Public Input to the Board

It is the policy of the Board of Education to provide for and encourage input from its various constituents in an appropriate and orderly fashion at regularly scheduled Board of Education meetings. The board is open to and encourages input on school issues from the public. The board would prefer that individuals or groups with school related concerns first attempt to resolve those concerns through established administrative channels.

1. Matters concerning an individual school shall be discussed first with the respective building administrator of the school.
2. If the matter is not resolved satisfactorily at the school level, it may then be brought to the Superintendent.
3. If the matter is not resolved satisfactorily at the Superintendent's level, it may then be brought before the board of education by:
 - a. Addressing the matter during Open Forum at a regular, monthly board meeting; individual presentations should be no longer than three (3) minutes and the total allotted Open Forum agenda time will be a maximum of thirty (30) minutes.
 - b. Requesting a formal agenda item by contacting the superintendent or board president on or before the Thursday prior to the regular, monthly meeting which, unless otherwise announced, will be on the first Monday of every month.
 - c. Submitting the matter in writing, said documentation can either be presented at the regular meeting or appended to the agenda, if received in the superintendent's office on the designated Thursday.
4. A response will be provided once the board has the opportunity to inquire about the matter. Possible board responses when appropriate may include, but are not limited to: directing the superintendent to address the matter; tabling for further study; appointing a temporary board committee to study and/or resolve the matter; scheduling a special meeting to hear the matter; or not taking action. Public input to the board is heard during Open Forum. Matters brought to the board in this fashion will be taken under advisement and not acted upon at that time.

Note: The chair will not allow complaints about individuals. There are appropriate channels to address such matters. Because of the potential of introducing bias into board hearings on termination cases, complaints on individual employees will be received by the board only through the Superintendent of schools.
