RE: Membership Proposal Effective 7/1/2022

Dear Rick Croslin:

Sherry Durkee
Secretary
Superintendent:
Sand Springs
Schools

We are very pleased to provide you with the attached proposal for insurance coverages with Oklahoma Schools Insurance Group (OSIG).

Brad Overton,
Member
Superintendent:
Cordell Schools

OSIG is not a conventional insurance program. We are a public entity in the state of Oklahoma formed by an Interlocal Agreement and made up of member public school districts. Our organization is non-profit, member owned, and controlled by a board of your peers. Our sole mission is to serve our member schools. Our promise is to provide quality insurance coverage and superior service at stable pricing. We are pleased that 536 school districts are members of OSIG. Our membership is strong and committed.

Randy Hughes,
Member
Superintendent:
McAlester Schools

OSIG's financial position is excellent. No other Oklahoma school insurance program can provide you with this security. Our organization is continuously growing, improving and looking for new ways to serve Oklahoma schools. The group purchasing power of OSIG and a non-profit structure provides competitive insurance rates even in tough financial times.

Shelley Free
Member
Superintendent:
Kiamichi Technology
Center

Included in this proposal is information on OSIG's financial condition and summaries of enhanced coverages that only OSIG provides.

For the 2022-2023 plan year, we are requiring the resolution to be signed by the member's Board of Education and returned to OSIG before close of business June 30, 2022 in order to bind coverage effective 07/01/2022.

Overview

Background

The Oklahoma Schools Insurance Group (OSIG) is a public entity of the State of Oklahoma, formed as an Interlocal Agreement in accordance with 74 O.S. 1004(f), for the purpose of joining together a group of Oklahoma public school districts. OSIG will allow member districts to more efficiently and more economically obtain and manage their insurance programs.

OSIG obtained approval to operate from the Oklahoma Attorney General on June 28, 2001. Effective July 1, 2002, OSIG began full operation by providing its member districts with broad insurance coverage through "A" rated insurance carriers and professional risk management services. Over the past 18 years, OSIG's membership has grown to 536 and the program insures more than \$20 Billion in school property across Oklahoma.

Structure

OSIG is a non-profit, member-owned, public entity program whose management is completely controlled by a Board of your peers.

"The mission of Oklahoma Schools Insurance Group (OSIG) is to provide quality, cost effective risk management products and services to member schools".

The group purchases insurance and reinsurance from "A" rated carriers. OSIG's insurance providers are long term partners and committed to OSIG and Oklahoma schools.

OSIG has contracted with Arthur J. Gallagher & Company in Tulsa to administer the program. Gallagher is one of the largest insurance brokers in the world and manages programs similar to OSIG across the country.

It is important to know that the insurance coverage provided by OSIG was specifically tailored to meet the needs of Oklahoma schools. The coverage is what you need to protect your schools' property, your students, and patrons.

The strength of the liability portion of OSIG's offering is also important during these tough times. The program is backed by the foremost specialist in school liability insurance in the country. United Educators Insurance Company is second to none.

Losses are a part of life. Only OSIG has the collective strength and staying power to provide the protections you need. By remaining together as a group, OSIG will be able to continue to provide you with the quality, fair-priced insurance and risk management services you need to protect your schools' assets, your board, your staff and most importantly your children.

Financial Strength

OSIG is financially strong and we have the funds (cash) we need to pay your claims. OSIG has returned more than \$9 million to our members over the years as distributions. Surplus at year ended 6/30/21 was more than \$13.9 million and our assets were more than \$34 million.

We believe in complete transparency. We submit to an annual financial audit each year end and share the operating results at our annual members meeting held each year.

The financial condition of an insurance group should be of utmost importance to you when choosing an insurance partner for your district. If your insurer can't pay their claims, then the policy is a worthless stack of paper.

<i>Statement of Net Assets</i>	
<i>As of 6/30/21</i>	
Cash	\$ 15,215,888
Other Assets	\$ 18,794,907
Total Assets	\$ 34,010,795
Total Liabilities	\$ 20,101,976
Total Net Assets/Surplus	\$ 13,908,819

We urge you to obtain and review audited financial statements from every insurance provider that may offer your school district a quote. Financial statements are required by law and can be obtained at www.ok.gov/oid. Click on Interlocals under the Quick Links section of the home page. Your school's auditor can help in analyzing the statements.

Important Plan Information

It is important to understand that OSIG is not an insurance company, but rather a non-profit, cooperative risk management program owned and directed by Oklahoma Schools. Its mission is to reduce insurance costs and stabilize rates by aggregating purchasing power with an intense focus on controlling member losses. When losses are controlled, OSIG's member schools retain the underwriting profit and investment income thereby increasing fund reserves for future years. OSIG purchases per occurrence and liability aggregate protection for its member schools. The per occurrence insurance protects member schools up to \$700,000,000 for property losses and \$1,000,000 for liability claims in each and every occurrence subject to a \$10M annual aggregate limit. The aggregate insurance protection is purchased in the unlikely event that sum total of all OSIG losses are significantly more than actuarially projected. Additional excess liability limits are available for members requiring higher limits.

This proposal is an outline of the coverages proposed by insurers based on the information provided by your school district. It does not include all the terms, coverages, exclusions, limitations, and conditions of the actual contract language. Please refer to the plan document for the details.

Actuarial Review

An independent actuary has been retained by OSIG to make projections as to anticipated claims and losses the program should expect on an annual basis. The OSIG actuary has relied on the historical loss experience and exposures provided to OSIG by the member school districts to make projections of OSIG's expected losses. OSIG adequately funds to, or in excess of, the expected loss projections through member contributions (insurance cost) and our own surplus.

Membership contributions are used to buy insurance, pay administrative expenses, and fund for members' claims. Similar successful programs throughout the country for schools and municipalities are protected using the same insurance structure as OSIG has deployed. As with any insurance mechanism, OSIG does not guarantee full funding in the event unimaginable losses would materialize that are many times greater than what is indicated by past history. The OSIG board is charged with developing a plan to address under funding in this unlikely event.

Procedure to Renew Coverage

Notify your agent of your acceptance of this insurance renewal proposal. Your agent will advise the OSIG administrative staff in writing that you wish to renew the insurance coverage.

The signed Resolution by the member's Board of Education and return to OSIG in order to bind coverage effective 07/01/2022.

Payment Terms

Payment of the insurance cost is due the effective date of your coverage. A copy of your purchase order encumbering funds for payment of your insurance should be provided to OSIG as soon as available. A three (3) payment plan option is available.

Installment #1	1/3 of total	due 7/1/22
Installment #2	1/3 of total	due 8/1/22

SECTION 3. That each of said Bonds shall be signed by the manual or facsimile signature of the President of the Board of Education, have the corporate seal of said School District affixed thereto in manual or facsimile form, and be attested by the manual or facsimile signature of the Clerk of the Board of Education; that said officers are hereby authorized and directed to cause said Bonds to be prepared and to execute the same for and on behalf of said Board; have the same registered by the Treasurer of said School District, endorsed by the District Attorney(s) and County Clerk(s) and presented to the Attorney General, *Ex Officio* Bond Commissioner, together with a certified transcript of all proceedings had in connection with their issuance, for his approval and endorsement; that thereafter said Bonds shall be delivered to the purchasers, upon payment of the purchase price thereof, which shall not be less than par and accrued interest. The proceeds derived from the sale of said Bonds shall be placed in a special fund and used solely for the purpose of providing funds for the purposes set out in the Bond in Section 2 hereof. The School District certifies and covenants that none of the proceeds of the Bonds described herein will be used to pay interest on any lease, lease-purchase contract, lease purchase installments or other obligations, nor will Bond proceeds be used in violation of applicable provisions of the Oklahoma Constitution and Laws.

SECTION 4. Whenever any registered Bond or Bonds shall be exchanged for another registered Bond or Bonds of different denomination, the Registrar shall cancel the Bond or Bonds surrendered in such exchange on the face thereof and on the Registration Record. If the supply of registered Bonds for making exchanges shall have been exhausted, the Registrar shall cause additional registered Bonds to be prepared, at the expense of School District. In the event of a change of Registrar, notice thereof shall be mailed, registered or certified United States Mail, postage prepaid, to the Registered Holder of each registered Bond. The name and address of the Registered Holder as the same appears on the Registration Record shall be conclusive evidence to all persons and for all purposes whatsoever and no person other than the Registered Holder shown on the Registration Record shall be entitled to any right or benefit in relation to the Bond so registered; provided, that the foregoing shall not apply to any successor by operation of law of such Registered Holder. Registered Bonds shall be transferable only upon delivery of such Bonds to the Registrar, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar, executed by the Registered Holder thereof or his attorney duly authorized in writing, and such transfer registered on the Registration Record. If the Form of Assignment on such Bonds is exhausted, such Registered Bonds delivered to the Registrar for registration of transfer shall be canceled by the Registrar on the face thereof and the Registrar shall authenticate and deliver to the transferee Bonds in aggregate principal amount equal to the unpaid principal of the surrendered Bonds in new registered Bonds, in denominations of \$5,000 or any whole multiple thereof. The Registrar shall not be required to make such transfer after the fifteenth (15) day preceding any interest payment date until after said latter date.

SECTION 6. There is hereby created and established a system of registration for uncertificated registered public obligations with respect to the Bonds as provided in the Registered Public Obligations Act of Oklahoma, Title 62 Oklahoma Statutes, Section 582(13)(b), whereby books shall be maintained on behalf of the School District by the Depository Trust Company, New York, New York, for the purpose of registration of transfer of the uncertificated registered public obligations with respect to the Bonds, which specify the persons entitled to the Bonds and the rights evidenced thereby shall be registered upon such books, and the President and Clerk (or in their absence or incapacity, the Vice President and Deputy Clerk, respectively) are hereby authorized and directed to execute such documents and instruments as may be required to implement the foregoing system of registration.

That beginning in the year 2023 a continuing annual tax sufficient to pay the interest on said Bonds when due and for the purpose of providing a sinking fund with which to pay the principal of said Bonds when due shall be and is hereby ordered levied upon all taxable property of said School District, in addition to all other taxes, said sinking fund to be designated "General Obligation Building Bonds, Federally Taxable Series 2022, Sinking Fund." Said tax shall be and is hereby ordered certified, levied, and extended upon the tax rolls and collected by the same officers in the same manner and at the same time as the taxes for general purposes in each of said years are certified, levied, extended and collected; that all funds derived from said tax shall be placed in said sinking fund, which, together with all interest collected on same, shall be irrevocably pledged to the payment of the interest on and principal of said Bonds when and as the same fall due.

SECTION 8. The Preliminary Official Statement dated June 3, 2022 (the "Preliminary Official Statement") outlining the terms, conditions and security for the Bonds, is hereby adopted and

approved and the President of the Board of Education is authorized to approve any corrections, additions or deletions thereto for and on behalf of the Board of Education and is further authorized and directed to execute and deliver same for and on behalf of the Board of Education; provided further, that the information contained in said Preliminary Official Statement with respect to the School District is correct in all material respects and such information does not contain any untrue statements of a material fact and does not omit to state a material fact necessary to make the statements made in such Preliminary Official Statement, in light of the circumstances in which they were made, not misleading. The Board of Education authorizes the Underwriter to distribute the Preliminary Official Statement in connection with the sale of the General Obligation Building Bonds, Federally Taxable Series 2022.

SECTION 9. The Board of Education determines and intends to provide, for the benefit of the Bondholders, certain financial information and operating data relating to the School District by not later than ten months following the end of its fiscal year (the "Annual Financial Information"), and to provide notices of the occurrence of certain enumerated events. The Annual Financial Information will be filed by the School District with each Nationally Recognized Municipal Securities Information Repository (NRMSIR). The specific nature of the information to be contained in the Annual Financial Information or the notices of material events is included in the Continuing Disclosure Agreement adopted by the Board. These covenants have been made in order to assist the Underwriters in complying with SEC Rule 15c2-12(b)(5). Placement and Assignment: Students, including students who have been home-schooled, shall be assigned to a grade level or class based upon an assessment of the student's age, maturity, grades received, standardized test results, and/or abilities in accordance with Administrative Regulations.

Students transferring into District from a school not accredited by the Oklahoma State Department of Education (OSDE) or enrolling in District immediately after being a home-schooled student, shall be required to take comprehensive written examinations in the subjects studied or grades attended in the nonaccredited school. Results of the examinations will be utilized in determining the academic units or grade levels for which a student is to receive credit. In order for a student to enroll in courses that have prerequisites, the student must have passed the proficiency exam for that prerequisite. Proficiency must be demonstrated by exam on all courses required for graduation from District. Exams will be given only for courses offered at District. Copies of the exams and their results will be placed in the student's file.

A parent or guardian of multiple-birth siblings may request that the children attend the same school and be placed in the same classroom or in separate classrooms if the children are in the same grade level at the same school and meet the eligibility requirements of the class. The parent or guardian must request the classroom placement no later than fourteen (14) days after the first day of each school year or fourteen (14) days after the first day of attendance of the children during a school year if the children are enrolled in the school after the school year commences. The school may recommend classroom placement to the parents and provide professional education advice to the parents to assist them in making the best decision for their children's education. A school must provide the placement requested by the children's parent or guardian, unless the Board makes a classroom placement determination following the school principal's request. At the end of the initial grading period, if the school principal, in consultation with the children's classroom teacher, determines that the requested classroom placement is disruptive to the classroom environment, the school principal may request that the Board determine the children's classroom placement.

Placement of Student Victims: Upon the Superintendent's receipt of notice from a juvenile bureau that a student of District has been adjudicated, or that adjudication has been withheld, an offense subject to the Juvenile Sex Offender Registration Act, District shall notify the victim and parent or guardian of the victim of their right to request to be separated from the offender at school and during school transportation. If the victim requests to be separated from the offender, District shall take appropriate action as required by law. The decision of the victim shall be final and not reversible.

Student Transfers: Subject to certain exceptions provided for by law, the transfer of a student from the district in which the student resides to District shall be granted at any time during the school year unless the requested transfer exceeds the capacity of the grade level sought for each school site within the District. District's Board will meet by the first day of January, April, July and October each year to establish the number of transfer students the school has the capacity to accept in each grade level for each school site within the District. District's capacity will be published on District's website and reported to the State Department of Education ("SDE"). ~~As of January 1, 2022,~~ District's capacity is as follows:

- **Pre-kindergarten:** No more than 20 students per classroom or 10 students per adult in the classroom.
- **Kindergarten:** No more than 20 students per teacher (excluding PE and Music classes), unless an additional class would have fewer than 10 students or unless a teacher's assistant is hired.
- **Grades 1-3:** No more than 25 students per teacher (excluding PE and Music classes), unless an additional class would have fewer than 10 students or unless a teacher's assistant is hired.
- **Grades 4-6:** No more than 25 students per teacher (excluding PE and Music classes), unless an additional class would have fewer than 16 students.
- **Secondary:** No more than 160 students per day (excludes PE and music classes).

In order for a student to be transferred, the parents of the student must first submit an application form specified by the State Board of Education ("SBE") to the District Superintendent. If the capacity of a grade level for each school site within the District is insufficient to enroll all eligible students, District shall select transfer students in the order in which District received the student transfer applications.

A transfer may be denied if it will exceed enrollment capacity, or for student discipline as provided for in § 24-101.3 or for attendance issues. "Attendance Issues" are defined as ten or more absences in one semester that are not excused for the reasons provided in 70 O.S. § 10-105 or due to illness. District will begin receiving applications for the subsequent school year on or after January 1st each school year. District will not approve or deny transfer applications until after the Board's July 1st capacity determination.

All student transfers previously granted will remain in effect unless the District takes action to deny a future year's attendance based on discipline or attendance issues as previously provided for herein. If District intends to deny a student's continued transfer, the parents or guardians will be notified by or before July 15th, are good only for the school year during which the transfer is granted. For all subsequent school years, students already attending school in the District on a transfer will be automatically placed at the top of the applicant list for the following school year. District may deny the continued transfer of a student based on the same criteria considered for a new transfer, which includes capacity, student discipline and attendance issues. If the grade a student is entitled to pursue is not offered in the student's resident district, the transfer will be automatically approved. -

~~If the grade a student is entitled to pursue is not offered in the student's resident district, the transfer will be automatically approved.~~ In addition, a student whose parent or legal guardian is employed ~~as a teacher in~~ by the District ~~shall~~ may be allowed to transfer to the District regardless of capacity. In addition, any student who has attended school as a resident student for at least three (3) years prior to moving out of the District may be allowed to transfer regardless of capacity, provided that the student does not meet a criteria for denial as provided for herein.

Any child in the custody of the Department of Human Services (“DHS”) in foster care who is living in the home of a student who transfers to the District may attend the District as provided for by law.

The brother or sister of a student who transfers to District may attend school in the District ~~so long as the District has~~ regardless of capacity and so long as the brother or sister does not meet ~~the a~~ criteria as a basis for denial as provided herein. Applications will be considered in the order in which they are received by the District and a separate application must be submitted for each student who desires a transfer.

On or before the first day of January, April, July and October, the Superintendent will file with the SBE and each resident district a statement showing the names of the students who were granted transfers, their resident districts and their grade levels.

If a transfer request is denied by the District, the parent of the student may appeal the denial to District’s Board within ten (10) days of the notification of the denial as provided for by law and regulation. District’s Board will consider the appeal at its next regularly scheduled board meeting so long as the appeal is received prior to the statutory deadline for posting the Board agenda. If the appeal is not received prior to the deadline for posting the agenda, the Board shall schedule a special meeting to consider the appeal. The appeal process will be paper-only and the review of the documents will take place in executive session in order to protect student privacy. During executive session, the Board will review written documentation from the Superintendent regarding reasons for the transfer denial and information from the parent/guardian regarding why the transfer should have been approved. The vote to uphold or reject the Superintendent’s transfer denial will be held in open session.

If the Board upholds the denial, the parent may appeal the denial to the SBE within ten (10) days of the notification of the Board’s decision. The SBE will adopt guidelines for this process.

Special Education and Gifted Education Transfers: Transfers regarding these students will be considered in accordance with law and SDE regulations.

Military Parent Transfers: Students who are dependent children of a member of the active uniformed military services of the United States on full-time active duty status and students who are the dependent children of a member of the military reserve on active duty orders shall be eligible for admission to the District regardless of its capacity if: a) at least one (1) parent of the student has a Department of Defense-issued identification card; and b) at least one (1) parent can provide evidence that he or she will be on active duty status or active duty orders, meaning that the parent will be temporarily transferred in compliance with official orders to another location in support of combat, contingency operation, or a natural disaster requiring the use of orders for more than thirty (30) consecutive days.

McKinney-Vento Act: The Education for Homeless Children and Youth (“EHCY”) program is authorized under the McKinney-Vento Homeless Assistance Act (“McKinney-Vento

Act”), as amended by Every Student Succeeds Act (“ESSA”). The mission of the EHCY program at the Oklahoma State Department of Education (“OSDE”) and District is to ensure educational equity and success for students experiencing homelessness by providing support according to the McKinney-Vento Act.

Homeless children and youth are defined as those who lack a fixed, regular, and adequate nighttime residence. Determinations will be made on a case-by-case basis as provided for in the Student Handbook. The District McKinney-Vento Liaison is Pam Ladyman and may be reached at 405-222-6500. Each site will also have a McKinney-Vento liaison, who can be reached through the Administration office at each school site.

The McKinney-Vento Act provides homeless children and youth the following rights:

1. To immediately enroll in school;
2. To attend school in school of origin or in the attendance area where the family currently resides;
3. To receive transportation to school of origin if requested by parents/guardians/unaccompanied youth and is in the best interest of the child;
4. To receive comparable services as other schoolmates including but not limited to transportation and supplemental services;
5. To attend school along with children who are not homeless;
6. To have their rights posted in all schools and other places around the community that low-income families and high-risk families may visit.
7. To be free of segregation and stigmatization with the nature of their living situation remaining confidential under the Family Educational Rights and Privacy Act (“FERPA”).

District Responsibilities: District will immediately enroll the child or youth, even without records that are normally required for enrollment, or if the child or youth has missed application or enrollment deadlines during a period of homelessness. District will assist with obtaining immunizations or other required health records. District will presume that the school of origin is in the child’s best interest and will continue such enrollment even if the child becomes permanently placed during the academic year unless contrary to the request of the parent, guardian or unaccompanied youth. District will enroll the homeless child or youth with non-homeless students who live in the attendance area in which the child or youth is living and eligible to attend. District will consider student-centered factors related to the child or youth’s best interest and will provide a written explanation of the reasons for the decision, including information regarding the right to appeal if District sends the child to a school other than the one requested. District will enroll the child or youth immediately in the school in which enrollment is sought if a dispute arises pending final resolution of the dispute and will provide services comparable to those received by other students in the school. Information regarding the homeless child or youth’s living situation will be confidential and coordination efforts with local agencies providing services to homeless children or youth and their families will be made.

Dispute Resolution: Parents, guardians, or unaccompanied youth experiencing homelessness may disagree with District on issues related to McKinney-Vento services, enrollment, and/or school selection. In most cases, issues can be resolved without outside

intervention. When a dispute arises over eligibility, school selection, or enrollment and cannot be resolved independently, the following procedures will be invoked:

- The child or youth “shall be immediately enrolled in school in which enrollment is sought, pending final resolution of the dispute, including all available appeals.
- The parent, guardian, or unaccompanied youth must be provided with a written explanation of any decisions related to school selection or enrollment made by the school, district or state involved, including the rights of the parent, guardian, or unaccompanied youth to appeal such decisions.
- The parent, guardian, or unaccompanied youth must be referred to the local liaison, who will carry out the dispute resolution process as expeditiously as possible.

McKinney-Vento dispute procedures apply to any dispute arising under the McKinney-Vento Act, including disputes over questions such as: eligibility, school selection, participation, and transportation. Every effort will be made to resolve the complaint or dispute at the District level before it is taken to the OSDE. District will inform the Complainant of District’s Complaint Resolution Procedure when a question concerning the education of a homeless child or youth arises.

1. Notify District’s homeless liaison:

- a. Request a copy of or access to District’s Board policies addressing the education of homeless children and youth and review them. Make an appointment with the homeless liaison to discuss the complaint.
- b. If the dispute is not resolved at the point, Complainant may file a complaint in writing to District’s homeless liaison for further review.
- c. Complaint should include a request that a written proposed resolution of the dispute of a plan of action be provided within five (5) days of the date the complaint was received by the homeless liaison. A review of the proposal or plan of action with the homeless liaison should follow. An extension may be mutually agreed upon; however, every effort should be made to resolve the complaint in the shortest time possible.

2. If the dispute is not resolved at the District homeless liaison level, the complaint may be forwarded to the Superintendent for review followed by a meeting with the Superintendent to discuss the dispute. The Complainant should request from the Superintendent a written resolution within five (5) days of the date of the discussion. The parties may mutually agree upon an extension; however, every effort should be made to resolve the complaint in as short a time as possible.

3. If the dispute is not resolved at the Superintendent level, the complainant may take the matter before the Board for resolution. If this effort for resolution fails, the complaint may be taken to the OSDE.

TOPIC: CMS Start Time (Adjustment)

ADMINISTRATIVE RECOMMENDATION: Approval of the adjustment of the proposed start time for CMS

RATIONALE FOR RECOMMENDATION:

This adjustment will allow for CMS to have 55-minute class periods, a 30 minute duty-free lunch for teachers (while students are at lunch), and still have dismissal at 2:30pm each day. The adjustment is to have the first warning bell ring at 7:35am with class beginning at 7:40am instead of 7:45am daily. CMS would meet all OSDE requirements for length of school day and year.

FISCAL NOTE: None at this time

Financial Update to Board

To: Members of the Board of Education

From: Jennifer Stegman

Date: June 13, 2022

Expenditures:

Chickasha's General Fund expenditures for the last four fiscal years (FY) and through May of the current fiscal year are presented in Exhibits 1 and 2. Exhibit 1 outlines salary and benefit expenses by month for all Chickasha Public School employees. Exhibit 2 outlines General Fund total expenses (both salary and operational) by month. Beginning in FY21, May and June expenses are reflected in May and July and August payroll expenses are reflected in June for all ten-month employees.

Exhibit 1: Payroll Expenses

Exhibit 2: Total Expense

Revenues:

Exhibit 4 provides General Fund receipts by month for FY18, FY19, FY20, FY21 and through May of FY22. Receipts include funding from State, Local, and Federal Sources.

Exhibit 4: Receipts by Month

Exhibit 5 outlines General Fund revenues and expenses by month for FY18, FY19, FY20, FY21 and through May of FY22. The values represent the cumulative sum of revenues and expenses by month. The values represent revenue and expenses collected in the designated year and do not include fund balances brought forward from prior years. The information provides cash flow trends and can help guide the district to project the necessary cash fund balances.

Exhibit 5: Cumulative Sum of Receipts and Expenditures by Month

Gross Production and Ad-valorem Trend Data

Exhibits 5 – 8 represent ad-valorem and gross production revenues collected by the district by month and year. These collections are the majority of our local and intermediate sources of revenue and represent approximately 24% of all new revenues for the district. Most of the ad-valorem funds are collected between January and May while gross production funds are collected throughout the year. The district's ad-valorem revenues have increased since fiscal year 2015-2016. The trend data for Gross production revenues reflects an up and down collection across the years and is one of the most variable funding sources for the district. For the beginning of FY22, gross production collections are the highest they have been in the last 5 years.

E-mail: rcroslin@chickasha.k12.ok.us

Dear Mr. Croslin:

Thank you for participating in our Basic Legal Services Program (“BLSP”) during the 2021-2022 school year. We appreciate the opportunity to serve Chickasha Public Schools this year and sincerely hope that you have found the BLSP to be a benefit.

For the 2022-2023 school year, we are continuing the BLSP for the annual cost of Nine Hundred Dollars (\$900.00). We are increasing our hourly rates for the BLSP by \$20.00 per hour. We have not raised our rates since the 2017-2018 school year and now must do so to account for the increased expenses and costs associated with our work. The annual fee gives participants a discount of \$75.00 per month plus a reduced hourly billing rate for attorneys. For example, our non-BLSP clients will pay \$270.00 per hour for shareholder/of counsel time compared to \$215.00 per hour for BLSP clients - a savings of \$55.00 per hour. Our hourly rates remain below the market rate for attorneys with comparable experience.

Enclosed is a BLSP contract for 2022-2023 and an invoice for the program fee. If the contract meets with your approval, please submit it to the Board for approval. If the Board approves, please return a signed contract to us along with the BLSP fee of \$900.00. If you have any questions about the Firm or the contract, please do not hesitate to contact me.

Respectfully,

Laura L. Holmes

A. Client agrees to pay all properly invoiced charges for Interpreter, Translator, or Language Services within 30 days of the invoice date. Interest will accrue from the date on which payment is due at a rate equal to the lesser of 1.5% per month or the maximum rate permitted by applicable law. On occasion, not all End User Data associated with a call may be collected for multiple reasons, including the refusal or inability of the caller to provide the requested information. Missing End User Data will not be reason to deny payment of service to Propio for over-the-phone interpreting services that have been rendered. Invoices will be sent to the Client billing address shown in Attachment A, or to such other address as Client may specify by giving written notice to Propio. Client agrees to report any invoice disputes within 30 days of the invoiced date. Propio shall not be considered liable for any dispute reported after 30 days from invoiced date.

- B. Translation Services are invoiced upon delivery of the completed work to the client. Invoices are delivered via email in .pdf format and contain the following information: invoice date, invoice number, "bill to" address, person/department that ordered the service, PO number (if applicable), description of services rendered, quantity, rate, and total amount due. For translation of documents, the "quantity" is set to "1" for each document translated and the "rate" displays the total amount due for that document, based on the approved price quotation. Detailed information regarding per word fees and translation memory discounts applied is available within the project quotation. For hourly services, such as desktop publishing or layout work, the "quantity" will be the number of hours billed and the "rate" will display the hourly rate. For per item fees, such as translation certifications, the quantity will be set based on the number of items received. Terms are Net 30 from invoice date.
- a. For projects quoted at \$20,000.00 USD or more, Propio requires a 50% down payment prior to the commencement of work. The remaining balance shall be invoiced upon delivery of the completed work to the client.
 - b. Advance payments, periodic payments, and/or other unique terms and conditions may be included for some projects, based on size of project, length of project, and other factors. Such requirements, if any, will be stated in the project quote where ~~A~~ acceptance of the project quote shall be deemed acceptance of those terms and conditions as a supplement to the terms and conditions of this Agreement.
 - c. Client reserves the right to cancel a project at any time prior to completion. To cancel a project, Client must contact the Propio Project Manager assigned to the project using the VU messaging system. Cancellation shall be considered received upon written confirmation by the Project Manager or four (4) business hours after the cancellation notice is sent, whichever occurs first. When a project is cancelled prior to completion, Client shall be responsible to pay for work completed prior to cancellation. In the unusual circumstance where Propio was required to incur expenses applicable to the entire project prior to cancellation and cannot recover unused funds from the vendor at issue, Client shall be responsible for the entire expense paid.
- C. Past due invoice(s) may result in Client's account being placed on credit hold and services discontinued until the account is brought back to current status.

3. USE OF SERVICE. Client represents that Client will not use the Interpreter, Translator, or Language Services in any manner that may violate any applicable statute or government regulation. Client will indemnify, defend and hold Propio, its affiliates and their respective successors harmless from any claim or action whatsoever arising from the use of Interpreter Services in any manner prohibited by this Section.

4. SCHEDULED REMOTE INTERPRETATION. Client may schedule remote consecutive interpretation appointments by phone with interpreters in specific languages of limited diffusion. There is a minimum fee equal to 30 minutes, or the duration requested at time of scheduling, regardless of actual time spent during the interpretation session. If cancellation is not received at least 24 hours before the scheduled session, the client will be charged the 30-minute minimum fee, or if the client reserved a specific length of time longer than 30 minutes, charged for the scheduled length of call. This protects the interpreter who has contracted to be available for the specified time. Pre-scheduled remote interpreting sessions are billed to the minute for every minute beyond the scheduled duration of the call, at the rates listed in PAYMENT TERMS above.

5. DOCUMENT TRANSLATION SERVICE.

- A. Client agrees standard turnaround time for document translation projects is three (3) to five (5) business days from project approval, based on the size and complexity of the project. A dedicated Project Manager will communicate the expected delivery date for each project as part of the cost estimate or quote. Rush processing fees require written approval in advance.
- B. Client shall have a thirty (30) day inspection period following the delivery of completed work to report any issues or concerns. Client acknowledges that translation sometimes involves preferential choices where more than one

word or phrase might be used to say the same thing (e.g., “large” and “big”). Propio will correct errors or omissions reported during the inspection period at no cost to Client and will make preferential changes at Client’s expense and Propio’s discretion. A separate invoice will be issued for any preferential changes upon the completion of those changes. Changes requested after the inspection period shall be considered a new project and are subject to a new project quote.

- C. Client agrees to use Propio’s secure online portal, Vu, for receiving Translation Services—including, but not limited to, uploading source/native documents, receiving and approving quotes, communication regarding projects, and receiving completed projects.
 - D. Propio agrees to provide training regarding the use of Vu and will assign a dedicated translation Project Manager to Client to manage Client’s translation projects and provide assistance to client, as needed.
6. **UNAUTHORIZED USE OF SERVICE.** Client agrees that all interpreting calls directed from its staff to Propio are authorized to receive billable interpreting services. Client shall be solely and fully responsible for charges resulting from interpreting calls directed to Propio from its staff, whether or not such use is authorized. The Client agrees not to disclose the phone number to other parties unless it receives prior written approval from Propio.

7. LIMITED WARRANTIES.

- A. Propio will perform Interpreter, Translator, or Language Services in a professional manner. Except as otherwise set forth above, Propio makes no representation, warranty or guarantee, express or implied, about Interpreter, Translator, or Language Services. Propio does not warrant the availability of interpreters or translators at all times, and Propio specifically disclaims any warranty or condition of merchantability or fitness for a particular purpose. Client recognizes that over-the-phone consecutive interpretations may not be entirely accurate in all cases. Propio may monitor or record calls for quality assurance.

Title III, Part A - English Learners (ELs)
2022-2023 Cooperative Agreement / Consortium Guidelines and Forms**

Under Title III, Part A- [ESSA, Section 3114(b)], subgrant awards less than \$10,000 may not be made to individual LEAs. Per 70 O.S. § 5-117(C) the boards of education of two or more school districts may enter into cooperative agreements to form a Consortium in order to meet eligibility and receive a Title III, Part A - English Learners (ELs) minimum \$10,000 subgrant award. LEAs or a consortium of LEAs receiving a subgrant award are those that serve an EL population large enough to generate the \$10,000 minimum grant award. The subgrant award is calculated by taking the number of EL students served by the LEA and multiplying that number by the yearly Title III per-pupil allocation. This per-pupil allocation is established by the Office of Federal Programs after receiving the state Title III allocation from the United State Department of Education.

Requirements of a Title III, Part A-EL Subgrant Award

An eligible entity receiving funds under the Every Student Succeeds Act (ESSA), Section 3114(a) shall use the funds to:

- (1) Increase the English language proficiency of English learners by providing effective language instruction educational programs that meet the needs of English learners and demonstrate success in increasing—
 - a. English language proficiency; and
 - b. Student academic achievement;
- (2) Provide effective professional development to classroom teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), principals and other school leaders, administrators, and other school or community-based organizational personnel, that is—
 - a. Designed to improve the instruction and assessment of English learners;
 - b. Designed to enhance the ability of such teachers, principals, and other school leaders to understand and implement curricula, assessment practices and measures, and instructional strategies for English learners;
 - c. effective in increasing children’s English language proficiency or substantially increasing the subject matter knowledge, teaching knowledge, and teaching skills of such teachers; and
 - d. of sufficient intensity and duration (which shall not include activities such as 1-day or short-term workshops and conferences) to have a positive and lasting impact on the teachers’ performance in the classroom, except that this subparagraph shall not apply to an activity that is one component of a long-term, comprehensive professional development plan established by a teacher and the teacher’s supervisor based on an assessment of the needs of the teacher, the supervisor, the students of the teacher, and any local educational agency employing the teacher, as appropriate; and
- (3) Provide and implement other effective activities and strategies that enhance or supplement language instruction educational programs for English learners, which—
 - a. Shall include parent, family, and community engagement activities; and

- b. May include strategies that serve to coordinate and align related programs.
[ESSA, Section 3115(c)]

After meeting the requirements of (1) increasing English proficiency, (2) providing professional development and (3) implementing other effective activities and strategies (parent, family, and community engagement) consortia may choose among the following authorized activities under ESSA, Section 3115(d):

- (1) Upgrading program objectives and effective instructional strategies
- (2) Improving the instructional program for English learners by identifying, acquiring, and upgrading curricula, instructional materials, educational software, and assessment procedures.
- (3) Providing to English learners—
 - a. tutorials and academic or career and technical education; and
 - b. intensified instruction, which may include materials in a language that the student can understand, interpreters, and translators.
- (4) Developing and implementing effective preschool, elementary school, or secondary school language instruction educational programs that are coordinated with other relevant programs and services.
- (5) Improving the English language proficiency and academic achievement of English learners.
- (6) Providing community participation programs, family literacy services, and parent and family outreach and training activities to English learners and their families—
 - a. to improve the English language skills of English learners; and
 - b. to assist parents and families in helping their children to improve their academic achievement and becoming active participants in the education of their children.
- (7) Improving the instruction of English learners, which may include English learners with a disability, by providing for—
 - a. the acquisition or development of educational technology or instructional materials;
 - b. access to, and participation in, electronic networks for materials, training, and communication; and
 - c. incorporation of the resources described in subparagraphs (A) and (B) into curricula and programs, such as those funded under this subpart.
- (8) Offering early college high school or dual or concurrent enrollment programs or courses designed to help English learners achieve success in postsecondary education.

Guidelines

General:

- Any LEA will be eligible to become a member of a consortium if English Learners (ELs) are reported in the October 1 count from the previous academic year.
- Each consortium must meet the three required activities (see above) mandated when receiving a Title III, Part A subgrant award.

- Each member LEA of the consortium may plan and deliver services to its ELs independently. The consortium is not required to, and is advised against, using the same program design within each member LEA, although the consortium may “pool” resources to provide specific services (e.g. professional development) as appropriate and allowable.

Fiscal:

- Completion of the Title III-EL component of the Consolidated Application and submission of claims to OSDE for reimbursement with Title III, Part A funds through the Grants Management System (GMS) is the sole responsibility of the fiscal agent of the consortium. Consortium members may view their portion of the overall subgrant award by following the link located in the Title III column on the allocations tab of the LEAs Consolidated Application.
- The members of a consortium may choose the lead fiscal agent by consensus, or the member with the largest allocation will automatically become the lead fiscal agent.
- When forming a consortium, the fiscal agent should first acquire an appropriation in Fund 12 (for consortia) and not Fund 11 (for individual LEAs). The fiscal agent must then code all purchases to Fund 12.
- The lead fiscal agent for the consortium may retain the administrative and indirect costs for the consortium.
- Consortium members may seek fiscal and programmatic guidance from the lead fiscal agent and the Office of Federal Programs at the OSDE.
- In general, the Title III, Part A supplement, not supplant requirement is intended to ensure that services provided with Title III, Part A funds are in addition to, and do not replace or supplant, mandated services that English Language Learner (EL) students should otherwise receive.

Responsibilities of the Lead Fiscal Agent:

- The lead fiscal agent of the consortium must send to OSDE, and have on file locally, the Cooperative Agreement for Title III, Part A, approved by the board of education each participating LEA and signed by each superintendent in the consortium.
- The lead fiscal agent must be prepared to meet with consortium members to discuss issues concerning the operation of the consortium as it relates to both fiscal management and the accountability measures of Title I and Title III.
- The lead fiscal agent is responsible for all fiscal transactions of the consortium (requisitions, purchases, payments and claim submission to OSDE) and for maintaining records of all financial transactions carried out on behalf of the consortium.
- The lead fiscal agent is required to facilitate a Title III Consultation meeting within the first 30 days of school to assist consortium members in meeting their responsibilities to the EL students and families they serve with the support of a Title III, Part A subgrant award.
- The lead fiscal agent is responsible for sending appropriate notification to parents of EL students served by the LEA under the Title III, Part A Subgrant.

Responsibilities of Member LEAs:

- Working cooperatively to address the needs of partner LEAs for improving services for EL students.
- Working cooperatively to address the needs of partner LEAs relating to professional development to improve instruction and learning for EL students.
- Sending appropriate notification to parents of EL students served by the LEA under the Title III, Part A Subgrant.

2022-2023 Cooperative Agreement/ Consortium Carryover Statement

- LEAs that elect to pool their Title III, Part A funds must sign this statement to participate in this cooperative agreement. Participating consortium LEAs should elect one LEA to act as the lead fiscal agent for administration of funds and must receive goods or services from the lead LEA fiscal agent.
- Per Oklahoma state statute Title 70 O.S. § 5-117C, the boards of education of any two or more school districts may enter into an cooperative agreement for the purpose of jointly and comparatively performing any of the services, duties, functions, activities, obligations or responsibilities which are authorized or required by law to be performed by school districts of this state.
- If consortium member LEAs expend local funds on allowable Title III, Part A goods and services *before* they apply for reimbursement from the lead fiscal agent, both the member and lead fiscal agent must issue a P.O. at the same time, before goods and services are rendered. Then the lead fiscal agent will apply for reimbursement of funds to OSDE using its own P.O. and the invoice provided by the member LEA. The lead fiscal agent will not be approved by OSDE if the lead fiscal agent simply pays funds to the consortium member LEAs for goods or services not yet rendered.
- If the lead fiscal agent purchases goods or services on behalf of a member LEA, a P.O. must be issued by the lead fiscal agent before the goods or services are rendered to the consortium member LEA. Then the lead fiscal agent will apply for reimbursement of funds to OSDE. (34 CFR 80.41).
- The lead fiscal agent must utilize Fund 12 (Co-op Fund).

Shawnee Public Schools will serve as the FY23 lead fiscal agent for the following districts electing to form a consortium for Title III, Part A funds.

- ◆ All consortium member LEAs must sign below. Each lead fiscal agent must obtain each participating LEA superintendent's signature prior to OSDE allocation of Title III, Part A funds to eligible LEAs.
- ◆ Attach the board of education approval form indicating approval of consortium participation.
- "Allocation" and "Carryover" columns are not applicable to new FY23 consortium members.
- Consortium member LEAs who change their lead fiscal agent will retain any unexpended Title III, Part A funds (i.e. carryover) from the former lead fiscal agent.
