The purpose for this special meeting is to provide the Board updates on work that is occurring in various curricular area across the school district. We previously held these reports as part of the monthly school board meeting, but with the change in format to focus on the strategic planning framework, we have set aside two special meetings per year to hear from our curriculum departments.

On Monday evening you will hear from four departments -- Music, Social Studies, Tech Ed, and Biotech. We have organized the night so that Music and Social Studies will present during the first hour, and Tech Ed and Biotech will present during the second hour. We will be dividing into two groups that will rotate through each department for about 25 minutes each.

Tim Schell has provided the departments with the following guidelines for their presentations:

1. What is new?
2. Success Stories
3. Review the work that is occurring within each department.
4. Questions and Answers

Reminder -- we are meeting in the Heritage LMTC. The time of the meeting is 4:00 p.m. - 6:00 p.m.
