**2025 NO-NEW-REVENUE RATE AND VOTER-APPROVAL TAX RATE FOR
WIMBERLEY INDEPENDENT SCHOOL DISTRICT**

Background Information

The following tax rates are defined under Chapter 26 of the Property Tax Code. Statute requires that the designated officer or employee calculate both rates using forms prescribed by the Texas Comptroller.

- **This year's no-new-revenue tax rate** (formerly referred to as the effective tax rate) would impose the same total taxes as last year if applied to properties taxed in both years, less improvements made to those properties. It does not account for impacts in state aid or recapture that would occur if the rate was adopted.

- **This year's voter-approval tax rate** (formerly referred to as the rollback tax rate) is the highest tax rate the school district can set before it must hold a voter-approval tax rate election (VATRE) or exercise its authority under Sec. 26.042(e).

The rates below are given per \$100 of property value.

This year's no-new-revenue tax rate:	\$1.334121 /\$100

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll or certified estimate of value and the estimated values of properties under protest. The designated officer or employee shall submit the rates to the governing body by August 7 or as soon thereafter as practicable. Tax Code Section 26.04(e-1) does not require school districts to certify tax rate calculations or comply with certain Tax Code notice requirements. School districts are required to provide notice regarding tax rate calculations pursuant to Education Code Chapter 44.

This worksheet is for **school districts without Tax Code Chapter 313 or Government Code Chapter 403, Subchapter T, Texas Jobs, Energy, Technology, and Innovation Act (JETI) agreements only.** School districts that have a Chapter 313 or JETI agreement should use Comptroller Form 50-884 Tax Rate Calculation Worksheet, School Districts with Chapter 313 and JETI Agreements.

Water districts as defined under Water Code Section 49.001(1) do not use this form. Use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

All other taxing units should use Comptroller Form 50-856 *Tax Rate Calculation, Taxing Units Other Than School Districts or Water Districts*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The Texas Education Agency (TEA) provides detailed information on and guidance to school districts in calculating their tax rates. Please review and rely on information provided by TEA when completing this worksheet. Additionally, the information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The no-new-revenue (NNR) tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of revenue if applied to the same properties that are taxed in both years (no new taxes). When appraisal values increase, the NNR tax rate should decrease.

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. Most school districts calculate a voter-approval tax rate that is split into three separate rates. ²⁰

- 1. Maximum Compressed Tax Rate (MCR):** A district's maximum compressed tax rate is defined as the tax rate for the current tax year per \$100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment. ²¹
- 2. Enrichment Tax Rate:** ²² A district's enrichment tax rate is defined as any tax effort in excess of the district's MCR and less than \$0.17. The enrichment tax rate is divided into golden pennies and copper pennies. School districts can claim up to 8 golden pennies, not subject to compression, and 9 copper pennies which are subject to compression with any increases in the guaranteed yield. ²³
- 3. Debt Rate:** The debt rate includes the debt service necessary to pay the school district's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The MCR and Enrichment Tax Rate added together make up the school district's maintenance and operations (M&O) tax rate. Districts cannot increase the district's M&O tax rate to create a surplus in M&O tax revenue for the purpose of paying the district's debt service. ²⁴

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate (disaster pennies) in the calculation this year. This adjustment will be made in Section 4 of this worksheet.

A district must complete an efficiency audit before seeking voter approval to adopt a M&O tax rate higher than the calculated M&O tax rate, hold an open meeting to discuss the results of the audit, and post the results of the audit on the district's website 30 days prior to the election. ²⁵ Additionally, a school district located in an area declared a disaster by the governor may adopt a M&O tax rate higher than the calculated M&O tax rate during the two-year period following the date of the declaration without conducting an efficiency audit. ²⁶

Districts should review information from TEA when calculating their voter-approval tax rate.

SECTION 3: Voter-Approval Tax Rate Adjustment for Pollution Control

A school district may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The school district's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The school district must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a school district that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 4: Voter-Approval Tax Rate Adjustment in Year Following Disaster

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate in the calculation this year. ³⁷ As such, it must reduce its voter-approval tax rate for the current tax year.

This section applies to a school district in a disaster area that adopts a tax rate greater than its voter-approval tax rate without holding an election in the prior year, as provided for by Tax Code Section 26.042(e).

If adopted, 2025-2026 revenue and expenditure budgets for the General Fund, Food Service Fund and Debt Service Fund will be recorded, as attached.

ADMINISTRATIVE RECOMMENDATION

It is recommended that the Board adopt the 2025-2026 proposed budgets for the General Fund, Food Service Fund and Debt Service Fund.

**Subject: Consideration and Possible Action to Adopt the Fiscal Year 2025-2026
Wimberley ISD Tax Rate and Resolution**

Date: August 25, 2025

Presented by: Mike Doyle

Action

BACKGROUND INFORMATION

Chapter 44 of the *Texas Education Code* provides “notice and hearing” requirements to be followed by school districts in connection with holding a public meeting on the budget and proposed tax rate notice. Additionally, Chapter 26 of the *Texas Property Tax Code* states that, “The governing body of each taxing unit, before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the taxing unit, shall adopt a tax rate for the current tax year and shall notify the assessor for the unit of the rate adopted.

In accordance with §26.05(b) of the Property Tax Code, WISD makes notification that this year's levy to fund M&O expenditures DOES NOT EXCEED last year's M&O levy. No statements about tax levy increases are required within the tax rate the resolution.

ADMINISTRATIVE RECOMMENDATION

This year's proposed tax rate DOES NOT EXCEED the no-new-revenue tax rate. A supermajority (60%) approval to adopt your tax rate is needed.

BOARD ACTION REQUIRED

“I move that the Wimberley ISD Board of Trustees adopt the proposed tax rates as presented.”

Subject: Consideration and Possible Action to Approve the Purchasing Cooperatives, Interlocal Purchasing Agreements, and State Contract List

Date: August 25, 2025

Presented by: Mike Doyle

BACKGROUND INFORMATION

Section 271.102 of the Government Code and Section CH of the Board Policy Manual states that a district may participate in a cooperative purchasing program with another local government of this state or another state or with a local cooperative organization of this state or another state. If the district does so, it may sign an agreement with another participating local government or a local cooperative stating that the district will:

1. Designate a person to act on behalf of the district in all matters relating to the program.
2. Make payments to another participating local government or local cooperative organization or directly under a contract, as provided in the agreement.
3. Be responsible for the vendor's compliance.

If a district participates in a cooperative purchasing program, it satisfies any law requiring it to seek competitive bids.

Over the course of each year, the District purchases goods and services from various Cooperatives, Interlocal Agreements, and State Contracts. It is recommended that the Board approve the use and the names of these different purchasing cooperatives including contracts and agreements.

ADMINISTRATIVE RECOMMENDATION

It is recommended that the Board approve the attached 2025-2026 Cooperative Purchasing Agreements listed.

Date: August 25, 2025

Presented by: Mike Doyle

Action

BACKGROUND INFORMATION

At the regularly scheduled Wimberley ISD Board meeting on July 21, 2025, the Board of Trustees approved and adopted the Construction Manager at Risk (CMAR) method as the delivery approach for construction services related to Bid Packages 2 and 3. On July 22, 2025, Wimberley ISD issued a Request for Qualifications (RFQ) for Bid Package 2, with a submission deadline of August 21, 2025.

The selection process was conducted in two phases. Phase 1 consisted of a committee review and scoring of the submitted qualifications. Phase 2 involved interviews with short-listed candidates. Upon completion of this process, WISD Administration has prepared a final ranking of CMAR candidates for the Board's consideration.

ADMINISTRATIVE RECOMMENDATION

It is Administrations recommendation to approve the ranking as presented and further delegate authority to the Superintendent or his designee to negotiate a contract, and if an agreement cannot be reached then go on to the next-ranked CMAR and so on until a contract can be reached in a form approved by legal counsel.

BOARD ACTION REQUIRED

Consultant shall not, however, be entitled to lost or anticipated profit on unperformed services, should District choose to exercise its option to terminate, nor shall Consultant be entitled to compensation for any unnecessary or unapproved work performed during time between the issuance of the District's notice of termination and the actual termination date.

In such case, the Consultant shall be liable to the District for any additional cost occasioned to the District thereby.

6.1.5 If, after notice of termination for failure to fulfill contract obligations, it is determined that the Consultant had not so failed, the termination shall be deemed to have been effected for the convenience of the District. In such event, an equitable adjustment in the contract price shall be made as provided in paragraph 6.1.3 of this clause.

6.2 Defaults With Opportunity for Cure. Should Consultant fail, as determined by the District's representative, to satisfactorily perform the duties set out in Article II. SCOPE OF SERVICES; or comply with any covenant herein required, such failure shall be considered an Event of Default. In such event, the District shall deliver written notice of said default, in accordance with the notice provisions contained in this Agreement, specifying the specific Events of Default and the action necessary to cure such defaults. Consultant shall have ten (10) calendar days after receipt of the written notice to cure such default. If Consultant fails to cure the default within such cure period, or take steps reasonably calculated to cure such default, District shall have the right, without further notice, to terminate this Contract in whole or in part as District deems appropriate, and to contract with another Consultant to complete the work required by this Agreement. District shall also have the right to offset the cost of said new agreement with a new Consultant against Consultant's future or unpaid invoice(s), subject to any statutory or legal duty, if any, on the part of District to mitigate its losses.

6.3 Termination For Cause. Upon the occurrence of one (1) or more of the following events, and following written notice to Consultant given in accordance with the notice provisions contained in this Agreement, District may immediately terminate this Contract, in whole or in part, "for cause":

6.3.1 Consultant makes, directly or indirectly through its employees or representatives, any material misrepresentation or provides any materially misleading information to District in connection with this Agreement or its performance hereunder; or

6.3.2 Consultant violates or materially fails to perform any covenant, provision, obligation, term or condition of a material nature contained in this Agreement, except those events of default for which an opportunity to cure is provided herein; or

6.3.3 Consultant fails to cure, or initiate steps reasonably calculated to cure, a default as required by this Agreement, within the time period required for cure; or

6.3.4 Consultant violates any rule, regulation or law to which Consultant is bound or shall be bound under the terms of this Agreement; or

6.3.5 Consultant attempts the sale, transfer, pledge, conveyance or assignment of this Agreement contrary to the terms of this Agreement.

6.3.6 Consultant ceases to do business as a going concern; makes an assignment for the benefit of creditors; admits in writing its inability to pay debts as they become due; files a petition in bankruptcy or has an involuntary bankruptcy petition filed against it (except in connection with a reorganization under which the business of such party is continued and performance of all its obligations under this Contract shall continue) and such petition is not dismissed within forty-five (45) days of filing; or if a receiver, trustee or liquidator is appointed for it, or its joint venture entity, or any substantial part of Consultant's assets or properties.

6.4 Termination By Law. If any state or federal law or regulation is enacted or promulgated which prohibits the performance of any of the duties herein, or, if any law is interpreted to prohibit such performance, this Agreement shall automatically terminate as of the effective date of such prohibition.

6.5 Orderly Transfer Following Termination. Regardless of how this Agreement is terminated, Consultant shall effect an orderly transfer to District or to such person(s) or firm(s) as the District may designate, at no additional cost to District. Upon the effective date of expiration or termination of this Agreement, Consultant shall cease all operations of work being performed by Consultant, or any of its subcontractors, pursuant to this Agreement. All completed or partially completed documents, papers, records, charts, reports, and any other materials or information produced, or provided to Consultant, in connection with the services rendered by Consultant under this Agreement, regardless of storage medium, shall be transferred to District. Such record transfer shall be completed within thirty (30) calendar days of the termination date and shall be completed at Consultant's sole cost and expense. Payment of compensation due or to become due to Consultant is conditioned upon delivery of all such documents.

6.6 Claims for Outstanding Fees. Within forty-five (45) calendar days of the effective date of completion, or termination or expiration of this Agreement, Consultant shall submit to District its claims, in detail, for the monies owed by District for services performed under this Agreement through the effective date of termination. **Failure by Consultant to submit its claims within said forty-five (45) calendar days shall negate any liability on the part of District and constitute a waiver by Consultant of any and all right or claims to collect moneys that Consultant may rightfully be otherwise entitled to for services performed pursuant to this Agreement.**

6.7 Termination Not Sole Remedy. In no event shall District's action of terminating this Agreement, whether for cause or otherwise, be deemed an election of District's remedies, nor shall such termination limit, in any way, at law or at equity, District's right to seek damages from or otherwise pursue Consultant for any default hereunder or other action.

VII. SUSPENSION OF WORK UNDER AGREEMENT

7.1 Right of District to Suspend. District may suspend this Agreement for any reason, with or without cause, upon the issuance of written Notice of Suspension in accordance with the Notice provisions contained in this Agreement. Such suspension shall take effect upon the date specified in such notice; provided, however, such date shall not be earlier than the tenth (10th) day following receipt by Consultant of said notice. The Notice of Suspension will set out the reason(s) for the suspension and the anticipated duration of the suspension, but will in no way guarantee the total number of days of suspension.

7.2 Consultant's Right to Terminate In Event of Suspension of Agreement. In the event such suspension exceeds one hundred and twenty (120) calendar days, Consultant shall have the right to terminate this Agreement. Consultant may exercise this right to terminate by issuing a written Notice of Termination to the District, delivered in accordance with the Notice provisions contained in this Agreement after the expiration of one hundred and twenty (120) calendar days from the effective date of the suspension. Termination pursuant to this paragraph shall become effective immediately upon receipt of said written notice by District and such termination shall be subject to all the requirements set out in Paragraphs 6.5 and 6.6 above, related to the Orderly Transfer and Fee Payment.

7.3 Procedures Upon Receipt of Notice of Suspension.

7.3.1 Upon receipt of a notice of suspension and prior to the effective date of the suspension, Consultant shall, unless otherwise directed, immediately begin to phase-out and discontinue all services in connection with the performance of this Agreement and shall proceed to promptly cancel all existing orders and contracts insofar as such orders and contracts are chargeable to this Agreement.

7.3.2 Consultant shall prepare a statement showing in detail the services performed under this Agreement prior to the effective date of suspension.

7.3.3 Copies of all completed or partially completed studies, plans and other documents prepared under this Agreement prior to the effective date of suspension shall be prepared for possible delivery to the District but shall be retained by Consultant until such time as Consultant may exercise the right to terminate.

7.3.4 During the period of Suspension, Consultant shall have the option to at any time submit the above referenced statement to the District for payment of any unpaid portion of the prescribed fee for services which have actually been performed to the benefit of the District under this Agreement, adjusted for any previous payments of the fee in question.

7.3.5 In the event Consultant exercises its right to terminate this Agreement at any time after the effective Suspension date, Consultant shall submit, within forty-five (45) calendar days after receipt by District of Consultant's notice of termination (if he has not previously done so) the above referenced statement showing in detail the services performed under this Agreement prior to the effective date of suspension. Failure by Consultant to submit its claims within said forty-five (45) calendar days shall negate any liability on the part of District and constitute a waiver by Consultant of any and all right or claims to collect moneys that Consultant may rightfully be otherwise entitled to for services performed pursuant to this Agreement.

7.3.6 Upon the above conditions being met, the District's review of the submissions and finding the claimed compensation to be appropriate to the terms of this Agreement, the District shall pay Consultant that portion of the agreed prescribed fee for those as yet uncompensated services actually performed under this Agreement to the benefit of the District, adjusted for any previous payments of the fee in question.

VIII. INSURANCE REQUIREMENTS

8.1 Prior to the commencement of any work under this Agreement, Consultant shall furnish an original completed Certificate of Insurance to District's representative, which shall be clearly labeled with the Project name and which shall be completed by an agent authorized to bind the named underwriter(s) and their company to the coverage, limits, and termination provisions shown thereon, containing all required information referenced or indicated thereon. District shall have no duty to pay or perform under this Agreement until such certificate shall have been delivered to District's representative, and no officer or employee shall have authority to waive this requirement.

8.2 The District reserves the right to review the insurance requirements of this Article during the effective period of this Contract and to modify insurance coverage and limits when deemed necessary and prudent by the District based upon changes in statutory law, court decisions, or circumstances surrounding this Contract, but in no instance will the District allow modification whereupon the District may incur increased risk.

8.3 Consultant's financial integrity is of interest to District, therefore, subject to Consultant's right to maintain reasonable deductibles in such amounts as are approved by District, Consultant shall obtain and maintain in full force and effect for the duration of this Agreement, and any extension hereof, at Consultant's sole expense, insurance coverage written on an occurrence basis, except for professional liability, by companies authorized, approved or admitted to do business in the State of Texas and rated A- or better by A.M. Best Company and/or otherwise acceptable to District, in the following types and amounts:

<u>Workers' Compensation:</u> (Including Waiver of Subrogation Endorsement)	All liability arising out of Consultant's employment of workers and anyone for whom Consultant shall be liable for Worker's Compensation claims. Worker's Compensation is required and no "alternative" form of insurance shall be permitted.
<u>Employer's Liability:</u>	\$1,000,000.00
<u>Commercial General Liability:</u>	
Occurrence	\$1,000,000.00
Aggregate	\$2,000,000.00
Personal Injury	\$1,000,000.00 each person
<u>Automobile Liability:</u>	\$1,000,000 combined single limit
<u>Professional Liability:</u>	\$1,000,000 per claim to pay on behalf of the insured all sums which the insured shall become legally obligated to pay as damages by reason of any negligent act, malpractice, error or omission in professional services. If written on a claims made basis, Consultant shall provide coverage for an additional 25 months after the completion date of the contract.

8.4 The General Liability and Automobile issued in the name of Consultant shall also name the District as an additional insured. The coverage afforded to the additional insured under the policy or policies shall be primary insurance. It is the intent of the parties to this Agreement that the General Liability coverage required herein shall be primary to and shall seek no contribution from all insurance available to District, with District's insurance being excess, secondary and non-contributing. The Commercial General Liability coverage provided by Consultant shall be endorsed to provide such primary and non-contributing liability. If the additional insured has other insurance which is applicable to the loss, such other insurance shall be on an excess or contingent basis.

8.5 Workers' compensation and employers' liability policy will provide a waiver of subrogation in favor of District.

8.6 The District shall be entitled, upon request and without expense, to receive copies of the policies and all endorsements thereto as they apply to the limits required by the District, and may require the deletion, revision, or modification of particular policy terms, conditions, limitations or exclusions (except where policy provisions are established by law or regulation binding upon either of the parties hereto or the underwriter of any such policies). Consultant shall be required to comply with any such requests and shall submit a copy of the replacement certificate of insurance to District at the address provided in this Agreement for Notice, within ten (10) days of the requested change. Consultant shall pay any costs incurred as a result of said changes.

8.7 When there is a cancellation, non-renewal or material change in coverage which is not made pursuant to a request by District, Consultant shall notify District of such and shall give such notices not less than thirty (30) days prior to the change, if Consultant knows of said change in advance, or ten (10) days notice after the change, if the Consultant did not know of the change in advance. In the event of

cancellation or non-renewal, such notice must be accompanied by a replacement Certificate of Insurance. All notices under this Article shall be given to District at the address provided in the Notice section of this Contract.

8.8 If Consultant fails to maintain the aforementioned insurance, or fails to secure and maintain the aforementioned endorsements, District may obtain such insurance, and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement; however, procuring of said insurance by District is an alternative to other remedies District may have, and is not the exclusive remedy for failure of Consultant to maintain said insurance or secure such endorsement. In addition to any other remedies District may have upon Consultant's failure to provide and maintain any insurance or policy endorsements to the extent and within the time herein required, District shall have the right to order Consultant to stop work hereunder, and/or withhold any payment(s) which become due to Consultant hereunder until Consultant demonstrates compliance with the requirements hereof. A stop work order given to Consultant by District in accordance with this Article shall not constitute a Suspension of Work under this Agreement.

8.9 It is agreed that Consultant's insurance shall be deemed primary with respect to any insurance or self insurance carried by District for liability arising out of operations under this Agreement.

8.10 Nothing herein contained shall be construed as limiting in any way the extent to which Consultant may be held responsible for payments of damages to persons or property resulting from Consultant's or its subcontractors' performance of the work covered under this Agreement.

IX. INDEMNIFICATION

9.1 Consultant (for purposes of this Section referred to as Licensed Engineer) whose work product is the subject of this contract for engineering services and other related professional services, agrees to **INDEMNIFY AND HOLD DISTRICT, ITS OFFICERS AND EMPLOYEES, HARMLESS** against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable attorney's fees and costs of defense), proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal injury (including death), property damage, or other harm for which recovery of damages is sought that may **ARISE OUT OF OR BE OCCASIONED OR CAUSED BY LICENSED ENGINEER'S NEGLIGENT ACT, ERROR, OR OMISSION OF LICENSED ENGINEER, ANY AGENT, OFFICER, REPRESENTATIVE, EMPLOYEE, CONSULTANT OR SUBCONSULTANT OF LICENSED ENGINEER** while in the exercise of performance of the rights or duties under this Agreement.

9.2 The indemnity provided for in this paragraph shall not apply to any liability resulting from the negligence of District, its trustees, officers or employees, in instances where such negligence causes personal injury, death, or property damage. **IN THE EVENT LICENSED ENGINEER AND DISTRICT ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE DISTRICT UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.**

9.3 Consultant shall promptly advise the District, in writing, of any claim or demand against the District or Licensed Engineer known to Licensed Engineer related to or arising out of Licensed Engineer activities under this contract.

9.4 The provisions of this section are solely for the benefit of the parties hereto and not intended to create or grant any rights, contractual or other wise, to any other person or entity.

X. ENGINEER'S LIABILITY AND STANDARD OF CARE

10.1 Services provided by Consultant under this Agreement will be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances. Acceptance of reports or other documents by District shall not constitute nor be deemed a release of the responsibility and liability of Consultant, its employees,

associates, agents or subcontractors for the accuracy and competency of their testing, reports, assessments or other documents and work; nor shall such acceptance be deemed an assumption of responsibility or liability by District for any defect or error in testing, reports, or assessments and work performed by Consultant, its employees, subcontractors, and agents.

XI. CONSULTANT'S WARRANTY UNDER THE PROFESSIONAL SERVICES PROCUREMENT ACT

11.1 Consultant warrants that it has not employed or retained any company or person other than a bona fide employee working solely for Consultant to solicit or secure this Agreement, and that it has not, for the purpose of soliciting or securing this Agreement, paid, compensated, or agreed to pay or compensate, any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift, for any other consideration contingent upon or resulting from the award or making of this Agreement. For breach of the foregoing warranty, the District shall have the right to terminate the Agreement under the provisions of this Agreement. However, breach of the warranty required in this provision constitutes fraud by operation of law; therefore, any Consultant found in breach of such warranty, by a final judgment of a Court of Competent Jurisdiction, shall take no compensation under this Agreement for any services rendered and such forfeiture shall not bar the District from pursuit and collection of any and all other damages, at law and in equity, to which it may be justly entitled. This Agreement is entered into under competency requirements of the Texas Professional Services Procurement Act governing District employment of engineering and other professionals. Accordingly, Consultant further pledges and warrants its best and most competent professional efforts to secure to the District the benefits of the agreement.

XII. ASSIGNMENT OF RIGHTS OR DUTIES

12.1 By entering into this Agreement, District has approved the use of subcontractors, if any, identified in Consultant's Proposal. No further approval shall be needed for Consultant to use such subcontractors as are identified in Consultant's Proposal.

12.2 Except as otherwise required herein, Consultant may not sell, assign, pledge, transfer or convey any interest in this Agreement nor delegate the performance of any duties hereunder, by transfer, by subcontracting or any other means, without the prior written consent of District. Engineering services required by law to be performed by a licensed engineer, or services which, by law, require the supervision and approval of a licensed engineer, may only be subcontracted upon the prior written approval of the District. Any other services to be performed under this Agreement may be subcontracted upon the written approval of District's representative. As a condition of consent, if same is given, Consultant shall remain liable for completion of the services outlined in this Agreement in the event of default by the successor consultant, assignee, transferee or subcontractor. Any references in this Agreement to an assignee, transferee, or subcontractor, indicate only such an entity as has been approved by District in accordance with this Article.

12.3 Any attempt to assign, transfer, pledge, convey or otherwise dispose of any part of, or all of its right, title, interest or duties to or under this Agreement, without said written approval, shall be void, and shall confer no rights upon any third person. Should Consultant assign, transfer, convey or otherwise dispose of any part of, or all of its right, title or interest or duties to or under this Agreement, District may, at its option, terminate this Agreement as provided herein, and all rights, titles and interest of Consultant shall thereupon cease and terminate, notwithstanding any other remedy available to District under this Agreement. The violation of this provision by Consultant shall in no event release Consultant from any obligation under the terms of this Agreement, nor shall it relieve or release Consultant from the payment of any damages to District, which District sustains as a result of such violation.

12.4 Consultant agrees to notify District's representative of any changes in ownership interest greater than thirty percent (30%), or control of its business entity not less than sixty (60) days in advance of the effective date of such change. Notwithstanding any other remedies that are available to District under this Agreement, any such change of ownership interest or control of its business entity may be grounds for termination of this Agreement in accordance with Article VI, TERMINATION.

XIII. INDEPENDENT CONTRACTOR

13.1 Consultant covenants and agrees that (s)he is an independent contractor and not an officer, agent, servant, or employee of District; that Consultant shall have exclusive control of and exclusive right to control the details of the work performed hereunder and all persons performing same, and shall be responsible for the acts and omissions of its officers, agents, employees, contractors, and subcontractors; that the doctrine of *respondeat superior* shall not apply as between District and Consultant, its officers, agents, employees, contractors, and subcontractors, and nothing herein shall be construed as creating a partnership or joint enterprise between District and Consultant.

XV. WORK ON SCHOOL DISTRICT PREMISES

15.1 To the extent that the Work may be performed in connection with an educational facility which is currently occupied and in use, it is imperative that Consultant's operations and the performance of the Work not interfere with, interrupt, disturb, or disrupt District's normal operations or facilities. Consultant agrees to and shall comply with all rules, regulations and requirements of the District and the school campus on which the Work is to be performed, and shall take all steps necessary to protect and guard the safety of the employees, students and invitees of District. Consultant shall exercise the utmost skill and judgment to ensure that testing activities will not interfere with the use, occupancy and quiet enjoyment of facilities in use on the site. Consultant recognizes that the ongoing District activities in proximity with its activities shall result in the need for prompt and effective coordination of its services with those involved in the ongoing utilization of the premises. Such coordination and adequate site access shall be the responsibility of Consultant. Consultant understands and accepts the difficulties and the cost associated with working in an existing facility and the potential delays and disruptions in its Work, and has considered such constraints in the negotiation of this Agreement.

15.2 The Consultant shall be responsible for the actions of Consultant's agents, employees and all sub-consultants working under it. The Consultant agrees that if the Project Site is a public school campus, it shall prohibit the possession or use of alcohol, controlled substances, tobacco, and any prohibited weapons on the Project Site and shall require adequate dress of the Consultant's forces consistent with the nature of the work being performed. Sexual harassment of employees of the Consultant, or employees or students of the District by employees of the Consultant is strictly forbidden. Any employee of the Consultant who is found to have engaged in such conduct shall be subject to appropriate disciplinary action by the Consultant, including removal from the job site.

15.3 **Criminal History Records Checks.** Prior to the commencement of work, Consultant shall take all necessary steps to comply with Texas Education Code, Section 22.0834 by obtaining, if a Qualified Contractor, as defined, or arranging with Owner to obtain, if not a Qualified Contractor, national criminal history record information ("CHRI") as to Consultant and subconsultants and all persons associated with them including their employees, agents and representatives who a) have or will have continuing duties related to the contracted services; and b) have or will have direct contact with students (each a "Covered Employee").

15.3.1 If the Consultant or any Subconsultant determines that § 15.3 does not apply to an employee, the Consultant or Subconsultant shall make a reasonable effort to ensure that the conditions or precautions that resulted in the determination that § 136.3 did not apply to the employee continue to exist throughout the time that the contracted services are provided.

15.3.2 The requirements of § 15.3. do not apply if:

.1 the public work does not involve the construction, alteration, or repair of an Instructional Facility as defined by Section 46.001, Texas Education Code (real property, an improvement to real property, or a necessary fixture of an improvement to real property that is used predominantly for teaching the curriculum required by the Texas Education Code);

.2. for public work that involves construction of a new Instructional Facility, the person's duties related to the contracted services will be completed not later than the seventh (7th) day before the first day the facility will be used for instructional purposes; or

.3 for a public work that involves an existing Instructional Facility:

(a) the public work area contains sanitary facilities and is separated from all areas used by students by a secure barrier fence that is not less than six feet in height; and

(b) the Consultant adopts a policy prohibiting employees, including subconsulting entity employees, from interacting with students or entering areas used by students, informs employees of the policy, and enforces the policy at the public work area.

15.3.3 If the Consultant is not a Qualified School Contractor, a person to whom § 15.3. applies must submit to a CHRI review by the Owner.

13.3.4 Owner and Consultant agree to destroy any CHRI obtained or indexed by the Federal Bureau of Investigation ("FBI") or Texas Department of Public Safety ("DPS") under this § 15.3. after the information is used for its authorized purpose. CHRI may only be released to the individual who is the subject of the information, by court order, or as allowed by law.

13.3.5 Any Covered Employee that has during the preceding thirty (30) years, (a) been convicted of or placed on deferred adjudication community supervision for an offense for which a defendant is required to register as a sex offender under Chapter 62, Code of Criminal Procedure; or (b) been convicted of a felony offense under Title 5, Texas Penal Code if the victim of the offense was under 18 years of age at the time the offense was committed; (c) been convicted of an equivalent offense to (a) or (b) under federal law or the laws of another state ("Disqualifying Criminal History"); shall be disqualified and prohibited from performing any contract duties or services and neither the Consultant nor its Subconsultants may permit such person to provide services at an Instructional Facility. If a Covered Employee is determined by the Owner's review of the CHRI to have a Disqualifying Criminal History, Consultant will exclude that person from assignment to the Project. To the extent the Owner, not the Consultant obtains the CHRI described in this agreement, Consultant understands that it will not have access to the results of such criminal history records check, based on statewide regulations beyond the control of the Owner, and agrees to rely solely on the judgment of the Owner as to whether the Covered Employee must be excluded from the Project.

§ 15.3.6 Prior to commencement of its work on the Project the Consultant will provide written certification to the Owner that either: (1) Consultant and its subconsultant of every tier, do not have any Covered Employees, as defined; (2) Consultant and its subconsultants of every tier are otherwise exempt from compliance with the requirements contained herein; or (3) Consultant and its subconsultants of every tier have complied with the statutory and contractual requirements of this Agreement as of that date.

§ 15.3.7 Consultant agrees that if it receives information that a Covered Employee is arrested or convicted for any of the Disqualifying Criminal History offenses, during the performance of the Work, Consultant will immediately remove the Covered Employee from Owner's property or other location where students are regularly present, and notify the Owner of said removal within three (3) days of doing so. Consultant understands that any failure to comply with the requirements of this section may be grounds for termination of this Agreement by Owner, in accordance with Section VI, Termination.

XVI. TESTING AND OBSERVATIONS.

16.1 District understands that testing and observation are discrete sampling procedures, and that such procedures indicate conditions only at the depths, locations, and times the procedures were performed. Consultant will provide test results and opinions based on tests and field observations only for the work tested. District understands that testing and observation are not continuous or exhaustive, and are conducted to reduce - not eliminate - project risk. District agrees to the level or amount of testing performed and the associated risk. District is responsible (even if delegated to contractor) for notifying and scheduling Consultant so Consultant can perform these Services. Consultant shall not be responsible for the quality and completeness of District's contractor's work or their adherence to the project documents, and Consultant's performance or testing and observation services shall not relieve contractor in any way from its responsibility for defects discovered in its work, or create a warranty or guarantee. Consultant will not supervise or direct the work performed by contractor or its subcontractors and is not responsible for their means and methods.

XVII. SUB-SURFACE EXPLORATIONS.

AGREEMENT FOR SERVICES

This **AGREEMENT** is between Wimberley ISD ("Client") and Terracon Consultants, Inc. ("Consultant") for Services to be provided by Consultant for Client on the Wimberley ISD High School and Danforth Junior High School Improvements project ("Project"), as described in Consultant's Proposal dated 08/15/2025 ("Proposal"), including but not limited to the Project Information section, unless the Project is otherwise described in Exhibit A to this Agreement (which section or Exhibit is incorporated into this Agreement).

- 1. Scope of Services.** The scope of Consultant's services is described in the Proposal, including but not limited to the Scope of Services section ("Services"), unless Services are otherwise described in Exhibit B to this Agreement (which section or exhibit is incorporated into this Agreement). Portions of the Services may be subcontracted. When Consultant subcontracts to other individuals or companies, then consultant will collect from Client on the Subcontractors' behalf. Consultant's Services do not include the investigation or detection of, nor do recommendations in Consultant's reports address the presence or prevention of biological pollutants (e.g., mold, fungi, bacteria, viruses, or their byproducts) or occupant safety issues, such as vulnerability to natural disasters, terrorism, or violence. If Services include purchase of software, Client will execute a separate software license agreement. Consultant's findings, opinions, and recommendations are based solely upon data and information obtained by and furnished to Consultant at the time of the Services.
- 2. Acceptance/ Termination.** Client agrees that execution of this Agreement is a material element of the consideration Consultant requires to execute the Services, and if Services are initiated by Consultant prior to execution of this Agreement as an accommodation for Client at Client's request, both parties shall consider that commencement of Services constitutes formal acceptance of all terms and conditions of this Agreement. Additional terms and conditions may be added or changed only by written amendment to this Agreement signed by both parties. In the event Client uses a purchase order or other form to administer this Agreement, the use of such form shall be for convenience purposes only and any additional or conflicting terms it contains are stricken. This Agreement shall not be assigned by either party without prior written consent of the other party. Either party may terminate this Agreement or the Services upon written notice to the other. In such case, Consultant shall be paid costs incurred and fees earned to the date of termination plus reasonable costs of closing the Project.
- 3. Change Orders.** Client may request changes to the scope of Services by altering or adding to the Services to be performed. If Client so requests, Consultant will return to Client a statement (or supplemental proposal) of the change setting forth an adjustment to the Services and fees for the requested changes. Following Client's review, Client shall provide written acceptance. If Client does not follow these procedures, but instead directs, authorizes, or permits Consultant to perform changed or additional work, the Services are changed accordingly and Consultant will be paid for this work according to the fees stated or its current fee schedule. If project conditions change materially from those observed at the site or described to Consultant at the time of proposal, Consultant is entitled to a change order equitably adjusting its Services and fee.
- 4. Compensation and Terms of Payment.** Client shall pay compensation for the Services performed at the fees stated in the Proposal, including but not limited to the Compensation section, unless fees are otherwise stated in Exhibit C to this Agreement (which section or Exhibit is incorporated into this Agreement). If not stated in either, fees will be according to Consultant's current fee schedule. Fee schedules are valid for the calendar year in which they are issued. Fees do not include sales tax. Client will pay applicable sales tax as required by law. Consultant may invoice Client at least monthly and payment is due upon receipt of invoice. Client shall notify Consultant in writing, at the address below, within 15 days of the date of the invoice if Client objects to any portion of the charges on the invoice, and shall promptly pay the undisputed portion. Client shall pay a finance fee of 1.5% per month, but not exceeding the maximum rate allowed by law, for all unpaid amounts 30 days or older. Client agrees to pay all collection-related costs that Consultant incurs, including attorney fees. Consultant may suspend Services for lack of timely payment. It is the responsibility of Client to determine whether federal, state, or local prevailing wage requirements apply and to notify Consultant if prevailing wages apply. If it is later determined that prevailing wages apply, and Consultant was not previously notified by Client, Client agrees to pay the prevailing wage from that point forward, as well as a retroactive payment adjustment to bring previously paid amounts in line with prevailing wages. Client also agrees to defend, indemnify, and hold harmless Consultant from any alleged violations made by any governmental agency regulating prevailing wage activity for failing to pay prevailing wages, including the payment of any fines or penalties.
- 5. Third Party Reliance.** This Agreement and the Services provided are for Consultant and Client's sole benefit and exclusive use with no third party beneficiaries intended. Reliance upon the Services and any work product is limited to Client, and is not intended for third parties other than those who have executed Consultant's reliance agreement, subject to the prior approval of Consultant and Client.
- 6. LIMITATION OF LIABILITY. CLIENT AND CONSULTANT HAVE EVALUATED THE RISKS AND REWARDS ASSOCIATED WITH THIS PROJECT, INCLUDING CONSULTANT'S FEE RELATIVE TO THE RISKS ASSUMED, AND AGREE TO ALLOCATE CERTAIN OF THE ASSOCIATED RISKS. TO THE FULLEST EXTENT PERMITTED BY LAW, THE TOTAL AGGREGATE LIABILITY OF CONSULTANT (AND ITS RELATED CORPORATIONS AND EMPLOYEES) TO CLIENT AND THIRD PARTIES GRANTED RELIANCE IS LIMITED TO THE GREATER OF \$50,000 OR CONSULTANT'S FEE, FOR ANY AND ALL INJURIES, DAMAGES, CLAIMS, LOSSES, OR EXPENSES (INCLUDING ATTORNEY AND EXPERT FEES) ARISING OUT OF CONSULTANT'S SERVICES OR THIS AGREEMENT. PRIOR TO ACCEPTANCE OF THIS AGREEMENT AND UPON WRITTEN REQUEST FROM CLIENT, CONSULTANT MAY NEGOTIATE A HIGHER LIMITATION FOR ADDITIONAL CONSIDERATION IN THE FORM OF A SURCHARGE TO BE ADDED TO THE AMOUNT STATED IN THE COMPENSATION SECTION OF THE PROPOSAL. THIS LIMITATION SHALL APPLY REGARDLESS OF AVAILABLE PROFESSIONAL LIABILITY INSURANCE COVERAGE, CAUSE(S), OR THE THEORY OF LIABILITY, INCLUDING NEGLIGENCE, INDEMNITY, OR OTHER RECOVERY. THIS LIMITATION SHALL NOT APPLY TO THE EXTENT THE DAMAGE IS PAID UNDER CONSULTANT'S COMMERCIAL GENERAL LIABILITY POLICY.**
- 7. Indemnity/Statute of Limitations.** Consultant and Client shall indemnify and hold harmless the other and their respective employees from and against legal liability for claims, losses, damages, and expenses to the extent such claims, losses, damages, or expenses are legally determined to be caused by their negligent acts, errors, or omissions. In the event such claims, losses, damages, or expenses are legally determined to be caused by the joint or concurrent negligence of Consultant and Client, they shall be borne by each party in proportion to its own negligence under comparative fault principles. Neither party shall have a duty to defend the other party, and no duty to defend is hereby created by this indemnity provision and such duty is explicitly waived under this Agreement. Causes of action arising out of Consultant's Services or this Agreement regardless of cause(s) or the theory of liability, including negligence, indemnity or other recovery shall be deemed to have accrued and the applicable statute of limitations shall commence to run not later than the date of Consultant's substantial completion of Services on the project.
- 8. Warranty.** Consultant will perform the Services in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions in the same locale. **EXCEPT FOR THE STANDARD OF CARE PREVIOUSLY STATED, CONSULTANT MAKES NO WARRANTIES OR GUARANTEES, EXPRESS OR IMPLIED, RELATING TO CONSULTANT'S SERVICES AND CONSULTANT DISCLAIMS ANY IMPLIED WARRANTIES OR WARRANTIES IMPOSED BY LAW, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**
- 9. Insurance.** Consultant represents that it now carries, and will continue to carry: (i) workers' compensation insurance in accordance with the laws of the states having jurisdiction over Consultant's employees who are engaged in the Services, and employer's liability insurance (\$1,000,000); (ii) commercial general liability insurance (\$2,000,000 occ / \$4,000,000 agg); (iii) automobile liability insurance (\$2,000,000 B.I. and P.D. combined single

limit); (iv) umbrella liability (\$5,000,000 occ / agg); and (v) professional liability insurance (\$1,000,000 claim / agg). Certificates of insurance will be provided upon request. Client and Consultant shall waive subrogation against the other party on all general liability and property coverage.

- 10. CONSEQUENTIAL DAMAGES. NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR LOSS OF PROFITS OR REVENUE; LOSS OF USE OR OPPORTUNITY; LOSS OF GOOD WILL; COST OF SUBSTITUTE FACILITIES, GOODS, OR SERVICES; COST OF CAPITAL; OR FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT, PUNITIVE, OR EXEMPLARY DAMAGES.**
- 11. Dispute Resolution.** Client shall not be entitled to assert a Claim against Consultant based on any theory of professional negligence unless and until Client has obtained the written opinion from a registered, independent, and reputable engineer, architect, or geologist that Consultant has violated the standard of care applicable to Consultant's performance of the Services. Client shall provide this opinion to Consultant and the parties shall endeavor to resolve the dispute within 30 days, after which Client may pursue its remedies at law. This Agreement shall be governed by and construed according to Texas law.
- 12. Subsurface Explorations.** Subsurface conditions throughout the site may vary from those depicted on logs of discrete borings, test pits, or other exploratory services. Client understands Consultant's layout of boring and test locations is approximate and that Consultant may deviate a reasonable distance from those locations. Consultant will take reasonable precautions to reduce damage to the site when performing Services; however, Client accepts that invasive services such as drilling or sampling may damage or alter the site. Site restoration is not provided unless specifically included in the Services.
- 13. Testing and Observations.** Client understands that testing and observation are discrete sampling procedures, and that such procedures indicate conditions only at the depths, locations, and times the procedures were performed. Consultant will provide test results and opinions based on tests and field observations only for the work tested. Client understands that testing and observation are not continuous or exhaustive, and are conducted to reduce - not eliminate - project risk. Client shall cause all tests and inspections of the site, materials, and Services performed by Consultant to be timely and properly scheduled in order for the Services to be performed in accordance with the plans, specifications, contract documents, and Consultant's recommendations. No claims for loss or damage or injury shall be brought against Consultant by Client or any third party unless all tests and inspections have been so performed and Consultant's recommendations have been followed. Unless otherwise stated in the Proposal, Client assumes sole responsibility for determining whether the quantity and the nature of Services ordered by Client is adequate and sufficient for Client's intended purpose. Client is responsible (even if delegated to contractor) for requesting services, and notifying and scheduling Consultant so Consultant can perform these Services. Consultant is not responsible for damages caused by Services not performed due to a failure to request or schedule Consultant's Services. Consultant shall not be responsible for the quality and completeness of Client's contractor's work or their adherence to the project documents, and Consultant's performance of testing and observation services shall not relieve Client's contractor in any way from its responsibility for defects discovered in its work, or create a warranty or guarantee. Consultant will not supervise or direct the work performed by Client's contractor or its subcontractors and is not responsible for their means and methods. The extension of unit prices with quantities to establish a total estimated cost does not guarantee a maximum cost to complete the Services. The quantities, when given, are estimates based on contract documents and schedules made available at the time of the Proposal. Since schedule, performance, production, and charges are directed and/or controlled by others, any quantity extensions must be considered as estimated and not a guarantee of maximum cost.
- 14. Sample Disposition, Affected Materials, and Indemnity.** Samples are consumed in testing or disposed of upon completion of the testing procedures (unless stated otherwise in the Services). Client shall furnish or cause to be furnished to Consultant all documents and information known or available to Client that relate to the identity, location, quantity, nature, or characteristic of any hazardous waste, toxic, radioactive, or contaminated materials ("Affected Materials") at or near the site, and shall immediately transmit new, updated, or revised information as it becomes available. Client agrees that Consultant is not responsible for the disposition of Affected Materials unless specifically provided in the Services, and that Client is responsible for directing such disposition. In no event shall Consultant be required to sign a hazardous waste manifest or take title to any Affected Materials. Client shall have the obligation to make all spill or release notifications to appropriate governmental agencies. The Client agrees that Consultant neither created nor contributed to the creation or existence of any Affected Materials conditions at the site and Consultant shall not be responsible for any claims, losses, or damages allegedly arising out of Consultant's performance of Services hereunder, or for any claims against Consultant as a generator, disposer, or arranger of Affected Materials under federal, state, or local law or ordinance.
- 15. Ownership of Documents.** Work product, such as reports, logs, data, notes, or calculations, prepared by Consultant shall remain Consultant's property. Proprietary concepts, systems, and ideas developed during performance of the Services shall remain the sole property of Consultant. Files shall be maintained in general accordance with Consultant's document retention policies and practices.
- 16. Utilities.** Unless otherwise stated in the Proposal, Client shall provide the location and/or arrange for the marking of private utilities and subterranean structures. Consultant shall take reasonable precautions to avoid damage or injury to subterranean structures or utilities. Consultant shall not be responsible for damage to subterranean structures or utilities that are not called to Consultant's attention, are not correctly marked, including by a utility locate service, or are incorrectly shown on the plans furnished to Consultant.
- 17. Site Access and Safety.** Client shall secure all necessary site related approvals, permits, licenses, and consents necessary to commence and complete the Services and will execute any necessary site access agreement. Consultant will be responsible for supervision and site safety measures for its own employees, but shall not be responsible for the supervision or health and safety precautions for any third parties, including Client's contractors, subcontractors, or other parties present at the site. In addition, Consultant retains the right to stop work without penalty at any time Consultant believes it is in the best interests of Consultant's employees or subcontractors to do so in order to reduce the risk of exposure to unsafe site conditions. Client agrees it will respond quickly to all requests for information made by Consultant related to Consultant's pre-task planning and risk assessment processes.

Exhibit A – Project Understanding

Our Scope of Services is based on our understanding of the project as described below. We have not visited the project site to confirm the information provided. Aspects of the project, undefined or assumed, are highlighted as shown below. We request the design team verify all information prior to our initiation of field exploration activities.

Planned Construction

Item	Description
<p>Information Provided</p>	<p>We have been provided the geotechnical criteria, site plan, and boring locations by Mr. Ryan Rosborough via an email dated August 8, 2025.</p>
<p>Proposed Structures</p>	<p>Danforth Junior High School:</p> <ul style="list-style-type: none"> ■ A new single-story, stand-alone auditorium with 600 seats and a full-fly loft. It is expected that the ground floor slab will be sloped or tiered for the seating, but no orchestra pit is anticipated. The roof structure is expected to be framed with metal roof deck over long-span open-web steel joists, spanning to structural steel beams and columns. The exterior veneer is expected to be masonry, and masonry will likely be used in interior partitions as well. ■ A new single-story addition on the north face of the existing high school to house a new gym entrance, weight room, concessions, a remote administration office and band hall. ■ Replacement of grandstands at Texans Stadium. The grandstands are expected to be delegated design, of steel and aluminum construction, similar to those currently used at the stadium. ■ A new covered practice facility. The facility will include an artificial-turf field that is covered with a pre-engineered metal building. The facility will have foundations at the building columns, but no floor slab. It is not yet known whether the facility will be enclosed or not. ■ A foundation for a new rainwater collection tank. <p>Wimberley High School:</p> <ul style="list-style-type: none"> ■ One or two new single-story additions to the northeast corner of the existing high school to house a new gym entrance, a gym pre-function space, restrooms and weight room.

Item	Description
	<ul style="list-style-type: none"> ■ A new single-story addition to the west face of the existing high school for band. ■ A new marching pad west of the existing high school property. Retaining walls may be required to modify the existing grades. ■ A foundation for a new rainwater collection tank. ■ A new covered walkway connecting the existing high school building to the existing CTE facility. <p>Baseball and Softball Complex:</p> <ul style="list-style-type: none"> ■ A new single-story building housing changing and locker rooms.
Building Construction	We anticipate the building additions will be supported by deep foundation systems. Rainwater collection tanks may be supported on shallow foundations. Other ancillary structures may be supported on shallow foundations.
Structural Loads (Provided by Structural Engineer)	Foundation support for column gravity loads of 10 to 450 kips, of which 50 percent will be sustained load. Foundation support for bearing wall loads of 1 to 12 kips per foot of length, of which 75 percent will be permanent dead load.
Building Code	IBC 2021
Pavements	Asphalt and concrete pavements will be considered for this project.

Site Location and Anticipated Conditions

Item	Description
Parcel Information	The projects are located within Wimberley High School, Danforth Junior High School, and Wimberley ISD Baseball Complex in Wimberley, Texas.
Existing Improvements	Existing school buildings and athletic fields.
Site Access	We anticipate the site, and all exploration locations, are accessible with our truck-mounted drilling equipment and support vehicles.
Anticipated Lithology	Based on geologic formation (Glen Rose Limestone) and our experience in the vicinity of the project site, we anticipate the site consists of surficial clay layer underlain by limestone with interbedded layers of clay.

Exhibit B - Scope of Services

Our proposed Scope of Services consists of field exploration, laboratory testing, and engineering/project delivery. These services are described in the following sections.

1. The planned boring locations are shown on the attached **Anticipated Exploration Plan**.

Boring Layout and Elevations: We will use handheld GPS equipment to locate borings with an estimated horizontal accuracy of +/-10 feet. Field measurements from existing site features may be utilized. Approximate elevations will be obtained by interpolation from a site specific, surveyed topographic map.

Subsurface Exploration Procedures: We will advance borings with a truck-mounted drill rig using continuous flight augers. Five samples will be obtained in the upper 10 feet of each boring and at intervals of 5 feet thereafter. Soil sampling is typically performed using thin-wall tube and/or split-barrel sampling procedures. The split-barrel samplers are driven in accordance with the standard penetration test (SPT). We will use air rotary drilling when rock is encountered. The samples will be placed in appropriate containers, taken to our soil laboratory for testing, and classified by a Geotechnical Engineer. In addition, we will observe and record groundwater levels during drilling and sampling.

Our exploration team will prepare field boring logs as part of standard drilling operations including sampling depths, penetration distances, and other relevant sampling information. Field logs include visual classifications of materials observed during drilling and our interpretation of subsurface conditions between samples. Final boring logs, prepared from field logs, represent the Geotechnical Engineer's interpretation and include modifications based on observations and laboratory tests.

Property Disturbance: Terracon will take reasonable efforts to reduce damage to the property. However, it should be understood that in the normal course of our work some disturbance could occur including rutting of the ground surface and damage to landscaping.

We will backfill borings with auger cuttings. Excess auger cuttings will be dispersed in the general vicinity of the borehole or hauled off from the site. Pavements will be patched with asphalt or concrete as needed. Because backfill material often settles below the surface after a period, we recommend boreholes to be periodically checked and backfilled, if necessary. We can provide this service or grout the boreholes for additional fees at your request.

Safety

Terracon is not aware of environmental concerns at this project site that would create health or safety hazards associated with our exploration program; thus, our Scope considers standard OSHA Level D Personal Protection Equipment (PPE) appropriate. Our Scope of Services does not include environmental site assessment services, but identification of unusual or unnatural materials observed while drilling will be noted on our logs.

Exploration efforts require borings into the subsurface, therefore Terracon will comply with local regulations to request a utility location service through Texas 811. We will consult with the landowner/client regarding potential utilities or other unmarked underground hazards. Based upon the results of this consultation, we will consider the need for alternative subsurface exploration methods as the safety of our field crew is a priority.

Private utilities should be marked by the owner/client prior to commencement of field exploration. Terracon will not be responsible for damage to private utilities not disclosed to us. As the site is developed, a line item for private utility locate service is provided under the compensation section.

The detection of underground utilities is dependent upon the composition and construction of the utility line; some utilities are comprised of non-electrically conductive materials and may not be readily detected. The use of a private utility locate service would not relieve the landowner/client of their responsibilities in identifying private underground utilities.

Site Access: Terracon must be granted access to the site by the property owner. Without information to the contrary, we consider acceptance of this proposal as authorization to access the property for conducting field exploration in accordance with the Scope of Services.

Laboratory Testing

The project engineer will review field data and assign laboratory tests to understand the engineering properties of various soil strata. Exact types and number of tests cannot be defined until completion of fieldwork, but we anticipate the following laboratory testing may be performed:

- Water content
- Atterberg limits
- Grain size analysis
- Sulfate tests

Our laboratory testing program often includes examination of soil samples by an engineer. Based on the results of our field and laboratory programs, we will describe and classify soil samples in accordance with the Unified Soil Classification System (USCS).

Engineering and Project Delivery

The results of our field and laboratory programs will be evaluated, and a geotechnical engineering report will be prepared under the supervision of a licensed professional engineer. The geotechnical engineering report will provide the following:

- Boring location plan.
- Encountered soil conditions.
- Computer generated boring logs with field and laboratory data.
- Groundwater levels observed during and after completion drilling.
- Subsurface exploration procedures.
- Estimated Potential Vertical Rise (PVR).
- Pad preparation for building floor slabs. A PVR of $\frac{3}{4}$ inch will be considered.
- General earthwork and subgrade preparation recommendations for the site including fill and compaction requirements.
- Design parameters and values for foundation design for shallow and deep foundations.
- Utility backfill recommendations
- Provide discussion on possible effect of large trees on foundation over expansive soils
- L-Pile design parameters.
- Estimated settlement of foundations.
- Seismic Site Classification as defined by IBC 2021.
- Lateral Earth Pressures for retaining walls
- Pavement recommendations for concrete and asphalt.

In addition to an emailed report, your project will also be delivered using our client portal, **Compass**. Upon initiation, we provide you and your design team the necessary link and password to access the website (if not previously registered). Each project includes a calendar to track the schedule, an interactive site map, a listing of team members, access

to the project documents as they are uploaded to the site, and a collaboration portal. We welcome the opportunity to have project kickoff conversations with the team to discuss key elements of the project and demonstrate features of **Compass**. The typical delivery process includes the following:

- Project Planning – Proposal information, schedule and anticipated exploration plan
- Site Characterization – Findings of the site exploration and laboratory results
- Geotechnical Engineering Report

When services are complete, we upload a printable version of our completed Geotechnical Engineering report, including the professional engineer's seal and signature, which documents our services. Previous submittals, collaboration, and the report are maintained in our system. This allows future reference and integration into subsequent aspects of our services as the project goes through final design and construction.

Exhibit C - Compensation and Project Schedule

Compensation

Based upon our understanding of the site, the project as summarized in Exhibit A, and our planned Scope of Services outlined in Exhibit B, our fee is shown in the following table:

Task - Subsurface Exploration, Laboratory Testing, Geotechnical Consulting and Reporting	Lump Sum Fee ¹
Danforth Jr. High School ²	\$18,750
Wimberley High School	\$9,800
Wimberley ISD Baseball Complex	\$4,900
Private Utility Locate for all three sites	\$4,000

1. Proposed fees noted above are effective for 60 days from the date of the proposal.
2. We understand the boring for the grandstands (B-5) needs to be priced separate, the fee is \$2,200 including mobilization, fieldwork, and laboratory testing.

Our Scope of Services does not include services associated with site clearing, wet ground conditions, tree or shrub clearing, or repair of/damage to existing landscape. If such services are desired by the owner/client, we should be notified so we can adjust our Scope of Services.

Unless instructed otherwise, we will submit our invoice(s) to the address shown at the beginning of this proposal. If conditions are encountered that require Scope of Services revisions and/or result in higher fees, we will contact you for approval, prior to initiating services. A supplemental proposal stating the modified Scope of Services as well as its effect on our fee will be prepared. We will not proceed without your authorization.

Project Schedule

We developed a schedule to complete the Scope of Services based upon our existing availability and understanding of your project schedule. However, our schedule does not account for delays in field exploration beyond our control, such as weather conditions, delays resulting from utility clearance, or lack of permission to access the boring locations. In the event the schedule provided is inconsistent with your needs, please contact us so we may consider alternatives.

BOARD OF EDUCATION
WIMBERLEY, TEXAS**

Subject: Consider the approval of purchasing technology equipment/devices as part of the 2025 Bond Program.

Date: August 25, 2025

Presented by: Mike Doyle

Action

BACKGROUND INFORMATION

As part of the 2025 Bond program, Wimberley ISD has allocated funding for the purchase of technology devices and equipment. Approval of this item will allow WISD to move forward in purchasing teacher devices, student devices and a district server. In accordance with Board Policy CH (Local), the Board delegates to the Superintendent the authority to make budgeted purchases of goods or services. However, any individual budgeted purchase of \$50,000 or more—regardless of whether it is made through a competitive process—requires prior Board approval.

Quotes were received from the identified vendors, utilizing pricing through the Texas Department of Information Resources (DIR) contract. WISD ensures compliance with procurement regulations by purchasing through DIR-approved contracts.

ADMINISTRATIVE RECOMMENDATION

It is recommended that the District proceed with the purchase of student devices as presented. The quote is included for the Board's review.

FY 2024-25

Final Budget Amendment

August 25, 2025

RECOMMENDATION:

The Administration recommends the listed budget amendments and transfers be approved.

BACKGROUND INFORMATION:

In accordance with the TEA budget and accounting procedures and guidelines, the District's official budget includes the General Fund, Food Service Fund, and the Debt Service Fund. The Board of Trustees should approve the adoption of the budgets associated with these funds, and subsequent amendments, at the *Fund Function* level. Other Special Revenue Funds for grants and capital projects should be approved on a *Project Basis*; and consequently, *are* not required to be approved with the same level of detail.

The administration routinely allows transfers of existing budgeted funds within the same fund function in order to accommodate the necessary operations of the requesting department or campus. These transfers usually become necessary due to account coding requirements. Requests for transfers of existing funds between functions are reviewed by the administration to ensure that the related expenditures will not exceed the overall approved budget at the function level. These requests allowed at the administrative level are subject to final approval by the Board of Trustees.

In addition to the transfers of existing budget funds outlined above, the Board of Trustees must approve requests for new appropriations prior to expenditure. These requests include appropriations from fund balance, and reappropriation of designated fund balances.

ADMINISTRATIVE CONSIDERATIONS:

The Administration has reviewed the following transfers/re-appropriations and determined the following:

REVENUES

- General Fund = (\$939,805) To adjust to actual tax collections and state aid.
- Child Nutrition Program = (\$65,593) To adjust to actual program revenues.
- Debt Service Fund = \$16,803,894 To adjust to actual tax collections, state aid and bond earnings.

Net Change in the Revenue Budget is \$15,798,495 (See page 3)

EXPENSES

- General Fund = \$923,206 (To adjust to end of year estimated expenditures and ensure compliance).
- Child Nutrition Program = \$177,474 (To adjust to end of year estimated expenditures and ensure compliance).

- Debt Service Fund = \$9,950,596 (To adjust to end of year estimated expenditures and ensure compliance).

Net Change in the Expense Budget is \$11,051,276 (See page 3)

What are Exchange Days?

The Exchange Day Program provides employees on 187-day work contract opportunities to pursue professional learning in exchange for 3, paid workdays during the school year. For the 2025-2026 school year, these days are July 30, April 6 and May 26. Each of these days is provided in exchange for six hours of non-contract time professional learning totaling eighteen hours.

Why does Wimberley ISD have an Exchange Day Program?

Wimberley ISD has a tradition of excellence and that begins with our students and teachers. The relationship between effective teachers and high student achievement strives to create a culture valuing teacher learning and growth by making quality professional learning an essential component of improvement plans. Quality professional learning exhibits the following characteristics:

- Focuses on teachers as central to student learning
- Focuses on individual, collegial, and organizational improvement
- Is results-driven and job-embedded
- Is curriculum-centered and standards-based
- Reflects best available research and practice in teaching, learning and leadership
- Enables teachers to develop further expertise in subject content, teaching strategies, uses of technologies and other essential elements that support high standards of teaching
- Is evaluated based on its impact on teacher effectiveness and student learning
- Focuses on developing teachers' capacity in one or more of the domains under T-TESS
 - o Domain 1: Planning
 - o Domain 2: Instruction
 - o Domain 3: Learning Environment
 - o Domain 4: Professional Practices and Responsibilities

Research emphasizes the central role of content knowledge and pedagogical expertise in student achievement. Professional learning should be in the areas of curriculum and instruction. In cases where a teacher may have a dual teaching assignment of both core content and enrichment courses (e.g. science and coaching), Exchange Day credits should reflect no fewer than 12 hours in the assigned content area (including instructional technology) and 6 hours may be in other categories relevant to the employee's job assignment.

When do I earn credits for Exchange Days?

Eligible instructional employees may accumulate 18 hours of professional learning credit for use as Exchange Days during any non-contract time. Exchange Day credits may be earned from activities related to job assignments such as attendance at: training and workshops, conferences, guided curriculum writing and planning, pre-approved book studies, graduate-level courses and textbook adoption committees.

Where can I find Exchange Day opportunities?

Exchange Day credit will be planned and coordinated through campus administration. Summer opportunities through WISD, Educational Service Centers or Professional Organizations associated within your professional responsibilities will all be pre-approved and documented through campus administration.

Who is required to participate in Exchange Days?

Exchange Days are required of all professional employees on a 187 day work contract. If you are unsure if you qualify for Exchange Days, please contact your supervisor. A late-hire employee's eligibility will be determined by the campus principal or employee's immediate supervisor for non-instructional positions on a case-by-case basis.

How do I ensure my Exchange Day hours are approved?

The Exchange Day credit process includes both acquiring the training and appropriately entering the training into Strive. To qualify for Exchange Day credit, the employee must ensure the following criteria are met:

1. The employee receives prior approval from the principal and ensures the professional learning meets the criteria for Exchange Day credit.
2. The employee accumulates 18 hours of professional learning for Exchange Days and ensures the sessions are reflected in their Strive Professional Learning Portfolio as “approved” by 10 working days prior to the Exchange Day.
3. The employee ensures there is appropriate documentation of attendance at professional learning, e.g., signing in and completion of any surveys at the in-district professional learning or submitting an official certificate of attendance/transcript for outside-of-district professional learning in Strive.
4. The employee tracks Exchange Day credits by checking Strive Professional Learning Portfolio.

Professional Learning will be entered in Strive by:

- District-wide/district level PD will be entered into Strive by the District workshop facilitator.
- Campus-based/campus-initiated will be entered by the Campus Administrator/facilitator.
- Out-of-district will be entered by the employee into Strive.

Are there any penalties for not completing the Exchange Day process?

Since July 30, April 6 and May 26 are paid contract days, eligible staff not completing the hours of professional learning and/or not appropriately entering the hours into Strive before the Exchange Day will be docked state personal leave or, if no personal leave is available, then salary.

Criteria for Exchange Days:

Professional learning approved for Exchange Day credit may vary from campus to campus based on the Campus Improvement Plan (CIP) and District Improvement Plan (DIP) goals. The Administrative Team determines criteria and approves credit for Exchange Days. For 2025-2026, Exchange Day credits must come from the following categories:

- Twelve hours in assigned content area
- Six hours of professional development relevant to the employee’s job assignment

Professional learning eligible for Exchange Days will:

- be completed outside of contract hours (e.g. before/after school, weekends, holiday and summer vacation).
- be data-driven, aligned with CIP/DIP and designed to improve instruction, student achievement or aligned with mandatory training requirements.
- be related to the current assignment.
- be aligned to curriculum standards and/or related to required professional learning.

Questions about Exchange Days, please reach out to your Campus Principal or Jason Valentine.

1. BACKGROUND INFORMATION

HB 2, Article 5 requires the commissioner to adopt lists of reading and mathematics instruments for districts to use at beginning of year (BOY), middle of year (MOY), and end of year (EOY) in kindergarten-grade 3 to measure foundational literacy and numeracy skills. HB 2 permits a school district to comply with the requirements to administer these instruments by administering a reading or mathematics instrument selected by the board of trustees of the school district that meets statutory requirements until the commissioner adopts the list of reading and mathematics instruments.

This was implemented in a very short time frame and the list is incomplete. In the meantime, we are asking you to approve our plan to use assessment instruments that meet statutory requirements, but are not on the list at this time. We will continue to use our CIRCLE Test, NWEA Fluency and MAP for our Dyslexia Screener, BOY, MOY and EOY Assessments.

Dear Dr. Bonewald,

On behalf of the Texas A&M AgriLife Extension Office for Wimberley ISD Staff, we hereby respectfully request approval of the attached Adjunct Faculty Agreement with the Wimberley Independent School District.

The State Board of Education passed an amendment to 19 TACS129.21 (j). Requirements for Student Attendance Accounting for State Funding Purposes allows public school students to be considered "in attendance" when participating in off-campus activities with an adjunct staff member of the school district. Section 3 of the Student Attendance Handbook states:

(1) The student is participating in an activity that is approved by the local board of school trustees and is under the direction of a member of the professional or paraprofessional staff of the school district, or an adjunct staff member who:

(A) has a minimum of a bachelor's degree; and

(B) is eligible for participation in the Teacher Retirement System of Texas.

Hays County requests the agents listed on the enclosed Adjunct Faculty Agreement be considered awarded adjunct staff member status for the period of time indicated on the agreement.

We hope the Wimberley Independent School District will accept this request. Please let us know if you would like to schedule an appointment to discuss the amendment and request or if you need further information.

Thank you and the members of the Board of Trustees for your consideration of this request.

Dear Dr. Bonewald,

On behalf of the Texas A&M AgriLife Extension Office for Wimberley ISD Staff, we hereby respectfully request approval of the attached Adjunct Faculty Agreement with the Wimberley Independent School District.

The State Board of Education passed an amendment to 19 TAC§129.21 (j). Requirements for Student Attendance Accounting for State Funding Purposes allows public school students to be considered "in attendance" when participating in off-campus activities with an adjunct staff member of the school district. Section 3 of the Student Attendance Handbook states:

(1) The student is participating in an activity that is approved by the local board of school trustees and is under the direction of a member of the professional or paraprofessional staff of the school district, or an adjunct staff member who:

(A) has a minimum of a bachelor's degree; and

(B) is eligible for participation in the Teacher Retirement System of Texas.

Hays County requests the agents listed on the enclosed Adjunct Faculty Agreement be considered awarded adjunct staff member status for the period of time indicated on the agreement.

We hope the Wimberley Independent School District will accept this request. Please let us know if you would like to schedule an appointment to discuss the amendment and request or if you need further information.

Thank you and the members of the Board of Trustees for your consideration of this request.
