Dr. Uttley,

Good afternoon. Once a year with work with the District Clerk to distribute any unclaimed tax sale excess proceeds to our clients (county, city & school). These proceeds are the result of people bidding against each other at a tax sale. We only need the taxes and court costs paid so by law the excess money paid is given to the District Clerk and she notifies the old owner. If no claim is made for the excess money within two years, the excess proceeds are paid to the tax entities. It represents a windfall in the sense that you already collected all your taxes owed on the property.

We expect that you will receive \$14,112.04 in the next couple of weeks (as soon as the District Clerk issues the checks). This money does not need to be divided between M&O and I&S. It is money that can simply go in your general fund and be spent as needed. Please contact me with any questions. Thank you.

Dr. Uttley,

The material that was sprayed on Friday was not set up enough for the crew to do any additional coating on Saturday. He sprayed the second coat on Sunday but because of some moisture contamination the color on a straight was a little altered so he needs to spray another coat on that area. As of this morning, what he sprayed yesterday is still too tacky to get on. If the weather allows, he will get it re-sprayed this afternoon.

Based on your forecasted temperatures, if he gets that straight re-sprayed, the earliest the striper could get on it would be Wednesday. As we have discussed, the striping operation is typically a 2 to 3 day process. Paradise has a high probability of rain tomorrow and with temps in the 40's, it will probably take a full day for the surface to dry enough to paint which would push back his start date to Thursday.

We will do what we can to expedite the process without jeopardizing the quality of the finished surface, but I would guess that we will not be ready for a track meet on Thursday, February 21.

Minutes of Regular Meeting

The Board of Trustees Paradise ISD

A Regular Meeting of the Board of Trustees of Paradise ISD was held Monday, January 21, 2019, beginning at 6:30 PM in the Board Room, 338 School House Road, Paradise, Texas 76073.

Board Members Present:

Homer Mundy, Board President
Ben Sanders, Board Vice President
Susie Burt

Scott Cox
Renea Remmele
Dr. Heath Smith

Not Present:

Dr. Shannon Caddell, Board Secretary

Others Present:

Dr. Paul Uttley, Superintendent
Patti Seckman, Assistant Superintendent
Summer Mathis, Chief Financial Officer
Mark Mathis, High School Principal
Greg Fletcher, Junior High Principal
Kristin Gage, Intermediate School Principal
Robyn Gibson, Elementary School Principal
Janice Clark, Superintendent Secretary

Special Guests: Tom Pennington and Pat Sanford

District Report:

Enrollment: Dr. Uttley reviewed enrollment numbers and ADA. As of January 18, 2019 our enrollment was at 1,234 with an estimated ADA of 1,158.

Donations: Dr. Uttley reported that we had a generous anonymous donor that donated \$1,500. The donor requested that the money be applied toward child nutrition balances as of 1/10/2019. The total negative balance, district wide, on 1/10/2019 was \$1,407.53. The remaining \$92.47 will be placed in a Donation fund for future needs.

A parent of a withdrawn student requested that the \$14.75 balance left in her daughter's lunch account be donated to another student.

Fit-N-Wise donated \$100 towards the Elementary PE program as a result of 2nd grade student Stormy Brogan's calendar entry which was selected as the September spot on the 2019 Fit-N-Wise "Healthy Habits" calendar.

We also received two donations to the Class of 2020 in the amount of \$500.

2019-2020 School Calendar Process: Dr. Uttley asked all four principals to present a proposed calendar for the 2019-2020 school year. These calendars will be presented to the district level committee and that committee will decide which calendars will advance to the next stage. Those calendars will then be put on the website for a vote of the staff, parents and community. Final recommendations will be brought to the board in March. There is no need for action at this time.

Heavy Equipment Refunds: Dr. Uttley and Mrs. Mathis attended a meeting last week with the Wise County Appraisal District regarding a lawsuit related to heavy machinery used in the natural gas industry. These machines were being taxed as “Real” property and the Texas Supreme Court has ruled that they should have been taxed as “Rental” property. The result is that PISD owes three companies refunds that total \$159,209.91. When the companies file for their share of the refunds, we will have 60 days to pay. This money was not budgeted for in the 2018-2019 budget.

Child Nutrition: Revenue and meal numbers have gone down slightly as compared to this time last year, but we also had two less school days in December. Overall though compared to last school year our child nutrition revenue has increased.

School Board Appreciation: Dr. Uttley thanked the school board members as January is school board appreciation month.

Consent Agenda:

A motion was made by Scott Cox and seconded by Heath Smith to approve the minutes of the previous board meeting, lists of bills, finance report, cash receipts report, tax collection report and investment report as presented. Motion carried 6-0.

Extension of Depository Contract:

The original agreement with Frist State Bank was for the period of September 2011 to August of 2013. We have extended the contract 3 times for a period of 6 years. Due to the fact that the Depository Contracts were put into our District of Innovation Plan, we can continue to extend the contract without having to bid this out. Dr. Uttley recommended extending our current contract with First State Bank, Paradise TX. Having a branch in Paradise is convenient for the schools day to day banking.

A motion was made by Renea Remmele and seconded by Susie Burt to approve the 2 year depository extension with First State Bank. Motion carried 6-0.

Cost Savings Projects:

Aquila is a company that will replace all of our existing lights with LED lights at no up-front cost to the District. (This does not include ball fields.) The District will pay them a percentage of the annual savings for 5 years. This cost savings does not include the time savings that our maintenance staff will see due to not having to regularly replace light bulbs. This company will do an audit and present their finding to the Board prior to the implementation of this project. No action is needed at this time.

SpyGlass is a company that audits phone and internet bills to determine if the client (PISD) is being charged too much in taxes, fees and lines. They will provide a list of savings to us after the audit and we can select which savings we would like to pursue at that time. They are paid 50% of any past fees that they recover on our behalf. If they discover that we are paying for unused lines, their fee is 12 months of those fees. The future savings will go back to the District. No action is needed at this time.

Athletic Track:

Dr. Uttley shared with the board the latest correspondence that he has received from our attorney regarding the track company. The track company, Beynon, would like to do the work during the week of February 18th. This would conflict with our track meet as well as the overall track season. Dr. Uttley has asked for their work to be completed prior to our track meet, which is scheduled for February 18th, or after the track season has been completed in May. Dr. Uttley will provide new information to the board as it becomes available.

Update 112:

Dr. Uttley led the discussion of the first reading of Update 112. Dr. Uttley reviewed the Board policy CNA(LEGAL and LOCAL). This policy allows us to collect money for transporting students who meet certain criteria who live within 2 miles of the school. There is no need for action at this time.

Buy Board Vendors Fees:

School district are required to annually publish a report that shows the fees that vendors paid on contracts greater than \$25,000. The District purchased new band uniforms from Fred Miller in the amount of \$32,900, which resulted in Fred Miller paying \$698.40 to BuyBoard in vendor fees. This purchase was part of the 2017-2018 budget. There is no need for action at this time.

Future Growth:

Dr. Uttley looked at our enrollment at different time periods this year and moved the students ahead to the next grade level to estimate what enrollment at each campus might be next year. With the assumption of no growth, two schools will see an increased enrollment while two campuses will see a decrease in their enrollment. The two campuses that will see an increase have the ability to absorb the increase in student population. The JH, which is our most overcrowded campus, will see a small decrease in enrollment.

Technology purchase through IMA Funds:

Dr. Uttley presented to the board that TEA provides funds, on a 2-year basis, through Instructional Materials Allotment. These funds are to be used for instructional purposes in the classroom. These funds have historically been used for textbook purchases, but technology purchases have been added to the list of allowable purchase to help school districts provide technology as part of the regular delivery of instruction. Looking at our current allotment conservatively there is \$40,000 available for technology while leaving reserves for other instructional needs. By the Board authorizing computer purchases through our Instructional Materials Allotment, we will be able to address some of our technology needs without affecting the budget.

A motion was made by Dr. Heath Smith and seconded by Susie Burt to authorize the superintendent to purchase student computers, through the Instructional Materials Allotment, in an amount not to exceed \$40,000. Motion carried 6-0.

Budget Amendment:

Dr. Uttley reviewed that last month it was discussed that the appraisal fees that we budgeted for increased after we set the actual budget. Ultimately a budget amendment is needed to cover the difference of \$2,283.50 in 199(fund) 99 (function).

A motion was made by Dr. Heath Smith and seconded by Ben Sanders to approve the budget amendment in 199 99, in the amount of \$2,283.50.

Closed Session: The board went into closed session at 7:52pm to discuss superintendent evaluation and contract renewal/extension. The board reconvened at 8:24pm.

A motion was made by Susie Burt and seconded by Scott Cox to extend the superintendent's existing contract 1 year. Motion carried 6-0.

'^' Domain modeling data applied to year 2017.

'^^' Indicates that rates for reading and mathematics are based on the cumulative results from the first and second administrations of STAAR.

'*' Indicates results are masked due to small numbers to protect student confidentiality.

'**' When only one student disability group is masked, then the second smallest student disability group is masked regardless of size.

'-' Indicates there are no students in the group.

'n/a' Indicates data reporting is not applicable for this group.

'?' Indicates that the data for this item were statistically improbable or were reported outside a reasonable range.

[Home](#) / [Student Testing and Accountability](#) / [Accountability](#) / Accreditation Status

2018-2019 Accreditation Statuses

The Texas Education Agency awards an accreditation status to each public school district and charter school. The accreditation status is based on the academic accountability rating and financial ratings from the Financial Integrity Rating System of Texas. A district or charter must be accredited by the state to operate as a public school.

The district accreditation statuses for 2018-2019 are listed below:

Show/Hide columns:

Protecting Yourself from the Unknowns

Historical Retail Price of Electricity in the U.S.

Chart data from the U.S. Energy Information Administration (www.eia.gov)

Take control of your energy expenses and your bottom line (the "Tangibles"):

- > Significantly cut lighting energy consumption
- > Reduce HVAC cooling load
- > Reduce annual lamp replacement costs
- > Hedge against future utility rate increases
- > Reduce annual lighting maintenance costs (labor)

Give your organization and your employees the Environment that is deserved (the "Intangibles"):

- > Reallocate human capital typically associated with your lighting maintenance to higher yielding core competencies within your business
- > Create a safer work environment
- > Boost efficiency and employee morale
- > Create light color continuity throughout your entire facility
- > Dramatically reduce your "Carbon Foot Print"

Electricity Savings Calculation

Aquila conducted a comprehensive lighting energy audit per the U.S. Department of Energy (DOE) and National Renewable Energy Laboratory (NREL) standards to accurately measure and verify energy savings. We calculated a baseline energy use based on fixture power consumption, operating hours, and fixture quantities for each line item. We have engineered a retrofit solution that will provide equal or more lumen output while dramatically reducing your power consumption, therefore saving you energy.

The calculation is simple:

$kWh \text{ Savings} = \text{Operating Hours} \times \text{Change in Wattage} / 1000$

Additionally, LED lighting emits a fraction of the heat that conventional lighting systems do. Therefore, installing a LED lighting system significantly reduces the kWh's associated with the cooling load of your HVAC system. We objectively measured this kWh reduction through an ASHRAE standard cooling coefficient calculation.

Lighting kWh Used Annually

Our Turnkey Solution

Aquila makes a complicated process simple.

Audit. Project Finance. System Design. Permitting. Rebate Processing. EPCAT Tax Analysis. Installation. Warranty Management. Client Service Support.

We're a one-stop shop, handling all the details for you so you can focus on what's most important for your organization.

Our Investment in You (cont.)

Equipment Replacement Cost Calculation

We calculate your facility's current equipment (lamps & ballasts) life expectancies and runtimes using the lowest market price points and most conservative life expectancies, which in turn allows us to derive a yearly equipment replacement cost. With an Aquila lighting retrofit, yearly maintenance costs are effectively zero during our 10-year horizon.

$$\text{Calculation: Annual Equipment Replacement Savings} = \frac{\text{Annual Lighting Runtimes}}{\text{Equipment Life Expectancy}} \times \text{Equipment Replacement Cost}$$

Annual Equipment Replacement Savings = \$5,458

Lighting Life Expectancy Comparison

Std. Incandescents	Fluorescents	LED's
		
<p>Typical Life = 0.25 years*</p>	<p>Typical Life = 3.2 years*</p>	<p>Typical Life = 15 years +*</p>

*Based on an estimate of 3,200 operating hours per year

Expected Utility Rebate

Energy efficiency retrofits typically qualify for a rebate from local utility providers. Aquila has procured rebates on behalf of its Clients in about every major geo-graphical region of the United States. Searching for, underwriting, and filing for rebates is much more complex than it sounds. Nonetheless, Aquila leverages its expertise to do this on every energy project where a rebate is economical. Given our proficiency in this, it is our standard for Aquila to generate and take the collection risk on any applicable rebate that most likely will not be paid until several months after your project is complete. Your lease terms are quoted as a function of deducting out any rebates.

Section 179 of the IRS tax code allows businesses to deduct the full purchase price of qualifying equipment and/or software purchased or financed during the tax year. That means that if a company buys (or leases) a piece of qualifying equipment, it can deduct the full purchase price from its gross income. The 2017 Tax Cuts and Jobs Act expanded the Section 179 deduction to include commercial building improvements such as LED lighting to qualify.

**Whereas we are confident in this advantageous tax benefit, we are by no means making an expressed warranty as exclusions may apply to you due to your specific tax circumstances. Engaging a professional "179" tax advisor is encouraged.*

"Other" Tangible Benefits

Along with the mathematical monetary savings from lowering electricity consumption, HVAC load, and lamp replacement costs, an LED lighting retrofit will also lower labor costs associated with annual lamp maintenance. While these cost reductions can be significant, we do not include them when calculating the monetary savings for the project. However, we have listed an estimated annual labor cost savings below just as a general reference.

Annual Labor Savings (estimated \$16.83/hr): \$5,911

Environmental Impact Over System Life

By upgrading your lighting to high-efficiency LEDs, you are reducing your electricity consumption and therefore the amount of electricity you're pulling from the grid. Making this change reduces your dependence on fossil-fuel based energy sources and creates the following positive environmental impact.

Avoided GHG Emissions and Other Key Pollutants

CO2 Emissions: 13,780,397 lbs

Carbon dioxide (CO₂) is the greenhouse gas (GHG) emitted when coal, natural gas, oil, or any other fossil fuel is burnt to generate electricity. GHGs contribute to global warming by trapping heat in the atmosphere.

NOx Emissions: 9,264 lbs

Nitrogen oxides (NO_x) are a family of poisonous and highly reactive gases. These gases are released when fossil-based fuels are burned in power plants at high temperatures. Exposure to high amounts of NO_x emissions can cause or worsen respiratory diseases, such as emphysema and bronchitis.

SO2 Emissions: 13,896 lbs

Sulfur dioxide (SO₂) is released when coal, natural gas, oil, or any other fossil-based fuels are burnt at power plants to generate electricity. Similar to nitrogen oxides, exposure to sulfur dioxide also leads to adverse respiratory effects.

About Aquila Environmental

Who We Are

Aquila Environmental is a Texas based Lighting as a Service ("LaaS") Company. In our World, energy is not only an operating cost but a liability. Turning this liability into an asset on behalf our Clients is not merely a job but our Ethos.

We are changing the rules of the game to empower our Clients to take control of their energy costs through the following service offerings:

- > Energy Efficiency Project Finance
- > Facility Audits
- > Facility Retrofits
- > Energy Efficiency Tax Incentive Consultation ("EPACT" & "179")
- > Rebate Procurment
- > LED product distribution, sourced directly from the manufacturer (no "merchandiser" mark up)

This proposal is good for 90 days from the date of delivery. The projected energy and cost savings contained in this proposal are estimates based upon data obtained during our survey of your facility or through information obtained from your employees. Aquila utilized its best efforts to assume that the result predicted in this audit will be as accurate as possible. If the information supplied to us was incorrect, a substantial difference may result. Thus, Aquila disclaims any and all responsibility for differences between the enclosed proposal and your actual results to the extent that the differences were caused as a result of inaccurate data supplied.

For the purposes of these estimates Aquila may have used a blended average rate for your utility cost. Your specific utility tariff structure may differ or may be substantially more complex than what is shown in this proposal. Aquila cannot predict utility rates or structures in the future. Thus, Aquila disclaims any and all responsibility for differences between the enclosed proposal and your actual results to the extent that the differences were caused by utility assumptions varying from actual utility rates.

Vantage Points

A Board Member's Guide to Update 112

Please note: *Vantage Points* is an executive summary, prepared specifically for board members, of the TASB Localized Update. The topic-by-topic outline and the brief descriptions focus attention on key issues to assist local officials in understanding changes found in the policies. The description of policy changes in *Vantage Points* is highly summarized and should not substitute for careful attention to the more detailed, district-specific Explanatory Notes and the policies within the localized update packet. **Your district may not have all policy provisions addressed in this update's *Vantage Points*.**

We welcome your comments or suggestions for improving *Vantage Points*. Please write to us at TASB Policy Service, P.O. Box 400, Austin, TX 78767-0400, e-mail us at policy.service@tasb.org, or call us at 800-580-7529 or 512-467-0222.

Update 112 focuses on updating (LEGAL) policies that were affected by changes in administrative rule and commissioner of education rulings. Several (LOCAL) policies have been updated as well to better align with these changes or for organization and restructuring purposes.

Board Ethics

Two legal policies have been revised regarding board member ethics—BBFA(LEGAL) and BBFB(LEGAL). Revisions to BBFA(LEGAL) reflect amended Administrative Code rules addressing financial accountability ratings. Formatting changes were made to BBFB(LEGAL) for accessibility purposes, and existing statutory provisions have been added. Additionally, provisions addressing conflicts of interest for depository contracts were removed, as they are addressed in BDAE(LEGAL).

Superintendent

Minor formatting changes were made to BJA(LOCAL) to improve accessibility for individuals with disabilities, and changes to BJCD(LEGAL) were made to include an existing provision in statute that requires the board to adopt a policy stating that the board employs and evaluates the superintendent.

Business Operations

Extensive revisions were made to several policies in the C section of the manual, which required revisions to the table of contents to add two new codes—CCGA and CCGB—and to rename policies in the CO series.

State and Federal Revenue

Revisions to CBB(LEGAL) were based on changes to federal law increasing certain thresholds under the Education Department General Administrative Regulations (EDGAR) procurement rules and to include links to resources that provide additional information on the issue.

Ad Valorem Taxes

Significant restructuring of CCG(LEGAL) breaks up the content on ad valorem taxes into multiple policy codes, leading to two new policies: CCGA, Exemptions and Payments, and CCGB, Economic Development. CCG(LEGAL) now focuses on adoption of the tax rate and conducting an election to ratify taxes.

CCG SERIES (LOCAL) POLICY CONSIDERATIONS

The district's local policy provisions on exemptions and payments of ad valorem taxes have been moved from CCG to CCGA, and districts with provisions on economic development now have that language coded at CCGB.

Financial Accountability

Revisions to CFA(LEGAL) were made to reflect amended Administrative Code rules that revised the notice provisions for the public hearing on the Financial Management Report.

Additionally, the amended rules allow for the commissioner to change a financial accountability rating in disaster situations, which is reflected in CFC(LEGAL).

Purchasing and Construction

References to COA(LEGAL) have been added to CH(LEGAL) to align with newly added material on food purchases, and the board delegation provision applicable in disaster circumstances has been updated.

CH(LOCAL) AND CV(LOCAL) POLICY CONSIDERATIONS

Recommended revisions to CH(LOCAL) and CV(LOCAL) add a cross-reference to CBB(LEGAL), which addresses procurement requirements for federal awards, as a reminder that other requirements may be applicable if federal funds are involved in a purchase or contract.

We also recommend an adjustment in CH(LOCAL) to acknowledge that any rejection of bids or proposals will be in accordance with state or federal law, as some purchases with federal funds may require a sound, documented reason for rejecting a bid.

Student Transportation

New Administrative Code rules have been added to CNA(LEGAL). The rules include definitions, eligibility and local policy requirements, and reporting requirements for districts seeking additional funds for transportation of students living within two miles of school. Please note that if your district will seek transportation funds for these students or if your district has a community walking transportation program but does not have policy provisions at CNA(LOCAL), then the district should contact its TASB policy consultant for adjustments to the policy.

Food and Nutrition Management

Existing federal and state provisions have been added to the CO(LEGAL) series to provide more thorough coverage of school nutrition compliance and professional standards, fundraiser standards, unpaid meal policy requirements, food procurement, and the Community Eligibility Provision program.

Technology Resources

CQ(LOCAL) POLICY CONSIDERATIONS

Districts may accept electronic signatures in accordance with state law; however, the rules adopted by the board for allowing such signatures must be consistent, to the extent practicable, with rules from the Department of Information Resources. In order to be in compliance with these rules and to align with most districts' practice of accepting electronic signatures, new language on electronic signatures has been recommended for CQ(LOCAL).

Personnel

Details on the bloodborne pathogen exposure control plan from the Texas Department of State Health Services has been added to DBB(LEGAL).

DP(LEGAL) has been revised in accordance with new rules from the State Board for Educator Certification regarding principal certification.

Term Contracts

Included in DCB(LEGAL) are provisions from a commissioner of education decision explaining that if a district requires a person—by policy, job description, or contract—to hold certification, the district must employ that person under a Chapter 21 contract.

DCB(LOCAL) POLICY CONSIDERATIONS

Reorganization of this local policy on term contracts is recommended to better distinguish the provisions applicable when SBEC requires certification versus when the district requires certification. An adjustment clarifies that only full-time professional employees in positions for which the district requires SBEC certification are entitled to a term contract.

Employee Standards of Conduct

Amended Administrative Code rules have been included in DFE(LEGAL) to clarify that a principal is subject to sanctions for failing to notify the superintendent within seven days after an educator resigns following an alleged incident of misconduct.

DIA(LOCAL) AND DH(LOCAL) POLICY CONSIDERATIONS

We recommend moving to DH(LOCAL) a provision previously at DIA(LOCAL) subjecting employees to discipline for making false claims of discrimination, harassment, and retaliation or refusing to participate in an investigation. Placement of this provision in DH(LOCAL), which addresses the broader topic of employee standards of conduct, clarifies that the district may discipline employees for such conduct in any circumstance, not just in relation to claims of discrimination, harassment, and retaliation.

Additional revisions to DIA(LOCAL) add the word “sex” to the statement of nondiscrimination and to the definition of discrimination for a complete listing of all the protected categories under law and for consistency throughout the policy manual.

Alcohol and Drug Testing

Added provisions at DHE(LEGAL) clarify that Department of Transportation (DOT) alcohol and drug testing must be completely separate from non-DOT testing.

Instruction

New Administrative Code rules addressing the required instruction on proper interaction with a peace officer have been added to EHAC(LEGAL).

The policy on elective instruction, EHAD(LEGAL), has been updated to include provisions permitting districts to offer courses in cybersecurity and other elective classes a student would need to obtain an industry-recognized credential or certificate.

Amended Administrative Code rules resulted in revisions to dyslexia provisions in EHB(LEGAL), including those regarding screening, parental notification, parent education programs, and access to appropriate programs.

Provisions in EHBC(LEGAL) regarding the Optional Extended Year Program have been deleted, as the program has not been funded for several years, and additional details have been added regarding the Optional Flexible School Day Program.

Extensive revisions to EHBE(LEGAL) on bilingual education are from amended Administrative Code rules that were revised to align with TEA practice and the Every Student Succeeds Act (ESSA) State Plan.

Credit By Examination

The State Board of Education changed the rules regarding credit by examination without prior instruction to include audit and annual reporting requirements. Language has been revised in EHDC(LEGAL) to reflect these recent changes.

Academic Achievement

Amended rules required changes to EI(LEGAL) regarding notations on a student's transcript. Changes to EIF(LEGAL) were made in accordance with amended Administrative Code rules that permit a student to satisfy one of the two credits required in a language other than English by completing a dual language immersion program.

Students Health

There were several revisions made to the policy on medical treatment for students, FFAC(LEGAL). The revisions cover existing statutory provisions and provisions from new Administrative Code rules regarding the maintenance and administration of unassigned epinephrine auto-injectors.

School-Sponsored Publications

FMA(LOCAL) POLICY CONSIDERATIONS

Recommended revisions to FMA(LOCAL) clarify that district and campus publications are under the district’s control and school-sponsored publications approved by a principal and published by students are part of the instructional program. We also recommend adding a Note pointing to GKB for relevant advertising provisions and deleting the unnecessary complaint provision.

Juvenile Justice Alternative Education Program

Newly adopted Administrative Code provisions regarding juvenile justice alternative education programs (JJAEPs) incorporated in FODA(LEGAL) include requirements for a JJAEP to develop entry and exit transition plans for a student, file the annual memorandum of understanding with the district and county juvenile board by a certain date, and provide a copy of the JJAEP’s performance report to the district superintendent.

Community Relations

Conduct on District-Controlled Property

Revisions to GKA(LEGAL) stem from a commissioner of education rule addressing Education Code 37.105, which authorizes district officials to refuse entry to or eject a person from property under the district’s control in certain circumstances. The new rule also requires the board to adopt a policy that allows a person refused entry to or ejected from the property to appeal using the district’s current grievance process and permits a person appealing to address the board in person within 90 days of filing the complaint unless the complaint is resolved before reaching the board. Another revision to GKA(LEGAL) adds the separate trespass provision from the Education Code to distinguish the district’s authority to pursue trespass charges from the Education Code 37.105 provisions.

FNG(LOCAL), GF(LOCAL), GKA(LOCAL) POLICY CONSIDERATIONS

The new rule at GKA(LEGAL) also affects FNG, GF, and GKA(LOCAL). Revisions to GKA(LOCAL) clarify that a district official will give a person refused entry to or ejected from property under the district’s control written information explaining the right to appeal and explain the relevant complaint timeline. A paragraph addressing the 90-day timeline to address the board has been added to FNG(LOCAL) and GF(LOCAL).

District Speech

A recent U.S. Supreme Court case clarifies that the district’s statements and actions that take the form of speech do not create a forum for private speech and a district does not engage in unconstitutional viewpoint discrimination by sharing its viewpoints on permissible goals. These revisions have been added to GKB(LEGAL).

Advertising

GKB(LOCAL) POLICY CONSIDERATIONS

In line with current case law, recommended revisions to the advertising provisions in GKB(LOCAL) specify when a district may reject advertising. New provisions are also recommended to clarify that a district's acknowledgment of sponsorships and donations may be in the manner the district deems appropriate and that the district retains full editorial control.

**CPS
Investigations**

Finally, GRA(LEGAL) has been updated to add details on Department of Family and Protective Services investigations regarding allegations of child abuse or neglect in schools.
