Subject: Call from Mike Becker

Mike Becker just called to talk with you about Deb Lemburg's property. He said that he and a couple of firefighters walked around the property, and want to discuss options at a Fire Department meeting before presenting any information to the City Council. The next Fire Department meeting is scheduled for this Thursday but he is unable to attend, so he will not be presenting it to the fire dept until their March 14 meeting. He will then be ready to discuss the topic at the **March 18 City Council meeting.**

Essentially, Mike said that there might be some interest in having the fire dept burn the structures, but he's concerned that it will be too close to the apartments to the north. He also said that financially, it might be better if Reynolds Construction just bulldozed the structures when they take out the trees. He said that it might be cheaper to have it all done at once instead of having Scott Reynolds take the trees out on all sides to prep the area for the burn, then leave and have to come back to deal with the debris after the burn. Mike wants to present the information to the fire department first though, to get their input, before making his final decision. Mike indicated that he will plan to discuss the decision at the March 18 City Council meeting.

Hello!

Devon actually resigned effective the last day of February so Jeff Buchanan is subbing for me right now...what kind of updates will you need over the summer? I know Jeff and the computer 3 kids would be happy to get things taken care of for the rest of the school year and they are interviewing this week for the coming school year. The new applicants have excellent qualifications for website maintenance. I am sorry this is such a mess. His email is jeff.buchanan@spwildcat.org

Hi Jaime,

Can you give us the email address for Devon? The City Council wants to know a potential timeline of progress on the City's website, and wants to know if he will be able to oversee future changes, including whether someone will be able to continue making changes throughout the summer. I checked the school's staff pages, but didn't see his name listed.
