Talking Points-Please contact me at Darleen.vanripper@firstgroup.com with any comments or questions.

1. Snow Days!

When the weather starts to look like it will cause unsafe driving conditions, Rich and I have a quick check-in to discuss what the plan is for the next morning. When we decide that we need to check roads, our team goes to bed early to catch the 3:00AM alarm.

We currently have eight staff on the team who check road & weather conditions throughout the county. The red lines on the mini-map show you our full road check route. When the weather isn't too bad, and we know we need to focus on certain "hot" spots, we direct our checks towards those areas.

I receive constant updates via text from the team on how the roads are. Starting at 4:15AM, I devise a recommendation based on the team's input, and send it to Rich by 4:30AM. Making the decision to close school is never easy; however, it becomes a no-brainer, when the safety of our children is on the line.

2. First Student Staffing Changes

We have completed the selection for the Location Safety Manager. Brenda Porter used to be our dispatcher/router in Toledo. She has proven herself as an employee who understands what it takes to make the LCSD school bus wheels go round and round. As an ODE-certified trainer, she also has the background to organize and manage the safety department. Congratulations, Brenda, on your new role.

Until we can find a suitable replacement dispatcher/router, Brenda (LSM), Sheila (ALM) and I (LM) will train and cross-train, help each other complete the tasks for each department.

3. Driver/Candidate Comparison Report (as of 02/06/2025)

	1/10/2025		2/6/2025	
Lincoln County Bus Routes	74	Driver Shortage	74	Driver Shortage
Drivers on hand (LOA excluded)	61	13	59	15
Out of Town Drivers	0	13	0	15
Routes not currently serviced (combos)	13	13	15	13
Other Considerations:				
Cover Drivers positions not staffed	6	19	6	21
Route Monitor positions not staffed	0		0	
Drivers on LOA/FMLA/WC (Regular & Casual)	4		4	
Casual Drivers with limited availability	7		7	
LCSD & FS Staff Able to Drive	5		5	

Data is subject to frequent changes.

Currently, our pipeline includes two candidates in Behind-the-Wheel training and one in testing. We have no one in classroom training; however, there are four applicants who are currently working on getting their learners permits. Since last month, we added two CDL drivers, lost one CDL driver and two van drivers.

4. SafeFleet Depot Download Currently on Ice

Over the winter break, our SafeFleet Depot Download system froze to a halt. We are back to pulling video footage manually. So far, there have not been any issues on getting footage to the schools in a timely manner, as we monitor the radio and anticipate the need for video evidence for incident reports. The LCSD IT department and the SafeFleet support team are working closely with each other to resolve the issue and make our lives a bit easier again.

5. Upcoming Events

February is Love the Bus the Month-We will have little events throughout the month to show our appreciation to our team.

January 10-No school for LCSD; ECS and SVS in session

January 17-Presidents' Day-No School

WHAT'S GROWING ON? -LCSD SCHOOL GARDENS-

LCSD Garden Program's 4th Year of "Grow This! Oregon Garden Challenge"

Grow This! is an annual seed giveaway and growing challenge made possible through OSU Extension and Food Hero. Our school gardens will be starting their fourth season of gardening with seeds from this program. It is exciting for students to plant the seeds at school in their classrooms and have plants to take home and supply seedlings to their school gardens. According to the OSU Extension web site, Oregonians who sign up and request seeds will be mailed the following seeds free of charge:

Households: sunflower, lettuce and pea pod Oregon farmer-grown seeds!

Teachers (Pre-K through High School): a Classroom Seed-Starting Kit with supplies for up to 30 students, including Oregon grown seeds (romaine lettuce, sunflowers and summer squash)

Programs and groups working with children and teens: a Mini Seed-Starting Kit with supplies for starting seeds with up to 15 children or teens, including Oregon grown seeds.

FRESH FRUIT AND VEGETABLE PROGRAM (FFVP)

The Fresh Fruit and Vegetable Program (FFVP) is an important tool in our effort to combat childhood obesity. The program has been successful in introducing elementary school children (K-8) to a variety of produce that they otherwise might not have the opportunity to try.

Some of this month's offerings include: Kiwi, Daikon Radish, Grapefruit, Honeydew, and Strawberries

DID YOU KNOW?

Strawberries are members of the Rosaceae family, commonly known as the Rose Family!

TEAM MEMBER SPOTLIGHT: TOLEDO HIGH SCHOOL

- **Terrence Chavez** is our nighttime shift manager. He has been with Sodexo for 1 yr & 1 month. Loves the staff at Tol.HS. He likes the fact that every day is different.
- **Gary Fenn** is our Lead here at Tol.HS. Gary has been here 8 months. His favorite thing about Tol.HS. Is the atmosphere. He loves what he does for a living.
- **Max Dempsey** is our 2nd shift full time employee. Been with company for almost 2 years. Loves the school and his family and how Terrence is always there to help when needed.
- **Tina Niemeier** (not pictured) is our 2nd shift part time employee. She started last Thursday. She brings 20 plus years of K-12 cleaning to LCSD from Walla-Walla SD. She enjoys remodeling her house with her family they just bought in Toledo.

CHALLENGES

- **Bathroom vandalism:** **this has been increasing in the last few months.** Management is reporting to building admin when ever it has been identified.
- **Staff adhering to the CLASS program:** when chairs are stacked, large items are up off the floor and desks are cleared off it allow us to do as much cleaning and detailed disinfection as possible with the time we have (avg. 11.5 mins/classroom) when CLASS is not adhered to, we must spend more time/room thus the last few classrooms of the night get considerably less or no time for cleaning. This is an equitable solution for our county.
- **Currently Over staffed.**

SAFETY

- Injuries/Incidents: 2 for January. YTD 3 (1 non-recordable and 2 medical emergency)
- Loss Time: 0
- Safe Schools: 1 new employee to complete for Tol.HS
- 3 Checks for Safety: 1.)- Do I know how to perform the task? 2.) Do I have the correct tools/PPE? 3.) Is my environment safe? (answer No to any of these questions then stop and call a manager!)
- Monthly Safety training; energized equipment & element exposure preparedness

63 District Summary

Serving the Counties of Linn, Benton, Lincoln, and Beyond!

Linn Benton Lincoln Education Service District (LBL) serves educational agencies, districts, and schools across the state with high-quality services and programs that are practical, reliable, and economical. LBL has a distinguished reputation for supporting educational excellence and equity, working cooperatively with educators and educational agencies, and effecting productive solutions that help schools, teachers, students, and families meet Oregon's educational goals.

LBL is one of 19 Education Service Districts in Oregon that serve all 36 counties. The purpose of Oregon's Education Service Districts is defined in Oregon Revised Statute (ORS) 334.005. Education Service Districts assist school districts and the State of Oregon in achieving Oregon's education goals by providing equitable education opportunities for all of Oregon's public school students.

LBL comprises 12 component districts and 96 schools with approximately 34,512 students in Linn, Benton, and Lincoln counties. LBL also serves students and districts elsewhere in Oregon through grants and contracts. Its governance structure includes a seven-member Board.

Education Service Districts and Oregon Revised Statutes

Education Service Districts (ESDs) originated in Oregon's first laws establishing a general system of common schools. Through the history of Oregon's regional services system, local governances and state statues concerning the mission of ESDs has remained somewhat constant: "Education Service Districts assist school districts and the State of Oregon in achieving Oregon's education goals by providing excellent and equitable educational opportunities for all Oregon public school students."

ORS 334.005 defines the mission, purpose, and accountability of an ESD. The mission of education service districts is to assist school districts and the Department of Education in achieving Oregon's educational goals by providing equitable, high quality, cost-effective, and locally responsive educational services at a regional level.

An education service district plays a key role in:

- Ensuring an equitable and excellent education for all children in the state;
- Implementing the Oregon Educational Act for the 21st Century;
- Fostering the attainment of high standards of performance by all students in Oregon's public schools;
- Facilitating interorganizational coordination and cooperation among education, social service, health care, and employment training agencies.

Per ORS 334.175, Education Service Districts must provide regionalized core services in the following areas:

- Programs for children with special needs, including but not limited to special education services and services for at-risk students.
- Technology support for component school districts and the individual technology plans for those districts, including but not limited to technology infrastructure services, data services, instructional technology services, and distance learning.
- School improvement services for component school districts, including but not limited to:
 - 1.** Services designed to support component school districts in meeting the requirements of state and federal law;
 - 2.** Services designed to allow the education service district to participate in and facilitate a review of the state and federal standards related to the provision of a quality education by component school districts;
 - 3.** Services designed to support and facilitate continuous school improvement planning;
 - 4.** Services designed to address schoolwide behavior and climate issues;
 - 5.** Services designed to support career and technical education.
- Administrative and support services for component school districts, including but not limited to services designed to consolidate component school district business functions, liaison services between the Department of Education and component school districts, and registration of children being taught by private teachers, parents, or legal guardians pursuant to ORS 339.035.

An education service district may provide entrepreneurial services to public and private entities and to school districts that are not component school districts of the education service district with the approval of the constituent districts through their approval of the Local Service Plan.

Equity Lens

We believe that every student, staff and community partner should be treated equitably. Our focus is to eliminate disparities among all groups.

Equity:

Just and fair inclusion. An equitable society is one in which all can participate and prosper to allow all to reach their full potential.

Purpose:

Provide a common vocabulary and protocol to produce and evaluate policies, practices, processes, programs, services or decisions that result in more equitable outcomes.

Procedure:

Consider the following four questions for any policy, practice, process, program, service or decision::

1

Who Does It Impact?

Who are the groups affected?
What are the potential impacts on these groups?

3

Whose Voices Are at the Table?

Have we intentionally involved our partners?

2

Who Has the Opportunities and is Included and Who is Not?

Are existing disparities ignored or worsened?
Are there unintended consequences?

4

Can We Do About It?

How will we mitigate the negative impacts and address the barriers identified above?

Non-Discrimination: LBL ESD prohibits discrimination and harassment on any basis protected by law, including but not limited to an individual's perceived or actual race, color, religion, sex, sexual orientation, national or ethnic origin, marital status, disability, veterans status, or the protected status of any other person with whom the individual associates

Total	45,082	43,161	42,043	43,429	100%

The amount is rounded to the nearest tenth of a percentage, not less than 1%. This allows LBL and its component school districts to stay within the constraints of the agreement, yet provide flexibility in the use of funds.

Resolution Service Funding and Allocation

Funding for LBLESD is governed by ORS 344.177, which mandates that at least 90% of resolution funds be spent directly on services or programs for component school districts. The allocation of these funds follows a two-tier system:

Tier 1 Budget

The LBLESD superintendent proposes the annual budget to cover the Tier 1 Services listed in the Local Service Plan. The proposed budget is discussed with the VCSA superintendents, who may request changes to the proposed amounts with the understanding that certain funding decisions may impact service levels. VCSA superintendents ratify total Tier 1 budgetary expenditures with approval requiring a two-thirds vote from districts representing over 50% of the students final ADMr based on the most recently published fiscal year as provided by the Oregon Department of Education. In the absence of a ratified budget, the Tier 1 budget will roll forward from the prior school year, adjusted for inflation. Payroll, software, and travel (mileage) expenses will reflect direct inflationary factors, while all other budgeted expenditures will include a 4.00% inflation adjustment. Any unused Tier 1 funds roll over into Tier 2 for the next school year.

Tier 2 Distributions

Remaining funds are distributed to districts based on their proportionate share of a trailing 3-year ADMr, with a minimum distribution of 1%. This distribution includes unutilized Tier 1 funds from the prior school year. Districts can carry forward unused Tier 2 funds indefinitely.

Estimates of available resolution funding will be provided in April. All funding and distributions are approved and governed by the LBLESD Board of Directors and must be appropriated before spending.

Tier 1 Resolutions Services

Tier 1 includes services that are essential to all districts, ensure equitable access, and/or benefit from economies of scale. The ESD is responsible for managing the service distribution of each program to ensure all 12 districts receive equitable access. Approval to add or remove a Tier 1 service requires a two-thirds majority vote from the districts, representing over 50% of the students, based on the final ADMr from the most recent fiscal year as reported by the Oregon Department of Education.

Tier 1 services are intended as long-term commitments to students and staff in all Component Districts, providing the ESD stable funding and operational consistency, allowing for the most efficient and effective delivery of services. While services can be reviewed annually, they are generally approved on a biennial basis. If a service is canceled, any existing long-term contracts or commitments made by the ESD to support that service will be covered by the Tier 1 budget until the ESD can legally and ethically exit those agreements.

Additions to Tier 1 services may be subject to the approval of the LBLESD Board of Directors.

PROGRAM
INFORMATION

Students who demonstrate significant difficulty in communication and require a specialized system to support their education may be referred to the ESD's Augmentative and Alternative Communication (AAC) Specialists. The goal of these specialized Speech-Language Pathologists (SLPs) is to support school staff in creating communication opportunities for the student throughout the school day.

AAC Specialists are responsible for identifying and trialing various communication platforms from LBL ESD's lending library to help teams determine which system would be most appropriate for the student. Once the district procures the appropriate platform, the AAC specialist will continue to support school-based teams through monthly regional training and coaching.

Services provided by Tier 1 AAC Specialists to eligible students can be billed to Medicaid, provided that a cost-sharing agreement is in place between the district and the ESD.

PROGRAM
INFORMATION

Early Intervention-Early childhood Special Education (EI/ECSE) specialists provide evaluations for students from birth to age five who are suspected of having a developmental delay or disability, including challenges in how they see, hear, talk, think, or move.

Evaluators include developmental specialists, speech-language pathologists, autism specialists and other specialists from the Cascade Regional Inclusive Services program. Families, child care providers, preschool providers, physicians, and community agencies can all refer children to the program for evaluation.

Evaluations for children under the age of three must be completed within 45 calendar days from referral, whereas evaluations for children ages three to entrance to kindergarten must be completed within 60 school days.

Children who are found to be at risk for or have a developmental delay, or are experiencing a disability under a categorical eligibility are provided an Individualized Family Service Plan (IFSP). An IFSP is a plan of services individualized for each child and family and includes the child's abilities and needs, services for the child and family, family outcomes related to the child's needs, and goals and objectives reflecting both the child's developmental and special education needs. The services provided to children following eligibility are provided through federal and state grant funds.

PROGRAM
INFORMATION

The Severe Disability program provides support to districts through financial compensation, staff development, consultation, and access to materials for students who are experiencing a significant impact from intellectual disabilities. Services are delivered by a program consultant and include several key resources.

These resources include the coordination of lending library purchases and the distribution of a list of available materials. The program also offers technical assistance and materials to support annual district goals for services to students with severe disabilities. Additionally, the consultant conducts monthly district visits to observe programs and provide consultation.

PROGRAM
INFORMATION

The Special Education and Evaluation Services (SEES) program offers a broad range of support to students and districts. These services include system development for general education interventions in academics and behavior, evaluations for Special Education identification, Multi-Tiered Systems of Support (MTSS) consultation and training, and professional development on research-based initiatives. The program also provides guidance on special education law and current practices in evaluation.

In addition to these core services, districts receive support and technical assistance with programming for students with severe disabilities, as well as transition services.

The SEES team is composed of school psychologists, speech-language pathologists/assistants, educational consultants, and Spanish interpreters/translators, all working together to provide comprehensive support to districts and students.

Crisis Prevention Institute is one of the five ODE approved programs designed to support students with challenging behavior. CPI's evidence-based training incorporates person-centered and trauma-informed approaches, helping to create an effective impact across the school environment.

CPI includes multiple levels of prevention and intervention strategies for managing escalated behaviors. LBL ESD is providing a region-wide CPI training network, along with implementation coaching support from certified CPI trainers. This network includes training both in districts and at the ESD.

ESD staff manage all aspects of preparation and logistical support for this training network. Districts are responsible for covering the cost of training materials, while the scheduling, coordination, trainer certification, training delivery, and ongoing implementation support for this network are funded through the SEIA grant.

LBL home school registrar monitors and maintains records of enrollment for home school students and their parents residing in Linn, Benton, and Lincoln counties. LBL serves as a home school information resource for parents, students, schools, and districts. When a student is being homeschooled, parents must notify LBL of their intention to home school. Home school is education provided in the home by the parent or guardian. LBL provides comprehensive support for the Synergy Student Information System, offering services such as help desk assistance, training, hosting, and system maintenance. LBL handles system updates, troubleshooting, and customizations like creating new reports or modifying screens.

While LBL manages these higher-level functions, districts retain significant responsibilities for day-to-day operations. These include managing user accounts and permissions, deciding how to utilize software features, maintaining accurate and timely data entry, providing basic IT support to end users, and training staff on internal processes. This division of responsibilities ensures that districts have control over their data and operational decisions, while benefiting from LBL's technical expertise and system-wide support. Tier 2 Resolutions Services

Tier 2 services are designed to meet the specific needs of individual districts. While they aim to achieve economies of scale where possible, these services may also be unique to a particular district. Tier 2 services are selected by district superintendents and approved by the ESD superintendent.

Service selections and quantities should be made by May 1 where possible. Once the ESD commits to a district's approved Tier 2 service, that service cannot be canceled prior to the end of the following school year unless the ESD can exit all associated cost obligations. If the total cost of a district's Tier 2 service selections exceeds their funding allocation, the ESD will bill the district for the excess.

Prices for Tier 2 services are standardized where possible, though specific pricing may be necessary based on the nature of the service.

Districts may choose to allocate up to 50% of their annual Tier 2 funds, including carryforward balances, for services not provided by the ESD. These transits are only allowed for services not currently offered by the ESD. The LBLESD Superintendent may grant limited exceptions to allow transits involving ESD services where the ESD encounters barriers to providing that service but cannot exceed the total limitation on transit amounts.

Oregon Routes is a supplemental drivers program created to address the driver shortage in Oregon and ensure reliable transportation for children who are not served by regular bus routes. One of the key features of Oregon Routes is its unique driver-student pairing system. This approach matches drivers with students based on location or specific needs, ensuring that each trip is as efficient and convenient as possible. In some cases, drivers may already be on a route to a destination, making the process even more streamlined for everyone involved.

PROGRAM
INFORMATION

Early Intervention/Early Childhood Special Education (EI/ECSE) services are provided through a grant awarded by the Oregon Department of Education to support eligible children, birth to five years old. These services are delivered by a team of professionals, including developmental specialists, speech-language pathologists, inclusion specialists, instructional assistants, and regional staff.

EI/ECSE staff work closely with families and young children who have developmental delays or disabilities, offering consultation and instruction in a variety of settings through an Individualized Family Service Plan (IFSP). The primary focus of Oregon's EI program is to build the family's capacity to support the special needs of their young child.

EI services are available for children from birth to three years who have developmental delays in areas such as cognitive, physical, communication, self-help, or social skills. Services are also provided to children with medically diagnosed conditions that are likely to result in developmental delays later in life. Most EI interventions are offered within the child's natural environment—integrating into everyday routines, activities, and places.

For children aged three to kindergarten entry, ECSE services are available for those who qualify due to a developmental delay or categorical disability. Children in ECSE typically have disabilities that significantly affect their developmental progress and their ability to access education. These services are provided in community preschools, childcare facilities, and structured classrooms, and are tailored to each child's unique special education needs.

The focus of the ECSE program is to teach the child the necessary skills to address developmental delays, prepare them for school, and incorporate intervention strategies into their daily routines.

Regional Inclusive Services Grant

Cascade Regional Inclusive Services

CONTACT
Angie Greenwood

PROGRAM
INFORMATION

Regional Inclusive Services are funded through a grant awarded by the Oregon Department of Education. This grant enables LBL ESD to collaborate with local school districts, Early Intervention, Early Childhood Special Education (EI/ECSE) programs, families, and community agencies to provide specialized educational support for children with low-incidence disabilities.

These disabilities include autism, deaf/hard of hearing, deafness, blindness/visual impairment, orthopedic impairment, and traumatic brain injury. These conditions occur at such a low rate in the general population that it would be challenging for individual districts to provide the full range of services these students require.

While the primary responsibility for each child always remains with the local school district, Regional Inclusive Services offer a range of support for students who meet eligibility criteria. The specific services provided by Regional Inclusive Services staff vary depending on the disability category and are governed by the terms of the grant itself.

Services provided may include Specially Designed Instruction, Related Services, Supports to School Personnel, and/or Accommodations/Modifications. These services are implemented for each individual child or student in various settings through an Individualized Family Service Plan (IFSP) for children ages birth through 5, or an Individualized Education Program (IEP) for students in Kindergarten through age 21.

PROGRAM INFORMATION

The Long Term Care and Treatment (LTCT) contract from the Oregon Department of Education (ODE) funds educational services for children and youth in residential and day treatment facilities across several specialized schools. These programs serve students with significant emotional and behavioral needs in collaboration with mental health providers.

Farm Home School

Located at the Trillium Family Services Corvallis Campus, this school serves middle to high school students in both residential and day treatment, focusing on mental health services provided by Trillium Family Services.

Wake Robin School

This program operates on the same campus as the The Farm Home School, offering transitional educational services through ODE. It serves K-12 students, with Trillium providing mental health care and LBL ESD delivering educational support.

Old Mill Center Classroom

Based at the Old Mill Center for Children and Families in Corvallis, this day treatment program offers education primarily to younger students (K-2), with mental health services from Old Mill.

Each program aims to support students academically while addressing complex emotional and behavioral challenges through specialized education and treatment partnerships.

These support services are coordinated through the Strategic Partnerships for Student Success Program. Our team of implementation coaches focus on building capacity with districts for equitable systems to better meet the instructional and social, emotional and behavioral (SEB) health needs of their students, staff and families. We collaborate with educators to build their instructional and SEB practices and systems through the use of data and strategies integral to improvement science. We also coach educators to transform instructional and SEB knowledge into practices to implement with students, staff and families.

INFORMATION

The Instructional Mentor Program Collaboration is funded through a combination of funds from the ESD's SEIA Grant and WREN (Western Regional Educators Network), and it is coordinated through the Strategic Partnerships for Student Success Program.

The goal of the Instructional Mentor Program is to provide the tools, resources, and training necessary to support mentors at the highest level, ensuring they are equipped to help their mentees successfully launch their careers. The collaborative nature of this program allows mentors to gain professional knowledge not only through training and resources but also through the expertise of other mentors in the region. A key focus of the program is supporting the social and emotional well-being of educators at its core.

In response to feedback from both mentors and new teachers, and with the goal of helping novice educators grow in their professional practices, this program also offers ongoing professional development. This includes training on behavior management, as well as strategies for creating a positive classroom climate, establishing routines, and implementing effective structures.

PROGRAM
INFORMATION

The Family Support Fund Grants are coordinated through the Strategic Partnerships for Student Success Program. Over the years, LBL ESD has partnered with local, regional, and state organizations to secure funding resources that meet the needs of the students and families they serve.

The urgent needs of these students and families require access to an agile and flexible funding source, providing ESD-based staff members with an efficient and effective way to address those needs in a timely manner. Each support person works diligently to explore other funding options before utilizing these ESD-specific resources.

These funding streams are not intended to replace or supplant funds traditionally provided through other sources. However, when needs are inadequately funded or when the timing is urgent, these funds may be used to address gaps in support.

Lincoln County School District Equity Team Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation that covered land in what is now Tillamook, Lincoln, Benton, Marion, and Coos Counties. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.

NON-DISCRIMINATION: Lincoln County Schools do not discriminate nor tolerate discrimination on the basis of an individual's race, color, religion, sex, sexual orientation, national origin, disability, gender identity, marital status or age or because of the race, color, religion, sex, sexual orientation, national origin, disability, gender identity, marital status or age of any other persons with whom the individual associates.
