IMPORTANT: The proposal and/or any executive summaries outline certain terms and conditions of the insurance proposed by the insurers, based on the information provided by your school. The insurance policies themselves must be read to fully understand the terms, coverages, exclusions, limitations and/or conditions of the actual policy contract of insurance. Gallagher does not provide actuarial services or actuarial estimates of rate levels or rate methodology. In the event that we provide suggestions regarding the establishment of rates, premiums, or retention/deductible amounts, that advice is based solely on various insurance industry standards and does not constitute an actuarial evaluation or opinion. We recommend that you contract with a certified actuary for a more precise evaluation and recommendation for rates and overall rating methodology.

Note: Any entity not named in this proposal, may not be an insured entity. This may include affiliates, subsidiaries, LLC's, partnerships and joint ventures.

Compensation Disclosure

1. Gallagher Companies are primarily compensated from the usual and customary commissions, fees or, where permitted, a combination of both, for brokerage and servicing of insurance policies, annuity contracts, guarantee contracts and surety bonds (collectively "insurance coverages") handled for a client's account, which may vary based on market conditions and the insurance product placed for the client.
2. In placing, renewing, consulting on or servicing your insurance coverages, Gallagher companies may participate in contingent and supplemental commission arrangements with intermediaries and insurance companies that provide for additional compensation if certain underwriting, profitability, volume or retention goals are achieved. Such goals are typically based on the total amount of certain insurance coverages placed by Gallagher with the insurance company, not on an individual policy basis. As a result, Gallagher may be considered to have an incentive to place your insurance coverages with a particular insurance company. If you do not wish to have your commercial insurance placement included in consideration for additional compensation, contact your producer or service team for an Opt-out form.
3. Gallagher Companies may receive investment income on fiduciary funds temporarily held by them, or from obtaining or generating premium finance quotes, unless prohibited by law.
4. Gallagher Companies may also access or have an ownership interest in other facilities, including wholesalers, reinsurance intermediaries, captive managers, underwriting managers and others that act as intermediaries for both Gallagher and other brokers in the insurance marketplace some of which may earn and retain customary brokerage commission and fees for their work.

If you have specific questions about any compensation received by Gallagher and its affiliates in relation to your insurance placements, please contact your Gallagher representative for more details.

Terms and Conditions

It is important that we clearly outline the nature of our mutual relationship. The following terms and conditions (these "Terms") govern your relationship with Gallagher unless you have separately entered into a written services agreement with Gallagher relative to the policies and services outlined in this Proposal, in which case that services agreement will govern and control with respect to any conflicts with these Terms. These Terms will become effective upon your execution of the Client Authorization to Bind Coverage (the "CAB") included in this Proposal and shall survive for the duration of your relationship with Gallagher relative to the policies placed pursuant to the CAB or otherwise at your request.

Services

Gallagher will represent and assist you in all discussions and transactions with insurance companies relating to the lines of insurance coverage set forth in the CAB and any other lines of insurance coverage with which you request Gallagher's assistance.

Gallagher will consult with you regarding any matters involving these or other coverages for which you have engaged Gallagher. You have the sole discretion for approving any insurance policies placed, as well as all other material decisions involving your risk management, risk transfer and/or loss prevention needs.

Although you are responsible for notifying applicable insurance companies directly in connection with any claims, demands, suits, notices of potential claims or any other matters as required by the terms and conditions of your policies, Gallagher will assist you in determining applicable claim reporting requirements.

Notwithstanding anything else contained in this Proposal, Gallagher is not required to provide Services to you if Gallagher reasonably considers that to do so would put Gallagher in breach of, or would expose Gallagher or its affiliates to fines, penalties or sanctions under any laws, regulations, professional rules or, in Gallagher's sole opinion, you have breached a term/the terms of the Policies. In such circumstances, Gallagher will be entitled to terminate its Services with immediate effect. In the event that Gallagher exercises its right to terminate its Services with immediate effect, Gallagher will not be responsible or liable to you for any direct or indirect loss which you or any other party may suffer as a result.

Please be aware that Gallagher is generally restricted from providing broking, claims handling or other services that relate to Cuba and Iran, including due to significant difficulties in processing payments and other commercial and reputational considerations.

Treatment of Information

Gallagher understands the need to protect the confidentiality and security of your confidential and sensitive information and strives to comply with applicable data privacy and security laws. Your confidential and sensitive information will be protected by Gallagher and only used to perform services for you; provided that Gallagher may disclose and transfer your information to our affiliates, agents or vendors that have a need to know such information in connection with the provision of such services (including insurance markets, as necessary, for marketing, quoting, placing and/or servicing insurance coverages). We may also disclose such information as required by applicable data protection laws or the order of any court or tribunal, subject to our providing you with prior notice as permitted by law.

We will (i) implement appropriate administrative, physical and technical safeguards to protect personal information; (ii) timely report security incidents involving personal information to affected parties and/or regulatory bodies; (iii) create and maintain required policies and procedures; and (iv) comply with data subjects' rights, as applicable. To the extent applicable under associated data protection laws, you are a "business" or "controller" and Gallagher is a "service provider" or "data processor." You will ensure that any information provided to Gallagher has been provided with any required notices and that you have obtained all required consents, if any and where required, or are otherwise authorized to transfer all information to Gallagher and enable Gallagher to process the information for the purposes described in this Proposal and as set forth in Gallagher's Privacy Policy located at <https://www.ajg.com/privacy-policy/>. Gallagher may update its Privacy Policy from time to time and any updates will be posted to such site.

Dispute Resolution

Gallagher does not expect that it will ever have a formal dispute with any of its clients. However, in the event that one should arise, we should each strive to achieve a fair, expedient and efficient resolution and we'd like to clearly outline the resolution process.

- A. If the parties have a dispute regarding Gallagher's services or the relationship governed by this Proposal ("**Dispute**"), each party agrees to resolve that Dispute by mediation. If mediation fails to resolve the Dispute, you and Gallagher agree to binding arbitration. Each party waives all rights to commence litigation in court to resolve a Dispute, and specifically waives all rights to pursue relief by class action or mass action in court or through arbitration. However, the parties do not waive the ability to seek a court order of injunction in aid of the mediation and arbitration required by these Terms.

- B. The party asserting a Dispute must provide a written notice (“**Notice**”) of the claim to the other party and to the American Arbitration Association (“**AAA**”) in accordance with its Commercial Arbitration Rules and Mediation Procedures. All Dispute resolutions will take place in Chicago, IL, unless you and Gallagher agree to another location. The parties will equally divide all costs of the mediation and arbitration proceedings and will each pay their own attorneys’ fees. All matters will be before a neutral, impartial and disinterested mediator or arbitrator(s) that have at least 20 years’ experience in commercial and insurance coverage disputes.
- C. Mediation will occur within sixty (60) days of filing the Notice with the AAA. Mediation results will be reduced to a memorandum of understanding signed by you, Gallagher and the mediator. A Dispute that is not resolved in mediation will commence to binding arbitration. For Disputes in excess of \$500,000, either party may elect to have the Dispute heard by a panel of three (3) arbitrators. The award of the arbitrator(s) must be accompanied by a reasoned opinion prepared and signed by the arbitrator(s). Except as may be required by law, neither you, Gallagher, nor a mediator or arbitrator may disclose the existence, content or results of any Dispute or its dispute resolution proceeding without the prior written consent of both you and Gallagher.

Electronic Delivery

In lieu of receiving documents in paper format, you agree, to the fullest extent permitted by law, to accept electronic delivery of any documents that Gallagher may be required to deliver to you (including, but not limited to, insurance policies and endorsements, account statements and all other agreements, forms and communications) in connection with services provided by Gallagher. Electronic delivery of a document to you may be made via electronic mail or by other electronic means, including posting documents to a secure website.

Miscellaneous Terms

Gallagher is engaged to perform services as an independent contractor and not as your employee or agent, and Gallagher will not be operating in a fiduciary capacity.

Where applicable, insurance coverage placements and other services may require the payment of federal excise taxes, surplus lines taxes, stamping or other fees to the Internal Revenue Service, various State(s) departments of revenue, state regulators, boards or associations. In such cases, you will be responsible for the payment of the taxes and/or fees, which Gallagher will separately identify on related invoices.

The Proposal and these Terms are governed by the laws of the State of Illinois, without regard to its conflict of law rules.

If an arbitrator/court of competent jurisdiction determines that any provision of these Terms is void or unenforceable, that provision will be severed, and the arbitrator/court will replace it with a valid and enforceable provision that most closely approximates the original intent, and the remainder of these Terms will remain in effect.

Except to the extent in conflict with a services agreement that you may enter into with Gallagher, these Terms and the remainder of the Proposal constitute the entire agreement between you and Gallagher with respect to the subject matter of the Proposal, and supersede all prior negotiations, agreements and understandings as to such matters.

In all school districts in which the superintendent was, prior to July 1, 1986, known and referred to as county superintendent of education under the statutes of the State of Mississippi or as district superintendent of a special municipal separate school district which embraces all the territory of a county, the board of supervisors shall be responsible for providing an office together with all necessary furniture and water, gas, electricity and other utilities necessary and required for the operation of his said office, which shall be paid for out of the general fund of the county upon allowance of the board of supervisors. Notice regarding the expenditure by the superintendent of travel expense funds and funds for other expenses.

The State Audit Department requires that authorization for such expenditures be spread upon the minutes of the school district at least annually even though such funds are budgeted. Such authorization may include the following language:

Pursuant to the direction of the State Department of Audit, the Jackson County School District Board hereby authorizes the superintendent to expend budgeted travel expense funds and other expense funds provided for in said budget in the manner provided by law. Policy Code: CGPF Administrative Personnel Professional Leaves and Absences

ADMINISTRATIVE PERSONNEL PROFESSIONAL LEAVES AND ABSENCES

The school board recognizes the importance of developing, improving, and extending administrative skills. The superintendent will assist the administration to gain opportunities as district funds allow to remain abreast of emerging information and technical knowledge. Professional growth shall be provided through such means as:

1. attendance at School Executive Management Institute;
2. planned staff development within the school system from time to time;
3. visits to other schools and attendance at conferences, workshops, and other professional meetings;
4. leaves of absence for advanced educational training; and
5. salary credit for additional educational training in accordance with the salary schedule.

The superintendent shall have authority to approve release time for conferences and invitations and reimbursements for expenses within budget limitations.

~~Leaves and Absences—Administrators~~

~~At the beginning of each school year, administrators shall be credited with a sick leave allowance with pay for absences caused by illness or physical disability of the administrator according to the following formula: ten and one half month administrator—10.5 days; twelve-month administrator—12 days. There shall be a limit to credited days accumulated based on the state's leave law, as amended. Administrators will be permitted to use a portion of the sick leave day as personal leave, as follows: ten and one half—3.5 days; twelve month—5 days. An employee may not carry more than five days of personal leave. Days in excess of 5 personal days convert to sick leave.~~

~~Each licensed employee shall be credited with a professional leave allowance, with pay, for each day of absence by reason of such employee's statutorily required membership and attendance at a regular or special meeting held within the State of Mississippi of the State Board of Education, The Commission on Teacher and Administrator Education, Certification and Licensure and Development, the Commission on School Accreditation, the meetings of the state textbook ratings committees or other meetings authorized by local school board policy.~~

~~All leave to be carried over is subject to limitation of the accrual rate as set forth in the State's leave law, as amended.~~

~~For the first ten (10) days of absence of an administrator because of illness or physical disability, in any annual term of employment, in excess of the sick leave allowance credited to such administrator, there shall be deducted from the pay of administrator the highest teacher substitute rate per day of absence.~~

~~After the administrator has used the yearly days and the cumulative leave days, plus the following ten (10) days, the administrator will have deducted an amount equal to the annual salary divided by the number of days the person is to be on duty times the number of days absent.~~

~~Sick leave also may be used for serious illness or death of members of the immediate family: father, mother, spouse, brother, sister, child, father-in-law, mother-in-law, brother-in-law, sister-in-law, or foster parents, foster children, and grand parents of the employee or spouse.~~

~~Sick leave may be used for serious illness, or death, of members of the immediate family: father, mother, spouse, brother, sister, child, father-in-law, mother-in-law, brother-in-law, sister-in-law, foster parents or foster children or grandparents of employee or spouse. Sick leave may also be used to bond with the newborn child of, adopted child of, or child placed for foster care with the employee. Bonding may only be used within twelve (12) months of the birth or placement.~~

~~Disposition of Leave upon Notice of Termination or Retirement:~~

~~Retirement: Upon retirement from employment, the employee shall be paid for not more than 30 days of unused accumulated leave earned while employed with this district at a rate equal to the amount paid to substitute administrators. The payment shall be made on their final paycheck and shall be treated in the same manner for retirement purposes as a lump sum payment for personal leave as provided in Section 25-11-103. Any remaining lawfully credited unused leave, for which payment has not been made, shall be certified to PERS subject to the same limitations as otherwise provided by law.~~

~~Death: In the event of death, effective July 1, 2010 a maximum of 30 days of paid leave may be reported as wages. All such payments are subject to the maximum annual earnings limitation.~~

~~Termination: Unless retiring, under no circumstance will a terminating employee receive compensation for any accumulated medical leave. Unused leave will be counted as creditable and certified to PERS.~~

~~* ALL THE ABOVE IS SUBJECT TO THE STATE'S LEAVE LAW, AS AMENDED.~~
~~Annual total number of converted unused personal/vacation days when added to the annual unused sick days for any employee may not exceed the combined allowable number of days per year provided in Miss. Code Ann. 25-3-93 and 25-3-95 (1972, as amended).~~

It is the policy of this school district that annual in-service training on suicide prevention education will be conducted for all school district employees. The board establishes this policy in an effort to take positive steps toward reducing student suicide through:

—Prevention:

To provide in-service training to all school district employees with information about the recognition of the signs of suicidal behavior; including, but not limited to, early identification and delegation of responsibility for planning and coordination of suicide prevention efforts

—Intervention:

To take affirmative action when an immediate referral is warranted and to understand the emergency procedures when a referral is made and to provide support for students.

Postvention:

To respond to suicide or suicide attempt, utilizing the district's crisis response, documentation, and reporting procedures.

As required by law, this policy shall be further developed in consultation with school and community stakeholders, school-employed mental health professions, and suicide prevention experts. This school district shall utilize training materials and resources developed by the Mississippi Department of Mental Health and shall comply with all requirements of the Mississippi Department of Education regarding suicide prevention.

The superintendent or designee has developed the procedural guidelines for suicide prevention for all Jackson County School District employees.

Compensatory Time and Overtime

The workweek shall consist of a minimum of forty (40) hours per week. ~~Office hours for the Central Office will be 7:30 A.M. to 4:00 P.M.~~ with a **daily** one-half hour lunch break.

Definition: Overtime represents time actually worked by a non-exempt employee in excess of forty hours during any workweek. The workweek is defined as the time period between 12:00 midnight Sunday through 11:59 P.M. Saturday.

Work in excess of eight hours is not overtime. Only when more than forty hours are actually worked in any one workweek does overtime occur. Daily hours may be varied within a workweek to accomplish necessary workloads and to limit or eliminate the necessity for overtime.

Employees are designated as either exempt or non-exempt from overtime compensation in accordance with the Fair Labor Standards Act. Professional (certificated personnel), supervisory, or management employees are designated as exempt and are not eligible for overtime compensation. Employees designated as non-exempt (non-certificated) are eligible for overtime compensation.

Department heads and supervisors shall schedule their departmental workloads to preclude the need for overtime whenever possible. Overtime can only be worked when approved by the ~~department head or supervisor~~ **Superintendent**. Employees may choose overtime pay or compensatory time accumulated by the employee each fiscal year. Such election shall be signed by the employee and supervisor and remain in effect the entire fiscal year. However, compensatory time cannot be used when the total compensatory time reaches a ceiling of 60 hours (40 hours of overtime multiplied by 1.5). Overtime worked above the ceiling necessitates payment at the rate of one and one-half times the hourly rate of the employee, regardless of employee election.

Compensatory time shall be accumulated at the rate of one and one-half times the overtime hours actually worked. For example, if an hourly employee who works a forty hour work week works eight hours on Saturday, the employee would need to take 12 hours comp time. All comp time will be taken in accordance with the supervisor's approval and discretion, ~~but shall be taken within a six-month period as scheduled or approved by the supervisor.~~ **For non-exempt employees, comp time must be used within the fiscal/school year it is earned. Unused comp time will be paid out at the close of the fiscal year. For exempt employees that have comp-swap, that time is forfeited at the end of the fiscal/school year.**

Compensatory time off at straight time may be granted if the extra time worked and the time taken off occur in the same work week and the hours worked do not exceed forty. For example, if an hourly employee who works forty hours per week works ten hours on Monday, the employee could take two hours off within the same work week as long as the hours worked do

not exceed forty.

When overtime is worked, the employee shall complete the appropriate form and turn in to the designated administrator on or prior to the designated date signed by the employee's immediate supervisor.

At the end of the contractual period ending June 30th of the second year, the administrator will move to Level 2, where he/she will remain for a period of two years. At the beginning of the administrator's fifth year, (July 1), he/she will move to Level 1 status. In order for experience to be credited, the administrator must be employed for a minimum of 11/12th of the contractual year. Experience for the superintendent will be credited as of January 1st.

If the Superintendent's annual salary, when calculated by using the formula specified in this policy is not the highest salary in the district, it shall be adjusted and will automatically be \$100 higher than the highest salary paid to any other administrator.

Previous experience as a principal will be credited as experience as a principal regardless of grade level. (The same concept applies to other administrative positions – ex. assistant principal to assistant principal).

If a person transfers from a principal to a director position, they will transfer at whatever level principal position they held. This is only applicable in district.

Policy:

Student Drug Test Policy

STATEMENT OF PURPOSE AND INTENT

The Jackson County School District (JCSD) recognizes that drug use by students participating in CTE, athletics, cheer, dance, band, and/or choir, a drivers' education course, and those who drive and park on campus (hereinafter "participating students") present special concerns about the dangerous combination of drugs and participation in these activities. While the misuse or abuse of illegal drugs, prescription and even nonprescription drugs is unsafe for any student, the additional demands placed upon participating students make such misuse or abuse dangerous.

In response to the serious health risks and other risks posed by participating students' use, JCSD has implemented a drug testing policy which is designed to provide early detection of drug use and to eradicate or reduce significantly use and influence of prohibited drugs and other chemicals by participating students.

In pursuit of these purposes, JCSD declares that the use of prohibited drugs, or intoxication and physical influence thereof, by participating students is inherently unsafe. Such use, intoxication or influence should be detected and prevented and such participating students should be counseled, educated and monitored. This policy is adopted to promote the safety, health and well-being of participating students and is not intended to be disciplinary or punitive in nature. The sanctions provided for herein relate solely to limiting the opportunity of any student found to be in violation of the policy to participate in the covered activity. There will be no academic sanction for violation of the policy and the policy is intended to complement all other policies of the JCSD regarding the possession or use of illegal drugs. Beginning July 1, 2017, this policy will become effective.

All students enrolled in JCSD who are in 7th grade or higher and who (1) participate in any JCSD High School or Middle School CTE, athletic program, cheer, dance, choir, and/or band or (2) obtain a parking permit to allow them to drive and park on a JCSD campus or (3) enroll in a drivers' education course shall be subject to drug testing to the extent and manner provided for in this policy.

The Board authorizes the superintendent to implement procedures in furtherance of the goals of this policy.

DEFINITIONS

"Athletic Department" shall mean the Athletic Departments for each of the attendance centers within the JCSD.

ADMINISTRATIVE PROCEDURE

Concurrent Drug Testing Policies

This policy and the JCSD policy on drugs as listed JCSD Student Handbook shall be administered separately and concurrently. Tests occurring under this policy shall not be used for or considered for the purposes of the JCSD Assertive Discipline Program; however, test results under the Assertive Discipline Program may be considered for the purposes of eligibility to participate in CTE, athletics, cheer, dance, choir, and/or band or to drive to and park on the JCSD campus or to enroll in drivers' education course and for testing or monitoring under this policy. Participating students are subject to all related policies concerning this subject area.

Implementation

All participating students and their parents or guardians will be notified of this policy upon (1) entering an athletic program, CTE, cheer, dance, choir, and/or band, or (2) seeking a JCSD parking permit, or (3) enrolling in drivers' education course. The JCSD Superintendent and/or his or her designees shall be responsible for the fair, impartial and complete implementation of this policy and for ensuring the no-notice, surprise nature of all testing. The JCSD Administration shall be responsible for the coordination and execution of all testing through a third party vendor, which is the MRO. The initial method of collection will be done by urinalysis.

Consent/Refusal to Consent

The parents or legal guardians of participating students will be asked to sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy and consenting to the release of the tests results to the MRO, Superintendent and/or his/her designees on a need to know and confidential basis. The test results will also be provided to the parents/guardians of the participating student. If a participating student and/or his or her parent/guardian declines or fails to sign the consent form, the student will be ineligible to participate in any JCSD CTE, athletic program, cheer, dance, choir, and/or band or to drive and park on the JCSD campus or to enroll in drivers' education course. The consent form to be used for purposes of this policy shall be formulated by the MRO and Superintendent.

Annual Testing

As an annual prerequisite for participation in a JCSD CTE, athletic program, cheer, dance, choir, and/or band, or for permission to drive and park on the JCSD campus, or enrolling in drivers' education course, parents/guardians of participating students must sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy. Any student who tests positive for drugs may be ineligible to participate in JCSD CTE, athletics, cheer, dance, choir, and/or band or to drive and park on the JCSD campus or enroll in drivers' education course as provided in this policy, or, in the discretion of the Principal or Athletic Director, and approved by the Superintendent, may participate subject to the

provisions of Section "Appeal" of this policy.

Random Testing

Participating students will be tested on a random basis for use of prohibited drugs. Random testing shall be conducted no less than two (2) times during a school year and may be conducted during the school year at any other time during the school year as determined by the Superintendent. The random testing shall not be announced or revealed prior to the time of commencement and shall be conducted on a no-notice, surprise basis. The JCSD Superintendent and his designees shall determine the percentage of participating students tested in any one (1) random test not to exceed ten percent (10%) of eligible students on a specific campus or the designated amount budgeted by the school board for the cost of the MRO contract for drug analysis tests. Once the percent is established for the year it will be applied consistently in each attendance center. The Superintendent and his designees shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the MRO selection process. This would include, but not necessarily be limited to the MRO:

1. Assuring that the names of all participating students are in the pool.
2. Assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing.
3. Assuring that the identity of students for testing is not known to those involved in the selection process.
4. Assuring the direct observation of the selection process by at least two certified employees of the District as determined by the Superintendent.

Specimen Collection

All specimens will be collected under reasonable and sanitary conditions. Individual dignity and privacy will be preserved to the extent practicable. Universally accepted standards for testing, labeling, storage and transportation of specimens will be strictly followed by the testing facilities. The MRO will request information before each confirmation test regarding prescription and non-prescription drugs and any other information which could lead to a false positive test. JCSD staff shall be present only for supervising of students during random testing. No JCSD staff shall be involved in the collection, storage, labeling, or handling of specimens from random testing unless necessary because of the student's handicapping condition that has been previously documented.

Testing Procedures

A laboratory certified by the National Institute of Drug Abuse will be designated by JCSD to perform all initial drug tests and selection of students. The laboratory and the MRO will be responsible for the handling and safe delivery of all positive specimens to the confirmation laboratory and such delivery will be accomplished through proper chain of custody procedures.

Finding of Drug Use Consequences

If a student violates this policy, the consequences described below will apply only to the component of the activity impacted by the violation (i.e., CTE, athletics, dance, cheer, band, choir, driving on campus, and/or driving during drivers' education class). The student's grade will not be lowered because of the student's suspension from participation in these activities;

however, a student will not be allowed to drive until a negative test result occurs, which could negatively impact a grade in a drivers' education class. The student may be expected to complete alternative assignments during the suspension in order to maintain his or her grade.

1. **First Violation** If the initial test for drugs indicates a negative result, no further test will occur unless there is good reason to suspect the quality of the specimen sample. If the initial test indicates a positive result, a confirmation test will be conducted immediately. Should the confirmation test also indicate a positive result for a participating student, the following consequences shall be imposed:
 - a. The district will notify the student and his or her parent/guardian via a phone call and in writing of such positive test results.
 - b. The student shall be suspended from participation in all athletics, cheer, dance, choir, and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of thirty (30) days, which can be reduced by half upon the successful completion in a drug counseling and/or drug education program and passing a second drug test.
 - c. The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about thirty days after the date on which JCSD received notification of the confirmation tests positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a second violation.
 - d. The student shall be required to participate in and complete a drug counseling or education program developed by and provided by JCSD. Refusal to participate in the counseling and/or education program, as set forth in this paragraph, will be treated and handled as a second positive test result.
 - e. The student will not be allowed to resume participation until he/she has had a negative drug test at the expense of the parent/guardian.
 - f. After successfully returning from a first violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a second violation is declared.
2. **Second Violation** Should a participating student test positive for a second time in any one calendar year, the following consequences shall be imposed:
 - a. The MRO or district will notify the student and his or her parent/guardian in writing and/or via phone call of such positive test results.
 - b. The student shall be suspended from participation in all athletics, dance, and cheer, choir, and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of sixty (60) days.

- c. The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about sixty (60) days after the date on which JCSD received notification of the confirmation tests' positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a third violation.
- d. The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
- e. After successfully returning from a second violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a third violation is declared.

3. **Third Violation** Should a participating student test positive for a third time in any two calendar years, the following consequences shall be imposed:

- a. The MRO or district will notify the student and his or her parent/guardian in writing and/or via telephone of such positive test results.
- b. The student shall be suspended from participation in all athletic, dance cheer, choir, and/or band activities and from driving to and parking on the JCSD campus and from drivers' education course for a minimum of one (1) calendar year.
- c. The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/ guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
- d. The JCSD reserves the right to require the student to submit to mandatory drug testing during the calendar year of the violation as often as deemed appropriate by the administration. The student will not be allowed to resume participation until he or she presents a negative result on retest. No positive test results as described in this policy will be used as grounds to discipline, suspend or expel a participating student, except for the guidelines provided in this policy.

Appeal

A participating student has the right to appeal a decision under this policy by following the grievance procedure as outlined in JCSD Student Handbook and shall be afforded all student due process rights as provided by law. Participation in CTE classes, athletics, dance, cheer, choir, and/or band and parking at JCSD or enrolling in drivers' education course is a privilege only and a student has no property right or interests in such participation.

Medical Review Officer

As part of this policy, JCSD will utilize the services of a medical review officer (MRO) as designated by JCSD. The MRO will interpret, monitor, and evaluate all positive test results so as to determine whether any alternative medical explanation could account for the positive

results. The MRO must be a licensed physician, or group of licensed physicians, knowledgeable in drug abuse disorders.

Confidentiality

The results of a student's drug test shall not be released to anyone other than the Medical Review Officer (MRO), the Superintendent or his/her designees and the student's parents/guardians. Results may also be released to the Board of Trustees, the school attorney, athletic department personnel, and/or school advisor on a need-to-know and confidential basis. No other person may receive the test results without the express authorization and consent of the participating student's parent/guardian.

Cost

JCSD will bear the cost of the initial drug and confirmation test required by JCSD under this policy. The participating student or his or her parent/guardian will pay the costs of any retest requested by the student and of all tests required after a violation of this policy, as outlined in Section "Appeal" above. If a parent requests that blood testing or any other alternate method of equal or greater sensitivity be utilized then the parent will be responsible for the additional costs associated with the testing method.

Use of Prescription or Legal Non-prescription Drugs

Prior to an initial drug test, a participating student may voluntarily disclose the use of any prescription or non-prescription drugs, but will not be required to do so. If the initial test results are positive, the MRO shall request from the student and/or the parent/guardian information regarding what, if any, prescription and non-prescription drugs, the student was using at the time of the test.

Refusal to Submit To Test

Refusal of any student to submit to testing conducted for any group of students during the school year or upon being selected for random or designated testing will constitute a "violation."

Self-Referral (Not Allowed After Selection for A Random Test)

In the event a student wishes to self-refer himself/herself for drug/alcohol usage, it will NOT initially constitute a "violation." A student may self-refer only one (1) time during his/her school career. When a student submits a self-referral, the following shall occur:

1. An administrator/parent conference will be scheduled by the student's Principal.
2. The student will be ineligible to participate in his/her sport, cheer, dance, choir, and/or band and from driving to and parking on a JCSD campus or driving when enrolled in a drivers' education course, until he/she has enrolled in a recognized Drug Assistance/Education program.
3. The student must also then be declared physically safe to participate by a licensed medical physician before being allowed to return to participation.
4. Failure of the student to successfully complete the Drug Assistance/Education program will constitute a violation and the student will not be allowed to participate in any school sponsored CTE classes, athletic, dance, cheer, choir, and/or band activities and

from driving to and parking on a JCSD campus or being enrolled in a drivers' education course.

Prohibited Drugs/Alcohol

JCSD will test for the use of prohibited drugs in the following groups:

1. Marijuana
2. Cocaine
3. Opiates
4. Amphetamines
5. Phencyclidine (PCP)
6. Spice (synthetic marijuana)

Drug Assistance Program Procedures for Intervention Program

In the event that a student chooses to enroll in a designated Drug Counseling or Rehabilitation program the following steps may be considered:

1. The student and his/her parent(s) or legal guardian(s) will be provided with information regarding those designated drug/alcohol intervention programs that are available in our vicinity.
2. The student and his/her parent(s) or legal guardian(s) will be responsible for providing for the cost of the program.
3. The student and his/her parent(s) or legal guardian(s) will be responsible for transportation to and from the program.
4. To ensure that the student successfully completes the program, the parent/guardian will sign a release of information form with the treatment center giving the center the right to share information with the school system's designee. The school will receive a report from the treatment center advising the District of the student's attendance and degree of success.

Policy:

Student Admissions

The Jackson County School District exists to provide publicly supported education to district residents. A child's residence is the residence of his or her parents or full legal guardian. The Jackson County School District will not recognize or accept general guardianship documents for health and school purposes only. Partial guardianship of the student by a resident within the district will not be recognized as meeting full legal guardianship.

The district will enroll non-resident students only to the extent required by law or under extreme circumstances as appropriate under procedures outlined by the State Board of Education and with the approval of the Jackson County School Board.

Wards of a public welfare department living in foster homes within the district are considered as residents of the district.

District approved exchange students residing in a home within the district are considered as having legal residence. Students who are married, but who have not reached the age of majority, shall be considered majority, provided they have residence within the bounds of the Jackson County School District.

The parent or legal guardian of students attending schools of the Jackson County School District will be required to show proof of residence as required by the Mississippi State Board of Education in the following manner:

Procedure I

Definition of residence for school attendance purposes:

The student physically resides full time, weekdays/nights and weekends, with the parent or guardian, at a place of abode located within the limits of the school district.

1. All schools will require students who are seeking to enroll in the school district to register at the school they are assigned to attend. If registering at the beginning of the school year, parents may submit residency documentation during the days and times designated for Residency Verification. Appointments will be made for parents who need to verify residency at any other time. The school district shall verify the residency of each student.
2. Any new student enrolling or entering the school district or any continuing students whose residence has changed will be required to verify their residence address as herein provided as a part of the registration process. New enrollees to the district will register by appointment as set by the school.
3. The parents or guardians of continuing students whose residency has not changed shall provide proof of residency in person at a time designated by the District. All students, continuing and new to the district must register using the District's Online Registration

Process.

Procedure II

Each new student or student whose residence has changed must establish his or her residency in the following manner:

STUDENTS LIVING with PARENTS or GUARDIAN

The parent or legal guardian of a student seeking to enroll must provide the school district with at least two of the items listed below as verification of their address. **The parent or legal guardian may satisfy residency requirements by submitting two (2) documents from Category I or one (1) document from Category I and one (1) document from Category II. This requirement may NOT be met with only two (2) documents from Category II.** No documents with a post office box as an address will be accepted.

Category I

At least one (1) from the following list displaying proper name and address:

1. Filed Homestead Exemption Application Form;
2. Mortgage Statement or property deed; No property tax documents;
3. Signed current apartment or home lease; (all pages)
4. Current Utility bills; (Per MDE, NO cut-off or disconnect notices); No car/home insurance statements; no cell phone bills; no hunting licenses; Bill must be current, within 30 days of date of registration.

Category II

One (1) document from the following list displaying proper name and address:

1. Driver's license or Mississippi State-Issued Identification Card; (Must show current address)
2. Automobile registration; (Must be current year's registration, not expired)
3. Voter registration card
4. Government mailing (Federal, state, or county) within the last 30 days; (Must show current address)
5. Any other document that will objectively and unequivocally establish the Parent or Guardian resides within the school district-must be approved by an administrator.

At a minimum, the district shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.

When satisfactory evidence is presented that a family with school age children plans to move into the school district, the Assistant Superintendent, which the student(s) will attend may waive the residency requirement for a period of time, not exceed 30 days, during which time the family will provide transportation for the student(s). In all cases the Superintendent of Education shall

be notified in writing from the school administrator of the circumstances surrounding the enrollment of such student(s) within one week of admission. If, at the conclusion of the 30-day waiver, the family is unable to provide sufficient and verifiable proof of residency, the school age children will be withdrawn until sufficient and verifiable proof of residency is presented and approved by the Assistant Superintendent.

HOMELESS STUDENTS

When a child is determined to be homeless as defined by the Stewart B. McKinney Act 42 USC Sections 11431(1), and 11432(e) (4) and 11302(a), the school district shall consider and take enrollment action that is in the best interest of the child pursuant to 42 USC 11432(e) (3)

PARENTS/LEGAL GUARDIANS without PERMANENT RESIDENCE (AFFIDAVITS)

1. The non-parent claiming district residency must meet the criteria required of a parent or legal guardian.

In addition to providing two proofs of residency, the district resident must provide the district official with an affidavit stating his or her relationship to the parent/guardian, and certify that the parent/guardian will be living at his/her abode full time with the student, and provide documentation fully explaining the reason(s) (other than school attendance zone or district preference) for this arrangement. The local school board or its designee will make the necessary factual determinations under subsection II.1(c)(2).

An Affidavit of Residency for a student(s) will remain in effect for 30 calendar days for which it is filed. Use of an Affidavit of Residency may not be allowed for more than one time during an academic school year or more than once in the student's school tenure in Jackson County School District. If any irregularity regarding the validity of an Affidavit is discovered, that parent/guardian will not be allowed to utilize an Affidavit of Residency option and the Jackson County Resident establishing residency for the parent/guardian will not be allowed to provide residency for any other parent/guardian through an Affidavit. Residency may be verified by the School Resource Officer and/or School Administrator.

STUDENTS LIVING with NON-CUSTODIAL ADULT

Policy Code: GADH Jury Duty

Policy:

Jury Duty/Court Summons

It shall be the policy of the Jackson County Board of Education that employees of the district who are called for jury duty shall be allowed to take administrative leave for those days missed for such service. In addition, the employee shall be allowed, in accordance with state statutes, to keep any “fee” that they receive for serving on a jury.

If any employee is required to serve on a jury, he/she shall, upon return to work, provide his/her supervisor with a copy of all documents that show the date(s) of jury service. Submission of these documents is required in order for the district to provide administrative leave for jury service. If the employee fails to provide the required documentation and does not have any available sick/personal leave, the appropriate amount will be deducted for his/her pay for the period of time missed.

In the event that an employee of the school district receives a summons to appear in court on a school-related matter, he/she will not be charged any leave or have his/her pay reduced for such absence from work. However, if the absence due to a summons to appear in court is not school-related, the employee shall be charged personal leave for each day missed. If the employee has no personal leave, his/her pay will be reduced accordingly for the period of time for which he/she missed work.

Policy Code: GAHB Political Activity of Staff Members

Policy:

Political Activity of Staff Members

The Board recognizes the right of its employees, as citizens, to engage in political activity. The Board also recognizes that school property and school time should not be used for political purposes except as provided for in policies pertaining to the use of school buildings by civic and political organizations.

Nothing in this policy should be interpreted as prohibiting employees from conducting appropriate activities which encourage students to become involved in the political processes of the party of the student's choice or as independents, nor does it prohibit the use of political figures as resource persons in the classroom.

SCHOOL TIME

School time shall be defined as the time employees are required to be on school grounds during the school day and includes:

1. the specified time before school begins
2. the specified time after school is dismissed
3. the specified time immediately prior to and after school-sponsored events the specified time immediately prior to and after extra-curricular activities

CANDIDACY FOR POLITICAL OFFICE

An employee who intends to campaign for an elective public office shall, at the earliest possible moment, notify the school board in writing of the office which he intends to seek, together with his decision as to whether he wishes to continue his employment and under what terms and conditions. The essential element to be determined by the Board is whether the activities proposed by the employee are compatible with the time requirements for fulfilling his responsibilities to the district. The board shall not require an employee seeking public office to resign or take a leave of absence.

GENERAL GUIDELINES

All employees shall be encouraged to exercise their constitutional rights as citizens, but they shall not involve their schools in political campaigns.

Campaign literature supporting one or more candidates shall not be distributed within the schools or on school buses by pupils, teachers, or others, nor shall campaign posters be displayed on school owned property.

Customary community political activities may be expected on election days at schools when

schools are used as polling places.

Employees shall not poll their pupils to determine how their parents are voting on any issue, and shall not attempt to indoctrinate pupils with personal political and social philosophy; however, employees are not prohibited from political activity after hours of official employment.

SPECIFIC PROHIBITIONS

Activities specifically prohibited during school time include, but are not limited to:

1. The circulation of political posters, petitions or other campaign material; The collection or solicitation of funds in support of a candidate's campaign; The solicitation for campaign workers;
2. The writing or addressing of campaign material and distribution of campaign materials on school property;
3. Any activity that indicates that an employee is using his or her position to further personal views on candidates for office;
4. The intimidating, harassing or coercing an employee relative to a political race or issue; ? The use of school system facilities, equipment or supplies;
5. A candidate talking to school personnel during school time regarding the candidate's campaign.

VIOLATIONS

Violations of this policy shall be reported and discussed in a conference between the employee and the superintendent. In the event the political activity is associated with the person seeking the office of county superintendent of education, violations of the policy shall be reported in writing to the president of the school board.

If the superintendent finds the complaint to be factual, he shall issue a written reprimand to the employee(s) involved. This reprimand shall become a part of the employee's personnel file. Depending on the severity of the violation, the result may be non-renewal of an employee's contract or dismissal.

If the school board investigates a complaint against the superintendent of education and finds the complaint to be factual, it shall direct the school board president to issue a written reprimand to the employee(s) involved. This reprimand shall become a part of the employee's personnel file. Continuous violation of this policy may result in additional disciplinary action.

ATTORNEY GENERAL OPINIONS

School employees may participate in political activities, including the promotion of a school bond issue, as long as their participation in such activities is limited to the hours when they are not involved in their work- related duties. A school may not require employees to actively campaign for promotion of a bond issue. (Horne, 2-25-00) (#175 (2000-0085))

A school employee may participate in political efforts as long as it is not during working hours. It is within the discretion of the school board to determine the use of the school property for public meetings and gatherings. A municipality may expend public funds to inform the public regarding a school bond issue but it may not use public funds to attempt to influence the outcome. (Cole, 3-21-94) (#175) (94-0128)

Tobacco Free Environment

~~It is the philosophy of the Board of Education of the Jackson County School District that the use of tobacco threatens the physical well-being of students and employees in the environment, is addictive, results in increased maintenance for facilities and grounds, and is not in the best interests of students or employees of the school system. Therefore, it shall be the policy of this board to create a tobacco-free environment in the Jackson County School District.~~

~~To accomplish this end, the following conditions shall be met:~~

- ~~1. The use or display of tobacco in any form, including smokeless tobacco products, by employees and/or visitors shall be prohibited while such employees and/or visitors are on or in property, facilities, and vehicles owned by the district or under its control.~~

~~Penalties for violations of this board policy shall be the following:~~

- ~~1. Upon the First violation, the employee will be given a written reprimand stating the date and the place of the violation. This reprimand will be placed in the employees personnel file. The employee will receive a warning that further violations shall be considered an act of insubordination and will result in further consequences stated in items 2 and 3. The written reprimand will be removed from the employee's file if the employee remains free of tobacco incidences for a period of two years.~~
- ~~2. The Second violation shall result in the employee's suspension without pay for ten working days. However, if the employee agrees to immediately enroll in an approved tobacco cessation program; this suspension will be reduced to five working days without pay.~~
- ~~3. A Third violation shall result in the initiation of dismissal procedures, subject to appropriate procedural requirements.~~

~~Possession or use of tobacco by students, administration and staff is prohibited while on school property, at any school sponsored activity, or while under the supervision of the school personnel.~~

Policy:

Safety Policy

~~The mission of the Jackson County School District (JCSD) is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens.~~

Therefore, JCSD has created this safety policy to foster the safe environment that fulfills our mission statement. JCSD is sincerely concerned with the safety and welfare of every employee, student, and visitor that is at our schools and facilities. We acknowledge an obligation to provide the safest possible environment for our employees, students, and visitors.

As employees we can and must perform the tasks assigned to us without injury, as well as, provide an environment for students and visitors that is accident and illness free. It is the responsibility of all JCSD employees to contribute to our goal of zero accidents.

~~No task is so important and no service is so urgent that we cannot take time to perform our work safely.~~

We have an obligation to each other to create and maintain an environment that fosters our goal of an accident free environment.

Work areas and equipment will be kept as safe as possible. As hazards are discovered, corrective measures will be taken.

~~Employees shall report all unsafe conditions encountered in the workplace to their supervisor.~~

No task shall be undertaken until it has been mastered by the employee and has been authorized by their supervisor.

~~The majority of workplace incidences are attributed to slip, trip and falls (STF).~~

The most common STF hazards that have been found in our school district are water and other spills on the floors, not using the proper equipment to perform a task, poor housekeeping, and environmental hazards.

~~How can these hazards be eliminated or avoided.~~

- ~~1. **Water/Spills on floors:** If you spill something clean it up immediately. If you notice a spill/water on the floor either clean it up or mark it off, report it to the office so they can have a member of the custodial staff clean it up.~~

2. ***Not using the proper equipment to perform a task:*** Always use the proper equipment. Do not use a chair or any other piece of furniture to stand on to hang posters, retrieve things out of your arms reach, or to make repairs to the building. Use a ladder to perform these types of tasks. Shoes are considered equipment as well. Always wear the proper shoe for the job that you are performing. Maintenance staff should wear closed toe, slip-resistant shoes; food service staff should wear slip-resistant shoes that are approved by the Food Services Director; drivers should wear a closed toe and slip-resistant shoe that is approved by your Transportation Supervisor, and all other employees should wear a shoe that is appropriate for your position (refer to Faculty and Staff Handbook).
3. ***Poor Housekeeping:*** Your work location should be kept clean and orderly. Pick up items such as pencils or paper clips. “Good Housekeeping” is the key to a safe office environment. Keep aisles and walk areas unobstructed from cords, computer cables, and other wiring. Clean up spills, drips, and leaks immediately to avoid slips and falls. Place trash in the proper receptacles.
4. ***Environmental Hazards:*** Environmental hazards are most often uneven sidewalks, holes and debris in/on the grounds surrounding our school buildings, or any other defects found in and around our buildings. Should you notice any of these hazards please report it to your supervisor so the proper repairs can be made in a timely manner.

Lifting procedures:

Lifting and carrying are power jobs—when you lift and carry the wrong way, you can damage your back. Protect your hands and feet by wearing safety gear if needed. Size up the load—tip it on its side to see if you can carry it comfortably. Get help if the load is too big or bulky for one person. Check for nails, splinters, rough strapping and sharp edges. Lift it right—make sure your footing is solid. Keep your back straight, with no curving or slouching. Center your body over your feet, get a good grip on the object and pull it closely to you. Pull your stomach in firmly. Lift with your legs, not your back; if you need to turn, move your feet and don't twist your back.

HIGH LOADS—use a step stool or a sturdy ladder to reach loads that are above your shoulders. Get as close to the load as you can and slide the load. Do all the work with your arms and legs, not your back.

LOW LOADS—loads that are under racks and cabinets need extra care. Pull the load toward you, and then try to support it on one knee before you lift. Use your legs to power the lift.

ALWAYS—use your stomach as a low back support by pulling it in during lifting.

Policy:

SCHOOL VOLUNTEERS POLICY

The Board recognizes that community members can provide valuable services to the schools by sharing their time, talents and experience. An effective volunteer program allows students to benefit from individual attention, provides enrichment opportunities that supplement the regular educational program, allows teachers to focus on teaching and learning by relieving them of non-teaching tasks, provides interested community members an opportunity to become directly involved with education, and strengthens the relationship between school and community.

The Board approves the use of volunteers to support the school system's instructional programs and extracurricular activities. The Board adopts this policy to provide direction for the school system's volunteer program.

For the purpose of this policy, a volunteer is a person who provides services, without compensation or benefits of any kind or amount, on an occasional or regular basis in the schools or in school activities.

All volunteers shall be at least 18 years of age unless their volunteer work is part of a class, is done to fulfill a service learning or community service requirement for graduation, or is done by a recognized student organization.

Volunteers serve under the direction and supervision of the building principal or designated staff. When volunteers work with children, their activities will be under the direct and immediate supervision of the classroom teacher, coach, activity adviser, or other designated employee.

Approval, assignment, continuation, or termination of volunteers shall be at the discretion of the building principal.

Volunteers are expected to abide by all Board policies, procedures and school rules when performing their assigned responsibilities. The building principal shall make volunteers aware of applicable policies, procedures, and rules before they undertake their first assignment through a volunteer orientation, volunteer handbook, or other means.

Volunteers shall perform only those tasks that have been assigned.

Volunteers will not have access to confidential information in student records.

Volunteers may not transport students in private vehicles except as allowed by Board

policy.

The Superintendent or assigned designee shall establish procedures for the support of this policy.

Persons interested in volunteering time or services should contact the building principal. Prospective volunteers that will be consistently working with students in a supervisory capacity, will be required to complete a written application and undergo a background check and drug screening. Such roles may include, but are not limited to, designated chaperones or coaches for extra curricular activities or athletics.

Jackson County School District
Dual Credit and Collegiate Academy Addendum**

This Addendum is entered into on this 6th day of January, 2025, by and between Mississippi Gulf Coast Community College (MGCCC) and Jackson County School District.

MGCCC and Jackson County School District desire to offer secondary students an opportunity to take advantage of Dual Credit. (Dual Credit is defined as secondary students taking postsecondary classes and receiving credit at MGCCC and for those agreed upon courses.) This addendum will cover Spring 2025 academic and/or Career and Technical Education (CTE) classes that are taught by Jackson County School District instructors (with MGCCC approval) using Jackson County School District facilities, and the addendum will cover courses taught in Collegiate Academy. Other addenda may be proposed at a later time to address other scenarios for dual credit.

THEREFORE, in consideration of the mutual promises contained herein, and for other good and valuable consideration, it is agreed:

Term

This addendum will begin on January 6, 2025, and will continue until such time as either entity decides that it should be ended/adjusted. It shall be reviewed on a semester basis and changes made as either party deems them appropriate to serve the secondary dual credit student. A listing of classes will be agreed upon in writing before each semester begins. Either party may terminate this Addendum Agreement with a ninety (90)-day written notice to the other party, but will only do so in a manner that will not affect a student's credit for any semester already entered into.

Dual Credit

Secondary students who meet the dual credit requirements set out in the Statewide Academic Dual Credit/Dual Enrollment Articulation Agreement shall be allowed to take postsecondary courses and receive secondary and postsecondary credit through Jackson County School District (secondary Carnegie units) and MGCCC (postsecondary credit/hours).

Collegiate Academy

Collegiate Academy provides up to 60 hours of transferable college credit to universities and/or an industry certification credential. The program allows students to simultaneously earn a high school diploma and an associate degree. The student body consists of high school juniors and seniors enrolled in dual credit courses at their high school and at MGCCC. Students must meet all eligibility criteria for dual credit/dual enrollment; be a high school junior in good standing, with a GPA of 3.0, or above, on a 4.0 scale; submit an unconditional written recommendation from their high school principal or guidance counselor; demonstrate appropriate, responsible, and respectful behavior on the high school campus; and demonstrate the maturity to cope with the challenges and relative freedom of a college environment. If pursuing Collegiate Academy or CTE dual credit courses, MGCCC needs to be your exclusive dual credit provider.

Classes

MGCCC may offer up to 29 academic (university parallel) credit hours on site at local high schools each school year, and/or MGCCC may offer up to 14 Career and Technical Education (CTE) program credit hours on site at local high schools each school year. No student will be allowed to accumulate more than 29 total hours at the high school site. Eligible courses are found in the approved Statewide Academic Dual Credit/Dual Enrollment Articulation Agreement. A listing of classes will be agreed upon in writing before each semester begins. Before a class is scheduled, a written request to do so should be submitted to the Dean of Teaching and Learning of the campus responsible for the class. The minimum class size does not matter if the high school is paying the instructor. The classes offered under this agreement are represented in the following table:

The local school will have the responsibility of collecting the required payments from students and remitting such to the college. Students taking traditional postsecondary classes (either seated or online) that are not arranged through this addendum agreement will pay tuition, fees, etc. like any other enrolling student. Dual enrollment students will follow the standard college dual enrollment agreement.

Instructional Considerations

Mississippi Gulf Coast Community College has complete ownership of all dual credit classes. The school district shall agree to all college requirements needed to maintain college compliance with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Such requirements shall include but not be limited to the following:

- MGCCC must vet the qualifications of any instructor, evaluate the instructor, and provide for the professional development of the instructor.

- The high school may not offer academic courses which combine students enrolled in the college course with students who are only receiving high school credit.
- Instructors will be visited and evaluated in-classroom a minimum of once per year by the Dean of Teaching and Learning or other instructional administrator.
- For administrative purposes, during the time the class is in session, the instructor and students will be under the supervision of the local school administrators.
- The instructional facilities for all courses taught at the high school must meet the MGCCC standard for facilities (documented via MGCCC's OCIS Facility Checklist).

The student body consists of high school juniors and seniors enrolled in dual credit courses at their high school and at MGCCC. Students must meet all eligibility criteria for dual credit/dual enrollment; be a high school junior in good standing, with a GPA of 3.0, or above, on a 4.0 scale; submit an unconditional written recommendation from their high school principal or guidance counselor; demonstrate appropriate, responsible, and respectful behavior on the high school campus; and demonstrate the maturity to cope with the challenges and relative freedom of a college environment. If pursuing Collegiate Academy or CTE dual credit courses, MGCCC needs to be your exclusive dual credit provider.

Classes

MGCCC may offer up to 29 academic (university parallel) credit hours on site at local high schools each school year, and/or MGCCC may offer up to 14 Career and Technical Education (CTE) program credit hours on site at local high schools each school year. No student will be allowed to accumulate more than 29 total hours at the high school site. Eligible courses are found in the approved Statewide Academic Dual Credit/Dual Enrollment Articulation Agreement. A listing of classes will be agreed upon in writing before each semester begins. Before a class is scheduled, a written request to do so should be submitted to the Dean of Teaching and Learning of the campus responsible for the class. The minimum class size does not matter if the high school is paying the instructor. The classes offered under this agreement are represented in the following table:

St. Martin High School				
	Facilities	Class(es)	Instructor	Special Fees
Academic (University Parallel) Courses Taught at the High School	SMHS	ENG 1113 – English Comp I (2 sections) ENG 1123 – English Comp II MAT 1313 – College Algebra (2 sections) PSY 1513 – General Psychology (2 sections) LLS 1723 – Employment Readiness (3 sections) MAT 1323 – Trigonometry ART 1113 – Art Appreciation (2 sections)	Darlene Lee Darlene Lee Amy Scruggs Darlene Lee Morgan Markos Stephanie Tootle Kathryn Kuehn Danielle Inabinet	Resource Fee (\$15 per credit hour)*

MGCCC Provided‡	[This column indicates any facilities provided by either party.]	[This column reflects the classes that are to be offered.]	[This column indicates the instructor and who pays the instructor.]	Resource Fee (\$15 per credit hour)* [List any other special fees]

*This per credit hour fee applies to both the dual credit and the Collegiate Academy program. Some courses require purchase books or materials not covered by the resource fee (e.g., computer classes, biology lab books, etc.).

‡If MGCCC is providing the instructor for a course, then a special fee will be assessed

Cost to Student

The costs associated with Collegiate Academy (CA) and dual credit (DC) offered under this agreement are a discount from MGCCC's normal tuition and fees for all other students. The following exemplifies the discount using a 3-hour, in-person academic course.

3-HOUR, IN-PERSON ACADEMIC COURSE: NORMAL TUITION & FEES versus CA DISCOUNT		
MGCCC Normal Tuition/Fees - Tuition = \$180 per credit - Resource Fee = \$15 per credit - Registration Fee = \$125 - Technology Fee = \$200 TOTAL = \$910	CA/DC Discount @ HS - Tuition = \$100 per course - Resource Fee = \$15 per credit Discount of \$765 TOTAL = \$145	CA Discount @ MGCCC - Tuition = \$100 per credit - Resource Fee = \$15 per credit Discount of \$565 TOTAL = \$345

The following table represents the discount price structure for Collegiate Academy and dual credit:

Item	Associated Cost
Registration Fee	Not applicable to courses taught at the High School or Collegiate Academy Courses
Taught at the High School†: Cost to student when taught at the school district by school district employee	\$100 per academic dual credit class \$125 per CTE dual credit class
Taught at MGCCC (Collegiate Academy): Cost to Collegiate Academy student when taught at MGCCC	When enrolled in Collegiate Academy, \$100 per academic credit hour in all formats \$125 per CTE credit hour in all formats
Taught at MGCCC (Dual Enrollment): Cost to regular dually enrolled student (e.g., not Collegiate Academy) when taught at MGCCC	Regular Dual Enrollment \$125 Registration Fee \$180 per academic credit hour in all formats \$200 Technology Fee - Academic Lab Fee (\$25 - \$50) - Technical Course Fee per credit hour (\$10-\$75)
Resource Fee	\$15 per credit hour*
LLS 1723 – Employment Readiness‡ / SSP 1003 – Smart Start Pathway‡	No cost to high school students (if taught @ HS)†

*This per credit hour fee applies to both the dual credit and the Collegiate Academy program. Some courses require purchase books or materials not covered by the resource fee (e.g., computer classes, biology lab books, etc.).

†As part of this class, MGCCC provides Career Exploration.

‡Based on availability, MGCCC can provide a dual credit instructor for \$3,000 per class.

Payment

Payment for dual credit classes and Collegiate Academy shall follow standard MGCCC payment timelines and processes. If payments become delinquent, a fee may be assessed. Costs (tuition and fees) for on-site courses at the high school will be the responsibility of the student and/or legal guardian. The local school will have the responsibility of collecting the required payments from students and remitting such to the college. Students taking traditional postsecondary classes (either seated or online) that are not arranged through this addendum agreement will pay tuition, fees, etc. like any other enrolling student. Dual enrollment students will follow the standard college dual enrollment agreement.

Instructional Considerations

Mississippi Gulf Coast Community College has complete ownership of all dual credit classes. The school district shall agree to all college requirements needed to maintain college compliance with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Such requirements shall include but not be limited to the following:

- MGCCC must vet the qualifications of any instructor, evaluate the instructor, and provide for the professional development of the instructor.
- All dual credit instructors will satisfy all requirements that the college requires of all its instructors to include, but not exclusively, the following:
 - Integrating the Student Learning Outcomes in class.
 - Participating in FERPA and sexual harassment training (provided by MGCCC).
 - Receiving Level I certification training of the college's Learning Management System (provided by MGCCC).
 - Following the Uniform Course of Study (provided by MGCCC).
 - Being evaluated by the students (administered by MGCCC).
 - Attending orientation (provided by MGCCC).
 - Utilizing MGCCC-approved texts, materials, and Learning Management System (i.e., Canvas).
 - Employee Development/Other training as directed by the Dean of Teaching and Learning.
 - If CTE program, participating in the program advisory committee
- The course(s) will adhere to all MGCCC requirements regarding curriculum and student learning outcomes.
- Classes offered at the high school will be subject to minimum and maximum class sizes as determined by the college. The minimum class size does not matter if the high school is paying the instructor. The maximum class size should coincide with MGCCC's established standard.
- The high school may not offer academic courses which combine students enrolled in the college course with students who are only receiving high school credit.
- Instructors will be visited and evaluated in-classroom a minimum of once per year by the Dean of Teaching and Learning or other instructional administrator.
- For administrative purposes, during the time the class is in session, the instructor and students will be under the supervision of the local school administrators.
- The instructional facilities for all courses taught at the high school must meet the MGCCC standard for facilities (documented via MGCCC's OCIS Facility Checklist).
- Students must meet minimum technology requirements to complete courses successfully including a mobile device either to receive an SMS text or the ability to install an

authenticator app for Multifactor Authentication (MFA) to access college software applications.

- In addition to providing the official letter grade of the course for concurrently enrolled students, MGCCC will also provide to the high school the numerical grade as determined by the instructor for courses taught at MGCCC.

Ingalls and Bollinger Shipbuilding are hiring as many pipefitters as they can daily. As stated above, Ecosystem 8 must hire 500 workers annually to meet the demand. We are working hard to fill that demand at the Jackson County School District. We need to make sure that we send well-trained students into the workforce. If awarded this grant, the money will be used to ensure the students are adequately trained in the pipefitting and shipfitting field.

To: Jackson County School District Board Members

From: Chris LeBatard

Subject: Bus Turn-arounds

I am requesting Board approval to ask the Jackson County Road Department to accept the attached temporary right of way easements for the limited and special public purpose of providing school bus turn-arounds for this school year.

Thank you in advance for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to be "CL", is written below the word "Sincerely,".

Chris LeBatard

Assistant Superintendent of Support

Jackson County School District

Office of Operations and Support

I am writing to inform you of two unexpected maintenance issues which require immediate attention that have arisen at St. Martin High School.

The first issue pertains to the emergency backup generator. Through a recent inspection, it was determined that the generator's water pump had begun to leak. After speaking to the county, we have come to learn that all maintenance of the generator is the responsibility of the district. If the water pump were to fail the generator would be inoperable. We have obtained estimates, and the cost to resolve this issue is approximately \$24,000.

The second issue involves a recirculation pump for the chilled water system, which is a result of severe weather. During our recent winter weather event a pipe froze causing the pump to run out of water. This inturn caused catastrophic damage to the impeller. Although we have not gotten a final cost to repair the pump, we do know that it will be significant. With this pump being inoperable we are relying on just one circulation pump to keep our chiller and air conditioners running.

Both of these issues require immediate attention to ensure the continued safety and comfort of our students, staff, and visitors, as well as to minimize any further damage. After reviewing our budget, we believe that the fund balance can support these unanticipated expenses without negatively affecting other planned initiatives.

I respectfully ask for the board's approval to utilize a portion of the fund balance to cover these costs. If the board approves this request, we will proceed promptly with scheduling the necessary repairs.

Thank you for your attention to this matter. I am happy to provide further details or answer any questions at your convenience. I look forward to your favorable consideration.

Sincerely,

Chris LeBatard

Jackson County School District Board of Education

Vanceleave, MS 39565

Dear Chairman of the Board,

Jackson County School District contracted with Rollins & Sumrall Education Group for the purpose of E-Rate consulting for the 2024/2025 E-Rate funding year. E-Rate is funding for Schools and Libraries for the procurement of telecommunications and technology services. E-Rate funding is administered by the Universal Service Administrative Company (USAC).

The District entered into a competitive bid process for the procurement of E-Rate Category 1 and Category 2 Products and Services as required by E-Rate rules and regulations and State of Mississippi Procurement Law.

Three (3) vendors, Spark Light, Uniti Fiber, and CSpire attended the mandatory vendor meeting for Category 1 and submitted a letter of intent to bid. The District received bids from Uniti Fiber and CSpire.

The Category 1 bid from Uniti Fiber has been examined and evaluated for cost effectiveness and determined to be lowest and best while meeting the technical specifications along with all other requirements of the RFP.

E-Rate will fund 80% of the cost of the Category 1 E-Rate eligible Products and Services and the District will be responsible for 20% of the costs.

Five (5) vendors attended the mandatory vendor meeting and submitted a Letter of Intent to Bid for Category 2. Three (3) vendors submitted a bid. The District received three (3) bids electronically through Central Bidding from Synergetics, BCI, and NextStep. The bid has been examined and evaluated for cost effectiveness and the bid from BCI has been determined to be lowest and best while meeting the technical specifications along with all other requirements of the RFP.

E-Rate will fund 80% of the cost of the Category 2 Products and Services and the District will be responsible for 20% of the costs.

E-Rate requires that the bids be awarded, and a purchase agreement entered into before applying for E-Rate funding, therefore Rollins & Sumrall Education Group recommends the acceptance of the Uniti Fiber proposal for E-Rate Category 1 Products and Services and the BCI proposal for E-Rate Category 2 Products and Services. We request board approval of the attached Proposed

MEMORANDUM

TO: Jackson County Board of Education

FROM: Mr. David Baggett, Superintendent

DATE: January 28, 2025

RE: Snow Weather Days

I hereby request the Jackson County School Board approve, per school board policy GDRHB-2, administrative leave, with pay, to all employees for the emergency closure on January 21-24, 2025, as a result of severe weather advisory. Governor Tate Reeves declared a state of emergency and I felt it was in the best interest of our school district to close all our campuses.

Additionally, in light of the governor declaring a state of emergency, I hereby request a waiver of the 180 school days required for our students, for the school closure during this time.

STATE OF MISSISSIPPI

Office of the Governor

PROCLAMATION

WHEREAS, the State of Mississippi will be impacted by prolonged freezing temperatures and winter weather, including snow, freezing rain and ice beginning on January 19, 2025 and continuing through January 22, 2025, and thus state assistance may be necessary to support statewide local governments' response and recovery efforts; and

WHEREAS, the expected prolonged freezing temperatures and winter weather pose a threat to the life and safety of the residents of the impacted areas of the state, as well as their property; and

WHEREAS, in consideration of the health and safety of the residents and the protection of their property within the affected areas, and in the public interest, all steps should be taken to protect people and property.

NOW, THEREFORE, I, Tate Reeves, Governor of the State of Mississippi, pursuant to the authority vested in me under the Mississippi Constitution and Miss. Code Ann. § 33-15-11(b)(17), and in the public interest and for the general welfare, do hereby proclaim a State of Emergency to exist in the State of Mississippi as a result of these prolonged freezing temperatures and winter weather. The provisions of this proclamation shall exist and remain in effect from January 19, 2025 through January 22, 2025, or until such time as this threat to public safety shall cease to exist as prescribed by Miss. Code Ann. § 33-15-11(b)(17).

FURTHER, all agencies of the State of Mississippi shall discharge their emergency responsibilities as deemed necessary as set forth in the State of Mississippi's Comprehensive Emergency Management Plan.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.

DONE in the City of Jackson, on the 18th day of January, in the year of our Lord, two thousand and twenty-five, and of the Independence of the United States of America, the two hundred and forty-ninth.

EXECUTIVE ORDER NO. 1586

WHEREAS, on January 18, 2025, pursuant to the Constitution of the State of Mississippi and Miss. Code Ann. § 33-15-11(b)(17), I issued a Proclamation declaring that a State of Emergency exists in the State of Mississippi as a result of expected prolonged freezing temperatures and winter weather, including snow, freezing rain and ice beginning on January 19, 2025, and continuing through January 22, 2025; and

WHEREAS, 49 C.F.R Section 390.23(b) authorizes a state governor, following the declaration of a State of Emergency, to waive certain regulations of the United States Department of Transportation-Federal Motor Carrier Safety Administration ("FMCSA"), including 49 C.F.R. Section 395 (Hours of Service for Drivers), as it relates to the provision of direct assistance incident to the immediate restoration of essential services or providing essential supplies during an emergency. This includes, but is not limited to fuel, propane, and other essential products. The waiver for such an event shall terminate at the earliest of (1) the conclusion of the motor carrier's or driver's direct assistance in providing emergency relief; (2) 14 days from the date of the initial declaration of emergency; (3) the issuance of a proclamation terminating this state of emergency, or (4) any other time dictated by the FMCSA's Regulations.

NOW, THEREFORE, I, Tate Reeves, Governor of the State of Mississippi, pursuant to the authority vested in me under the Mississippi Constitution, the Mississippi Emergency Management Law as amended, Miss. Code Ann. § 33-15-1 *et seq.*, 49 C.F.R. Section 390.23(b), and in the public interest and for the general welfare, do hereby exempt any motor carrier or driver operating a commercial motor vehicle utilized for the provision of direct assistance incident to the immediate restoration of essential services or providing essential supplies from 49 C.F.R. Section 395.3 (Hours of Service for Drivers). Motor carriers that have an out of service order may not take advantage of the relief from regulations that this Order provides under 49 C.F.R. Section 390.23. Further, no motor carrier operating under the terms of this Order shall require or allow an ill or fatigued driver to operate a motor vehicle. This Executive Order shall be effective from the date of the declaration of this State of Emergency on January 18, 2025, and shall terminate at the earliest of (1) the conclusion of the motor carrier's or driver's direct assistance in providing emergency relief; (2) 14 days from the date of the initial declaration of emergency; (3) the issuance of a proclamation terminating this state of emergency, or (4) any other time dictated by the FMCSA's Regulations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.

The regularly scheduled meeting of the Jackson County Planning Commission was held at 9:00 a.m., January 15, 2025, in the regular meeting place of the Board of Supervisors located at 2915 Canty Street, Jackson County Services Complex in the City of Pascagoula, Mississippi.

Public Hearings:

RZON-12-2024-00177 – Jeffrey Guice – Zone Change – to request a zone change from Highway Commercial District (C-3) to Agricultural Residential District (Large Lot Development) (A-2), Cullen Street, St. Martin area, PIDN 05060520.000. Jeffrey Guice was present. He feels there is a lack of affordable housing. He feels there was a mistake in the zoning district due to all the residences in the area, also proving a change in the character since the zone changed to commercial. Motion by Holland seconded by Knight to recommend approval of the request. The basis for the recommendation is that the character of the neighborhood has changed to such an extent to justify the rezoning and that a public need exists for rezoning as evidenced by information supplied by the applicant. The motion carried unanimously with all members being present.
