Job References to Prospective Employers

All requests for employment-related references or employment history by prospective employers of current or former employees must be referred to a member of the administrative team. The administrator will either provide a reference in compliance with this policy or will forward the request to the superintendent.

If the school district is subject to a written separation agreement regarding a particular employee, the terms of that agreement will govern the district's response to requests for information, regardless of any written consent provided to the school district.

If the school district is not bound by a separation agreement and receives a legally enforceable written consent to release information, the district may provide the information authorized by that document. The school district may provide additional truthful information to prospective employers of current and former employees in accordance with this policy.

Employees Suspected of Sexual Misconduct Against a Minor or Student

Apart from the routine transmission of administrative and personnel files or unless otherwise permitted by law, the district and any employee, contractor, or agent of the school district is prohibited from providing any employee any assistance in obtaining a new job if the school district or the individual acting for the school district has probable cause to believe said employee has engaged in sexual misconduct with a student or minor in violation of the law.

4053 Conflict of Interest

Any school district employee who meets the conditions set forth in this policy shall be deemed to have a business or financial conflict of interest.

1. Definitions. For the purposes of this policy:
 - a. Business with which an employee is associated shall include the following:
 - (1) A business in which the employee or a member of his or her immediate family is a partner, a limited liability company, or serves as a director or an officer.
 - (2) A business in which the employee or a member of his or her immediate family is a stockholder in a closed corporation with stock worth one thousand dollars or more, or the employee or his or her immediate family owns more than a five percent equity interest or is a stockholder of publicly traded stock worth more than ten thousand dollars or more at fair market value, or which represents more than ten percent equity interest. This shall not apply to publicly traded stock under a trading account if the employee reports the name and address of the company and stockbroker.
 - b. A business association shall be defined to include an individual as a partner, limited liability company member, director or officer, or a business in which the individual or member of the immediate family is a stockholder.
 - c. Immediate family member or member of the immediate family shall mean a child residing in an individual's household, a spouse of an individual, or an individual claimed by that individual or that individual's spouse as a dependent for federal income tax purposes
2. Contracts with the School District.
 - a. No employee or member of his or her immediate family shall enter into a contract valued at two thousand dollars or more, in any one year, with this school district unless the contract is

awarded through an open and public process that (1) includes prior public notice and (2) allows the public to inspect during the school district's regular business hours the proposals considered and the contract awarded.

- b. The existence of any conflict of interest in any contract in which the employee has an interest and in which the school district is a party, or the failure to make public the employee's interest known, may render a contract null and void.
- c. The prohibition of a conflict of interest or requirement for public notice shall apply when the employee, or his or her immediate family has a business association with the business involved in the contract or will receive a direct pecuniary fee or commission as a result of the contract.

3. Employing Members of the Immediate Family.

- a. An employee may employ or recommend or supervise the employment of an immediate family member if:
 - (1) The employee does not abuse his or her position.
 - (a) Abuse of official position shall include, but not be limited to, employing an immediate family member:
 - (i) who is not qualified for and able to perform the duties of the position;
 - (ii) for any unreasonably high salary;
 - (iii) who is not required to perform the duties of the position.
 - (2) The employee makes a reasonable solicitation and consideration of applications for employment.
 - (3) The employee makes a full disclosure on the record to the governing body of the school district and to the secretary of the board.
 - (4) The board approves the employment or supervisory position.

- b. The employee shall not terminate the employment of another employee so as to make funds or a position available for the purpose of hiring an immediate family member.
- 4. Gifts, Loans, Contributions, Rewards, or Promises of Future Employment
 - a. No employee shall offer or give to the following persons anything of value, including a gift, loan, contribution, reward, or promise of future employment, based upon an agreement that a vote, official action, or judgment would be influenced thereby:
 - (1) a public official, public employee, or candidate.
 - (2) a member of the immediate family of an individual listed in Subparagraph 'a' above.
 - (3) a business with which an individual listed in Subparagraph (1) or (2) above is associated.
 - b. No employee shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the employee would thereby be influenced.
 - c. An employee shall not use or authorize the use of his or her public employment or any confidential information received through the public employment to obtain financial gain, other than compensation provided by law, for himself or herself or a member of his or her immediate family, or a business with which he or she is associated.
 - d. An employee shall not use or authorize the use of personnel, resources, property, or funds under that person's official care and control other than in accordance with prescribed constitutional, statutory, and regulatory procedures or use such items for personal financial gain, other than compensation provided by law.
- 5. Conflict of Interest Relating to Campaigning or Political Issues

- a. Except as provided below, an employee shall not authorize the use of school district personnel, property, resources, or funds for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
 - b. This does not prohibit an employee from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
 - c. This does not prohibit an employee from discussing and voting upon a resolution supporting or opposing a ballot question.
 - d. This does not prohibit an employee under the direct supervision of a public official from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
 - e. An employee may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the school district. However, this shall not be done during a time that the individual is engaged in his or her official duties.
6. Conflict. To the extent that there is a conflict between this policy and the Nebraska Political Accountability and Disclosure Act ("Act"), the Act shall control.

Reporting Child Abuse or Neglect

Because of their daily contact with school-age children, educators and other school employees are in a unique position to identify abused and/or neglected children. Nebraska law defines child abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; or (6) sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Reporting Procedure. School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.
2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.
4. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Contents of the Report. The report to authorities shall contain the following information to the extent it is available: (1) name and position of reporting person; (2) name, address, and age of abused or neglected person; (3) address of the person or persons having custody of the abused or neglected person; (4) the nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect; and (5) any other information that may be useful in establishing the identity of the persons involved and cause of the abuse or neglect.

Legal Immunity. Nebraska statutes give legal immunity from any civil or criminal liability to any person who makes a good faith report of child abuse or neglect or participates in a judicial proceeding resulting from such a report.

Evaluation of Probationary Certified Employees

A certificated administrator will observe and evaluate each probationary certified employee for a full instructional period once each semester. The administrator will provide each employee with a written list of deficiencies, concrete suggestions for improvement, and sufficient time to improve.

For the purposes of this policy, the terms "actual classroom observation" and "entire instructional period" are defined as follows:

Entire Instructional Period. For certified employees whose classes are held during defined periods of time (e.g., senior high classes), an entire instructional period consists of one such time period. For those whose time periods are not so defined (e.g., elementary classroom teachers), an entire instructional period consists of 40 minutes. The instructional period for those whose work does not necessarily involve continuous instruction for 40-minute periods (e.g., librarians or speech therapists) consists of no less than 40 minutes total during the semester. The entire instructional period for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of an administrator's work during the semester for no less than 40 minutes.

Actual Classroom Observation. Actual classroom observation consists of observing the certified employee in any activities in a classroom setting. When a certified employee does not have classroom responsibility (e.g., administrators or librarians), the requirement of "actual classroom observation" will be satisfied by observing the certified employee performing activities that are typical of his or her position.

Every six years, permanent certificated employees shall give evidence of professional growth. Six semester hours of college credit shall be accepted as evidence of professional growth.

The board of education believes the goal of professional self-improvement to be inherent in the responsibilities of each certificated district employee.

Other professional growth activities which may count toward the six-year requirement include non-credit courses, lecture series, workshops, conferences, study groups, local in-service courses, committee service, supervising a student teacher, serving with professional groups, travel of significant educational value, and membership in professional organizations. Reduction In Force

The board of education may determine that a reduction in force of certificated staff members is appropriate due to declining enrollment in a grade or grades, changes in financial support, changes in curricular programs, a decline in the taxable value of property located within the school district, increased costs of operating the school district, or another change or changes in circumstances. If the board, in its sole discretion, determines that a reduction of certificated staff is necessary, the superintendent shall notify those employees whose contracts may be reduced. However, the employment of a permanent employee may not be terminated through a reduction in force while a probationary employee is retained to render a service that the permanent employee is qualified to perform by reason of certification and endorsement, or when certification is not applicable, by reason of college credits in the teaching area.

1. **Definition of Reduction in Force.** A reduction in force shall consist of a reduction of one or more positions or a reduction in the percentage of employment of one or more certificated staff members, even if the number of percentage of employment of the certificated staff overall may be increased by other hirings or increases in the percentage of employment of other employees. Reduction in force may result in the termination of employment or an amendment to an employee's contract reducing the extent of the employee's employment.
2. **Restriction of Right to Administrative Position.** Due to the confidential and unique personal working relationship necessary between the administration and the board of education, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.
3. **Criteria for Reduction in Force.** The criteria set forth below shall be considered in selecting the personnel to be reduced. The criteria are not listed in any order of priority, and shall be given the weight that the board considers appropriate.
 - a. Programs to be offered;
 - b. Areas of endorsement that are of present or future value to the district. This criterion shall be based upon the

endorsement(s) shown on each teacher's Nebraska Teaching Certificate;

- c. State and federal laws or regulations that may mandate certain employment practices;
- d. Involvement in the programs and activities sponsored by the school district;
- e. Special or advanced training consisting of college credit or other training that would be of present or future value to the district;
- f. The organizational and educational effect caused by multiple part-time certificated employees;
- g. Any other reasons that are rationally related to the instruction in or administration of the school district.

4. **Consideration of Uninterrupted Service.** If, after consideration of the criteria listed above, it is the opinion of the superintendent that there is no significant difference between or among certificated employees being considered for reduction, the employee(s) with the longest uninterrupted service to the district shall be retained.

- a. Uninterrupted length of service is defined as the number of continuous full-time equivalent years of employment in the district as a teacher.
- b. A full-time equivalent year is defined as employment on a full-time basis for an entire school year.
- c. Less than full-time employment reduces the teacher's full-time equivalent employment for a school year. For example, a teacher employed on a half-time basis would be credited with half a year full-time equivalent employment.
- d. A break in service will terminate a teacher's seniority and length of service under this provision. That period of time when a teacher is on a leave of absence shall not constitute a break in service; however, any years of absences or fractions of years of leave of absence will not count as years of employment for the purposes of determining the length of a teacher's uninterrupted service.

5. **Rights of Recall.**

- a. Any certificated employee whose contract has been terminated shall be considered to have been dismissed with honor and shall, upon request, be provided a letter to that effect.

- b. Such employee shall have preferred rights to re-employment for a period of 24 months commencing at the end of the contract year, and the employee shall be recalled on the basis of length of service to the district to any position that he or she is qualified to teach by endorsement or college preparation.
 - c. Upon re-employment, a recalled employee shall be placed on the salary schedule and provided fringe benefits based on existing district policies and the current negotiated agreement. Any year of years of absence from employment shall not be considered as a year or years of employment by the district.
 - d. An employee under contract to another education institution may waive recall, but such waiver shall not deprive the employee of his or her right to subsequent recall.
6. **Current Teaching Certificate.**
- a. Upon initial employment with the district, each certificated employee shall file a copy of his or her teaching certificate, including endorsements with the superintendent of schools.
 - b. The employee shall be responsible for filing any changes in certification or endorsements with the superintendent.
7. **Address Records.**
- a. A certificated employee whose employment contract has been terminated because of a reduction in force shall, during the period which he or she is eligible for recall, be responsible for reporting any change of address to the superintendent of schools.
 - b. If there is a vacancy to which a former employee has a right of recall, the district may communicate an offer of re-employment by telephone, by e-mail, or by United States mail sent to the former employee's last known address. If the school district does not receive written acceptance of the offer within seven days, the former employee shall be deemed to have waived his or her rights to be recalled to the employment position.

Employment of Classified Staff

The superintendent or designee shall hire classified staff to meet personnel needs consistent with the district's budget, instructional needs, and non-instructional operations. The superintendent or designee shall obtain a criminal history record that includes information from the Nebraska State Patrol for all individuals that are to be employed as pupil transportation vehicle drivers (except certificated Nebraska school administrators or teachers) and keep a copy of that record on file and shall update it during the calendar year that coincides with the expiration of the driver's motor vehicle operator's license. Otherwise, the superintendent or designee may, but is not required to, conduct a criminal background check on any classified staff applicant. Criminal history or background checks shall occur only after the school district has determined that the applicant meets the minimum employment qualifications. This policy shall not prevent the school district from requiring an applicant to disclose his or her criminal record or history relating to sexual or physical abuse prior to any minimum employment qualification determination.

The superintendent or designee shall discipline and discharge classified staff as appropriate.

Superintendent Evaluation

The board shall observe and evaluate the superintendent based upon actual classroom observations for an entire instructional period at least twice during his first year of employment and at least once each year thereafter. Additional evaluations may be conducted at the discretion of the board. For the purposes of this policy, "actual classroom observation" shall mean observing the superintendent performing activities that are typical of his or her position. An "entire instructional period" for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of some aspect of the superintendent's work during the semester for no less than 40 minutes.

Purpose. The purposes of the formal job evaluation are:

1. To provide a means of rational, structured communication between the board and superintendent to create a more constructive and effective working relationship.
2. To provide a basis for commending, rewarding and reinforcing good work, as well as identifying areas where the superintendent needs to improve.
3. To clarify the superintendent's role and inform the superintendent of the board's expectations.

Dates. The first evaluation during the first year of employment and the yearly evaluations after the first year of employment shall occur no later than the regular December meeting. The superintendent shall: remind the Board members in writing of this provision no later than its regular November meeting; make his/her evaluation an agenda item for the regular December board meeting during each year of this contract; and provide board members with the written evaluation instrument that is on file with the Nebraska Department of Education.

Revising Evaluation Instrument. The superintendent shall submit proposed revisions to the evaluation document to the board. The board shall meet and discuss the proposed document with the superintendent. The board may amend and adopt the proposed evaluation document. The board may amend the document or adopt a new document without amending this policy. The superintendent shall submit the revised evaluation document to the Nebraska Department of Education.

Evaluation Procedures. Each board member shall have the opportunity to complete a draft evaluation document. The board president shall compile the individual draft evaluations into a single and final evaluation along with all individually written comments, provide a copy to the superintendent, and discuss it with him or her. The superintendent's evaluation may be conducted in closed session if it is necessary to prevent needless injury to the superintendent's reputation and if he or she has not requested it be done in open session.

Deficiencies. If deficiencies are noted in the superintendent's work performance, the board may rely upon the superintendent's education, training, and expertise and require him or her to submit a "list of suggestions for improvement" or plan of improvement for the board's consideration.

Personnel File. The evaluation shall be signed by the board president (or other member of the board) and the superintendent. The superintendent shall place a copy of the evaluation in his or her personnel file. The superintendent may provide a written response to the evaluation to the board. A copy of the response shall also be placed in the superintendent's personnel file. The board may meet with the superintendent to discuss the written response.

Policy Limitation. The evaluation procedures are included in this policy as a result of the board's statutory obligation to evaluate the superintendent and do not give the superintendent any rights not provided by statute. The board's failure to comply with any procedures provided in this policy but not required by law shall not prohibit the board from taking any action regarding the superintendent's employment, up to and including the nonrenewal, amendment, or cancellation of the employment contract.

I. Staff Expectations in Dress and Appearance

A. General Expectations in Dress and Appearance

1. Certified staff, paraeducators, and office staff should generally dress in business casual attire that is clean and professional.
2. Custodial, maintenance, and transportation staff should dress in attire appropriate to the work they are performing.

B. Unacceptable Forms of Dress and Appearance

1. The following are examples of unprofessional attire which should not be worn by classroom staff during the traditional school day, when students or visitors are in attendance, or when the employee is supervising, directing, or coaching students when the public is in attendance:
 - For men: shirts without collars, unless the shirt can be deemed professional by other standards.
 - Athletic wear, including sweat, jogging and wind suits, except when teaching a physical education activity in the gymnasium, on a playing field, or at athletic or other activity practices.
 - Shorts, except when teaching physical education class or at athletic or other activity practices.

 - Hats, except when worn outside for sun coverage.
 - Rubber soled 'flip flop' thong sandals.
 - Any attire which is excessively wrinkled or torn, so that it is no longer neat and professional.

- Any attire which is immodest or may distract other employees or students in the learning environment.

II. Enforcement

The superintendent or principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special “casual days” or field days). Any violation of school policy and rules may result in disciplinary action.

2. Discussing with students opinions regarding a political candidate or ballot proposition unless the topic is part of the approved curriculum.

Workplace or Non-Workplace Injuries or Illness and Return to Work

Reporting Workplace Injuries. Staff members who are injured while performing duties or who witness workplace injuries must report them to the superintendent or superintendent's designee as soon as possible after being injured or witnessing an injury. Staff members must prepare written statements regarding the injuries they sustained or witnessed when they are asked to do so by the school district. Failure to report a workplace injury as a witness will constitute insubordination and neglect of duty and may result in adverse employment action up to and including termination or cancellation of employment. Failure to report workplace injuries may also result in delayed or forfeited benefits to which an employee may otherwise be entitled.

Returning to Work after Workplace Injuries or Non-Workplace Injuries or Illness. Staff members whose injuries or illness prevent them from completing any or all of their duties, whether or not incurred at work, may be permitted to continue working or may be offered modified duty positions as required by law or as determined appropriate by the superintendent. This policy does not guarantee a limited or modified assignment during the recovery period unless it is otherwise required by law. The employee may be required to provide a return to work certification or report from their treating physician which delineates any restrictions, modifications, or accommodations needed to allow the employee to perform the essential functions of their position.

Termination After Workplace Injuries or Illness. Unless otherwise covered in an individual employment contract, employees may be terminated after suffering a workplace injury or illness when the district has a legitimate, nondiscriminatory reason for doing so. Such reasons include but are not limited to:

- Necessity to fill the position to maintain continuous services as required by law or district policy or standards;
- Performance deficiencies of the employee unrelated to the injury or illness;
- Unavailability of substitute or replacement employees;
- When the absence will negatively impact students' educational experience or opportunities; or
- Any other reason not otherwise prohibited by law.

The district may make such employment determinations regardless of whether the employee has returned to work and regardless of whether a medical professional has certified that the employee has reached maximum medical improvement. In the event the injury or illness lasts beyond the amount of leave time provided by the district and by the Family Medical Leave Act, which is generally no greater than 12 weeks, the employee may be terminated even if the employee remains eligible for Workers' Compensation under state law or short or long-term disability under a policy available through the district. In no event will an employee be terminated as retaliation for filing a Workers' Compensation claim.

Termination After Non-Workplace Injuries. Unless otherwise covered in an individual employment contract or prohibited by law, employees who are unable to perform any of the essential functions of their positions with reasonable accommodation(s) due to injury or illness occurring outside of the workplace may be terminated. The employee's position or a similar position will be held open only as required by law, such as the Family Medical Leave Act.

3. The committee may not use deception to gain access to applicants' social networking pages, blogs, or other on-line media and will not require applicants for employment to provide the district with their username or password to personal social media accounts.
4. The committee must take reasonable steps to verify the reliability of the information obtained in the search, including consulting with the applicant for confirmation of accuracy, if appropriate.
5. The committee will consider the following information to be relevant in making hiring decisions about an applicant based on information obtained through internet research:

Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

I. Personal Versus School-Affiliated Social Media Use

A. Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.
2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be “the official” account of the school district (e.g., “Jets Basketball”), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district’s business purpose. Staff members may not use “official” accounts for personal use.
2. Staff may be required to provide their supervising administrator with the username and password to school-affiliated social media accounts.
3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.
4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections.

II. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board’s policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing

the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member's supervising administrator.

B. Acceptable Use

1. Staff may use social media for instructional purposes.
2. Staff may use social media for school-related communication with fellow educators, students, parents, and patrons.
3. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter.

C. Unacceptable Use

1. Staff shall not access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.
3. Staff shall not access social media networking sites such as Facebook, Twitter, and Instagram on school-owned devices or during school time unless such access is for an educational activity which has been preapproved by the staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, or appeals to prurient interests;
2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains threatening, harassing, or discriminatory words or phrases;

4. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or
5. Contains any other threat to the safety of students and staff.

Every account administrator must keep a copy of any removed content and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

- Have accumulated 4 points or more under an operator's license point system within the last 2 years.

The superintendent or superintendent's designee has the discretion to prohibit school personnel from driving a school vehicle for a citation or arrest for the above offenses or any other offense or reason. The superintendent or superintendent's designee will make the final determination about the use of school district vehicles.

Electronic Communication While Driving. Unless the superintendent or a principal grants an exception to allow verbal communication on an as needed basis for specific district-related work based upon an employee's duties and responsibilities, school personnel shall not use any electronic communication device to read a written communication, manually type a written communication, send a written communication, verbally communicate with others, or otherwise communicate with others while operating a school vehicle. This prohibition includes but is not limited to answering or making telephone calls, engaging in telephone conversations, and reading or responding to e-mails, instant messages, text messages or other visual media.

Tobacco, Alcohol, and Controlled Substances. The use of any tobacco product, including the use of vapor products, alternative nicotine products, or any other such look-alike product, is not permitted in a school vehicle at any time.
