

**WAUNAKEE COMMUNITY SCHOOL DISTRICT
BOARD OF EDUCATION CURRICULUM COMMITTEE MEETING**

Wednesday, October 5, 2022

10:30 AM

Waunakee Community School District
905 Bethel Circle
Waunakee, WI 53597

Members of the public may attend Board of Education meetings in-person, and will be asked to check in with District personnel when you arrive.

Public comments will be limited to 3 minutes. The Board will allow 30 Minutes for public comments.

Public comments may be sent to Rebecca McDonough at district_administrator@waunakee.k12.wi.us up to one hour before the start of the Board meeting. All comments will be reviewed by the Board members. Emailed comments will be reviewed by the board but not read out loud. Emailed comments sent during any part of the board meeting (Board Development, Closed session, Open session) will be forwarded to the board but may or may not be reviewed by the board until after the board adjourns. Comments must include the commentator's name, address, and must identify their connection to the District (if any) and any group they are representing in order to be considered by the Board.

If you would like to address the Board in-person during the public comments section of the meeting, you will be greeted in the lobby of the building, asked to check in with District personnel when you arrive so that you can be recognized and address the Board when your name is called.

A recording of the meeting will be posted on the District webpage within 24 hours of the meeting time.

AGENDA

I. CALL TO ORDER

II. ROLL CALL

III. APPROVE AGENDA

IV. PUBLIC COMMENTS

V. SPRING 2022 STATE ASSESSMENT RESULTS **3**

Amy and Tim will provide an overview of our Spring 2022 state assessment results.

VI. ADVANCED PLACEMENT EXAM DATA **63**

Tim will provide a brief update with our benchmark high school AP results 2017-2018 to 2020-2021. Updated state data should become available around March and an update will be provided in the spring.

VII. DEI AUDIT RECOMMENDATIONS **65**

Continue the introductory review from the previous meeting. At our next meeting this will build into decisions about what items the committee wants to monitor and/or explore in more

detail.

VIII. **ITEMS FOR FUTURE MEETINGS**

IX. **ADJOURN**

“Any person who has a qualifying disability as defined by the Americans with Disabilities Act who requires assistance with access or materials should contact the Waunakee Community School District Office at 849-2000, 905 Bethel Circle Drive Waunakee, WI 53597, at least twenty-four hours prior to the commencement of the meeting so that necessary arrangements can be made to accommodate the request.”

MEDIAN NATIONAL PERCENTILE RANK

The ranks show how this group performed in comparison to other grade 9 students in the nation. For example, if the median English score is at the 78 percentile, the typical student in this group achieved as well as or better than 78% of the students in the nation.

ABOUT PROGRESS

The progress charts summarize the performance of your students relative to the ACT Readiness Levels. For the current test administration, average scores are presented.

When available, prior year average scores are also presented. Based on current students and assuming typical growth, predicted next-year average ACT Aspire scores are presented.

For 2021-2022, contents of the ACT Profile Report remain consistent with last year.

Table of Contents

Section I: Executive Summary

Page 5

- Average Composite Scores: 5 Years of Testing
- Percent Meeting 3 or 4 Benchmarks: 5 Years of Testing
- Percent Meeting STEM Benchmark: 5 Years of Testing
- Percent Taking A Core Curriculum: 5 Years of Testing
- Five Year Trends—Percent of Students Who Met College Readiness Benchmarks
- Five Year Trends—Average ACT Scores
- Five Year Trends—Average ACT Scores by Level of Preparation
- Five Year Trends—Percent and Average Composite Score by Race/Ethnicity
- Five Year Trends—Achievement in STEM
- Proficiency Toward Understanding Complex Text

Section II: Academic Achievement

Page 11

- Average ACT Composite Scores by Race and Core Curriculum Status
- ACT Score Distributions, Cumulative Percents, and Averages
- Subject Area Reporting Categories
- Average ACT Composite Scores for Race/Ethnicity by Level of Preparation
- Average ACT Scores by Race/Ethnicity
- Average ACT Composite Scores for Gender by Level of Preparation
- Average ACT Scores by Gender
- ACT Score Quartile Values

Section III: College Readiness & Impact of Course Rigor

Page 17

- Percent of Students Meeting 3 or 4 College Readiness Benchmarks by Core College Curriculum Status
- Percent of Students in College and Career Readiness Standards (CCRS) Score Ranges
- Percent of Students Who Met ACT College Readiness Benchmark Scores by Gender
- Percent of Students Who Met ACT College Readiness Benchmark Scores by Race/Ethnicity
- Likely ACT National Career Readiness Certificate (NCRC) Level Based Upon ACT Composite Score
- College Readiness Benchmark Percent and Average ACT Scores by Overall High School Curriculum
- College Readiness Benchmark Percent and Average ACT Scores by Content-Specific Curriculum
- College Readiness Benchmark Percent and Average ACT Scores by Common Course Patterns
- College Readiness Benchmark Percent and Average ACT Scores for Gender by Common Course Patterns

Section IV: Career and Educational Aspirations

Page 25

- Average ACT Composite Scores by Race and Student Postsecondary Aspirations
- Distribution of Planned Educational Majors for All Students by College Plans
- Average ACT Composite Scores for Racial/Ethnic Groups by Post-Secondary Educational Aspirations
- Students' Score Report Preferences at Time of Testing

Section V: Optional Writing Test Results

Page 31

- Average ACT Writing Scores by Race/Ethnicity
- Average ACT Writing and English Language Arts Outcomes by Race/Ethnicity and Gender for Students Who Took Writing

This report provides information about the performance of your students who took the ACT as part of the Wisconsin State Testing (Grade 11 Tested Students).

This report focuses on:

Performance - student test performance in the context of college readiness

Access - number of your graduates exposed to college entrance testing and the percent of race/ethnicity participation

Course Selection - percent of students pursuing a core curriculum

Course Rigor - impact of rigorous coursework on achievement

College Readiness - percent of students meeting ACT College Readiness Benchmark Scores in each content area

Awareness - extent to which student aspirations match performance

Articulation - colleges and universities to which your students send test results

Each year, test data for a school, district, and the state represents a different cohort of students. ACT encourages educators to focus on trends (3, 5, 10 years), not year-to-year changes. Such changes can represent normal – even expected – fluctuations. On the other hand, trend lines offer more insight into what is happening in a school, district, or the state.

Furthermore, ACT encourages educators to measure student performance in the context of college readiness measures. The focus should be on the number and percentage of students who met or exceeded ACT's College Readiness Benchmark Scores, a measure that is much more meaningful and understandable than an average composite score for a group of students.

The ACT is a curriculum-based measure of college readiness. ACT components include:

- Tests of academic achievement in English, math, reading, science, STEM, and (optional) ELA and writing
- High school grade and course information
- Student Profile Section
- Career Interest Inventory

The ACT:

Every few years, ACT conducts the **ACT National Curriculum Survey** to ensure its curriculum-based assessment tools accurately³¹ measure the skills high school teachers teach and instructors of entry-level college courses expect. The ACT is the only college readiness test designed to reflect the results of such a survey.

ACT's **College and Career Readiness Standards** are sets of statements intended to help students, parents and educators understand the meaning of test scores. The standards relate test scores to the types of skills needed for success in high school and beyond. They serve as a direct link between what students have learned and what they are ready to do next. The ACT is the only college readiness test for which scores can be tied directly to standards. College and Career Readiness Standards to the Classroom interpretive guides can be found at www.act.org/content/act/en/education-and-career-planning/college-and-career-readiness-standards.html.

The ACT reports **College Readiness Benchmark Scores** – A benchmark score is the minimum score needed on an ACT subject-area test to indicate a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in the corresponding credit-bearing college courses, which include English Composition, Algebra, Social Science, Biology, STEM and ELA. These scores were empirically derived based on the actual performance of students in college.

College Course/Course Area	ACT Score	Benchmark Score
English Composition	English	18
Algebra	Mathematics	22
Social Sciences	Reading	22
Biology	Science	23
STEM	STEM	26
ELA	ELA	20

For more information, go to www.act.org

How to Improve Scores and Increase College Readiness

34% of your students met all four ACT College Readiness Benchmark Scores (Table 1.1). To improve students' scores and increase the percentage of students identified as college ready, ACT suggests:

PROVIDING ACCESS FOR ALL STUDENTS TO TAKE THE ACT: 312 of your students are included in this report (the 'cohort'). Increasing access insures that more students have the opportunity to consider college and allows the reader to use this report to evaluate how well courses and instructional programs are preparing students for college and work.

32

MAKING CORE CURRICULUM A PRIORITY: Emphasize the need for all students to develop college and work ready skills, regardless of postsecondary aspirations. 22% of the students in the cohort reported taking courses that would be considered 'Core or More' (Table 1.4).

MAKING SURE STUDENTS ARE TAKING THE RIGHT KINDS OF COURSES: Table 3.8 reports 1% of the cohort took less than three years of math courses. Of these students, 67% were college ready. 2% of the cohort reported taking a course sequence of Algebra I, Algebra II, and Geometry. 0% of these students were college ready. In comparison, 78% of the students who took 3 or more years of math beyond Algebra I, Algebra II, and Geometry were college ready. Getting more students ready for Algebra prior to 9th grade will increase the chances that students will be prepared for and take advanced-level math courses.

Similarly, Table 3.8 reports 7% of the cohort took less than three years of natural science courses. 59% of these students were college ready. In comparison, 72% of students who took at least three years of science coursework were college ready.

EVALUATING RIGOR OF COURSES: Table 3.1 reports the percentage of students falling in each of the ACT College and Career Readiness Standards score ranges. For example, approximately 35% of the cohort fall into the lowest three Mathematics score ranges. To increase these students' achievement, identify the standards they should focus on next by accessing ACT's College and Career Readiness Standards at www.act.org/content/act/en/education-and-career-planning/college-and-career-readiness-standards.html.

PLAN GUIDANCE ACTIVITIES BASED ON STUDENTS' CAREER AND COLLEGE ASPIRATIONS: Data in Tables 4.1 and 4.2 enable the reader to determine if aspirations are consistent with academic performance and whether, among students with similar aspirations, academic performance is consistent across racial/ethnic groups.

For more information on interpreting data in this report, or to learn how ACT can help your students improve their readiness for college and the workplace, contact ACT Customer Service at 319-337-1365 or customerservices@act.org.

41

¹ CP is the cumulative percent of students at or below a score point.

² ELA scores are derived only for students with a valid writing score.

Note: Shaded portions of columns identify the students who met/exceeded the ACT College Readiness Benchmark Scores.

Figure 2.2. English Reporting Categories

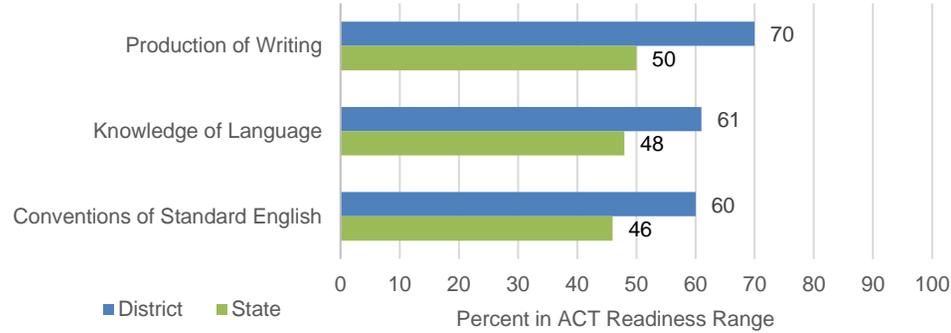

Figure 2.4. Reading Reporting Categories

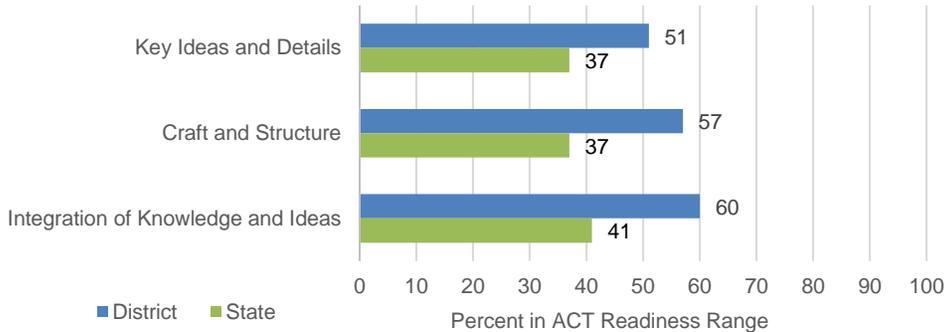

Figure 2.5. Science Reporting Categories

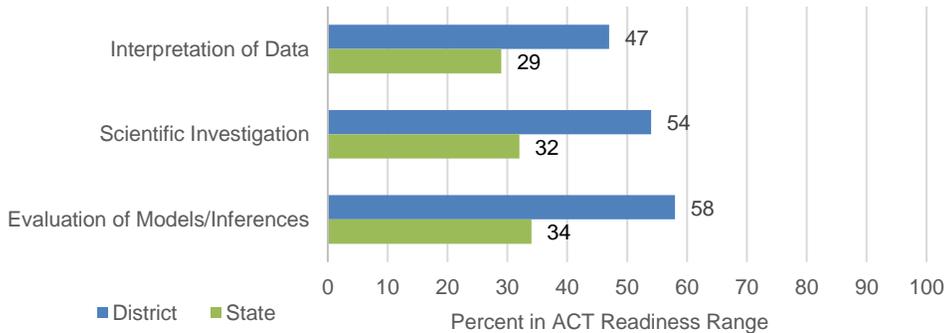

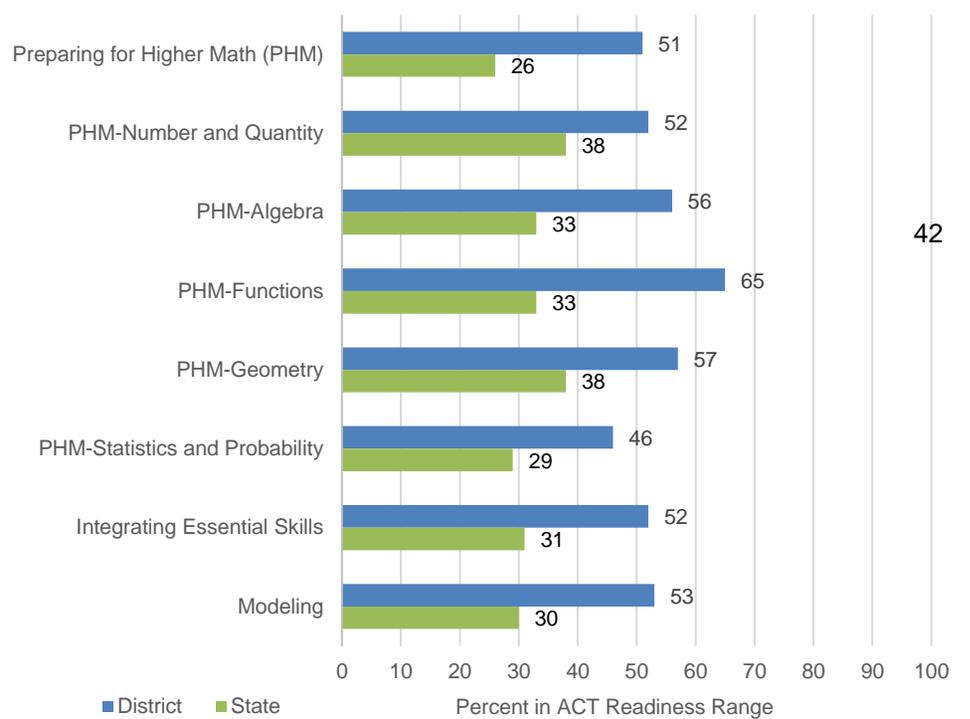

Figure 2.3. Math Reporting Categories

42

The charts on this page show the percent of students whose reporting category scores fall within associated ACT Readiness Ranges. ACT Readiness Ranges reflect where a student who has met a particular subject area's ACT College Readiness Benchmark would typically perform within the associated reporting category.

Table 2.2. Average ACT Composite Scores for Race/Ethnicity by Level of Preparation

Student Group	Race/Ethnicity	Number of Students Tested	Percent Taking Core or More ¹	Average ACT Composite Score	
				Core or More	Less Than Core
District	All Students	312	22	25.4	22.8
	Black/African American	3	0	.	26.0
	American Indian/Alaska Native	2	0	.	.
	White	272	25	25.2	22.6

Table 3.4. Likely ACT National Career Readiness Certificate (NCRC) Level Based Upon ACT Composite Score¹

Student Group	ACT NCRC Level	N	%	Average Composite
District	Platinum	62	20	29.6
	Gold	103	33	23.9
	Silver	103	33	19.3
	Bronze	38	12	14.9
	Needs Improvement	6	2	11.8
State	Platinum	6,771	11	29.7
	Gold	12,850	21	23.7
	Silver	19,476	32	18.9
	Bronze	18,086	29	14.5
	Needs Improvement	4,389	7	11.4

¹ The ACT Composite scores associated with at least a 50% chance of earning each ACT NCRC level or higher are: 13 for Bronze, 17 for Silver, 22 for Gold, and 27 for Platinum. Based on those cut scores, students who earned an ACT Composite score of less than 13 are classified as 'Needs improvement' as they are unlikely to obtain an ACT NCRC. Students with an ACT Composite score of 13 to 16 are classified as 'Bronze' as they are likely to obtain a Bronze NCRC, 17 to 21 as 'Silver', 22 to 26 as 'Gold', and 27 or above as 'Platinum'.

Visit www.act.org/NCRC-indicator to learn more.

Table 3.5. College Readiness Benchmark Percent and Average ACT Scores by Overall High School Curriculum

	Missing	31,804	40	16.7	22	18.0	29	18.5	23	18.5	13	18.0	9	18.5

¹ "Curriculum Taken" reflects overall high school curriculum in this table.

² "Core or More" results correspond to students taking four or more years of English AND three or more years each of math, social studies, and natural science.

³ Zero years or no coursework information reported in one or more content areas.

⁴ Composite College Readiness Benchmark % results reflect students who met all four subject-area benchmarks.

Table 3.6. College Readiness Benchmark Percent and Average ACT Scores by Content-Specific Curriculum

Student Group	Curriculum Taken ¹	English			Mathematics			Reading			Science		
		N	%	Avg	N	%	Avg	N	%	Avg	N	%	Avg

	Missing	28,779	40	16.6	30,552	22	17.9	31,396	30	18.5	30,973	23	18.5

¹ "Curriculum Taken" reflects content-specific curriculum in this table.

² "Core or More" results correspond to students taking four or more years of English or three or more years of math, social studies, or natural science, respectively.

For instance, Reading "Core or More" results correspond to students taking three or more years of social studies, regardless of courses taken in other content areas.

³ Zero years or no coursework information reported in the specified content area.

**DEI Ad Hoc Recommendations
Curriculum Committee**

Item	Committee	Administrative Status Summary and Potential Next Steps
Offer ongoing professional learning opportunities that afford space/time to process, reflect, and apply new learning	Curriculum	Providing time to process and apply new learning is a valuable component of professional development that has been increased in recent years and is expected to continue. 65
Extend learning opportunities regarding culture and implicit bias to all staff;	Curriculum	There have been isolated learning opportunities in this area, but not consistently and district wide.
Work with building coaches to develop comfort/capacity in leading professional learning for staff around equity in education.	Curriculum	Our instructional coaches include equity topics in coaching cycles and in workshops as appropriate.
Evaluate and monitor progress of students (response rates within Rtl framework) of different abilities and from different backgrounds and report progress to the WCSD Board of Education	Curriculum	Reviewing our data to monitor whether our multi-tier systems of support serve all learners who need support well is important. Due to the relatively small numbers of students in disaggregated data at individual grades and schools, this may need to be a district level study.
Evaluate the level of awareness of and accessibility to WCSD 4K programs and wrap-around care that is available to all families in the district;	Curriculum	A high percentage of our families participate in 4K programming in our district or in other districts. There is also a high level of participation in busing and wrap around care.
Provide outreach to network with child care programs beyond 4K sites, including pre-K programs such as Head Start;	Curriculum	The district partners with sites for 4K with consultation available for any site. Head Start is not currently offered by non-profit groups in our community.
Provide professional learning opportunities and coaching to all staff/teachers in the areas of family and community including communication and relationship building. Such opportunities should be made available to all district staff who	Curriculum	We have offered trauma sensitive schools training to all our licensed staff in the past and may revisit it and extend it to all employee groups as this is an area of ongoing need. We will review other training approaches to strengthening home-school communication and relationship development.

Item	Committee	Administrative Status Summary and Potential Next Steps
interact with students and families in and outside of the classroom;		
Improve communication practices to remove barriers to information access. This may include communicating with families who move into the school district in the middle of the school-year and providing interpretation and translation services.	Curriculum	We have added staffing and improved our overall service level for translation and interpretation in recent years. This is an area where significant improvement has occurred. Supporting families who are new to the district is an area we can review for greater consistency.
Revisit adding the “Educators Rising” Program for students who may pursue education in the future and actively recruit BIPOC students to join;	Curriculum	We have an Educators Rising program and the opportunity is communicated broadly, including outreach to our affinity groups. 66
Provide outreach to families and to determine barriers that may exist for students who are preparing for college and/or careers beyond high school;	Curriculum	We will review our data to determine what gaps may exist. We currently do not offer much in the way of differentiated approaches to Academic and Career Planning and will engage our counselors in developing outreach strategies for provide additional support.
Increase accessibility and opportunities for students to participate in ACT preparation classes by eliminating fees and offering classes during school hours;	Curriculum	We will introduce Naviance earlier (Sophomore year instead of Junior year). We will increase awareness of free online options and the fee waiver process for the in person workshop.
Create opportunities to ensure equal representation of students of different abilities and backgrounds in Advanced Placement (AP) classes.	Curriculum	We will review our prerequisites to shift from a gatekeeping philosophy to a welcoming any student mindset.
Discontinue tracking systems that may exist based on perceived student abilities	Curriculum	We will review requirements to reduce gatekeeping barriers and reach out to all students, including underrepresented groups, to encourage them to take advanced coursework.
Provide consistent and repeated staff training, coaching, and feedback on inclusion practices;	Curriculum	We have been working to embed professional learning for staff that promotes co-teaching and understanding of universal practices for all students. This work needs to continue.

Item	Committee	Administrative Status Summary and Potential Next Steps
Explicit staff training (inviting paraeducators), in Universal Design for Learning (UDL), tied to coaching and feedback	Curriculum	See previous item.
Review and update curriculum and curricular resources/materials through a diverse lens (e.g. history and sociology)	Curriculum	We have begun to review district curriculum for an accurate and inclusive representation of all backgrounds. This work needs to continue.
Include BIPOC (Black, Indigenous, People of Color) stories/books from BIPOC authors, both fiction and nonfiction;	Curriculum	Our reading lists have broadened in the last decade and the new Multicultural Literature elective begins this year. Work on providing opportunities for student choice and reading lists that are inclusive and facilitate high levels of learning needs to continue and be refined. 67
