LAW

- MS 31-7-14 is the law that governs and permits school districts to enter into public contracts of energy efficiency services
  - Defines important terms
  - Outlines process
  - Sets financing terms
  - Repealer was extended 4 years to July 1 2025 with SB2649

LAW - IMPORTANT TERMS

- "Energy performance contract" means an agreement to provide energy services which include, but are not limited to, the design, installation, financing and maintenance or management of the energy systems or equipment in order to improve its energy efficiency. The energy savings are guaranteed by the performance contractor and savings from energy, operations, maintenance and other cost-avoidance measures can be used to repay the cost of the project.

LAW - IMPORTANT TERMS (continued)

- "Energy services" or "energy efficient services" means energy efficiency equipment, services relating to the installation, operation and maintenance of equipment and improvements reasonably required to existing or new equipment and existing or new improvements and facilities including, but not limited to, heating, ventilation and air conditioning systems, lighting, windows, insulation and energy management controls, life safety measures that provide long-term, operating-cost reductions, building operation programs that reduce operating costs, other energy-conservation-related improvements, including improvements or equipment related to renewable energy, water and other natural resources conservation, including accuracy and measurement of water distribution and/or consumption, and other equipment, services and improvements providing energy efficiency as determined by the division.

LAW - PROCESS

- Identify priorities and funding goals
- Advertise request for proposals/qualifications
- Select most qualified energy services firm
- Negotiate and enter into contract with energy services firm to develop scope of work and final pricing
- Enter into construction contract with energy services firm

LAW - FINANCING TERMS

- Rate of interest capped same as General Obligation Bond
- Max term cannot exceed the lesser of 20 years or the average useful life of the equipment
- May bid out financing with third-party

Typical Components

- Payback Period 1-5 Years
  - Weatherization
  - LED Retrofits
  - HVAC Retro Commissions
  - Telecommunications
  - Water Conservation
  - HVAC Controls
  - Lighting Controls*
- Payback Period 6-20+ Years
  - LED New Fixtures
  - Lighting Controls*
  - HVAC System Replacement*
  - Transformers*

**Wide range - depends on circumstances*

Typical Components

- Installation 0-6 Months
  - Weatherization
  - Telecommunications
  - LED/Lighting Controls
  - Transformers
  - Water Conservation
- Installation 7-12 Months
  - HVAC/HVAC Controls

PERFORMANCE EXPECTATIONS

- Other school districts are realizing 15-35% annual utility savings
  - JCSD conservatively could save $400,000 annually
  - Detailed audit would be performed after RFP process
- Most school district projects are in the $1,000,000 to $5,000,000 range

PERFORMANCE EXPECTATIONS

- Total lease amount would depend on savings, term, interest rates, and desired payback
- Examples assuming $400,000 annual savings/payment
  - $1,800,000 for 5 yr. term
  - $3,500,000 for 10 yr. term
- Examples assuming $500,000 annual savings/payment
  - $2,300,000 for 5 yr. term
  - $4,300,000 for 10 yr. term
- Current interest rates are at all time lows
  - 10 yr. terms in the mid 1s(%); 15 yr. terms in the high 1s(%)
  - Rates can only be locked for 60 days

JCSD RECOMMENDATION

- Await outcome of bond election and ESSER II & III application
  - Bond failed to pass so capital funding needs are higher
  - ESSER II & III both have significant HVAC and window projects
    - ESSER carries no interest cost; quicker to implement
- 3 options to consider
  - Do nothing
  - Only focus on harvesting low hanging fruit
  - Evaluate more comprehensive plan that incorporates all savings opportunities and funding resources

JCSD RECOMMENDATION

- Consider pursuing low-hanging fruit that doesn't have current funding
  - Shorter payback period, longer useful life, short install window
    - LED, Telecommunications
    - Could use savings to balance budget or replace other components like ceiling tiles
- If going beyond low-hanging fruit, best practice would be to look at energy opportunities as a whole at each building rather than as a component district-wide
  - Weatherization first (stop the bleeding)
  - Then HVAC, Automation Controls, Transformers
  - Consider solar on roofs that are being replaced as well as Vancleave and East Central solar farms on 16th section parcels

The school district currently maintains a bank account for the activity funds of each attendance center. Presently, the Superintendent, Business Manager, and Assistant Superintendent of that attendance center are the authorized signors on the account.

Due to the recent changes in Assistant Superintendent at the East Central attendance center, I am requesting Todd Boucher replace Mary Tanner as authorized signor for the East Central Activity Fund Bank Account.

1.0 Executive Summary

The following Year 13 Annual Savings Report for the Jackson County School District documents the measured savings resulting from the Facility Improvement Measures (FIMs) installed by Siemens Industry, Inc., Smart Infrastructure Division through our Performance Contracting Agreement with JCSD signed in October 2006.

All construction was completed by March 31, 2008. On March 24, 2008, Amendment #1 removed the Mechanical Services from the Technical Support Program. The information presented in this Annual Savings Report represents the Annual Period starting April 1, 2020 through March 31, 2021.

Specific FIMs installed included lighting efficiency upgrades, water conservation upgrades, installation of an Energy Management and Control System (EMCS), installation of VendingMisers, and HVAC upgrades. All FIMs installed by Siemens performed as designed; therefore, the guaranteed savings were achieved.

Table 1 shows the total guaranteed cost savings for the entire contract period.

3.0 Environmental Impact

In addition to providing energy and other cost-avoidance, the reduction in energy consumption from the FIMs reduces the release of polluting emissions into the atmosphere. This helps the District reduce its overall carbon footprint and be a "green neighbor", supporting a better and healthier environment.

In this Thirteenth Annual Period of the Energy Performance Contract with Siemens, the District has reduced its electric consumption from the baseline year by **2,832,788 kWh** and natural gas consumption by **9,498 CCF,** or an overall reduction of **28%**.

Figure 3 below summarizes the total emissions summary for the District's project and illustrates this Thirteenth Annual Period's consumption emissions equivalencies.

To: **JCSD School Board Members**

From: **Ryan Earley, Business Manager**

Date: **June 2, 2021**

Subject: **Letter of Justification for Updates to Policy DK**

School Board Policy DK - Student Activities Fund Management governs the expenditure of local student activity funds. This request is being made to expand the items which may be paid prior to Board approval. Presently, policy DK permits activity fund expenses for the following be made prior to board approval:

- Athletic officials
- Game guarantees
- ROTC purchases
- MHSAA related travel (hotels, meals, etc.)

I am seeking to add the following as activity fund expenses that may be made prior to board approval:

- Tournament/camp fees
- Field Trips
- Graduation/Prom/Senior Trip

The main reason for the change is that some vendors will not accept a PO but rather require a check at time of entrance (such as a field trip) or at time of purchase if a supply (such as for prom).

Thank you for your consideration of this request.

Ryan Earley

The Board of Education of the Jackson County School District authorizes the expenditure of local school activity funds, or other available school district funds, other than minimum education program funds, for any necessary expenses or travel costs incurred by students and their chaperons in attending any in-state or out-of-state school related programs, conventions or seminars and/or any commodities, equipment, travel expenses, purchased services or school supplies which the school board, in its discretion, shall deem beneficial to the official or extracurricular programs of the district, including items which may subsequently become the personal property of students, including yearbooks, athletic apparel, book covers, and trophies.

The following items and purposes are deemed beneficial to the official or extracurricular programs of the district:

1. State Passes
2. Athletic Association Coach Membership Dues
3. Field Maintenance Materials
4. Coach's Game Apparel
5. Office Supplies
6. Assigning Fees
7. Dues
8. HUDL
9. Coach Evaluation Softball
10. Game Administrator Mileage Reimbursement
11. Facility Enhancement
12. Coach Clinic Attendance

"Activity funds" shall mean all funds received by school officials paid or collected to participate in any school activity, such activity being part of the school program and partially financed with public funds or supplemented by public funds. The term "activity funds" shall not include any funds raised and/or expended by any organization unless commingled in a bank account with existing activity funds, regardless of whether the funds were raised by school employees or received by school employees during school hours or using school facilities and regardless of whether a school employee exercises influence over the expenditure or disposition of such funds.

Each Attendance Center, Jackson County Technology Center, and the Alternative School will maintain its own bank account for the receipt and disbursement of activity funds. The account must be approved by the school board and entered into its minutes along with the name of the only persons authorized to sign checks on the account. Accounts must be in financial institutions selected by the school board in accordance with state statutes. A copy of the school activity account will be kept on file in each Attendance Center office, the Jackson County Technology Center Office, the Alternative School office and available at any time to the teachers, students, or parents.

All activity funds received by a local school must be deposited into its activity fund bank account. The Assistant Superintendent for the Attendance Center/Principal of the Technology Center and Alternative School must maintain a permanent three-part receipt
book in which to record all receipts. A person remitting activity funds for deposit will be given the original receipt, the second copy will be attached to the transmittal report to the Business Office, and the third copy will be kept in the book and on permanent file in the Assistant Superintendent/Principal's office. All of these pre-numbered receipts must be accounted for. A copy of the deposit slip indicating the amounts of money deposited to the bank must also be attached to the transmittal report. The deposit slip should indicate the sequence of receipt numbers that particular deposit covers. No more than five hundred ($500.00) shall be maintained in a school building beyond bank closing hours.

Funds raised by any organization independent of the District (such as PTA, PTO, PTSO or Booster Clubs) will be separate and not part of the activity fund. The District shall not manage these funds in any fashion. (see Board Policy EGB)

If any organization donates any assets to the school district, the school board must acknowledge in its official minutes who has title to the donated assets.

Pre-numbered tickets shall be used at any event at a local school for which a fee is charged for admission.

Any disbursements of activity funds must be made from the account on pre-numbered checks. The disbursement shall be adequately supported by an invoice or statement. All purchases made with activity funds must comply with the state purchasing laws. Only the Superintendent, Assistant Superintendent, Principal of the Jackson County Technology Center and Principal of Alternative School may sign checks on the account. All pre- numbered checks must be accounted for.

Within five working days of the close of the month, the Assistant Superintendent of the Attendance Center/Principal of the Technology Center and Alternative School shall deliver to the district Business Office a transmittal of all activity fund receipts and disbursements during the preceding month. This transmittal form shall contain receipts and disbursements by individual activity. It will list each check by check number, date and purpose and each deposit by date, receipt numbers and source. Upon receipt of the transmittal forms, the Business Office staff shall review them for accuracy and completeness prior to making the entries to the accounting records. The information from the transmittal form will be used to reconcile the monthly bank statements. All school district activity fund transmittal reports shall have an assigned claim number. These reports and bank reconciliations shall be reviewed and approved by the school board. This approval shall be acknowledged in the board's official minutes.

The activity funds account shall be audited annually.

Any activity fund which becomes dormant and inactive may have its surplus, if any, transferred to another activity fund if approval is granted by the school board.

This school board may authorize to conduct, on behalf of the school district, fund-raising activities deemed by the board, in its discretion, to be appropriate or beneficial to the official or extracurricular programs of the district. Any proceeds of such fund-raising activities shall be treated as activity funds and shall be accounted for as are other activity funds. Approval of all fund raising activities must have prior approval of the Principal, Attendance Center Assistant Superintendents, Superintendent and School Board. Club accounts are exempt from this step.

Fund-raising activities conducted or authorized by the board for the sale of school pictures, the rental of caps and gowns or the sale of graduation invitations for which the school board receives a commission, rebate or fee shall contain a disclosure statement advising that a portion of the proceeds shall be contributed to the student activity fund.

Any arrangement between a local school and a company supplying merchandise, such as school pictures, class rings and caps and gowns, shall be by written contract, signed by the Assistant Superintendent and the company's representative, approved by the school board, and on file available for public review in the Assistant Superintendent's office. The contract shall include all provisions of the arrangement including any rebate or commission to the school. Any rebate or commission provision in a contract shall be fully disclosed in the school board minutes and to any prospective purchasers of the merchandise. In cases where the merchandise is purchased by the student directly from the vendor, any such rebate or commission to the school shall be paid by check from the company directly to the school's activity fund. Under no circumstances shall a company or a purchaser make a payment directly to an Assistant Superintendent or Principal.

Purchases made for school activities which are totally financed with privately generated funds that are not accounted for in a school district's financial accounting system or school bank account are not required to be made pursuant to state purchasing laws or have prior approval by the school board.

2.0 THIRD PARTY SOFTWARE AND SERVICES. The following terms and conditions will apply to all Third-Party Software and Third Party Services.

2.1 Subject to Third Party's Warranties and Terms. Third Party Software and Third Party Services are distributed by us as a licensor, distributor or reseller. These products and services are provided subject to the separate license and sale terms, conditions and restrictions required by the third party. TO THE EXTENT PROHIBITED BY THE LAWS OF THE STATE OF MISSISSIPPI. WE DO NOT PROVIDE, AND WE EXPRESSLY DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE, ON ANY THIRD-PARTY SOFTWARE AND SERVICES WE SUPPLY OR MAKE AVAILABLE TO YOU. 2.2 Warranty Claims. We will use reasonable commercial endeavors to facilitate warranty claims you may make against the third party supplying such products or services. **This is our sole obligation relative to these products or services.**

3.0 PROFESSIONAL SERVICES. Professional Services listed on the Order Form will be provided subject to the following terms and conditions:

3.1 Mutual Cooperation. You and we mutually agree to cooperate with each other in a professional and courteous manner in the performance of our respective duties in the delivery of Professional Services.

3.2 Scheduling Changes Caused by You. You agree to notify us at least 5 business days in advance of your intention to reschedule previously confirmed on-site Professional Services sessions. If you do not provide such notice, and we are unable to re-assign the resources scheduled to provide your Professional Services, we reserve the right to charge you a cancellation fee of up to $750 for each day cancelled without such notice.

3.3 Scheduling Changes Caused by Us. If we are required to reschedule (except for reasons caused in whole or in part by you or that are outside our reasonable control) a previously confirmed on-site Professional Services delivery session, we will use all reasonable efforts to provide you at least 5 business days' notice. If we do not provide such notice, and you incur reasonable direct, non-refundable expenses which you have made good faith efforts to avoid, we will upon your written request (which must include documentation of these expenses) provide you a credit for such expenses. In no case, however, will the amount of credit exceed $750.

3.4 Acceptance of Services and Warranty.

3.4.1 Warranty and Acceptance. We warrant that the Professional Services we provide will be performed in a workmanlike manner. 3.4.2 Failure to Cure. If you give us notice under subsection 3.4.1 and we are unable to cure the deficiency within 60 days after your notice, you may terminate the directly affected portions of service and obtain a refund of amounts you have paid for the terminated Professional Services.

4.0 GENERAL TERMS

4.1 Fees and Payment

4.1.1 Fees. You agree to timely pay all amounts due to us as shown on the Order Form and acknowledge that by submitting a signed Order Form, you are representing to us that the employee or agent signing on your behalf has the requisite authority to bind you to the terms and conditions of the Agreement, including the payment obligations identified on the Order Form. Except if specified in the Order Form or in section 1.3.2 (re Outages) all such amounts are non- cancellable and non-refundable. To the extent that you fail to timely pay all amounts due as identified on the applicable Order Form, you accept that we can institute any and all collection efforts and legal claims that we deem appropriate and that you shall pay us for all costs and expenses (including attorney's fees) we incur in connection with such collection efforts and claims.

4.1.2 Taxes. Except to the extent you provide us with a valid tax exemption certificate authorized by the appropriate taxing authority covering all applicable taxes otherwise due and payable, we will invoice you for and you will pay any applicable direct or indirect local, state, federal or foreign taxes, levies, duties or similar governmental assessments of any nature, including, but not limited to, value-added, gross receipts, sales, use or withholding taxes associated with your license or purchases under this Agreement, except for taxes based on our net income or real property. Edmentum acknowledges you are a Governing Authority of the State of Mississippi and must adhere to Mississippi Code annotated §31-7-305 and is therefore exempt from taxation.

4.1.3 Acceptance. All Software will be deemed accepted upon our making it available to you online and will thereafter be subject to the limited warranty provision of this Agreement.

4.2 Confidentiality

4.2.1 Definition of Confidential Information. "**Confidential Information**" means all confidential and proprietary information disclosed by one party (the "**Discloser**") to the other (the "**Receiver**") and that is either designated as confidential or of a type that should be reasonably expected to be confidential. Confidential Information includes the Customer Data, our Software, business and marketing plans, technology and technical information, product designs, and business processes, but does not include any information that, without breach of obligation owed to Discloser: (a) is or becomes generally known to the public; (b) was known to the Receiver prior to its disclosure by the Discloser; (c) was independently developed by the Receiver; or (d) is received from a third party. Notwithstanding any other provision of the Agreement, Edmentum acknowledges that the terms of this Agreement are subject to the Mississippi Public Records Act ("MPRA"), Mississippi Code Annotated §25-61-1 et seq. (1972), as amended.

4.2.2 Protection. The Receiver will not disclose or use any Confidential Information of the Discloser for any purpose outside the scope of this Agreement, except with the Discloser's prior written permission. The Receiver will protect the Confidential Information of the Discloser as if it were the Receiver's own Confidential Information, and at a minimum, with reasonable care. This obligation will survive termination of this Agreement for a period of 3 years. You accept and acknowledge that you input the information and data into our Software, including any Student personal information that you deem necessary and that we have no control over such input, that certain third parties may have access to such information and data to assist in enhancing the Software and in facilitating your Users use and access of the Software and that we may retain the data and information that you provide in accordance with our normal retention and destruction practices on certain or our servers, SAN and/or cloud backups.

4.2.3 Compelled Disclosure. If by court order, legal requirement or regulatory authority the Receiver is forced to disclose Confidential Information of the Discloser, the Receiver will (to the extent legally permitted) give the Discloser prompt notice of the order and will provide, at the Discloser's request and cost, reasonable assistance to contest the disclosure.

4.2.4 Remedies. If the Receiver discloses or uses (or threatens to disclose or use) any Confidential Information of the Discloser in breach of this section, the Discloser will have the right, in addition to any other available remedies, to seek injunctive relief to prevent further (or the threatened) disclosure.

4.3 Indemnities

4.3.1 Our Indemnification of You. Subject to the conditions described below and the provisions of section 4.6, we will defend, indemnify and hold you harmless against any loss, damage or costs (including reasonable attorneys' fees) incurred in connection with claims, demands, suits, or proceedings (collectively called "Claims") made or brought against you by a third party, as follows:

a. **For Personal Injury or Property Damage.** Our indemnity covers Claims alleging personal injury or property damage to the extent caused by the willful misconduct or gross negligence of our personnel while on your premises.

b. **For Infringement.** Our indemnity covers Claims alleging that your Users use of the Software in accordance with the terms of this Agreement, or any Materials furnished by us in connection with this Agreement infringes the intellectual property rights of a third party. To the extent not prohibited by the laws of the State of Mississippi. We will have no indemnification obligations or other liability for any claim of infringement or misappropriation to the extent (a) based on specifications or directions you provided, (b) your use of a superseded or altered version of some or all of the Software or Materials if infringement would have been avoided by the use of a subsequent or unaltered release of the Software or Materials provided to you or (iii) your use occurs in a jurisdiction other than the United States. If the Software becomes, or in our opinion is likely to become, the subject of an infringement claim, we may, at our option and expense, either procure for you the right to continue using the Software;

replace or modify the Software so that it becomes non-infringing and remains functionally equivalent; or require the return of the affected Software and refund you the portion of your purchase price attributable to the returned product for the remaining Subscription Period.

4.3.2 Your Indemnification of Us. Subject to the conditions described below and section 4.6, and to the extent not prohibited by the laws of the State of Mississippi, you will defend, indemnify and hold us harmless against any loss, damage or costs incurred in connection with Claims made or brought against us by (i) a third party alleging that the Customer Data, your use of the Software in violation of this Agreement, or any materials, data or information provided by you or your representatives either: (a) infringes the intellectual property rights of a third party, or (b) has otherwise harmed a third party, or (ii) anyone who has suffered personal injury or property damage based upon you or your employees, agents or Students or Users negligence or intentional misconduct.

4.3.3 Conditions. These indemnities will be conditioned on the party seeking indemnity: (a) promptly providing the other with a written notice of the Claim; (b) giving the other party sole control of the defense and settlement of the Claim, provided that the other party may not settle any Claim unless the party seeking indemnity is unconditionally released from liability; and (c) at no charge, providing the other party with all reasonable assistance relative to the defense of the Claim.

4.3.4 Exclusive Remedies. Our and your exclusive indemnification responsibilities are stated in this section 4.3.

4.4 Care of Customer Data. We will make periodic backups of Customer Data you enter into our Software and will otherwise use reasonable commercial care, consistent with general industry practice, to protect such Customer Data against loss. We are not responsible for lost Customer Data. You will be responsible for the maintenance of Customer Data held in our Software or learning management systems and for replacing it if it is lost or destroyed for any reason.

4.5 Force Majeure. The term "**Force Majeure**" means circumstances beyond the reasonable control of a party (such as acts of God, government restrictions, wars, insurrections, labor strife, or failure of suppliers, communication or data systems, subcontractors, or carriers) which delay or prevent the party from performing under the terms of this Agreement. Affected performance obligations will be suspended during the duration of the Force Majeure. In the event the Force Majeure persists for more than 90 days, the other party may terminate the affected portions of this Agreement upon written notice.

4.6 Disclaimers, Limitations and Exclusions.

4.6.1 Warranty Disclaimer. EXCEPT AS EXPRESSLY PROVIDED IN SECTIONS 1.7 OR 3.4 OF THIS AGREEMENT, WE MAKE NO WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND WE SPECIFICALLY DISCLAIM ALL IMPLIED WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, INCLUDING THE LAWS OF THE STATE OF MISSISSIPPI.

4.6.2 Limitation of Liability. TO THE EXTENT NOT PROHIBITED BY THE LAWS OF THE STATE OF MISSISSIPPI, EXCEPT FOR BREACHES OF CONFIDENTIALITY OBLIGATIONS (WHICH ARE LIMITED TO $50,000 IN THE AGGREGATE FOR ALL CLAIMS AGAINST EITHER PARTY IN ANY CALENDAR YEAR), IN NO EVENT WILL EITHER PARTY'S MAXIMUM AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE SOFTWARE PRODUCTS AND SERVICES AGREEMENT, WHETHER IN CONTRACT, TORT, INDEMNIFICATION OR UNDER ANY OTHER THEORY OF LIABILITY, EXCEED THE AMOUNTS ACTUALLY PAID BY YOU TO US UNDER THE APPLICABLE ORDER FORM DURING THE PRIOR TWELVE MONTHS. THE ABOVE LIMITATION WILL NOT APPLY TO EITHER PARTY IN THE EVENT YOUR STATE STATUTES ARE FOUND TO GOVERN THIS AGREEMENT AND THEY SPECIFICALLY PROHIBIT A LIMITATION OF LIABILITY PROVISION.

4.6.3 Exclusion of Consequential and Related Damages. TO THE EXTENT NOT PROHIBITED BY THE LAWS OF THE STATE OF MISSISSIPPI, IN NO EVENT WILL EITHER PARTY HAVE ANY LIABILITY TO THE OTHER FOR ANY LOST PROFITS OR FOR ANY INDIRECT, SPECIAL, LIQUIDATED, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES HOWEVER CAUSED AND, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, WHETHER OR NOT THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

4.7 U.S. Governmental Users. The Software and Documentation are "Commercial Items," as defined at 48 C.F.R. §2.101, and are licensed subject to Restricted Rights applicable to Commercial Items and only with those rights expressly granted under this Agreement. The U.S. Government will not be entitled to technical information that is not customarily provided to the public or to use, modify, reproduce, release, perform, display, or disclose the Software or Documentation except as allowed under this Agreement.

4.8 Term and Termination

4.8.1 Term of this Agreement. This Agreement will begin on the Order Form Date and will, unless earlier terminated in accordance with this section, continue in effect until the end of the last Subscription Period identified in the applicable Order Form.

4.8.2 Termination for Cause. A party may terminate this Agreement for cause: (i) 30 days after written notice of a material breach to the other party if such breach remains uncured at the expiration of such period; or (ii) if the other party ceases to conduct business in the ordinary course, files a petition for liquidation bankruptcy, fails to have an involuntary petition for bankruptcy dismissed or converted to a non-liquidation bankruptcy within 60 days after filing, or makes an assignment of essentially all assets for the benefit of creditors.

4.8.3 Outstanding Fees. Termination will not relieve you of the obligation to pay any fees payable to us prior to the effective date of termination.

4.9 Surviving Provisions. The following provisions will survive any termination or expiration of this Agreement: 1.6, 1.7, 2.1, 4.2, 4.3.1, 4.3.2, 4.3.4, 4.6, 4.9 and 5.0.

4.10 Assignment. Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other party (not to be unreasonably withheld). Notwithstanding the foregoing, we may assign this Agreement in its entirety without your consent, in connection with a transaction involving a sale of all or substantially all of our assets or equity through merger or otherwise. Any attempt by a party to assign its rights or obligations under this Agreement in breach of this section will be void

and of no effect. Subject to the foregoing, this Agreement will bind and inure to the benefit of the parties, their respective successors and permitted assigns.

4.12 Entire Agreement. This Agreement constitutes the entire agreement between the parties, and supersedes all prior agreements, proposals or representations, written or oral, concerning its subject matter. No modification, amendment, or waiver of any provision of this Agreement will be effective unless in writing and signed by both parties. To the extent of any conflict or inconsistency between the provisions in these Standard Terms and an Order Form, the terms of the Order Form will prevail.

Subject: **Request to Rescind Sale of Asset #243**

Please consider this request to rescind awarding the sale of surplus asset #243 to Yolanda Smith in the amount of $1,000 that was approved at the May 10, 2021 board meeting and reject all bids. This request is being made due to MS 25-4-105(3)(b) which prohibits an employee from participating in an auction conducted by its employing entity. Ms. Smith was an active employee at the time of the auction and remains an active employee of the district.

After consultating with both Jack Pickett and GovDeals.com, it is recommended that the asset be rebid in another auction.

Thank you for your consideration of this request.

Subject: **Request to Use $150,000 in EEF Building and Bus Funds (Fund 2410) to Address Athletic Facility Inequities (Up to $50,000 Each AC)**

An outcome of our recent facility bond study has revealed that athletic facility inequities exist at all three attendance centers. From this finding, we recommend allocating $50,000 in funds from the EEF Building and Bus Fund (Fund 2410) to each attendance center to address any building/facility/equipment inequity that exists within their attendance center concerning men's and women's athletics.

The EEF Building and Bus Fund has strict language on what the money can be spent on:

> (a) Purchasing, erecting, repairing, equipping, remodeling and enlarging school buildings and related facilities, including gymnasiums, auditoriums, lunchrooms, vocational training buildings, libraries, teachers' homes, school barns, transportation vehicles (which shall include new and used transportation vehicles) and garages for transportation vehicles, and purchasing land therefor.
>
> **(b) Establishing and equipping school athletic fields and necessary facilities connected therewith, and purchasing land therefor.**
>
> (c) Providing necessary water, light, heating, air-conditioning and sewerage facilities for school buildings, and purchasing land therefor.

As part of this proposal the three attendance centers have formulated what they would do with the money given the law outlined above. The three attendance centers have also gotten quotes to confirm the viability of their proposals. Each of the three attendance centers proposals are attached to this request.

The board already has approved the necessary finances within that fund so we could proceed without formal board action. However, we would still like the board to be aware and authorize the spending given the inequities. It would also provide transparency to the spending in a similar manner as NIB expenditures.

Thank you for your consideration of this request.

Dear Mr. Earley,

On October 28, 2020, Hurricane Zeta impacted a large part of Mississippi and Louisiana. As the storm traveled throughout the area, it impacted three of the attendance centers associated with the Jackson County School District: East Central, St. Martin, and Vancleave. All attendance centers sustained varying forms of damages throughout which included roofing, exterior envelope, interior water damages, lighting, playground equipment, and fencing. Sedgwick are the loss adjusters retained by both Lloyds of London and Westchester Surplus Lines Insurance Company to adjust the loss on their behalf.

At this time, we have prepared estimates of damage for each location. Our estimates provide a replacement cost figure, as well as an actual cash value figure. Please note, Jackson County School District's valuation language states that valuation is at actual cash value until the property is repaired or replaced. At this time, repairs are commencing accordingly.

We have since prepared a statement of loss outlining the estimated replacement costs and calculated actual cash value for each impacted building. We have calculated a 3% dedutible per building which is applicable for named storm losses. At this time, our settlement recommendation presented to insurers totals a gross ACV amount of $746,62769 with a calculated 3% deductible of $404,093.93 for an ACV totaling $342,533.76. The settlement recommendation is based upon the following statement of loss summary:

Jackson County School District

2020-2021 Annual Health & Wellness Report

Wellness is a part of the Mississippi Public Schools Accountability Standards and the guidelines are enforced by school administrators on an annual basis. The health and safety of students, staff, and the community is paramount at all times, especially during an emergency situation such as the COVID-19 pandemic.

Jackson County School District did not hesitate to open their school doors for the 2020-2021 school year because we believed that the students and staff members well-being depended on it. In a recent community update, Dr. Strycker stated "Not only have our students been able to keep up academically throughout the pandemic, but they have also been able to attend classes with their teachers and friends, leading to less social/emotional isolation and issues. Child depression and teen suicide continue to rise, much of which I believe to be associated with the isolation linked to COVID-19."

The leadership team met weekly for hundreds of hours to develop a safe return to work/school plan that coordinated with guidance from local health officials, state executive orders and the Mississippi Department of Education. The district provided additional nurses, PPE, sanitizer and thermometers to attendance centers and departments. Parents, students and district personnel were trained on COVID-19 precautions and protocols.

JCSD partnered with Coastal Family Health for the provision of health care for students and staff across Jackson County School District. We were the first school district on the coast, possibly the state, who provided COVID-19 vaccinations on site to faculty and staff. Data was compared daily and weekly to monitor COVID-19 cases. Modifications to the school environment were made as necessary, while maintaining as much normalcy as possible.

Overall, the JCSD succeeded both academically and athletically despite the COVID-19 pandemic. Although the 2020-2021 school year was impacted by reopening with COVID-19 restrictions, Jackson County School District was compliant in federal and state Health and Wellness standards.

<u>Jackson County Technology Center</u>:

School Health Council Coordinator – Breanna Bean

- Several things were done throughout the school year to assist with health and wellness for the students in all of the CTE programs here at the Jackson County Technology Center. Safety is the number one priority that our students maintain while working in any shop/lab/class/clinic in the CTE classes.
- Of course with this year being in the midst of a pandemic, we added additional wellness measures, in addition to the school's requirements for masks and temperature checks, we added additional hand sanitization stations throughout the school and classrooms, limited amount of people allowed in bathrooms/halls at one time and disinfected between classes.
- All students must achieve a 100% mastery on a safety test in their individual curriculum prior to being allowed to enter into, and work in a shop/clinical setting. This safety test is specific for each class, but is basic safety to keep themselves and those around them safe at all times. The initial unit covered for all CTE classes is safety.
- The staff competed in a 9-week weight loss challenge. Between 6 employees 30+lbs were lost.
- The majority of CTE class-time is hands on in nature, assuring that the students are not sitting still the entire class period. They spend a majority of their time up moving around working on projects.
- The Bottle Filler water fountain is used daily and we have noticed more and more students are bringing water containers to fill up and use.
- Several of the classes offered at the JCTC complete the OSHA career safe safety course and become certified. A certification they may take into the work force upon graduation.
- Most of the staff received their COVID-19 vaccines through the Coastal Family Health Clinic.
- Medical Program II students become Health care provider, BLS certified.
- At our end of the year picnic the students are encouraged to participate in several outdoor physical activities as a reward for their hard work throughout the school year.

The Mississippi Shared Digital Consortium

MISSISSIPPI MackinVIA SHARED DIGITAL CONSORTIUM

Thank you and congratulations to the individual schools and school districts for participating in the Inaugural Mississippi Shared Digital Consortium! This first year was a huge success serving 338+ Mississippi PreK-12 schools, 50 Mississippi school districts, and serving 153,544 Mississippi PreK-12 students.

The formation of the Mississippi Shared Digital Consortium (MS-SDC) offers a cost-effective way for schools to provide eBooks and audiobooks to the students they serve. Any PreK-12 school can participate in the MS Shared Digital Consortium for a fraction of the cost.

Why is MS-SDC different?

- **Own titles forever!** MS-SDC will have mostly perpetual titles along with some subscription titles! All perpetual titles you will always have access to regardless if you can't participate the following year. Absolutely, No hosting fees!
- **Elementary 86%, Middle School 76%, and High School 80% Perpetual licenses.**
- **Each MS-SDC member will have a vital role in making titles selections for the new MS-SDC digital list.** This is an opportunity for educators to collaborate, vet, and curate a digital collection to support all Mississippi PreK-12 students.
- **Offers a low-cost solution for schools.**
- **Works on all devices** and serves as a single sign on for all databases and curated digital content.
- **Integration with your library catalog** – all consortium titles have MARC records for easy import.
- **Tens of thousands of dollars' worth of titles for a fraction of the cost.** (Buying just 1 copy of the titles on the high school list would cost a school over $8,000).
- **MackinVIA can be added to your SSO** to streamline access and your LMS to support classroom teachers with digital resources to use within their lessons.

How many ebooks/audiobooks are in the MS-SDC 2020-2021 Consortium?

Elementary Package:
522 titles with multiple copies, 4,035 total items, and about $73,000 worth of digital content.

Product Sales and Service Projects Agreement

This PRODUCT SALES AND SERVICE PROJECTS AGREEMENT is made as of the 14 day of April, 2015 (the "Effective Date") by and between CDW Government LLC ("Seller") and Jackson County School District ("Customer").

1. Important Information About These Terms and Conditions

1A. This Agreement constitutes a binding contract between Customer and Seller and is referred to herein as either "Terms and Conditions" or this "Agreement".

1B. Customer consents to receiving electronic records, which may be provided via a Web browser or e-mail application connected to the Internet. Electronic signatures (or copies of signatures sent via electronic means) are the equivalent of written and signed documents.

1C. Customer may issue a purchase order for administrative purposes only. Additional or different terms and conditions contained in any such purchase order will be null and void. No course of prior dealings between the parties and no usage of trade will be relevant to determine the meaning of these Terms and Conditions or any purchase order or invoice, or any document in electronic or written form that is signed and delivered by each of the parties for the performance of Services other than Third Party Services (each, a "Statement of Work"). This Agreement contains the entire understanding of the parties with respect to the matters contained herein and supersedes and replaces in its entirety any and all prior communications and contemporaneous agreements and understandings, whether oral, written, electronic or implied, if any, between the parties with respect to the subject matter hereof.

2. Governing Law

THESE TERMS AND CONDITIONS, ANY STATEMENTS OF WORK, THE SERVICES HEREUNDER AND ANY SALE OF PRODUCTS HEREUNDER WILL BE GOVERNED BY THE LAWS OF THE STATE OF MISSISSIPPI, WITHOUT REGARD TO CONFLICTS OF LAWS RULES. ANY LITIGATION WILL BE BROUGHT EXCLUSIVELY IN JACKSON COUNTY, MISSISSIPPI , AND CUSTOMER CONSENTS TO THE JURISDICTION OF THE FEDERAL AND STATE COURTS LOCATED THEREIN,. CUSTOMER FURTHER CONSENTS TO THE EXERCISE OF PERSONAL JURISDICTION BY ANY SUCH COURT WITH RESPECT TO ANY SUCH PROCEEDING. Except in the case of nonpayment, neither party may institute any action in any form arising out of these Terms and Conditions more than one (1) year after the cause of action has arisen. The rights and remedies provided Seller under these Terms and Conditions are cumulative, are in addition to, and do not limit or prejudice any other right or remedy available at law or in equity.

3. Risk of Loss

If Customer provides Seller with Customer's carrier account number or selects a carrier other than a carrier that regularly ships for Seller, title to Products and risk of loss or damage during shipment pass from Seller to Customer upon delivery to the carrier (F.O.B. Origin, freight collect). For all other shipments, title to Products and risk of loss or damage during shipment pass from Seller to Customer upon delivery to the specified destination (F.O.B. Destination, freight prepaid and added). Notwithstanding the foregoing, title to software will remain with the applicable licensor(s), and Customer's rights therein are contained in the license agreement between such licensor(s) and Customer. A purchase money security interest is retained in the Products to secure payment in full. Customer authorizes Seller to file a financing statement reflecting such security interest, and, if requested, Customer will record such purchase money security interest on its books.

4. Services

4A. Customer may order services (collectively, "Services") from or through Seller from time to time. Certain Services, including, but not limited to, extended warranty service by manufacturers, are sold by Seller as a distributor or sales agent ("Third Party Services").

4B. In the case of Third Party Services, the third party shall be the party responsible for providing the services to the Customer and Customer will look solely to the third party for any loss, claims or damages arising from or related to the provision of such Third Party Services. Customer hereby releases Seller and the entities that control, are controlled by, or are under common control with Seller ("Affiliates") from any and all claims arising from or relating to the purchase or provision of any such Third Parties Services. Any amounts, including, but not limited to, taxes, associated with Third Party Services which may be collected by Seller will be collected solely in the capacity as an independent sales agent.

4C. Where Services are ordered in a Statement of Work, each Statement of Work hereby incorporates these Terms and Conditions and constitutes a separate agreement with respect to the Services performed. Seller, or any of its Affiliates on behalf of Seller, may execute a Statement of Work. In the event of an addition to or a conflict between any term or condition of the Statement of Work and these Terms and Conditions, the terms and conditions of this Agreement will control, except as expressly amended in the applicable Statement of Work by specific reference to this Agreement. Each such amendment will be applicable only with respect to such Statement of Work and not to future Statements of Work. Changes to the scope of the Services described in a Statement of Work will be made only in a writing executed by authorized representatives of both parties. Seller will have no obligation to commence work in connection with any such change, unless and until the change is agreed upon in that

writing executed by both parties. All such changes to the scope of the Services will be governed by these Terms and Conditions and the applicable Statement of Work. Each Statement of Work may be signed in separate counterparts each of which shall be deemed an original and all of which together will be deemed to be one original.

5. Cooperation

5A. In addition to any specific Customer duties set forth in any applicable Statement of Work, Customer agrees to cooperate with Seller in connection with performance of the Services by providing (i) timely responses to Seller's inquiries and requests for approvals and authorizations, (ii) access to any information or materials reasonably requested by Seller which are necessary or useful as determined by Seller in connection with providing the Services, including, but not limited to, physical and computer access to Customer's computer systems, and (iii) all Required Consents necessary for Seller to provide the Services. "Required Consents" means consents or approvals required to give Seller, its Affiliates, and its and their subcontractors the right or license to access, use and modify all data and third party products. Customer acknowledges and agrees that the Services are dependent upon the completeness and accuracy of information provided by Customer and the knowledge and cooperation of the agents, employees or subcontractors ("Personnel") engaged or appointed by Customer who are selected by Customer to work with Seller.

5B. Seller will follow all reasonable Customer security rules and procedures, as communicated in writing by Customer to Seller from time to time.

6. Access

Seller may perform the Services at Customer's place of business, at Seller's own facilities or such other locations as Seller and Customer deem appropriate. When the Services are performed at Customer's premises, Seller will attempt to perform such Services within Customer's normal business hours unless otherwise jointly agreed to by the parties. Customer will also provide Seller access to Customer's staff and any other Customer resources (and when the Services are provided at another location designated by Customer, the staff and resources at such location) that Seller determines are useful or necessary for Seller to provide the Services.

7. Payment

7A. Orders are not binding upon Seller until accepted by Seller. Customer agrees to pay the total purchase price for the Products plus shipping (to the extent shipping is not prepaid by Customer), including shipping charges that are billed to Seller as a result of using Customer's carrier account number. Terms of payment are within Seller's sole discretion. In connection with Services being performed pursuant to a Statement of Work, Customer will pay for the Services in the amounts and in accordance with any payment schedule set forth in the applicable Statement of Work. If no payment schedule is provided, Customer will pay for the Services as invoiced by Seller. Invoices are due and payable within the time period specified on the invoice, measured from the date of invoice, subject to continuing credit approval by Seller. Seller, or any of its Affiliates on behalf of Seller may issue an invoice to Customer. Seller may invoice Customer separately for partial shipments, and Seller may invoice Customer for all of the Services described in a Statement of Work or any portion thereof. Customer must claim any exemption from such taxes, fees or charges at the time of purchase and provide Seller with the necessary supporting documentation. In the event of a payment default, Customer will be responsible for all of Seller's costs of collection, including, but not limited to, court costs, filing fees and attorneys' fees to the extent allowed under Mississippi law. 9D. Customer agrees that its right to use the Work Product containing Third Party Intellectual Property may be subject to the rights of third parties and limited by agreements with such third parties.

13. Confidential Information

13A. Each party anticipates that it may be necessary to provide access to information of a confidential nature of such party, the Affiliates or a third party (hereinafter referred to as "Confidential Information") to the other party in the performance of this Agreement and any Statement of Work. "Confidential Information" means any information or data in oral, electronic or written form which the receiving party knows or has reason to know is proprietary or confidential and which is disclosed by a party in connection with this Agreement or which the receiving party may have access to in connection with this Agreement, including but not limited to the terms and conditions of each Statement of Work. Confidential Information will not include information which: (a) becomes known to the public through no act of the receiving party; (b) was known to the receiving party, or becomes known to the receiving party from a third party having the right to disclose it and having no obligation of confidentiality to the disclosing party with respect to the applicable information; or (c) is independently developed by agents, employees or subcontractors of the receiving party who have not had access to such information. To the extent practicable, Confidential Information should be clearly identified or labeled as such by the disclosing party at the time of disclosure or as promptly thereafter as possible, however, failure to so identify or label such Confidential Information will not be evidence that such information is not confidential or protectable.

13B. Each party agrees to hold the other Party's Confidential Information confidential for a period of three (3) years following the date of disclosure and to do so in a manner at least as protective as it holds its own Confidential Information of like kind but to use no less than a reasonable degree of care. Disclosures of the other Party's Confidential Information will be restricted (i) to those individuals who are participating in the performance of this Agreement or the applicable Statement of Work and need to know such Confidential Information for purposes of providing or receiving the Products or Services or otherwise in connection with this Agreement or the applicable Statement of Work, or (ii) to its business, legal and financial advisors, each on a confidential basis. Each party agrees not to use any Confidential Information of the other Party for any purpose other than the business purposes contemplated by this Agreement and the applicable Statement of Work. Upon the written request of a party, the other party will either return or certify the destruction of the Confidential Information of the other party.

13C. If a receiving party is required by law, rule or regulation, or requested in any judicial or administrative proceeding or by any governmental or regulatory authority, to disclose Confidential Information of the other Party, the receiving party will give the disclosing party prompt notice of such request so that the disclosing party may seek an appropriate protective order or similar protective measure and will use reasonable efforts to obtain confidential treatment of the Confidential Information so disclosed.

Failure to remedy any material default within the applicable time period provided for herein will give cause for immediate termination, unless such default is incapable of being cured within the time period in which case the defaulting party will not be in breach (except for Customer's payment obligations) if it used its reasonable efforts to cure the default. In the event of any termination of the Services or a Statement of Work, Customer will pay Seller for all Services performed and expenses incur red up to and including the date of termination plus any termination fee if one is set forth in the applicable Statement of Work. 17. Data Protection

This Section shall apply to the extent Seller performs any operation or set of operations, including collecting, recording, storing, retaining, using, disclosing or otherwise accessing, (collectively, "Process," "Processed," or "Processing") on any information that identifies, relates to, describes, is capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular individual or household in connection with the Services ("Personal Data"), including without limitation any information that qualifiesas "personal information" under the California Consumer Privacy Act, Cal. Civ. Code §§ 1798.100 et seq. ("CCPA"). Seller shall only Process Personal Data in accordance with the instructions of Customer as detailed in the Agreement or the applicable SOW or PO and applicable data privacy law, including, if 1/7/2021 Sales and Service Projects https://www.cdwg.com/content/cdwg/en/terms-conditions/sales-and-service-projects.html 9/11 applicable, the CCPA ("Privacy Laws"). Notwithstanding the foregoing, to the extent expressly set forth in the Agreement, Seller (1) shall have the right to retain, use or disclose deidentified or aggregated data derived from Personal Data ("Seller Data"), provided that Seller Data shall not include any Personal Data, and (2) if Seller Processes any "personal information" as such term is defined in the CCPA in connection with the Services, Seller shall have the right to Process such "personal information" for any purpose permitted by the CCPA. Where applicable law requires Seller to Process Personal Data under terms other than those of the Agreement, Seller shall promptly notify Customer of such legal requirement before Processing, unless applicable law prohibits such disclosure. Where required by applicable law, Seller shall also notify Customer if Seller determines any of Customer's instructions infringes applicable Privacy Laws. The Parties agree that Customer is responsible for obtaining any consents required by applicable Privacy Laws, as well as providing and ensuring the accuracy of any notices required to disclose Personal Data to Seller, Seller's Affiliates, or any Seller subcontractor providing Services for use in accordance with the Agreement. Furthermore, Customer warrants that all Personal Data provided to Seller has been obtained, Processed, and provided to Seller in accordance with all applicable laws and ensured that there are legitimate grounds for Processing any and all Personal Data by Seller, Seller's Affiliates, or any Seller subcontractor providing Services for use in accordance with the Agreement. Seller shall cooperate with and provide any necessary assistance to Customer in responding to any such inquiries, in so far as possible and taking into account the nature of Seller's Processing and the Personal Data available to Seller. Seller shall be obliged to provide such assistance only in so far that the Customer cannot respond to such request on its own. Notwithstanding anything to the contrary in the Agreement and to the extent allowed by law, Customer is obliged to reimburse Seller for out of pocket expenses in connection with such requests. Such expenses, if allowed, will be invoiced to Customer in accordance with the Agreement. Customer acknowledges that Seller is reliant on Customer for instruction as to the extent to which Seller is entitled to use and Process Personal Data, and that Seller is not liable for any claim brought by a data subject to the extent that such claim arises from the Customer's instructions. Upon request, Seller shall provide reasonable cooperation and assistance to Customer with its obligations under applicable Privacy Laws, in so far as possible in connection with the Services, taking into account the nature of Seller's Processing and the Personal Data available to Seller. Seller shall be obliged to provide such assistance only in so far that Customer's obligations cannot be met by Customer through other means. Notwithstanding anything to the contrary in the Agreement, and to the extent allowed by law, Customer is obliged to reimburse Seller for out of

pocket expenses in connection with such assistance. Such expenses will be invoiced to Customer in accordance with the Agreement if allowed. To the extent that Personal Data includes information about individuals who are located in the European Economic Area ("EEA") and/or Switzerland, and Seller stores or otherwise obtains access to such Personal Data outside of the EEA and/or Switzerland, Seller agrees it has implemented appropriate measures to address the cross-border transfer of Personal Data. Seller shall implement and maintain an information security program that includes appropriate technical and procedural safeguards to protect Personal Data, taking into account the nature of Seller's Processing and the Personal Data available to Seller. To the extent required by applicable Privacy Laws, upon request, Seller shall make available to Customer information reasonably necessary to demonstrate compliance with this obligation. The parties agree that Seller may subcontract its obligations to subcontractors as necessary to perform the Services under the Agreement. Seller shall remain responsible for subcontractors' performance under the Agreement, and shall enter into an agreement with subcontractors that impose materially the same obligations as set forth in this Section. Seller also agrees that any subcontractors who have access to 1/7/2021 Sales and Service Projects https://www.cdwg.com/content/cdwg/en/terms-conditions/sales-and-service-projects.html 10/11 Personal Data are bound to Process Personal Data in accordance with Seller's instructions and are subject to obligations to maintain confidentiality. Notwithstanding any provisions in the Agreement to the contrary, Seller shall promptly notify Customer in the event Seller discovers or is notified of a known breach of security leading to unauthorized disclosure of or access to Personal Data as a result of its Processing of Personal Data ("Security Breach"). Seller shall reasonably cooperate in the investigation of the Security Breach. The parties agree that to the extent required by applicable Privacy Laws, and upon thirty (30) days written notice to Seller, and no more than once per calendar year, Customer may request reasonable access to Seller's facilities, systems, and supporting documentation used to provide the Services, to the extent necessary to assess Seller's compliance with its obligations under this Section. Such assessments shall be subject to Seller's security and confidentiality policies, and shall be conducted in a manner that minimizes any disruption of Seller's performance of services and other normal operations. Such expenses if allowed by law will be invoiced to Customer in accordance with the Agreement. Notwithstanding any other provision of the Agreement to the contrary, upon termination of the Agreement or otherwise at Customer's written request, Seller shall, at the choice of Customer, either return or delete Personal Data from its systems unless required by law, rule or regulation, or requested in any judicial or administrative proceeding or by any governmental or regulatory authority to the extent allowed by law. Customer shall reimburse Seller and its managers, officers, directors, employees, agents, affiliates,

RE: myOn Three Year Purchase

myON is an online program offering ebooks with considerably more benefits than Scholastic Literacy Pro. myOn features over 6700 titles, which is comparable to an average elementary school library. Also, myON integrates with Accelerated Reader, a program used by all JCSD elementary schools. In contrast, the Scholastic program only offers 2500 titles and does not integrate with Accelerated Reader.

We request authorization to purchase myOn for the JCSD elementary schools due to the superior quality and advanced features.

WHEREAS the Jackson County School District is a political subdivision of the State of Mississippi and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party, Renaissance Learning, Inc., does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to the Agreement between the parties identified as Renaissance Quote #2539832 dated March 16, 2021, as follows:

1. Term/No Automatic Renewal: Unless otherwise specified in the contract, the term of the contract or any renewal thereof shall only be for the current school year to which the agreement applies. There shall be no automatic renewals and if the contract does extend past that date, such contract will not be void but shall be voidable at the discretion of the School Board. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties. Nothing in the contract between the parties shall be interpreted to abridge, modify or reduce any of the defenses provided to the Jackson County School District by case law and/or statutes of the state of Mississippi.

4. Indemnity: The Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Further, any entity or business which contracts with the Jackson County School District submits to the personal jurisdiction of the courts of Jackson County, Mississippi.

6. No waiver of Warranties: Notwithstanding any provisions to the contrary, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: Notwithstanding any provision to the contrary that may be found in the contract, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect. Further, any provision seeking to limit damages of the contracting party to the contract price or some other amount shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for any purpose shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: Notwithstanding any provision and/or language of the contract to the contrary, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of this addendum will control. myON and Accelerated Reader together

Date

Product

Accelerated Reader
myON

Product Type

practice

Accelerated Reader has helped foster a love of reading for over 30 years by engaging students in a variety of books, challenging them to achieve personalized goals, and encouraging meaningful conversations. This year, Renaissance introduced the power of launching myON directly from AR.

myON ensures all students can engage in frequent, high-quality reading practice with unlimited, 24/7 access to thousands of enhanced digital books and age-appropriate news articles. myON's core collection features over 6,700 titles, which is comparable to an average elementary school library. The flexibility of a digital book option, a deep list of title choices, and the power of AR quizzing and insights combine to create a powerful literacy solution—which is especially useful now, given the disruption to schooling caused by COVID-19.

First: Reading Recommendations

Students using Accelerated Reader now see a change in their search area, as shown below.

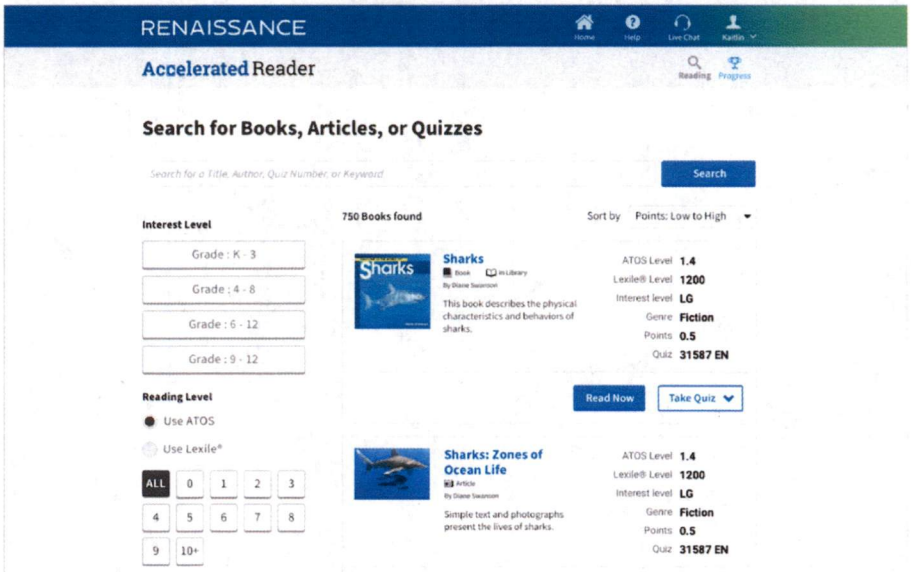
RENAISSANCE®

Students now see suggestions of which books and articles they can read, clearly prioritized at the top of the page. They can click on the "Help me find a book" button to access improved searching tools, including a new myON books filter. Students who access myON via the Renaissance Growth Platform will see myON books in their "Read Now" recommendations.

Second: Read Now!

Once students choose a myON book, they can click on the "Read Now" button. They will be taken immediately into their book of choice, without any barriers.

Why does that matter? Students want to start reading right away. We are making that more streamlined, so there is less delay in getting them engaged in their title of choice.



Keeping students reading wherever they are with helpful tools and exciting book choices is the goal with Accelerated Reader and myON together.

District Polices

Foreword

This student handbook has been prepared by the faculty, staff, and administration, along with input from students, parents/guardians, community, and constituents of the Jackson County School District as a guideline to procedures, policies, and practices governing the operation of our schools and the behaviors of our students. The administration and instructional staff of the Jackson County School District believe that it will help both parents/guardians and students to be properly informed about matters which concern all of us. The School Board and the administration of the Jackson County School District work closely together with a student community advisory committee (MS code 37-7-301), to establish sound and reasonable goals for our schools, to anticipate district needs, and to provide an environment conducive to learning. The primary purpose of providing this handbook is to help make students' school experiences in this environment more satisfying because it will tell them what they need to know and what they need to do to make their school experience both pleasant and successful.

It is the responsibility of parents/guardians and students to familiarize themselves with this Student Handbook. Parents/guardians are encouraged to read and discuss the handbook content with their children.

The policies described in this handbook shall pertain to any student who is on school property, on the school bus, on the way to and from school, or who is in attendance at school or at a school- sponsored activity or event. These policies may also pertain to conduct occurring on property other than school property or other than at a school related event when such conduct by a pupil, in the determination of the school superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupil and teacher of such class as a whole (MS Code 37-11-55).
School-sponsored activities include, but shall not be limited to, practices, rehearsal, participation or spectator, on or off school property, within and outside the school district.

District Mission Statement

The mission of the Jackson County School District is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens. See JCSD School Board Policy GBRHA.

Message from Superintendent

Thank you for taking your valuable time to review our student handbook. We know that parents/guardians and school family members have many tasks on their plate yet understand the importance of this communication. Our student handbook is an essential part of the education we provide our students.

Jackson County School District's Student Handbook provides guidance and information to all students and parents/guardians regarding the policies and procedures for the schools. We believe by providing this information in the following format, an informative overview of both individual school and school district procedures is available for students and parents.

Our school district culture encourages and welcomes questions from students and parents regarding policies and/or procedures. The teachers, counselors, and principals are available and willing to answer any questions or address any concerns about our policies. By encouraging open communication among parents, students, and staff, and cooperating to provide what is best for our students, we will have an excellent school year.

I encourage our parents/guardians to talk to the person closest to any policy or procedure impacting your child that you have a question regarding. However, if you would like to talk with me personally, please call my office anytime. 228-283-3000.

Thank you,
John

Mississippi Department of Education Reading Initiative

The Jackson County School Board endorses the goals established by the Mississippi Board of Education to improve the reading skills of all students in the state.

- **Goal One**: All children will exit kindergarten with the appropriate readiness skills.
- **Goal Two**: All first through third grade students will demonstrate a growing proficiency in reading so that they will exit third grade as readers.
- **Goal Three**: All fourth through ninth grade reading scores will increase.
- **Goal Four**: Mississippi students will demonstrate a growing proficiency in reading and reach or exceed the national average in reading within the next decade.

Anti-Discrimination Policy

The Jackson County School District advocates and adheres to a policy of equal educational and employment opportunity without regard to race, sex, color, creed, religion, disability, or national origin. This policy, which extends to all programs and activities of the school district, arises out of the following statutes: See JCSD School Board Policy JAA and IDDHB.

Title I
Title I is a remedial/compensatory education program designed and operated by the Jackson County School District within the guidelines of the State Department of Education and Federal regulations which apply to such programs. The program is funded entirely by federal funds and utilizes local teachers, assistants, and staff to accomplish its goals. A school's poverty level percentage (based on the free and reduced lunch count) determines the school's eligibility for providing Title I services.
Currently the district's Lower and Upper elementary (K-5) schools are school wide Title I schools. Each Title I school has a school wide plan on file at the local building. All students at these schools are eligible for Title I services.
The goal of Title I is to provide intensive, individualized instruction in an encouraging, supportive, environment. Participation by parents of Title I students in the program is encouraged through workshops, meetings, and program improvement activities. See JCSD School Board Policy LAA and DFC. (federal law ESSA) (PL 94-142, PL 99-457, and PL 89-313)

Parents Right to Know
Each of our elementary (K-5) schools receives Title I funds which provide valuable programs and services in our district. Many of the technology, reading and mathematics programs that offer learning opportunities for our students are a result of Title I funding. One of the requirements of the law is that parents have the right to request the qualifications of the teachers and teacher assistants at their child's school. Each school has a list of all staff and their qualifications available in the school office. If you wish to review this information, please contact the office of your child's school and a copy of this list will be provided. See JCSD School Board Policy LAA, DFC, and KBA.

Parent/Guardian Involvement Policy
Activities and procedures by the schools of the Jackson County School District to increase parental/guardian involvement are a vital, integral part of the Title I program. See JCSD School Board Policy BBFA. To accomplish this goal, the district shall:

- Convene a district wide or building level annual meeting of the parents of participating children to:
  - Discuss with the parents/guardians the activities and programs available through Title I funding
  - Inform parents/guardians of their right to consult in the design and implementation of the Title I program

    - Solicit parent/guardian input
    - Provide parents/guardians an opportunity to establish mechanisms for maintaining a continuous communication among parents, teachers, administrators, and Title I personnel
- Make copies of this policy available to parents/guardians of participating children
- Make Title I LEA education personnel available to parents/guardians
- Provide opportunities for regular meeting of parents/guardians of participating children
- Provide timely information about the program and its requirements to parents/guardians
- Provide parents/guardians of participating children with reports on the children's progress
- Actively solicit parental/guardian input in the planning, design, and implementation of the Title I program
- Support the training of parents/guardians to work with their children in the home and to participate in activities, which build good home and school partnerships
- Assess annually the effectiveness of the parental/guardian involvement policy in improving academic quality of the schools served and to determine if modifications are needed to increase parental/guardian participation
- Coordinate, to the extent possible, Title I parental/guardian involvement with programs such as Head Start, state-run preschool programs and other programs for early intervention
- Adopt parental/guardian compacts. See JCSD School Board Policy BBFA and DFC.

Section 504 Nondiscrimination on the Basis of Disability Policy

The Jackson County School District will not discriminate on the basis of disability in admission or access to, or treatment or employment in its program and activities to the extent provided by law.

The person holding the position of Director of Student Services has been designated as the Section 504/Americans with Disabilities Act Coordinator and will handle inquiries regarding the Jackson County School District's nondiscrimination policies, the filing of grievances, and requests for copies of grievance procedures covering discrimination on the basis of disability:

Section 504/ADA Coordinator
Director of Student Services
Kimberly Williams
4700 Colonel Vickrey Road
P.O. Box 5069
Vancleave, MS 39565-5069
Phone: 228-283-3000

Each School has a Multidisciplinary 504 Team in place to review all 504 requests. Parents should contact the principal of their respective schools if their child has a disability, which substantially limits one or more major life activities.

Initial Review of 504 to Determine Eligibility:

- A parent/guardian, teacher, or other educational professional will contact the school principal about a child's known or suspected disability and complete the 504-referral form.
- The principal will convene his or her school's Multidisciplinary 504 Team and review the referral to determine if further evaluation is needed. The principal will notify the student's parent/guardian of the decision.
- If an evaluation is needed, the Multidisciplinary 504 team will obtain

parent/guardian consent to conduct a child's initial evaluation. A 504 evaluation may use aptitude and achievement data, medical data, psychological data, social and cultural data and/or more data if needed to determine 504 eligibility.

Special Education for Children with Disabilities

A variety of programs in special education may be offered based on identified and approved student needs. Services are provided for children with disabilities who have been evaluated and determined eligible. Services are provided in the Jackson County School District under the direction of trained and certified staff. For further information regarding Special Education for Children with Disabilities, please contact Stewart Hurley, Director of Special Education. See JCSD School Board Policy GFABP, DFC, and IDDFAA.

Service Dogs

In providing accommodations for students, the parent/guardian of a child with such illness or disability, the teacher(s) of the student and the appropriate school administrator shall meet and develop a written 504 Plan consistent with the provisions of Chapter 23, Title 37, MS Code of 1972, that would permit the use of service dogs in the school facility. Parents/guardians must contact their student's school principal prior to the implementation of a service dog to obtain the district's service dog protocol. See JCSD School Board Policy ICC.

Intervention Process (Multi-Tiered System of Support or MTSS)

An instructional model designed to meet the needs of every student is in place at all Jackson County schools. The model consists of three tiers of instruction: Tier I: quality classroom instruction based on College and Career Readiness Standards, Tier II: focused supplemental instruction, and Tier III: intensive interventions specifically designed to meet the individual needs of students.

Teachers will use progress monitoring information to a) determine if each student is making adequate progress; b) identify any student as soon as he/she is falling behind; and c) modify instruction early enough to ensure that every student gains essential skills.

Monitoring of student progress is an on-going task that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.

If strategies in Tier I and Tier II are unsuccessful, students must be referred to the school's Teacher Support Team (TST). The TST is the problem-solving unit responsible for interventions developed at Tier III. Interventions that are research-based will be designed and implemented to address the deficit areas, as designated by the TST, and be supported by data regarding the effectiveness of the interventions. Parents/guardians will be contacted and invited to participate in the process when a student is referred to the Teacher Support Team. See JCSD School Board Policy GFABP, GFBCJ, IDADA, and IDDFAA.

Notifications of Rights under the Family Educational Rights and Privacy Act (FERPA) for Elementary (K-5) and Secondary (6-12) Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible students") certain rights regarding the student's educational records. Parents/guardians and students have the right to inspect and review the student's educational records within 45 days of the day the district receives a request for access. Parents/guardians or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place for record inspection.

- The right to request the amendment of the student's education records that the parent or eligible student believe are inaccurate or misleading. Parents/guardians or eligible students may ask the Jackson County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member including health or medical staff and law enforcement unit personnel; a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility.

- Upon request to officials of another school district in which a student seeks or intends to enroll, the district discloses educational records without consent.
- The district discloses directory information regarding its students. Directory information means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It may include the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.
- The parent/guardian or eligible student has the right to refuse to let the district designate any or all types of information about the student as directory information. The parent/guardian or eligible student must notify the principal (or designee) in writing within five (5) days of receipt of the Handbook and Code of Conduct for Students and Parents that he or she does not want any or all of those types of information about the student designated as directory information. Otherwise, consent is implied for the Jackson County School District to release directory information to others including military recruiters as outlined below.
- In the event that the school district provides either post-secondary (6-12) educational institutions or perspective employers of secondary (6-12) student's access to its school campuses, it must also provide military recruiters the same type of access. The school district must also provide, upon request of military recruiters, the names of students, their addresses, and telephone numbers unless the secondary (6-12) school student or the parent has requested that the school not release this information without prior written parental consent.
- The district may disclose directory information about former students without meeting these conditions.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue,
Washington, D.C. 20202-4605

Compulsory School Age Attendance:
If a compulsory-school-aged child has not been enrolled in the school which the child is eligible to attend within fifteen (15) calendar days after the first day of the school year, the school district shall report within two (2) school days or within five (5) calendar days, whichever is less, such absences to the school attendance officer.

Compulsory School Age Child:
A child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before the September 1 calendar year.

Age of Entrance:
To enter kindergarten, the student must be five (5) on or before September 1st.
To enter first grade, the student must be six (6) on or before September 1st.
See JCSD School Board Policy JBC.

Transfer from Private or Public Non-Accredited Schools and Home Study Programs
Students transferring into the Jackson County School District from a private or public non-accredited school or home study must meet the following criteria:

- Students in grades 1-8 will be administered a standardized test in reading and math. In addition, the student will be administered an evaluation to determine proper placement in the district's reading program.
- Students in grades 9-12 will be required to take a test consisting of items from the District's Instructional Management Plan before credit can be given for any course taken in a private/public non-accredited school or home study program. Reference: MS Commission on School Accreditation.

Students will not be enrolled until the following requirements have been met:

- Students will be enrolled in the Jackson County School District only if they are residing with their legal guardian and said guardian resides within the Jackson County School District. "The district will not recognize or accept guardianship papers for health and school purposes only. Partial guardianship of a student by a resident within the district will not be recognized as meeting full legal guardianship." See JCSD School Board Policy JBC.
- Birth Certificate: According to State Law, an original or certified copy of a birth certificate is required upon registration. This certificate must be examined and recorded on school records before any student may be officially enrolled in school. Each student must have this information on file prior to the first day of school.
- A student shall present a withdrawal form from the school from which he/she is transferring (to include discipline record, grades, and attendance).
- Proof of Immunization: A certificate of compliance shall be presented to the school when a child initially enters the school upon registration. This certificate shall be issued by the local health officer or physician on forms specified by the Mississippi State Board of Health. Effective August 1, 2007, children entering school for the first time will be required to have two doses of the Varicella Vaccine (chicken pox) or a history of chicken pox. All students entering, advancing, or transferring into

7th grade will need proof of an adolescent whooping cough (pertussis) booster, aka Tdap vaccine, before entry into school in the fall. Tdap vaccine given on or after the 7th birthday meets the new school requirement.

If a child offers to enroll at a school without having completed the required vaccinations:

- The local health officer (not school official) may grant a period of time up to 90 days for such completion. No child shall be enrolled without having at least one dose of each specified vaccine.
- Any child not in compliance at the end of 90 days from the opening of school must be suspended until he/she is in compliance unless the health officer attributes the delay to the lack of supply of the vaccine.

Exception: Reason must be verified by a duly-licensed physician to the local health officer. The Mississippi Supreme Court has ruled that religious exemptions are not acceptable.

- A student's records from his/her school of last attendance must be received within a reasonable period of time. If the records are not received within a reasonable time, the student will be asked to withdraw until the records are received.
- A student who has been suspended or expelled from another school district may not be allowed to enroll.
- Students not meeting the residency requirements will be withdrawn from school immediately.
- Parents/guardians shall inform the school immediately of any change of address/telephone number of persons authorized to sign-out students that is different from that listed during registration.
- At the beginning of school each parent/guardian will fill out and sign the student emergency documents.

Required Registration Documents:

- Two (2) Proofs of Residency: Items must reflect a street address or designated road address. All documents must be for present-day residence only.
  - Filed Homestead Exemption Application Form
  - Mortgage documents or property deed; No property tax documents
  - Apartment or home lease
  - Current utility bills (within 30 days of the date of registration)
  - Driver's license or Mississippi State-Issued Identification Card (must show present address)
  - Automobile registration (must be current year's registration, not expired)
  - The following are not accepted: Utility disconnection/cut-off notices, car/home insurance statements; cell phone bills; hunting licenses

Court Documents:

- If one is the legal guardian of the student, he/she must also provide a copy of the court order signed by a judge appointing him/her as guardian. Any changes in custody must be given to the school in the form of a legal document signed by a judge.
- If a parent/guardian fails to provide the necessary documentation, his/her children will not be allowed to attend schools in the Jackson County School District. No temporary enrollment will be processed.
- NOTE: Any legal guardianship formed for the purpose of establishing residency for school district purposes shall not be recognized by the Board.
- If the Jackson County School District receives a complaint regarding the residence of a student, the district is required to take action to further verify residence, including but not limited to follow-up visits to the resident's address by school officials.

Transfer Students for Elementary (K-5) and Secondary (6-12)
Any child transferring to any school in the Jackson County School District must have a valid immunization certificate, birth certificate, report card, and name and address of the former school attended.

- No student is to be enrolled in this school district until any questions regarding residence or immunizations have been resolved.
- Students suspended or expelled from another school or school district may not be allowed to enroll. See JCSD School Board Policy JR and JDDA.
- In the event that number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then the following number grades will be given for the following letter grades for transfer students:

A	**95**
B	**85**
C	**75**
D	**67**
F	**60**

Withdrawal Procedure
Students withdrawing from school are to follow the procedure below:

- Permanent records will be forwarded to the new school upon request.
- Students who withdraw to be home schooled must register with the attendance officer prior to withdrawing from school.
  See JCSD School Board Policy JR and JBCD.

Homeschooled Children
The School Board encourages the admission of all eligible students to the Jackson County School District. All students seeking to enter the Jackson County School District from a homeschool environment shall be placed in grades and classes in accordance with the following criteria:

Grades K-12

- The student shall not be placed more than three (3) grades below the grade or class that the pupil would have been assigned had the pupil enrolled during the year the child reached his sixth birthday on or before September 1.
- The student shall be required to take a test deemed appropriate by the Jackson County School District. This test will be a primary determining factor in the student's grade/class placement. No enrollment of the home school student shall be considered official until the test has been given.
- The pupil will be assigned to the grade or class for which the test shows the student is best suited in accordance with the age limitation as set forth above.
  Students enrolling from homeschool will only receive Carnegie Units from Mississippi Department of Education accredited programs. See JCSD School Board Policy JBAB. (MS Codes 37-13-91 and 37-15-33)

Homeless Children

When a child is determined to be homeless as defined by the Stewart B. McKinney Act 42 USC Section 11431(l), 11432(e)(4) and 11302(a), this school district shall consider and take enrollment action that is in the best interest of the child, pursuant to 42 USC II 432(e)(3).

- The requirements of Section 11 are minimum requirements, and this school district may require additional documentation and verification at any time.
- At the minimum, this school district shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.
- The provisions of this policy do not apply to students who reside outside the school district but who have legally transferred into the school district.
- Any court-ordered procedure shall take precedent over any procedure contained herein.

  See JCSD School Board Policy JQN.

District Attendance Policies

Attendance

The Jackson County School District stresses the importance of regular student attendance in school. The majority of funding for the operation of our schools is based on the attendance of our students, and the district loses thousands of dollars due to absences. Consequently, parents are encouraged to keep student absenteeism to an absolute minimum.

School attendance is ultimately the responsibility of the students and families.

Students should remain out of school ONLY WHEN ABSOLUTELY NECESSARY. Mississippi's Compulsory attendance law provides legal penalties for parents/guardians who neglect their child's attendance. When the child has five (5) unexcused absences, the law provides that charges of "Education Child Negligence" may be brought against the parent/guardian.

Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn and referred to the truancy officer for attendance intervention.

A student who is absent more than 37% of his/her instructional day must be considered absent the entire day. See JCSD School Board Policy JBA. (MS Code 37-13-91)

Perfect attendance is defined as being present all day every day.

Excused Absence(s)

Definition:

Absences will only be excused according to the MS Compulsory Attendance Law for the following reasons:

- Child's attendance at an authorized activity with the prior approval of the Superintendent of the school district or his/her designee. These activities may include field trips, athletic contest, student conventions, musical festivals and any similar activities.
- Illness or injury, which prevents the compulsory-school-age child from being physically able to attend school.
- When isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.
- The death or serious illness of a member of the family of a compulsory- school-age child shall include children, spouse, grandparents, parents/guardians, brothers, and sister, including stepbrother and stepsisters or as approved by the principal.
- When it results from a medical or dental appointment of the compulsory- school-age-child where an approval of the superintendent of the school district or his/her designee is gained before the absence, except in the case of emergency.
- When it results from the attendance of compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action under subpoena as a witness.

The above reasons shall be treated the same as doctor excused absences.

*Students who miss school due to a school activity are responsible to make up their work in (2) two days. These absences do not count as an absence toward exemptions.

Unexcused Absence(s)

- All absences other than for the reasons listed above will be unexcused.
- Vacations are unexcused absences.

  See JCSD School Board Policy JBA. (MS Code 37-13-91)

Preapproved Extended Absences/Religious Observances

If a student is going to be absent for an extended period (5 or more days) or is going to be absent due to religious observances, they must follow these guidelines for the absences to be excused:

- Prior to the absence the student shall contact his/her teachers to find out assignments for the day(s) of absence.
- Make-up work guidelines are the same as previously stated.
- The day(s) allowed for a religious observances or extended absences will count as part of the total number of absences allowed for the student.
- See JCSD School Board Policy JBA.

Returning to School

When the student returns to school, the student must bring a note from his/her parent/guardian to verify the parent's knowledge of the absence. The specific reason for the absence must be stated. Excuses will be accepted up to two (2) days after a student's return to school. If an excuse is provided by a doctor's office, it may be faxed/emailed; however, it is the parent's/guardian's responsibility to ensure the excuse was received within two (2) days after the student returns to school.

Make-up Work

Excused Absence(s)

- The work missed by the student may be made up. It is the parent's responsibility to ensure the excuse was received within two (2) days after the student returns to school.

Unexcused Absence(s)

- The student may not make up the work missed.
- The student will receive a zero (0) for any worked missed.
- For extenuating circumstances, exceptions may be made by the principal. See JCSD School Board Policy JBA.

Elementary School (K-5) Attendance Policies:

- To be counted present, a student must be present for sixty-three percent (63%) of instructional class time each day.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the teacher. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section.)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn from school and referred to the truancy officer for attendance intervention.

Absences totaling more than 20 days may result in the student being retained in the current grade for the following school year. See JCSD School Board Policy JBA.

Middle School (6-8) Attendance Policies:

- A student shall be present for forty (40) minutes of class time to be counted present.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the teacher. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section.)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn from school and referred to the truancy officer for attendance intervention. See JCSD School Board Policy JBA.

High School (9-12) Attendance Policies:

- A student shall be present for sixty (60) minutes of class time to be counted present. Students attending classes at the Technology Center must be present for five minutes more than half the class period to be counted present.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the office before the first bell rings to start the school day. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student may be withdrawn from school and referred to the truancy officer for attendance intervention. Upon the 10th unexcused absence throughout the school year, the student will be referred to TST.
- The Jackson County School District does not recognize or sanction senior skip day or skip day for any other grade. See JCSD School Board Policy JBA.

Check In/Check Out and Late to School Procedure
Late to school is defined as arriving to school after the beginning of the school day.

Elementary (K-5):

- It is recognized that an elementary (K-5) school child may occasionally be late or may be checked out of school due to an unforeseen emergency. Parents/guardians who bring their child to school late must bring the child in to the office to check him/her in.
- Late arrivals due to a medical appointment will be excused (and work can be made up) if a doctor's excuse is presented the day of the late arrival.
- Students will not be subject to consequences if they arrive late on a district school bus.
- Students are allowed up to five (5) unexcused late arrivals per semester (with work allowed to be made up).
- After 5 and 10 unexcused late arrivals and/or check-outs to school in one semester a letter may be sent home from the school informing the parents of possible referral to the Child Protective Services and the local School Attendance Officer. In addition, students will not be allowed to make up missed work. For extenuating circumstances, exceptions may be made by the principal.

Secondary (6-12):

- Students can only be signed out of school by the parent/guardian or other adult(s) as specified by the parent/guardian on the student's registration form. The parent/guardian or designated adult must come to the office and present photo identification to sign the student out of school.
- Students will not be charged with a late to school when their bus is late. However, when a bus is late, students must check in at the office for a pass to their 1st block class. Late students who do not ride a bus will report to the office for an admission slip to class.
- Students are allowed three (3) parent/guardian excuses for being late to school per semester. Any late arrivals beyond these three, other than doctor, are subject to disciplinary action. Students late to school or checking out early while assigned to ISI will be given an additional day of ISI.

Checkout:

- To provide for the best welfare of each student and the school, the following checkout policy has been adopted:
    - Before the student may be released from school, a parent, legal guardian, or person authorized by a parent/guardian must come to the school office and sign the student out. Students will only be released to authorized persons listed on the checkout list/contact sheet. Appropriate photo identification may be required to check out a student. For safety of students, checkouts must be made 30 minutes prior to dismissal time.
    - In the event the child's parents/guardians are divorced and the parent with custody does not want the other parent to pick up the child, the school will attempt to notify said parent. The school cannot deny a parent/guardian access to his/her child unless there is a court order prohibiting one parent access to the child. If such a court order exists, it should be brought to the principal/guidance office in order that a copy can be made and inserted in the child's cumulative folder.
    - When a student becomes ill or an emergency arises during the regular school day which may warrant early dismissal, the student must report to the attendance office. Before the student will be allowed to leave school, the student's parent or legal guardian must be contacted by telephone or the parent, legal guardian, or person authorized by the

parent must come to the school to sign the student out. The school administration will reserve the option to release a student from school at the discretion of the principal if the student's parents cannot be contacted.

- A student may be released for a physician's appointment, dental appointment, or other just reason when the parent, legal guardian, or person authorized by the parent comes to the school and signs the student out or sends a note to the office stating the reason for check-out. This note must include the check-out time and a telephone number where the parent can be contacted. If the note cannot be verified, the school reserves the right to refuse release of the student.
- Classes missed due to check-outs count as absences and will be treated as excused or unexcused according to the guidelines established earlier in this handbook. If a checkout is excused, the student is responsible for making up class work that is missed during the time that he/she is signed out of school. See JCSD School Board Policy JBA.
- Students who are checked out during the school day will not be allowed to check back in without a medical excuse or approval from the school administrator.

Student Arrival and Departure Times

- The school will not assume responsibility for any students arriving on school grounds prior to stated time unless they are transported by school bus.
- Students are to leave school at end of the school day unless they are participating in a supervised school activity and are under the direct supervision of a teacher.
- Students are not to be on the playground/school grounds before/after school hours.
- The school will not assume responsibility for any child on campus before or after the school day. It is the responsibility of the parent to provide supervision before and after school.
- Students are encouraged to ride buses.
- Parents/guardians who bring their children to school must adhere to school procedures for dropping off and/or picking up students. See JCSD School Board Policy JBA.

Leaving Class

- Students are not permitted to leave class except in the case of an emergency. Students will not be called from a class to the phone unless there is an emergency. Any student out of class without a pass will receive appropriate disciplinary action.

Leaving School Grounds

- When the student leaves home, the parent/guardian assume the student is in school. For the teachers and administration to locate the student in the event of an emergency, it is very important that all students follow their schedule closely.
- A student is not allowed to leave the grounds without his/her parents/guardians making prearrangements with the school as specified by the principal. Verification with the parent must occur before checkout is granted. This note must be presented and verified in the office on the day of the checkout. See JCSD School Board Policy JD, JD-1, and JGFD.
- A student should never leave school for any reason without permission from the principal. Once a student boards a bus or arrives on the campus by other means, the student must check out through the office before leaving school for any reason. Failure to do so will result in the time missed being unexcused and will

result in disciplinary action.

- Any student who has permission to leave campus early and takes another student with him/her, who has not properly checked out through the office, will receive the same punishment as the student leaving without permission. See JCSD School Board Policy JD, JD-1, and JGFD.

Health and Medical Procedures

A student whose health record has not been brought up to date and is not in the process of being brought up to date by the end of the first month will not be permitted to stay in school. No student who has any contagious disease will be allowed to attend school. Any questionable cases will be referred to a medical professional.

According to Mississippi State Law, any child who plans to attend any public or private school, including Kindergarten, shall first have been vaccinated against those diseases specified by the state health officials. See JCSD School Board Policy JGCC and JGCB. (MS Code 37-7- 301 and 41-23-37)

Illnesses/Communicable Diseases

The Board of Education of the Jackson County School System has the power, authority, and duty to exclude from the schools students with what appears to be infectious or contagious diseases; provided, however, such student may be allowed to return to school upon presenting a certificate from a public health officer, duly licensed physician or nurse practitioner that the student is free from such disease. (MS Code Section 37-7-301[h]) Proof of physician diagnosis with release to return to school may be requested per school nurse and/or administration for any illness. See JCSD School Board Policy JGCC.

If a parent or emergency contact cannot be reached or is unresponsive, the Department of Human Services may be contacted.

Signs and symptoms of an illness may vary a great deal from person to person (e.g., sore throat with fever; rash over a large area of the body). Only physicians or nurse practitioners can diagnose---not nurses. This information is not intended to be used to diagnose an illness or infection. It should not replace a diagnosis by physicians or a nurse practitioner.

Any student having evidence of communicable diseases will have a physician diagnose the disease and prescribe suitable treatment. Common communicable diseases as listed will automatically result in exclusion from school and school-related activities for the designated period of time:

Condition	Exclusion from School
Chicken Pox	6 days after eruption appears
Conjunctivitis (Pink Eye)	Children may return to school after a physician has been seen, or when redness/discharge is improving and after 24 hours after prescription medication begins
COVID - 19	10-day isolation from symptom onset; must be without symptoms and fever (under 100.4) for 24 hours before returning.
Fifth Disease	Children with fifth disease may attend school, since by time the rash begins, they are no longer contagious.
Flu	The student may return to school when free of fever and feeling well and after 24 hours of fever free conditions.
German Measles or Red Measles	Free of fever and the rash is fading.
Hepatitis A or C	May return to school one (1) week after the onset of jaundice and/or proof of treatment has been provided to nurse.
Impetigo	The child may return to class 24 hours after treatment has started. Proof of treatment is required.
Mononucleosis	The child need not be excluded from class, unless requested for medical reasons, but may return when feeling well enough. Children should not share food or utensils.
Mumps	Nine (9) days after glands swell
Ringworm	The child may return to class when the treatment is started. Proof of treatment is required.
Scabies	The child may return to school as soon as treatment has been administered. Proof of treatment is required.
Staph	Student will return to school after being treated by a doctor and wound must be covered. Must have a medical release from physician before returning to PE or sports.
Strep Throat	The child may return to class 24 hours after treatment has been started and be free of fever for 24 hours without the use of medication.
Tuberculosis (TB)	Those who have a positive TB skin test only may attend school Since they have no disease process that is contagious. Persons diagnosed with active TB disease will need written permission from the MS State Dept. of Health Tuberculosis Control Program to return to school.
Whooping Cough	The student may return to school 5 days after treatment has begun.
Bed Bugs	Student may not attend schools if active bugs are present.
Lice	Refer to page 21 of the student handbook concerning lice.

For these or other communicable diseases, the principal may require a written note containing proof of treatment from the student's family doctor or public health department for a student to return to school after having a communicable or infectious disease. See JCSD School Board Policy JGCB. (MS Code 37-7-301 and 41-23-37)
This information is not intended to be used to diagnose an illness or infection. It should not replace a diagnosis by trained medical personnel. See JCSD School Board Policy JGCDA, JGCC, and JGCB.

Immunizations and Vaccinations

It is unlawful for any child to attend school without first being vaccinated with at least one dose of diphtheria, whooping cough, tetanus, red measles, rubella, and polio vaccine and completing the entire series within ninety (90) calendar days.

Every student in Kindergarten through Grade 12 must present a certificate of immunization compliance from his/her doctor or from the health department. This certificate of compliance (Form 121) must be presented in order to attend school, even though all shot records are now up-to-date on school records. Other valid certificates include Form 121-A, Medical Exemption Certificate, or Form 121-T, Temporary Compliance Certificate.

All students entering, advancing, or transferring into 7th grade will need proof of an adolescent whooping cough (pertussis) booster, aka Tdap vaccine, before entry into school in the fall. Tdap vaccine given on or after the 10th birthday meets the new school requirement.

To secure this certificate of compliance, it will be necessary for the student to go to the local county Health Department, the office of his/her family physician, taking with him/her all official shot records. Before a child can register, the certificate of compliance must be presented. The validation of this certificate will become a permanent part of the student's records and will be valid through grade twelve.

If the doctor signs the certificate indicating that other doses are necessary, the student will be given ninety (90) calendar days to complete the required immunizations; if they are not completed at the end of ninety (90) calendar days, the child by law must be suspended until compliance is achieved. See JCSD School Board Policy JGCB, JGCC, and JGCDA. (MS Code 37-7-301 and 41-23-37)

Health Policies Regarding Immunizations

A Certificate of Compliance shall be presented to the school when a child initially enters school upon registration. This certificate shall be issued by the local health office or physician on forms specified by the Mississippi State Board of Health.

- The local health office (not a school official) may grant a period of time up to 90 calendar days for such completion. No child can be enrolled without having at least one dose of each specified vaccine.
- Any child not in compliance at the end of ninety (90) calendar days from the opening of school must be suspended until he/she is in compliance unless the health officer attributes the delay to the lack of supply of the vaccine.
- Medical exemptions – Must be verified by a duly- licensed physician to the local health officer.
- The Mississippi Supreme Court has ruled that religious exemptions are not acceptable. See JCSD School Board Policy JGCB, JGCDA, and JGCC. (MS Code 37-7-301 and 41-23-37)

Head Lice

Students identified with nits and/or lice will be sent home immediately with a letter and information sheet.

Returning to School: The student may be readmitted after treatment providing there are no visible lice or nits. Upon returning to school the child will be checked by a school official.

Proof of treatment is also required upon the child returning to school. Proof of treatment includes the box and the store receipt.

Any student who has had lice or nits on four occasions will be required to be free of all nits before being readmitted to school

- If a student in any public elementary (K-5) or secondary (6-12) school has had head lice or nits on three (3) occasions during one (1) year while attending school, or if the parent of the student has been notified by school officials that the student has had head lice or nits on three (3) occasions in one (1) school year, as determined by the school nurse, public health nurse or a physician, the principal or administrator shall notify the county health department of the recurring problem of head lice with that student. The county health department then may instruct the child's parents or guardians on how to treat head lice or nits, eliminate head lice or nits from household items, and prevent recurrence of head lice or nits. (MS Code 41-79-21)
- The school principal or administrator shall not allow the child to attend until proof of treatment is obtained and the child is clear of lice or nits.

Treatment of Head Lice: Prescribed or over-the-counter anti-lice treatments are considered appropriate. Comb hair with a fine-tooth comb to remove all the nits. See JCSD School Board Policy JGCC.

Fever

When school officials are aware that a child's temperature is 100.4 degrees, an attempt will be made to contact the parent/guardian. If the temperature reaches 100.4 degrees, a school official will request that the parent/guardian pick up the child. This procedure is followed to ensure the safety of the child and the well-being of the other students. Students may return to school when they have been free from fever for a period of at least 24 hours without medication.

Diabetic Condition Plan

Parents/guardians must take the responsibility to pick up the student if the sugar level is 450 or greater. All students who are diabetic must have a plan in place, doctor orders, and supplies needed to ensure safe-care / management while at school.

Diseases

Decisions regarding a person infected with HIV, hepatitis B, or other blood-borne diseases shall be made on an individual basis with regard to the behavior, physical condition of the employee or student and the expected interactions with others in that setting. These decisions shall be made using the team approach, including the employee or student's physician, public health personnel, and personnel associated with the educational setting and/or workplace. In each case, risks and benefits to all affected shall be weighed. As conditions change, cases may be reevaluated.

See JCSD School Board Policy JGCB and JGCC. (MS Code 37-7-301 and 41-23-37)

Medications

Students are not allowed to bring medicine to school. In the event a medication is brought to the school by a student, the medicine will be immediately confiscated, and the student may be referred to the building administrator for disciplinary action.

To properly dispense prescribed medication, the parent/guardian shall:

- Provide the school with a health plan for their child who has a special medical problem (i.e., allergic reactions, asthma, etc.).
- Present a medical consent form signed by the parent to the principal or his/her designee.
- Allow the school administration to determine by local school or school district policy the role of teachers and other school personnel in administering medications. If there is no nurse available, principals/administrators may designate personnel to administer medications. These designated personnel will be required to document each time a medication is given. All medications should be recorded on the student's record, noting the time and initials of the person administering the medication. The back of the record should show the full name of the person administering the medication, followed by initials in specified section. (Example- Jane Doe, RN (LC) 12:10 P.M.)

- **Elementary Schools (K-5)**
  School officials will not administer any nonprescription medications on behalf of the students. Parents will be required to physically administer medications.

- **Secondary Schools (6-12)**
  The school official will allow parents/guardians to personally deliver nonprescription medications in the original container placed in a clear baggie to be stored in the school administration office for the student to self-administer.
  The parent shall provide permission for any medication (including Tylenol, Benadryl, etc.) which authorizes designated personnel to administer the medicine and which includes specific instructions for use. (Example: If Tylenol is to be given, the parent should write specific orders of instruction as to circumstance to be given and dosage).
  All medications should be brought to school by the parent/guardian or designated adult/parent and/or guardian or designee of a child. The medication shall be given to the school official responsible for administering the medication to the child. Any prescribed medication brought into the facility by the parent, legal guardian, or designee of a child shall be dated and kept in the original container labeled by a pharmacist with the child's first and last names; the date the prescription was filled; the name of the health care provider who wrote the prescription; the medication's expiration date and specific legible instructions for administration, storage and any side effects that should be reported to the prescribing physician. The number of pills received should be counted and from whom they are received shall be documented. Prescription liquids should be documented as to amount of cc's and ml's.
  If a physician orders a dosage other than indicated on the label, an updated prescription bottle is needed to reflect the change in dose. (Until refilled, the physician's orders will be sufficient.) The amount of medication and the person who receives it should be documented on the medication records. Any change on dosage time of medication should be by a physician's order. (Example: If a medication is to be discontinued or if the dose is to be increased or decreased.)

Medications should not be given subsequent to the expiration date. It is the parents' responsibility to contact the physician to update medication. [Example 1: Prescription medicine ordered 2009-2010 should not be given in 2011. Example 2: Cough medicine ordered 12/11/2010, should not be given after two weeks (10 working days) without recent updated doctor's orders. Medication (antibiotic, etc.) should not be given past 10 days of original date of order, unless specified in writing by the physician.]
A locked cabinet or drawer is to be provided for the storage of medications other than those to be refrigerated.
A "Release of Information Form" should be signed to allow communication between the medical provider and the school nurse or designee.
In an effort to provide safe healthcare for children, forgotten doses of medication which were to be given at home may not be administered at school. Medication should be administered no earlier than 30 minutes prior to physician's order and no later than 30 minutes after. In the event that a child did not receive medication to be given at home, the child's doctor may contact the school and request that another dose is to be given. If the doctor contacts the school, the nurse/designee will be allowed to give the medication that was forgotten at home.
The Jackson County School District reserves the right to refuse to administer any medication to students when circumstances warrant this action. Such circumstances might include reaction, response, incomplete instructions for the administration of the medication, non-compliance by parents/guardian with the school system policy for the administering of medications or other extenuating circumstances. See JCSD School Board Policy JGCB and JGCBA.

Medical Emergencies
In the event of an emergency during which a child may need to be transported to the hospital, the school will attempt to contact the parent/guardian. If the parent/guardian cannot be contacted, the school will have the child transported to the hospital and will continue to try and contact the parent/guardian. Any expense incurred will be the responsibility of the parent/guardian.

General Academic Information

Permanent Record
A permanent record is set up for each student in the school system. This record begins when an individual starts school and is kept current on the student until he/she graduates.
Educational records may be forwarded upon request of another school with the written consent of parent or guardian. See JCSD School Board Policy IHE.

Progress Reports and Report Cards
At the 4 ½ week mark of each nine-week grading period, a progress report will be sent home indicating each child's academic status. This report will indicate the progress he or she is making in the different subject areas. This may not indicate that the student is failing.
Conferences may be set up at this time if needed. A formal report is sent at the end of each nine weeks. Dates for progress reports are listed in the front of the handbook on the school calendar. See JCSD School Board Policy IHE.

Report of Grades
Each student will receive a report from his/her homeroom teacher showing his/her grades for that term and for the year when the school session ends. Report cards will be given at the end of each nine-week period. The report card should be signed and returned to school on the following day. Dates for reports are listed in the front of the handbook on the school calendar. See JCSD School Board Policy IHE.

An explanation of the grading system is as follows:

A	**90 – 100**	Excellent
B	**80 – 89**	Above Average
C	**70 – 79**	Average
D	**60 – 69**	Below Average
F	**59 – below**	
I		Incomplete
S		Satisfactory
N		Needs Improvement
U		Unsatisfactory

Honor Roll:
Superintendent's Honor Roll – All A's
Principal's Honor Roll – All A's and/or B's

Grading
All grades awarded to students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy.

Recording of Grades
If a student does not receive credit for a subject because of excessive absences, expulsion or drop out of school, NC (no credit) may be recorded in the applicable place in the student's cumulative folder and on the permanent record. See JCSD School Board Policy IHE.

State Testing Requirements

The Jackson County School District participates in the Mississippi Curriculum Content Assessment System that includes assessments given at each level of schooling. Students in grades K-12 are required to take the Mississippi assessments given according the testing calendar provided by the MS Department of Education Office of Student Assessment. See JCSD School Board Policy IHE.

Student Notification of Prohibition of Electronic Communication Devices during Statewide Tests

The Mississippi Public Schools Accountability Standards, Current Edition, Prohibits the Possession and/or Use of any Electronic Communication Device, including but not limited to iPods, MP3 Players, Bluetooth devices, Smart Watches, Cell Phones, and/or other personal digital assistance devices, by students during the administration of scheduled Statewide Tests.

Possession of any such device, even if is not being used, is a violation of State Policy. Example: A student having a cell phone in his/her possession anywhere on his/her person during the Test Administration is a Testing Violation. If an electronic device is in possession during a test, the test will be invalidated as mandated by the Mississippi Department of Education.

The consequence of this testing violation is that the test results for the student will be invalid; therefore, the score of any student in possession of these prohibited devices during the test administration will be invalid. No score is reported for an invalid test, resulting in a non-passing score for Subject Area Test.

Parents will be given a copy of this policy and asked to sign a form of acknowledgement.

Elementary (K-5) Academic Guidelines:

Promotion and Retention

- Students scoring at the lowest achievement level in reading on the established state assessment for 3rd grade will not be promoted to 4th grade unless the student meets the good cause exemptions for promotion.
- To be promoted from one grade level to the next in grades 1 - 3, a student must maintain a passing grade in ELA and math.
- The yearly average shall be determined by averaging the two semester numerical grades.
- To be promoted from grade 4 to 5, students must maintain a passing grade in ELA and math, in addition to either science or social studies.
- To be promoted from one grade level to the next in grades 5 to 6, students must maintain a passing grade in math, ELA, science, and social studies.

Grades

- Tests count 40% and daily work counts for 60%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE.

Homework

The Jackson County School Board recognizes the value of purposeful, well-planned, and properly motivated home assignments that are (1) appropriate to the grade level, age, and abilities of the student; (2) designed to stimulate initiative and independence or to reinforce and enrich classroom instruction; (3) in complete accord with the goals established for the development of the school curriculum; (4) carefully planned so that home assignments are not so lengthy as to be self-defeating nor so complicated as to require assistance or resource materials not available to the student; and (5) an extension of class work that has already been introduced. As in the assignment of in-school work, homework assignments must be left to the sound professional judgment of the teacher, who will be expected to interpret the needs and assess the abilities and interests of each student. See JCSD School Board Policy IHA.

- Homework is a very important phase of the educational program for the child. It serves as a connection between home and school. It is used to supplement the class work and strengthen the student's understanding of what he/she is studying. Parents/guardians are encouraged to cooperate with the school in seeing that assignments are completed on time.
- Students are expected to exhibit virtuous behaviors such as, but not limited to honesty, integrity, and trustworthiness. Therefore, any student caught cheating or plagiarizing on a test or other school assignment may receive a grade of 0 (zero), and the parent will be notified by the teacher. See JCSD School Board Policy IHE.

Conferences

- At various times during the school year and for many reasons, teachers and parents should confer concerning students. These conferences should be prearranged during school hours. To prearrange a conference, parents may write the teacher requesting a conference, or it may be arranged through the school office. The school office personnel do not give out teacher's home telephone numbers.
- Teachers are not available by phone or in person for parent/guardian-teacher conferences during instructional time. Parents/guardians are not to go to the teacher's room during school hours to schedule a conference. Trying to meet with teachers at unscheduled times is disruptive and unfair to the teacher and the students.
- For all students to receive maximum instruction during the school day, all parents/guardians are required to wait in the office when waiting for a conference or when picking up their children or their children's work. See JCSD School Board Policy IHE.

Middle School (6-8) Academic Guidelines

Grade Level Classification

The student's classification will be determined by successful completion of the following courses:

- 6th grade - 5th grade courses: ELA, math, science, and social studies
- 7th grade - 6th grade courses: ELA, math, science, and social studies
- 8th grade - 7th grade courses: ELA, math, science, and social studies
- 9th grade - 8th grade courses: ELA, math, science, and social studies

Students may be promoted to grade 9 who participate in school remediation and/or credit recovery programs. Participation in these programs must have parent/guardian and principal approval. Please note: the student cannot fail more than two required courses for promotion. See JCSD School Board Policy IHE.

Examinations and Exemptions Tests

- Tests in all subjects are given at the end of each nine weeks. These tests will be given on the date assigned and count 20% of the nine (9) weeks grade. Tests that are pre-assigned prior to a student's absence will be taken on the day the student returns to class.
- Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Exemption Policy

Criteria for semester exam exemptions are:

- A student is eligible for exemption if he or she has a 90-100 semester average with no more than four (4) absences per semester in a course or the student has maintained an 80-89 semester average with no more than two (2) absences per

semester.

- The student can have no more than one (1) ISI discipline incident and no OSS per semester.
- All absences are counted toward exemption except for hospitalization and outpatient procedures. Emergency room visits does not qualify. This includes parent notes, doctor excuses and unexcused absences. Principal has discretion to allow exemptions under extenuating circumstances.
- Schools will give out letters notifying students of meeting exemption qualifications the school day immediately prior to exams each semester. Each student must attend the entire day in order to maintain exemption status. No early checkouts will be allowed unless authorized by school administration.
- See JCSD School Board Policy IHE and IHAEA.

Grades

Tests count 40%, exams count 20%, daily work counts for 30%, and homework counts for 10%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE and IHAEA.

Summer School Guidelines

- Summer school programs provide the means by which students (grade 6-8) may be taught content and objectives not mastered during the regular school session. The summer school year program shall depend on the availability of qualified teachers.
- To be eligible to attend summer school, a student must meet all of the following criteria:
  - Have a yearly average of not less than 55.
  - Be no more than one reading level below the level required for promotion in Policy IHE in grades where a required level is specified.
  - Grades 6-8 has not failed more than two (2) subjects.
- In a summer school session, the number of courses in which a student may enroll is determined by his/her grade classification:
  - Grade 8: has not failed more than 2 subjects.
- Tuition may be required. The number of students registering for specific courses will be determining factors as to which courses will be offered in the extended school session.
- The summer school session may end on the last working day in June.
- For each student enrolled in summer school, there will be a copy of prescribed objectives/content to be mastered by that student. Core skills are not the only skills the student will be required to master. The prescribed objectives/content will be provided by the classroom teacher(s) for whom the student did not master the objectives- content as part of the teacher end-of-year checkout process.
- Students who have not completed mastery of required skills/content by the end of the summer school term will be retained in the grade in which they were enrolled at the end of the school year.
- Out-of-district students are not allowed to attend summer school. Before transfer students from within the district are officially enrolled in summer school, parents/guardians of the transfer students must bring to the receiving school documentation that reflects approval of the principal of the home school and a copy of the prescribed objectives/content to be mastered by the students.
- The summer school program will comply with the guidelines established by the State Department of Education and contained in Accountability.
- All Jackson County School Board policies apply to summer school where applicable.
- The Assertive Discipline Plan followed by the Jackson County School District during the regular school year will be the one used during the summer school session.

Each student will receive a copy of the teacher's classroom rules and the consequences for not following them.

- If a student is sent to the office, the following actions will be taken:
  - The first time: Parents/guardians will be notified of the misbehavior and the fact that if the student is referred to the office a second time, he/she will be dismissed from summer school and will forfeit any fees paid.
  - The second time: Student will be dismissed from summer school and will forfeit any fees paid.
- See JCSD School Board Policy AEBA.

High School (9-12) Academic Guidelines

Policies Regarding Selection of Subjects

- Students are allowed to select on-line and correspondence courses for graduation credits provided the following guidelines are followed:
  - Enrollment in on-line and correspondence courses must have prior approval granted by the principal.
  - The courses must meet all requirements cited in the Mississippi Curriculum Frameworks and the Approved Courses for Secondary Schools in Mississippi.
- Students who transfer from another state's accredited school shall be permitted to apply those credits the district's requirements. See JCSD School Board Policy IHE.

Dual Credit (DC)

- Students must have a B (3.0 on a 4.0 scale) grade point average to take dual credit (DC) courses.
- Dual credit courses which are taken through local colleges must be pre-approved by a college or university, the Mississippi Department of Education, and the school principal.
- In establishing students class rank as determined by quality point average (QPA), students will only be allowed to count eight (8) dual credit courses. Students may take dual credit courses from a state-accredited institution for QPA purposes. If a student has taken more than eight (8) dual credit courses, regardless of where taken, the courses calculated into Quality Point Average (QPA) will be the eight (8) dual credit courses with the highest averages. All dual credit courses will count in the grade point average (GPA) calculation.
- Only dual credit courses included on the Mississippi Department of Education (MDE) approved course list will count in determining class rank.
- Weight of dual credit (DC) courses will be the same weight as Advanced Placement (AP) classes.
- Dual credit (DC) courses will award credit based on one (1) high school credit per three (3) credit hour college course successfully completed.
- Please see your school counselor regarding classes available for dual credit (DC).

Grades

Tests count 50%, exams count 20%, and daily work counts for 30%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE.

Grade Level Classification

A student's classification will be determined by the number of units of credit completed prior to the first day of the new school year.

- To be 10th grade - 8 credits
- To be 11th grade - 14 credits
- To be 12th grade - 20 credits

See JCSD School Board Policy IHE.

Exemption Policy

Schools will administer a comprehensive examination that includes all work completed during a particular Course. This exam will account for 20% of the Term grade.

No exemptions for 1st or 3rd term courses. Out-of-School Suspension (at any time during the length of the course) automatically disqualifies a student from exemption in that course.

For a student to be qualified for an exemption in a particular course, he/she must meet one of the criteria listed below:

- Have an average of 90-100 for the course and no more than four (4) absences per semester course or no more than two (2) absences per nine (9) week course.
- Have an average of 80-89 for the course and no more than two (2) absences per semester course or no more than 1 absence per nine-week course.
- Seniors Only: Have a passing average for the course, plus at least a passing average for the last Term of that course and no absences during the last Term of that course.
- Students in grades 9-11 with perfect attendance for the year (Terms 1-4); who have a passing average can be exempt from the Term 4 exam in May.
- Perfect attendance is defined as being present all day every day.
- Those students taking year-long courses may be exempt at each semester using the same criteria as #1 and #2 above.
- The student can have no more than one (1) ISI discipline incident and no OSS per semester.
- Any student who qualifies to be exempt in a particular course has the option of taking the examination for that course.
- Schools will give out letters notifying students of meeting exemption qualifications the school day immediately prior to exams each semester. Each student must attend the entire day a in order to maintain exemption status. No early checkouts will be allowed unless authorized by school administration.
- All absences are counted toward exemption except for hospitalization and outpatient procedures. Emergency room visits may not qualify. This includes parent/guardian notes, doctor excuses, and unexcused absences.
- Some classes will be completed in one Term, and others will be completed in two Terms.
- Participation in the following activities is not considered an unexcused absence and does not count toward an absence for exemption:
    - School related activities
    - Two senior college days per year, approved by the guidance counselor
    - University honors placement exams approved by the guidance counselor
- See JCSD School Board Policy IHAEA.

Awarding and Recording of Grades
In the event a student does not receive credit for a subject because of excessive absences, expulsion, or drops out of school, no credit (NC) will be recorded in the applicable place in the student's cumulative folder and on the permanent record.
When a student completes a subject, the actual grade the student earned will be recorded in the appropriate place in the student's cumulative folder and on the permanent record. See JCSD School Board Policy IHE and JRA.

Reports of Student Progress
Progress Reports of students' accomplishments will be sent home four times during the year. Dates for progress reports are listed on the school calendar located in the handbook.

If the parents desire a conference with the teacher, it may be arranged by making an appointment through the principal's office. See JCSD School Board Policy IHE.

Honor Roll
There will be a Superintendent's Honor Roll for students making a quality point average (QPA) of 4.5 or above. There will be a Principal's Honor Roll for students making a quality point average (QPA) of 4.00-4.499. See JCSD School Board Policy IHE.

Awards Day Program
Each year awards will be given to the outstanding student in each department. All awards will be given at an Awards Day Program near the end of the school year. Perfect attendance is defined as attending school all day every day.
See JCSD School Board Policy IHE.

Standards for Participation in Extra-Curricular Activities for Schools on the Block (4 x 4) Schedule

It is a privilege, not a right, for a student to participate in extra-curricular activities. To be eligible for participation, a student must meet the following minimum scholastic requirements at the end of the school year to be eligible for the beginning of the next school year or at the end of the first semester to be eligible for the second semester. Students must follow all requirements by the Handbook of the Mississippi High School Activities Association, Inc. (www.misshsaa.com). In addition to the Handbook of the Mississippi High School Activities Association, cheerleading information can be located in the Criteria for Cheerleading Selection JCSD School Board Policy IDFB. See also JCSD School Board Policy JT.

Student Drug Testing

Statement of Purpose and Intent

The Jackson County School District (JCSD) recognizes that drug use by students participating in athletics, cheer, dance, band, and/or choir, a drivers' education course, and those who drive and park on campus (hereinafter "participating students") present special concerns about the dangerous combination of drugs and participation in these activities. While the misuse or abuse of illegal drugs, prescription and even non-prescription drugs is unsafe for any student, the additional demands placed upon participating students make such misuse or abuse dangerous.

In response to the serious health risks and other risks posed by participating students' use, JCSD has implemented a drug testing policy which is designed to provide early detection of drug use and to eradicate or reduce significantly use and influence of prohibited drugs and other chemicals by participating students.

In pursuit of these purposes, JCSD declares that the use of prohibited drugs, or intoxication and physical influence thereof, by participating students is inherently unsafe. Such use, intoxication or influence should be detected and prevented and such participating students should be counseled, educated and monitored. This policy is adopted to promote the safety, health and well-being of participating students and is not intended to be disciplinary or punitive in nature. The sanctions provided for herein relate solely to limiting the opportunity of any student found to be in violation of the policy to participate in the covered activity. There will be no academic sanction for violation of the policy and the policy is intended to complement all other policies of the JCSD regarding the possession or use of illegal drugs.

All students enrolled in JCSD who are in 7th grade or higher and who (1) participate in any JCSD High School or Middle School athletic program, cheer, dance, choir, and/or band or (2) obtain a parking permit to allow them to drive and park on a JCSD campus or (3) enroll in a drivers' education course shall be subject to drug testing to the extent and manner provided for in this policy.

The Board authorizes the superintendent to implement procedures in furtherance of the goals of this JCSD School Board Policy JCDAB.

ADMINISTRATIVE PROCEDURE

Concurrent Drug Testing Policies

This policy and the JCSD policy on drugs as listed JCSD Student Handbook shall be administered separately and concurrently. Tests occurring under this policy shall not be used for or considered for the purposes of the JCSD Assertive Discipline Program; however, test results under the Assertive Discipline Program may be considered for the purposes of eligibility to participate in athletics, cheer, dance, choir, and/or band or to drive to and park on the JCSD campus or to enroll in drivers' education course and for testing or monitoring under this policy. Participating students are subject to all related policies concerning this subject area.

Implementation

All participating students and their parents/guardians will be notified of this policy upon (1) entering an athletic program, cheer, dance, choir, and/or band, or (2) seeking a JCSD parking permit, or (3) enrolling in drivers' education course. The JCSD Superintendent and/or his or her designees shall be responsible for the fair, impartial and complete implementation of this policy and for ensuring the no-notice, surprise nature of all testing. The JCSD Administration shall be responsible for the coordination and execution of all testing through a third-party vendor, which is the MRO.
The initial method of collection will be done by urinalysis.

Consent/Refusal to Consent

The parents/guardians of participating students will be asked to sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy and consenting to the release of the tests results to the MRO, Superintendent and/or his/her designees on a need to know and confidential basis. The test results will also be provided to the parents/guardians of the participating student. If a participating student and/or his or her parent/guardian declines or fails to sign the consent form, the student will be ineligible to participate in any JCSD athletic program, cheer, dance, choir, and/or band or to drive and park on the JCSD campus or to enroll in drivers' education course. The consent form to be used for purposes of this policy shall be formulated by the MRO and Superintendent.

Annual Testing

As an annual prerequisite for participation in a JCSD athletic program, cheer, dance, choir, and/or band, or for permission to drive and park on the JCSD campus, or enrolling in drivers' education course, parents/guardians of participating students must sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy. Any student who tests positive for drugs may be ineligible to participate in JCSD athletics, cheer, dance, choir, and/or band or to drive and park on the JCSD campus or enroll in drivers' education course as provided in this policy, or, in the discretion of the Principal or Athletic Director, and approved by the Superintendent, may participate subject to the provisions of Section III. 9. of this policy.

Random Testing

Participating students will be tested on a random basis for use of prohibited drugs. Random testing shall be conducted no less than two (2) times during a school year and may be conducted during the school year at any other time during the school year as determined by the Superintendent. The random testing shall not be announced or revealed prior to the time of commencement and shall be conducted on a no-notice, surprise basis. The JCSD Superintendent and his designees shall determine the percentage of participating students tested in any one (1) random test not to exceed ten percent (10%) of eligible students on a specific campus or the designated amount budgeted by the school board for the cost of the MRO contract for drug analysis tests. Once the percent is established for the year it will be applied consistently in each attendance center. The Superintendent and his designees shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the MRO selection process. This would include, but not necessarily be limited to the MRO:

- Assuring that the names of all participating students are in the pool.
- Assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing.
- Assuring that the identity of students for testing is not known to those involved in the selection process.
- Assuring the direct observation of the selection process by at least two certified employees of the District as determined by the Superintendent.

Specimen Collection

All specimens will be collected under reasonable and sanitary conditions. Individual dignity and privacy will be preserved to the extent practicable. Universally accepted standards for testing, labeling, storage and transportation of specimens will be strictly followed by the testing facilities. The MRO will request information before each confirmation test regarding prescription and non- prescription drugs and any other information which could lead to a false positive test. JCSD staff shall be present only for supervising of students during random testing. No JCSD staff shall be involved in the collection, storage, labeling, or handling of specimens from random testing unless necessary because of the student's handicapping condition that has been previously documented.

Testing Procedures

A laboratory certified by the National Institute of Drug Abuse will be designated by JCSD to perform all initial drug tests and selection of students. The laboratory and the MRO will be responsible for the handling and safe delivery of all positive specimens to the confirmation laboratory and such delivery will be accomplished through proper chain of custody procedures.

Finding of Drug Use Consequences
If a student violates this policy, the consequences described below will apply only to the component of the activity impacted by the violation (i.e., athletics, dance, cheer, band, choir, driving on campus, and/or driving during drivers' education class). The student's grade will not be lowered because of the student's suspension from participation in these activities; however, a student will not be allowed to drive until a negative test result occurs, which could negatively impact a grade in a drivers' education class. The student may be expected to complete alternative assignments during the suspension in order to maintain his or her grade.

First Violation
If the initial test for drugs indicates a negative result, no further test will occur unless there is good reason to suspect the quality of the specimen sample. If the initial test indicates a positive result, a confirmation test will be conducted immediately. Should the confirmation test also indicate a positive result for a participating student, the following consequences shall be imposed:

- The district will notify the student and his or her parent/guardian via a phone call and in writing of such positive test results.
- The student shall be suspended from participation in all athletics, cheer, dance, choir, and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of thirty (30) days, which can be reduced by half upon the successful completion in a drug counseling and/or drug education program and passing a second drug test.
- The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about thirty days after the date on which JCSD received notification of the confirmation tests positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a second violation.
- The student shall be required to participate in and complete a drug counseling or education program developed by and provided by JCSD. Refusal to participate in the counseling and/or education program, as set forth in this paragraph, will be treated and handled as a second positive test result.
- The student will not be allowed to resume participation until he/she has had a negative drug test at the expense of the parent/guardian.
- After successfully returning from a first violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a second violation is declared.

Second Violation
Should a participating student test positive for a second time in any two calendar years, the following consequences shall be imposed:

- The MRO or district will notify the student and his or her parent/guardian in writing and/or via phone call of such positive test results.
- The student shall be suspended from participation in all athletics, dance, and cheer, choir, and/or band activities (which encompasses, for purposes of this policy, all participation including tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of sixty (60) days.

- The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about sixty (60) days after the date on which JCSD received notification of the confirmation tests' positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a third violation.
- The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.

After successfully returning from a second violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a third violation is declared.

Third Violation

Should a participating student test positive for a third time in any two calendar years, the following consequences shall be imposed:

- The MRO or district will notify the student and his or her parent/guardian in writing and/or via telephone of such positive test results.
- The student shall be suspended from participation in all athletic, dance cheer, choir, and/or band activities and from driving to and parking on the JCSD campus and from drivers' education course for a minimum of one (1) calendar year.
- The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/ guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
- The JCSD reserves the right to require the student to submit to mandatory drug testing during the calendar year of the violation as often as deemed appropriate by the administration. The student will not be allowed to resume participation until he or she presents a negative result on retest. No positive test results as described in this policy will be used as grounds to discipline, suspend or expel a participating student, except for the guidelines provided in this policy.

Appeal

A participating student has the right to appeal a decision under this policy by following the grievance procedure as outlined in JCSD Student Handbook and shall be afforded all student due process rights as provided by law. Participation in athletics, dance, cheer, choir, and/or band and parking at JCSD or enrolling in drivers' education course is a privilege only and a student has no property right or interests in such participation.

Medical Review Officer

As part of this policy, JCSD will utilize the services of a medical review officer (MRO) as designated by JCSD. The MRO will interpret, monitor, and evaluate all positive test results so as to determine whether any alternative medical explanation could account for the positive results. The MRO must be a licensed physician, or group of licensed physicians, knowledgeable in drug abuse disorders.

Confidentiality
The results of a student s drug test shall not be released to anyone other than the Medical Review Officer (MRO), the Superintendent or his/her designees and the student's parents/guardians.
Results may also be released to the Board of Trustees, the school attorney, athletic department personnel, and/or school advisor on a need-to-know and confidential basis. No other person may receive the test results without the express authorization and consent of the participating student's parent/guardian.

Cost
JCSD will bear the cost of the initial drug and confirmation test required by JCSD under this policy. The participating student or his or her parent/guardian will pay the costs of any retest requested by the student and of all tests required after a violation of this policy, as outlined in Section III.9. above. If a parent requests that blood testing or any other alternate method of equal or greater sensitivity be is utilized then the parent will be responsible for the additional costs associated with the testing method.

Use of Prescription or Legal Non-prescription Drugs
Prior to an initial drug test, a participating student may voluntarily disclose the use of any prescription or non-prescription drugs but will not be required to do so. If the initial test results are positive, the MRO shall request from the student and/or the parent/guardian information regarding what, if any, prescription and non-prescription drugs, the student was using at the time of the test.

Information regarding a student's need for and use of prescription and non-prescription drugs is considered confidential, sensitive, and private. The information is necessary and will only be used for the assistance and safety of the student needing the medications, the safety of other students, and, in the event of a positive initial test result, to assist the MRO in determining possible causes of a false-positive test. The information should only be available to affected JCSD personnel to the extent practicable.

Refusal to Submit to Test
Refusal of any student to submit to testing conducted for any group of students during the school year or upon being selected for random or designated testing will constitute a "violation".

Self-Referral (Not Allowed After Selection for a Random Test)
In the event a student wishes to self-refer himself/herself for drug/alcohol usage, it will NOT initially constitute a "violation". A student may self-refer only one (1) time during his/her school career. When a student submits a self-referral, the following shall occur:

- An administrator/parent conference will be scheduled by the student's Principal.
- The student will be ineligible to participate in his/her sport, cheer, dance, choir, and/or band and from driving to and parking on a JCSD campus or driving when enrolled in a drivers' education course, until he/she has enrolled in a recognized Drug Assistance/Education program.
- The student must also then be declared physically safe to participate by a licensed medical physician before being allowed to return to participation.
- Failure of the student to successfully complete the Drug Assistance/Education program will constitute a violation and the student will not be allowed to participate in any school sponsored athletic, dance, cheer, choir, and/or band activities and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course.

- Amphetamines
- Phencyclidine (PCP)
- Spice (synthetic marijuana)

Drug Assistance Program Procedures for Intervention Program

In the event that a student chooses to enroll in a designated Drug Counseling or Rehabilitation program the following steps may be considered:

- The student and his/her parent(s) or legal guardian(s) will be provided with information regarding those designated drug/alcohol intervention programs that are available in our vicinity.
- The student and his/her parent(s) or legal guardian(s) will be responsible for providing for the cost of the program.
- The student and his/her parent(s) or legal guardian(s) will be responsible for transportation to and from the program.
- To ensure that the student successfully completes the program, the parent/guardian will sign a release of information form with the treatment center giving the center the right to share information with the school system's designee. The school will receive a report from the treatment center advising the District of the student's attendance and degree of success. See JCSD School Board Policy JCDAB.

Graduation Information

Graduates 2019-2021

All students are encouraged to graduate with a Standard or higher JCSD Diploma. Students must earn a minimum of 28 credits for graduation with a Standard Diploma, 21 credits for a Career Diploma, and 21 credits for a Basic Diploma. Students earning
32 credits will graduate with an Advanced Diploma. The Career Diploma meets all requirements set forth in MS Code 37-16-17. The Basic Diploma track requires a recommendation from teacher, counselor, principal or other appropriate individual; completed application form; approval by a committee comprised of the school principal (or designee), counselor, TST Interventionist, teacher, and special education representative (if applicable); and the parent must provide written consent. Students must meet college and career qualification scores in all core content areas on a series of end-of-course exams and/or the required benchmarks for college readiness on the ACT (19 in English Composition; 22 in mathematics; 22 in reading; 23 in science) or IHL approved college entrance exam with the approval of the Superintendent.

Graduates 2022 and Later

The District follows all state mandated requirements for graduation. Specific graduation course requirements are posted in the MS Public School Accountability Standards each year and will change as changes are required by the MS Department of Education or based on school leaders requesting improvements to the current district requirements.
All requirements as indicated by the Mississippi State Department of Education and the Commission on School Accreditation in Mississippi Public School Accountability Standards must be met by the graduate. These requirements include satisfactorily passing state end-of-course assessments at the level established by the state (MS Code 37-16-7).
Special Education students' diploma and graduation requirements will be based on the criteria established by the Individual Education Plan (IEP)/Vocational transition plan reviewed on an annual basis.

- Special Education Students receiving a diploma must participate in the Subject area Testing Program and pass at the level required by the state (MS Code 37-16-11).
- Special Education students receiving a Certificate of Completion must participate in a course of study outlined in the IEP transition plan for gained employment. Courses allowed for graduation credit must be subjects listed in the Approved Courses for the Secondary Schools of Mississippi. Courses that are not listed in the Approved Courses for the Secondary Schools of Mississippi require approval from the Commission on School Accreditation before being offered.

Courses are not designated as academic/non-academic. The student may complete his/her schedule to include those courses of interest as long as the above requirements are met.
It will be the responsibility of the student to decide if he/she plans to enter college or go into the workforce upon graduation from high school. Once the student makes this decision, he/she should enroll in the courses, while in high school, to prepare for the career of his/her choice.

Valedictorian, Salutatorian, Historian
Recognition for Academic Achievement

The Jackson County School District will compute all courses excluding grades acquired in Physical Education, Driver's Education, Band, and Chorus for senior class ranking.

The student(s) having attained the highest, second highest, and third highest quality point average (QPA) during his/her high school period shall be recognized as Valedictorian, Salutatorian, and Historian, respectively. Only students earning a diploma with 28 required credits or more are eligible to serve as Valedictorian, Salutatorian, or Historian until 2022, when it will change to 26 required. See JCSD School Board Policy IHCA.

- A Student may serve as Valedictorian, Salutatorian, or Historian if he/she has attended the respective high school for his/her entire senior year. Grades attained from any school during the high school period will be entered into the aggregate compilation of the Valedictorian, Salutatorian, and Historian recognition: however, in the event that number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then the following number grades will be given for the following letter grades:
  E-3 – (AP) Advance Placement and Dual Credit (DC)
  E-2 – Accelerated
  E-1 – Honors

A	**95**
B	**85**
C	**75**
D	**67**
F	**59**

- The Valedictorian, Salutatorian, and Historian will be chosen based on the highest Quality Point Average through the third (3rd) nine weeks of the senior year.
- The Quality Point System will be utilized to compute and determine the rank-in-class of graduating seniors. Rank-in-class is defined as the comparison of a student's academic performance with those of the members of his graduating class. Class rank computed on the basis of quality points, rather than on grade- point average, projects a more accurate profile of academic performance. It is also designed to encourage many good students to enroll in more challenging courses. Students in advanced courses earn additional quality points directly proportionate to regular courses. In this way those students in courses of average academic difficulty set the 4.0 norm. Additional quality points assigned to advanced academic courses merely serve to achieve a more accurate class ranking. Grade- point averages are unaffected by quality points and will continue to be the report of academic achievement on the high school transcript.
- Students with a quality point average of 4.0 to 4.49 will graduate with honors. Students with a quality point average of 4.5 and above will graduate with special honors.
- Quality Point Equivalency Scale for E-3 – (AP) Advance Placement and Dual Credit (DC), E-2 Accelerated, and E-1 Honors courses and the number of quality points a student will receive for the grade he/she makes in each course is listed in the student handbook.

- In establishing students class rank as determined by quality point average (QPA), students will only be allowed to count 8 dual credit courses. Students may take dual credit courses from a state-accredited institution for QPA purposes. If a student has taken more than 8 dual credit courses, regardless of where taken, the courses calculated into Quality Point Average (QPA) will be the 8 dual credit courses with the highest averages. All dual credit courses will count in the grade point average (GPA) calculation.
- Only dual credit courses included on the Mississippi Department of Education (MDE) approved course list will count in determining class rank.

Collegiate Academy or Similar Programs
Students enrolled in the Collegiate Academy or similar programs will be ranked separately and will not follow the traditional class ranking. Students enrolled in the Collegiate Academy will not be considered for the Valedictorian, Salutatorian, or Historian. Prior approval must be obtained from a guidance counselor and the school principal to participate in Collegiate Academy or similar programs.

Early Graduation
Students who fulfill all requirements for graduation may opt to complete their high school career early. Students will be allowed to participate in the commencement exercises with their class and will receive their diploma at that time. Students will not be allowed to participate in any extra-curricular activities sponsored by the school for the remainder of the school year and will no longer be considered enrolled in the Jackson County School District. Students will be considered as a visitor when present on the high school campus.
To qualify for early graduation, a student must complete the following:

- Schedule a meeting with the counselor and present a post-secondary plan (i.e., college, work, vocational training, and military) as a rationale for early graduation.
- The student's parents must attend this meeting.
- A tentative schedule will be created provided the courses are available.
- The tentative schedule must be approved by the Principal.
- The school is not obligated to provide two (2) core courses (per subject) within a school year. (Fall- Spring).
- An exit conference will be scheduled prior to early release. In addition, the principal and parent must approve all early graduations.

Correspondence Courses:
The Jackson County School District will follow the Mississippi Public School Accountability Standard for Correspondence courses.

Procedure for Correspondence Courses:

- The correspondence course must have been approved by the principal and administered through an approved program.
- The evaluation criteria will have been administered by a certified member of the school district.
- The correspondence course must be one which is contained in the curriculum of the school in which the student is enrolled.
- The building principal will supervise and administer the tests to the student taking the correspondence course or will assign a counselor within the building to supervise and administer the tests.

Graduation for Students with Disabilities

Students with disabilities will be issued a regular education high school diploma, certificate of life skills completion or alternate diploma option as follows:

- By age fourteen (14) or prior to a student entering the ninth grade, an Individualized Education Program (IEP) Committee will consider the exiting options from high school. The parents/guardians and, if appropriate, the student will be informed of the requirements for each option and the various alternatives in post-school activities based on each exiting option. An IEP Committee will determine and document the option appropriate for each student.
- Students pursuing a regular education high school diploma must meet the requirements set forth by the State Board of Education and the Jackson County School District. Special education and related services will be provided to assist a student to reach this goal based on the student's IEP.
- For students who are significantly cognitively disabled pursuing alternate diploma completion, a comprehensive curriculum of basic life skills will be utilized for instructional purposes. Transition services, including a functional vocational evaluation (if appropriate), will be provided based on each student's preferences and interests, his or her IEP and the planned outcomes for post-secondary activities specific to the student. As determined appropriate by the IEP Committee, transition services may include:
  - Instruction in functional academics
  - Community experiences
  - Adult living
  - Employment skills
  - Related services
  - Daily living skills
- An IEP Committee will review the previous exiting option decision for each student at least annually. The committee, along with the parents/guardians and, if appropriate, the student, may change the original or previous decision regarding the student's exiting option.
- Students pursuing the alternate diploma option, which is not equivalent to a traditional high school diploma and is not recognized by postsecondary entities that require a traditional high school diploma. All students are required to participate in the Mississippi Assessment Program Alternate Assessment (MAAP-A) with a score TBD. Students who have met the criteria on their IEP for having a Significant Cognitive Disability (SCD) may participate in a program of study to earn the Alternate Diploma.
- Every student who completes an approved course of study by or before age 21 will receive an alternate option diploma and will be permitted to participate in graduation activities.

Grading for Student with Disabilities

- All grades awarded to students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy.
- Grades awarded to students who have been ruled eligible for special education services and who are also actively participating in the District's special education program(s) shall be based on the following:
- Inclusion and resource students receiving a traditional diploma is based on the same guidelines as the district's promotion/retention policy.
  Accommodations/modifications provided in coordination of both special classroom teachers and general classroom teachers to obtain final grades will be provided.

Graduation Ceremonies

The following requirements concerning graduation ceremonies shall be met:

- The scheduling of formal graduation ceremonies shall be limited to those honoring senior students who have successfully completed prescribed secondary school graduation requirements.
- Preparation for graduation ceremonies shall be scheduled in such manner that complies with all MS Department of Education requirements.
- The secondary schools shall not deliver a diploma, signed or unsigned, to a student who fails to meet the requirements for graduation. A student who fails to meet the graduation requirements is not permitted to participate in graduation exercises. Students who have completed satisfactorily the local district's secondary curriculum for special education may be awarded a high school certificate or diploma which states, "This student has successfully completed an Individualized Educational Program." This student may be permitted to participate in graduation exercises.
- All State and District requirements must be met in order for a student to participate in graduation or receive a diploma. This includes foreign exchange students. (Decision of Mississippi Commission on School Accreditation, Summer 1988)

Student Message at Graduation Ceremonies

It is the intent of the Jackson County School District to allow the graduating senior class the discretion to use a brief opening and/or closing message, not to exceed two (2) minutes at their respective school graduation exercises. If the graduating class chooses to use an opening and/or closing statement, the message shall be given by a student in the graduating senior class chosen by the senior class as a whole and the message shall be wholly prepared by the student selected. The content of the message delivered shall not be monitored or otherwise reviewed by the school administration, the board of education or any school district employee, but the content shall not be libelous, slanderous or obscene. The printed event program at all graduation ceremonies shall include the following disclaimer: "The opinions, remarks and viewpoints expressed by any student speaker at this ceremony do not reflect the endorsement, sponsorship, position, opinion, expression or viewpoint of the Jackson County School District."

Participation in Graduation Ceremonies/Discipline Violations

- The Jackson County Board of Education recognizes that participation in graduation ceremonies is a significant milestone in the education of our students and believes that said participation should be protected whenever possible. However, schools must have the ability to discipline students who are near the end of their academic career in the high schools in the Jackson County School District in meaningful ways in order to sustain the type of safe, secure, disciplined environment that is necessary.
- In accordance with this philosophy, it shall be the policy of the Jackson County Board of Education that high school seniors will be held to high standards of discipline until the conclusion of the academic year. Since some of the typical discipline measures that are approved for other students are not applicable for seniors who are near the end of the school year, additional measures need to be available to administrators in the high schools.
- Any senior who commits a Level 5 infraction (as defined by the discipline code of the district) during the last 9 weeks of the school year may have his/her right to participate in the graduation exercises for his/her school revoked.
- This policy does not restrict the ability of the administration to address severe discipline issues that may occur during an earlier term of the school year in any way.

Student Conduct Procedures

Mississippi School Safety Act Of 2019

The Mississippi School Safety Act of 2019, provides additional disciplinary procedures to the school district's existing authority regarding the discipline of students. In conformity with the Act, the school district has adopted policies that recognize the teacher as the authority in classroom matters regarding the school district's written discipline code of conduct, and the right of the teacher to remove from the classroom any student who in the professional judgment of the teacher is disrupting the learning environment, subject to the immediate review of the principal or assistant principal.

In the event the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student's parent, guardian or custodian during which the disrupting behavior is discussed and agreements are reached that no further disruption will be tolerated. The conference may be in person, by telephone, by e-mail or by other written communication.

The term "disruptive behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or a school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or a school-related activity, and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or to other school employees; defiance, ridicule or verbal attack of a teacher; willful, deliberate and overt acts of disobedience of the directions of a teacher.

If a student commits "disruptive behavior" as determined by the principal or assistant principal for a second time during the school year, the principal, reporting teacher and the student's parents will develop a behavior modification plan for the student.

A student, thirteen years or older, who does not comply with the behavior modification plan may be deemed to be "habitually disruptive" and subject to expulsion if the student commits a third act of "disruptive behavior" during the school year. Students under age thirteen may be subject to expulsion for such conduct pursuant to other school policies and procedures.

The term "habitually disruptive" refers to such actions of a student which causes disruption in a classroom, on school property or vehicles or at a school-related activity on more than two (2) occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

Students with disabilities are responsible for adhering to the same rules of conduct as non-disabled students. State and federal regulations relating to students with disabilities will be followed when implementing discipline procedures. See JCSD School Board Policy JD, JDH-1, and JDAA.

Code of Conduct

In implementing conduct and personal appearance regulations, it should be stated that the primary responsibility for the conduct and personal appearance of a student rests with the student and the parents. Every effort should be made to impress upon the students and the parents that discipline and order can only be maintained in the school when the school is not used as a vehicle for disruptive influences. In carrying out school regulations, students, parents, teachers, and the administrative staff should observe the following:

- Administrators and teachers shall hold students to strict account for disorderly conduct or misconduct at any school, on the way to school meetings, programs, functions and activities, and upon school buses. The superintendent or principal/school administrator of any school may suspend any student from school for good cause.
- The superintendent or the principal/school administrator of a school may have the power to suspend a student for any reason. The following steps should be followed by the parents should they wish to appeal a decision made by the principal:
  - Appeal to the Assistant Superintendent of the Attendance Center
  - Appeal to the Superintendent
  - Appeal to the School Board
- Courts have ruled that teachers must maintain their effectiveness and respect in order to perform their duties as a teacher. The effectiveness and respect must be maintained on or off the school premises and during or after school hours.
- The Board of Education of the Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and staff. Therefore, to ensure safety, security and an atmosphere conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the office of the school principal and obtain his/her permission before visiting any part of the campus. Each visitor must sign a visitor list in the principal's office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the principal's office when the visitor departs the campus.
- A teaching situation, which is conducive to learning, must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent to the principal's office. The administrator will review the case and try to resolve the problem. The Board of Education will support and protect its teachers and administrators when they are making a conscientious professional effort. The code of conduct shall take effect and be in force from and after its adoption and does not change any previous codes.
- Student Search and Seizure Courts have ruled that teachers and school administrators are "in loco parentis" of students. This means that teachers and administrators are acting in place of parents during the school day and may do anything a parent would do to maintain discipline. In addition, school officials must protect all students from possible harm. Therefore, courts have ruled that school officials may conduct searches of students when there is a reasonable suspicion that the student might posses' items that might harm themselves or other students (drugs, paraphernalia, alcohol, weapons, stolen items, tobacco, electronic cigarettes, any smoking devices, or any other items that might cause harm to that student or other students). These court rulings were made in order to protect all students of possible harm. "Emerging First and Fourth Amendment Rights of the Student." 1 J. Law and Education 449, 451 (1972) "In re Donaldson", 269 Cal. App. 2nd 509, 75 Cal. Rptr. (1969) "Mercer v. State" .450 S.W.2d 715 (1970)

The Board of Education is mindful of public concern about student discipline and protection in the school. It is the responsibility of the Board to provide a situation in the schools where learning can take place. This responsibility has been upheld in the past and will continue to be with the continued positive, wholesome attitude toward learning on the part of the students and their parents or guardians. Students who come to the schools to learn will cause no trouble nor get in trouble. When pupils come from homes where parents have a positive attitude toward learning and have the ability to adjust to change, discipline and conduct problems are minimized.

The principals, counselors, and all classroom teachers continue to have responsibility to teach by precept and example good conduct and positive attitude toward learning. They and parents/guardians, also, have a responsibility to help students develop wholesome attitudes toward themselves, other students and teachers.

- Upon arrival, all persons, other than school employees and pupils enrolled at that specific school, must first go to the principal's office to secure admission to the campus. Otherwise, they will be considered to be trespassers and, as such, subject to arrest and prosecution. Therefore, to ensure safety, security, and an atmosphere conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the office of the school principal and obtain his/her permission before visiting any part of the campus. Each visitor must sign a visitor's list in the principal's office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the principal's office when the visitor departs the campus.
- Students are not to bring brothers, sisters, or friends to school for any reason.
  The Board of Education of the Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and staff.
- A teaching situation, which is conducive to learning, must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent to the principal's office. The administrator will review the case and try to resolve the problem. The Board of Education will support and protect its teachers and administrators when they are making a conscientious professional effort.

This code of conduct shall take effect and be in force from and after its adoption and does not change any previous codes. See JCSD School Board Policy JCA, JD, JDH-1, JDAA, AND JCD. (MS Code 37-11-55)

Addendum to the Code of Conduct

- A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district shall be responsible financially for his or her minor child's destructive acts against school property or persons.
- A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in paragraph 1 of this subsection, or for any other discipline conference regarding the acts of the child.
- Any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district that refuses or willfully fails to attend such discipline conference specified in paragraph 2 of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference.
- A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.

The Jackson County School Board has adopted the "Assertive Discipline Model" plan developed by Lee Canter as the format for maintaining an atmosphere conducive for learning in the classroom. Each child will receive his/her classroom rules and take them home for parents to sign and return to his/her teacher. Each child will also be instructed about other behaviors which are not acceptable and the consequences that accompany the behaviors.

As a component of the "Assertive Discipline Model, the following is a list of some of the more serious behaviors that students shall not display while being supervised by school personnel at school, at school sponsored activities and while being transported on a school bus. Disciplinary action is not limited only to the behaviors listed below. The actions listed on the following Disciplinary Ladder will be taken by the principal when students are referred to the office for reaching Step 5 on a teacher's classroom discipline plan, or sent to the principal's office for misbehavior outside the classroom.

The escalation through the steps of the "Assertive Discipline Model" may vary depending upon a student's age, grade, and discipline history; therefore, Jackson County School District will institute a separate step ladder for Elementary (K – 5) and Secondary (6 – 12) schools. See JCSD School Board Policy JD and JDAA.

Violence Policy or "Threat Protocol"

As a result of the violence and numerous shootings that have taken place nationally on school campuses, the Jackson County School District feels that it must take action to prevent an incident of this nature from occurring in our school district. The following actions will be taken with students making threats to do bodily harm on a school campus or at a school function:

- Students making threats to other students, teachers, administrators, and other school personnel or in the community that they would like to do bodily harm to someone else or themselves on the school campus or at a school function may be reported to the sheriff's department. Students making these threats may be recommended to the school board for expulsion. Before the students return to school, they will need to provide school officials with documentation that they have undergone counseling and/or psychological evaluation and that they pose no threat to students or school personnel.
- Students who hear other students making threats to other students, teachers, administrators, or other school personnel are encouraged to report this action to a teacher or an administrator. The names of students making such reports will be kept in confidence. In addition, a toll-free number is available to report any situation that could put your school's safety at risk. This number, 1-866-960-6472, is provided by the State of Mississippi, Department of Safe and Orderly Schools. All calls are confidential, and no one will ask for your name.
- School personnel are aware of the unwritten code that you do not "tattle" on a fellow student, but feel that when the lives of one or more students, teachers, administrators, or other school personnel are threatened, this code does not apply. Students who withhold such information could face disciplinary action. See JCSD School Board Policy EBBB, JCDAE(2), JCA, JDAA, and JD.

Sexual Harassment: Employees and Students

Part 1

In accordance with Title VII of the 1964 Civil Rights Act, as amended in 1972, Section 703, no employee in the Jackson County School District shall be subject to sexual harassment. Furthermore, students in academic institutions are protected from sexual harassment by the Title IX of the Education Amendment of 1972, and shall not be subjected to sexual harassment by their peers or employees.

It is the intent of the school board to maintain an environment free from sexual harassment of any kind. Therefore, unwelcome sexual advances, requests for sexual favors, retaliation against persons involved in sexual harassment complaints and investigations, and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited.

Part 2

Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when certain criteria are met.

Criteria I:

Submission to such conduct is made either implicitly or explicitly, a term or condition of employment, the assignment of grades, or promotion, or used to deprive the student of access to the educational opportunities and benefits provided by the school district.

Criteria II:

Submission to or rejection of such conduct by an individual is used as the basis for employment or academic and other educational decisions affecting such individual.

Criteria III:

Such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment. With regards to students, the criteria are when such conduct has the purpose or effect of unreasonably interfering with the student's educational performance or creating an intimidating, hostile, or offensive learning/teaching environment.

Criteria I and II are examples of quid pro quo or conditional sexual harassment.
Criteria III is an example of hostile work or learning/teaching environment.

Part 3
Complaints of violation of this policy should be immediately reported to an administrator, teacher, counselor, or the Title IX coordinator/district counsel without fear of reprisal. If your supervisor or administrator is the person you believe has engaged in sexual harassment, report it to the Assistant Superintendent resources or the Title IX coordinator/district counsel. No administrator, manager, or supervisor has the authority to condition the terms and conditions of employment, such as raises, assignments, or promotion, on the receipt or denial of sexual favors. Likewise, no administrator, teacher, or other school official has the authority to condition grades or promotions, or other academic decision on the receipt or denial of sexual favors.
Therefore, should violation prove to be legitimate, the offending employee shall be subject to disciplinary action, including involuntary termination of employment. Students who engage in sexual harassment of other students shall be subject to disciplinary action, including suspension and expulsion.

Part 4
The school district will not in any way retaliate against an individual who makes a complaint of sexual harassment or against any participant in the investigation nor will it permit an supervisor, administrator, principal, or employee to do so. Retaliation is a serious violation of the sexual harassment policy and should be reported immediately. A person who engages in retaliatory conduct against another individual for reporting sexual harassment will be subject disciplinary action up to and including termination.

Part 5
Relationships between individuals who occupy different levels of authority are banned.
If there are relationships between individuals who occupy equal levels of authority then those individuals will exhibit professional conduct in the workplace.

Definitions of Bullying or Harassing Behavior
Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.
A "hostile environment" means that the alleged victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.
Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person’s presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole. See JCSD School Board Policy JDDA.

Student Bullying Policy

The Jackson County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristics that (a) places a student or school employee in actual or reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the alleged victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school- sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Jackson County School District makes every reasonable effort to ensure that no student or school employee is subjected to bullying and harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against an alleged victim, witness, or a person with reliable information about an act of bullying or harassing behavior. The District requires anyone who has witnessed or has information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The Jackson County School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures are appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions".

Furthermore, the Jackson County School District defines one "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. The policies and procedures must recognize the fundamental right of every student to take reasonable actions as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. See JCSD School Board Policy JBA and JDDA.

Procedures for Bullying or Harassing Behavior

Students and employees in the Jackson County School District are protected from bullying or harassment by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing, and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board. See JCSD School Board Policy JBA and JDDA.

Procedures for Processing a Complaint

- Any student, school employee, or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee, or volunteer has been subjected to bullying or harassing behavior shall immediately report such conduct to a teacher, principal, counselor, or other school or district official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. Vancleave Attendance Center	228-283-3830

See JCSD School Board Policy EDD, EDC, and EDDAC.

School Bus/All District Vehicle Services for Elementary (K-5) and Secondary (6-12)

The district provides transportation for all students. In addition to riding the school bus students may walk, ride bicycles, drive other motor vehicles, or their parents may provide transportation to school. Students who drive motor vehicles to school are required to have a valid Mississippi driver's license and to abide by all regulations regarding driving, parking, and conduct in parking lots. School buses are school property.

School Bus Discipline for Elementary (K-5) and Secondary (6-12)

- Student discipline is the shared responsibility of parents, students, and school personnel. Drivers are expected to keep order and discipline on the bus, but their major responsibility must be driving the bus.
    - Riding the school bus is a privilege. This privilege carries with it some responsibilities on the part of the student. Behavior which prevents the driver and the student from having a safe trip to and from school will not be tolerated.
- Any violation of conduct by students, performed while on the school bus, waiting to board the school bus, or departing from the school bus, shall be addressed by utilizing the assertive discipline steps prescribed for elementary (K-5) or secondary (6-12) levels in the respective handbooks.
- Students may be denied the privilege of riding the school bus because of improper behavior, including the suspension of the privilege of riding the bus for the remainder of the school year, if the principal determines the action is necessary for the safety of the other students on the bus. (MS, State Code 37-7-301, [e]) Consequences for misconduct on the bus will be consistently applied. The transportation director, school administration, or other designee may handle minor offenses. Questions involving disciplinary actions should be directed to the school administration. Action requiring suspension shall be the responsibility of the school administration. The administration shall notify transportation director and the student's parents when a student's bus riding privileges are suspended. The transportation director will notify the appropriate bus driver. In addition to unacceptable behaviors listed in the assertive discipline section for elementary (K-5) and secondary (6-12) of this handbook, the following behaviors on the bus are unacceptable and will result in disciplinary action being taken against the student.

Established Rules of Behavior for Elementary (K-5) and Secondary (6-12)

- At no time are students to put heads, arms, legs, bodies, or hands out of the windows of the bus.
- Immediately upon entering the bus, students are to be seated and are to remain seated until they arrive at their destination. The guidelines apply at any time a student is transported on a school bus.

- Students may not leave the bus on its way to or from the school except at their designated stop.
- Students are not to throw any objects on the bus or from the bus.
- Students must sit in the seat assigned by the driver. Drivers have the option of reassigning students to a different seat when necessary.
- The bus must come to a complete stop before students enter or exit the bus.
- Loud talking and other loud noises are not permitted on the bus.
- No beverages or food may be consumed on the bus.
- Intentional littering of the bus is prohibited.
- Vulgar language is prohibited on the school bus.
- Balloons, vases of flower arrangements, or other objects, which hinder the view of a bus and/or create a dangerous situation are prohibited.
- Students will not be allowed to spray any perfume or other type of spray on the bus.
- Parents/guardians may not view bus video.
- All school rules, as approved through the Assertive Discipline Plan for elementary (K-5) and secondary (6-12), also apply to school bus conduct.

A student's failure to follow established rules of behavior will result in the following disciplinary action. (The severity of the student's misbehavior will determine the step on which the student is placed.)

- **Step 1**
  Written Warning: Shall be signed and returned by parent/guardian.
- **Step 2**
  One (1) to three (3) days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 3**
  Three (3) to five (5) days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 4**
  Five (5) to ten days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 5**
  Shall result in loss of bus privileges for the remainder of the school term/year. If the student is removed from the school bus, a conference with the school administration must be held prior to the student being permitted to ride the bus.
  Continued or severe misbehavior may result in the student's removal from the bus for the remainder of the school year. If a student misbehaves during the final days of school, the punishment may continue into the next school year.
- **Step 6**
  Referral to the school board or superintendent for further action.
  See JCSD School Board Policy JD, EDC, and JCDAD.

Interference with School Buses for Elementary (K-5) and Secondary (6-12)
It is unlawful for any individual to board a school bus, other than a student scheduled to, a member of the public-school administration or faculty, or a law enforcement official. State law prohibits unauthorized boarding of school buses or interference with passenger boarding or leaving, under penalties of fines and/or imprisonment.

Parents/Guardians Picking Up Students or Student Riding a Different Bus for Elementary (K-5) and Secondary (6-12)
If it becomes necessary for a student not to ride his/her regular bus home, the parent/guardian should send a note to the school with the student that day. If an emergency arises during the school day, parents/guardians should notify the school before 1:30 p.m. to request a change in how the student will go home. Likewise, there may be a need for a parent/guardian to check out a student at the point of boarding a school bus. This will be permitted only with the clearance of an administrator or transportation director.

Changing Afternoon Transportation for Elementary (K-5) and Secondary (6-12)
To ensure the safety of all students, changes to daily transportation should be minimal.

- The parent/guardian must send a note to the school if the student is going to ride a different bus or will be picked up instead of riding the bus.
- If a student misses the bus in the afternoon, he/she has to be signed out in the office by the individual picking up the student.
- Students will not be allowed to ride a bus, other than their own bus, without a note signed by a parent/guardian and/or principal/transportation supervisor.

For the safety of your child, phone calls are not accepted to change afternoon transportation arrangements.

Buses for Elementary (K-5) and Secondary (6-12)
The Board of Education recognizes the district's continuing responsibility to maintain and improve discipline and to insure the health, welfare, and safety of its staff and students on school transportation vehicles.
Students found to be in violation of the district's bus conduct rules shall be subject to disciplinary action in accordance with district policy and regulations.
Bus transportation is a privilege extended only to students who display good conduct while preparing to ride, riding, or leaving the bus. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation. (MS Code 37-37-301 [e])
Riders who fail to comply with the above rules shall be reported to the school principal, who shall determine the severity of the misconduct and take appropriate action as described in the student handbook. In the case of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined by the principal, up to the remainder of the school year, and parents will be notified. See JCSD School Board Policy EDC and JCDAD.

Safety Regulations for Elementary (K-5) and Secondary (6-12)

School Dress Code

Dress/Grooming Policies

Dress and grooming codes are based upon certain sound foundations; they are not just arbitrarily selected and dictatorially enforced for no cause. Laws surrounding indecent exposure, conditions necessitating safety and personal well-being, health and sanitation are some of the basic fundamentals. Conditions conducive to learning must not be impaired because of temporary and individualized fads. In order for students to be able to cope with even larger restrictions and responsibilities, they must learn while still in school to observe regulations set forth for the group as a whole. Keeping this total concept in mind and realizing a need to satisfy peer group desires for current fashions, the Board will make an effort periodically to restructure the dress and grooming code according to current conditions.

It shall be the responsibility of district and school support staff to communicate information to parents/guardians regarding the requirement of the mandatory school uniform dress code, including, but not necessarily limited to: a. types and colors of uniforms, b. optional articles of attire, and c. compliance measures to be employed.

All due process procedures provided in MS Code 37-7-335, will be followed in the administration of this policy.

The Jackson County School Board has defined the minimum standards of dress and grooming which will be acceptable for participants in the school system. The following is a description of the clothing that students shall wear while attending school in the Jackson County School District. An effort had been made to be as specific as possible about acceptable styles and colors. When purchasing your child's clothing for school, you are encouraged to purchase within the guidelines listed below. Because a certain style, etc. is not listed does not mean that it is acceptable attire that can be worn to school. If you have questions about a certain style of clothing, you are encouraged to contact the administrator of your child's school for clarification prior to the purchase of the clothing.

Students are expected to dress and groom within the limits set by the standards. Students are expected to obey the rules and directions of their teachers and principals in charge of their educational programs.

Parents/guardians are requested to encourage their students in participating in the spirit intended by the standards for personal appearance and the discipline program.

The personal appearance code will be positively enforced by teachers, principals, and administrators.

The standards for dress, grooming and discipline with appropriate methods of enforcement and appeal have been established to provide an environment and conditions whereby the school district's educational program can be so planned, adapted, and conducted as to provide each child the training and opportunity to take his place in a democratic society. The personal appearance code has been developed to establish a standard of decency for covering the body, improving the educational environment of the school and enhancing school safety and should be interpreted in the spirit for which it is intended.

Non-Compliance of Dress Code

Students new to the district and enrolling on or after the first day of school will have five (5) school days to comply with the dress code.

- The administration at the school shall confer with the parent/guardian of each student who fails to comply with the dress code in an effort to ascertain the reason(s) for non- compliance.

General Information

Emergency Operations

- School staff members faced with an emergency affecting the health and welfare of a student will exercise their discretion and judgment as to procedures for handling the emergency, following established policy and procedural guidelines as far as possible. In the event that a student's parent/guardian cannot be reached, the school officials will act to safeguard the student in a reasonable way.
- Schools are sometimes faced with emergencies that require the total cooperation of staff members and students. The Jackson County schools have detailed plans for operating under such emergency conditions as fire, tornado, flood, severe weather, explosions, and other emergencies.
- Fire drills and other emergency preparedness measures are a regular part of each school's program. Detailed instructions for emergency operations will be outlined to all students at their respective schools. Students are expected to learn the procedures to be followed under emergency conditions and to cooperate fully with the supervising teacher, staff, and/or administrator during drills and/or the actual event of such an emergency. The teacher will instruct all classes as to the procedure and exit to follow. Each room will use a certain exit, and it is necessary that each student follow the directions of the teacher in order that the building may be vacated in the shortest time possible. All students will leave the building as quickly as possible. See JCSD School Board Policy EBBC and EBBC-R.
- When a decision must be made to close or dismiss any school(s) within the Jackson County School District, the superintendent or his/her designee will notify local radio and television stations. Parents/Guardians and students should listen for announcements from these media outlets and/or contact the school district's homepage on the Internet. Callouts via telephone or other appropriate technology will be attempted as necessary.

- Textbook and technology checks may be made at different times during the school year by a school official.

Lost textbook(s) and device(s) must be paid for before another one is issued. Students who do not pay fines will not be issued books or devices for the following school year.

The policy offered through the school is an additional policy and all students are encouraged to enroll.

Blood Drives
Jackson County Schools may sponsor blood drives on secondary (6-12) campuses several times during the school year. Students who are seventeen years of age or older are eligible to be a blood donor. The standards of eligibility are established nationally and approved by the FDA. A notice will be sent home with each student on any secondary (6-12) campus prior to any scheduled blood drive.

Students and the News Media
The school district will publish the name and/or picture of a student in school publications or school-related articles or include students in other school-related news media programs unless prior requests have been made by a student's parent/guardian for exclusion of his/her child's name or picture from such publications or news media programs.

Attendance at Prom (High School Only)
Only those students who are classified as juniors or seniors at the beginning of the school year and are in good standing with their respective classes and school are eligible to receive an invitation to attend the prom.
All juniors will be required to contribute a minimum amount of money in order for the prom to be held. Juniors not meeting these requirements will not be given an invitation to prom, nor will they be allowed to attend prom with someone else who has received an invitation. In addition, any junior not paying dues as a junior must pay the dues as a senior before receiving an invitation to attend the prom. See JCSD School Board Policy JT.

Deliveries to Students during the School Day
To protect the instructional time of our classes, parents/guardians may not take deliveries to classrooms at any time. The delivery must be dropped off to the school office only.

Drink and Snack Machines
The drink and snack machines in the teacher's lounge are for office personnel and teachers only. Students are not to enter the lounge and get drink or snacks from these machines. See JCSD School Board Policy JG.

Science/Technology Laboratories
Good behavior in the laboratory is most important because of the use of acids, burners, and electrical equipment which could cause serious accidents if improperly handled. Any student damaging or breaking any laboratory equipment intentionally or through neglect on his/her part will be required to pay for the damage.

Student Parking Lot (High School Only)
The Jackson County School District is not responsible for damages to or property stolen from a student's vehicle while parked on the school campus. In order to purchase a parking pass, students must show a valid Mississippi Driver's License and proof of current insurance.

- Students who drive on campus are subject to random drug testing. See JCSD School Board Policy GBRM-2.
- Students driving recklessly or speeding shall lose their privilege of parking on campus for a period of time, as determined by the administration.
- After students arrive on campus, they are prohibited from remaining in cars in the parking lot or returning to their cars during the school day without administrative approval.

- Bringing a personal vehicle on campus is a privilege and may be restricted by the administration of the school. The school district provides free transportation to and from school and may require that a student not bring a personal vehicle on school property if said student violates rules governing personal vehicle use and parking lot decorum.
- Schools may assess a fee for a parking decal and require a student to place this decal in a particular area on each car he/she drives to school. This decal is for identification purposes only and does not represent any responsibility on the part of the school for any damages or loss to vehicle.
- School administrators have the right to insure a safe and orderly school environment. Mississippi Code 97-37-17 specifies that it is unlawful to be in possession of guns, knives, or other items that may be used as weapons on school grounds. If the administration determines that probable cause exists that any gun, other weapon, alcohol, illegal drugs, or other controlled substances or items are contained in a private vehicle on campus, they are authorized, under law and by the provisions of this policy, to provide for search of such private vehicles. See JCSD School Board Policy JCDAB.

In addition, if a student demonstrates that they are unwilling to comply with school rules pertaining to student's bringing private vehicles on school campuses, the administration may, at their discretion, restrict such access and require that said student utilize the free transportation system provided by the school district for all students.

Extra-Curricular Activities
Middle (6-8) and High School (9-12) Only
Seventh, Eighth, and Ninth grade Participation: Students in the seventh grade, eighth grade, and ninth grade, participating in school extra-curricular activities, must meet eligibility requirements established by the Mississippi High School Activity Association. See JCSD School Board Policy JH.

Fundraising
An organization must receive prior approval from the principal and the superintendent before beginning any fundraising project. No student representing groups outside school will be permitted to conduct fund raising activities in the school. Students possessing candy or other items at school for sale to other students, other than for school-sponsored and approved activities, may be subject to placement on the discipline ladder. Refer to School Board Policy. See JCSD School Board Policy JKAA.

Activity Fund
School clubs and organizations will deposit all money and make requests for withdrawals through the office of the Principal and the Director of Organizational Sponsor. See JCSD School Board Policy DK.

School/Community Relations and Liaisons
The specialists in this area serve the educational process by assisting in maintaining and enhancing lines of communication with parents, community members, law enforcement, and other public and private organizations and agencies. They are also available to disseminate information and to assist school administrators in developing and maintaining effective relationships with parents and community agencies.

Use of Telephone

- School telephones are for school business only, and students will not be permitted to use them. In case of emergency or illness, calls for students are made through the office.
- Students are not permitted to use personal cell phones or other electronic devices during school hours on any school campus without permission from a teacher or administrator.

Cellular Phones and Electronic Devices

To avoid interruptions to the instructional program, the Jackson County School District prohibits the use, display, or activation of cellular phones and possession of electronic devices by students during the instructional day on any school campus. Under this policy, the instructional day also includes, but is not limited to lunch breaks, class changes and any other structured or non-structured activity that occurs during the normal school day. The district also prohibits the activation or use of cellular or electronic devices on the school buses.

Nothing in this handbook shall preclude the campus administrator from establishing appropriate use policies regarding electronic devices at their school or on the school bus within the District's Appropriate Use Policy.

Cellular Phone and Electronic Device Usage Consequences:

First Offense:

- If a student has a cell phone or electronic device and it is taken up during the instructional day as cited above it will be secured by the administration until released to the student's parent/guardian. Parents will be given a copy of this policy and asked to sign a form of acknowledgement.

Additional offenses:

- Further offenses will result in the student being disciplined according to the assertive discipline policy (beginning with one day of ISI). The cell phone or electronic devices will be returned after school on the last school day of the given semester.
- If a cell phone or electronic devices is taken up in ISI, the student will be given additional days of ISI and the phone will be returned after school on the last school day of the given school year.
- Note: If it is determined that a cell phone was used in a drug transaction, promoting a disturbance, texting answers, or any illegal or immoral activity, the student will be suspended and the phone will be returned on the last school day of the given school year.
- There is no probationary period for cell phone or electronic devices.

Electronic Cigarettes and/or any Smoking Devices such as vapes

All use of electronic cigarettes and/or any smoking devices is prohibited on any school campus and at any school function or activity. Under this policy, the instructional day also includes, but is not limited to lunch breaks, class changes and any other structured or non-structured activity that occurs during the normal school day or at a school related event. If a student has an electronic cigarette and/or smoking device and it is taken up during the instructional day as cited above, it will be secured by the administration until released to the student's parent/guardian at the end of the school year. There is no probationary period for electronic cigarettes and/or smoking devices. See discipline ladder (elementary page 55) (secondary page 59) item number 7 for additional consequences.

***The Jackson County School District will assume no responsibility of student loss, damage, or theft of the cell phones, electronic devices, any smoking devices or electronic cigarettes.**

Guidance and Support Services

Guidance Services

The goals of the Jackson County School District Guidance Department are:

- To provide individual inventories in the form of cumulative records for staff use in undertaking students.
- To make counseling services available to all students.
- To assist the student in choosing a course of study best fitted for his needs, abilities, and goals.
- To collect, organize, and present educational and occupational information to students.
- To assist new students in orientation to the school.
- To provide information on available financial assistance for the student wishing to further his education.
- To assist students in job placement after graduation. See JCSD School Board Policy IFB.
- To work closely with parents/guardians, employers, and community agencies in furthering the welfare of the students.

Parent/guardian-teacher conferences will be scheduled when deemed necessary and when requested by either party. This will be done through the principal or counselors.

Guidance Program

- Guidance services shall be available for every student in the district. These shall be supervised at all grade levels by a staff member designated by the superintendent and shall include school psychological services, guidance services, testing services and in- service programs in guidance and psychological areas.
- Guidance shall include aiding the student in discovering and measuring his/her capabilities, abilities, and real interest; in helping him/her obtain adequate and accurate information about schools, courses, occupations, and careers, and in helping him/her solve personal and academic problems.
- Students and parents/guardians will be encouraged to avail themselves of the help of guidance personnel. See JCSD School Board Policy IFB.

Child Nutrition

The school district has a Child Nutrition Program in order that students have the opportunity of receiving well-balanced, nutritious lunch and breakfast meals at school. A computer system has been implemented in all cafeterias to help with accountability and to protect the identity of those students who receive free or reduced-price meals. The system provides each student with an account to be used to pay in advance for meals. Every student is issued a number to activate his or her account when they are enrolled in school. This number will remain the same each year regardless of the school they attend. Advance payments can be received for any amount of time—weekly, monthly, for the semester, or for the entire school year. All meal purchases will be deducted from the balance until it is gone.

Money can be added to the account any day of the week through the breakfast or lunch lines. Extra sales items may be paid for in cash or from the student's food service account.

Meal Prices Elementary (K-5), Secondary (6-12), and Adults

Breakfast	Reduced Price	$ 0.00
	Paid	$ 1.50
Lunch	Reduced Price	$ 0.00
	Paid	$ 2.50
Milk		$ 0.50
Adult Breakfast		$ 2.00
Adult Lunch		$ 3.25

- If a student wishes to purchase a second meal, the student must pay adult price ($3.25). Only one meal per child can be claimed for reimbursement; therefore, the price of the second meal must cover total costs.
- Menus: Each school menu is linked to the school's website. Visit https://jcsd.nutrislice.com/ for a complete listing of all menus. The Nutrislice mobile app is also available for smart phones.
- A free/reduced meal application will be provided to each student at the time of registration or during the year. Students may purchase extra sale items only after a complete meal has been purchased. Water and milk products (ice cream, yogurt, milk, and smoothies) may be purchased by students without purchasing a complete meal.
- Online services: Online services are available. Parents may apply for Free and Reduced meals with faster, easier determination of benefits. My School Bucks is an online Meal prepayment service, which allows parents to prepay for students' meals with a credit or debit card. Funds are immediately available for use. Both services can be accessed through the district website www.jcsd.k12.ms.us. If you have any questions or concerns, please call the Free and Reduced Eligibility Clerk at 228-283-4930.
- Well-documented research indicates that nutrient consumption is higher among students who eat in the school cafeteria. The Jackson County School District operates via closed campus concept, which means that students may not leave the campus to purchase lunch without being checked out of school for the day.
- The State Competitive School Food Rules restrict sales of all food sold on campus beginning one hour before school lunch is served and until the last student is fed on campus.

- The Federal policy *Smart Snacks in Schools* restricts the nutrient content of the foods sold to students during school hours. All food sales must be in compliance with these guidelines. Food products must be keyed into the compliance calculator to prove their nutrients fall meet the criteria. The link for the compliance calculator can be found on the district webpage under food service department or by clicking https://foodplanner.healthiergeneration.org/calculator/.
- No food deliveries from commercial establishments will be received or consumed on school property during serving periods as defined above.

The Local School Wellness Policy can be accessed through the Jackson County School District Website. See JCSD School Board Policy EECB.

Meal Charges

The District has adopted Charge Policy JGHRD, which allows students to charge meals.

- Purpose: The purpose of this policy is to establish a consistent meal charge policy for Jackson County School District that allows children to receive the nutrition they need to stay focused during the school day, minimize identification of children with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit Child Nutrition account.
- Scope of Responsibility:
  - The Child Nutrition Department is responsible for maintaining charge records and notifying students/parents/guardians of outstanding balances. Jackson County School District is responsible for notification of parent/guardian when charge limit is reached.
  - The Parent/Guardian is responsible for maintaining adequate funds in the food service account, including utilizing on-line account services.
- Administration:
  - Grades K-5 will be allowed to charge a maximum of five (5) meal charges at any given time.
  - Grades 6-12 will be allowed to charge a maximum of one (1) meal charge at any given time.
  - After the maximum charge is reached the student will be sent to the office to contact the parent/guardian.
  - Any student withdrawing from school will be required to pay any debt and refunds will be made for any money remaining in the Child Nutrition account.
  - In the middle of May all charging will be cut off:
    - Parents will be sent a request for "Payment in Full".
    - All charges not paid before the end of the school year will be carried forward into the next school year.
    - Seniors must pay all charges before graduation.
- Collection of Funds:
  - Delinquent meal charges will be collected by the Child Nutrition Department throughout the school year.
  - Delinquent meal charges will be collected by the school office during the summer months and then sent to the Food Service Department for deposit. Each school will be given an end of year debit list. If money is uncollected during the summer, the debit will be carried over into the next school year.
  - Returned checks will be handled by a debt collection agency. All fees will be paid for by the consumer.

- When local officials determine further collection efforts for delinquent debt are useless or too costly, the debt will be reclassified as "bad debt" and will be written off as an operating loss. Child Nutrition Funds cannot be used to cover such costs. See JCSD School Board Policy JGHRD.

Nexcheck for School Meals

- Your check is welcome at all schools in our District. We recognize that occasionally a parent may inadvertently have insufficient funds to cover a check written, which will cause a check to be returned by the bank. In order to recover these funds in a private and professional manner, the District has contracted with Nexcheck, LLC, for collection of returned checks.
- Each person writing a check to a school or the District should write the check on a commercially printed check with your name, address, and one phone number. Counter or starter checks will not be accepted. When a person writes a check to a school or the District, the person writing the check agrees that, if the check is returned that it may be represented electronically on the same account, and that the fee established by law may be debited from the same account.
- If the check and fee are not collected electronically, then Nexcheck will contact you by mail and by telephone in order for you to make arrangements to pay. All payments need to be made directly through Nexcheck, P.O. Box 19688, Birmingham, AL 35219. For a convenience fee, payments of both check and fee may be made electronically at www.nexcheck.com or over the phone using a credit card, debit card, or electronic check. See JCSD School Board Policy JGHRD.

RE: Jackson County Utility Authority (JCUA) Onsite and Evaluations and Inspections

JCUA asked to meet with the district regarding their pretreatment program. At first this appeared to be a new set of compliancy measures to which the district would need to adhere. However, the program is more in-depth than this. This report is meant as an FYI which will be followed by a site visit from JCUA on June 18th and a comprehensive report of costs, concerns, and this contract submitted as an approval item at the July 12th Board meeting.

The attached documents contain the memo stating the changes, a page from their website regarding pretreatment program revisions, our contract to be signed, and the pretreatment program revisions document.

In essence the JCUA is implementing a new pretreatment program to reduce pollutants into the wastewater system and ensure JCUA's compliance with their permit conditions. However, these costs will be passed onto the school district. To be complete, we are performing the above walkthrough to determine the annual cost passed to JCSD from JCUA. At this point, we are presenting to the Board the information we have currently.

There are several items that are of concern as I review this, but we are forwarding this to Jack Pickett for his review as well:

- Page 9: The Authority or its duly appointed representative shall have the power to enter at reasonable times upon any private or public property for the purpose of inspecting …
- Pages 11 and 12: The Authority may adopt charges and fees that includes, but is not limited to:
    - Fees for Monitoring, Inspections, and procedures (We are not given a choice to use an outside certification service)
    - Fees for violation of Pretreatment requirements – The same organization that is performing the Monitoring will be fining the district.
- Page 15: Appeal process is a thirty-day window. This does not always fit the JCSD Board Calendar window

8. Any water or waste so discharged in its rate of volume or in its concentration of Suspended Solids, BOD, and Ammonia as to cause sufficiently sudden changes in the wastewater as it arrives at the wastewater treatment facility to materially or unreasonably interfere with its proper operation, to prevent attainment of effluent limitations, or to substantially increase operation and maintenance requirements.

9. Any liquid or vapor having a temperature higher than 120 degrees Fahrenheit or lower than 32 degrees Fahrenheit.

19. Waters or wastes containing substances of sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any wastewater sludge treatment, handling, or disposal processes as regulated by the Environmental Protection Agency Standards 40 CFR 503 and used by the Authority.

B. VIOLATION AND NOTIFICATIONS:

Any Agency or Person who observes or is aware of a violation or a suspected violation of these Rules and Regulations shall immediately contact the Authority to provide notice of such violation or suspected violation. Any Agency or Person found to be violating any provision of

these Rules and Regulations shall be served by the Authority with written notice stating the nature of the violation and providing a reasonable time for correction (Plan of Action) thereof. Immediately upon receipt of said notice, the Agency or Person shall provide the following in writing:

1. A description of the cause of the violation.

2. The period or anticipated period of the violation.

3. Methods taken to eliminate, reduce, or prevent the recurrence of the violation.

4. Identify any bodies of water affected.

C. GENERAL POWERS OF AUTHORITY:

1. The Authority, or its duly appointed representative, shall have the power to enter at reasonable times upon any private and public property for the purpose of inspecting or investigating conditions relating to the pollution, or possible pollution of the waters of the state, or other matters that may affect the public health. The owner or occupant of the property shall be required to provide reasonable access to any such records as the Authority may require under its regulations.

2. The Authority may require the maintenance of records relating to the operation of any water, wastewater, or storm water system and the Authority may require the production of copies of such documents to be submitted to the Authority upon its request.

3. In the event the Authority determines that an emergency exists, it may issue an emergency order as required by the circumstances to the Authority customer. If the customer discharges to a City or other collection entity other than the Authority, the Authority will issue an emergency order to the collection entity where the issue has been observed.

   The emergency order shall become effective at the time and date designated therein, and shall remain in force until modified or cancelled by the Authority. If the Authority determines that an emergency situation exists which creates a substantial threat to the public health, it shall provide notice to the local governing authority of the County and/or the municipality, or any state emergency management organization to protect the public interest.

D. NOTICE OF VIOLATION:

In the event the Authority finds that any person has violated or will be violating any of these Rules and Regulations, or any ordinance, permit or rule of the Authority, it may serve that person via personal service or by mail with notice of the violation.

If the violation is noted inside the certificated area of a separate collection entity within Jackson County, the Jackson County Utility Authority will send formal notification to the collection entity in question. The collection entity will communicate all findings to the Authority.

Upon receipt of the notice explaining the violation, a plan for the correction shall be submitted by that person to the Authority. The submission of a plan or response to the notice does not relieve the person of any liability or requirement for further action. Nothing in this section is to be construed as a limitation on the power of the Authority to take any additional emergency or enforcement action without first issuing a notice of violation.

- Advise the User(s) of the impact of the contribution on the Authority's wastewater treatment Facilities with formal notification.
- Plan for Correction - Develop effluent limitation(s) for such User to correct the interference with the Authority's wastewater treatment facilities.
- JCUA will resample JCUA Customers within fifteen (15) days after the initial Notice of Violation.

E. HEARING ON VIOLATIONS:

The Authority may order any person who causes or contributes to a violation of a permit, certificate, rule, or regulation, or any order issued by the Authority to appear before the Authority and show cause why a proposed enforcement action should not be taken. The notice of hearing shall be served personally or by registered or certified mail at least ten calendar (15) days prior to the hearing. Such notice may be served upon any authorized representative of the alleged violator. Immediate enforcement action may be taken after the hearing date regardless of whether the person appeared as ordered or not, and show cause proceeding shall not be a prerequisite for taking further action.

F. COMPLIANCE ORDERS:

1. Upon a determination that a person or entity has violated or continues to violate a certificate, permit, rule, or regulation of the Authority, and if the person does not come into compliance within the period so specified by the Authority, the Authority may order (i) immediate compliance with all requirements; (ii) appropriate remedial or preventive action as may be needed; (iii) discontinue service for the person until such time as the person comes into compliance; or (iv) take any other action authorized by law for the collection entity's industrial customers.

2. Upon the determination that a person has violated a certificate, rule, or permit, the Authority may issue a compliance schedule with an effective date containing the terms and conditions under which the person must operate and provide specific dates for achieving compliance.

3. Compliance orders and compliance schedules may contain additional requirements for self-monitoring, monitoring by the Authority or their designee, and the submission of plans and drawings for compliance; however, the submission of a compliance order shall not relieve the violating person of any other requirement imposed by state or federal law.

G. EMERGENCY SUSPENSIONS:

1. If the Authority determines that an emergency situation exists within its collection system, it may immediately suspend a person's certificate to operate a system when the Authority determines that such suspension is necessary to stop an actual or threatened imminent or substantial endangerment to the environment or the general health and welfare of the community.

   If the emergency situation occurs within a certificated area of a collection entity, then the Jackson County Utility Authority Compliance Department will notify the collection/municipality of the violation and request for services to be suspended.

2. Any such person notified of the suspension shall immediately stop and eliminate such actions as specified in the suspension order. In the event of the failure of the person to comply voluntarily with the suspension order, the Authority shall take such steps as it deems necessary including, but not limited to, the immediate severance of the sewage connection to prevent or minimize damage to the Authority's wastewater treatment system or endangerment to any individuals. The Authority shall reinstate the contract and/or wastewater treatment service upon statement submitted by the user describing the causes of the harmful contribution and the measures taken to prevent any future occurrence. This statement shall be submitted to the Authority within fifteen (15) days of the date of the occurrence.

3. Any such person violating a certificate, Rule or Regulation, or any other lawful directive of the Authority shall be responsible for the expense, loss, damage and other liability of the Authority as a result of any violation or discharge, and shall pay the Authority within thirty (30) days of the billing of the charges.

PART III - FEES

PART IV - PRETREATMENT PROCEDURES (CONTRACTS, COMPLIANCE TRACKING, AND ENFORCEMENT)

The "Pretreatment Program" consists of four major elements: the identification and categorization of dischargers and determination of Pretreatment requirements; the issuance of contracts; the tracking of dischargers to ensure compliance with permits and contracts; and the enforcement of all Pretreatment Rules and Regulations. The purpose of Part IV is to describe the procedures for meeting the requirements of the four areas listed above. The intent of these procedures is to establish the administrative mechanism to allow the efficient and effective implementation of the "Pretreatment Program."

A. IDENTIFICATION AND CATEGORIZATION OF DISCHARGERS AND DETERMINATION OF PRETREATMENT REQUIREMENTS (JCUA Retail Customers)

1. Identification of Dischargers (JCUA Retail Customers - Fund #300)

   All dischargers of non-domestic waste are subject to Pretreatment regulations and must be reviewed to evaluate applicability of pertinent requirements.

a. **Existing Dischargers** - The primary tool for identifying existing dischargers who may be subject to the Authority's Pretreatment requirements is the completion of the Authority Pretreatment contract. The function of the contract is to obtain sufficient information to determine what further action will be required to categorize the discharger. Any existing discharges that plan to increase or change the characteristics of flow to the system will qualify as a new discharger and follow the Certification Review before discharging to the sanitary sewer system.

b. **New Dischargers** – new dischargers will follow the approved Certification Process prior to discharging into the Authority's wastewater treatment process to ensure that the Authority is meeting all the conditions of the Section 7 Consultation Process along with ensuring capacity of treatment at the POTW's.

Category 2FS customers shall be required to install a grease trap underground in accordance with the EPA's Guidelines for adequate Pretreatment regarding an onsite wastewater treatment and disposal system (EPA Design Manual – Onsite Wastewater Treatment and Disposal System, Section 8.2.4-2a, Page 325).

Category 2C owners will be responsible for Pretreatment devices if the system contains food services. Any violation or Pretreatment issues regarding a Category 2C will be the owner's responsibility. Category 2C will be required to install Grease Traps if they are constructing a plaza with individual units that could house a food service.

2. Categorization

Upon receipt of the required information, each business will be placed into one of the following categories for program management. Categorization will be made in as fair and equitable a manner as possible. General guidelines for identifying category placement are outlined below.

Category 2 - Those businesses which have no discharge other than normal sanitary wastewater, or whose non-sanitary discharge has no significant effect on a collection entity or upon the Authority's wastewater collection and treatment system, shall be placed in this category. The businesses so designated will not be tracked by the Authority but they will be maintained in the JCUA's inventory in case a change in status is required in the future. For those businesses designated Category 2, no contractual arrangement between the Authority and discharger will be required.

Example – Offices and Retail Shops (Sanitary Sewer Only).

Category 2C - Businesses with wastewater discharges that do not fall under State or Federal Industrial Pretreatment guidelines; and therefore, are not required to obtain a permit from said agencies. However, businesses, with discharges that contain some constituent of concern to the Authority, or whose discharge may interfere with the operation and maintenance of the collection entity's or the Authority's wastewater collection and treatment system will be subject to control by the Authority. A contractual arrangement delineating specific requirements for the discharger will be executed between the Authority and the discharger for all dischargers designated Category 2C. In addition, the discharger will be subject to the Authority's compliance tracking program.

Example – Mechanic Shops, Health Facilities, Waste Disposal Facilities, Printing and Painting Operations, Laundries, Laboratories, Pest Control Operations, Funeral Homes, Hair Salons, Taxidermists.

Category 2FS - Businesses that prepare and/or serve food commercially and are not required to obtain a MDEQ permit are placed in Category 2FS. A business so categorized will be subject to the Authority's compliance tracking program and monitored for oil/grease and any other constituents that, in the Authority's judgment, may interfere with the operation and maintenance of the collection entity's or the Authority's wastewater collection and treatment system. A contractual arrangement delineating specific requirements for the discharger will be executed between the Authority and the discharger so designated.

Category 3 - Businesses that are subject to State and Federal Industrial Pretreatment Rules and Regulations and are required to obtain a MDEQ permit will be placed in this category. Generally, in accordance with state requirements, a business discharging a wastewater with one or more of the following characteristics will be placed in Category 3:

a. The discharge in significant quantities of one or more of the EPA designated categorical Wastes.

b. The discharge in significant quantities of a prohibited or potentially prohibited waste. Businesses placed in this category will be permitted by the State, and will be required to execute a contract with the Authority for the purpose of providing the Authority a means of regulating the discharge, and will be subject to the Authority's compliance tracking program.

3. Monitoring Facilities

The Authority shall require the Category 2C or 3 User to provide and operate, at the user's own expense, monitoring facilities to allow inspection, sampling, and flow measurement of the building sewer and/or internal drainage system. The monitoring facility shall normally be situated on the User's premises, but the Authority may, when such a location would be impractical or cause undue hardship on the user, allow the facility to be constructed in the public street or sidewalk area assuming the required, appropriate permit from the appropriate jurisdictional entity (city, county, or state) has been obtained the facility is located so that it will not be obstructed by landscaping or parked vehicles. There shall be ample room in or near such sampling manhole or facility to allow accurate sampling and preparation of samples for analysis.

The facility, sampling, and measuring equipment shall be maintained at all time in a safe and proper operating condition at the expense of the user. The monitoring facility shall normally be situated in the right-of-way or easement area.

4. Inspection and Sampling

The Authority shall inspect the facilities of any User to ascertain whether the User is complying with all requirements and the "JCUA Rules and Regulations" are being met. Persons or occupants of premises where wastewater is created or discharged shall allow the Authority or

its representative ready access at all reasonable times to all parts of the premises for the purposes of inspection, sampling, records examination, or other functions required during the performance of any of their duties. The Authority shall have the right to set-up on the User's property such devices as are necessary to conduct sampling inspection, compliance monitoring and/or metering. Where a User has security measures in place which would require proper identification and clearance before entry into their premises, the User shall make necessary arrangements such that, upon presentation of suitable identification, personnel from the Authority and/or EPA/MDEQ will be permitted to enter, without delay, the premises for the purposes of performing their specific responsibilities.

5. Determination of Pretreatment Requirements

After the User is placed in one of the categories as previously described, parameter limitations for dischargers must be adhered to. The Authority will institute appropriate Category 2C requirements based upon available information stated on the application and Category 3 requirements in coordination with both the MDEQ and the EPA. Effluent limits for priority/categorical pollutants will be in accordance with those promulgated by EPA and MDEQ, unless more stringent limits are necessary to protect the collection entities and the Authority's wastewater collection/treatment system.

B. Appeal Procedures for Any Pretreatment Requirement

Decisions concerning Pretreatment requirements for dischargers will be made by the Authority. Should the discharger object to the Authority's decision, the procedures listed below shall be followed:

1. Written notice of the objection shall be made to the Compliance Manager of the Jackson County Utility Authority and the appropriate collection entity within thirty (30) calendar days of receipt of the notification of the requirement. The Manager will reply to the objection within thirty (30) calendar days. Decisions by the Manager may be appealed to the Authority Executive Director and Board of Directors. Decisions by the Authority Board of Directors are final except in cases where the MDEQ or the EPA must also concur.

2. Failure to appeal within the thirty (30) day period by which the discharger may be waived by the Compliance Manager if extenuating circumstances, in the opinion of the Compliance Manager, so justify. However, failure to appeal within the thirty (30) calendar day period, without demonstration of circumstances whereby an extension may be granted, demonstrates that discharger accepts the Pretreatment requirements imposed as described in these Rules and Regulations.

3. The appellant will be given the time, date, and place of the hearing and may present said objection on their behalf at said hearing.

4. If an appealing discharger is classified as a Category 3 discharger (MDEQ permit required), the final appeal concerning issuance of the SID permit and permit requirement(s) must be to the State agency, MDEQ. The Authority's recommendations must accompany the discharger's appeal to the State.

5. The Authority may conduct the hearing and take the evidence, or may designate any of its members or any officer or employee to:

    a. Issue in the name of the Authority notices of hearings requesting the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in such hearings;
    b. Take the evidence.
    c. Transmit a report of the evidence and hearing, including transcripts and other evidence together with recommendations to the Authority for action thereof.

6. At any hearing held pursuant to the "Pretreatment Program Rules and Regulations", testimony taken may be under oath and recorded. The transcript, if so recorded, will be made available to any member of the public or any party to the hearing upon payment of the required charges thereof.

7. After the Authority Board of Directors has reviewed the evidence, it may issue an order to the User responsible for the discharge directing that, following a specified time period, the Authority sewer service shall be discontinued unless adequate devices or other related appurtenances are installed on existing facilities, and such devices or other related appurtenances are properly operated and maintained. Further orders and directives as are necessary and appropriate may also be issued.

    However, if the collection entity customers are found to be discharging limits outside of the Pretreatment requirements the Authority will submit formal notification to the collection entity. The letter will state that the Authority will not allow discharge from the customer into the wastewater treatment plant. Violations that may cause environmental impacts will be subject to fines and penalties.

C. Modification of Program Requirements for Dischargers

Periodically, changes in Pretreatment requirements of existing dischargers may be appropriate. When such changes are deemed necessary, the procedures listed below shall apply:

1. The dischargers will be notified in writing of the proposed change and of the basis for the change.

2. Included in the notice of change will be any draft contract or contractual requirements, if appropriate.

3. The proposed change in discharger requirements will be effective thirty (30) days after receipt of notice. Should a discharger object to the change, such objection must be registered with the Authority within thirty (30) days of receipt of the notice of proposed change.

4. The filing of a request by the User for a contract modification does not stay any condition of its existing contractual agreement.

D. Authority Pretreatment Contract

The basis for regulating discharges to the Authority's wastewater collection and treatment system will be through MDEQ permits and through the Authority contract between discharger and the Authority. MDEQ permits will be issued and enforced by the Mississippi Department of Environmental Quality in coordination with the Authority but are not directly controlled by the Authority. The Authority will execute contracts with Category 2C, 2FS and 3 dischargers. Discharges may be subject to other State and Federal Pretreatment requirements not included in the Authority's contract.

1. Contract Application

Users required to obtain a MDEQ permit shall complete and file with the Authority. Category 3 users shall apply at least 90 days prior to connecting to, or contributing to, the Authority's wastewater collection and treatment facilities. In support of the application, the user shall submit, in units and terms appropriate for evaluation, all information supplied to the State.

The Authority will evaluate the data furnished by the user and may require additional information. After evaluation and acceptance of the data furnished, the Authority may issue a Pretreatment Program Wastewater Discharge Contract subject to terms and conditions required by the Authority.

2. Contract Conditions

Pretreatment Program Wastewater Discharge Contracts shall be expressly subject to all provisions of the "Pretreatment Program Rules and Regulations" and all other applicable regulations, user charges and fees established by the Authority. Contracts may contain the following:

a. The unit charge or schedule of user charges and fees for the wastewater to be discharged to a community sewer;

b. Limits on the average and maximum wastewater constituents and characteristics;

c. Limits on average and maximum rate and time of discharge or requirements for flow regulations and equalization;

d. Requirements for installation and maintenance of inspection and sampling facilities;

e. Specifications for monitoring programs which may include sampling locations, frequency of sampling, number, types and standards for tests and reporting schedule;

f. Compliance schedule

g. Requirements for submission of technical reports or discharge reports;

h. Requirements for maintaining and retaining plant records relating to wastewater discharge as specified by the Authority, and affording Authority access thereto;

i. Requirements for notification of the Authority of any new introduction of wastewater constituents or any substantial change in the volume or character of the wastewater constituents being introduced into the wastewater treatment system;

j. Requirements for notification of slug/batch discharges;

k. Other conditions as deemed appropriate by the Authority to ensure compliance with the "Pretreatment Program Rules and Regulations."

3. Contract Duration

Contracts shall be issued for a specified time period, but the term of the contract shall not exceed five (5) years. A contract may be issued for a period of less than one year or may state the specific date of expiration. A minimum of 180 days prior to the expiration of the user's existing contract, the user shall apply for renewal of the contract. The terms and conditions of the contract may be subject to modification by the Authority during the term of the contract as limitations or requirements as identified in PART 2 are modified or other just cause exists. The user shall be informed of any proposed changes in his contract at least 30 calendar days prior to the effective date of the change. Any changes or new conditions in the contract shall include a time schedule for compliance.

4. Contract Transfer

Pretreatment Program Wastewater Discharge contract are issued to a specific user for a specific operation. A wastewater discharge contracts shall not be reassigned or transferred or sold to a new owner, new user, different premises, or a new or changed operation.

5. Confidential Information

Information and data related to a user obtained from reports, questionnaires, permit applications, permits monitoring programs and from inspections shall be available thru the "Authority Public Records Policy" to the public or other governmental agency without restriction unless the user specifically requests and is able to demonstrate to the satisfaction of the Authority that the release of such information would divulge information, processes or methods of production entitled to protection as trade secrets of the user.

When so requested by the person furnishing a report, the portions of a report which might disclose trade secrets or secret processes shall not be made available for inspection by the public but shall be made available upon written request to governmental agencies for uses related to the "Pretreatment Program Rules and Regulations," the NPDES, the MDEQ and/or Pretreatment Programs; provided, however, that such portions of a report shall be available for use by the State or any state agency in judicial review or enforcement proceedings involving the person furnishing the report. Wastewater constituents and characteristics will not be recognized as confidential information.

The Authority shall, not transmit to any governmental agency or to the general public information accepted by the Authority as confidential, until and unless a ten (10) day notification is given to the User.

E. Compliance Tracking

The purpose of the compliance tracking program is to insure all categorical users and dischargers are meeting the terms of their contracts. There are four major components of the compliance tracking program.

1. Self-Monitoring Reports

Category 3 dischargers are required to submit a self-monitoring (Net-DMR) report, monthly, to MDEQ as designated in their MDEQ Permit. A copy of this report is to be submitted to the Authority Compliance Manager so that it is received no later than the 28th day following the monitoring period covered. Failure to submit such report will be a breach of the executed permit and could result in enforcement action.

Category 2C and 2FS dischargers are not required to submit a monthly, self-monitoring report. The Authority Compliance Department shall perform all official monitoring.

2. Compliance Evaluation Inspections

The purpose of compliance evaluation inspections (CEI) is to ensure the proper operation of any Pretreatment facilities specified in permits with Category 3 dischargers within JCUA Sewer System. These inspections are a "walk-through" type and shall involve an effluent sample for designated parameters. These inspections should confirm that all required facilities are in place and being properly operated. A CEI may be done concurrently with the compliance sampling inspection (CSI) described below. All Category 2C and Category 3 facilities will receive a CEI annually.

3. Compliance Sampling Inspection

The purpose of the compliance sampling inspection (CSI) is to ensure that those effluent limits specified in a discharger's contract are being achieved.

a. During a CSI for Category 3, samples will be taken from the discharger's effluent as required and analyzed for those parameters contained in their MDEQ Permit. The Authority will allow the use of those as a monthly sample collection under the requirements of the Pretreatment Program. Discharger is required to submit a copy of their Net DMR results to the JCUA after the 28th of each month. In the Authority's judgment, circumstances may dictate the necessity for the collection of more, or fewer, samples during a particular period of time.

b. During a CSI for 2C dischargers, a grab sample will be collected quarterly. Results of self-monitoring may also be used in determining compliance. Additional testing may be required.

c. During a CSI for category 2FS dischargers, a profile will be taken from the discharger's effluent monthly and analyzed for those parameters contained in their Pretreatment Program Wastewater Discharge Contract.

PART V - ENFORCEMENT ACTIONS

A. Harmful Contributions

JCUA Retail Customers:
The Authority may suspend the wastewater treatment service and/or a Pretreatment Program Wastewater Discharge Contract when such suspension is necessary, in the opinion of the Authority, in order to stop an actual or threatened discharge which presents or may present an imminent or substantial endangerment to the health or welfare of the persons or the environment, causes interference to the collection entities or the Authority's wastewater collection and/or treatment system or causes the Authority to violate any condition of its NPDES Permit.

Any person notified of a suspension of the wastewater treatment service and/or their Pretreatment Program Wastewater Discharge contract shall immediately stop or eliminate the pollutant.

In the event of the failure of the person to comply voluntarily with the suspension order, the Authority shall take such steps as it deems necessary including immediate severance of the sewage connection, to prevent or minimize damage to the Authority's wastewater collection and treatment system or endangerment to any individuals. The Authority shall reinstate the contract and/or wastewater treatment service upon statement submitted by the user describing the causes of the harmful contribution and the measures taken to prevent any future occurrence, which shall be submitted to the Authority within fifteen (15) days of the date of the occurrence.

Collection Entity Customers:
If a collection entity is found to be discharging wastewater outside of the limits of the Pretreatment requirements due to the actions of the collection entity or one of its users, the Authority will submit formal notification to the collection entity. Violations that may cause environmental impacts or increased treatment expense will be subject to surcharges and penalties, the costs of which will be provided to the collection entity as the responsible party.

B. Parameter Limitations along with Violations/Fines/Daily Penalties

Limitations have been established for each categorical user without a designated MDEQ permit.

All industrial wastes or industrial wastewaters discharged into the system which exceed the limits above for Category 3 users shall pay the following charges:

1. $500/parameter exceedance
2. Established rate/pound surcharge as shown in the table below

Collection Entities (Fund #100 Customers):

Increased costs incurred by JCUA for equipment, labor, etc., to treat wastewater due to the discharge of concentrations higher than any of the following: 300 mg/L BOD, 300 mg/L TSS, 30 mg/L NH3, or 150 mg/L Oil and Grease; shall be prepared and assessed to the collection entity as outlined above for Category #3 Users.

In the event that excess fats continue to be discharged by a JCUA Retail Customer after warning from the Authority, the Authority may elect to discontinue the service within the Authority system after twenty-four hours' notice and such election shall not prejudice the claim of the Authority for any sums due hereunder. Notice of such election shall be given by certified mail.

The Authority may take such samples at any time or any place as deemed necessary by the Compliance Department.

The Authority reserves the right to enter into a MOU with the collection entities and their industrial customers for the collection, treatment and disposal of sanitary sewage or waste under the terms and conditions for the use thereof, and the provisions of this section may be altered, changed, amended or extended under the terms and conditions of such contracts.

C. Termination of Contract

Any User who violates the following conditions of the "Pretreatment Program Rules and Regulations," or applicable state and federal regulations, is subject to having its contract terminated in accordance with the procedures of Part V of the "Pretreatment Program Rules and Regulations."

1. Failure of a user to factually report the wastewater constituents and characteristics of his discharge.

2. Failure of the user to report significant changes in operations, or wastewater constituents and characteristics.

3. Refusal of reasonable access to the user's premises for the purpose of inspection or monitoring.

4. Violations of MDEQ permit conditions.

D. Termination of Service

The Authority may terminate water and wastewater disposal service and disconnect a Pretreatment customer from the JCUA system when:

1. JCUA Retail User (Fund #300 Customer):

    a. Discharges industrial waste or wastewater that is in violation of the Pretreatment Program Wastewater Discharge contract with the Authority.

    b. Discharges water or wastes having a deleterious effect upon the Authority's sewer system.

PART VI - INDEMNIFICATION

In any and all instances where the Authority has reasonable cause to believe that any of the rules, regulations, or provisions set forth in "Pretreatment Program Rules and Regulations" or that have otherwise been adopted by the Authority have been, may be, or are being violated by any user discharging waste into the Authority wastewater treatment system, the Authority may require such person to give bond or enter into an indemnity agreement in a form acceptable to the Authority with sufficient surety to protect, indemnify, hold harmless and defend the Authority from any loss, damage, or expense that may suffer or incur as a result of non-compliance or violation by such user; and, in the event of the failure to do so after ten (10) days' notice by registered U.S. Mail that the same will be required, the use of the Authority's wastewater treatment system by such user shall be denied or if user is not discharging into Authority's controlled system.

In cities jurisdiction, the Authority will contact the individual where violation has occurred and possibly fines and penalties will be determined.

PART VII – SEVERABILITY

If any provision, paragraph, word, section or article of the "Pretreatment Program Rules and Regulations" is invalidated by any court of competent jurisdiction, the remaining provision, paragraphs, words, sections, and chapters shall not be affected and shall continue in full force and effect.

PART VIII – CONFLICT

All other resolutions and parts of other resolutions inconsistent or in conflict with any part of the "Pretreatment Program Rules and Regulations" are hereby repealed to the extent of such inconsistency or conflict.

The "Pretreatment Program Rules and Regulations" shall be in full force and effect from and after its adoption, approval and publication, as provided by law.

PART X – SPECIAL AGREEMENTS

No statement contained in the "Pretreatment Program Rules and Regulations" shall be construed as preventing any special agreement or arrangement between the Authority and any industrial concern by the Authority for treatment, subject to payment therefor, by the industrial concern.

1**. Term.** Subject to the other provisions herein contained, the term of this Lease Agreement shall be for five (5) years, beginning the 1st day of July, 2021, and ending on the 30th day of June, 2026 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be July 1st of each year.

Provided that this lease has not been terminated prior to the expiration date hereof and that LESSEE is in compliance with all terms and provisions of this lease, LESSEE may extend this lease upon the terms and in the manner provided in MISS. CODE ANN. 1972 §29-3-41 or such other statute as then may be applicable.

2. **Annual Rent.** LESSEE covenants and agrees to pay as rent to LESSOR the sum of Three Thousand, One Hundred Twenty-Eight and 25/100 ($3,128.25) Dollars per annum, on or before the Anniversary Date of this lease each year; provided, however, that the payment of rent for the first year of this lease shall be due at the time of approval by the LESSOR. The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate") equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum above the discount rate, excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which LESSOR is located, calculated according to the actuarial method.

3. **Taxes.** LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by

law. All payments for general and special taxes and assessments, including drainage taxes shall be made directly to the governmental authority responsible for collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

4. **Forest Land Purpose and Lessee's Separate Acknowledgement:** The Leased Premises covered by this Lease Contract is classified as Forest Land as provided by law and that the Lessor holds the same for the purpose of planting, growing, protecting, maintaining, conserving and harvesting therefrom trees, timber, pulpwood and other forest products for the benefit of the students of the school district. The Lessee acknowledges and understands that management of the leased premises is conducted by the school district through an agreement with the Mississippi Forestry Commission and that the Lessee's exercise of any of its rights under this Lease Contract shall in no way impede or hinder the Lessor and/or its agents from carrying out any management practice, tool and/or technique necessary to fully exploit the leased premises as forest land. The Lessor further acknowledges and understands that its rights under this Lease Contract shall be at all times be subordinate to the Lessor's basic and primary rights to manage the leased premises in the manner recommended and carried out by the Forestry Commission, which may include timber harvesting, planting, removal, controlled burning and any other management practice, technique or tool, the execution of which could occur in the winter months during deer season.

iii. Any breach by LESSEE of any covenant, duty or obligation of this Lease Agreement.

Upon the failure of LESSEE to correct or cure such breach, LESSOR shall have the option to declare this lease in immediate default. No notice to LESSEE is required prior to declaring this lease in default for the failure to pay any rent, tax, or assessment hereunder. LESSOR'S failure to assert any grounds for default shall not be deemed a waiver of the right to do so at any later time.

6. **Remedies.** Upon declaring this lease in default, LESSOR shall have the following rights and may exercise anyone or more of the following remedies in addition to such other rights, remedies, penalties and liens as may be allowed by other provision of this lease, by law or in equity: (a) LESSOR may declare this lease terminated and may then enter upon and take possession of the Leased Premises; LESSOR shall not be obligated to re-let the premises, but any amount received pursuant to any subsequent lease shall be the exclusive property of LESSOR; (b) LESSOR may declare all rent for the remaining term of the lease to be immediately due and payable and LESSEE shall be liable therefor with interest until paid at the highest rate allowed by law; upon failure to pay the same promptly, LESSOR may declare this lease terminated and may collect the accelerated amount of rentals due without credit to LESSEE for any sums received on re-letting; (c) LESSOR may permit this lease to remain in force and may collect rents in intervals or as the same accrue; (d) LESSOR may require specific performance of LESSEE'S obligations with respect to condition of the premises or may hold LESSEE liable for the cost of performing such obligations.

If LESSEE breaches any of the provisions of this Lease Agreement and fails to cure the same after thirty (30) days written notice from LESSOR (as to a breach for which notice is applicable), then LESSEE, in addition to any other damages for which it may be responsible, shall pay LESSOR its reasonable costs and expenses in enforcing the Lease Agreement, including but not limited to fees charged by attorneys, expert witnesses, surveyors and appraisers.

Bag limits and fishing limits and the length of hunting and fishing seasons shall strictly conform to the effective local, state or federal game laws and regulations;

Should Lessee fail to pay its annual rental or ad valorem taxes as and when due, these funds may be expended by the 16th Section Trust to pay any taxes on the lease or any delinquent lease payments. Failure to pay taxes or lease payments as and when due will constitute a default, notwithstanding the use of the deposited funds to pay said taxes or delinquent lease payments. All deposited funds not applied to the payment of delinquent lease fees or taxes will be refunded to the Lessee.

Failure to pay taxes or lease payments as and when due will constitute a default, notwithstanding the use of the deposited funds to pay said taxes or delinquent lease payments. WITNESSETH:

That, for the term and in consideration of the rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, and by the authority and under the direction of the LESSOR, as recorded in Book _____, Page _____, LESSOR does hereby lease and rent unto LESSEE the following described land (hereinafter the "Leased Premises") to-wit:

SECTION 16 TOWNSHIP 4 RANGE 5

MORE PARTICULARLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO AND INCORPORATED BY REFERENCE AS IF COPIED FULLY HEREIN.

1**. Term.** Subject to the other provisions herein contained, the term of this Lease Agreement shall be for five (5) years, beginning the 1st day of July 2021, and ending on the 30th day of June 2026 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be July 1st of each year.

Provided that this lease has not been terminated prior to the expiration date hereof and that LESSEE is in compliance with all terms and provisions of this lease, LESSEE may extend this lease upon the terms and in the manner provided in MISS. CODE ANN. 1972 §29-3-41 or such other statute as then may be applicable.

2. **Annual Rent.** LESSEE covenants and agrees to pay as rent to LESSOR the sum of Three Thousand, Two Hundred Dollars and 36/100 ($3,200.36) Dollars per annum, on or before the Anniversary Date of this lease each year; provided, however, that the payment of rent for the first year of this lease shall be due at the time of approval by the LESSOR. The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate") equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum above the discount rate, excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which LESSOR is located, calculated according to the actuarial method.

3. **Taxes.** LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and

All payments for general and special taxes and assessments, including drainage taxes shall be made directly to the governmental authority responsible for collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

4. **Forest Land Purpose and Lessee's Separate Acknowledgement:** The Leased Premises covered by this Lease Contract is classified as Forest Land as provided by law and that the Lessor holds the same for the purpose of planting, growing, protecting, maintaining, conserving and harvesting therefrom trees, timber, pulpwood and other forest products for the benefit of the students of the school district. The Lessee acknowledges and understands that management of the leased premises is conducted by the school district through an agreement with the Mississippi Forestry Commission and that the Lessee's exercise of any of its rights under this Lease Contract shall in no way impede or hinder the Lessor and/or its agents from carrying out any management practice, tool and/or technique necessary to fully exploit the leased premises as forest land. The Lessor further acknowledges and understands that its rights under this Lease Contract shall be at all times be subordinate to the Lessor's basic and primary rights to manage the leased premises in the manner recommended and carried out by the Forestry Commission, which may include timber harvesting, planting, removal, controlled burning and any other management practice, technique or tool, the execution of which could occur in the winter months during deer season.

Separately acknowledged by Lessee this day. _____ _____

i. Failure to pay rent, or any taxes or assessments within 60 days after the due date thereof;

ii. Use of the Leased Premises for commercial hunting operation;
iii. Any breach by LESSEE of any covenant, duty or obligation of this Lease Agreement.

In the event of LESSEE'S breach of any covenant or obligation contained in this lease, excepting the obligation to pay rent, taxes or assessments, LESSEE shall be entitled to notice in writing of the breach and shall have thirty (30) days from the date of the notice to cure or correct such breach. Upon the failure of LESSEE to correct or cure such breach, LESSOR shall have the option to declare this lease in immediate default. No notice to LESSEE is required prior to declaring this lease in default for the failure to pay any rent, tax, or assessment hereunder. LESSOR'S failure to assert any grounds for default shall not be deemed a waiver of the right to do so at any later time.

6. **Remedies.** Upon declaring this lease in default, LESSOR shall have the following rights and may exercise anyone or more of the following remedies in addition to such other rights, remedies, penalties and liens as may be allowed by other provision of this lease, by law or in equity: (a) LESSOR may declare this lease terminated and may then enter upon and take possession of the Leased Premises; LESSOR shall not be obligated to re-let the premises, but any amount received pursuant to any subsequent lease shall be the exclusive property of LESSOR; (b) LESSOR may declare all rent for the remaining term of the lease to be immediately due and payable and LESSEE shall be liable therefor with interest until paid at the highest rate allowed by law; upon failure to pay the same promptly, LESSOR may declare this lease terminated and may collect the accelerated amount of rentals due without credit to LESSEE for any sums received on re-letting; (c) LESSOR may permit this lease to remain in force and may collect rents in intervals or as the same accrue; (d) LESSOR may require specific performance of LESSEE'S obligations with respect to condition of the premises or may hold LESSEE liable for the cost of performing such obligations.

If LESSEE breaches any of the provisions of this Lease Agreement and fails to cure the same after thirty (30) days written notice from LESSOR (as to a breach for which notice is applicable), then LESSEE, in addition to any other damages for which it may be responsible, shall pay LESSOR its reasonable costs and expenses in enforcing the Lease Agreement, including but not limited to fees charged by attorneys, expert witnesses, surveyors and appraisers.

8. **Assignment.** This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR.

By written notice, either party may change the persons or addresses to whom notice shall be given.

All compensation awarded or paid upon such total or partial taking of the Leased Premises shall belong to LESSOR without participation by LESSEE except to the extent the award fairly represents the value of improvements which are the property of LESSEE.
