KSB Narrative: "LB 653 revised the option enrollment laws. Starting July 17, 2026, the law now requires school districts to "automatically accept" option enrollment applications of "siblings of options students enrolled in the option school district without regard to capacity limitations." In other words, from a practical

standpoint, the only point in time at which a school district can deny an option application for all children who are considered siblings of one another is at the time that the first sibling applies for option enrollment. By doing so, the new laws now make it relevant to a school district evaluating an option application whether granting the application of the individual student applying—or admitting the siblings of any such student now or in the future—will exceed the district's capacity limitations. We heard from many of you with questions and concerns about what this means. We have prepared optional policy revisions. These say that a school district evaluating the application of any individual student can also consider whether admitting the student's siblings (even if not applying at the moment) will exceed any capacity limitations. We've also developed updated versions of our option resolution, denial letter, and a new supplemental "application" you would use for this purpose. If you do not choose to go with this new approach, there's no updating you have to do to policy 5004. The new sibling acceptance requirement does not need to be in policy."

WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook that you must read, sign, and return no later than **AUGUST 28th, 2026.**

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Nicole J. LeClaire

Nicole J. LeClaire
Superintendent

The Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations. The school district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The school district prohibits sex discrimination in any education program or activity in any education program or activity that it operates.

Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability, or that have other related concerns or questions, should contact the Superintendent, Nicole J. LeClaire at 308-472-3427 or nicole.leclaire@bertrandvikings.org, or in person at school.

SECTION ONE BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent

using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Compulsory and Excessive Absenteeism Policy 5001

Research on policies and practices that effectively encourage regular student attendance share some key components:

1. Education of parents regarding school attendance requirements.
2. Effective policies and practices to monitor attendance.
3. Clear definition of excessive absenteeism and a two-stage response to excessive absences.

The board has considered this educational research and used it to create the following policy on Compulsory Attendance and Excessive Absenteeism.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report

with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Expectations for Regular Attendance:

1. Students are expected to attend every class, every day.
2. The only "excused" absences shall be:
 - a.) absences when the Nebraska State Patrol confirms in writing that weather conditions have made the roads impassable so that the student's attendance impracticable or impossible;
 - b.) student attendance at a school-sponsored activity;
 - c.) student has been suspended or expelled from school by the school district; and
 - d.) absences required by law enforcement, child protective services or a court of competent jurisdiction, confirmed in writing to the school district.
3. All other absences, including absences for minor physical or mental illnesses, family events, routine medical appointments are simply "absences."
4. Students will have one school day to make up work for each day absent, up to a maximum of five school days. Any additional time granted by the teacher beyond the allotted make-up period will require the student to attend teacher-designated tutoring or intervention sessions outside of regular class time to recover missed instruction. Failure to attend required sessions may result in the loss of the extension.
5. Students must not be absent (regardless of excused or unexcused) from any course more than ten days (10) (or the hourly equivalent) in any given semester in order to earn required academic credit for graduation. Students who lose credit in any given course are at risk of not graduating and/or will need to make up the credit/retake the course. Students losing credit due to absences may appeal that loss of credit to the administration.

When students are absent from school, district staff will respond as follows:

First Stage Response to Absences

1. A member of district staff will contact the parent via telephone for every absence if the parent has not contacted the school in advance.
2. After a student's fifth absence in any given quarter, the school's attendance officer (principal) will schedule a meeting with the student's parents or guardians.
 - a. This meeting must be attended by the attendance officer, parents, social worker (if applicable), and the student (if appropriate).
 - b. The meeting shall be documented.
 - c. The meeting shall develop a collaborative plan to assist the student in improving his/her attendance.

Second Stage Response to Absences

Students who accrue more than 10 absences in a semester or 20 absences in a school year shall be referred to the county attorney for action under NEB. REV. STAT. § 43-247(3)(a) and (b) and are at risk of losing credit required for graduation.

~~Absences due to illness~~

~~The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.~~

Planned absences

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend the full day of school before attending practice or participating in a scheduled student activity on that day, except in cases of family emergencies or pre-arranged absences.
- 3) Check out of school at the office if leaving school during the school day.

- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, ~~for each period of absence due to illness that exceeds five days.~~

Pregnant and Parenting Students

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming in collaboration with the Title IX Coordinator

Band

Students may participate in the elementary band and begin taking band lessons in the 4th grade. Students in grades 6-12 may participate in the high school band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Bills

Students are required to pay for supplies, fines, shop materials, clothing orders, and other related expenses at the school bookkeeper's office. All checks for these payments should be made payable to Bertrand Community Schools, unless directed otherwise. In accordance with board policy, the district will impose an additional penalty at the current bank rate for any checks returned due to insufficient funds. (Currently, \$30)

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bulletin Boards

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.

3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous platform Safe 2 Help to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray into the correct container. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.

5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students should remain at their tables until they are dismissed.
7. Parents who wish their child to eat lunch away from school must provide a written authorization to the student's building principal.
8. Students must treat lunch personnel with respect.
9. After eating lunch, students will stay in the gym/cafeteria area.
10. No students shall be in the building except in designated areas unless teachers have given permission. The teacher must be present.
11. Students who violate the above rules will be disciplined.

Care of the Building

This is your building. Pride in your school building and its furnishings may best be expressed through each student by careful use. Careful attention to the protection of school property is essential. Marring walls or furniture in any way destroys the beauty and usefulness of our school.

Any time a school organization is sponsoring some type of project, that project should always be cleared through the Principal who in turn will inform the custodial staff. Painting of any kind must be cleared with the Superintendent. We have a beautiful, well-maintained building and the custodians are largely responsible for this. We need to support their efforts.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

From 8:00 a.m. - 3:45 p.m. all cell phones and personal electronic devices must be in lockers, backpacks out of sight with the sound off.

~~Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.~~

~~Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Students must keep their cell phones and any other electronic devices (headphones earbuds etc.) in their locker during the school day. Cell phone usage is strictly prohibited during the school day, which runs from 8:00 AM to 3:45 PM; including voice usage, digital imaging, or text messaging. Students may use these devices in approved areas (cafeteria)~~

during the lunch period. Such devices are to be returned to student's lockers before class.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are not allowed the use of cell phones during study class periods.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Cell phone misuse (headphones earbuds etc.) during instructional hours will result in the phone/device being confiscated and turned into the office. If cell phones/devices are turned into the office for misuse, the following fines will be imposed:

- 1st offense: the phone will be confiscated and returned to the student at the end of the school day after serving a 30 minute detention is served. after paying a \$5.00 fine.
- 2nd offense: the phone will be confiscated and returned to the student at the end of the school day after serving a 45 minute detention is served. after paying a \$10.00 fine.
- 3rd offense: the phone will be confiscated and returned to the student after a 60 minute detention is served and a conference with the parent(s) and a \$20.00 fine has been paid. (Students who are unable to serve the detention the day of the infraction may make other arrangements with the school administration).
- Subsequent violations: Students will not be permitted to use or possess a cell phone during school hours. Students who violate this policy will have their cell phones or all other electronic devices confiscated immediately. The administration will return confiscated devices to the offending student's parent or guardian after meeting with the parent or guardian to discuss the violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.
- Note: Money collected for cell phone fines will be allocated to the student activity fund.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law.

Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person or the use of AI or Chatgpt or similar computer based program.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state

law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

CLASS LOADS AND DROP AND ADD

All students in grades 7-12 will carry eight (8) classes each semester, with these exceptions:

1. Any senior is eligible to be an office, library, or teacher aide with permission of the Principal and the respective teacher.
2. Any senior is eligible for a work release employment experience to last no longer than three (2) periods each day.

At the beginning of each semester there will be a five (5) day drop and add period for the students to make changes in their schedule. Students will need to (1) pick up the drop and add form from the guidance counselor, (2) have the teacher from the class being dropped and the teacher from the added class sign the form, (3) have the parent/guardian sign the form, and (4) then have the Principal approve and sign the form for the change to be made complete.

Closed Campus

Students MAY NOT leave the building without permission from the administration. If a parent wants to take his/her child out to lunch, the parent must come to the school office, physically sign out the child, return

within the 30-minute time constraint and physically sign the child back in. If not, the student will be counted as unexcused.

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear overshoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

College Visitations

Time is provided for visitations to college and tech schools; however, the school does not sponsor these trips or provide transportation. Seniors who follow the guidelines listed below will be allowed two college visitations and not have the days missed counted against their attendance record. Juniors will be allowed one college visit during the 2nd semester.

1. The visit must be arranged through the guidance counselor.
2. Students must provide evidence from the college that the trip was made.
3. Parents must notify the school twenty-four (24) hours in advance if the student plans to make one of these visits.
4. Parents are strongly encouraged to attend the college visitation with their student.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call 308-472-5427.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents

by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.

c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

a) Determine whether the complainant has discussed the matter with the respondent.

1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.

2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

b) Strongly encourage the complainant to reduce his or her concerns to writing.

c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

1) All relevant details of the complaint;

2) All witnesses and documents which the complainant believes support the complaint;

3) The action or solution which the complainant seeks.

d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.

4. If either the complainant or the respondent is not satisfied with the decision he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.

a) The appeal must be in writing.

b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.

c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.

d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

a) When the complaint is about a board policy, not implementation of the policy;

b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or

c) When the board is required by law, policy, or contract to hear a complaint or appeal.

6. If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

a) This appeal must be in writing.

b) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.

c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

d) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.

e) There is no appeal from any decision of the board unless authorized by law.

7. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president

or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.

b) Determine whether the complainant has discussed the matter with the superintendent.

1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.

2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.

d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational

placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

Apple ID Policy for School Devices

Students are **not permitted to sign in with personal Apple IDs** on any school-issued devices (iPads, MacBooks, etc.). These devices are managed by the school, and all settings, apps, and accounts must remain under the school's supervision.

Using a personal Apple ID can interfere with device management, restrict access to school-required apps, and violate school security protocols.

Consequences for unauthorized use of personal Apple IDs may include restricted device access, removal of personal data, and disciplinary action in accordance with school policies.

and this is what it suggested for Google-

Parental Consent for Additional Google Services

In accordance with the **Google Workspace for Education Terms of Service**, schools must obtain **parental consent** before enabling **additional Google services** (such as YouTube, Google Maps, Blogger, etc.) for students **under 18 years of age**.

By signing this handbook, parents/guardians grant permission for the school to enable these additional Google services **on an as-needed basis** to support instructional activities and enhance the learning experience.

These services will only be activated when they are deemed educationally appropriate by school staff. All use will continue to be monitored and managed in accordance with district policies and privacy guidelines.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.
5. Students may use the Internet for appropriate educational purposes.

B. Unacceptable Use

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.
2. Students shall not engage in any illegal or inappropriate activities on school computers, including the downloading and copying of copyrighted material.

3. Students shall not use e-mail, chat rooms, instant messaging, or other forms of direct electronic communications on school computers for any unauthorized or unlawful purpose or in violation of any school policy or directive.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Protection of Students

A. Children's Online Privacy Protection Act (COPPA)

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to

- disable advertising in educational computer applications.

B. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on
 - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
 - b. Cyberbullying awareness and response.
3. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences at the end of the first quarter and during the third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Correspondence Courses

Correspondence courses are available to students through a university, college, or community college, or other sources. All costs are the responsibility of the student and his/her parents.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting,

teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Dating Violence Policy 5030

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

Discrimination and Harassment

Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: Administration at 308-472-3427 Jenna Christensen at jenna.christensen@bertrandvikings.org Tricia Hakonson at tricia.hakonson@bertrandvikings.org or in person at school. Violations of the dress code shall be addressed in a manner consistent with the Student Code of Conduct. The District reserves the right to request immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. In such cases, a good faith effort to reasonably accommodate students will be made to ensure safety without compromising religious beliefs, grooming practices, or requiring students to permanently alter their appearance. The least restrictive means appropriate to address the identified health or safety concern shall be used.

Prom Dress and or Homecoming Dress Code

Students and their guests must meet the dress code requirements established for each dance. Teachers or administrators will make the final decision as to whether or not a student's attire is appropriate. Students will be asked to change unacceptable items, which may mean that the student may have to return home to change the inappropriate clothing. It is advisable to check in advance of the dance with the principal or staff sponsor for the event if you are uncertain about your attire.

Driving and Parking Personal Vehicles

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.
2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Drug Testing Policy

MANDATORY DRUG TESTING POLICY FOR STUDENTS INVOLVED IN EXTRACURRICULAR ACTIVITIES OR THAT HAVE VOLUNTARILY BEEN PLACED IN THE DRUG TESTING PROGRAM BY THEIR PARENT/GUARDIAN AT BERTRAND COMMUNITY SCHOOL

Extracurricular Drug Testing Program

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right.

Students in all extracurricular activities in grades 9-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

DEFINITIONS

DPA: A national certified Drug Program Administrator, which shall use a certified laboratory in testing of samples. The Board will choose a nationally certified DPA for the purpose of determining through random selection the student(s)/participant(s) to be tested.

DPC: The Drug Program Coordinator shall be the building Principal/Activities Director or his/her designee

MRO: Medical Review Officer

1. Purpose of Random Drug Testing

- a. To provide for the health and safety of all students;
- b. To undermine the effects of peer pressure by providing legitimate reason for students to refuse use of illegal drugs and/or alcohol;
- c. To identify students who use illegal drugs and/or alcohol; and
- d. To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

0. Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy. This policy may also be included in the student handbook. An orientation for students and parents (new to the school/policy) will be held at the start of the school year to talk about the policy and procedures.

2. Activity Programs: Any activity that meets the guidelines of an extracurricular activity at Bertrand Community School, which shall include the following but not limited to:

football, volleyball, boys and girl's cross country, boys and girl's basketball, wrestling, boys and girls track, golf, cheerleading, student council, National

Honor Society, FFA, quiz bowl, speech, play production, band (except for holiday and spring concerts), chorus (except for holiday and spring concerts), "B" Club, and homecoming royalty candidates and/or attendants, attending the Homecoming/Spirit Dance/Prom dance.

3. Students Who Are Required to Submit to Drug Testing

a. Grades. All students in grades 9-12 who participate in any extracurricular activity or competition listed above are part of the pool subject to random drug testing.

b. Consent. A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.

c. Selection Pool Eligibility. Students shall remain in the selection pool for an entire school calendar year, from the date the consent form is received by the school district except that students who quit during the season or activity (prior to being selected for testing) or students who are cut from an activity will be removed from the testing pool. A participant may be subject to testing at any time during the said school calendar year. Any student who tests positive will be required to test at every testing period during the school year.

d. Withdrawal. Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for 365 days from the date the Drop Form is submitted. Students have a fifteen-day grace period for reconsideration of a Drop Form. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Program Coordinator.

4. Drugs. Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. "Drugs" means:

- ~~a. Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 et seq.~~
- ~~a. Any substance which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;~~
- ~~b. Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in NEB. REV. STAT. § 48-1902(1).~~

5. Testing Procedures

~~**a. Student Selection.** All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing. The DPA will identify students on the master by number. Bertrand Community School does not take part in the student selection process, it is done by the contracted company for the district.~~

~~**b. Reasonable Suspicion Testing.** In addition to random drug testing, a student is subject to drug testing at any time when the Drug Program Coordinator determines there is individualized reasonable suspicion based upon articulable facts to believe that the student has used a drug. The Drug Program Coordinator will notify the student and take the necessary steps to schedule a test as soon as practicable.~~

~~**c. Parental Request.** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental request. Parent(s)/guardians may also request that their student be subject to non-random drug screening. The school will arrange for the test as soon as practicable. The parent(s)/guardian(s) making a request under this subparagraph must submit a signed consent form and indicate which type of test is being requested. Any cost associated with tests administered as a result of parental request must be paid by the parent(s)/guardian(s) in advance of the test.~~

~~**d. Type of Test.** The school district reserves the right to utilize breath, saliva, hair, urinalysis, or any other reliably recognized testing procedures. Urine and oral fluid samples, which screen positive will be confirmed by GC/MS (Gas Chromatography/Mass Spectrometry). Positive saliva or breath alcohol tests will be confirmed by EBT (Evidential Breath Tester). Other testing methods will be confirmed via industry-recognized processes and equipment.~~

e. Collection Site. The Drug Program Coordinator will designate the collection site at which student will provide specimens. The collection site may be off the premises of the school district.

f. Sample Collection. Samples will be collected as directed by the Drug Program Administrator on the same day the student is selected for testing, or if the student is absent an alternate will be selected, in sequential order, from an alternate list provided by the Drug Program Administrator. If a urine sample is required, all students providing samples will do so alone in an individual bathroom or stall with the door closed.

g. Collection Procedures. The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request.

h. Drugs. Students may be randomly tested for any drugs, including but not limited to alcohol, amphetamines, marijuana or cannabinoids, cocaine, methadone, methaqualone, propoxyphene, hallucinogens, opiates, phencyclidine, synthetic opiates and PCP, steroids, barbiturates, benzodiazepines, alcohol, and any prescription drug that was obtained without proper authorization.

i. Results. The DPA shall notify the student and the Drug Program Coordinator of any positive test after the initial screening. The school representative shall notify the student's parents. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). The MRO will be certified by an MRO accreditation body. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result either face to face or over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will report results of verified positives to the DPA. The DPA shall then notify the Drug Program Coordinator of the positive test result. The Drug Program Coordinator shall notify the student and his or her

parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.

j. Request for a Retest. A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Program Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.

k. Scope of Tests: The drug screen tests for one or more illegal drugs and/or alcohol. The Drug Program Coordinator shall determine which illegal drugs shall be screened, but in no event shall that determination be made after the selection of students for testing. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug use.

i. Non-Punitive Nature of Policy: No student shall be penalized academically for testing positive for illegal drugs or alcohol. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified in a reasonably timely manner by the district.

6. Consequences for Testing Positive. Whenever the test results indicate the presence of drugs, Drug Program Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Program Coordinator shall explain the drug testing procedures and the policy of the district. The Drug Testing Policy consequences shall follow the same/existing guidelines that are currently in the Bertrand Community School Activities Guidelines.

(All offenses are cumulative in grades 9-12):

Students lose the opportunity to self-report once they are randomly selected for testing.

~~First Offense – For the use or possession of alcohol or other controlled substances, the student shall be suspended for fourteen (14) calendar days, starting with the day/date of the first activity that the student is eligible for. The suspension may be lessened to seven (7) calendar days if the athlete is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to seven (7) calendar days, if the student Self-Reports their infraction—within seven (7) calendar days of the incident. Also, the participant will not be nominated for any post season honors and will lose all points acquired for the outstanding athlete award for that sports season.~~

~~The student has the opportunity to eliminate the suspension by completing an online drug/alcohol education course, approved by the school, at the student's expense, within (7) calendar days of the infraction.~~

~~Second Offense—Suspension for thirty (30) calendar days, starting with the day/date of the first activity that the student is eligible for, and the student will complete an online drug/alcohol education course, approved by the school, at the student's expense. This suspension can be lessened to fourteen (14) calendar days and drug and alcohol program if the participant is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to fourteen (14) calendar days, if the student Self-Reports their infraction—within seven (7) calendar days of the incident. In addition, the participant will not be nominated for any post-season honors for the activity the violation took place during and they will lose all outstanding athlete awards points accrued during that sport season. Proof of enrollment and continuation of the drug and alcohol program is required before returning to any activities.~~

~~Third Offense—Suspension for ninety (90) calendar days, starting with the day/date of the first activity that the student is eligible for, and both the parents and student will be required to participate in a minimum of at least two (2) sessions of a drug and alcohol counseling program approved by the school for use or possession of alcohol or other controlled substances. All financial obligations incurred for the counseling will be the responsibility of the student and/or his/her parents. This suspension can be lessened to forty five (45) calendar days and drug and alcohol program if the participant is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to forty five (45) calendar days, if the student Self-Reports their infraction—within seven (7) calendar days of the incident. The participant will not be nominated for any post-season honors for the activity the violation took~~

place during and they will lose all outstanding athlete awards points accrued during that sport season. Proof of enrollment and continuation of the drug and alcohol program is required before returning to any activities.

~~Fourth Offense — Suspension for one hundred eighty (180) calendar days, starting with the day/date of the first activity that the student is eligible for, and both the parents and student will be required to participate in a minimum of three (3) sessions of a drug and alcohol counseling program approved by the school for use or possession of alcohol or other controlled substances. The student must remain in drug and alcohol counseling for at least one calendar year. All financial obligations incurred for the counseling will be the responsibility of the student and/or his/her parents. This suspension can be lessened to ninety (90) calendar days and drug and alcohol program if the participant is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to ninety (90) calendar days, if the student Self-Reports their infraction — within seven (7) calendar days of the incident. The participant will not be nominated for any post season honors for the activity the violation took place during and they will lose all outstanding athlete awards points accrued during that sport season. Proof of enrollment and continuation of the drug and alcohol counseling program is required before returning to any activities, and the administration may ask for proof of continued enrollment at any time throughout the one year counseling program.~~

~~Fifth Offense — The fifth offense will result in suspension from all activities participation indefinitely. Reinstatement, if ever, will be reviewed and handled by the administration.~~

7. Refusal to Test

~~A student who refuses to submit to a drug test authorized under this policy, or fails or refuses to comply with any other provision of this policy, shall be deemed to have submitted a positive test.~~

8. Tampering

~~Tampering is the use of any agent or technique, which is designed to avoid detection of a drug and/or compromise the integrity of a drug test and is prohibited. This includes providing false urine samples (for example, urine substitution), contaminating the urine sample with chemicals or chemical products, the use of diuretics to dilute urine samples, and the use of masking. If the Drug Program Coordinator determines that a student tampered with a drug test, the student shall be deemed to have submitted a~~

positive test. Additionally, the consequence will advance one level in the disciplinary scope and sequence based on the student's current or past violation(s) of the policy.

Example, if it were the student's first violation, the consequence would equal a second offense.

The use of any such agent or technique shall be treated as a positive test for drugs prohibited by this Policy and shall be subject to the penalties set forth in this Policy.

9. Maintenance of Records

All results of drug testing shall be confidential. Procedures for maintaining confidentiality will be developed by the school district and the testing organization. The Drug Program Coordinator shall maintain records of positive tests in a secure location. This information will not be available to anyone other than appropriate school personnel and parents.

This information will be destroyed upon the student's graduation or one year after the student's class graduates. Under no circumstances will this information become a part of the student's permanent file, nor will it be sent to another school when the student moves to another district or transfers to another school. The school district will not share drug testing results with any law enforcement agencies.

10. Appeal.

The school district will rely solely upon the opinion of the MRO to determine whether the positive test result was the result of the consumption of a substance prohibited by this policy. There shall be no appeal of the test result to any school administrator or the board of education.

11. Severability

If any portion of this policy is deemed to be contrary to the law of the state of Nebraska or the United States by judicial decision or an act of Congress, then only such portion or provision directly deemed to be unconstitutional shall be stricken, and the remainder of the policy shall remain in full force.

Emergency Contact Information

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Food and Beverages in the Classroom

Only water will be allowed in clear water bottles only. Individual teachers have the right to allow gum and candy in their classes. Teachers who allow their students to eat candy or chew gum in their classrooms assume the responsibility of making sure that gum stays off the floor and desks and those wrappers are properly disposed of. Under no circumstances is there to be pop/energy drinks in any of the classrooms or lockers. Only water will be allowed in clear water bottles only.

Food Service Program

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

Breakfast

The school will serve breakfast daily from 7:30 a.m. until 7:50 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges K-6 \$2.55, 7-12 \$2.70 and adults \$2.90 for breakfast (new pricing for adults comes out in August).

Lunch

Lunch prices depend on the federal funding that the program receives. Lunch for K-6 is \$3.35. Lunch for 7-12 lunch is \$3.75 for students and \$4.80 for adults.

Milk break

The school will offer a milk program to students in grades K-2. All milk served to a student (except the initial carton served with lunch) will cost \$.50 per half pint. The price for milk may change during the school year. Milk will be served at the morning recess. Teachers will record the number of cartons of milk each child consumes and give the information to the office at the end of the month where it will be added to the family account.

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law.

Collection efforts may continue into a new school year.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

Head Lice

Students found to have live head lice or louse eggs will not be permitted at school and will be sent home. Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is Nicole LeClaire, who may be contacted at 308-472-3427 or nicoleleclaire@bertrandvikings.org.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Lost and Found

All lost and found articles are to be taken to the school office/**coat hanger in the hallway**. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Methods of Competency Assessment of School Staff Who Administer Medication), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine that accumulated on a book charged to him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

Memorials

Memorials or plaques honoring deceased students are generally not allowed in or on the school grounds unless authorized by board policy. Dedications to students will not be allowed.

If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not

limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than **September 1, 2026**.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Schedule Changes

Student schedule changes may be made without penalty during the first three days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. The tardy consequences are as follows:

3 tardies is a 15-minute detention, each additional tardy will be five additional minutes or a maximum of 90-minutes. Any student who reaches 7 or more tardies without serving their detention time will NOT be allowed to attend school activities (games etc.) or participate in extracurricular activities, (sports, dances, prom, field trips etc.) until the day after all detention time has been served.

Students will begin fresh with zero tardies at the start of the school year and beginning of second semester. If at semester a student still has not completed their detentions from the first semester they will still be required to complete those detentions the next semester; they will not be eligible to participate in activities until the day after all detention time has been served from the first semester or the carry over from second semester. Seniors who are anticipating graduation and in order to graduate must have their detentions served prior to graduation or have made arrangements with administration in order to graduate.

THIS TARDY PROCEDURE MAY BE ALTERATED OR ADJUSTED THROUGHOUT THE SCHOOL YEAR AS CHANGES MAY BE NEEDED

Telephone Calls

The school's telephone may be used only with permission of staff.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.

- iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment (team) shall consist of the Superintendent, Principal Counselor and local law enforcement. Not every team member need participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the

team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.

- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Students must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Video Surveillance, Recordings, and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recordings Made by Parents/Guardians and Patrons.

Parents/guardians and patrons may make recordings of school activities intended to be public in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Parents may not record meetings with administrators or staff, including meetings related to a student's IEP or 504 Plan. Violation of this policy will result in immediate termination of any meeting that is being recorded and may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings Made by Students. This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a

school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g. AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on radio station KRVN and television station NTV and **krvn.com**. The school website and social media accounts will have weather-related school closing information. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students' home after contacting the district office. If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Weather/Playground

We ask that all students are sent to school with proper winter wear each day. Please review our weather conditions for outdoor recess below.

Weather Conditions

Students will play outdoors when:

- If the "feel like" temperature is 15 degrees or below students will not go outside for recess.
- There is light precipitation (e.g. snow flurries, drizzle)
- Snow is on the ground, depending upon how different play areas are affected

Playground/Field Conditions

Students will be permitted to use playground equipment, grass area, and asphalt play areas when conditions are suitable for safe play. Safety considerations included:

- Equipment that is dry and ice free
- Fields that are not muddy or icy and asphalt play areas that are not icy
- Snow that is not deep enough to inhibit students walking/running

Withdrawal From School

Students who are moving from the district must notify the school office.

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

SECTION TWO ACADEMIC INFORMATION

Academic Lettering

A student in grades 9-12 is eligible for an academic letter if he/she achieves Honor Roll status in any three of the four quarters in a year.

Grades and Academic Honors. Exempt school students shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements for such including earning a sufficient number of credit hours and semesters of attendance.

Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each core curriculum class in which he/she was enrolled. For the purposes of this policy, core curriculum shall include all courses in the areas of language arts, mathematics, science, and social studies.

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in the middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as valedictorian and salutatorian unless the student has been enrolled in the district's high school for the last two semesters.

Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc. However, all such activities in which the student participates, as well as honors earned, are noted on the student's permanent record.

Correspondence and Online Courses

Under certain circumstances, the school district will reimburse students for the cost of tuition, textbooks, and other mandatory class materials for high school correspondence or online courses that are not part of the school district's regular curriculum. To receive reimbursement, the student must: 1) pay all initial course costs when he/she registers for the course; 2) select a course that is not available in the school curriculum, nor is any comparable course available; 3) register for the course during a specific school period; 4) have a faculty member designated as course monitor; and 5) complete the course during the regular school semester(s).

The district will not be liable for the costs of such courses until the student has successfully completed the course according to the established timelines. After the student has completed the course and the district has reimbursed the student for these costs, the textbooks and class materials shall become the property of the district.

Grades

Students will receive letter grades for their academic core classes.

A+ = 98-100	A = 96- 97	A- = 93- 95
B+ = 91- 92	B = 89- 90	B- = 85-88
C+ = 83-84	C = 79-82	C- = 77-78
D+ = 75-76	D = 72-74	D- = 69-71
F = below 69		

The Honor Roll will have three levels:

High Distinction (95%+),

Distinction (93% or higher, but below 95%)

Honorable Mention (91% or higher, but below 93%)

Honor roll grades are rounded off to four places (90.5602 is not rounded off to 91, but to 90.56). Grade point averages are not rounded up.

A student may earn an incomplete when he or she fails to complete classroom assignments. Any student in grades 7-11 who receives an incomplete will have this grade recorded on his/her permanent record until the required work is completed to the teacher's satisfaction. If a student does not remove an incomplete by completing the minimum classroom assignments, the incomplete will be calculated as a failing grade in determining the student's grade point average.

If a student does not remove an incomplete by completing the necessary work within two weeks of the end of the grading period, the incomplete will become a failing grade that the student may make up only by taking the entire course again. The two-week period may be extended by mutual agreement of the teacher, principal, and student.

A student who receives an incomplete during his/her senior year must satisfactorily complete the classroom assignments to participate in the graduation ceremony. Seniors with "incompletes" will not be dismissed from school attendance until the classroom assignments are completed to the teacher's satisfaction.

Graduation Awards

Graduating seniors will be awarded for their academic achievements during the annual commencement activities. The winners of these awards will be determined on the basis of student academic achievement in the core curriculum: English,

mathematics, science, social studies, business education, foreign language, and computer science.

The valedictorian and salutatorian of the graduating class shall be the students with the highest and second highest cumulative percentage grade point averages respectively in core curriculum course work completed in grades nine through twelve. These students will receive their awards during commencement exercises.

Students whose cumulative grade point average in core curriculum course work completed in grades nine through twelve ranks them in the top twenty-five percent of their class will be recognized during commencement exercises.

Graduation Requirements

Students must earn 270 total credit hours of which 170 hours must come from classes in parentheses in order to graduate from high school.

Required courses and credit hours that students must complete in order to qualify for the Bertrand Community School Diploma are:

COURSE REQUIREMENTS	CREDIT HOURS
Language Arts	40
English 9, 10, 11, 12 (year 4 can be Eng. 12, Business English, or College English)	40
Math (Algebra I)	30
Social Studies (Geography, World History, Am. History, & Am. Government)	40
Science (Physical Science, Biology)	30
Vocational Arts/Speech	10
Health/Physical Education	10
Life and Career Readiness (senior year)	10
Electives 100	

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be

included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

Honor Roll

To qualify for the honor roll, students must be enrolled in a minimum of seven (7) classes, four of which must be from the core curriculum of English, mathematics, science, social studies, business education, foreign language, and computer science. Students who earn a quarter or semester academic average of 94% or better with no grade in any class lower than 90% will qualify for the honor roll.

Mid-Term Graduation

Students are generally required to attend four years of high school (minimum of seven semesters) to be eligible to receive a diploma from the school district.

The Board of Education, upon receiving administrative recommendation, may grant mid-term exit from high school to students who have completed the requirements for graduation. To be considered for mid-term exit from high school, the student and his/her parents or guardian should apply during the first quarter of the student's senior year. The Board of Education will act on all requests. Any student who is granted mid-term exit from high school forfeits all privileges of high school enrollment, except the right to participate in commencement exercises

Report Card

Report cards are sent home the week following the end of the nine-week reporting period. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

SECTION THREE STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, school dances, graduation ceremonies and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction

of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 60 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are 15-60 minutes, served in the central office or the detention room designated by the building principal.

Saturday School

The building administrator may require a student to attend Saturday School for four hours on Saturday morning. Saturday School is held from 8:30 AM to 12:30 PM in a classroom staffed by teachers, or administration. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed from the classroom and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Any of the conduct described in the subsections under "Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment" below irrespective of the location at which such misconduct; or

SECTION FIVE

Activities Guidelines

Introduction

Student participation in extracurricular activities has been linked to improved attendance, higher academic achievement, and greater student self-confidence and self-esteem. Bertrand Public Schools provides students with the opportunity to participate in a comprehensive activities program that includes athletics, fine arts, and select clubs or organizations associated with academic areas.

Although the school district believes strongly in the value of student activities, participation in the activities program is a privilege, not a right. Students must obey the rules set out in this handbook and any additional rules created by their coach or activity sponsor. This handbook is advisory and does not create a "contract" with parents, students, or staff. The administration reserves the right to

make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

Please read this handbook carefully. Students and their parents are responsible for complying with all of the rules and procedures detailed in this booklet.

Parents must sign the acknowledgement and permission to participate form at the end of this handbook before their student will be permitted to participate in the activity programs of the district.

The provisions in this handbook are subject to change at the sole discretion of the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that it is up to date. If you have any questions regarding this handbook, please contact the Superintendent for assistance.

GENERAL INFORMATION ABOUT THE ACTIVITIES PROGRAM

Academic Eligibility

To be eligible to participate in the school's activity programs, each student must (1) meet Nebraska State Activities Association (NSAA) requirements concerning scholastic 3427(see Section Three of this Handbook), (2) meet the requirements of board policy including all rules applicable to the activity, and (3) have not less than a 69% grade in two or more classes for a period of one week, or a grade less than 69% for two weeks to remain eligible to participate in any portion of the activities program. Participants must attend practices and participate in all conditioning during any period of ineligibility. Students enrolled in credit recovery courses, including out-of-school programs such as the University of Nebraska High School, must provide documentation demonstrating successful progress or completion of required coursework in order to be eligible to participate in extracurricular activities.

Students taking classes outside of the Bertrand Curriculum may be required to submit progress documentation, including percent of course completion. Expected progress should be proportional to the course timeline (e.g., a student halfway

through the course duration should be at or near 50% completion). Failure to demonstrate adequate progress may result in ineligibility for extracurricular participation.

Athletics, music, drama, speech, FFA competitions, dances, prom, workbased learning and other school-representative events... are subject to "eligibility criteria."

The school district will notify a participant and his or her parents whenever the participant is declared academically ineligible.

Students may not participate in any activity, performance or practice while serving a short-term suspension, long-term suspension, or expulsion from school.

Attendance at Practices and Contests and Events

Student participants are expected to meet the following attendance expectations:

1. Attend school regularly. Students who have "excessive absences" as determined under the school's attendance policy are ineligible to participate in extracurricular activity contests or performances.

2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests the participant should contact the coach or sponsor in advance.

3. On the day of a contest, performance or other activity, be in attendance for the **full day**. A student who is not in attendance the full day is ineligible for the contest, performance, or activity. Exceptions may be made for extenuating circumstances, such as doctor/dentist appointments or family emergencies. The exception must be approved by the principal.

Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.

CHANGING SPORTS OR COMING OUT LATE

With the coaches permission, a student may come out for a sport any time prior to the first varsity contest. The athlete must remain out of all competition a number of practice days equal to the number of practices missed. This would be the minimum restriction before a student could participate, but individual coaches may be more restrictive. Special consideration will be given in cases of extenuating circumstances, which could include (but not limited to) illness, injury, or a new student.

If an individual wishes to change sports, the following step(s) will be taken: The two coaches involved, along with the athlete and Activities Director will meet to discuss the situation; a decision will be made based on this discussion.

This procedure may not be used after the first scheduled activity in either sport, unless there are extenuating circumstances. NSAA guidelines pertaining to Student/Team Membership Requirements will also be taken into consideration.

Closings

Unless the administration determines that it is permissible for the activity to continue as scheduled, all activities will be canceled or postponed in the event that school has been called off for inclement weather or any other reason as determined by the administration. Unless the administration determines that it is permissible for the activity to continue as scheduled.

Colors

The Bertrand School colors are blue & white.

Complaint Procedure

To reduce conflicts in the school's activities program, students and/or their parents should use district's formal complaint procedure to manage conflicts about the program. The complaint procedure is printed in the school's student handbook and may be found on the district's web site: www.bertrandvikings.org.

Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the "most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed."

The School District will:

1. Require all coaches and trainers to complete one of the following on-line courses on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury
 - Heads UP Concussions in Youth Sports
 - Concussion in Sports—What You Need to Know
 - Sports Safety International
 - Concussion Wise
 - Active Athletic Concussion Training for Coaches; and
2. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
 - 1 The signs and symptoms of a concussion;
 - 2 The risks posed by sustaining a concussion; and

3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed healthcare professional;
- b. has received written and signed clearance to resume participation in athletic activities from the licensed healthcare professional; and
- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed, and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed healthcare professional. The school will not take any additional or independent steps to verify the individual's qualifications.

Dances

School dances are part of the district's extracurricular activity program. Students who wish to participate in school dances must comply with the activity code. Students may be prohibited from participating in school dances as a consequence for violating school rules or these activity rules. School sponsored dances will end at midnight.

All high school dances are restricted to Bertrand Community School students and their guests. Students bringing out of town guests must have them registered in the

office prior to the date of the dance, they may bring only one guest, and guests must be 20 years or younger in age. Unregistered guests, or guests 21 years or older will not be permitted into a Bertrand Community School dance. Any organization wishing to sponsor a dance must obtain permission from the principal regarding date and times. Each dance must be sponsored by at least two faculty members and one additional adult couple. Once admitted to the dance, students must remain until the close of the dance. Students who leave the dance will not be readmitted. **Students who are academically ineligible will not be allowed to attend school dances.**

Homecoming and Prom

The Junior/Senior Prom is open to students and guests of the Bertrand High School junior and senior classes. Guests must follow all rules that the students must follow. Each student is responsible for his/her guest's conduct and filling out of town guest form in the office. Appropriate attire is required for these dances. No shorts and T-shirts will be allowed at the banquet or dance for Prom. Black dress jeans or blue jeans will be acceptable at Homecoming.

Electronic Communication

The school board supports the use of technology by coaches, extracurricular sponsors, and other staff members to communicate with students for legitimate educational, extracurricular, and other school-related purposes. However, electronic communication between students and teachers, sponsors, and coaches shall be appropriate at all times and shall not violate any law, district policies, or the Regulations and Standards for Professional Practices Criteria, commonly known as Rule 27 of the Nebraska Department of Education ("Rule 27"). Please see the Social Media Policy for School District Employees for further explanation.

Equipment

Each participant in the athletic portion of the activities program will be issued a locker to store his/her personal belongings and school equipment that has been checked out. Students should secure their athletic lockers with combination locks

School-owned clothing or equipment that is checked out to individual students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for the intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Each participant is responsible for all equipment checked out to him/her. Students will be assessed the replacement cost for school equipment that has been check out to him/her and is lost or stolen.

Fundraising

All school-sponsored fundraising activities must be approved by a member of the school district administration. Fundraising for any activity must comply with the district's policies, including applicable provisions specifically pertaining to Booster

Clubs and PTOs for non-school-sponsored fundraising. Use of the school mascot shall not be permitted unless approved by the superintendent.

Individual Training Rules and Rules of Conduct

Head coaches or sponsors may develop additional training rules or rules of conduct for their activity. Students are responsible for knowing these rules and complying with them.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Injuries

Participants who suffer any type of injury while involved in extracurricular activities must notify the coach or sponsor immediately. The coach or sponsor will then evaluate the injury and, if necessary, notify the participant's parents or seek immediate medical treatment.

If at any time during participation a doctor removes an athlete from participation because of an illness or injury, the athlete must have a written release from a doctor before participating again. The written release must be given to the coach or sponsor of the activity.

Note: The release requirement will be satisfied if the initial doctor's order specifies the duration of the student's restriction from participation and/or competition. Also see Concussion Awareness above.

Insurance

The school district does not provide medical or other insurance coverage for students who participate in athletic contests or other activities. It is the parents' responsibility to provide adequate insurance to cover any medical expenses that may be incurred while the student is participating in athletics or other activities. The school district makes an accident insurance plan available for purchase by participants and their families through an authorized insurance agent. Information about policies which families may purchase will be available prior to each sports season and at fall registration.

4. Student must be enrolled in some high school on or before the eleventh school day of the current semester.
5. Student must be continually enrolled in at least twenty credit hours per semester and regular in attendance, in accordance with the school's attendance policy at the school he/she wishes to represent in interscholastic competition.
6. Student must have been enrolled and received twenty hours of credit in school the immediately preceding semester.
7. **Guardianship does not fulfill the definition of a legal parent.** If a guardian has been appointed for a student, the student is eligible in the school district where his/her legal parent(s) have their domicile. Individual situations involving guardianship may be submitted to the Executive Director for review and a ruling.
8. A student entering grade nine for the first time after being promoted from grade eight of a two-year junior high, or a three-year middle school, or entering a high school for the first time after being promoted to grade ten from a three-year junior high school is eligible. After a student makes an initial choice of high schools, any subsequent transfer, unless there has been a change of domicile by his/her parents, shall render the student ineligible for ninety school days. If a student has participated on a high school team at any level as a seventh, eighth, or ninth grade student, he/she has established his/her eligibility at the high school where he/she participated. If the student elects to attend another high school upon entering ninth or tenth grade, he/she shall be ineligible for ninety school days.

9. Student eligibility related to domicile can be attained in the following manners:

- a. If the change in domicile by the parents occurs during a school year, the student may remain at the school he/she is attending and be eligible until the end of the school year or transfer to a high school located in the school district where the parents established their domicile and be eligible.
- b. If the domicile is changed during the summer months and the student is in grade twelve and the student has attended the high school for two or more years, the

student may remain at the high school he/she has been attending and retain eligibility.

- c. If a student elects to remain at the same high school initially enrolled after being promoted from grade eight of a middle or junior high school, or grade nine of a junior high school, he/she is eligible at that school, or is eligible at a high school located within the school district in which the parents established their domicile.

d. If the legal parents of a student change their domicile from one school district that has a high school to another school district that has a high school, the student shall be eligible immediately in the school district where the parents established their domicile.

10. Nebraska transfer students whose name appears on the NSAA transfer list prior to May 1 shall be eligible immediately in the fall at the transfer high school. Those students whose name does not appear on the NSAA transfer list prior to May 1 shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines. 11. Nebraska transfer students must have signed and delivered all forms necessary to make such transfer to the school in which he/she intends to enroll for the 2023-23 school year prior to May 1, 2023; for the student to be eligible, the school to which the transfer is being made must have notified the NSAA office via an NSAA online transfer form, no later than May 1, 2023. The student would become ineligible for ninety school days the next fall if the student were to change his/her mind and decide not to transfer. If such student were to transfer to the new school, but later decides to return to his/her former district before 90 school days have elapsed, such student will be ineligible in the former district for 90 school days, with the ineligibility period commencing at the start of the fall semester. Those students who did not have their enrollment forms signed, delivered, and accepted prior to May 1, 2023, shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.

12. Once the season of a sport begins, a student shall participate in practices and compete only in athletic contests/meets in that sport, which are scheduled by his/her school. Any other competition will render the student ineligible for a portion of, or all of, the season in that sport. The season of a sport begins with the first date of practice as permitted by NSAA rules.

13. During the season of a particular sport, athletes participating in that sport for a high school may attend, but may not physically take part, either as an individual or as a member of a team, in the sport activity in which instruction is being offered in the clinic, camp, or school. (*Refer to NSAA Bylaw 3.5.1.1 for exception in Swimming and Diving.)

14. A student shall not participate on an all-star team while a high school undergraduate. 15. A student must maintain his/her amateur status.

NSAA Sportsmanship Rules

Students must abide by the Nebraska School Activities Association Sportsmanship Rules. A complete copy of these rules can be found at

<http://www.nsaahome.org/nsaaforms/pdf/manualsp.pdf>. Unsportsmanlike conduct shall include physical or verbal assault upon any participant, game official, or spectator, or any acts that may endanger the personal safety of individuals involved, or acts which hinder the normal progress of a contest or lead to the restriction or discontinuance of a contest.

If a student, participant, patron, and/or staff member representing a member school acts in a manner constituting unsportsmanlike behavior during competition the member school and/ or individuals shall be subject to penalties. A student, participant, patron, and/or staff member may not be permitted to attend activities if involved in unsportsmanlike conduct.

BERTRAND ACTIVITIES CODE OF CONDUCT

All students associated with Bertrand Community Schools and participating in extracurricular or school sponsored activities (including all NSAA activities) are required to avoid conduct that is detrimental to the integrity of, and public confidence in, the school. Rules promoting lawful, ethical, and responsible conduct serve the interests of all people associated with the school. Illegal and irresponsible conduct puts people at risk, tarnishes the reputation of the offender and everyone else associated with the school, and undermines the public support and respect of the school district.

Standard of Conduct. Participation in school-sponsored or extracurricular activities is a privilege and not a right. Participants must follow board policy, this code, and all the training rules and rules of conduct of the coaches and/or activity sponsors. Students participating in school-sponsored or extracurricular activities are held to a high standard. Students are expected to conduct themselves in a way that is lawful, responsible, promotes the values upon which the school is based, and that brings credit to themselves and the school. Students who fail to live up to the required standard of conduct are guilty of detrimental conduct and subject to discipline under all school policies, the general student code of conduct, and these Activity Participation Rules.

Coach and Sponsor Rules. Coaches and/or activity sponsors shall establish training rules or rules of conduct for participation in or attendance at the activity or event. General training rules or rules of conduct shall be established prior to the activity or event. This Code shall control in the event that there is a conflict with coach or sponsor rules.

Prohibited Conduct. Students in school-sponsored and/or extracurricular activities may not engage in the following conduct:

1. Receipt of a criminal citation by law enforcement for any reason.
2. Conviction of a crime in adult court or the adjudication of a criminal charge in juvenile court.

3. Any behavior that is illegal under the laws of Nebraska or the United States of America regardless of whether it results in a criminal charge or conviction.

4. Any conduct that substantially interferes with the educational process or disrupts the activity or event.

5. Possession, consumption, use, distribution, or being under the influence of alcohol, illicit drugs, tobacco, controlled substances, or any lookalike or imitations thereof; or being in the presence of alcohol, illicit drugs, controlled substances, or any lookalike or imitations thereof that are being possessed, consumed, used, or distributed by any person under twenty-one (21) years of age without parental supervision. "Lookalike or imitations" means substances such as K2 and products like electronic nicotine delivery systems, vapor pens, etc. (Note: the term "under the influence" for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it includes being impaired by reason of the use or abuse of any substance for the purpose of inducing a condition of intoxication, stupefaction, depression, giddiness, paralysis, inebriation, excitement, or irrational behavior, or in any manner changing, distorting, or disturbing the auditory, visual, mental, or nervous processes).

6. Engaging in initiations, defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

7. Engaging in hazing as defined by state law and this policy. Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Under state criminal law, hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person. For purposes of school rules, hazing also includes any activity expected of someone joining a group, team, or activity that humiliates, degrades or risks emotional and/or physical harm, regardless of the person's willingness to participate; personal servitude; restrictions on personal hygiene; yelling, swearing and insulting new members/rookies; being forced to wear embarrassing or humiliating attire in public; consumption of vile substances or smearing of such on one's skin; binge drinking and drinking games; sexual simulation and sexual assault.

8. Bullying which shall include cyber-bullying, defined as the use of the internet, including but not limited to social networking sites such as Facebook, cell phones or other devices to send, post, or text message images and material intended to hurt or embarrass another person. This may include, but is not limited to; continuing to send e-mail to someone who has said they want no further contact with the sender; sending or posting threats, sexual remarks, or pejorative labels (i.e., hate speech); ganging up on victims by making them the subject of ridicule in forums; posting false statements as fact intended to humiliate the victim; disclosure of personal data, such as the victim's real name, address, or school at websites or forums; posing as the identity of the victim for the purpose of publishing material in their name that defames or ridicules them; sending threatening and harassing text, instant messages, or emails to the victims; and posting or sending rumors or gossip to instigate others to dislike and gang up on the target.

9. Using any Internet or social networking websites to make statements, post pictures, or take any other actions that are indecent, vulgar, lewd, slanderous, abusive, threatening, harassing, or terrorizing.

10. Violating any school policy, handbook provision, or a coach's or activity sponsor's training rules or rules of conduct.

11. Dressing or grooming in a manner which is (A) dangerous to the student's health and safety or a danger to the health and safety of others, (B) lewd, indecent, vulgar, or plainly offensive, (C) materially and substantially disruptive to the work and discipline of the school or an extracurricular activity, (D) interpreted to advocate the use of illegal drugs or other substances by a reasonable observer.

12. Failing to report for an activity at the beginning of a season unless excused by the coach or activity sponsor.

13. Failing to attend scheduled practices and meetings unless excused by the coach or activity sponsor.

Such conduct is prohibited during the school year, regardless of whether it occurs on-campus or off-campus. School year means the period commencing on the first day of fall sports practice through the last day of spring sports practice, events, or attendance at school for a given school year.

Discipline:

Students who violate any provision of these Activity Participation Rules may be subject to discipline up to and including expulsion from extracurricular activities and school sponsored events. (including but not limited to graduation ceremony and related activities). These disciplinary consequences and this Activity Code of Conduct are in addition to and do not prejudice, diminish, impede, or reduce any discipline that is authorized by the Nebraska Student Discipline Act, NEB. REV. STAT. §§ 79-254 to 79-294, Board Policy, or the Student Handbook. Disciplinary action may include a probationary period and conditions that must be satisfied prior to or following reinstatement. Administrators and coaches will take the following into consideration when making disciplinary decisions:

1. Any prior or additional misconduct;
2. The nature and seriousness of the offense;
3. The motivation for the offense;
4. The amount of violence involved;
5. The student's demeanor and attitude regarding the violation;
6. The actual, threatened, or potential risk to the student and others due to the student's behavior;
7. Whether the student has compensated or will compensate the victim in the event of property damage or personal injury;
8. Whether the circumstances of the violation are likely to recur;
9. The student's willingness to participate in evaluations, counseling, or other programs;
10. Any mitigating factors;
11. Any other relevant factors.

If suspended, the student must continue to participate in practices and conditioning during the suspension if required by the coach or activity sponsor. The failure to comply with the practice and conditioning requirement will make the student ineligible for reinstatement to the activity.

Evaluation, Counseling, and Treatment. Apart from any other disciplinary procedures, students who violate any provision of these rules may be required to undergo a formal clinical evaluation at the administration's/coach's/sponsor's discretion. Based upon the results of that evaluation, the student may be encouraged or required to participate in an education program, counseling, or other treatment deemed appropriate by the evaluating professional.

Reporting of Incident. Students shall report any violation of these rules to the coach, principal, or superintendent no later than 30 minutes after the beginning of the next school day after the violation has occurred. Failure to report an incident will constitute a violation of these rules and will be taken into consideration in making disciplinary determinations under this policy.

Discipline Procedures. Prior to any disciplinary action under this activities code, the following procedures shall be followed:

As used in this "Discipline Procedures" section, "Investigator" means the coach or activity sponsor of the team or activity in which the student is participating, or any teacher, school official, or school representative whom the Principal or the Superintendent has authorized to perform the duties and responsibilities of "Investigator" as described below.

1. The Investigator shall make an investigation of alleged violation and provide an opportunity for the student to present his or her version of the facts surrounding the alleged violation.

2. The Investigator shall consider all information obtained as a result of the investigation, including information obtained from the student, and shall render a decision regarding disciplinary action. Within a reasonable period of time of the Investigator's decision, the student and his/her parent or guardian shall be given written notice of the disciplinary action taken by the Investigator.

Review of Investigator's Decision. A student or the student's parents may, within five (5) school days of the notice of disciplinary action from the Investigator, notify the superintendent in writing of their request for a review of the coach or activity sponsor's determination. The superintendent or his or her designee shall review the situation and render a decision within three (3) school days from the date of the request for review. The superintendent's decision shall be in writing and shall be final.

Misrepresentations. Any misrepresentation of fact by a student regarding any alleged violation of these rules shall be considered a separate violation of these rules, and the student shall be subject to additional disciplinary action.

Questions. Any parent or student who has questions about board policy, this code, training rules, or rules of conduct of coaches or activity sponsors, or their interpretation or application shall consult with the activities director and/or the superintendent.

Assistance. Students are encouraged to consult with their coach, an administrator, a counselor, or a teacher to obtain access to educational, counseling, and other programs and resources that may be available to help avoid misconduct that may result in discipline under this policy.

A Parent's Guide to Concussions

WHAT IS A CONCUSSION?

A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. An athlete does not have to lose consciousness ("knocked-out") to suffer a concussion.

CONCUSSION FACTS

- It is estimated that more than 140,000 high school athletes across the United States suffer a concussion each year. (Data from NFHS Injury Surveillance System).
- Concussions occur most frequently in football, but girl's lacrosse, girls' soccer, boy's lacrosse, wrestling, and girls' basketball follow closely behind. All athletes are at risk.
- A concussion is a traumatic injury to the brain.

- Concussion symptoms may last from a few days to several months.
- Concussions can cause symptoms that interfere with school, work, and social life.
- Athletes who have symptoms from a concussion should not return to sports because they are still at risk for prolonging symptoms and further injury.
- A concussion may cause multiple symptoms. Many symptoms appear immediately after the injury, while others may develop over the next several days or weeks. The symptoms may be subtle and are often difficult to fully recognize

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

Symptoms Reported by Athlete

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right"

WHAT SHOULD I DO IF I THINK MY CHILD HAS HAD A CONCUSSION?

An athlete who is suspected of having a concussion must be removed from play immediately, whether it is in a game or practice. Continuing to participate in physical activity after a concussion can lead to worsening concussion symptoms, increased risk of further injury, and even death. Parents and coaches are not expected to be able to "diagnose" a concussion, as that is the job of a medical professional. However, they must be aware of the signs and symptoms of a concussion and if they are suspicious, the child must stop playing:

WHEN IN DOUBT – SIT THEM OUT!

Every athlete who sustains a concussion needs to be evaluated by a health care professional who is familiar with sports concussions. Parents should call their child's physician, explain what has happened, and follow the physician's instructions. A child who is vomiting, has a severe headache, or has difficulty staying awake or answering simple questions should be taken to the parent's doctor or emergency room immediately.

WHEN MAY AN ATHLETE RETURN TO PLAY FOLLOWING A CONCUSSION?

No athlete who has suffered a concussion should return to play or practice the same day. Previously, athletes were allowed to return to play if their symptoms resolved within 15 minutes of the injury. Studies have shown that the young brain does not recover quickly enough for an athlete to return to activity in such a short time.

Concerns about athletes who return to play too quickly have led state lawmakers in Oregon and Washington to pass laws stating that **no athlete shall return to play on the day he or she suffered a concussion and the athlete must be cleared by an appropriate health care professional before he or she are allowed to return to play in games or practices.** The laws also mandate that coaches receive education on recognizing the signs and symptoms of concussion.

Once an athlete is free of symptoms of a concussion and is cleared to return to play by a healthcare professional knowledgeable in the care of sports concussions, he or she should proceed with activity in a step-wise fashion to allow the brain to readjust to exertion. On average, the athlete will complete a new step each day. The return-to-play schedule should proceed as below following medical clearance:

Step 1: Light exercise, including walking or riding an exercise bike. No weight-lifting.

Step 2: Running in the gym or on the field. No helmet or other equipment.

Step 3: Non-contact training drills in full equipment. Weight training can begin.

Step 4: Full contact practice or training.

Step 5: Game play.

If symptoms occur at any step, the athlete should cease activity and be re-evaluated by a health care provider.

HOW CAN A CONCUSSION AFFECT SCHOOLWORK?

Following a concussion, many athletes will have difficulty in school. These problems may last from days to months and often involve difficulties with short and long-term memory, concentration, and organization.

In many cases, it is best to reduce the athlete's class load after the injury. This may include staying home from school for a few days, followed by a lightened schedule for a few days or perhaps a longer period of time if needed. Decreasing the stress

on the brain soon after a concussion may reduce symptoms and shorten the recovery period.

WHAT CAN YOU DO?

- Both you and your child should learn to recognize the “Signs and Symptoms” of a concussion as listed above.
- Emphasize to administrators, coaches, teachers, and other parents your concerns and expectations about concussion and safe play.
- Teach your child to tell the coaching staff if he or she experiences such symptoms.
- Teach your child to tell the coaching staff if he or she suspects that a teammate has a concussion.
- Monitor sports equipment for safety, fit, and maintenance.
- Ask teachers to monitor any decrease in grades or changes in behavior that could indicate concussion.
- Report concussions that occurred during the school year to appropriate school staff. This will help in monitoring injured athletes as they move to the next season’s sports.

OTHER FREQUENTLY ASKED QUESTIONS:

Why is it so important that an athlete not return to play until they have completely recovered from a concussion?

An athlete who has not fully recovered from an initial concussion is very vulnerable to recurrent, cumulative, and even catastrophic consequences of a second concussive injury. Such difficulties are prevented if the athlete is allowed time to recover from the concussion and return-to-play decisions are carefully made. No athlete should return to sport or other at-risk participation when symptoms of a concussion are present and recovery is ongoing.

Is a “CT scan” or MRI needed to diagnose a concussion?

Diagnostic testing which includes CT (“CAT”) and MRI scans are rarely needed following a concussion. While these are helpful in identifying life-threatening brain injuries (e.g., skull fracture, bleeding, swelling), they are not normally used, even by athletes who have sustained severe concussions. A concussion is diagnosed based upon the athlete’s story of the injury and the health care provider’s physical examination.

What is the best treatment to help my child recover more quickly from a concussion?

The best treatment for a concussion is rest. There are no medications that can speed the recovery from a concussion. Exposure to loud noises, bright lights, computers, video games, television, and phones (including text messaging) may exacerbate the symptoms of a concussion. You should allow your child to rest as much as possible in the days following a concussion. As the symptoms decrease, you may allow increased use of computers, phone, video games, etc., but the access must be reduced if symptoms worsen.

How long do the symptoms of a concussion usually last?

The symptoms of a concussion will usually go away within one week of the initial injury. You should anticipate that your child will likely be out of sports for about two weeks following a concussion. However, in some cases, symptoms may last for several weeks or even months. Symptoms such as headache, memory problems, poor concentration, and mood changes can interfere with school, work, and social interactions. The potential for such long-term symptoms indicates the need for careful management of all concussions.

How many concussions can an athlete have before he or she should stop playing sports?

There is no “magic number” of concussions that determine when an athlete should give up playing contact or collision sports. The circumstances surrounding each individual injury, such as the way the injury happened and length of symptoms following the concussion are very important and must be considered when assessing the athlete’s risk for further and potentially more serious concussions. The decision to “retire” from sports is a decision best reached following a complete evaluation by your child’s primary care provider and consultation with a physician or neuropsychologist who specializes in treating sports concussion.

I’ve read recently that concussions may cause long-term brain damage in professional football players. Is this a risk for high school athletes who have had a concussion?

The issue of “chronic encephalopathy” in several former NFL players has received a great deal of media attention lately. Very little is known about what may be causing dramatic abnormalities in the brains of these unfortunate retired football players. At this time, we have very little knowledge of the long-term effects of concussions that happen during high school athletics.

In the cases of the retired NFL players, it appears that most had long careers in the NFL after playing in high school and college. In most cases, they played football for

over 20 years and suffered multiple concussions in addition to hundreds of other blows to their heads. Alcohol and steroid use may also be contributing factors in some cases. Obviously, the average high school athlete does not come close to suffering the total number or sheer force of head trauma seen by professional football players. However, the fact that we know very little about the long-term effects of concussions in young athletes is further reason to carefully manage each concussion.

SECTION SIX

School Wellness Plan

The school district is committed to providing a school environment that enhances learning and the development of lifelong wellness. The goals outlined in this policy were determined and selected after reviewing and considering evidence-based strategies.*

1. Goals for Nutrition Promotion and Education

- a. The district will promote healthy food and beverage choices for all students, as well as encourage participation in school meal programs by such methods as implementing evidence-based healthy food promotion techniques through the school meal programs and promoting foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards.
- b. The health curriculum will include information on good nutrition and healthy living habits.

- c. Teachers will incorporate information on nutrition and wellness into the classroom curriculum as appropriate.
- d. The district will collaborate with public and private entities to promote student wellness.
- e. Water will be made available to students throughout the school day.

2. Goals for Physical Activity

- a. The school district's curriculums shall include instruction on physical activity and habits for healthy living.
- b. Students will be encouraged to engage in physical activities throughout the school day and will be provided with opportunities to do so.
- c. The district encourages parents and guardians to support their children's participation in physical activity, to be physically active role models, and to include physical activity in family events.

3. Goals for Other School-Based Activities Designed to Promote Student Wellness

- a. The district will participate in state and federal child nutrition programs as appropriate.
- b. The district will provide professional development, support, and resources for staff about student wellness.
- c. Students will be provided sufficient time in which to eat school-provided meals.
- d. The district's lunchrooms will be attractive and well-lighted.
- e. The district will allow other health-related entities to use school facilities for activities such as health clinics and screenings so long as the activities meet the district's requirements and criteria for the use of facilities.
- f. The district may partner with other individuals or entities in the community to support the implementation of this policy.
- g. The district will strive to provide physical activity breaks for all students, recess for elementary students, and before and after school activities,

as well as encourage students to use active transport (walking, biking, etc.)

- h. The district will use evidence-based strategies to develop, structure, and support student wellness.

4. Standards and Nutrition Guidelines for All Foods and Beverages Sold to Students on the School Campus and During the School Day

- a. The district will ensure that student access to foods and beverages meet federal, state and local laws and guidelines including, but not limited to:
 - i. USDA National School Lunch and School Breakfast nutrition standards
 - ii. USDA Smart Snacks in School nutrition standards.
- b. The district will offer students a variety of age-appropriate, healthy food and beverage selections with plenty of fruits, vegetables, and whole grains aimed at meeting the nutrition needs of students within their calorie requirements in order to promote student health and reduce childhood obesity.

5. Standards for All Foods and Beverages Provided, But Not Sold to Students During the School Day

The district may provide a list of healthy party ideas or food and beverage alternatives to parents, teachers, and students for classroom parties, rewards and incentives, or classroom snacks. The district discourages the use of food and beverages as a reward or incentive for performance or behavior.

6. Food and Beverage Marketing

Marketing and advertising is only allowed on school grounds or at school activities for foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards, except as follows:

- a. This requirement does not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events.
- b. The district will not immediately replace menu boards, coolers, tray liners, beverage cups, and other food service equipment with depictions of noncompliant products or logos to comply with the new USDA Smart

Snacks in Schools nutrition requirements. All previously purchased products will be used, and all existing contracts honored.

- c. All equipment that currently displays noncompliant marketing materials will not be removed or replaced (e.g., a scoreboard with a Coca-Cola logo). However, as the district reviews and considers new contracts, and as scoreboards or other such durable equipment are replaced or updated over time, any products that are marketed and advertised will meet or exceed the USDA Smart Snacks in School nutrition standards

7. Public Participation

Parents, students, representatives of the school food authority, teachers, school health professionals, board members, school administrators, and members of the general public shall be allowed to provide their input to the school district during the wellness policy adoption and review process.

8. Competitive Foods (Includes Food and Beverages Sold in Vending Machines, School Stores, Fundraisers or in Competition with the National School Lunch and Breakfast Programs)

a. Definitions. "Competitive food" means all food and beverages other than meals reimbursed under programs authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act of 1966 available for sale to students on the school campus during the school day. For the purpose of competitive food standards implementation, "school day" means the period from the midnight before to 30 minutes after the end of the official school day.

b. Applicability. Except as otherwise allowed by the Nebraska Department of Education (NDE) or applicable law, all competitive food sold during the school day must meet the USDA Smart Snacks Standards and the nutrition standards found in 7 CFR § 210.11. The competitive food restrictions do not apply to food sold during non-school day hours, weekends, and off-campus fundraising events such as concessions during after-school sporting events, school plays or concerts; or to bulk food items that are sold for consumption at home. (Ex: frozen pizzas, cookie dough tubs, etc.)

c. Fundraiser Exemptions. A special exemption is allowed for the sale of food and/or beverages that do not meet the competitive food standards as required in this section for the purpose of conducting an infrequent school-sponsored fundraiser. The specially exempted fundraisers must not take place more than the frequency specified by NDE during such

periods that schools are in session. No specially exempted fundraiser foods or beverages may be sold in competition with school meals in the food service area during the meal service.

d. **Other Exemptions.** The only other nutrition exemptions from the competitive food requirements are those found in 7 CFR § 210.11.

e. **Other Limitations.** No competitive food can be sold to children anywhere on school premises beginning one half hour before breakfast and/or lunch service until one half hour after meal service unless all proceeds earned during these time periods go to the school nutrition program.

9. Public Notice

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of this policy at least annually to the public and other stakeholders identified in this policy by one or more of the following methods: on its webpage, in its newsletter, in the student and employee handbooks, newspaper advertisements, direct mailings, electronic mail, and public postings.

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of the Triennial Assessment and progress reports towards meeting the goals in this policy using one or more of those same methods.

10. Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at its central office.

11. Operational Responsibility

The superintendent is responsible for coordinating the implementation of this policy and for monitoring the district's progress in meeting the goals established by this policy. The superintendent will periodically report to the board on the district's progress in implementing this policy.

* These strategies include, but are not necessarily limited to, those cited in the Alliance for a Healthier Generation's Model Wellness Policy (Updated June 2020 to Reflect the USDA Final Rule) found at <https://api.healthiergeneration.org/resource/2>.

Title IX Policy

3057

Title IX Policy

As required by Title IX of the Education Amendments of 1972, it is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities, or in regards to admission or employment. Any person may report sex discrimination, including sexual harassment. This report may be made by any means to the district's Title IX Coordinator, who can be contacted at 503 School Street, Bertrand, NE 68927, nicole.leclaire@bertrandvikings.org or 308-472-3427. Any other inquiries regarding the application of this policy should be referred to the Title IX Coordinator.

Definitions. As used in this policy, the following terms are defined as follows:

- Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- Formal complaint means a document or electronic submission filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting that the district investigate the allegation of sexual harassment. At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity.
- Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
- Consent for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District

officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

- Sexual harassment means conduct on the basis of sex where (1) An employee of the district conditions the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct; (2) An individual experiences unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies the person equal access to the district's education program or activity; (3) An individual experiences a sexual assault, dating violence, domestic violence, or stalking as further defined below. Any report of conduct not meeting these definitions will not require the grievance procedure described in this policy.
- Sexual assault, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:
 - Sex Offenses: Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.
 - Rape—(Except Statutory Rape) Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object. This definition includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.
 - Criminal Sexual Contact: The intentional touching of the clothed or unclothed body parts without the consent of the victim for the purpose of sexual degradation, sexual gratification, or sexual humiliation. The forced touching by the victim of the actor's clothed or unclothed body parts, without consent of the victim for the purpose of sexual degradation, sexual gratification, or sexual humiliation. This offense includes instances where the victim is incapable of giving consent because of age or incapacity due to temporary or permanent mental or physical impairment or intoxication for the purpose of sexual degradation, sexual gratification, or sexual humiliation.

- Incest—Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
- Statutory Rape—Nonforcible sexual intercourse with a person who is under the statutory age of consent
- Dating violence, as defined in 34 U.S.C. § 12291(a)(10), which means violence committed by a person—
 - who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship.
 - The type of relationship.
 - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
- Stalking, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
 - fear for his or her safety or the safety of others; or
 - suffer substantial emotional distress.

- Supportive measures are non-disciplinary, non-punitive individualized services offered without fee that do not unreasonably burden the parties. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the district's Title IX Coordinator. district personnel will not retaliate against any individual based on any report of suspected sexual harassment. Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district must dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district may dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual

behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal

must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;
- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted,

or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

MANDATORY DRUG TESTING POLICY FOR STUDENTS INVOLVED IN EXTRACURRICULAR ACTIVITIES OR THAT HAVE VOLUNTARILY BEEN PLACED IN THE DRUG TESTING PROGRAM BY THEIR PARENT/GUARDIAN AT BERTRAND COMMUNITY SCHOOL

Extracurricular Drug Testing Program

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right.

Students in all extracurricular activities in grades 9-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

DEFINITIONS

DPA: A national certified Drug Program Administrator, which shall use a certified laboratory in testing of samples. The Board will choose a nationally certified DPA for the purpose of determining through random selection the student(s)/participant(s) to be tested.

DPC: The Drug Program Coordinator shall be the building Principal/Activities Director or his/her designee

MRO: Medical Review Officer

1. Purpose of Random Drug Testing

- a. To provide for the health and safety of all students;
- b. To undermine the effects of peer pressure by providing legitimate reason for students to refuse use of illegal drugs and/or alcohol;
- c. To identify students who use illegal drugs and/or alcohol; and
- e. To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

2. Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy. This policy may also be included in the student handbook. An orientation for students and parents (new to the school/policy) will be held at the start of the school year to talk about the policy and procedures.

3. Activity Programs: Any activity that meets the guidelines of an extracurricular activity at Bertrand Community School, which shall include the following but not limited to: football, volleyball, boys and girls cross country, boys and girls' basketball, wrestling, boys and girls track, golf, cheerleading, student council, National Honor Society, FFA, quiz bowl, speech, play production, band (except for holiday and spring concerts), chorus (except for holiday and spring concerts), "B" Club, and homecoming royalty candidates and/or attendants, attending the Homecoming/Spirit Dance/Prom dance

4. Students Who Are Required to Submit to Drug Testing

- a. Grades. All students in grades 9-12 who participate in any extracurricular activity or competition listed above are part of the pool subject to random drug testing.

b. ~~Consent. A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.~~

c. ~~Selection Pool Eligibility. Students shall remain in the selection pool for an entire school calendar year, from the date the consent form is received by the school district except that students who quit during the season or activity (prior to being selected for testing) or students who are cut from an activity will be removed from the testing pool. A participant may be subject to testing at any time during the said school calendar year. Any student who tests positive will be required to test at every testing period during the school year.~~

d. ~~Withdrawal. Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for 365 days from the date the Drop Form is submitted. Students have a fifteen-day grace period for reconsideration of a Drop Form. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Program Coordinator.~~

5. ~~Drugs. Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. "Drugs" means:~~

a. ~~Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 et seq.~~

b. ~~Any substance which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;~~

c. ~~Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in NEB. REV. STAT. § 48-1902(1).~~

6. ~~Testing Procedures~~

a. ~~Student Selection. All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing. The DPA will identify students on the master by number. Bertrand Community School does not take part in the student selection process; it is done by the contracted company for the district.~~

b. ~~Reasonable Suspicion Testing. In addition to random drug testing, a student is subject to drug testing at any time when the Drug Program Coordinator determines there is individualized reasonable suspicion based upon articulable facts to believe that the student has used a drug. The Drug Program Coordinator will notify the student and take the necessary steps to schedule a test as soon as practicable.~~

c. ~~Parental Request. Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental request. Parent(s)/guardians may also request that their student be subject to non-random drug screening. The school will arrange for the test as soon as~~

practicable. The parent(s)/guardian(s) making a request under this subparagraph must submit a signed consent form and indicate which type of test is being requested. Any cost associated with tests administered as a result of parental request must be paid by the parent(s)/guardian(s) in advance of the test.

d. Type of Test. The school district reserves the right to utilize breath, saliva, hair, urinalysis, or any other reliably recognized testing procedures. Urine and oral fluid samples, which screen positive will be confirmed by GC/MS (Gas Chromatography/Mass Spectrometry). Positive saliva or breath alcohol tests will be confirmed by EBT (Evidential Breath Tester). Other testing methods will be confirmed via industry-recognized processes and equipment.

e. Collection Site. The Drug Program Coordinator will designate the collection site at which student will provide specimens. The collection site may be off the premises of the school district.

f. Sample Collection. Samples will be collected as directed by the Drug Program Administrator on the same day the student is selected for testing, or if the student is absent an alternate will be selected, in sequential order, from an alternate list provided by the Drug Program Administrator. If a urine sample is required, all students providing samples will do so alone in an individual bathroom or stall with the door closed.

g. Collection Procedures. The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request.

h. Drugs. Students may be randomly tested for any drugs, including but not limited to alcohol, amphetamines, marijuana or cannabinoids, cocaine, methadone, methaqualone, propoxyphene, hallucinogens, opiates, phenylcyclidine, synthetic opiates and PCP, steroids, barbiturates, benzodiazepines, alcohol, and any prescription drug that was obtained without proper authorization.

i. Results. The DPA shall notify the student and the Drug Program Coordinator of any positive test after the initial screening. The school representative shall notify the student's parents. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). The MRO will be certified by an MRO accreditation body. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result either face-to-face or over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will report results of verified positives to the DPA. The DPA shall then notify the Drug Program Coordinator of the positive test result. The Drug Program Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.

j. Request for a Retest. A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Program Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.

k. Scope of Tests: The drug screen tests for one or more illegal drugs and/or alcohol. The Drug Program Coordinator shall determine which illegal drugs shall be screened, but in no event shall that determination be made after the selection of students for testing. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug use.

l. Non-Punitive Nature of Policy: No student shall be penalized academically for testing positive for illegal drugs or alcohol. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified in a reasonably timely manner by the district.

7. Consequences for Testing Positive. Whenever the test results indicate the presence of drugs, Drug Program Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Program Coordinator shall explain the drug testing procedures and the policy of the district. The Drug Testing Policy consequences shall follow the same/existing guidelines that are currently in the Bertrand Community School Activities Guidelines. (All offenses are cumulative in grades 9-12):

Students lose the opportunity to self-report once they are randomly selected for testing.

First Offense – For the use or possession of alcohol or other controlled substances, the student shall be suspended for fourteen (14) calendar days, starting with the day/date of the first activity that the student is eligible for. The suspension may be lessened to seven (7) calendar days if the athlete is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to seven (7) calendar days, if the student Self-Reports their infraction within seven (7) calendar days of the incident. Also, the participant will not be nominated for any post-season honors and will lose all points acquired for the outstanding athlete award for that sports season.

Second Offense – Suspension for thirty (30) calendar days, starting with the day/date of the first activity that the student is eligible for, and both the parents and student will be required to participate and complete a drug and alcohol program approved by the school for use or possession of alcohol or other controlled substances. All financial obligations incurred for the counseling will be the responsibility of the student and/or his/her parents. This suspension can be lessened to fourteen (14) calendar days and drug and alcohol program if the participant is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to fourteen (14)

calendar days, if the student Self-Reports their infraction — within seven (7) calendar days of the incident. In addition, the participant will not be nominated for any post-season honors for the activity the violation took place during and they will lose all outstanding athlete awards points accrued during that sport season. Proof of enrollment and continuation of the drug and alcohol program is required before returning to any activities.

Third Offense - Suspension for ninety (90) calendar days, starting with the day/date of the first activity that the student is eligible for, and both the parents and student will be required to participate in a minimum of at least two (2) sessions of a drug and alcohol counseling program approved by the school for use or possession of alcohol or other controlled substances. All financial obligations incurred for the counseling will be the responsibility of the student and/or his/her parents. This suspension can be lessened to forty-five (45) calendar days and drug and alcohol program if the participant is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to forty-five (45) calendar days, if the student Self-Reports their infraction — within seven (7) calendar days of the incident. The participant will not be nominated for any post-season honors for the activity the violation took place during and they will lose all outstanding athlete awards points accrued during that sport season. Proof of enrollment and continuation of the drug and alcohol program is required before returning to any activities.

Fourth Offense - Suspension for one hundred eighty (180) calendar days, starting with the day/date of the first activity that the student is eligible for, and both the parents and student will be required to participate in a minimum of three (3) sessions of a drug and alcohol counseling program approved by the school for use or possession of alcohol or other controlled substances. The student must remain in drug and alcohol counseling for at least one calendar year. All financial obligations incurred for the counseling will be the responsibility of the student and/or his/her parents. This suspension can be lessened to ninety (90) calendar days and drug and alcohol program if the participant is willing to file a legal police report naming the supplier of the alcohol and/or controlled substance in use. The suspension may also be lessened to ninety (90) calendar days, if the student Self-Reports their infraction — within seven (7) calendar days of the incident. The participant will not be nominated for any post-season honors for the activity the violation took place during and they will lose all outstanding athlete awards points accrued during that sport season. Proof of enrollment and continuation of the drug and alcohol counseling program is required before returning to any activities, and the administration may ask for proof of continued enrollment at any time throughout the one-year counseling program.

Fifth Offense - The fifth offense will result in suspension from all activities participation indefinitely. Reinstatement, if ever, will be reviewed and handled by the administration.

8. Refusal to Test

A student who refuses to submit to a drug test authorized under this policy, or fails or refuses to comply with any other provision of this policy, shall be deemed to have submitted a positive test.

9. Tampering

Tampering is the use of any agent or technique, which is designed to avoid detection of a drug and/or compromise the integrity of a drug test and is prohibited. This includes providing false urine samples (for example, urine substitution), contaminating the urine sample with chemicals or chemical products, the use of diuretics to dilute urine samples, and the use of masking. If the Drug Program Coordinator determines that a student tampered with a drug test, the student shall be deemed to have submitted a positive test.

Additionally, the consequence will advance one level in the disciplinary scope and sequence based on the student's current or past violation(s) of the policy.

Example, if it were the student's first violation, the consequence would equal a second offense.

The use of any such agent or technique shall be treated as a positive test for drugs prohibited by this Policy and shall be subject to the penalties set forth in this Policy.

10. — Maintenance of Records

All results of drug testing shall be confidential. Procedures for maintaining confidentiality will be developed by the school district and the testing organization. The Drug Program Coordinator shall maintain records of positive tests in a secure location. This information will not be available to anyone other than appropriate school personnel and parents.

This information will be destroyed upon the student's graduation or one year after the student's class graduates. Under no circumstances will this information become a part of the student's permanent file, nor will it be sent to another school when the student moves to another district or transfers to another school. The school district will not share drug testing results with any law enforcement agencies.

11. — Appeal.

The school district will rely solely upon the opinion of the MRO to determine whether the positive test result was the result of the consumption of a substance prohibited by this policy. There shall be no appeal of the test result to any school administrator or the board of education.

12. — Severability

If any portion of this policy is deemed to be contrary to the law of the state of Nebraska or the United States by judicial decision or an act of Congress, then only such portion or provision directly deemed to be unconstitutional shall be stricken, and the remainder of the policy shall remain in full force.

DRUG-FREE WORKPLACE REQUIREMENTS

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

POLICIES AND PROCEDURES REGARDING ALL STAFF

Board Policies, Rules, and Directives

The board of education has adopted policies that govern the operation of the school district. A complete policy manual is available on the district's website or in the main administrative office. These manuals will be updated as the board adopts new policies or modifies existing policies. In particular, the 4000 series deals with policies that affect personnel. Additionally, the Board has authorized the Superintendent and his or her designee to adopt rules and directives regarding the conduct of students, staff, and other persons. Many of these rules and directives are published in the Student Handbook, Staff Handbook, and Activity Handbook, respectively. Each of these handbooks are available on the district's website and in the main administrative office. **By signing below, you agree that you have read and understood these policies, handbooks, rules, and directives, their application to you, and that you have had an opportunity to discuss any questions with the administration.**

Child Abuse

School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also

personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.

2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.
4. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students, and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.

2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.

a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

b) Complaints about the operations of the school district or a building

principal should be submitted in writing to the superintendent of schools.

c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

a) Determine whether the complainant has discussed the matter with the respondent.

1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.

2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

b) Strongly encourage the complainant to reduce his or her concerns to writing.

c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

1) All relevant details of the complaint;

2) All witnesses and documents which the complainant believes support the complaint;

3) The action or solution which the complainant seeks.

d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.

4. If either the complainant or the respondent is not satisfied with the decision he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.

a) The appeal must be in writing.

b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.

c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate..

d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

a) When the complaint is about a board policy, not implementation of the policy;

b) When the complaint involves the budget or school expenditures that have been or must be approved by the board;
or

c) When the board is required by law, policy, or contract to hear a complaint or appeal.

If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

d) This appeal must be in writing.

e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.

f) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

g) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.

h) There is no appeal from any decision of the board unless authorized by law.

6. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.

b) Determine whether the complainant has discussed the matter with the superintendent.

1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.

2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

c) Determine, in his or her sole discretion, whether to place the matter

on the board agenda for consideration at a regular or special meeting by the full board.

d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a

disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section

Computers and the Internet: Acceptable Use by Staff

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. Staff members must refer to and comply with the board policy regarding Staff Internet and Computer Use. A copy of this policy is attached below. Staff should also refer to and comply with the board policy regarding Staff and District Social Media Use

4012 Staff Internet and Computer Use

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

A. Acceptable Use While on Duty or on School Property

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.

3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.
4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

B. Unacceptable Use While on Duty or on School Property

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.
4. The only political advocacy allowed by staff on school computers or district internet access is that which is permitted by the Political Accountability and Disclosure Act and complies with district policy.
5. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for

the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;

2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

4051 Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

I. Personal Versus School-Affiliated Social Media Use

A. Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.

2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be "the official" account of the school district (e.g., "Viking Wrestling"), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district's business purpose. Staff members may not use "official" accounts for personal use.
2. Staff may be required to provide their supervising administrator with the username and password to school-affiliated social media accounts.
3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.
4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections.

II. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage.

They must comply with the board's policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member's supervising administrator.

B. Acceptable Use

1. Staff may use social media for instructional purposes.
2. Staff may use social media for school-related communication with fellow educators, students, parents, and patrons.
3. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter.

C. Unacceptable Use

1. Staff shall not access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.
3. Staff shall not access social media networking sites such as Facebook, Twitter, and Instagram on school-owned devices or during school time unless such access is for an educational activity which has been preapproved by the

staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, or appeals to prurient interests;

2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains threatening, harassing, or discriminatory words or phrases;
4. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or
5. Contains any other threat to the safety of students and staff.

Every account administrator must keep a copy of any removed content and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

~~comply with the board policy regarding Staff and District Social Media Use~~

Conflict of Interest

All staff members are subject to the board's policy governing conflict of interest. That policy provides, in part, that no employee shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the employee would thereby be influenced.

Contact Information

Staff are required to keep the district informed of any change in their name, address, telephone or other contact information. Contact the building secretary to report a change.

Copyright and Fair Use

The school district complies with federal copyright laws. Staff members must comply with copyright laws when using school equipment or working on behalf of the district. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Staff who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their building principal, review the school district's copyright compliance policy, and review *Reproduction of Copyrighted Works by Educators and Librarians* from the U.S. Copyright Office found at <https://www.copyright.gov/circs/circ21.pdf> and *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Corporal Punishment

Corporal punishment is the infliction of bodily pain as a penalty for disapproved behavior, and is prohibited by law. Some physical contact is inevitable, and most of it is appropriate. Corporal punishment does not include the use of physical force that is reasonable and necessary to (1) protect school employees; (2) protect students or property; or (3) remove a

student from a situation that endangers the student, persons, or property. Staff members should promptly report any event that required the use of physical force to their building principal.

Crisis Response Team

Any staff member appointed by the district administration will serve on the Crisis Response Team as outlined in the board policies. The Crisis Response Team serves a vital role in supporting the district's staff and students. It is the responsibility of the appointed staff member to discuss with the district administration any circumstances that may affect the staff member's ability to perform the tasks required by board policy.

Disability Leave (Short-Term)

Short-term disability leave will be treated in the manner required by state and federal law and consistent with the negotiated agreement with the school district's local education association. Short-Term Disability leave will run concurrently with FMLA leave.

Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with an employee's school performance, or (3) otherwise adversely affects an employee's employment opportunities. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: Jenna Christensen at 308-472-3427, Jenna.Christensen@bertrandvikings.org or in person at school. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: at 308-472-3427, Nicole. LeClaire@bertrandvikings.org, 503 School St., Bertrand NE., 68927, or in person at school. Employees who believe that they have been the subject of any other unlawful discrimination or harassment should contact the superintendent at 308-472-3427, nicole.leclaire@bertrandvikings.org or in person at school. Employees may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Driving (both school and personal vehicles)

Staff members who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Staff members will be provided a Driver's Certification form to

verify this information. Staff members who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Staff members are not to use cell phones while driving a school vehicle or while transporting students. Please see the school district's policy on school vehicle use for further information.

Drivers for the school district must be free from drug and alcohol use or abuse. The school district will test drivers as permitted under state and federal law and in accordance with board policy.

Dress Code

Staff should dress in a manner that reflects the honorable profession of education. Certified staff, paraeducators and office staff should generally dress in business casual attire. Custodial, maintenance and transportation staff should dress in attire appropriate to the work they are performing.

The attire worn by staff members projects an important image to students and the general public. The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community. Jeans will be allowed to be worn on the last student contact day of the week which is considered a "dress down" day. Casual dress and jeans on the last student contact day of the week are acceptable once a fee of \$30 is paid to the administration.

The superintendent or principal shall maintain the discretion to make determinations on staff dress and appearance. Any violation of school policy and rules may result in disciplinary action.

The district's objective, in establishing the professional appearance guidelines, is to enable employees to project a professional image while experiencing the comfort advantages of more casual and relaxed clothing. Business casual dress is the standard for these expectations.

Because all casual clothing is not suitable for the classroom or office, these guidelines will help determine what is appropriate to wear to work:

*Clothing that works well for the beach, yard work, dance clubs, exercise sessions, and sports contests may not be appropriate for a professional appearance at work.

*Clothing that reveals a person's cleavage, back, chest, stomach or underwear is not appropriate for a professional work environment. Even in a business casual work environment, clothing should not be wrinkled.

*Torn, dirty, or frayed clothing is unacceptable.

*Any clothing that has words, terms, or pictures that may be offensive to students or other employees is unacceptable. Clothing that has the district or school name or logo is encouraged.

*Certain days may be declared dress down days or theme days. These days, jeans (not torn or ripped jeans) and a more casual approach to dressing (although never potentially offensive to others) is allowed.

*Attire for Meetings The expectations for professional attire will be the same for meetings both inside and outside the district (i.e. professional development days, conferences, parent-teacher conferences, district sponsored committees, parent meetings), unless otherwise stipulated by the administrator/supervisor in charge of the meeting. Meetings that do not involve students or parents and are outside of the normal contract/work schedule may be considered more casual, with the final decision resting with the administrator/supervisor in charge.

*No dress code can address all contingencies so administrators must exert a certain amount of judgment in the standards enforced at your building. If you experience uncertainty about acceptable, professional business casual attire for work, feel free to discuss with an administrator.

Custodial, maintenance and transportation staff should dress in attire appropriate to the work they are performing.

The superintendent or principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special "casual days" or field days). Any violation of school policy and rules may result in disciplinary action.

Drug and Alcohol Testing

School district administrators who suspect that drugs or alcohol may be present in a staff member's system may require the staff member to provide a body fluid or breath sample as provided in Nebraska law. Staff members who refuse a lawful directive to provide a body fluid or breath sample may be subject to disciplinary or administrative action by the employer, including denial of continued employment.

Duty to Report

School personnel shall self-report any of the following to the District's Superintendent within 24 hours of its occurrence or at the beginning of the next school day, whichever is earlier:

- Any criminal citation if the alleged offense is a misdemeanor or felony under federal or Nebraska law or in the state in which the alleged offense occurred;
- Any arrest for any reason;
- Any criminal conviction;
- Any sentence of incarceration
- Any criminal or civil filing or Department of Health and Human Services or law enforcement investigation against the employee for child abuse and/or neglect;
- Any complaint or other administrative filing against the employee that could impact any certificate or professional license held by an employee;
- Any action or threat of action by any entity against the employee driver's license or ability or authority to operate a motor vehicle if the employee's job duties may require the operation of a motor vehicle.

The failure to make a report required by this section may result in disciplinary action up to and including cancellation, termination, and non-renewal.

Electronic Communication While Driving

Except as provided below, school personnel shall not use any electronic communication device to read a written communication, manually type a

written communication, send a written communication, verbally communicate with others, or otherwise communicate with others while operating a school vehicle or while using a school-issued electronic communication device while operating a private vehicle. This prohibition includes but is not limited to answering or making telephone calls not related to the transportation and reading or responding to e-mails, instant messages, or text messages.

The superintendent or building principal may grant exceptions and allow verbal communication on an as needed basis for specific district-related work based upon employees' duties and responsibilities.

Expenses

The board will reimburse staff for all approved expenses incurred in attending to school business. Reimbursement for mileage, supplies, overnight travel expense, and credit course reimbursement fees are processed on an expense report form that is available from each building secretary. Appropriate receipts must be attached. To be reimbursed for an item or for personal vehicle use, staff members must complete a reimbursement claim form, attach receipts and submit it to the Superintendent for approval.

All claims for reimbursement must be approved by the board, so some delay is probable. Mileage reimbursement will be denied if a school vehicle was available.

Family and Medical Leave (FMLA)

Qualified employees will be provided leave under the Family and Medical Leave Act (FMLA) as provided in board policy.

In-School Communication

Every staff member will be assigned a mailbox in the building where he or she works. Staff members are expected to check their mailboxes for messages in the morning upon arrival at school, at lunch time, and at the end of the day before departing.

A great deal of information is distributed to staff via the school's e-mail system. Each staff member must check his or her e-mail account frequently throughout the school day. Staff members are allowed to use their school email accounts for school correspondence only. However, sending or receiving personal email during class time is prohibited, regardless of whether that personal e-mail is received on the staff member's school email account or a personal account.

Intellectual Property

All written or artistic works, instructional materials, inventions, procedures, ideas, innovations, systems, programs, or other work product created or developed by any employee in the course and scope of performance of his or her employment duties on behalf of the district, whether published or not, shall be the exclusive property of the district. The district has the sole right to sell, license, assign, or transfer any and all right, title, or interest in and to such property.

Jury and Witness Duty Leave

An employee who has been called to serve as a juror will be granted paid leave. Employees must sign over to the district the compensation they receive for jury duty, but not compensation for expenses.

An employee who has been subpoenaed to testify as a witness in a court proceeding shall be entitled to one day of paid leave. To receive paid leave, the employee must sign over to the district his or her witness fee.

Keys

Staff will not lend or have any duplicate keys made of any school key. Staff will make sure all doors are locked when they enter or leave the building other than regular school hours.

Staff members are responsible at all times for all keys issued to them and must keep their keys in a secure location or on the employee's person. Each classroom teacher must check that the doors and windows in his or her room are closed and locked at the end of the school day. Staff must report lost or stolen keys to the building principal immediately.

Locker Room Supervision

Staff members must review and comply with the board's policy regarding locker room supervision. Policy #4062, was adopted by the Bertrand Board of Education. Cell phone usage, hazing, bullying, and students unsupervised in the locker rooms is unacceptable. Coaches and teachers are responsible for ensuring student safety at all times.

Maintenance & Cleaning Request Forms

Staff members should fill out maintenance requests forms just as soon as they need or see a maintenance problem. These forms must be turned into the Superintendent.

Meals Program

Staff may take advantage of meals offered through the district's foods program. Staff may purchase lunches from the school cafeteria for **\$4.60**

per day. The lunch price includes one carton of milk. Staff members must deposit funds in their lunch accounts before purchasing meals. Staff members will not be allowed to run a deficit in their lunch accounts.

Military Leaves of Absence

Leaves of absence without pay for military or Reserve duty are granted to all employees as required by law. An employee who is called to active military duty or to Reserve or National Guard training or who volunteers for the same should submit copies of the military orders to the Superintendent as soon as is practicable. An administrator, at his or her discretion, may require an employee who requests leave under the Nebraska Family Military Leave Act to provide certification from the proper military authority to verify the employee's eligibility for the leave requested.

Military Leave under the Federal Family and Medical Leave Act (FMLA) and the Nebraska Family Military Leave Act will be governed by the board's policies.

Milk Expression

The district will provide reasonable break time for an employee who wishes to express breast milk for her nursing child in a place, other than a bathroom, which is shielded from view and free from intrusion from co-workers, students, and the public for one year after the child's birth.

News and Press Releases

Positive media coverage of the school district and its activities is good for the school, its staff, and its students. Staff should endeavor to establish and maintain cordial relationships with local media outlets.

Activity sponsors and other staff who are involved in newsworthy activity should submit typed press releases to the office for distribution to the media when noteworthy events have occurred. Coaches must communicate with local TV, radio, and print media promptly after matches or games to disseminate the results.

Communicating with the public, keeping the public informed, and public relations with the community are important tasks. News of important and/or interesting events and activities are usually welcomed by the newspapers.

Newsletters

The district secretary will inform staff of the relevant deadlines for each newsletter. Staff members are encouraged to submit articles for the newsletter that reports recent classroom activities and emphasizes positive aspects of the district's mission.

Obligations Related to American Civics Instruction

All staff members shall be familiar with, and comply with, the requirements of state law, board policy, and district curriculum to properly instruct students regarding American Civics, Social Studies, American History, and appropriate patriotic exercises on particular days of the year. Neglect of any such responsibilities by any employee may be considered just cause for dismissal.

Outside Employment

No full-time staff member may accept any other employment or carry on any business or activity for profit that interferes with the complete and competent discharge of his or her responsibilities to the school district.

Political Activities

District employees retain all rights of citizenship, including, but not limited to, engaging in political activities. An employee of the District may participate in the political process, including seeking an elective office, provided that the staff member does not campaign on school property during working hours, and provided all other legal requirements are met. The District assumes no obligation beyond making such opportunities available.

While the District supports its employees by allowing them to exercise their rights, any impact on the employee's ability to perform his or her functions as required by the district is grounds for discipline. For further guidance regarding political conduct on school grounds, contact the superintendent and consult the board policies. Staff must be cognizant of sharing views, biases, beliefs, on political stances with students. (Policy #6013)

Pregnant or Parenting Students

The school district encourages students who are pregnant or parenting are encouraged to continue to participate in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting have been told to notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student and appropriate district staff to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;

3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and
4. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators including, but not limited to, modification of attendance policies.

Professional Boundaries Between Staff and Students

All district employees must follow board policy when interacting with students in any way. School district employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. District employees must be aware of professional boundaries between students and staff, and they must never blur the boundaries. These standards of behavior apply to social networking sites, such as Facebook, Twitter, Instagram, etc., along with communications and interactions of any kind between staff and students.

Examples of unprofessional misconduct include: inappropriate sexual communications or interactions with students, meeting with students in private outside of school, and intruding on a student's personal space. These are a few examples of inappropriate behavior, not an exhaustive list. For further guidance, refer to the district's policies regarding professionalism and staff-student interactions.

Any teacher or student who witnesses or knows information about a district employee violating board policy should report the violation to the district administration *immediately*. Minor violations and questionable violations should be reported as soon as possible, but always within 24 hours.

A violation of board policies for professionalism will form the basis for employee discipline up to and including termination or cancellation of employment, filing a report with law enforcement officials, and filing a report with the Commissioner of Education.

Professional Growth

All employees must complete Bertrand Community School Professional Growth Activity Form and shall be provided opportunities for the development of increased competence beyond that which they may attain through the performance of their assigned duties. NE Statute 79-830

In addition to this requirement, the superintendent will select in-service programming to provide additional professional growth activities for certified and classified staff.

Purchasing

All requisitions for books and school supplies must be filed with the building principal. The requisition must include the name of the article being requested, where it may be purchased, how many articles are required and their cost. Requisition forms are available from the office. Orders should not be placed until the district office has issued a printed purchase order. Once an order has been received, the staff member must notify the building secretary so payment can be processed. Failure to follow the procedure for requisitions may prevent the staff member from receiving the items requisitioned. All orders or supplies must be authorized by the administration. Staff may be personally liable for any orders placed without such authorization.

When routine supplies are needed for immediate use, staff should contact the building secretary. When it is necessary to make a special or emergency requisition for supplies or equipment, staff should contact the principal for the necessary forms. The superintendent will either approve or disapprove the request through the principal.

Records and Reports

Staff members must refer to and comply with Board Policy No. 5016 regarding the management and maintenance of student records.

All staff members shall promptly furnish the administration with any information relating to their professional training, experience, activities or work required for reports to county, state or federal officials or for official school records. Personal information will be treated confidentially by school officials.

Recordings of Students and Classrooms

Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator. Staff should refer to Board Policy 5063 for information on recording by students.

School Calendar

The official school calendar is maintained in each building office. All activities and events must be scheduled and approved by the building principal. To avoid conflict, a sponsor should not call a meeting of any activity until the schedule has been checked and the meeting approved by the office.

School Property

School property is not to be lent to individuals except by permission of the

superintendent.

Staff or groups who wish to use school facilities should make requests to the building principal as early as possible so that they may be placed on the school calendar.

Staff must inform the building principal of any school property that needs repair or that is lost, stolen, or damaged beyond repair. Matters regarding custodial service in the building should be handled through the principal's office.

School Vehicle Use

The transportation of students in a pupil transportation vehicle is governed by the rules of the Nebraska Department of Education and the district's safe pupil transportation plan or safety and security plan. School district employees, board members, and other elected or appointed school district officials who are not transporting children are authorized to use a school district vehicle to travel to a designated location or to their home when the primary purpose of the travel serves a school district purpose. Staff should refer to the board policy regarding the use of school vehicles.

Security

Each staff member is responsible for the security of his/her own classroom or work area. All classroom doors should be locked during school hours to promote school safety. Exterior doors should NEVER be propped open or unlocked during school hours or after school for practices or activities. Staff must lock the doors and windows of their classrooms and/or other work areas each night.

Staff members who use the building after it has been locked by the custodian or on weekends are responsible for turning off all lights and locking all windows and doors that they or students under their supervision may have used.

Under no circumstances are pupils to be allowed in the building after school hours without faculty supervision. Keys to any school areas are not to be loaned to students under any circumstances.

Smoking on School Premises or at School Activities

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

Sniffer (Drug) Dogs

The administration is authorized to use sniffer dogs to minimize the presence of illicit items on school grounds. Students and staff are specifically notified that:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

Social Media Usage by Staff

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. All staff members must refer to and comply with the board's policies regarding Staff Internet and Computer Use and Staff and District Social Media Use. Staff members who are uncertain about the applicability of board policy to a particular situation must confer with their supervising administrator prior to posting on social media.

Solicitation and Distribution of Merchandise

In the interest of maintaining a proper school environment and preventing interference with school purposes, employees may not sell merchandise, solicit financial contributions, solicit, or distribute literature or printed material for any non-school related cause during working time or on school grounds unless approved by administration.

Staff Room

The staff room is maintained for the exclusive use and convenience of the staff. It is not for student use and staff members should not hold student conferences there. Each staff member will assume responsibility in keeping the staff room in an orderly and presentable condition.

Staff Use of AI Tools

As used in this section, artificial intelligence tools ("AI Tools") means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district's policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district's administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor's privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;
7. Upload materials to AI if the copyright or license does not allow it;
8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

Student Interviews

Employees shall refer any police officer, child protective service worker, or other similar individual seeking to speak to or interview a student to an administrator.

Telephones

School telephones are maintained for the primary purpose of conducting school business. Staff members should limit their use of school phones to brief conversations. Teachers will not be called to the telephone during class time except in the case of an emergency.

Staff members may not use personal cell phones to make or receive calls or to send or receive text messages during instructional time.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion

without complying with state law and board policy related governing those actions.

- ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such reports regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of superintendent, building principal, guidance counselor, and local law enforcement. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial

inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Ticket Taking

All staff will be expected to take tickets at one time or another at home events. Staff members who coach a sport may take tickets at an event they do not coach. Staff members who are unavailable to take tickets at the event they are assigned to work must find their own replacements and notify the building principal of who will be taking their place.

Transportation Request Forms

Staff members must complete transportation request forms as soon as they know they need school-provided transportation to allow the activities director adequate time to schedule drivers and vehicles.

Visitors

Staff should welcome members of the public who wish to visit school, but should ensure that visitors follow the district's requirements.

All visitors must report to the building office before visiting any classroom or other areas of the building.

Visitors must comply with the following guidelines:

- if a visitor wishes to observe a specific skill or subject, he or she will be asked to observe during a specified time period
- children under the age of 10 years must be accompanied by a parent or guardian
- all visitors must have the prior approval of the principal or superintendent
- salespeople and other such agents will not be allowed to solicit staff members during school hours
- visitors must wear the visitor's badge supplied by the building office

Wage and Salary Payments

Certified staff members are paid on the 15th of each month. The district provides direct deposit of paychecks to designated financial institutions. Otherwise, paychecks will be delivered personally at school or mailed to the address on file in the district office. Staff who wish to activate or modify their direct deposits or who wish to have paychecks mailed to a different address must contact the district office. The school district will mail staff paychecks to the last address on file for each employee during months when school is not in session. Employees shall not be paid in advance under any circumstances.

All required deductions, such as for federal, state, and local taxes, retirement contributions, and all authorized voluntary deductions, such as for insurance or union dues, will be withheld automatically from your paychecks. Garnishments are legal proceedings imposed by a court of law upon the school district requiring payment to a third party of monies earned by district employees. The school district will accept all legal garnishments

and tax levies against wages in compliance with state and federal law. An employee's pay will be held upon receipt of a garnishment until a court order is issued indicating satisfaction of the indebtedness or until ordered to surrender the monies to the court or its agent. The school district prohibits improper pay deductions, and employees shall be reimbursed for any improper pay deductions. If you believe that an improper deduction has been made to your pay, you should immediately report this information to your direct supervisor, payroll personnel, or the Superintendent.

Staff members, by their signature on the acknowledgement page of this handbook, authorize the school district to withhold such sums from their paychecks as necessary to cover property damage, cash shortages or other amounts owed to the school district by the employee.

Weather-Related Closings

If school is called off because of bad weather or for any other reason, it will be announced on the school messaging system, local news channels, radios, and school social media accounts.

Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. Staff members should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

Workplace Searches

To safeguard the property and interests of our students, employees, and patrons; to help prevent the possession, sale, and use of illegal drugs on school grounds, and in keeping with the spirit and intent of the district's drug-free workplace policy and other policies, the school district reserves the right to question employees and all other persons entering and leaving our premises, and to inspect any packages, parcels, purses, handbags, briefcases, lunch boxes, or any other possessions or articles carried to and from school when it has reasonable grounds to do so. The school also reserves the right to search any employee's office, desk, files, locker, or any other area or article on school grounds. All offices, desks, files, lockers, and so forth, are school district property and are issued or provided for the use of employees only during their employment with the district. Inspections may be conducted at any time at the discretion of the administration. Employees who refuse to cooperate with this provision will be subject to disciplinary action up to and including discharge.

POLICIES AND PROCEDURES REGARDING CERTIFIED STAFF

Absences

The accumulation of leave for teaching staff is governed by the Negotiated Agreement between the Board of Education and the Education Association. This handbook sets forth the process for using that leave

1. Sick Leave

Certified staff members who are too ill to perform their teaching duties must contact their Mrs. Steph Edgren by 6:00 AM the morning of or 9:00 PM the night before when you are ill.

2. Personal Leave

Personal Leave: Personal leave is defined to include business the teacher must conduct during normal school hours which cannot otherwise be scheduled outside of duty time and for uniquely personal and significant events affecting the teacher. Teachers will be granted up to four (4) days of personal leave per school year, subject to approval by the superintendent or his/her designee. The request for personal leave must be made five (5) days in advance of the requested leave day(s) except in cases of emergency when it is not possible to make the request with 5 days' notice. All requests for personal leave will be submitted to the Superintendent or Superintendent designee in writing and responded to in writing by the Superintendent or Superintendent designee. There will be no restrictions on dates when personal leave may be taken; however, approvals will be subject to the availability of substitutes and/or teacher coverage.

Unused Personal Leave will carry over to the following year, and staff will be given up to 4 personal days the next contract year with the ability to have up to 5 total days to start the following year. For example, a staff member who uses 4 personal days will receive 4 personal days the following year; a staff member who uses 3 personal days in their first year will be given 4 personal days for the second year to bring their total to 5 days the following year; staff who use 2 personal days will carry 2 days over to the following year and receive 3 days for the following year to bring their total to 5. Upon separation of employment for any reason, unused personal days will be paid out at \$50 per unused day.

Once a certificated staff member has used all personal days, they will not be permitted to miss any additional duty days

unless their absence qualifies for another type of leave provided by law or this agreement. Staff may request an additional two (2) days of personal leave beyond their personal day allotment and shall be charged \$1,000.00 per day if the overage days are granted. Overage days must still be approved by the administration and consistent with the other requirements in this agreement for use of personal leave days. Staff who exceed their personal day allotment and take an extra day that is not approved will be subject to the \$1,000 charge and will be subject to disciplinary consequences up to and including cancellation of contract.

If the use of personal leave is approved in advance, and the teacher has a minimum of 25 days in their sick bank, the teacher may trade in two (2) sick days for one (1) additional personal day up to a maximum of seven (7) personal days used per year. Thus, a teacher with only four (4) personal days may trade up to six (6) sick days for an additional three (3) personal days. Additional personal leave days provided by trading in sick days must be used and cannot be banked, and all other accrued personal leave must be exhausted before an eligible staff member may trade in sick days for a personal day. Approval of the use of traded days is subject to the availability of substitutes.

Teachers who do not use either a sick or personal day during a given semester will be given a bonus of \$100 payable with the June payroll.

3. Professional Leave

The board and administration recognize the value of continuing education and encourage certified staff to participate in seminars, workshops and other activities which will continue their professional growth. **Certified staff members who wish to take professional leave must submit a leave request to their building principal, along with a description of the proposed event and any written materials about the event.** Building principals may deny requests for professional leave if they are unable to secure the services of a qualified substitute or if the principal determines that the activity will not enhance the certified staff member's effectiveness as an employee of the district. Certified staff members who feel they have been unfairly denied professional leave may grieve the principal's decision, pursuant to the grievance procedure contained in the district's Negotiated Agreement.

4. **Substitute Folders**

Each teacher must prepare a substitute folder and keep the completed folder in the upper right-hand drawer of his/her desk. The folder must contain:

- a.) the current seating chart for each class;
- b.) the daily routine followed by each class;
- c.) all schedules (fire drill procedures, lunch schedule, etc.);
- d.) a copy of this handbook; and
- e.) plans for the day if the teacher's absence was anticipated. (These plans are in addition to the teacher's regular lesson plan book.)
- f.) personal electronic device expectations, no cell phone, ear buds or personal electronic devices

Certified staff members may not make arrangements for their own substitute.

Assemblies

Classroom teachers must attend assemblies and pep rallies and sit with students to help maintain order.

All certified staff members should attend school assemblies and should try to attend as many of the school functions as possible regardless of whether they have specific assigned duties or not.

Assignment Notebooks

Assignment Notebooks function as students' make-up slips, as well as a pass out of class or to see another instructor. They can also be used as a communication tool home to parents. Students may not be in the hallways during class time without his/her assignment notebook signed by the instructor. Every time a student leaves class during class time, it should be signed. This way, other staff can ascertain where the student has permission to be.

Students may not go to another classroom without a signed pass obtained from that teacher. No student may be in the halls during class or study time without a signed pass for a specific destination. If a teacher retains a student after the period ends, staff must write a note in the student's assignment book stating why the student was late, rather than sending the student to the office for a tardy slip.

Assignment of Teachers

The administration will assign certified staff to individual duties. Certified staff will also be assigned for various forms of hall, extracurricular, recess, traffic, lunch period and other noontime duties, and athletic events.

Certificates, Teacher Contracts, Salary Information

Teaching certificates must be registered with the Superintendent before they may legally be paid. It is the certified staff member's responsibility to make sure this is done.

Each certified staff member must provide the superintendent's office with the following information:

- a. social security number,
- b. retirement number,
- c. withholding form W-4, and
- d. authorization to withhold for insurance benefits.

Each new certified staff member must fill out forms for retirement benefits before the first pay day as well as the family coverage of the district hospital/medical insurance program.

It is the sole responsibility of the certified staff member to inform the superintendent of any changes, including but not limited to changes in certification, endorsements, benefits plans, and salary payment information.

Cheating

Students caught cheating (including plagiarizing) must be sent to the building principal for administrative discipline. The classroom teacher may also give the cheating student a zero grade for the test or assignment.

Check-out Forms

All certified staff must complete a check-out form and obtain the building principal's signature on the form prior to departing for the summer. Classrooms must be tidy to allow the custodial staff to clean classrooms and work areas. Certified staff members who do not clean their work area before departing for the summer will not receive their paychecks until the work is completed.

Class Record Books

A class record book is the school's official record of matters relating to each student in each teacher's class. It will be maintained in electronic form on PowerSchool and must be complete in scope and accurately maintained. All classroom teachers are required to keep class record books which list students in each class in alphabetical order and show the attendance and all grades earned by each student. Record books are subject to examination by the building principal or superintendent at any time.

Classroom Management and Student Discipline

Classroom discipline is first and foremost the responsibility of the classroom

teacher. Individual teachers are expected to assume responsibility for good discipline throughout the school system. However, if a certified staff member needs assistance with student discipline, they should seek the advice and counsel of the principal or superintendent.

Classroom teachers may not leave their classrooms unless the students are supervised by a competent adult.

Classroom teachers should have a well-defined discipline plan that is known to the students. Rules and consequences should be stated clearly and posted where appropriate.

Each building has its own specific procedures concerning student discipline. Classroom teachers should consult with their building principal for more information.

Teachers may remove a student from the classroom for failure to comply with established rules of conduct. Only an administrator can suspend or expel students from class or school and due process must be followed.

Students may be kept after school for matters relating to discipline or to assist in their academic progress. Certified staff should allow all elementary students and junior/senior high students who ride the bus to arrange parental transportation for the next day with their parents. Students who do not have transportation concerns may be kept without delay. Students may not avoid being kept after school because they have an after school practice or other school activity.

Both elementary and secondary certified staff are responsible for assisting with hallway discipline between classes and in the school lunchroom.

Classes should begin on time and end promptly. Work should continue throughout the period assigned for it. Classroom teachers have no right to waste the pupils' time. Classroom teachers may not dismiss classes early except by permission of the building principal.

Staff members may never send a student off school grounds without the authorization of the building principal.

Classroom teachers may not admit tardy students to class without an admit slip from the principal or the student's teacher from the previous period.

Classroom Sanitation

1. Handling of Body Fluids

All body fluids of all persons should be considered to potentially contain infectious agents (germs). Hand washing after contact with a school child is

recommended if physical contact has been made with any child's blood or body fluids. The term "body fluids" includes: blood, semen, drainage from scrapes and cuts, tears, feces, urine, vomit, respiratory secretions, and saliva.

2. Infectious Diseases

Certified staff should promptly report any indication of an infectious or contagious disease to the school nurse or building principal. Certified staff should report to the school nurse or the student's parents any pupil whom they suspect of having been exposed to any infectious or contagious disease.

Coaching Supplies

Coaching supplies will be distributed by the athletic director. Such items include tape, prewrap, heel pads, band aids, ankle braces, game balls, etc. Coaches should request additional supplies from the activities directory only when they have run out of supplies.

Coaches must fill out and submit inventory forms to the activities director immediately after the season is complete.

Collection of Student Money

Staff members must comply with the school district's student fee policy before collecting any funds from students.

Money collected from students should be turned into the office on the day it is collected for deposit in the proper activity or school district fund. Any checks written by students or parents for various payments should be made out to Bertrand Community School, unless otherwise instructed. Certified staff must submit a financial accountability form when they turn funds into the office.

When students purchase items such as coats, rings, etc., through the school district, they must pay for these and other major items before the order is sent. The sponsor of any school organization is not to give merchandise to students; items will be distributed by the office after proper payment.

Community Involvement

Certified staff are encouraged to take part in civic affairs in the community and must do so when required by state law and board policy.

Computer Lab

Students and staff who use computers owned by the district must abide by the district's acceptable use policies. Students may use the computer lab during lunch and after school. Classroom teachers may not send students to the computer lab during study halls or class unless they have made prior

arrangements with the lab coordinator.

Classroom teachers who wish to bring classes to the computer lab must sign up as far in advance as possible with the lab coordinator. Absolutely no food or drink is allowed in the computer lab.

Display of Classroom Work in the School and the Community

Classroom teachers are encouraged to display student work for public viewing. Students and parents enjoy viewing the display and may be even more supportive of their school because the display shows them many of the things the students do. Classroom teachers may use the window area of the central office or the commons area to display student work or they may use it during a night activity. Certified staff must contact the principal before displaying student work at an evening activity.

Duties of Certified Staff

The duties of certified staff include, but are not limited to, the following:

- a) Becoming acquainted with board policies, district rules and regulations, and the state laws concerning teachers and pupils.
- b) Attending such education conferences as are required by law or administrative directives.
- c) Attending school assemblies unless excused by the principal.
- d) Instructing pupils in the proper use of equipment and instructional supplies.
- e) Reporting in writing to the principal any injury to any child while under the jurisdiction of the school, including athletic injuries.
- f) Complying with the Teachers Professional Code of Ethics which has been promulgated by the Nebraska Department of Education (92 Neb. Admin. Code § 27) and adopted by the Board of Education of the district.
- g) Discussing a student only with the child's parents and the superintendent, principal, guidance counselor or classroom teachers who may know the circumstances and have a need to know. It is unprofessional and inappropriate to discuss students or other staff members in the staff lounge.
- h) Being responsible for students whom they keep in school at times other than during regular school time. Certified staff will be responsible for any special work done by their students, including field trips, joint assemblies, school programs, etc.
- i) Refraining from joining book clubs or film clubs using the school name.
- j) Turning in all monies collected to the main office by the end of the school day.

- k) Clearing all class meetings or trips through the principal's office.
- l) Participating in Student Assistance Teams pursuant to board policy.
- m) Assisting with the administration of standardized testing as assigned by the administration.
- n) Provide homebound instruction as assigned by the administration.
- o) Performing additional duties as assigned by the administration.

Eligibility Grades 7-12

Student academic eligibility for participation in extracurricular activities will be determined on a weekly basis. A student will become ineligible by maintaining an average of less than 69% in two or more classes weekly or less than 69% in one class for more than two weeks. Eligibility will be based on the weekly cumulative semester mathematical average of each student. The grading period will end at the conclusion of school on the last school day of the week. At the discretion of the sponsor, ineligible students will be allowed to participate in practice. Activities affected by the eligibility rule are:

1. All interscholastic contests, including but not limited to, athletics, FFA, FBLA, speech contests, and similar organizations or events.
2. Cheerleading.
3. Music competition, performances and clinics.
4. All school dances.
5. Other activities deemed appropriate by the principal.

Extracurricular Activities

Staff must schedule all events and other extracurricular activities at the activity director's office to avoid conflicts. Activities must be put on the school calendar located in the activity director's office at least one week before the activity. Staff should avoid or shorten practices and activities on Wednesday evenings and Sundays, in order to give students sufficient time away from school for family-related activities.

Certain activities require time to be scheduled outside regular school hours. Any school sponsored activity involving students must have approval of the principal prior to the activity, including all fund raising activities.

Regular classroom work in all grades will have precedence over any other activity. Students will not be dismissed from classes to participate in extracurricular activities without permission from the principal. Make up slips must be completely signed and returned to the sponsor of the activity prior to dismissal from class. All evening activities, except practices, must have no less than two school sponsors. Non-school sponsors must be

approved by the administration. If vehicles are used for transportation, the drivers must be adults who have been approved by the school.

The activities director has the responsibility for all activities. Therefore, any ruling or handbook decision he/she makes will be school regulation in lieu of further board action.

No student may participate in a field trip off school property without written permission of his or her parent or guardian.

Evacuations

Early in the semester, classroom teachers should review instructions for leaving the classroom with all of their students. Classroom teachers should also periodically review with each class what to do in case of fire, tornado or other emergency.

1. Fire Drills

Fire drills will be held on a regular basis. Certified staff may or may not be notified in advance. These drills are important exercises that help ensure the safety of students in case of an emergency.

When the fire alarm is sounded, all students and staff immediately must cease the activity in which they are engaged and leave the building at once, following these regulations:

- a) Students nearest the windows will close them before leaving.
- b) The classroom teacher will be the last to leave the room. They will turn out all the lights and close the door as they leave.
- c) Classroom teachers will take their fire drill packets and class grade books with them when they leave their classrooms.
- d) The first two students reaching the exit doors will hold the doors wide open until everyone has filed out.
- e) Staff and students will move far enough away from the building to avoid possible injury from fire and falling embers, and also, to remain clear of emergency vehicle traffic.
- f) Once outside, each teacher must account for every student in the class. Classroom teachers will take roll for their class and;
 - 1) hold up a Green Card (all students accounted for)
 - 2) hold up a Red Card (missing student (s) listed)
 - 3) hold up a White Card (extra students listed)

The signal to return to the school building will be the short bell. It will be sounded upon completion of the drill. Students will return in an orderly manner.

2. Tornado Drills

When a tornado warning has been issued, the school will evacuate classrooms and move students to the designated tornado shelters. Tornado alerts will be given via the intercom system. When a tornado alert is given, all students and staff immediately must cease the activity in which they are engaged immediately and seek shelter, following these regulations:

- a) All students and staff should proceed to the designated tornado shelter.
- b) Once in the basement, each teacher must account for every student in the class.
- c) Classroom teachers should be sure that each student is sitting with his or her back to the wall, their knees up and their heads should be between their legs.

3. Protocol for all Evacuations

Upon evacuation signals, all students and staff must exit each building. Classroom teachers should do the following:

- 1) Take the class roster;
- 2) Lock the classroom door after all occupants have exited the room;
- 3) Keep the class together and move promptly in an orderly fashion; and
- 4) Upon arriving at the evacuation point, take roll, maintain order, and supervise students.

Evaluations

The appropriate district administrator will evaluate tenured and probationary teachers as required by law and district policy. Additional evaluations, both formal and informal, may be conducted as the district administration deems appropriate. Copies of the district's evaluation forms are contained at the end of this handbook.

Examinations

Semester examinations will be given in all classes. Students are not to type tests or grade any major tests.

Faculty Meetings

The superintendent and principals will call meetings as needed. Certified staff are required to be present at all faculty meetings unless excused by the administration.

Field Trip Request Forms

Certified staff who wish to take students off school property must submit a request to the superintendent at least ten calendar days prior to the date of the requested activity.

Elementary grades will be limited to one field trip per year. Additional requests may be granted on a case by case basis.

Grading Policy

Weekly grades for Jr.-Sr. High School students must be turned into PowerSchool by **Sunday on or before 8:00 PM.**

Grades are given as a letter or percentage as requested by the building principal. No incomplete or condition grades will be given, but grades may be changed by request of the classroom teacher to the principal.

A student is to be graded on academic performance. **A student's grade is not to be reduced for discipline.** Prejudice or favoritism has no place in grading a student. All grading should be explained in simple, understandable terms to the student.

Classroom teachers should provide students and parents with frequent updates regarding the student's progress during the quarter. **Teachers are required to assign at least 2 grades in the grade book per student each week.** Graded assignments do not include bell-ringers. At the conclusion of each quarter, students will receive an end-of-quarter report card. Classroom teachers should use the following symbols for each subject area:

Students will receive letter grades for their academic core classes.

A+	=	98-100	B-	=	85-88	D+	=	75-76
A	=	96- 97	C+	=	83-84	D	=	72-74
A-	=	93- 95	C	=	79-82	D-	=	69-71
B+	=	91- 92	C-	=	77-78	F	=	below-69
B	=	89- 90						

In the elementary grades, students will receive letter grades only in designated "core" curricular subjects. Elementary teachers should report student progress on grade reports using the following system:

Guest Lecturers

Guest lecturers must be approved by the administration before they are asked to address a class. The guest lecturer must have a specific, relatable objective in his/her lecture.

Hall Duty

Every classroom teacher is on hall duty before school in the morning and between classes. Classroom teachers are responsible especially for the part of the hall adjacent to their classrooms.

Homework Policy

Homework is an important part of student learning. When parents, teachers, and students work together, out-of-class assignments are a valuable part of the instructional program. Homework should provide opportunities for students to practice acquired skills, develop initiative, form independent study habits, and use community resources.

Instructional Materials

Instructional materials are made available through the Education Service Unit. A catalog and order forms will be made available to all members. Films should be used as instructional materials. All media must be previewed for suitability by the classroom teacher before being shown to students.

Lesson Plans

Each teacher will prepare and complete a proper lesson plan on Planbook. These plans must be written so that they are clear to any substitute teacher and readily available to any teacher. An up-to-date seating chart of the class or classes shall be part of the lesson plan book. Other regulations relative to lesson plans will be made by individual building principals. The lesson plans of all classroom teachers are subject to review of the building principal or other members of the school district's administration at any time

Lesson plans must **identify major instructional objectives and show page assignments and general direction that might be followed by anyone who might be called upon to teach the classes.**

Lesson plans for the upcoming week must be submitted by **8:00 p.m. on Sunday** of each preceding week.

Media Center

The media center is set up to serve the needs of certified staff and students. Certified staff who need assistance with textbooks, literature sets,

magazines and other reference materials should consult with the media specialist assigned to their building.

Students may use the media center during study halls, at lunch, after school and in the evenings. Classroom teachers may send individual students to use the media center during class time, but should contact the media staff before sending a group of students during class. The media staff may send disruptive students back to class or study hall, or may exclude unruly students from the media center for a specified period of time. Classroom teachers who send their entire class to the media center must accompany and supervise the students, unless prior arrangements have been made with the media specialist.

Audiovisual materials are available to certified staff through the media center. Certified staff may obtain these materials by filling out the required requisition form and sending it to the media specialist in their building. When certified staff return media, they should complete the film report card and return it to the media specialist.

Paraeducators

Paraeducators provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraeducator must not, however, assume teaching responsibilities. The classroom teacher must maintain the role of leadership and responsibility for the students, with the teacher aide in a supportive role. Paraeducators may be used to assist the classroom teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculating and recording grades. Paraeducators are to work only on and within their assigned work days. If the classroom teacher desires the paraeducator to work hours other than the assigned work hours or assigned work day, he or she must contact the administration for approval.

Parent-Teacher Communication

Students' academic success has been closely linked to parental involvement in school. Certified staff should strive to develop open and supportive relationships with parents and guardians. Each classroom teacher is responsible for keeping a student's parents informed about the student's progress. This may be done by letter, telephone, e-mail, or personal conference. Certified staff must attend parent teacher conferences, promptly return phone calls, participate in teacher events for students and parents, and where necessary utilize a planner as a communication tool.

Certified staff who need additional support in communicating with parents should contact their building principal or superintendent.

Parties

1. No activities or picnics shall be held by an organization of the school without the presence of the sponsor or sponsors.
2. The number of activities and the closing hour for activities will be determined by the building principal and organization sponsor.
3. In making arrangements for activities and picnics, staff must avoid disturbing the routine of the school.
4. Cleaning up after the activity is the responsibility of the sponsor.

Planning Time

Each classroom teacher is provided with duty-free time for planning, preparation of school-related materials, and a brief respite from the duties of the day.

The Board defines planning time as time for educational planning and other task-related functions that cannot normally be accomplished during instructional periods. Planning time should not be confused with personal time. **Planning time is not to be used for running personal errands, conducting personal business, or pursuing non-school hobbies and/or interests. Instances in which staff need to leave the building for personal business, must be cleared with administration.**

PowerSchool

All teachers/classroom aids will be required to use PowerSchool. Attendance will be taken as follows: Elementary – at the beginning of the morning, and right after lunch; and Secondary – at the beginning of every period. Attendance must be taken within the first five minutes of each period / beginning session. Lunch count will also be taken with PowerSchool.

Classroom teachers will be required to synchronize the PowerSchool application weekly with the main PowerSchool server.

A "comment bank" will be developed for comments on progress reports, report cards, and discipline reports at a later date. You may use the "comment bank" or enter your own free-form comment.

Certified staff are required to document student incidents using Incident Reports on PowerSchool.

Classroom teachers are not permitted to install PowerSchool on their home computer.

Certified staff who have trouble/problems with PowerSchool, should contact the front office or principal.

Private Tutoring

Classroom teachers must provide individual assistance to students as a part of their duties. Any certified staff member who engages in private tutoring for pay (compensation of any kind from a source other than the District) is subject to the following rules:

- Certified staff may not arrange to provide private tutoring for any child enrolled in the staff member's class.
- Certified staff are not to provide private tutoring in a school building.
- Certified staff are not to provide private tutoring during duty time.
- Certified staff are prohibited from advertising or promoting the private tutoring services in the school or in the school's communications systems except with the express permission of the Superintendent or designee.

Pupils' Records

1. Each classroom teacher must keep a set of records in the daily class record book of the class recitations, tests, exams, daily work, notebook, etc. This serves as a justification of the final grade in case of dispute between teacher and pupil, or teacher and parent, and assists in making out the final grades. This book must be turned into the principal at the end of each school year.
2. Report cards will be issued within one week following the end of the quarter unless otherwise announced.
 - a) Reports should be conscientiously and accurately made because they are a serious estimate of the degree of success of the pupil.
 - b) Each classroom teacher should be adequately prepared to defend all decisions given on the report card.
 - c) Each classroom teacher is responsible for distribution of class cards on time.
 - d) Classroom teachers must confer with the principal before recording any incomplete, failing, or conditional grades on report cards.

Rights of Certified and Probationary Teachers

Certified and probationary teachers are entitled to the legal and procedural rights outlined in the board policies and state and federal law with regard to the amendment, cancellation, or termination of the teacher's employment contract. For specific questions relating to those procedural or legal rights, please refer to the district's board policies.

School Day

All certified staff must be at school or on duty between the hours of 7:45 a.m. and 4:00 p.m., Monday through Thursday. On Friday and other days

when students are dismissed early, teachers are to be in the building until regular student dismissal time. In-service or special permissions would be exceptions. Under special circumstances, certified staff may seek permission from their building principal to vary these duty hours. In addition, certified staff may be assigned responsibilities at other hours by the principal or superintendent for supervising or directing school activities or affairs or for participation in affairs under the direct sponsorship of the school.

Each teacher will be in his or her classroom and ready to teach at 8:00 a.m. each day. Classroom teachers will stand at their doors when class is dismissed and must be outside their classroom doors before each class period. Classroom teachers must be physically present in their classrooms at all times during class periods and conference periods.

Personal work may not be done on school time.

Sponsors

Certified staff members are assigned by the superintendent as class and club sponsors. Sponsors must be present at all meetings and activities of the sponsored group. The procedure for activity accounts and meetings can be found in the student manual. Purchasing of supplies must be approved by the Superintendent.

Student Activities

Staff members who sponsor extracurricular activities such as athletics, class plays, and class activities may leave the school building only after making sure that all students and other individuals have left the building. No student is to be left unattended in the school building at any time.

School-owned clothing or equipment that is checked out to students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for its intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Certified staff will be held responsible for clothing and equipment that is not returned.

Student Aides

Student aides are to be directly supervised by the certified staff member and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the certified staff member by helping supervise another student, grade tests or class work, calculate student grades, or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aide should not be present and assisting a certified staff member without another adult present after the end of regular teacher duty hours.

Student Attendance

Students are expected to arrive at each class, be seated and ready for instruction prior to the beginning of the class day or class period, as appropriate. Student tardiness is the classroom teacher's professional responsibility. Classroom teachers must insist that students be on time.

Each teacher must maintain an accurate record of student attendance each day. Classroom teachers must carefully check and record attendance information at the beginning of each school day and, in upper grades, at the beginning of each period. Students and student assistants are not permitted to check attendance. Excessive absenteeism should be reported to the building principal or guidance counselor.

Students returning from an absence must report to the office prior to going to class. A returning absentee must show each classroom teacher the admittance pass that was issued by the school office. No student should be accepted back into class after an absence without this pass.

A student who departs school during the school day must report to the office and sign out before leaving the building. A student who returns during the school day must sign in at the building office before returning to class.

Student Attire

The responsibility for proper daily grooming and dress is primarily the responsibility of students and parents/guardians. However, certified staff members must insist that students do not remain in school while wearing attire that violates the dress code set forth in the Student Handbook.

Classroom teachers must report students who are not in compliance with the dress code to the building principal. The final decision on what is considered proper grooming and appearance is the responsibility of the building principal.

Student Illness

In the event of student illness or injury, classroom teachers should notify the building principal or superintendent immediately. Staff should never send a pupil home without notifying school officials and checking to see if his/her parents are home.

Student Medication

Student medications should not be dispensed by staff members unless they follow the following procedures.

No staff members other than the school nurse may dispense medications

(prescription or over-the-counter) to students at any time. Students may, with written parental or guardian permission, self-administer medications such as aspirin and cough syrup or cough drops.

Staff members are not authorized to dispense prescription medicine without an agreement with a parent or guardian to provide a prescription container for the medicine that includes a pharmaceutical label, the physician's name, a child guard cap and directions for administering the medication.

After receiving the medication, the school employee should lock the medication in a cabinet or place it in an area where access is restricted to school employees only.

Student Searches

Certified staff members may not search students or their belongings. If a staff member suspects that a student is in possession of contraband, he/she should immediately contact a member of the administration and supervise the student until the administrator arrives. Students who are suspected of having an item in violation of school rules may be directed to wait with a staff member.

Substitute Teaching During Planning Period

Certified staff may be required to substitute during their planning period.

Teaching Controversial Issues

Teachers may teach or lead discussions about controversial issues if they comply with the following criteria:

- The issues discussed must be relevant to the curriculum and be part of a planned educational program.
- Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
- The teacher must encourage students to consider and discuss a variety of viewpoints.
- The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
- The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
- The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
- Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda through any classroom or a school device; however, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Textbooks

Classroom teachers will issue textbooks to the pupils, keeping a record of the number and condition of the book assigned to each pupil. If the books are new, classroom teachers must make sure the books are stamped and numbered before distribution.

Textbooks are to be stored in the classroom or storeroom. Textbooks are to be checked out to the students with teachers keeping an accurate record of each book by number in the place provided in grade books. Pupils are to pay for lost or damaged books. Student textbooks must be covered with a book cover.

Workbooks do not become the property of the students and in most cases should be retained by the school.

POLICIES AND PROCEDURES REGARDING CLASSIFIED STAFF

If there is a variance of the workday on a permanent basis, such variance must be approved by the superintendent or designee.

It is vital that the district's employees arrive at work punctually and consistently. Staff members who are chronically late or excessively absent will be disciplined, up to and including discharge.

Employee Discipline

Employees may be disciplined by oral reprimand, written reprimand, suspension with pay, suspension without pay, or termination. Imposition of discipline is at the sole discretion of the administration and no particular order of discipline (i.e. oral reprimand, written reprimand, suspension, etc.) need to be followed. The third reprimand will lead to termination.

The only exceptions are those who have been notified in writing that they are exempt from this time-keeping requirement. Classified staff should not work more than forty hours in a given week without the express permission of their immediate supervisor. Those who

accrue more than forty hours in a given workweek will receive overtime or compensatory time, pursuant to board policy.

Performance Evaluation

The administration shall, at least once annually, evaluate employees under his or her immediate supervision. More than one evaluation may be conducted, if necessary. If no formal written evaluations are completed by the administration, this shall not limit the administration from imposing discipline up to and including termination.

Personal Leave

Personal leave must be approved in advance by the employee's immediate supervisor or the Superintendent. There shall be no carryover of personal days from year to year. Classified employees shall be paid for any unused personal days at the end of the school year or in the event of termination of employment.

Classified employees (10 Months) shall receive two paid days of personal leave. Classified employees may be given unpaid personal leave requested in advance at the discretion of the employee's immediate supervisor or the Superintendent.

Current employees may apply for the position to the superintendent or designee in writing. The superintendent or designee shall have the exclusive right to consider all applicants (employees and nonemployees) for a vacancy and to select any one of the applicants or to offer the job to a person who was invited to apply for the position.

A staff member who is too ill to come to work, or who has a qualifying family member who is too ill to be left alone, must notify his or her immediate supervisor at least three hours prior to the time he/she regularly reports to work. Sick leave does not accumulate from year to year. Sick leave may be used for bereavement. Classified employees shall not be paid for accrued unused sick days at the end of the school year or in the event of termination of employment.

Staff Dress Code

All classified staff are expected to maintain a standard of dress, personal appearance, general decorum, moral standards, and behavior that reflects their professional status in the community.

Wages

Wages for the school year will be set at a Board of Education meeting. All classified staff wages will be set by August 20th each year.

Bus Driver Guidelines

The following guidelines will be helpful in the operation of the bus routes:

1. Drivers will indicate they have inspected their bus by initialing the A.M. and P.M. spaces on the bus sheet.
2. Drivers are responsible for notifying riders on storm days. School personnel will notify the drivers when inclement weather will make a change to the school schedule (i.e., no school, late start, or early dismissal) for that day.

3. In addition to the operation of the bus, the drivers are to see that their vehicle is kept in good service and repair. The drivers must inform the transportation supervisor of mechanical problems on the bus.
4. The transportation supervisor will be responsible for getting the buses serviced every 4,000 miles.
5. Drivers must fill out route sheets to include, time on, time off, phone numbers, and rider's names.
6. If a substitute driver is needed, notify the transportation supervisor as soon as possible.
7. Pick up times will be assigned to pick up points. The driver is expected to wait two (2) minutes past the pick-up time, if necessary, in case the riders are late.
8. Buses will not be driven anywhere except assigned routes or activity trips, without prior administrative approval.
9. Buses arriving in the morning will use loading lights and stop arm.
10. Route drivers are assigned to drive activity trips (e.g., games, field trips), as necessary by the superintendent. Regular route drivers receive pay for 1 route for each activity trip. Non-route drivers receive pay for 2 routes for each activity trip beyond 10 miles.
11. Activity buses will be brought in from trips swept clean and full of fuel.
12. There are to be no unauthorized riders unless with prior administrative approval.
13. The driver must report any problems with students (e.g., behavior, regular tardiness) to the administration.
14. The driver is not to leave a student off the bus at any stop that is not the student's regular stop, unless with prior notification from school office personnel.
15. Buses will pick up students at the house where student safety and roads permit unless other arrangements have been made. These arrangements will be made in consultation with the parent, driver, transportation supervisor, and the administration.
16. If, because of disciplinary consequences, a student's riding privileges are suspended, the suspension will begin the day following the issuance of the suspension.

The Bertrand Board of Education reserves the right to change bus routes at any time it deems necessary or justified. However, all patrons and school personnel involved will be notified before any changes go into effect.

Section 2 Student Rules in Handbook

PARENTS: Please go over these rules with your children. Student safety is our most important consideration and their knowledge of and compliance with the rules are imperative. Students should follow these rules:

1. Be careful in approaching bus stops. Walk on the left toward oncoming traffic. As the bus approaches do not cross the road in front of the bus until it comes to a complete stop.
2. When the bus stops either at your driveway or at the school, do not crowd to get on the bus. Don't approach the bus until it comes to a complete stop. Children are reminded to stay back from the curb until the bus stops.
3. When leaving the bus at your driveway, walk ten to twelve feet in front of the vehicle and look both ways before crossing.
4. When the bus approaches a railroad crossing, students should be quiet so the driver may listen for oncoming trains.
5. Remain seated at all times while the bus is in motion. In preparing to get off the bus, stay in your seat until the bus comes to a complete stop.
6. Older children should look after the safety of younger children.
7. Keep arms, legs, and hands inside the bus at all times.
8. Refrain from loud talking, playing, or fighting on the bus. Confusion distracts the driver's attention and could result in a serious accident. Do not visit with the driver.
9. Be courteous at all times. Obey the driver.
10. Be on time at the bus stop to keep the bus on schedule. If the student is not at the stop when the bus arrives, he/she should be leaving the house by the time the bus stops. No more than two minutes will be allowed for waiting in any case.
11. Students can only ride their regularly assigned bus and disembark from the bus at the regular bus stop. Office personnel must be informed of any changes in student riding status. No changes will be made in the location of bus stops or bus routing without the approval of the administration.
12. Be helpful in keeping the bus clean and sanitary. Please do not leave belongings on the bus.

Violation of these rules will result in the student being reported to the school administration. If necessary, students will be denied the privilege of riding the school bus. Consequences for violating these rules could include, but not be limited to, a verbal warning, assigned seating, a visit with the parents/guardians, or removal from the bus. Depending on the seriousness of the infractions, a student could be removed from the bus on the first or second offense. While riding the bus, please remember that the bus driver is the authority. Please respect the driver's directives as they are for your well-being.

It is not possible to set exact rules and guidelines to fit all occasions and situations, but the guidelines included in this handbook are a good effort.

I. Staff Expectations in Use of the Internet

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

A. Acceptable Use While on Duty or on School Property

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.
4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

B. Unacceptable Use While on Duty or on School Property

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.
4. The only political advocacy allowed by staff on school computers or district internet access is that which is

permitted by the Political Accountability and Disclosure Act and complies with district policy.

5. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access

for staff access to a site with legitimate educational value that is wrongly blocked.

3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Title IX Policy

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

1. Title IX Coordinator

1.1. **Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the “**Title IX Coordinator.**” The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. Such a report may be made at any time (including during non-business hours).

2. **Definitions.** As used in this policy, the following terms are defined as follows:

2.1. **Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). “Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

2.2. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district’s education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission (such as by

electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

2.4. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

2.5. **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;

2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;

2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:

2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.

2.6.3.1.1. **Rape**—(Except Statutory Rape)
The carnal knowledge of a person, without the

consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law

2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent

2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a), which means violence committed by a person—

2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; and

2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:

2.6.4.2.1. The length of the relationship.

2.6.4.2.2. The type of relationship.

2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.

2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a), which includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction receiving grant funding and, in the case of victim services, includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who—

2.6.5.1. is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim;

2.6.5.2. is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;

2.6.5.3. shares a child in common with the victim; or

2.6.5.4. commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

2.6.6.1. fear for his or her safety or the safety of others; or

2.6.6.2. suffer substantial emotional distress.

2.7. **Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

3. Discrimination Not Involving Sexual Harassment.

3.1. **General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

3.2. **Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;

3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;

3.2.3. Deny any person any such aid, benefit, or service;

3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;

3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;

3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;

3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

3.3. Complaint Procedure. All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district’s general complaint procedure, Board Policy 2006.

4. Response to Sexual Harassment

4.1. Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District’s Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

4.2. General Response to Sexual Harassment. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy “education program or activity” includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district’s response will treat complainants and respondents equitably by

offering supportive measures as defined in subsection 2.7 above to a complainant, and by following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

4.3. Emergency Removal. Nothing in this policy precludes the district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

4.4. Administrative Leave. Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

4.5. General Response Not Conditioned on Formal Complaint. With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

5. Grievance Process for Formal Complaints of Sexual Harassment.

5.1. General Requirements.

5.1.1. Equitable Treatment. The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not

supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

5.1.2. **Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

5.1.3. **Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

5.1.4. **Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

5.1.4.1. **All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

5.1.4.2. **Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

5.1.4.2.1. The definition of sexual harassment in subsection 2.6;

5.1.4.2.2. The scope of the district's education program or activity;

5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

5.1.4.2.4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection **Error! Reference source not found..**

5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.

5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

5.1.7. Range of Possible Sanctions and Remedies.

Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.

5.1.8. Range of Supportive Measures. The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.

5.1.9. Respect for Privileged Information. The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

5.2. Notice of Allegations.

5.2.1. Initial Notice. Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:

5.2.1.1. A copy of this policy.

5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review evidence under subsection 5.5.5. The written notice will inform the

parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

5.3. **Dismissal of Formal Complaint.**

5.3.1. The district will investigate the allegations in a formal complaint.

5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:

5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;

5.3.2.2. Did not occur in the district's education program or activity; or

5.3.2.3. Did not occur against a person in the United States.

5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:

5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;

5.3.3.2. The respondent is no longer enrolled in or employed by the district; or

5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

5.4. Consolidation of Formal Complaints. The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

5.5. Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will:

5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;

5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);

5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;

5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;

5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;

5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and

5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

5.6. **Determination Regarding Responsibility**

5.6.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).

5.6.2. **Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

5.6.3. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:

5.6.3.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;

5.6.3.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

5.6.3.3. Findings of fact supporting the determination;

5.6.3.4. Conclusions regarding the application of the district's code of conduct to the facts;

5.6.3.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

5.6.3.6. The district's procedures and permissible bases for the complainant and respondent to appeal.

5.6.4. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

5.6.5. The Title IX Coordinator is responsible for effective implementation of any remedies.

5.7. **Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

5.7.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.7.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.

5.7.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the

district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:

5.7.2.1. Procedural irregularity that affected the outcome of the matter;

5.7.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

5.7.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

5.7.3. As to all appeals, the district will:

5.7.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;

5.7.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;

5.7.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.

5.7.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;

5.7.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and

5.7.3.6. Provide the written decision simultaneously to both parties.

5.8. Informal Resolution. The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing

employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

5.8.1. Provides to the parties a written notice disclosing:

5.8.1.1. The allegations;

5.8.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

5.8.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and

5.8.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

5.8.2. Obtains the parties' voluntary, written consent to the informal resolution process; and

5.8.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

5.9. **Recordkeeping.**

5.9.1. The district will maintain for a period of seven years records of:

5.9.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant

designed to restore or preserve equal access to the district's education program or activity;

5.9.1.2. Any appeal and the result therefrom;

5.9.1.3. Any informal resolution and the result therefrom; and

5.9.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.

5.9.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

6. **Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

7. **Access to Classes and Schools.**

7.1. **General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

7.1.1. **Contact sports in physical education classes.**

This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

7.1.2. **Ability grouping in physical education classes.**

This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

7.2. **Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

8. **Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

8.1. **Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

8.2. **Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams will not constitute noncompliance with this section.

9. **Certain Different Treatment on the Basis of Sex Permitted.**

Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

10. **Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

10.1. **Specific Circumstances.**

10.1.1. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section.

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

11. **Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or

activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

12. **Publication of Policy.** The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

13. **Application Outside the United States.** The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

14. **Scope of Policy.** Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

EMERGENCY RESPONSE TO LIFE-THREATENING ASTHMA OR SYSTEMIC ALLERGIC REACTIONS (ANAPHYLAXIS)

DEFINITION: Life-threatening asthma consists of an acute episode of worsening airflow obstruction. Immediate action and monitoring are necessary.

A systemic allergic reaction (anaphylaxis) is a severe response resulting in cardiovascular collapse (shock) after the injection of an antigen (e.g. bee or other insect sting), ingestion of a food or medication, or exposure to other allergens, such as animal fur, chemical irritants, pollens or molds, among others. - Breathlessness causing speech in one-to-two word phrases or complete inability to speak

ANAPHYLACTIC SYMPTOMS OF BODY SYSTEM: Any of the symptoms may occur within seconds. The more immediate the reaction, the more severe the reaction may become. Any of the symptoms present require several hours of monitoring.

- **Skin:** warmth, itching, and/or tingling of underarms/groin, flushing, hives
- **Abdominal:** pain, nausea and vomiting, diarrhea
- **Oral/Respiratory:** sneezing, swelling of face (lips, mouth, tongue, throat), lump or tightness in the throat, hoarseness, difficulty inhaling, shortness of breath, decrease in peak flow meter reading, wheezing reaction
- **Cardiovascular:** headache, low blood pressure (shock), lightheadedness, fainting, loss of consciousness, rapid heart rate, ventricular fibrillation (no pulse)
- **Mental status:** apprehension, anxiety, restlessness, irritability

EMERGENCY PROTOCOL:

1. CALL 911.
2. Summon school nurse if available. If not, summon designated trained, non-medical staff to implement an emergency protocol.
3. Check airway patency, breathing, respiratory rate, and pulse.
4. Administer medications (epinephrine auto injector and nebulized albuterol) per standing order.
5. Determine cause as quickly as possible.
6. Monitor vital signs (pulse, respiration, etc.).
7. Contact parents immediately and prescribing health care practitioner as soon as possible.
8. Any individual treated for symptoms with epinephrine at a school will be transferred to a medical facility.

STANDING ORDERS FOR RESPONSE TO LIFE-THREATENING ASTHMA OR ANAPHYLAXIS:

- Administer epinephrine auto injector junior for any child less than 60 pounds or adult epinephrine auto injector for any individual over 60 pounds into the muscle towards the front and outer side of the thigh.
- Follow with nebulized albuterol while awaiting EMS.
- If symptoms persist, repeat epinephrine auto injector followed by nebulized albuterol every fifteen minutes while awaiting EMS arrival.
- Administer CPR, if indicated.

Potty Training

At Bertrand Community Preschool, we strive to provide a high-quality preschool experience rooted in hands-on learning, play-based experiences, and opportunities that support school and kindergarten readiness. While we understand the excitement of beginning preschool at age three, children enrolled in our program must be independently toilet trained.

Independent toileting means that children:

- Wear regular underwear and are not in pull-ups or training pants during the preschool day.
- Recognize when they need to use the restroom and do not require watches, alarms, or frequent reminders to use the toilet.
- Can successfully participate in scheduled restroom breaks with only

routine prompts provided to the entire class.

- Can manage their toileting needs with minimal assistance.

We understand that occasional accidents are a normal part of development and will be handled with patience and understanding. However, repeated accidents or multiple accidents within a day indicate that a child may not yet be developmentally ready for the preschool environment. Children who require continual reminders, are wearing pull-ups, or are experiencing frequent accidents may be asked to delay enrollment or temporarily withdraw from the program until they are consistently demonstrating independent toileting skills.

Bertrand Community Preschool is a preschool program designed to provide meaningful learning experiences that support children's academic, social, and emotional growth. To ensure a successful experience for all children, the final determination regarding a child's readiness for preschool and continued enrollment due to toileting concerns rests solely with Mrs. Fitzgerald and Bertrand Community Preschool.

Health Screenings

The school nurse or the designated school nurse representative, will make one visit to the preschool per year. During the visit, your child will be weighed and measured, immunization records will be checked, and a visual exam of their teeth will be performed. Vision and hearing screenings will also be completed. If there are any concerns in these areas, parents/guardians will receive a note from the nurse/representative.

Home Visits

As required by Nebraska law, Mrs. Fitzgerald will be conducting 2-3 home visits throughout the school year. The purpose of these visits is to build family relationships between home and school. Mrs. Fitzgerald will be reaching out to set up times as we begin our new school year.

Donations: It is our goal to provide all the necessary supplies for our students. Occasionally, we are asked about donations. We greatly appreciate those who have supported our program through monetary donations and donations of

supplies. **The Bertrand Preschool welcomes and will gladly accept any donations!**

Visitors & Chaperones

Parents are welcome to be a guest reader in our Preschool classroom; please contact Mrs. Fitzgerald if you would like to be a reader. We will also participate in field trips throughout the school year and parents are encouraged to help chaperone.

Photographs and Publicity

In our Preschool classroom, Mrs. Fitzgerald will be taking pictures and sharing special moments throughout the year. RESOLUTION 2026-27-01
SCHOOL DISTRICT STANDARDS FOR ACCEPTANCE OR REJECTION OF OPTION
ENROLLMENT APPLICATIONS

WHEREAS, Bertrand Community School is committed to providing an education of high quality to its students in an economically efficient manner; and

WHEREAS, the school district's faculty, facilities, and equipment can serve only a limited number of students effectively; and

WHEREAS, the Bertrand Community School Board of Education, in consultation with the administration, has reviewed the school district's faculty, facilities, equipment, interdisciplinary efforts and interrelationships of grades, subjects, and faculty; and has determined the maximum number of students it can serve effectively at any given grade level and in total.

NOW, THEREFORE BE IT RESOLVED that the board adopts the following standards for acceptance or rejection of option enrollment applications:

Special Education Capacity. Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that the student has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been diagnosed with a disability as defined in section 79-1118.01, the application will be evaluated by the director of special education services or the director's designee who must determine if the school district and the appropriate class, grade level, or school building has the capacity to provide the applicant the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

Numeric Capacity. The capacity in the following grade levels, programs, classes, and/or school buildings is as follows:

K	1	2	3	4	5	6	7	8	9	10	11	12
15	17	17	17	19	19	19	20	20	20	20	20	20

Total enrollment for the school district: **245** students.

The Board of Education reserves the authority to further determine numeric capacity of classes, grade levels, or school buildings by operation of resolution, by action of the Superintendent as the board's designee, or through freestanding action to the extent permitted by law and policy.

Programmatic Capacity. The board declares the following grade levels to be at capacity such that no option applications into any of the following will be accepted for the 2026-2027 school year: **Grades: 1, 4, 11, 12**

Other Standards. The school district shall not accept an option student when acceptance of the student:

- (a) Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- (b) Would require the procurement of new equipment, technology, or furnishings;
- (c) Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- (d) Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- (e) May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

Having been consented to by a majority of the voting members, the board president declared the motion to have been passed and adopted.

Dated this 13th day of July, 2026.

President, Board of Education

5001 Compulsory Attendance and Excessive Absenteeism

"School success is 90 percent showing up; the other half is mental."

-Yogi Berra

Research on policies and practices that effectively encourage regular student attendance share some key components:

1. Education of parents regarding school attendance requirements.
2. Effective policies and practices to monitor attendance.
3. Clear definition of excessive absenteeism and a two-stage response to excessive absences.

The board has considered this educational research and used it to create the following policy on Compulsory Attendance and Excessive Absenteeism.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment

is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the

documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Expectations for Regular Attendance:

1. Students are expected to attend every class, every day.
2. The only "excused" absences shall be:
 - a.) absences when the Nebraska State Patrol confirms in writing that weather conditions have made the roads impassable so that the student's attendance impracticable or impossible;
 - b.) student attendance at a school-sponsored activity;
 - c.) student has been suspended or expelled from school by the school district; and
 - d.) absences required by law enforcement, child protective services or a court of competent jurisdiction, confirmed in writing to the school district.
3. All other absences, including absences for minor physical or mental illnesses, family events, routine medical appointments are simply "absences."
4. Students will have one school day to make up work for each day absent, up to a maximum of five school days. Any additional time granted by the teacher beyond the allotted make-up period will require the student to attend teacher-designated tutoring or intervention sessions outside of regular class time to recover missed instruction. Failure to attend required sessions may result in the loss of the extension.
5. Students must not be absent (regardless of excused or unexcused) from any course more than ten days (or the hourly equivalent) in any given semester in order to earn academic credit for that course. Students who lose credit in any given course due to absences may appeal that loss of credit to the administration.

When students are absent from school, district staff will respond as follows:

First Stage Response to Absences

1. A member of district staff will contact parent via telephone for every absence if the parent has not contacted the school in advance.
2. After a student's fifth absence in any given quarter, the school's attendance officer (principal) will schedule a meeting with the student's parents or guardians.
 - a. This meeting must be attended by attendance officer, parents, social worker (if applicable), and the student (if appropriate).
 - b. The meeting shall be documented.

- c. The meeting shall develop a collaborative plan to assist the student in improving his/her attendance.

Second Stage Response to Absences
