Briefly, Q Comp is four things . . .

Career Ladder Opportunities

- roles → PLC leaders, mentors, research team, leadership team

Performance Pay/Alternative Salary Schedule

- goals → teacher evaluation, engagement, vocabulary/literacy

Job-embedded Professional Learning

- 180 minutes of Professional Learning Communities/month

Teacher Evaluation

- three year cycle

Since this was our tenth year . . .

- we restructured PLC stipends
- created a “bonus” for new-to-Detroit Lakes teachers, beginning with 2026-27 school year

What plans do we have for 2026-27?

- a. Continue with Question/Answer Relationship (QAR), a single literacy strategy that promotes critical thinking and supports our READ Act training.
- b. Stick with our limited menu of solid engagement strategies.

What plans do we have for 2026-27?

Refocus our PLCs!

July 30, 2026 Jump Start!

How do we know Q Comp is making an impact?

"I did have the opportunity to observe a teacher for 2 classes and 1 after school intervention. He and I have now made the whole cycle. He was once a student of mine a long time ago. He did his student teaching with me during his college years. We taught together and now I am checking out what he is doing to make our program better. He has a variety of new technologies at his disposal. When issues arise, he usually asks the students to figure out solutions. He seems to handle the variation of behaviors better than me.

This year took on a whole new perspective as retirement became more obvious than ever. As the year progressed, I still looked for little ways to change some things to make it different or better. Having one of the best groups of students in several years has made my last year much easier, better and memorable. We worked on some things, added a new twist to others and continued a project we did for the first time ever last year. Another course has been given several more choices when working on projects and we will be adding something new as our final project this year.

As I have said many times before, if it was not for Q comp, there would have been minimal changes throughout the years. As a person who dislikes change, I have come to the conclusion that some change is for the better."

Questions?

Time for one or two;
otherwise, reach out to Renee.

SCHOOL BUS TRANSPORTATION CONTRACT

**Independent School District #22
and
Schultz Garage & Bus Company, Inc.**

2026-2028

THIS AGREEMENT made and entered this 1st day of July, 2026 by and between Independent School District No. 22 of Becker County, Minnesota, hereinafter referred to as "School District", and Schultz Garage & Bus Company, Inc. of Detroit Lakes, Minnesota, hereinafter referred to as "Contractor".

For the consideration herein expressed, Contractor agrees with the School District:

I. CONTRACT DURATION AND GENERAL CONDITIONS

- A. Contractor will transport public and non-public school pupils, as designated by the School Board, over school bus routes numbered **21-32**, or as otherwise specified by the School Board, and to transport students to and from extra-curricular activities or events between schools/sites as specified or requested by the School District.
- B. Unless specifically noted on the attached Exhibit A, Contractor understands and agrees that it does not have an exclusive right to provide transportation services to the District. The District may elect to meet its transportation needs through any combination of contracted services and utilizing its own staff and vehicles.
- C. The term of the contract will be for a period of two school years, commencing on July 1, 2026 and ending on June 30, 2028.
- D. Contractor will provide the District with a current vehicle roster at intervals requested by the District that includes the bus number, year model, chassis make, body make, capacity, and bus mileage for all vehicles used to transport students.
- E. Should the schools of the District be closed for any reason whatsoever, the District will not be responsible for any payments to Contractor during the period of such closing.
- F. Contractor shall not assign or sublet this Agreement or any part of this Agreement without the prior written consent of the District.

II. INSURANCE AND ACCIDENT REPORTING

- A. Contractor agrees at its sole expense to procure and keep in force during the entire period of this Agreement automobile, general, and umbrella liability insurance coverage covering all operations, locations, vehicles, and employees used in the performance of this Agreement. The District shall be named as an additional insured under these policies. Such insurance must specifically include a provision

to defend, indemnify, and hold harmless the District. The minimum required limits of insurance are as follows:

1. \$1,000,000 single limit for bodily injury and property damage liability;
2. \$1,000,000 Commercial General Liability Insurance
3. \$4,000,000 Umbrella Liability; and
4. Workers' Compensation at statutory limits.

- B. Contractor will provide the District with copies of its insurance certificates prior to commencement of service, and annually thereafter no later than July 1. Failure to maintain required insurance at all times will be considered a material default under this Agreement and will entitle the District to immediately terminate this Agreement without further liability. The insurance company utilized by Contractor must have a minimum A.M. Best Rating of A and be licensed to do business in the State of Minnesota. Insurance certificates provided by Contractor must clearly show the District named as an additional insured, and it must further provide that the policy shall not be canceled, nonrenewed, or materially changed so as to effect the insurance described until sixty (60) days' notice of such action has been delivered to the District.
- C. In the event of an accident, a verbal report shall be made immediately to the District. A written accident report disclosing all information relating to the accident and any other possible pertinent information requested by the District will be submitted to the District as soon as possible and by no later than two working days of the accident.

III. INDEMNIFICATION

- A. Contractor will defend, indemnify, and hold the District, its School Board, officers, employees, agents, insurers, and attorneys harmless from and against any and all claims, demands, claims, causes of action, or liabilities which may be made by any person, firm or corporation, or other entity arising in any way out of this Agreement or the transportation services provided by Contractor or its employees, agents, independent contractors, or subcontractors or because of any act or omission, negligence, or misconduct of Contractor or its employees, agents, independent contractors, or subcontractors. Contractor's obligations under this Paragraph will not extent to any claim or demand that solely arises from or is caused solely by the gross negligence or willful conduct of the District, its employees, or agents.
- B. To the extent permitted by law, the District will defend, indemnify, and hold Contractor, its officers, employees, agents, successors and assigns harmless from and against any and all claims, demands, claims, causes of action, or liabilities solely arising from or solely caused by the gross negligence or willful conduct of the District, its employees, or agents.

IV. BUS DRIVERS

- A. Contractor must employ a sufficient number of qualified drivers and support personnel to provide the District of continuous and reliable service at all times during the term of this Agreement. Contractor will provide qualified drivers,

trained and licensed in accordance with the laws of Minnesota and the rules and regulations of District. Contractor's bus drivers and other staff providing services pursuant to this Agreement will not be considered employees of the School District for any purpose. Contractor will be solely responsible for hiring, disciplining, and discharging its bus drivers and other staff.

B. Contractor agrees that each driver will:

1. Possess a valid license issued by this State authorizing such person to operate a school bus.
2. Be certified by a duly licensed medical practitioner as medically qualified and free of medical or physical conditions, which, absent reasonable accommodation, would limit safe operation of a school bus. The physical examination shall be conducted in accordance with applicable law prior to employment and periodically thereafter as required by law.
3. Successfully complete a course of training, including instruction in school bus safety, student discipline, human relations, behind-the-wheel school bus driving instruction, defensive driving, first aid, use of fire extinguisher, traffic laws, and applicable District policies and regulations.
4. Possess a satisfactory driving record and criminal history record, after review of such records prior to employment and periodically thereafter to the extent permitted or available by law. At a minimum, Contractor's procedures for criminal background checks must be consistent with the requirements for the District's own employees set forth in Minnesota Statutes section 123B.03.
5. Prior to employment and from time to time thereafter, to the extent permitted by law, undergo such tests as may reveal, within a reasonable degree of medical or scientific certainty, the presence or absence of drugs or controlled substances in the body. Negative findings for such tests shall be a condition of employment to the extent permitted by law.
6. Satisfy all applicable requirements of State and Federal regulators in rendering transportation services regulated by such agencies.
7. Meet any other criteria required by State or Federal law, or by District's policies, rules, or regulations.
8. Contractor will provide the District with sufficient documentation to verify that all drivers have satisfied the requirements above before they begin providing services pursuant to this Agreement and at other times requested by the District. The District will have access to any and all driver records upon request.

C. Contractor will hold each driver responsible for:

1. Supervising the loading and unloading of his or her bus at every pick-up and delivery point.
2. Keeping informed of all rules and regulations affecting the operation of school buses and standards of conduct.
3. Complying with all federal, state and local traffic laws while operating buses.
4. Carrying appropriate identification at all times while on duty.
5. Carrying a time piece while on duty so that the driver can maintain

established schedule times.

- D. Contractor shall maintain an orientation and instruction program that drivers must complete before they are allowed to drive while students are on board, which must be sufficient to ensure a driver is able to safely operate the type of school bus the driver will be driving, and must include training on:
 - 1. Emergency procedures.
 - 2. Student and behavior management procedures approved by the District, including issues relating to students with disabilities.
 - 3. Relevant laws, rules of the road, and local school bus safety policies.
 - 4. Student loading and unloading procedures.
- E. As part of its training program, Contractor will require all bus drivers to attend at least one county or regional school bus driver's instruction workshop per year, which may be used to satisfy some of the subject-matter requirements set forth above.
- F. Contractor must take reasonable steps to prevent its employees from exposing any student to impropriety of word or conduct. Contractor will not permit its drivers to smoke on the bus nor to drink any intoxicating beverage or be under the influence of drugs or alcohol while operating any bus. Contractor shall have appropriate processes to monitor and prevent the use of prescription and non-prescription drugs that impair the safe operation of the bus, which must include a drug and alcohol testing program to be conducted in accordance with applicable state and federal law.
- G. Contractor is responsible for hiring and discharging personnel employed by Contractor to perform its obligations under this Agreement; provided, however, that District shall have the right to require Contractor to remove from service under this Agreement any employee who, in District's sole discretion, is deemed unsuitable for the performance of transportation services for District; and provided further that District shall make such request in writing and state the reasons therefore.

V. ESTABLISHMENT OF ROUTES

- A. Consistent with Minnesota Statutes section 123B.88, subdivision 1, the School District will make final decisions on the establishment of bus stops, routes and route schedules in its sole discretion and as needed in order to best meet its student transportation needs. Upon the School District's request, Contractor will provide the School District with assistance in establishing bus stops, routes, and route schedules in accordance with the parameters set forth in School Board Policy 709. Contractor's assistance will at all times be subject to the School District's review and final approval.
- B. Routes will be established in a manner that prevents students from being on a bus for an unreasonable amount of time. All routes and mileage must be approved in writing by the District's Transportation Coordinator or designee.
- C. The District strives to ensure that individual students do not ride the bus for more than ninety (90) minutes when traveling to or from school unless unusual

- circumstances require a longer bus ride.
- D. The District reserves the right to make such changes in bus routes and schedules that are necessary to ensure the most cost-effective and efficient transportation services. The District will provide at least ten (10) days' written notice to Contractor in the event it exercises its right to change or alter bus routes or schedules. Contractor shall not be entitled to additional compensation in the event of a change to a bus route or schedule, and will not be compensated for any routes that are not actually run in the event the District decides to eliminate one or more routes.
 - E. Upon the District's request, Contractor will provide all data in its possession regarding the District's bus routes, bus stops, bus schedules, and route mileage. The parties agree that such data is maintained for the benefit of serving the District and its students and may not be withheld by Contractor on the basis that it is proprietary or for any other reason.
 - F. Contractor and the School District will work collaboratively to determine bus stop locations, subject to the School District's right to make a final decision. All students will be picked up on public roads in a safe location provided the road is in suitable condition for bussing and there are adequate turn-around areas when needed. Bus stop locations will be determined in accordance with School Board Policy 707 and as directed by the District's Transportation Coordinator. In the event Contractor has concerns about whether a road is safe for travel in inclement weather conditions, Contractor will notify the School District of its concern. The School District will review Contractor's concern and will attempt to work collaboratively with Contractor to resolve the issue. If the parties cannot agree on whether the road is safe for travel, the School District will make a final decision about whether Contractor will be required to use the road for student transportation. Contractor may not unilaterally decide not to drive on a road. If a road is deemed unsafe due to weather conditions, the School District will determine how to communicate the decision to affected .
 - G. Contractor is strictly prohibited from allowing transportation on school buses to passengers other than students attending the public schools, those attending non-public schools, or those authorized by Minnesota law and District policy. The District's Transportation Supervisor will approve who may ride buses and will determine eligibility requirements as provided by Minnesota law and District policy.
 - H. The District may run a mock disaster drill each year. Contractor and the District will collaborate to conduct the drills in the most efficient manner. Contractor will assist the District in conducting one mock disaster drill each year at no additional cost to the District.

VI. VEHICLE REQUIREMENTS AND REPLACEMENT SCHEDULE

- A. All Type C and D vehicles operated by Contractor will be subject to the following replacement schedule:
 - 1. Gas conventional (Type C): 12 years or 200,000 miles
 - 2. Gas transit (Type D): 12 years or 200,000 miles
 - 3. Diesel conventional (Type C): 12 years or 200,000 miles
 - 4. Diesel transit (Type D): 12 years or 200,000 miles

- B. Type A school buses will be replaced on the same schedule as Type C buses. No buses older than 12 years will be used on a regular route and no buses older than 15 years will be used as a spare. Upon Contractor's request, the District may approve, in writing, exceptions to this general replacement schedule on an individual bus basis upon consideration of factors such as the mileage, age, and overall condition of the vehicle if the vehicle may continue to safely and reliably transport students. Exceptions will be approved in the District's sole discretion. All vehicles used by Contractor must pass an annual fall inspection by the District's Transportation Supervisor and are subject to all required inspections by the Minnesota State Highway Patrol. Used buses to be utilized by Contractor for the 2026-2027 school year must be inspected by the Highway Patrol on or before August 23, 2026.
- C. The District reserves the right to require Contractor to replace any bus during the term of this Agreement if the District reasonably determines that the bus is not in a condition to safely and reliably transport students. Upon request, Contractor will provide documentation of a vehicle's mileage, route and assignment history, inspection records, and maintenance history.
- D. All buses utilized by Contractor must be equipped as provided by law. In addition, all buses must be equipped with video surveillance equipment, which will include at least three interior cameras. Contractor will provide video footage from a bus to the District as soon as possible, which generally will be considered to be within twenty-four (24) hours unless circumstances legitimately require a longer response time.
- E. All buses must be identified and numbered as a school bus pursuant to applicable State and District requirements. If Contractor uses a bus for passenger transportation that does not involve student transportation services provided pursuant to this Agreement, Contractor must cover up numbering and school bus identification used for District transportation.
- F. Contractor must service all vehicles at regular intervals pursuant to manufacturer recommendations. Both the interior and exterior of all vehicles used to transport District students must be kept in a clean condition suitable for transporting students at all times. All vehicles used to transport District students must be swept daily.
- G. Contractor will provide heated facilities for storing vehicles at a temperature that is above freezing (32 degrees Fahrenheit). Heating equipment must be properly functioning in buses at all times. Contractor may not store any vehicle used to transport students in an environment that is not heated without the District's prior written approval.
- H. If Contractor is operating six (6) to eleven (11) buses to serve the District, Contractor must have at least one (1) spare bus of not less than a sixty (60) passenger capacity. If Contractor is operating eleven (11) to twenty (20) buses to serve the District, Contractor must have at least two (2) spare buses of not less than a sixty (60) passenger capacity. Contractor must have at least three (3) spare buses of not less than a sixty (60) passenger capacity when operating twenty (20) or more buses to serve the District.
- I. Contractor must develop and implement a system consistent with industry best practices for responding to road failures or bus breakdowns while providing transportation service, which must include sufficient personnel and equipment to promptly restore service as soon as possible in the event of a breakdown or road failure.
- J. Contractor must operate a single dispatching center, at a site to be chosen by

Contractor. The dispatching center must be available by telephone at all times during the actual operation of buses, and must have reasonable operating hours to provide satisfactory customer service to the District and the families of students who utilize District transportation. All buses assigned to a regular route must be radio equipped on a narrow band frequency.

VII. MANAGING STUDENT BEHAVIOR

- A. The ultimate responsibility and authority to discipline any student for behavior on the bus will rest with the District. Contractor's drivers will be responsible for managing student behavior only to the extent required to safely and properly operate Contractor's buses. Each driver will handle all student behavior matters strictly in accordance with District policy.
- B. In no case will a driver eject a student from the bus without the District's prior written approval. A driver must report all student behavior problems to the District's designee, in writing, following completion of a route using the District's established reporting procedure. Procedures for addressing student behavior on buses will be established by the District in its sole discretion.
- C. Vandalism or damage to Contractor's equipment or facilities shall be the sole responsibility of Contractor. The District shall give Contractor reasonable assistance in obtaining restitution for damaged equipment or facilities. Contractor may refuse to provide a student with transportation services until vandalism damage caused by a student is paid in full, with prior written permission from the District.
- D. Except in emergency situations requiring immediate intervention from law enforcement, Contractor will not contact law enforcement about a student behavior issue without first discussing the student's behavior with the School District.

VIII. RECORDKEEPING AND REPORTING

- A. Contractor must provide those reports and records, which may be reasonably requested by District and necessary for proper payment, for evaluation of Contractor's performance or for state and District reporting hereunder. Reports and records may include, but are not limited, to bus inspection and maintenance records; accident reports; road failure reports; student behavior reports; monthly or yearly mileage, hour or route reports; bus ridership reports; driver qualification records; and fuel purchasing records. Contractor must supply all information necessary for the District to claim state aids for transportation from the Minnesota Department of Education and/or to file reports required by the Minnesota Department of Education as it relates to the transportation of students.

IX. CONTRACT RATES AND PAYMENT

- A. Contractor will be compensated for its services as provided in the attached Exhibit A.
- B. Contractor will be solely responsible for purchasing the fuel necessary to provide services pursuant to this Agreement. When the price of fuel, including all taxes, exceeds the amounts stated below, Contractor will bill the District for fuel costs the difference between Contractor's actual fuel costs and the amounts stated below. Contractor's invoice must include a copy of the fuel invoice showing the cost it paid for fuel, the date of purchase, and the amount and type of fuel purchased.

Only fuel used for the transportation of students may be billed to the District pursuant to this escalator provision. This Paragraph will apply when the cost of fuel exceeds the following amounts:

	<u>2026-27</u>	<u>2027-28</u>
Gasoline:	\$4.10/gallon	\$4.10/gallon
Diesel:	\$4.10/gallon	\$4.10/gallon
Propane:	\$3.10/gallon	\$3.10/gallon

- C. All billing by Contractor must be submitted to the District within fifteen (15) days of the end of the month in which services were rendered or payment will not be made by the District. For instance, the last date Contractor may bill the District for transportation services in the month of October will be November 15.
- D. The District will pay Contractor on or about the 5th working day of each month if Contractor submits an invoice by the end of the business day of the 1st working day of the month. If an invoice is not received by the 1st working day of the month, the invoice will be included in the regular claims submitted to the School Board at the next available regular School Board meeting. The District will process payment the next business day following the regular Board meeting.

X. PENALTIES AND TERMINATION

- A. The District reserves the right to withhold payment if Contractor is not providing services to the satisfaction of the District.
- B. The District may terminate this Agreement at any time with one (1) months' written notice if any of the following events occur:
 - 1. Contractor fails to comply with any of the terms or conditions of the Agreement and fails to cure its non-compliance within thirty (30) days after the District provides written notification of Contractor's non-compliance; or
 - 2. The District, in its sole discretion, determines that Contractor is in any way unfit, unqualified, or unable to perform all of the transportation needs of the District under this Agreement.

XI. MISCELLANEOUS

- A. The District and Contractor will work together to develop a program of ensuring that students are aware of the rules and regulations of school bus ridership and for conducting evaluation drills. Student training sessions and evacuation drills will be held during the year at locations and times identified by the District.
- B. Contractors must comply at all times with applicable provisions of State and Federal laws and regulations relating to student transportation. Contractor must also comply with the School District's adopted transportation policies and regulations.
- C. The District strictly adheres to Minnesota Statutes section 181.59, which prohibits discrimination on account of race, creed, or color in the performance of any work required under a contract. Contractor must not unlawfully discriminate against any employee or applicant for employment because of race, color, creed, religion, gender, national origin, sexual orientation, disability, age, marital status, public assistance, or any other legally protected class status. To the extent permitted by

law, Contractor will take affirmative action to ensure that applicants are employed and that employees are treated equally during employment, without unlawful discrimination because of their race, color, creed, religion, gender, national origin, disability, age, marital status, sexual orientation, public assistance status, or other protected class status. Contractor shall also comply with any applicable federal or state laws regarding nondiscrimination.

- D. In the event of act(s) of God, fire, riot, war, picketing, civil commotion, strikes, labor disputes, lack of fuel, health pandemic, Federal, State, or local government order preventing the District from engaging in in-person instruction, or any other condition closing down the school except for closures based on inclement weather or impassibility of roads, the District may, at its sole discretion, excuse Contractor from performance of the transportation services it determines are no longer necessary and/or terminate the contract, or shall have the right to assume the operation of such buses, with District employees or other persons as the District may deem appropriate. In the event that the District determines that some or all of Contractor's transportation services are not necessary due to a condition outlined in this Paragraph, Contractor shall be compensated only for transportation services the District determines are necessary and are actually provided by the Contractor.
- E. In the event any party asserts that a provision of this Agreement is ambiguous, this Agreement must be construed to have been drafted equally by the parties.
- F. This Agreement is governed by the laws of the State of Minnesota. The parties agree that the Minnesota state and federal courts will have exclusive jurisdiction over any dispute arising out of this Agreement. If a court determines that any part of this Agreement is unlawful or unenforceable, the remaining portions of the Agreement will remain in full force and effect.
- G. This Agreement constitutes the entire agreement between the parties relating to the transportation services Contractor will provide the District. No party has relied upon any statements, promises, or representations that are not stated in this Agreement. No changes to this Agreement are valid unless they are in writing and signed by all parties. A copy of this Agreement has the same legal effect as the original.

506 - K-12 DISCIPLINE AND VIOLENCE PREVENTION POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statute section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

A. A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.

[NOTE: The 2024 Minnesota legislature enacted this provision, which does not require a school board to adopt policy language. School districts may determine whether to adopt policy language.]

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:

- a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or

- b. kindergarten through Grade 3.

2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and

federal law for a student receiving special education services.

3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during the dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child

abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than 10 (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days.s. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statute section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statute section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under

Minnesota Statutes chapter 260C.

9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's

records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on the website.

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon the which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and

recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statute section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statute section 120B.232, Subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain- parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal

action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary discipline practices, or other sanction, intervention, or resolution in response to the assault given to the pupil in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statute Chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statute section 124D.03) or Enrollment in Nonresident District (Minnesota Statute section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek

corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

601 SCHOOL DISTRICT CURRICULUM AND INSTRUCTION GOALS

~~*[Note: Minnesota Statutes section 120B.11 requires school districts to adopt a comprehensive long-term strategic plan that addresses the review of curriculum, instruction, student achievement, and assessment. MSBA/MASA Model Policies 601, 603, and 616 address these statutory requirements. In addition, MSBA/MASA Model Policies 613-615 and 617-620 provide procedures to further implement the requirements of Minnesota Statutes section 120B.11.]*~~

II. GENERAL STATEMENT OF POLICY

 2. student performance on the Minnesota Comprehensive Assessments;
 3. high school graduation rates; and
 4. career and college readiness under Minnesota Statutes section 120B.30, Subdivision 1.

graduate from high school.

~~[Note: Definitions B, D, F, and H are added to Minnesota Statutes 120B.11—the World’s Best Workforce law—effective August 1, 2023. The definitions apply to revisions to the World’s Best Workforce law regarding strategic plans; these revisions are effective “for all strategic plans reviewed and updated after June 30, 2024.”]~~

~~Because school districts may choose to implement the new definitions and the strategic plan revisions before June 30, 2024, MSBA includes the new definitions and revisions in Articles III and IV. A school district could choose to wait to adopt the new definitions and revisions with the understanding that they will be effective for all strategic plans reviewed and updated after June 30, 2024.]~~

Date Revised: 07/14/03, 11/09/09, 02/13/17; 1/13/2020, 11/28/22, 04/22/24, 5/19/25, <u>07/27/26</u>	

902 - RENTAL POLICY - BUILDINGS & FACILITIES

The Detroit Lakes Public Schools (DLPS) wishes to encourage the full use of the educational facilities, when they are not being used by students or staff, by making its facilities available to organizations, associations, and individuals of the community for civil, cultural, welfare or recreational events that are in the best interest of the school system.

The purpose of this policy is to define the use of DLPS facilities.

I. ADMINISTRATIVE RESPONSIBILITY

- A. The Director of Finance & Operations or his/her designee shall approve scheduling of DLPS facilities and equipment. All requests for facility use must be submitted electronically or in hardcopy format.
- B. Facility/equipment usage should be scheduled one (1) week by DLPS employees or four (4) weeks by non- DLPS groups/individuals prior to the event, but not to exceed one calendar year in advance. The Director of Finance & Operations or designee may alter the scheduling timeframe.
- C. Facility reservations will be assigned first come, first served. The only exception is DLPS sponsored events that come up and cannot be scheduled to another date, time or location. If this happens, the permit holder will be contacted immediately and offered to change to an alternate date, time or location. If an event is rescheduled, there will be no monetary reimbursement.
- D. A building may not be occupied by any group unless a qualified custodian is present. The head custodian of the building being used will be responsible for assigning a custodian to work during the scheduled event that is not held during the regularly scheduled hours of the custodial staff. The custodian on duty will supervise the operation of the physical plant and shall not be required to supervise groups or events. There will be no additional fee for custodial staff being present under either of the following conditions:
 - i. The event is held during the regularly scheduled hours of the custodial staff, and clean-up after the event did not result in the custodian accruing overtime.
 - ii. A DLPS employee has requested to be used in lieu of a custodian by signing the section on the *Facility Permit Request*, and the request has been approved by the Director of Finance & Operations or designee.
- E. A facility rental request has a planned attendance of greater than 100 people; the Director of Finance & Operations may require the presence of a DLPS employee to provide direct supervision of the event. There will be no additional fee for supervision staff being present under the following condition:
 - i. A DLPS employee has requested to be used in lieu of a supervisor by signing the section on the *Facility Permit Request*, and the request has been approved by the Director of Finance & Operations.

II. USAGE/PERMIT PROCEDURE

- A. Prior to using District facilities, every non-DLPS group/organization and individual must complete the *Facility Permit Request* found on the last two pages of this policy and submit it to the Director of Finance & Operations or designee. Facility/equipment usage should be scheduled one (1) week by DLPS employees or four (4) weeks by non- DLPS groups/individuals prior to the event, but not to exceed one calendar year in advance. The Director of Finance & Operations or designee may alter the scheduling timeframe.

- B. The individual/organization making the request is responsible for all fees assessed for the event.
- C. Every permit request for the use of DLPS facilities shall state the general nature and purpose of the event. Permits will be issued only for the dates, hours, areas and equipment specified.
- D. A permit will not be granted for any use that in the judgment of DLPS administration may conflict with the mission of the DLPS or for which satisfactory sponsorship or adequate adult supervision is not provided.
- E. Once a permit is granted to an organization or individual, facilities shall be used strictly for the purpose for which the space was requested. Permit holders may not transfer or sublet the permit to another organization or individual; doing so nullifies an approved permit.
- F. DLPS administration may cancel a permit effective immediately, if, in its judgment, continuation would be potentially harmful, dangerous, or the program or participants' actions are not of a moral standard equivalent to that generally accepted by the community.
- G. All rentals of facilities will be coordinated with the building principal and/or the Activities Director in order to assure the availability of facilities requested.
 - i. Events are scheduled on a first-come-first-serve basis. However, DLPS events shall always have priority, and contracted rented facilities have priority over unscheduled DLPS staff use.
 - ii. All athletic camps/clinics are to be pre-approved by the Activities Director prior to submittal to the Director of Finance & Operations for reserving facilities.
 - iii. Camps or clinics that are neither appropriately routed the process listed in subsection (ii) nor approved by the Activities Director are not construed to fall under the control of the School Board, and therefore, will be subject to rental fees and will not be covered by the DLPS insurance program.
- H. Once the *Facility Permit Request* is approved, the event will be entered into the DLPS facility calendar.
- I. A copy of the reservation with the permit number will be provided to the policy holder either as a hard copy or electronic document. This document in either form must be with the permit holder during the event at the DLPS facility.

2026-27 Budget

This document includes the Detroit Lakes Public Schools initial budget for the upcoming 2026-27 school year. The budget is primarily driven by the Average Daily Membership (ADM). The ADM is a yearlong moving average based on the number of students served by the District at reporting times set by the Minnesota Department of Education. Many factors can come into play such as difference in class size of the outgoing senior class and incoming kindergarten class, changes in open enrollment, change in pre-kindergarten enrollment, student mobility, and the year to year retention ratios. The projected district ADMs for 2026-27 are based on kindergarten registration numbers, as well as past enrollment trends. We are predicting a kindergarten class size of 170 students in 2026-27.

In addition to ADMs, the initial budget for 2026-27 has been prepared based on planning parameters such as employee compensation increases, liability and workers' compensation insurance cost projections, changes in special education funding, general education formula changes, and other updates to anticipated revenues/expenditures.

UNASSIGNED GENERAL FUND

Unassigned General Fund is projected to have a deficit of \$251,219. This budget reflects estimated revenues of \$36,890,004 and expenditures of \$37,141,223 with a projected year-end fund balance of \$6,641,450.

Revenue changes include increases to the general education formula aid & levy. The General Education formula revenue was increased \$202 (2.69%) to \$7,683 per student. The District's Average Daily Member (ADM) was estimated at 2,632 (2,887 Pupil Units) for the 2026-27 budget. Student projections are based on historical grade by grade progression, incoming kindergarten class size and the latest demographic information. The kindergarten class is estimated at 170 students. From the recently completed legislative sessions, we see decreased funding for summer unemployment costs and compensatory revenue, but some changes in funding for special education programming.

Expenditure changes include an increase in contracted services, maintaining appropriate staffing levels, continued mental health services, increases of salary (including fringe benefits), and operation costs of District buildings.

OPERATING CAPITAL FUND

Restricted Operating Capital is projected to have a deficit of \$395,000. The budgeted expenditures of \$1,145,000 include significant costs associated with curriculum updates, technology equipment and routine building equipment/site improvements.

Restricted Long Term Facilities Maintenance Revenue (LTFM) is projected to have a surplus of \$15,029. The budgeted expenditures of \$705,000 include expenditures related to the District's annual Health and Safety program, a building exterior project at Rossman Elementary, and various deferred maintenance projects at all sites.

CUSTODIAL FUND

The Custodial Fund is projected to be revenue and expenditure neutral with a year-end fund balance of \$17,829. The fund records fiduciary activities by acting as a flow through mechanism for revenue and expenditures from outside organizations not resulting in a financial benefit to the District.
