**NOTICE OF PUBLIC HEARING
DRIVER EDUCATION WAIVER TO SCHOOL CODE
FOR TOWNSHIP HIGH SCHOOL DISTRICT 214, COOK COUNTY, ILLINOIS**

The Board of Education of Township High School District 214 will hold a Public Hearing on Thursday,
May 21st, 2026 at 7:00 p.m. in the Board Room at the Forest View Educational Center,
2121 S. Goebbert Road, Arlington Heights, Illinois 60005.

District 214 is seeking to file a waiver of 105 ILCS 5/27-24.3 of the Illinois School Code. This mandate requires Driver Education courses to provide at least 6 hours of practice driving in a dual-controlled car. The district's requested waiver would allow for:

- 18 hours of practice driving in a simulator system.
- This would be used to supplement up to 3 hours of instruction in a dual-controlled car.

The purpose of said hearing will be to receive public comment on the proposed waiver of 105 ILCS 5/27-24.3 allowing for 18 hours of practice driving in a simulator system, in addition to 3 hours of instruction in a dual-controlled car. Notification of this hearing is provided to families and is posted in the newspaper more than 7 days prior to the scheduled Public Hearing. If approved, the application for the waiver would be for a five-year period, covering the 2026-2027 through the 2030-2031 school years.

To: Board of Education
From: Vicki Marini
Subject: Permission to dispose of Closed Session recordings

Summary:

The Open Meetings Act requires that the Board of Education vote to give permission before disposing of any Closed Session audio recordings. In accordance with the Open Meetings Act, the Administration is seeking permission to dispose of any Closed Session audio recordings older than 18 months.

Recommended Action:

The Administration is requesting permission to dispose of the audio recordings for the Closed Session meetings of October 10, 2024 and October 24, 2024.

TO: NSSEO Member District Superintendents
FROM: Dr. Meg Schnoor

As a result of the past several months of meetings and discussions through the NSSEO Finance Advisory Committee, the amended NSSEO 2025-2026 budget and the proposed NSSEO 2026-2027 budget were developed.

At the April 7, 2026 NSSEO Governing Board meeting, a public hearing regarding the amended NSSEO 2025-2026 and proposed NSSEO 2026-2027 budgets was held. The Board then voted to transmit the amended NSSEO 2025-2026 and proposed NSSEO 2026-2027 budgets as presented.

We are anticipating taking the directed vote at the June 3, 2026 NSSEO Governing Board Meeting. Therefore, we would appreciate having action taken by our member districts on the budget during April and May.

A resolution is included within this email, which should be signed and returned to the attention of Gavin McGinn at NSSEO when your district takes action on the budget.

Also attached is a copy of the amended 2025-2026 NSSEO budget and the proposed 2026-2027 NSSEO Budget for your Governing Board.

Thank you for your ongoing efforts and support of NSSEO.

Financial Information for Township High School District #214

Northwest Suburban Special Education Organization

Fiscal Year 2026-2027 Budget

This document is a financial plan for providing special education services as requested by the NSSEO member districts. Districts are billed for those services they receive. The projected district usage and costs are included in this document. These projections are made by both the district and NSSEO staff. District billings will be on actual usage, which could be above or below the costs based on projections.

The NSSEO budget contains the following program budgets:

- Timber Ridge School
- Miner/Kirk Program
- D/HH Program
- Diagnostic and Educational Services Center (DESC)
- D/HH Diagnostics
- D/HH Itinerant
- Outdoor Education
- Pre-Employment Career Training Grant (PECT)
- ISRC Grant
- NSSEO Administration & Support Services
- Technical Assistance to Districts
- Professional Development
- Technology Central / Programs
- Transportation
- Capital Improvements

NSSEO Budget Development Process

The NSSEO budget is prepared with input from various stakeholder groups including the NSSEO Governing Board of Education, the NSSEO Superintendent, NSSEO Administration, and the NSSEO Finance Advisory Committee. The NSSEO Finance Advisory Committee is comprised of representatives of the NSSEO Board, Member District Administrative Representatives, Member District Business Representatives, and NSSEO Administrative staff. The Committee met three times from January 22, 2026 through March 19, 2026.

The budget planning process reflects an ongoing emphasis of the NSSEO Governing Board's role in providing input and approval of the Finance Advisory Committee recommendations. The structured and transparent process is also intended to facilitate dialogue with member districts to

insure understanding and provide frequent opportunities for input throughout development of the proposed budget.

Financial Overview

The NSSEO budget for 2026-2027 has been created in accordance with the Illinois Program Accounting Manual. A fund is an accounting entity unto itself, and all the financial transactions for the particular fund are recorded in the accounts of that fund.

The following funds included in the NSSEO budget are as follows:

A. **Education Fund:**

This fund is used for most of the instructional and administrative aspects of the organization's operations. The revenue consists primarily of payments from school districts and state and federal aid.

B. **Transportation Fund:**

This fund accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from school district payments.

C. **Building Fund:**

This fund is used for expenditures made for repair, maintenance and improvement of NSSEO property. Revenue consists primarily of school district payments.

D. **Capital Improvements Fund:**

This fund was created in FY 2023-2024 to begin a reserve for upcoming capital projects. Revenue consists of member and non-member district assessments, investment interest and state grants.

The funds are further divided into objects. The object represents the service or materials obtained as a result of a specific expenditure. The objects used in NSSEO's budget are as follows:

1. **Salaries** – compensations paid to employees of the joint agreement.
2. **Employee Benefits** – paid by the joint agreement on behalf of its employees. These benefits include board share of IMRF, FICA, Medicare, Teacher Retirement-Local, Teacher Retirement-Federal, Health/Life/Dental Insurance assessment, and Worker's Compensation assessment.
3. **Purchased Services** – amounts paid for personal services rendered to the joint agreement and includes consulting, legal, audit, property, transportation, communication and insurance services.
4. **Supplies** – amounts paid for material items of an expendable nature and include instructional materials, office supplies, gas and electricity.

5. **Capital Outlay** – expenditures for the acquisition of fixed assets or additions to fixed assets. This includes expenditures for land or existing buildings and for improvements to the existing building and grounds. Also included in the object are equipment purchases of \$1,000 and over.
6. **Other Objects** – items including contingency (“contingency” by definition is an amount provided “to address a condition, situation, or set of circumstances involving uncertainty.” Several of the NSSEO program budgets carry small contingencies.), and dues/fees/memberships paid to professional associations and organizations. Also included in Other Objects are transfers. Transfers are defined as “expenditures that are transfers to other NSSEO programs from NSSEO programs for services purchased, for administration fees, or rental in another NSSEO program.”
7. **Non-Capitalized Equipment** – items that would be classified as capital assets except they cost less than the capitalization threshold and are \$500-\$999 per item.

The information included herein is intended to provide background information necessary to understand the components of the 2026-2027 NSSEO budget.

NSSEO Building Fund Plan

The NSSEO Building Fund Plan focuses on both short-term and long-term facility and program needs. The facility plan is developed through an examination of the current status and future initiatives of facilities, through an analysis of facility needs, program initiatives, and the use of work space.

Guiding Principles in the development of the NSSEO Building Fund Plan include:

- Health, safety, and security
- Maintenance and upkeep of facilities
- Integration of program initiatives
- Optimal utilization of facilities
- Environmental Sustainability

The development process of the NSSEO Building Fund Plan included:

- ▶ Examination of the current use of facilities in alignment with program needs and use by all stakeholders.
- ▶ Integration of facility planning with program redesign
- ▶ Collection of current data about the conditions of facilities in order to inform the need for repair, renovations, and new construction.
- ▶ Prioritization of larger, more costly systemic repairs/projects within financial limitations
- ▶ Consideration cost of energy improvements and sustainable construction whenever possible

The following Building Fund Plan highlights the outcomes of the facility plan development process.

Within the Building Fund Plan framework, the District assesses and predicts both the need and timing for maintenance and repairs to facilities, facility redesign, and major renovations. Ongoing review of the Facility Plan provides for refinement and revisions as priorities dictate.

Reserves

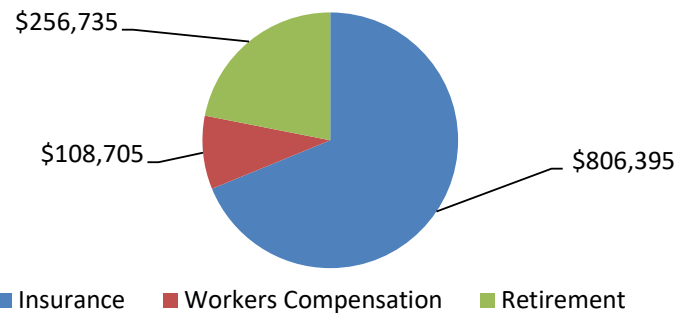

NSSEO currently maintains reserve balances in insurance, workers compensation, and retirement accounts. The insurance and workers compensation reserve balances are the result of being previously self-funded through 2008. NSSEO reserves were established through assessments to both member and non-member districts for the purpose of collecting sufficient funds to cover anticipated expenses. NSSEO reserve fund balances are the result of careful budgeting, conservative spending, and actual expenses under budgeted amounts.

NSSEO has continually focused on spending down reserves to offset costs in the NSSEO budget.

Subject: Bid No. 26-2103: Snow Removal and Ice Control Services - Action

Summary

Bids were solicited for the district snow plowing and salting services for the six high schools and the Forest View Educational Center for the 2026-2027 plow season. The contract includes extension opportunities for the 2027-2028 and 2028-2029 school years.

The bid specifications required vendors to submit a tiered graduated annual flat fee based on cumulative seasonal snowfall as measured by Weather Command/Murray and Trettel, Inc. This structure provides budget predictability regardless of the frequency of minor snow events.

Administrative Considerations

The scope of work requires services to commence at 1" of accumulation. For overnight events starting before 2:00 a.m., all paved areas must be cleared and treated by 6:00 a.m. to ensure safe access for staff and students. The contractor is responsible for providing all necessary manpower and equipment, including a dedicated loader for each of the seven sites.

Key requirements include zero-tolerance monitoring, liquid deicing applications (Triplemix/Beet Heet) at specific temperature ranges, and strict coordination with Building and Grounds Supervisors.

The tiered pricing is categorized into three ranges: Range 1 (0.0" to 21"), Range 2 (21.1" to 34"), and Range 3 (34"+). The final contract award is based on the lowest responsible bidder meeting all technical specifications and insurance requirements.

Although Kaplan Paving, LLC, submitted the lowest bids at the time of the bid opening, the bid did not conform to the required pricing format and was not sufficiently clear to allow for evaluation at the time of the public bid opening. The vendor's subsequent clarification constitutes a material modification to the bid; therefore, the bid is deemed non-responsive and is recommended for rejection.

Recommended Action

It is recommended that the Board of Education approve the contract award for Bid No. 26-2103 for Snow Removal and Ice Control Services for the 2026–2027 school year to the lowest responsible bidder, **Langton Group**, in the amount of \$385,000 for a one-year contract.

The contract includes the option for two one-year extensions, each with a maximum increase of 3% per year.

Subject: Bid No. 26-2102: Custodial Air Filters - Action

Summary

Township High School District 214 solicited sealed bids for Custodial Air Filters to serve seven district buildings. Public notice of the bid was published in the newspaper prior to the public bid opening on Thursday, April 23, 2026, at 11:30 a.m. This multi-year contract ensures a steady supply of high-quality filtration media essential for healthy indoor air quality.

Administrative Considerations

The contract term is set for three school years, beginning July 1, 2026, and ending June 30, 2029, with a potential two-year extension through June 30, 2031. Filters will be ordered on an 'as-needed basis' to manage inventory efficiently. Technical specifications require both fiberglass and synthetic media that meet ASHRAE Standard 52.2 performance requirements. All filters must be UL 900 classified and compatible with existing HVAC equipment. Bidders were required to provide manufacturer-certified test reports, including MERV ratings and particle size efficiency, to ensure strict compliance with district standards. Pricing for all items must remain fixed for the initial three-year term. Shipping and all associated fees must be incorporated into the item's unit pricing. The District retains the right to award the contract to the lowest overall bidder or to divide the award by line item, whichever best serves the District's financial interests. Below is a summary of the bids received in the response to our request.

<u>Contractor</u>	<u>Bid Total</u>
ACS Filters	\$79,103.48
Brucker Co.	\$70,479.05
Filterbuy Inc.	\$27,750.07
Filter Services Inc.	\$97,375.03
Florence Filter	\$102,064.78
National Filter Supply	\$79,803.19

Filterbuy, Inc. did not submit bids for all of the items requested by District 214.

Recommended Action

It is recommended that the Board of Education approve the contract award for Bid No. 26-2102 for Custodial Air Filters to **The Brucker Company** in the amount of **\$70,479.05** for the three-year contract. The contract also includes an option for one extension for two years, with a maximum increase of 7% during the extension period.

Re: Property Tax Appeal Board (PTAB) Authorizing Resolution for 2024-2026 Triennial Assessment Appeals - Action

Summary

The Board of Education has determined that in cases where 1) the appeal is for an assessment reduction in excess of \$300,000, or 2) the appeal is for an assessment reduction of less than \$300,000 when the Board is aware of a prior year PTAB appeal for the same property, the District will intervene. Beginning with the tax year 2001 interventions, the Board of Education adopted a blanket resolution authorizing the administration and the Board's attorney to intervene in PTAB appeals meeting the Board's criteria.

Administrative Considerations

Attached is an updated resolution applicable to the 2024-26 triennial tax year appeals. The resolution requires the Board to oversee and coordinate with its legal counsel, Franczek P.C., including managing communication and legal costs. Administratively, the district must track PTAB appeal notices from the county, ensure timely decisions on intervention, and comply with strict procedural deadlines. It also involves maintaining policy consistency by updating or repealing conflicting resolutions, keeping accurate records of Board actions and cases, and prioritizing interventions that significantly impact the district's tax revenue. The district must ensure proper documentation and continue enforcing the valid portions of the resolution even if part of it is challenged.

Recommended Action

It is recommended that the Board of Education approve the Property Tax Appeal Board Authorizing Resolution for the 2024-26 triennial tax year assessment appeals.

**Resolution Authorizing Intervention
in Proceedings before the
State of Illinois Property Tax Appeal Board**

Whereas, an owner or manager of a parcel or parcels of real property located within the boundaries of the State of Illinois has the right to file an appeal challenging the assessed value of the parcel or parcels of real property with the State of Illinois Property Tax Appeal Board (“PTAB”); and

Whereas, an appeal before the PTAB seeks a reduction in the assessed value of the parcel or parcels; and

Whereas, a taxing district has the right to intervene in proceedings before the PTAB in order to protect the taxing district’s revenue interest in the assessed value of a parcel or parcels; and

Whereas, the Board of Education of Township High School District No. 214 (the “Board”) has determined that it is necessary, desirable, advantageous, and in the public interest to defend the Board’s real property tax base by intervening in PTAB appeals filed on parcels within the boundaries of the Board.

NOW THEREFORE, BE IT HEREBY RESOLVED, by the Board of Education of Township High School District No. 214, Cook County, Illinois, as follows:

1. The Board finds that all of the recitals contained above are true and correct, and that the same are hereby incorporated herein by reference.
2. The Board hereby authorizes Franczek P.C., as its legal representative, to: a) file a Request to Intervene in Appeal Proceedings in 2024-26 assessment appeals filed at the PTAB for which the Board receives notice from the local county Board of Review, and b) represent the Board’s interests in these proceedings.
3. All motions and resolutions or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.
4. If any section, paragraph, clause, or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other sections, paragraphs, clauses, or provisions of this Resolution.
5. This Resolution shall be in force and effect upon its adoption.

After a full and complete discussion thereof, Member _____ moved that the foregoing Resolution be adopted and Member _____ seconded the motion. The

President directed the Secretary to call the roll for a vote upon the motion to adopt this Resolution. Upon a roll call vote taken, the Board of Education voted as follows:

Subject: Action Item - Drivers Education Waiver

Executive Summary

Township High School District 214 is seeking approval to submit a waiver request to the Illinois State Board of Education (ISBE) from the provisions of 105 ILCS 5/27-24.3 of the Illinois School Code, which requires that Driver Education courses include a minimum of six (6) hours of practice driving in a dual-controlled vehicle.

The proposed waiver would allow the District to provide:

- A minimum of three (3) hours of instruction in a dual-controlled vehicle

AND

- Eighteen (18) hours of practice driving in a state-approved simulator system
 - In lieu of up to 3 hours of instruction in a dual-controlled car

This model would maintain direct behind-the-wheel instruction while significantly expanding structured practice opportunities through high-quality simulation technology.

Modern driver education simulator systems replicate a wide range of real-world driving conditions, including hazardous weather, nighttime driving, emergency response situations, and high-risk scenarios that cannot be safely or consistently recreated during traditional on-road instruction. The expanded simulator time would allow students to practice critical decision-making skills in a controlled, instructional environment while preserving individualized behind-the-wheel experience.

In addition to enhancing instructional flexibility and safety, this approach allows the District to:

- Increase equitable access to Driver Education
- Improve scheduling efficiency and reduce delays for students
- Maximize instructional consistency across buildings
- Reduce wear-and-tear and operational strain on district vehicles

Tonight, the District will hold the required Public Hearing as part of this waiver process. Notification of the hearing was provided to families and published in accordance with statutory requirements.

Arlington Heights, Illinois 60005

Dr. Scott Rowe
Superintendent

If approved by ISBE, the waiver would be effective for a five-year period, covering the 2026–2027 through 2030–2031 school years.

This request reflects the District's commitment to student safety, responsible resource management, and the use of innovative instructional practices that support student learning.

Recommendation

It is recommended that the Board of Education approve the submission of a waiver request to the Illinois State Board of Education from 105 ILCS 5/27-24.3 of the Illinois School Code to permit eighteen (18) hours of practice driving in a simulator system supplemented by three (3) hours of instruction in a dual-controlled vehicle for a five-year period beginning with the 2026–2027 school year.

Part 4: Narrative Justification

Township High School District 214
May 21, 2026

Application for Waiver or Modification of Illinois School Code Section 27-24.3

Illinois School Code Citation – 105 ILCS 5/27-24.3

“The driver education course offered in its schools shall consist of at least 30 hours of classroom instruction and, subject to modification as hereinafter allowed, at least six hours of practice driving in a car having dual operating controls under direct individual instruction.”

Requested Waiver/Modification – 105 ILCS 5/27-24.3

“The State Board may allow 18 hours of practice driving in a simulator system in lieu of 3.0 hours of instruction in a dual-controlled car.”

Narrative Justification

Township High School District 214 respectfully requests a waiver/modification of Illinois School Code 105 ILCS 5/27-24.3 to allow 18 hours of practice driving in a simulator system in lieu of 3.0 hours of instruction in a dual-controlled vehicle. This request modifies the requirement of at least six hours of practice driving under direct individual instruction in a dual-controlled car.

This proposal fulfills the intent of the Driver Education mandate in a safe, more efficient, and innovative manner while strengthening overall student driver performance through more instructional driving hours and practice.

Specific Plan for Meeting the Intent of the Rule or Mandate

The Illinois School Code requires a high-quality instructional experience during the behind-the-wheel portion of the integrated driver education program. The District's integration of simulator-based instruction directly supports and enhances this intent.

District 214 plans to incorporate the use of driving simulators to more effectively monitor and analyze student performance. This technology enhances targeted instruction and increases meaningful one-on-one feedback between instructors and students. Additionally, students will ultimately benefit from additional driving practice and feedback from instructors and simulator software.

Under this waiver, students may complete 18 hours of simulation in place of 3.0 hours of traditional behind-the-wheel instruction. For each hour of direct driving instruction, simulation provides approximately six hours of structured, interactive practice.

Simulation will help our novice drivers to develop safe driving habits before entering real-world urban traffic environments. It also exposes students to driving conditions that are difficult or unsafe to replicate in live instruction, including evasive maneuvers, adverse weather conditions, rural roadways, and expressway driving.

The program provides a controlled and safe learning environment that supports progressive skill development during the school day. In contrast, driving outside the school day often limits instructional quality due to potential traffic congestion and environmental variables.

Additionally, simulation will allow instructors to pause instruction, review decision-making processes, and provide immediate corrective feedback to individual students and the class as a whole, an instructional advantage not available during live driving sessions.

Plan for Improved Student Performance

Student performance will be enhanced through the use of the driving simulators and software. The system strengthens higher-order cognitive and perceptual driving skills while providing standardized assessments of reaction time and hazard perception in varied traffic scenarios.

The simulator program also demonstrates the impact of speed, physical road conditions, vehicle size load, weather conditions, and alcohol impairment on driving performance, reinforcing critical safety concepts learned in the classroom setting.

To further support student success, the District plans to host parent-teen orientation prior to enrollment in driver education. This session will promote communication, clarify program expectations, and outline the parent's role in developing a safe teen driver. Families unable to attend will receive individualized documentation to ensure understanding and engagement.

School Improvement Alignment

The proposed driver education waiver and integration of simulation technology directly supports District 214's four strategic goals. The plan is not simply a compliance modification, it is an instructional enhancement aligned to the District's broader vision for student growth, equity, efficiency, and innovation.

Goal 1: Engage All Students in Meaningful Learning

The integration of simulation technology enhances rigorous, real-world learning by developing students' critical thinking, hazard recognition, and decision-making skills. Through real-time feedback and performance data, instruction becomes more targeted, measurable, and aligned.

Goal 2: Foster an Environment That Values Everyone and Supports Them to Succeed

Simulation provides a safe, low-risk learning environment where students can build confidence and develop skills at an appropriate pace. This approach reduces anxiety and promotes equity in access to varied driving experiences students may not otherwise get to practice.

Goal 3: Maximize the Impact of District Resources

The simulator model increases instructional efficiency, reduces downtime for students, and allows for standardized performance monitoring across all D214 schools. By leveraging technology strategically, the District maximizes both safety and the return on instructional resources.

Goal 4: Unlock New Possibilities for D214

This initiative reflects D214's commitment to innovation by modernizing driver education through research-based simulation practices. It positions District 214 as forward-thinking while creating scalable opportunities to enhance student outcomes through technology-driven instruction.

Determining Success

Simulation will be administered as both a pre-assessment and post-assessment to measure student growth. This data will provide evidence of gains in perceptual, cognitive, and reaction-based driving skills.

The District will also:

- Monitor pass rates and course completion data
- Track incident and performance trends during simulated instruction
- Conduct annual student feedback surveys to evaluate program impact
- Review performance data to assess sustained improvement

Through these measures, District 214 will ensure that the waiver results in improved student performance, enhanced safety, and continued alignment with the intent of Illinois School Code.

INSTRUCTIONS: Please use the following as a checklist in assembling your application package. Incomplete applications will not be considered until all required documentation is received. All applicants must hold a public hearing prior to submission of the application.

- ☐ A. Public Hearing: Each eligible applicant (see item 2 below) must hold a public hearing, providing for a time to take testimony about the request that is separate from the time when any other business is being conducted or testimony on other matters is being heard. The public hearing may be held during a regular board meeting.
- ☐ B. Required Notices of Public Hearing: Provide the following notices to inform the public and others of the hearing date. Each must state the time, date, location and general subject matter of the hearing.
- **All applicants:** Publish a notice on the applicant's website at least 14 days in advance of the hearing. Applicants requesting an **increased fee for driver's education (105 ILCS 5/27-24.2)** must also publish the proposed amount of the fee as part of the website notice and as part of the notice placed in a newspaper of general circulation.
 - **School districts:** Publish a notice in a newspaper of general circulation within the applicant's area at least 7 days in advance of the hearing.
 - **Joint agreements, ISCs or regional superintendents:** Publish a notice in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region or intermediate service center, provided that a notice in a newspaper generally circulated in more than one school district shall be considered sufficient notice to all of the affected districts.
 - **All applicants:** Provide a written notice to the applicant's exclusive bargaining agent(s) affected by the request at least 7 days in advance of the hearing; this notice must also state that testimony will be taken from staff.
 - **All applicants:** Provide a written advance notice to the applicant's state legislators affected by the request.

- ☐ **Item 1.** Indicate the **type of action** sought under this application:
- ISBE approval of waivers or modifications of ISBE rules and of modifications of School Code mandates to allow an applicant to meet the intent of the rule or mandate in a more effective, efficient or economical manner or when necessary to stimulate innovation or to improve student performance; or
 - General Assembly approval of waivers of School Code mandates to allow an applicant to meet the intent of the rule or mandate in a more effective, efficient or economical manner or when necessary to stimulate innovation or to improve student performance.

Waivers are not permitted from ISBE rules or School Code mandates pertaining to special education, educator licensure, teacher tenure and seniority, compliance with the Every Student Succeeds Act, or township treasurers (Sections 5-1 and 5-2.1 of the School Code). Waivers of mandates pertaining to the use of student performance data and performance categories for teacher and principal evaluations are not permitted after September 1, 2014.

- ☐ **Item 2. Eligible applicants** are school districts, independent authorities established pursuant to Section 2-3.25f of the School Code, joint agreements made up of school districts, and Regional Superintendents of Schools and Intermediate Service Centers on behalf of schools and programs operated by them.

- ☐ **Item 3.** The **exact language of, or citation to,** the rule(s) or mandate(s) involved may be obtained by contacting the Legislative Affairs Department by mail at 100 North First Street, S-404, Springfield, Illinois, 62777-0001 or by telephone at (217) 782-6510.

- ☐ **Item 4.** Identify the rationale for the specific waiver and/or modification sought.

(4)(a) For requests to meet the intent of the rule or mandate in a **more effective, efficient, or economical manner**, provide a narrative description which sets forth:

- i) the intent of the rule or mandate to be achieved;
 - ii) the manner in which the applicant will meet that intent; and
 - iii) how the manner proposed by the applicant will be more effective, efficient or economical.
- iv) In those instances where the applicant proposes a more economical manner, provide a fiscal analysis showing current expenditures related to the request and the projected savings that would result if the request is granted.

- ☐ **(4)(b)** Requests necessary for **stimulating innovation or improving student performance** must include the specific plan for improved student performance and school improvement upon which the request is based that describes how the applicant will determine success.

- ☐ **(4)(c)** Requests for waivers of the **administrative expenditure limitation** established in Section 17-1.5 of the School Code can be submitted **only** when circumstances for exceeding the cap are beyond the control of the district, and the district has exhausted all available and reasonable remedies to comply with the limitation. ISBE is required to recommend that the General Assembly disapprove any request for a waiver of the administrative expenditure limitation not meeting these requirements

- ☐ **Item 5.** Describe the testimony provided, including:
- number of people attending the public hearing;
 - number speaking in favor of and against the request;
 - comments made during the hearing; and
 - whether any written comments were provided.

- ☐ **Item 6.** Waivers and modifications are limited to five years with the exception of waivers of the administrative expenditure limitation which are limited to the year in which emergency relief is needed (i.e., one year only).

- ☐ **Item 7. Attach copies of the following:** (a) **website posting**, which must be dated in order to verify that it was posted at least 14 days in advance of the public hearing; (b) **newspaper notice**; and (c) **written notice to the collective bargaining agent**, each of which must be dated in order to verify that each was provided at least 7 days in advance of the public hearing; and (d) **written advance notice to the state legislators representing the applicant's territory**.

- ☐ **Item 8.** Indicate the **date of the public hearing**. Applicants with governing boards must hold a public hearing and provide for a separate time to take testimony about the request. The superintendent's/executive director's/regional superintendent's signature on this application attests to the applicant's compliance with all hearing and notice requirements.

- ☐ **Submission.** Applications must be postmarked not later than 15 calendar days following approval by the local board in the case of districts, joint agreements and ISCs, or by the regional superintendent of schools and be submitted by certified mail, return receipt requested, to:

**Illinois State Board of Education
Legislative Affairs Department
Attn: Waiver Coordinator
100 North 1st Street, S-404
Springfield, Illinois 62777-0001**

All complete applications for the waiver or modification of ISBE rules or for the modification of School Code mandates shall be deemed approved and effective 46 calendar days after the date of receipt by ISBE unless disapproved in writing. Receipt by ISBE shall be determined by the date of receipt shown on the return receipt form, except that material not properly addressed shall bear the date of receipt when the materials were provided to the Legislative Affairs Department.

Disapproval of an application upon which the ISBE must act shall be sent by certified mail to the applicant no later than 45 calendar days after receipt of the application. Applicants may appeal the ISBE's denial of an application by sending a written appeal to the address above by certified mail within 30 calendar days of receipt of the written denial.

Complete waiver applications and any appeals of ISBE action shall be submitted to the General Assembly for consideration in March and October of each year (for application deadlines, see <https://www.isbe.net/Pages/waivers.aspx>).

From: Dr. Scott Rowe, Superintendent
Subject: Review of Board Policy 7:100 - Health, Eye, and Dental Examinations; Immunizations;
and Exclusion of Students

Summary:

Board Policy 7:100 outlines the requirements for student health examinations, immunizations, and the conditions under which students may be excluded from school for non-compliance with Illinois Department of Public Health (IDPH) mandates. The Board of Education has requested a formal review of this policy to ensure its language remains aligned with district goals and operational efficiency, specifically regarding the compliance windows for newly enrolled or transferring students.

Administrative Considerations:

Currently, Policy 7:100 stipulates, as required by IDPH, that students entering the ninth grade or enrolling in an Illinois school for the first time must present proof of required health examinations and immunizations within one year prior to entry. The policy further specifies that new students who register after the first day of the current school year (including those transferring from out-of-state or out-of-country) have a 30-day window following registration to comply with these regulations. The Board has expressed interest in further examining this specific 30-day grace period. The goal of this review is to determine if this timeline requires updating to better support student health and safety, as well as administrative tracking.

Recommended Action:

It is recommended that the Board of Education discuss Policy 7:100 and identify any specific changes or updates they wish to implement. Following the Board's discussion and direction, any proposed revisions will be presented for formal approval at the June 11, 2026 Board of Education meeting.

7:100 Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parents/guardians shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering the ninth grade; and
2. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grade 12.

As required by State law:

1. The required health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice registered nurse, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. The District will provide informational materials regarding influenza and influenza vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students' parents/guardians.

Unless an exemption or extension applies, the failure to comply with the above requirements by the first day of school of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after the first day of school of the current school year shall have 30 days following

registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by the first day of school, the student must present, by the first day of school, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice registered nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by the first day of school may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches, or a licensed optometrist, must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All children in ninth grade must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the ninth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease*, and State rules if there is an outbreak of one or more diseases from which the student is not protected.
2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced practice registered nurse, or physician assistant provides written verification.
3. Eye examination requirement, if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.
4. Dental examination requirement, if the student's parents/guardians show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

Subject: On-Site Solar PV System Services for Rolling Meadows High School

Summary

The District issued a Request for Proposals (RFP) for on-site solar services at Rolling Meadows High School to establish a Power Purchase Agreement. This agreement aims to provide and install solar arrays at no upfront cost while securing energy rates lower than standard grid power rates. Following a comprehensive evaluation, Verde Solutions is the recommended firm. Nania Energy Advisors conservatively estimates the proposal will generate total program savings exceeding \$3.5 million over 25 years. Beyond financial savings, the project offers significant community benefits, including six annual student internships over five years, a ten-year scholarship program with a possible extension, and a technical approach that ensures the project qualifies for federal incentives before they expire.

Administrative Considerations

District Administration and Nania Energy Advisors managed a multi-stage procurement process starting with the RFP posting on October 13, 2025. This included a mandatory site walk-through on October 24, 2025, attended by twelve firms. Upon closing on November 21, 2025, five proposals were received and evaluated based on completeness, cost-effectiveness, technical approach, and qualifications. The three highest-scoring firms—SunPeak, Utopian Power, and Verde Solutions—were invited for in-person interviews on December 17, 2025. Based on these evaluations and interviews, the administration recommends awarding the contract to Verde Solutions due to their extensive experience, local presence, and detailed implementation plans, pending attorney review and final negotiations.

Recommended Action

This item is for discussion purposes only at this time. We will seek approval at the June 11, 2026 Board of Education Meeting.
