Orlando, Florida – Baseball & Softball

-Melissa Brandenburg, Varsity Head Softball Coach

This past Spring Break, our Baseball and Softball programs traveled to Orlando through KSA for a successful and memorable spring training experience. The trip provided student-athletes with opportunities for athletic competition, team bonding, leadership development, and positive relationship building outside of the classroom and regular season environment.

Softball Program Highlights: @stanthonys softball

The softball program traveled with 15 student-athletes and participated in:

- Four unofficial games against high school teams from the East Coast
- Team-building activities throughout the week
- Recreational opportunities at the various Universal Orlando Resort parks
- Use of resort amenities and organized group activities

The experience allowed players to compete against unfamiliar opponents while strengthening communication, trust, and team chemistry.

Baseball Program Highlights: @savhsbaseball

The baseball program traveled with 25 student-athletes and participated in:

- Two varsity unofficial games
- Two junior varsity unofficial games
- Four days at Universal Orlando Resort
- A team visit to Cocoa Beach
- A team dinner at Fogo de Chão Brazilian Steakhouse
- Numerous team-building opportunities throughout the trip

Players benefited from valuable time together outside of competition, helping strengthen program culture and relationships across grade levels.

Overall Trip Success

The trip was extremely successful for both programs. All travel, lodging, scheduling, and activities went smoothly, and the experience was enjoyed by all participants. Beyond athletics, the trip provided meaningful opportunities for students to:

- Develop leadership skills
- Strengthen teamwork and communication
- Build positive peer relationships
- Represent our school community in a positive manner

The coaching staffs appreciate the continued support of the school board, administration, families, and community members who help make experiences like this possible for our student-athletes.

Fiscal Year 2026-27 Initial Budget Assumptions

May 19, 2026

Revenues:

- **Student Enrollment:** We are projecting 1,900 students for the district’s enrollment, which includes 10 ECSE and 1,890 K-12. We are also projecting a negative adjustment of 60 ADM due to students participating in the Post Secondary Enrollment Options program. As a result, 1,840 ADM will be used for the 2026-27 budget.

Grade Level	Oct 1, 2025 Enrollment	2026-27 Enrollment Target	2026-27 Enrollment Budget
K-5	708	710	689
6-8	448	450	444
9-12	762	800	757
ECSE	7	10	10
PSEO Adj	-61	-60	-60
Total	1,864	1,902	1,840

- **General Education Basic Funding:** MN Statutes 2024, section 126C.10, subdivision 2 sets the general education formula allowance based on the actual Consumer Price Index (CPI). The final adjusted allowance will increase by 2.69% from \$7,481 to \$7,683 per Adjusted Pupil Unit (APU). Pupil units are calculated using a weighting factor of 1.0 for ECSE, kindergarten through 6th grade, and 1.2 for grades 7-12. The estimated basic general education revenue for 2026-27 is \$15,662,564 ($\$7,683 \times 2,038.6$ APU).
 - Component 1
 - Component 2
 - Component 3
 - Component 4
- **Special Education Aid:** The district special education aid for FY2027 is estimated based on this year’s estimated expenditures. Total special education aid projected next fiscal year is \$4.5 million, with approximately \$1.06 million for special education

transportation. This estimate will change when we have a better projection of this year's expenditures.

- a. *Component 2*
- **Operating Referendum Levy:** The operating referendum levy remains at \$2,543.86 per APU, generating \$5,743,810 in revenue. However, the total levy revenue for next fiscal year is projected to be 4% lower than the current year's budget due to prior year adjustments.
 - a. *Component 1*
 - b. *Component 3*
 - c. *Component 4*
- **Capital Projects Referendum Levy:** The approved capital projects referendum levy revenue for 2026-27 is \$1,055,082. This revenue will be spent on technology and curriculum needs.
- **Professional Development:** The district will continue to set aside 2% of the basic general education state revenue for staff development. This amounts to approximately \$313k for 2026-27.
 - a. *Component 2*
- **Achievement and Integration Program:** The district submitted a 2-year (FY2026-27 and FY 2027-28) application and budget to MDE in March. The FY27 initial revenue for this program is \$299k.
 - a. *Component 2: A & I*
- **Federal Grants:** The district will continue to receive ESEA (Title I, II, III, and IV) and Federal Special Education Grants in 2026-27.
 - a. *Component 2: Title*
- **ADSIS:** This is the 2nd year of the approved School Fiscal Year 26-27 program, and the district will continue to receive funding for the ADSIS program.
 - a. *Component 2: ADSIS*
- **Local Sources:** Increase interest income for FY27 because more interest earnings are received this year.
 - a. *Component 1*
 - b. *Component 3*
 - c. *Component 4*
- **EL Cross-Subsidy Aid:** Starting in fiscal year 2026-27, districts will receive 25% of the district's EL cross-subsidy. FY26-27 EL cross-subsidy aid will be calculated based on

the FY2024-25 district's cross-subsidy expenditures. We are expecting to receive \$32k in EL cross-subsidy aid.

- a. *Component 2*
- **Compensatory Aid:** The total preliminary compensatory or basic skills revenue for FY26-27 is \$716k. \$55k of this revenue is allocated to Community Education (Fund 04) for early childhood education programs.
 - a. *Component 1*
 - b. *Component 2*
 - c. *Component 3*

Expenditures:

- **Staffing:** Due to an increase in students requiring special education services, administration would like to increase 2 .1 FTE to special education.
 - a. *Component 1: Cross Subsidy*
 - b. *Component 2: Special Education, MA Billing*
- **Salaries:** Salaries for all employees will be budgeted according to the terms of settled bargaining unit contracts. For contracts that are not yet settled, the budgeted salaries will align with the parameters established by the School Board.
 - a. *Component 1: teachers, counseling/guidance, principals/APs*
 - b. *Component 2: Special Education teachers/paraeducators/administrators, interventionists, EL teachers*
 - c. *Component 3: Athletics and Activities, contracted services (such as NYFS)*
 - d. *Component 4: Administration, Facilities, Food Service, Health Services*

 - a. *Component 1: teachers, counseling/guidance, principals/APs*
 - b. *Component 2: Special Education teachers/paraeducators/administrators, interventionists, EL teachers*
 - c. *Component 3: Athletics and Activities*
 - d. *Component 4: Administration, Facilities, Food Service, Health Services*

 - a. *Component 4: Facilities*
- **Purchased services:** Budgeting for purchased services contracts will be based on the terms of the negotiated agreements.
 - a. *Component 1*
 - b. *Component 2*
 - c. *Component 3*

d. Component 4

- **Other expenditures:** Expenditures not indicated above will be increased by the same percentage as the general education formula allowance increase.

1	Building Staffing Allocations	This component represents the majority of school district funding. The first step in creating these allocations comes from the school board's approval of grade level budget enrollment targets. Building Staffing Allocations are then determined by district administration, and each building is required to operate within these allocations and established frameworks. This component funds 100% of the general education program (e.g., classroom teachers, principals). While the district determines the allocation and funding levels, principals are responsible for staff recruitment and placement. Alternative terms for the Building Staffing Allocations component include: Base and Tier 1 programming.	109.97	\$11,854,946	41.23%	109.50	\$12,140,383	113.00	\$7,440,508	40.31%	110.12	\$12,637,633	39.75%
2	Planned Program Staffing	Allocations within this component are program-specific. The district and program managers collaboratively determine the allocation type and staffing requirements for each program. These allocations support specialized educational programs (e.g., ADSIS, A&I). This staffing is supplemental to the general education program and cannot replace general education staffing as many of the funds are restricted. Alternative terms for the Planned Program Staffing component include: Tier 2, Tier 3, specialized, and specific programming.	74.36	\$7,973,940	27.73%	78.77	\$8,536,268	72.96	\$5,021,597	27.21%	75.73	\$9,165,162	28.83%
3	Ancillary Programs	Allocations in this component are designated for programs outside of the K-12 classroom setting. Staffing allocations for Ancillary Programs are determined based on prior Schedule C and current Schedule D criteria. These programs encompass student programs such as PSEO and CIS. Funding for these programs often involves a combination of fees and general fund cross-subsidies. Alternative terms for the Ancillary Program component include: Co-curricular and enrichment programs.	5.43	\$1,254,528	4.36%	5.34	\$1,192,211	5.14	\$794,550	4.30%	5.09	\$1,315,594	4.14%

**Memo to the School Board re: Facility rentals memorandum
May 19th, 2026**

This memorandum serves as a recommendation regarding proposed district facility fee changes currently under consideration.

District facilities are publicly funded community assets and decisions regarding access and fee structures should balance fiscal responsibility with the district's commitment to community partnership, equitable access, transparency, and public stewardship.

Additional review is warranted to assess:

- Financial and operational impacts on community organizations, youth programs, and families
- Alignment with district policies, community education objectives, and public access expectations
- Consistency, transparency, and equity in fee assessment practices
- Appropriate implementation timelines for organizations operating on annual budgeting and programming cycles

Further, based on public doctrine review and legal counsel opinion, the district should evaluate consideration of a nominal, consistently applied facility fee structure across user groups to support equitable access practices and reduce the risk of inconsistent or preferential fee treatment.

Prior to implementation of any fee modifications, further consideration should be given to:

- Advance communication to affected stakeholders
- Opportunities for public input and feedback
- Clear rationale and supporting cost analysis
- Reasonable transition and implementation timelines

Accordingly, it is recommended that the district pause implementation while conducting further community impact assessment and stakeholder engagement.

A deliberate, transparent, and legally grounded process will better support responsible fiscal management while reinforcing the district's longstanding commitment to community partnership and public access to district facilities.

ATTORNEY-CLIENT PRIVILEGED

Re: Free Use of School District Facilities by Non-Profit Organizations and Compliance with Minnesota's Public Purpose Doctrine

Dear Dr. Corneille:

You recently requested our legal opinion on whether Independent School District No. 282 (St. Anthony-New Brighton Public Schools) (the "School District" or "District") may lawfully permit private non-profit organizations to use its facilities for no charge or fee without violating Minnesota's Public Purpose Doctrine. Set forth below is our response to your inquiry.

BACKGROUND

The School District has a practice of allowing St. Anthony Village-based nonprofit organizations to use the School District's athletic facilities, fields and spaces without charge. For example, St. Anthony Sports Boosters (the "Boosters")¹ and the St. Anthony Village Soccer Club (the "Soccer Club") are both non-profit 501(c)(3) charitable organizations that frequently use School District facilities without charge. Both non-profits charge participants registration fees and other costs. The monies collected are used to cover operational expenses.

¹ According to its bylaws, the purpose of the Boosters is to "provide and support a well-rounded program of athletic and community services and thereby enhance the physical and mental development of our youth."

Wendy Webster, the District's Director of Community Services, has advised that Boosters and the Soccer Club generally use the District's facilities outside of regular school hours; typically from 6:00 o'clock p.m. to 10:00 o'clock p.m. during weekdays and from 8:00 o'clock a.m. to approximately 4:00 o'clock p.m. on weekends.

On the other hand, community groups who do *not* have "non-profit" status are charged a fee to use School District facilities. One rationale for this differential treatment is that the City of St. Anthony Village does not offer recreational or athletic offerings to community youth. Organizations such as the Boosters and the Soccer Club fill that void. Accordingly, they should enjoy a somewhat more favorable status.

Recently, discussions have ensued as to whether it is legally permissible for the School District to impose user fees on some private organizations but allow community-based nonprofit organizations like the Boosters and the Soccer Club to utilize School District facilities for free.

THE PUBLIC PURPOSE DOCTRINE – AN OVERVIEW

I. Criteria for Valid Public Expenditures

In order for an expenditure of public funds to be lawful, it must satisfy both of the following standards:

- **Authority**. First, there must be specific or implied authority for the expenditure² in state statutes.
- **Public Purpose**. Second, there must be a "public purpose" for the expenditure.

II. Authority to Use School Property for Non-School Purposes

Minn. Stat. § 123B.51, subd. 2 states:

The board may authorize the use of any schoolhouses in the district for divine worship, Sunday schools, public meetings, elections, postsecondary instruction, **and other community purposes that, in its judgment, will not interfere with their use for school purposes**. Before permitting any of these uses, the board **may require** a cash or corporate surety bond in a reasonable amount conditioned for the

² In the context of this opinion, "expenditure" refers to the proportional amount of facility-related costs borne by the School District because it does *not* impose a facility use fee on a private user.

proper use of the schoolhouse, payment of all rent, and repair of all damage caused by the use. **It may determine a reasonable charge for using the schoolhouse.**

(Emphasis added). Pursuant to this statute, a school district may allow its facilities to be used for “community purposes,” provided that the proposed use will not interfere with the property’s use for school purposes.

In the School District’s case, there appears to be no interference with the property’s use for school purposes. As noted above, the organizations that use School District facilities have generally scheduled such uses outside of normal school hours.

Additionally, Section 123B.51 allows a school district to charge a reasonable fee for the use of a school facility. Importantly, however, there is no requirement that a fee must be imposed in each case. Section 123B.51 states that the school district “may” assess a charge to the user. In Minnesota Statutes, the word “may” is permissive, meaning that the imposition of a fee is optional and not obligatory. *See* Minn. Stat. § 645.44, subd. 15 (stating that “may” is permissive).

A Minnesota school district is therefore authorized to assess a reasonable fee for use of its facilities. But Section 123B.51 does not *require* the imposition of a charge for every user. The permissive language suggests that a school district would not violate Section 123B.51 by waiving a facility fee in a given case because districts are afforded a measure of discretion in such matters.

III. School District Expenditures Must Have a Public Purpose

But that does not end the inquiry. As noted above, the expenditure in question must also have a *public purpose*.

Minnesota courts have long held that public funds and resources may only be used for purposes that serve the general public interest. This principle is grounded in the Minnesota Constitution, which authorizes the legislature to levy taxes for “public purposes.” *See* Minn. Const. art. X, § 1.³

But what constitutes a “public purpose?” The Minnesota Supreme Court has generally concluded that “public purpose” means an activity that meets all the following standards:

- The activity will benefit the community as a body;
- The activity is directly related to functions of government; and
- The activity does not have as its primary object the benefit of a private interest.

Visina v. Freeman, 89 N.W.2d 635 (Minn. 1958).

³ The Minnesota Constitution also prohibits giving or loaning the credit of the state to aid any individual, association or corporation. *See* Minn. Const. art. XI, § 2.

An expenditure is illegal if the primary object is to promote a private purpose although incidentally some public purpose will also be served. *See Arens v. Village of Rogers*, 61 N.W.2d 508, 519 (Minn. 1953).

“Public purpose’ is an elusive, amorphous concept incapable of precise definition. Thus, whether an expenditure serves a public purpose necessarily depends upon the facts of each case.” *Port Authority of City of St Paul v. Fisher*, 145 N.W.2d 560, 568 (Minn. 1966).

We have not found any Minnesota cases or opinions of the Minnesota Attorney General that speak directly to this issue. However, allowing non-profit organizations to use School District facilities without charge may implicate the Public Purpose Doctrine.

Providing free use of public-school property imposes real costs on the School District. These include, but are not limited to, the costs of maintenance and repair, utilities, supplies, cleans, and labor costs (i.e. custodians and groundskeepers). When such costs are waived, the School District is, in essence, subsidizing the operations of these non-profits with public resources because such organizations are being relieved of operational costs they would otherwise be required to pay. Both the Boosters and the Soccer Club collect fees from participants to fund their activities and operations. Their profits are undoubtedly increased by virtue of the District’s practice of not imposing facility fees. By engaging in forbearance, the School District is vulnerable to a claim that its practice is primarily benefiting *private interests*.

CONCLUSIONS

1. Minn. Stat. § 123B.51, subd. 2 authorizes the use of school facilities for “community purposes,” provided that the proposed use will not interfere with any public-school functions. However, the imposition of a user fee is within the School District’s discretion.
2. Public funds and resources may only be used for purposes that serve the general public interest. An expenditure is illegal if the primary object is to promote a private purpose although incidentally some public purpose will also be served.
3. Allowing non-profit organizations to use School District facilities without charge implicates the Public Purpose Doctrine. When user fees are waived, the School District is, in essence, absorbing the entire cost of a private group’s use of public facilities, thereby subsidizing their operations with public funds.
4. To avoid violating the Public Purpose Doctrine, it is recommended that *all* facility users, including local non-profit organizations, be assessed a reasonable fee to use the School District’s facilities. Although the amount of the fee can be determined by the School Board in its discretion, it is advisable that the fee be calculated as a pro rata portion of the School District’s reasonably estimated costs of maintaining and operating the facilities being used.

Private Rentals: A copy of homeowners or renter's insurance will be collected with the minimum amount of personal liability coverage totaling \$1,500,000.
Organizations/Groups: A Certificate of Liability Insurance stating St. Anthony-New Brighton Community Services as a certificate holder will be collected with the minimum amount of general liability coverage totaling \$3,000,000.
- Non-profit organizations are required to maintain a current IRS tax-exempt status as as searchable through: <https://apps.irs.gov/app/eos/>

Step 1: Review Availability of Space

Visit <https://stanthony.ce.eleyo.com/facilities/calendar> to look at space availability or call 612-706-1172.

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.
- B. **Data on Individuals**
All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.
- C. **Data Practices Compliance Officer**
The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.
- D. **Government Data**
All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

- E. **Individual**
“Individual” means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.
- F. **Inspection**
“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data.
- For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.
- G. **Not Public Data**
Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.
- H. **Nonpublic Data**
Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.
- I. **Private Data on Individuals**
Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.
- J. **Protected Nonpublic Data**
Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.
- K. **Public Data**
All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.
- L. **Public Data Not on Individuals**
Data accessible to the public pursuant to Minnesota Statutes section 13.03.
- M. **Public Data on Individuals**
Data accessible to the public in accordance with the provisions of section 13.03.

N. **Responsible Authority**

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. **Summary Data**

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:

- a. Date the request is made;
- b. A clear description of the data requested;
- c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
- d. Method to contact the requestor (such as phone number, address, or email address).

2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.

3. The identity of the requestor is public, if provided, but cannot be required by the government entity.

4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.

B. The responsible authority will respond to a data request at reasonable times and places as follows:

1. The responsible authority will notify the requestor in writing as

follows:

- a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - 1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.
 - 2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.
 - c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.
2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.
 3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
 4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
 5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.
- C. If the school district notifies the requesting person that responsive data or copies are available for inspection or collection, and the requesting person does not inspect the data or collect the copies within five business days of the notification, the school district may suspend any further response to the request until the requesting person

inspects the data that has been made available, or collects and pays for the copies that have been produced.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.
 - 1. A request for the preparation of summary data must include the following information:
 - a) Date the request is made;
 - b) A clear description of the data requested;
 - c) Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d) Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
 - 1. The estimated costs of preparing the summary data, if any; and
 - 2. The summary data requested; or
 - 3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 - 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.
- B. Private or confidential data on an individual shall not be collected, stored, used, or

disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes section 13.05, subdivision 4.

- C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six (6) months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten (10) days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.
- H. The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the Commissioner of the Minnesota Department of Administration (“Commissioner”) shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the commissioner may refer the matter to mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.

- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the ~~Commissioner's of administration's~~ order issued under Minnesota Statutes chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

- A. All requests for individual subject data must be made in writing directed to the responsible authority.
- B. A request for individual subject data must include the following information:
 - 1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;
 - 2. Date the request is made;
 - 3. A clear description of the data requested;
 - 4. Proof that the individual is the data subject or the data subject's parent or guardian;
 - 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

VIII. COSTS

- A. Public Data
 - 1. The school district will charge for copies provided as follows:
 - a. One hundred (100) or fewer pages of black and white, letter or legal sized paper copies will be charged at 25 cents for a one-sided copy or 50 cents for a two-sided copy.

- b. More than one hundred (100) pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.
 - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
 - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for in **cash or electronically** in advance of receiving the copies.

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
 - a) The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
 - b) The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this

policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX. ANNUAL REVIEW AND POSTING

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.
