Full Equity and Diversity Impact Assessment

The Full EDIA process is designed to walk senior and department leaders through three phases (a study, action plan and implementation, and progress monitoring). Additionally, MPS partners with the EDIA Committee, who provides equity considerations.

Equity Considerations for Budgeting

The Equity Considerations for Budgeting process is designed to walk school and department leaders through steps for an equity-driven budget planning process. All schools and departments are required to complete an Equity Considerations for Budgeting document during budget-tie-out.

Equity Considerations for Policies

The Equity Considerations for Policies Process supports the MPS policy review efforts established by the Board Policy Committee. When policies are periodically reviewed and updated or when new policies are recommended, policy owners complete an Equity Considerations for Policies document to describe how they have used an equity-driven lens to develop the policy revision or proposal.

Equity Considerations for Practices

The Equity Considerations for Practices process is designed to walk senior and department leaders through an equity-driven process for proposing a practice change. Examples of changes to a practice include but are not limited to curriculum changes for pre-K through 12th grade students, changes to grading practices, and changes to required student assessments.

Track Progress on
Action Plan
Over Three Years

Short-Term Action

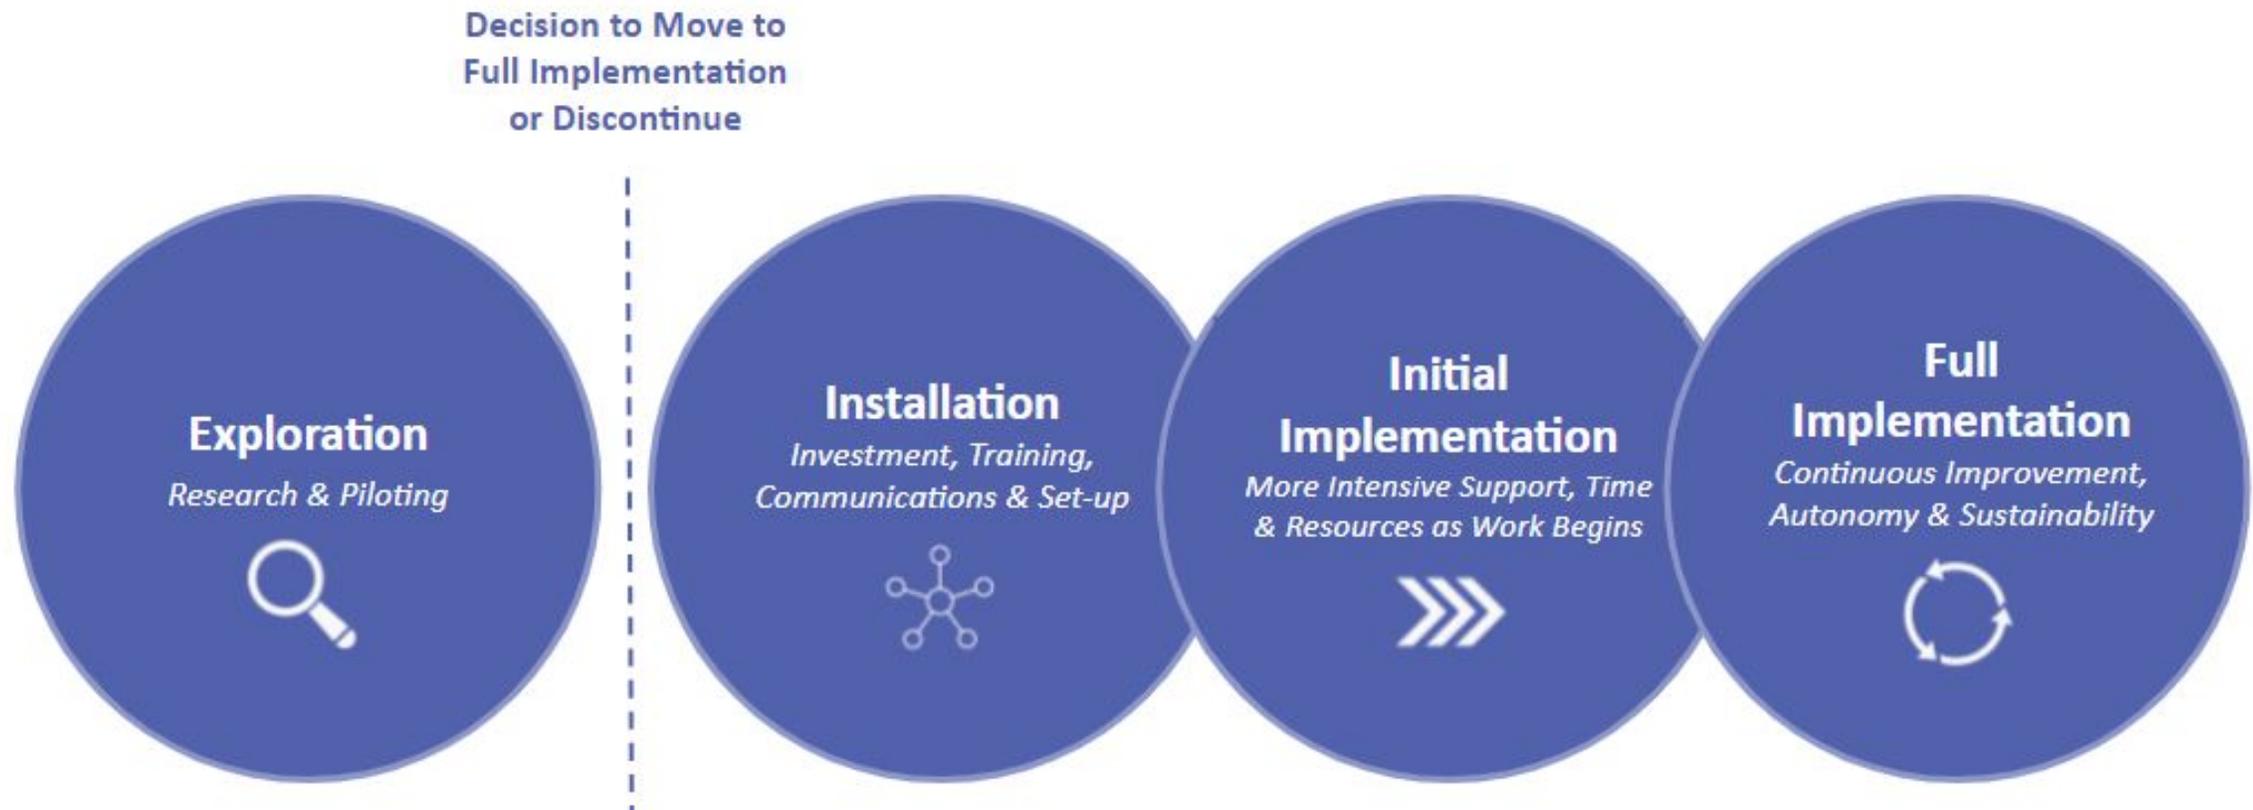

Generally, complete within a shorter window of time and could be seen more as a task that needs to be completed.

Long-Term Action

A project, program, or practice that is meant to exist for a long period of time or might require time to implement.

Implementation Science Framework for Long-Term Actions/Goals

Leaders will need to identify a decision date for the action in the Exploration Stage. By the date, the Leader will decide whether or not to move forward.

The following slides provide a high-level overview of each project’s short-term and long-term actions. Refer to the Appendix for more details.

Acknowledgement: Many programs, services, initiatives, and activities across the district were impacted by the COVID-19 pandemic. The district priorities may have shifted in 2020-21 due to the pandemic, which may have impacted department and policy owners’ ability to lead the implementation of their action plans with fidelity.

Implementation Successes:

- Capability to live stream athletic programming at all seven high schools.
- Implementation of an Equity Funding Model to assist with reducing the current equity gap in athletics across the district.
- Overseeing the integration of Middle School sports back into the District Athletic Department.
- Piloting Online Ticketing program to reduce the amount of cash handled by schools and added convenience for fans securing tickets.

Implementation Challenges:

- Use of Rycor, an online registration software to register students interested in participating in MPS athletic programming, including: user-friendliness and navigating software capabilities such as processing fees, printing reports, uploading documents, to name a few.
- Feedback to Athletics Department helped improve communications with stakeholders and provide support to Athletic Directors as they continue to learn and navigate the use of Rycor. Athletics Department has begun conversation with a new vendor (rSchool Today) who provides a more user friendly service.

Implementation Successes:

- HR EDIA overlaps with the work of the MPS World's Best Workforce Committee, another critical group of stakeholders to help inform, support, and provide critical feedback to the HR EDIA action and implementation plans.
- Eight affinity groups (some district-wide and some school-specific) were active in the 2020-21 school year and received funding from MPS

Implementation Challenges:

- COVID-19 added complications and the inherent grassroots structure of affinity groups and distrust of the district have limited the scale of the groups. Continual feedback is being collected to adjust and remove funding barriers (e.g., where you can order from and how much money can be spent for each meal) and create other supports for affinity group spaces.

Implementation Successes:

- Eight out of nine Student Placement staff are bilingual - can support outreach activities/events and families in English, Hmong, Somali, and Spanish
- During COVID, Student Placement team has been 100% available via phone, email, and through the MPS school request portal - will continue to utilize technology to make processes more accessible to families.
- Student Placement will incorporate a customer service survey which will be part of a regular part of every intake packet families complete
- Created portfolio teams aligned with the Associate Superintendents' schools portfolios
- New and improved School Request website

Athletics EDIA

EDIA Finding	Short-Term Action	Status
Most MPS student athletes are impacted by limited resources, but students who play at host schools experience more hardship.	Keep current cooperative sponsorship model for 2018-19 school year; possible adjustment will be based on district comprehensive review.	<i>Complete</i>

EDIA Finding	Long-Term Action	Stage of Implementation
There are large discrepancies in school-generated funds for athletics.	Standardize gate fees and game protocols for consistency across the district.	<i>Full Implementation</i>
	Bi-weekly coaches payment process	<i>Full Implementation</i>
Most families are open to fee increases.	Standardize participation fee for consistency across the District.	<i>Full Implementation</i>
	Online registration at all high school sites.	<i>Full Implementation</i>
Current data practices are inconsistent across the District.	All high schools will use common software (e.g. rSchool or RFP final choice) for data collection.	<i>Initial Implementation</i>

Athletics EDIA

EDIA Finding	Long-Term Action	Stage of Implementation
A new data system for Athletics must comprehensively meet the needs of Athletic Directors and their staff.	All high schools will use common software (e.g. rSchool or RFP final choice) for data collection.	<i>Initial Implementation</i>
Most stakeholders know about participation fees and participation fee waivers, though students and families who do not play MPS sports are less familiar with this information.	Leverage Memorandum of Understanding (MOU) with Park Board.	<i>Full Implementation</i>
	Meet with Parks and Rec three times a year.	<i>Full Implementation</i>
	Improve communication on differences between Minnesota State High School League sponsored athletics and club/recreational activities.	<i>Full Implementation</i>
Students, parents, and school staff have different perceptions about why some students do not play MPS sports.	Leverage Memorandum of Understanding (MOU) with Park Board.	<i>Full Implementation</i>
	Meet with Parks and Rec three times a year.	<i>Full Implementation</i>
	Improve communication on differences between Minnesota State High School League sponsored athletics and club/recreational activities.	<i>Full Implementation</i>

Human Resources EDIA

EDIA Finding	Short-Term Action	Status
MPS has access to a limited pool of teacher candidates of color.	Hire new Recruitment Coordinator to engage with the broad MPS community, gather feedback from community stakeholders to improve recruitment and retention efforts, and develop strategies to increase recruitment and hiring of staff of color.	<i>Complete</i>
Teachers of color endure a challenging work environment.	Hire additional Equity Coaches to support a positive and inclusive climate.	<i>Complete</i>
	Hire a Staff Ombudsperson (Office of the Senior Executive) to support employees, especially teachers of color	<i>Complete</i>

EDIA Finding	Long-Term Action	Stage of Implementation
MPS has access to a limited pool of teacher candidates of color.	Increase recruitment budget to expand recruitment efforts (i.e. community-focused and out-of-state recruitment).	<i>Full Implementation</i>
	Expand pipelines and career trajectories for critical and hard-to-staff positions across the District, including Special Education Residency program.	<i>Full Implementation</i>
	Reframe our annual Higher Ed event to amplify and showcase teachers of color	<i>Full Implementation</i>
	Expand and deepen recruitment networks.	<i>Full Implementation</i>
	Investigate how new licensure rules through Professional Educator Licensing and Standard Board (PELSB) create flexibility and opportunity to hire more teachers of color.	<i>Installation</i>

Human Resources EDIA

EDIA Finding	Long-Term Action	Stage of Implementation
Teacher candidates of color face an uphill battle in hiring due to District and contractual policies and practices.	Anti-bias training for hiring managers.	<i>Full Implementation</i>
	Emphasize disparities as a focus in teacher contract negotiations.	<i>Full Implementation</i>
	Establish and support affinity groups for teachers of color.	<i>Initial Implementation</i>
	Leverage SY20 district calendar to identify new opportunities for equity-focused professional development (PD) at the start of the school year.	<i>Full Implementation</i>
Teachers of color endure a challenging work environment.	Partner with Indian Education, Office of Black Student Achievement (OBSA), Social Workers, and other groups/departments who are also leading equity PD.	<i>Full Implementation</i>
	Increase mentorship support for new teachers of color.	<i>Full Implementation</i>
	Articulate how teacher and principal performance demonstrate equitable practices	<i>Exploration</i>
	Enhance centralized orientation to improve employee experience onboarding.	<i>Full Implementation</i>
	Increase exit survey participation to better understand why we are losing talented staff.	<i>Full Implementation</i>
The compounding effort of these negative experiences makes MPS an unwelcoming place to work.	Provide recruitment & retention training for all school leaders (principals and assistant principals) to improve recruitment and retention efforts.	<i>Initial Implementation</i>
	Offer in-person reflection sessions to any staff of color leaving the district.	<i>Full Implementation</i>
	Increase exit survey participation to better understand why we are losing talented staff.	<i>Full Implementation</i>
