PUBLIC COMMENT PERIODS DURING BOARD MEETINGS

Policy 187

Waunakee Community School District

Page 1 of 3

While the public has the right to attend meetings of the Board of Education that have not been convened in a closed session, individuals or groups generally do not have a right to be included on a Board meeting agenda or a right to enter into the discussions or deliberations of the Board. However, without affecting the Board's discretion to authorize other forms of input or participation during Board meetings from persons who are not Board members, the Board expressly authorizes and directs limited public participation during duly-noticed public comment periods as follows:

1. The Superintendent and Board President shall ensure that the agenda and public notice of the Board's primary regular business meeting each month includes a period for public comment. During a public comment period noticed under this paragraph, interested persons may briefly address the Board on topics that are reasonably germane to some aspect of the District's policies, practices, programs, or operations, regardless of whether the speaker's topic is otherwise noticed as a specific subject matter of the meeting in question.
2. Subject to any more specific decision or directive of the Board, the Board President has discretion to include a period of public comment on the agenda and public notice of additional Board meetings. In exercising such discretion, the President may specify on the public notice of the meeting that speaker comments during the public comment period will be limited to topics that are sufficiently germane to the noticed subject matter of the meeting.

When a public comment period is expressly included on the public notice of a Board meeting and there is sufficient interest in addressing the Board, the period shall either include at least 10 individual speakers or extend for 30 actual minutes, whichever limitation permits the greater total number of speakers. However, the Board may extend the total duration of a noticed public comment period at any meeting by a majority vote.

The Superintendent, or his/her designee, will implement a viewpoint-neutral speaker registration process that establishes an order for speaking in the event that the interest in appearing before the Board at any meeting may exceed the time that is allocated for the public comment period. Each speaker, upon being recognized by the presiding officer, will state his/her name and identify his/her connection to the District (if any) and to any group they are representing in connection with their remarks.

Each speaker's presentation is normally limited to a maximum of 3 minutes. However, at a meeting the Board may vote to reduce the time limit to no shorter than 2 minutes per speaker in order to accommodate a greater total number of speakers. In addition, at the Board's discretion, a speaker's time may be briefly extended provided that, upon request, a similar extension shall be granted to other speakers at the same meeting. Any individual may speak only once during the public comment period at any meeting.

Speakers generally should not expect an immediate response or reaction to their comments from the Board. Further:

1. If, at applicable meetings, a speaker raises a topic during a public comment period that was not among the publicly-noticed subject matter of the meeting, the extent of any response to

PUBLIC COMMENT PERIODS DURING BOARD MEETINGS

Policy 187

Waunakee Community School District

Page 2 of 3

the speaker and his/her remarks shall be limited in accordance with applicable law.

2. During a public comment period, Board members will not engage in a substantive discussion of or otherwise attempt to materially investigate or reach a Board resolution of either (a) complaints or grievances regarding the conduct of individual staff members or individual students; or (b) attempts to appeal staff or administrative decisions relating to individual District employees or students. A public comment period during a Board meeting is not the preferred or established means of processing such issues or bringing such matters to the Board's attention.
3. If time or other limitations preclude an interested person from addressing the Board at a specific meeting, the person may submit written information to the Board and/or attempt to utilize a public comment period at a future meeting.

Subject to an appeal to the Board that is made by a Board member, the presiding officer of the Board meeting shall have the authority to conduct and maintain proper order in connection with any authorized public comment period, including the authority to (1) recognize speakers; (2) enforce established time limits; (3) interject and request that speakers voluntarily redirect specific complaints, grievances, or attempted appeals to more appropriate District procedures; and (4) terminate the remarks of any individual who does not adhere to established rules and procedures for public participation, who speaks in a threatening or profane manner, whose comments are repetitive of that person's previous comments, or whose conduct is disruptive and impedes the Board's ability to conduct its business in an orderly and timely fashion.

Individuals who are permitted to address the Board during a meeting are responsible for the content of their comments. The forum represented by a public comment period does not exempt a speaker from any liability arising from his/her comments (e.g., for defamation or for any breach of legally-protected confidentiality).

This policy and any rules and/or procedures that may be adopted related to the administration of public comment periods under this policy are not intended to apply to the following:

1. A meeting or any portion of a meeting that constitutes a formal public hearing on a particular topic or issue.
2. Instances where the Board seeks or agrees, by majority vote, to accept input that is relevant to a noticed agenda item from a person who is not a Board member in order to (for example) resolve a formal or informal point of information that arises during the Board's discussion of an agenda item.
3. Meetings of any standing or ad hoc committee that may be established by the Board.

COVID-19 Protocol for Positive Test, Exposure, or COVID-like Symptoms: Athletes

- Parents/guardians will be instructed to notify The High School Office within 24 hours if their student-athlete is positive for COVID-19 or has been in close contact with a COVID-19 positive individual. This allows us to keep all students as safe as possible through early notification.
- The District will notify the school community, student-athletes, and coaches of exposure.
- The District will notify impacted individuals of quarantine protocols and return to play date.
- WIAA Tournament Series Quarantine Requirement: Appendix 4: During the WIAA tournament series the WIAA requires all team personnel (players, coaches, managers) that are COVID-19 positive or deemed a close contact to quarantine for 14-days.
- District COVID Dashboard: See Appendix 5
- ~~In case of a positive test for COVID~~
 - ~~The affected athlete, coaches, and staff will quarantine for 10 days.~~
 - ~~Any close contacts (as determined during contact tracing), ie coaches or athletes in the affected athlete's cohort will follow exposure protocol listed below.~~
 - ~~Quarantine for contacts will be imposed whether there are negative tests or positive tests on those exposed athletes/coaches.~~
 - ~~The quarantine will continue from the positive test for 10 days and until 24 hours after symptoms end, whichever is longer.~~

- School Nurse/designee will be notified. They will notify PHMDC for contact tracing purposes, per PHMDC recommendations.
- In case of exposure to someone who has tested positive for COVID-19
 - Athletes, coaches, and staff who have been exposed to a positive case of COVID-19, and have no symptoms, will quarantine for 10 days after exposure, regardless of a negative test or if no test was taken.
 - i. If symptoms occur after exposure, students must be tested for COVID-19. If positive, refer to procedures for a Positive Test. If negative, a second test must be completed 10 days after symptom onset to confirm the negative test.
 - If testing, testing should be twice, per Public Health Madison and Dane County (PHMDC), the first check should be at least 3-5 days after initial exposure and the second 12 days after initial exposure.
 - i. If either test is positive, refer to the Positive Test directions above.
 - ii. If both tests are negative, continue quarantine for 14 days from exposure as directed by PHMDC
 - iii. May return after 2 negative tests, AND 14 days of quarantine, AND at least 24 hours symptom-free without the use of medication.
 - All athletes in the cohort with the athlete exposed to a positive COVID case, and any coaches, will be notified of the possible exposure by The District.
 - Any sport related to athletic practices the student attended will be suspended until a test result is received.
 - i. If the test is positive, all practices for that sport will be suspended for 14 days from the last day the athlete attended, and all athletes/coaches in their cohort will be notified of their possible exposure to a positive case of COVID-19.
 - ii. If the test is negative, practices may resume, but cohorts must remain static for 14 days after the exposed athlete last attended practice.
 - iii. If the athlete is not tested, then practices will be suspended for 14 days after the exposed athlete last attended practice, as a precaution for safety.
- To return to athletics, an athlete must provide a letter from their medical provider, or public health designee, with a release date to return to activities.
- When in-person education resumes, the Coach/Athletic Director will ensure the school nurse of any positive tests or exposure incidents, so that the Administration or School Nurse may inform any teachers or classroom cohorts of the possible exposure as well.
- All Athletes will provide a self-check and report the results to coaches, or be screened for COVID-like symptoms prior to any athletic event/practice.
- Any athlete presenting with COVID-like symptoms at home prior to any athletic event/practice, or in the course of an athletic event/practice, must not participate until evaluated by a Medical Professional.
- COVID-19 symptoms include:
 - Fever (greater than 100.4°F) or chills (sustained and uncontrollable)
 - New or worsening:
 - i. Cough
 - ii. Shortness of breath or difficulty breathing
