26, with the remaining work to be cost consistent with the master agreement and dependent on final design and bidding. The work associated with PAE 3 would commence following the work on PAE 2, and with subsequent approval to proceed given by the District.

All documents have been reviewed and approved by legal counsel.

The Superintendent recommends that the Board of Education approve the project amendment exhibits as presented and authorizes the Superintendent or designee to sign the PAEs as required at a total cost not to exceed \$78,400.00.
