Early Release to Work Special Request

Second semester senior students at Northern Valley High School who have a 2.0 or better GPA and have attended regularly may in some cases be released early from school to work. This program will require attendance in school part of a day and work part of a day.

To request this program, the following criteria are established:

- A. The pupil's parents must request in writing, to the Student Success Coordinator (SSC), their desire to have their student participate in the early release to work program.
- B. The student will submit an approved form requesting early release from school to work.
- C. The SSC and Principal will review the student's needs, academic records and other necessary criteria. The Principal will make a recommendation to the Board of Education.
- D. The Board of Education will evaluate each student request individually and make a determination.
- E. The student must attend morning classes before they are allowed to go to work each afternoon. The student must maintain employment until 4:00 PM every school day. Additional time must be worked out between the employer and employee. The employer will be responsible for contacting the school if the job status changes.
- F. If the job status changes, the student must work with the school to find a new job. Any student that does not work with the school to maintain employment will forfeit their right to participate in graduation ceremonies.
- G. If at any time the student finds themselves on the failing list they will NOT be allowed to attend their work release until they are off.

Early Work Release Permission Form

I, Brenda Speer request that my child
Jayden be released from school early to participate in the
Early Work Release program. I understand that once my child leaves school grounds
they are to go directly to work. I also understand that once my child leaves, the school
is not liable for their actions.
